

Genius 1831

[Chapter 1831 The Gate To The Spirit Realm!](#)

"Wushuang!"

Seeing ye Wushuang appear before him, ye chen was extremely excited.

"Master!"

Ye Wushuang flew out and came to ye chen.

"It's good that you're back. "

The scene of the two reuniting was touching.

At that moment, both patriarchs were smiling.

"Fellow Daoist ye, let's sit down and talk!" Said patriarch heaven trampling.

Everyone sat down.

"I heard that fellow Daoist ye went to look for the gate to the spirit realm. Did you find it?" asked ancestral patriarch Tatian."

"I found it," ye chen said with a smile.

"It's rumored that the gate to the spiritual realm is in the demon territory," ancestral patriarch sky trampling said in shock."What dangers are there?"

Ye chen told patriarch Tatian everything he had encountered. The latter was shocked. He did not expect the demon race to design so many formations and traps.

"Ancestral patriarch Tatian, since we've found the gate to the spiritual realm, we're going to ascend to the spiritual realm."

"This ... Fellow Daoist ye, you're the hope of the spirit realm human race. Are you going to leave just like that?"

"There's nothing we can do about it. We're all people who pursue the pinnacle of martial arts. Once the matter of the spirit realm comes to an end, we'll ascend to the spirit realm. "

"Sigh, what a pity!"

When he heard that ye chen was leaving, ancestral patriarch heavenward felt that it was a pity. He had just met ye chen, so how could they be separated?

"Since fellow Daoist ye wants to leave, I think we need to inform those in the spirit realm and have them send you off."

"There's no need to be so Grand. I think it's enough to just tell blissful scholar and the other people I'm familiar with so that we can all gather together. "

"Alright, men!"

A cultivator entered the hall.

"Immediately inform the blissful scholar of the blissful Summit to come to the heaven trampling sect."

"Yes, sect leader!"

The man obeyed the order and went down.

After that, ancestral patriarch heaven trampling arranged accommodation for ye chen and the others to wait for the banquet the next day.

At night, ye chen and ye Wushuang chatted for the whole night, confiding in each other.

The next morning, ye chen and the others came out.

At that moment, the heaven trampling sect was decorated with lanterns and streamers as if it was the new year. It turned out that they were holding a farewell party for ye chen.

Blissful scholar, ancestral patriarch Tatian, and the other spirit realm experts had all come to send them off.

Fellow Daoist ye, you're going to take your senior brother away?" The blissful scholar stepped forward and said when he saw ye chen and the other two.

Ye chen was speechless. He did not expect the blissful scholar to be so in love with someone. He looked at the man's worried expression and seemed to be very reluctant to part with the great ancestor.

"Dao friend blissful, we are indeed going to leave. We are very touched that you were able to send us off."

Ye chen bowed.

"Hahaha, Junior Brother, this time, me, ye chen, and Wushuang are going to ascend to the spirit realm. We followed your instructions and found the spiritual realm's Gate. We have to thank you for telling us this. "

"Senior brother, this is what I should do, it's just that the devil incarnations haven't been cleaned up yet, are you really going to leave?"

"The main forces of the demon lords in the demon disaster area have all been destroyed by me. The rest are just insignificant beings. Dao friend blissful has successfully passed his tribulation, and with the help of patriarch sky trampling and the other powerful beings of the human race, it should be a piece of cake to destroy them. We don't have to do anything unnecessary."

"This, sigh!"

The blissful scholar sighed. He really did not want ye chen and the others to leave so quickly.

Everyone took their seats.

"Everyone, today is the day fellow Daoist ye will leave with the great ancestor and the others. We admire fellow Daoist ye Chen's courage in fighting against the demon-stricken area and bringing light to the human race. Here, we offer fellow Daoist ye a toast."

"Alright!"

Everyone was overjoyed. It was an honor to be able to drink with a capable person like ye chen.

"Thank you, everyone!"

Ye chen, the great ancestor, and ye Wushuang raised their glasses at the same time and thanked the crowd.

The banquet went smoothly. At the banquet, blissful scholar, great ancestor Tatian, and the others expressed their admiration for ye chen. They all hoped that he would stay and preside over the overall situation. They even offered to serve ye chen as the master of the Atman realm. However, ye chen rejected them all.

His heart was still in the spirit realm and martial arts. Ye chen did not want these false titles.

"Fellow Daoist ye, you've already made up your mind. We won't keep you. However, you have to understand that the door to the spirit realm will always be open to you. When you descend, you'll be the master of the spirit realm!"

Said patriarch heaven trampling.

"Thank you for your kindness, patriarch. We'll be leaving now."

Ye chen bowed again and left with old ancestor yellow spring and ye Wushuang.

They rode on the starry sky sword boat given to them by patriarch Tatian and flew through the void.

After a few hours, they arrived at the spiritual realm Gate Mountain range.

Under ye Chen's guidance, the three of them entered the spirit realm gate deep in the mountain range.

Near the gate, there was still the smell of blood, which was left by the previous slaughter. The remains of the giant python and the huge bone armor were still there.

"Fellow Daoist ye, is the gate to the spirit realm right in front of us?"

The old ancestor asked when he saw the huge stone door in the hall.

"That's right. There are many mysteries on the stone door. It won't be easy to pass through," ye chen said.

"Then how do we get there?" Ye Wushuang asked.

"I've observed it many times. If you want to pass through this door, you need to be able to exert enough power to obtain the recognition of the stone door."

"In that case, let's try!"

Ye Wushuang came to the stone door and condensed Qi with his sword fingers. Suddenly, the sword Qi rushed to the nine Heavens and was unparalleled in the sun and moon!

"Whoosh, whoosh, Whoosh!"

Caused by the sword Qi, it was a powerful magical ability that could sweep away anyone who saw it.

"Alright!"

Ye Chen and the great ancestor were both in awe. Ye Wushuang's cultivation had improved significantly. The spontaneous sword Qi was indeed unparalleled in its power.

"Ah!"

Ye Wushuang flew up, gathered his sword Qi into one, and shot it at the stone door.

"Boom boom boom!"

The sword Qi descended and attacked the stone door.

The energy exploded and created a loud sound. The stone door kept shaking, but in the end, the sound disappeared and everything returned to normal as if nothing had happened.

"This!"

Ye Wushuang was shocked. He did not expect that his ultimate sword Qi could not even leave a ripple on the stone door.

"Let me, the old ancestor, try!"

Old ancestor Yellow Spring attacked in anger. He wielded the yellow spring sword, and the sword Qi traveled through the yellow spring.

"Whoosh, whoosh, Whoosh!"

The moment the sword Qi condensed, old ancestor Yellow Spring flew up to the ninth heaven with his sword and aimed at the stone gate.

The sword Qi of the underworld sword contained the will of hell and the underworld. It was so powerful that it could draw the underworld of the nine provinces and bring it down from the sky.

"Phew, phew, phew!"

Yellow spring water, 30000 feet!

He charged at the stone gate without leaving a trace!

"Boom boom boom!"

The netherworld sword Qi attacked the stone door. The Qi of hell kept gathering, but the stone door was like a bottomless abyss. It instantly absorbed the endless water of the netherworld, and the sword Qi disappeared.

"Ah?"

Old ancestor Yellow Spring turned pale with fright. He didn't expect the gate to the spiritual realm to be so terrifying.

When Ye Chen saw this, he began to think.

"Wushuang, forefather, this spiritual realm gate is set with powerful formations. It is the work of the heavens and earth. There must be a powerful force supporting this stone gate. I'm afraid it will be difficult to break through."

"Fellow Daoist ye, what should we do?"

The old ancestor frowned, feeling down.

[Chapter 1832 The Dark Cube!](#)

Looking at the great ancestor's frowning face, ye chen said, "Don't be so pessimistic. Let me see how wonderful this stone door is. I'm sure I can solve its secret."

"It seems that's the only way."

The great Grandmaster nodded and then regulated his breathing with ye Wushuang.

Ye chen came to the stone door and observed it closely.

On the stone door, there was a faint ancient aura. It was ancient and powerful. Ye chen could sense that there was a powerful force supporting the stone door.

This power was extremely mysterious, like an unfathomable depth, but also like a vast ocean. As for what it was, ye chen could not be sure for a moment.

He walked to the side and observed. He found that there were hidden lines on the stone door. These lines were very small and ordinary people could not see them. If one did not observe carefully, even ye chen would not have noticed them.

Ye chen released his spiritual energy to investigate the source of the runes.

"Zi Zi Zi!"

Suddenly, there was a flash of light and ye chen entered the alternate space.

