

Genius 1901

Chapter 1901

The men around Lao Hu swarmed up and surrounded the Xie family members in the middle.

The Xie family members immediately panicked, and the man from the Xie family strained his neck and said, "I am a member of the Xie family in the capital, I will see who dares to touch me"

Not waiting for him to finish, the tiger threw a slap directly at his face, followed by a kick on his chest.

"Laozi will move you, what?"

Tiger cursed angrily, and then waved his hand, "I'll count to three, either get lost, or I'll throw you down from this mountain!"

"Choose yourself!"

The group was now halfway up the mountain and next to them was a cliff that was hundreds of metres high.

If they were thrown down, they would definitely die!

The Xie family looked at each other, but in the end, they didn't dare to try with their lives, so they turned around and went down the mountain in silence.

On the mountain, Li Tiezui looked at the Xie family members who had left and said in a deep voice, "Xiao Linzi, what now?"

"Xie Xingbang died so tragically, this time, the people of the Xie family, I'm afraid they're really going to fight for their lives!"

Lin Mo shook his head, "The biggest problem now is not the Xie family, but the Compulsion Zun."

"Before, it was still uncertain whether the Compulsion Zun had really used the Star Swallowing Gra*s."

"Now that this matter is completely confirmed, then the Compulsion Zun is the biggest hidden problem."

"The Xie family is a big family after all, so it's okay to deal with it."

"And the Compulsion Zun is only one person, plus he has amazing compulsion skills."

"Originally, he was relatively easy to deal with as his strength was average."

"Once he was allowed to gain Xie Xingbang's power, it would be troublesome and would definitely become a major scourge."

Li Tiezui nodded, this was something that he did acknowledge.

This person, Compa*s Zun, was really too cunning and had extremely many evil techniques. Once he was allowed to grow in strength, then I'm afraid that it would be difficult for the Six Kings of the World to subdue him!

And such a person with a wrong heart, once he has such strength, then he would really be a great scourge.

Even with Wu Xuan's assistance, Lin Mo's side may not be a match for him!

Wu Xuan's strength is similar to Xie Xingbang's.

If Compa's Zun obtained Xie Xingbang's power, he would basically be able to compete with Wu Xuan in terms of strength.

Coupled with his divine and unpredictable compulsion techniques, I was afraid that Wu Xuan might not even be his opponent.

So, it seems that the biggest threat to Lin Mo is still the compulsion leader!

Wu Xuan: "But the matter of Xie Xingbang, we can't not give an explanation to the Xie family either!"

"Otherwise, the whole world will think that we've absconded in fear of our crimes!"

Lin Mo frowned tightly, this was the most troublesome part.

Li Tiezui thought for a moment and said, "How about this."

"You take Wu Xuan with you and go look for the Companions."

"I'll stay in Guangyang City, I'll go and explain the matter of Xie Xingbang to the Xie family!"

Lin Mo's face changed, "This won't work!"

"The Xie family is coming on strong, and this time, it is clear that they want to kill everyone on my side."

"If you go and give an explanation to them, it's a sure death!"

Li Tiezui then smiled, "Don't worry, I won't die that easily!"

"I have some friendship with that old man of the Xie family."

"They may not give me face, but they definitely won't kill me either!"

Lin Mo was slightly puzzled, "Really?"

"This kind of thing, you don't take your life to try it."

Li Tiezui: "This can still be fake?"

"When the old man was walking in the jianghu back then, he was considered famous."

"The face wasn't big enough, but it was definitely enough."

"If you don't believe me, ask this Wu surname."

Lin Mo looked towards Wu Xuan.

Wu Xuan nodded calmly, "He can't die!"

With these words from Wu Xuan, Lin Mo breathed a long sigh of relief.

"In that case, then I'll leave the matter of the Xie family's side to you for now."

"You remember, the most crucial thing is your own safety."

"You don't need to argue with them, other matters will be discussed when I find the compulsion daddy."

Lin Mo said in a deep voice.

Chapter 1902

Li Tiezui: "Don't worry."

"That old thing, Xie Xingguo, isn't the type to reason with people either, so what the hell am I going to argue with him."

"When the time comes, I'll show him the evidence and tell him the specifics."

"He'll believe it or not, I definitely won't argue with him."

Only then did Lin Mo nod reassuringly, he was worried that if Li Tiezui argued with someone and caused the other party to become annoyed, it would be troublesome.

"Tiger is in Guangyang City, if you need anything, you can just instruct him!"

Lin Mo said.

Li Tiezui waved his hand straight away, "What old tiger, tell him to hurry up and run and hide at Nan Bing'er's manor."

"Just because the Xie family won't kill me, doesn't mean they can spare the others, understand?"

