

Genius 1921

Chapter 1921

From afar, Lin Mo and Wu Xuan's spirits immediately lifted!

The owner of this house was actually the Compa*s Zun!

The man in the darkness leapt out directly, and in the blink of an eye, he pounced in front of Compa*s Zun, waving his hand and striking him with a blow.

He rolled on the ground and dodged the blow, then jumped up and sprinkled a handful of white powder with his hand.

The ninja's reflexes were quite sharp. He did not dare to touch the white powder, so he immediately took a few steps back and jumped to the wall.

At the same time, he took out a black cloth from his body and shook it with force, blocking all the white powder in front of him.

Behind him, Zhao Tianyuan was even more direct, as he simply retreated inside the room and closed the door behind him.

The white powder was scattered all over the ground, and the two flowerbeds next to him were not spared, as all the plants were covered by the white powder.

After the white powder fell on them, the plants immediately began to wither at a speed visible to the naked eye.

Wu Xuan's eyes widened, "What kind of parasite is this?"

Lin Mo said in a deep voice, "This is not a compulsion, this is a compulsion poison."

"This kind of compulsion poison, once it lands on the body, it will corrode the skin and is extremely dangerous."

"However, this kind of compulsion poison is an indiscriminate attack, even the person using the compulsion poison cannot resist it, there is no antidote at all."

"Therefore, generally no one would use this kind of compulsion poison until it is time to fight for their lives!"

At this moment, Wu Xuan also saw that after Compa*s Zun had just scattered those white powders, he himself had also gotten some white powder on his body.

But wherever the skin was exposed, it also immediately started to fester.

He took out a dagger and quickly cut off the festering skin to stop the festering from spreading.

Then, he turned around and prepared to jump out.

However, the man in black was one step ahead of him and rushed directly to him.

The man in black had already drawn his Japanese sword and slashed at him with a head-on slash.

The man in black was really not weak, and the compatriot could not avoid it, so he could only put his arm up and block the blow.

With a single slash, he broke his left arm.

With a muffled grunt, he did not dare to run outside and turned around and jumped back inside.

The man in black quickly followed and rushed inside, while Zhao Tianyuan was also waiting inside the house.

There was a sound of melee from inside the house, and it was evident that the battle was fierce.

Wu Xuan looked at Lin Mo and said in a low voice, "Should we go over?"

Lin Mo shook his head, "Wait a moment."

"The Companions all have secret techniques to save their lives."

"When the dogs are desperate, they might use some kind of tactics."

Wu Xuan nodded and continued to stare.

The melee didn't last long before the sounds gradually stopped.

It was clear that Compa*s Zun was no match for those two people at all.

A single Zhao Tianyuan alone was enough to defeat him.

Together with that ninja expert, how could Compa*s Zun be able to fight them?

Lin Mo and Wu Xuan had gotten closer by now, and the two of them saw through the window that the ninja in black, had taken out a porcelain vase from Compose Zun's pocket.

The porcelain vial was opened and something red poured out from it.

Zhao Tianyuan said excitedly, "That's these!"

"The fruit of the Star Swallowing Gra*s was cut into nine pieces, and all of them are here."

"This old fox, he hasn't had time to eat it yet!"

A brilliant aura flashed in the ninja's eyes as he nodded in satisfaction and directly put the porcelain bottle into his pocket.

Just then, a roar of rage came from the companions on the ground, "No one will try to snatch away what is mine, give me death!"

After saying that, there was a sudden loud sound inside the room, as if something had exploded, and the whole room was instantly filled with white smoke.

Lin Mo and Wu Xuan stared at the same time, both of them planning to go down and grab it. Unexpectedly, something like this would happen!

It looked like the Companions had been prepared and made this trap of dying with people!

Chapter 1922

The white smoke inside the house quickly rushed up and instantly engulfed the three people inside the house.

Lin Mo and Wu Xuan only heard a scream coming from inside the house, and they were both startled.

If they had just followed them in, they would have fallen into the trap too.

There was so much white smoke, and they were not prepared at all, so what could happen?

The screams didn't last long when a man suddenly broke out of the window and quickly ran out of the house, none other than the ninja in black.

He was holding the porcelain vase, and when he ran out, his exposed hands and the skin of his forehead were rapidly decaying.

It was also because this man was quick enough to react and used his hands to cover his eyes in time, otherwise, even his eyes would probably have been corroded by this blow.

After rushing out, the ninja in black used his knife to cut off the decaying skin, and then turned around and ran away, not daring to stay for a moment.

"I'll go after him!"

