[Chapter 2001 The Might Of The Dark Thearch, Showing Off His Edge!](#)

Ye chen activated the dark Thearch's power to create a black hole in the void. The Asura 's' no man exists 'great divine ability was madly absorbed by the black hole and was rendered useless.

"This, this!"

Asura turned pale with fright. The person in front of him had already surpassed the imagination of ordinary people.

"Damn it!"

When domoro saw this, he roared in anger and countless arms stretched toward ye chen.

"Phew, phew, phew!"

These tentacles continued to spew out black mist in an attempt to disrupt ye Chen's vision.

However, ye chen did not move at all. Standing alone in the void, he descended upon the world with supreme majesty. No one could hide his edge.

"Phew, phew, phew!"

Behind the Dark Lord, the black hole grew larger. The source of darkness and the demon's heart each had absolute power. At this moment, they had all fused with the Dark Lord's body and ye chen had become the true Overlord of the underworld.

"Ah!"

With a cold shout, the endless netherworld energy in the surrounding environment automatically gathered violently toward the black hole released by ye chen.

"What?"

Watching ye chen absorb the surrounding netherworld energy at a speed that even surpassed the netherworld's three heavens, countless people of the netherworld were confused. Who was the netherworld innate?

"Back down!"

As soon as he said "back off," all the power he had absorbed was instantly reflected back.

"Boom boom boom!"

The black hole erupted with boundless destructive power that swept through the great wilderness and shook the world.

"Ah!"

Previously, domoro had wanted to use his hands to restrain ye chen but he was too naive. All his extended hands were destroyed by the backlash and dissipated into dust.

Boom, boom, boom!

The power was still pushing forward, and Asura and domoro were both in danger.

"How hateful!"

The two of them joined forces and released their netherworld energy to protect themselves.

Hundreds of thousands of netherworld Warriors were annihilated by the destructive force, leaving no trace behind.

Such power shocked everyone present.

Indra, Asura, and domoro all flew into the void and faced the unshakeable enemy together.

"This person is too abnormal. With such power, I'm afraid only the nether Lord can resist him!"

"Immediately execute the nether Lord's return plan!"

"But this is almost in violation of the Snake Queen's rules."

"We don't have time to care about this now. Let's just use su Yuhan's body and let the nether Lord return!"

"Alright!"

After three days of discussion, the three of them released the formation at the same time.

"Zi Zi Zi!"

The three netherworld connate beings transformed into three dark light balls and locked onto su Yuhan.

Then, the dark power enveloped su Yuhan, and the surrounding prison space was trapped in the Lord of the Underworld's innate demonic formation.

"Yuhan!"

Ye chen was furious. Such behavior was indeed in violation of the agreement he had with the snake Empress.

"This!"

Seeing this scene, the Snake Queen frowned slightly. However, the situation before her was no longer within her control, as the status of the three heavens of the netherworld was far above her.

"Snake Queen, why aren't you stalling ye chen?"

Indra said angrily.

"Yes!"

The Snake Queen obeyed the order and came in front of ye chen.

"Ye chen, I'm sorry."

The Snake Queen still felt that the current situation had violated their previous Alliance agreement.

"Rubbish!"

Ye Chen's heart was filled with anger. Thunder and fire burned the Prairie. How could he still be in the mood to listen to her apology? a murderous aura filled the sky.

"Kill!"

With a wave of his hand, the dark Thearch's power burst forth and he charged straight at the Snake Queen.

"Ah?"

This was the first time that the Snake Queen had felt this supreme power at such a close distance. Her heart trembled, and her mind was in shock.

"Venomous Python swallows the heavens!"

With a wave of the Snake Queen's sleeve, a sky snake venomous Python appeared behind her and breathed wildly.

"Phew, phew, phew!"

Countless poisonous fogs attacked ye chen but the ancient God Body was immune to all poisons and The Dark Emperor's body was even more unshakeable. Even if the poisonous fogs could corrode everything, they could not stop ye chen.

Thump, thump, thump!

With every step ye chen took, the earth trembled and the void trembled. He transformed into a thousand-foot-tall giant, a celestial demon in one body!

"Boom boom boom!"

The dark Thearch netherenergy instantly destroyed the sky Serpent venomous Python's various breaths.

"Ah!"

The Snake Queen's internal breath stagnated and blood spurted out.

"You're actually this powerful!"

The Snake Queen said as she clutched her chest.

"If you don't want to die, get lost!"

Ye chen said angrily.

"If I wasn't the underworld snake Empress, I would willingly follow you. However, fate makes a fool out of me!"

"Then die!"

Ye chen was furious. No one could stop him.

At this moment, the three heavens of the underworld was releasing high-level underworld energy in an attempt to completely awaken the consciousness of the underworld Lord.

"Ah!"

Su Yuhan let out a painful cry. Ye Chen felt as if a knife was being twisted in his heart.

"Ah!"

The dark Thearch's roar pierced through the heavens and earth.

Boom, boom, boom!

The Snake Queen's entire body burst out, and blood flowed out.

"Ah!"

Looking at the demonic-god-like figure in front of her, Snake Queen's heart was filled with mixed feelings, but she could not retreat.

"Blood sacrifice to the heavenly snake!"

The Snake Queen's blood splattered into the air as she transformed into a ten-thousand-foot heavenly snake that wrapped around Ye Chen's Dark Emperor body.

"Damn it!"

Ye Chen roared, and the void dark energy appeared behind him again.

"Phew, phew, phew!"

The powerful suction force caused the Snake Queen to lose control of her body. Even though she was ten thousand feet tall, there was no effect at all.

In the end, he could only move his entire body towards the black hole.

"Ye Chen, I'm sorry!"

At the end of her life, the Snake Queen apologized again.

Ye Chen's eyes were cold, but his heart was throbbing.

Thump, thump, thump!

The dark Thearch's body moved forward valiantly and was already not far away from the three heavens.

Just as it seemed like it was going to affect the three days of spellcasting, the emperors of the netherworld descended.

"Ye Chen, die!"

The leader was the Emperor of destruction and calamity of the upper nine emperors.

"Solar cosmic disaster!"

The calamity Emperor released the Supreme netherworld flame, triggering the solar catastrophe. In an instant, the entire space in front of ye chen was engulfed in dark solar flames.

"Phew, phew, phew!"

The raging flames burned and the world shook. They enveloped ye chen, trying to refine him completely.

"Get lost!"

Ye Chen's eyes released a cold demonic light. At this moment, The Dark Emperor's body was vigorous again. The black hole triggered the absolute domain. The surrounding temperature dropped instantly and the space froze.

Buzz, buzz, buzz!"

Very quickly, the solar cosmic disaster dissipated.

"Ah?"

The solar catastrophe that could refine a person at the great circle of the form synthesis stage on the spot was child's play to ye chen.

"This, this is too scary!"

Previously, he was still ferocious, but now that he had personally experienced ye Chen's terror, the calamity Emperor's body trembled and he retreated automatically.

"The upper nine emperors are no match for ye chen!"

"This kid has such power?!"

The devil World Dominator and the true spirit Lord were both shocked. Their faces were heavy. Today's situation had shown that they could no longer pose any threat to ye chen.

