

Genius 1851

[Chapter 1851 The Land Of Darkness!](#)

Ye Chen's swordsmanship instantly shocked the crowd and made them feel safe because his swordsmanship could completely destroy the source of infection.

"Fellow Daoist ye chen, you're truly a genius blessed by the heavens!"

"Yeah, I didn't notice before, but I've heard a lot about you!"

"Fellow Daoist ye chen, you can say that we're only the leaders. You want us to follow you."

Everyone came to ye Chen's side, hoping that he could guide them forward.

"Oh? Since you all value me so much, I can guide you, but I need one thing. "

Ye chen said.

"What is it? we will definitely provide it!"

Someone shouted, and the others echoed.

"The detection compass!"

"What?"

When the man with the compass heard this, he immediately showed a look of disgust. He did not want to give this treasure to ye chen.

"Can't I?"

Ye chen asked.

The others looked at each other and then at the person holding the compass.

"Li Yu, hurry up and hand over the compass!"

"Hmph, the compass is my treasure. How can I give it up?"

"In such a dangerous time, only ye chen can bring us out of danger. How can you be so selfish?"

"I'm selfish, so what? This treasure is mine. Do I need to give it to you?"

Li Yu's attitude was unyielding, and everyone's eyes turned cold.

Ye chen and the other two were standing at the side. The great ancestor was about to make a move but was stopped by ye chen.

"There's no need for us to act. He will naturally offer it. "

"Oh?"

The great ancestor was a little confused but since ye chen had said it, it must not be false.

At this moment, a group of cultivators had surrounded Li Yu.

"Are you going to hand it over or not?" A cultivator asked.

"I just won't hand it over!"

"Damn it!"

Suddenly, someone made a move and went straight for Li Yu.

"Detestable!"

Li Yu wanted to pull out her sword, but at this moment, a person outside the forest sneaked an attack from behind.

"Swish!"

Li Yu turned her head to look at the man.

"You, you!"

Although she was unwilling, it was useless. The man's sharp blade was poisoned. Soon, Li Yu was poisoned to death.

"I got it, I got it."

A cultivator handed the compass to ye chen.

"Alright, since you've given me the compass, I'll lead you forward."

Ye chen took the compass and walked forward.

"Master, you're so smart!"

"Hahaha, fellow Daoist ye has already seen through these people's hearts. Amazing!"

Wushuang and the forefather were both in admiration.

With the compass in ye Chen's hand and his own super-sensitive ability, he was naturally able to deal with the surrounding dangers with half the effort. He had resolved many crises and everyone's trust in Him had deepened.

Looking at the instructions on the compass, ye chen advanced cautiously.

The aura in the surrounding space became abnormally heavy, and everyone felt that it was difficult for them to even take a step.

"What's going on? why are my steps so heavy?"

Someone asked in confusion.

"It seems that there's something strange in the depths of this secret cave."

"That's right. The magic eye bugs from before are proof. We might be getting closer and closer to the space-ripping beast."

"The space-ripping beast is the ultimate magical beast in this hunt. We can't underestimate it."

Everyone was on high alert, ready to fight at any time.

Ye chen walked in front, his eyes emitting a fiery glow as he surveyed the surrounding terrain.

"What?"

Suddenly, he stopped in his tracks. He discovered that in the darkness ahead, the spatial dimension laws were extremely chaotic, like a dark abyss.

"Fellow Daoist ye chen, how's it going?" An expert stepped forward and asked.

"What do you see in the darkness ahead?" Ye chen said.

"No, it's normal."

"Is that so? why don't you go up and explore it?"

"Ha, fellow Daoist ye, you're too cautious. I'll go."

The man sneered and looked at ye chen. In the end, he was only an outsider with insufficient cultivation and experience. He had already used his spiritual energy to explore the area ahead, so there was no problem at all.

The man walked to the front, stood in the dark, and waved to the crowd.

"No problem!"

"Hahaha, so that's how it is. It seems that not everything is effective, fellow Daoist ye. Many times, you still need to listen to the opinions of the people of the Spirit realm."

"Right, ascending from the spirit realm, one's Foundation is limited and one's experience is insufficient. It can't be said to be your problem."

"Fellow Daoist ye, let's follow him."

A few more powerhouses followed after him, looking at ye chen with disdain.

When they saw ye chen use the true Samadhi fire to kill the demon Eye bug, they thought he had some ability. It was just a judgment made out of panic. Now that the danger was over, everyone's respect for ye chen had dropped significantly. This was because the three of them had ascended from the spirit realm and were discriminated against.

"Come over, everything's fine!"

The first powerhouse who walked over shouted to the crowd.

The great ancestor and Wushuang were about to move forward but were stopped by ye chen.

"You can 't!"

The two of them were stunned and did not move forward.

At this moment, the thick aura in the darkness became more obvious, and everyone felt that they could barely move.

"What's going on?"

"My foot!"

The four cultivators who entered the land of darkness were unable to move.

Buzz, buzz, buzz!"

Then, countless crawlers rushed out from the ground and locked onto everyone's legs.

"Ah, this, this!"

They finally understood that it was not ye Chen's lack of experience but their overconfidence.

"Fellow Daoist ye chen, please save us!"

"That's right, save us!"

The four of them asked for help.

Ye chen smiled at them and said, "Aren't you all experienced hunters? why are you asking for help from an outsider like me?"

"Fellow Daoist ye, stop joking. We were all wrong. Please save us."

"That's right, we misjudged. Fellow Daoist ye is still the best."

"Fellow Daoist ye, hurry up and release your true Samadhi fire!"

Everyone begged ye chen one after another, tears almost falling from their eyes.

"Hmph, a bunch of idiots!"

Ye chen laughed coldly in his heart. Keeping such a person would only drag him down and even betray him.

"I've come to save you!"

He walked forward and released his true Samadhi fire.

"Phew, phew, phew!"

The power of the flame went straight for the yellow Dragon, as if it was about to kill the demonic insect.

However, when the power of the flames invaded them, the crawlers' eyes suddenly turned red and they became extremely violent.

"Squeak, squeak, squeak ..."

Not only were the countless crawlers not killed, but they were also gnawing on the bodies of the people.

"Ah!"

The screams continued. The legs and feet of the experts who entered the land of darkness turned into bones in the blink of an eye, and they fell to the ground.

"Ah ..."

Everyone trembled in fear and retreated, not daring to move forward.

"All of you, come and save us, you bunch of bastards!"

Those people cursed angrily, but no one dared to step forward.

"Ye chen, how dare you frame us!"

Although the four cultivators could not move their legs, they glared at ye chen.

"What does this have to do with me? I released my true flame to save you, but I failed."

"Just a failure?"

Despair appeared in their eyes, and then, not even their bones were left.

[Chapter 1852 1856-Body Integration Stage Demon!](#)

Seeing the four cultivators turn into white bones in front of them, everyone revealed a look of horror.

Many powerhouses looked at ye chen with cold eyes.

These people then gathered together and whispered.

"This kid is a ruthless character, we must be on guard."

"Don't act rashly. This person's methods are ruthless and Swift. The true Samadhi fire just now seemed to save those four people, but in fact, I think it was this true fire that triggered the earth crawlers "killing intent."

"He's the only one fighting the demon insects now. Let's follow him. Don't be rude!"

Everyone nodded and no longer dared to mock ye chen.

Ye chen sneered at the crowd's murmurs. This motley crew was a bunch of useless people.

"Everyone, can we go now?"

Ye chen asked.

"No problem, it's done."

Everyone followed behind, not daring to comment on ye Chen's group.

Since the other party had stopped talking nonsense, ye chen did not want to cause trouble. After all, if he encountered the so-called ultimate magical beast, the strength of these people was indispensable.

With the help of the compass, ye chen directed his own mana into the space and found the old monster's lair.

"Boom boom boom!"

Suddenly, the earth trembled and the mountain rocks crumbled. A series of rumbling sounds came from the secret cave.

"Ah ..."

Everyone trembled in fear and retreated.

Ye chen looked into the depths of the secret cave.

"Let's go!"

With a command, ye chen and the other two flew forward.

"This is related to the championship of the hunt, we can't fall behind!"

"Right, charge!"

The crowd followed him crazily, no longer afraid.

Ye Chen's group of three were extremely fast. The people behind them released their psionic power to increase their speed.

After a short while, the group had flown a hundred miles and arrived at the depths of the secret cave.

The mountain rocks here had been shattered, and it was a scene of devastation.

A huge sinkhole appeared in the dark land ahead.

Ye chen did not walk over directly. This was a taboo.

He released his demonic will and it floated with the wind.

"Phew, phew, phew!"

The demonic will followed ye Chen's instructions and drifted toward the sinkhole in the land of darkness.

In the sinkhole, strong winds blew and demonic energy soared.

