

Genius 1891

Chapter 1891

The Companions didn't expect that there were still people hiding around here.

Seeing that the fruit had been snatched, the Compa*s Venerable could not help but let out a roar of rage, "Give it back to me!"

He quickly rushed over and tried to snatch the fruit back.

However, at that moment, another person leapt out from the side and directly exchanged a few palms with him in the air, and they both flew backwards at the same time.

The two of them flew backwards at the same time. The companions landed back where they were, and when they looked carefully, there were two people standing next to him, and it was Zhao Tianyuan and Qian Yongan.

The one who had snatched the fruit was none other than Zhao Tianyuan!

And the one who had just stepped in to stop him was Qian Yong'an.

The companions could not help but look pale, he did not expect that these two people would follow him here.

However, he quickly regained his composure and smiled, "So it's you two."

"I thought it was someone else, I was shocked!"

"Master of the Zhao family, that fruit, you shouldn't keep holding it."

"That thing is highly poisonous, once it's poisoned, it's hard to cure."

Zhao Tianyuan laughed coldly, "Compound Master, do you really think we are three year old children?"

"You hate to swallow this fruit, and you're telling me that this thing is highly poisonous?"

With a slightly embarrassed look on his face, the Compa*s Djinn hurriedly said, "Master Zhao, you don't understand, this thing is an absolute tonic to me, but to you, it's a deadly poison."

"Do you know what's inside this fruit?"

"Inside there, is a strange compulsion from my Miaojiang, which I have specially cultivated."

"You must not activate the parasite inside, otherwise, it can be very dangerous."

Qian Yong'an said directly, "Compulsion Zun, it's already this time, do you still want to cheat people?"

"I'm telling you, I suspected you from the very beginning, you can't fool us now!"

Compound Zun: "I What's wrong with me?"

"Why do you suspect me?"

Qian Yong'an sneered, "From the very beginning, when we said we wanted to kill Xie Qianshan and you repeatedly blocked it, we thought there was something wrong with you."

"Tonight, after we killed Xie Xingbang, we were supposed to hurry up and leave Guangyang City, a place of right and wrong."

"However, you forced yourself to stay and rest, which is too abnormal."

"Do you think what you did was god-knows-what?"

"To tell you the truth, tonight, Brother Zhao and I have been watching you."

"From the time you slipped out quietly until you got here, we've been following."

"We have watched everything you have done."

"Compulsive Djinn, let me advise you to give an honest account of what this is all about!"

"Or else, don't blame us for being unkind to you!"

The Compulsive Djinn's face was terrified, he didn't expect that what he had done had all been discovered by these two people.

He had sneaked out earlier, actually wanting to avoid these two people and leave alone.

He did not expect that these two people would suspect him from the very beginning.

The Compulsive Sovereign sighed despondently, "Old Brother Qian, Master Zhao, since you have all seen it, then I won't hide it from you."

"What I have done tonight is really out of necessity."

"As you all know, I have swallowed several pieces of my Immortality Compulsion, and now there are not many left."

"If I want to regain my strength, I have to restore the Immortality Compulsion."

"And the best way to recover the Undying Compulsion is to find the corpse of a strong person and use his True Qi to replenish the Undying Compulsion."

"That's right, I did have a selfish intention in letting you kill Xie Xingbang tonight."

"I was trying to use Xie Xingbang's corpse to replenish my Immortality Compulsion."

Qian Yong'an spat directly, "I pooh!"

"Replenish the immortality compulsion?"

"Do you really take us for fools?"

"The three of us are grasshoppers tied to a rope, if you just want to regain your strength, the two of us are definitely doing our best to help you."

"You even want to avoid the two of us, this must be a great benefit, you just don't want the two of us to see it!"

Chapter 1892

Compose Zun's face changed slightly and he hurriedly said, "Elder Brother Qian, you misunderstood, I really didn't mean anything else."

Qian Yong'an glanced at him and said in a cold voice, "Compulsion Zun, since you are unwilling to tell the truth, then we won't talk nonsense to you!"

"Brother Zhao, split that fruit into two halves, and let's both take half of it."

Zhao Tianyuan smiled coldly and nodded, "Good idea!"

The parasite's face changed rapidly, "Never!"

"Inside this fruit is the most terrifying compulsion of my Miaojiang."

"Once it is released, all three of us will definitely die!"

Qian Yong'an spat, "Don't scare people here."

"If you're afraid of death, then how about you run first, and me and Brother Zhao, we'll both separate this fruit here?"

Zhao Tianyuan nodded once again, "Right, Compa*s Master, if you're really afraid of death, you just go first!"

"Me and Divine Doctor Qian, we'll both lay down our lives for a try."

"If we really release some horrible compulsion and let us both die here, then we both deserve it, how about that?"

Qian Yong'an laughed loudly, "That's right."

"Here, Brother Zhao, use my sword."