The demonic ship and the spirit ship retreated at the same time, not wanting to be affected by ye Chen's Dark Emperor's might.

"All sovereigns, stop ye chen at all costs!"

Indra gave the absolute order again.

Although many sovereigns were terrified, the orders of the netherworld were inviolable. They had no other choice.

"Kill!"

In an instant, the six emperors in front of him faced ye chen at the same time.

The six emperors unleashed their own great divine powers, hoping to rely on their foundations to suppress ye chen and stall for time!

"Die!"

Chapter 2002 The Dark Thearch's Battle For Three Days!

In the face of the six Emperor of the dead's power, the Dark Lord ye Chen's hands continued to form various complicated hand seals. Then, his six arms pointed to the sky.

Boom, boom, boom!

Countless palm prints were blasted into the sky by him, and the power of darkness shrouded the world.

"Darkness pool, split open!"

Zila, Zila, Zila!

Those palm prints actually produced Black Lightning between each other and formed a connection. The great array of darkness was activated.

The six underworld seals shook the heaven and earth, and the six emperors of the dead were trapped in the formation.

"You guys, stop him!"

"Attack!" Indra ordered loudly.

"Yes!"

The six emperors of the dead were determined to target ye chen.

"The six great seals of the Emperor of the dead!"

Facing the dark Thearch, the six of them did not hesitate and cooperated fully. They consolidated their strong foundation into the calamity Emperor and achieved unparalleled success.

"Hahaha!"

When the calamity Emperor obtained the power of the six of them, his netherworld energy soared to the sky, and he laughed wildly.

"Ye chen, die!"

Triggering the six paths seal, the calamity Emperor summoned the great sun catastrophe again.

"Phew, phew, phew!"

This time, six black Suns appeared in the sky and attacked ye chen from all sides.

"Zi Zi Zi!"

Each sun shot out death rays, trying to kill ye chen.

"Ah!"

The dark Thearch let out a furious roar and actually walked towards death.

Thump, thump, thump!

With every step he took, heaven and earth trembled and the sun and moon dimmed. At the same time, the power of the six palm prints from the darkness pool in the sky supplemented the dark Thearch's body.

"Zi Zi Zi!"

The death ray descended forcefully, heading straight for ye chen.

"Hahaha, ye chen, how dare you ignore our ultimate attack? it's only natural that you'll die!"

"This kid is crazy. He's actually facing the death ray. He's an idiot!"

"We have completed our mission perfectly. The return of the nether Lord this time is a great achievement for us!"

The six emperors of the dead laughed at the same time. They did not expect ye chen to be so conceited. He was simply stupid.

Before they could finish laughing, their faces instantly stiffened and froze.

"This, this!"

Under their shocked gazes, the dark Thearch strode forward. The death rays that struck the dark Thearch's body disappeared instantly!

"What's going on?"

The six emperors of the dead asked in shock at the same time.

"Your six great Dharma seals are nothing but a joke in front of the darkness pool!"

Ye Chen's body burst with the power of the darkness pool, completely devouring the death ray.

"I'll return it to you!"

Then, the dark Thearch's scales glowed and all the death rays returned.

"Ah?"

The six emperors of the dead almost fainted. This was a calamity-type death ray. Even if the six of them had a reasonable amount of power, they might not be able to resist it. Furthermore, they had already lost the opportunity to join forces.

"Zi Zi Zi!"

The six emperors of the dead could only face the full backlash of the death rays.

"Ah!"

The one who took the lead was naturally the calamity Emperor.

The death ray hit him, and his protective energy jar shattered in the air. He fell into despair.

"No!"

With a cry of unwillingness, the calamity Emperor's body was charred black. Following that, his body disintegrated into dust.

"What's this?"

The other five sovereigns were all stunned. At this moment, the beams of light shot toward them at the same time.

"Dodge!"

Fortunately, the calamity Emperor had given them space to Dodge, and they all released their movement divine arts to Dodge.

However, not everyone was so lucky. In the end, there were still three emperors who were affected and seriously injured!

"You ants, die!"

The dark Thearch's voice rang out, and the five sovereigns were shocked.

"What should I do?"

"Indra's orders can not be disobeyed!"

"But we can't fight against Emperor An. He's already a heavenly master!"

"Orders can not be disobeyed, go!"

In the face of death, there were still emperors who carried out Indra's orders and flew toward ye chen.

"Die!"

The dark Thearch's judgment triggered the six palm prints in the void to emit a deathly light at the same time. The power of darkness swept out and crushed the Emperor of the dead in the sky.

"Ah!"

The Emperor of the dead fell to the ground.

The remaining four kings did not dare to act rashly anymore. The person in front of them was not on the same level as them.

"Stop him!"

Yintuoluo ordered again. He was furious, and the four kings were shocked.

"This, this!"

They were already hesitating and didn't dare to move.

"Get lost!"

Ye chen waved his hand, and the four kings were sent flying at the same time.

Thump, thump, thump!

The dark Thearch walked toward the three heavens great array.

"How hateful!"

Indra attacked angrily. He activated his power behind ye chen, and masses of netherworld energy attacked ye chen.

"Break!"

Ye chen waved his hand, and his netherworld energy broke through in an instant. It was unstoppable.

"Yuhan!"

With a shout, ye chen threw out the celestial Thearch sword and the true immortal Flying Dagger, heading straight for the Emperor of the dead's three heavens.

"Whoosh, whoosh, Whoosh!"

The immortal slaying Flying Daggers spun rapidly and came for his life. The celestial Thearch sword rushed out and broke the formation.

"Heavenly Emperor command: resplendent earth sword reverse slash!"

The celestial Thearch sword was driven by ye Chen's divine consciousness and suddenly slashed.

"Boom boom boom!"

Heaven and earth shook, and the universe shattered!

The sword light pointed at the three heavens formation. At the moment of crisis, yintuoluo attacked again.

"Yintuoluo's furious Vajra palm print!"

"Boom boom boom!"

The giant palm print shook the celestial Thearch sword head-on. The sword light shattered, and the palm print dissipated!

However, this was the crucial moment for the nether Lord's return. If Indra attacked ye chen, it would inevitably lead to a lack of energy for the three heavens formation.

"Ah!"

With a shrill cry, su Yuhan saw that ye chen was right in front of her. Naturally, her consciousness refused to dissipate and she resisted the three heavens great formation.

As a result, there were internal and external attacks, and cracks appeared in the three heavens formation.

"Ah?"

Indra, Asura, and domoro were all shocked. If the nether Lord failed to return, they would be at a great disadvantage.

"Roar!"

At this moment, there was a sudden violent roar. In the void above, a giant python stretched out from the dark clouds.

"What? that's impossible!"

Yintuoluo turned pale with fright. He knew who the giant python was.

"Snake Queen, you actually dare to rebel?"

"Damn it!"

Domoro and Asura rebuked at the same time.

"I've been loyal to the netherworld. You didn't care about my life and even made me break my promise. The dark Thearch spared my life. I'll repay you today!"

