[Chapter 1921 World Of Divine Incriptions!](#)

Sitting cross-legged in the divine inscription formation, ye Chen's mind and body entered a state of comprehension.

This was a long process. Ye chen gradually lost the concept of time but he found that it was difficult for him to enter the world of the divine inscriptions.

"Why is the power of the divine inscriptions rejecting my comprehension?"

Ye chen gradually discovered this problem. This was the key to everything.

Once he was unable to fully immerse himself within the world of divine inscriptions, then it would be equivalent to being in two separate worlds where there was no communication. To comprehend such a complex and superior divine inscription barrier was practically impossible.

The mysterious man sat on the Lotus platform and looked at ye Chen's position.

"How many surprises can you give me? This is your chance, so why can't it be my chance?"

The mysterious man seemed to be looking forward to ye chen but his gloomy face seemed to be saying that he had gone through countless failures and the person before him was just one of them.

The two of them entered a state of meditation at the same time, and the mysterious man entered a state of enlightenment at the same time.

In ye Chen's consciousness, everything was so confused and chaotic. It was as if he had entered the void universe but could not find any light. The seemingly bright Starlight was so far away.

"I'm a heavenly Emperor, how can you trap me with such a question?"

Ye Chen's eyes glowed with Starlight as if he could see through everything.

"Ah!"

If one wanted to comprehend the runic barrier, the only way was to break through the limits of one's mental fortitude. Ordinary methods were simply impossible.

"If that's the case, then let me enter the same form as you!"

Ye chen had relied on his ancient God power to release the celestial Emperor's Secret technique. He had actually turned his primordial spirit into energy form and entered the divine pattern formation.

"Boom boom boom!"

Within the Shen glyph boundary, countless powerful lightning, explosions, tearing, all sorts of unimaginable terror were happening.

"What?"

Once ye chen entered, he was instantly in danger.

Zila, Zila, Zila!

The world of divine runes sensed ye Chen's invasion and instantly triggered the divine runic lightning, blasting it at ye chen.

"Zi Zi Zi!"

Ye Chen's figure disappeared in an instant and reappeared elsewhere. The place where he had been was completely shattered.

After entering the world of the divine runes, ye chen activated his fiery golden eyes and observed his surroundings.

All sorts of information entered his mind. At the same time, he activated his mind void and began to analyze.

Within the world of divine patterns, this information was much clearer and much easier to understand.

In addition to ye Chen's heavenly Emperor tier comprehension ability, all kinds of divine patterns entered his mind, evolved, and reassembled. Soon, not only did he comprehend many of the profound divine patterns, but he could also rely on his own strength to reassemble these divine patterns into a new way of operation.

Zila, Zila, Zila!

In the void, the divine lightning struck again.

"Ha, then come!"

With a wave of ye Chen's hand, the divine pattern was released. A violent wind blew, and the world changed.

"Boom boom boom!"

Under the powerful counterattack of the divine pattern Hurricane, the divine lightning dissipated one after another, unable to harm ye chen in the slightest.

"I see!"

Ye chen smiled. He stood up and stood in the world of divine inscriptions. He no longer had any restraints and had become the master of this world.

With a wave of his hand, countless divine patterns started to gather around his body, being absorbed and refined.

"Zi Zi Zi!"

The celestial Thearch sword's spirit appeared in his hand. Following that, divine patterns were attached to it. With the addition of divine power, the celestial Thearch sword broke through its limits and evolved once again.

"Celestial Thearch sword Astral Slash!"

The entire divine pattern formation shattered.

"What?"

The mysterious man opened his eyes and looked in ye Chen's direction in disbelief.

"How is this possible? it took me an entire month to break through this formation, but he only used two hours?"

His eyes widened as he watched ye chen get up.

"You!"

"What do you think? your divine inscription formation doesn't seem to be much!"

Hearing this, the mysterious man's expression turned sullen but he did not flare up. His purpose was not to make ye chen an enemy. In fact, it was a good thing for him that ye chen had broken the divine inscription formation so quickly.

"Hahaha, very good, very good!"

"Oh?"

Ye chen was happy that his own formation had been broken. This made ye chen confused about the situation of the person in front of him.

"However, this ... Is only the beginning!"

"What do you mean?"

Seeing the mysterious man's strange smile, ye chen felt that the situation might not be as good as he had imagined. In fact, it might even be worse.

"I mean, continue!"

The mysterious man's eyes turned cold. Instantly, a second-level divine inscription formation was activated around ye chen.

"Zi Zi Zi!"

Ye chen wanted to withdraw from the formation but he could not. The divine pattern covered the area too quickly and was formed by the convergence of super-strong divine energy. It was almost impossible to rely on psionic power or Pandora demon ability to break through directly.

"Slash!"

In the face of such a complicated situation, ye Chen's mind was also racing. He immediately thought of using the divine inscription sword technique from before to break through the current predicament.

However, he had still miscalculated. The opponent was using the power of a second-level divine inscription, while he was only using a first-level divine inscription. There was no way he could defend against it.

"Zi Zi Zi!"

Soon, ye chen was once again trapped in the formation.

"Hahaha!"

In the outside world, the mysterious man laughed heartily, as though he was clapping and cheering for his own divine inscription formation.

Once again, ye chen was trapped in the runic trapping formation. He used the same trick, his primordial spirit turning into an energy body and entering the runic world.

This time around, within the world of second-ranked divine inscriptions, a resplendent golden light flashed.

Here, ye chen felt as if he had entered a golden castle. Everything here was made of gold. This was a world of gold.

Ye Chen's sword-finger condensed Qi, supplemented with the power of the divine pattern, and pointed at the high wall.

"Swish!"

The sword Qi rushed out and pierced the high wall.

"Zi Zi Zi!"

However, the sword Qi didn't react at all. It sank into the wall, as if it was being absorbed by the wall.

Ye chen understood that the world before him was completely different from before. It was more complicated and more difficult.

"Divine inscriptions forge everything. This is the law of creation. Ye chen, can you comprehend the true meaning within?"

The mysterious man's golden face appeared on the high wall, revealing a mocking smile.

"Don't be too proud. These are not worth mentioning in my eyes!"

"Everyone knows how to boast. What I need is the result. This is a test that belongs to you. You have no choice!"

"Ha, I don't want to see your face!"

Ye chen sneered. The celestial Thearch sword spirit reappeared and slashed out. With the support of the powerful ancient God Power, the Golden Mask on the high wall was shattered on the spot.

In the outside world, the mysterious man's spirit was intimidated by the ancient God Power and he revealed a shocked expression.

p "How is this possible? his sword Qi can actually hurt my mind!"

The mysterious man began to reevaluate ye chen.

In the Golden World, this sword attack made ye chen realize that even in this world of divine inscriptions, the ancient God Power was still effective!

[Chapter 1922 1926-Revenge!](#)

The world of divine patterns this time was a hundred times more complicated than the previous one, and its attack power had also increased.

"So this was all your scheme? what do you want to do? what is the purpose of testing me like this?"

Faced with the mysterious man's repeated tests, ye chen fell into deep thought.

He transformed into his energy form and used a level-one divine imprint to disguise himself, causing himself to fall into a state of balance. Only by fusing with this world would he be able to avoid being attacked.

"He's so eager to test me. There's definitely something fishy behind this!"

Ye chen was certain that the mysterious man before him was on some kind of mission. Perhaps it was to test those who entered the divine inscription barrier.

If it was really as the mysterious man had said, that the test was endless and this was only the beginning, then things would be troublesome.

When ye chen entered the divine inscription barrier, the eight-gate divine disc was still operating on the outside. Something unexpected had happened. Would he never be able to leave this world?

All kinds of dangers appeared before ye chen. Even someone as arrogant as him had to deal with them carefully.

"What's the use of thinking about it? it's better to break the formation directly!"

Ye Chen's eyes widened as he circulated his ancient God Power in his hands.

"Zi Zi Zi!"

At the same time, he activated his level one divine inscription, adding to the power of his ancient God Power.

Soon, ye chen realized that these divine patterns 'augmentation on ancient God Power was far beyond ordinary psionic power. This meant that these divine patterns must have some close connection with ancient God Power.

"Celestial Thearch sword!"

Ye chen pointed his sword to the sky and the celestial Thearch sword spirit reappeared, surrounded by sword Qi.

"Ah!"

At the same time, he let out a roar, and the shadow of an ancient God appeared behind him.

"Collect!"

Ye chen immediately absorbed the power of the surrounding divine patterns and entered the ancient God Space.

Surrounded by the ancient God Power, these divine patterns were restricted and could not cause any damage. This was a good opportunity for ye chen to study them.

With his previous experience in cultivating ancient God Power, ye chen had a new understanding of these divine patterns.

In the outside world, the mysterious man continued to observe ye Chen's progress in breaking the formation.

He was the one who had created the divine inscription trapping array. Naturally, he could control ye Chen's state within it.

"His primordial spirit actually entered the formation. Interesting!"

He kept pacing on the ground, hoping that ye chen would quickly break the formation because he had to release all the tests as soon as possible. Only then would he have a chance of leaving this place.

"This world is too annoying. I've been trapped here for too long."

