

Genius 1941

Chapter 1941

After these few times, Lin Mo had already seen it.

This person, Master Xue Wu, was still very cunning in his actions.

Behind the scenes, he sent people to stop the people Li Tiezui had sent, this was to make Lin Mo isolated and thus ask for his help, so that he would be able to take over everything here in Lin Mo in a smooth manner.

Later, when he failed to stop Wu Xuan from leaving the mountain, he did not remain idle, but sent people to keep an eye on Lin Mo's side to prevent him from being captured by the Xie family's people.

After doing so many things, when all was said and done, his aim was still to recreate the interests of the pill.

And now, Li Tiezui had asked Lin Mo to pretend that his injuries were untreatable, in fact, he was paralyzing Xue Wuji's.

When Lin Mo was strong, Master Xue Wu seemed to have helped Lin Mo a lot, but in fact, he was also wary of Lin Mo.

This time, the incident with the Xie family, where he put pressure on Lin Mo, was an example.

To put it bluntly, Master Xue Wu actually wanted to swallow Lin Mo's strength and take him under his own banner.

And now, if Lin Mo became a ruined man, then he would not need to be wary of Lin Mo at all.

After all, when Lin Mo had strength, he was able to threaten his position.

And if Lin Mo was a wastrel, he would not threaten his position.

On the contrary, if Lin Mo did not have any strength, it would be even easier for Master Xue Wu to take control of Lin Mo again.

Therefore, Li Tiezui's ploy was actually aimed at Master Xue Wu.

Thinking through all this, Lin Mo also completely understood Li Tiezui's meaning.

And at that moment, he had an idea in his heart himself.

After resting for a while, Lin Mo had someone invite the divine doctor Xue.

And this time, Wu Xuan once again found that the man in black was outside again, eavesdropping.

Wu Xuan gave Lin Mo a hint, and Lin Mo would understand.

Obviously, the Fifth Master Xue's side was still very cautious.

The other side would not believe Lin Mo so easily when he said under his breath that his injuries were hopeless.

Only by doing real practical actions could the other side truly believe ah.

This time, Lin Mo invited the divine doctor Xue here, specifically to show Master Xue.

Lin Mo told Divine Doctor Xue the purpose of inviting him here, which was to have him help him break his dantian and abolish his martial arts.

After hearing Lin Mo's words, the crowd at the scene was in an uproar.

Zhao Tianying said urgently, "Divine Doctor Lin, does this have to be the case? Isn't there any other way?"

Lin Mo sighed ruefully, "If there was another way, I wouldn't want to do this."

"But, in my current situation, there really isn't any other way."

"Right now, it's big brother Wu who is using his power to help me suppress it, but, this is never a long-term solution."

"Besides, Big Brother Wu has been busy for so long, he's not losing much power and won't last much longer."

"If I can't vent this power in my body before then, once Big Brother Wu's power can't be suppressed anymore, then then I'll definitely die!"

"If I want to live, then I can only use this method."

The people looked at each other and all sighed long and helplessly.

Those who were here were all extremely close to Lin Mo, and seeing Lin Mo fall into this state, they all felt very hard in their hearts as well.

Divine Doctor Xue also looked unbearable: "Divine Doctor Lin, is there really no other way?"

"How about I find a few more doctors and help you with a joint consultation?"

Lin Mo shook his head, "It's useless."

"In my case, it's already a dead end."

"Besides, I don't have that much time left, Brother Wu's power won't last much longer."

"Divine Doctor Xue, I'll trouble you!"

Divine Doctor Xue looked at Lin Mo with a face full of intolerance, but in the end, he had to let out a long sigh and took out the silver needles he carried with him from his body.

"Divine Doctor Lin, bear with it!"

Divine Doctor Xue said in a low voice, picking up the silver needle and slowly stabbing it into several acupuncture points on Lin Mo's body.

Chapter 1942

The crowd beside him were all looking at all this with faces full of intolerance.

All of them came from martial arts training, so they naturally knew that the acupuncture points that Divine Doctor Xue had stabbed were the vital points leading to the Dantian.

These points were extremely important to martial artists and could be considered fatal to the body.

If something goes wrong with these vital points, the damage to a martial arts practitioner can be immense.

The divine Doctor Xue had directly stabbed these vital points in preparation for destroying Lin Mo's Dantian.

Lin Mo gritted his teeth and did not say a word, his face looked desolate.

Many of the people at the scene turned their heads to the side in disgust.

A genius, falling like this, who could not feel bad?

After Doctor Xue had stabbed a few silver needles in, he looked up at Lin Mo again with some hesitation.

Divine Doctor Xue said in a low voice, "Lin Mo, you must think carefully."

