

Genius 1881

Chapter 1881

As he watched Xie Qishan walk away, Lin Mo turned his head to look at the girl next to him, his face full of doubts.

It was normal for Wu Xuan to come to his rescue.

However, how could Master Xue Wu's people be here?

At this moment, Wu Xuan also spoke up, "Just now, she was the one who led me to your villa."

"When I went in, I happened to find that you had been captured by the Xie family's people."

"She chased after me with me."

Lin Mo was even more stunned and looked at the girl in surprise, "How did you know that the Xie family's people were coming?"

The girl glanced at Lin Mo disdainfully, "Master Wu said that his friendship with the Xie family wasn't to the point where the Xie family would invite him to the capital for the engagement ceremony."

"So, the Xie family's invitation to the capital is a lie, another plan is real."

"In the past few days, he has asked me to guard Wangjiang Garden in case the Xie family's people come to kill him."

"Hmph, count yourself lucky."

"If I hadn't been guarding here, you would have been taken away by the Xie family's people by now!"

Lin Mo suddenly realized that, as it turned out, Master Xue Wu had sent someone to guard the area a long time ago.

Wu Xuan hadn't noticed the Xie family's people coming in because he lived a little distance away from Lin Mo's villa.

The girl, on the other hand, had been guarding the vicinity of the villa, keeping an eye on any windy movement nearby.

When these two members of the Xie family came in, she must have spotted them.

But then again, she knew that she was too strong to fight these two, so she lured Wu Xuan over to them, which led to this result.

And with this situation, Lin Mo was actually not too surprised.

He knew that Master Xue Wu would definitely not allow the Xie family's people to take him away.

In the previous situation, when Fifth Master Xue had not made a move, it was because the Xie family had taken advantage of the situation, and it was not too convenient for him to make a move, lest it would draw the wrath of the people.

And in fact, that time, Master Xue Wu must have been prepared for that time, and would definitely not have let the Xie family's people take Lin Mo out of the Southern Realm.

This time, that was even more so.

The Xie Family issued an announcement admitting that Xie Qianjun's death had nothing to do with Lin Mo.

At this time, it would make no sense for the Xie family to come back and arrest Lin Mo.

It was completely normal for Master Xue to blatantly send someone to stop it, no one could say anything ah.

To put it bluntly, Master Xue Wu would never let Lin Mo leave the Southern Realm.

And after this incident, Lin Mo had become a little more wary of Master Xue.

This Fifth Master Xue was really an old fox.

With a random move by the Xie family's senior, he immediately guessed the Xie family's true intentions.

This kind of person, one had to be on guard!

While his heart was on guard, Lin Mo's face was full of smiles as he arched his hand towards the girl and said, "So that's how it is."

"Then I'll also trouble the girl to thank Master Xue Wu for me!"

The girl snorted coldly and ignored Lin Mo, only looking towards Wu Xuan.

She looked Wu Xuan up and down for a long while, and the essence in her eyes flickered for a long time before she finally turned around and left.

Lin Mo stood next to her, his face full of confusion, "What's wrong?"

"You two have a grudge?"

Wu Xuan's expression remained unchanged: "I injured one of her men!"

Lin Mo: "Huh?"

"Just now?"

Wu Xuan shook his head and told him about the incident before when Wang Xuelin had gone looking for him.

This was something that Lin Mo didn't know about yet.

Hearing about the Shadow Killers, Lin Mo's brows couldn't help but wrinkle.

"What do you mean, these Shadow Killers, they were all trained by that girl?"

Lin Mo asked.

Wu Xuan nodded, "I had some suspicions before."

“Seeing her strike just now, this matter can be confirmed!”

Lin Mo’s brow furrowed even tighter.

In that case, it was Master Xue Wu who had sent someone to intercept Wang Xuelin and prevent him from finding Wu Xuan at that time.

To put it plainly, Master Xue Wu did not want Wu Xuan to help Lin Mo.

And this was a situation that Lin Mo was able to understand.

Master Xue Wu did not want Lin Mo’s strength to rise up, then, he would not be able to control Lin Mo well.

It was just that Master Xue Wu, an old fox, hid it extremely well and could not see anything on the surface at all.

Chapter 1882

The girl who was staring at Wu Xuan just now must have been because of the matter of that henchman of hers who was injured by Wu Xuan.

She probably wanted to seek revenge on Wu Xuan, but, having seen Wu Xuan’s strength just now, she eventually gave up.

After all, the gap between her and Wu Xuan was just too big!

Lin Mo shook his head and said in a low voice, “You should be careful, this woman is looking at you in a bad light, she might sneak up on you behind your back one day!”

Wu Xuan was calm: “She can’t beat me!”

Lin Mo: “.....”

Wu Xuan’s personality was not really suitable for chatting.