Tiger strained his neck and said, "I'm not afraid of death!"

Li Tiezui glanced at him, "I know you're not afraid of death."

"But there's no need to die for nothing!"

"I'm just having a few words with the old man of the Xie family, there's nothing you need to do, why are you following?"

Tiger looked at Lin Mo.

Lin Mo waved his hand, "Then you can take someone to Miss Nan's place for a while first."

The Xie family had run to Guangyang City, and in the whole of Guangyang City, Nan Bing'er's manor was the only one that was safe.

After arranging things on the Guang Yang City side, Lin Mo joined Wu Xuan and went on a light tour to track down the Companions.

Li Tiezui had the scene cordoned off, after which he went back to Wangjiang Garden and waited for the Xie family to bring him.

At five o'clock in the afternoon, a chartered plane landed at Guangyang City Airport, and the plane was filled with people from the Xie family in the capital.

Among them, even Xie Xingguo, the old man of the Xie family, was among them.

Xie Qianshan, who had almost recovered from his injuries, followed Xie Xingguo's side and led a group of Xie family members to Wangjiang Garden in a big way.

At this time, the security guards on the Wangjiang Garden side had been completely removed by Lin Mo.

These security guards were all from Lin Mo's side, and Lin Mo was worried that the Xie family would take their anger out on them.

When Xie Qianhao stood at the entrance of Wangjiang Garden, he immediately had an angry look on his face.

"Dad, this is Wangjiang Garden, that's where that son of a b*tch Lin Mo lives."

"There's not even a single person here, this son of a b*tch surnamed Lin, this is not even in your eyes."

"Why don't we smash up this Wangjiang Garden for him first?"

The other members of the Xie family also had eager expressions on their faces, looking at the situation, as long as Xie Xingguo gave the order, everyone would smash the Wangjiang Garden to pieces.

Xie Xingguo's expression was calm, as he glanced at Xie Qianhao and said in a cold voice, "Do you look competent by throwing a tantrum at these dead things?"

Xie Qianhao instantly lowered his head, his face embarrassed to the extreme.

Xie Qianshan frowned, "Dad, the one surnamed Lin must know you're here."

"But he didn't even come out to greet you, that's too much, isn't it?"

Xie Xingguo: "Greet what to greet?"

"Lin Mo, he must not be in Wangjiang Garden anymore!"

Everyone was stunned, and Xie Qianshan said urgently, "This son of a b*tch, has he absconded?"

Xie Xingguo waved his hand, "Let's go up and take a look first."

"If he doesn't give us an explanation, then he's really absconding."

"When the time comes, I'll convince the bigger clans in China to hunt him down, even Xue Laowu won't be able to protect him!"

A brilliant aura flashed in Xie Qianshan's eyes, this was the situation he wanted to see the most ah. Lin Mo's building

Next, the crowd walked straight into Wangjiang Garden.

When they arrived outside Lin Mo's villa, they could see from afar that Li Tiezui was lying on a rocking chair in the courtyard, relaxed and incomparable.

Seeing such a situation, the Xie family members were all annoyed, and Xie Qianhao even shouted, "Old thing, what are you doing here?"

“Quickly go in and inform that punk Lin Mo that my Xie family’s old man has arrived in person, tell him to come out immediately and kneel down to greet him!”

Chapter 1903

Li Tiezui ignored Xie Qianhao and instead looked at Xie Xingguo: “This your son?”

“Never been beaten as a child, has he?”

“Why is he so unqualified?”

Xie Qianhao was furious: “Old thing, what did you say

Not waiting for him to finish, Xie Xingguo said directly, “Shut up!”

Xie Qianhao froze for a moment, looking at Xie Xingguo in amazement, wondering what was wrong with his father.

Xie Xingguo took a step forward and said in a loud voice, “Old Brother Li, it’s been a long time.”

The people around were astonished, Li Tiezui and Xie Xingguo knew each other?

Moreover, looking at Xie Xingguo’s name, it seemed that he had a good relationship with Li Tiezui?

Li Tiezui opened his mouth, which was full of yellow teeth, and he smiled, “That’s right, I haven’t seen him for more than twenty years.”

Xie Xingguo nodded slightly and said softly, “Let’s not talk about the past anymore.”

“Old Brother Li, if you want to find me for a drink and catch up, I would welcome it.”

“But if you want to speak for anyone, I advise you to save your breath.”

“My brother is dead, and no one can stop me from avenging his death!”

Li Tiezui waved his hand, “Don’t worry, I don’t have the ability to stop you from taking revenge, either.”

“What about me staying here, I was entrusted by Lin Mo to give you an explanation.”

Xie Xingguo said in a cold voice, “Why didn’t he himself stay here to give me an explanation?”