"If this needle goes down, your dantian will be completely ruined."

"For the rest of your life, you will be a wastrel!"

Lin Mo let out a bitter smile, "A wastrel, at least I'm still alive."

"Divine Doctor Xue, I'll trouble you!"

Divine Doctor Xue shook his head and said, "It's just that!"

"It's just a pity that I will never be able to see the miraculous healing skills of Divine Doctor Lin again!"

"Ai!"

With a long sigh, Divine Doctor Xue stabbed the silver needle in his hand directly into Lin Mo's dantian.

After this needle went down, Lin Mo first drew a cold breath backwards, followed closely by a body that seemed to be convulsing.

Those few acupuncture points that had been pierced by the silver needles, the silver needles that had originally been pierced in, were actually all thrust out.

Lin Mo only felt that his entire body's strength was rapidly draining away; this was the result of his dantian shattering.

The crowd only watched as Lin Mo's body rapidly shrivelled up and finally collapsed onto the bed, as if he was a paralysed person.

"Divine Doctor Lin, Divine Doctor Lin!"

"How are you doing?"

Zhao Tianying hurriedly helped Lin Mo up.

Everyone else also gathered around and asked questions.

Only after a long time did Lin Mo breathe a long sigh of relief.

He reluctantly smiled at the crowd and said softly, "I I'm fine"

"Divine Doctor Xue, thank you so much!"

"Brother Wu, you you can stop now"

Wu Xuan hesitated for a moment.

Lin Mo said, "I'm really fine."

"Xie Xingbang's power has completely dissipated, so even if you stop, I won't be in any danger."

Wu Xuan tried to withdraw his power bit by bit and found that there really wasn't any accident happening to Lin Mo.

Eventually, Wu Xuan drew his hand back.

When the crowd saw such a situation, they were also certain that the power within Lin Mo's body had really all been declared out.

After all, Xie Xingbang's power had been inside him before.

Without Wu Xuan's suppression, this power was definitely capable of shattering Lin Mo's meridians and causing him to burst into blood and die!

However, now that Wu Xuan had stopped, nothing had happened to Lin Mo at all, so it was clear that this power was truly gone.

Seeing this scene, the crowd didn't know what to say.

Lin Mo's life had been saved, but he would never be able to stand up again.

Now, Lin Mo had become an invalid.

It was hard to say whether he would be able to stand and walk in the future!

Seeing this scene, many people turned around and secretly wiped their tears.

Wu Xuan, on the other hand, clenched his fists and gritted his teeth, "Compulsion Zun, that beast, I'll definitely find him and kill him!"

The crowd beside him also shouted furiously, yelling that they wanted to kill Compulsion Zun and take revenge for Lin Mo.

Just as the crowd was roaring in anger, outside this house, a man in black, hiding in the darkness, quietly left the place.

He left this area and went to the far side outside a secluded grove.

In this grove, a car was waiting for him.

There was a person standing by the side of the car, none other than the girl beside Master Xue Wu.

Seeing the man in black, the girl immediately bowed and stood with a face full of respect, as if she had seen Master Xue Wu!

Chapter 1943

The girl bent down respectfully and said softly, "Madam!"

The man in black ignored her and walked straight to the car, casually pulling off the black cloth covering her face.

Underneath the black cloth was an extremely beautiful woman's face, looking no more than in her thirties, but the wisdom in her eyes was in no way what a thirty-year-old woman could possess!

Coupled with the fact that the girl addressed her as Madam, then the identity of this woman was very obvious.

The fifth master's proper wife, Madam Xue!

Madam Xue should be in her forties this year, yet, she still looked similar to a thirty year old woman.

Age had not left many traces on her body, but it had given her more of a mature and sensual beauty.

This woman, with the beauty of a twenty-year-old girl, the maturity of a thirty-year-old woman, and the wisdom of a forty-year-old woman, is as intimidating as a queen who can control everything!

Only such a woman could be worthy of the King of the Southern Realm, who had his hands on the sky in the Southern Realm!

If Lin Mo had seen this scene, he would have been shocked to the core.

He had always thought that this man in black was a secret expert beside Master Xue Wu.

But who could have imagined that this person in black was, in fact, the wife of the Fifth Master Xue!

The wife of the King of the Southern Realm was actually so powerful?

This strength alone was proof enough that this woman was definitely not simple!

Madam Xue took off the nightclothes she was wrapped in on the outside, revealing her exquisite figure inside.

Her long, waterfall-like hair poured out around her waist as she took off her hat.

After she had tidied everything up, she glanced at the girl and said in a cold voice, "What, he's worried that I won't be able to complete my mission and he's sending you to keep an eye on me?"

