

Genius 1951

Chapter 1951

The girl remembered the situation of the Compulsion Zun, who was really average in strength.

But for such a person to be in charge of 100,000 mountains in Miaojiang, this was really not something that ordinary people could do.

Seeing that Fifth Master Xue was putting on his jacket, the girl hurriedly said, "Fifth Master, I'll go and change the herbs first then."

Master Xue Wu smiled faintly and casually waved his hand, "Go ahead."

The girl ran out in a flash and quickly rushed to the basement.

Inside the basement, Compose Zun was still lying on the bed, and now he didn't even have the strength to stand up.

As soon as the girl saw Compa*s Zun, she was furious and went straight up, grabbed him by the neck and lifted him up.

"Old thing, how dare you use me!"

The girl said indignantly.

Instead of being shocked, the compulsion leader laughed: "You know all about it?"

The girl said angrily, "Nonsense, you really think I'm a fool!"

"Old thing, do you know who I am?"

"You're using me like this, believe it or not I'll kill you!"

The parasite laughed again, "Kill me? Not so much, right?"

"Will Master Xue Wu agree?"

The girl glared, "Do you think you know the Fifth Master well?"

"Do you think Master Five cares if you live or die?"

The Companions laughed, "Since you've come back for me, then Master Xue Wu should be right behind you."

"Master Xue Wu, I'm afraid he won't let you kill me!"

The girl couldn't help but stare, "How did you know that the Fifth Master was coming?"

The compulsive zun smiled but did not say anything.

Just then, the voice of the Fifth Master Xue came from behind, "You go and find the herbs first."

The girl turned her head and happened to see Fifth Master Xue walking in through the doorway.

She couldn't help but be filled with amazement.

With Master Xue Wu's strength, it was impossible for anyone to notice that he had come in, ah, so how did the Companions know?

However, she did not dare to disobey Master Xue Wu's words.

She glared indignantly at Compa*s Zun and angrily went to the inner room, looking for medicinal herbs.

When Compa*s Zun saw Master Xue Wu, he hurriedly lowered his head, "Greetings to Master Xue Wu!"

"I am willing to serve the Fifth Master with my liver and brain, I will not hesitate to do so!"

Fifth Master Xue walked up to Compa*s Zun's side and smiled lightly, "You're quite resourceful!"

"I can't believe you knew I was coming?"

Compa*s Zun hurriedly said, "It's not that I'm resourceful, it's just that this girl, she's really not good at thinking."

"Given her situation, she certainly can't think of the reason why I'm talking to her so much."

"If she can come back to me, then there must be someone high up who has guided her to see my intentions."

"Apart from Master Xue Wu, I can't think of anyone else who could give her these pointers."

The Fifth Master Xue smiled disdainfully, "You are a bit clever and quite accurate in reading people, no wonder you have been in charge of Miaojiang for decades."

"However, you should know exactly what you've done out there, and just how many enemies you have."

"I'm afraid that this alone is not quite enough for me to keep you alive!"

The Compa*s Djinn hurriedly said, "This little bit of cleverness of mine is not worth mentioning in front of the Fifth Master at all."

"The Fifth Master is extremely wise and resourceful, how could he use such a small trick of mine?"

"However, since the Fifth Master has saved me and returned, it means that I must still be of some use."

"That's why I dare to ask Fifth Master to come over for a chat and see what I can do for Fifth Master!"

Fifth Master Xue gave Compa*s Zun a deep look, "Now it's not what I want you to do, but you have to tell me what you can do for me!"

"I'm going to meet Xie Xingguo in Yunan City soon."

"If you can't help me, then I'll have to hand your corpse over to the Xie family to settle the matter of Lin Mo!"

The companions' faces changed slightly and they hurriedly said, "Fifth Master, although I am a ruined man now, my greatest skill is not martial arts per se!"

"I am the Lord of Miaojiang, and I am proficient in the cultivation and manipulation of all Miaojiang's parasites."

"I can cultivate all kinds of strange Miaojiang compulsions for the Fifth Master, and as the Fifth Master knows, strange Miaojiang compulsions are of extraordinary use!"

Chapter 1952

Master Xue Wu shook his head, "The Miaojiang strange compulsion?"

"Heh, at my level, apart from the Miaojiang's Golden Silkworm Compulsion, what other compulsions can hurt me?"

"And at this level of mine, those compulsions of yours, to me, can only be small tricks, and are not meaningful!"

"With this, it won't save you either!"

The compulsion zun's face changed again.

The Miaojiang compulsions were his crushing skills.

If even these things could not be seen by Master Xue Wu, then what was the point of his existence?

Master Xue Wu looked at Compa*s Zun and sneered, "Compa*s Zun, it seems that your value is only so much!"

"Also, your little cleverness doesn't mean much either."

