

Genius 1981

[Chapter 1981 The Snake Queen!](#)

Although he had not found the person in his heart, ye chen could feel su Yuhan's energy in this place. This energy had become somewhat chaotic and was mixed with a large amount of powerful netherworld energy. This netherworld energy was the symbol of the Lord of the netherworld.

"Yuhan, I won't let you bear this alone!"

Ye Chen's brows were tightly furrowed, his heart full of emotions. Even such a determined person could not control his emotions when he thought of his sweetheart.

Su Yuhan had been restricted by the Lord of the Underworld's consciousness and had come to the underworld. Ye chen thought that it was a mistake. He had to save Yuhan.

"You're here!"

Just as ye chen was about to leave, a voice suddenly rang out in the darkness.

"What?"

Ye chen suddenly turned around and saw two balls of Dark Fire burning.

These two balls of Dark Fire were like the eyes of a Dark Beast. They were extremely terrifying and had a great deterrence. Of course, they were ineffective against ye chen.

"Who is it?"

Ye chen asked coldly but he already knew what was going on because he could feel the nether Lord's energy.

"Hahaha, you know it clearly in your heart!"

"Nether Lord, are you trying to show off?"

"Ye chen, su Yuhan is my substitute. She'll definitely become a vessel for my primordial spirit. You can't stop her!"

"What a joke. Aren't you afraid that I'll destroy your lair and completely destroy the netherworld?"

"Hahaha, what big words. Do you really think that the ten-thousand-year underworld can be destroyed so easily? Even I don't dare to say that I want to destroy the netherworld, because even I can't clearly see the ancient existences in the netherworld. "

"Go to hell!"

Ye chen did not want to waste his words. The nether Lord before him was condensed from nether energy. The nether Lord had deliberately left it behind to show that su Yuhan's path to becoming the nether Lord was accelerating, giving ye chen despair.

However, he did not know that ye chen did not care about these things at all. Even if su Yuhan really became the nether Lord, he would still save her!

"Nine Heavens rumbling Thunder palm!"

Ye chen suddenly attacked. Divine Thunder roared to the sky, and the force of his palm crushed forward!

Zila, Zila, Zila!

Boom, boom, boom!

In the blink of an eye, the shadow of the nether Lord shattered and turned into nothingness!

"Hahaha!"

"What's the use of shattering my nether shadow? do you want to vent the despair in your heart? What a pity!"

Even at the moment of destruction, the shadow of the Lord of the dark was still taunting and provoking him.

Ye chen turned around and left without a trace.

Outside the cave, the old ancestor and Wushuang were waiting.

"Fellow Daoist ye, have you found any clues?" The old ancestor asked.

"Yuhan has been here before, but that was a long time ago. Let's go!"

"Oh!"

The great ancestor knew ye Chen's mood and nodded as he followed.

The three of them continued their search. In the forest of white frost, there were thousands of layers of frozen earth. The surrounding space became even more strange and extremely cold.

Although the great Grandmaster cultivated the Qi of the netherworld, he was still attacked by the cold air and his body trembled.

"I didn't expect this place to be so cold. Interesting!"

The old ancestor released the Qi of the netherworld and surrounded his body to protect himself.

Ye Wushuang activated the power of the sword spirit, and many tiny sword shapes automatically surrounded him to protect him.

The three of them traveled another thousand kilometers before finally arriving at the second realm of the forest of white frost.

The corpse Emperor and bone Emperor returned to the Hall of the Dead.

"Pfft!"

The bone Emperor's body was drenched in blood. Its body structure had been destroyed by ye chen, especially its lower body. It was a terrible sight and had lost its fertility.

"How hateful!"

Although bone Emperor was severely injured, his heart was even more severely injured. He shouted from the Hall of the Dead.

"Zombie Emperor, what's going on?"

The arch-Emperor asked.

"Lord arch-Emperor, ye chen is too strong. Even the three of us working together were no match for him. The blood Emperor died on the spot, the bone Emperor was severely injured by ye chen and is now a cripple, and I'm also seriously injured!"

As he spoke, the corpse Emperor deliberately trembled, but in fact, he was the least injured among the three emperors.

"What?"

The arch-Emperor was furious.

"Didn't you all make a military pledge to kill ye chen? look at you now. Not only did you not succeed, but you even lost the blood Emperor. What else do you have to say?"

"Ah?"

Hearing this, bone Emperor and corpse Emperor trembled in fear.

"The arch-Emperor has shown mercy. It's not that we didn't try our best, but ye chen is too powerful. We released three formations at the same time, but he broke through them easily. This person's cultivation base is already at the heavenly level. Unless he's a powerhouse of the upper nine emperors, he can't be stopped!"

"What did you just say?"

"This, this, it's all the truth!"

The bone Emperor and the corpse Emperor knelt on the ground and didn't dare to raise their heads.

"Mm ..."

The arch-Emperor grimaced in pain. He had not expected ye chen to be so difficult to deal with.

"He's absorbing the darkness pool. This person possesses powerful netherworld energy, and the environment's restrictions on him have already lost their effect. His netherworld energy is even higher than yours. How troublesome!"

"Yes, yes!"

The two sovereigns both nodded in agreement. This way, their responsibility could be reduced.

"Hmph, you're all involved in the blood Emperor's death. You'll be punished in the elder's house!"

"Yes!"

The two sovereigns hurried away, not wanting to be reprimanded by the arch-Emperor.

Da, da, da!"

At this moment, the sound of light footsteps came from the ground, and a graceful figure was reflected on the ground. She was tall in front and curvaceous in back, just like a beauty.

"What is it that makes you so depressed, arch-Emperor?"

The woman walked over. She was wearing a tight-fitting red and black suit that wrapped around her snake-like body. As she walked, her body twisted and turned, and ordinary people would instantly fall into her soul.

Even the arch-Emperor couldn't help but take a few more glances, and his heart went numb.

"Hahaha, Snake Queen, it's actually you."

The Empress of the underworld snake, one of the nine emperors of the eighteen emperors of the underworld.

"Arch-Emperor, you should know very well that the reason the upper nine emperors have all woken up is because of your incompetence!"

"This!"

The arch-Emperor looked embarrassed. Ye chen had caused the Hall of the Dead To Fall into such a passive situation. It was indeed his responsibility.

"Snake Empress, since you've personally descended, what do you think we should do about ye chen?"

"Our most important mission is to find the nether Lord. The old fogeys in the elder Hall have already started clamoring. They want to re-elect the nether Lord!"

"What? You bastard!"

The arch-Emperor was enraged. He had never imagined that the people of the hall of elders would be so rude!

"But su Yuhan hasn't fully transformed into the form of the Lord of the Underworld. She's missing, and it's very difficult to find her."

"Difficult? What a joke, is difficulty a reason?"

"This!"

The arch-Emperor was once again enraged.

"Ye chen is our breakthrough point!"

"Why?"

"Because he has the nether energy crystal in his hands. This is something that the true spirit Lord has. Back then, the nether Lord, the true spirit Lord, and the Lord of the demon Realm worked together to operate the core of the Three Realms. The three of them left behind treasures condensed from their

energy at the same time. The nether energy crystal was left behind by the nether Lord and it's in ye Chen's hands now!"

"Hahaha, that's great. Kill ye chen and take the nether energy crystal. Then, we'll be able to find the nether Lord's whereabouts!"

"Arch-Emperor, don't disappoint the upper nine emperors any further."

"Understood!"

The arch-Emperor's eyes glinted coldly as he prepared to take action personally.

The second domain of the forest of white frost was surrounded by countless dark ice crystals, like a Crystal Kingdom!

Ye Chen's group of three stepped on ...

[Chapter 1982 1987-Frozen Door!](#)

In the second domain of the White frost forest, the nether Lord's aura was getting stronger.

Ye chen released the nether energy crystal in an attempt to achieve resonance.

He looked around and everything within a hundred miles entered his eyes. However, the environment here was extremely complicated and it restricted his fiery golden eyes to a certain extent.

As the three of them walked through the land of ice, ye chen began to feel the strangeness of this place.

Even with ye Chen's energy protection, ye Wushuang and the great ancestor still felt the temperature was too low.

"Hiss hiss hiss!"

Suddenly, a hissing sound came from the surrounding space, putting ye chen and the other two on high alert.

"Fellow Daoist ye, what's that sound?" The old ancestor asked.

"It sounds like the cry of a certain creature, like a snake!"

"A snake?"

Hearing the word 'snake', the old ancestor revealed a faint smile. He seemed to have thought of something ambiguous.

Ye chen understood the great ancestor's personality. He turned to look at the surrounding space and found that there were indeed traces on the ice crystal. Although they were very small, ye chen could still see them with his eyes.

"This might not be an ordinary snake!"

"That's right. It's impossible for a normal snake to grow in such an environment!"

The old ancestor walked forward and touched the ice crystals. He immediately felt his fingers go numb.

"What's wrong, forefather?"

"There's actually poison on this ice crystal!"

The old ancestor said coldly.

"Poison?"

Ye chen walked to the front and wiped it gently with his hand.

"Be careful, fellow Daoist ye!"

"It's alright!"