It turned out that after being devoured by the darkness pool, the Snake Queen had thought that she would die. However, ye chen had let her know her feelings before she was devoured and thus spared her life. Now, it was time for her to repay her kindness.

"Roar!"

"Die!" The sky snake roared angrily, sweeping up the wind and clouds. Instantly, countless poisonous pythons charged toward the three heavens formation.

"You!"

The underworld Emperor and the other two were furious at the same time, and they wanted to kill the snake Empress.

"Your opponent is me!"

At that moment, the darkness pool appeared behind Dark Emperor ye chen. Everything around him entered the dark barrier.

"Since you want to die, we'll fulfill your wish!"

"Let's kill this brat together and let the nether Lord return!"

"Alright!"

The Emperor of the dead had made up his mind for three days. He would ignore the great formation and target ye chen at the same time.

"Fellow Daoist ye!"

Facing three connate emperors of the dead at the itinerant immortal stage at the same time, such a battle would definitely be extremely unbalanced in the eyes of ordinary people.

"Don't come over!"

Ye chen shouted coldly, and the great ancestor and Wushuang stepped back.

"Indra Vajra palm print!"

"Asura blood refining the Three Realms!"

"Domoro's eight arms Divine Art!"

The three great connate cultivators launched their great divine powers at the same time, targeting ye chen at the same time. Death was right in front of them!

[Chapter 2003 Dark Lord And Underworld King!](#)

"Three days at the same time, ye chen will definitely die!"

"It's laughable that this kid is so arrogant. "

"The Emperor of the dead's three heavens are all itinerant Immortals. Even if they spend some effort on the three heavens formation, they're definitely not something a mere form synthesis stage cultivator can resist!"

The remaining Four Emperors of the underworld kept boasting about their three-day might, thinking that ye chen would definitely die.

"Roar, roar, roar!"

At the same time, the netherworld Army roared and cheered for the Emperor of the dead for three days, waiting for ye Chen's destruction.

Even an itinerant immortal would be annihilated in an instant if he unleashed such power in three days. However, ye Chen's eyes widened. The reverse scales on his body glowed with a dark light and the origin of darkness behind him roared endlessly.

"The dark Thearch is extremely dark!"

Ye Chen's eyes instantly turned into a bottomless abyss. Six dark arms lifted the huge black hole and shot into the sky!

Zila, Zila, Zila!

The black Lightning flickered around the black hole, and everything around it was destroyed.

The power of the three connate cultivators clashed with the ball of light, and the two sides were in a stalemate.

Boom, boom, boom!

The surrounding space was constantly shattering. In the heavens and earth, only the dark Thearch stood alone. His six arms held up the extreme darkness as he resisted the Emperor of the dead's three heavens radiance!

Zila, Zila, Zila!

Ye Chen's entire body flickered with destructive lightning. His scales kept falling off and blood oozed out. He was fighting against three great itinerant Immortals as a unity stage cultivator. This was simply unprecedented and unprecedented.

The darkness pool was the creation of the heavens and earth, the essence of the netherworld. Using the foundation of a body integration stage to extract it now was akin to suicide in the eyes of ordinary people.

Even so, ye chen was under great pressure. All the bones in his body were almost shattered.

"Ah!"

With a furious roar, ye chen activated the ancient God's might. The ancient God Power flowed through the meridians in his body. His bones, which had been unable to support him before, were now as hard as diamond, indestructible.

Buzz, buzz, buzz!"

The dark Thearch's thousand-foot body stood up again. With the blessing of the ancient gods, he broke through all techniques with his strength!

Zila, Zila, Zila!

The dark lightning flashed with an even more dazzling light. At this moment, the three innate divine abilities were forcibly absorbed by the extreme darkness.

"What?"

The three upper Sky Realm Warriors were completely stunned as they watched their power being slowly swallowed by the dark light ball.

"We're the three great itinerant Immortals. How can a body integration stage cultivator like you fight against us?"

"I don't believe it! This is an illusion!"

"It must be an illusion. Who Do You Think You Are? how dare you treat us like this?"

The Emperor of the dead's three heavens, the three strongest people under the Lord of the Dead, were now roaring at ye chen. How unwilling were they!

Zila, Zila, Zila!

As the power of darkness devoured everything, the power of the three days completely dissipated!

"You ants dare to stop me from moving forward. This is a lesson!"

"I am the king of the netherworld. Why are you not kneeling?"

"What?"

The Emperor of the dead was already extremely shocked when his power was absorbed by the extreme darkness for three days. At this moment, ye chen called himself the king of the underworld and asked them to kneel. What did this mean?

The three of them were furious. They were itinerant Immortals after all. How could they bow down to a unity stage human?

However, at this moment, a blood-red vertical eye appeared between ye Chen's brows. It was like the abyss in the deepest part of hell and could devour any spirit!

"This, this is ... The Demon's Eye!"

Yintuoluo and the other two kept shaking as if they had seen the Supreme ruler. Their legs were weak, and they could barely stand.

"I'm the Dark Lord and the nether King. Why aren't you kneeling?"

Ye Chen's voice shook the nine Heavens and ten lands, rushing straight to the heaven, earth, and yellow Springs. After three days, he was finally unable to resist the Supreme majesty of the Demon's Eye and knelt on the spot.

"Hades above, we bow in admiration!"

The three heavens of the Emperor of the dead had actually knelt before ye chen, willingly submitting to him. This scene was heaven-shaking and earth-shattering, unprecedented in history!

"What is this?"

The eyes of the true spirit Lord and the Lord of the demonic realm almost popped out. They could not believe that ye chen could do this.

"How should you be punished for opposing Yama and looking down on the Demon's Eye?"

"Ah? This, this!"

Three days crawled toward ye chen like an ant, kowtowing and admitting his mistakes.

"We have eyes but failed to recognize Mount Tai. Please forgive us, nether King!"

"We are willing to work like cows and horses for the nether King. The entire netherworld will submit to the nether King!"

"The nether King is the Lord of the netherworld!"

He didn't dare to raise his head for three days, his heart trembling.

At this moment, the snake had broken the enchantment and rescued su Yuhan.

However, the energy in su Yuhan's body was extremely unstable, and the consciousness of the Lord of The Dark World was still eroding her spirit.

"Immediately remove the effects of the three heavens formation!"

"Yes, yes!"

Three days quickly got up and worked together to break the power of the three-day great array on su Yuhan.

Although the formation's influence had been lifted, the shadow of the Lord of the Underworld had appeared on su Yuhan's body.

"Ye chen, you want to use the Demon's Eye to seize the authority of the underworld but it's useless. I'm going to devour su Yuhan and make you regret it for the rest of your life!"

The nether Lord's consciousness continued to roar.

"Three heavens of the Emperor of the dead, you actually dare to betray me, the Lord of the Dead. You deserve death!"

"Lord of the Underworld, the Demon's Eye is the highest authority in the underworld. Even you can't disobey it!"

"That's right, Lord of The Dark World. It's the truth for us to kneel before the Demon's Eye!"

"You'd better give up on su Yuhan's body. Otherwise, you'll be humiliated by the wrath of the nether King!"

At this moment, three heavens only submitted to the nether King and angrily rebuked the nether Lord.