"From beginning to end, you've got one thing wrong."

"I brought you back, not to save you, but to prove to the Xie family that Xie Xingbang and Xie Qianjun were not killed by Lin Mo."

"If you really can't think of any way to save your life, hehe, then you'll just have to use it to save Lin Mo's life!"

The companions shuddered in fear, his face turning ugly to the extreme.

He hurriedly said, "Fifth master, fifth master, you should take it easy for now."

"I am sure I have a use for it!"

"I definitely have a great use for it!"

Fifth Master Xue turned around and walked towards the door, not bothering to pay attention to the companions.

Seeing that Master Xue Wu was about to walk away, Compose Zun fiercely clenched his teeth, as if he had made up his mind about something, and suddenly said, "Master Wu, there is something that you think you won't refuse!"

Master Xue Wu paused slightly, "Speak!"

The Compa*s Master took a deep breath and said, word by word, “The Immortality Compa*s!”

Master Xue Wu finally paused, and after a long time, he turned his head to look at Compa*s Zun, “Continue!”

The Compa*s Djinn said in a deep voice, “Fifth Master, the Immortality Compa*s, it is like having an extra life.”

“You should know about me, I was once chased by Huo Hua.”

“If it wasn’t for the Immortality Compulsion in my body, I would have only died countless times.”

“You should have seen the effectiveness of the Immortality Compulsion.”

“If you can save my life, I I can cultivate an undying compulsion of your own for you!”

“With this Immortality Compulsion, who else can be your opponent among the six kings of the world?”

The fifth master Xue finally had more of a smile on his face as he looked at the compulsion zun, “Is that so?”

“You can still cultivate an undead compulsion for me?”

“I’ve heard that it’s not easy to cultivate an undead compulsion!”

The Compulsion Exalted said in a deep voice, “It is not easy.”

“However, I have cultivated it after all, I do have experience.”

Master Xue Wu: “If you have experience, then why don’t you cultivate a few more for yourself?”

The Compa*s Master sighed: “Fifth Master, by myself, I can only cultivate one undying compa*s.”

“However, I have many undying compulsion larvae.”

“I can teach you how to cultivate them, as long as you cultivate them the way I tell you, you will definitely be able to cultivate them successfully.”

Fifth Master Xue looked deeply at Compa*s Zun, “How can I believe this?”

Compose Zun: “Fifth Master, I am holding my life in your hands.”

“If I dare to do anything small, then wouldn’t I have to die myself?”

“If you succeed, not only will I be able to save my life, but also, at least it will be considered a bit of merit, and I will be able to get some reward in the future!”

“I am already in this state, do you think I can have any other extravagant hopes?”

“In my current situation, it’s impossible for me to do anything more on my own, I only ask for a strong person to keep me alive, that’s enough!”

Master Xue Wu shook his head gently, “Those words are not enough to convince me!”

“Your life is no match for mine.”

"If you can desperately pull Lin Mo as a cushion, you'll desperately pull another person's back."

"I don't know anything about raising parasites, who knows if you'll move something and harm me along with you!"

Chapter 1953

Compose Zun's face changed again, he knew that it was impossible for Master Xue Wu to trust him at all.

After a long moment of silence, Compa*s Zun gritted his teeth and said, "Fifth Master, if you don't trust me, then you can find another person."

"I will first cultivate the undying compulsion on him, and you watch the whole process, or even, you can record the process."

"When the time comes, you will see if there is anything wrong with this person, won't you know if I have lied to you?"

The fifth master Xue did not reply to the companions' words, he stared at the companions for a long time before finally nodding slowly: "This idea, it is possible to try it."

"Where is your undying compulsion larva?"

Compa*s Zun hurriedly told him the place where he had hidden the parasite.

Master Xue Wu nodded and turned around to walk out of the basement.

At that moment, the girl also came out carrying a few medicinal plants.

Seeing the medicinal herbs in the girl's hand, Compa*s Zun laughed lightly and said, "This time it will do!"

The girl gave Compa*s Zun a cold look, "Cut the crap!"

"Listen to me clearly, from now on you will live here first, don't think of escaping!"

"If I find out that you are doing something small behind my back, I will definitely make your life worse than death!"

The Companions said in a hurry, "How dare I!"

"It's safest for me to hide here now."

"If I show my face and go out, what's the difference between that and looking for death?"

Only then did the girl nod in satisfaction and went out with the herbs.

The companions let out a long sigh, knowing that he had really saved his life this time.

But as he had said, he could not hope for anything else in the future.

It was good enough to have survived!

He sat on the bed in silence for a long time before suddenly sneering again, "Hmph, the one surnamed Lin has also become a ruined man, this time, no loss!"

.....

Late at night, Hai Cheng.