Ye chen had the body of an ancient God and was immune to all poisons. He was not afraid at all.

After many observations and touches, ye chen felt that this venom was not simple. This snake was probably not real but some kind of energy manifestation. In this case, they might have been targeted.

"Be careful, we might be watched." Ye chen said.

"What?"

The old ancestor looked at his own finger and understood.

"These bastards, they actually used such a method. However, to be able to keep up with our pace, this guy is not simple."

"It could be an expert from the netherworld. After all, I killed the dog Emperor, hell Emperor, and blood Emperor. This would definitely cause the eighteen emperors of the netherworld to be displeased."

"Ha, I'm also itching to fight. If you dare to come, I'll kill you!"

"Let's go!"

Ye chen waved his hand and the three of them walked forward.

"Hiss hiss hiss!"

At this moment, a white ice snake crawled out from the crack in the ice crystal and looked at the three of them.

Then, he quickly disappeared into the ice crystal.

The first realm of the White frost forest.

"Lord arch-Emperor, this is where ye chen and the other two disappeared!"

The zombie Emperor said.

"Mm, very good. Let's go!"

"Yes!"

The arch-Emperor had led his Army into the whitefrost forest. This was a forbidden area of the netherworld, and ordinary people would not enter. Not even the eighteen emperors would take the initiative to enter this place.

The first realm of the White frost forest was just like before. There was nothing special about it. Soon, the arch-Emperor arrived at the place where ye chen had broken through the four malefic Bell formation.

"Lord arch-Emperor, the blood Emperor died here." The zombie Emperor pointed in a direction and said.

The arch-Emperor slowly walked over and touched the dirt. It was charred black and stained with blood.

"Corpse Emperor, let's launch a sneak attack!"

He bowed slightly to the soil, and everyone bowed together.

With that, the arch-Emperor led his group toward the second realm of the whitefrost forest.

In the depths of the second domain, ye chen once again found traces of the nether Lord based on his senses of the nether energy crystal.

On the ice crystal stone platform in front of him, there were some traces of blood.

"This is ..."

Ye Chen's heart trembled. Could it be Yuhan's blood?

He observed carefully and used his nether energy to connect the nether energy crystals with the blood marks. Very quickly, a connection was formed between the two.

This was not the result ye chen wanted to see. Although he really wanted to find su Yuhan, he would rather not look for her if he could find her by relying on the clues of her injury.

"Mm ..."

Ye Chen's expression turned serious. The great ancestor and Wushuang were both smart people. Naturally, they knew that he had confirmed that the bloodstains were from su Yuhan.

"Yuhan, what's wrong with you?"

The consciousness of the Lord of the Underworld was a kind of torture to su Yuhan, making her enter the underworld involuntarily and constantly searching for her memories.

As the previous cultivation place of the nether Lord, it was normal for su Yuhan to come here. However, what did these bloodstains represent? could it be that the nether Lord's control over su Yuhan made her feel angry and uneasy?

"Let's go!"

Ye chen was even more worried about su Yuhan. He could not waste any more time.

"Whoosh, whoosh, Whoosh!"

The three of them moved in an instant, heading towards the last domain of the forest of white frost.

Not long after, the arch-Emperor arrived with his men.

"There's the aura of an outsider!"

The arch-Emperor tossed out a Jade plate, from which emerged many bugs. They quickly scanned the area for auras and then reported back to the arch-Emperor.

"This direction!"

"Yes!"

The group followed the arch-Emperor's command and chased after ye Chen's group.

At this moment, the ice crystal snake appeared again and then disappeared.

Above the void, a person sat cross-legged in the clouds. She had a coquettish figure and a charming face. It was the Snake Queen.

"My little baby, you've finally brought me a message."

There was an ice snake wrapped around the Snake queen's arm, exactly the same as the one in the forest of white frost. It was transformed by netherworld energy, and it could transmit information over a thousand miles.

"Hahaha, ye chen, stepping into the third realm of the forest of white frost is the beginning of your death."

She obviously knew something. In her cold eyes, there was a kind of pity for ye chen and the other two, but also the excitement of killing.

After that, the Snake Queen's figure transformed into a huge snake of ice and instantly rushed toward the huge frost peak below.

As soon as it hit the ice Peak, it disappeared as if it had never been there.

Ye Chen's group of three advanced rapidly and finally arrived at the last territory of the forest of white frost.

"The reaction of the nether energy crystal is getting more and more intense. This might be the place!"

He was in a complicated mood at the moment. It would be great if he could find su Yuhan, but he didn't want to see his injured lover.

He activated his fiery golden eyes and began to search for information about his surroundings.

All sorts of energy entered his sight, including the aura of the nether Lord.

"Boom boom boom!"

At this moment, a huge ice gate suddenly appeared on the ice Mountain.

"What?"

Ye chen looked at the frozen door warily. Then, he reached out and released his psionic power at the door.

"Zi Zi Zi!"

The spirit energy headed toward the frozen door. Just as it was about to touch the door, a huge head of a nether beast suddenly appeared on the door.

"Roar!"

With a furious roar, the snake-like thing instantly devoured ye Chen's psionic power.

"Ah?"

The old ancestor was shocked and felt that this place was really terrifying.

Fellow Daoist ye, it seems that this door isn't that easy to enter. You're so attentive. I almost went to open the door myself just now.

"Be careful!"

Ye chen reminded him and walked toward the door.

"Fellow Daoist ye, you ..."

"It's not easy to get close!"

In order to find su Yuhan, ye chen was not afraid of any danger. What he was fighting for was time!

[Chapter 1983 The Person Sealed In Ice!](#)

As he approached the frozen door, ye Chen's body glowed with a fiery light. He reached out toward the door.

"This!"

The great Grandmaster was very anxious. He still did not know what the nether beast on the frozen door was. It was too dangerous to do this. However, when he remembered that he was ye chen, the most mysterious and terrifying existence in the world, he seemed to be more at ease.

"Roar!"

As expected, the huge beast's head on the ice-sealing door appeared again, trying to devour ye chen.

"Phew, phew, phew!"

At this moment of crisis, ye Chen's entire body spurted out true Samadhi fire.

With the true fire surrounding him, evil spirits could not approach him!

The beast's head revealed a pained expression, and its figure gradually appeared above the gate. It turned out to be a frost lizard.

"Roar ..."

The ice Frost lizard glared at ye chen, seemingly on high alert.

"I have no ill intentions. Is she your master?"

Ye Chen's finger sword cut through the air, and an image of su Yuhan appeared in the space.

Seeing su Yuhan's image, the frost lizard became much gentler. It even looked at ye chen curiously, wanting to know who he was.

Ye chen was overjoyed to see the frost lizard's transformation. As expected, the frost lizard was protecting su Yuhan.

So, was su Yuhan behind the gate?

"I'm her friend. Trust me!"

Ye Chen's eyes released the light of the soul, trying to reach an agreement with the frost lizard.

However, the frost lizard seemed to be very vigilant. Once ye chen got close, it would reveal its fangs.

For a time, the two were in a stalemate.

At the crucial moment, ye chen took out the nether energy crystal.

Buzz, buzz, buzz!"

After releasing the netherworld energy, the frost lizard felt the familiarity of the netherworld energy and gradually became less hostile to ye chen.

"Hiss hiss hiss!"

The ice lizard stuck out its tongue and sniffed the nether energy crystal.

In the end, its body retreated back to the stone door.

"Boom boom boom!"

At this moment, the stone door slowly opened, and an extremely cold aura rushed out. Even the true Samadhi fire was frozen and extinguished.

An ordinary person would not be able to emit such a powerful energy. Ye chen flew into the ice cave.

"Yuhan, Yuhan!"

He called out a few times, but no one responded.

"Whoosh!"

Ye chen threw out the nether energy crystal. As the crystal floated into the air, nether energy scattered in all directions and began to gather in the void.

As long as he followed the direction where the energy of the nether energy crystal was gathering, he would definitely be able to find his target.

Wushuang and the old ancestor were still standing guard outside. They hoped that ye chen could find su Yuhan personally.

Ye Chen's figure transformed and his clone appeared.

"Whoosh, whoosh, Whoosh!"

He continued to walk around the ice cave, but he found nothing.

"Fellow Daoist ye!"

The patriarch suddenly spoke.

"What's wrong?" Ye chen asked.

"That wall seems a little strange!"

The old ancestor pointed to a frozen mountain wall in the distance.

"What?"

Ye chen could see the blurry image in one glance and his heart trembled.

"Yuhan!"

He flew out and approached the mountain wall.

Wushuang and the forefather followed.

"Phew, phew, phew!"

At this moment, the energy of the nether energy crystals was also extending toward the mountain wall.

"It really is here!"

Ye chen thought to himself and reached out to touch the mountain wall.

The frost lizard's body also appeared on the mountain wall. It could actually enter and exit the mountain wall freely, but the mountain wall was still extremely hard and could not be broken by itself.

One could see a person sealed in ice inside the mountain wall, who looked very similar to su Yuhan.

"Fellow Daoist ye, how do you plan to break this ice seal?"

The old ancestor asked.

"This ..."

Ye chen had not thought of a good idea either.