The vibrating mana was like a demonic beast that could devour all things. It was shocking.

Seeing that ye chen had not moved, the people behind him urged him.

Fellow Daoist ye, why don't you come forward and take a look?"

Fellow Daoist ye, this is a good opportunity for you to guide everyone. Go up and take a look."

"Fellow Daoist ye, we'll be waiting for your performance!"

The powerhouses revealed sinister expressions. With the previous lesson, they would not go by themselves. Instead, they hoped that ye chen would take the risk.

Meanwhile, ye chen had already released his demonic will to investigate the situation in the sinkhole.

"Everyone, why don't you go and take a look for yourself? Ye chen said.

"What?"

Suddenly, a cultivator's eyes gleamed coldly. He released his psionic energy and charged at ye chen.

"Fellow Daoist ye, you've already killed a few fellow cultivators before. Do you want to use the same trick again? I'll go take a look immediately. "

The man's eyes were cold, and his tone was threatening.

"What?"

The old ancestor was furious. He walked forward and looked at him coldly.

"Forefather, there's no need to be angry."

Ye chen stopped the great ancestor and went to the sinkhole alone.

"Fellow Daoist ye?"

The great ancestor was worried, but ye Wushuang was also surprised. According to ye Chen's personality, how could he risk his life to help these bastards?

"I'm fine!"

Ye chen nodded at the two of them and walked toward the sinkhole.

His eyes released the light of fire. His fiery golden eyes could see a thousand miles.

This sinkhole was actually so deep that one couldn't see the bottom, as if it was an endless abyss.

"It's actually so deep?"

Ye chen was shocked. At the same time, he accelerated the speed of his demonic consciousness but still could not find any information.

"Don't tell me?"

Suddenly, ye chen had an idea. He looked up at the sky.

"Roar!"

A furious roar shook the heavens and earth as a pair of blood-red eyes looked at the crowd.

"It's in the sky!"

Ye chen shouted and quickly retreated.

"Roar!"

Then, a furious roar came again, and a huge darkness demon beast appeared on the mountain wall.

His eyes were fixed on the crowd, as if his prey was gathering in the mirror.

"You all have to die!"

This sentence shocked everyone. It was indeed a great demonic beast at the soul separation stage.

"It's the space-splitting beast! It must be him!"

"Yes, that's him!"

"Catch him!"

There was fear and excitement in everyone's hearts. As long as they could capture the space-ripping beast and obtain its demon core, they would definitely be the first place in this hunting activity and get the opportunity to participate in the plentiful divine martial arts demonstration.

And once they entered the venue of the plentiful god martial arts demonstration, even if they did not get a ranking, they could still get rewards. Moreover, for these individual cultivators, it was a reward that they could not refuse.

"Kill!"

Some cultivators couldn't take it anymore and flew towards the space-splitting beast.

"Giggle!"

The space-ripping beast let out a human-like cold laugh and waved its sharp claws.

"Swish!"

With a cutting sound, the man's body was cut in half and fell to the ground.

"What?"

Everyone was shocked. Although that person's cultivation was not the top, he was still at the early stage of soul separation. To be dismembered in one move, this space splitting beast was too terrifying.

"Is he really only at the great circle of the soul splitting stage? could he be ..."

Some powerhouses were already thinking of other answers. If he was really at the great circle of the soul splitting stage, he would not have been dismembered so easily, because he had not used any magical powers or moves.

"The great circle of the soul splitting stage? Hehehe!"

The space-splitting beast sneered.

"What are you laughing at? what is your cultivation level?" Someone questioned.

"There's no harm in telling you before I die. I'm in the unity realm!"

"Unity stage?"

Everyone's hearts trembled. A body integration stage demon was far more powerful than a body integration stage human cultivator, and they had just encountered a body integration stage demon.

"This demon is invincible. Let's leave quickly!"

Some people had already started to retreat. This was because a demon of this cultivation level was not something that these soul splitting cultivators could fight against.

Ye chen sneered. As expected, they were a bunch of useless people.

The great ancestor and ye Wushuang looked at ye chen. Since he did not make a move, the two of them would not act rashly.

"Hehehe, you still want to leave? You're thinking too much. "

The space-splitting beast sneered when it saw that everyone was trying to escape. Then, it waved its sharp claws and released endless spatial power. The surrounding space rapidly transformed, sealing off all escape routes.

"Boom boom boom!"

Then, the giant rock crumbled and trapped everyone.

"Fellow Daoist ye, your martial arts are unrivaled. Why don't you deal with him?"

"That's right. Fellow Daoist ye, our cultivation isn't high enough. You should do it!"

"We all have high hopes for you!"

Those who had looked down on ye chen before were now asking him to fight.

"Ha, you've all sensed it. I'm only a void training stage cultivator and I'm from the spirit realm. How can I fight against a spirit realm and body integration stage demon?"

"Ah? This!"

Hearing this, everyone revealed a look of despair.

[Chapter 1853 The Arrogance Of The Space-Ripping Beast!](#)

These people had mocked ye chen for being a spirit realm outsider. Now that ye chen had made them drop a stone on their own feet with a single sentence, he could just watch from the sidelines and see how these so-called spirit realm powerhouses would deal with the space-splitting beast before him.

"Everyone, there's nothing I can do. You're all experts, and the three of us need your protection."

Ye Chen's group of three stepped aside and let everyone face the space-ripping beast.

"This, this!"

Everyone from the spiritual realm hesitated. Even though they were confident in their strength, they felt extremely guilty when faced with a body integration stage demon.

Although they believed that ye chen would not be able to fight against the space-ripping beast, they could still let him test the space-ripping beast's strength. He would just be cannon fodder.

What kind of person was ye chen? he instantly saw through these trash's thoughts and withdrew on the spot.

The anxious looks on these people's faces were like ants on a hot pan, like headless flies!

"What is good?"

The space-ripping beast had already sealed off its path of retreat. They knew that if they couldn't kill the space-ripping beast, everyone would become his food.

"Hehehe, the human race is indeed rotten. They actually fight among themselves, trash!"

The space-splitting beast sneered. It was definitely happy to see its prey fighting among themselves. It didn't want to eat them so quickly.

He wanted to see how humans would turn out in the end. After all, a demon at the form synthesis stage would have complete intelligence, and an existence like the space-splitting beast would naturally be a high-level intelligence developer.

"Kill this evil beast, attack together!"

In the end, those people couldn't think of a good strategy and could only fight the space-splitting beast head-on.

"Kill!"

A few cultivators took the lead and threw out all kinds of Dharma Treasures and secret techniques.

"Zi Zi Zi!"

Suddenly, a strange light flashed in the sky and suppressed the space-splitting beast.

"Insignificant skills. Damn it!"

The space-splitting beast roared and exploded with power. The power of fusion surrounded its body, and the mountains and rivers moved rapidly!

Boom, boom, boom!

It was just a heaven-shaking roar, and all kinds of magic treasures and divine powers were annihilated by this roar. They were completely useless.

"Ah?"

Seeing this scene, everyone was shocked.

"W-what's going on? When we combine our attacks, this beast only needs to roar to break through?"

"Isn't he too powerful?"

"I've heard people say that demonic beasts are more brutal when we're at the same cultivation level. Now that this demonic beast has a higher cultivation level than us, we're like fish on the chopping board."

"No way, we're all going to die Here?"

Everyone trembled in fear as they sank into oblivion.

Ye chen could only shake his head as he looked at everyone's reaction.

"A Motley crowd, a bunch of trash, how can they achieve great things here?"

These people did not pique ye Chen's interest at all.

"Hahaha, let's see how these trash die at the hands of the space-ripping beast." The old ancestor laughed.

Ye Wushuang's eyes were cold and he didn't say anything. However, he would not have the slightest bit of pity for these people.

On the rock wall, the space-splitting beast grinned coldly. It was satisfied to see the panicked crowd below.

"A bunch of meatballs! All of you, die and become my food!"

The space-splitting beast finally couldn't take it anymore. It flew out and used its sharp claws to claim his life.

"Whoosh!"

"Argh! No!"

In a flash, the space-splitting beast's sharp claws had already grabbed one of the cultivators and flew up to the rock wall.

"Save me, save me, save ..."

Buzz, buzz, buzz!"

Crack, crack, crack!

That person kept shouting, but the space-ripping beast's sharp claws sliced through his body, instantly shattering his bones and turning him into a bloody mess.

"Ah ..."

Everyone revealed a look of fear and didn't dare to move forward.

"What is good?"

"This is all that outsider's fault, let him take the blame!"

"Right, let him take the lead!"

Everyone was terrified and pushed the blame to ye chen, hoping that he would come and "die."

"What? I'll cover?"

Ye chen pretended to be afraid and refused to move forward.

Old ancestor and Wushuang didn't move, they just watched the show.

"Ye chen, if you dare to not come, we'll kill you!"

