Chapter 1911

Lin Mo's words caused Qian Yong'an's expression to finally change a little.

Seeing this, Lin Mo immediately picked up, "The grudge between us is not light, but I at least didn't kill you."

"You know in your own heart exactly what Compas Zun and Zhao Tianyuan have done!"

"If you tell me the location of the two of them, I might even be able to kill them and avenge you."

A brilliant aura flashed in Qian Yong'an's eyes as he glanced at Lin Mo, gritted his teeth and said in a deep voice, "Surnamed Lin, you're right."

"The only one who can take revenge for me now is you!"

"Good, I'll tell you the news!"

Next, Qian Yong'an then told what had happened before.

It turned out that after the three of them had gotten the fruit of the Star Swallowing Grass, they immediately left that place.

As suggested by the Companions, the three of them went ahead along the mountain road, preparing to leave the mountain at night and then leave the Southern Realm by car.

And all along the way, they walked deeper into the mountains and forests.

At the place where Lin Mo and the others had found the fire earlier, the three of them were indeed too hungry to bear, so they caught some rabbits and roasted them for dinner.

However, in order to swallow the fruit of the Star Swallowing Grass for himself, the compulsion daddy had actually put a compulsion on that rabbit's body.

Qian Yong'an had fallen to this state because he was defenseless and had been hit by the compulsion.

When Lin Mo heard this, he could not help but frown: "It can't be?"

"With the strength of the two of you, even if you were really hit by this compulsion, it wouldn't have attacked so quickly."

"You guys could have used your internal strength to suppress the compulsion, and you could have even killed the compulsion daddy back!"

Qian Yong'an sighed, "If it was only this compulsion that had hit him, then that would be all."

"The problem is that the Compulsion Zun had already put the compulsion on Zhao Tianyuan before."

"When Zhao Tianyuan pretended to be you before and went to attack and kill Xie Xingbang, the Compulsion Djinn gave him the mimicry compulsion."

“And at that time, Compa*sionate Dignity had left a hand, and within the Sound Mimicking Compulsion, there were some other compulsions interspersed.”

“That kind of compulsion, under normal circumstances, did not awaken, and Zhao Tianyuan did not feel anything.”

“And after we ate the roasted rabbit, the compulsion daddy once again put down the compulsion, and Zhao Tianyuan’s body then had two kinds of compulsions explode at the same time.”

“In such a situation, Zhao Tianyuan’s internal strength could only barely suppress these two kinds of compulsions, and he was unable to press out at all!”

“And I was suppressing the compulsions with my internal energy, and with less than 70% of my strength left, I was not a match for the compulsions at all!”

Lin Mo suddenly realized, and then said curiously, “Even if you weren’t a match for the Compulsion Djinn, you could at least escape.”

“But, what is your situation now?”

Qian Yong’an gritted his teeth and said, “I became this way entirely thanks to Zhao Tianyuan.”

“At that time, I looked at him with pity, so I took him with me and fled.”

“I ran here and took out some medicine, wanting to recover my vitality and suppress the parasites in my body in the meantime.”

“Unexpectedly, that beast, Zhao Tianyuan, sneaked up on me from behind.”

“He pushed me down from that rocky outcrop, snatched my medicines and then escaped alone.”

“I fell and became seriously injured, unable to suppress the compulsion in my body, and became like this!”

Lin Mo didn’t say anything, he just stared at Qian Yong’an with a somewhat teasing expression.

Qian Yong’an was a little embarra*sed by Lin Mo’s stare and said in a deep voice: “What are you looking at?”

Lin Mo sneered, “Qian Yongan, it’s already this time, and you still want to save face, huh?”

“What exactly did you take Zhao Tianyuan for, and also, how did you end up in this state now, you know in your own heart, right?”

“You should know that my research on these companions is no worse than that of the Companions Zun.”

“What exactly have you done, do I need to tell you?”

Qian Yongan’s face changed slightly, and then he blurted out, “What did you you say?”

“I can’t hear you!”

“What did I do?”

"I am a dying man, what can I do?"

Chapter 1912

Lin Mo smiled coldly, "Qian Yong'an, you can really turn black and white upside down!"

"Don't think I don't know what you've done!"

"You said you took out some medicine to try to suppress the compulsion in your own body?"

"Heh, I'm afraid that the medicine you took out is for transferring the compulsions, right?"

Hearing these words, Qian Yong'an's face changed once again, his expression growing more and more embarrassed.

Lin Mo, however, ignored him and coldly continued, "You took Zhao Tianyuan and ran away because you knew that with your medical skills, you couldn't get the formed compulsions out at all."

"So, the only way for you to do that is to transfer the compulsion to someone else."

