

Genius 1971

[Chapter 1971 The Most Anticipated Opponent!](#)

As the master of the true spirit Hall and a Supreme expert of the spiritual realm, the true spirit Lord could feel his spiritual world being intimidated by the opposing forces. He had never felt this way before.

As a loose immortal, he had seen many powerful loose Immortals in his long life, but he had never felt this way.

The true spirit Lord could not understand why ye chen, a tribulation passing stage, was able to fight the darkness pool to such an extent.

Everyone present was shocked. Even old ancestor yellow spring, a powerhouse who had always followed ye chen, did not expect ye Chen's strength to be so powerful.

"Hahaha, fellow Daoist ye is indeed full of surprises. I'm impressed!"

The old ancestor laughed continuously but the Emperor of hell, youhuang, and the others were shocked. They had already seen ye Chen's strength and now they could only hope to kill ye chen with the power of the source of darkness.

At the same time, the darkness pool was also a big problem. Now that ye chen had helped him transform into a human form, once he successfully absorbed ye Chen's power, they could not just let it go.

"Why hasn't the arch-Emperor arrived yet? we can't control the situation!"

Yama Emperor said heavily.

"That's right. No matter who wins this battle between ye chen and the darkness pool, it'll be fatal to us. Damn it!"

Youhuang's heart was also filled with trepidation.

At this moment, ye Chen's battle with the darkness pool was still ongoing. The two of them seemed to have no limits. This battle was unprecedented.

Boom, boom, boom!

The space around them trembled even more violently, and no one could escape from the spatial restrictions.

"Leave!"

Finally, the Emperor of hell roared, and the people of the netherworld retreated.

"Ye chen, please die Here!"

Following that, the true spirit Lord sent out a palm strike at ye chen.

"Hahaha!"

Ye Chen's entire body burst into ancient God light. The true spirit Lord's palm energy hit ye Chen's body but it was like a clay ox entering the sea. It was completely useless.

"Ah?"

The true spirit Lord was shocked and flew up to the nine Heavens.

"Forefather, Wushuang, leave immediately!"

"How can we leave you here alone?"

"Immediately!"

They could not help here and might even become a means for the darkness pool to restrain him. Ye chen did not want them to be hurt. The darkness pool was the strongest and weirdest opponent he had ever encountered.

"Sigh, alright!"

The forefather and Wushuang could only fly away.

Finally, only ye chen and the darkness pool were left in the deepest part of the Emperor of the dead mountain range.

"Hehehe, what's the point of sending them away? after killing you, I'll kill them immediately!"

"Darkness pool, you want to devour me, but I also want to devour you!"

"What did you just say?"

"Let's fight!"

Ye chen did not waste any words. The ancient God's might erupted from his entire body. The powerful might in his arms was like the strength of Mount Tai. With a loud bang, "crack!"

"Eh?"

The darkness pool's eyes widened as it watched its giant arm of darkness being broken by ye Chen's ancient God Power.

"Detestable!"

The source of darkness was furious when its huge arm was broken. The huge arm was instantly regenerated and became even more powerful.

"Hahaha, ye chen, it's impossible to deal with me because my ability is to devour and copy your ability. It means that the stronger you become, the stronger I will become. It will never stop until the moment you die, hahaha!"

The darkness pool's face was filled with excitement. That gaze and expression were strange and terrifying!

"I really hope that you will become stronger. In fact, I hope that you can fight for as long as possible. I can slowly torture you and then obtain the power to continuously evolve from you. This feeling is too wonderful."

Ye Chen's expression was cold as he looked at the frenzied darkness pool. His entire body exuded the might of an ancient God.

"Before the divine might, no matter what you are, you must bow down!"

Ye Chen's eyes bloomed with the ancient God's light again. His massive body grew once more, and his power was even greater than before.

It just so happened that the special characteristic of Pangu's divine spark was that it was creation and had no limits.

"Kill!"

The darkness pool swung its huge arm of darkness and charged at ye chen again.

"Boom boom boom!"

The huge tremors caused the surrounding mountains to collapse.

Among the flying dust and shattered rocks, the ancient God stood on his own. Ye chen blocked the other party's attack with one hand.

"Oh? It's wonderful, you've actually become stronger!"

The darkness pool let out a strange laugh. It could not hide its excitement.

"Zi Zi Zi!"

Then, the darkness pool absorbed the ancient God Power in the air and began to evolve rapidly.

"Swish!"

This time, the huge dark arm's wave had actually caused ye chen to take a half-step into thick earth!

"What?"

This time, ye chen truly realized how terrifying the darkness pool was. It was as if the opponent in front of him was not the darkness pool but himself!

"Very good, very good, hahaha!"

Ye chen was equally crazy. He retracted his Celestial Emperor aura and completely transformed into a fiendgod!

"Kill!"

"Whoosh, whoosh, Whoosh!"

Although ye Chen's body was huge, his speed was not slow at all. It was precisely because the ancient God's energy was too powerful that it could support this huge body to rotate at high speed!

Boom, boom, boom!

Ye chen did not use any divine abilities or secret techniques. He waved the ancient God's fist and continuously bombarded the darkness pool.

Buzz, buzz, buzz!"

As for the darkness pool, the corners of its mouth curled up slightly. Another huge arm grew out of its body and blocked ye Chen's attacks with both arms.

"I've already completely adapted to this level of attack. "

"Let me do it!"

The darkness pool's eyes shot out dark rays that were extremely sharp.

"Zi Zi Zi!"

Wherever the dark beams went, the mountains were shattered instantly. The extremely hard rocks of the Emperor of the dead mountain range were like tofu, unable to withstand a single blow!

"Ah!"

At that moment, ye chen made a shocking move. He had used his arm to block the dark beam.

Buzz, buzz, buzz!"

The dark ray pierced through ye Chen's arm and blood gushed out.

"Hahaha, what an idiot. You actually dared to use your body to resist my dark rays. You're looking for death!"

"Is that so?"

Ye chen pounded the ground with his arms and stood up again.

"What?"

The darkness pool felt that something was wrong.

Ye Chen's lips curled into a cold smile. Then, the places on his body that had been pierced by the dark rays began to regrow and the wounds quickly healed.

"How is this possible?!"

The darkness pool was shocked. Could it be that ye chen also had a super-strong healing ability like him?

"Evil can't defeat good, and Devils can't defeat gods!"

Ye chen was using the opponent in front of him to constantly break through himself because the darkness pool would grow stronger as the opponent grew stronger. It was rare to encounter such a cultivation partner in this life!

"Oh?"

The two of them looked at each other, and for the first time, the two of them showed a serious expression.

"Ye Chen, you're the most extraordinary person I've ever met. You're also the person I'm looking forward to the most!"

"You too!"

[Chapter 1972 The Great Battle At The Darkness Pool!](#)

After Ye Chen's great battle with the darkness pool, the strength of both sides had reached their peak. Moreover, their characteristics had been improved infinitely.

"Kill!"

With a shout, Ye Chen's body shifted and the immortal demon power in his body mixed together. At the same time, he activated the spacetime Fury to open the path to the alternate space and looked for an opportunity.

"Hahaha, your body actually contains the power of the Furious howl. This is exactly what I want."

As expected, the darkness pool also wanted to obtain Ye Chen's power because its rule was compatible with the spacetime rage.

"Don't even think about it!"

Ye Chen held the celestial Thearch sword in his hand. As he turned around, he slashed out with the sword. An unparalleled power erupted like a crack in the world. No one could stop it.

"Boom boom boom!"

A huge sword mark slashed towards the darkness pool, like a bolt from the blue!

"Ha, dark immortal spell, Suan ni engulfs!"

The darkness pool sneered. Its entire body exuded a dark aura. This aura condensed into a large hand and caught Ye Chen's sword mark on the spot.

"Swish!"

The sword mark was blocked and was in a stalemate with the large hand. However, Ye Chen soon felt that the power of his sword mark was absorbed and devoured by the large hand.

"Ye Chen, your power can't hurt me. Instead, you'll become my nourishment. How can you defeat me? Hahaha!"

"Kill!"

Ye Chen did not say anything. The sound of killing rose again, and the long sword in his hand rippled like a great wave, leaving no gap between heaven and earth!

Boom, boom, boom!

It was caused by the sword Qi, and its power exploded, not giving the darkness pool a chance to devour it.

"Hahaha, useless move!"

The darkness pool's figure instantly appeared, and countless figures of the darkness pool appeared in the void. It was impossible to tell which one was the real one.

"Kill!"

Ye Chen activated his fiery golden eyes in an attempt to distinguish between the truth and the lies. However, in the flame Vision World, it was all chaos. He could not see anything clearly.

After increasing his ancient God Power once again, Ye Chen wanted to break through with force!

"Boom boom boom!"

The sword that carried the power of Immortals and demons slashed down like a rainbow between heaven and earth, beautiful but dangerous!

Buzz, buzz, buzz!"

Countless figures of darkness pool pounced toward the huge sword at the same time.

Although the origin of darkness's forms shattered and turned into nothingness, as the number increased, Ye Chen's sword edge was greatly hindered and could not cause any damage to the origin of darkness's true body.

"Ancient God Space!"