Qian Yong'an said, throwing a dagger to Zhao Tianyuan.

Zhao Tianyuan took the dagger and raised his hand and slashed at the fruit.

Seeing this, the companions hastily exclaimed, "Don't!"

"I I'll say it, can't I say it?"

"Quickly put the knife down!"

Zhao Tianyuan and Qian Yong'an looked at each other, a cold smile wiped across both of their faces.

Qian Yong'an said in a cold voice, "Compose Zun, you'd better tell the truth."

"If you try to lie to us again, then we'll just split this thing in half!"

The Compa*s Dignitary looked at the fruit, sighed despondently, and said in a low voice, "You must not touch this fruit casually."

"Inside this fruit, it contains at least 80% of Xie Xingbang's internal energy!"

Hearing this, Zhao Tianyuan and Qian Yongan were both stunned, their eyes widening at the same time.

Qian Yong'an said sharply, "What did you say?"

Zhao Tianyuan, on the other hand, looked at the fruit in his hand with wide eyes and a salivating expression on his face as well.

The compulsion daddy said in a deep voice, "This plant, in fact, is also a kind of compulsion, named the Star Swallowing Gra*s."

"This Star Swallowing Gra*s, very early on, was actually still abundant in Miaojiang."

"At that time, the Star Swallowing Gra*s could be said to be the nightmare of Miaojiang. But anyone from Miaojiang who saw the Star Swallowing Gra*s would definitely want to eradicate it!"

Qian Yong'an frowned, "Zun Zhu, you still want to lie to us?"

"Just now, looking at you, it was as if you were holding a supreme treasure."

"And now you're giving me the idea that this is Miaojiang's nightmare?"

"Do you really take us for fools?"

Zhao Tianyuan also raised the dagger in his hand straight away, as if he was about to slice open that fruit at any moment.

After all, looking at Compa*s Zun just now, he still cherished this Star Swallowing Gra*s.

Now that he said such a thing, others would definitely not believe it ah.

The Compa*s Dignitary hurriedly waved his hand, "Don't be hasty, don't be hasty, you guys listen to what I have to say."

"I've said it all, that was before ah, it was thousands of years ago."

"It was because at that time, the people of Miaojiang eradicated these star swallowing gra*s'es completely, causing them to be nearly extinct in Miaojiang."

"So now, this Star Swallowing Gra*s, in Miaojiang, is extremely rare."

"Let's put it this way, in these thousand years or so, there are less than five Star Swallowing Gra*s'es in total found in Miaojiang, would you say that this is rare?"

Zhao Tianyuan and Qian Yongan looked at each other, Qian Yongan frowned and said, "You're saying this inconsistently, aren't you?"

"If it's so rare, then why did you eradicate the Star Swallowing Gra*s in the first place?"

The Companions said, "Do you know what the greatest effect of the Star Swallowing Gra*s is?"

The two people shook their heads.

The Compa*s Venerable said in a deep voice, "The greatest effect of the Star Swallowing Gra*s is that it can devour companions and use their nutrients to make itself grow."

Chapter 1893

Zhao Tianyuan and Qian Yong'an's eyes widened at the same time.

At this moment, they finally knew why the people of Miaojiang were so scornful of the Star Swallowing Gra*s.

It could be said that everyone in Miaojiang practiced compulsions, and since the Star Swallowing Gra*s could devour compulsions, then to them, it was a deadly enemy.

It was only natural that they wanted to drive the Star Swallowing Gra*s to extinction.

Qian Yong'an: "If that's the case, then why do you treasure this Star Swallowing Gra*s so much?"

Compa*s Zun said softly, "That's because, after the Star Swallowing Gra*s became extinct, people only gradually discovered the wonderful uses of this Star Swallowing Gra*s."

Zhao Tianyuan hurriedly asked, "What are the wonderful uses of the Star Swallowing Gra*s?"

The Compa*s Djinn looked at the fruit in Zhao Tianyuan's hand and said softly, "After the Star Swallowing Gra*s devours the compa*s, it can take the compa*s's Yuan Qi and condense it into a fruit."

"Inside this fruit, it has coalesced the Yuan Qi of all the parasites it devoured."

Qian Yong'an glanced at the fruit, "How much vital energy can a compulsion insect have?"

The compulsion zun said softly, "You're right."

"It is true that ordinary companions don't have much vital energy."

"Before this Star Swallowing Gra*s became extinct, there were also people who ate the fruit of the Star Swallowing Gra*s, and not only did they not have any effect, but they were also poisoned by the Star Swallowing Gra*s, for which many people died in Miaojiang."

"So, at that time, the people of Miaojiang regarded the Star Swallowing Gra*s as a completely useless poisonous herb."

"It was only later, by a chance, that a senior in Miaojiang discovered the wonders of the Star Swallowing Herb by coincidence."

Zhao Tianyuan said impatiently, "What exactly is the wonderful use?"