The girl's face changed and she quickly whispered, "Madam, you have misunderstood."

"Fifth Master is asking me to come and fetch you."

"Fifth Master said that you have worked hard these past few days, and specially instructed me to pick you up!"

Madam Xue sneered, "No need!"

"You go back and tell him that Lin Mo is already an invalid, so that he doesn't have to worry about this person anymore!"

The girl's eyes suddenly widened, "Lin Mo Lin Mo is ruined?"

"How is that possible?"

Madam Xue frowned and said angrily, "Are you doubting me?"

The girl was startled and hurriedly said, "My subordinate wouldn't dare!"

Madam Xue glared at her before she said in a cold voice, "I watched Lin Mo's dantian being annihilated with my own eyes, and those present, along with his own planted cronies."

"If you don't believe me, you can ask his cronies to see if it's true or not!"

The girl nodded hastily, "What Madame says is naturally true, there is no need to ask!"

Lady Xue ignored her flattery and directly started her vehicle, driving away.

As she was leaving, she opened the car window and said in a cold voice, "Go back and tell him that I'm going to stay in Hai Cheng for a few days."

"Before I go back, sort out that filthy thing of his for me!"

"What he wants to do, I don't care."

"But if he dares to bring me into disrepute, don't blame me for being unkind to him!"

With those words, Madam Xue drove off, ignoring the girl in the slightest.

The girl stood bent over, watching Madame Xue's car drive away, before a trace of resentment wiped across her eyes.

"You think you're still the same young lady?"

"Your family has fallen, without the Fifth Master, what are you?"

"Madam Xue, Madam Xue, I pooh, what the hell!"

The girl muttered a few curses, but in the end, she only dared to go through the motions.

She wouldn't dare to say such things in front of Madam Xue.

Around Madame Xue, people who didn't know the proper measure could end up in a miserable situation.

The girl looked in the direction of Yunan City and muttered to herself, "He ruined his own dantian?"

"Why doesn't it sound like that?"

Chapter 1944

Late at night, the compound of the Peng Family, one of the ten largest families in the Soo Province.

A black Maybach drove into the courtyard and the Peng family head dragged his tired body out of the car.

He returned to his room and was just about to turn on the lights in the house when he suddenly stopped.

He turned his head to look at the position of the sofa in the house, frowned slightly, and after a moment of silence, closed the door to the room and walked over.

In the darkness, the Peng family head came to the front of the sofa and said in a deep voice, "What are you doing here?"

With a soft snap, a small lamp by the sofa turned on, illuminating everything around it.

On the sofa, there was sitting a girl dressed in black, the very same girl who had been following Master Xue Wu around.

She glanced disdainfully at the Peng family head, "What? Can't I come?"

"Don't forget how you came to be in the position you are in now!"

"Back then, if we hadn't helped you kill those heirs, would you have been able to sit in the position of family head?"

"If it wasn't for the Fifth Master helping you a few times behind the scenes, could you have gotten to this point today?"

These words, if they were heard, would surely set off a thousand waves.

Who could have imagined that the Peng family head would sit in the family head position like this?

Behind this, there was even Master Xue Wu as a pushing hand?

The Peng family head looked slightly embarrassed and said in a low voice, "I didn't mean that."

"It's just that it's just that if you come over at this time, if someone finds out, then that won't be good ah"

"You know, now those few families on this side of the Soviet Province, all regard Lin Mo as a lifesaver."

"Lin Mo had such a big incident again, and you came running to me, this this if people find out, maybe they will target us ah!"

The girl waved her hand, "You don't have to worry, I'm not coming to ask you to do anything, I'm just here to ask you a question."

The Peng family head couldn't help but breathe a sigh of relief and hurriedly said, "You misunderstand, I'm not worried that something might go wrong!"

"What you did for me, and the kindness of the fifth master, I remember it all."

The girl waved her hand, "Don't say such nonsense!"

“The Fifth Master doesn’t like to listen to nonsense, he only likes to see actual actions.”

The Peng family head took a deep breath and said in a low voice, “Then what do you want to know?”

A sharp aura flashed in the girl’s eyes as she said in a deep voice, “I heard that Lin Mo had destroyed his own dantian, is that true?”

The Peng family head was surprised, he had not expected that the girl had come to ask this question.

“It’s true!”

“I saw it with my own eyes!”

The Peng Family Head returned categorically.

The girl, in turn, snorted, “Seen it with my own eyes?”

“The surname Lin is tricky, what you saw with your own eyes may not be true.”

The Peng family head couldn’t help but stare, “This can still be false?”

“I was there, I saw it with my own eyes.”

“Those few silver needles of Divine Doctor Xue pierced his acupuncture points and also annulled his dantian as well.”