Ye Chen's body glowed with the same light. These lights turned into strange patterns, which were the manifestation of the ancient God's rule.

"So what if you've comprehended the power of laws? In my world, you'll eventually die!"

"Then let's see who's the last one standing!"

In the face of the threat of the darkness pool, Ye Chen was not afraid at all. In this world, only Ye Chen was independent. This was the light that belonged to the celestial Emperor.

"Slash!"

With ancient God Power, the sword pierced through all obstacles.

Crack, crack, crack!

The previous doppelgangers of the darkness pool were unable to resist the ancient God sword's attack and were shattered on the spot.

As Ye Chen destroyed all the clones, the darkness pool's body continued to expand. Three heads and six arms appeared on its body.

"Hahaha!"

With a sinister laugh, the power of the riverbank source continued to rise.

"Slash!"

Looking at the arms that extended from behind the darkness pool, ye chen was furious. Wherever the blade of his sword pointed, demons and evil would not be spared.

Buzz, buzz, buzz!"

The darkness pool's arm was constantly being chopped off by ye chen but soon, a new arm grew out of his body. He was not affected at all.

Seeing such a powerful regenerative power, ye chen was equally shocked. He knew that unless he could break the energy core of the darkness pool, there was no way to defeat the monster before him.

"How about it, ye chen? no matter how many tricks you have, they'll all become my tricks. No matter how strong your mystical power is, they'll all become my new power!"

"Kill!"

After being ridiculed many times, the darkness pool only received one word in response-kill!

"Whoosh, whoosh, Whoosh!"

Ye Chen's body split into two. The Twin body created by the ancient God Body appeared at the same time.

"Whoosh, whoosh, Whoosh!"

The Twin bodies jumped, flickered, and drew all sorts of arcs in the air.

This way, the darkness pool would have to face two of The Guardian ye Chens at the same time. The situation would be reversed!

"Unparalleled ancient God's killing God palm!"

The main attacker was ye chen in his ancient God form, facing the darkness pool directly.

"Boom boom boom!"

A palm print as large as the sky descended like a pillar that held up the sky, suppressing the darkness pool.

"So what!"

In the face of such a huge palm print, the darkness pool sneered. Then, its various arms gathered together and condensed into a huge palm print. It was very similar to ye Chen's palm print. Other than the difference in the energy contained, most people could not even see the difference in the rules.

"Boom boom boom!"

The huge palm prints of both sides collided, and the entire sky began to crack.

Such a powerful vibration caused an anomaly in the surrounding space.

The experts watching the battle from the outer layer could feel the pressure of this power. It was a physical and mental suppression that could not disobey the decree.

"He's too powerful. Is he still human?"

"The darkness pool isn't a human, I can understand that. But ye chen, a tribulation passing cultivator, how could he fight against such a powerful darkness pool? this is unbelievable, isn't it?"

"He's a monster!"

Many powerhouses, regardless of whether they were from the netherworld or the spirit realm, all thought that ye chen was a monster. He was simply an ancient genius!

On the battlefield, ye Chen's Grand Palm print activated the strongest form of the ancient God Power and finally suppressed the darkness pool.

"Impossible!"

Feeling that its power was being suppressed, the darkness pool let out an unbelievable roar. Its current strength had already surpassed that of an ordinary individual immortal. No one could fight against it!

"Ye chen, what have you done?"

"Before becoming a god, you are also nothingness!"

Ye Chen's response infuriated the darkness pool. It was the condensation of Darkness Energy and had produced a dark consciousness. Nothingness was what it feared the most. Once it lost the meaning of its existence, what would darkness be?

When ye chen saw the power of the darkness pool vibrating rapidly and becoming unstable, he was overjoyed. He knew that he had found the darkness pool's weakness.

"You are afraid of nothingness. You keep imitating and trying to keep up with the world. You want to create a world of your own. However, before the heavens, you are still an existence that must be controlled. All your extravagant hopes must be ended!"

"No, that's impossible!"

Facing ye chen who had seen through everything, the origin of darkness made a final struggle. It wanted to become the Overlord of the universe and devour everything!

"The dark end has fallen!"

"Ancient God Suan ni, descend!"

In the face of the darkness pool's ultimate killing move, ye chen held nothing back. He released the ancient God's strongest power, the dense mist!

[Chapter 1973 Netherworld Arch-Emperor!](#)

The ancient God's descent triggered the Supreme ancient God's might. The surrounding space instantly fell into the control of the ancient God's power. This was ye Chen's space.

A shimmering light appeared between the eyebrows of ye Chen's ancient God form. This light was the mark of a one-star ancient God.

"Ah!"

A startled roar resounded through the world. This was the ultimate rage of an ancient God.

Everything was quiet, everything was still, everything was destroyed by the power of the ancient God.

"No, that's impossible!"

In the face of such a Grand ancient God's might, in the face of ye Chen's ultimate power, even the origin of darkness had to bow.

"You've actually exceeded the limit!"

"So what? I've never had a limit!"

"You!"

"Bow down!"

Ye Chen saw the opportunity and released spacetime Fury.

"Roar!"

The Furious spacetime roar attacked the moment the darkness origin was suppressed by the ancient God, transforming into a space gate that instantly devoured the darkness origin.

"Zi Zi Zi!"

As the power of the darkness pool was continuously devoured by the Furious Roar of Time and space, the surrounding environment gradually returned to calmness. Ye Chen was in control of everything. He was the Emperor!

After devouring the darkness pool, the spacetime wrath began a new round of evolution.

"Roar!"

The surrounding space was constantly evolving with the roar of the consciousness. Time and space became extremely unstable, and no one could survive in such a space.

The spectating powerhouses retreated one after another. Even the Emperor of hell, the true spirit Lord, and the others did not dare to stay. In such a space-time turbulence, the only person who could stand alone was ye Chen!

The unparalleled ancient God swallowed the world with a roar!

At this moment, everything had entered ye Chen's world. Creation and destruction had lost their meaning.

"Who can tell me, w-what on earth is happening?"

At that moment, many powerhouses were shocked.

The changes in the world were simply too shocking!

As one of the eighteen emperors of the netherworld, Emperor Yama was still unable to hide his shock and confusion when he encountered such a scene. He could not understand how someone could defeat the darkness pool and even counter-attack it.

"Ye chen isn't someone we can predict. We've failed." Youhuang spoke.

"How hateful!"

The Emperor of hell roared. He had thought that ye chen would die at the hands of the darkness pool. Then, he and youhuang would hold back the true spirit Lord and wait for the arrival of the arch-Emperor to capture the true spirit Lord and the others in one go.

However, everything was uncertain now. Ye chen had devoured the darkness pool and achieved the body of an ancient God with his tribulation-passing cultivation base.

The true spirit Lord was still eyeing him covetously. How could he remain calm when such a situation had completely exceeded his expectations?

"Emperor Yama, your plan has failed. You wanted to rely on the darkness pool to kill ye chen and me. But now, ye chen has absorbed the darkness pool and I've broken out of the underground abyss. You're done for."

The true spirit Lord watched as the darkness pool was destroyed by ye chen and the power that he feared the most disappeared. In that case, the Emperor Yama and the Emperor youhuang before him were nothing in the eyes of the true spirit Lord.

"Kill!"

Emperor Yama was furious and went straight for the true spirit Lord.

"Hmph, a useless move!"

Sensing the Emperor Yama's killer move, the true spirit Lord sneered and a long sword appeared in his hand. It was the true spirit sword!

This sword was a Supreme spiritual treasure, a super divine weapon left behind by the creator of the true spirit Hall.

"Swish!"

The instant the sword radiance flashed, the Yama Emperor and Hades Emperor could feel their bodies being suppressed by the true spirit sword.

"How is that possible?"

The two of them were shocked. After all, this was the netherworld, and they were the home ground. In such an environment, it shouldn't be purely about suppressing their divine weapons, but the true spirit sword in the hands of the true spirit Lord had actually done it.

"Slash!"

The true spirit Lord made the first move and slashed out with his sword. The dense spiritual energy turned into a perfect arc and streaked across the sky like a rainbow.

Boom, boom, boom!

With a single sword strike, the heavens and earth quaked!

At this moment, the Yama Emperor and youhuang felt the space around them exploding. This surge of energy seemed to be able to tear their bodies apart, causing them to feel a deep sense of fear.

"Dodge!"

The two of them flew up into the sky at the same time and did not seem to be able to withstand the sword Qi of the true spirit sword.

Boom, boom, boom!

They had the ability to Dodge, but the netherworld cultivators couldn't. In the face of such a brutal true spirit sword Qi, they couldn't Dodge and could only resist. But in the process of resisting, they understood that the difference in energy between them and the sword Qi was like the difference between heaven and earth.

With a series of explosions, the cultivators' bodies exploded one after another!

"This!"

Many other cultivators trembled in fear when they saw this.

"The people of the Spirit realm are too powerful. Ye chen and the true spirit Lord are both lunatics!"

"We are no match for such an enemy!"

"Let's go!"

Many netherworld experts did not dare to fight against the true spirit Lord. They all rushed towards the Emperor of the dead mountain range.

"Hahaha!"

The wild laughter of the true spirit Lord came from below, as if he was mocking the entire netherworld.