The Compa*s Djinn hesitated for a moment, but still said in a low voice, "In our Miaojiang, there is a kind of Yuan Devouring Compulsion."

"This Yuan Devouring Compulsion, on the other hand, is capable of devouring one's Yuan Qi."

"This kind of compulsion, when dealing with martial artists, is fantastically effective and is able to devour the martial artist's Yuan Qi, causing the martial artist to lose all his internal strength."

"If one uses the Star Swallowing Gra*s and swallows the Yuan Devouring Compulsion, isn't that the same as devouring the martial artist's Yuan Qi?"

“In this way, the fruit that grows out of the Star Swallowing Grass is equivalent to a pill that contains a martial artist’s Yuan Qi.”

“Eating this elixir is like gaining this martial artist’s internal energy!”

Hearing this, both Zhao Tianyuan and Qian Yongan’s eyes instantly widened.

Both of them looked at the fruit at the same time, with an unconcealed glint in their eyes.

One had to know that this Star Swallowing Grass had swallowed all of Xie Xingbang’s Yuan Qi.

In other words, this fruit contained Xie Xingbang’s internal energy.

Xie Xingbang, that was a powerful person who was almost on the verge of entering the Little Grandmaster realm.

If one could obtain Xie Xingbang’s internal energy, it was enough to make one’s strength skyrocket!

Zhao Tianyuan couldn’t help but grasp the fruit tightly, while Qian Yongan was staring at Zhao Tianyuan warily, as if he was worried about him escaping with the fruit.

At this moment, the two also finally understood what exactly the Compa’s Zun was doing.

It turned out that he wanted to obtain Xie Xingbang’s full strength!

Seeing the two people’s expressions were not right, the compulsion zun directly said, “You two should not get excited either, this fruit, it is not like you can just eat it directly.”

“Do you guys think that it’s that easy to get the power of a minor sect master?”

“Let me put it to you this way, in your current situation, if the full power of a Little Sovereign entered your bodies, would your meridians be able to withstand it?”

Hearing these words, the two people who were originally excited, both directly froze.

Zun Zong’s words were like a pot of cold water poured over the two men’s heads.

Given their strength situation, if the power of a Minor Sect Master entered their bodies, it would definitely cause them to immediately explode and die!

Zhao Tianyuan’s clenched hand also loosened a little as he looked at Compa’s Dignity and said in a deep voice, “Compa’s Dignity, according to your meaning, how should this fruit be eaten?”

The Compa’s Venerable said in a cold voice, “Give me the fruit first and I will tell you!”

Zhao Tianyuan said in a cold voice, “Do you think that’s possible?”

Chapter 1894

The Companions were also annoyed: “In this world, I am the only one who knows how to eat.”

“If you don’t give it to me, then you won’t be able to take any advantage of it either!”

Zhao Tianyuan frowned and looked at Qian Yongan next to him.

Qian Yong'an hastily rounded up the situation, "Master Zhao, Companions, I think that there is no point for the three of us to distrust each other like this."

"Since the three of us are in an alliance, then we should behave like an alliance."

"If we keep defending each other like this, how will we be able to deal with Lin Mo?"

"Don't you guys forget that we are still in a crisis."

"The Xie family, Lin Mo, neither of them will let us go, this infighting between us will only hasten our demise!"

Zhao Tianyuan took a deep breath and said in a deep voice, "Since it's an alliance, then this thing, we can't let him have it all to himself, right?"

"Don't forget, this plan is being carried out by the three of us together."

"Xie Xingbang, I still killed him with my own hands, why should he be allowed to take it all by himself?"

Qian Yong'an nodded and looked at Compa*s Zun, "Compa*s Zun, how about this, I'll make a suggestion."

"When we do anything, it's all three of us together."

"Then this fruit, all three of us have a share."

"How about we divide this fruit into three parts, one for each of us?"

The companions' faces turned blue as they looked at Zhao Tianyuan and Qian Yong'an, before finally nodding with clenched teeth.

"Alright, let's divide this fruit into three parts."

"However, it has to be divided by me!"

Compa*s Zun said.

Zhao Tianyuan immediately frowned, and Qian Yong'an was also a little fired up, "Compulsion Dignitary, when I say three parts, I mean an even split."

"The three of us, no one will take more, but no one can share less!"

The Compa*s Venerable gritted his teeth and said, "I know!"

"What I mean is that this fruit, has to be cut by my own hands."

"Do you two really think that this fruit can just be cut up with a knife?"

"This fruit, once it is broken, the Yuan Qi inside will dissipate."

"To separate the fruit, you have to use a special technique!"

Zhao Tianyuan and Qian Yong'an looked at each other, and in the end, Zhao Tianyuan threw the fruit to Compa*s Zun, "Alright, then you can split it!"