“How can that be a fake?”

The girl waved her hand, “These are not crucial.”

“I’ll just ask you, what was Wu Xuan doing at that time?”

Peng Family Head: “Wu Xuan?”

“He he was around!”

Girl: “His hand, did it leave Lin Mo’s body?”

The Peng family head thought carefully and nodded, “Left.”

“When I left, Lin Mo was asleep alone in his room, with no one around him.”

The girl couldn’t help but stare.

To be honest, she had originally been very skeptical about the news that Lin Mo had destroyed his own dantian, always thinking that Lin Mo was lying.

But now, after hearing the Peng family head say this, it didn’t seem like Lin Mo was lying.

He could have faked the self-cancellation of his dantian, but how could the power in his body be suppressed?

If Wu Xuan’s hand hadn’t left Lin Mo’s body, then the girl would definitely suspect that this was a fake, because Wu Xuan was definitely helping Lin Mo suppress his power.

And now, Wu Xuan wasn't even by Lin Mo's side, so that meant that the power in Lin Mo's body was gone!

Chapter 1945

Family Head Peng stood respectfully next to the girl, and when he saw the icy coldness on her face gradually turn into a smile, he asked in a low voice, "Does Fifth Master have any plans?"

The girl frowned and glanced at the Peng Family Master, "What do you mean by asking that?"

The Peng family head hurriedly said, "I am not trying to follow Fifth Master's lead!"

"This Lin Mo is already a ruined man, so how can we deal with the matter of reconstructing the pills?"

The girl's face was cold and she said in a deep voice, "Surnamed Peng, don't ask what you shouldn't ask."

"The more you know, the quicker you will die, this truth, you wouldn't not understand, right?"

The Peng family head's face changed and he was silenced: "Under I understand"

"Under me also just want to share the worries of the Fifth Master."

"If the fifth master is willing, our Peng family is willing to be the villain and step in to retrieve the rejuvenation pills"

The girl was furious and rebuked, "Shut up!"

"Are you teaching the fifth master to do something?"

The Peng family head only shivered in fear and almost didn't fall to his knees as he hurriedly said, "My subordinate wouldn't dare! My subordinate wouldn't dare!"

The girl glared at him and said in a cold voice, "Surnamed Peng, I'll warn you again, don't be a smarta*s!"

"What the Fifth Master wants to do, what he wants to do, what he should do, he has his own plans, it's no one else's turn to dictate!"

"You just need to mind your own business, other matters that have nothing to do with you, try to pry as little as possible!"

The Peng family head said repeatedly, "Yes, yes, yes! My subordinate understands, my subordinate understands!"

The girl glanced at him disdainfully and said coldly, "That's enough!"

"I'm going back to report to the Fifth Master."

"Remember, without the Fifth Master's word, don't do anything else except protect Lin Mo, do you understand?"

The Peng family head nodded repeatedly, "Yes!"

The girl: "Also, I must not let anyone know about my coming to you tonight, except for the Fifth Master!"

"Including Huo Hua and the Prince and the others!"

The Peng family head couldn't help but stare, "What about Madam?"

The girl was furious, "Don't you understand my words?"

"No one must know except the Fifth Master!"

The Peng Family Master's face changed slightly, lowering his head and hurriedly saying, "Yes, my subordinate understands!"

The girl glanced at him coldly, "Only you and I know about tonight's incident."

"If this matter leaks out, you should know what will happen!"

The Peng family head couldn't help but shiver and hurriedly said, "If the news leaks out, I will die to thank you for your crime!"

The girl nodded in satisfaction, turned around and left the Peng Family compound silently.

As the Peng family head watched the girl leave, he couldn't help but sit paralyzed on the sofa, his back covered in cold sweat.

He looked at the direction where the girl had disappeared, first freezing for a long time, and then, finally, his eyebrows tightened up again.

"Even Madam Xue had to hide it?"

"Heh, this is interesting now!"

The Peng family head leaned back on the sofa and muttered softly under his breath.

The girl didn't know what the Peng Family Master had said behind her back; after she left the Peng Family compound, she drove through the night and sped all the way to a city roughly three hundred kilometres away from Yunan City.

She did not enter the city, but turned into an isolated manor on the outskirts of the city.

From the outside, this manor looked like an ordinary orchard.

However, when she went inside, she found that there was something else inside the manor.

There was a huge lake in the middle and an extremely luxurious villa had been built by the lake.

The fact that there was only this one family in such a large lake showed how extravagant this family was.

When the girl arrived at the entrance of the villa, a man walked straight out of the house.

This man, was none other than Master Xue Wu's personal driver!

When the driver saw the girl, he didn't say anything and came straight down, helping the girl drive the car to the garage.