However, seeing Wu Xuan’s strength tonight was the greatest joy for Lin Mo so far.

He was worried about Wu Xuan’s strength before, not knowing if he could deal with strong people like Xie Qianshan.

Tonight, he realised that Wu Xuan was much stronger than Xie Qianshan.

With such a person by his side, he didn’t need to worry too much about the Xie family now.

He took out his mobile phone and called the Crown Prince, asking him to prepare to send Xu Hanxia and the others back.

Without the threat of the Xie family, Lin Mo’s side would be safe for the time being, and he would definitely have to get all his loved ones back.

.....

At the same time, a few hundred meters away from this place, there were three people lying in the darkness, holding night vision binoculars, quietly observing the situation over here.

These three people were none other than Zhao Tianyuan Qian Yong'an and Compa*s Zun.

The three of them, long ago, had lost their previous spirited and vigorous appearance.

They were now in rags and stank of filth, looking as if they were begging for food.

This situation was mainly due to the fact that the three of them had been hiding and evading in this mountain forest all this time, and had not been anywhere else at all.

The Xie family's people were looking for them, and so were Lin Mo's people, and the three of them were now like rats in the street.

Fortunately, the Xie family's people's main target was still Lin Mo.

And Lin Mo had been too busy dealing with the Xie family to spare any time to look for them, so the three of them were still a little safer.

Otherwise, these three people, I am afraid, would have been found long ago.

Last time, the Xie family's people had fallen into Lin Mo's trap and had no choice but to make that announcement, leaving the three of them in for a big surprise.

These three people, however, were all old foxes.

Especially Zhao Tianyuan, this old man analysed the situation and felt that the Xie family would not be able to stop there and would definitely come back to sneak up on Lin Mo.

Therefore, during this period of time, they were also hiding near Wangjiang Garden, observing the situation over here.

Tonight, they were the first to discover the Xie family's people sneaking into Wangjiang Garden.

Originally, the three of them were still full of excitement, thinking that Lin Mo was dead this time.

As long as Lin Mo was dead, the three of them would immediately escape from the Southern Realm and temporarily find a place to hide for a while.

However, who knew that when the Xie family captured Lin Mo, there would still be people chasing him out behind them.

Unwillingly, the three men followed behind, wanting to see what would happen.

If the Xie family's people were outmatched, they still planned to strike in secret and finish off Lin Mo.

And the three were not strong enough, so, from the beginning, they did not dare to get too close, just staring at the situation from a distance with these night-vision binoculars.

Seeing that the battle between the two sides was stagnant, they were still contemplating whether they should make a move to finish off Lin Mo.

However, before they could do so, an accident occurred.

Lin Mo woke up early and sneakily attacked Xie Xingbang, bringing the battle to a direct end, with Lin Mo's side winning a big victory.

Looking at the situation, the three men were almost on the verge of collapse.

They had thought that Lin Mo was dead, but who would have thought that such an accident would happen.

Moreover, the most crucial thing was that Xie Qishan had even written a guarantee to Lin Mo.

This time, it looked like it was impossible to lend the Xie family's hand to kill Lin Mo!

Chapter 1883

Only after seeing Lin Mo and the others walk away did these three people dare to move their arms slightly.

Qian Yong'an's face was full of despair, "How could this happen? How could this happen?"

"That person beside Lin Mo, where the hell did he come from? How could he be so powerful?"

"The Xie family came with such two experts, but they were both defeated, this Who else can kill Lin Mo?"

"Now that Xie Qianshan has even written such a guarantee to Lin Mo, then the Xie family will be even less likely to seek revenge on Lin Mo in the future."

"Next, won't the Xie family and Lin Mo both have their hands free to deal with us?"

"Where can we run to now?"

Zhao Tianyuan's face was blue and he gritted his teeth without saying a word.

The only one who was squatting on the ground was the compulsion djinn, his nose constantly sniffing around as if he was looking for something.

Qian Yong'an muttered for a while, and when he saw that Compa's Zun was silent, he couldn't help but say, "Hey, Compa's Zun, what are you doing?"

"You do tell me, what do we do now?"

"How about we go to Miaojiang and hide inside the Hundred Thousand Mountains first?"

The compulsion leader glared at him, "Are you dreaming?"

"The Compulsion Mother has all gone back to Miaojiang, there, it's much more dangerous than outside now."

Qian Yong'an bristled, "That mother of compulsion is just a hairy girl, how capable can she be?"

"If we stay outside, we'll have to face a big family like the Xie family."

"Which is dangerous and which is safe, don't you know in your heart?"

The Compound Master said disdainfully, "What do you know!"

“The Xie family and the Compulsion Mother, there’s no comparison at all.”

“I’ll give you this, I’d rather face Master Xue Wu than go to the territory of the Mother of Companions!”