As he spoke, Zhao Tianyuan also took a few steps to the side. In this way, he and Qian Yong'an, sandwiched the Compa*s Djinn in the middle.

It was obvious that they were guarding against the Compa*s Dignity escaping.

The Compa*s Djinn took the fruit and took out a porcelain vase from his body.

He poured the powder from the porcelain vase on top of the fruit and watched as the light of the fruit gradually dimmed before he picked up a knife and cut the fruit open.

After cutting it open, he immediately poured some powder on it to cover the exposed part and prevent the fruit's vital energy from leaking out.

After cutting eight times, the fruit was divided into nine parts.

Qian Yong'an was surprised: "Why are you dividing so many?"

"Why don't we just have one share each?"

Compose Zun: "Xie Xingbang is almost entering the Little Master realm, his inner strength, is so much stronger than ours."

"If you split it into three portions, you will still die if you eat one portion directly."

"If I divide it into nine parts, it is like dividing his power into nine parts."

"Eating like this is how you can save your life!"

Qian Yong'an suddenly realized, "So that's how it is."

Zun Zong put those nine porcelain vials of fruit in three porcelain vials, taking one for himself and throwing the other two to Zhao Tianyuan and Qian Yong'an respectively.

"Alright, just eat one portion at a time."

"Remember, don't take more than one."

"You have to finish digesting the power of one serving before you eat the second."

"Otherwise, that's asking for death!"

The compulsion daddy said in a deep voice.

Zhao Tianyuan Qian Yong'an was instantly filled with joy, and the two of them clutched the porcelain vase tightly.

"Then let's eat one portion first now?" Qian Yong'an suggested.

The compulsion djinn immediately waved his hand, "Are you crazy?"

"If you want to die, you can eat it now, I won't stop you."

"I won't eat it now!"

Chapter 1895

Qian Yong'an was surprised, "Why?"

"Is it poisonous to eat now?"

The companion shook his head, "It has nothing to do with poison!"

"The problem is that after the fruit goes into our bellies, the power inside it, will conflict with our own power."

"Therefore, after eating the fruit, for a period of time, we will lose almost all of our power and will not be able to resist at all."

"Don't forget, you guys, we are now in the territory of Guangyang City."

"It's already dangerous enough for the three of us to stay here, if we don't have any power left in us, won't that be even more of a death sentence?"

Qian Yong'an and Zhao Tianyuan suddenly realized, Qian Yong'an nodded and said, "That's also right."

"Then let's hurry up and get out of here, find a safe place and eat these fruits again."

Zhao Tianyuan gripped the porcelain vase in his hand and whispered, "I hope the one surnamed Lin can live a little longer."

"At least, until I come back next time and kill him with my own hands!"

At this moment, it was getting light.

The three of them didn't dare to stay and headed north along the mountains and forests.

.....

In the morning, Guangyang City.

Lin Mo was eating breakfast in the restaurant when Li Tiezui hurriedly ran in through the door.

"Little Linzi, something big has happened!"

Li Tiezui's face was gloomy to the core as he bellowed in a deep voice.

Lin Mo couldn't help but stare, Li Tiezui had never been this tense before, what was this about?

"What's wrong?"

Lin Mo asked.

Li Tiezui took a deep breath and said in a deep voice, "The Xie Family has issued an announcement to kill you with all their might!"

"Not only that, the Xie family has suspended the betrothal ceremony with the Nalan family and sent a large number of men to Guangyang City, vowing to kill you!"

"According to estimates, this afternoon, these people from the Xie family will arrive in Guangyang City!"

Lin Mo's eyes widened instantly, "How could this happen?"

“Didn’t Xie Qianshan write a pledge? The Xie family’s people are still coming to kill us, what are they going to do?”

Li Tiezui said in a deep voice, “Xie Qianshan said that after you let them go last night, you ran after them again in a masked manner.”

“His fifth uncle, Xie Xingbang, was killed by you, and their Xie family wants to take revenge for Xie Xingbang!”

Lin Mo was dumbfounded: “What is this what is this with?”

“How did I I kill Xie Xingbang?”

“What revenge for Xie Xingbang?”

“After that incident ended last night, I went back to Wangjiang Garden, I didn’t go out at all, how did I hunt them down and kill them ah?”

Li Tiezui said in a deep voice, “So, that’s the problem ah.”

“I suspect that someone pretended to be you, ambushed them and tried to frame you!”

Lin Mo drew a breath of cold air as he too thought of this situation.

“What you mean is that Zhao Tianyuan and the others did this?”

Lin Mo asked in a low voice.

Li Tiezui nodded slowly, “It’s extremely likely!”

“These three people are extremely cunning, moreover, Qian Yong’an is good at disguise techniques, and Compa*s Zun has some strange compa*s techniques.”

“Pretending to be you and killing Xie Xingbang, it’s not impossible!”

Lin Mo’s face was chilly: “Miaojiang has a sound mimicking compulsion that can simulate someone else’s voice.”