A fiery red sports car sped down the seaside highway, in it sat a beautiful woman, none other than Master Xue's wife, Madam Xue!

She had rushed straight to Hai Cheng after leaving Yun An City.

The car sped all the way to a manor outside the seaside before stopping.

There were several bodyguards standing at the entrance of the manor, and when they saw Madam Xue coming, they all looked at each other in disbelief.

These few bodyguards did not know Madam Xue at all.

However, looking at this car, they knew that Madame Xue's identity was definitely not simple.

This car, worth more than thirty million, there were not many of them in the entire Sea City.

Among them, the Crown Prince had one.

Anyone who could drive such a car was definitely not an ordinary person!

One of the bodyguards walked over and bowed, "Excuse me, this is a private forbidden area, please turn around and go back!"

Although Madam Xue was wearing sunglasses that covered half of her face, the part that was revealed was still heartwarmingly beautiful.

The bodyguard's voice trembled slightly as he spoke.

Even though he was used to seeing the world, he still felt a strong pressure in front of Madam Xue.

This pressure, even more so than when he faced the poisonous spider, made him wonder!

On this side of Hai Cheng, was there any woman who was even stronger than the Poison Spider's aura?

Before Madame Xue could say anything, the gates of the manor opened straight away.

A few people walked out from inside, and the leader of them was none other than the Poison Spider.

This manor was none other than the Poison Spider's manor.

When he saw Poison Spider come out, the bodyguard immediately said, "Boss, we are already asking her to leave!"

Poison Spider also ignored him, but ran straight to the car and hugged Madam Xue cheerfully, "Godmother, I heard you were here, why didn't you tell me in advance so I could go and pick you up!"

The few bodyguards beside her were stunned, this was actually the godmother of the poisonous spider?

A few of them looked at each other and were secretly lucky that they had just spoken to Madam Xue in a respectful manner.

Otherwise, if they had angered the godmother of the poisonous spider, they would have lost their skin even if they didn't die!

Chapter 1954

When Madam Xue saw the poisonous spider, the expression on her face was clearly more than a little joyful.

She deliberately pretended to be indignant, "If I don't come to you, you won't go to see me?"

The Poison Spider couldn't help but smile, "Godmother, I've only been back from your place for a few days!"

"I can't always stay at your place, can I?"

Madam Xue: "You should stay at my place!"

"What? Who would dare to disagree?"

The poisonous spider laughed and reached out to hug Madam Xue's arm, "Godmother, I have my own business here!"

"Alright, alright, don't be angry."

"Since we're here, we have to stay here for a few more days!"

"Hey, you guys, hurry up and park my godmother's car."

The few bodyguards hurriedly helped park the car while Poison Spider led Madam Xue into the manor.

Entering the living room, Poison Spider personally made tea for Madam Xue, while saying to the servant girl by her side, "Go and call that brat back!"

"All day long, all he knows is to run around and play."

"Tell him to come back and stay with Godmother!"

The servant girl was just about to go out, but she was stopped by Lady Xue with a wave of her hand.

"There's no need to ask Yun Shao to come back just yet."

"I've come over this time for something else!"

Madam Xue said.

The poisonous spider was surprised: "Something else?"

"Godmother, what do you have to do, you can just tell me."

Madam Xue didn't say anything, she just lifted her cup of tea and took a slow sip.

The poisonous spider understood and waved her hand at the few servant girls beside her, "You guys go down and rest first."

The maidservants retreated, and the poisonous spider approached Madam Xue: "Godmother, what's the matter?"

Madam Xue pondered for a moment and said in a low voice, "I heard that all of Lin Mo's family members in Guangyang City are here with you, is that true or not?"

The Poison Spider's face changed slightly, Madam Xue was running after Lin Mo's family? What was she planning to do?

Seeing the Poison Spider's expression, Madam Xue said directly, "You don't have to worry, I'm not so underhanded that I need to threaten people with their family members."

"I came to find them, there's just something I want to ask them!"

The poisonous spider looked embarrassed, "Godmother, that's not what I meant."

"You want to see them? I'll call them here!"

Madam Xue waved her hand, "No need to call them all, you can call that Xu Hanxia here."

"I've heard that Lin Mo and her are very close!"

The poisonous spider nodded, "That's true."

"You should have heard about what happened to Nan Bing'er earlier."

"Fifth Master told Lin Mo that as long as he was willing to marry Nan Bing'er, Fifth Master would help solve the Xie family's affairs."

Hearing these words, a disdainful snort wiped across the corner of Madam Xue's mouth, as if she was disgusted with what Fifth Master Xue was doing.

The poisonous spider pretended not to see anything and continued, "However, Lin Mo refused outright."

"Not only that, I heard that even the Wan family's head, was planning to marry his daughter to him, but Lin Mo still refused!"