"Everyone, bow down to the nether King!"

"Yes!"

The netherworld Army and countless netherworld soldiers and experts all knelt down to pay their respects to the Dark Lord and nether King.

"Get up!"

"Yes!"

Everyone stood up and stood behind the nether King. The netherworld had already changed its master.

"You all deserve to die!"

Su Yuhan flew up into the sky, and the huge shadow of the Lord of the Underworld appeared behind her. She waved her slender fingers, and tornadoes of the underworld rushed toward her.

"Ah?"

Such power intimidated everyone in the netherworld, and they all retreated.

"Don't even think about controlling the rain Harmonizer!"

Ye chen was furious. The Demon's Eye between his brows glowed again. Suddenly, the shadow of the underworld God appeared and the power of the underworld realm erupted.

"Ah?"

Facing the power of the god of the underworld, even the Lord of the Underworld couldn't resist it and instantly fell into a state of losing control.

However, su Yuhan was also in great pain, and her eyes were bleeding.

"Yuhan!"

"Hahaha, ye chen, I'm going to kill su Yuhan and make you regret it for the rest of your life!"

"Don't you dare!"

Ye chen was furious. The darkness pool behind him exuded an unstoppable power of destruction.

"It's useless no matter how strong you are. I'm going to kill her. Hahaha!"

"If you disobey the dark Thearch and the nether King, you will die without a burial place!"

The Demon's Eye between ye Chen's brows emitted the light of the god of the underworld, which directly enveloped su Yuhan's body.

"Ah, what do you want to do?"

Suddenly, the nether Lord shouted, as if he was extremely frightened.

"Die!"

Ye chen growled. The light of the underworld forcefully locked onto the primordial Spirit of the Lord of the Underworld. At the same time, the darkness pool behind him released a boundless suction force, and the primordial Spirit of the Lord of the Underworld was forcibly pulled out of su Yuhan's body.

"No!"

The Lord of The Dark World let out a painful howl, but it was useless. He was unable to resist the power of the darkness pool and the Demon's Eye.

"Die!"

The nether King's judgment, the dark Thearch's slaughter!

[Chapter 2004 2009-Total Annihilation!](#)

Zila, Zila, Zila!

As a bolt of lightning that could destroy one's spirit bloomed in the void, the nether Lord's primordial spirit fell into a final desperate situation.

"Ah!"

No matter how much the Lord of The Dark World struggled, he could not escape the judgment of the Demon's Eye.

Crack, crack, crack!

Spiritual destruction, dissipating the void!

"Ah ..."

Upon seeing this scene, the remaining underworld emperors in the three heavens of the underworld all bowed their heads in submission.

"Yuhan!"

The nether Lord's spirit was shattered, and su Yuhan fell from the sky.

"Whoosh!"

Ye chen flew over and held her delicate body with both hands, landing steadily with her.

"Yuhan!"

He gently called su Yuhan's name, but she was in a coma because of the previous mental shock.

"Wushuang, take care of her!"

"Yes!"

Ye Wushuang brought su Yuhan back to the rear while ye chen stood alone in the void, facing the true spirit Lord, the ruler of the demonic realm.

"Why aren't you all getting out of the netherworld?"

"Hahaha, ye chen, I didn't expect you to be able to make the three heavens of the netherworld submit to you. However, you have no right to order me around!"

The true spirit Lord said with a cold smile.

"Ye chen, hand over the Three Realms 'core. Otherwise, the netherworld will be destroyed and you'll die too!"

The mission of the devil World Dominator this time was the core of the Three Realms. As long as he got it, he would be able to get support from the upper realm. The opportunity for the rise of the devil World was in front of him, how could he let it go?

"You trash, you actually dare to boast shamelessly!"

Ye chen was furious. He did not expect that the nether Lord's destruction would not make these two greedy wolves realize the danger.

"Kill!"

With a furious roar, the darkness pool in the sky released its power again. Two dark light pillars shot toward the true spirit Lord and the ruler of the devil World.

"Damn it!"

The two loose Immortals were also furious. They released their divine weapons at the same time to resist the two light beams.

"Boom boom boom!"

Under the suppression of the light pillar, the true spirit Lord was forced to retreat a thousand feet.

Crack, crack, crack!

On the ground, countless flying stones were constantly stirred up, and the true spirit Lord's body almost fell to the ground. This kind of vigorous power was beyond his imagination.

The devil World Dominator wasn't any better off. He was suppressed by the dark light pillar from above. His feet were three feet deep in the ground, but he still couldn't resist.

The two of them looked at each other. Their previous grudges had disappeared. Their common enemy was ye chen and their common goal was the core of the Three Realms.

"Devil World Great Seal, kill!"

"Thunderstorm Cloud Palm!"

The two of them released the powers they had obtained from their respective upper worlds at the same time, hoping to kill ye chen in one blow. However, they were still too naive.

Even the nether Lord had failed. They had no chance of success.

"Evil demon Eye!"

Ye chen was getting impatient. He activated the Demon's Eye and the apparition of the underworld appeared again.

The might of the god of the underworld shook the void and the eye between his brows released destructive lightning that instantly swept the entire scene.

"Ah!"

Countless screams rang out as countless people on the demonic and spirit boats died.

At the same time, the destructive lightning was more than ten times stronger than the previous dark light pillar. The true spirit Lord and the ruler of the devil World couldn't bear it at all and spurted blood on the spot.

"Pfft!"

The two of them were hunched, their legs were trembling, and their meridians were flowing in reverse. Their cultivation was almost crippled.

"No, that's impossible!"

The two of them still could not believe the truth before their eyes. They thought that they could defeat ye chen by relying on the two of them to work together and use the upper realm's mystical power. However, ye chen had already mastered the darkness pool and the Demon's Eye. He had achieved the body of the Dark Lord and the nether King. How could they possibly shake him?

"The mighty nether King! The mighty nether King!"

Seeing this, countless netherworld Warriors roared. Ye Chen's might had shocked the entire scene.

The true spirit Lord and the ruler of the devil World looked at the void. They were waiting for the support of the upper realm, but the void above them was indeed very empty. There was no sign of support at all. As a result, the two of them fell into despair.

"Impossible, where are the reinforcements from the celestial realm?"

"Where are the reinforcements from the magic martial arts world?"

The two of them roared at the void, and their miserable cries shook the firmament. However, they didn't see anyone from the two worlds descending.

"Could it be that we have been deceived?"

The two of them looked at each other with pained expressions.

"Puny ant, you dare to challenge the dark Thearch's authority? you will die for sure!"

At that moment, ye chen raised a ball of dark nether energy high up in the air. Instantly, the nether energy transformed into a vortex and opened the gates of hell.

"The gates of hell devour all things!"

Ye chen suddenly threw out the ball of dark nether energy. The gate of hell hung above the two of them.

"No!"

"Ah!"

The two of them were instantly locked down by the gate of hell, and they were constantly suspended in the void.

"Ah?"

The cultivators on the demonic ship and the spirit ship were all shocked and terrified. They had never thought that a person in the form synthesis stage could really kill Immortals!