Wu Xuan threw down a sentence and quickly chased after him.

Lin Mo, on the other hand, stayed behind as he made his way to the outside of the small courtyard.

With Compa*s Zun dead here, there was no telling how many compa*ses would run out.

Once the compulsions spread out in this vicinity, it would be troublesome.

Therefore, he had to seal off this area as soon as possible and get rid of these compulsions.

The first thing he did was to call Chen Baiyu and ask him to send someone over to arrange these things.

At this moment, quite a few people came out outside as well.

The commotion over here was too big, and the crowd was curious about what was going on over here.

"Everyone, don't come over, these things are highly poisonous, you'll die if you touch them!"

Lin Mo shouted at the crowd.

However, no one paid any attention to this, these people, they had never seen that anything highly poisonous either.

"What are you talking about?"

"What's so poisonous, who are you kidding?"

"What are you doing here, you sneaky b*****d? What are your intentions here? Are you trying to steal something here?"

One man shouted.

The others followed suit, and even, quite a few of them surrounded him aggressively, looking like they really thought Lin Mo was a thief.

Lin Mo was speechless and spoke up again to persuade him, but no one believed him.

At that moment, a dog happened to run over and stretched out its nose and sniffed the ground around the courtyard.

Suddenly, the dog let out a sad cry and scratched his nose with a pair of paws.

The people around were amazed, and the man from before was surprised: "Is this dog crazy?"

Lin Mo took a closer look and found that the dog's nose was festering, and it looked like it had gotten some white powder on it.

He hurriedly rushed over and stopped the crowd, saying in a deep voice, "See, this dog has just been dipped in those poisons and its nose is starting to rot!"

"Do you guys want to be like this dog?"

The crowd also saw at this moment that this dog's nose was festering.

This time, the crowd immediately panicked, the few people who originally rushed over, almost fled for their lives and retreated, no one dared to approach.

"This this is really highly poisonous?"

"Where did the poison come from?"

The man who yelled the loudest before, his mouth was trembling beyond recognition.

Lin Mo also ignored them, he cut off the festering flesh above the dog's nose, then took out the medicine and helped the dog put it on.

Throwing enough to one side, Lin Mo said in a deep voice, "Don't even go near this courtyard!"

"Otherwise, once poisoned, the skin will have to be cut off."

"Any of you who aren't afraid of pain can come over and try!"

The crowd around them moved even further away, no one was willing to get close at all.

Lin Mo walked into the courtyard, he had already used his clothes to cover his whole body tightly.

These white powders, as long as they didn't touch living things, nothing would happen.

The house was still filled with white smoke, and Lin Mo did not dare to go in.

He circled around the courtyard and finally came to the corner and saw the hand of the companions that had been severed.

Chapter 1923

This hand had already festered almost to the point where it looked bloody and extremely terrifying.

Lin Mo stared at the hand for a while, but his brows slowly furrowed.

Just then, there was a loud boom from inside the house.

Lin Mo ran over to take a look and found that it was the back window that had been smashed through and Zhao Tianyuan was stumbling and running away into the distance.

On the ground inside the house, the companions were lying on the ground, drenched in blood, their skin completely ulcerated, and with a knife stuck in their chests, they looked dead through and through.

Lin Mo looked at the body of the compulsion djinn and then at Zhao Tianyuan in the distance, but did not go after him.

He stood in the courtyard and waited for a while before Chen Baiyu rushed over with a large number of men.

“Control this area, especially this solitary courtyard, and do not allow anyone to approach!”

“Also, send someone to hunt down Zhao Tianyuan.”

“He’s badly injured and has very little strength left, he’s no longer a threat!”

Lin Mo commanded.

Chen Baiyu immediately nodded, “Alright, I’ll arrange for men right now!”

He waved his hand, and those who had followed him over immediately scattered in all directions, surrounding the area.

Chen Baiyu looked at the corpse on the ground and said in a low voice, “Brother Lin, is this the Companions?”

“This is so bloody, you can’t tell what it originally looked like either.”

Lin Mo did not speak, but bent down and squatted in front of the corpse.

The flesh on the corpse’s face had already festered for the most part, revealing the bones inside.

Lin Mo used a stick to pry his teeth apart and found that inside those teeth, there was still a piece of bloody flesh bitten into.

And this piece of blood and flesh was rather special, under the corrosion of such compulsion poison, this piece of blood and flesh, surprisingly, did not decay in the slightest, peculiar to the extreme.

“What is this thing?”

Chen Baiyu asked in amazement.