"This man, he really is extraordinary!"

A fine aura flashed in Lady Xue's eyes as she slowly nodded, "Alright, go and call Xu Hanxia here!"

The poisonous spider retreated, and Madam Xue held her cup of tea as she murmured softly, "The Wan family's eldest miss, Nanba Tian's daughter, can't even make your heart flutter?"

"Heh, a stinky temper like your father!"

The Poison Spider wasn't here, so naturally she didn't hear these words.

Otherwise, she would have been shocked beyond belief that Madam Xue knew who Lin Mo's father was?

It didn't take long for the Poison Spider to bring Xu Hanxia over.

The poison spider just wanted to introduce Lady Xue's identity to Xu Hanxia, but was directly stopped by Lady Xue.

Madam Xue looked Xu Hanxia up and down and nodded slightly, "Not bad looking."

"However, compared to Nan Bing'er and that Missy of the Wan family, she is just not comparable!"

"It seems that Lin Mo's feelings for you are not false!"

Chapter 1955

Xu Hanxia was a little confused, she looked at Poison Spider in surprise: "Mr. Zhang, who is this?"

Poison Spider smiled lightly without saying anything: "This is a relative of mine, who is very close to me."

"She has something she wants to ask you."

Xu Hanxia nodded, "Oh, it's a relative of Mr. Zhang's."

"It's alright, if you need any help, just tell me."

Mrs Xue smiled and suddenly said, "Do you know what Lin Mo's mother looks like?"

Xu Hanxia couldn't help but stare, she didn't expect that Madam Xue had come to inquire about Lin Mo's mother.

She was slightly silent for a moment and said in a low voice, "Lin Mo's mother passed away before we got married, I haven't met her."

"However, Lin Mo has a photo of her mother there, I've seen the photo."

Mrs Xue: "Then do you remember what she looked like?"

Xu Hanxia didn't answer, but looked at Madam Xue suspiciously, "Auntie, I'm sorry, I want to ask, what are you prying about this for?"

Mrs Xue did not answer and the poisonous spider whispered, "Halfsia, it's alright."

"Since she's asking you these questions, there must be a reason."

"I assure you, she definitely doesn't mean any harm!"

Xu Hanxia looked at the poisonous spider, then at Madam Xue, and nodded slowly, "Mr. Zhang, I trust you."

"Auntie, I still remember what Lin Mo's mother looked like."

"However, my description may not be accurate."

"Inside my phone, I have a picture of her, why don't you take a look at the picture?"

A brilliant look immediately flashed in Madam Xue's eyes, "A photo?"

“Where is it, let me take a look!”

Xu Hanxia took out her phone and flipped out the photos inside.

When Mrs. Xue saw the photo, there was clearly some disappointment in her eyes, “This is his mother?”

“You’re not mistaken, are you?”

Xu Hanxia nodded: “There is no mistake, this is a photo of Lin Mo’s mother.”

“This photo, Lin Mo has always kept it.”

Mrs Xue frowned and said in a deep voice: “It’s not right? How come it looks like this?”

“Could it be, he lied? He’s not his son at all?”

Xu Hanxia was surprised, “Auntie, what are you talking about?”

Mrs. Xue didn’t answer, but took her phone over and looked at it carefully for a long time.

Suddenly, as if she remembered something, she violently zoomed in on the photo and stared at the woman’s neck on the photo for a long time.

Finally, at the edge of the woman’s neck, she saw a subtle mark.

Madam Xue’s eyes immediately turned bright as she laughed out loud despite her image, “Hahahaha, it’s really you, it’s really you!”

“You’ve disguised yourself quite well, but that wound that I bit out at the beginning is still there!”

“Hahahaha, it’s really right, it’s really right”

Xu Hanxia was dumbfounded, she looked at Madam Xue in surprise, “Auntie, you know Lin Mo’s mother?”

Mrs. Xue shook her head with a smile and waved her hand, “Alright, you can go back and rest first.”

“Oh, by the way, don’t tell anyone about me seeing you today!”

Xu Hanxia’s face was puzzled and her heart was bewildered, not knowing what this Madam Xue actually did.

However, since it was someone introduced by the poisonous spider, she didn’t ask anything.

Right now, Xu Hanxia had great trust in the Poison Spider.

Poison Spider had someone send Xu Hanxia back, while she approached Madam Xue and whispered, “Godmother, you know Lin Mo’s mother?”

“That’s unlikely, isn’t it?”

“Your family, back then, was one of the top ten families in China.”

“What exactly is the status of Lin Mo’s mother, that she even knows you?”

Madam Xue glanced at her, "What is his mother's identity?"

"Hehe, his mother's identity is not something you can even imagine!"

"Back then, if she hadn't taken care of me, I would have been killed by those b*tches!"