"You took Zhao Tianyuan to escape in order to let Zhao Tianyuan be the carrier to transfer the compulsion in your body into him and save your own life."

"When you were on the stone rock to mix the medicine and intended to transfer the compulsion, you were pushed off the rock by Zhao Tianyuan."

"As a result, Zhao Tianyuan used the medicine you had formulated to transfer the compulsion insects from his body to yours."

"That's why you ended up in this situation now, isn't it?"

Qian Yong'an's face turned iron blue as he gritted his teeth and said, "Hmph, yes, I lied to you, but so what?"

"Could it be that Zhao Tianyuan is the good guy?"

Lin Mo sneered, "Zhao Tianyuan is not a good person, and you are not a good person either."

"As a matter of fact, Compa's Zun, all three of you, are all birds of a feather."

"The three of you, each with your own selfish motives, don't trust each other, and it's only normal that you've come to this point."

Qian Yong'an's face was ugly to the extreme as he gritted his teeth and said, "Surnamed Lin, I don't need you to preach to me."

"Don't you want to go after Compa's Zun and Zhao Tianyuan?"

"Let me advise you, hurry up and go after them."

"The Compa's Zun has taken the complete Star Swallowing Gra's fruit away, he will definitely have to find a place to digest this Star Swallowing Gra's fruit."

"Once he gets Xie Xingbang's power, hmph, you'll be waiting to die you!"

Speaking of this, Qian Yongan suddenly remembered another matter and threw back his head and laughed, "However, it's not a bad thing if you die at the hands of Compa*s Zun."

"Anyway, both of you are my mortal enemies, it makes no difference to me who dies first and who dies second, hahaha"

"Lin Mo, the old man is not going to survive, I'm happy to think about it if I can make you two fight to the death!"

Lin Mo's face remained unchanged as he calmly said, "Where did Compose Zun and Zhao Tianyuan go?"

Qian Yong'an: "How do I know where Compulsion Venerable went?"

"At that time, I took Zhao Tianyuan and ran away, and Compulsion Djinn didn't chase after him, so I guess he's already left the mountain."

"Zhao Tianyuan ran along this direction, he just ran for less than half an hour."

"If you go after him now, you might still be able to catch up with him!"

Lin Mo looked at the direction Qian Yongan was pointing, but did not go after him, instead he sat down beside Qian Yongan.

To him, Zhao Tianyuan was instead not that important, the most crucial issue was the Compulsion Zun.

The fact that the Compa*s Zun had taken the complete Star Swallowing Gra*s fruit was one of the biggest hidden dangers.

He looked at Qian Yong'an and said in a deep voice, "Qian Yong'an, I still have a question."

Qian Yong'an was surprised, "What do you want to ask?"

Lin Mo took a deep breath and said in a deep voice, "The King of the North, Lin Xiao, you should remember, right?"

Hearing this, Qian Yong'an's face instantly changed.

He looked at Lin Mo with trepidation, and deep in his eyes, he even carried a hint of guilt and pain.

"More than ten years ago, the Northern Realm Lin family was exterminated overnight."

"This incident, who actually did it?"

Lin Mo asked in a deep voice.

Qian Yongan looked terrified and said in a trembling voice, "I I don't know, I I don't know ah"

Lin Mo said in a cold voice: "Qian Yongan, what are you afraid of?"

"You are already a man who is going to die, what is there that you don't dare to say about what happened back then?"

Qian Yongan froze for a moment, as if he remembered his situation, and there was suddenly an extra light in his eyes, as if he had finally made some kind of decision.

Chapter 1913

Qian Yongan did not directly answer Lin Mo's words, but looked up at Lin Mo and said in a trembling voice, "You want to ask about Lin Xiao, I can tell you."

"But, you have to answer a question for me first!"

Lin Mo's heart twitched, "What kind of question?"

Qian Yong'an stared at Lin Mo with a deadly stare, "What is your relationship with Lin Xiao, in the end?"

Lin Mo stared at Qian Yong'an for a moment and said softly, "Lin Xiao is my father!"

Hearing this, Qian Yongan couldn't help but shiver.

He looked at Lin Mo with wide eyes and an expression on his face that was both incredulous and tinged with a hint of relief and surprise.

After a long time, he finally spoke again, "I should have thought of that, I should have thought of that."

"I really didn't expect that he would have an heir left behind."

"The Lin family is not dead, the Lin family is not dead!"

Lin Mo looked at Qian Yong'an's expression and knew that he must have known quite a lot of the truth back then.

"How exactly was the Lin family destroyed?"

Lin Mo asked.

Qian Yong'an shook his head, "I don't know exactly how it was exterminated."

"However, it is said that the extermination of the Lin family seems to be related to an ancestral treasure of the Lin family."