Qian Yong’an froze for a moment, he hadn’t expected that the Compulsion Master would be so fearful of the Compulsion Mother.

Zhao Tianyuan was also surprised, “Compulsion Dignitary, you are too petty, aren’t you?”

“How much can a stinky yellow-haired girl be capable of?”

“I think the three of us can go into Miaojiang, find a chance to attack her and take it over, so that we can at least have a foothold in the future!”

Qian Yong’an immediately nodded along.

However, the compulsion leader shook his head like a rattle, “Don’t go, don’t go, don’t go, don’t go!”

“You two, you really don’t know much about the Mother of Companions.”

“What nippy yellow-headed girl?”

“Heh, let me put it to you this way.”

“Last time, the Nalan Yong of the Nalan family, you guys know about it, right?”

Zhao Tianyuan and Qian Yongan nodded their heads at the same time.

Nalan Yong, was a high ranking member of the Nalan Family, and also, a member of the Nalan Family who mainly walked around outside.

This person, who had an extremely high status in the Nalan Family, had even less strength.

It was said that Nalan Yong’s strength could almost be compared to that of the Six Kings of the World!

“Do you guys know how Nalan Yong was injured?”

The Companions asked.

Zhao Tianyuan and Qian Yongan looked at each other, “Why don’t you know?”

“Wasn’t it Nanba Tian who injured him?”

Compa*s Zun snorted, “Nanba Tian?”

“Heh, last time, Nanba Tian almost died at the hands of Nalan Yong!”

Zhao Tianyuan and Qian Yongan exclaimed simultaneously, “Not so much?”

“Nanba Tian, isn’t he as strong as the Six Kings of the World!”

“Even the Fifth Master Xue is only on par with him!”

“Nalan Yong, can he kill Nanba Tian?”

The Companions sneered, “Nalan Yong’s strength is slightly inferior to Nanba Tian’s.”

"But, after all, Nalan Yong is a member of the Nalan family and is accompanied by many dead soldiers of the Nalan family at the same time."

"The strength of these deadly soldiers are all extremely powerful as well."

"Moreover, at that time, I was also present at that battle and secretly attacked Nanba Tian."

"Nalan Yong struck again and severely injured Nan Baitian."

"Seriously, at that time, I almost killed Nanba Tian, the old man!"

"But, he still got away later."

Chapter 1884

Zhao Tianyuan and Qian Yongan looked at each other, both of them with shock and surprise on their faces.

"Then why was Nalan Yong seriously injured afterwards?"

Zhao Tianyuan said curiously.

The compa*sionate zun took a deep breath, "This goes back to the compa*sionate mother, ah."

"At that time, Nalan Yong also wanted to ride out the victory and enter Guangyang City with the intention of killing Nanba Tian."

"As a result, there, he encountered the Compulsion Mother."

"The Compulsion Mother struck, and that life of Nalan Yong almost stayed in Guangyang City!"

Zhao Tianyuan and Qian Yongan simultaneously exclaimed in shock, "Huh?"

"You are you telling the truth?"

Compulsion Zun: "Nonsense, of course it's true!"

"At that time, I used the undying compulsion's larvae to sneak attack Nanba Tian, that incident, I am very clear about it."

"The strength of the Compulsion Mother is not something you can imagine!"

"Let me put it to you this way, the Golden Silkworm Compulsion around her, which is not completely formed yet, is no worse than the Six Kings of the World in terms of her strength."

"And once her Golden Silkworm Compulsion swallows all the ten thousand compulsions and completely becomes the king of compulsions."

"Hehe, I simply don't dare to imagine that there is anyone else in this world who can restrain her!"

Zhao Tianyuan and Qian Yongan's eyes widened once again, "Compulsion Zun, you don't be alarmist!"

"In this world, there are many high achievers!"

“Moreover, China still has the Martial Emperor sitting in the capital.”

“I just don’t believe it, a yellow-haired girl, can be compared to the Martial Emperor?”

The Compulsion Master shook his head, “That’s not necessarily true.”

“No one can say how strong the Compulsion Mother really is!”

“Anyway, remember this, don’t go to Miaojiang!”

“There is no place for us to hide in Miaojiang where the Mother of Companions is sitting.”

“When the Mother of Companions grows to a certain level, she can communicate with all the companions.”

“Nothing can escape her ears within Miaojiang, so don’t even think about provoking the majesty of the Mother of Companions!”

Zhao Tianyuan and Qian Yongan looked at each other, both of them were also full of shock.

After hearing what Zun Zong had said about the Mother of Companions, they really didn’t dare to go to Miaojiang!

Even if there was an exaggeration in Zun Zong’s words, there was no doubt that the Mother of Companions was not something they could provoke.

After saying what he had just said, the compulsion daddy lay on the ground again, as if he was listening to something.