The two people who were still meditating sensed that ye Chen's energy had disappeared and quickly got up to observe.

"Fellow Daoist ye?" The old ancestor was puzzled.

"Master, master!"

Ye Wushuang tried to sense ye Chen's energy but could not find any trace. It was as if ye chen had completely disappeared from this world.

"This!"

The great ancestor's heart trembled. If ye chen was nowhere to be found, they would be even more unable to open the door to the spirit realm.

"Now that things have come to this, we can only trust ye chen and wait for his return here."

"Alright then!"

The two of them had no choice but to set up a formation outside and then enter to meditate and regulate their breathing.

At that moment, ye chen had entered the alternate dimension.

He realized that he was above the void Ocean, and behind the gate to the spiritual realm was an endless U-shaped Void Ocean. It was so strange.

"Could this be the reason why the gate to the spirit realm can devour all things?"

Ye chen thought that if infinite energy was transmitted into this void, it would be unstoppable.

In that case, the secret of the spiritual realm's door was to use the veined patterns to absorb and transfer energy. No matter how strong the energy was, the void Ocean would accept it. No one could open the door.

"What an ingenious design!"

Ye chen could not help but exclaim in admiration. This design was not purely the work of nature, nor was it completely man-made. Instead, it was a combination of man and nature. This was a kind of supernatural work and a kind of cultivator's wisdom.

Ye chen had seen too many remnants of power in the void Ocean.

Among them, there were all kinds of moves, divine arts, and the power of all kinds of divine weapons and Dharma Treasures. These were all traces of history left behind by years of accumulation.

"Fire-golden eyes!"

Ye chen activated his fiery golden eyes and scanned his surroundings.

All sorts of information entered his mind.

"What a powerful sacred art!"

He had discovered a great sacred art that was so complex and exquisite. However, he could see it so clearly above the void Ocean. It was amazing.

"This person's cultivation is probably above the Tribulation stage. Such an expert also wanted to open the stone door but failed."

"Such a divine weapon can split mountains and collapse the earth. However, it's still useless against the stone gate."

"Such a secret technique can communicate with all living things. It's extremely powerful, but it still can't do anything to the stone door. It's because the stone door can communicate with the void and accommodate all living things."

.....

All sorts of information entered ye Chen's mind, broadening his horizons.

If he could obtain this set of operating rules for such an exquisite system, it would definitely be a shocking harvest.

"Absorb the void!"

Suddenly, an impossible idea appeared in ye Chen's mind.

This void seemed to be a void, but it was actually a system space. It contained too much information. Once one obtained this information, it would be like obtaining an endless treasure vault and the lifelong efforts of thousands of experts.

"It must be some kind of opportunity for me to be able to enter this void. This might be the only chance I have in my life. I can't give up!"

Ye Chen made up his mind to absorb and control the system void in front of him. He would obtain the control of all the information within.

Although he had an idea, he didn't do it right away. He wasn't in a hurry. Instead, he sat on top of the void Ocean, closed his eyes, and thought carefully.

He sat cross-legged in the void and absorbed the spiritual Qi of heaven and earth.

He wanted to communicate with the void and find the root.

His spiritual sense rose to the heavens and beyond the clouds.

The void Ocean was like the brain of nature, and the patterns were extremely complicated. It would take a lifetime to explore it in detail, so this method was definitely not feasible.

Since a comprehensive investigation was not the solution, he had to think of a clever alternative.

"I want my brain to connect with this Void Ocean!"

This was an extremely risky method but it was also a method ye Chen wanted to take a gamble.

"Whoosh, whoosh, Whoosh!"

Ye Chen released several sword Qi and charged toward the endless Void Ocean.

These sword auras contained ye Chen's divine consciousness. As long as the sword auras were there, he would be able to obtain information about that place.

The sword Qi flew forward as if it would never end. Ye Chen's mind continued to extend.

The sword Qi traveled for tens of thousands of miles, but it was still vast. It could be seen that the void Ocean was really all-encompassing and inexhaustible.

"What?"

Suddenly, ye Chen saw something. It was a spirit core. It was a crystal-like object.

He was in the form of a cube and was constantly spinning as he floated somewhere in the limitless ocean.

"Could this be ..."

Ye chen was shocked. Was this the true form of the void Ocean?

If that was the case, wouldn't getting this cube be the same as getting everything in the void Ocean?

Such a divine artifact was too shocking!

Ye chen opened his eyes and flew out. He relied on his connection with the sword Qi to determine the cube's location.

The image of the cube kept appearing in ye Chen's mind. It was a Dark Crystal. From a distance, it looked very radiant as if there was nothing there. It was just a Dark Crystal. However, ye chen knew that according to the information sent back by the sword Qi, this cube might be the most complicated thing he had ever seen in his life.

"Not good, the sword Qi is about to dissipate."

As the void Ocean was too large, after the sword Qi was released, it would be constantly dissipated by the void and would soon dissipate. Ye chen had to find the dark cube before the sword Qi completely dissipated.

"Where are you?"

Ye chen released eight rays of sword Qi in all directions at the same time, testing again.

"Zi Zi Zi!"

Relying on the last piece of information from the sword Qi, Ye chen used a powerful movement divine ability and crossed a thousand miles in one step.

"Zi Zi Zi!"

Suddenly, an electric light flashed in ye Chen's mind. He seemed to have sensed the information of the last Hall of sword Qi.

"This way!"

He suddenly turned around and looked over. A hundred miles away, the cube was still spinning. As he got closer to it, ye chen could feel the endless energy flowing. It was as weak as a thin stream, but as strong as a mountain, mysterious and amazing!

[Chapter 1833 Devour The Cube!](#)

Since the target was right in front of him, ye chen did not hesitate and hurried over.

The dark cube kept spinning and emitted a strange light. These strange lights made ye chen feel a little upset but his martial will was so strong that this test was nothing. However, it made him understand that this cube had a strong ability to interfere with people's minds. It would not be easy to deal with it.

Moreover, this cube was closely related to this alternate dimension. Ye chen had to break through it.

"Whoosh!"

Ye chen released a powerful movement technique and flew toward the cube.

"Zi Zi Zi!"

The cube suddenly emitted a strange dark light. Then, ye chen entered another space.

"This!"

Ye Chen's heart trembled. He could sense that this cube not only had the power of spiritual control, but it also had the ability to transfer space.

"Void vibration!"

At this critical moment, ye chen knew that time was precious. He had to leave this place as soon as possible to meet up with the great ancestor and ye Wushuang.

Boom, boom, boom!

The void trembled and the heavens and earth collapsed!

In an instant, the entire space collapsed. The trap designed by the cube was shattered by ye chen on the spot.

After that, ye Chen's fiery golden eyes spewed out true Samadhi fire and immediately locked onto the cube's position.

"It's not that easy to leave!"

Sensing that the cube was once again releasing its spatial power and was about to leave, ye chen released his true Samadhi fire and left a mark on the cube.

"Whoosh, whoosh, Whoosh!"

Ye chen used the nine Heavens Yu-treading steps and instantly arrived in front of the cube.

"[Starseizing hand]!"

Without hesitation, ye chen released his great mystical power and grabbed the cube.

"Zi Zi Zi!"

The moment he grabbed it, the cube released a dark demonic light. Ye chen felt as if his star plucking hand had been cut by a blade and shattered!

"What?"

Ye chen flew up, and the immortal beheading Saber Light reappeared, rapidly attacking the cube.

The cube received the impact of the immortal flying knife's blade light and absorbed the blade light without any flaws.

"What?"

Ye chen was a little puzzled. What was this cube made of? it was so powerful and had incredible power.

"Zi Zi Zi!"

The cube released its power again, as if a Demon God had descended. Countless demonic shadows appeared behind it.

"Oh, could it be the demon race's Supreme treasure?"

This was the simplest answer ye chen could think of because it released a powerful Pandora demon ability.

"Kill!"

Ye chen flew out, casting all kinds of divine powers.

"Wind riding centipede's gravitational force!"

"Asura true heaven killing puppet spirit-snatching life-extermination finger!"

"Ice, fireball!"

For a moment, the entire space was filled with Ice and Fire. Heaven and earth were separated, and the universe was shaking!

Boom, boom, boom!

Under ye Chen's powerful attack, the cube flew out in an attempt to Dodge.

"Where do you think you're going!"

Ye chen rode the wind and used the nine Heavens treading Yu steps at the same time, his speed reaching its limit.

"Heaven covering hand, Black Dragon Capturing hand!"

The three great techniques appeared at the same time. Instantly, light shone on all sides and chaos stirred in all directions. Ye chen had completely sealed off the cube's path.

"Collect!"