Lin Mo took the piece of blood and flesh off and looked at it carefully, “The blood and flesh of the undying compulsion!”

Chen Baiyu’s eyes widened, “Immortality compulsion?”

“Isn’t that the original life compulsion that the Compulsion Exalted used to protect his life!”

“In that case, this guy, is the Compulsion Djinn!”

“Brother Lin, that’s great, this old man has always been against you, this time he’s finally got what he deserves!”

Chen Baiyu said excitedly.

When he had followed Lin Mo and the others to find the Nine Leaves Fire Lotus, he had seen the power of Compulsion Zun’s Immortality Compulsion, so he naturally knew that the Immortality Compulsion was a sign of Compulsion Zun.

Lin Mo, however, did not feel the slightest bit of joy, and as he watched the people around him leave, he came over to Chen Baiyu and said in a low voice, “Send some more people to block off all the solitary courtyard areas here.”

“Don’t stop them from going in and out, but whoever goes out and whoever comes in must be remembered clearly!”

Chen Baiyu glanced at the corpses inside the house in surprise, “Brother Lin, this compulsion is dead, and Zhao Tianyuan has also run away, what are we doing blocking off such a large area?”

Lin Mo waved his hand and did not answer Chen Baiyu’s words.

Chen Baiyu didn’t dare to ask any more questions, so he immediately took his men out and started to arrange the second thing that Lin Mo had ordered.

Moreover, Chen Baiyu could see that Lin Mo attached extra importance to the second matter.

So, for this second matter, Chen Baiyu called in the group of people he trusted the most, and he himself sat down personally to keep an eye on the place and record the people who came in and out.

Lin Mo was in no hurry to leave, he immediately returned to the hotel, took out all the information Chen Baiyu had given him and read it again carefully from beginning to end.

The information clearly recorded the situation of the households in this area.

Not only did it show the number of people living in each house, but it also showed the details of these people.

After all, this was the information that Lin Mo personally requested, so Chen Baiyu naturally did his best to gather all the information.

The information showed all the circumstances of these households, including their a*sets, their work situation, and the lives and deaths of their family members, so it was extremely comprehensive.

Chapter 1924

When Lin Mo had looked at it before, he already knew that the single-family houses in this area were basically inhabited by native locals, and only three of them were sold to outsiders.

Among them were two households that had been skipped over by Lin Mo before.

This was because, the owners of these two households were usually working abroad and rarely came back.

Therefore, he only looked in that last set of single-family houses.

It also happened that, in that set of single-family houses, he came across what happened tonight.

Zhao Tianyuan had led a sneak attack, but he was almost dragged along by the companions to bury him when he put his life on the line.

This time, Lin Mo went through all the occupants' information from start to finish again.

Finally, his gaze, once again, was locked back on top of the three single-family houses.

The other households were all native to the area, and there were no problems with any of the information.

These three households were the only ones that were foreigners, and Lin Mo still had to investigate these three households.

The previous single-family house was left alone, the person inside had died and it was impossible to continue the investigation.

Lin Mo took out the information on the other two single-family houses and went through them carefully, but found nothing suspicious.

After pondering for a while, Lin Mo called Chen Baiyu and asked him to get the most recent information on these two homes.

Chen Baiyu was quite puzzled on his side, he couldn't understand why Lin Mo was still pestering here when the companions were dead.

However, since Lin Mo had instructed him to do so, he wouldn't ask why, and immediately arranged for someone to investigate the matter.

With Chen Baiyu's energy, in less than an hour's time, all the information on these two families was sent to Lin Mo.

The information showed the recent situation of these two families, including all their movements.

Chen Baiyu was standing next to him, and when he saw that Lin Mo had gone through the two pieces of information from beginning to end, he couldn't help but wonder, "Brother Lin, what's wrong with these two families?"

Lin Mo pondered for a moment and pointed at one of the documents, "This family, two months ago, came back once?"

Chen Baiyu nodded, "Yes."

"We also side-tracked the neighbours nearby, and they said that it seemed that the mistress of this household, whose father was paralysed, had been picked up by her."

“But the family was busy with work and there was really no way to take care of them at home, so they were sent to a nursing home and taken care of there.”

“They also came back just this once, after that, they never came back!”

Lin Mo nodded slowly, pondered for a moment, and said, “Take me to that nursing home to have a look.”

Chen Baiyu immediately nodded and drove his car directly in the direction of the nursing home with Lin Mo.

“Brother Lin, you suspect that there is something wrong with this nursing home?”

“Do you want me to arrange for manpower to surround this nursing home?”