Qian Yong’an said curiously, “Compulsion Dzong, what are you doing?”

Compose Zun said in a deep voice: “I just left a tracking compulsion, and I am keeping an eye on the location of those two people from the Xie family.”

Zhao Tianyuan’s face was slightly cold, “What are you going to do?”

“Do you still plan to kill the two of them?”

“If these two die, then the Xie family will turn the sky upside down!”

“By then, the Xie Family will really be at war with us!”

The compulsion leader looked at the two of them, “Of course I know that!”

“But, we can frame Lin Mo!”

Zhao Tianyuan frowned, “Still using this trick, huh?”

“The last time we framed him, it was all quickly seen.”

“Is it still useful to use this trick again this time?”

The compulsion zun sneered, “This time, that won’t be possible.”

“We can disguise ourselves as Lin Mo and go over to hunt them down.”

“The one surnamed Xie will definitely think that Lin Mo has gone back on his word.”

“When the time comes, as long as we let one of these two people return alive, then won’t Lin Mo be finished?”

Qian Yongan was still a little worried: “Is this appropriate?”

“Will it be seen?”

Compose Zun: “This black light, how can it be so easy for them to see out?”

“Besides, my plan isn’t that simple.”

“I’ve just recently cultivated a mimic compulsion that can be used to simulate other people’s voices.”

“We’ll disguise ourselves as Lin Mo in a moment, then mimic his voice, and then take a piece of cloth and cover our faces.”

“That way, the Xie family’s people will definitely think that it’s really Lin Mo who is trying to a*sa*sinate them, so won’t it be a done deal!”

Chapter 1885

Zhao Tianyuan and Qian Yong’an listened in awe as Qian Yong’an exclaimed, “Your Miaojiang is really magical!”

“There are all kinds of parasites!”

The compulsion daddy was full of smugness, “That’s for sure!”

“Miaojiang’s ten thousand compulsions are incomparably miraculous.”

“Many of the compulsions are things that you could never dream of!”

Zhao Tianyuan nodded, “If you have this sound-mimicking compulsion, then this plan, it’s quite good.”

“Alright, let’s go over there later and directly kill that Xie Qianshan and leave Xie Xingbang to go back and report the news.”

“Hmph, when this is over, I’ll see what that Lin will do!”

Qian Yong’an also nodded his head in excitement.

However, Zun Zong waved his hand in a hurry, “You can’t kill Xie Qianshan!”

Zhao Tianyuan was surprised, “Why?”

“Xie Xingbang is silent in the Xie family, even if he is very strong, his influence will not be too great.”

“Xie Qianshan is different, he is the head of the Xie family, if he is killed, the Xie family will definitely become furious, this is definitely a situation that will not end in death!”

The Compa*s Venerable shook his head, “Xie Xingbang is too strong, moreover, this person has been walking in the jianghu for many years, he is extremely calm, he is not that gullible.”

“We’re fake after all, the martial arts we practice are different from Lin Mo.”

“Xie Xingbang is very knowledgeable, once he sees it, then he will be exposed.”

“And that Xie Qianshan, although he is the head of the Xie family, in fact, this person is extremely conceited, and this kind of person is also the best to deceive.”

“Therefore, killing Xie Xingbang is the most suitable, killing Xie Qianshan, on the contrary, is not suitable!”

Zhao Tianyuan said, “But, this Xie Xingbang doesn’t have enough influence.”

The Companions: “Xie Xingbang is so strong, how could he not have enough influence?”

“This is the Xie family’s secret weapon, the person who is most valued by Xie Xingguo, the old man of the Xie family.”

“Xie Xingbang’s status in Master Xie’s eyes might be a little higher than that Xie Qianshan.”

“After all, Xie Xingguo has several sons, but among the family, the only ones that are that strong are him and Xie Xingbang, don’t you think?”

Zhao Tianyuan and Qian Yongan looked at each other, and in the end, both of them slowly nodded their heads as well.

Next, it was time to start acting according to Compa*s Zun’s plan.

The compulsion daddy gave Zhao Tianyuan a disguise and also taught him the use of the sound mimicking compulsion.

This time, only one person could impersonate Lin Mo and go to kill those three people, and Zhao Tianyuan was the best choice.

After all, among these three people, Zhao Tianyuan was the only one who was the strongest.

Everything was arranged, and according to the tracking companions, the Companions also found the location of those two people from the Xie family.

After Xie Qianshan left with Xie Xingbang, he immediately drove out of Guangyang City.

However, their vehicle was still parked outside a secluded wooded area in the northern suburbs of Guangyang City.

Xie Qianshan had just been nearly stabbed through his internal organs by the girl, and had been holding strong and bleeding before when he was in front of Lin Mo.

Now, having finally escaped from Guangyang City, he couldn’t really take it anymore.