"Yes, kill him!"

Everyone had lost their minds and wanted to live. However, in this desperate situation, how could they survive? they only thought of using ye Chen's life to appease the space-ripping beast. Perhaps, the space-ripping beast would let them go.

"Space-splitting beast, this person is extremely talented. He's your best food. Please let us go!"

"That's right. He's a super heaven's favorite of the human race. His talent is unparalleled. If you eat him, your cultivation will definitely rise."

"We'll offer ye chen and let us go!"

These shameless people had lost their minds and wanted to rely on ye Chen's sacrifice to survive.

"Hehehe, very good, you've all done well. I've long found this brat an eyesore. And he's really talented. He'll be a delicious meal. "

Naturally, the space-ripping beast was happy to do so. It knew very well that as long as ye chen and the other two were killed, the remaining motley crew would not pose a threat to it. It would just have to eat them slowly.

"Bring him up here!"

"Yes, yes!"

The crowd surrounded ye chen.

"Ye chen, you'd better cooperate. Otherwise, I'll make sure you die Here."

"Come here!"

Several powerhouses suppressed ye chen. One of them took out a diamond chain and tied ye chen up before handing him over to the space-ripping beast.

Throughout the entire process, ye chen did not resist and only sneered.

"Hahaha, kid, did you see that? this is the human heart. The human heart is the most disgusting thing in the human race. " The space-splitting beast sneered at ye chen.

"Yeah, I can't help it. I'm the weak one."

Ye chen said.

"Kid, you have some self-awareness. But aren't you afraid?"

"What's the use of being afraid? won't you still be twisted and sent here?"

"Smart man, I won't let you feel any pain. I promise you, after you die, I will kill them all." The space-splitting beast said quietly.

"Then I really have to thank you, Your Majesty."

"No need to thank me for such a small matter. I can see that you're indeed very talented, and it's not impossible for you to reach the form synthesis stage like me in a few days. However, you're just unlucky

to have met my true body earlier, so I can only make you my meal. That way, I can transfer all of your power to me, and I'll definitely be able to break through even higher limits. "

"It's my honor to be able to help the king break through his limits and end my remaining life. "

"Kid, you're good at talking. I really can't bear to eat you. Hey, hey!"

"It's alright, my King. Eat as much as you want!"

"You're much better than those trash. I'll fulfill your wish. "

The space-splitting beast revealed a satisfied smile. It didn't think that a spirit realm brat would have such awareness and cooperation. It was naturally happy.

"Lord magical beast, eat it!"

"Yes, Lord magical beast, eat him and let us go."

A group of lowly people came forward and begged the space-splitting beast to eat ye chen. This way, they could get rid of a great threat and please the space-splitting beast, allowing them to live.

The great Grandmaster and ye Wushuang looked at those people coldly. Killing intent was already brewing in their hearts.

[Chapter 1854 Devouring All Things!](#)

"Okay, I promise you. I'll eat this kid and let you go."

The space-splitting beast said.

"Many thanks, Lord magical beast."

Everyone bowed, afraid that the space-splitting beast would change its mind.

"Little brat, farewell."

The space-splitting beast opened its mouth and was about to devour ye chen.

"That's right, my King. Farewell. "

"What?"

Just as it opened its mouth, the space-ripping beast suddenly felt a strong killing intent from ye chen. It was the determination to kill.

"Not good!"

A thought flashed through his mind, and he was about to shut up.

"It's too late, King of magical beasts!"

Ye Chen's lips curled into a cold smile. The immortal slaying Flying Dagger was already unsheathed.

"Soul-searching Suan ni hypnotism technique!"

Just as the space-ripping beast was about to turn around and kill ye chen, ye chen suddenly used the soul-searching hypnotism technique. Suddenly, waves of mental energy surrounded the space-ripping beast's body. Its eyes were filled with confusion and it fell into chaos.

"I, I ..."

The space-splitting beast's body trembled as it slowly sat on the ground.

"Ha, I'm just going to make you lose your guard and then fall into my soul-searching hypnotism technique. This way, what's there to be afraid of no matter how strong you are?"

Ye chen sneered, and the immortal slaying Flying Dagger attacked sharply.

Buzz, buzz, buzz!"

Every slash was aimed at its vital points. In the blink of an eye, the space-ripping beast's eyes, heart, and Yuan Shen were all severely injured.

"Roar!"

Even though it was under hypnosis and its life was in danger, the space-ripping beast still let out an angry roar. However, its spirit was weak and it could not move its body.

"Eh? Kill!"

Ye chen knew that things would change if he delayed any longer, so he burst out with all his power and attacked with his saber!

"Demonic thoughts split into the void and the netherworld annihilation heavenly saber!"

"Boom boom boom!"

The immense power, combined with the power of spiritual and demonic energy, struck down and pierced through the head of the space-splitting beast's essence soul.

"Roar!"

With a miserable roar, the space-ripping beast's body trembled, its scales shattered, and its blood and Qi flowed backward. It died on the spot.

"Ninth-grade devouring pattern!"

Ye chen released the Supreme-grade devouring demon matrix. Powerful demon energy soared to the sky and absorbed the space-splitting beast's demon energy.

"Ah?"

Everyone was shocked. Not only had ye chen killed the space-ripping beast, but he had also devoured its Pandora demon ability. Who was this kid?

"This kid is extremely strange. He actually has such powerful demonic energy. He's a demonic type and has been hiding beside us."

"That's right. Now that the space-ripping beast has been killed, this child can't live!"

"That's right. This person is extremely abnormal. If he remains in the spiritual realm, he'll definitely be a super scourge. Kill him!"

Everyone was terrified of ye Chen's origin and his extraordinary strength in killing the space-ripping beast. They wanted to strike first and kill ye chen.

"Ancestor, Wushuang!"

Ye chen did not even turn his head and continued to absorb the powerful demon energy from the space-ripping beast.

"Whoosh, whoosh, Whoosh!"

The sound of the wind could be heard as the sword Qi circulated.

The netherworld led the way, and the unparalleled door opened!

Buzz, buzz, buzz!"

Endless sword Qi instantly swept in all directions and shook the nine Lands.

Before the crowd could react, the shadow behind them had already passed.

Blood gushed into the pillar, and a look of disbelief appeared in his eyes. The person behind him could actually have such exquisite cooperation and such powerful swordsmanship.

"Hmph, the patriarch has tolerated you for a long time. A bunch of trash actually dared to have ideas about fellow Daoist ye. You deserve to die!"

"If you dare to be rude to master, kill without mercy!"

In just one move, two-thirds of the cultivators had been killed by the sneak attack of the old ancestor and Wushuang.

"You guys!"

The remaining one-third of the experts pushed aside and faced the old ancestor and Wushuang.

At this time, the great ancestor and ye Wushuang stood in front of ye chen, protecting him from absorbing the demon energy.

"Ah!"

Ye Chen's power was monstrous. Under his continuous evolution, the ninth-grade devouring mageweath had once again broken through its limit and achieved the perfect Supreme-grade devouring mageweath. This had already surpassed the original limit of a mageweath. This was a devouring mageweath that had evolved by relying on ye Chen's superb physical talent and the power of the ancient God Body.

"Roar!"

With a furious roar, ye Chen's body exuded the powerful might of the space-splitting beast. The shadow of the space-splitting beast appeared behind ye chen.

"Ah ..."

Such a shocking scene completely shocked everyone.

"H-how is this possible?"

"He ... He can actually fuse with the power of the space-splitting beast and form The Phantom of the space-splitting beast?!"

"Such a mutant is an evil demon!"

The remaining powerhouses were shocked by ye Chen's actions and state. Many of them even lost their legs and trembled as they retreated.

"Hahaha!"

Ye chen laughed as he turned around. He did not expect that with the success of the Supreme-grade complete devouring mageweath, he could now devour all things and absorb and use the power of all things. This was a shocking change!

"You bunch of trash!"

His eyes emitted a dark light, and the shadow of the space-splitting beast behind him grew stronger.

"Roar!"

The shadow of the space-ripping beast gradually solidified and roared at the crowd.

"Didn't you ask the space-splitting beast to let you go? however, he told me that he would devour all of you after eating me. Now that I've devoured him, I'll fulfill his last wish!"

Ye Chen's cold voice was like the murmurs of the Grim Reaper. Waves of murderous intent filled the entire space.

"No, no! Lord ye chen, we'll kneel!"

"Don't kill us. We all know that you're extremely talented and invincible. We were all wrong. Let us go!"

"That's right, Lord ye chen. You're the city Lord's distinguished guest. We're all in awe!"

Everyone knelt on the ground one after another, and there was no trace of the spiritual realm experts at all.

"It's too late to say this now!"

Ye Chen's eyes burst with a Crimson light. The space-ripping beast behind him was furious beyond control.