"Damn it!"

Just as everyone was trying to escape, a loud noise came from the sky and lightning struck down. Those cultivators who wanted to escape were turned into dust on the spot when they encountered the lightning!

They didn't even have the chance to scream before they were all killed by this powerful sacred art.

"Boom boom boom!"

Next, a peal of thunder could be heard as a person descended from the sky. It was none other than the arch-Emperor, one of the nine emperors of the netherworld!

"It's the arch-Emperor! Wonderful!"

"Hahaha! The arch-Emperor has descended! Prepare to die!"

When they saw the arch-Emperor, both Emperor Yama and Hades looked pleased with themselves. It seemed like everything was about to end. As long as the arch-Emperor was here, the netherworld would win.

"What?"

The true spirit Lord looked at the person who descended from the sky and his heart trembled. He could feel a domineering aura that did not exist from Emperor Yama and Hades.

This aura could completely intimidate a unity realm expert, and even he was affected.

"Who are you?" The true spirit Lord asked.

"The arch-Emperor of the netherworld!"

The arch-Emperor descended to face the true spirit Lord.

"The arch-Emperor? Hahaha, I've finally met the arch-Emperor, one of the nine emperors of the netherworld. "

"True spirit Lord, it's not wise to come to the netherworld to die!"

"Since this spirit Lord has come, I will uproot your netherworld!"

"Impudent!"

The arch-Emperor was furious. With a wave of his hand, a dark energy transformed into a huge demonic claw that headed straight for the true spirit Lord.

"You dare to show off your insignificant skills?"

The true spirit Lord held the true spirit sword and was like the Lord of the heavens and earth. No matter who he was facing, he showed no fear.

As for the arch-Emperor of the netherworld, he was one of the nine upper emperors. There was no need to even mention his cultivation base, and he was even more skilled in divine abilities and secret Arts!

"Underworld sacrifice of the Phoenix arch-Emperor medallion!"

The arch-Emperor activated the sacrificial order, and the space around him began to change.

Before everyone's eyes, countless dark green auras spread out in the air and surrounded the true spirit Lord.

"Oh?"

The true spirit Lord held his breath and focused. He could tell at a glance that the green gas contained a super strong corrosive poison!

"True spirit world!"

[Chapter 1974 Blood Life And Death Judgement!](#)

The true spirit Lord had released his true spirit world to resist the underworld Emperor token, but he had underestimated the influence of the underworld environment on his strength.

Buzz, buzz, buzz!"

Soon, at the border of the true spirit world, countless dark green aura began to corrode at an extremely fast speed. The power of the true spirit world dropped rapidly until it melted.

"This!"

The true spirit Lord's heart trembled. He had not expected the arch-Emperor of the netherworld to be so powerful.

"True spirit Lord, entering the netherworld and causing trouble is your greatest mistake."

"Don't try to show off your power, arch-Emperor! Die!"

The true spirit Lord was enraged. He swung his true spirit sword again, and a boundless power shot toward the arch-Emperor.

"Useless move!"

However, the Emperor of the dead was not surprised at all. He waved his sharp claws, and the dark green aura in the surrounding space began to gather in his hand, turning into a huge green scepter that kept releasing a terrifying aura.

"Before the arch-Emperor scepter, bow!"

The arch-Emperor scepter was a Divine Spirit treasure that the arch-Emperor had spent a thousand years cultivating.

"Go!"

"Boom boom boom!"

The scepter flew up and stood firmly in the air. Then, it released countless terrifying auras that surrounded the true spirit world. The entire true spirit world and the true spirit Lord were locked in the scepter's range.

"Hateful!"

The true spirit Lord was anxious. The experts he had brought into the netherworld had been eliminated, and he was the only one left. No one was helping him to restrain the people from the netherworld. He had never thought of such a situation.

.....

On the other side, the true spirit Lord and the arch-Emperor were fighting and devouring the darkness pool. Ye chen, who had created and evolved the Phoenix, had already come out of his closed-door cultivation.

"Fellow Daoist ye!"

When they saw ye chen, the great ancestor finally came down in one breath. After all, the big shots of the netherworld had arrived and they were already in danger.

Not even the true spirit Lord had been able to kill the arch-Emperor, and had been trapped within his enchantment. The patriarch had to admit that he was no match for the Supreme experts of the netherworld.

However, ye Chen's arrival had brought him hope.

Ye Chen's aura was extremely powerful. It was the result of absorbing the darkness pool, integrating the celestial demon power, and evolving the space-time law.

"Roar!"

With a furious roar and the might of the heavenly Emperor, ye chen came to the great ancestor's side and confronted Emperor Yama and Emperor youhuang.

"Ye chen, you actually defeated the darkness pool."

Emperor Yama sensed ye Chen's aura and knew that he had indeed defeated the darkness pool. He had even absorbed the power of the darkness pool and now his Foundation was unfathomable.

"Emperor Yama, tell me Yuhan's whereabouts immediately, and I'll spare your life!"

"Hahaha, you want to know the nether Lord's whereabouts? dream on!"

"What?"

Upon hearing this, ye Chen's cold eyes locked onto the Emperor of hell. His killing intent soared to the heavens and shook the nine Heavens.

"Die!"

Ye chen flew out and headed straight for the Yama Emperor.

Now that things had developed to this point, Yama-Emperor knew that he could not hold back.

"Yama-Emperor blood sacrifice of the Suan ni, life and death judgment!"

Buzz, buzz, buzz!"

It was a terrifying scene. The Emperor of Hell's entire body was bleeding. This blood continued to surge into the sky, turning into a huge bloody man. It was the Emperor of Hell's true body.

"Hahaha, ye chen, even if you absorb the power of the darkness pool, you're still no match for me. This time, I'm going to take you down with me!"

The Emperor of hell was determined to die. He wanted to drag ye chen into oblivion to prevent him from finding the nether Lord.

"Laughable!"

Ye chen sneered at Emperor Yama's true form, and the celestial Thearch sword gleam reappeared in his hand.

"Today, I will kill you, Yama Emperor!"

"Swish!"

The celestial Thearch sword was drawn and the sword light filled the nine layers of starry sky. At this moment, ye chen seemed to have transformed into the celestial Thearch, controlling everything.

"Yama-Emperor sentenced life and death to the death of the mayfly!"

There was a blood-colored book in the hands of the blood-colored Yama Emperor. It was the Yama Emperor life and death book!

"Zi Zi Zi!"

The Emperor Yama's blood finger wrote ye Chen's name on it. Suddenly, countless drops of blood surged toward ye Chen's body like an unstoppable tide.

"What?"

When ye chen saw this, he stood alone in the void and did not move.

"Hahaha, you're looking for death!"

The Yama Emperor was overjoyed. This was exactly what he wanted to see. He knew that ye chen had always been arrogant and would not Dodge in the face of such power. In that case, he would just let ye chen sink into this sea of blood.

Buzz, buzz, buzz!"

It almost turned into a sharp arrow and shot toward ye chen.

Buzz, buzz, buzz!"

Ye Chen's sword glowed and instantly deflected dozens of arrows.

"It's no use, you're still going to die!"

The Emperor of hell drew his blood and attacked ye chen continuously.

In an instant, the entire sky turned blood red as countless drops of blood rained down from the sky. This was the most terrifying life and death judgment of the Emperor of hell. This was an equal judgment of life and death!

"Yama-Emperor!"

Youhuang turned pale with fright. He did not expect the Emperor of hell to go to such an extent to kill ye chen.

"Don't get close!"

The Yama Emperor warned.

"A!"

Youhuang knew how powerful this life and death sentence was. He didn't dare to get close and retreated rapidly.

Ye Chen's eyes locked onto the Crimson Yama. He knew how terrifying his opponent was because this was a life-threatening divine ability.

"Unfortunately, you've still underestimated my current strength!"

In the face of the Emperor Yama's life and death judgment, ye chen was not afraid at all, even disdainful!

This scene shocked countless netherworld powerhouses. They had descended with the arch-Emperor to kill the true spirit Lord. However, when they saw the human ye Chen's arrogance and the fact that he had forced the Emperor Yama to use a desperate mystical power, they were even more shocked. Naturally, they would not miss this.

"This brat is so arrogant, he must die!"

"The Emperor of Hell's desperate move. He used his own blood to create the Emperor of Hell's true form, the Crimson Emperor of hell! Under the judgment of life and death, no one can escape!"

"With this move, ye chen has no chance of survival. It's useless no matter how arrogant he is!"

Countless powerhouses could almost see ye Chen's pained death. As long as ye chen died, the darkness pool would return. Then, the core of the Three Realms would not be in any trouble. This was the arch-Emperor's strategy.

The arch-Emperor held back the true spirit Lord while the others killed ye chen.

The eighteen emperors of the netherworld had long been dissatisfied with ye Chen's close relationship with the Lord of the netherworld. This was a good opportunity for them.

"Youhuang, help Emperor Yama. We can not allow any accidents to happen!"

"Yes!"

Upon receiving the arch-Emperor's order, the Hades Emperor made his move at the same time. He released the power of the netherworld to interfere with ye Chen's judgment.

"Let's attack together!"