“What? Afraid that I will kill him?”

Li Tiezui: “That’s not so much.”

“You should know that Wu Xuan is with him, and it’s not that easy for you guys to kill him.”

“It’s just that he has another important matter, so he can’t stay in Guangyang City for the time being.”

Xie Qishan immediately said, “What can’t he stay in Guangyang City for the time being? I think he has simply absconded!”

“Li Tiezui, you and my father are old friends, so we’ll give you face.”

“However, I also hope that you can cherish your friendship with my father.”

"My Xie family has lost two people in succession, one was my father's son and the other was my father's own brother."

"If you are still here to shelter that murderer, then you are an enemy of my Xie family!"

"My father is kind-hearted and unwilling to hurt his feelings with his old friends, but you can't go too far!"

Xie Xingguo did not say anything, which was tantamount to acquiescing to Xie Qianshan's words.

Li Tiezui bristled, "Old Xie, this son of yours, he's quite good at throwing dirty water on people."

"What? Two people died in your Xie family?"

"The death of Xie Qianjun has already been clarified, you yourselves have also admitted it, and you still want to frame Lin Mo?"

Xie Qianshan said angrily, "Last time, it was Lin who set us up, so we had no choice but to admit it."

Li Tiezui waved his hand, "Alright, everyone is not a fool, so don't talk such nonsense to me!"

"What's going on with Xie Qianjun, we all know what's going on in our hearts."

"The most crucial thing now is this Xie Xingbang matter."

"Can't you see that Xie Xingbang's death was actually also done by Zhao Tianyuan Qian Yong'an compelling Zun and the three of them?"

"In order to frame Lin Mo, to borrow your Xie family's sword to kill Lin Mo and avenge his death, while they sit back and reap the benefits from it!"

Xie Qianshan immediately said, "What frame-up? What do you mean by lending a sword to kill someone? You don't have to talk nonsense here!"

"What happened to Qianjun, I didn't see it and am not qualified to say anything."

"But what happened that night was something I saw with my own eyes, it was Lin Mo who killed my fifth uncle!"

"Then do you think I am blind?"

Li Tiezui said in a cold voice, "You are not blind, but do you know that in this world, there is something called disguise art?"

Xie Qianshan froze for a moment, then said angrily, "Nonsense, of course I know about disguise!"

"But even if you are good at disguise, you only look like one, but you can't disguise your voice, can you?"

"That night, I heard him speak with my own ears, and it was Lin Mo's voice, that can't be faked, can it?"

Chapter 1904

The Xie family nodded their heads, and even Xie Xingguo said in a cold voice, "Older brother Li, let's not talk about Qianjun's death."

“That time, it might really be Zhao Tianyuan and the others who impersonated Lin Mo and killed Qianjun.”

“But this time, the appearance and voice, are all Lin Mo, how is this impersonation?”

Li Tiezui: “Then do you know that in Miaojiang, there is something called a sound-mimicking compulsion.”

“This kind of sound-mimicking compulsion can be used to simulate other people’s voices.”

“They are followed by the Compa*s Djinn, so if they want to simulate other people’s voices, it would be too easy!”

The Xie family members couldn’t help but stare, Xie Qianshan frowned and said in a deep voice, “This is nonsense, I’ve never heard of any voice mimicking compulsion.”

Li Tiezui: “Just because you haven’t heard of it, doesn’t mean it doesn’t exist.”

“If you don’t believe me, you can ask the locals at Miaojiang to see if there is such a compulsion.”

Xie Qianshan said angrily, “Li Tiezui, you don’t need to say such nonsense to excuse that Lin.”

“I saw it with my own eyes and heard it with my own ears, there is absolutely no mistake.”

Li Tiezui snorted, “Seeing with your own eyes and hearing with your own ears is not wrong?”

“Xie Qianshan, I really don’t understand how on earth you became the head of the family.”

“Use your own brain and think about it, given your situation at that time, if Lin Mo really wanted to kill you, then would it be possible for you to escape?”

“Why didn’t the killer kill you at that time? Wasn’t it to keep you alive so that you could go back and report the news?”

“Such a simple trick of killing someone with a knife, and you can’t even see it? You’re really a dou that can’t be helped up!”

Xie Qianshan was mocked by Li Tiezui, and was immediately furious, shouting angrily, “Li Tiezui, what did you you say?”

“What about staying alive? I was lucky and lucky at the time, that’s why I escaped!”

“The surnamed Lin would like to kill me, but does he have the ability to do so?”

“I’m telling you, I saw it with my own eyes, I heard it with my own ears, it’s the truth!”

“You want to prove that Lin Mo didn’t do this, fine, show me the evidence!”

Li Tiezui smiled, “You want proof, don’t you?”