"Space-splitting beast, devour them!"

"Roar!"

The space-splitting beast was enraged, and the space around it transformed. Before the group could move, they were already trapped in the space-splitting beast's devouring space.

"This is the life law of the space-splitting beast, the bi 'an devouring space, which is extremely compatible with my peak-grade complete devouring pattern. This is a gift from the heavens, and it happens to be your nightmare!"

"No, no!"

When they heard ye Chen's words, which were like the judgment of the god of death, everyone fell into extreme fear.

"Die!"

Ye chen gave the order and the space-ripping beast's law of devouring was activated.

Buzz, buzz, buzz!"

In the space-splitting beast's devouring space, everyone released their super powers, secret techniques, spiritual treasures, and spirit weapons!

"It's useless. Annihilate them all!"

Everything was completely annihilated by the law of devouring and integrated into energy form, which was absorbed by ye chen.

"Roar!"

The space-splitting beast roared at the sky as if it wanted to devour the heavens. It was a hundred times more powerful than before because of the power of ye Chen's Supreme-grade complete devouring mageweath.

"Fellow Daoist ye, I'm in awe of your Foundation!"

"Master, after you devoured the space-ripping beast, your Foundation is approaching the unity realm!"

"That's right, but it's mainly caused by the power of the space-splitting beast. Here's the demon core. Old ancestor, take it!"

"Alright!"

[Chapter 1855 First Place!](#)

Outside the demon Eye mountain, everyone in the city Lord's mansion was waiting.

"I wonder how the hunt went?"

"I don't think so. The wandering cultivators in this hunt have average cultivation bases and unstable foundations. I'm afraid it'll be troublesome for them to fight against the ultimate demonic beast."

"That's right. These itinerant cultivators are all good-for-nothings. We've given them a lot of resources, but none of them have shown any significant effects."

The people from the various great clans all complained.

Only the members of the Bai clan raised their heads in anticipation. They were waiting for ye chen.

Bai Hua went back and told Bai Lin that ye chen had been personally received by the castellan, which showed that he had extraordinary strength. Bai Lin was overjoyed and thought that he would win this time.

As the waiting time grew longer, everyone became more and more anxious, because not a single person had come out.

"What's going on? it can't be that they were all annihilated, right?"

Someone shouted.

Everyone's heart trembled. If that was really the case, then all the resources they had released would have been for nothing.

"Oh my, so hateful, so hateful. Those people are all trash. Not a single one of them came out."

"This hunting meet was held for nothing. The space-splitting beasts might even harass our trade."

"So annoying!"

Everyone cursed in anger. They were very disappointed with the cultivation level they had gathered this time.

"Hehe!"

The castellan, Shangguan Jinyun, sneered. He hoped that none of them would come out, especially ye chen. 'Since they can't be used by me, then they'll die at the hands of the space-ripping beast. As for the space-ripping beast, I'll find someone more powerful to deal with it.'

"Everyone, since this group of trash hasn't come out yet, let's all go back!"

Shangguan Jin Yun shouted to the crowd.

"Hahaha, a bunch of trash. And that ye chen, he's trash too!"

Shangguan Feng shouted with a laugh.

After all, he had a grudge with ye chen before.

"This, this is impossible!"

Bai Hua said in surprise.

"Bai Hua, I asked you to bring back the news, but you lied to me?" Bai Lin angrily rebuked.

"Father, it's impossible. Ye chen will definitely be able to come out. There's no problem with his strength."

"What a joke. Now that the city Lord has asked everyone to go back, what else do you have to say?"

"I, I!"

Bai Hua was speechless. If ye chen and the others really died on the demon Eye mountain, his mission this time would be considered a complete failure and he would be abandoned by his clan.

"The Bai family, hehe, still thinking of rising?"

"Save it, finding an outsider to participate in the hunt. The city Lord just casually called him over to say a few words. Does he really think he's a genius?"

"Go back and wait for your death, Bai clan!"

Many families who had a grudge against the Bai family came forward to ridicule them.

"Hmph, the people you've found are out? You still dare to criticize us?"

Bai Lin retaliated.

"You! Hmph, you're still a useless clan if you haven't come out!"

Although those people could not refute Bai Lin's words, it was just as they had said. If they did not come out, it was impossible for the Bai family to make a comeback.

"A!"

Bai Lin sighed and looked up at the sky, thinking that the Bai clan was completely finished this time.

Just as everyone was about to leave, suddenly, they heard footsteps ahead.

"What?"

Shangguan Jin Yun's eyebrows twitched, he seemed to have sensed a familiar presence.

"How is that possible?"

He turned to look in the direction of the demon Eye mountain and saw three figures walking out. There were only three people. They were ye chen, the great ancestor, and ye Wushuang.

"This!"

Shangguan Feng was dumbfounded. He had thought that ye chen had died on the demon Eye mountain and was ready to go back and celebrate with some scoundrels. However, he did not expect the three of them to come out.

"Hahaha, father, look!"

"What?"

Bai Lin looked toward the mountain pass and saw that ye chen and the other two had come out. He was overjoyed.

"I didn't expect them to really come out. It's the three of them, hahaha!"

He immediately turned around and looked at the people from the other families who had not gone far.

"How is it? the trash you found didn't come out. Did you see that? ye chen and the other two came out. Our Bai clan's vision is not something you can compare to, hahaha!"

Bai Lin laughed and ridiculed the families. When they heard this, they gritted their teeth, but they couldn't refute it. Because the cultivators that the Bai family found had come out, even if they didn't kill the ultimate demonic beast, they still won.

"Ye chen!"

Shangguan Jin Yun stepped forward and shouted.

"Shangguan city Lord!" Ye chen responded with a smile, but there was a hint of coldness in both their eyes that was hard to see.

"Congratulations, congratulations!"

Shangguan Jinyun's expression changed instantly and he congratulated ye chen.

"Many thanks!"

After ye chen finished speaking, he turned around and walked toward the Bai clan.

"Bai Hua, I've said it before. The championship is ours." He said.

"Yeah, brother ye, I knew you could do it. You're the only ones who made it out this time, so there's no need to kill the space-ripping beast. I know it's difficult, but we've already won."

Bai Hua said happily.

"Ha, space-ripping beast, a piece of cake!"

As he spoke, ye chen gave the great ancestor a look. The latter instantly threw out a demon core that shone with a powerful demonic light. It was the demon core of the space-splitting beast.

"It's a space-splitting beast's magic core. I know this aura. "

"How is this possible? they really killed the space-ripping beast."

"No, look! The power of this demonic core is beyond imagination. This space-splitting beast is clearly in the unity realm!"

"Killing a form synthesis demon? this, this, isn't this too much?"

Everyone trembled in fear and looked at ye chen and the other two with admiration.

None of the three of them had ascended to the heavenly Tribulation and ye chen was only a late void refinement realm cultivator, but he was still able to kill a body integration realm demon. This achievement was too shocking.

"This!"

Shangguan Jinyun's brows were tightly furrowed. His heart trembled as well. He stared at ye chen. He knew that ye chen was the leader of the three. If they really killed a unity stage demon, it would be ye Chen's work.

"This man is only at the late void refinement realm, but he could actually kill a body integration stage demon. How did he do it?"

He could not figure it out but there was no need to think about it now because only ye Chen's group of three had come out. Moreover, they had killed the space-ripping beast, so they were the Champions.

"Champion, champion!"

The people of the Bai clan shouted and exploded.

The other clans looked jealous. As a clan that was stronger than the Bai clan, all the people they found were trash. On the other hand, the Bai clan found a genius who could kill a unity stage demon. In comparison, they were far worse.

"This is really detestable!"

"Why is the Bai clan so lucky to be able to find such a magical outsider?"

"Unbelievable! Is this the will of the heavens?"

Many family leaders shook their heads, blaming the heavens and the people.

At this moment, Shangguan Jinyun stepped forward and presented ye Chen with the champion's token.

"This is the God Feng token, you can participate in the God Feng martial arts demonstration!"

"Many thanks!"

Ye Chen replied coldly and took the divine Feng token.

"Where are you going? leave your monster cores!"

Suddenly, an ear-piercing voice rang out, causing ye Chen's brows to turn cold!

[Chapter 1856 Peerless Foundation!](#)

Ye Chen turned around and saw that it was Shangguan Feng.

"Monster cores are only proof, when did I need to give them to you?" Ye Chen retorted coldly.

"Hmph, hunting demonic beasts is an event organized by our city Lord's mansion. If you want to enter the plentiful divine martial arts practice through us, you must leave behind your demonic cores. Don't talk nonsense."

Shangguan Feng's aura was overbearing and he was still arrogant.

"What?"

Ye Chen's eyes turned cold. With a flash of his saber, a murderous aura seeped into Shangguan Feng's eyes.

"Ah, ah?"