Chen Baiyu enquired as he drove.

Lin Mo shook his head, “No need.”

“I just have some doubts and want to go over there to take a look.”

“If you go with more people, it will be easier to scare the snakes!”

Chen Baiyu was surprised: “Doubt about what?”

Lin Mo leaned back in his seat and said softly, “The person who died just now was not a compulsion djinn!”

Chen Baiyu was startled, his hands shook and he almost didn’t drive the car into the ditch.

He hastily clutched the steering wheel and looked at Lin Mo in shock, “Brother Lin, you are not kidding?”

“That person isn’t a compulsion zun?”

“How is that possible?”

“Doesn’t he have an undead compulsion in his mouth?”

“Besides, apart from the Compulsion Dignity, who can make such a big show?”

Lin Mo shook his head, “Just now, there were many people there, so I didn’t tell you.”

“But that person, is definitely not the Compulsion Zun!”

Chen Baiyu looked bewildered and said curiously while driving, “Brother Lin, how are you sure about that?”

Lin Mo did not say anything, at this moment, they had already arrived outside that nursing home.

Chapter 1925

When they were on the road just now, Chen Baiyu’s men had already passed over the information on the nursing home.

Lin Mo had already read the information on this nursing home.

It was a relatively small nursing home, with only a few dozen elderly people living inside.

It was in a remote location and few people came here, but it was a pretty good place to retire.

When the nursing home was still a mile away, Lin Mo asked Chen Baiyu to stop the car.

“Don’t go any further, it’s late at night and the headlights are close enough to alert the people inside.”

“I’ll go in first and check out the situation.”

“In ten minutes, if I don’t send you a message, contact Zhao Tianying and the others immediately and ask them to come and help me!”

Lin Mo said in a low voice.

Chen Baiyu looked at the retirement home and whispered, “Brother Lin, you suspect that the compulsion daddy is hiding in here?”

“Why don’t I call the Zhao Family Master and the others right now and ask them to hurry over to help you?”

“This old fox, Compulsion Zun, is also very strong, if you go in alone, you won’t be able to handle it if you run into it!”

Lin Mo waved his hand, “Compulsion Zun is an absolute old fox, this person has always been extremely cautious in what he does.”

“If he really decided to hide here, then he must have arranged everything in advance.”

“Perhaps, by now, his people are already keeping an eye on the major clans in Su Province.”

“As long as there is any movement in the various big clans, on his side, he would immediately choose to bolt, that would instead easily alert the snake.”

Chen Baiyu scratched his head, “But, I’ve already brought a large team to that area of the solitary courtyard.”

“If he has really arranged his men here outside, then he must have received the news!”

Lin Mo shook his head, “That’s not the same.”

“He’s hiding a double inside that solitary courtyard, just to cover his ears.”

“Although you brought a large number of men over, our attention was on that solitary courtyard, and he instead thought that this double had fooled us.”

“So, he won’t care if you bring people over.”

“However, if at this time, the top ten families in Su Province make any more big moves, then he will know that this double has been figured out by us, and will instead alert him!”

Chen Baiyu suddenly realized and nodded, “Brother Lin, it’s still you who’s thoughtful.”

Lin Mo said softly, "I have to make sure he's here first, and then you can call for help."

"If I guess wrong and he's not here, then it won't matter."

Chen Baiyu nodded vigorously, "Brother Lin, you must be safe then!"

Lin Mo nodded, he opened the car door and took advantage of the night, like an agile cheetah, and quietly slipped in the direction of the nursing home.

It didn't take long for Lin Mo to arrive outside the nursing home.

Lin Mo did not enter the nursing home directly, but first took out his medicine and tested the aura of the compulsions nearby.

As a result, he found that in the vicinity, there was not any compulsion insect scent at all.

This situation made Lin Mo a little surprised, could it be that he had guessed wrong and that the compulsion daddy was not hiding here?

Although he was puzzled, Lin Mo still slipped into the nursing home.

It was early in the morning and the people in the nursing home were already asleep.

There was no talk of security in such a shabby place.

Lin Mo walked silently through the nursing home and soon arrived at the room number provided by Chen Baiyu.

Inside this room was the father of the lady who lived in the single home.

According to the information, her father was paralysed, so he had been sent here.

Lin Mo stood at the door and first listened sideways, there was a slight snoring sound inside the room and it was evident that the person inside was sleeping.

The situation was as if an ordinary old man was asleep inside.

Lin Mo pondered for a while, but eventually pushed the door open and quietly walked in.