In this long period of time, the mysterious man had continuously comprehended the power of Shen glyphs and raised his own strength.

Although his strength had risen significantly, and his comprehension of divine inscriptions had also improved, he was currently unable to comprehend any new divine inscriptions for the next hundred years. Third-ranked divine inscriptions were his limit.

"Are you really going to promise me that as long as he can break through to the 3rd-level, you'll let me leave?"

Suddenly, the mysterious man shouted at the ancient tree in the distance.

Gu Mu didn't respond, which made the mysterious man even more annoyed.

"You're not lying to me, right?"

He ran to the front of the ancient tree and looked at it coldly.

"Zi Zi Zi!"

All of a sudden, divine runes and golden characters appeared in front of the ancient tree.

As long as he breaks the Tier 3 formation, you can leave!"

"Hahaha!"

The mysterious man suddenly laughed. He had finally gotten the answer. As long as ye chen could break the third-level divine inscription formation, he would be free.

"Very good, very good!"

He flew up to the sky and laughed out loud to celebrate his freedom.

"Something's wrong!"

Suddenly, a thought flashed through his mind.

"Although this man has outstanding talent, I only succeeded in creating this 3rd-level divine inscription formation after a hundred years of comprehension. How could he succeed today?"

When he thought of this, he finally realized how naive he had been. It was impossible for ye chen to comprehend a third-rank divine inscription formation in a day. This was absolutely impossible.

He suddenly turned back to look at Gu Mu and said angrily, ""You're toying with me. You know that it's impossible for him to comprehend a third-ranked divine inscription in such a short period of time. In fact, he might not be able to comprehend it in his entire life. You want to kill him and then continue to trap me here, right?"

Gu Mu didn't respond to such complaints. A cold breeze blew by.

"How hateful!"

That person flew down from the nine Heavens and suddenly punched the ground.

"Boom boom boom!"

Dust and dirt flew everywhere, and the mountain rocks crumbled. The violent force was unstoppable.

His strong foundation was undisputable. However, in this world of divine inscriptions, he was as weak as an ant.

"I'm already a cultivator who has completed the Tribulation stage, why am I still trapped here?"

The mysterious man shouted angrily. Then, he kept releasing great divine arts, aiming at the sky, trying to break out of the sky!

However, all of this was just an illusion. There was no such possibility!

He could only helplessly look at the divine inscription formation. His only hope was still on ye chen.

"Profound heavenly Sacred Emperor, it's up to you. You were a Celestial Emperor before!"

Gu Mu was the one who told him all this, but to the mysterious man, it was all a trick. If this man was really the heavenly Emperor, how could he fall here and be unable to escape?

The painful thought almost made the mysterious man collapse.

"Boom boom boom!"

At this moment, the earth suddenly trembled and the space shattered. Ye chen flew out.

"No, that's impossible!"

The mysterious man shook his head as he watched the second level divine inscription formation that he had painstakingly comprehended being broken so easily. Ye Chen's speed was too exaggerated. Was this the difference in talent?

"The formation has been broken. Now, tell me the way to leave!"

Ye chen asked the mysterious man coldly.

"Ah? Hahaha!"

In the face of ye Chen's question, the mysterious man laughed a few times and did not seem to mind at all.

"It's still too early for you to leave. If you can break my ultimate divine inscription formation, I might be able to help you!"

"Where is your ultimate divine inscription formation?"

"Hmph, you should first learn to respect me!"

"What?"

Ye chen did not want to waste any more time but the person before him was wasting his time.

"If you help me leave, I'll consider it!"

"Consider? Don't you think too highly of yourself? you deserve to die!"

The mysterious man's distress had caused his mental state to mutate. Ye chen was so arrogant that he had even broken the divine inscription formation that he had spent decades or even centuries to comprehend. His pride had been severely hurt and he wanted revenge.

"Kill!"

The mysterious man shouted, and a divine weapon in the shape of a spear appeared in his hand. He went straight for ye chen.

"Oh?"

Ye chen sneered slightly. His body moved in a flash, striking first.

"Swish!"

The divine weapons of both sides clashed, sending sparks flying everywhere.

"Ha, kid, if you're really the profound heavenly Sacred Emperor, let me see what you're really capable of!"

"What?"

When ye chen heard this, he finally understood that the person before him did not know his identity at all. He might have heard it through other channels. Even he himself could not believe this fact.

[Chapter 1923 1927-Reversal!](#)

"Kill!"

The mysterious person's eyes were filled with killing intent as he spat out a divine pattern. Instantly, the surrounding space fell into an illusionary color.

"What?"

In the face of such a mysterious divine pattern, ye chen stood alone on the spot, using stillness to suppress movement.

"Whoosh, whoosh, Whoosh!"

The mysterious man's figure was illusionary, and every time he moved, he would be covered by the divine inscription barrier, allowing him to walk in the alternate space.

"Ye chen, since you can't satisfy me, you can go to hell!"

"Satisfied? I don't need to satisfy you. If you want to die, I'll grant you your wish!"

"A mere unity stage cultivator actually dares to boast like this. Damn it!"

The mysterious man suddenly appeared and attacked ye chen from behind.

"Swish!"

The cold blade carried the power of a sure-kill, wanting to kill him in one blow.

"Swish!"

However, just as the cold blade was about to hit ye Chen's body, ye Chen's right arm suddenly appeared behind him. Then, he pointed with his sword-finger.

With a clanging sound, the powerful sword Qi flicked away the mysterious man's attack.

"What?"

The mysterious man's heart trembled, and he retreated dozens of steps.

"Detestable!"

His anger surged, and his attacks became fiercer.

"Kill, kill, kill!"

With three shouts, three phantoms appeared at the same time and attacked ye chen.

"Small tricks!"

Ye Chen's eyes bloomed with fire. The true Samadhi fire curled around him. Instantly, the two phantoms were burned by the true fire and revealed themselves on the spot, turning into powder.

"This!"

While the mysterious man was still in shock, ye Chen's sword Chi had already arrived.

"Swish!"

The sword Qi grazed the mysterious man's face, and a bloody mark appeared.

"How hateful!"

The mysterious man did not expect to be forced to such an extent by a mere unity stage cultivator. He was furious. Suddenly, the divine patterns around his body bloomed with light and attacked ye chen continuously.

"Zi Zi Zi!"

The speed at which the divine inscriptions formed the formation was so fast that it caused everyone to be shocked. This was the result of the several hundred years of cultivation of the mysterious man. Divine inscriptions were formations, and formations were divine inscriptions!

Ye chen activated his fiery golden eyes. All sorts of information from the divine patterns entered his ancient God Space for analysis.

"Zi Zi Zi!"

All sorts of analysis results appeared and matched with the divine patterns ye chen had previously comprehended. Soon, ye chen found the mysterious person's habits in using the divine patterns.

"Break!"

The sword finger pointed at a vital point!

Crack, crack, crack!

The formation instantly shattered, and the mysterious man was shocked once more.

"Impossible! How could he have such talent? just by looking at a few of the runic diagrams, he's already able to grasp my habits. What's going on?"

Ye Chen's talent had once again shocked the mysterious man. He was even more worried because Gu MU's attitude toward him was changing. If he could not kill ye chen, the consequences would be unpredictable.

"Since that's the case, I won't be polite."

Suddenly, the mysterious man sneered. Then, he formed all kinds of hand seals, and the power was a hundred times stronger than before.

Upon seeing this, ye chen understood that this person still had an even more profound divine inscription that had not been used. Previously, he had used a first-level and second-level divine inscription on himself. The one before him was most likely a higher-level third-level divine inscription.

"I'll let you witness the ultimate might of a third-ranked divine inscriptionist so that you can die with a clear understanding of what is going on!"

"Ha, so what if it's a third-ranked divine inscription? before this Emperor, you can just bow your head!"

Ye chen soared into the sky, his entire body radiating with the light of divine inscriptions. The various divine inscriptions he had comprehended and deciphered appeared at the same time. The complexity of the divine inscriptions was no less than the third-rank divine inscription designed by the mysterious man.

"Impossible, it's impossible for you to comprehend third-ranked divine inscriptions!"

"Who said that I've comprehended third-ranked divine inscriptions?"

"Then What is this?"

"This is just a variation of the 1st and 2nd level divine imprints that I've learned before. Although it's not a pure 3rd level divine imprint, it's more than enough to deal with a 3rd level divine imprint like yours that's roughly made."

"Crudely made?"

Hearing these words, the mysterious man went completely mad. He had been comprehending divine inscriptions here for hundreds of years and had destroyed countless people who had come to challenge the Shen power barrier. Yet, this person in front of him said that his divine inscriptions were crudely made. How ironic!

"Kill!"

The mysterious figure released a third-level Ultimate divine imprint, and the surrounding space completely sank into his world.

"In my world, ye chen, you will die!"

"Your world? Hahaha!"

Ye chen laughed arrogantly. The mysterious man did not know what he was laughing at.

"Fire-golden eyes!"

"Zi Zi Zi!"

As the Golden flame shone on the entire runic array, all kinds of information entered the ancient God Space and were analyzed by ye Chen's mind. The incomparably complicated and unbreakable third-level runic patterns were now unceasingly coming to a conclusion in ye Chen's mind.