Shangguan Feng was caught off guard. He only felt a chill in his heart and his whole body trembled. He was so frightened that he screamed on the spot.

"Feng 'er, what's wrong?"

Shangguan Jinyun asked as he pressed him down.

"Killing, killing intent!"

"Where's the killing intent?"

Shangguan Jinyun was a little puzzled. He did not see the shadow of any killing intent, but he was quite frightened when he saw Shangguan Feng.

Ye chen sneered. The murderous aura he released was released by the saber Light of the immortal slaying Flying Dagger and his own divine will. It was only aimed at Shangguan Feng and could not be sensed by others. Therefore, Shangguan Jinyun did not notice it and Shangguan Feng was scared out of his wits.

"Stop, stop!" Shangguan Feng did not want to admit defeat and still wanted to challenge ye chen.

However, ye chen ignored him. He led Wushuang and the great ancestor toward the Bai clan.

"Forget it, don't be noisy!"

Shangguan Jinyun looked at ye chen. Although he did not sense any killing intent, it was obvious that ye chen had done it secretly. However, his son was too disappointing. He was so frightened by a little killing intent. It would only be more embarrassing if he pursued the matter further, so he could only give up.

"Brother Bai, let's go!"

"Good, good!"

Bai Hua brought ye Chen's group of three and her father back to the Bai Manor.

When he returned to the manor, Bai Lin was overjoyed and gave him a large amount of cultivation resources.

This time, ye chen finally understood how rich the clans in the spirit realm were. It was just a declining Bai clan, but they could actually come up with such rich cultivation resources.

The resources given to him the last time were already very generous but this time, ye chen only saw Supreme-grade spirit stones. These spirit stones were more than ten times better than the best spirit stones from the last time. It seemed that although the Bai clan valued him last time, they did not trust him completely. This time, it was different. He, Wushuang, and the great ancestor had won the championship, which was equivalent to a great merit for the Bai clan. The reward was naturally real.

"Hahaha, fellow Daoist ye, the spirit realm is so good. I'm afraid you won't be able to get these resources in the spirit realm in your entire life." The old ancestor said exaggeratedly.

"Ha, that's true. Each of these spirit stones is like ten mines in the spirit realm demon disaster area. It's too exaggerated. "

Ye chen said.

"Master, these are suitable for your cultivation." Wushuang said.

"En!"

Ye chen nodded slightly, deep in thought.

During this period of time, especially after he absorbed the space-ripping beast, he felt that his Foundation was abnormal. It had become extremely difficult to improve.

He knew that this was not a bad thing.

This meant that his Foundation's energy density was much higher than ordinary people 's, so it was naturally difficult to improve.

However, he could sense that his Foundation was a hundred times stronger than others of the same cultivation base, but now, this number had risen to more than a thousand times. It was clear that the body integration stage space-splitting beast had given him a huge boost.

The space-splitting beast was a very unusual magical beast. Generally speaking, it would not live in the demon Eye mountain. However, ye chen had caught it this time and used it as a blood sacrifice for the perfected devouring demon pattern.

Now, ye chen had fused his Supreme-grade complete devouring mageweath with the space-splitting beast and concretized it. The operation was even simpler and clearer.

"Alright, we'll split it into three. One for each person!"

"Ye chen, it's your credit for killing the space-ripping beast. Wushuang and I will take our share." The old ancestor said.

"No, we can 't. After entering the spiritual realm, the three of us must quickly improve at the same time. Otherwise, we won't be able to deal with the experts of this world. This Feng province is just a small city on the border, so you can imagine the strength of the experts here. We don't have to deal with them, we have to look far ahead. "

"Mm, well said!"

The forefather nodded and took one each with Wushuang.

Ye chen picked up the last one and entered his room to cultivate.

After entering his room, ye chen activated the protective formation.

He took out the highest grade spirit stone. This spirit stone was equivalent to 15 mines in the spirit realm devil disaster area. Logically speaking, his cultivation level should definitely be able to reach the perfect void refinement realm.

However, at this moment, he had a strange feeling in his heart. He felt that he might encounter some strange things.

"Space-ripping beast!"

With a call, the roar of a beast could be heard.

"Roar!"

The space-splitting beast's huge shadow body appeared behind ye chen.

"Zi Zi Zi!"

Then, a powerful top-grade complete mo matrix appeared around the space-splitting beast, constantly emitting a strange light.

"Roar!"

The space-splitting beast roared and opened its mouth. Instantly, the Supreme-grade spirit stone began to emit spiritual light.

"Phew, phew, phew!"

The spirit Qi was being devoured by the space-ripping beast!

As the powerful energy entered his body, ye Chen's meridians surged like a tide, constantly shaking his entire body.

To most people, such a high-intensity devouring would be suicidal because such a powerful energy density could completely penetrate the meridians. However, ye Chen was not afraid. His ancient God Body had already trained his meridians to be like Dragon tendons, indestructible.

Even so, ye Chen could still feel the extreme pain throughout his body. It was clear how powerful the energy density was.

"Zi Zi Zi!"

The energy continued to charge and circulate, and this lasted for an hour.

Crack, crack, crack!

With a cracking sound, the Supreme-grade spirit stone shattered and turned into powder.

Ye Chen stood up. His eyes were like stars, emitting a strange light.

"Although I feel that my entire body is full, the capacity of my spirit energy storage has obviously increased by more than one level."

Ye Chen was shocked. He felt that his talent seemed to have risen to a new level. Although the progress of his cultivation base was bound to be slow, the power of the increase in each small level was equivalent to that of an ordinary cultivator's many major realms. This was the true foundation of an invincible cultivation base.

"Hahaha, that's great!"

He wasn't afraid of his cultivation progressing slowly, but he was afraid of his Foundation not being strong enough. From the looks of it now, his Foundation might not be one in a million, but he was definitely a peerless genius!

In order to improve his strength as soon as possible to deal with the plentiful divine martial arts demonstration, ye Chen continued to use the space-splitting beast's devouring ability. In one night, he had absorbed all the spirit stones. If this was known by others, they would definitely be called lunatics

because even the Super geniuses of the spirit realm would need at least a month to completely absorb these spirit stones.

Ye chen, on the other hand, had only used one night!

For the next few days, ye chen made all kinds of requests. Unexpectedly, the Bai clan agreed to all of them. Ye Chen's Foundation and absolute strength had improved greatly!

[Chapter 1857 Life And Death Arena!](#)

The next morning, ye chen got up and felt his body relax. All his closed apertures had been opened.

Walking out of the house, he was indeed very sensitive to the spiritual Qi between heaven and earth.

"This level of spiritual Qi, if it was in the spirit realm, it would be a land of talents. But here, it's all normal."

Ye chen took a deep breath and circulated his entire body. As expected, it was as easy as moving his arms and fingers.

He flew up the tower and looked into the distance, looking innocent.

"What?"

Suddenly, a powerful killing intent came. According to ye Chen's senses, it came from a very far distance. The fact that it could reach here showed that the other party's strength was not ordinary.

"Who is it?"

Ye chen released his psionic power and transmitted his voice from a thousand miles away, reaching ten miles away.

"You're ye chen!"

"That's right. Who are you? it's not wise to deliberately provoke me!"

"Unwise? Hahaha!"

The man laughed loudly, making no effort to hide his contempt for ye chen.

"I'm Shangguan Jie, Shangguan Feng's second brother. I heard that you bullied my little brother. How can I sit back and watch?"

"Ha, that good-for-nothing's brother, how much can he do?"

"You!"

Shangguan Jie was furious. He did not expect ye chen to be so arrogant.

"Very good, you dare to come to the life and death arena in Feng Prefecture city?"

"Why wouldn't I dare? it's just that if I kill you, it won't cause the city Lord to be resentful, right?"

"You look down on me. Ye chen, I'll definitely take your life!"

"I'll keep you company!"

The transmission stopped, and the battle began!

In the next three days, ye chen heard all kinds of people on the streets talking about Shangguan Jie challenging ye chen at the life and death Ring. Many people wanted to go and watch.

Ye chen did not expect that no one from the city Lord's mansion would come forward to stop the matter even after it had caused such a stir. This meant that the other party really wanted to kill him.

"Shangguan Jinyun, I didn't expect you to be such a narrow-minded person. You want to kill me just because I don't want to join the City Lord's mansion. Very well, I will use your son as a blood sacrifice!"

Since the other party had the intention to make things difficult for him, ye chen would not show any mercy.

Three days later, ye chen went to the life and death Ring alone.

The life and death Ring was located at the foot of a tall mountain in the Feng Prefecture city. The surrounding environment was complex and the terrain was steep. Among them, there was a high mountain where natural laws were strong. It was a land of spiritual land and was eventually chosen as the life and death Ring by the Feng Prefecture city.

Anyone who has a grudge against you can come here to fight, regardless of life or death.