The girl, on the other hand, entered the villa with ease. In the living room, there was a man standing by the window, and it was none other than Master Xue Wu!

Chapter 1946

Master Xue Wu stood by the window with his hands folded, his eyes quietly looking at the lake in the distance.

Even though the girl walked behind him, he never turned back.

Only to those he trusted the most would he do so!

This girl, and the personal driver, were the ones he trusted the most.

“How’s it going?”

Master Xue Wu asked casually.

The girl bent over slightly, “Madam said that Lin Mo had destroyed his Dantian and would never be able to practice martial arts again in his life!”

Master Xue Wu did not say anything, still looking out at the lake as if he was waiting for something.

Slightly embarrassed, the girl whispered, “I’ve been to the Peng family, and the Peng family head said the same thing.”

“Moreover, he saw with his own eyes that it was Divine Doctor Xue who had annulled Lin Mo’s dantian.”

“Afterwards, Lin Mo was lying alone in his room, resting, and Wu Xuan was not by his side.”

At this moment, Fifth Master Xue finally turned his head.

He walked to the table and sat down, glanced at the girl, and said softly, “You don’t believe Madam’s words?”

The girl blushed with embarrassment and lowered her head, “I just wanted to make sure.”

“After all, madam was only peeking from afar, once she was tricked, then that”

Master Xue Wu looked at the girl quietly and did not say anything.

The girl was looking at him a little too much and gritted her teeth, “I am not trusting madam.”

“After she saw Lin Mo for the first time, I felt that something was wrong with her.”

“Especially that night, after she followed Lin Mo and Wu Xuan into the mountain, I felt that she was even more out of place.”

“Later on, when Lin Mo went into Yunan City, she didn’t even let me go near, everything, it was all Madam who was keeping an eye on it alone.”

“I always felt that madam was hiding something from me.”

The fifth master Xue laughed lightly, “What is she hiding from you?”

“She is just hiding it from me!”

The girl immediately said, “Fifth Master, you don’t believe Madam either?”

Master Xue’s face turned cold as he angrily scolded, “How dare you!”

The girl was startled and fell to her knees, “Fifth Master, I was wrong!”

Fifth Master Xue glanced at her and said in a cold voice, “Listen carefully!”

“No matter what Madam does to me, I will always trust her!”

“Remember this for me too, I don’t care what you’ve actually done outside.”

“Just displease the Lady and you will die, do you understand?”

The girl turned pale and nodded her head repeatedly, “My subordinate understands! My subordinate understands!”

Master Xue Wu ignored her and got up and walked to his place at the window, staring at the lake outside for a long time before saying softly, “Pack up and go to Yunan City tomorrow.”

“Also, find a few good herbs from the library and send them to Lin Mo as a gift!”

The girl froze for a moment, “Fifth master, we are going to see Lin Mo like this, will it make people think that we are backing Lin Mo up?”

“This time, the matter is so sensitive, with the death of Xie Xingbang in the Xie family, the Xie family will never take it lying down.”

“Such a big matter, if we step in, how will the other major powers look at it!”

Master Xue Wu sneered, “I just want to back up Lin Mo!”

“So what if someone died in the Xie family?”

“It’s not like Lin Mo killed Xie Xingbang, so why should the Xie family seek revenge on him?”

“For this matter, Lin Mo became an invalid, the fault for this matter lies with the Xie family, right?”

“As the King of the Southern Realm, if I can still sit back and do nothing, then what qualifications do I have to be in charge of these six Southern Realm provinces?”

The girl couldn’t help but freeze, knowing that not too long ago, Master Xue Wu had repeatedly warned her.

It was fine to protect Lin Mo, but don’t interfere in this matter and don’t give the Xie family any excuse to target Fifth Master Xue.

All they had to do was to keep Lin Mo alive and ensure that Lin Mo was always within the confines of the Southern Realm, and that would be fine.

And now, the Fifth Master Xue suddenly changed his attitude and went to support Lin Mo with such fanfare? What does this mean?

Chapter 1947

With confusion, the girl exited the villa.

Walking out of the confines of this manor, she went directly to a small building not far away nearby.

The small building looked as if it was an ordinary home, however, there was a different world in this basement.

The basement was large in scope and, inside, was divided into many single rooms.

The girl walked in and met two people in the first room.

One was the driver from earlier, and the other was an old man lying on his bed like a dead dog.

Upon closer inspection, this old man was none other than Zun Zong!

If Lin Mo was here, he would definitely marvel that it was Master Xue Wu's men who had captured Compose Zun!

Compose Zun was panting and breathing heavily, he didn't look too good, but at least his life was being preserved.

When the driver saw the girl's face full of confusion, he couldn't help but laugh lightly, "What's wrong?"