Once upon a time, individual Immortals were the strongest existences on this plane. They looked up to the sky, and everyone looked up to them. But at this moment, the dark Thearch and the underworld King, who were only at the unity realm, had killed two individual Immortals with one move. How mighty and invincible was this!

"Ah!"

The last scream disappeared in the void. The true spirit Lord and the ruler of the devil World had disappeared without a trace. They were swallowed by the gate of hell, leaving no bones behind.

"Get out of the netherworld, or I'll kill you all!"

Ye chen shouted at the millions of soldiers on the spirit and devil ships.

"Yes, yes, I will obey the nether King's orders!"

Everyone knelt on the ground and paid their respects to ye chen. Then, they quickly steered the devil Ship and left the underworld. They did not dare to stay for even a moment.

In the spiritual realm, the Army of the demonic realm left, and the netherworld returned to its peaceful state.

"Congratulations to the nether King on your Ascension. We will represent the netherworld and regard the nether King as the Lord of the netherworld for three days. We will worship you forever!"

Three heavens bowed once more.

"No need to be so polite. Do you have any elixirs in the netherworld that can help Yuhan recover?" Ye chen asked.

"The Dark Lord's treasure vault is located in the dark Lord's cultivation ground a long time ago. There might be some inside." Yintuoluo stepped forward and said.

"Very good, take me there immediately!"

"Yes!"

Yintuoluo personally led ye chen to the nether Lord's Treasury.

At the back of the Hall of the Dead, they walked through a long corridor and entered an underground abyss. A Mountain Gate appeared. Above the gate were the words "Xuanji's Treasury" written in gold.

"Lord nether King, this is the place!"

"Alright!"

Ye chen stepped forward. Indra released netherworld energy and activated the formation. Then, the door slowly opened.

Everyone entered to search for elixirs.

In the end, yintuoluo gave him a Blue Dream pill.

"Lord nether King, this pill is used to remove the nether Lord's mind control."

"Hand it over!"

Ye chen extended his hand and the medicinal pill instantly flew into his hand.

He quickly came to su Yuhan and made her take the elixir.

After about two hours, su Yuhan finally opened her eyes.

"Yuhan!"

Seeing that his wife had finally broken free from the nether Lord's control and opened her own eyes, ye chen was extremely excited.

"Ye chen!"

Su Yuhan, a strong woman, finally fell into ye Chen's arms with tears in her eyes.

[Chapter 2005 Taking The Core Of The Three Realms!](#)

Su Yuhan had officially returned. Ye chen used the Demon's Eye to examine su Yuhan's body again. After a comprehensive examination, he confirmed that the influence of the nether Lord had completely disappeared. This incident with the nether Lord was finally over.

"Congratulations, Lord nether King, for winning back your beautiful wife. We congratulate you!"

The netherworld realm's three Heavenly Kings saluted at the same time and said with a smile.

"Thank you, everyone!"

Ye chen nodded slightly.

Seeing this, su Yuhan was a little confused.

"Ye chen, what's going on? why are they ..."

"Yuhan, you lost your memories because of the nether Lord's mind control. This is what happened ..."

Ye chen told su Yuhan everything that had happened.

"So that's how it is. My husband is indeed a sovereign of the world!"

"Yuhan, since you've returned, I hope you can return to Earth and see your family."

"What about you?"

When ye chen heard this question, his brows furrowed slightly. He knew that although the nether Lord, true spirit Lord, and the ruler of the demon world had been wiped out this time, from the reactions of the true spirit Lord and the ruler of the demon world before their deaths, it was obvious that they had contacted their respective upper realms and even reached some kind of agreement. However, the people from the upper realms did not appear.

However, the potential threat was already there, and even the underworld's upper realm, the underworld divine realm, could make a comeback at any time. If these threats were not eliminated, their family would not be able to rest in peace.

"You can go back first. I have a lot of things to deal with here."

"Alright, be careful!"

"No problem!"

Ye chen sent su Yuhan three thousand feet through the netherworld. Then, he returned to the lower realm of earth through the Spirit realm.

Three thousand Zhang away from the yellow spring.

"I didn't expect that the 30000-meter yellow spring sect would be annihilated. Not a single disciple of yellow spring sect was left alive!"

The old ancestor was filled with sorrow when he saw the miserable scene of yellow spring sect.

"Old ancestor, don't be sad. It's not difficult to revive yellow spring sect."

"Many thanks, fellow Daoist ye. The 30,000 feet of yellow spring is the entrance to the underworld. If the other realms want to invade, this is the outpost. I think we should just rebuild yellow spring sect and use it as a barrier for the underworld. "

"That's a good idea, but if you encounter any accidents, you must inform me immediately. Don't be reckless!"

"Hahaha, of course. I'm going to take in 72 concubines. How can I die Here?"

"The patriarch's thoughts are indeed unpredictable!"

Ye chen was speechless. Then, he asked Wushuang and a few netherworld's Mahayana-stage powerhouses to stay and help the old ancestor revive the yellow spring sect. After that, he took the netherworld back to the netherworld in three days.

He returned to the netherworld Palace. At this moment, the palace had changed from the previous netherworld main palace to the netherworld King Palace.

Ye chen ascended the throne, and the people below bowed.

"Does Indra really exist in the core of the Three Realms?"

Since he had entered the true spirit Palace, the true spirit Lord had been searching for the core of the Three Realms, which was why the events that had happened later had happened. Now that the matter had been settled, ye chen naturally wanted to get to the bottom of it.

"Reporting to the nether King, the core of the Three Realms does exist. It is said that the nether Lord has hidden it in the ancestral peak. Although we are the three heavens of the netherworld, we can not see it directly."

Indra said.

"This item was created by the Dark Lord, the true spirit Lord, and the devil world's ruler. It contains the power of the Three Realms. It's said that the most talented person can merge the magical powers of the Three Realms with this item and reach the Supreme realm!"

Domoro added.

"There really is such a thing!"

Ye chen thought to himself. If he obtained the core of the Three Realms, he could rely on his body's Pandora demon ability, netherworld energy, and psionic energy to fuse the Three Realms mystical power without a problem. He might even be able to break through to the Mahayana realm in one go. This was a good deal.

"Alright. All of you shall follow me to ancestor peak and search for the core of the Three Realms."

"Yes!"

The three heavens bowed in response at the same time. Three itinerant Immortals were actually so submissive to a body integration stage cultivator; this was simply a miracle!

The ancestral peak had been reduced to ruins after the battle.

Today, the nether King had descended and accompanied them for three days.

Looking at the dilapidated environment around him, ye chen waved his hand and a cloud of dark energy swept across the entire area. The fallen mountains and buried valleys from before reappeared.

"Boom boom boom!"

Countless rocks flew out and shook the void. A path appeared in the center of the mountain range. It was the path that ancestor peak had taken.

Ye Chen's group of four walked up and re-entered the ancestral peak.

After passing through the place where the Demon's Eye was stored, ye chen continued to move forward and finally entered the secret cave in the deepest part of ancestral peak.

In this secret cave, the aura of countless nether Lords emerged. This was the place where the nether Lord used to cultivate in the past.