"Moreover, there were many forces that wanted to exterminate the Lin family at that time, and it wasn't just a particular family or force."

"I only know that there was a very powerful person behind the scenes who was planning all this and eventually exterminated the Lin family."

"But, who exactly did it, I really don't know!"

Lin Mo frowned as he recalled the jade pendant he carried with him.

There was no doubt that the Lin family had been exterminated because of this jade pendant.

Lin Mo said in a deep voice, "You don't know?"

"Then what did you act as in this matter?"

Hearing these words, Qian Yongan couldn't help but sigh, "I I was just a minor minion in this matter."

"I was chosen from the very beginning and thrown in front of Lin Xiao, who saved me back."

"Then, I have been lurking in the Lin family, gathering some key information and pa*sing it on to the people outside."

Lin Mo immediately clenched his fist, he had long guessed that Qian Yong'an had something to do with the destruction of the Lin family.

But he didn't expect that Qian Yong'an was just a pawn in it, and could only be considered a secret agent.

There was no telling how many such spies had been placed in the Lin family.

In that case, the force that had destroyed the Lin family was really not simple!

"Who did you pa*s the information to at that time?"

Lin Mo asked in a deep voice.

Qian Yong'an shook his head, "I don't know exactly who that person was, he was always masked whenever he met me."

"He calls himself the Wooden Man and meets with a wooden token as his mark."

"Moreover, after the Lin family's affair ended, I have never seen him again."

Lin Mo's face was slightly cold, this Wooden Man, he was really cautious.

He had cultivated such a person as Qian Yong'an, and, when Qian Yong'an had grown to his current state, he had simply abandoned him.

This shows that this Wooden Man is really not an ordinary person.

"What does the wooden token look like?"

Lin Mo asked.

Qian Yong'an: "In my pocket, I still have half a wooden token hidden."

"Back then, after I left the Lin family, the Wooden Man asked me to destroy the wooden token."

"I I saved half of the wooden token"

Lin Mo immediately fished out the half wooden token from Qian Yongan's pocket.

It was a token carved from poplar wood, only palm-sized.

On top of the token, there was also a wooden character carved into it.

Other than that, there was nothing else special about it.

Moreover, because it had been left for too long, the wooden token had decayed quite a bit.

Lin Mo put the wooden token away, this wooden token, but it was a secret that involved the destruction of the Lin family!

"Back then, the Lin family's affair, was Compas's Dignity also involved in it?"

Lin Mo asked once again.

Chapter 1914

Qian Yong'an nodded dryly, "Definitely."

"Back then, Lin Xiao was the King of the Northern Realm and his strength was known to be unrivalled in the world."

"It is said that back then, Lin Xiao was already qualified to challenge Martial Emperor Xie Wenjia!"

"And among the Lin family, there were many talents and masters."

"At that time, the Lin family also had the qualifications to ask for the number one family in China!"

"Under those circumstances, if one wanted to destroy the Lin family overnight, how could one do so without using some means?"

"Back then, it was the Compulsion Zun who put a compulsion on the people of the Lin Family, which caused the vast majority of the Lin Family to lose their resistance and be wiped out overnight!"

Lin Mo's eyes instantly turned red.

Although he had guessed that the Compulsion Djinn was involved, he had never thought that it would be like this.

When he thought of the thousands of people in the Lin family being slaughtered overnight, Lin Mo could not hide the killing intent in his heart.

He clenched his fists and clenched his teeth as he viciously spat out two words, "Compulsion Zun!"

Qian Yong'an seemed to remember something and suddenly said, "Oh yes, the Wooden Man, he should be somewhat involved with the King of the Sea East, Nangong Jingliu."

Lin Mo's face changed, "How did you know that?"

Previously, when Lin Zhaohe talked about the Lin family, he had mentioned Nangong Jingliu, and the object of Lin Zhaohe's suspicion was Nangong Jingliu.

Qian Yong'an: "Once, Lin Xiao sent me to do something in Haidong."

"When I was there, meeting and liaising with Woodman, I encountered Nangong Jingliu's men."

"With one phone call from the Woodman, all of Nangong Jingliu's men, surprisingly, withdrew."

"So, I suspected that Woodman and Nangong Jingliu, there should be some kind of relationship!"

Lin Mo clenched his fists once again and nodded slowly, "King of the Sea East, Nangong Jingliu."

"Hmph, I'm going to meet you sooner or later!"

Qian Yong'an looked at Lin Mo, and among his eyes, guilt slowly filled them.

He sighed and said in a low voice, "Lin Mo, in fact, your father was really as kind to me as a mountain."

"I have also been filled with guilt about what happened to the Lin family back then."

"All these years, I have been in torment."

"I really didn't expect that there was a descendant of the Lin family who had survived."