Ye chen flew up into the sky and stepped into the void. He released the Super giant palm and covered the cube with a loud bang.

"Zi Zi Zi!"

The cube glowed again, but it was different this time. It wasn't mana, but spiritual energy.

"This!"

Ye chen was once again shocked. This thing could actually hold both psionic and mystic energy at the same time. This was clearly a Supreme treasure. If he obtained it, it might be of great help to him.

At this thought, ye chen no longer held back and displayed his mystical power to the fullest!

"Emperor Qing MU's finger!"

Ye chen activated his Supreme psionic power and released the emperor's might. The shadow of Emperor Qing Mu appeared behind him. The powerful might shook the world.

"Boom boom boom!"

This time, ye chen did not give the cube any space and took it directly.

The moment ye chen held the cube, he felt as if the cube had a life of its own and instantly burrowed into his body.

"What do you mean?"

Ye chen shouted angrily. All the true energy in his body burst out in an attempt to block it but it was too late. The cube had entered his body.

"Ah?"

He had not expected this to happen. However, after the cube entered his body, the surrounding space transformed rapidly and ye chen came out of the alternate space.

"Fellow Daoist ye, fellow Daoist ye!"

"Master, master!"

The sounds of old ancestor yellow spring and ye Wushuang searching for ye chen could be heard everywhere.

"I'm here!"

Ye chen quickly responded and came to the two of them.

"Fellow Daoist ye, where did you go? we can't sense your aura at all!" Said old ancestor laoquan.

"There's no aura at all?" Ye chen asked.

"Yeah, how can this be fake?"

Hearing this, ye chen smiled. It seemed that this cube was indeed special. It could completely hide its aura and create a different space. It also had dual attributes of Pandora demon ability and psionic ability. Such a treasure was rare in the world.

,m When they saw ye Chen's smile, the two of them were stunned. What did this mean?

Fellow Daoist ye, what are you laughing at?" The old ancestor asked with squinted eyes.

"It's nothing. I've found a way to crack the stone door. "

"That's great. Hurry up and crack it."

The great ancestor was overjoyed and followed ye chen to the stone door.

Ye chen looked at the various patterns on the stone door. At this moment, they were extremely clear.

He could even easily understand the meaning of those patterns. Such a wonderful change made ye chen overjoyed.

"Fellow Daoist ye, how is it?" The old ancestor asked with a slightly suspicious look.

"Ha, a piece of cake!"

Ye chen reached out and aimed at the stone door. Then, he released a hand seal.

"Boom boom boom!"

Instantly, the patterns on the stone door became active. Then, mana and psionic power gathered on the stone door.

The great Grandmaster was shocked to see the harmonious fusion of Pandora demon ability and psionic ability. Was this ye Chen's ability?

Previously, he knew that ye chen had cultivated demonic techniques to great success when he was in the demon-stricken area. He had even cultivated a Supreme-grade ninth-level demonic pattern. He did not expect ye chen to be so powerful.

However, he did not know that ye chen had absorbed the cube, which was why its power had increased to its current level.

As he watched the spirit realm gate slowly open, ye chen finally understood. The cube was the key to opening the spirit realm gate, and he had already taken control of that key.

"Ah!"

He shouted, his spirit energy and demon energy circulating at the same time. The power in his body reached its peak. He had never felt such power before. His ancient God Body resonated with it.

Heaven and earth resonated violently, as if the order of the great path had collapsed.

The energy in ye Chen's meridians was like a dragon emerging from the sea, violently churning. Ye chen had entered a new state.

The great ancestor and ye Wushuang were shocked when they felt the extreme power coming from ye Chen's body.

Fellow Daoist ye, why do I feel that your strength has soared in an instant?" The great Grandmaster asked.

"Is that so?"

Ye chen asked casually, and then the door to the spirit realm was already opened.

[Chapter 1834 1838-Entering The Spirit World!](#)

The door to the spiritual realm opened, and the three of them looked inside at the same time. They discovered a vortex of spiritual light.

"Hahaha, fellow Daoist ye is indeed powerful. You've opened the spiritual realm gate so quickly. Amazing!"

The patriarch was overjoyed. He walked forward, wanting to explore the gate to the spiritual realm.

"Ancestor, don't be reckless!"

Ye chen stepped forward to stop him. The latter stepped back slightly, allowing ye chen to come to the front.

The spiritual realm's Gate in front of him was constantly emitting a powerful spiritual aura. This aura had a faint green light and was very mysterious.

Ye chen had absorbed the cube and gained control of both psionic and mystic energy. His perception of his surroundings had reached a new height and had long surpassed ordinary people.

He looked at the spiritual realm's Gate in front of him and sensed the vast power within it. At the same time, the mysterious and complex nomological power shocked him.

This was a form of energy that surpassed ordinary power. This was the restraint of laws, a display of the heavenly Dao.

"Fellow Daoist ye, how is it?" The old ancestor asked.

Ye chen nodded slightly. Although these powers were vast, they were not as dangerous as he had imagined.

"Master, can we enter?" Ye Wushuang asked.

"We've spent so much effort to open this door, so of course we're going in. Get ready!"

"Yes!"

Everyone started to prepare and then entered the spiritual realm gate together.

"Zi Zi Zi!"

The moment the three of them entered, the door to the spirit realm emitted a strange light, and then slowly closed.

As they entered the door, they felt an endless, vast power circulating around them rapidly.

Old ancestor yellow spring and ye Wushuang were instantly swept into the space-time vortex. They were about to lose their direction and enter the space-time vortex.

Ye Chen's eyes widened. Suddenly, a mysterious mark appeared between his brows. This mark was formed by the cube's power.

Instantly, the demonic spirit power circulated at the same time, and the entire space was under his control.

He could clearly see the position of ye Wushuang and the great ancestor, as well as their movements.

However, the two of them could not see ye chen at all and could not sense anything.

"Ah!"

Ye chen released his demonic spirit power and manipulated the space. The great ancestor and ye Wushuang were attracted to his side.

"Ye chen ..."

The two of them were overjoyed to see ye chen. At that moment, with a flutter, they entered another space.

Ye chen relied on the cube's strength to land steadily.

The great Grandmaster and ye Wushuang were much worse off. They rolled on the ground and finally stopped.

"Phew ..."

Ye chen took a deep breath. Instantly, endless spiritual energy surged into his body like a tide.

He felt that the rate at which he was absorbing energy had become incomparably fast, possibly a hundred times more powerful than before. Even he himself was shocked.

"It should be because of this demonic spirit imprint!"

At this moment, the spirit demon imprint between ye Chen's brows had disappeared under his control, leaving no trace behind. However, its power was still there, supporting ye chen in absorbing the surrounding energy.

However, although the space was rich in spiritual energy, it was still in the form of gas. It was only helpful to cultivation and could not produce immediate results.

"Are you guys okay?" Ye chen came over to ask.

Ye Wushuang and the great Grandmaster both stood up. They shook their heads and then said that they were only a little dizzy, but their bodies were fine.

Fellow Daoist ye, it's all thanks to you this time. Otherwise, we might've been separated again."

Thinking back to what had happened the last time he had entered the spirit realm, the old forefather still felt a lingering fear.

Ye Wushuang also nodded. He did not want to separate like last time and then search for her for a long time without finding her.

Ye chen looked around. A thousand miles in a glance, he realized that he was on a continent filled with dense forests.

"Let's leave this place first!"

"Alright!"

The three of them quickly left the forest, found a mountain path, and walked out of the mountain.

After walking for about an hour, they saw a city.

"That city, did you all see it?"

Ye chen looked up at the city and felt a powerful energy fluctuation. This energy was surrounding the city. It should be an array.

For a city to be protected by such a powerful formation, could this be related to their location?

"It's late, let's enter the city!" Ye Chen said.

"That city seems to be surrounded by a powerful energy. It might not be easy to enter."

The old ancestor had also noticed the situation in the city.

"We need to get familiar with the situation here as soon as possible. What's there to be afraid of?"

"That's true!"

The great ancestor smiled and followed Ye Chen's footsteps.

The city was extremely tall, and the gate was like two mountain peaks.

Outside the city, there were people from the spiritual realm guarding it.

Ye Chen glanced at them. The two guards' cultivation levels were at the early stage of the refined void martial stage. After all, they were only two guards.

His cultivation was only at the middle stage of the refined void martial stage. The source of his fighting power was the power of his ancient God Body.

Apparently, the great Grandmaster and Ye Wushuang had also seen through this person's cultivation and could not help but praise.

"Who are you people?"

Seeing Ye Chen's group of three approach, the guard stepped forward to stop them.