As he walked on this piece of land, ye chen scanned his surroundings but did not find anything special.

"Strange, there's no aura of the core of the Three Realms here?"

"That's impossible. This is the most mysterious place of the nether Lord. If he wanted to hide, This Must Be the Place."

"Then where is it?"

Indra, Asura, and domoro kept searching, but they still didn't find anything.

"All of you, stand down!"

"Yes!"

The three of them retreated. Ye chen stood in front and activated the Demon's Eye.

"Zi Zi Zi!"

The demon opened his eyes and infused the power of the underworld into his eyes. Instantly, the surrounding space changed!

In ye Chen's eyes, there was actually another paradise here.

"Zi Zi Zi!"

Suddenly, ye Chen's figure disappeared in the air.

"This ... Where's Lord nether King?"

"Why did he suddenly disappear?"

The three of them were shocked, but no matter how hard they searched, they couldn't find the nether King.

At this moment, ye chen had already entered the hidden space of the secret cave.

In this space, the surroundings were chaotic and isolated from any aura of heaven and earth. This was the place where the nether Lord placed his treasures.

Ye chen was overjoyed to see all kinds of natural treasures in front of him, which were a hundred times more precious than the ones in the dark Lord's Treasury.

"This old man actually placed so many treasures here. If I devour the cultivation items inside, it will be too easy for me to break through to the Mahayana realm."

Ye Chen's hand reached out and in an instant, all kinds of natural treasures were swept up.

"Zi Zi Zi!"

Then, above his head, the darkness pool once again bloomed with power, and a giant python stretched out.

"Roar!"

The heavenly Serpent Python opened its mouth and swallowed, swallowing countless treasures.

This giant python was none other than the snake Empress.

The Snake Queen had been swallowed by the darkness pool and had become a part of it. She was now ye Chen's slave.

"Master, I didn't expect the nether Lord to have left behind so many treasures!"

"Ha, it's just nice to nourish your body."

"Many thanks, master."

The giant python transformed into its snake form and revealed a charming smile.

"Let's go back!"

"Yes!"

The heavenly Serpent returned to the darkness pool while ye chen continued to search for the core of the Three Realms.

The Demon's Eye opened up the real world. At the same time, ye chen circulated his psionic energy, Pandora's ability, and netherworld energy. Suddenly, the core of the Three Realms had nowhere to hide.

"Zi Zi Zi!"

With the reflection of the light, ye chen finally found the place where the treasure was hidden.

The stone platform in front of him shattered, and a three-colored ball of light appeared in front of him.

"So it's like this, then it's mine!"

Ye chen extended his hand and grabbed at the core of the Three Realms.

"Boom boom boom!"

Suddenly, the earth trembled and space shattered. Endless power erupted from the core of the Three Realms and suppressed ye chen!

[Chapter 2006 Core Weapon Spirit!](#)

Ye chen could clearly sense that this energy was of three attributes-netherenergy, Pandora demon ability, and psionic ability.

"It really is the core of the Three Realms!"

After confirming the location of the treasure, ye chen focused his attention and locked onto the position of the core of the Three Realms.

"Slash!"

The hand blade rose and then suddenly fell. The world shook and the boulders shattered. The core of the Three Realms finally appeared.

"Zi Zi Zi!"

The core of the Three Realms was above the void, like a Supreme Lord, looking down at the people below.

"The core of the Three Realms. I've now fused with the three great powers of the netherworld, the devil realm, and the spiritual realm. Are you still not going to submit?"

"Zi Zi Zi!"

In the face of ye Chen's surrender, the core of the Three Realms ignored him and released death rays to attack ye chen.

The core of the Three Realms was forged from the energy of the three great rulers. It had absorbed the light of the sun, moon, and heaven, and had already become sentient.

Ye chen could see that inside the core, a ball of divine light was brewing.

"You want to control my power? dream on!"

"Hahaha, no matter how much you struggle, it's useless!"

Ye chen locked onto the spirit light in the core of the Three Realms. That was where the artifact Spirit of the core of the Three Realms was.

"Kill!"

The hand blade struck again and a figure flew out. It was ye Chen's avatar.

His incarnation transformed into a stream of light, entering the core of the Three Realms.

"What?"

Inside the core, there was a whole new world. At this moment, the artifact Spirit was sitting cross-legged in the air, controlling three forces to fight against ye chen.

He suddenly sensed that someone had invaded this alternate dimension and immediately became cautious.

"Who is it?"

"Ha, that's me!"

Ye chen appeared and locked his eyes on the artifact Spirit. It was actually a teenager. He looked very silly but ye chen could see killing intent in his cold eyes.

"Core of the Three Realms, your only choice is to submit to me!"

"What a joke. I've been cultivating here for hundreds of years. Do I have to listen to your orders? Die!"

Naturally, the core of the Three Realms would not give in. They activated the power of the alternate dimension and attacked ye chen.

"You really don't know what's good for you!"

Seeing that the core of the Three Realms had no intention of cooperating, ye chen was furious. His eyes released electric light and attacked the core.

Zila, Zila, Zila!

The lightning wrapped around the core weapon spirit, trying to force him to submit.

"Ah!"

With a furious roar, the artifact Spirit burst out with three bursts of power, which was the power of the Three Realms.

Entangled by the power of the Three Realms, ye chen stopped in his tracks for a moment. The artifact Spirit at the core of the Three Realms took the opportunity to disappear into the void.

"What?"

Ye chen was extremely displeased when he sensed the artifact Spirit's escape.

"Zi Zi Zi!"

He opened his immortal Demon Eye in an instant, and all kinds of energy forms in the surrounding space instantly entered his eyes.

"Still trying to escape?"

Ye chen locked onto the position of the core Artifact Spirit. Then, he condensed Qi with his sword fingers and suddenly shot it out.

"Whoosh!"

The sword Qi shot straight for the core Artifact Spirit, which shocked the artifact Spirit.

"He can actually see my position, impossible!"

Even though he didn't believe it, he had no other choice.

"Ye chen, you want to kill us all?"

"I'm going to be the master of the Three Realms. This is the time for you to be useful. You really shouldn't resist me."

"What a joke. I've been cultivating for thousands of years, and I don't know that someone like you exists. Don't try to bewitch me."

"What a pity!"

Since the weapon spirit didn't want to submit, then the only way was to kill the weapon spirit, take the core by force, and then cultivate a new weapon spirit.

"What?"

The artifact Spirit's senses were sharp in this environment and immediately realized ye Chen's killing intent.

"You want to kill me? what a joke!"

"Then let's try!"

The two of them did not give way to each other and attacked.

"Nine Heavens lightning strike!"

Ye chen directed the divine lightning of tribulation, which transformed into sharp swords and slashed toward the core of the Three Realms.

"Ah!"

The weapon spirit let out a furious roar, causing a huge change in space.

"Boom boom boom!"

In the surrounding space, countless magical beasts, nether beasts, and spirit beasts appeared and attacked ye chen at the same time.

"Oh?"

Seeing such a spectacular scene, he was even more determined to obtain the core of the Three Realms.