"To see my benefactor's descendant alive, I I can finally feel at ease even if I die"

Lin Mo gave Qian Yongan a cold look, "Surnamed Qian, you don't need to talk such nonsense to me!"

"As I said, I can't save this life of yours."

"Moreover, with what you have done to our Lin family, even if I could save you, I would never do so!"

"So, you don't need to say these words to draw my sympathy either!"

Hearing Lin Mo's words, Qian Yongan could not help but let out a bitter smile, "Lin Mo, I know that you would never believe me."

"But, what I did in the Lin family back then, I couldn't help myself."

"When I entered the Lin family, I was sent there by someone."

"In the Lin family, I gathered a lot of information and passed it on to the Woodman."

"Later, I found out that your father was sincere in helping me and I I had thought about not working for the Woodman anymore."

"However, the Woodman threatened me that as long as I did not work for him, he would expose my identity and let me die without a trace."

"I was so scared that I had to continue working for him."

"All these years, I've really felt guilty in my heart."

"I didn't want you to forgive me, and I'm not asking for your forgiveness harshly."

"I just want to tell you that I'm happy to see that the Lin family has a successor!"

By the time he said this, blood had already started spurting out of Qian Yong'an's mouth.

However, he did not bother with the blood, but continued in a trembling voice: "The Compulsion Djinn is in Su Province, and there is also a nest"

"The location is right in Yunan City, in the small town of Jiuqu, to the northwest, with an exclusive little compound"

"It is highly likely that he will go will go there to hide"

Chapter 1915

Lin Mo: "You know the lair, how could he go into hiding?"

Qian Yongan waved his hand, "He he this nest, only I know"

"Moreover, it was me I found it by chance he didn't even know that I had found this nest"

"Besides, before before he put a compulsion on us, he was also injured by me and Zhao Tianyuan, he can't run far at all, he must be looking for a place to heal"

Lin Mo's heart moved slightly.

If the compulsion zun was really injured, then there was a real possibility that he would find a closer place to hide ah.

At this moment, Qian Yongan seemed to return to the light and fiercely grabbed Lin Mo's arm: "Lin Mo, I know that I have wronged your Lin family, I am saying this to you at last, and it is considered that I am atoning for my mistakes"

"I'm not asking you to forgive me, I just want to tell you"

"You you meet the compulsion daddy, you must be careful"

"You are Lin Xiao's only descendant, you you you can't die"

After saying these words, Qian Yongan's hands slowly dropped down.

This divine doctor Qian, who had once reigned supreme in Su Province, eventually paid a tragic price for what he had done, dying at the hands of his so-called own people.

Lin Mo looked at Qian Yong'an's corpse without a trace of pity on his face.

Even if this man repented of what he had done on his deathbed, Lin Mo would not forgive him.

The Lin family of the Northern Realm, over a thousand people, had died in one night.

This kind of blood feud, Lin Mo was not qualified to forgive anyone either!

He wiped out all the compulsions on Qian Yong'an's body, as well as the compulsions left around here.

Then, he called Tiger and gave him the directions, asking him to send someone here to bring Qian Yongan's body back.

This time, he not only had to settle the matter with the three companions, but also had to give an explanation to the Xie family.

Qian Yong'an's corpse would have to be brought back!

After arranging Qian Yong'an's affairs, Lin Mo immediately turned his direction and rushed to the direction Wu Xuan had taken.

According to Qian Yong'an's meaning, the companions should have left from the direction Wu Xuan had gone.

As for Zhao Tianyuan, this person was not very important right now.

The fruit of the Star Swallowing Gra*s was in Compa*s Zun's hands, so the most important thing now was Compa*s Zun, and the crisis of the Star Swallowing Gra*s had to be resolved first.

After contacting Wu Xuan, Lin Mo increased his speed and took more than three hours to finally run out of this mountain forest.

At that time, Wu Xuan had already left the mountain.

He stood by a road, looked around, and said in a deep voice, "The aura of the companions disappeared when they reached this vicinity."

"It looks like the compulsion daddy should have left here by car."

"I've contacted Tiger and asked them to pull up the surveillance in this vicinity and investigate the information of the pa*sing vehicles in this vicinity to look for any sign of the compulsion djinn."

Lin Mo looked at this empty highway, and his brows could not help but furrow.

This highway was no longer within the boundaries of Guangyang City.

Moreover, this area, because of its location being too remote, there were very few cars pa*sing by at night.

This highway is also a relatively old highway and there is very little surveillance on the road.

In addition, there are many side roads near this highway, and vehicles may pa*s through these side roads at any time and turn to other roads, which makes it even more difficult to track.

Therefore, trying to track down the companions here was extremely difficult and the workload was extremely heavy.