Ye chen personally ascended the peak and saw countless cultivators watching below.

"I didn't think ye chen would really dare to come. I've earned big this time."

"That's right. What kind of person is Shangguan Jie? he's a late-stage soul separation Almighty while ye Chen's only at the late void refinement realm. You're looking for death!"

"I heard that he agreed to this on the spot. He even humiliated Shangguan Jie. He will die an ugly death this time."

The crowd was in a heated discussion. They all thought that ye chen would die for sure and might even be tortured to death by Shangguan Jie. After all, he had embarrassed Shangguan Feng so much that the other party would not let him off.

Soon, the people from Feng Prefecture city's lanyue square arrived.

"Even the people from lanyue square are here. This is going to be fun."

"That's right. It's mainly because ye chen won the hunting competition. He's probably famous now and has attracted the attention of LAN Yue Fang. "

"We've arrived at lanyue square. The bet this time will definitely be big. Let's place our bets in peace and win them all!"

"Yes, yes!"

Everyone ran to the lanyue square and asked to place their bets.

"Everyone, you all know the rules of the orchid Moon Market. Once you place your bet, you can't go back on your word."

"Don't worry, Lord. We all understand. I bet that ye chen will die without a burial ground. "

"Right, right, this brat is too arrogant, he deserves to die!"

Everyone placed their bets, most of them betting on ye Chen's death!

The host of lanyue square was a lady in her thirties. Her name was Liu Ruyi, and she was the host of lanyue square. Everyone was very happy that she had come in person.

This person was tall and had an extraordinary temperament. Most importantly, her sexy curves and beautiful big eyes were enough to charm countless cultivators.

"No matter how much you bid, our lanyue square can afford it. Come, come!"

"Hahaha, lady Ruyi is personally hosting the event. We will naturally do our best to support her!"

"Yes, yes, I'll bet all my treasures!"

As Liu Ruyi was the host, everyone's eyes were glued to her body as they placed their bids.

Ye chen looked down at the complicated scene below but did not care. He waited for his opponent.

Zila, Zila, Zila!

Suddenly, lightning flashed and Thunder rumbled in the clear sky.

This represented Shangguan Jie's rage. He wanted to sentence ye chen to death.

"Hahaha, you really dare to come!"

Shangguan Jie laughed. He was very happy because he knew that he would win for sure. Today, he would kill his opponent with his own hands and then get the price of the bet. It was two birds with one stone!

"Why wouldn't I dare? the brother of a good-for-nothing is still a good-for-nothing!"

"You bastard, you're so eloquent and arrogant. You don't know the immensity of heaven and earth. Today, I'll let you die without a burial place."

"Come on!"

Ye chen smiled coldly and extended his hand in a gesture of invitation.

"It's open, they're about to start fighting. "

"Yeah, they're really going to start. Hurry up and place your bets. Otherwise, there's no more fun."

The crowd moved even faster, and there was a lot of noise.

Liu Ruyi's business was booming, and she welcomed him with a smile.

At this moment, the great Grandmaster and ye Wushuang walked over.

"Hahaha, such a good deal, let's play!"

The old ancestor stepped forward and took out his divine weapon, the underworld sword.

"Forefather?" Ye Wushuang was shocked. He never thought that the old ancestor would bet his Natal weapon.

"How is it? Who's on top? is there a need to worry about this business?"

The old ancestor said with a smile.

"That's true. "

Although ye Wushuang trusted ye chen one hundred percent, he did not bet his celestial Thearch sword. Instead, he bet Supreme-grade spirit stones.

This was a huge move, and it instantly shocked everyone present.

"Who are they betting on?"

At this moment, the great ancestor and ye Wushuang placed their chips on ye Chen's seat.

"Ah?"

Everyone was stunned. These two "fools" had bet on ye Chen's victory and even bet on Shangguan Jie's death!

Such an action caused countless people to cast strange looks at them. Then, they began to despise them.

"He's really here to make his presence known. He's like a fool!"

"I'll take leave on the spot if you play like this!"

"Indeed!"

The crowd scoffed and turned to look at the arena of life and death. At this moment, Shangguan Jie was furious at ye chen. His eyes were filled with killing intent. It was obvious that he would not let ye chen go.

Many of them smiled smugly. As long as ye chen died, they would profit.

After all, in their eyes, ye Chen's loss was certain. He would not earn much. Ye Chen's death was the result they wanted.

"Kill!"

Shangguan Jie was furious. He did not care about the environment or position. In his opinion, killing ye chen was just a matter of one sword.

"Swish!"

Suddenly, the blade was caught between ye Chen's fingers.

"What?"

Shangguan Jie's sword looked ordinary, but it was actually very exquisite. It contained a secret technique unique to the soul splitting stage, which couldn't be seen through by cultivators at the void training stage, let alone caught with one hand!

[Chapter 1858 This Is Also Considered Imperial Lightning?](#)

"How did you do it?" Shangguan Jie asked in surprise.

"I have to explain such a simple matter to you. Your brother, Shangguan Feng, is really an idiot!" Ye chen said.

"Ah!"

Shangguan Jie roared, furious and ruthless.

"Kill!"

Like a wild beast, Shangguan Jie completely lost his mind and went straight for ye chen.

The crowd saw that something was wrong and started discussing.

"What happened just now? why did Shangguan Jie feel humiliated?"

"That sword just now felt a little strange."

"You don't understand. The sword just now looked ordinary, but it actually contains a secret technique of soul separation. Only experts in the soul separation stage can see the exquisiteness of it."

Everyone turned around and found that the patriarch was speaking with confidence.

"Tsk, didn't you say that you're optimistic about that kid? by saying this, are you saying that ye chen is an expert who can easily withstand a sword Qi like this?"

Someone asked.

"Hahaha, that's right!"

The old ancestor didn't hide anything and admitted it directly. This was the truth, so what was there to say?

"Tsk! I knew it. Don't be fooled by him. Shangguan Jie's attack was just a test. It was not as complicated and mysterious as he made it out to be. Ye chen only caught it by chance. "

"You're right. We've already placed our bets. Do you think ye chen can win? if that's the case, aren't we all bankrupt?"

"That's right. Is this old man cursing us to go bankrupt or is he short-sighted and crazy?"

"Don't worry about him, let's continue watching!"

The crowd turned around and looked at the ring again.

"Sigh, what a motley crew. There really aren't any experts at the spiritual realm's border."

The old ancestor sighed.

"Old ancestor, there's no need to do this, just watch."

"Right!"

The two of them also looked at the arena.

At this moment, Shangguan Jie was like a ferocious Tiger that had just been released from its cage. He attacked like crazy, and every attack was a deadly move. Even a cultivator at the late stage of the soul splitting stage would find it hard to defend against such a move, let alone a cultivator at the void training stage. In Feng province, Shangguan Jie's talent was one of the top few.

"Why can't we take it down after such a long time?"

However, after a moment of fighting, Shangguan Jie had already found the problem. His opponent did not use his full strength, while he was only attacking, which consumed too much energy.

"Ye chen, you're only defending and not attacking. Are you afraid of me?"

"Afraid of you? I'm afraid you're feeling too good about yourself. It's just a waste of time to fight an idiot like you. So, I'm going to find some fun for myself. This is just a monkey show. "

"Just a monkey show?!"

Not only Shangguan Jie, but the people below were also shocked.

Ye chen dared to look down on Shangguan Jie. Not only did he not see him as an opponent, but he did not even see him as a human. What was this?

"This ye chen, really!"

"This is too hateful! Shangguan Jie is going to explode!"

"They've already exploded. Look at his eyes, they're bloodshot!"

"Hahaha, that's good. This time, ye chen is dead. We'll be rich!"

The crowd was happy. After all, ye chen angering Shangguan Jie was the result they wanted to see. This way, they could anger Shangguan Jie and make him quickly scare his hands to death. They could end this farce quickly.

Fellow Daoist ye seems to be familiarizing himself with the results of his cultivation during this period of time. Perhaps he didn't even use 10% of his strength. This Shangguan Jie is a bit weak. The old ancestor said.

"That's right. Master didn't even use his full power. Although Shangguan Jie is only at the late-stage soul separation realm, his Foundation is not stable. He's not worthy of master's attention. " Wushuang said.

The two of them continued to watch.

On the fighting ring, Shangguan Jie was furious.

"Ye chen, I'm going to kill you. I'm going to tear you to pieces!"

The long sword in Shangguan Jie's hand shone with a cold light. It was a high-grade divine weapon from the spiritual realm, and it could double the power of the sword-wielder.

"Kill!"

"Whoosh, whoosh, Whoosh!"

The sword Qi shot up to the ninth heaven, shaking the clouds and shocking the Thunder!

Zila, Zila, Zila!

Suddenly, the wind and clouds in the sky surged. The power of Thunder poured down from the clouds and attacked ye chen.