Faced with the two emperors 'killing moves, ye chen roared and flew into the sky.

"Nine Heavens rumbling Thunder palm!"

After releasing the divine Thunder of calamity, ye chen struck out with one palm, followed by a Thousand Palms.

Boom, boom, boom!

Countless energies exploded, causing the surrounding space to instantly fall into endless destruction. This kind of power was enough to shock everyone from the netherworld.

"This kid is so powerful?"

Only then did the crowd realize that ye chen had used the divine Thunder of calamity. This was something they could not imagine. Shouldn't this be a power that only the heavenly Dao could use? why could a human use it?

Such doubts made them misjudge ye chen and they were lost.

At this moment, ye chen held the celestial Emperor's sword and the celestial Emperor's shadow appeared behind him.

"Slash!"

With a single slash, without the need for any sacred art, the powerful might coupled with the power of the divine Thunder could destroy the Hades Emperor in one strike!

[Chapter 1975 Heaven-Swallowing Roar!](#)

"Ah!"

With a shrill cry, the Hades Emperor fell from the sky. His entire body was entangled by the lightning. His meridians flowed in reverse and his body trembled. He had lost the ability to fight.

"Ah?"

This attack seemed so simple, but it was something that the netherworld cultivators couldn't understand. With just a single sword, not only did it destroy the great abhijna of the Hades Emperor, it even heavily injured him. How did he do it?

"Isn't this kid too strong?"

"This! It can't be that even the Yama King is no match for him, right?"

"Emperor Yama used the ultimate blood sacrifice and put his life on the line. It's impossible that he's no match for him, right?"

Although they rationally believed that Emperor Yama could kill ye chen, the mental shock caused the netherworld's powerhouses to constantly replay the scene of Hades Emperor being severely injured in their minds. Just a simple slash was able to severely injure Hades Emperor, one of the eighteen emperors of the netherworld. Such power had already broken through the heavens!

"Detestable!"

Emperor Yan was furious. His blood-red body continued to gather blood and charged at ye chen again.

"Boom boom boom!"

This time, the huge hell of blood pool appeared. It was as if the entire sea had descended from the void.

The heavy pressure made ye chen realize the power of this attack!

In the end, the blood pool hell hung above ye Chen's head. Then, the blood began to take various forms.

Buzz, buzz, buzz!"

From the pool of blood, two huge blood-colored arms stretched out and grabbed at ye chen.

"Ye chen, punishment for the trip to hell!"

A heavy voice was heard. The blood-colored arm turned into the head of the hellhound, trying to devour ye chen.

"You dare to Bluff with such a small trick?"

The corners of ye Chen's mouth curled up slightly as he pointed his sword-like finger.

"Boom boom boom!"

Crack, crack, crack!

The hellhound's head exploded on the spot, turning into a pool of blood.

"Ah?"

This power once again shocked the netherworld's people. Their eyes were filled with fear as they looked at ye chen.

Although ye Chen's cultivation base was at the Tribulation passing stage, in their eyes, he was like an unattainable peak, an uncrossable ocean, and a God that they could not look at directly.

Their legs began to tremble. They did not want to tremble but ye Chen's heaven's might was too powerful. This kind of power was invisible and had inadvertently infected their spiritual world, causing them to be trapped in it and unable to extricate themselves.

"What?"

Even the arch-Emperor, who was fighting the true spirit Lord, could feel an unusual pressure. It was an indescribable fear.

"Who is ye chen? how can he have such a powerful aura?"

According to the previous intelligence, ye chen was only a human genius with a cultivation base of only the soul formation stage. Now that he had ascended and transcended the heavenly Tribulation, he had severely injured the youhuang and even suppressed the Crimson Emperor Yama. All of these were incomprehensible.

"Hahaha! See that, arch-Emperor? you can't just bully the human race. This man is more than enough to kill an Emperor of the netherworld. Do you still want to fight?"

Although the true spirit Lord did not wish to see ye chen so powerful, the main enemy before him was the underworld arch-Emperor after all. He wanted to put enough pressure on his opponent.

"Ha, true spirit Lord, I know what you're thinking. The Crimson Yama will definitely end ye chen. You're just waiting to die!"

"Bastard!"

The true spirit Lord was once again ridiculed by the arch-Emperor, and he was enraged. He swung his true spirit sword, unleashing a burst of spirit power.

"Ha, come!"

The two of them were once again entangled in a battle.

On the other hand, the Crimson Emperor of hell controlled the blood pool hell in hopes of devouring ye chen.

"Three thousand li of the blood pool purgatory, the sun and the moon accompany you for five times!"

Buzz, buzz, buzz!"

Suddenly, five blood-colored auras appeared in the air. These auras continued to evolve and turned into five blood-colored Giants that walked toward ye chen.

"You're just scaring a child. How dare you be so arrogant in front of me?"

Ye Chen's eyes flickered with a strange light, and the space-time rage appeared behind him.

At this moment, the time and space Fury had evolved to a new level. It had two horns on its head and looked like a giant ape. Its entire body was covered in golden runes. It was unparalleled!

"Roar!"

With a furious roar, the spacetime rage took form and walked forward.

Thump, thump, thump!

Every step he took caused a huge tremor as if Mount Tai was pressing down on him. It was extremely terrifying!

Buzz, buzz, buzz!"

The moment the spacetime Fury struck, it waved its sharp claws, instantly tearing apart the entire space!

At the same time, the five blood Giants that were charging at him felt something strange in their bodies before they could even take a few steps.

"What?"

The blood-red giants looked at their bodies and realized that there were cracks on their chests. This was the space tear caused by the rage of time and space. It looked like a small crack, but in fact, their bodies had been split apart from the root!

Buzz, buzz, buzz!"

Blood spurted out from the cracks. The terrifying scene made many netherworld elites tremble in fear.

"Ah!"

After that, the blood-red giants began to roar in pain, and it became extremely difficult for them to even stabilize their bodies.

"Bastard, this is too detestable."

The Emperor of hell roared in anger. He had exhausted his own lifespan and used a top-tier mystical power. How could he fail here?

"Repair it!"

Disregarding his own life, Emperor Yama once again released his own blood and instilled it into the bodies of the blood-red giants.

"Zi Zi Zi!"

Very quickly, under the infusion of Emperor Yama's blood, the bodies of the blood-red giants actually recovered by force.

"Hahaha, that's great. The Crimson Emperor Yama is powerful. Now, ye chen can't hurt those Crimson Giants anymore. He'll definitely be transferred to the blood pool purgatory."

"After being transferred to the purgatory of the blood pool, no matter what cultivation level he is at, even those at the peak of the form synthesis stage would have to bow their heads and wait for death, let alone a tribulation passing stage kid!"

"As expected, in the netherworld, challenging the emperor's authority is just courting death!"

Seeing that the five blood Giants had recovered by themselves, the crowd cheered up again. They believed that Emperor Yama would win and ye chen would wait for death.

"Oh?"

Ye Chen's face lit up with interest as he watched the five Giants approach him.

"Hahaha, ye Chen's scared out of his wits. He's done for this time."

In their opinion, ye chen was trying to escape as quickly as possible but he did not make a move. This was very abnormal. Therefore, they thought that ye chen had fallen into the shock of the purgatory of the Bloodpool and could not extricate himself.

Little did he know that, on the contrary, ye chen did not need to run at all.

"Furious spacetime roar, it's all up to you."

"Yes, master!"

Nu Chu accepted the order and stood in front of ye chen.

Thump, thump, thump!

The five blood Giants were like Yakshas demanding ye Chen's life. They kept walking toward ye chen.

"Roar!"

Just as they were about to reach ye chen, the roar opened its bloody mouth. Although its mouth did not seem that big, with the support of spatial laws, it was as terrifying as an entire world!

"Whoosh, whoosh, Whoosh!"

Endless gales swept through, and the dark space opened, swallowing the five Giants!

[Chapter 1976 Heavenly Sword Beheads Yama Emperor!](#)

Such a violent might had completely devoured the soul-hooking giant. Against the hell of the blood pool, ye Chen's might seemed to be a notch higher.

"Impossible, impossible!"

The Emperor of hell would never believe the truth in front of him.

The hell of blood pool was a Supreme destructive technique that he had spent all his life force to create. It was the ultimate hell that could send a body integration stage cultivator to his grave. However, ye chen, who was only in the Tribulation passing stage, had destroyed all his hopes. How could he accept such a contrast?

"Ah!"

Buzz, buzz, buzz!"

With a furious roar, the Emperor of Hell's body actually dissipated and turned into a rain of blood that rushed into the blood pool hell.

"Yama-Emperor!"

Youhuang's expression was twisted as he shouted. If that's the case, the Yama Emperor would lose his chance to recover and he would definitely die.

"Hahaha!"

At this moment, in the hell of blood pool, a huge bloody man appeared. It was the primordial spirit of Emperor Yama.

"Ye chen, today, even if I have to risk my life, I'll drag you into the inferno hell!"

"Your ideal is full, but the reality is not what you want. Emperor Yama, disappear!"

Ye Chen's eyes glowed with a sharp light. His killing intent had reached its peak.

"Let me use your power!"