It was clear that the two's analysis and calculation abilities were worlds apart.

"No, no!"

The mysterious man seemed to have realized something. He attacked ye chen frantically, not wanting ye chen to break through the third-level divine inscription because his strongest understanding was the third-level divine inscription. If ye chen destroyed this, he would lose all meaning.

After this incident with ye chen, the balance of the conversation between him and Gu Mu had been broken. He already knew that all of this could be a scam. If ye chen really succeeded, he might become a sacrifice.

It was the same as the people he had killed before!

It turned out that freedom was only an illusory desire. Everything was under the control of the divine Tree. The ancient Divine Tree was the true master.

"Die!"

The mysterious man activated the full power of the third-level divine inscription formation and attacked ye chen.

"Haha, what a coincidence, the owner of your most powerful divine inscription might have to change."

"What?"

While the mysterious man was still in shock, he saw ye chen use all kinds of seals to guide the divine inscription formation to start reversing.

"Zi Zi Zi!"

The power of the divine pattern was gradually being controlled by ye chen with more complicated and exquisite divine pattern rules. With ye Chen's talent, coupled with the support of the ancient God Space and the mind void, he was able to decipher the third level divine pattern in the shortest time possible.

"Boom boom boom!"

The divine inscription formation reversed and a new formation was born out of the original formation. This formation was created by ye chen and it listened to his command.

"Demonic collapse!"

Ye Chen's eyes shone with demonic light. The demonic patterns on his body devoured the power of the divine patterns and ye chen launched a violent attack.

"No!"

"Ah ..."

With a cry of pain, the mysterious man was completely trapped in ye Chen's fiendgod disintegration array.

Crack, crack, crack!

All the bones and bones in his body were shattered, his muscles crumbled, and his body was dismembered!

After the terrifying scene, everything was calm. The entire space fell into silence.

Ye chen knew that this person was just a puppet. The true master was still watching him.

He walked towards the divine Tree.

"Ye chen, the profound heavenly Sacred Emperor!"

The divine Tree spoke out of its own accord, revealing ye Chen's identity.

"How did you know my identity?"

Ye chen asked.

"Hahaha, Shen power barrier, the place of the heavenly Dao, everything is covered!"

"Oh?"

Facing the omnipotent Divine Tree, ye Chen's lips curled up in interest.

"Submit to the divine Tree and you will naturally obtain everything."

"I have another suggestion. If you submit to me, you will definitely achieve Supreme success!"

[Chapter 1924 1928-Raging Prairie Slash!](#)

"What?"

When it heard ye Chen's words, the divine Tree instantly froze.

"Under the divine Tree, everything is the same!"

"In the eyes of the celestial Emperor, everything is over!"

Ye Chen's eyes stared coldly at the divine Tree. At this time, the enchantment around the divine Tree instantly condensed and countless divine patterns floated out. Each divine pattern was so exquisite that it was not something the divine pattern created by the mysterious man could compare to.

What ye Chen was looking at was most likely an even higher level divine inscription.

"This is a fourth-ranked divine inscription. Ye Chen, what do you think?"

"Simple!"

Ye Chen's back was struck by the spacetime rage.

"Roar!"

The roar shook the air and countless Shen glyphs were sucked into its mouth like water.

"Zi Zi Zi!"

After that, all sorts of information from the divine patterns were transmitted into the ancient God Space and analyzed.

With the ancient God Power as a source of energy, ye Chen had no problem supplying energy. The speed of his analysis could be increased without limit.

"Zi Zi Zi!"

All sorts of analysis began to evolve, mutate, and produce countless results. Then, ye Chen personally selected the best answer.

The complicated structure that ordinary people would need hundreds of years to understand could only be understood in an instant in ye Chen's ancient God Space.

This was the difference!

"Ah!"

Ye Chen shouted coldly. He stretched out his hand and drew a few simple lines in the air.

"Zi Zi Zi!"

And it was these few lines that spun rapidly, turning into a divine pattern in the blink of an eye.

"As expected, his talent is extraordinary, far above that person!"

"Divine Tree, don't try to Bluff. You're only a part of the creation Wood's true body. In my eyes, fourth-level divine inscriptions are already your limit. You can trap him, but don't even think about trapping me!"

"Mm ..."

The divine Tree felt the greatest threat. The other party had actually seen through its weakness. In that case, it could only strike first. As long as it could trap ye chen, its achievements would be limitless.

"Divine wood heaven imprisoning lock!"

Suddenly, fourth-level divine imprints condensed and began to bind ye Chen's body.

"The true Samadhi fire!"

Ye chen released the true Samadhi fire and burned the surrounding space continuously so that the fourth-level divine pattern could not get close to him. In these few seconds, ye chen had analyzed the structure of the divine pattern before him.

"Celestial Thearch sword!"

The celestial Thearch sword spirit was summoned. Ye chen was surrounded by divine lightning and flames. The celestial Thearch sword released its strongest might.

"Emperor token Suan ni blazing fury slash!"

"Phew, phew, phew!"

True fire burns the Prairie, and the world is razed!

"Boom boom boom!"

In the blink of an eye, the fourth-ranked divine pattern shackle was shattered!

"Detestable!"

A face appeared on the divine Tree, and it was the tree spirit.

"Little ye chen, hand over your life!"

"Puny ant, do you dare to fight against the heavens?"

Ye chen was equally furious. The heavenly Emperor's shadow appeared behind him again, its majestic power shocking the world.

"The eight-gate divine disc looks down on the celestial Thearch's sword power!"

He released all of his power, supplemented with the power of the eight-gate divine disc's origin, and cut through the universe.

"Boom boom boom!"

Buzz, buzz, buzz!"

Under the celestial Thearch sword, the divine Tree collapsed and the tree spirit appeared in the air.

"Eight gates, collect!"

Ye chen conjured The Phantom of the eight gates divine disc and pointed at the tree Spirit in the Sky.

"No!"

The tree Spirit's power originated from the eight gates of judgment. The creator of the secret cave did not have the ability to open the divine disc, but ye chen had done it.

Ye chen kept the divine Tree into the ancient God Space, and the entire world collapsed.

"Zi Zi Zi!"

Ye chen returned to the secret cave. At this time, the eight-gate divine disc was still releasing its power.

"Collect!"

He took back the divine disc, and everything came to a perfect end.

At this moment, without the divine disc's protection, the entire secret cave was on the verge of collapse.

"Let's go!"

Ye chen flew out and followed the path in his memory, running toward the outside world.

In the outside world, the people of the immortal and demon realms were all waiting for their teams to come out.

The devil World Dominator smiled smugly. According to his plan, Li Xiong had already killed the human race's heaven's favorite and became the master of everything. He would definitely be able to bring out the truth of the secret cave.

"Boom boom boom!"

At this moment, the ground was shaking, and the secret cave was on the verge of collapsing.

"This!"

In the face of such an astonishing change, the people of the immortal and demon realms all revealed doubtful expressions.

"Devil world's ruler, what's going on?" The spirit Emperor asked angrily.

"Ha, spirit Emperor, I should be the one asking you. What's going on?"

"You're not the one behind this?"

"I'm not going to talk nonsense with you. Let's wait for the results!"

Although the devil World Dominator didn't know the reason for the shaking of the secret cave, he believed that it was an inevitable phenomenon after Li Xiong found the treasure.

"Boom boom boom!"

At this moment, the shaking was getting more and more intense, and the entire earth was shaking.

Thump, thump, thump!

Ye Chen cut through all the obstacles along the way, breaking through the countless rocks blocking his way and flying out.

"Crack!" With a loud explosion, Ye Chen activated his third-level divine inscription and instantly broke through the Boulder at the entrance of the cave and flew out.

"Ah?"

Seeing Ye Chen come out, the Lord of the devil realm was shocked. Li Xiong would not leave anyone alive, so how did this person escape?

The people of the devil Kingdom all looked at the entrance of the secret cave, wanting to see Li Xiong and the others appear.

However, they were disappointed. They didn't see anything.

As for the spiritual realm's side, how could they not want to see the whereabouts of Yuchi Fengyun and the others?

The spirit Emperor brought the people of several great clans to the entrance of the secret cave to observe. However, due to the age limit of the secret cave, they did not dare to approach the stage.

"Ye Chen, where's Li Xiong and the others?"

The devil world's ruler finally couldn't take it anymore and stepped forward to question him.

"Ha, how would I know!"

"You don't know. You guys went in together."

"Do we have to come out together just because we went in together?"

Ye Chen looked coldly at the master of the devil World. He was not afraid of such a powerful being.

"You, are you looking for death!"

The devil World Dominator was furious and turned around to kill Ye Chen.

"What?"

At this moment, the spirit Emperor made his move. His vast psionic energy suppressed the Lord while taking Ye Chen away from the dangerous place.

"Ye Chen, what's going on?"

The spirit Emperor asked.

"I don't know what's going on either. After entering the secret cave, I acted alone, and I didn't meet Li Xiong or Yuchi Fengyun again."

"This ..."

Hearing such an answer, the spirit Emperor frowned and did not know how to respond.

On the other hand, the devil World Dominator was very direct.