Lin Mo pondered for a while and said in a deep voice, "Let Tiger and the others first retrieve the surveillance here and track down the Companions."

"Brother Wu, the two of us will go to Su Province first!"

Wu Xuan was surprised, "What's the point of going to Su Province?"

"The compulsion daddy has escaped to Su Province?"

Lin Mo nodded, "It's a certain possibility."

"Anyway, we don't have any clue now, let's go to Su Province first, we might be able to get something!"

Chapter 1916

At two o'clock in the afternoon, a vehicle with a Yunan City licence plate drove into the small town of Jiuqu.

Two men got out of the car, wearing sun hats and holding a camera or something, looking as if they were visiting the area.

These two men were none other than Lin Mo and Mouse.

When he decided to come to Su Province, Lin Mo contacted Mouse and had him rush over as well.

Lin Mo didn't know if Zun Zong had returned, and he didn't dare to go investigate rashly.

Once he alerted the compulsion daddy and then scared this old fox away, then Lin Mo's trip would have been in vain.

Therefore, the best way was to bring the rat along with him.

This fellow, Rat, was himself a pickpocket by birth, and was also inconspicuous, so it would be most suitable for him to go ahead and take the lead and investigate the situation.

As for Wu Xuan, he had also arrived in the vicinity of this town and was hiding in the shadows.

As long as there was any news from Lin Mo's side, Wu Xuan would come over at the first opportunity.

In the afternoon, Mouse went out to spy first.

He packed himself up like a tourist and wandered around the town, stopping by the location Qian Yong'an had mentioned to check on the situation there.

As for Lin Mo, he stayed inside the hotel and sat down to practice his kung fu.

He had just taken a Barrier Breaking Pill and was slowly digesting the effects of the Pill.

After these few incidents, Lin Mo was increasingly finding that he was not strong enough.

He had to improve his strength as soon as possible, otherwise, if he met a strong person such as Xue Wu Master Nangong Jingliu, he would only be like a fish on a chopping board, at the mercy of others.

It was good that he now had an extra Wu Xuan by his side, who could help Lin Mo hold the scene.

However, after hearing Qian Yong'an's story about the extermination of the Lin family, Lin Mo knew that his enemies were terribly strong.

At the beginning, his father was called invincible in the world, but he still ended up dying a tragic death like that, not to mention his current strength.

After almost two hours, there were footsteps coming from the doorway.

Lin Mo opened his eyes, only to see the rat opening the door to his room and walking in.

As soon as Rat entered, he immediately whispered, "Brother Lin, there's a situation!"

Lin Mo immediately opened his eyes wide, "What about it?"

Mouse: "I went over there with the medicine you gave me as you ordered."

"When we got there, the medicine really did react."

A light immediately flashed in Lin Mo's eyes.

He had asked the rats to bring the medicines that could react with the parasites over there, just to see if there were any parasites around there.

And now, the drugs had reacted, so that meant that there were really compulsions in that area.

This, at least, could show that Qian Yong'an should not have lied to him.

That place was definitely one of the hiding places of the Compa*s Djinn.

It was just that just because there was a reaction to the medicine, it did not mean that the Compa*s Djinn had returned.

The fact that the companions had hidden there before, or that he had stored companions there, would cause the medicine to react.

"Has anyone in the vicinity been consulted?"

Lin Mo asked.

The rat shook his head, "Brother Lin, there's no way to consult."

"The area you are talking about is not just an exclusive small courtyard."

"Over there, it's a residential area, almost fifty or sixty families, each one an exclusive small courtyard."

"I went around there and couldn't be sure, at all, which small courtyard you were talking about, so I couldn't consult!"

Lin Mo couldn't help but frown.

He had originally thought that there was only one single courtyard in that vicinity, so it would be easy to pinpoint the target.

He hadn't expected that there would be so many exclusive small courtyards in that area, which would be troublesome.

If there were companions hidden inside the Companions' exclusive courtyard, the aura would permeate the entire area, making it impossible to tell which exclusive courtyard the Companions were hiding in.

Without being able to determine his location, it would be impossible to start investigating.

Once the wrong target is found and the companions notice it, it will scare the snake and cause the companions to escape, then it will be difficult to find him again.

Chapter 1917

Lin Mo pondered for a while and decided that it was better to find out the general situation of that area first.

He sent the rat out and asked him to inquire about the area from the people in the town.

At the same time, he also contacted Chen Baiyu and asked him to send someone to investigate the general situation of the residents in that area.

Lin Mo remained in the hotel, choosing not to show his face, trying not to alert the snake.

Chen Baiyu's side was quicker to get the news, after all, this was a place controlled by the ten major families in Suzhou Province.

The people living in this town were all ordinary people.