"Saying the wrong thing again and being scolded by the fifth master?"

The girl glared at the driver with a defiant face and said indignantly, "The fifth master scolded me, that's what I deserve."

The driver smiled, "If you deserve to be scolded, then why are you making a face?"

The girl said angrily, "I just can't understand."

Driver: "What can't you understand?"

The girl: "I just don't understand why the Fifth Master is backing up that Lin."

"Last time, the Fifth Master personally went to Guangyang City and gave the surnamed Lin a great opportunity."

"As a result, the one surnamed Lin didn't know any better and refused instead."

"This kind of guy who doesn't know any better should be made to beg us on his knees, why should we be the ones to step in and help him!"

Slightly surprised, the driver asked for specifics and couldn't help but laugh.

"You, you, are still too childish!"

The driver laughed.

The girl was instantly annoyed: "Who are you calling childish?"

"How am I childish?"

“What am I saying that’s wrong?”

The driver laughed and shook his head, not meaning to argue with her.

Just then, Compa*s Zun suddenly spoke up, “Aren’t you childish enough?”

“Heh, thanks to the fact that you’ve been following Master Xue Wu for so many years, but it turns out that you don’t understand him at all!”

The girl couldn’t help but be angry, “How do I not understand Fifth Master?”

The Companions sneered and glanced at her obliquely, “Do you really think that Master Xue Wu cares about what the other major powers think?”

“No one else knows about what happened last time, but don’t you know that in your heart?”

The girl glared, “What do I have in my heart?”

The companions sneered, “How exactly did Xie Qianjun and Xie Xingbang die, don’t you have any numbers in your heart?”

“Could it be that you really think that Xie Qianjun and Xie Xingbang, were killed by Lin Mo?”

“If that’s the case, then you’re not naive, you’re just plain stupid!”

The girl’s mouth was open, unable to speak for a long time.

Looking at her, Compa*s Zun couldn’t help but feel even more smug as he sneered, “Heh, Master Xue Wu knows very well. Whether it was Xie Qianjun’s death or Xie Xingbang’s death, it wasn’t Lin Mo’s doing.”

“As long as he wants to prove this matter, then he can definitely prove it, and no one will be able to refute it!”

“But why didn’t he just do that?”

The girl froze for a moment and said angrily, “You’re not talking nonsense!”

“That Lin is not related to us, so why should we help him prove it!”

Compa*s Zun sneered and asked in return, “Then why should Master Xue Wu give him the chance?”

The girl glanced at Compa*s Zun, “You’re in this state, and you’re still worrying about other people’s affairs?”

Compose Zun sneered, “What? Don’t dare to answer?”

The girl was furious, “What do I not dare to say?”

“The one surnamed Lin is holding the re-creation pills, what a huge profit that is!”

“If those profits were left in the southern realm, do you know how much the strength of the six southern provinces would be raised?”

“The Fifth Master is giving him the opportunity because he doesn’t want the profits from this Recycle Pill to leave the Southern Realm!”

“The Fifth Master is doing this for the benefit of the entire Southern Realm!”

Chapter 1948

The compulsive zun laughed disdainfully.

The girl was instantly annoyed, “Old thing, what do you mean?”

“You dare to disrespect the Fifth Master?”

“Believe it or not, I will let you die without a burial place?”

The Companions once again snorted, “In my current state, what do you think I have to fear?”

“Let me die? Aigoo, then I can thank you for directly helping to free me!”

“But, let me give you a small reminder.”

“Since Master Xue Wu has asked you to bring me here, that means, he has no intention of letting me die.”

“He hasn’t met me yet, so if you kill me, I’m afraid you won’t be able to explain to Master Xue, will you?”

The girl was furious, but she was speechless.

Just as the Companions had said, Master Xue Wu had asked them to bring the Companions, and that was with other intentions.

Although she was furious, she really didn’t dare to do anything to Compose Zun!

Taking a deep breath, the girl gritted her teeth and said, “Old thing, I am unable to kill you!”

“But, I also have ways to make you beg for your life and not be able to die, do you want to try?”

The compulsion zun’s face changed slightly, and then he shrugged, “Aiya, why are you so angry?”

“We don’t have any enmity, you even saved me, so why be angry?”

“Fine, let’s assume you’re right, let’s assume that Master Xue Wu is working for the welfare of the people of the Southern Realm?”

“Then let me ask you, why did Fifth Master Xue suddenly step in to help Lin Mo again this time?”

The girl said angrily, “What’s just as if? It’s obviously!”

“Also, wasn’t that my question just now, why are you asking me back again?”

The Companions snorted, “Let me put it to you this way.”