"Ye chen, were you the one who killed them and kept the treasure for yourself?" A devil realm expert asked.

"Hahaha!"

Ye chen laughed.

"What are you laughing at?" The man asked in a displeased tone.

"I'm only a cultivator in the early stage of the form synthesis stage. What are you guys thinking? don't tell me that the Super geniuses of your devil realm can't even defeat me?"

"This!"

Upon hearing this, the devil realm's powerhouse could not respond because it was true. Logically speaking, any demon clan's prodigy should be able to kill ye chen easily, let alone Li Xiong who was about to break through the heavenly Tribulation.

The spirit Emperor looked at ye chen, his heart trembling. What if the result was ye chen killing everyone and coming out alone?

[Chapter 1925 1929-Falling Out And Being Ruthless!](#)

The demons did not think ye chen was lying. Most importantly, his cultivation base was "not enough" to kill Li Xiong and the others. They could not continue to target ye chen because if they did so, it would seem like they were deliberately looking for an excuse.

After all, the human race's Yuchi Fengyun and the others had not come out either. This matched ye Chen's words. Perhaps ye chen had really entered another path alone and had survived, while the human and demon race's elites had died inside.

Of course, it was not the Dominator of the demonic realm's character to give up just like that.

He stepped forward and looked at ye chen coldly.

"Ye chen, did you find some treasure? how else could you have come out?"

"Treasure? I'm already very lucky to be able to come out alive. Where did the treasure come from?"

"What's the truth about the secret cave?"

"I only took a trip to Hundun and then returned to where I came from. As for what Yuchi Fengyun, Li Xiong, and the others encountered, I really don't know. I think they really encountered a treasure. Otherwise, they wouldn't have died in there, right?"

"Detestable!"

The devil World Dominator was furious. He wanted to attack again, but he was blocked by the spirit Emperor.

"Master of the devil realm, ye chen was able to come out because of his own ability. Why is he so overbearing?" The spirit Emperor said.

"Old man, at least one of your human race has come out, while all of our demon race's people have been annihilated. I will never believe this result. This brat must have done something."

"Ha, you're slandering me without any evidence. I won't agree to that!"

"You!"

The devil World Dominator gritted his teeth in hatred. According to his plan, Li Xiong would never fail. What exactly went wrong?

He could not imagine that it was ye chen who had killed everyone.

"Spiritual Emperor, you've angered the devil race. You humans can only wait for death!"

"Hahaha, what a joke. Do you think I'm afraid of your threat?"

The two of them were at loggerheads, and in the end, the two races parted on bad terms.

"Boom boom boom!"

The secret cave completely collapsed and turned into ruins.

"Let's go!"

The spirit Emperor brought the humans and returned.

The Asmodians, having lost Li Xiong and the other heaven's favorites, would not let the matter rest. They watched the humans leave and wanted to re-explore the secret cave. However, they soon realized that it was impossible. The secret cave had been completely destroyed and was filled with all kinds of dangerous energy. It was too difficult to re-explore or even enter it.

Looking at the ruins in front of him, the ruler of the devil World couldn't figure it out.

"Lord ruler, we've spent hundreds of years researching this terrifying secret cave before we found the secret of the gate of death. It doesn't make sense that this brat could come out safely."

Someone suggested.

"Do I need you to tell me this? This brat must have gotten some kind of lucky chance, or else he wouldn't have been able to come out alive with that little cultivation. Li Xiong must have failed, and then fought with Yuchi Fengyun and the others, and died in the cave together. What a pity. "

The devil World Dominator shook his head slightly and finally accepted this fact. Of course, his hatred for ye chen rose sharply. He vowed to make ye chen pay and then take away the treasures or great opportunities he had obtained.

The humans returned to the spiritual realm Palace.

The spirit Emperor met ye chen again.

"Ye chen, you've worked hard this time."

The spirit Emperor said with a smile as soon as they met.

"It's not hard. This secret cave is complicated and ever-changing. I don't know how I'm going to walk. I can't control it at all."

Ye chen replied.

The spirit Emperor's eyes were sharp as he observed ye Chen's behavior and expression.

However, ye chen was the reincarnation of the heavenly Emperor. It was a piece of cake to control his expression. It was extremely difficult to find any flaws in ye Chen's expression.

"You really didn't find anything?"

"Spirit Emperor, don't you believe me? I really didn't find anything. "

"Ye chen, I don't want any of your treasures. I just want the truth about this secret cave. We've been trapped in the spirit realm for too long and our cultivation bases have been unable to ascend. This is the most difficult thing for me. As long as you tell me the truth about the secret cave, I promise you that I'll protect you to the end and prevent the devil clan from harming you."

"Demon race? Ha, I don't care!"

Ye Chen's sudden arrogance stunned the spirit Emperor.

"Ye chen, you said that you didn't encounter anything in the secret cave and didn't obtain anything. The Lord of the devil realm will never believe you. They will continue to target you. Cooperating with me is your only choice!"

"What?"

When ye chen heard this, he felt a hint of threat. The spirit Emperor wanted to use the ruler of the devil realm to pressure him and force him to submit.

"Hahaha, spiritual Emperor, it was your six arts of immortal and demon that helped me complete the mission. It's fine if you don't reward me for completing the mission, but you're actually questioning me? what's the meaning of this?"

The spirit Emperor did not expect ye Chen's strong retort.

This was the first time that a spirit Emperor had encountered someone who dared to speak to him in such a manner in the spirit Mountain.

"Ye chen, you have to take note of your status. I'm a spirit Emperor!"

"So what if I'm the Emperor? do I care?"

"You!"

The spirit Emperor's brows were sharp and his eyes were murderous. Ye Chen's arrogance had far exceeded his expectations and had even exceeded his bottom line.

"No need to say anything more. Where Is My Friend?"

"Ha, the accommodation I've arranged for them is very good!"

"What?"

Ye chen felt more and more that this was a conspiracy. Ye Wushuang, if something happened to the great ancestor, he swore to flatten the entire spirited mountain.

"Spiritual Emperor, I advise you not to test my bottom line. Hand over old ancestor yellow spring and ye Wushuang immediately. Otherwise, there's no room for negotiation."

"Ha, it's not hard for me to hand them over, but you have to tell me the truth about the secret cave and give me a satisfactory answer."

"Spirit Emperor, is this the way the people of the Spirit realm do things?"

"Ye chen, I've said it before. I know my place. I didn't save you from the master of the devil World for nothing. You must be grateful!"

When ye chen heard this, he sneered in his heart. Gratitude? What kind of kindness was this? was imprisoning one's own friend a kind of kindness? The so-called rescue was just a matter of convenience, and there was a purpose behind it.

"Alright, let me think about it!"

"No problem, but you only have one day."

After saying that, the spirit Emperor called for someone to bring ye chen back to his residence.

On the other hand, ye chen 's' thinking 'was merely to buy himself some time to cultivate the eight-gate divine disc.

The spirit Emperor's cultivation base was too strong. It was extremely dangerous to deal with him. Ye chen still had to surround him with people to save and find a chance to leave the spirited mountain through the eight-gate divine disc.

After returning to his residence, ye chen released the formation to isolate himself from the outside world. He wanted some peace and quiet in the outside world but inside, he was already studying the power of the divine disc.

The ancient God Power shared some similarities with the divine inscriptions. This was the key to ye Chen's cultivation of the divine inscriptions.

"Eight gates escape armor Suan ni divine pattern!"

Ye chen released the eight-gate divine disc. The power of the shifting armor activated the divine patterns. Countless patterns were like the stars in the sky, exquisite beyond compare!

[Chapter 1926 Suppress, Suppress, Suppress, Suppress Madly!](#)

"Zi Zi Zi!"

Above his head, the eight gates divine disc emitted a golden light. Eight gates appeared around ye Chen's body, releasing a strange energy.

"Ancient God Power!"

Only the ancient God Power could activate the power of the eight gates. This was ye Chen's biggest bargaining chip.

"Zi Zi Zi!"

As his ancient God Power circulated, the eight divine patterns shone with golden light. At this moment, ye Chou was like a Golden God of War. As the eight divine patterns revolved around him, he felt many magical changes.

Within the eight gates divine array, the speed at which he absorbed spiritual energy had increased. This was something that he had not noticed before.

Countless Supreme-grade spirit stones were in front of ye Chen. With the eight gates divine array's support, the effect of his spiritual energy had even increased.

"Since that's the case, I'll raise it to the limit in one go!"

In order to save his friend, ye Chen spared no effort.

He released the liuxian bottle, and the full moon was in the sky, overflowing with light and color.

"Zi Zi Zi!"

He drew upon the power of the moonlight and purified the spirit energy in the liuxian bottle. This spirit energy was so pure that it was impossible to find such a pure spirit energy in the entire spiritual realm.

"Roar!"

The spacetime howl appeared and absorbed the liquid spiritual energy that flowed out of the liuxian bottle.

That's right, the pure energy had already turned into a liquid form, and it was greedily devouring it.

Such pure psionic power greatly reduced the pressure of refining the ancient God Space. Ye Chen could almost absorb it directly.

"Boom boom boom!"

Soon, a loud rumble was heard in ye Chen's meridians. Violent psionic energy had already begun to flow.