It wasn't difficult to break the ice by force, but he was most afraid of hurting the people inside.

If su Yuhan was severely injured and was recuperating, he would definitely hurt her if he broke the ice.

"All of you, stand back!"

The great ancestor and Wushuang followed ye Chen's instructions and retreated.

Ye Chen walked forward and placed his hand on the ice seal.

"Nine true spirit transformations!"

After releasing the true spirit nine transformations, ye Chen's body slowly transformed into the appearance of a frost lizard.

"Ah? This!"

The great ancestor was shocked. Ye Chen's methods were beyond imagination.

Looking at the ancestor's shocked expression, ye Wushuang revealed a proud smile.

"Master is carrying thousands of changes in the world that can't be measured!"

"Yes, yes!"

The old ancestor replied with a smile.

At this moment, ye Chen transformed into a frost lizard and went directly into the ice seal.

"Hahaha!"

At this moment, a wild laughter suddenly came from outside the ice cave.

"Not good, someone's coming!"

"We'll go!"

"Whoosh, Whoosh!"

The two of them flew out and blocked the ice cave.

"Who is it?"

The old ancestor asked.

"You're not dead yet?"

"We won't die even if you die!"

Wushuang stepped forward and rebuked him coldly.

It was none other than the arch-Emperor, who was leading the other experts of the netherworld.

"The arch-Emperor!"

The patriarch immediately recognized the arch-Emperor.

"Hahaha! Old ancestor yellow spring, I'll send you on your way today!"

"Laughable!"

In the face of the arch-Emperor's provocation, the patriarch didn't show the slightest fear.

"Where's Ye chen?"

The arch-Emperor's face flickered, and the smile and teasing on his face disappeared. Instead, he was filled with killing intent.

"Ha, ye Chen's not here!"

The great ancestor knew that they had to buy time for ye chen to rescue the people sealed in the ice. They could not let anyone disturb him.

"You're looking for death!"

Of course, the arch-Emperor didn't believe him.

"Boom boom boom!"

A domineering aura erupted from the arch-Emperor's palm, like a tiger descending from the mountains or a flood Dragon emerging from the seas. It was unstoppable.

"The netherworld sword is blocked!"

Old ancestor yellow spring didn't dare to be careless. He condensed all the sword Qi of yellow spring on the tip of his sword and released it at the same time.

Boom, boom, boom!

The power of both sides collided in the void, instantly causing the space to shake. Countless ice blocks fell from above and cracked the ground.

"If you still want to resist, then I'll kill you first!"

"Don't even think about it!"

At the same time, ye Wushuang attacked. The celestial Thearch sword Qi shot toward the arch-Emperor.

"Swish!"

However, just as the sword Qi was about to reach the arch-Emperor, a domineering aura appeared in the air and blocked it.

"What?"

Ye Wushuang's eyes were cold as he couldn't believe it.

The cultivation of the person in front of him was at least at the peak of the unity realm. Such power was indeed difficult to shake.

"Ha, let me experience it!"

Old ancestor yellow spring sneered. The sword of River Styx stirred up a storm of wind and clouds, summoning countless shards of ice and sending them flying toward the arch-Emperor.

"You want to fish in troubled waters? It's impossible!"

Flying up into the air, the arch-Emperor extended a claw and slashed it through the air.

Buzz, buzz, buzz!"

All of a sudden, a huge demonic claw appeared in the void. It changed into various forms and attacked old ancestor yellow spring.

"Whoosh, whoosh, Whoosh!"

The demonic claw was extremely fast, and all kinds of netherworld energy were constantly spurting out of it. It was like a sharp blade that was difficult to Dodge.

Soon, many bloody wounds appeared on old ancestor yellow spring's body.

"Your strength is not worth mentioning at all. Back off!"

"Don't even think about it!"

In order for ye chen to save the frozen man, the great ancestor had sworn to guard him to the death.

"Then go to hell!"

[Chapter 1984 1989-Bewitching Body!](#)

The patriarch had sworn to protect the arch-Emperor with his life, and the arch-Emperor's killing intent had been ignited.

"Old ancestor yellow spring, I only wanted to kill ye chen. Since you want to be buried with him, I'll fulfill your wish!"

The arch-Emperor's eyes glowed with a murderous light as he slashed his claws through the air toward the patriarch.

"Hahaha, do you think I'd be afraid of you for the sake of a friend?"

The netherworld sword will fused with the sword Qi and sharp light. The patriarch held the sword with both hands and swung it with all his might.

"Whoosh, whoosh, Whoosh!"

Sword Qi shot out in all directions, and the vast power instantly cut the demonic claw.

Buzz, buzz, buzz!"

However, when the sword Qi hit the demonic claw, it was unable to cut it. It even made a sound of metal clashing. It could be seen that the demonic claw contained a powerful rule, and it was not as simple as it looked.

"Hahaha, you want to fight me with your little strength? It's really laughable. "

The arch-Emperor was one of the nine upper emperors, and his cultivation base was at the great circle of the body integration stage. The patriarch was only at the peak of tribulation transcendence. It would be extremely difficult for him to fight him.

"So what!"

However, with his unyielding belief and the courage to risk his life for his friends, he was fearless.

The old ancestor's figure moved like an illusion, constantly dodging the attacks of the sharp claws.

Seeing that the great ancestor was in danger, ye Wushuang flew up and used the celestial Emperor sword to cut off the Wushuang demon-breaking claw.

"Celestial Thearch sword Astral Slash!"

Ye Wushuang evolved his own sword spirit into the sword body, and the shadow of the celestial Emperor appeared behind his back. His true meaning of sword was raised to the highest realm, and his power was unpardonable.

"Boom boom boom!"

Crack, crack, crack!

He had broken the demonic claw with a single sword strike, shocking everyone in the netherworld.

"What?"

The arch-Emperor was surprised to see his demonic claws destroyed. He had never thought that ye Wushuang would be this powerful.

"Interesting!"

However, everything was under his control. The arch-Emperor smiled coldly and waved his hand, summoning all of the netherworld experts to attack.

These netherworld elites were all around the early dujie stage. Although their strength was not the best, they had the advantage in numbers and could even shake the old ancestor.

The arch-Emperor was going up against ye Wushuang!

"Brat, following ye chen will only lead to death!"

"You think you're worthy of being mentioned in the same breath as my master? how can an ant compete with the sun and the moon?"

"Ah, damn it!"

The arch-Emperor roared. He reached out with both hands, and dark golden metal claws shot toward ye Wushuang.

Thump, thump, thump!

The arch-Emperor was so powerful that even a single step he took could shake heaven and earth. His powerful netherworld energy caused waves of nether energy to spread out in all directions, and even before he reached the arch-Emperor, it was already impossible to stop.

Countless mountains crumbled and the ground cracked. The arch-Emperor reached out with his claws, and two demonic claws of darkness appeared from two different directions, aiming for ye Wushuang.

"Slash!"

Ye Wushuang held the sword with both hands and slashed at the sharp claws.

"Boom boom boom!"

Crack, crack, crack!

The celestial Thearch sword shattered the demonic claw once more and faced the arch-Emperor.

Just as the battle was about to begin, ye chen transformed into a frost lizard and entered the frozen mountain wall.

Relying on the unique nature of the frost lizard, ye chen walked quickly in the ice. He found that there was a small world inside the ice, completely different from what he saw in the outside world.

He vaguely saw a beautiful woman sitting on the ice-sealed stone platform.

"Yuhan?"

Ye chen called out.

However, the other party did not respond. His eyes were slightly closed, as if he was meditating, but also in a dormant state.

Ye chen looked over and found that although the person had a gorgeous face and the clothes she wore were very revealing, like a demon, her face was very similar to su Yuhan 's. Even the energy on her body was very familiar to ye chen.

"No matter what you become, I will not give up on you!"

The psionic power in ye Chen's body exploded and returned to his original form.

Suddenly, waves of heavy pressure made ye chen almost unable to move.

"What?"

Ye chen looked around. The space was still blurry. The heavy pressure on his body might be caused by the characteristics of this world.

However, the woman was right in front of him. Ye chen could not back down.

Thump, thump, thump!

Every step he took would exhaust his physical and mental strength. Not only did this place greatly weaken his Foundation, but it also interfered with his spirit.

"Ah!"

Ye chen shouted, and the meridians in his body erupted with a powerful ancient God Power.

With the ancient God Power, he was able to speed up, but it was still difficult.

Ye chen walked step by step toward the frozen man. The wish he had been fighting for so long was about to be fulfilled. Ye chen was slightly excited.

"Zi Zi Zi!"

At that moment, the woman on the ice-sealed stone platform suddenly opened her eyes. At that moment, ye chen saw the light in her eyes and was momentarily dazed.

That pair of eyes was both familiar and had a boundless charm. Ye Chen's feelings were instantly complicated.

"This is ..."

Ye Chen's mind jolted and he quickly stabilized his mind.

With the powerful resistance of his ancient God Body, ye chen pulled himself together and looked at the man.

"Hahaha!"

The woman stood up slightly. With every step she took, her waist twisted, and she had a beautiful aura that could make all men prostrate themselves in admiration.