"Waa ..."

Everyone was shocked. This was the unique secret technique of the city Lord's mansion, the misty divine sword lightning-controlling technique!

Zila, Zila, Zila!

The sword Qi healed the nine Heavens divine Thunder and an endless aura descended. Everyone thought that ye chen would die.

"Hehehe!"

At that moment, a soft laugh broke everyone's shock. They turned to look and saw Liu Ruyi's charming eyes.

"Lady Ruyi, what is the meaning of this?"

Everyone asked.

"This godly sword lightning-controlling art has a form but no spirit."

"Ah?"

Everyone was shocked when they heard that. They looked at the godly sword lightning manipulation technique in front of them. It was already at the point of perfection, but in Liu Ruyi's eyes, it had form but no spirit. Were they wrong, or was Liu Ruyi exaggerating?

After all, Liu Ruyi's figure was too explosive. Her every move would trap those who had placed their bets. No one dared to refute her words, but most of them thought that ye chen would die without a burial ground.

Zila, Zila, Zila!

The power of lightning and the nine firmament sword Qi descended at the same time.

"This is also considered Imperial lightning? What a joke!"

Ye chen sneered. Then, with a wave of his hand, a huge handprint transformed into the Star plucking hand. The divine Thunder of heaven and earth did not come out of his palm!

"Ah?"

Everyone was shocked on the spot. Such divine might was too illusory!

At that moment, ye chen clenched his hand. Suddenly, the heaven Earth divine Thunder was caught in the void palm.

No one could understand. In reality, the divine lightning and sword Qi were all absorbed by ye Chen's Supreme-grade complete devouring demon matrix.

"Roar!"

Then, the space-ripping beast roared, shocking everyone.

"Zi Zi Zi!"

Everyone only felt dizzy, and those with weak foundations directly fainted.

"What?"

p Shangguan Jie's heart trembled with fear. He had finally seen the space-splitting beast's huge and terrifying figure.

"This, this is the bi 'an space-splitting beast!"

"That's right. For the last time I let you see the space-splitting beast, it's a little surprise for you. Die!"

Ye Chen's eyes were filled with endless killing intent. He was merciless.

"I'll return your own to you!"

"Heavenly Thunder God-destroying palm: universe-crushing lightning strike!"

Ye chen activated the nine firmament sword Qi and the power of the heaven and earth divine Thunder that the space-ripping beast had absorbed earlier. He turned them into his own palm energy and launched them forcefully.

"Boom boom boom!"

Zila, Zila, Zila!

The raging wind palm shook the world, and its power was a hundred times stronger than before!

"Ah!"

With a scream, the divine lightning struck and his body shattered!

Shangguan Jie, who had been shouting and roaring in anger, was now a pool of mud with his beard and flesh blurred and his bones broken!

"Ah ..."

Such a violent killing move made countless cultivators 'eyes widen and they almost fainted from fear.

"This, this!"

"Shangguan Jie. The Shangguan Jie who was clamoring to tear ye chen into pieces has been torn into pieces by his own strength."

"It's too terrifying. It's a ghost!"

Many people couldn't bear the psychological pressure and ran away.

"Hahaha!"

A domineering laugh came from the battle stage. Ye Chen's divine martial arts were unrivaled, and his Qi shook the world!

[Chapter 1859 The Distance To Lanyue Square!](#)

Ye Chen's domineering killing of Shangguan Jie had shocked everyone present.

"How is that possible?"

Someone became absent-minded. He had bet all his assets, and now he had actually lost. What should he do?

He slowly took a few steps back, then sat on the ground, his heart like dead water.

Although many of the others didn't bet everything they had, they were still extremely shocked. They looked at the only independent person on the fighting stage. It was as if a ghost had descended, terrifying and extraordinary.

"He killed Shangguan Jie, the second young master of the prefecture. This kid is really ruthless."

"He's too daring. Last time, he intimidated Shangguan Feng. This time, he killed Shangguan Jie directly. Is he really not afraid of offending the city Lord?"

"His strength is too terrifying. Even Shangguan Jie's soul splitting stage expert was killed in an instant. This kid is really extraordinary."

No one dared to look at ye chen anymore. A void training cultivator had easily killed a soul splitting cultivator. Moreover, he was an outsider from the spirit realm. Such a thing had probably never happened in the history of the spirit realm. Who could not be shocked when it happened before everyone's eyes today?

"Yes, yes!"

Liu Ruyi nodded slightly. Her lips moved as she looked at ye chen in the arena with admiration.

"He is indeed a genius!"

She couldn't help but Mutter to herself.

At this moment, ye chen flew down from the arena. No one dared to stop him and made way for him.

"The battle has ended. Does the people of lanyue city approve of it?"

Ye chen asked Liu Ruyi when he arrived at the lanyue square.

"Hehehe, young master must be joking. We, the people of lanyue square, are only businessmen. How can we judge right and wrong? However, Shangguan Jie brought this on himself, so he can't blame anyone else. " Liu Ruyi said with a smile.

"Many thanks, Madam!" Ye chen cupped his hands in salute. During this time, he had been walking around the Feng province city and often heard of the name of the orchid moon workshop. It was a considerable force in the Feng province city. Now that he had killed Shangguan Jie, he must have broken off relations with the city Lord's office. In that case, the orchid moon workshop would become a key force. With their support, things would be much easier.

"Forefather, how much did you win?"

"Hahaha, fellow Daoist ye, I've bet everything I have and used the underworld sword as a bet. Do you need to say more about the gains?"

"Amazing, amazing!"

Ye chen and the other two were about to leave with the treasures.

"Young master!"

At that moment, Liu Ruyi called out to ye chen.

"Madam, is there anything else?"

"Young master, may I have a word with you?"

"Forefather, you guys wait here."

"Alright!"

The great ancestor shot ye chen a strange look, as if hinting at something.

"Pfft!"

Ye chen almost vomited. Had his taste become the same as the great ancestor 's?

He came in front of Liu Ruyi and was brought to the river.

"Young master, what do you think of lanyue square?"

"Ha, the orchid Moon City is a pretty big force in the Feng province city. Their business is very big. I heard that they even left the Feng province city and entered the spiritual realm. Of course, I'm an outsider, so I don't know much."

"Young master, you're indeed very attentive. The orchid moon workshop is a place for business. I can see that young Master's Foundation is extraordinary and your strength is strong, but your cultivation base is not very high. This is exactly the talent that the orchid moon workshop needs. I would like to recommend young master to join the guest official residence of the orchid moon workshop. What do you think?"

"Guest Minister's mansion?"

"That's right. Anyone who enters the guest house is a member of the lanyue house and will be protected by the lanyue house. There's nothing much going on in normal times, but once it's time for a big bet, I hope young master can help me. "

"I see."

Ye chen understood immediately. They were LAN Yue workshop's "thugs."

"How's the reward?"

"Haha, young master, you should have heard that our orchid moon workshop is the place with the most generous remuneration in the Feng Prefecture city."

"I need to think about this."

"There's no need to think about it. Young master is a smart man. You killed Shangguan Jie. Do you think you still have the capital to keep your foothold in Feng Prefecture city?"

"You mean that the city Lord's mansion will deal with me?"

"That's obvious. The city Lord is in charge of the affairs of the Feng Prefecture city, but he also listens to the orders of the big cities in the spirit realm. Our orchid moon workshop has dealings with those big cities. If young master is really pursued by the city Lord's office, we will be your best protection. "

"Mm ..."

Ye chen pretended to think carefully and nodded slightly.

"Alright, I promise you."

"That's great! With young master's help, our lanyue market's business will definitely be booming. "

Liu Ruyi smiled and looked at ye chen. There was a hint of charm in her eyes. Ye Chen's martial will was extremely strong and would not be affected.

"This is the orchid moon order. With this order in hand, young master will be under the protection of the orchid moon workshop. There will be no problem."

"Many thanks, Madam."

Ye chen was overjoyed at his achievement.

With that, he bade Liu Ruyi farewell and returned to the Bai clan with the patriarch and the other two.

.....

City Lord's mansion.

"It's bad, it's bad. "

An Imperial Guard ran into the manor in a frenzy.

"What are you shouting for? what's wrong with that?"

Shangguan Jin Yun rebuked.

"The city Lord!"

The Imperial Guard fell to the ground, crying bitterly.

"What's the matter?" Shangguan Jinyun was very confused.

"Second young master, second young master, he ..."

"Eh? How's Jie 'er?"

"The second young master had a life-and-death duel today and died in the life-and-death arena ..."

"What?"

Shangguan Jin Yun's eyes were as big as copper bells, and his whole body was filled with killing intent. The Imperial Guard fell to the ground and did not dare to move, or he would die without a burial.

"Who killed him?" Shangguan Jin Yun shouted.