"Ah!"

Ye Chen shouted and all kinds of psionic energy gathered in the air.

"Zi Zi Zi!"

Then, the celestial Thearch sword spirit appeared in midair.

This spirit energy continuously nourished the celestial Thearch sword spirit, causing its power to rapidly increase.

The sword Spirit's original body was ye Wushuang. As the sword Spirit's strength increased, ye Wushuang sensed it at the same time.

Ye Wushuang, old ancestor yellow spring, was sitting cross-legged in the prison on the dangerous peak.

"What?"

Ye Wushuang sensed the changes in the celestial Thearch sword spirit. He evolved his own psionic power and cultivated rapidly.

"Wushuang?"

Old ancestor yellow spring also sensed ye Wushuang's change. He walked to the side to protect ye Wushuang.

In ye Chen's residence, the eight gates divine array and the liuxian bottle were in effect at the same time. Ye Chen's cultivation base had increased at a godly speed. There was no other way.

"Boom boom boom!"

The psionic power in his meridians went berserk. One percent of the effect of this psionic power was enough to make a body integration stage person explode and die. However, ye chen relied on his extremely strong resistance as a stage two one-star ancient God and remained unmoved despite the violent psionic power.

"Zi Zi Zi!"

Ye Chen's eyes glowed. He was almost in his psionic form.

"Roar!"

The time and space Fury once again devoured psionic power. Finally, ye Chen's body had reached its limit.

"Boom boom boom!"

With a loud bang, ye chen had broken through to the mid-stage of the body integration stage. Although it was only a small improvement, his actual combat strength had soared more than a thousand times.

This was the powerful effect of the ancient God Body. If an ordinary heaven's favorite's combat power could be increased tenfold after ascending to a small realm, the ancient God Body would start at a hundred times more. Now, with the eight gates divine array and the support of the liuxian bottle, ye Chen's strength had increased by at least a thousand times!

Zila, Zila, Zila!

In fact, tribulation clouds were about to appear above ye Chen's head. This was a warning from the heavens!

This was because ye Chen's Foundation was too strong and did not match his cultivation realm at all. Such a heaven-defying act had already attracted the attention of the heavenly Tribulation.

Under normal circumstances, only those at the peak of the heavenly Tribulation stage would encounter such a situation. This was a sign of Ascension to an itinerant immortal. However, ye chen was only at the mid-form synthesis stage and he had already encountered such a situation.

In order to improve himself, ye chen did not care about the heavenly Tribulation!

"Ah!"

As he circulated the ancient God mental cultivation method, the energy gradually calmed down. The meridians in his body flowed smoothly, and all living things recovered.

"Collect!"

Ye chen put away the divine artifacts, the flowing celestial bottle and the eight-gate divine disc.

Standing up, ye chen felt that his Foundation was so strong that it did not allow anyone from the spirit realm to enter.

"Wushuang, forefather, wait for me!"

Ye chen walked out of the main hall.

"What?"

Outside the main hall, the two guards looked at ye chen coldly.

"Where are you going?"

The two of them did not have extraordinary cultivation. They were specially sent by the spirit Emperor to guard ye chen. They were both Almightyies who had crossed the Tribulation.

"Let the heavens and earth do as I please!"

Ye Chen's eyes turned cold and he walked straight ahead.

"You dare to ignore us, you deserve to die!"

"Bastard!"

The two powerhouses attacked in anger and blocked ye Chen's path.

"Get lost, or you'll die without a burial place!"

"Hahaha!"

Hearing this, the two powerhouses laughed. They were both in the Tribulation stage. If they were to "get lost" in front of someone in the form synthesis stage, they would be done for and would directly commit suicide.

"Brat, you're too arrogant. Die!"

The two powerhouses moved instantly and headed straight for ye chen.

"Whoosh, whoosh, Whoosh!"

Ye chen used the nine Heavens Yu steps. His movements were exquisite beyond compare. The two powerhouses' attacks could not hit him at all.

"Ah?"

Both of them were tribulation passing powerhouses, but this was the first time they had encountered someone in the form synthesis stage, so it was unimaginable that they couldn't hit him.

"Get lost!"

With a furious roar, ye chen ignored the two of them like they were pigs and dogs and continued forward.

His goal was to save Wushuang. Old ancestor yellow spring didn't want to waste time here.

"Hahaha, ignorant brat, how dare you look down on us! I don't think the spirit Emperor will blame us for killing you!"

"That's right. This person is extremely arrogant and doesn't know what he's doing. Kill him to prevent future trouble!"

The killing intent of the two tribulation passing experts appeared, and they used their killing moves.

"Boom boom boom!"

Instantly, spatial psionic energy filled the world. At this moment, ye chen was surrounded. The powerful energy seemed to tear everything apart.

It was obvious that the two of them had been angered and wanted to kill ye chen.

In their eyes, ye chen was nothing. He was just a body integration stage cultivator. There were many of them in the spirit realm, so there was no need to treat him with courtesy.

"Whoosh, whoosh, Whoosh!"

The two of them moved in an instant, and a super strong spirit weapon, the wind of slaughter, appeared in their hands.

"Kill!"

The two of them began to kill, their blades cutting apart without any scruples.

"What?"

Ye chen stood alone in his original spot. His cold eyes carried the light of the death god. This was his first battle after his breakthrough. At the same time, it was also his first slash after his breakthrough!

"Eight gates divine disc, Suan ni, gate of death, open!"

A door of darkness slowly opened above ye Chen's head. Then, endless power seeped out.

"Boom boom boom!"

The light of darkness, carrying the aura of death, instantly enveloped the entire space. The heavens and earth were completely dark, and nothing could be seen!

"What's going on? what's going on?"

"I can't see, I can't see!"

The two of them lost their sight at the same time. They activated their spiritual eyes in an attempt to observe, but even their spiritual eyes couldn't do anything. In front of the eight-gate divine disc and The Dark Divine power, what they thought would happen was all in vain.

At this moment, they finally felt the fear in their hearts. This was the trembling of their souls. Death was right in front of them.

"Why? why?"

The two of them couldn't believe that someone in the form synthesis stage could be so powerful!

[Chapter 1927 The Patriarch Doesn't Show His Power!](#)

"Sink into the divine power of darkness!"

Ye Chen's figure slowly floated into the air. He opened his arms and activated the dark gate of death to receive the lonely spirit.

"Ah!"

As they screamed in pain, the two experts couldn't resist The Dark Divine power at all. Within the eight gates divine disc formation, their bodies kept getting closer to the Gate of Darkness. It wasn't that they wanted to get closer, but the powerful suction force from the Gate of Darkness made them unable to move.

"No, that's impossible!"

"Someone in the form synthesis stage shouldn't be so powerful!"

"Could this be the reason why the spirit Emperor is afraid of him?"

At the end of their lives, they finally understood why the spirit Emperor was so afraid of ye chen. However, it was useless. Their lives had already ended.

"Crack!"

As the door of darkness closed, the two of them disappeared and died.

"Collect!"

Ye chen put away the eight-gate divine disc and moved quickly in search of Wushuang and the great ancestor.

"Celestial Thearch sword spirit!"

After releasing the celestial Thearch sword spirit and communicating with ye Wushuang, ye Wushuang's figure appeared in ye Chen's mind.

"Master!"

"Where are you?"

"I don't know either. I sensed a dangerous mountain peak, and there's a formation outside. I'm not sure if what I saw was real or not."

"Don't worry. Release the celestial Thearch sword aura and I'll find you!"

"Yes!"

Ye Wushuang walked to the prison's window and released his Celestial Emperor spiritual Qi.

The old ancestor walked over and didn't forget to take a sip of the old wine. He wasn't nervous at all.

"Hahaha, you're fellow Daoist ye, right? I knew that fellow Daoist ye would be fine and would come to save us. "

"Of course master will be fine!"

Ye Wushuang continued to release the heavenly Emperor spiritual energy, which was protected by the heavenly Emperor laws. Although the energy was not as powerful as it was at the beginning, it could break through the formation and transmit information with the height of the laws.

Above the nine Heavens, ye chen activated his fiery golden eyes and surveyed the land within a hundred miles.

"Zi Zi Zi!"

Very quickly, he discovered the existence of the celestial Thearch's spiritual energy.

"A dangerous peak!"

Ye chen found the location of the prison and flew toward the dangerous peak.

When ye chen was a hundred miles away from the vanguard, he could sense the energy of the formation.

"Zi Zi Zi!"

The structure of the formation appeared in his fiery golden eyes.

The entire formation appeared in ye Chen's mind.

"A puny formation dares to block my path?"

Ye chen held the celestial Thearch sword form and locked his eyes on a spot in the formation before slashing!

"Boom boom boom!"

The place where the sword Qi landed was the core of the formation. Ye chen saw through the key point with a single glance and broke the formation easily.

Crack, crack, crack!

As the formation shattered, ye chen continued to move forward and arrived at the top of the dangerous peak.

"Wushuang, ancestor!"

He shouted at the prison inside the vanguard.

"Hahaha, fellow Daoist ye, I'm waiting for you here!"

The great ancestor was not nervous at all. In fact, he even looked funny. This made ye chen speechless but it was in line with his style.