The ultimate blood pool hell before him was created by Emperor Yama at the cost of his own life essence and primordial spirit. It was extremely powerful. If ye chen could absorb this power, it would be equivalent to having another trump card. This was a good opportunity.

Not only did he want to completely shatter the Yama Emperor's faith, but he also wanted to use the Yama Emperor's power. This was a true killing move!

"Delusional!"

The Crimson Yama roared and waved its huge Blood Arm at ye chen.

"Slash!"

In the face of the Crimson Emperor Yama, who was a hundred times stronger than the Crimson giant, ye Chen's eyes were slightly cold and expressionless. At this moment, there was only destruction.

"The celestial Emperor has ordered the resplendent earth sword to rebel!"

"Zi Zi Zi!"

The heavenly Emperor's shadow appeared behind ye chen. Ye Chen's body was surrounded by Starlight, like the embodiment of heaven, majestic and Supreme.

The celestial Thearch sword took form in his hand. With the stars as the guide and the true fire as the source, it could move the universe and break all techniques!

"Swish!"

As the sharp golden light slashed out ruthlessly, the ground exploded, and the earth Qi continued to surge. Combined with the celestial Thearch sword's power, it instantly cut off one of Emperor Yama's arms!

"Swish!"

"Ah!"

,m With a scream, the bloody Yama Emperor's huge arm flew into the air and then fell to the ground, stirring up thousands of dust.

"Ah?"

The blood-colored Emperor Yama that the Emperor Yama had transformed into after consuming his own life vitality and primordial spirit was as powerful as someone at the peak of the unity stage. However, ye chen had cut off one of his arms with a single strike. Such a shocking scene had completely frightened the netherworld powerhouses. They did not know how strong ye chen was and how many more shocking stories he could create. They did not dare to think about it!

At this moment, the entire place was silent!

"Drip, drip, drip!"

Blood dripped onto the ground, and the power of the blood pool continued to be lost.

"I'm going to kill you!"

The Crimson Yama had lost all hope. He fell into endless despair. It was as if he could see that no matter what he did, he would not be ye Chen's match.

Since that was the case, he would preserve his last bit of dignity and fight to the last moment.

"Emperor Yama's blood oath to look down upon the changing form of hell!"

Boom, boom, boom!

The surrounding space distorted rapidly. The Crimson Yama's body had completely fused with hell. Then, the blood pool hell transformed into a towering nether beast that charged at ye chen.

"Roar!"

The hell ghost let out a long howl, and its thunderous sound shook the hearts of countless experts.

"The Emperor of hell has completely released his power. He has become one with hell!"

"This time, Emperor Yama will definitely win!"

"Ye chen, just wait for your death!"

Countless soldiers of the underworld were cheering for the Emperor of hell. The Emperor of hell had sacrificed everything in order to defeat the enemy before him. He was an existence worthy of the praise and admiration of all the people of the underworld.

"Hmm ... I admire the Crimson Yama. However, there's only one outcome if you go against fellow Daoist ye!"

The old ancestor's expression was heavy. He acknowledged Emperor Yama's spirit, but he could only sigh at his strength.

The blood-colored nether beast descended with a loud bang. It released all of its blood Qi, and countless resentful souls surrounded its body. This was the most brutal nether beast in hell, and this was the last obsession of the Emperor of hell.

"Roar!"

The blood-colored nether beast flew up and headed straight for ye chen.

"The celestial Emperor has ordered the destruction of the misty Heavenly Sword!"

The might of the heavenly Emperor's shadow behind ye chen rose again as he released the heavenly Emperor token's ultimate Heavenly Sword sword form.

The wind and thunder of the nine prefectures stirred at the same time, and the universe shook. Ghosts and gods collapsed!

At this moment, ye Chen's figure merged into the celestial Emperor's shadow. His towering body was like a towering Kunlun Peak, and the long sword in his hand was like a river that covered the earth!

"Slash!"

With a loud bang, the giant muttered and the endless sword slashed down!

"Boom boom boom!"

Crack, crack, crack!

With a single slash, the clear sky was split apart. Thunder and lightning struck and severed all evil thoughts. No one could defy the orders of the celestial Thearch!

The huge blood-red nether beast exploded, and its body split open from the center.

"Furious spacetime roar!"

Ye chen saw that the time was right and summoned the time and space Fury to devour everything.

"Roar!"

The Furious roar shook the heavens and swallowed everything.

"Phew, phew, phew!"

The power of the hell blood pool entered his body.

Zila, Zila, Zila!

Blood-colored lightning appeared all over nu Jie's body. The luck of hell had completely fused with him, devouring all things and evolving endlessly. This was the nature of kun.

As long as there was enough evolution energy, the raging flames 'potential was limitless. Moreover, ye chen had subdued the most mysterious time and space raging flames of the Phoenix Clan.

Boom, boom, boom!

The area within a hundred-mile radius exploded violently, and countless netherworld cultivators were sent flying a thousand feet away. They spat out blood continuously, and this shocking scene was even more terrifying than hell.

"This, this!"

Youhuang's face contorted, his body trembled, and his mind was in shock. Ye Chen's power was completely different from before. The current youhuang was no longer an existence that the Emperor of the underworld could look directly at. Even looking at him was a luxury.

"Mm ..."

The arch-Emperor's brows were tightly furrowed, and he was equally shocked.

To be able to kill an Emperor who had given up everything to raise his power to the peak of the unity realm so easily was simply too shocking.

"Retreat!"

In the end, the arch-Emperor had no choice but to give this order. Ye chen was already a heavenly Grandmaster. With the addition of the true spirit Lord, there was no way they could take them down. They could only retreat.

"Yes!"

Youhuang brought the remaining defeated troops and rushed towards the mountain range.

"Ye chen, don't be too proud of the netherworld's eighteen emperors. I'll make you regret it! Hahaha!"

The arch-Emperor's boisterous laughter rang out as the netherworld cultivators vanished.

"Hahaha, this group of idiots, still thinking of turning the tables? Fellow Daoist ye, congratulations on reaching the peak again!"

The old ancestor came out and said with a big laugh.

"Many thanks, old ancestor!"

Ye chen nodded slightly, then looked at the true spirit Lord.

"True spirit Lord, you've been deceived. There's no core of the Three Realms here. This is a trap!"

[Chapter 1977 1982-Forest Of White Frost!](#)

"Impossible, the testing location of the dark spirit Pearl is right here. How can you say that I've been deceived?"

The true spirit Lord did not believe ye Chen's words.

"Ha, this is a trap set by the Emperor of the underworld. They wanted to lead you here so that you would die at the hands of the darkness pool. However, they didn't expect that the darkness pool would be subdued by me. The agreement between us is over, and we have nothing to do with each other!"

With that, ye chen turned around and left. Wushuang and the great ancestor followed.

"Ye chen, you haven't helped me get the core of the Three Realms yet. Where are you going!"

The true spirit Lord let out a furious roar and powerful spiritual energy burst out. With a loud bang, a huge chasm appeared in front of ye chen.

"What?"

Ye chen looked at the true spirit Lord coldly.

"I don't care about the core of the Three Realms. If I say it's over, it's over. True spirit Lord, you're not just seeking your own death!"

Suddenly, his aura exploded, and waves of netherworld Qi attacked the true spirit Lord. The power was several times stronger than the spirit power released by the true spirit Lord before!

Sensing this power, the Lord true spirit furrowed his brows and his heart trembled in fear. What he felt was netherworld energy. This meant that ye chen had absorbed the source of darkness and the Emperor Yama's power and was now able to use the vast netherworld energy skillfully.

It could even be said that the netherworld had become ye Chen's home field. If they had a conflict with him here, they would be courting death!

"Mm ..."

The true spirit Lord gritted his teeth, but he did not dare to attack again.

"Let's go!"

"Hahaha, good!"

The old ancestor sneered at the true spirit Lord, which made the true spirit Lord even angrier and his face turned red.

Ye chen and the other two ascended together and rushed out of the Emperor Ming mountain range.

After that, ye chen took out the nether energy crystal, circulated nether energy, and instilled it.

"Zi Zi Zi!"

As the nether energy entered the nether energy crystal, ye chen slowly felt a familiar energy. Although it was not exactly the same as su Yuhan 's, it was a force of the same origin.

"Yuhan!"

A rare gentleness appeared on ye Chen's face. The figure he had not seen for a long time had already appeared in his heart.

"Northeast, let's go!"

The three of them flew toward the northeast of the netherworld.

.....

After returning to the Hall of the Dead, the arch-Emperor was furious.

"Not only did we not gain anything from this battle, but we also lost Emperor Yama. Hateful, hateful!"

Boom, boom, boom!

The arch-Emperor's voice was filled with rage, and the surrounding space exploded with energy. Rocks fell, and the ground exploded.

"Calm your anger, arch-Emperor!"

Youhuang went up to persuade.

"No one would've thought that ye chen could devour the darkness pool with his tribulation passing stage cultivation base. That's a strange creature that even an ordinary itinerant immortal would find difficult to subdue. This time, ye Chen's strength has increased greatly. It won't be easy to deal with him."
"

"Hmph, the eighteen emperors of the netherworld are not people to be bullied. Ye chen is the greatest enemy of Emperor Yama's death. When I summon the other emperors, I'll kill this kid!"