“Master Xue Wu wants to keep the profits from the Recycle Pill in the Southern Realm, however, he is wary of Lin Mo.”

“After all, Lin Mo is the heir to Nanba Tian, and many people are clamouring that once Lin Mo grows up, he will definitely be the next King of the Southern Realm!”

The girl spat directly, “I pooh!”

“What qualifications does he have to be the next King of the Southern Realm?”

Compa*s Zun: “It’s not up to you to say whether or not he’s qualified.”

“The fact that Nanba Tian has chosen him means that this person has some strengths that no one else can find.”

“Master Xue Wu may not have to understand him, but Master Xue Wu understands Nanba Tian.”

“Therefore, Lin Mo’s existence, in a way, poses a certain threat to Master Xue Wu!”

The girl’s eyes widened, “With just him? Still want to threaten the Fifth Master?”

Compa*s Zun smiled, “Don’t you forget that all the major clans in Guang and Su Provinces are now completely subservient to him.”

“Without some ability, he could make it this far?”

The girl bristled indignantly, “He him that’s just a lucky break!”

Compose Zun: “sh*t luck or not, but his existence is a threat to Master Xue Wu.”

“Last time, when Master Xue Wu went to Guangyang City, it was to give him a chance to choose.”

“If he chose to submit to Master Xue Wu, then it would be best.”

“But, he didn’t choose in the end, so that means this person has ambition.”

“Ambition and a certain amount of strength, this kind of person, do you think Master Xue Wu should be wary of him?”

The girl’s brow furrowed, and she vaguely figured out the reasoning behind this.

Seeing the girl’s expression, Compa*s Zun couldn’t help but smile coldly, “What? You’re finally getting the hang of it?”

“Actually, you should have seen things clearly this time.”

“Master Xue Wu’s attitude towards Lin Mo has always been the same.”

“Both wary and wanting to keep him at the same time.”

“That’s why Fifth Master Xue let the Xie family make trouble, he didn’t even step in to take care of it, yet he sent you guys to secretly protect Lin Mo, for this very purpose.”

“He wants the Xie family to put pressure on Lin Mo, to make the Xie family destroy the power that Lin Mo has built up bit by bit.”

“To put it bluntly, he wants to use the Xie family’s hand to eliminate Lin Mo’s threat to him!”

Chapter 1949

The girl frowned as she too finally figured out what was going on here.

The Compa*s Zun slowly said, "In fact, this time, when it comes to this, it is the perfect outcome for Master Xue Wu!"

"With Lin Mo wasted, there is no longer any threat to him, so what's wrong with him stepping in to help Lin Mo at this time?"

"One, he would be able to squarely keep Lin Mo in the South Realm and keep the profits from the Recycle Pill in the South Realm."

"And secondly, it would also win Lin Mo's gratitude and also show off his prestige as the King of the Southern Realm."

"Two birds with one stone, do you think, he would do it?"

The girl revealed a thoughtful expression and skimmed her lips, "A scum is just a scum, what can be done to help him?"

With those words, she walked straight towards the inner room.

The driver was surprised: "What are you doing in there?"

The girl said indignantly, "Fifth Master asked me to find a few better herbs and send them to Lin Mo as a gift."

"I'm going to pick something for that scum now!"

The driver nodded, but Compa*s Zun suddenly said, "A word of advice, try to pick herbs of a higher value."

The girl immediately glared, "What's wrong with you?"

"Who am I to pick high value herbs for him?"

"It's already a great favour for Master Wu to give him some herbs, and you still want high value ones? I'm going to pick the lowest value!"

"If it were up to me, what about gifts? Send two cartons of milk to him!"

The companions snickered, "Whatever you want."

"As long as it's not too much trouble for you, you pick the one with the lowest value."

Girl: "Trouble with what?"

The Companions said softly, "Trouble for you to come down and run again when the time comes."

The girl frowned, "What are you talking about?"

"Why do I have to come down for another run?"

The companions laughed and did not speak again.

The girl gave him an indignant look and muttered, "I think there's just something wrong with you!"

"Aren't you at odds with the surname Lin? And now instead you're asking me to get him good herbs?"

"What the hell do you want?"

The compulsive daddy sneered, "I'm doing this for your own good, forget it if you don't believe me."

"As for Lin Mo, he's also a wreck now, I'm also a wreck, there's no difference between us, so what's wrong with giving him some good herbs?"

The girl stared, "You're doing this for my own good?"

"Why don't I see it?"

"You're clearly trying to make my Fifth Master waste something!"

The compulsive zun waved his hand, "Fine, just pretend I didn't say that, whatever you want."

The girl muttered a few words, walked into the inner room, and really picked out a few pieces of herbs of the lowest value and brought them out.