Stopping the car, he bandaged his wounds first, and by the way, he called the people from his family to come here to meet him.

He and Xie Xingbang had come completely alone in order not to be known about tonight’s incident.

Originally, they thought they could easily capture Lin Mo, so they both didn't bring their entourage with them at all.

As a result, things had come to this point, and he could only call for members of the nearby Xie family to come to their rescue.

After dressing his wounds, Xie Qianshan rested a little in the car and continued to drive on.

Just then, in the darkness, there was a sudden sound of a sharp blade breaking through the air, a concealed weapon, which directly pierced the tyre of the car.

With a poof, the car tyre directly deflated and the body sank.

Xie Qianshan's face changed and he turned his head to look around, only to see that in the darkness, there was a man dressed in black with a black cloth covering his face who was rapidly running towards them.

Chapter 1886

Seeing the aggressiveness of the visitors, Xie Qianshan hurriedly woke up Xie Xingbang in the back seat of the car.

Then, he himself took a deep breath, forced himself to pretend to be calm and jumped out of the car.

"Who is the person coming?"

"How dare you sneak up on me? Do you know that I am Xie Qianshan, the head of the Xie family in the capital!"

"Do you know what will happen to you if you make an enemy of me?"

Xie Qianshan shouted, his gaze burning as he stared at his opponent, trying to use his aura to scare him away.

However, the other party simply ignored him, but quickly ran over.

Xie Qianshan's heart suddenly panicked.

He was badly injured and was barely holding on.

Not to mention Xie Xingbang in the car, who had already lost his ability to fight.

In such a situation, the two of them together would not have much fighting power to speak of.

If the other side really wanted to attack them, they wouldn't be able to resist, would they?

Their car tyre had also been punctured by the other side, and Xie Xingbang could not even run.

Xie Qianshan was not badly injured, and it was impossible to carry Xie Xingbang on his back to escape.

There was no other way, so Xie Qianshan could only force himself to play it cool and shouted angrily once again, "Since you are bent on seeking death, then I, Xie Qianshan, will make it happen for you!"

"Hmph, today, I will let you have no return!"

The man in black remained silent and came running rapidly.

Xie Qianshan's hands were actually shivering.

At this moment, behind him, Xie Xingbang trembled and said, "Quickly run"

"You can't scare him, this man knows that we are injured"

Xie Qianshan couldn't help but stare, "Huh?"

"He how does he know?"

Xie Xingbang took a deep breath and braced himself, "Look at his speed, this man is not very strong."

"If we were both uninjured, this kind of person would not even dare to come near us."

"But he started out by puncturing our car tyres first, so he obviously knew about our injuries and that's why he came after us."

Xie Qianshan suddenly realized, and his face changed in an instant.

"Who the hell is this person?"

"How does he know we're injured?"

"The only ones who know we're injured are those three people from Lin Mo? Could it be that they came to sneak up on us?"

Xie Qianshan shouted indignantly.

Xie Xingbang waved his hand feebly.

Xie Qianshan did not dare to delay at this point, and hurriedly helped Xie Xingbang up, intending to strongly carry him away.

However, before he could run a few steps, the man in black behind him had already caught up with him.

The man in black attacked with a palm from afar, striking at Xie Qianshan's back.

Feeling the strength of his opponent's palm, Xie Qianshan knew that this man's strength was really average and far inferior to his.

If Xie Qianshan had not been injured, he could have easily killed the other party.

However, now that he had lost so much blood, his strength was not as strong as his opponent's, so he was no longer a match for him.

He rolled on the ground to avoid the fatal blow, and then turned his head and roared, "Hiding trash, do you dare to pull off the turtle shell on your face and let me see who you are?"

"You have the guts to sneak up on me but not the guts to give your name, you're simply a piece of sh*t!"

The man in black did not say anything, but still attacked and killed.

Xie Qianshan barely managed to support two moves, but he was still kicked and staggered back a few steps.

He knew that he could not resist any longer.

He pulled out the firework he had brought with him and hastily pulled it off, sending up a firework into the sky, a distress signal from the Xie family's top bra*s.

He didn't know if there were any Xie family members nearby, but, at this point in time, he could only give it a try.

If there were people from the Xie family nearby and came in time, they might be able to save their lives.

And as this smoke and fire rose, Xie Qianshan got a good look at the man in black.

The man in black had his face masked and it was impossible to see exactly what he looked like, however, his forehead and eyes were still there.

When Xie Qianshan took a look, his face changed and he shouted angrily, "You are Lin Mo!?"

Chapter 1887

The black cloth was covering his face, but the general outline was still there.

Xie Qianshan had mulled it over in his mind before.

The only ones who knew they were injured were Lin Mo Wu Xuan and the girl.

So, this person in black was either one of these three, or they had sent him here.