“Good, I’m really ready with evidence!”

With that, Li Tiezui pulled out a transparent gla*s box from his body and said in a deep voice, “This is the evidence you want!”

The Xie family members came together and all looked at the gla*s box in amazement.

Inside the box was some clay, and on top of the clay, there was some white powder.

The amount of white powder was so small that if one did not look carefully, one could not even see it.

Xie Qianshan said in a deep voice, “What kind of evidence are you counting?”

“Based on some dirt alone, can you prove that Lin Mo didn’t kill my fifth uncle?”

Li Tiezui said with a straight face, “This dirt was collected from the ground around your fifth uncle’s corpse.”

“The white powder on top of this dirt is actually a kind of compulsion.”

“In other words, when your fifth uncle died, someone had put a compulsion on his body!”

“Not only that, we later found Xie Xingbang’s corpse.”

“His corpse, however, had been hollowed out by the parasite!”

“All of this proves that Xie Xingbang, was killed by the compulsion djinn!”

“All this, do you think it counts as evidence?”

Hearing this, the Xie family’s crowd burst into an uproar.

Many people began to wonder, could it be that it was really Compulsion Zun and the three of them who had killed Xie Xingbang?

Xie Xingguo’s brow was furrowed as he stared at the gla*s box with a deadly gaze, not knowing what was going through his mind.

Xie Qianhao, on the other hand, brushed aside his mouth and said in a cold voice, “Who knows where this clay came from?”

“Maybe you guys made it yourselves, just to frame the Compa*s Zun!”

Li Tiezui glanced at him and said in a cold voice, “If you don’t believe us, then you can ask the group of people from your Xie family in Guangyang City!”

Chapter 1905

Xie Qianhao: “What am I asking them for?”

Li Tiezui said in a cold voice: “These things, they were the ones who watched us collect them at that time.”

“Moreover, I believe that those people from your Xie family should also have these things in their hands.”

“At that time when we went over, your Xie family’s people had been at the scene for a long time, they should have collected quite a lot of things at the scene.”

"If you don't believe the evidence, you can take the things they collected later and we can all compare them."

Xie Qianhao opened his mouth, not knowing how to reply for a moment, he could only look at Xie Qianshan helplessly.

Xie Qianshan also did not know how to say anything more, and could only say indignantly, "Hmph, who knows if these so-called evidences were put there by you guys in advance!"

Li Tiezui frowned, "Xie Qianshan, this is too far-fetched of you, isn't it?"

"Your Xie family's people have been surveying the scene for so long, did we put it there in advance, couldn't they survey it out?"

"If you say so, then I can only say, what is the problem with wanting to add guilt?"

"If your Xie family is here to avenge Xie Xingbang, then investigate properly before you say anything."

"If it's just under the banner of avenging him and wants to do something else, then there's no need to ask me for any more evidence, right!"

Xie Qianshan's face was swollen red from Li Tiezui's rebuke, but he was unable to refute it, and he was furious to the extreme.

Just then, Xie Xingguo, who was standing at the back, spoke up, "If I remember correctly, Lin Mo himself has a deep research on compulsions, too."

"He has an extremely good relationship with the people in the 100,000 mountains of Miaojiang, and because of this, he has also formed an enmity with the Compulsion Zun."

"With Lin Mo, the divine doctor's ability, plus his relationship with Miaojiang, it shouldn't be that difficult for him to cultivate compulsions on his own if he wants to."

"Old Brother Li, I'm afraid that these compulsions alone cannot prove Lin Mo's innocence."

At these words, Xie Qianshan Xie Qianhao immediately nodded happily, "That's right, that's right!"

"The one surnamed Lin is able to cultivate compulsions himself, who knows if these compulsions, are the ones he cultivated to trap the compulsion daddy?"

"Lin Mo and Zhao Tianyuan Qian Yong'an Compulsion Dignity have an extremely deep grudge, and he holds a grudge against my Xie family, it's very likely that he would use such a method to plant evidence to frame Compulsion Dignity and the others!"

"You said that Compulsion Zun and the others used a knife to kill people, then wouldn't Lin Mo use a knife to kill people?"

Li Tiezui frowned, "In that case, you guys can't be sure who actually killed Xie Xingbang!"

"In that case, then shouldn't you guys go and investigate who the murderer is first?"

"You guys didn't even investigate and came straight to Lin Mo, is that appropriate?"

Xie Xingguo: "Although we can't be sure, but my son saw with his own eyes that it was Lin Mo who killed him, then Lin Mo must at least give us an explanation, right?"

"Now, Lin Mo isn't even here, he only asked you to produce some so-called evidence, and then he wants us to leave, I'm afraid that's not quite appropriate, is it?"