“Combined with Qian Yongan’s disguise art, pretending to be me, Xie Qianshan would definitely not be able to tell the difference.”

“It seems that it must be these three people who did it!”

“These three b*****ds, they’re too sinister!”

Li Tiezui sighed helplessly, “This was the case with Xie Qianjun before, and this time, it’s the case with Xie Xingbang again.”

“Lin Mo, Xie Qianjun’s matter is easy to solve, Xie Xingbang’s matter, it’s not easy to solve!”

“The Xie family can even suspend the betrothal ceremony with the Nalan family, this is determined to kill you!”

Lin Mo’s brow was furrowed, he was also very clear that this time, things were really troublesome ah.

Just at that moment, Li Tiezui's mobile phone suddenly rang.

He looked at his phone and his brows furrowed once again, "Xie Xingbang's body is missing!?"

Chapter 1896

Lin Mo couldn't help but stare: "What what's missing?"

Li Tiezui: "Xie Xingbang's body."

"My men, have found the place where they were ambushed last night."

"But, Xie's family's men have already arrived there."

"The Xie family's people, are searching everywhere for Xie Xingbang's corpse."

Lin Mo was surprised, "The body is missing?"

"How could that be?"

"The person is dead, why would they take the body away? Who needs his corpse for what?"

"Who would do such a thing?"

Li Tiezui shrugged, this, too, he couldn't figure out at all ah.

After pondering for a while, Lin Mo got up and said, "Where is the scene of that ambush?"

Li Tiezui: "What are you going to do?"

Lin Mo: "I'm going to check it out."

"If we can find out any clues to prove that I didn't do it, then won't we be able to get out of this trouble."

Li Tiezui nodded, "That's right too!"

Next, the two called for Wu Xuan and brought a group of men with them, quickly rushing to the place where Xie Qianshan and the others were ambushed last night.

Twenty minutes later, the group arrived at the place.

The scene was already surrounded by a group of people, about twenty to thirty of them, searching around for something.

These people were, basically, all members of the Xie family.

Seeing someone coming over, these people looked at each other, and one of the men walked straight out and stopped Lin Mo's car with them.

"This place is impassable, get out!"

The man arrogantly threw down a sentence as if he was expelling his own underlings.

The one driving the car was none other than Tiger, who was instantly annoyed and said angrily, "Is this your place?"

"Who are you to tell us to get lost?"

The man's face was cold: "Just because I am from the Xie family in the capital, is that enough?"

"I'm telling you, our Xie family's people are on an errand, no idle people are allowed to come near."

"I'm not in a good mood today, so if you know what you're doing, get lost."

"Otherwise, believe it or not, I'll let you all f*cking die here!"

Tiger was just about to speak when Lin Mo opened the car door and stepped out.

"So what if they're from the Xie family?"

"This is Guangyang City, it's not the Xie family's turn to dictate what to do here!"

Lin Mo said in a cold voice.

The man couldn't help but stare, normally, he used the Xie family's name to run roughshod outside, no one had dared to disrespect the Xie family yet.

He glanced at Lin Mo and frowned, "Kid, you're quite wild, aren't you?"

"Not even my Xie family in the capital?"

"Who the f*ck are you? Name yourself if you have the guts!"

Lin Mo sneered and slowly spat out four words, "My name is Lin Mo!"

Hearing this, the man's face changed and he couldn't help but take a step back.

The name of the Xie family could scare others, but it was useless to scare Lin Mo.

Even Xie Qianshan personally came to Guangyang City and failed to scare Lin Mo, let alone him.

Moreover, the most crucial thing was that Xie Qianshan had said that Lin Mo had killed Xie Xingbang.

At this time, Lin Mo had come here again, could it be that he wanted to drive them to extinction?

Thinking of this, the man could not help but take a few steps back again.

He looked at Lin Mo in fear and said in a trembling voice, "You are Lin Mo?"

"What do you want?"

"I am telling you, we are not afraid of you"

"You killed the fifth elder of our Xie family, we our Xie family will never let you go."

"If you are sensible, hurry up hurry up and return the corpse of our fifth elder, or you may still be able to keep your life."

"Otherwise otherwise"

Lin Mo snorted and didn't even look at him as he walked straight towards the grove.

The man could not help but be even more anxious, wanting to stop, but not daring to go near Lin Mo, he could only say in a trembling voice: "What are you doing?"

"You don't go over there"

"Hurry up and stop him"

The rest of the Xie family looked at each other, but no one dared to stop Lin Mo.

Chapter 1897

At this moment, Tiger also came over with a group of people and walked directly into the scene.

When the Xie family saw such a situation, they didn't dare to approach and backed away, and could only look at Lin Mo and the others in the middle with bated breath.

After observing the situation nearby, Lin Mo looked at Wu Xuan: "Brother Wu, what do you think?"