After so many years, ye Chen's heart was filled with mixed feelings when he saw that face again.

"Yuhan, Yuhan!"

He kept calling out to her, hoping that su Yuhan could return to her original appearance.

However, that person didn't respond at all. He only revealed a smile that carried a hint of ridicule.

"Ye chen!"

When the other party called out his name, ye Chen's heart was filled with excitement. As expected, the person in front of him was su Yuhan. It must be!

"Yuhan, I'm here to find you. I'll definitely bring you out of the underworld!"

"Leave the netherworld? Hmph, Hmph, you're really naive!"

"What?"

Ye Chen's brows furrowed. He carefully observed the person in front of him and felt the person's temperament. Although they looked similar, the person's inner qualities were different from su Yuhan.

Da, da, da!"

The woman walked freely in the space and walked to ye Chen's side.

Suddenly, an invisible pressure made ye Chen's body unable to move again.

"Yuhan!"

Ye chen did not give up. He still wanted to wake su Yuhan up with his voice.

"Hahaha!"

However, the woman chuckled in amusement. She slowly approached ye chen and reached out to touch his face.

"What a beautiful face! It makes me feel a little impulsive. You are the only man I am interested in!"

"Yuhan, stop it. Wake up!"

Ye Chen released his fiery golden eyes in an attempt to transmit his mental energy to Su Yuhan to wake her up.

However, these were not effective at all. The woman's body slowly leaned on Ye Chen's body. The soft warmth made Ye Chen feel at ease. That feeling had not changed. Even though the temperament of the person in front of him had changed, the warmth still made Ye Chen recall every little thing he had with Su Yuhan.

"Yuhan!"

Ye Chen's heart was slightly moved but the woman's hands kept moving around his body, causing him to notice something strange.

"You!"

When he turned his head abruptly, he happened to bump into the woman's face.

A strange fragrance wafted over, causing Ye Chen's eyes to almost blur.

Then, the woman kissed him directly ...

[Chapter 1985 1990-Ferocious True Appearance!](#)

"What?"

Sensing the danger hidden in the fragrance, Ye Chen's eyes turned cold.

Although he really wanted to see his wife and save her at the same time, the person in front of him was not her true self.

"Impudent!"

With a presumptuous shout, the heavenly Emperor's shadow appeared behind Ye Chen. Suddenly, an unparalleled Majesty and powerful force shook off the bewitching body.

"Hahaha!"

The woman laughed and jumped away. Her eyes were limpid, and her slender fingers fiddled with her blood-red lips. She seemed to be very satisfied with her behavior.

"Strong man, you want to find Su Yuhan. Unfortunately, you're too late!"

"Where is she?"

"You'll have to find it yourself. "

The woman was still twisting her body as if she was trying to seduce Ye Chen.

Ye Chen was furious when he saw someone he was familiar with showing off in front of him.

"How dare you use Yuhan's appearance to insult her, you deserve to die!"

"Hahaha, what ability do you have to deal with me in this ice-sealed world?"

"Oh? Is that so?"

In the face of the seductive body's provocation, ye Chen's eyes glowed coldly. The ancient divine power in his meridians was circulated to the extreme.

"Ah!"

With a loud roar, the ice crystal force that was suppressing ye Chen's body began to shatter.

Crack, crack, crack!

"Boom boom boom!"

Finally, the power of the ice crystal could no longer withstand ye Chen's ancient God might and exploded on the spot.

"This!"

The bewitching body was shocked. Ye chen could still be so strong in his own home ground. He had underestimated him.

"As expected of someone worthy of the nether Lord. Hahaha, it's a pity that you're still going to die Here!"

"Your actions are unforgivable!"

Ye chen would never allow anyone to insult su Yuhan's body. This time, he was really angry.

"Kill!"

He condensed his Qi with his sword fingers and suddenly slashed the air.

"Swish!"

Caused by the sword Qi, the ice crystals exploded and the space shattered!

Boom, boom, boom!

With a trace of an energy explosion, the demonic body turned pale with fright and flew up.

In the air, an ice crystal was suspended under her feet.

"Ye chen, your strength has shocked me. However, this is my home ground. I must complete the nether Lord's orders!"

"The nether Lord's orders? What do you mean by that?"

"Hahaha, you still don't understand? I'm staying here under the orders of the nether Lord to kill you!"

"Impossible!"

Ye chen was shocked. Su Yuhan would never do that.

"I'm excited to see you in pain. "

Her alluring body caused the surrounding ice crystals to quickly condense, and a long spear appeared in her hand.

"Ice crystal Seal!"

Suddenly, waves of invisible pressure gathered again and appeared around ye chen, causing his body to be in trouble again.

Buzz, buzz, buzz!"

At the same time, she casually threw the crystal spear into the air. With a point of her slender finger, the spear split into three, and then six ...

In the blink of an eye, more than a dozen crystal spears were aimed at ye Chen's body.

"Ye chen, no matter how strong you are, I'm the king in this ice-sealed world!"

"Go!"

The bewitching body shot out and the crystal spear flew toward ye chen, aiming for his vital points.

"King? Hahaha, how can an ant dare to call himself King?"

Seeing the crystal spear coming at him, ye Chen's eyes widened in anger. The ancient God Power in his meridians surged out.

"Ah!"

The Dragon's Roar shook the heavens as ye Chen's entire body entered the ancient God form.

Boom, boom, boom!

Crack, crack, crack!

He didn't Dodge, but took it head on!

Although the crystal spears were extremely sharp, they were unable to pierce through the ancient God golden body. They all shattered and fell to the ground.

"What?"

The crystal spear, which was condensed from the nether Lord's energy, had been shattered by ye Chen's physical body. Such power had already exceeded the imagination of the enchanting body. At this moment, she could not help but doubt herself.

"How hateful!"

The demonic figure's face was ferocious, and his entire body emitted a cold frosty air as he entered a state of Fury.

"I want you dead!"

She flew up and stretched out her sharp claws. Countless ice crystals wrapped around her sharp claws and condensed, turning into a hook that was going to tear ye Chen's body apart.

"Oh?"

Ye chen smiled coldly. Finally, the person before him was about to reveal his true colors.

"Swish!"

Just as the crystal claw was about to claim his life, ye chen suddenly reached out and grabbed the claw.

"You!"

"Idiot, you want to kill me with such abilities? dream on!"

Ye Chen's expression changed and he opened his mouth in anger.

"Roar!"

The heavenly Dragon's Roar reverberated. The crystal claws were shattered by the Dragon's Roar, and the demonic body was also sent flying.

"BOOM!"

With a loud bang, the demonic body was sent flying and hit the ice-sealed mountain wall. The meridians in his body trembled and his bones were broken. He was in great pain.

"Pfft!"

A mouthful of blood spurted out, and the breath reversed. The face of the demonic body began to twist and change shape. The beautiful face from before no longer existed. The truth was actually the face of the frost lizard.

"What?"

Ye chen suddenly felt a cold stream of air above him.

"It's you!"

He immediately thought of the frost lizard on the frozen door.

"Roar!"

The frost lizard suddenly opened its huge mouth and tried to swallow ye chen.

"Ha!"

With a sneer, ye chen pointed his sword to the sky and the celestial Thearch sword appeared.

"Swish!"

The sword Qi soared into the sky and condensed into the shape of a sword, charging straight at the lizard's huge mouth.

"Swish!"

Accompanied by a piercing sound, the frost lizard's huge mouth could not bite down at all. Even its body was under ye Chen's control and could not close its mouth.

Fresh blood flowed out of the frost Lizard's Mouth, causing the bewitching body to be enraged.

"Roar!"

At this moment, her demonic body did not look like a human at all. She had completely turned into a monster.

"Ye chen, you deserve to die!"

With a ferocious face and a stern voice, he completely lost control of his demonic body. Frost scales appeared all over his body, and his body grew rapidly, turning into a Super Monster that was a hundred times larger than the frost lizard.

"Roar!"

She roared at the sky, and as she swung her tail, the heavens and earth shook. Mountains shattered, and countless broken rocks and ice crystals fell. The entire space seemed to have fallen into an apocalyptic state.

Buzz, buzz, buzz!"

The sharp claws scratched the ground, instantly causing countless Qi to burst out, and the entire ice crystal ground collapsed.

Thump, thump, thump!

The demonic body attacked ye chen wildly.

"Oh?"

Since the person in front of him was no longer the existence of his dreams, ye chen no longer held back. The might of heaven and earth was revealed without a doubt.

"Go!"

He suddenly stretched out his arm and pointed with his sword finger. The celestial Thearch sword shape suddenly appeared.

"Swish!"

The huge sword shape broke through all the ice crystals and headed straight for Yao Mei's body.

"Swish!"

The two sharp claws of the demonic body grabbed the sword shape, but its body could not help but retreat. Such a huge body seemed to have suffered an unstoppable impact and kept retreating.

Crack, crack, crack!

The ground continued to crack open as the sword Qi's power could not be contained and attacked the demonic body!

[Chapter 1986 Devouring The Nine Heavens!](#)

"Ah!"

Ye chen seized the opportunity and released his power again. With a thought, the sword-shaped light shone and instantly broke through the seductive body's defense.