"You guys, get out of the way!"

Ye chen had the two of them make way for him, then he threw a punch.

"Boom boom boom!"

The earth trembled, and rocks flew everywhere. The prison was instantly shattered, turning into ruins.

"Whoosh, Whoosh!"

The great ancestor and Wushuang flew out and came to ye Chen's side.

Fellow Daoist ye, I really have to thank you for this."

"There's no need to thank me. Let's quickly leave this place!"

"Right!"

Ye chen was about to leave with the great ancestor and Wushuang when a thunderclap came from the sky. The powerful fighters had arrived.

"Boom boom boom!"

"Whoosh, whoosh, Whoosh!"

Three powerhouses blocked his way. Ye chen looked over and saw that they were all middle dujie-stage powerhouses. They were much stronger than the two who had stopped him before.

"Aiya, it's actually three tribulation passing powerhouses. This spiritual Emperor really thinks highly of us!"

The old ancestor drank some old wine and walked forward, smiling.

"Old thing, get lost!"

One of the experts cursed the ancestor.

"What?"

The old ancestor's eyes turned cold.

"Do you think I'm a sick cat if the forefather doesn't show his power? Who isn't a tribulation passing expert?"

With a loud bang, the old ancestor took out the underworld sword. The power of his whole body erupted, and his Foundation was unprecedentedly strong. He actually entered the Tribulation stage.

"Not bad, ancestor!"

Ye chen was overjoyed. He did not expect old ancestor yellow spring to have successfully transcended the Tribulation.

"What?"

The three of them sensed the aura emanating from the old ancestor, and their faces were filled with shock. From the information they had received, the old ancestor was only a body integration stage being.

"Kill!"

However, the three of them were all dujie stage powerhouses. How could they be afraid of a battle? they all attacked the old ancestor.

"If you want to bully me with numbers, I'm not afraid!"

Those who were able to follow ye chen were naturally talented.

The patriarch unleashed the yellow Springs domain, and the power of the yellow Springs sword in his hand doubled.

"Kill!"

"Kill!" The old ancestor shouted. The power of the yellow spring surged between heaven and earth, and the boundless Qi of death pounced on the three people in front.

"What?"

Even though the three of them were tribulation passing experts, they still felt a chill run down their spines and their hands and feet turned cold when they felt the aura of death. Their momentum of attack was immediately restrained by the old ancestor.

"Hahaha, fellow Daoist ye, I didn't embarrass you, did I?"

"It's passable!"

Ye chen replied with a smile.

"My talent can not be compared to yours. It's already very good that I can survive in your eyes. At least I'm much better than this trash!"

"What?"

The three of them were furious when they heard the patriarch's words.

"You reckless old thing! Let's kill you together!"

"Go!"

The three of them attacked the old ancestor together.

At this moment, a stream of dark energy continued to flow from ye Chen's palm. At the same time, he circulated the power of the divine disc and created an invisible death zone behind the great ancestor through dark energy.

"Kill!"

The three of them didn't notice the secret behind it at all. They only saw the old ancestor in front of them, slaughtering his way over.

The great ancestor and ye Chen exchanged glances. They had a tacit understanding and already understood ye Chen's intentions.

"Hahaha, good, good!"

The patriarch's nonchalant attitude infuriated the three of them even more. They lost their cool and wanted to kill the patriarch with a single strike.

"Kill, kill, kill!"

The eyes of the three men were bloodshot as they charged at the old ancestor.

"Now!" Ye Chen reminded.

"The ancestor is leaving!"

Old ancestor yellow spring's sword Qi soared into the sky. The power of the yellow spring filled the air. The Qi of death opened a passage and his figure disappeared.

"What?"

"Where is he?"

The three of them were shocked to see the ancestor disappear into thin air. They wanted to find him.

At that moment, the three of them did not know that they had entered ye Chen's assassination boundary.

"Since you're here, then stay!"

Ye Chen's eyes turned cold as he threw out the immortal slaying Flying Dagger.

"Whoosh, whoosh, Whoosh!"

The immortal slaying Flying Dagger entered the void and then rushed out of ye Chen's assassination world.

Buzz, buzz, buzz!"

Three rays of cold light streaked across, and three bloody wounds appeared. Three heads fell to the ground.

Thump, thump, thump!

The annihilation of the three of them shocked the people of the spiritual realm.

The spirit realm Army in the distance shuddered in fear when they saw this scene. Ye chen was too strong.

"Hahaha!"

At this moment, the sound of wild laughter rang out. The spiritual Emperor had descended!

[Chapter 1928 The Power Of A Human Immortal!](#)

x

"Ye chen, you dare to break into the prison? How dare you!"

The spirit Emperor flew up into the sky and looked down at the crowd with an awe-inspiring aura.

"Spirit Emperor, you have the ambition of a Wolf. You used us to investigate the immortal demon secret realm for you. Now that you've lost all your birds and hid your bow, how can you harm us so easily?"

Ye chen stood alone in the void, facing the spirit Emperor.

Old ancestor yellow spring and ye Wushuang stood behind him. The three of them were on the same boat, and they could not be separated.

"Ye chen, I'm giving you one last chance. Hand over the truth about the immortal demon secret realm and I'll let you leave."

"Rubbish!"

Ye Chen's eyes turned cold and his Chi exploded.

"Boom boom boom!"

The powerful force swept in all directions, and the surrounding experts were all shocked.

"This kid actually has such powerful strength!"

Many of the spiritual realm's experts revealed shocked expressions, and some even felt fear.

"Ye chen, if you insist on doing things your way, you'll die!"

"Hahaha, no one can stop the heavens!"

"Arrogant!"

The spirit Emperor was furious. He flew out, and the immortal force of the mixed light appeared around him.

"Celestial energy!"

Ye Chen's eyes turned cold. He realized that the spirit Emperor might have already become an itinerant immortal and was determined to explore the secret cave of immortal and demon for his itinerant cultivation base.

The truth was right in front of him!

"Spiritual Emperor, so you're already an itinerant immortal!"

"Hahaha, it's too late to know now. I can also get the truth of the secret realm by killing you!"

The spirit Emperor was certain that the truth of the arcane realm was in ye Chen's hands and that many of the powerhouses in the cave had been killed by ye Chen.

"If you want to punish someone, you can't find a good excuse!"

"Kill!"

The spiritual Emperor attacked in anger, and the celestial force in his hand was mixed with a mighty power.

"Eat the ancestor's sword!"

Old ancestor yellow spring's sword Qi swept across and the sword of yellow spring went straight for the spiritual Emperor.

"Forefather, you can't!"

Ye Chen wanted to stop him but the great ancestor had already made his move.

"Boom boom boom!"

A powerful force burst out and the patriarch's sword Qi was instantly broken, and his body was sent flying.

"Forefather!"

Ye Chen stepped forward to support the great ancestor. At this time, the great ancestor was severely injured.

"Wushuang, take care of the ancestor!"

"Yes!"

Ye Wushuang supported the ancestor and came to the back.

"This old man is so powerful. I was too careless." The old ancestor laughed. Although he was heavily injured, his spirit was not reduced.

At this time, ye Chen and the spirit Emperor were facing each other for Nine Heavens. The surrounding people did not dare to move.

"Ye Chen, you've witnessed my strength!"

"So what? I don't care what kind of immortal or Emperor you are. In front of the heavens, you can only bow down!"

Ye Chen's eyes bloomed with Starlight, and the day turned into a starry sky.

"What?"

Seeing such a phenomenon, even the spiritual Emperor was shocked and could not understand.

"It seems that this is the truth of the secret cave!"

"If that's the case, then come and get it!"

Ye Chen activated the eight-gate divine disc and the power of the starry sky. Instantly, the might of an ancient God filled the sky and the light of the sun and moon illuminated the world!

"Boom boom boom!"

The endless power turned into the celestial Thearch sword spirit and fell into Ye Chen's hands.

"Kill!"

The celestial Thearch sword could decide the universe with one slash.

"The immortal spell is dense and the great Dao is heartless!"

Faced with such a terrifying power, the spiritual Emperor circulated his itinerant Immortal Technique and turned it into an infinite palm energy that rose into the sky.

"Boom boom boom!"

The celestial Thearch sword power and the powerful palm print clashed in the sky.

Boom, boom, boom!

The surrounding area was slashed apart and the void was destroyed!

"You can actually block my palm energy. It seems that if I don't get rid of you, there will be endless trouble in the future."

The spirit Emperor thought that his palm was enough to kill Ye Chen but he was wrong. He was gravely mistaken. The Ye Chen before him had a strong foundation and powerful divine ability that completely exceeded his imagination. Ye Chen was definitely his opponent.

"Spiritual Emperor, you're too confident. You'll have to pay the price for your confidence!"

In the face of the spirit Emperor's shock, Ye Chen's expression did not change at all. His eyes were sharp, like a true heavenly Emperor looking down on all living beings.

"Ah ..."

Such a situation shocked and terrified countless spiritual realm experts.

Who was Ye Chen? He was merely a unity stage practitioner. On the other hand, the spirit Emperor was a powerful immortal. Yet, they were equally matched in two sentences. This showed that Ye Chen's talent and potential were immeasurable. He was like a terrifying fiendgod.