And judging from the size, this person, was definitely not the girl ah.

So, in Xie Qianshan's heart, he had always doubted whether the other person was Lin Mo or Wu Xuan.

Judging from the strength, it was definitely not Wu Xuan either.

In fact, Xie Qianshan's main suspect was still Lin Mo.

And when the fireworks rose just now, illuminating the other party's face, Xie Qianshan finally got the right number.

Although the man in black had his face covered, his forehead and eyes were clearly Lin Mo!

This man in black, wasn't he Lin Mo?

At this moment, Xie Qianshan almost went crazy with anger and hissed loudly, "Lin Mo, you despicable and shameless villain!"

"You made me write a pledge, saying that you would let us go."

"And yet, you snuck up on us and attacked us, you've simply gone back on your word, you b*****d!"

A fine aura flashed in the black-clothed man's eyes as he whispered, "You guessed wrong!"

Hearing this, Xie Qianshan jumped up even more, "D*mn it, who are you trying to fool?"

“Do you think Laozi is a fool?”

“You pressed your voice and I can’t tell your voice?”

“Son of a b*tch, how dare you bully people like that, I my Xie family will not rest with you until death!”

The man in black’s gaze was cold as he said in a deep voice: “Immortal?”

“Heh, that depends on whether you still have a life to live!”

With those words, the man in black pounced again, coming straight towards Xie Qianshan to kill him.

Xie Qianshan’s face was cold as he dodged in a panic while shouting angrily, “Surnamed Lin, I have already contacted the people of my family.”

“If you dare to kill me, my Xie family’s people will immediately be able to know.”

“Are you sure you want to be at odds with our Xie family?”

“I’m telling you, I’m the Xie family head.”

“If anything happens to me, even the King of Heaven won’t be able to protect you!”

Xie Qianshan shouted in a stern voice, trying to use the power of the family to scare the man in black.

The man in black ignored him in the slightest and hurried after him, attacking several times and striking Xie Qianshan on the shoulder again.

Xie Qianshan let out a cry of pain and shivered with anger.

He could see that his threats were of no use to this man in black.

The other party had come over this time with the clear intention of killing him.

And now, if this situation continued, he would definitely die!

He looked at Xie Xingbang next to him.

Now Xie Xingbang was lying on the ground, still unable to stand up.

To him, Xie Xingbang was a liability.

If he ran by himself alone, he might have a hope of escape.

With Xie Xingbang, it was impossible to run away.

Xie Qianshan’s gaze was a little grim, and he was already hesitating in his heart whether he should simply drop Xie Xingbang and escape alone.

After barely supporting a few moves, the man in black struck again and knocked Xie Qianshan back several steps.

Xie Qianshan’s previously bandaged wound also opened up straight away, and blood gushed out once again.

He knew very well that if he continued to hold on, he would definitely die and might not even have any hope of escaping.

He looked at Xie Xingbang and then at the man in black, and suddenly gritted his teeth and said, "Fifth Uncle, find a chance to run!"

With those words, Xie Qianshan turned straight around and ran towards the woods.

Looking at that stance, it seemed as if he was going to lure the man in black away and create an opportunity for Xie Xingbang to escape.

But in fact, hearing his words, the man in black didn't even chase after him, instead he ran directly to Xie Xingbang and pointed a dagger at Xie Xingbang's neck.

As if he didn't see it, Xie Qianshan not only didn't run back, but continued to run deeper into the woods.

Chapter 1888

Seeing Xie Qianshan act in such a manner, Xie Xingbang's face instantly changed.

This Xie Xingbang was no fool, he could see that Xie Qianshan was not intending to help him lure the man in black away, but to use him to stall for time and escape himself!

He looked towards the man in black and said in a low voice, "Lin Mo, it's useless for you to threaten him with me!"

"Xie Qianshan is an extremely despicable person, he won't care if I live or die."

"If you want to deal with him, just leave me alive and I'll tell you all about what he has done."

"At that time, Xie Qianshan will be a street rat in the Xie family, everyone will be shouting at him, and he will definitely die!"

"I will also give you a guarantee that my Xie family, from now on, will not be your enemy again, how about that?"

A trace of disdain wiped across the black-clothed man's face as he suddenly stabbed the dagger into Xie Xingbang's heart.

Xie Xingbang's expression immediately froze, and he clutched the man in black's clothes with a deadly grip, using his last strength to say in a trembling voice: "You are not Lin Mo!"

The man in black sneered, "You really are an old fox!"

"However, it's too late to know this now!"

After the man in black finished speaking, he put the dagger in his hand and stabbed it in a little further.

Blood flowed out from the corners of Xie Xingbang's mouth, and his hands eventually hung down helplessly.

After finishing Xie Xingbang, the man in black got up and looked into the distance, but Xie Qianshan had long since run out of sight.