Chapter 1956

Poison Spider could not help but be filled with shock, this was something she had not expected, Madam Xue had even been taken care of by Lin Mo's mother in her early years?

One should know that the Fifth Master Xue had no children, and Madam Xue was particularly fond of Poison Spider, and after considering her as her righteous daughter, she almost regarded her as her own.

The Poison Spider was able to roam the Southern Realm like this not only because she had the backing of Huo Hua, but also because she had the backing of Madam Xue.

Madam Xue has nothing to say to the Poison Spider.

The Poison Spider also knew about the early years of Madam Xue's family.

Her name was Song Luo Yi, and she was the daughter of the head of the Song family, one of the ten largest families in China.

It was said that the Song family was extremely strong back then, and at one time was in the top five of the top ten families in China.

Later, due to some reasons, the Song family had some disputes with the Nalan family in the capital over their interests.

In order to resolve these disputes and gain the trust of the Nalan family, the Song family's old man forced the Song family head to send Song Luoyi to the capital and leave him as a hostage.

By acting in this way, he finally won the trust of the Nalan family and the Song family held on for a while.

However, because of this incident, the Song family head was also at odds with the Song family's senior.

It is important to know that the Song family head only has this one daughter and considers Song Luoyi as the jewel of his heart, doting on her to the utmost.

For the Song family head, Song Luoyi was just one of his many grandchildren.

Moreover, Master Song was extremely traditional and believed that the power of the Song family could only be in the hands of the male children.

On this point, he and the Song family head themselves were at odds.

The Song family head wanted Song Luo Yi to inherit the position of head of the family, while Elder Song, in contrast, had not even looked squarely at Song Luo Yi, but had instead groomed several grandsons to be the heirs.

Originally, these clashes of philosophy were not so great as to cause conflicts between Elder Song and the Song family head.

However, this time, Elder Song actually asked Song Luo Yi to become a hostage, which was like plucking flesh from the Song family head.

At that time, the Song family head did not dare to resist, but from then on, he began to plan for a rebellion against Master Song.

It was because of these events, the infighting between the Song family head and Master Song, and a series of external factors, that the Song family began to go downhill.

And by the time Song Luoyi had grown up and was about to return to the Song family, the Song family was no longer as glorious as it had been back then.

The infighting between Elder Song and the Song family head had also come to a head.

Elder Song had been in charge of the family for decades and had deep roots, and the Song family head had never been a match for him.

So, before Song Luo Yi was about to return to the Song family, the Song family master did something that everyone could not have expected.

He, to his surprise, married Song Luo Yi to Master Xue Wu, who had already begun to make a name for himself at that time!

Although Master Xue Wu had already risen to prominence at that time, he was still a little short of the top ten families in China.

However, after the Song family head joined forces with him, this strength skyrocketed.

And Master Song's side was also unwilling to admit defeat, and the two sides fought internally for almost half a year, and in the end, Master Song's line was completely defeated.

However, after this infighting, not much of the Song family's strength was left.

Elder Song and the Song family head passed away one after another, while Master Xue Wu, in turn, took over everything in the Song family, only to become the King of the Southern Realm today!

So, the world says that the King of the Southern Realm, Master Xue Wu, is extremely deep and has swallowed the Song family to make everything what it is today.

In fact, only those who knew the inside story knew that the Song Family at that time would have been swallowed up by other great powers, if not taken over by Master Xue Wu.

When the Song family head first asked Song Luo Yi to marry Master Xue Wu, he had thought of this outcome.

However, he still chose to do that because he knew that it was the only way to save Song Luo Yi's life!

Otherwise, once he lost, Song Luo Yi's fate would be extremely miserable.

Chapter 1957

Song Luoyi had not mentioned these things about the Song family to anyone except the Poison Spider.

And how exactly her life was in the capital during those years, even Poison Spider had never heard her mention it.

However, even if Song Luoyi didn't say anything, the Poison Spider knew clearly that her life in the capital was definitely not easy.

After all, as a hostage, what was she worth in a place like the capital where the great powers were so intricate?

Once the pearl of the Song family's palm, she had to put up with it in the capital.

But now, hearing Song Luo Yi say this, the poisonous spider vaguely realized that Song Luo Yi's life in the capital was not as simple as swallowing her anger!

"Godmother, according to you, Lin Mo's mother, is also from the capital?"

Poison Spider asked in a low voice.

Song Luoyi nodded gently, "That's right!"

"Not only was she from the capital, but also, at that time, she had a very high status in the capital."

The Poison Spider's eyes widened, very high status in the capital? What kind of person did that have to be?

What kind of place was the capital, it had the most powerful Nalan family in China.

In front of the Nalan family, who else dared to say that their status was high?

The poisonous spider took a deep breath and said in a low voice, "His mother, what kind of person is she?"