"Swish!"

The tip of the sword reached the chest of the demonic figure and continued to attack it.

"Roar!"

The demonic figure let out a roar, showing its madness.

Under the impact of such a powerful sword Qi, she had already lost the possibility of defense. The ice crystal defense on her entire body was shattering, constantly making "crack" sounds.

As the last ice crystal cracked, the celestial Thearch sword pierced through.

"Swish!"

Fresh blood spurted out and flowed on the ice crystals. The hot and cold interweaved, accompanied by the demonic figure's painful expression, showing the cruel scene of the battle.

"Die, you demon!"

Ye chen suddenly shouted. The celestial Thearch sword form pierced through his body and stabbed into the ice crystal Mountain wall with a loud bang.

Behind him, the demonic figure froze like a statue.

"Ah!"

Accompanied by the woman's scream, the huge figure of the enchanting body began to collapse and finally turned into nothing.

She returned to her human form, and blood continued to ooze out of her chest. She had already suffered a fatal blow.

"Hahaha, ye chen, you have no hope of success. The nether Lord is about to return. By then, su Yuhan will no longer exist. Hahaha!"

At the brink of death, her bewitching body began to mock and provoke ye chen.

"Go to hell!"

Ye chen did not want to hear this. With a wave of his sword fingers, he was beheaded!

Ye chen did not expect that he would not be able to find the real su Yuhan even after finding this ice-sealed world. He was very irritable. At this moment, the sound of fighting came from outside, as well as the painful cries of the great ancestor.

"What?"

Ye chen looked coldly at the world outside. At the moment, the arch-Emperor was pursuing the patriarch.

"Damn it!"

Ye Chen's mood was already suppressed, and the arch-Emperor's actions made ye chen even more furious.

"Whoosh!"

His body instantly moved, and with a boom, he broke through the ice crystal Mountain wall, directly reaching the outside world.

"Swish!"

The arch-Emperor's claws slashed across the air, and the patriarch fell to the ground, blood dripping from his body.

"Forefather!"

Ye chen flew up and supported the great ancestor.

"Hahaha, fellow Daoist ye, you're finally out."

Although he had suffered countless injuries, the great ancestor's face was still full of smiles. As long as he saw ye chen return safely, his mission would be completed.

"Wushuang, take care of the ancestor!"

"Yes!"

Ye Wushuang flew up and returned to the back with the great ancestor.

"The arch-Emperor!"

"Ha, ye chen, you didn't die in there. Fine, I'll take care of you myself today!"

The arch-Emperor laughed coldly as he locked onto ye chen.

"You've found the wrong target at the wrong time. Arch-Emperor, the door of death has been opened!"

"Oh? Arrogant brat, Who Do You Think You Are? I'm a Super Master who's about to reach the Mahayana realm. Do you think you have a chance?"

"It's not me. You, Qianqian, have already lost your chance!"

Ye Chen's eyes glowed with a murderous light. At this moment, he wanted to vent his anger and suppressed emotions. The arch-Emperor was just unlucky!

"Kill!"

The arch-Emperor shouted. He once again activated his netherworld energy and formed six sharp claws that headed straight for ye chen.

"Zi Zi Zi!"

At this moment, ye Chen's eyes glowed with a Crimson light. His ancient God Power had transformed into layers of Wolf shadows. At this moment, he had transformed into the most bloodthirsty Hunter, the blood-thirsty Skywolf!

"True spirit nine transformation: bi 'an bloodthirsty Skywolf!"

Ye Chen's appearance had changed greatly. Diamond claws continued to grow out of his flesh and blood, flashing with a cold light. Reverse scales grew all over his body. His eyes were like torches and his sharp teeth revealed a fierce nature.

"Roar!"

Accompanied by an indiscernible roar, ye Chen's figure flashed and he suddenly attacked.

Buzz, buzz, buzz!"

Crack, crack, crack!

The celestial Wolf's claws were like tofu, completely obliterating the arch-Emperor's six claws.

"Roar!"

Ye chen had completely unleashed his bestial nature. His eyes were filled with a murderous light, without the slightest human emotion.

At this moment, he wanted to kill to his heart's content!

Buzz, buzz, buzz!"

The Wolf's shadow was so dense that no one could see his exact position. They only saw a cold light flash past, and then the heads of dozens of underworld elites flew into the sky.

"Ah?"

Even the netherworld's Berserkers were terrified by such a terrifying scene. It was as if they had encountered the most ferocious Hunter, and they were all prey.

"Detestable!"

Enraged, the arch-Emperor unleashed all of his netherworld power, causing the enormous shadow of an Emperor to appear behind him.

"Tyrant's slash!"

The huge Emperor's shadow waved the long blade in its hand. It was like a star falling from the nine Heavens, and it struck the world with a loud bang.

"Phew, phew, phew!"

The netherworld energy in the surrounding space went berserk, turning into countless netherworld energy arms, all kinds of sharp swords, and all kinds of long Spears, all of which were sent up to the nine Heavens.

After that, heaven and earth trembled as a vast amount of energy descended, wanting to crush the opponent to death.

"Owwuuu!"

At this moment, the sky Wolf howled, the sun and the moon sank, and the world was dark. Only the full moon was in the sky, shining with silver light.

"Whoosh, whoosh, Whoosh!"

The shadow of the sky Wolf was everywhere!

Buzz, buzz, buzz!"

Countless netherworld overlords were decapitated once again. The atmosphere was even more terrifying than hell.

Boom, boom, boom!

At the same time, the arch-Emperor's heaven-destroying might descended, crushing everything in its path.

"Zi Zi Zi!"

Up in the air, a pair of Wolf Eyes glowed with silver light as they shot toward the arch-Emperor.

"What?"

The arch-Emperor noticed ye Chen's figure and summoned the might of the nine Heavens annihilation to quickly descend in front of him.

Boom, boom, boom!

A path of explosions appeared in front of them. No one could pass through such a violent path of netherworld energy. It was a dead end!

"Fellow Daoist ye, calm down!"

The old ancestor shouted when he saw this.

However, the battle had already reached its peak. Ye chen would not accept any information. There was only one path in front of him. It was not a path of death but a path of death!

Boom, boom, boom!

Finally, the power of the nine Heavens annihilation landed on ye Chen's body. This level of power could easily kill a unity stage mighty figure but ye chen did not Dodge at all. There was only killing intent in his eyes. He wanted to vent his anger.

"Roar!"

Around the wolf, the spacetime roar swallowed the world, and with a palm, a black hole appeared.

"Phew, phew, phew!"

The infinite energy bodies were all devoured by the Furious Roar of Time and space and were trapped in the ancient God Space.

Boom, boom, boom!

In the ancient God Space, endless energy was surging and exploding. However, the ancient God World was so strong that even if the energy was a hundred times stronger, it would not be able to shake the ancient God Space.

"Ah?"

The arch-Emperor's face was filled with fear when he saw his heaven-destroying might being completely ignored. His opponent wasn't human, he was a demonic god!

"Die!"

Right at this moment, in the terrified eyes of countless powerhouses, the shadow of a Wolf appeared, its sharp claws locking the soul!

Buzz, buzz, buzz!"

In the blood light, the Wolf's claws were endless, tearing everything.

The arch-Emperor's body exploded like a piece of paper!

[Chapter 1987 Reverend Leiyun!](#)

"Ah?"

Ye Chen's claws tore the arch-Emperor to pieces. The sight of it made the netherworld cultivators despair. They looked at ye chen as if they were looking at the god of death. Many of them could not resist such terrifying power and mental pressure and fell to their knees.

"This, this is a God!"

Some experts who had lost their will to fight exclaimed in admiration.

"Bastards, all of you get up!"

There were also experts who refused to obey, shouting at those who were kneeling on the ground.

"What?"

Even after killing the arch-Emperor, ye Chen's anger had not subsided. As he turned around, a cold light flashed.

"Swish!"

With a cutting sound, the man's head flew into the sky.

Buzz, buzz, buzz!"

Fresh blood spurted into the sky, and the scene froze on the spot.

The atmosphere was extremely tense. No one dared to make a single move or make any sound. This was ye Chen's super-strong suppression.

"Phew, phew, phew!"

The violent energy around ye Chen's body gradually subsided and he returned to his original form.

"Hahaha, these pieces of trash should be killed!"

The old ancestor stepped forward and laughed.

"Ah ..."

At this moment, the netherworld elites finally came to their senses. Their legs were trembling, and their eyes were dazed. They didn't know what to do at all.

"Are you still putting on an act, arch-Emperor?"

Ye chen suddenly spoke.

"What?"

The forefather and Wushuang looked puzzled. They looked at the battlefield and realized that the body fragments that were torn apart by the wolf claws had turned into dust and scattered.

"Zi Zi Zi!"

Suddenly, the arch-Emperor's body began to reform.

"Ye chen, I've really underestimated you. You actually managed to kill my clone with one strike!"

"I advise you, underworld, to not obstruct my actions. Otherwise, your clone will be the end!"

"Hahaha, arrogant child, do you really think that we, the eighteen emperors, would be afraid of a human?"

"You can try!"

"Hmph, the nether Lord's return is heaven's will. You can't stop it, ye chen!"