"When he does this, could it be because he has a ghost in his heart and doesn't dare to show himself?"

"Or can I assume that he is just afraid to abscond from the crime?"

Li Tiezui: "If he really feared to abscond, then why am I still staying here?"

"He's gone to look for the Companions and the others, and he's also trying to prove his innocence."

"And I'm staying here to give you guys a statement!"

Xie Xingguo shook his head, "Old Brother Li, for the sake of us being old friends for many years, I won't bother with you about this."

"However, you can't represent Lin Mo either."

"If he is not here, then I can only assume that he has absconded in fear of his crime!"

"Qianshan, in my name, send a letter to all the great clans. Ask all the great clans to assist and help my Xie Clan kill Lin Mo!"

Chapter 1906

Xie Qianshan was overjoyed and immediately nodded, "Yes!"

Li Tiezui, on the other hand, turned pale, this was the thing he was most worried about!

The Xie family was one of the candidate members of the Ten Great Families of China, and was also considered a reserve member of the Ten Great Families of China.

This kind of family, and the Ten Great Families of China, all had extremely close ties.

When they encountered such a situation, Xie Xingguo personally sent a letter, and as long as the interests of all the other great families were not involved, then they would all be willing to help out.

After all, Lin Mo doesn't have any background to back him up, so there would be no consequences for dealing with him!

Moreover, Xie Xingguo had personally sent a letter, which was tantamount to a personal request from Xie Xingguo.

No matter which family killed Lin Mo, Xie Xingguo was bound to owe someone a great favour.

Who wouldn't be willing to do such a good deed?

Therefore, once this announcement was made by Xie Xingguo, it wouldn't be worth how many people would come out to hunt down and kill Lin Mo ah!

Li Tiezui immediately said, "Wait a minute!"

Xie Xingguo said in a cold voice, "Older brother Li, for the sake of our relationship, I won't bother about these things."

"But, that doesn't mean you can interfere with my Xie family's affairs!"

Li Tiezui said in a deep voice, "I have no intention of interfering with your Xie family."

"I just feel that it is not quite appropriate for you to do so before things are investigated clearly!"

Xie Xingguo: "I don't need you to teach me how to do things!"

"Qianshan, go and make the arrangements!"

Seeing Xie Qianshan about to leave, Li Tiezui gritted his teeth and suddenly said, "I can vouch for Lin Mo!"

"I guarantee that he definitely didn't kill anyone!"

"How about you give him a little time, he can definitely help you find out the truth?"

Xie Xingguo gave Li Tiezui a deep look, "You guarantee?"

"What guarantee do you use?"

"Li Tiezui, I've lost a brother, and you want to vouch for that with just one word?"

Li Tiezui took out a wooden box from behind him and placed it on the table in front of him, "I'll vouch for the old man's Iron Lohan, that will do!"

A brilliant aura flashed in Xie Xingguo's eyes, and he could see that he valued this Iron Luohan.

However, his expression on his face remained calm.

He waved his hand and said in a deep voice, "Qianshan, you guys go back first, I'll have a few words with my old friend!"

Xie Qianshan and the others were all puzzled, but they did not dare to ask anything and immediately turned around and retreated.

In the end, there were only two people left at the scene, Xie Xingguo and Li Tiezui.

Xie Xingguo immediately walked over and couldn't wait to open the wooden box.

Inside the wooden box, there was a palm-sized black iron Luohan.

It looked as if it was a doll, but on the body of this iron Luohan, there were some patterns carved.

Upon closer inspection, these lines were actually the meridian points on the human body!

Moreover, on these meridian points, there were some arrows guiding them, as if they were the direction of internal energy.

Xie Xingguo held the Iron Luohan in his hand and fondled it for a long time, as if he had gotten the most precious thing.

Li Tiezui glanced at him and said in a cold voice, "Old thing, didn't you pretend for so long just now, just for this Iron Luohan?"

"Alright, now that the Iron Luohan is out, you can let Lin Mo go now!"

Xie Xingguo held the Iron Luohan tightly as he glanced at Li Tiezui and said in a cold voice, "Surnamed Li, I really didn't expect that you would be so kind to this Lin Mo?"

"Back then, you were chased like a dog from south to north for this Iron Luohan, and almost lost your life several times, even though you were unwilling to hand over this Iron Luohan."

"Now, for the sake of a Lin Mo, you actually took out this treasure?"

"What exactly is your relationship with that Lin?"

Li Tiezui said in a cold voice, "You don't need to care so much!"

"The Iron Lohan is already in your hands, what are you wasting your words for?"

"I'm just asking you, can you let him go?"

Chapter 1907

Xie Xingguo shook his head, "Let him go? I'm afraid that's impossible!"