Through some official connections, he easily figured out the general situation of the occupants of those houses.

According to the information provided by Chen Baiyu, most of the houses in that area were inhabited, except for three that were unused.

These three houses were not unoccupied, but were bought by someone, but the owners were not at home most of the time.

Two of the houses are owned by people who work outside the home. The elderly members of the family used to live here, and when they died, the houses were left unused.

The other set, on the other hand, was bought by a person.

Only, this person rarely came here, maybe not even a few times a year.

Lin Mo laid this information out on the table and analysed all the occupants again.

By evening, the rat had also returned from outside.

"Brother Lin, I've found out the news!"

Mouse said excitedly.

"What news?"

Lin Mo immediately asked.

Mouse: "Those single houses over there, there are only three sets of houses, and no one lives in them on weekdays."

"Two of those sets, the people living in them are people born and raised in this town."

"Only one set, was bought by a foreigner."

"And this outsider, normally, may not even come over once a year."

Lin Mo: "I already know this information."

Mouse: "Huh?"

Lin Mo pointed to those information on the table, "Here, Chen Baiyu has already sent the information over."

Mouse picked up those information and flipped through them, and was instantly impressed, "This Yunan City, it's worthy of being Young Chen's turf."

"All this information, it was sent over so quickly!"

Rat finished, but then grinned, "However, there is a piece of news that Young Chen should not know, right?"

Lin Mo said curiously, "What news?"

The rat took a deep breath and said in a low voice, "I also found out that the foreigner who bought the sole courtyard came back this morning, without any warning!"

"Right now, he's living inside that single courtyard!"

Lin Mo's eyes widened immediately, "Really?"

The rat nodded, "It's true!"

"I even quietly went to the neighborhood to take a look."

"The lights in that solitary courtyard were on, and there were people living inside."

"However, according to the people nearby, after that person came back, he has been at home and hasn't come out."

A brilliant light immediately flashed in Lin Mo's eyes, this was something he hadn't expected.

So coincidentally, this person happened to return just this morning?

Mouse came over to Lin Mo's side, "Brother Lin, do you think that this person, could it be the compulsion djinn that you are looking for?"

Lin Mo shook his head slightly, "It's not easy to say."

Mouse was surprised, "Not easy to say?"

"It can't be?"

"According to the situation on this information, this is the only person that could be the compulsion daddy."

"Moreover, he just came back last night, this is also the right time, who else could it be if not him?"

Lin Mo didn't answer.

Although all the signs indicated that this person was most likely the Compulsion Djinn, Lin Mo always felt something was wrong somewhere in his heart.

Mouse, on the other hand, was leaping around with a look of eagerness, "Brother Lin, if this person is really the Compulsion Djinn, then we need to act quickly."

"If we're late and he senses that something is wrong and sneaks away again, then we'll have wasted this opportunity!"

Chapter 1918

Lin Mo was still a little hesitant and said in a deep voice, "This matter, I think it's a little too coincidental."

"It just so happens that we arrived here, and it just so happens that Compa*s Zun came over, and it just so happens that we found it, won't there be a problem here?"

"The compulsion daddy is also an old fox, he can't be so careless!"

Mouse scratched his head, "That may not be the case either!"

"Brother Lin, didn't you say that not many people know about this lair of his."

"That Qian Yong'an also discovered it unintentionally, and the compulsion daddy didn't know that Qian Yong'an had discovered this nest of his."

"Maybe, he still thought that no one knew about this nest of his, that's why he dared to come back like this!"

Lin Mo, on the other hand, shook his head, he still felt that something was wrong.

Just then, there was news coming from the tiger's side.

After a day of tossing and turning, they had finally determined the trajectory of Compa*s Zun's movements: he was coming in the direction of Yunan City!

When he heard this news, Lin Mo was surprised: the compulsion leader had really come to Yunan City? Was the owner of that solitary courtyard really the Compulsion Zun?

Could it be that Zun Zun really thought that this lair of his was so safe that no one could find him at all?

The news from Tiger came not long after Li Tiezui's side also came with a shocking news: Zhao Tianyuan had also arrived in Yunan City!

This second piece of news once again left Lin Mo at a loss.

After all, this place was his hidden lair, so it was normal for him to come here to hide.

However, what was Zhao Tianyuan doing in Yunan City?

Zhao Tianyuan had transferred the compulsion from his body to Qian Yong'an at that time to save his life, but he must have been injured quite badly too.

In such a situation, Zhao Tianyuan should have been looking for a place to hide and get better first.

However, he came to Yunan City under such circumstances, how much does this mean?

Could it be that Zhao Tianyuan also had a lair in Yunan City, and he intended to hide in this place?

If Compa*s Zun was an old fox, then this Zhao Tianyuan, too, was an absolute old fox.