"This is not for you to decide, get lost!"

Ye chen was furious, and the Furious space-time howl appeared behind him again.

"Phew, phew, phew!"

Instantly, all matter and energy in the surrounding space were affected by the suction of the spacetime Fury and rushed toward ye Chen's back.

"Ah? What, What is this?"

"No!"

"Argh! I can't control my body. "

The rest of the netherworld experts, including the body integration experts, were all captured by the Furious spacetime flames.

"Ye chen, don't be so arrogant. If you don't leave the netherworld, you'll die!"

With that, the arch-Emperor vanished into the vortex.

As for the remaining netherworld elites, they were unlucky. Not a single one of them managed to escape, and they were all devoured and absorbed by the Furious spacetime flames.

The battle was over. Ye chen turned to look at the frozen door and saw su Yuhan's figure.

"Let's go!"

Da, da, da!"

The three of them quickly left the Emperor of the dead mountain range.

.....

The true spirit Lord, who had returned to the true spirit Palace, was furious.

"Those cunning netherworld people, that detestable ye chen. He prevented me from obtaining the core of the Three Realms. It seems like the chaos in the Three Realms is a foregone conclusion!"

The true spirit Lord sat cross-legged in the void and regulated his breath.

This trip to the netherworld had allowed him to completely understand where he was. Ye Chen's strength had frightened him.

"The human race's innate talent can actually be so powerful to this extent. Are we, the people of the spiritual realm, really going to pray to the heavens again?"

The true spirit Lord was extremely excited when he recalled the time when he prayed to the heavens and the ancestral master descended to the lower realm to kill the nether Lord.

However, the people of the previous generation had thought completely different things from him. They had already entered the realm of the void, and he was only the Lord of the spiritual realm. Many hidden forces in the spiritual realm did not even recognize him as the Lord of the spiritual realm.

"The true spirit Hall only exists in name!"

The true spirit Lord furrowed his brows in anger and could not calm down.

"Zi Zi Zi!"

Suddenly, Thunder rumbled in the sky, and a cloud covered the hall.

"Who is it?"

The true spirit Lord was furious. He turned to the void and struck out with his palm.

"What?"

At this moment, a low groan came from the void and an unimaginable power descended. The true spirit Lord's palm energy disappeared without a trace like a clay ox entering the sea.

"Ah?"

The true spirit Lord turned pale with fright. He realized that he had been too reckless this time and had obviously offended a high level expert.

"True spirit Lord!"

"Here!"

The true spirit Lord hurried over and bowed.

"You dare to be disrespectful to me?"

"I don't dare, I don't dare. May I ask what kind of person your venerable self is, and what important matter is there for your descent this time?"

The true spirit Lord didn't dare to raise his head. He just bowed and waited for his orders.

"Hmph, I'm Reverend Lei Yun from the immortal spirit world. The immortal spirit world sensed that the Three Realms below are unstable, so I've come to investigate."

"So it's Lei Yun Zhenren. True spirit Lord, please forgive me for not welcoming you!"

"Cut the crap. Why are the Three Realms in turmoil?"

The true spirit Lord didn't dare to hide anything after hearing the immortal's question.

He bowed. "The core of the Three Realms has been taken by the netherworld. Its whereabouts are unknown. As a result, the Three Realms are in a state of imbalance."

"The immortal spirit world asked you to maintain the balance of the Three Realms below, but you actually lost the most important thing. Do you know your crime?"

Thundercloud Daoist shouted angrily, and true spirit Lord knelt on the ground.

"I know my crime, I know my crime."

"This time, I personally entered the netherworld to retrieve the core of the Three Realms. However, the netherworld's eighteen emperors were extremely brutal. In addition, there was a human cultivator, ye chen. They actually changed sides at the last minute and targeted me instead, causing this operation to fail."

"What?"

Lei Yun Zhenren was furious.

"There's actually a traitor among the human race?"

"It's true. This person's name is ye chen. He's extremely talented. After entering the netherworld this time, he obtained the power of the source of darkness and is already close to the Mahayana realm cultivation base. We must be on guard!"

"Mahayana stage? Hahaha, true spirit Lord, you're a loose immortal, but you're being targeted by someone at the Mahayana realm. It's too shameful, isn't it?"

"Ah, this ..."

The true spirit Lord finally reacted, but it was too late.

"I can't believe you're so frightened by someone in the form synthesis stage. This kid is indeed talented. Hahaha, interesting!"

Lei Yun Zhenren had long wanted to take in a disciple and had been searching for a long time in the human world. This time, he heard the true spirit Lord's words. If he could take in such a talented person as his disciple, it would be something to be proud of in the immortal spirit world.

"True spirit Lord, we'll take action against the netherworld immediately. I'll personally descend to the mortal world soon!"

"Yes!"

The true spirit Lord bowed and sent off Reverend Lei Yun.

"Al!"

Seeing the immortal leave, the true spirit Lord furrowed his brows and felt extremely angry.

"I never thought that I, the true spirit Lord, would have such a day!"

Initially, he thought that he could kill ye chen by relying on perfected leiyun. However, judging from perfected leiyun's behavior, he did not have any intention of killing ye chen. He even had the intention of befriending ye chen. This was not the result he wanted.

"Could it be that this spirit Lord can't even compare to a single ye chen?"

The true spirit Lord had worked so hard to break through in the hope that he could be taken in as a disciple by some master from the upper realm. However, in the past hundred years, he had tried many times to no avail. This time, when he saw that perfected leiyun was interested in ye chen, he was even more jealous!

[Chapter 1988 The End Of Hell!](#)

The true spirit Lord understood that if he wanted to gain some status in the eyes of the immortals from the upper realm, he still needed to find the core of the Three Realms, and this trip to the underworld was inevitable.

"Since that's the case, then we'll suppress them from all sides!"

With an idea in mind, the true spirit Lord called for an emergency meeting in the true spirit Hall.

Countless experts gathered in the Grand Square of the true spirit Hall.

On the high platform, the true spirit Lord descended.

"We welcome the spirit Lord!"

"Very good, all of you, get up!"

"Yes!"

Everyone stood up and looked at the high platform.

"Today is the day that our true spirit Hall will show off our might. The netherworld has gone too far. This time, I'm going to mobilize all the forces of the true spirit Hall to annihilate the netherworld and kill the Emperor of the dead!"

"Destroy the netherworld! Kill the Emperor of the dead!"

Countless experts roared in anger. The defeat of true spirit Hall in the netherworld had already infuriated them. This time, they were going to completely crush the netherworld and take back the core of the Three Realms.

"Boom boom boom!"

A huge spirit boat appeared in the void. The Lord true spirit released his power to guide the spirit boat closer, and everyone boarded it.

This time, the Army of millions of true spirit Hall soldiers was going to flatten the netherworld.

In the underworld, after leaving the forest of white frost, ye chen continued to search for su Yuhan's whereabouts.

However, after searching for several months, there was no result.

Even the power of the nether energy crystals was weakening. This was not good news.

Fellow Daoist ye, is this nether energy crystal reliable?" The old ancestor could not help but ask.

"Logically speaking, this is formed by the aura of the Lord of the Underworld and has a very close connection with Yuhan. However, I think the emperors of the underworld may have used some method to isolate this connection."

Ye chen said.

"If we continue to search like this, why don't we just capture the Emperor of the dead and ask him?" old ancestor yellow spring frowned slightly.

"Eh? Hahaha, you're right, forefather!"

Ye chen did not expect old ancestor yellow spring to wake him up with a single sentence. This kind of search was somewhat brainless and inefficient. It was better to go to the core of the netherworld to find out more.

"Let's go!"

"Hahaha, good. This old ancestor's hands are itching for a fight as well."

The three of them headed toward the core of the netherworld.

At the moment, a darkness hummingbird was leaving at full speed in the sky.

The Hall of the Dead.

"Aren't you going to take responsibility for the failure of our last mission, arch-Emperor?"

The snake Empress sat high up in the hall and said coldly.

"Snake Queen, ye Chen's strength is far above our expectations. He's now absorbing the power of the darkness pool and his strength has soared. It's not that easy to fight him directly."

"Are you afraid? When did a coward appear among the eighteen emperors of the netherworld, and one of the upper nine emperors at that!"

"This ..."

The arch-Emperor's heart trembled. The Snake Queen was a decisive person, unlike any other woman. If she found something to use against him, it would be very difficult to deal with.

"Hmph, hand over the command!"

"Alright!"

The arch-Emperor knew that the snake Empress had long since taken full control of the situation. His power was in name only, and he didn't mind handing over a formality.

He had handed over the emperor's seal!

"Everyone, from now on, listen to the snake Empress's arrangements!"

"Yes!"

The zombie Emperor, bone Emperor, and the other experts saluted.

"Snake Queen!"

The arch-Emperor bowed as well, and everyone became the Snake Queen's subordinates.

The bone Emperor and corpse Emperor both shook their heads.

This operation against ye chen and true spirit Palace had been a complete failure, causing them to lose all their pride. They must be unconvinced that they were led by a woman this time.

"Corpse Emperor, bone Emperor, wake up the other lower nine emperors. The true spirit Palace is about to arrive."