Li Tiezui said angrily, "Are you trying to renege?"

Xie Xingguo: "I didn't promise you anything either, so how can I call it backtracking?"

Li Tiezui was annoyed, "Then give me back Tie Luohan!"

Xie Xingguo immediately put the Iron Luohan into his pocket and said softly, "Wait for me to finish!"

"My Xie family has lost two people and my own brother is dead, if you let me let Lin Mo go, what will the Xie family think of me? What will the people outside think of me? What will the ten great families think of me?"

"You're asking me to let him go straight away, that's definitely not going to happen!"

"However, I can give him a little time."

"As long as he can prove that my brother wasn't killed by him and can silence a long list of people, then I can naturally let him go!"

"If he can't prove it, then sorry, he still has to die!"

Li Tiezui frowned tightly, pondered for a long time and nodded, "Okay, let's do as you say!"

Xie Xingguo couldn't help but look at Li Tiezui and asked again, "What's the relationship between you two anyway?"

"That's not your illegitimate son, is it?"

Li Tiezui cursed angrily, "f*ck you!"

"It's not your turn to ask about my business!"

"You've got the Iron Lohan too, so now you can get lost."

Xie Xingguo smiled instead of being angry, "In that case, I'll take it with a smile!"

"Surnamed Li, you tell Lin Mo, I'll only give him a week's time."

"One week, if you can't find out the truth, then I'm sorry!"

Li Tiezui said angrily, "That's too short a time!"

"You've got the Iron Lohan, and you're giving this little time? Does it make sense?"

Xie Xingguo smiled lightly, "I have the Iron Luohan in my hands, I can give as much time as I want, what do you care?"

"A week, if he doesn't have this ability, then there's no need for him to live!"

With those words, Xie Xingguo directly turned around and left.

Li Tiezui sat on a chair and watched Xie Xingguo walk away, and then sat down paralyzed in his chair.

He looked at the empty box in front of him, and tears unconsciously welled up in his eyes.

This guy, who usually looked smiling and lewd to the extreme, at this moment, actually knelt down in front of the wooden box in silence and whimpered.

"Old man, I'm sorry, I I couldn't save this Iron Lohan after all."

He sat hunched over, paralyzed, as if his soul had been drained away.

This was something he had sworn to protect with his life!

Yet, in order to repay his kindness, he took it out.

For he knew that only by using this Iron Lohan could he buy some time for Lin Mo.

Only after a long time did he stand up, holding onto his chair.

Taking out his mobile phone, he took a few deep breaths to calm down before calling Lin Mo.

"Alright, it's alright!"

"After I argued with reason, the Xie family agreed to give you a week to investigate the matter."

"As long as you prove that you didn't kill the person, the Xie family won't look for trouble with you!"

"On the Guang Yang City side, you don't have to worry about it. With me around, the Xie family definitely won't dare to make any trouble!"

Li Tiezui said smilingly, as if nothing had happened at all.

.....

In a mountain forest on the outskirts of Guangyang, Lin Mo hung up the phone and looked at Wu Xuan who was next to him.

“Old man Li said he took care of things, he convinced the Xie family?”

“Why do I not quite believe it?”

“Those people from the Xie family are coming on strong, even Xie Xingguo has come, he could convince these people?”

Lin Mo wondered.

Wu Xuan shook his head, “This person, Xie Xingguo, is extremely cunning.”

“He came over personally, and if he doesn’t get any benefits, he definitely won’t stop.”

“This time, I guess it’s not as simple as old man Li said!”

Chapter 1908

Hearing Wu Xuan’s words, Lin Mo couldn’t help but frown.

Wu Xuan knew these people better, and even he said so, then things would definitely not be simple.

Just what price had Li Tiezui paid for the Xie family to agree to give him this week’s time?

Looking at Lin Mo’s worried expression, Wu Xuan said softly, “Lin Zi, I think, you shouldn’t be distracted from thinking about other things right now.”

“No matter what, that old liar has already bought you this week’s time, so you should make good use of this time to first find the Compa*s Zun and the others and solve the crisis over here.”

“We’ll talk about the other things later when we get back!”

Lin Mo pondered for a moment and nodded slowly, “That’s all we can do for now!”

The two of them took a short rest and then continued to start marching, running through this mountain forest.

In order to find the Compa*s Djinn, Lin Mo had specially refined a medicine.

Wherever the Compa*s Djinn passed by, there would be the scent of the compa*s insects left behind.

The drug that Lin Mo had refined would produce a certain reaction when it encountered the scent of the parasite, thus achieving the purpose of tracking the parasite.

However, this medicine also had a certain limitation, that is, once the scent of the compulsion insects was gone, it would be impossible to track them.