"Yes!"

The arch-Emperor rose to his feet and began to walk toward the altar.

After the Hall of the Dead, there was a huge mountain a hundred miles away. It was surrounded by the energy of the dead and it was eerie and terrifying.

The arch-Emperor flew over to the altar.

"Momo, Momo, Momo ..."

With that, he began to summon other emperors.

"Zi Zi Zi!"

As the summoning power was activated, several spinning dark vortexes appeared above the altar.

"Why have you summoned us, arch-Emperor?"

"We have a mission to find the nether Lord. We don't have time to waste with you!"

Human voices came from the vortexes. They were the voices of the other emperors.

"Everyone, it's like this ..."

The arch-Emperor recounted ye Chen's story.

"What? The Emperor of hell is dead?"

"Ye chen killed him?"

Boom, boom, boom!

The news of the death of the Yama Emperor immediately enraged countless sovereigns. The entire space fell into an endless tremor. The terrifying energy represented the anger of the sovereigns.

The arch-Emperor's face was grim. After all, he had been the one to lead the battle, and he couldn't escape responsibility for the defeat.

"You're such a disappointment, arch-Emperor!"

"How are you going to explain this to us?"

The arch-Emperor didn't shirk his responsibility. He took it all on his own.

"Everyone, the main responsibility for this failure is on me. I've underestimated ye Chen's talent and strength, allowing him to take advantage of a loophole and absorb the darkness pool. I'm willing to bear any punishment, but it must be after my revenge!"

"Hmm ... The arch-Emperor's words are very polite. Ye chen killed Emperor Yama, which means he didn't take the eighteen emperors of the underworld seriously. Even if he has an extraordinary relationship with the Lord of the Underworld, we can't forgive him."

"You're right. "

"Phew, phew, phew!"

Suddenly, the air trembled, and the stench of blood filled the air. Three figures appeared in front of the arch-Emperor.

"Leave ye Chen's matter to us!"

The arch-Emperor looked over and saw the corpse Emperor, bone Emperor, and blood Emperor.

"With the three emperors of corpse, bone, and blood taking action, ye chen won't be able to escape this time!"

The arch-Emperor stepped forward.

"Hahaha!"

The Three Sovereigns laughed and disappeared.

On ye Chen's side, following the guidance of the nether energy crystal, the three of them arrived at the northeast of the netherworld.

The surrounding area was filled with all sorts of netherworld energy. Even ye Chen felt that it was chaotic and complicated.

"Ah!"

Ye Chen released his netherworld energy, which turned into a Qi Shield that surrounded the great ancestor and Wushuang, protecting them from the influence of the surrounding environment.

"Fellow Daoist ye, is there a problem here?"

The old ancestor asked.

"The environment here is extremely complicated. I think there must be a problem!"

"En!"

The patriarch nodded and looked around.

This was a forest that emitted a strange aura. However, there was an extremely cold air coming from it. It did not seem like an ordinary forest.

Ye Chen's gaze swept across the surrounding hundred miles. He could deeply feel that this place might be a concealment formation or some kind of smokescreen. The real door was hidden inside.

"This way!"

Relying on his own understanding of the netherworld energy and his perception of the nether energy crystal, ye Chen found a direction and the three of them moved forward together.

The deeper they went, the more they felt the cold air pressing on them. Even through the air shield, Wushuang and the old ancestor could feel their bodies trembling.

Ye Chen was fine. After all, with the power of the darkness pool, it would not be an exaggeration to say that he was one of the top masters in the underworld.

"Go!"

He released his spiritual will sword Qi, which penetrated hundreds of miles.

"Whoosh, whoosh, Whoosh!"

The sword Qi shuttled back and forth, and all kinds of confidence were transmitted to ye Chen through the divine sense connection.

"Zi Zi Zi!"

Suddenly, one of the sword Qi sensed a ball of white cold air.

"What?"

The scene over there appeared in ye Chen's mind. It was the forest of white frost.

"This way!"

The three of them flew out and headed straight for the forest of white frost.

At this moment, outside the darkness, above the clouds, three figures appeared.

"Hahaha, you actually dared to enter the forest of white frost. You're truly dead!"

"Not bad, not bad. A turtle in a jar. Let's play with them!"

"Let's go!"

Three figures flew out, similarly running towards the forest of white frost!

[Chapter 1978 The Four Bell Formation!](#)

The forest of white frost was extremely cold, and it was filled with a strange aura that was like hell.

"This place is very uncomfortable!"

The old ancestor looked around and complained.

"Such a cold place is probably rare even in the netherworld. We must be careful!"

Ye Chen reminded.

"Alright!"

The forefather and Wushuang agreed and the three of them continued forward.

Following the nether energy Crystal's guidance, the three of them walked deeper into the frost forest.

Outside the forest, three figures were flying in at the same time.

Buzz, buzz, buzz!"

A blood-red aura suddenly appeared in the space. These auras seemed to have a mind of their own as they rushed in the designated direction at an extremely fast speed.

In the frost forest, ye Chen released his netherworld energy and fused it with the nether energy crystal. He wanted to locate his target as soon as possible.

"Zi Zi Zi!"

The nether energy crystal had been stimulated by the power of the darkness pool, and a figure had actually appeared.

"This is ..."

Looking at the image in the sky, ye Chen could tell that this person was not su Yuhan.

"Ye chen, I think this person is most likely the nether Lord!"

Ye chen nodded slightly at the great ancestor's reminder.

"It's indeed possible, looking at such a powerful aura!"

At this moment, the image suddenly opened its eyes. A surge of netherworld energy shot into the sky, shaking the earth and sky. The wind and clouds moved rapidly. The three of them were shocked at the same time.

"Go!"

Ye chen released the power of the darkness pool, guiding the images to gather into a stream of dark energy and flew toward the frost forest.

"Let's go!"

The three of them quickly followed.

A hundred miles behind them.

"These three people are so fast. It's a little troublesome."

"Hahaha! They are looking for su Yuhan, but this frost forest is their grave!"

"The forest of white frost is the cultivation place of the previous nether Lord. It is full of dangers and dangers. With our schemes, they will definitely die!"

"Alright, let's go!"

The Three Sovereigns' eyes were cold and filled with killing intent. They had to complete this mission.

As the representatives of the nine empresses among the eighteen emperors, if they wanted to improve their status, they had to complete the most difficult mission and gain the approval of the elders of nether prison.

In this war of the netherworld, ye chen had consecutively killed the dog Emperor and the hell Emperor, two great sovereigns. This had already alarmed the entire netherworld. If he did not kill ye chen to give everyone an explanation, the netherworld would definitely be in chaos.

This was why the arch-Emperor had summoned the Three Sovereigns.

"Whoosh, whoosh, Whoosh!"

The three of them transformed into a blood-colored aura and flew after ye Chen's group.

At this moment, ye chen and the other two followed the dark energy transformed from the Lord of the Underworld's projection and continued to fly toward the frost forest.

After about a quarter of an hour, they arrived at a place surrounded by Four Peaks.

"Stop!"

Ye chen commanded urgently.

"Fellow Daoist ye, what did you find?" The old ancestor was puzzled.

"This place is extremely strange. It's definitely not a simple natural fortune!"

At a glance, ye chen could see Four Peaks surrounding the entire place like a demon's claw.

After obtaining the eight-gate divine disc, ye chen had also studied the abominable formation that could merge with nature.

According to the eight-gate divine disc, the terrain in front of him was the land of no life.

"Surrounded by Four Peaks, the life gate is gone. This place is dangerous!"

"This!"

The great ancestor and Wushuang looked at each other, then at ye chen.

Ye Chen's eyes bloomed with fire and the shadow of the divine disc appeared between his brows.

As the eight-gate divine disc continued to rotate, the formation that surrounded the four Peaks was formed.

"The four Peaks contain the four spirits ominous formation. Everyone, pay attention!"

"Alright!"

The patriarch's expression changed. The netherworld sword floated beside him, ready to deal with all kinds of challenges at any time!

Sword Qi circulated around ye Wushuang's body and formed a defense array.

"Phew, phew, phew!"

A cold wind suddenly rose in the environment, and the wind and clouds changed.

On the four Peaks, four ominous bells actually appeared.

"Ding Ling Ling ..."

As the bell rang, the heavens and earth trembled. Waves of mental energy poured into everyone's mind. Wushuang and the old ancestor entered the mental realm.

"Wushuang, ancestor!"

Ye chen was anxious. Although these mental control skills were useless against him, it was not an ordinary skill to be able to let Wushuang and the great ancestor enter it instantly.

He didn't know that this was the place where the nether Lord cultivated his mind control technique.

"Hahaha, they have already entered the trial of the four beasts!"

"What a bunch of idiots! They're looking for death!"

"After entering such a formation, one's mind will definitely be controlled by the fierce Bell. They might even kill each other. Let's watch the show!"

The Three Sovereigns stood at the peak of the mountain and looked down at ye Chen's group.

Ye Chen sensed their auras but he could not attack at the moment because he had to take care of Wushuang and the great ancestor. If they failed the spiritual trial and were mentally confused, the consequences would be disastrous.

"Ye Chen, your time of death has arrived."