He could not help but sneer and turned his head, "Alright, you can come out now!"

Two people ran out from the woods behind him, it was the companions and Qian Yongan.

The man in black was Zhao Tianyuan's disguise.

Qian Yong'an looked at Xie Xingbang's corpse on the ground and said excitedly, "The plan is a success!"

"That fool Xie Qianshan must have thought that Lin Mo had killed Xie Xingbang."

"After he goes back, the Xie family will definitely have to fight Lin Mo to the death."

"When that happens, there will be a good show!"

Zhao Tianyuan slowly nodded his head, "Yes."

"Hahahaha, it's still Zun Zong's brilliant plan."

"Compose Zun, what do we do now?"

The two turned their heads, but they found that Compulsion Dignity was lying on Xie Xingbang's corpse, as if he was looking for something.

Qian Yong'an was surprised: "Compulsion Zun, what are you looking for?"

Compulsion Zun pretended to press his hand on Xie Xingbang's neck inadvertently and bristled, "Just this, or a core member of the Xie family?"

"Not even a few treasures on him, this Xie family is no better than that!"

Zhao Tianyuan and Qian Yong'an suddenly realized that the companions wanted to see if Xie Xingbang had any good things on him.

"What good things can there be on this kind of person?"

"Alright, let's hurry up and run."

"With Xie Xingbang's death here, next, this Southern Six Provinces will definitely set off a fishy storm."

"Let's hurry and find a place to hide, don't be discovered."

Qian Yongan said in a low voice.

Zhao Tianyuan nodded his head repeatedly, and he was unwilling to continue staying here.

At this moment, Compulsion Zun's hand was still pressed on Xie Xingbang's neck.

In the palm of his hand, there were some parasites that were crawling down his hand and onto Xie Xingbang's neck, biting through the skin and burrowing into his body.

Without the slightest difference on his face, the compulsion daddy nodded and said, "That's right, we have to hurry and leave first!"

Neither Zhao Tianyuan nor Qian Yong'an noticed any difference in him, and the two cleaned up the scene, eliminating any traces that might have been left behind.

Compose Zun falsely followed and got busy, then followed the two out of the place.

Having run all the way to a nearby town, Compa*s Zun proposed to rest here for a while while also observing the situation.

Zhao Tianyuan and Qian Yongan were actually reluctant to stay here, but Compa*s Zun repeatedly insisted, and the two of them eventually had to agree.

The three of them found a place to rest and at around four in the morning, a dark shadow slipped out of the house, and it was none other than Compa*s Zun.

Taking advantage of the night, Compa*s Zun quickly ran out of the town.

Chapter 1889

The companions ran wildly all the way and quickly arrived at the same grove as before, the very place where Xie Xingbang had been killed.

The place was still the same as before, the scene hadn't changed at all.

Xie Xingbang's body was lying on the ground, and next to it, the car was still in its original state.

This place was very remote, and no one would pass by here at this kind of night.

When the companions saw Xie Xingbang's corpse, a sharp look flashed across his face.

He quickly ran towards Xie Xingbang's corpse and pulled it up.

At this moment, Xie Xingbang's corpse all looked greatly changed, as if it was somewhat dried up.

The companions carried Xie Xingbang's corpse on their backs, then ran wildly along the mountain road, all the way out for tens of miles to an extremely remote place on the mountain, before stopping.

He put Xie Xingbang's corpse down and sat down next to it to take a few long breaths and recover some strength.

The companions untied Xie Xingbang's upper garment, revealing the skin inside.

Xie Xingbang's belly, on the other hand, was moving, as if there was something, squirming inside his stomach.

Everywhere else on Xie Xingbang's body looked like it was starting to dry out, while his belly, however, was slowly swelling up.

It felt as if everything in his entire body was concentrated in his abdomen.

When he saw such a situation, the companions were even more delighted.

He took out a dagger, cut his finger and dripped his blood onto Xie Xingbang's belly.

After these drops of blood were put on it, Xie Xingbang's belly squirmed even more, as if something inside had exploded.

At this time, the drying out of Xie Xingbang's body also became more obvious, and his limbs, even at a speed visible to the naked eye, rapidly dried out.

Xie Xingbang's belly, too, swelled up more and more, looking as if he was a woman who was pregnant in October.

Compose Zun was filled with excitement as he reached out and gently caressed Xie Xingbang's belly, as if he was caressing his beloved object.

"Eat more, eat more, the more you eat, the more powerful I can be, hahaha"

The compulsive zun was even a little trembling with excitement in his voice.

Later, as if he felt that the speed was a bit slow, he simply slit his wrist and let the blood gush out on Xie Xingbang's belly.

As the parasite djinn's blood spilled down, Xie Xingbang's belly instantly seemed to explode, expanding at a violent speed.