"Ye chen, it's that brat ye chen!"

"How hateful!"

Shangguan Jinyun's spiritual power burst out and soared into the sky. The sound of the explosion resounded for hundreds of miles.

In the Bai clan's territory, ye chen was sitting cross-legged to regulate his breathing when he suddenly felt a violent shock.

"Shangguan Jin Yun, is that you?"

When ye chen heard the Furious voice, he naturally thought of him.

"Ye chen, I'll kill you!"

The thousand-mile sound transmission shocked the entire city. Immediately, everyone learned of the shocking news that ye chen had torn Shangguan Jie's body into pieces!

As soon as this news came out, countless cultivators looked at ye chen in a new light. This person dared to mess with the Grand Duke's Head. He was truly bold. However, at the same time, everyone thought that ye chen would not live for more than three days. He would definitely die at the hands of the city Lord.

In the main hall of the Bai clan.

"What was that sound just now?" Bai Lin asked.

"Master, this is bad. That's the city Lord Shangguan Jinyun's thousand-mile sound transmission. We heard it clearly. He wants to kill ye chen. We can't keep ye chen here."

"What?"

Bai Lin turned pale with fright and almost fell to the ground.

Originally, they had relied on ye chen to win the hunting competition and enter the stage of the great divine martial arts demonstration. However, what should they do now that such a thing had happened?

"Al, does the heavens want my Bai clan to be destroyed?"

Bai Lin knelt on the ground, almost unconscious.

"Master, master!"

Everyone woke Bai Lin up. At that moment, Bai Hua also came.

"Father!"

"Bai Hua, what's going on?"

"Ye chen killed Shangguan Jie!"

[Chapter 1860 The Heavens Want To Destroy Ye Chen!](#)

"Ye chen killed Shangguan Jie? Why?"

Bai Lin was on the verge of tears. He was about to miss such a good opportunity to bring glory to his family.

"Sigh, father, Shangguan Jie provoked ye chen because of his younger brother Shangguan Feng. He thought he was a divinity branching stage expert and wanted to kill ye chen by setting up a life and death Ring. He didn't expect to be killed by ye chen instead and torn into pieces!"

"Dismembered into ten thousand pieces? This, this!"

Bai Lin kept shaking his head. He knew that The Grudge between ye chen and the castellan was huge. He could no longer let ye chen stay in the Bai clan. Otherwise, disaster would befall them.

"Tell ye chen to leave the Bai clan immediately."

"Father, this isn't good. After all, the two of them agreed to the life and death Ring. Even if he was killed, it was within the rules. Would the city Lord really blame ye chen?"

"You're really silly. Don't you know who the city Master is? Moreover, this person is narrow-minded and can't tolerate ye chen. The so-called Great Spirit martial arts demonstration is completely ruined. If we don't get rid of ye chen, we'll all be buried with him. "

"This!"

Bai Hua's heart trembled. He knew that for his father to be so worried, all of this must be true.

"Alright, I'll get ye chen to leave!"

With that, Bai Hua left the hall.

"Sigh, what a sin. How could such a thing happen? this ye chen is too arrogant."

"Patriarch, since things have already come to this, our lives are more important."

"Yes, immediately make the arrangements. We must make sure that kid leaves the Bai clan."

"Yes!"

That Jia Zai quickly left to make preparations.

Bai Hua walked on the road, feeling conflicted. It was not easy to find a helper like ye chen. He could use spirit stones to exchange for the rise of the Bai clan. What a good deal this was. However, he did not expect such a thing to happen.

"If I were the master, I would definitely make ye chen stay. I'll take a gamble!"

He shouted in his heart. However, Bai Lin was still the family head, so he had no choice but to follow the orders of the family head.

Da, da, da!"

He quickly arrived at ye Chen's residence.

"Brother ye, brother ye!"

"Brother Bai, this way please!"

Ye chen came out to welcome him. During this period of time in the Bai clan, Bai Hua had treated him well. He had agreed to all kinds of conditions and even prepared many little surprises. This made ye chen very comfortable.

"Brother Bai, you look travel-worn, what's the matter?"

"Brother ye, something big has happened."

"Haha, what's the big deal?"

Ye chen knew what was going on but he did not think it was a big deal. It was too common.

"Brother ye, everyone in the city knows that you killed Shangguan Jie. Now the city Lord Mansion wants to get rid of you. You'd better leave quickly."

"Leave? Hahaha, brother Bai, you've underestimated me. The city Lord's mansion is like grass in my eyes. You don't need to worry. I'll handle this. "

"Brother ye, you've caused such a big trouble, but you're still acting like nothing has happened. Your spirit is indeed amazing, but the city Lord has already shown his power and transmitted his voice from thousands of miles away, wanting to kill you. Didn't you hear it?"

"Even someone with an ordinary cultivation like you can hear me, so how can I not?"

"Then why don't you hurry and leave?"

"Ha, I didn't fulfill my promise to brother Bai, so how can I leave?"

"Many thanks, brother ye!"

Bai Hua stood up and bowed.

"Brother Bai, why are you doing this?"

"Brother ye, I'm really grateful that you still remember what you promised me before such a crisis."

"Al, you still misunderstood my meaning. I said before, the city Lord Manor is not in this ye's eyes!"

Seeing ye Chen's determination, Bai Hua did not want to dwell on this issue. He had come here this time to ask ye chen to leave the Bai clan.

He stood up and paced back and forth, obviously undecided.

"Brother Bai, you still have something on your mind?" Ye chen said with a smile.

"I won't hide it from brother ye, the clan head wants you to leave the Bai clan immediately."

"Oh?"

Ye chen smiled and asked why.

"Is there a need to say more? brother ye, the clan Lord is afraid that you'll drag the Bai clan down with you. The city Lord's mansion has already given the order to kill you. If you don't leave the Bai clan, we'll all die without a burial place. You're strong in martial arts, so you're not afraid of anything, but we can't. We're just ordinary people, so how can we not be afraid?"

"Hahaha!"

Ye chen stood up and laughed wildly.

"The Bai clan is too timid. I, ye chen, helped you win the championship of the Feng Shen martial arts demonstration with all my might, but you want me to leave? who's being rude?"

Bai Hua was shocked by his words and was speechless.

However, he didn't dare to disobey the orders of the head of the family.

"Brother ye, our Bai clan doesn't need you to fight for the championship. You should leave."

"I, ye chen, will definitely fulfill my promise. How can I leave if I can't? I'll deal with the city Lord's mansion. Don't talk anymore and leave!"

"Me!"

Bai Hua looked at ye Chen's cold eyes and felt fear in his heart. He could only leave.

The Bai clan's clan head saw all of this and left in a hurry.

Ye chen had long sensed the Butler's location but did not take it seriously.

When he returned to the house, the old ancestor welcomed him.

"Hahaha, fellow Daoist ye is indeed strong. I don't think Bai Hua will dare to come again. We can just cultivate in peace."

"You're right. In order to enter the higher level capital city, we must improve our cultivation. "

The three of them nodded to each other and entered the room to cultivate.

The Bai clan's steward quickly returned to Bai Lin's residence and explained the situation.

"How dare you, ye chen! How dare you refuse to leave!"

Bai Lin's eyes were cold and filled with killing intent.

"Since he's so unkind, then don't blame us for being disloyal. Immediately inform the city Lord's mansion."

"Yes, sir!"

The Bai clan's Overlord received the order and quickly ran towards the city Lord's mansion.

After half an hour, the Minister arrived at the gate of the city Lord's mansion.

"Who is it?" The Imperial Guard stepped forward.

"I'm the Bai clan's chief. I have an important matter to report to the city Lord."

"Wait!"

"This lowly one will obey!" The clan leader stood in place, waiting for the report.

After a while, the guards came out and let him in.

"Kill!"

After he entered, two Imperial Guards immediately placed their knives on the butcher's neck.

"The Bai clan colluded with ye chen to kill the second young master. They must be killed!"

"Oh my, it's not like that. I'm the Bai clan's Overlord. I'm here to report ye chen and cooperate with the castellan to kill this man."

"Oh?"

At this moment, a man walked out of the hall. It was Shangguan Jinyun.

"Is what you said true?"

"This is a letter personally written by the patriarch. Please take a look, city Lord."

Shangguan Jinyun took the letter, opened it, and a sinister smile appeared on his face.

"Hahaha, the heavens really want to kill ye chen!"

After that, he condensed his Qi with his sword fingers and wrote a secret letter for Jia Zai to bring back to the city Lord's mansion.

"Mobilize the troops immediately and prepare to kill ye chen!"

"Yes!"

The commander of the Imperial Guards received the order and quickly took action.

With a wave of his hand, Shangguan Jinyun released his spirit Qi and floated toward unknown place.

"Ye chen, you won't be able to escape this time. I'll make you pay for your arrogance!"