The corpse Emperor was the first to speak, calling out to ye Chen.

"You little rascals dare to face me?" Ye Chen replied firmly.

"Hahaha, we are the corpse Emperor, bone Emperor, and blood Emperor of the eighteen empresses and nine emperors of the underworld. Do you think you still have a chance?"

"It's laughable that ants don't know the immensity of heaven and earth. They walk on the edge of death and still think that they won't get their shoes wet. How pathetic!"

"Oh? Since you're so confident, let's see how you'll free those two from your spiritual control!"

The Three Sovereigns smiled sinisterly at the same time. This four ominous formation was a formation cultivated by the Lord of the Underworld. Ordinary people could not figure it out and could only sink into it. Even the Three Sovereigns did not dare to enter, let alone ye Chen and the other two. Therefore, they believed that the heavens were helping them complete their mission this time.

Facing the four inauspicious formations and the three netherworld powerhouses, the corpse Emperor, the bone Emperor, and the blood Emperor, ye Chen was confident but he could not be careless.

"Eight-gate divine disc!"

Ye Chen released the power of the eight-gate divine disc. Suddenly, the divine disc appeared in the void. Countless patterns began to spin on it. Suddenly, countless strange runes appeared before ye Chen's eyes. No one but him could understand the logic behind it.

"What is this?"

"It's too strange!"

"It seems to be some kind of treasure, but its quality is hard to measure!"

The Three Sovereigns looked at each other, but no one knew what it was.

The divine disc and ye Chen's minds were connected. Ye Chen only needed to control it with his spiritual will.

With the divine disc's operation, the four Bell formation became even clearer.

Although the formation did not seem to have a life gate, ye Chen quickly found the core of the formation through the calculations of the divine disc.

At the same time, Wushuang and the forefather were in danger.

As the spirit paid tribute, the bell rang. Old ancestor and Wushuang could not resist the spiritual corrosion. They even felt that they could no longer control their bodies and they were moving in a strange direction.

In front of them was an endless abyss.

"This!"

The old ancestor's eyes widened and his face turned red. He wanted to stop himself, but all he could see was darkness and despair.

Although Wushuang was the celestial Thearch sword spirit, this mind control technique was even more brutal to the sword spirit body. The two of them were in danger!

[Chapter 1979 Man And Sword Killing The Dark Shadow!](#)

"Ding Ling Ling ..."

The ringing around him was getting more and more disturbing. Even ye chen himself could feel the vibration of his mind.

"Zi Zi Zi!"

At this moment of crisis, the eight gates divine disc released a golden light and locked onto the core of the formation.

"I see!"

Ye Chen's eyes were locked on the core. He condensed Qi on his sword fingers, wanting to destroy it in one blow.

However, at this moment, the four Bell formation suddenly changed its operation mode. The shadow of the Lord of the Underworld appeared in the void once again.

"That's ... The nether Lord!"

When they saw the nether Lord, the Three Sovereigns were shocked and their spirits shook.

The Lord of The Dark World released the might of dark energy. The wind and clouds in the sky surged, and the sun, moon, ghosts, and gods were all shocked!

The power of the four ominous Bell array increased more than tenfold. All the living beings in the surrounding space were in a mental crisis.

Even the Three Sovereigns could feel the terrifying power. They all knelt on the ground and worshipped the nether Lord.

"Lord of the netherworld, we are the eighteen emperors of the netherworld. We pay our respects here. Please have mercy on us, Lord of the netherworld!"

The Three Sovereigns lowered their heads, and the space trembled. The sound of the bell was like a sharp weapon that could take one's life and soul, making one shudder.

"Zi Zi Zi!"

Ye chen felt his mind shaking rapidly. There was a force that was constantly corroding his spirit and even devouring his consciousness.

"Hahaha, you evil creature, you dare to target me?"

Ye chen laughed wildly in the face of the pinnacle technique of mental control. Primordial fire surrounded his body and fused with the eight gates divine disc to form the primordial fire heaven burning formation to protect his body.

He turned around and faced the shadow of the Lord of the Underworld. Through the eight-gate divine disc, he had already discovered that the core of the four ominous Bell formation was the shadow of the Lord of the Underworld. The core of a spiritual control formation was also an invisible object.

"Eight-gate divine disc, open the gate!"

Ye chen activated the power of the divine disc and opened the door. Instantly, mental energy flooded ye Chen's primordial spirit body like a torrent.

"Ah!"

With a Dragon's Roar, ye chen pointed his sword at the nether Lord's apparition.

"The celestial Emperor ordered the sword to spin!"

The celestial Emperor's ultimate sword technique reappeared. Ye chen brandished the celestial Emperor's sword and slashed at the Dark Lord's shadow!

"Swish!"

The sword slashed down, and the sword Qi combined with the spiritual power of the door opening swept through the Lord of the Underworld's shadow in an instant.

"Zi Zi Zi!"

Countless cracks appeared on the shadow of the Lord of the dark, and it was about to collapse.

"Ah!"

However, the shadow of the Lord of The Dark World did not seem to want to be destroyed just like that. It let out a shrill cry. The four ominous Bell array sensed it at the same time, and countless spiritual power fused towards the shadow of the Lord of The Dark World.

Buzz, buzz, buzz!"

As the mental power gathered in the four Bell array returned to the shadow of the Lord of the Underworld, the injuries on his body actually recovered quickly, as if he had not been injured at all.

"What?"

Ye Chen's brows furrowed and his heart trembled. He did not expect the Lord of the Underworld's shadow to have such a move.

He understood that the longer he stayed in the outside world, the more danger ye Wushuang and the forefather would be in. He must end the battle as soon as possible.

"Hahaha, ye chen, you deserve to die when you're up against the nether Lord!"

"That's right. What kind of person is the nether Lord? within the four ominous Bell formation, a wisp of the nether Lord's demonic will is enough to kill you!"

"Moreover, your two friends have probably fallen into the four misfortune Bell formation."

The Three Sovereigns laughed at the same time, mocking ye chen. Under such circumstances, they believed that ye chen could not save them. Not only could he not save his friends, but he could not even protect himself.

As the mental energy in the four malefic Bell array continued to flow back to the shadow of the Lord of the Underworld, not only did the shadow of the Lord of the Underworld's strength soar, but even the entire array was also improving.

"Kill!"

With a shout, ye chen flew up and headed straight for the Lord of the Underworld's shadow.

"Hahaha!"

At this moment, within the formation, the sound of maniacal laughter shook the firmament, and countless resentful souls appeared at the same time.

"Squeak, squeak, squeak ..."

These vengeful spirits let out miserable and strange cries as they all rushed toward ye chen.

"Li fire Golden Wheel!"

Ye chen closed his eyes. The true Samadhi fire evolved into the Li fire Golden Wheel to ensure that he was impervious to all demons!

"Phew, phew, phew!"

The flames burned the heavens and the gate of God shook the earth!

The eight-gate divine disc combined with the Li fire Golden Wheel prevented the countless resentful spirits from approaching ye chen.

"How dare you kidnap my friend? I'll kill you today!"

In the face of the demonic will of the netherworld's strongest person, ye chen showed no mercy. The celestial Thearch sword in his hand commanded all living beings in the world. The might of the divine disc between his brows shook the destiny of the heavenly Dao!

At this moment, heaven, earth, and man, all techniques were one. Ye chen was the end!

"Celestial Thearch sword astral sword, human sword revolution!"

After breaking through all the obstacles, ye chen once again used the man sword divine ability.

Instantly, countless shadows of Immortals appeared, holding all kinds of divine weapons and immortal artifacts, and rushed toward the shadow of the Lord of the Underworld.

"This is ..."

Seeing this, the Three Sovereigns were shocked. Ye Chen, a tribulation passing stage, could actually summon the shadow of an immortal?

Naturally, they could not understand such a scene because Ye Chen's original body was a heavenly Emperor, a great overarching golden immortal. Summoning a few Immortals' silhouettes was a piece of cake!

The immortal's shadow was furious, and his sword cut down the spirit of the resentful spirit.

Buzz, buzz, buzz!"

Celestial light flew up to the nine Heavens, and countless resentful souls turned into spiritual power and scattered in all directions.

"Collect!"

At that moment, Ye Chen once again opened the door of the eight-gate divine disc. The soul power of these resentful spirits was absorbed by the door.

"Three nethers soul refining technique!"

After that, Ye Chen cast a soul refining spell and completely refined the violent energy of these resentful spirits, turning them into pure mental energy for his own use.

"One sword splitting the heavens and splitting the earth!"

With the obstacle removed, Ye Chen raised the celestial Thearch sword and slashed at Ming Ying!

"Boom boom boom!"

Crack, crack, crack!

Accompanied by the sound of thunder and lightning, the heavenly Sword slashed the evil, and the shadow of the Lord of the Underworld shattered on the spot, turning into nothing.

"What?"

The Three Sovereigns were dumbfounded. The nether Lord had actually failed in the four ominous Bell formation!

They looked at Ye Chen with a complicated expression, their hearts filled with thoughts of retreating.

"We've received the arch-Emperor's orders. If we fail and return, we'll die!"

"We can't wait anymore, let's go!"

"Alright!"