"This person is so abnormal, it's really unbelievable!"

"How powerful is the spiritual Emperor? He can't kill this person with one palm!"

"He's too powerful. I've never seen such a powerful heaven's pride expert. Even genius can't describe his talent. "

Many of the spirit realm's powerhouses shook their heads. They believed that the people of the Spirit realm could rely on their superior environment to cultivate geniuses who surpassed all realms. However, ye chen, who had ascended from the spirit realm, had broken their habitual thinking.

The shock of his worldview being destroyed was indescribable.

Their hearts were filled with ye Chen's shadow.

The spirit Emperor looked behind him from the corner of his eye and saw that everyone was shocked by ye Chen's strength. This was not good news.

"All of you, calm down!"

A thunderous roar caused everyone to tremble in fear.

"Yes!"

Everyone bowed. At this moment, the spirit Emperor was furious and merciless, and no one dared to disobey his orders.

"Your time is up, ye chen. Die!"

"Ha, the game has just started, and you want to end it? what a joke!"

So what if they were itinerant Immortals? before the celestial Thearch, everyone was an ant!

"Kill!"

Ye chen activated the celestial Thearch sword's might and combined it with the eight-gate divine disc. The surrounding space was immediately trapped in a divine inscription barrier.

"Zi Zi Zi!"

Countless divine patterns bloomed on ye Chen's sword-shaped form. The rules of space continued to change. Even a spirit Emperor's celestial technique was restricted.

"Impossible!"

The spirit Emperor turned pale with fright. It was only then that he realized that the secret cave really did exist. It was the power ye chen had used.

"Hahaha, very good, very good!"

He quickly recovered from his shock. This was the powerful mental cultivation of an itinerant immortal. They could better control their emotions and increase their combat strength.

"I'll kill you and get everything!"

The spirit Emperor's face revealed a crazed expression, as if he had changed into a different person.

"Ah ..."

Many experts of the spiritual realm were shocked, and many experts who were undergoing tribulation all knelt down. They didn't dare to face the spiritual Emperor in this state.

"A spirit Emperor has entered his immortal form. Ye chen is dead for sure. Let's hurry up and pay our respects, or we'll die too!"

"Well said, well said!"

Many high and mighty experts were like ants, kneeling before him.

"Hahaha!"

The spiritual Emperor burst out laughing. His thunderous voice shocked everyone.

Ye Wushuang and the great ancestor were so shocked that they wanted to kneel down.

"Wushuang, hold on!"

The great Grandmaster gritted his teeth and shouted to ye Wushuang.

"Alright!"

Ye Wushuang was also having a hard time. The celestial spell's restrictions were too severe. Unless one had an ancient God Body like ye chen 's, they would not be able to resist.

"What?"

Seeing ye Wushuang and the great ancestor's predicament, ye Chen's eyes glowed coldly. A sky-devouring wrath appeared behind him.

"Roar!"

The angry roar swallowed the sky, and it was extremely majestic!

"Phew, phew, phew!"

Following that, countless celestial spells were absorbed into the ancient God Space by the Furious owl!

"What?"

[Chapter 1929 1933-Tribulation Stage!](#)

"It can absorb my celestial spell? that's impossible!"

The Furious roar behind ye chen had actually absorbed the power of the immortal spell. This phenomenon had exceeded the spiritual Emperor's imagination. It was precisely because he was an itinerant immortal powerhouse that such a thing had never happened in a long time that he could not believe what he was seeing.

The experts of the spiritual realm were even more surprised by this phenomenon. Many of them were dumbfounded.

Immortal spells were extremely powerful laws, and it was absolutely impossible to comprehend and use them without rising to the ranks of Immortals.

On the other hand, ye chen was only at the phenomenal success stage of the form synthesis stage. He had not even transcended his tribulation, so he was definitely not fated to learn an Immortal Technique. However, how could he absorb an Immortal Technique directly?

"What did you do?"

The spirit Emperor asked in a trembling voice.

"I didn't do anything!" Ye Chen's cold reply made the spirit Emperor even more desperate.

It was as if all his hard work had been a joke. The person in front of him, a spirit realm expert, had actually grasped the truth that he wanted the most and was even using it against him. How ironic was this?

It was true that ye chen had not mastered an Immortal Technique. However, the ancient God Power was a rule that was far above the immortal Technique. Therefore, even if ye chen could not master an Immortal Technique, he could still use the spacetime Fury devouring Immortal Technique to refine it into food for the ancient God Body. That was all.

Of course, this method was very risky because if the other party's immortal spell was too powerful, it could cause ye chen serious damage.

"Spiritual Emperor, you are insatiable. You want to use our lives to find the truth for you. Unfortunately, you are not worthy of the truth!"

Ye Chen's words were like a thorn that continuously stabbed into the spirit Emperor's heart.

For many years, he was unable to ascend. Such a heavy mood caused him to gradually lose himself. His heart was not calm, and his cultivation was unable to break through.

He had completely turned into another person, and he would do anything to achieve his goal.

"I, was I wrong? I want to ascend, I want to grow, am I wrong?"

The spirit Emperor kept shouting hysterically.

"Spirit Emperor, whether you're right or wrong has nothing to do with me. You're on your own now!"

Ye chen led Wushuang and the great ancestor outside.

"No, come back here!"

The spirit Emperor flew out again to capture ye chen. He was unwilling to give up. He wanted to find out the truth about the secret cave.

"What?"

Ye Chen's eyes shone with an intimidating cold light. The eight divine disc divine patterns were activated.

"Zi Zi Zi!"

The divine pattern boundary blocked the celestial spell, and the spiritual Emperor's body instantly fell to the ground.

This was the first time that the high and mighty Emperor had fallen in front of people. He was so powerless and helpless.

"Ah ..."

Everyone trembled in fear. Ye Chen's superiority could no longer be changed. Everyone bowed to ye chen.

"Ye chen is a true immortal. I'm impressed!"

"That's amazing! Goodbye, senior!"

Many of the spirit realm's old experts knelt down one after another to send off the 'senior'.

The spirit Emperor's heart was like dead ashes when he saw this. He had worked hard for his entire life, but he couldn't even defeat someone in the form synthesis stage. Could this still be considered cultivation?

"Sigh ..."

Sighing, the spirit Emperor saluted to the back of the man who had gone far away, and then left the spirit Emperor Palace.

"Spirit Emperor?"

Everyone urged him to stay. Although the spirit Emperor had lost to ye chen, he was still everyone's pillar of support and hope.

"Everyone, I've been possessed. Fortunately, senior ye chen has awakened me. This man is extremely talented and has a strong foundation. He's not an ordinary person at all. I'm no longer qualified to lead everyone. From now on, you'll all worship ye chen as sovereign Wei Ling. "

After saying that, the spirit Emperor turned around and left.

"This ..."

Everyone was dumbfounded. No one had expected that things would develop to this extent. Without the spirit Emperor, who would fight against the devil World?

Ye chen brought Wushuang and the great ancestor to a quiet place where they sat cross-legged and rested.

Ye chen took out a golden pill and handed it to the great ancestor.

"This is a golden core I obtained from the immortal demon secret realm, it's definitely effective."

"Sure, thank you fellow Daoist ye."

The great ancestor was ecstatic, not only because of the Golden core before him but also because of ye Chen's strength.

Individual Immortals were the strongest on the continent. No one could resist the power of their immortal spells. However, they were so vulnerable in front of ye chen. It was the great ancestor's honor to travel with such a person.

"Oh!"

The elder swallowed the Golden pill in one gulp and immediately felt his internal organs warm up. The spiritual energy in his meridians circulated normally and even contained extremely strong rules, causing his meridians to regrow and become more solid. This was a double improvement of his Foundation and talent.

"Hahaha, good Jindan, good Jindan!"

The old ancestor laughed and shouted.

"Fellow Daoist ye, where are we going next?"

"I can sense it. The spirit Emperor Palace isn't the highest place in the spirit realm."

"Oh, you have a new direction?"

"I can sense a place. It's the best place for me to cross the heavenly Tribulation. Let's go!"

"That's great. I also need to rest and stabilize my Foundation."

Everyone got up and followed ye chen.

.....

After traveling for a thousand miles, ye chen brought the two of them to the foot of a mountain peak.

This place was full of spiritual energy, with beautiful mountains and clear waters. The environment was excellent.

"Phew ..."

The elder took in a deep breath and instantly felt refreshed. The spiritual energy was so dense.

"Fellow Daoist ye, there must be some pure spirit veins in there." The old ancestor said.

"That's right. I've already sensed the location of the spirit vein. Let's go!"

Ye chen walked in front and led the group to the Three Peaks.

"You two, these three Peaks have three spiritual veins hidden in them. They are the best places for us to ascend. Let's enter them separately!"

"Beautiful. The old ancestor can't wait."

The three of them nodded at each other. Ye chen entered the center while Wushuang and the great ancestor entered the mountains on either side.

"Boom boom boom!"

Ye chen struck the Boulder with his palm and a secret passage appeared.

This secret passage was extremely dark. Ye Chen waved his sword fingers and divine light bloomed, leading the way forward.