Simply put, as long as the companions went out of the mountain forest and left by car, then it would be impossible to continue tracking.

Lin Mo had used this drug to track the companions from the place where he had found Xie Xingbang’s body.

He had originally wanted to follow the route and see exactly which location the three Compa*s Zun had exited the mountain from.

Then, he could use his strength on this side of Guangyang City to transfer surveillance from all over the place, as well as send a large number of people to track these people.

However, after he had tracked them for some time in the mountains and forests, he discovered that the three companions had not left the mountainous area at all, but had been running around in the mountains and forests.

This situation made Lin Mo quite surprised, he originally thought that these three people would leave the mountain forest as soon as possible, and then take a car to leave Guangyang City.

He didn't expect that these three people, unexpectedly, kept moving in the middle of the mountain forest, it looked like they were worried that after running out, they would be discovered by Lin Mo's people.

It had to be said that these three people were very cautious in their actions.

This mountain forest was extremely large, and there was no sign of people in the mountains.

In the middle of the forest, no one would be able to find them.

However, they probably never dreamed that Lin Mo would make a medicine to track the parasites.

The two of them ran all the way through the mountain forest, chasing them from the afternoon until the evening, when it was dark and the whole forest was covered with night.

And at this time, they found that the three men, at last, had begun to march outside the mountain.

"It looks like they are preparing to take advantage of the night to leave the mountain and secretly find a car to slip away!"

Wu Xuan said in a deep voice.

Lin Mo nodded, such a situation was something he could understand.

After all, when it came to leaving the mountain at night, it wouldn't be easy to be discovered that way.

Moreover, these three people had been running around in the mountains and forests for a day and had already left the confines of Guangyang, so Lin Mo's control over the place was naturally not that strong anymore.

It would naturally be safer to leave the mountain in this place.

Lin Mo: "Let's chase after them first and see exactly where they left the mountain from, then send someone to investigate."

The two continued to follow the scent of the companions, and after running for about an hour or so, they suddenly smelled a burning scent.

Lin Mo was surprised, "What's that smell?"

Wu Xuan wrinkled his nose, "It seems to be the smell of burnt fur."

"They've built a fire around here?"

Lin Mo nodded, "After running all day, they must be hungry, so it's normal to find a place to eat something."

"Let's go, let's go over there first!"

"The smell hasn't completely dissipated, I guess they haven't run far yet."

Chapter 1909

The two men ran quickly along the scent and before long, came to a clearing.

In the middle of the clearing, there was a fire that had been extinguished.

There were some animal bones and the like thrown around the fire in a messy manner, and there were a few streaks of blood on the ground.

It looked like the three companions should have hunted an animal here and roasted it to eat for their bellies.

Wu Xuan: "The blood stains have dried up, the fire ashes are not warm, they've been gone for at least two hours."

Lin Mo, on the other hand, frowned as he raised his head to look at the surrounding woods and said in a deep voice, "But the scent of the companions, scattered in two directions."

Wu Xuan was surprised, "Two directions?"

"How could this be?"

Lin Mo shook his head, he couldn't figure it out either.

"Could it be that they first went in one of the directions, then found that the path was impassable and turned back?"

Wu Xuan said curiously.

Lin Mo thought about it, "That's also a possibility."

"But, we don't know which direction they eventually took now, and we don't know exactly where to chase them!"

Wu Xuan: "Then let's find a direction to chase down first."

"If we choose wrong and run out of scent, then let's chase in another direction."

Lin Mo shook his head, "That won't work, too much time is lost."

"They've been gone for two hours, so long that they might even be able to get out of the mountains."

"We also don't know exactly how far they've gone in that wrong direction, and once they've gone a long way before turning back, it'll take even more time."

"The best thing to do is to split our forces in two and we both chase them down in those two directions."

"We both just need to keep in touch, and as soon as the scent is gone in one of the directions, we will immediately rush to the other direction, that's all."

Wu Xuan frowned, "That won't work, will it?"

"The way you are now, you won't have a problem against one of them."

"Once you meet the three of them, wouldn't that be dangerous?"

Lin Mo smiled, "These three people are desperate to escape right now, so they won't even think about us chasing them."

"They will only try to run forward now, they won't even look for a place to ambush me in this deep forest."

"So the chances of meeting them if we chase after them are too low."

"Besides, even if I do meet the three of them, if I can't beat them, can I still not run?"

"It's true that I'm no match for them, but it's not that easy for the three of them to kill me either!"

Wu Xuan thought about it and eventually nodded his head in agreement.

Just as Lin Mo had said, with his strength, he couldn't fight those three, but escaping was definitely no problem.

"Good, then let's do as you say."

"Remember, once you encounter them, don't get attached to the fight, hurry up and escape, and send me a signal."