The Three Sovereigns were of one mind and flew toward Ye Chen to kill him.

"All of you, back down!"

Ye Chen was concerned about Wushuang. Old ancestor Yellow Spring was not in the mood to respond.

Zila, Zila, Zila!

The divine Thunder in his body gathered and he used the great divine power, the Heaven Thunder God destroying palm!

"Boom boom boom!"

With a violent tremor, the Three Sovereigns were shocked at the same time, and their bodies were involuntarily sent flying.

"Impossible!"

The three of them looked at each other. They were all in the form synthesis stage. Their foundations were extremely strong, yet they were sent flying by Ye Chen's one palm. This scene was too exaggerated!

"Wushuang, forefather, if you are not coming out, when are you going to come out?"

As Ye Chen swung the heavenly Emperor sword, the sword Qi struck the ominous bells all around.

"Ding Ling Ling ..."

Crack, crack, crack!

The ominous Bell retaliated but was no match for Ye Chen and shattered on the spot.

The four ominous Bell array was broken!

"Whoosh, Whoosh!"

Two figures appeared from the void. It was the old ancestor and Wushuang. At this moment, both of them were dispirited and their bodies were trembling uncontrollably.

"The spirit taming Sutra!"

The eye of the celestial Emperor appeared between Ye Chen's brows in shock. He circulated the spirit controlling true Scripture. For a moment, a brilliant light dazzled his eyes. The Holy Light was overbearing and illuminated everything!

Under the light of the celestial Emperor, Ye Wushuang and old ancestor Yellow Spring gradually recovered their spiritual consciousness.

"Fellow Daoist ye!"

When he opened his eyes and saw Ye Chen, the great ancestor's heart was filled with emotions. He had thought that he would be trapped in that space forever. He did not expect to be able to come out alive.

"Forefather, Wushuang, are you alright?"

Ye chen stepped forward to show his concern.

"No problem!"

Ye Wushuang also nodded.

"The four ominous Bell formation has been broken. What's left is the three emperors of corpse, bone, and blood."

"Ah?"

The great Grandmaster was confused. He looked at Gao Feng and saw three figures-the corpse Emperor, the bone Emperor, and the blood Emperor.

The three of them had already made up their minds to kill ye chen and the other two personally.

"Kill!"

Bone Emperor was the first to attack. A bone blade appeared in his hand. The bone blade was engraved with all kinds of strange patterns.

"Bone cracking killing array!"

With a wave of his hand, the bone blades transformed into countless bone chains that descended from the sky and wrapped around everyone.

"What is this?"

The old ancestor's brows furrowed as he felt a powerful killing intent from it.

"Be careful!"

Ye chen reminded. He pointed his sword to the sky and headed straight for the bone Emperor.

"Ah?"

The bone Emperor was shocked. He had not expected ye chen to be so decisive.

"Continue to release the formation. We'll protect you!"

"Alright!"

The blood Emperor and the corpse Emperor stood on both sides and released their power.

"Blood rain!"

"The corpse's stench falls to the ground!"

"Whoosh, whoosh, Whoosh!"

Countless corpses fell from the sky like garbage and rocks. The two of them felt nauseated.

"This! Shameless!"

The old ancestor was furious, and the underworld sword reappeared in his hand.

"The netherworld sword energy soars to the ninth heaven!"

"Whoosh, whoosh, Whoosh!"

The sword Qi, carrying the killing intent of the netherworld, shot up to the sky, aiming at the corpse Emperor.

"Hahaha! Old ancestor yellow spring, are you satisfied to die in the corpse mountain?"

"Scourge, this time this old patriarch will personally take care of you!"

Old ancestor yellow spring flew away in anger.

Ye Wushuang released his unparalleled sword will and aimed at the blood Emperor.

Ye Chen was left behind to focus on dealing with the bone Emperor formation.

Crack, crack, crack!

Suddenly, the ground cracked open and countless bones rose from the ground, pressing down on Ye Chen.

"Ancient God's Dharma!"

Ye Chen's Heaven Earth Law manifestations activated the ancient God's might in his body. In an instant, the radiant ancient God's body appeared.

Buzz, buzz, buzz!"

The ancient God had three heads and six arms, and he held up countless bone peaks.

"What?"

When he saw the ancient God's enormous golden body, the bone Emperor's heart trembled. He finally understood that there was a reason why the dog Emperor and the Yama Emperor had died at Ye Chen's hands.

"This person is so different from ordinary people, I can only use my ultimate move."

Bone Emperor cut his arm with the bone blade. Blood gushed out, and the bone blade glowed.

"Blood light sacrifice Suan Ni's bones are like a mountain!"

Boom, boom, boom!

Three space vortexes appeared in the sky, and countless bones fell from them, piling up like mountains.

These bones contained a powerful poison. Upon contact, they would instantly turn into blood.

Buzz, buzz, buzz!"

Soon, the skeleton fell on the ancient God golden body and started to corrode it.

"Laughable!"

Ye chen slowly stood up when he heard the word "ridiculous."

"Ah!"

With an angry roar, the six arms of the ancient God's body opened up, and its power shook the heavens. Immortals and demons worshiped it!

Boom, boom, boom!

Countless bone mountains exploded. The body of an ancient God was immune to all poisons!

"This, this!"

The bone Emperor was even more shocked when he saw that the poison that could corrode steel was ineffective against ye chen.

"This person is a devil!"

"Bone Emperor, let us share your burden while you kill that brat!"

"Yeah, bone Emperor, what are you waiting for?"

"This, this!"

The bone Emperor didn't know what to say.

"Al!"

The two sovereigns sighed at the same time. Then, the corpse Emperor and the blood Emperor released their great super powers.

"Ah!"

The blood Emperor flew up into the sky and the blood rain became extremely dense. The blood Rain's corrosiveness was even above the bones as it tried to completely annihilate ye chen and the other two.

"Damn it!"

Ye chen was furious. The light of the celestial Emperor reappeared on his ancient God Body. The six-armed ancient God extended his palm and aimed at the blood Emperor.

"Ah?"

The blood Emperor felt a strong killing intent that could penetrate his soul.

"What, What is this?"

Just as he was feeling puzzled, the ancient God made a move.

"Six paths of reincarnation fist!"

Boom, boom, boom!

The six-armed ancient God unleashed all his divine might, and countless fist energies imbued with the power of the six paths shot out with a thunderous boom.

"Eh?"

The speed of the fist ray was extremely fast, and it arrived in front of him in the blink of an eye.

The blood Emperor's body was like a sandbag!

Boom, boom, boom!

The powerful force instantly crushed the blood Emperor's meridians, bones, and muscles, causing him to fall into endless pain."

"Ah!"

A pained roar shook the heavens and earth. Then, his body fell to the ground.

"BOOM!"

With a thud, the blood Emperor fell.

"Blood Emperor!"

The bone Emperor and the corpse Emperor flew down and found that the blood Emperor had been killed.

"Ye chen, you dare to kill the blood Emperor!" The zombie Emperor roared.

"Hahaha, why wouldn't I dare? how dare ants like you be so arrogant in front of me? you deserve to die!"

Ye Chen's killing intent rose, and six-armed ancient God turned to face the bone Emperor and corpse Emperor.

"This, this!"

The two of them were so terrified that they didn't even have time to care about blood Emperor's body. They ran for their lives.

"Hahaha, shameless scoundrel, die!"

Ye chen pointed with his sword-like finger. The sword-light circulated and hit the bone Emperor's vital point on the spot.

"Ah!"

The guidance of pain shook the void. Bone Emperor's body trembled as he used all his strength to jump into the whirlpool.

"Phew, phew, phew!"

Ye chen spat out the true Samadhi fire, and the blood Emperor's corpse vanished into thin air.

"Wushuang, forefather, are you alright?"

"Hahaha, of course we're fine. Fellow Daoist ye, you're now so powerful that even the eighteen emperors of the underworld are no match for you."

"These are all useless. There are still some powerful ones among the true upper nine emperors. I have to find Yuhan as soon as possible. I can't let those emperors of the dead find her!"

"Alright!"

The three of them flew out and explored the hoarfrost forest further.

The deeper one went into the forest of white frost, the lower the temperature was, and the more bizarre it was.

Ye chen once again released the nether energy crystal and spread it in all directions.

Buzz, buzz, buzz!"

The nether Lord's aura guided them as they flew through the void.

"Let's go!"

Ye Chen's heart was filled with excitement and he quickened his pace.

However, when he found the place where the nether energy crystal ended, it was only a cave.

"What?"

Ye chen looked at the cave. It was so deep that he could not see the bottom.

"Wushuang, forefather, you guys wait, I will go in and take a look!"

"It's very dangerous. Be careful!"

"I'm fine!"

Ye chen had entered the cave personally. As long as he could find su Yuhan, all the dangers were nothing.

"Whoosh, whoosh, Whoosh!"

Ye chen flew in and transformed into a shadow. He had already entered eight hundred meters but he did not find anything.

"Impossible!"

Ye Chen's flames spread out and illuminated the surroundings.

Through his fiery golden eyes, he finally found some clues. Someone had definitely been here.

When ye chen saw the ashes, he felt a sense of melancholy. He had come too late!