Both of these people had come to Yunan City, so there was definitely something wrong here, ah.

Lin Mo pondered for a while and instead shook his head, "Mouse, tonight you stay in the hotel first, don't go anywhere."

Rat immediately said, "Brother Lin, are you planning to go and find Zun Zong personally?"

Lin Mo waved his hand, "Don't look for him tonight, observe first."

Mouse was bewildered, not knowing what Lin Mo was actually up to.

Lin Mo left the hotel and contacted Wu Xuan, asking him to come and meet him.

The two met up and Lin Mo told Wu Xuan about the situation over here in general.

Wu Xuan also frowned: "Both of these people are extremely cunning, we have to guard against them."

"Just as you said, keep an eye on that person first and don't act for now."

"If he really is a compulsion djinn, we just need to keep an eye on him, he won't be able to escape and we can make a move at any time."

Lin Mo nodded his head, this was also his idea.

Keep an eye on the other party first, so that he couldn't run away, and then observe what he actually wanted to do.

If we took a chance, once the other party wasn't a compulsion djinn and alerted the snake, it would be troublesome.

Lin Mo and Wu Xuan arrived at that area and each found a suitable location, hiding in the night and staring at the solitary courtyard in the distance.

The two of them stared at it for a few hours, but did not find anything.

At 3am, Lin Mo was sitting in meditation when the sound of Wu Xuan's soft tapping suddenly came through his earphones.

This was the code word Wu Xuan had set with Lin Mo in advance, if someone came, he would use his hand to tap the microphone gently to transmit the message.

Lin Mo's eyes immediately widened, while his entire body was alert, quietly looking around.

Someone was approaching, yet he didn't detect any traces or sounds, so it was clear that the other party was definitely not weak!

Chapter 1919

After looking around, Lin Mo did not see anyone.

However, he was still on high alert, because he knew that Wu Xuan's signal would definitely not be wrong.

He waited quietly for almost three minutes, but a man suddenly scurried over beside him.

Upon closer inspection, it was none other than Wu Xuan!

Wu Xuan made a silent gesture towards Lin Mo, then quietly slipped over to him and pointed towards the middle of the courtyard, gesturing for him to look over.

Lin Mo looked in the direction Wu Xuan pointed, but found no movement.

He couldn't help but look at Wu Xuan in surprise.

Wu Xuan shook his head and said in a low voice, "The flower bed on the left."

Lin Mo immediately looked towards the solitary courtyard, which had two flowerbeds, both of which were vibrant.

The flower beds were not very big, only thirty centimetres high.

There were quite a few flowers planted inside, so it was still fine for covering the trail.

Lin Mo stared at the left flower bed for a while and finally spotted the situation.

The moon was very full and bright tonight.

The moonlight shone on the courtyard wall, pulling out a long shadow.

And inside the shadow behind the flowerbed on the left, there was surprisingly a man in black hiding.

This man was not very tall, almost six metres tall.

Dressed all in black, with a black cloth over his face and a long, black cloth-wrapped object on his back.

He hid in the darkness and did not move, as if he had become one with it.

Moreover, the most amazing thing was that this man stood there as if he could merge with his surroundings, making it difficult for people to discover.

If Wu Xuan had not deliberately given Lin Mo guidance, he would not have been able to discover this person's existence.

Lin Mo was surprised: "When did this person arrive?"

Wu Xuan: "Just a moment ago."

"When I sent you the signal, he had just come running from outside."

Lin Mo's eyes widened, he had just been watching the surroundings vigilantly, but he hadn't noticed anything.

Moreover, he had also been keeping an eye on that solitary courtyard.

If this person had run in from outside, even if he was dressed in black like this, he wouldn't be able to escape Lin Mo's eyes.

However, this person had entered this courtyard right under Lin Mo's nose, and, hidden in that darkness, Lin Mo didn't even notice, what kind of strength was this?

"This person, is his strength that strong?"

Lin Mo couldn't help but ask.

He had to know that before, when Xie Qianshan and Xie Xingbang had entered the Wangjiang Garden, they had even been discovered by the girl who was hiding outside.

Xie Xingbang's strength was close to that of a minor sect master, and he had still been discovered.

This person, to enter the solitary courtyard with Lin Mo staring at him like this and still not be discovered by Lin Mo, what kind of strength did he have to have?

Wu Xuan shook his head, "That's not necessarily true."

"He's just extremely good at concealment and disguise, his true strength is not as good as Xie Xingbang's!"

Lin Mo couldn't help but breathe a sigh of relief, he had thought that a supreme expert had arrived. However, he quickly frowned again.

"How could such an expert come?"

Lin Mo wondered.