Ye chen was now combining the strengths of the three clans. The core of the Three Realms was the best choice to reconcile these three forces. There was no way he would let him go.

"Furious spacetime roar!"

In the face of so many beasts' attacks, ye chen unleashed the spacetime rage.

"Roar!"

With that roar, the whole world became quiet, because all the wild beasts were swept into a new space by the roar.

Seeing that his first divine ability had failed, the artifact Spirit's heart trembled. After all, he already knew about ye Chen's shocking feat of defeating the underworld for three days.

"Spatial tear!"

The core of the Three Realms immediately unleashed an extremely powerful divine ability to tear through space.

Buzz, buzz, buzz!"

The entire inner space of the core began to collapse. Ye Chen was also caught up in it and could not extricate himself.

"Hmph, you don't know what's good for you!"

Ye Chen shouted angrily. The darkness pool transformed into countless scales that protected ye Chen's body.

"Don't even think about escaping!"

Ye Chen strode forward. Even if he encountered a spatial tear, he could rely on the power of the darkness pool to move unimpeded.

"Ah?"

The core Artifact Spirit turned pale with fright. It did not expect ye Chen to be so arrogant in its space.

"Kill!"

The artifact Spirit launched its ultimate attack. In an instant, three rays of sword Qi flew through the air, locking onto ye Chen's vital points, wanting to kill him in one blow.

"Whoosh, whoosh, Whoosh!"

Ye Chen closed his eyes and sensed the location of the sword Qi. All this information entered his spiritual eye.

Buzz, buzz, buzz!"

With a wave of his sword fingers, the Dragon Qi roared, subduing dragons and tigers, and instantly restrained the three sword Qi.

"Zi Zi Zi!"

The three rays of sword Qi stopped in ye Chen's hand. Then, ye Chen flicked his finger.

"Whoosh, whoosh, Whoosh!"

Three streaks of sword Qi actually backfired and attacked the core Artifact Spirit.

"This!"

The artifact Spirit was once again shocked. Even in its own home ground, ye chen was still so invincible.

"Damn it!"

In its rage, the artifact Spirit activated an even more powerful divine ability.

"Three elements return to one, wheel of heavenly Dao!"

"Zi Zi Zi!"

Above the weapon Spirit's head, the wheel of heavenly Dao appeared. The power of the three elements fused into it and spun continuously, as if it had endless power.

Then, many runes appeared on the ground. These runes were cast by the three forces.

Ye chen realized that he had fallen into a trapping array. It was the three primordial regression array.

"Haha, you think you can stop me, ye chen, with such a formation? What a joke!"

Ye chen sneered as he faced the primordial formation. The eight gates divine disc reappeared in his hand.

"Zi Zi Zi!"

With the descent of the divine disc, golden light flickered between heaven and earth, as if the stars were shining brightly in the world.

The divine disc operated and the information of the formation entered the divine disc. In the blink of an eye, the result appeared before ye Chen's eyes.

"The core of the formation is here. Go!"

After finding the core of the formation, ye chen pointed with his sword finger. Suddenly, a powerful sword Qi shot straight for the vital point.

Crack, crack, crack!

As the sword Qi attacked, the entire formation collapsed.

"Where do you think you're going!"

[Chapter 2007 Subduing The Core!](#)

Seeing that the core Artifact Spirit was trying to escape in this space, ye Chen's figure soared into the sky.

"Nine Heavens rushing Thunder hand, tadpole breaking!"

Two giant hands appeared behind ye chen. The hands were wrapped with the power of all kinds of divine Thunder. Combined with the destructive power of the darkness pool, they shook violently and shattered the alien space before them.

Crack, crack, crack!

As the alternate dimension shattered, the core weapon spirit finally appeared in the outside world.

"Ye chen, how dare you treat me like this? you're courting death!"

"Ha, stop struggling. Kid, surrender to me immediately!"

"Die!"

The core Artifact Spirit was already prepared for a life-and-death battle, and it had no intention of submitting.

"The Three Realms 'Suan ni tribulation!"

The core Artifact Spirit had finally released the strongest killing formation in the core of the Three Realms. It was none other than the three heavenly kills!

"Zi Zi Zi!"

The core Artifact Spirit spread out its arms, and three rays of light instantly bloomed from between its brows, causing the world to shake and boundless darkness to descend.

Zila, Zila, Zila!

"Boom boom boom!"

The power of lightning and the sound of thunder filled the sky as if the end of the world had come.

Even three days had been greatly shocked by such a shocking scene.

"Lord nether King, the triple calamity heavenly slaughter formation is no small matter. Be careful!"

Seeing such a formation, the netherworld realm's three heavens revealed worried expressions.

"Ha, how can you hurt me with such a small trick?"

However, ye chen sneered. He was not afraid at all. Three Tian was very impressed by his boldness.

In the air, the core weapon spirit released the triple calamity heavenly slaughter. Three beams of light condensed in the sky, and a heavy pressure made everyone below feel slight pain, both physically and mentally suppressed.

The power of the Three Realms had evolved into the three heavenly tribulations, suppressing everything.

"Ye chen, I'll show you how insignificant you are. The three calamities of the heavenly slaughter are the manifestation of the fundamental power of the Three Realms. You can't resist them!"

"Is that so?"

In the face of the core Artifact Spirit's provocation, ye chen remained silent and locked his eyes on the three rays of light above the sky.

As long as it was a formation, there would be a flaw, and the eight-gate divine disc was the nemesis of all formations.

"Eight-gate divine disc, split open!"

Ye chen tossed out the eight-gate divine disc. Countless divine patterns floated in the air, forming a runic barrier against the Three Realms 'strange light.

At the same time, he let out a drop of blood, which seeped into the divine disc.

"Zi Zi Zi!"

The divine disc absorbed ye Chen's blood and began to spin. Then, the heavenly energy and the essence of the sun and moon appeared boundlessly.

Ye chen was like the favored child of the heavenly Dao, the sun Moon Emperor. He stood alone in the void, unmoving like Mount Tai!

"Damn it!"

Upon seeing this, the core Artifact Spirit was furious. No one could be so arrogant in front of him. He was the symbol of power in the Three Realms. He should be the one who should be worshipped by tens of thousands of people, not ye chen.

"The demonic tribulation is falling!"

The core Artifact Spirit finally made its move. It first triggered the demonic tribulation and heavenly slaughter tribulation to kill ye chen.

"Boom boom boom!"

Dark energy transformed into a massive palm print, a demonic god claw, and descended.

"Oh?"

Ye chen raised his head slightly and looked at the sky.

"Then I'll break you with mana!"

The demonic patterns on his body bloomed and the skeletal wings on his back spread open. Ye chen transformed into a demon prince. The power of evil was like the judgment of the King of Hell. All living beings were in awe.

"Kill him!"

The core weapon spirit activated the killing formation, and the killing tribulation of the devil World descended from the void.

"Ah!"

With a furious roar, ye chen transformed into a thousand-foot Demon God. His fists charged forward like a mountain. The huge impact instantly collided with the demon world's calamity.

"Ah?"

The three upper Sky Realm experts were shocked at the same time. Their eyes were filled with disbelief.