"Snake Queen, what is the meaning of this?"

Corpse Emperor and bone Emperor were confused, because many of the lower nine sovereigns were in deep sleep. This was a kind of cultivation, and if they were awakened in advance, it would reduce the results of their cultivation.

This would be a great loss to the awakened emperors, and it might even anger them. The two of them naturally didn't want to do such a job.

"What?"

All of a sudden, the Snake Queen's eyes blurred before they suddenly opened. The two of them felt a great shock from the depths of their souls, and they knelt down on the spot.

"You dare to question this Empress?"

"I don't dare, I don't dare!"

The bone Emperor and the corpse Emperor didn't dare to raise their heads.

"Remember, my words are the words of the upper nine emperors. Whoever dares to disobey will be killed without mercy!"

"Yes, yes!"

Everyone bowed in unison. This was a sign that the person behind him was establishing his own authority.

"Execute!"

"Yes!"

The bone Emperor and the corpse Emperor flew out and headed to the lower level of the underworld.

In the lower level of the netherworld, at the end of Hell.

The powerful Qi covered up all the truth. There was only fog and blood. Even the corpse Emperor and the bone Emperor felt a chill down their spines.

Corpse Emperor, bone Emperor, and blood Emperor were all lower level existences among the lower nine emperors. The so-called lower nine emperors were not all weak. Some of them were even stronger than the upper nine emperors.

At the end of the infernal realm, they were all in deep sleep. Once they woke up, the consequences would be unpredictable.

And the Snake Queen letting them do these things was obviously to avoid her own risks.

"Damn it, are we really going to do what that woman wants?"

Bone Emperor said unhappily.

"Al. There's nothing we can do. You haven't recovered from your injuries, and you're missing the corpse, the bone, and the blood emperors. There's no way we can fight the snake Empress. If even the arch-Emperor is willing to serve her, what else do we have to say?"

The zombie Emperor said.

"Sigh, the lower nine emperors are still existences that the upper nine emperors look down on!"

"That's not necessarily true. If we release him ..."

"No way, you're going to release the soul devour directly?"

"Why can't I?"

"This person is unreasonable and we can't afford to offend him. Moreover, he told us not to move before he went into seclusion. You're courting death!"

"Mm ..."

The bone Emperor's eyes turned cold and revealed a brutal look. Since the Snake Queen wanted to monopolize the power, she would play with her soul.

The two of them walked towards the depths of hell.

"Phew, phew, phew!"

p The strong wind was biting cold, and the aura was suppressing. The environment here was completely different from the outside.

The cries of resentful souls could be heard everywhere. If one was not a member of the nine emperors, their soul might even be destroyed and taken away.

"The aura here is so oppressive that even I feel intimidated. It seems like my soul-devouring ability has increased again."

"Hahaha, isn't that what we wanted to see?"

"I hope so!"

The two of them walked into the deepest part of hell, where an Ishii appeared.

The well was filled with the Qi of slaughter, death, and poison ...

The corpse Emperor and bone Emperor walked to the well.

"Dodge!"

"Alright!"

The zombie Emperor dodged, and the bone Emperor stepped forward and put his hands on Jing Shiyan's body.

"Momo, Momo, Momo ..."

The bone Emperor started to chant the spell, and the power of the spell entered the well.

"Phew, phew, phew!"

Suddenly, cold wind sounds kept coming from the well, and then, the smell of blood hit his face. Even the corpse Emperor, who had been with corpses for a long time, felt disgusted and uncomfortable.

"Hurry up and get out of the way!"

Bone Emperor shouted and the two of them retreated.

"Boom boom boom!"

[Chapter 1989 Blood Mist!](#)

"Boom boom boom!"

Suddenly, a rumbling sound came from the well. Then, countless bones broke and flesh split.

"Roar!"

A furious roar, accompanied by a furious emotion, soared into the sky.

"Phew, phew, phew!"

Immediately, the red mist covered the crescent moon and the power of darkness descended.

"This!"

The zombie Emperor was shocked and even terrified.

"Don't retreat. We have to hold on. Otherwise, it will only be more dangerous!"

"Al, good!"

The two of them stood in place and waited. This was one of his soul-devouring personalities. The weak would only increase his interest in killing. Only by resisting this pressure would the two of them have a chance of survival.

"Boom boom boom!"

Then, the entire well exploded. Rocks shattered, flesh and blood, bones and bones, and all kinds of disgusting things burst out of the well along with green liquid.

"Ah?"

The two sovereigns were shocked at the same time. In fact, balls of filth were directly sprinkled on their bodies. However, they did not dare to move and could only stand beside each other.

This was because once the ultimate killing intent was triggered, they would never be able to walk out of hell.

"Corpse Emperor, bone Emperor!"

Suddenly, a furious voice came from the red mist in the air.

"It wasn't our idea to devour the soul this time. This was the order of the snake Empress!"

Bone Emperor said.

"I don't care what bird or snake Empress you are. All of you, die!"

Soul-Devourer was indeed furious. He reached out his huge blood-red Claws and tried to grab the bone Emperor and the zombie Emperor.

"This!"

The corpse Emperor was shocked. The bone Emperor raised his eyebrows and sent out a palm attack.

"Boom boom boom!"

The bone Emperor palm print collided with the soul-sucking and soul-devouring claw.

Crack, crack, crack!

In an instant, the palm print shattered, and the sharp claws continued to approach.

"Soul-devouring, are you going to disobey the orders of the snake Empress?"

"Who Do You Think You Are? when I was cultivating, I told you not to disturb me. How dare you touch my dry well? you're courting death!"

"We're just following orders. This time, we have a good target for you to devour!"

"Don't try to deceive me. You're all dead. "

This 'soul-devouring' morning temper was really strong. He was still unforgiving when facing the two emperors and killed without end.

"Go!"

As the soul-devouring palm was launched again, countless poisonous insects and beasts rushed out of the red mist, aiming at the corpse Emperor and bone Emperor.

"You're too much. "

The bone Emperor was furious. It activated its power and unleashed countless bone chains.

Crack, crack, crack!

The ground cracked open and the mountain rocks shattered. The bone chains turned into an array that locked onto the poisonous insects and beasts.

"Hahaha! Bone Emperor, it's been a long time. Is this all you've got?"

"Laughable!"

Being ridiculed by his opponent, the bone Emperor's martial arts pride was triggered. The bone chain formation was enhanced continuously, trapping countless poisonous insects in it.

Buzz, buzz, buzz!"

Just when bone Emperor thought that he was in control of the situation, countless red balls suddenly floated out of the soul devouring gourd.

Crack, crack, crack!

These balls fell into the bone chain array and hit the poisonous insects and beasts. In an instant, they turned into countless red blood mist and seeped into the bodies of these poisonous insects and beasts.

"This is ..."

"Hahaha, I'll let you see something new!"

Soul Devourer said with a cold smile.

Then, after absorbing the power of the red ball, the poisonous insects and ferocious beasts went crazy.

"Roar!"

Beast roars filled the sky, and the void trembled.

Crack, crack, crack!

Then, the bone chains were bitten and crushed by the poisonous insects and beasts!

"Impossible!"

Bone Emperor was shocked. If his bone chain formation couldn't even deal with the poisonous insects and beasts released by soul-sucking and soul-devouring, then how strong was the true form in the red mist?

The zombie Emperor was scared out of his wits. The opponent in front of him was not someone they could deal with. Perhaps, waking him up was a mistake.

"Hahaha, it's my greatest pleasure to see your frightened faces. The 18 emperors of the underworld are all experts. Once you become weak, you will lose your qualifications as one of the 18 emperors, and I will have no problem killing you all, right?"

"You!"

Corpse Emperor and bone Emperor looked at each other. They knew that this was not a joke. This bastard was really capable of doing such a thing.

"Kill!"

At the same time, the zombie Emperor released corpse Mountain Blood sea.

"Boom boom boom!"

The sea of blood churned, and the mountain of corpses stood tall.

At the peak, the corpse Emperor was facing the soul-devouring.

"Devouring the soul and fighting the Emperor of the dead without permission, you are simply insane. Do you really think that the two of us are not as good as you?"

The zombie Emperor pulled himself together, hoping to make Soul Catcher yield with their pressure. However, they had underestimated Soul Catcher who had been in seclusion for hundreds of years.

"Hahaha, with just the two of you? Go to hell!"

Such an action aroused the killing intent of the bone Emperor and the corpse Emperor. Obviously, they were in a dangerous situation.

"Boom boom boom!"

At this moment, a violent tremor suddenly came from outside. The powerful force shook the nine Heavens and ten lands, and it was unfathomable.

"What?"

Sensing this power, the soul-devouring face revealed an excited expression.

"This is the taste of the strong. It's really delicious!"

Soul-devouring beast extended its nose into the void and sniffed continuously.

His nose was like a huge mouthpart, extremely bloody and strange.

"You two pieces of trash don't even have the right to be devoured by me, and the true experts have already descended into the netherworld!"

"You!"

Bone Emperor and corpse Emperor were furious, but they didn't dare to say anything. This was their only chance.

"Boom boom boom!"