Chapter 1926

The room is dark and smells indescribably rotten.

The room was small and a mess.

There was a single bed in the middle, with an old man lying on it, breathing evenly and asleep.

Lin Mo walked over to the bed and stared at the old man on the bed.

The old man looked to be in his seventies, with a face full of wrinkles.

Because the caregiver had not taken good care of him, he looked very unkempt.

With a messy white beard and white hair, he looked like a vagrant.

Lin Mo stood by the bed and stared at it for a while before quietly exiting the room again.

Closing the door of the room behind him, Lin Mo immediately took out his mobile phone and sent a message to Chen Baiyu, asking him to call the people from the Ten Families to come over immediately.

However, after sending the message for a long time, there was no response from Chen Baiyu.

Lin Mo's face changed slightly and he immediately walked towards the other side of the corridor.

However, just two steps away, a black shadow suddenly leapt out from the side and came straight at Lin Mo.

Lin Mo was extremely responsive and quickly dodged the blow.

However, at that moment, several other black shadows attacked and killed him from other directions.

Lin Mo jumped out of the way of these people.

However, he was now forced back by these people and arrived at the door of the old man's room just now.

At this moment, the door of the room slowly opened, and the old man who was sleeping just now was standing in the doorway, looking at Lin Mo sorrowfully.

"Surname Lin, I really didn't expect that you would find out even though I was hiding so concealed!"

The old man opened his mouth to speak, and his voice was clearly none other than Compa's Zun's.

And at that moment, in the corridors on each side, dozens of people also came out, completely blocking the corridors on both sides.

Lin Mo looked at the people on both sides, and his brows furrowed tightly.

He looked at the old man and said in a deep voice, "Compulsion Zun, are these all your people?"

The old man, or rather the Compulsion Exalted, threw back his head and let out a wild laugh, "What do you think?"

"Surname Lin, I really didn't expect that you would find your way here!"

"However, since you're here, it's considered that you deserve to die!"

"Today, I'm going to completely eradicate you as a scourge!"

Lin Mo said in a cold voice, "With these people alone, do you think you can kill me?"

The Compa's Zun snorted, "Lin Mo, do you think that these people are all weak?"

"Or rather, do you think that I have not had a single close friend after decades of controlling Miaojiang?"

"That's right, I can't fight the Mother of Companions, so, I have no intention of fighting her at all!"

"After she grew up, I immediately had all my people leave Miaojiang."

"The ones you see now are all my trusted men in Miaojiang."

“They were also all trained by me, not very strong, but definitely not weak either!”

“Plus me, to kill you, do you think that’s enough?”

Lin Mo’s face became even colder, he could already tell that these people were by no means weak.

Not to mention these dozens of people together, even if he took out ten of them individually and surrounded Lin Mo alone, he would still find it difficult to deal with them!

Compulsion Zun was full of complacency as he walked slowly in front of Lin Mo and sneered, “What, still waiting for the people from the Ten Great Families of Su Province to help you?”

“Don’t dream about it!”

“That follower of yours, Chen Baiyu, has already been taken care of by us.”

“Now, no one at all knows about you coming here, so who can come and help you?”

Lin Mo’s face changed again, in fact, just now, when Chen Baiyu didn’t return the message, he knew that the situation was not right.

But to his surprise, these people had done such a desperate thing, they had even settled Chen Baiyu first.

Seeing Lin Mo’s expression, Comp*’s Zun was even more pleased with himself and laughed loudly, “What’s wrong, desperate?”

“Oh, desperate is right!”

“That’s what happens when you go against my Compulsion Dignity!”

“Come on, kill him!”

The men on both sides immediately flashed their weapons and came towards Lin Mo in an aggressive manner.

Chapter 1927

Seeing the people on both sides rushing towards him, Lin Mo immediately said loudly, “Compulsion Zun, don’t you want to know, how on earth did I find you?”

The Comp*’s Zun was slightly puzzled as he gave Lin Mo a deep look and waved his hand, signalling the others not to move.

“What, want to stall for time?”

“Fine, I’ll give you some time, let you live for a few more minutes.”

The compulsive djinn smiled smugly, “Come on, tell me, how on earth did you find out about me?”

“Do you know that I have been preparing this plan for over ten years.”

“In all the provinces of the country, I have such nests, just in case there is danger one day and I can use them to hide.”

"This time, I am also preparing for the possibility of encountering such a danger, so I deliberately exposed the nest to Qian Yong'an Zhao Tianyuan and the others in advance."

"I did this in order to lure people to come and find me, and then use this double to fake my death and help me get out of the way."