"I'll be the first to come and help you!"

Lin Mo smiled and nodded, "No problem!"

Next, Lin Mo handed out a portion of the medicine to Wu Xuan, he had also told Wu Xuan about the usage of this medicine along the way just now.

Wu Xuan took the medicine and chose one of the directions to chase down, while Lin Mo rushed off in another direction.

Lin Mo had been running along this direction for almost five minutes when he felt that the situation was a bit off.

The aura of compulsions on this side was not as strong anymore, as if there were not too many compulsions.

He couldn't help but be a little surprised, this situation, it was completely different from the situation they had walked all the way here before.

Before, when they had walked over, the aura of the companions, they were all very dense.

The compulsion zun was full of compulsion insects, but wherever he had walked, there must have been a very dense aura of compulsion insects.

However, on this road, the scent of compulsion insects had faded, what was going on?

Did it mean that the compulsion daddy did not walk this path?

Chapter 1910

Just when Lin Mo was pondering whether to turn to another route, he suddenly smelled a smell of blood.

Following the smell, he finally found a puddle of blood on a piece of gra*s.

Amongst this blood, there were a few white worms, slowly wriggling.

Lin Mo's brow immediately wrinkled.

This kind of worm, he recognised, was a kind of compulsion from Miaojiang, capable of devouring a person's internal organs, extremely terrifying.

This kind of parasite, however, could only survive within the human body.

Now, there was such a puddle of blood here, and there was such a parasite inside the blood, what was the situation?

Could it be that Compa*s Zun and the others had met someone and Compa*s Zun had put a compulsion on this person?

With doubts, Lin Mo chased along this road for a while longer.

At the back, he noticed that there were more and more bloodstains on the road.

The feeling was as if there was a person fleeing with injuries.

After running out about half an hour's journey again, the bloodstains finally stopped, but the aura of the compulsion was still spreading forward.

Here, however, Lin Mo caught an even stronger smell of blood.

He followed the smell and ran to a rocky outcrop next to him.

The smell was coming up from underneath the rocky outcrop.

Lin Mo poked his head out and looked down, only to see a man lying on the ground underneath the stone rock.

The ground was about tens of metres away from the rock, and it was dark, so Lin Mo could not see the man clearly.

Immediately, Lin Mo ran down the path next to him and came near him.

Only when he reached the side did Lin Mo see clearly that this man was actually Qian Yong'an!

This Qian Shen He, who was once the most famous doctor in Su Province, was now lying on the ground, his hands tugging at a herb next to him, his mouth still stuffed with herbs.

Today, Qian Yong'an's consciousness was beginning to fade, but he was still desperately chewing on that herb, unwilling to give up any hint of a chance of survival.

Lin Mo frowned, he didn't even think that this person here would be Qian Yong'an.

He walked over and turned Qian Yong'an over, and with just one look, Lin Mo couldn't help but draw in a breath of cold air.

Qian Yong'an's stomach, a large hole had been broken, and from the outside, one could clearly see that his stomach was crawling with those white compulsions inside.

These parasites had eaten up most of his organs and even his intestines.

Today, Qian Yong'an is still alive, and that is only because he himself is highly skilled in medicine, and at the critical moment, he ate these herbs to extend his life a little.

If it were an ordinary person, in such a situation, he would have died long ago!

Qian Yong'an saw Lin Mo, his eyes instantly more hope, trembling voice said: "Save save me save me"

Lin Mo looked at Qian Yong'an's stomach and shook his head helplessly.

Qian Yong'an is in this state now, the gods can't even save him!

Seeing Lin Mo shake his head, Qian Yong'an's eyes instantly despaired, and his mouth, which was chewing on the herbs, stopped.

Even Lin Mo couldn't save him, in this world, who else could save him?

Lin Mo took out a pill from his body and stuffed it into Qian Yong'an's mouth. Then, he took out another silver needle and sealed several of Qian Yong'an's vital points, temporarily helping him to stay alive.

"Qian Yong'an, how did you end up in this state?"

"Where are Zun Zong and Zhao Tianyuan?"

Lin Mo wondered.

Qian Yong'an lay on the ground, not answering Lin Mo's words, just full of despair.

"The compulsions on your body must have been put on you by Compulsion Zun."

"Did Compulsion Zun and Zhao Tianyuan join forces and secretly harm you?"

Lin Mo asked once again.

Qian Yong'an gritted his teeth and remained silent.

Lin Mo frowned and said in a deep voice, "Qian Yong'an, you don't have much time left."

"You're not saying anything, is this your intention to cover for Compulsion Zun and Zhao Tianyuan?"

“That’s right, we both have a grudge.”

“But remember, the one who poisoned you was Compa*s Zun, not me!”