"We're martial arts practitioners from the outer realm. "

"Martial artist? Ha, do you think the spiritual realm is a place you can enter as you wish?"

"What do we need to do to get in?"

"It's very simple. The people of the spiritual realm value martial arts. If you're fine after receiving my palm, I'll let you in."

The guard revealed a sinister smile. He was deliberately making things difficult for Ye Chen and the others.

"Sure, no problem!"

Ye Chen was at the mid void refinement realm. He did not suppress his cultivation base because this kind of cultivation base was certainly not very outstanding in the spirit realm. Even a guard had to provoke him, which was enough to explain the problem.

The guard looked at Ye Chen and smiled, his heart at ease.

"You fool! You are an outsider with an unstable foundation. So what if you are at the void training stage? You will die for sure if you take one of my palm strikes!"

As a guard of the spirit realm, the man was extremely proud. He believed that with his Foundation, he could kill ye chen with one palm if he was caught off guard.

"Are you done?" The man asked.

"No problem!"

Ye chen stood where he was without even a defensive posture. This action made the guard angry.

This also attracted the curiosity of the surrounding people, and they came over to watch.

Although their cultivation bases were not very high, they could tell at a glance that ye chen and the others were not from the spirit realm.

"Indeed, it's an outsider. Look, hahaha!"

"This is going to be a good show. Look at that brat's appearance. He's so arrogant. He didn't even take a defensive stance. What a joke!"

"These frogs in the well are too arrogant."

The crowd was in a heated discussion but most of them were furious at ye Chen's arrogance. One should be humble when entering the spirit realm but he was still so arrogant. He deserved to die.

The guard stood ten steps away from ye chen and pretended to stretch.

Many people around were waiting to watch a good show and were very excited!

[Chapter 1835 Spiritual Realm Jade Talisman!](#)

The guard looked at ye chen with a smile, his entire being brimming with confidence. He was going to kill ye chen with a single blow to show off his power.

"Everyone, look carefully. It's this brat who wants to bet with me. If he kills him with a single palm strike, don't blame me."

That person said to the surrounding people.

"I don't blame you, I don't blame you, hurry up and use your palm!"

"Right, right, we're all here to watch the show. Hurry up!"

Many people were shouting for him to quickly make his move and not dawdle.

"Hmph, very good!"

The guard stretched his body and looked at ye chen coldly.

"Kill!"

With a shout, a palm energy swept out, containing powerful spiritual Qi. If this was seen by people in the spiritual realm, they would think that it was the attack of some Almighty. However, in the spiritual realm, this could only be regarded as an ordinary pawn.

"Boom boom boom!"

Even if it was a small soldier guarding the city, it could still release a powerful force. The palm energy was like a fierce tiger, directly attacking ye chen.

"Unparalleled ancient God!"

Ye Chen's heart was suddenly filled with anger. The psionic energy in his meridians exploded and turned into the wrath of the ancient God, which rebounded strongly.

The Guard's palm energy came at ye chen but just as it came into contact with ye Chen's body, it was immediately countered by a powerful psionic energy. Like a clay ox entering the sea, it sank into nothingness.

However, all of this seemed so strange to outsiders.

Everyone saw that the guard had released a powerful palm energy but when it came into contact with ye Chen's body, it disappeared. No matter how they looked at it, it seemed like an illusion.

"What about the palm energy?"

"What's going on? what happened?"

Everyone was very confused. This caused them to fall into a state of confusion.

At that moment, ye Chen's lips curled up slightly, revealing a smile of death.

"Boom boom boom!"

The powerful palm energy suddenly reappeared, and it was several times stronger than before.

"Ah?"

The guard wasn't prepared at all. He was frightened by his own palm energy. He wanted to Dodge, but it was useless. The palm energy had already arrived.

"Ah!"

With a scream, the Guard's body was sent flying like a sandbag.

"Swish!"

With a loud crash, the guard was directly hit by his own palm energy and flew back to the wall.

"Ah ..."

Everyone was shocked. They didn't know what had happened. They only saw that the guard had suffered a backlash from his own palm energy.

"Pfft!"

Blood spurted out. The Guard's organs were injured, and he could not get up.

"You!"

He looked at ye chen coldly, wanting to take revenge but he did not even have the strength to stand up.

"What's wrong with you?"

A few guards came over and asked him.

"This brat wants to kill me, kill him!" The guard shouted to the other guards.

"He wanted to kill you? How come we didn't see it?"

The other guards looked at each other. None of them had seen how ye chen was like him.

"You bastards, can't you see how I look now?"

"Hey, what does your current state have to do with me? even a fool can see that you were hit by your own palm energy."

With that, ye chen looked at the people around him and they all nodded.

"This, this!"

The guard himself was also dumbfounded. He had clearly hit ye chen, but he had suffered a backlash from his own palm energy. This did not make sense at all. What was going on?

Looking at the confused guard, the other guards all shook their heads, thinking that this kid was stupid.

"Tsk!"

Everyone lost interest. They only saw an arrogant guard trying to teach someone a lesson, only to be taught a lesson instead. This was a very common phenomenon in the spirit world. After all, not everyone who acted pretentious had real ability.

"Ba ba ba!"

The old ancestor walked over with a smile, his hands still clapping.

"Fellow Daoist ye's Foundation is truly unfathomable. With just a single exchange, you were able to rebound the power of this person from the spirit realm. This old man is truly impressed by such a divine technique."

The old ancestor said.

"Patriarch, you've praised me too much. It's just a small skill." Ye chen replied.

"You can pass the test now. We are all people who keep our promises."

A few guards came over and said to ye chen and the other two.

"Many thanks!"

Ye chen and the other two saluted at the same time. They did not want to cause any trouble here. This was the spirit realm. Any place could be filled with hidden dragons and crouching tigers.

After entering the city, ye chen and the other two found out that this city was The Guardian city of the Feng province at the border of the spirit realm. Many merchants came and went, so the flow of people was extremely large.

After entering the city, they found a Tavern to rest.

"Guests, your food and wine are here!"

After a while, someone brought the dishes and wine.

The three of them took a look. The wine and meat were actually the tendons and meat of demonic beasts, emitting a strong blood qi and blood smell. At the same time, the heaven and earth spiritual energy was rich, making people drool.

"Even the wine and meat in this spiritual realm are different. Interesting!"

The old ancestor liked it very much and immediately picked up his chopsticks.

"Wushuang, eat!"

"Yes, master!"

The three of them tasted the deliciousness of the spirit realm together, and sure enough, it melted in their mouths with just one bite. The spirit power within it continuously flowed into their meridians, and that feeling could only be described with one word-"awesome"!

After eating their fill, the three of them were about to leave.

"Hey, hey, you guys haven't given me the Jade talismans yet!"

The three of them heard someone calling out to them from behind. Ye chen reacted. Yes, they were eating happily but they did not give the other party any money. However, what was the Jade talisman that person was talking about?

"Stop!"

At the door, three burly men suddenly appeared. They were tall and burly, and their auras were violent.

"Ah ... This!"

Ye chen knew that he was in the wrong. After all, he did not pay for the food, so he wanted to negotiate with them.

"What's wrong, you dare to eat the king's meal?"

A tall man standing at the door angrily rebuked.

"Hehe, big brother, we're not that kind of people. I just don't know what the Jade talismans you're talking about are." Ye chen asked.

"What's a jade talisman? I'd like to see who you are. You don't even know what a jade talisman is, and you dare to cause trouble in the spiritual realm?"

The man said angrily.

"Why don't you tell us more about it?"

"Alright, I'll let you die knowing why!"

The man continued.

"Jade talismans are the tokens that people of the spiritual realm use to exchange for items. As long as it involves trade or exchange, Jade talismans are required. This jade talisman can be used to exchange for anything you want in any city in Feng province, including cultivation resources!"

When ye chen heard this, he basically understood that the Jade talisman was equivalent to money.

"Oh, I see!"

The three of them nodded at the same time, indicating that they understood.

However, understanding was one thing, and doing it was another. They didn't have any Jade talismans at all, because they had just entered the spirit world.

"What will happen if we don't have the Jade talismans?" Ye chen asked with a smile.

"That's eating the Overlord's meal. You're looking for death!"

The man glanced at the three of them. Among them, only the great ancestor's cultivation base was passable. Ye chen and ye Wushuang's cultivation base were not good enough. He was not afraid at all.

"Looking for death? He he he!"

Ye chen sneered, a murderous glint in his eyes.

"What?"

The man was stunned. Although ye Chen's cultivation level was not high, his eyes were like those of the god of death. It was soul-stirring!