"My plan was seamless, how did you find out about it?"

Lin Mo: "Don't you think there's something wrong with your double?"

Compa's Zun frowned, "Impossible!"

"The double I arranged for is one I chose a long time ago, and regardless of his body shape and appearance, he is consistent with me."

"Moreover, I have cultivated him for so many years that he is almost indistinguishable from me, that is my second life."

"Even, I cut off half of my original life compulsion to him, just to confuse the world, and even used the compulsion poison to corrupt him, so that you can't even see his appearance clearly, how did you find out that he wasn't mine?"

Lin Mo observed the surroundings while saying in a cold voice, "Do you think that the double you found really doesn't have a single flaw?"

"Hmph, Compa's Zun, think carefully, did you miss something yourself?"

The Companions frowned and pondered for a while, "What have I missed?"

"That person, I've been cultivating for so many years, just to deliver death for me."

"I have rehearsed this kind of thing countless times, just in case there would be such a day."

"By using him to bring me to my death, I can go on living in gold and in another capacity."

"What did I miss?"

Lin Mo said in a cold voice, "You also said earlier that you had cultivated it for many years, didn't you?"

The Companions nodded, "Yes, what's wrong with that?"

"Seventeen years ago, I started cultivating this person."

"In seventeen years, I've already achieved perfection, so how can there be any flaws?"

Lin Mo laughed coldly, "Time, is the biggest crack!"

Compa's Zun froze for a moment, "What do you mean?"

Lin Mo: "Compulsion Zun, have you forgotten what it was like when you left Miaojiang?"

The Compa's Venerable froze for a while, and his face suddenly changed.

Seeing Compa's Zun's expression, Lin Mo then sneered, "What, did you think of that too?"

“Compulsion Zun, don’t forget that your original compulsion is the Immortality Compulsion.”

“At the time you left Miaojiang, your appearance, was that of a middle-aged man.”

“Seventeen years ago, you also looked like this.”

“For so many years, you, the double, have been cultivated in your middle-aged appearance.”

“But now, you are a dying old man.”

“Your skin is already wrinkled like this, yet, that double’s skin, is still middle-aged looking, that’s the biggest flaw!”

This was something that Lin Mo had already discovered when he was in the courtyard before and saw that double’s broken hand.

Therefore, at that time, he had concluded that the person inside was not Compulsion Zun, which was why all these things had followed.

Compulsion Zun’s face instantly turned ugly to the extreme as he stared at Lin Mo with a deadly stare and gritted his teeth, “Surnamed Lin, you are indeed too resourceful!”

“I didn’t expect that such a seamless plan of mine would still be seen through by you.”

“It looks like I really underestimated you before!”

Chapter 1928

Lin Mo laughed disdainfully, “Seamless?”

“Heh, Compulsion Zun, you’re not the kind of person who would be willing to die with someone at all!”

“For you to do something like that, that in itself is out of line!”

Compulsion Zun gritted his teeth and said indignantly, “Then how did you know that I was hiding in this retirement home?”

Lin Mo: “As the saying goes, a cunning rabbit has three caves.”

“The solitary home where that double of yours lives is just too obvious, which is not in line with your cunning character as a person.”

“Although it is said that there are three caves for cunning rabbits, these three nests are not too far apart, otherwise it would be difficult to control many things.”

“So, I suspect you must have another hideout nearby.”

“When I was investigating those information, I happened to find that one of the families, came back two months ago.”

“And two months ago is when you started running around.”

“So I suspect that at that time, you started to work on the plan of a double, and that family was part of your plan.”

"I also came to this nursing home to have a look around with the intention of trying it out."

"I only brought Chen Baiyu with me, and that was because I wasn't sure if it was you or not and didn't want to alert the snake!"

Compose Zun's face became even more embarrassed, he didn't expect that Lin Mo would be so meticulous in his actions.

"Then how did you find out that I was Compa*s Zun?"

"Just now, you stood next to me for such a long time, and I didn't reveal a flaw!"

"Moreover, in order to hide completely, I discarded all the companions I had with me."

"Including the compulsions on their bodies, they were all disposed of as well."

"There isn't even a hint of compulsions here, how on earth did you determine my identity?"

The compulsion zun asked in a deep voice.

Lin Mo laughed coldly, "Compulsion Zun, don't forget that I'm still most skilled in the art of medicine."

"According to the information I got, this old man is paralyzed due to a brain hemorrhage."

"Just now, although you were sleeping naturally, however, the breathing rate of a brain haemorrhage patient is not like that at all!"