Song Luoyi smiled and did not answer, but instead said softly, "You will know these things later."

"Back then, when I first arrived in the capital, I was humiliated in various ways by those so-called fops in the capital."

"Even, those people bullied me into having no one to rely on, and went so far as to use all sorts of tactics to try to insult me!"

"Fortunately, my father had some friendship with her father, so he asked her father to take care of me."

"And her father, then, took me to her house and lived with Lin Mo's mother."

"In the capital, I was almost humiliated several times, and it was Lin Mo's mother who helped me to defuse the situation."

The poisonous spider's eyes widened, although Song Luoyi did not say it outright, it was certain that Lin Mo's mother, in the capital, was definitely not of low status.

After all, a place like the capital was a place where crouching tigers hid dragons.

So many fops, all wanting to bully Song Luoyi, and Lin Mo's mother was able to defuse them, was this something that an ordinary person could do?

Although the Xie family was now unbeatable and arrogant and domineering, the first lady of the Xie family, too, could certainly not do this.

In that case, wouldn't Lin Mo's mother's family also be one of the top ten families in China?

Thinking of this, she was even more shocked in her heart.

Previously, she had thought that Lin Mo was just a rising grassroots, just like her brother Huo Hua.

But she did not expect that Lin Mo was not a rootless tree.

Lin Mo, too, was by no means simple!

The poisonous spider suddenly said, "Even Lin Mo's mother is so powerful, so who is his father?"

"How did they end up in this state?"

"It couldn't be one of those rich girls who fought for love and gave up everything to go far away, could it?"

Song Luoyi gave her a blank look, "Have you watched too many dramas?"

"How could she be that kind of person?"

"Lin Mo's father, that's an absolutely heavenly figure!"

"In my mind, in this world, this is the only person who can be worthy of his mother!"

The Poison Spider could tell that when Song Luoyi spoke of Lin Mo's father, there was a clear glint in his eyes.

It could be seen that Song Luoyi was also extremely admiring of Lin Mo's father.

Her heart was even more shocked to the extreme.

Who was Song Luoyi?

She was the wife of the King of the Southern Realm, Master Xue Wu, and was extremely powerful in the six southern provinces!

Moreover, Song Luo Yi had always been arrogant, and there was nothing that could enter her eyes.

The fact that she worshipped Lin Mo's father so much was something Song Luoyi had never thought of.

The poisonous spider couldn't help but wonder in his heart, what kind of person was Lin Mo's father that could make Song Luoyi worship him from the bottom of her heart?

Chapter 1958

Poison Spider said curiously, "Godmother, since Lin Mo's parents are both such great figures, how did he end up in this situation?"

Song Luoyi glanced at the Poison Spider and said softly, "Do you know why I didn't tell you what Lin Mo's mother's identity really was?"

Poison Spider shook her head, this was something she was quite curious about as well.

Song Luoyi treated her, with the utmost trust, and never hid anything from her, so what was going on this time?

Song Luoyi walked over to the window, looked at the distant sky and said softly, "I'm not telling you because I don't want you to get into trouble!"

"The less you know about the Lin Mo family, the better."

The poisonous spider was surprised: "Why?"

Song Luo Yi: "Because, Lin Mo has an extremely powerful enemy."

"Once Lin Mo's identity is revealed, this enemy will find his door and cut off the root!"

"It's just as well that you don't know his identity, once you do, then you won't be able to get rid of the relationship in the future!"

The poisonous spider stared blankly at Song Luoyi, "Godmother, how strong is his enemy?"

"Could it be that even you are not a match for that enemy of his?"

Song Luoyi let out a bitter laugh, "Me?"

"Heh, what do I count for!"

"Not to mention that the Song family is in decline now, even if the Song family was at its peak, it was still nowhere near as good as Lin Mo's parents back then."

"His enemies are far beyond what I can deal with!"

The poisonous spider was even more stunned, "What about that fifth master?"

Song Luoyi snorted, "Him?"

"Heh, let's not say whether he has the strength or not."

"Even if he had the strength, he wouldn't do such a thing!"

"He's a person who, in everything he does in his life, is all about profit."

"Asking him to fight someone for something like this, do you think it's possible?"

Poison Spider was instantly silent, she knew that although Song Luoyi had been married to Master Xue Wu for many years, however, the relationship between the two was actually quite ordinary.

Before Poison Spider came to Hai Cheng, she had stayed at Song Luo Yi's place for a while.

She saw with her own eyes that the two of them, Master Xue Wu and Song Luo Yi, did not live in the same room at all.

All these years, the two didn't even have any children, so they were probably just a kind of nominal couple.

Between them, none of them were actually considered affectionate, so how could Master Xue Wu, help Song Luoyi?