Wu Xuan: "There is gauze left in the car for bandaging, and medicinal cotton for wiping wounds."

"It looks like Xie Qianshan drove his car here, stopped to dress his wounds, and rested for a while in the process."

"The killers, who were catching up at this time, first used flying knives and punctured the tyres of the car so that they couldn't leave by car."

"Xie Qianshan should have fought with the other party, but, it didn't last long, because he was too badly injured, he couldn't beat the other party at all, and could only run for his life."

Lin Mo nodded, this point was consistent with his analysis.

"What about Xie Xingbang?" Li Tiezui asked.

Wu Xuan: "Xie Xingbang is extremely injured, he is completely powerless to resist, and he can't even run."

"So, as you can see, the distance Xie Xingbang moved was only this little."

Li Tiezui was silent for a while and suddenly said, "Xie Xingbang didn't even have the ability to escape, so how did Xie Qianshan escape?"

Next to him, Tiger looked at Li Tiezui blankly, "Old Li, what logic is that?"

"Xie Xingbang can't run, but Xie Qianshan can."

"What's the conflict between these two?"

Lin Mo Zai and Wu Xuan looked at each other, both of them could understand what Li Tiezui meant.

Li Tiezui rolled his eyes at the tiger, "You still have the nerve to say anything about my logic?"

"Use your own brain and think about it."

“There are two people at the scene, one can’t even run away, the other, seriously injured, is not your opponent.”

“In that case, if you were asked to kill them, would you let one leave alive?”

Laohu scratched his head, “Master Li, why don’t you tell me exactly, I really can’t understand.”

Li Tiezui was speechless and waved his hand, “Put it this way.”

“Xie Qianshan is seriously injured, he is no match for that a*sa*sin, and there is no way he can outrun that a*sa*sin.”

“So, how exactly do you think that Xie Qianshan escaped?”

Tiger thought for a moment and whispered, “Could it be that that killer, ran to kill Xie Xingbang first, and Xie Qianshan took the opportunity to escape?”

Li Tiezui glanced at him, “If you were the killer and Xie Qianshan ran away, would you go after Xie Qianshan or would you come first to kill this one Xie Xingbang who couldn’t run away at all?”

Tiger’s eyes widened at once, “Ah, I see, I see!”

“Xie Xingbang can’t run away at all, stay here and kill whenever you want.”

“If I were a killer, then I would definitely go after Xie Qianshan first!”

Li Tiezui: “So yeah, that’s the problem.”

“How did Xie Qianshan, in the end, get away?”

“If the killer really wanted to kill him, then he definitely couldn’t have escaped ah.”

“Unless, it was the killer who deliberately let him escape!”

Tiger nodded his head repeatedly, “That’s right, that’s right, that must be it.”

Immediately, he scratched his head again, “But why did the killer let him go?”

Li Tiezui: “Tiger, why don’t you read more books?”

“With your IQ, you’re not very suitable to go out in the jungle.”

Tiger didn’t think so and smiled heatedly, “Master Li, then I won’t follow you around!”

“You can make up your mind about these brain-consuming matters, so I’ll save my brain cells.”

Li Tiezui rolled his eyes speechlessly and waved his hand, “The killer is obviously letting Xie Qianshan go on purpose, so that he can go back and report the news and plant the blame on Lin Mo.”

“If we kill Xie Qianshan too, how can we blame him on us if there’s no one to report to?”

Chapter 1898

It dawned on Tiger and he slapped his thigh hard, “Oops, so that’s what happened!”

“Hey, that’s the truth out of the way.”

He immediately turned his head to look at those in the Xie family, “Hey, did you guys hear that?”

“You bunch of idiots, you’ve been tricked, you know that, don’t you?”

“This was deliberately planted by someone to frame my brother Lin, you guys really fell for it, didn’t you?”

“Go back quickly and tell your Xie family members to hurry up and find the murderer.”

“Don’t let anyone take advantage of you!”

The Xie family members looked at each other, and the earliest man strained his neck and said, “You you don’t want to lie to us!”

“Our family head has said it all, the killer is Lin Mo!”

“He saw it clearly at the time, it was Lin Mo who moved his hand!”

“Our family master wouldn’t be wrong!”

Li Tiezui scoffed, “It was dark at night, how clearly could Xie Qianshan see?”

“Besides, do you guys know what is called disguise art?”

“A casual disguise, coupled with the darkness, it’s normal to misread people.”

The Xie family man stuttered, but still stood by, looking at Lin Mo with a hostile expression.

Tiger directly cursed, “D*mn, a bunch of retards.”

“Talking to them about this is like playing the piano to a cow!”

“Forget it, why don’t we just contact the Xie family’s people?”

Li Tiezui, on the other hand, waved his hand, “It’s useless!”

“Xie Xingbang is too important to the Xie family.”

“This person’s death is tantamount to completely cutting off the Xie Family’s chance of entering the top ten families in China.”