According to Qian Yong'an, he was the only one who knew about this nest of the Compulsion Zun.

Therefore, even if the Compulsion Djinn did escape back here, only Lin Mo would be able to find it ah.

However, now that Zhao Tianyuan had returned to Yunan City, such a mysterious expert had come here again.

Lin Mo felt more and more that he had made the most correct decision in not rushing into this solitary courtyard this time.

The situation here was definitely not as simple as it seemed.

He had to hide behind and figure out what exactly these people's identities were before he could determine what exactly to do.

Wu Xuan looked at the weapon the man was carrying, as if he was pondering something.

Eventually, he shook his head and said in a low voice, "Don't mind that much for now."

"As the saying goes, when clams and cranes fight, the fisherman will reap the benefits."

"Now it just so happens that the enemy is in the light and I am in the dark, so let's hide in the dark and let them fight for a while."

Chapter 1920

Lin Mo nodded, what Wu Xuan said was exactly what he had in mind.

"What is that thing this person is carrying?"

"Call it a sword, but, with a curvature."

"Call it a sword, but it's too thin, right?"

Lin Mo wondered.

Wu Xuan was also staring at the object and whispered, "It could be a Japanese sword."

Lin Mo's eyes immediately widened, "A Japanese sword!?"

The Japanese sword, a weapon commonly used by ninjas from the island, was indeed shaped like this.

The Japanese sword was narrow and long, quite a bit narrower than a normal sword, and it was indeed like this.

If this was really a Japanese sword, then a lot of things would be able to be figured out.

The most important aspect of ninja training is concealment.

A ninja can hide in any environment, blending in with the surroundings so that no one can notice.

And look at this man, that's what's happening to him!

Hiding in the shadows, almost blending in with his surroundings, so that the average person could not even notice unless they looked closely, was this not ninjutsu?

Lin Mo couldn't help but take a breath backwards, he suddenly remembered something and whispered, "This could this be the expert Zhao Tianyuan hired!?"

Previously, at the Times Hotel, Zhao Tianyuan had cast the island's ninjutsu to escape.

At that time, Lin Mo also suspected that Zhao Tianyuan had a relationship with the island ninja.

And now, Zhao Tianyuan happened to have returned to Yunan City, and here happened to be another strong person who knew ninjutsu, there couldn't be no connection between the two, right?

Wu Xuan nodded: "It should be."

Lin Mo: "You think so too?"

Wu Xuan waved his hand and pointed into the distance, "Because he's here too!"

Lin Mo looked in the direction that Zhao Tianyuan pointed, only to see a person running quickly over in the darkness in the distance.

This person, was none other than Zhao Tianyuan!

Immediately, Lin Mo's eyes widened!

Sure enough, Zhao Tianyuan had come prepared!

He had hired a ninja, and it looked like he was winning and felt certain that he would be able to take down Zun Zong, so he had returned to Yunan City.

Thinking about this, Lin Mo also finally understood what was really going on.

Before the incident with Wanchun Hall, Zhao Tianyuan had an extremely high status in Su Province, and could be considered to be in control of the entire province.

If Qian Yong'an was able to discover the nest of the compulsion dweller, then he might be able to discover it as well.

Therefore, he had specially invited an expert to come over this time, just to snatch the fruit of this Star Swallowing Gra*s in the hands of the Compa*s Djinn.

This incident also made Lin Mo further certain that there must be some kind of connection between Zhao Tianyuan and the island ninja.

Otherwise, how could he have invited a ninja expert so easily?

Zhao Tianyuan didn't notice that there were people around him, and seeing that he was also winning now, he didn't even pay attention to the situation around him.

He ran all the way to the outside of the courtyard and jumped into it.

Zhao Tianyuan's injuries had recovered considerably, and it looked like he had been treated by a famous doctor.

He walked inside the courtyard and waved his hand directly at the man in the darkness.

The man in the darkness also nodded at him, looking like he was signalling him to make a direct move.

Zhao Tianyuan immediately walked over to the window, jumped, and directly crashed through the window and rushed in.

Lin Mo immediately stared at him, Zhao Tianyuan was planning to rob him directly and hard, right?

However, Lin Mo didn't act either, he and Wu Xuan were staring at the solitary courtyard with dead eyes, watching the situation there.

It was still uncertain whether or not the person in the house was a compulsion djinn, so for Zhao Tianyuan to go in like this was to take the lead for them!

The two of them were far away, but they could also hear, a sound of fighting coming from inside the house.

This sound, in this quiet dark night, was particularly piercing, and immediately drew a lot of barking from the surrounding area, laced with some people's angry curses and so on.

The fight inside the house did not last long before a man ran out of the house in a panic.

Zhao Tianyuan followed behind and shouted, "That's him, don't let him get away!"