[Chapter 1836 Feng Prefecture City!](#)

Seeing ye Chen's terrifying gaze, the man was slightly stunned. This puzzled the men beside him.

"Boss, what's wrong? you seem to be in a daze."

"Yeah, don't tell me you're scared of that kid?"

"Get lost!"

Hearing this, the man was immediately furious. He was from the spiritual realm, while these three people were obviously from the outside world. How could their cultivation base and Foundation be compared to those from the spiritual realm? if he was frightened by these people, he would not be able to open his store anymore.

"Take out the double jade talisman immediately, or die!"

Finally, in order to prove his authority, the man shouted loudly.

Ye chen laughed coldly in his heart. He did not expect the people of the Spirit realm to be so fierce that they could even eat a meal between life and death.

"We're all outsiders, so we don't have the so-called Jade talismans. Why don't we come back after we've earned enough Jade talismans? we'll definitely give you double." The old ancestor said with a smile.

"Hahaha, do you think I'm a three-year-old child? take me down!"

The man gave the order to take them down, not giving ye chen and the others any room to speak.

"What?"

Ye Chen's cold eyes locked onto the man. Suddenly, the man was stunned again but this time, he did not back down. Instead, he stepped forward and looked at ye chen coldly.

"You keep staring at me. What's the meaning of this? do you think you're not going to die fast enough?"

"I'm just afraid that you'll die too quickly, and I won't have any fun at all. "

Ye chen said.

"What did you just say?"

The man was completely infuriated. He was from the spiritual realm. How could he stand being humiliated like this by an outsider?

"Kill!"

The man waved the long blade in his hand. It looked like an ordinary long blade, but it was actually a treasured weapon of extremely high quality.

Ye chen dodged the saber's attack and aimed his Qi condensation sword at the man.

"Hahaha, don't Bluff. Do you really think you're a Sword Saint?"

The man did not take ye chen seriously at all. Since ye chen dared to cause trouble in his store, he would let him have a taste of death.

"Take him down!"

He ordered his subordinates to attack.

"Forefather, Wushuang, back off, leave this to me!"

The two of them retreated.

At this moment, ye chen was up against three men. These three men were all spirit division powerhouses. In the spirit realm, they were above the rest. In the spirit realm, they could only exist as servants.

"One sword brings down all nineteen prefectures!"

Ye chen moved his sword fingers slightly and aimed at the person in front of him. The sword Qi was piercingly cold. It seemed to be moving very slowly but the powerful sword will contained in it was extremely exquisite.

Buzz, buzz, buzz!"

The sword Qi was like a long rainbow, flying out and attacking the three of them.

"Hahaha, what kind of move is this? it's just to scare people. Attack!"

The three of them laughed and attacked at the same time.

Da, da, da!"

The three of them ran toward ye chen, holding long swords, short swords, and all kinds of weapons.

However, in the process of running, the biting cold sword Qi attacked their bodies. They instantly felt as if their bodies had entered a freezer, and they could not feel anything.

"What's going on? my body!"

"I can't feel my own existence!"

"What's going on?"

The three of them felt something strange at the same time. They couldn't feel their bodies anymore, as if they were floating in the air.

When they turned their heads to look at the viewing gallery, they saw everyone's shocked eyes.

"This, this!"

The people around them saw that the three of them were floating in the air because their heads and bodies had been separated.

Thump, thump, thump!

The three heads fell to the ground like icicles. The extremely cold sword Qi made them lose consciousness instantly and freeze.

"You!"

When the leader saw this, he was shocked and even more frightened. He kept pointing at ye chen, not knowing what to say.

How could an outsider be so powerful? furthermore, his cultivation base was only at the mid void refinement realm. How could he have killed three powerhouses at the soul splitting stage in an instant?

The man couldn't figure it out, but it didn't matter now. He knew that he had failed. The three of them would die together. If he didn't make a concession, he might die Here as well.

"How is it?" Ye chen retracted his sword fingers and said to the man.

"You're letting me go now?" Ye chen smiled slightly. His smile carried an oppressive energy that made the man's expression change and he retreated.

"You, what are you waiting for if you don't leave?" The man asked.

"It's simple. Double the Jade talismans!"

When ye chen said this, the man was stunned. He did not know what ye chen was up to. Was he going to give him double the Jade talismans?

"No, I don't want to. You guys can go!" The man said urgently.

"You seem to have misunderstood something. When I said double Jade talismans, I meant that you have to give us double Jade talismans for this meal!"

"Ah? You're robbing me!"

The man cried out in alarm.

"Hahaha, do I, ye chen, need to Rob? as long as you come out obediently, everything will be settled."

"This, this!"

The man lost all his dignity and almost knelt on the ground.

He knew that he was not ye Chen's match at all. Three of his lackeys had been killed in seconds. Even if his cultivation base was higher than those people, when he recalled ye Chen's eyes, the fear in his heart was real. It was as if he had seen the demon's eyes.

"Good, good!"

The man suddenly ran into his store at high speed. After a while, he returned with double the amount of Jade talismans.

"This is all I have. You guys should leave quickly!"

"Sure, thank you."

Ye chen sneered. He took the Jade talisman bag and gave the great ancestor and ye Wushuang a look. The three of them left.

"Hahaha, fellow Daoist ye, you're indeed capable. You made that kid hand over the Jade talisman obediently with just a few words." The old ancestor said.

"Master has naturally thought about it. To deal with that trash, he only needs to punish his subordinates to achieve his goal." Ye Wushuang said.

"Now that we have the Jade talismans, let's get going!"

"Alright!"

The three of them left the border city and headed toward the main city of Feng Prefecture.

Main City was located 10000 miles to the North, where the human race thrived.

Ye chen led Wushuang and the great ancestor on a journey of one day and one night before finally arriving outside the main city.

The main city's style was much bigger, and it couldn't match the change.

Under the Main City, there were golden-armored guards patrolling. Their cultivation had reached the mid-stage of soul separation, and there were even experts who had reached the great circle of soul separation. This kind of cultivation was already at the level of an ancestor.

"What do you think, forefather?" Ye Chen asked.

"What's there to look at? the spiritual realm has always been this terrifying!" The great ancestor shook his head and said. He thought to himself, 'if I don't have Ye Chen's talent and extraordinary strength, I'll be in danger at every step!'

"Let's enter the city!"

Ye Chen did not say much and only said two words, "enter the city!"

It was an understatement, but the patriarch could hear the dominance in it!

[Chapter 1837 The Son Of The City Lord!](#)

Feng Prefecture city was a large city with many people. This was the first city to be conquered after entering the spiritual realm. Because it was located at the border, the people here were valiant and valued martial arts!

After entering the city, Ye Chen and the other two kept moving forward, trying to find a place to stay.

"Boom boom boom!"

Suddenly, there was a rumbling sound in front of them, and everyone dodged.

"Ah, my child!"

Suddenly, a woman shouted loudly. Everyone trembled in fear as they looked forward. They discovered a child playing, and behind him, a golden light beast was madly running.

"Roar!"

The golden light beast seemed to have entered a no man's land. In the carriage behind the beast, there were three people, all of whom looked like young men, who were madly driving the beast.

"Hahaha, this is great!"

One of them was wearing a brocade robe and seemed to have an extraordinary identity.

Ye Chen's brows furrowed. He could sense a powerful aura from the Golden beast. This beast was probably equivalent to a cultivator at the void training stage. If the carriage had such a cultivation base, what about the person sitting above?

A powerful aura rushed over and was about to crush the child.

"So arrogant and ostentatious?"

Ye Chen sneered. He condensed Qi on his sword-finger and pointed forward.

The underworld extermination finger was instantly unleashed. The powerful finger force turned into a sharp light and directly attacked the golden light beast's eyes.

"Roar!"

Instantly, the Golden Ray beast's eyes were injured by the finger force and it rolled on the ground. The people sitting on it were also thrown off. Caught off guard, two of them were directly thrown off and fell to the ground. The man in embroidered clothes flew up and coldly locked his eyes on the person who had released the finger force. It was ye chen.

"Roar!"

The golden light beast went berserk and was about to devour the child.

"Vile beast, why don't you just kill me?"

Ye Chen's eyes glowed with electricity and transformed into two sharp sword auras. They passed through the Golden Ray beast's eyes and directly penetrated the back of its head.

"BOOM!"

The powerful golden light beast fell to the ground and lost its breath.

"You dare?"

Seeing that his beloved carriage had been killed on the spot, the young man in embroidered clothes was furious and went straight for ye chen.

"Oh?"

The corners of ye Chen's mouth curled up slightly. He turned around and a powerful force suddenly emitted from his back.

"Die!"