“This time, it’s no longer a battle of interests, but a deadly feud.”

“The relationship between us and the Xie family has come to this point, even if we didn’t kill the man, then the Xie family will kill us first to vent their anger!”

Tiger froze: “So then there’s nothing that can be done about this matter?”

Li Tiezui: “Unless we can find definite evidence to prove that the person was not killed by us.”

“In that case, the Xie family won’t be able to use this as an excuse to deal with us!”

Tiger turned his head and looked around, “Where are we going to find evidence?”

At that moment, Lin Mo, who had been crouching on the ground, suddenly said, "The evidence is here!"

All the people around were stunned, and Tiger immediately ran over, "Really?"

"There's really proof?"

Li Tiezui also hurriedly went over, "What proof?"

Lin Mo picked up a tree branch and drew a circle on the ground, pointing to the middle of the circle, "See those white powders on the ground?"

"It's the eggs of a kind of compulsion!"

Li Tiezui's eyes widened in excitement, "A compulsion?"

"So, it's a compulsion djinn?"

"Hahahaha, now we've found proof!"

Tiger also immediately stood up and pointed at the Xie family man, "Hey, come and look."

"The evidence is here, hurry up and call your family and tell them about it!"

The Xie family man came over half-heartedly, took a look at the powder on the ground and frowned: "How do I know if this is real or not?"

Lin Mo: "Whether it's real or not, your family's senior management will naturally be able to judge."

"All you need to do is call back and tell them."

The Xie family man was a little hesitant.

Lin Mo didn't bother to pay any attention to him and said to Tiger, "Arrange for manpower to guard this place, no one is allowed to approach at will."

"Also, take complete pictures of the place and preserve the evidence."

Tiger immediately nodded, "Yes!"

Lin Mo stood up and looked at Wu Xuan, "Brother Wu, let's go back first."

As he spoke, Lin Mo quietly winked at him again.

Wu Xuan understood, followed behind Lin Mo and went to the car over there.

As soon as he got into the car, Lin Mo's face immediately turned cold and he said in a deep voice, "Something's wrong!"

"Xie Xingbang's corpse, it must have been stolen by the Compa*s Zun!"

Chapter 1889

The companions ran wildly all the way and quickly arrived at the same grove as before, the very place where Xie Xingbang had been killed.

The place was still the same as before, the scene hadn't changed at all.

Xie Xingbang's body was lying on the ground, and next to it, the car was still in its original state.

This place was very remote, and no one would pass by here at this kind of night.

When the companions saw Xie Xingbang's corpse, a sharp look flashed across his face.

He quickly ran towards Xie Xingbang's corpse and pulled it up.

At this moment, Xie Xingbang's corpse all looked greatly changed, as if it was somewhat dried up.

The companions carried Xie Xingbang's corpse on their backs, then ran wildly along the mountain road, all the way out for tens of miles to an extremely remote place on the mountain, before stopping.

He put Xie Xingbang's corpse down and sat down next to it to take a few long breaths and recover some strength.

The companions untied Xie Xingbang's upper garment, revealing the skin inside.

Xie Xingbang's belly, on the other hand, was moving, as if there was something, squirming inside his stomach.

Everywhere else on Xie Xingbang's body looked like it was starting to dry out, while his belly, however, was slowly swelling up.

It felt as if everything in his entire body was concentrated in his abdomen.

When he saw such a situation, the companions were even more delighted.

He took out a dagger, cut his finger and dripped his blood onto Xie Xingbang's belly.

After these drops of blood were put on it, Xie Xingbang's belly squirmed even more, as if something inside had exploded.

At this time, the drying out of Xie Xingbang's body also became more obvious, and his limbs, even at a speed visible to the naked eye, rapidly dried out.

Xie Xingbang's belly, too, swelled up more and more, looking as if he was a woman who was pregnant in October.

Compose Zun was filled with excitement as he reached out and gently caressed Xie Xingbang's belly, as if he was caressing his beloved object.

"Eat more, eat more, the more you eat, the more powerful I can be, hahaha"

The compulsive zun was even a little trembling with excitement in his voice.

Later, as if he felt that the speed was a bit slow, he simply slit his wrist and let the blood gush out on Xie Xingbang's belly.

As the parasite djinn's blood spilled down, Xie Xingbang's belly instantly seemed to explode, expanding at a violent speed.

And the speed at which Xie Xingbang's limbs dried up, also accelerated violently.

In the end, Xie Xingbang's limbs had completely dried up, and all the flesh and blood inside seemed to have disappeared, leaving only skin and bones.

However, Xie Xingbang's stomach had swollen to the extreme, as if it was a bulging orb.

It felt as if all of Xie Xingbang's flesh and blood had been gathered inside his stomach.

Even his head had dried up and looked extremely terrifying.

The parasite was dancing with excitement, looking at Xie Xingbang's stomach as if he had seen some most precious treasure.