Compose Zun almost didn't vomit blood, he thought he had done every step seamlessly.

He had put everything in place, even ruthlessly disposing of all of his own people's compulsions to ensure that there was not the slightest whiff of compulsions inside this nursing home.

Moreover, he had placed a paralysed old man in this nursing home two months in advance, and had started preparing this golden plan a long time ago.

In his anticipation, that double, would have been able to fool everyone.

Even if someone found out that the situation was wrong, he might not be able to find the nursing home.

And even if he found the nursing home, no one would be able to tell if he was pretending to be this paralysed old man.

But he could never have dreamed that everything he had done was flawed in Lin Mo's eyes!

Just now he had pretended to be asleep in bed and thought he had fooled Lin Mo.

Who knew that Lin Mo had not left at all after he walked out of the room.

It was fortunate that Compa*s Zun was alert, as he noticed that the situation was not right, he immediately sent out a secret signal and had his men surround Lin Mo.

If he hadn't been decisive enough at that moment, once Lin Mo had sent out the message, it would have been dangerous!

Thinking of this, Compa*s Zun was also pleased with himself for a moment.

“Surnamed Lin, you are indeed too resourceful.”

“Only, the smarter you are, the faster you die.”

“No one else could find this place, but you found it instead... Do you think that this is a case of your haste backfiring on your wits?”

“Hahahaha

The compulsion zun threw back his head in triumph and laughed, as if he had everything under control.

Lin Mo’s expression was calm as he looked at Compa*s Zun and said softly, “Compa*s Zun, do you really think that I’m telling you so much because I’m stalling for time to wait for someone to save me?”

“Heh, a man of his age, why is he still so naive?”

Chapter 1929

The compulsion zun couldn’t help but stare at Lin Mo with wide eyes, “What do you mean?”

Immediately, he sensed that something was wrong and hurriedly shouted, “What are you waiting for? Hurry up and take him down for me!”

The men on both sides were just about to rush forward, but who knew that the front few, one after another, would fall to the ground, weak and unable to get up after struggling several times.

Those at the back, although they hadn’t fallen yet, were also weak at the moment, and could only stand up by holding on to the wall.

Seeing such a situation, Compa*s Zun’s face changed again and he exclaimed, “Surnamed Lin, what on earth have you done?”

Lin Mo smiled faintly and held up a bottle in his hand, “Poisoning!”

“Aren’t you guys the best at planting parasites and poisoning?”

“Can’t you still see what I’ve actually done?”

Compulsion Zun’s face changed again as he stared at the bottle in Lin Mo’s hand with wide eyes, “What kind of poison are you you?”

“Why don’t I notice it at all?”

Lin Mo slowly said, “Technically speaking, this is not a poison, but a medicine that can cure diseases.”

“This medicine, which is in the form of a gas, is colourless and tasteless, so ordinary people cannot detect it at all.”

“Coupled with the fact that there is no toxicity whatsoever, so even if you, the Companions, are able to discern all the poisons in the world, you are still unable to detect this non-poisonous gas.”

The compulsion daddy said in a deep voice, “You are nonsense!”

“Without any toxicity, then how could they be in such a situation now?”

“How did they all fall down?”

Lin Mo laughed lightly, “This medicine, to others, is without any toxicity, but to you, it’s different.”

“Because, this is a medicine left over from a long time ago to expel compulsions, and I prepared it specifically for your compulsion people!”

The compulsion djinn could not help but frown: “A medicine to repel compulsions?”

“We’ve all disposed of the compulsions we had with us, and now we don’t even have any compulsions with us, how can you repel them with this medicine?”

Lin Mo: “Although you don’t have any compulsions with you, however, you have practiced compulsions for so many years that you have already fused with them yourselves.”

“Therefore, this medicine, for you guys, is also considered a poison!”

“Only, you don’t have any compulsions in your bodies, so if you want this drug to work, you have to absorb enough of it to make it work.”

“I’ve been talking to you for so long, do you really think I’m waiting for help?”

“Heh, from the very beginning, I was just releasing the poison, just stalling for time, waiting for you to absorb as much of this medicine as possible!”

The compulsion zun finally understood what was going on, and his face turned extremely ugly as he looked at the crowd of people falling on the ground on either side.

He had just thought that he had everything won, so he hadn’t put Lin Mo in his sights, and had made a point of talking to him for half a day.

In his opinion, it was useless for Lin Mo to delay for any amount of time, as no one would be able to find this place at all.

But he did not expect that his carelessness would lead to such a mess.