The poisonous spider was silent for a moment and whispered, "Then I'm afraid that in the matter between Lin Mo and the Xie family this time, Fifth Master won't help either, right?"

Song Luoyi shook his head, "No, he will help Lin Mo!"

The poisonous spider couldn't help but stare.

Song Luoyi gave her a look, "What, is it very unexpected? Think he won't help me at all?"

Poison Spider hurriedly said, "I I didn't"

Song Luoyi waved his hand, "All right, no need to explain, I didn't say anything about you."

"What's in your mind, can I not know?"

The poisonous spider was filled with embarrassment and was speechless.

Song Luoyi said, "In fact, if I really told him Lin Mo's identity, he really wouldn't help him."

"However, I didn't tell him Lin Mo's identity either."

"Besides, something happened on Lin Mo's side."

"With Xue Laowu's style of doing things, this time, he would definitely help Lin Mo!"

Poison Spider was astonished, she still didn't know what had happened on Lin Mo's side right now.

Song Luoyi returned to the sofa and sat down, stretching a long lazy back, "Right, I'll stay here with you for now during this recent period."

"I've heard that Lin Mo has a younger sister, you should bring her to my place more often when you return."

The poisonous spider nodded, "Okay."

"However, if the Fifth Master's side asks"

Song Luoyi: "Other than the matter of Lin Mo, everything else, you can tell him!"

Poison Spider immediately nodded, she understood Song Luoyi's meaning.

Chapter 1959

Yunan City.

Lin Mo had been recuperating here for a day when the Xie family's people found their way to Yunan City.

Xie Xingguo personally led his men to kill the Zhao family and blocked Lin Mo, who was still in his hospital bed, inside the house.

These people from the big clans in Yunan City tried to stop it, but they were no match for the Xie family.

Xie Xingguo led people directly to the room where Lin Mo was resting, but at the door, he was stopped by Wu Xuan.

"Xie Xingguo, what are you doing?"

"You promised Li Tiezui that you would give Divine Doctor Lin a week's time."

"It's only been less than three days, and you're here looking for Divine Doctor Lin, what does that mean?"

"As the elder of the Xie family, do your words not count?"

Wu Xuan said indignantly.

Xie Xingguo smiled faintly and didn't say anything.

Next to him, Xie Qianshan immediately stepped forward and said in a cold voice, "Of course our words count for the Xie family!"

"However, if others break their promises first, then we cannot be blamed!"

Wu Xuan said in a cold voice, "Who didn't keep their promise?"

Xie Qianshan said in a cold voice, "What? Did I say something wrong?"

"My father was kind-hearted and gave Lin Mo a week to prove himself."

"But what did he do?"

"He even took advantage of this time to try to sneak away, and that's not breaking his promise?"

"For such a despicable and shameless villain, how can we allow him to act recklessly?"

"Since he broke his promise first, then we can only arrest him back and give us a proper explanation!"

Wu Xuan could not help but be enraged, "Xie Qishan, what did you say?"

"Who's trying to sneak away?"

"We were tracking the Compulsion Exalted Zhao Tianyuan and the others before we ran away to Su Province."

"Divine Doctor Lin, too, was trying to catch Xie Xingbang's murderer before he was a*sa*sinated and suffered such serious injuries."

"How can you still turn black and white?"

Xie Qianshan smiled disdainfully, "You say you want to catch the murderer, where is the murderer?"

Wu Xuan: "Qian Yong'an's corpse, it has already been sent back to you."

"Zhao Tianyuan and the Companions, we almost got them both."

Xie Qianshan: "A corpse, what does that tell you?"

“Zhao Tianyuan and Compa*s Dignity weren’t caught, so let’s stop talking about this nonsense!”

“Anyway, if he doesn’t keep his promise, then don’t blame us for being ungracious.”

“Someone, bring Lin Mo out to me!”

A group of people from the Xie family immediately surged up behind them.

Wu Xuan’s face was cold as he took a fierce step forward and said in a cold voice, “I’ll see who dares to enter!”

“With me here today, you won’t be able to take Divine Doctor Lin away!”

Xie Qianshan was furious, “Wu Xuan, you dare to stop us?”

Wu Xuan: “Why wouldn’t I dare?”

“If you want to take Divine Doctor Lin away, unless I die!”

Xie Xingguo finally stepped forward, he looked at Wu Xuan and said softly, “The last heir of the Wu Wing Chun Fist, wouldn’t it be a shame if he died here?”

“I have some friendship with your father, so I advise you to get out of the way and not make unnecessary sacrifices.”

Wu Xuan looked at Xie Xingguo with cold eyes, “Since you have a friendship with my father, you should know that.”

“My Wu family’s people only die in battle, there is never any retreat!”

Xie Xingguo nodded slowly, “Have a backbone!”