The young man threw a punch but was hit by ye Chen's chi-force halfway through and was sent flying.

"What's this?"

The man was shocked. He looked at ye chen carefully and found that he was only a mid void refinement realm cultivator.

"Ha! How dare a mid void refinement realm trash kill my golden light beast? you know how long I've been waiting for this golden light beast before I caught him."

The man asked ye chen.

"Do I need to know?"

Ye Chen's question left the man speechless.

"Bastard! How dare you talk to young master Yuchen like that? you're looking for death!"

Behind the young man, the two people who had fallen from the Golden Ray beast earlier rushed over and scolded ye chen.

"Do you know who this is?" Another person asked.

"I really don't know!" Ye chen replied with a smile.

"You're obviously a foreigner, stupid! This is the third son of Feng province city's rich God sect's sect master, young master Feng Yuchen. Why don't you quickly submit and beg for mercy?"

Hearing this, the people watching the show all dodged, and many even knelt on the ground.

Ye chen and the other two looked at each other and sneered.

"Do you know who this is?" The old ancestor said.

"Hmph, who is it?"

"This is your great ancestor, great emperor ye chen. Why don't you hurry up and kneel down and kowtow?"

"You, you, you old fart!"

The man was ashamed and was about to attack the old ancestor.

"What?"

Just as the man was about to make a move, ye Chen's eyes flashed with lightning. Suddenly, a cold murderous intent rushed into the man's eyes. A cold chill ran up his back and the man almost fell to the ground.

"W-what's going on?"

Then, he was like a headless fly that couldn't find the North, spinning around on the spot.

"What the hell?"

Feng Yuchen roared.

"No, nothing ..."

The man walked in circles, not knowing what he was saying.

"Bastard!"

Feng Yuchen was furious. As his subordinate, he was actually so disappointing that he was scared out of his wits with just a glance. How could he continue to live?

"BOOM!" Then, he sent the man flying with a kick.

"Young master, this person is strange. We have to be careful."

The other person could tell that ye chen was not a simple person and stepped forward to persuade him.

"Hmph, how could a person from the spiritual realm be afraid of an outsider?"

Feng Yuchen walked to the front and looked at ye chen.

"Who are you, and why have you appeared in our Feng Prefecture city?"

"You'll never change your name, ye chen! By coming to Feng Prefecture city, you're entering the spiritual realm to seek martial arts!"

"Seeking martial arts?"

Feng Yuchen revealed a disdainful smile.

"So you are a martial arts practitioner from outside. You killed my golden light beast and still want to seek martial arts in Qingzhou City. I think you are tired of living."

Hearing this, ye Chen's eyes turned cold and he looked ahead.

"You're so domineering. You don't even know how to walk and you're still showing off. Do I need to care about you?"

With that, ye chen gave a look to the great ancestor and ye Wushuang. The three of them were about to leave.

"You want to leave?"

Feng Yuchen shouted coldly. Then, a powerful cyclone rushed toward ye chen.

Ye Chen's eyes turned cold. The Chi in his body swept out and the Chi flow shattered on the spot, turning into nothing.

"Young master, this man is not simple. We should ..."

"Or what? I'm the young master of the great divine abundance sect. How can I be afraid of an outsider?"

Feng Yuchen was determined to make a move on ye chen. The surrounding people could not persuade him and could only follow.

"Kneel down and apologize to my young master immediately. Otherwise, you'll die without a burial place!"

One of the cultivators threatened.

"A motley crew, and you think you're worthy of talking to me?"

Ye chen sneered.

"That damned guy!"

Feng Yuchen was furious and threw another punch at ye chen.

"Swish!"

However, just as the fist was about to land in front of ye chen, ye chen was one step ahead and blocked it.

"Ah!"

Feng Yuchen used brute force in an attempt to break free, but ye chen did not budge an inch. He was as steady as Mount Tai.

"This!"

Feeling the powerful strength in ye Chen's body, Feng Yuchen felt ashamed. As a late-stage soul splitting cultivator, he could not even defeat a mid-void refinement realm cultivator. This was simply inexcusable.

"Hahaha!"

Seeing such a scene, the old ancestor and ye Wushuang laughed out loud. This was obviously laughing at Feng Yuchen for overestimating himself.

"You all deserve to die!"

Feng Yuchen was even more embarrassed and angry. He suddenly released his Qi and retreated ten Zhang away.

"Young master, are you alright?"

The servants came forward and asked.

"Get lost!"

Feng Yuchen rebuked angrily. After being treated like this by ye chen, his killing intent had already been aroused. However, he knew that he was no match for ye chen, so he could only grit his teeth and not dare to make a move.

"It seems that our great young master is fine. Let's go!"

With that, ye chen swaggered away with the great ancestor and ye Wushuang. Feng Yuchen did not dare to say a word!

[Chapter 1838 The Hunting Meet!](#)

The surrounding people were all stunned by this scene because they knew this young master Feng Yuchen very well. He was domineering and unkind to everyone, but his cultivation base was profound. At the same time, he was also the young master of the divine Feng sect. No one dared to say anything.

Usually, it was this young master who bullied others. When had he ever been bullied? but today, he had encountered an outsider and actually suffered a loss in silence. This was something unimaginable.

Seeing this scene, many people sneered in their hearts. Some were even overjoyed because they finally saw Feng Yuchen suffer a loss. They could finally vent their anger.

"Bastard!"

As he watched ye chen walk away, Feng Yuchen was furious. He swore that he would make ye chen pay the price.

"Just wait for your death, foreigner!"

After he finished speaking, he left with his own people. He had lost a golden light beast for nothing, and Feng Yuchen had suffered heavy losses.

Seeing that he had walked away, many people gathered together.

"Hehe, I didn't think that this kid would have such a day. It's really too satisfying."

"Yeah, that bastard. He's always doing bad things, and his father doesn't care about him. Now, he's being taught a lesson by a foreigner. Hahaha!"

"Speaking of which, although this kid is ignorant and incompetent and can't be compared to his elder brother, he is still a late-stage soul clone. Why is he afraid to fight a mid void refinement realm foreigner?"

The crowd was confused. They did not know that Feng Yuchen had been intimidated by ye Chen's aura. Only those who had felt it up close would understand.

At that moment, ye chen and the other two finally found a restaurant. It looked quite lively and spacious.

After entering, there was a super large hall. There were many tables scattered here, and many people were talking.

Ye chen glanced at them and found that most of them were cultivators with unique skills. There were even many experts at the soul splitting stage and even the form synthesis stage.

Their foundations were extremely strong. Although many of them were only at the spirit division stage, their foundations were definitely much stronger than many of the spirit realm old monsters at the body integration stage. This was the power of the people of the Spirit realm.

"This way, please!"

A waiter came over and led ye chen and the others to their seats.

"Over there!"

Ye chen pointed out a seat by the window. The environment was not bad.

"I'm sorry, but that seat has been reserved. "

"A reservation? Ha, I'll give you double the price, we'll take it. "

"Sir, I'm really sorry, but we're very honest."

"What?"

Ye chen turned around and glanced at the man. Suddenly, the waiter could not help but retreat. He was scared half to death by ye Chen's gaze.

"You, you!"

He wanted to say something, but he couldn 't.

"I said, we're taking it."

"No, we're doing business. If you want to use force, I'm afraid you've come to the wrong place!"

The waiter suddenly became firm. It turned out that three strong men were walking behind him.

At a glance, ye chen could sense that the three of them were all at the soul splitting stage and were very powerful.

"Let them go over and sit!"

Just as the two sides were about to make contact, a voice rang out. Ye chen turned his head and saw a young master walking over. He held a folding fan and wore a white robe. He was very handsome.

"Young master Bai Hua, you've come. This kid ..."

"Say no more, I'll invite them over to sit."

"Yes!"

Hearing the young master in White's words, the waiter didn't dare to say anything else.

"Prepare the best food and wine, I want to have a drink and chat with these Masters!"

"Yes!"

The waiter left in a hurry.

Ye chen felt curious as he looked at the person in front of him. They had only met by chance. Why did this person treat them like this?

"What is the meaning of this?" Ye chen asked.

"I, Bai Hua, have always liked to make friends with heroes. Seeing that the three of them have extraordinary appearances, especially you, who has an imposing appearance and doesn't seem like an ordinary person, I naturally want to make friends with you."

"Oh, really?"

"If there are any lies, may I be struck by lightning!"

"Hahaha, good!"

Ye chen laughed and led the great ancestor. Wushuang was the first to take a seat.

Bai Hua followed behind and took a seat. After a while, the waiter brought out the wine and dishes.