He clenched his teeth and said angrily, “Surnamed Lin, you are really sinister!”

“But, do you think that this little trick can deal with me?”

“Do you really think that this is all I have?”

“Heh, this is my hideout, how can I not be sure of everything?”

With that, he violently threw a walkie-talkie in his hand onto the ground and shouted angrily, “Everyone get in, kill him for me!”

Lin Mo’s face changed as he turned his head to look, only to see a dozen more people running over from the corridors on either side.

The strength situation of these dozen people was similar to the strength of those people before.

These people, by the looks of it, should be the ones sent outside by the Companions, to defend the outside.

One of them was still holding onto Chen Baiyu, and after rushing in, he directly threw Chen Baiyu to the side and also ran towards Lin Mo in an aggressive manner.

Chapter 1930

Seeing these people come in, the compulsion djinn couldn't help but throw back his head and laugh, "Surnamed Lin, now, I'll see how you die!"

"Hey, listen up guys, this Lin surname has poisoned the air inside."

"Open the windows for air, don't get poisoned."

Hearing these words, the crowd rushed inside and opened those windows.

The night breeze blew in, and the air in here was instantly refreshed.

Lin Mo's face changed.

This drug of his, although it was effective, had to be in extremely high concentrations to be useful.

Now, after the window was opened, the drug would quickly be blown away by the wind and would not work at all.

For his part, Compa*s Zun was full of smugness as he too rushed directly towards Lin Mo, sneering, "Surnamed Lin, this drug of yours, it's useless against me too!"

"My power is still there, do you think you have any hope of surviving?"

After fending off a few punches from the compulsion zun, Lin Mo quickly backed away to avoid it.

His brow furrowed tightly.

This drug was, indeed, very effective for ordinary companions.

However, this drug, could not dispel that powerful kind of compulsion.

Within the Miao Frontier, there were a dozen extremely powerful compulsions, that this medicine simply could not suppress.

And Zun Zun's Immortality Compulsion is one of them.

Therefore, this medicine was effective for other people, but it had no effect at all on the Compulsion Djinn.

With Compulsion Zun's strength still present and a dozen people staring intently at him, Lin Mo's situation became even more dangerous.

At this moment, people from both sides also rushed over, surrounded Lin Mo in the middle and began to surround him.

The compulsion leader even took the lead, rushing ahead and attacking with all his might, desperate to kill Lin Mo on the spot!

Under such circumstances, Lin Mo was beaten to his left and right, and his situation was extremely critical.

Suddenly, he seized the opportunity and rushed into one of the rooms.

Immediately, Compa*s Zun rushed in after him, “Trying to run? Dream on!”

The Compa*s Djinn quickly wrapped around Lin Mo, and the other few people all quickly guarded the exit of this room to prevent Lin Mo from escaping.

Lin Mo broke out a few times, but was stopped by these people.

The compulsion leader was smug, “Lin, still want to fight like a trapped beast?”

“I advise you to suffer death honestly, you won’t be able to escape!”

Lin Mo sneered, suddenly flipped over and threw a dagger out with his hand.

The man standing behind him was unable to react and was directly pierced through the neck by the dagger, falling to his death on the spot.

When the others saw this, they were all startled and their eyes became even more alert.

The companions were greatly annoyed: “Everyone be careful, don’t get hurt by his concealed weapon!”

“Surnamed Lin, just keep bouncing around.”

“When I catch you later, I will definitely use the most painful method to make your life worse than death!”

Lin Mo didn’t say a word, he just fought these people with all his might.

Occasionally, he struck out, throwing a concealed weapon or something like that, injuring two more people.

However, these people were also more alert now.

Whenever Lin Mo threw his hand, they would quickly avoid it and did not even try to receive Lin Mo’s concealed weapons.

Suddenly, Lin Mo flung his hand again and a black object flew out of his hand and smashed straight at a man behind him.

That man had been watching Lin Mo’s hand for a long time, and when he saw that something was wrong, he immediately rolled on the ground and hurriedly dodged the object.

The companions behind him had a cold look on their faces as he realised that something was not right.

The object that Lin Mo had thrown was not towards that person at all, but towards the window.

In other words, Lin Mo was simply going to throw this thing outside the window, what the hell was he trying to do?

“Hurry up and stop that thing!”

The Compa*s Zun hurriedly shouted.

However, it was already too late at this point.

After that thing landed on the ground outside, it made a direct booming sound.

Immediately afterwards, a fire light shot up into the sky, as if a firework had exploded and lit up the sky.