She said that they were of the lowest value, but which of the herbs that Master Xue had hidden here were ordinary?

This herb alone, when taken out, would be worth ten million dollars.

The girl had a reluctant face, she knew best the value of these herbs.

Now that she had to give such precious herbs to Lin Mo, she was really reluctant!

However, this was something that Master Xue Wu had ordered, and she could only do as she was ordered.

Taking the herbs upstairs, she first brought them to Master Xue's place for him to look over.

Who knew that after just one glance, Master Xue Wu would simply say, "Take it back and replace it with another batch."

"Apart from the two pieces of my collection, take the rest, pick up the most valuable ones!"

The girl froze, her face dumbfounded as she looked at Master Xue Wu, her entire being in a daze.

Never in her wildest dreams did she think that the Companions were right, and she really had to go down for another walk!

Seeing the girl standing here and not leaving, Master Xue Wu frowned, "What's wrong?"

"Is there a problem?"

The girl hesitated for a moment and whispered, "Fifth Master, why do you want to change it?"

"This medicinal herb, it's already worth a lot!"

"This random herb, get it outside, that is worth ten million ah, is this not enough?"

Chapter 1950

Master Xue Wu gave her a cold look, "The value is enough, but it depends on who it's for!"

"I am the King of the Southern Realm, is such a herb considered of high value to me?"

The girl whispered, "But, we're just giving it to that Lin Mo, it's not like we're using it for ourselves."

"This medicinal herb, to Lin Mo, is even considered high value!"

Master Xue Wu frowned, "Why do you have so many questions?"

"Did I not make myself clear enough? This medicinal herb, to me, is nothing at all!"

"I took out such herbs to see Lin Mo, do you think that's sincere?"

"He's the heir to Nanba Tian, and he possesses a supreme medical skill, as well as a divine medicine like the Reclamation Pill."

"For such a person, shouldn't I take out the best things to show how much I value him?"

The girl came to her senses, she finally understood what Master Xue Wu meant.

Lin Mo had the Recycle Pill in his hand, so he still had a high value.

For such a person, Master Xue Wu must also have to show absolute sincerity and take out the best herbs over there!

She hurriedly nodded, "Yes, I understand!"

"I'll go change now!"

She turned around and muttered in a low voice, "I really didn't expect this, but I was still told off by that dead old man!"

Master Xue Wu was right behind her and clearly heard the girl's words.

"What did you just say?"

"That dead old man?"

Master Xue Wu asked in a deep voice.

The girl didn't dare to hide, and hurriedly told the story from beginning to end of what the companions had just said, down there.

After hearing the girl's words, the fifth master Xue was first silent for a moment, then a snicker wiped across the corner of his mouth, "This person, still not dead!"

The girl was surprised: "Who's not dying?"

Master Xue Wu: "Compulsion Zun ah!"

The girl was even more amazed, "Compulsion Zun!?"

“He how come he’s not dying?”

“Fifth Master, what exactly did he do? Do you want me to go and kill him directly!”

Fifth Master Xue waved his hand, stood up and walked towards the door while sneering, “If you want to kill him, then why bring him back?”

“After he told you so much, isn’t he just trying to tell me through your mouth that he still has some value and wants me to keep this life of his.”

“Heh, in that case, then I’ll go and see how much value he still has, this life of his, and whether there is still a need to keep it or not!”

The girl followed behind Master Xue Wu, with a confused look on her face, “Fifth Master, do you mean that the compulsion daddy told me so much and pressed for you to know?”

Master Xue smiled lightly, “What else?”

“Compose Zun has become that virtuous, and you don’t have any relationship with him, so why would he say so much to you?”

“And for you to fetch the most valuable herbs, it was all said by him on purpose.”

The girl frowned, she finally understood why the compa*s daddy had to say so much to her.

“Hmph, this old thing, he’s just being clever!”

“If I had really listened to him then and taken the most valuable herbs, wouldn’t everything he had done have been for nothing?”

The girl bristled.

Master Xue Wu smiled lightly and shook his head, “You wouldn’t have done that.”

“With your character, if the Companions’ Honor let you take the most valuable herbs, you would instead go against him.”

“Moreover, given your attitude towards Lin Mo, I would instead find it strange if you really took the most valuable herbs straight back.”

The girl was dumbfounded, she finally knew that everything she had done was actually in Compa*s Zun’s calculations, she had been completely used by Compa*s Zun.

“This compulsion zun, he is too sinister, isn’t he?”

The girl said angrily.

Master Xue Wu calmly said, “A person with very ordinary qualifications, but surprisingly in charge of the Miaojiang Hundred Thousand Mountains for decades, without some means how is it possible?”