When he saw Xie Xingbang's stomach stop rolling over, the compulsion djinn immediately took a deep breath.

He took out many small bottles from his body, opened them one by one and poured out various coloured powders.

He sprinkled all these powders onto Xie Xingbang's stomach and carefully blended them all.

Then, he opened his mouth again and with a movement of his throat, he spat out an egg-sized orb.

Holding the orb in his hand, the compulsion daddy said excitedly, "After twenty years, you can finally come in handy!"

"It's not in vain that I fought for my life to take you over back then."

"Hahahaha, from now on, I'll see who still dares to look down on my compulsion daddy!"

After saying that, he opened the orb.

The orb was a wax pill, and when it was opened, inside was a layer of oil paper, wrapped very carefully.

The Compa*s Dignitary carefully opened the oil paper to reveal what was inside, a rather peculiar looking green plant.

Chapter 1900

Li Tiezui brought a large number of men with him and spent more than two hours to finally find Xie Xingbang's body on the mountain.

Lin Mo got the news and rushed up at the first opportunity.

The moment he saw Xie Xingbang's corpse, Lin Mo's face turned iron blue.

Li Tiezui lamented, "Holy sh*t, if not for the clothes, who would have recognised this was Xie Xingbang?"

"All the flesh and blood on his body is gone, his stomach has been cut open, all his organs are gone, only bones and a layer of skin are left."

"Hey, this Xie Xingbang is also considered a master of his generation, so he died like this, it's too tragic!"

"Lin Zi, the Devouring Yuan Compulsion, can it turn a person into such skin and bones?"

Lin Mo shook his head, "The Devouring Yuan Compulsion alone, can't achieve this effect."

"However, if you use some special means, you are able to catalyze the Yuan Devouring Compulsion and devour the flesh and blood."

Li Tiezui: "Devouring blood and flesh?"

Lin Mo nodded, "Yes!"

"The best way to cultivate the Star Swallowing Grass is to use blood and flesh as fertilizer."

"The compulsion daddy should have used his own blood to catalyze the Yuan Devouring Compulsion, making it so fierce that it devoured all of Xie Xingbang's flesh and blood."

"In this way, it would be able to speed up the maturation of the Star Devouring Grass, and at the same time, preserve Xie Xingbang's power to the maximum."

Li Tiezui's eyes widened, "This son of a b*tch, the Compulsion Zun, is too vicious, isn't he?"

"How can Xie Xingbang be a master of his generation and be tossed into this state by him?"

Lin Mo sighed, to the extent that Compulsion Zun was, what else was there that he wouldn't dare to do?

Just at that moment, there was a sudden commotion in the distance.

Lin Mo turned his head to look, only to see that people from the Xie family were rushing over from afar.

When Lin Mo had gotten the news just now, he had informed some of them in passing.

Lin Mo waved his hand and gestured to the people outside, letting these people from the Xie family in.

The Xie family people hurriedly ran to the scene, and when the man in charge saw Xie Xingbang's corpse, he directly sat on his butt on the ground.

"What is this?"

The man asked in a trembling voice.

Li Tiezui: "Xie Xingbang's corpse, ah."

The man's eyes widened, "How is this possible?"

"How is it possible that this is the corpse of the Fifth Elder?"

"Don't you try to lie to me, how could the Fifth Elder look like this!"

Li Tiezui: "Can't you recognize it by looking at the clothes?"

The man said indignantly, "You don't want to lie to me!"

"What can you recognize from the clothes?"

"It must be that you hid the Fifth Elder's corpse, took off his clothes and put them on such a thing, trying to fool us?"

“Humph, do you think that all of us from the Xie family are easy to fool?”

Li Tiezui was also annoyed: “You f*cking love to believe it or not!”

“The body is right here.”

“If you believe it, take it back.”

“If you don’t believe me, get lost!”

The Xie family looked at each other in disbelief, and the man said angrily, “Surnamed Lin, my Xie family’s men will be in Guangyang City soon!”

“This matter, if you don’t give us an explanation, you’ll never live!”

“My family’s old master has already said that this time, our Xie family and you, will not rest until death!”

Lin Mo didn’t even bother to look at him, he simply waved his hand, “Get lost!”

The man said angrily, “Don’t be rampant, our Xie family”

Without waiting for him to finish, Tiger had already led his men to surround him aggressively.

“If you don’t get lost, believe me or not, I will throw you down the mountain!”

Tiger shouted angrily.

The man shivered in fear, but still stuck his neck out, “You don’t need to scare me, when my Xie family’s people come, I’ll see if you can still be this rampant.”

“Surnamed Lin, I’m warning you, hand over my family’s Fifth Elder’s corpse immediately, then wash your neck and wait to die”

Tiger was enraged, “b*****d, do you really take yourself seriously?”

“Someone, throw them down to me!”