Ye chen glanced at it. The wine and dishes were all of the best quality, much better than the best essence they had eaten before. It was indeed a big restaurant in Feng Prefecture city.

"I am Bai Hua, a member of the Bai clan in Feng Prefecture city. May I ask for your names?"

The White Tiger cupped his hands and asked.

The great ancestor and Wushuang looked at ye chen, waiting for him to make a decision on whether to respond to this person.

"I'm ye chen. This is old ancestor yellow spring and ye Wushuang. The three of us came to the spiritual realm to seek martial arts with no other thoughts!"

"Oh, a martial arts seeker!"

Bai Hua smiled.

"Feng Prefecture city is a large city at the entrance to the spiritual realm, so most of the people who live here are martial cultivators. You've come to the right place to seek martial arts."

"That's good. We're just afraid that we've made a wasted trip!"

"Fellow Daoist ye, if you want to ask for a fight, I can give you some information."

"What news?"

Ye chen asked.

"There is an annual hunting meet in Feng Prefecture city, and the target of the event is the demon race from the demon Eye mountain eight hundred miles away. To participate in this event, you must pass a certain test. Are you willing to go?"

"Ha, it doesn't sound like anything special. What's the reward?"

"Of course the reward is very generous. Moreover, the biggest reward is that if you can get into the top three of the hunting meet, you can directly participate in the plentiful divine martial arts demonstration. In fact, if you become the champion of the hunting competition, you'll be recognized as someone who has made great contributions to Feng Prefecture city and can directly participate in the finals of the God of Feng's martial arts demonstration!"

Upon hearing this, ye chen realized that the core seemed to be above the plentiful divine martial arts demonstration.

"Brother Bai, what's this plentiful divine martial arts demonstration?"

"Ha, fellow Daoist ye, you've asked the right question. The so-called plentiful divine martial arts demonstration was a grand event held once every three years in Feng state city. All the major families and sects in Feng state city would select their elite disciples to participate in it. If they could get a good ranking, it would be of great significance to the forces behind them. Not only can this power obtain a large amount of cultivation resources, but it can also recommend its own disciples to enter the spiritual realm's core region to study. That's an extremely precious quota. "

"Mm ..."

Ye chen nodded slightly. When they entered the spirit realm, they could not just focus on Feng Prefecture city. If they could get a recommendation to enter a higher level place, that was what ye chen wanted.

"Brother Bai, are we allowed to participate in the hunting meet as rogue cultivators?"

"Fellow Daoist ye, based on your strength, you should've been able to do it, but you're outsiders. Outsiders aren't welcomed in our Feng Prefecture city, and they're even discriminated against and questioned. You'll only have a chance if you're recommended by some power."

"I see!"

Ye chen nodded repeatedly. He finally understood the reason why this person was telling them all this. There was an eighty percent chance that Bai Hua had already thought of recommending them to the hunting meet!

[Chapter 1839 The Bai Clan!](#)

"Ha, brother Bai, can we get your recommendation?" Ye chen asked.

Bai Hua smiled and pretended to be mysterious.

"Brother Bai, if there's nothing else, we'll be leaving."

Ye chen stood up and turned to leave. The great ancestor and ye Wushuang followed.

"Hey, hey, brother ye, brother ye!"

Bai Hua was stunned. He thought that ye chen and the others were asking for his recommendation. Who knew that ye chen would turn around and leave? this made him lose all his arrogance.

"How is it?" Ye chen asked.

"Our Bai clan has some status in the Feng Prefecture city. We can be your recommendations. I, Bai Hua, can be your recommender."

"Very good!"

Ye chen nodded slightly.

Seeing the smile on ye Chen's face, Bai Hua felt that something was not right. It was as if he had been tricked. The other party had long seen through his thoughts and had deliberately baited him.

"Please!"

Bai Hua made an inviting gesture and ye chen and the other two followed.

Following Bai Hua, they came to a large villa in Feng state city. The scenery here was elegant and charming. There were pavilions and pagodas, and it was obvious that it was a big family.

This place was the base of the Bai family, the Bai Manor.

"Brother ye, I'm going to bring you to meet my father. Only with my father's approval can I be your referrer. Before that, I'll find you a place to rest, and let these two rest."

"Many thanks, brother Bai!"

Ye chen nodded.

After that, Bai Hua found a place for ye chen and the other two to rest. Then, he brought ye chen to see Bai Hua's father, Xuanji Bailin.

Following Bai Hua, they walked back and forth a few times and made many turns before finally finding an elegant place. It was a secret cave.

However, outside the secret cave, there was a construction that looked like a home.

"Please!"

"Alright!"

Ye chen followed Bai Hua into the secret cave. It was like a study with all kinds of books. An old man sat on the chair. He was Bai Hua's father.

"Father, I've found her,"

Bai Hua said.

"Oh?"

Bai Lin stood up and looked at ye chen.

Then, his expression became a little unhappy.

"Is this the person you're looking for?" He asked in a questioning tone.

When ye chen heard this, his eyes turned cold. This person seemed to be very dissatisfied with him.

However, he was an outsider in this matter to begin with. It was only because of Bai Hua that he had entered the situation and now he was being treated coldly by others. Ye chen was a little unhappy.

"Brother Bai, it seems like your father doesn't like me. I'll take my leave!"

Ye chen turned around and left.

"Brother ye, don't leave. Wait for me to talk to my father."

Bai Hua quickly turned around and stopped ye chen, not wanting him to leave.

"On account of Bai Hua's invitation to drink with them, ye chen stood by and waited.

Bai Hua quickly came to Bai Lin's side and said, ""Father, this person is an Almighty. You can't treat him like this.""

"Almighty, how do you know?"

"It's like this ..."

Bai Lin was shocked when Bai Hua told him about how ye chen had taught Feng Yuchen a lesson.

"Is this true?"

"Of course, it's true."

"So that's how it is, you can't judge a book by its cover,"

Bai Lin was overjoyed. He turned and walked toward ye chen.

"Fellow Daoist ye, this way please!"

"Hmph!"

Ye chen snorted coldly. He was actually disgusted by this change in attitude but he still gave Bai Hua face. He would see what the old man had to say.

The three of them sat down and Bai Lin personally poured tea for ye chen as an apology.

"Fellow Daoist ye, I failed to recognize Mount Tai. Please don't blame me."

Seeing that this person was sincere in his apology, ye chen reluctantly accepted it.

"You're too kind, manor lord. I, ye chen, am only an outsider. I don't dare to be arrogant. "

Ye chen picked up his teacup and sipped tea with Bai Lin to resolve the awkwardness.

At first, Bai Lin saw that ye chen was only a mid void refinement realm cultivator and thought that he was not strong enough to participate in the hunt. However, after hearing from Bai Hua that he had taught Feng Yuchen, the young master of the Feng Shen sect, a lesson, he changed his attitude.

Although the Bai clan had a certain reputation in Feng province city, the cultivators in the clan were all very weak, and there was almost no one who could be put on the table. For the sake of the clan's interests, they urgently needed to find a talent who could participate in the hunting competition.

That was why he sent Bai Hua to search for it.

"I think Bai Hua has already told you everything. I'll provide cultivation resources for you to participate in the demon Eye mountain hunt. If you can get a name and participate in the plentiful divine martial arts demonstration, I'll reward you handsomely!"

Bai Lin went straight to the point and stated his request.

"Brother ye, whether or not our Bai clan can continue to stand in Feng Prefecture city will depend on your performance. Although our clan lacks geniuses, we have all kinds of treasures and cultivation resources. As long as you need it, we'll definitely do it."

"Oh? Is that true?"

Ye chen was overjoyed. If they could provide him with enough cultivation resources, his cultivation base would definitely advance by leaps and bounds.

"There's no need to say anything, how about it?"

"Okay, I agree. I will participate in the demon Eye mountain hunt this time."

Ye chen nodded in agreement.

"That's great! Bai Hua, arrange a place for fellow Daoist ye to stay immediately. Also, prepare enough cultivation resources and the best spirit stones."

"Yes, father!"

With that, Bai Hua led ye chen out of the secret cave and returned to his residence.

At this moment, the great ancestor and ye Wushuang came out to welcome them.

"Fellow Daoist ye, what's the situation? "The forefather asked.

"It's all done. We'll participate in the hunt this time."

"Since you've agreed, we have no problem with that."

The great ancestor nodded and ye Wushuang had no objection.

The three of them entered the room. After that, Bai Hua sent someone to deliver the best-grade spirit stones.

Ye chen was overjoyed to see these spirit stones. These spirit stones were considered heavenly in the spirit realm and were absolutely pure. He did not expect the Bai clan to give them hundreds of them so casually. It was clear that the clan's Foundation was very strong. It was only because there were no geniuses in the clan that they had declined.