After traveling for about ten miles, Ye Chen entered one of the spirit veins. This was the core of the entire mountain range.

"Furious roar, now is the time for you to show your usefulness!"

"Roar!"

Behind Ye Chen, the roar of wrath appeared. As it roared, the surrounding space shattered and the power of the Spirit vein emerged.

"The Tribulation stage, if I don't do it now, when will I do it!"

Ye Chen activated the eight-gate divine disc. Instantly, the eight gates opened—heavenly light and earthly guide!

"Boom boom boom!"

With a strong vibration, the power of eight gates around Ye Chen's body combined with the Furious roar of devouring and the Ascension formation was activated.

"Phew, phew, phew!"

The spirit Meridian glowed and boundless spiritual energy entered the formation. After being purified and purified, it was absorbed by the roar and entered Ye Chen's body.

"Boom boom boom!"

The ancient God Space was like a furnace, constantly refining the pure spirit Qi, making Ye Chen's body gradually clear.

"Zi Zi Zi!"

Ye Chen's eyes shone with boundless light and his body turned crystal clear. Above his head, countless colorful clouds gradually condensed!

"Boom boom boom!"

Between the heaven and earth, the colorful clouds were flying and changing rapidly!

The Tribulation cloud suddenly appeared and began to attack Ye Chen's barrier.

"They're here?"

Ye Chen's eyes widened as he looked up at the sky. The long-awaited Ascension through tribulation had finally appeared.

"Heaven-defying action, may the heavens smite the earth!"

Above the firmament, a majestic voice resounded. The great Dao was merciless, and the vast expanse was destroyed!

The eight-gate divine disc, the rage of time and space, and the celestial Emperor's original body. Ye Chen's talent was too strong. It was obvious that he had surpassed the limits of heaven and earth and could trigger the divine lightning of heavenly judgment and earthly destruction, which was thousands of times more powerful than ordinary people.

Zila, Zila, Zila!

The descent of the divine Thunder, the annihilation of the heretics, and the power of Immortals and demons!

Lightning flashed and Thunder rumbled, and endless reincarnation occurred. Above the nine Heavens, the heavenly venerate's figure formed from tribulation clouds appeared.

"Oh?"

Ye Chen sneered when he saw the heavenly venerate's figure. His cold arrogance did not diminish in the slightest.

"Come on!"

He opened his eyes, and lightning flickered as he provoked the divine Thunder Supreme.

"Exterminate!"

The divine thunder struck angrily, trying to kill Ye Chen.

"Boom boom boom!"

The merciless energy exploded the sky and earth. No one could survive here.

The phenomenon that Ye Chen's tribulation stage had triggered was already comparable to an Ordinary Genius who had become an immortal!

"Boom boom boom!"

The divine lightning struck, and the mountain range trembled. Countless mountains were shattered by the divine lightning and turned into dust.

All of this was sensed by Ye Wushuang and the forefather, who were absorbing spiritual energy in other ley lines.

"Hahaha, fellow Daoist Ye, we've finally reached this stage. Your cultivation level is about to catch up to me, the old ancestor. It's really incredible!"

"Master, you've transcended the Tribulation and ascended. Your strength has risen to another level, and you're invincible in the world!"

The two of them cheered for Ye Chen's tribulation transcendence. Of course, they knew very well that this little trouble would not pose a problem to Ye Chen.

After that, the two of them entered meditation.

"Boom boom boom!"

The divine Thunder searched for ye Chen's position. Finally, ye Chen's coordinates were locked in the central earth vein.

"Exterminate!"

"Boom boom boom!"

Between heaven and earth, lightning transformed into lightning Spears and attacked ye chen.

"Celestial Thearch sword!"

Although ye chen was full of confidence, he still showed enough respect in the face of the immortal-level divine Thunder. The celestial Thearch sword spirit attacked.

"Slash!"

The sword Qi soared to the sky and suddenly slashed out.

"Boom boom boom!"

The earth vein surged for 90000 li, straight into the nine Heavens God slaying Thunder!

This attack had completely broken through the core of the earth vein. The sword cut through all obstacles and rushed straight for the divine Thunder.

Crack, crack, crack!

The sword Qi was unstoppable, and it instantly destroyed the power of the divine lightning.

"Hahaha!"

This one move caused Supreme divine Thunder to laugh wildly. Then, countless lightning Spears condensed in the sky as a response to ye Chen's heaven-defying act.

"Exterminate!"

"Whoosh, whoosh, Whoosh!"

Countless lightning Spears rained down.

"Hahaha!"

Facing the heavenly judgment, ye chen also laughed wildly. Then, his figure flashed and he soared into the sky.

"Swish!"

He pointed his sword forward and broke through all kinds of obstacles. Mountain rocks were sent flying and space was shattered. A person rushed out of the shattered energy like a meteor.

Zila, Zila, Zila!

Countless lightning Spears attacked ye chen.

"A sword that shook nineteen prefectures!"

The celestial Thearch sword spirit appeared between ye Chen's brows. Then, the celestial Thearch's shadow appeared behind him.

The heavenly Emperor's apparition wrapped around ye Chen's body and transformed into a sword spirit Qi Shield to protect him.

"The power of the divine lightning, be at my disposal!"

After that, ye chen did something shocking. He transformed into a space-time rage and devoured the divine lightning madly.

"Roar!"

The spacetime furious roar activated the laws of space, turning the entire space into the mouth of a beast, devouring everything.

Zila, Zila, Zila!

Countless lightning Spears were devoured by the spacetime wrath, leaving nothing behind.

"Roar!"

The Furious roar soared to the sky, and all living things were destroyed!

In the end, all the lightning Spears were completely absorbed by ye chen.

"Hahaha!"

Ye chen returned to his original form and glared at the nine Heavens divine Thunder master.

Supreme divine Thunder was a hundred thousand feet tall and looked down on everything. However, in front of ye chen, he had no dignity to speak of.

"Emperor's token, Suan ni, slash the eight desolates!"

The celestial Thearch sword spirit reappeared in ye Chen's hand. He waved his sword and slashed in all directions.

"Boom boom boom!"

The huge sword-shaped slash was aimed at divine Thunder Supreme.

"Go!"

The divine Thunder gathered again. Then, endless gales and Fury attacked at the same time, all rushing toward ye chen.

"Oh?"

Such a phenomenon was clearly beyond the Tribulation passing stage. This was a test for Immortals, and even for powerful Immortals.

Heaven and earth reversed, and the universe shook!

"Then take my attack!"

Ye Chen's eyes flickered with lightning.

The power of the divine lightning he had absorbed earlier was now showing its effect.

"Ah!"

With a long cry, the celestial Emperor behind ye chen flickered with lightning. The divine Thunder Celestial Emperor sword condensed between his brows.

"Swish!"

The sword light shot out like an arrow from a bow, falling to the ground like a meteor. It was unstoppable.

Boom, boom, boom!

Along the way, all the Tribulation clouds were destroyed and everything turned into dust.

"Boom boom boom!"

In the end, the sword light pierced through divine Thunder Supreme, and his 30000-meter-tall body shattered.

,m Zila, Zila, Zila!

The endless power of the divine Thunder spread out in all directions.

"Roar!"

The Roar of Time and space appeared again. At the same time, the eight divine disks in the sky supplemented the power of the roar and absorbed all the power of the divine lightning.

This was the power of creation, which was endless. By absorbing this power, one could completely cultivate the body of the divine Thunder sovereign.

Zila, Zila, Zila!

The ancient God Body contained the power of divine lightning and the power of bloodline.

"Boom boom boom!"

In ye Chen's meridians, the endless divine lightning transformed into a Divine Dragon, constantly charging in all directions and shaking his entire body.

"Unparalleled ancient God!"

Ye chen released his ancient divine power and his body became indestructible. He absorbed it by force and refined the nine Heavens divine Thunder.

Zila, Zila, Zila!

Finally, the divine lightning supreme body was formed!

"Zi Zi Zi!"

Ye Chen's eyes opened, flashing with endless lightning. He clenched his fists and a powerful force shook the world. The entire mountain peak exploded with a loud bang.

Devour!

The powerful gravity of the spiritual vein was completely absorbed by the divine Thunder.

"Hahaha!"

Having just broken through, his Foundation was already extremely solid. This kind of spiritual land was the best place for ye chen to break through.

"Ba ba ba!"

At this moment, a round of applause rang out. It was the appearance of the patriarch.

"Congratulations, fellow Daoist ye, for ascending to the Tribulation stage."

The old ancestor walked over with a smile, but halfway there, his face revealed shock.

"Fellow Daoist ye, your tribulation transcendence is a little too exaggerated. You actually have such a powerful divine lightning power on you. Even I, the old ancestor, have never encountered such a thing."

Old ancestor yellow spring said in surprise as he sensed the power of divine Thunder surrounding ye chen.

"Ha! I absorbed all of the power of the divine Thunder Supreme and achieved the divine Thunder supreme body!"

"Ah?"

The great ancestor was stunned. Even the strongest genius would have to hide in the face of such a calamity, but ye chen had directly absorbed the power of creation of heaven and earth. Such spirit, talent, and luck were indescribable!

Only one word was strong!