“It’s just a pity that having backbone doesn’t mean having wisdom.”

“Knowing full well what the outcome will be, and still insisting on doing it, this is something only a fool would do.”

“It seems to be normal for the Wu family to fall to this point.”

After speaking, Xie Xingguo took off his jacket and handed it to the person next to him, saying softly, “Since you are bent on dying, then I will make it happen for you!”

“Today, if you don’t let go, then I’ll just have to make Wu’s Wing Chun extinct from now on!”

Wu Xuan took a deep breath, his body sinking slightly, his hands in a welcoming stance as he calmly said, “Wing Chun, Wu Xuan, please teach me!”

Chapter 1960

Xie Xingguo also slowly stretched out his palms, one in front of the other, to block in front of his chest.

His knees, too, were slightly bent down, and one foot took half a step back to the left, standing in a crouching position.

A sharp aura flashed across Wu Xuan’s eyes, “Eight Trigrams Palm!?”

One should know that the one Xie Xingbang had used before was the Form Yi Fist.

Xie Qianshan, Xie Qianjun and the others, also used Form Yi Quan.

He had always thought that the one Xie Xingguo used was also Shouyi Quan.

During this period of time, Wu Xuan had also been pondering over the Xie Family's Form Yi Fist and thinking of ways to counter Xie Xingguo.

Unexpectedly, Xie Xingguo had used another martial art.

This Eight Trigrams Palm was completely different from the Shouyi Quan chapter.

And this Xie Xingguo's strength was clearly above Xie Xingbang's.

By a junior Grandmaster performing the Eight Trigrams Palm, I was afraid that the power was unimaginable.

However, having come to this point, this fight had to go on no matter what.

Taking a deep breath, Wu Xuan snatched a step forward and struck his fist straight at the door.

Xie Xingguo's hand, which was stretched out in front of him, casually swung and directly clasped Wu Xuan's wrist.

Immediately, Wu Xuan hooked his wrist back, trying to hook Xie Xingguo in front of him.

Wing Chun is invincible in close quarters, so when Wu Xuan fights someone, the most important thing is to get in close first.

And that Xie Xingguo did not dodge, but surprisingly, he rushed over directly.

His hand, however, wrapped around Wu Xuan's arm in a smooth manner, and controlled Wu Xuan's hand directly.

Wu Xuan was shocked and immediately struck at Xie Xingguo with his other hand.

Xie Xingguo raised his other hand at the same time and struck Wu Xuan with a dozen blows, and after several twists and turns, Wu Xuan finally broke free of Xie Xingguo's hand.

Xie Xingguo's eyes flashed with a brilliant aura, then he laughed lightly and followed up with his body, battling with Wu Xuan.

The crowd was dumbfounded as they watched.

Everyone in the Xie family knew that Xie Xingguo was extremely strong and must have reached the realm of Little Grandmaster.

However, who would have thought that Wu Xuan's strength was no less.

They had been fighting for so long, but Xie Xingguo only had a slight upper hand, not much of an advantage.

If the fight continued like this, it would probably take a long time for the two of them to tell the winner.

At this moment, Xie Qianshan suddenly waved his hand and said loudly, "Someone, go in and carry Lin Mo out for me!"

Wu Xuan's face immediately changed.

This Xie Qianshan was too shameless, right? To have someone go in and grab Lin Mo at this time was clearly diverting his attention.

When a high fighter fought against each other, the slightest distraction was extremely dangerous.

The Xie family's people went to rob Lin Mo at this time, this was clearly to disturb Wu Xuan's mind.

Wu Xuan's face turned cold: "Is that the only thing anyone from the Xie family can do, such a shameless thing?"

"Xie Xingguo, thanks to the fact that you are also considered a minor sect master, you still have to use such unseemly and underhanded means to fight against me?"

Xie Xingguo laughed instead of being angry, "Wu Xuan, what are you getting excited about?"

"This Lin Mo, we are bound to take him away today, you already know the result, so why do you care about him!"

"Won't it be fine if you don't bother with that side?"

"What, do you think you can still stop us today?"

Wu Xuan's face turned even uglier as he tried several times to force Xie Xingguo back, but Xie Xingguo kept tightly wrapped around, not giving him any chance.

At this moment, the Xie family members also all bypassed the two people fighting against each other and rushed straight towards the room.

Wu Xuan's mind was in turmoil, revealing a number of flaws, and he was beaten by Xie Xingguo for a while, and the situation was extremely critical.

Just as the Xie family was about to enter Lin Mo's ward, a bold voice suddenly came from outside: "Old Xie, you are at least a generational master, swinging your fists and fighting with a junior like this, isn't it not good to hear about it?"

Hearing this, Xie Xingguo's face suddenly changed and he shouted in a deep voice, "Xue Laowu!?"