With a huge tremor, Soul Reaper flew into the sky, leaving the two of them with lingering fear.

"This bastard, he actually attacked us!" Bone Emperor rebuked.

"Sigh, it's good enough that he's still alive. The shock just now was extremely strong. You've felt it too. This is ye chen!"

"That's right. This kind of shock is very familiar. It's definitely ye chen. "

"I didn't expect ye chen to be the one who saved our lives!"

"It's just a coincidence. Let's continue to wake the other emperors!"

"Alright!"

The two of them continued their operation.

At this moment, outside the Hall of the Dead, above the ring-shaped mountain range, ye chen and the other two descended.

"Fellow Daoist ye, such a tremor can definitely attract the arrival of an Emperor!"

The old ancestor said.

"Then let's wait!"

Ye chen and the other two sat cross-legged on the stone platform, waiting for their arrival.

"Phew, phew, phew!"

At this moment, the wind was blowing and the world was dark.

The entire cloud layer turned into the color of blood mist. The huge creature within it kept twisting its ugly body, like a pool of blood-colored dark slime.

He was constantly transforming into various forms in the sky, clearly adapting to the external environment.

"You're the one. Are you provoking me?"

A heavy voice rang out and reached ye Chen's ears.

"Oh? They came quickly!"

Ye chen opened his eyes and looked into the sky.

"That's me!"

"Hahaha, then just wait for me to tear you into pieces and chew you up!"

[Chapter 1990 1995-Cutting Off Evil With One Sword!](#)

Above the blood mist, a huge head appeared. It was like the head of an extremely huge octopus. Such a monster was actually one of the eighteen emperors of the underworld. It was shocking.

"Go!"

Soul Devourer roared in anger. Suddenly, countless blood-colored poisonous substances flew out of his mouth.

"Oh? There's something like this? interesting, let the old ancestor play with it!"

Seeing the poisonous fog, old ancestor yellow spring flew out with the sword of yellow spring in his hand.

"Sword Qi of the netherworld Suan ni hundred refining!"

The Qi of the netherworld rose in waves, and wild flames soared into the sky to refine hundreds of poisons!

Buzz, buzz, buzz!"

When the poisonous fog touched the sword Qi of netherworld, it turned into countless will-o'-the-wisps and filled the sky.

"Damn it!"

Seeing all the poisonous things he had spat out being destroyed and even absorbed by the sword Qi of the netherworld, soul-hooking and soul-devouring was furious.

"Before you die, state your name!"

"Hahaha! My real name is old ancestor yellow spring. Who the hell are you?"

"This Emperor will devour your soul and take your dog life today!"

"Hahaha, such a terrible name, go to hell!"

Old ancestor yellow spring laughed. The sword of River Styx created another gust of wind. Countless sword Qi turned into the power of death and rushed toward the core of the blood mist.

Boom, boom, boom!

Then, countless energy explosions spread out. Within the blood mist, there were loud rumbles, but the huge monster didn't make any sound. It was as if it hadn't been hurt at all.

"What?"

Old ancestor yellow spring was slightly moved and felt strange.

"Forefather, be careful!"

Ye chen reminded him.

When the great Grandmaster turned around, he saw countless bats flying toward him.

"Squeak, squeak, squeak ..."

These blood-colored bats had a thick smell of blood. They had sharp fangs and were bloodthirsty by nature.

"Hahaha, you want to use nuclear weapons against me with your level? what a joke!"

Soul-devouring devil laughed. He had absorbed all the sword Qi released by old ancestor yellow spring and even transformed into bloodthirsty bats.

"Slash!"

At this moment, the celestial Thearch sword spirit reappeared between ye Wushuang's brows. With a wave of his hand, the sword Qi burst out like a tidal wave and rushed toward the group of bloody bats.

Buzz, buzz, buzz!"

Due to the sword Qi, the bats 'bodies exploded one after another, turning into a bloody mist and returning to the void.

"Hahaha, you guys are interesting. Let me have some fun. I've been cultivating under the dry well for hundreds of years, and I'm a little bored. This time, I'm going to use you as sacrifices to my flag!"

Soul-Devourer revealed a cold smile. His body transformed and eight arms stretched out at the same time.

"Roar!"

The roars of the beasts continued, and the sky changed color. A bloody mist filled the air, and it was extremely terrifying.

Buzz, buzz, buzz!"

Then, blood gushed out of the eight huge hands like seawater toward ye chen and the other two.

"It's dangerous!"

Ye chen understood that the blood was highly toxic and he was the only one who could deal with it.

"Heaven devouring turtle!"

The true spirit nine transformations, evolved into the shadow of a Supreme giant beast, roaring to swallow the sky, and cleansing all things.

"Phew, phew, phew!"

The sky-devouring turtle had devoured all the blood, and the sky was clear.

"What?"

It was impossible for anyone to directly devour such a large amount of poisonous blood water. This was an act of courting death. However, what was going on in front of him? he was in a daze.

"Who are you? how dare you swallow my blood!"

"The person who will kill you!"

Ye chen responded coldly to the bewildered soul-devouring spell.

"Hahaha, very good!"

The soul-devouring beast's strongest killing intent was instantly aroused. Its eight arms reached out at the same time and grabbed ye chen.

"Slash, slash, slash!"

Three orders were issued, and the immortal flying knife turned into three shapes and flew out.

Buzz, buzz, buzz!"

In the sky, the immortal-slaying light was shining brightly, and the sound of cutting was constantly heard.

"Ah!"

Painful roars sounded, and the eight soul-devouring arms were cut off by the immortal Flying Dagger at the same time, turning into flesh and blood fragments that fell to the ground.

Buzz, buzz, buzz!"

These falling fragments were also highly toxic and could even corrode rocks.

"Die!"

This time, the soul Reaper was completely enraged. His reputation was about to be destroyed by ye chen. This was something he could not accept.

He had been in seclusion for hundreds of years, and the day he came out of seclusion, he should have been able to kill everyone. But now, his eight arms magical technique was easily broken.

"Three souls and seven physical forms, listen to my call!"

"Zi Zi Zi!"

All of a sudden, the soul-sucking and soul-devouring spell was activated, and the pieces of flesh and blood that had been cut into pieces turned into black mist one after another, soaring into the sky.

"Retreat!"

Ye Chen called out.

"Whoosh, whoosh, Whoosh!"

The great ancestor and Wushuang flashed back to Ye Chen's side.

"What is this?" The old ancestor asked.

"This person is extremely strange. This should be a double formation that targets both the mind and the body. All of you, retreat!"

"Alright!"

The two of them quickly retreated, leaving only Ye Chen to face the Soul Catcher.

"Trash, are you ready to die?"

"You idiots, I'm going to devour your souls! Die!"

In the face of Ye Chen's mockery, the soul-devouring technique completely lost control. He wanted to use all the energy he had accumulated over the past hundreds of years in closed-door cultivation to defeat the opponent before him.

However, he did not know that he was up against the former heavenly Emperor, Ye Chen.

"Nine Heavens rumbling Thunder palm!"

With a wave of Ye Chen's hand, nine streams of Dragon Qi were released at the same time. It was unstoppable like a Thunderbolt.

"Roar!"

The nine Dragons appeared at the same time, and the heavens and earth shook.

Boom, boom, boom!

The pieces of flesh and blood that tried to return to the blood mist were completely crushed by Ye Chen's thundering palm. This way, the soul-devouring formation would lack enough energy.

"How hateful!"

Soul-hooking and soul-devouring was furious. He sacrificed his own flesh and blood, vowing to complete the formation.

"Very bold, but unfortunately, it's still useless!"

Lotuses bloomed under Ye Chen's feet and golden light bloomed behind him. The posture of the heavenly Emperor was unrivaled!

"Zi Zi Zi!"

Stepping on the Lotus and ascending to the nine Heavens, with the celestial Thearch sword in hand, life and death were decided!

"The celestial Emperor ordered the sword to spin!"

"Whoosh, whoosh, Whoosh!"

The sword Qi was like a tornado, rushing toward him.

"Ah?"

The soul-devouring beast felt the destructive power contained in the sword Qi and was stunned on the spot.

"Impossible, impossible!"

As one of the eighteen emperors of the dead, how could he fall here?

"Go!"

The incomplete formation could only be hurriedly executed.

Buzz, buzz, buzz!"

The soul-hooking and soul-devouring turbid sky great array, blood mist filled the sky, like a giant mouth that devoured living people, trapped in it and unable to escape.

In the middle of the blood mist, ye chen stood alone without any fear.

"Is this your last bet? I'll grant you your wish!"

"The celestial Emperor has reversed the resplendent earth sword!"

Ye Chen's feet stomped on the ground, shaking the earth. He suddenly turned the tide and slashed, soaring straight into the nine Heavens.

"Swish!"

The sword Qi was extremely sharp and contained the rules of killing. It was the judgment of heaven and earth and no one could block it.

Buzz, buzz, buzz!"

Blood filled the sky, bones and flesh were everywhere, one sword cut through the chaos, one sword cut off the evil!

"Ah!"

Accompanied by a shrill roar, the soul-devouring giant body shattered in the air and turned into a rain of blood, corroding the earth.