"Forefather, Wushuang, start cultivating immediately!"

"Alright!"

The three of them took the spirit stones and entered their rooms to cultivate.

Ye chen took most of the spirit stones. This was the decision of the three of them because ye chen would be the main force in this hunting activity and the upcoming great divine martial arts demonstration.

Looking at the dozens of spirit stones in his hand, ye chen sensed a surge of spiritual energy. These spirit stones were of a terrifying magnitude.

Ye chen carefully sensed that the spiritual energy contained in each spirit stone might be equivalent to the level of the mineral vein he had absorbed in the demon-stricken area. It was extremely exaggerated.

"He's too powerful. " Ye chen was overjoyed and immediately began to cultivate.

"Zi Zi Zi!"

He activated his ninth-grade devouring demonic pattern and absorbed the spiritual energy in it.

For the entire night, ye chen had absorbed the energy of five spirit stones. He was not in a hurry to devour them all because he needed to stabilize his Foundation first. Moreover, this was equivalent to absorbing the total amount of five spirit stone veins. It was already very exaggerated.

[Chapter 1840 Overbearing Kill!](#)

The next morning, ye chen got up.

"Zi Zi Zi!"

Rays of spiritual light were emitted from his body, as if a God had descended to the mortal world. It was extremely majestic.

"I didn't expect that I would be able to absorb spiritual power with the help of the devouring devil inscription of the ninth grade and advance to the late void refinement realm in just one night."

Ye chen was very satisfied with these cultivation resources. Since his cultivation base had improved greatly, he had to fulfill his promise.

When he opened the door, he saw the great ancestor and ye Wushuang.

Looking at the spiritual glow on their faces and their strong breathing, ye chen knew that their cultivation last night had been very effective.

"Hahaha, fellow Daoist ye, you're finally out. I can sense that your Foundation has greatly improved. It seems that you've absorbed a lot of spirit stones."

The old ancestor said with a smile.

"Patriarch, seeing that you've reached the great completion of the soul splitting stage and your cultivation speed is so fast, it seems that these spirit stones will be of great help to you."

"It's still fellow Daoist ye who can see the truth with a single glance. This spirit stone is simply amazing. This is the difference between the spirit realm and the spirit realm. Under such a good cultivation environment, I didn't expect that there would be no geniuses in the Bai clan. What a pity, what a pity."

"If it wasn't a pity, there wouldn't be such a good thing. Since we've agreed, we'll go now."

"Alright!"

The three of them went to see Bai Hua and explained their situation.

Bai Hua was overjoyed. He prepared everyone and then took out a letter of recommendation.

After receiving the letter, the three of them followed Bai Hua to the city Lord's mansion.

This hunting activity was prepared by the city Lord's mansion in order to defend against the annual demon disturbance.

"The city Lord's mansion is right in front!"

Ye chen followed Bai Hua's finger and saw that there were many people in front of the city Lord's residence, all in a long line.

"These people are all participating in the hunt?" Ye chen asked.

"Yes, these people are."

Ye chen thought to himself that there were indeed a lot of people. There seemed to be tens of thousands of people. He had thought that there would only be a few hundred or at most a thousand experts.

At a glance, ye chen could sense that the surrounding energy was chaotic. Everyone was a mix of good and bad. It seemed that this hunting trip would be a mess.

"A letter of recommendation!"

"Please!"

Looking at the people in front of him, they all took out their recommendation letters and handed them to the invigilator.

"Pass!"

"Many thanks!"

As long as the letter of recommendation was recognized, he could easily pass the test.

After waiting for a few hours, it was finally ye Chen's turn.

"A letter of recommendation!"

"Here!"

Ye chen replied coldly.

"What?"

The invigilator's eyes were cold. He was clearly dissatisfied with ye Chen's attitude.

However, he still opened the recommendation letter, and the corner of his mouth rose slightly.

Seeing that person's expression, ye chen knew that it was nothing good.

"Hehe, the Bai family, this declining family, has long been deprived of their recommendation qualifications. However!"

With that, the man tore the recommendation letter into pieces and revealed a sinister smile.

"What?"

Ye chen was furious. He wanted to kill this person but was stopped by Bai Hua.

"My Lord, when did my Bai clan lose the right to recommend?"

Bai Hua asked.

"Hehe, if I say no, then No." The invigilator said with a smile.

"This recommendation is personally decided by the city Lord. Sir, I think you must not break the city Lord's rules."

"Bai Hua, my son! You actually dare to threaten this official, do you not want to live?"

The man looked at Bai Hua with a fierce expression.

"I think you're the one who doesn't want to live!"

Ye chen was furious. He pointed his finger sword and suddenly, a spirit light flashed. The sword Qi penetrated the man's palm.

"Ah, ah!"

The pain was unbearable. The man almost collapsed to the ground. At a glance, he looked like a good-for-nothing with little cultivation. Ye chen naturally would not allow him to show off here.

"Trash, you dare to show off?"

"You, you should die!"

The invigilator's eyes widened. He stood up and rebuked ye chen, ignoring the blood flowing from his hands.

Everyone was shocked to see this.

This man was the invigilator of the city Lord's residence. Although his cultivation base was not very strong, as an invigilator, he still had a status. Ye Chen's action was challenging the city Lord's residence's dignity and was extremely dangerous.

"This man is really arrogant. How dare he provoke the prefecture? he's dead for sure."

"Al, he's really a newborn calf!"

Everyone sighed. At this moment, a guard walked out of the city Lord's mansion and coldly looked his eyes on ye chen.

"You dare to be disrespectful to the invigilator?" One of them shouted.

"This kind of trash has the qualifications to earn my respect? Hahaha!"

Ye chen laughed maniacally, instantly arousing the Guard's killing intent.

As the city Lord's residence's Imperial Guards, their status was equally noble. Ye chen dared to be so presumptuous in front of them. This showed that he did not take the city Lord's residence seriously.

"Kill, kill!"

The invigilator kept shouting.

"You trash don't need fellow Daoist ye's help!"

Suddenly, the old ancestor walked up and scolded those people.

Seeing that the great ancestor was about to show off his skills, ye chen did not stop him and stood behind him.

He and ye Wushuang both revealed an interesting smile and waited for the great ancestor to perform.

"Come on!"

The old ancestor challenged the two of them.

"You really don't know your place!"

The two guards stepped forward, drew their swords, and pointed them at the ancestor.

"He dares to provoke someone from the city Lord's mansion. It seems like he was recommended by the Bai family. How interesting!"

"Is the Bai clan looking for a sense of existence? they're really idiots to find such a person to participate in the hunt!"

"Hehe, the Bai clan has long declined. There's no genius in the clan. This time, they're just here to make up the numbers."

The crowd sneered at the Bai clan and ridiculed ye chen and the others.

At this moment, ye chen did not fight back. He was waiting for the great ancestor to prove everything with his actions.

The two guards came forward and locked onto the elder ancestor from two different angles. The elder ancestor just stood there without moving.

"What are you waiting for?" The old ancestor said.

"Hmph, I didn't expect someone to want to die so much. Then die!"

The two guards attacked at the same time. The light of their blades was merciless as they attacked the ancestor.

"Swish!"

Just as the two blades were about to hit the elder ancestor, the netherworld sword was unsheathed and blocked in front of the elder ancestor.

"The Qi of the netherworld!"

"Die!" Old ancestor yellow spring roared and activated the power of the yellow spring. His sword glowed coldly and sped through the air.

"What?"

The two of them were shocked. Their blades were broken by the Qi of the netherworld. At the same time, the Qi of the netherworld was like a spirit and was impossible to grasp.

Seeing such a scene, the two of them knew that they had encountered an expert and did not dare to be careless.

"Kill him!"

The two of them looked at each other and then released the power of the spiritual realm, wanting to rely on their Foundation to suppress the old ancestor.

However, the patriarch had absorbed a large number of spirit stones from the spiritual realm and was already at the great circle of the soul splitting stage.

"Sword of the netherworld!"

A sword light flashed coldly."Swish!" With a cutting sound, the two fell to the ground at the same time.

"Ah ..."

Seeing this scene, everyone was shocked. There was actually someone who dared to kill the guards of the city Lord's mansion. Today was really an eye-opener.

"Ba ba ba!"

Ye chen and ye Wushuang clapped at the same time.

"This, this!"

Bai Hua, on the other hand, was like an ant on a hot pan, a little helpless.

Ye chen and the other two were recommended by the Bai clan. Now that such a thing had happened, how was he going to explain it?