And the speed at which Xie Xingbang's limbs dried up, also accelerated violently.

In the end, Xie Xingbang's limbs had completely dried up, and all the flesh and blood inside seemed to have disappeared, leaving only skin and bones.

However, Xie Xingbang's stomach had swollen to the extreme, as if it was a bulging orb.

It felt as if all of Xie Xingbang's flesh and blood had been gathered inside his stomach.

Even his head had dried up and looked extremely terrifying.

The parasite was dancing with excitement, looking at Xie Xingbang's stomach as if he had seen some most precious treasure.

When he saw Xie Xingbang's stomach stop rolling over, the compulsion djinn immediately took a deep breath.

He took out many small bottles from his body, opened them one by one and poured out various coloured powders.

He sprinkled all these powders onto Xie Xingbang's stomach and carefully blended them all.

Then, he opened his mouth again and with a movement of his throat, he spat out an egg-sized orb.

Holding the orb in his hand, the compulsion daddy said excitedly, "After twenty years, you can finally come in handy!"

"It's not in vain that I fought for my life to take you over back then."

"Hahahaha, from now on, I'll see who still dares to look down on my compulsion daddy!"

After saying that, he opened the orb.

The orb was a wax pill, and when it was opened, inside was a layer of oil paper, wrapped very carefully.

The Compa*s Dignitary carefully opened the oil paper to reveal what was inside, a rather peculiar looking green plant.

Chapter 1890

This plant has three leaves, topped by a small yellow flower with three petals.

And in the middle of this petal was clustered a red-coloured fruit that looked like a pearl.

When the companions looked at this red-coloured fruit, they could not help but be even more filled with joy.

He carefully took the plant out of the oil paper, and then, rooted it on Xie Xingbang's belly.

Xie Xingbang's belly had just been sprinkled with a lot of powder of various colours by the companions.

These powders were piled up together as if they were a layer of clay.

The roots of this plant were rooted in it, and the roots seemed to be alive, spreading out rapidly and coiling almost on top of Xie Xingbang's entire belly.

When everything was ready, Compa*s Zun took a deep breath, took out his dagger and slowly cut a slit into Xie Xingbang's belly.

This was like stirring up a hornet's nest, and inside Xie Xingbang's stomach, a swarm of black insects immediately rushed out.

These worms looked like green worms, but they were black in colour.

Moreover, each worm was round and rolled, as if its body was about to burst.

Zun Zong had been waiting for a long time, and after these worms crawled out, he immediately opened a porcelain vase in his hand.

Inside the vase was some liquid, and he sprinkled it down.

When the worms touched the liquid, they made a stinging sound, as if they were drops of water in boiling oil, and exploded.

All the worms that were touched by the liquid quickly began to rot and melt, turning into a stream of blood and water that blended into the powder on Xie Xingbang's belly.

The powder was still somewhat dry, but with the integration of the blood water, the powder, at once, became like moist clay.

The roots and stems of the plant began to draw the blood water from the powder, and the roots and stems continued to grow, and the branches and leaves, as well as the flowers and fruits on them, slowly grew.

The companions looked at all this excitedly, their eyes shining brightly.

Inside Xie Xingbang's stomach, such worms kept crawling out.

Every once in a while, the Compa*s Djinn would pour some liquid down to dissolve these worms.

Just like that, week after week, those worms kept merging into this powder, which was then absorbed by that plant.

The plant became bigger and bigger, and at the back, it grew almost a metre high.

The red fruit at the top of the plant was now as big as a pigeon's egg.

The red fruit was only the size of a grain of rice at first, so it was almost negligible.

But in this amount of time, the red fruit had become so big, so how could one not be shocked?

The most crucial thing is that, as this fruit became bigger, the fruit actually began to emit a dark red light on top, which was even more magical.

As he looked at the fruit, Zun Zhu kept swallowing his saliva, as if he could not wait to swallow the fruit in one gulp.

However, he did not dare to rush, but continued to cultivate it.

After almost two hours or so, there were no more worms crawling out of Xie Xingbang's stomach.

And at that moment, Xie Xingbang's stomach had also deflated, as if it were a pit.

That plant, however, was now growing immensely large.

It was about two metres tall and stretched to the wind.

The fruit on top was now almost as big as an egg, and in the darkness, the red light shone brightly, so it was an extraordinary product at first glance.

With an excited look on his face, the parasite said in a trembling voice, "It's done! It's done! It's finally done!"

"Hahahaha, Xie Xingbang, I won't let you die in vain."

"This inner strength of yours, I'll inherit it for you, and later, I'll kill Lin Mo myself to help you take revenge."

"How about that, you deserve to die, right? Hahahaha"

Compose Zun said, jumping up excitedly, ready to go pick that fruit.

Just then, a man suddenly leapt out from the side and directly snatched the fruit away!