In the air, ye Chen's fists were like a dark abyss, carrying Supreme demonic might!

With the support of the Supreme-grade devil marks, the power of this attack was increased by a hundred times. With a loud bang, the devil world's calamity banner was broken!

"You actually broke my Devil world's killing tribulation?"

"Ha, isn't this a piece of cake? is it very difficult?"

"You!"

Seeing ye Chen's nonchalant expression, the core Artifact Spirit was furious. He was a perfect treasure forged by the three great masters. How could he lose to a mortal?

"Come!"

The core weapon spirit once again caused the heavens and earth to shake. In the sky, the netherworld killing formation was activated!

"Zi Zi Zi!"

At this moment, the true spirit Lord's figure appeared in front of ye chen.

"Ye chen! Give me back my life!"

The true spirit Lord's face was pale and bloodless. He was already a ghost from the netherworld, but he still wanted to revive with the help of the core Artifact Spirit to fight ye chen.

"Since you're still here, I'll kill you again!"

Ye Chen's figure transformed and transformed into a psionic body. Instantly, celestial light curled up above the nine Heavens. Although it was a Body Fusion, it was already blooming with celestial power.

"Burning Sky palm, star picking hand, Dragon Capturing claw, life extinguishing finger, go!"

Ye Chen's robust Foundation triggered countless great abhijnas to shine at the same time. At this moment, ye chen was like the thousand-hand Emperor. Countless palm prints, fist gleams, and finger forces were all launched at the Dark Soul true spirit Lord.

"Ah?"

The true spirit Lord was shocked. Before he could react, these Sacred Arts fell from the sky and crushed him to death.

"You!"

The core Artifact Spirit's divine ability was broken again, and he was furious.

"The spiritual realm's killing tribulation, the ethereal demon can kill the Tribulation!"

Unable to bear it any longer, the core Artifact Spirit released two major killing calamities at the same time, hoping to kill ye chen.

"Oh?"

Ye chen turned slightly to look at the core Artifact Spirit, but his body was stable and his eyes were bright. He was still an unshakeable existence.

"Celestial Thearch sword disdains the evil Demon's Eye!"

The Demon's Eye between his brows opened. Instantly, the gates of hell opened again. At the same time, ye chen held the celestial Thearch sword. He was like a Celestial King ancestral master who had descended to the world. It was a piece of cake to slay demons and subdue demons.

"Zi Zi Zi!"

The heavenly Emperor's shadow appeared behind ye chen again. The light of the underworld God shone between his brows. It was the Supreme celestial energy and the might of the underworld God. Suddenly, it shook the world and shattered the firmament. This was an unstoppable super-powerful fusion power. This was the Supreme Spirit that dominated the Three Realms!

"The heavenly Emperor's slash! The gates of hell open!"

"Boom boom boom!"

The sword light cut through heaven and earth, and all things were hidden in hell!

Under the impact of the huge energy, everything caused by ye Chen's sword gleam would be shattered and turned into nothingness. It was like a Demon God reincarnated!

Crack, crack, crack!

The core weapon spirit felt as if its body had fallen into a world of endless destruction. All it could see was fire, burning everything.

"No!"

With the most unwilling cry, the core weapon spirit shattered in the air, and the formation was destroyed at the same time.

"Demon's Eye!"

At that moment, ye chen activated the Demon's Eye again. The strange light of the underworld covered the entire formation. All the formation fragments entered ye Chen's mind space, analyzing, integrating, and refining.

"Congratulations to the nether King for winning against the artifact Spirit and subduing the core of the Three Realms!"

The three great innate experts of the netherworld stepped forward at the same time and bowed.

"Since the core of the Three Realms is in my hands, I will become the Sovereign of the Three Realms. I will make it so that there will be no more meaningless massacres and battles in the Three Realms!"

"We are convinced!"

"Return to the nether King Palace!"

"Yes!"

Everyone crowded around ye chen and flew back to the Dark King Palace to prepare for the plan to unify the Three Realms!

[Chapter 2008 The Three Realms Are In Turmoil!](#)

After returning to the Hall of the Dead, ye chen proceeded to study the source of the core power of the Three Realms and found the most perfect way to integrate the power of the Three Realms.

These were the fundamental mental cultivation methods of the Dominator of the Three Realms. Ye chen had benefited a lot after studying them.

As for the demonic realm and the spiritual realm, due to the defeat of the ruler of the demonic realm and the true spirit race, they fell into chaos.

The devil realm.

"The chief sovereign is dead! The chief sovereign is dead!"

The demonic ship descended in the entire realm. Those who rushed out of it were extremely frightened. They were shocked by ye Chen's terrifying strength and felt that their future was bleak for their master's death.

"Boom boom boom!"

At this moment, a huge figure appeared above the demon world's altar.

"The demonic realm has actually become like this?"

The Grand voice shook the entire area. Countless buildings were shattered and countless mountains were shaken and shifted.

The communication with the upper realm had always been the matter of the devil world's ruler. Very few people from the devil clan could see such a Grand devil shadow.

Now, the devil realm's ruler had passed away, and the people of the devil martial arts realm had lost the bridge of communication, so they had to personally descend to the lower realm.

"What, What is this?"

The experts of the devil World were shocked when they sensed the power that was even above the ruler of the devil World. They didn't know what they had just seen.

"You trash, you've lost all the face of the devil World. How could the ruler of the devil World be defeated?"

The powerful demonic shadow shook everyone's mind and they all knelt down.

"Reporting to the upper realm, we followed the Lord to the netherworld in an attempt to seize the core of the Three Realms. However, things have developed to this extent ..."

A demon expert stepped forward and told him all the things that had happened in this trip to the netherworld.

"Ye chen?"

The powerhouse from the upper realm frowned slightly. He had heard the ruler of the devil World mention this person before, but he did not expect that this person could actually kill the two rulers of the spirit world and the devil World.

"All of you, defend the devil realm. The devil martial world will soon have powerhouses descending and leading the rise of the devil realm again."

"Yes, we will follow your orders!"

Many demon experts kowtowed and followed the order.

The spiritual realm.

The spirit ship landed with a loud crash. The experts on board were similar to the people of the devil World, and they were all extremely frightened.

Zila, Zila, Zila!

At this moment, Thunder boomed and dark clouds gathered. Above the clouds, a Grand light projection appeared.

"Why are you all so flustered?"

The descender was from the thunderclouds sect. He had originally wanted to contact the true spirit Lord and then personally descend to the netherworld to fight for the core of the Three Realms. However, he had been delayed because of an urgent mission in the immortal spirit world. Now that he had descended, he could not contact the true spirit Lord and felt that something big had happened.

"Lei Yun Zhenren, the true spirit Lord has died in battle."

"What?"

Hearing what the expert on the spirit boat said, perfected thundercloud was furious.

"I told him to wait for me to descend to the netherworld and seize the core of the Three Realms. How could he die in battle before I descended? how detestable!"

"Lei Yun Zhenren, please calm down!"

Everyone knelt down one after another, not daring to raise their heads. The people of the upper realm were so majestic, and they did not want to become the sacrifice of the other party's anger.

"The true spirit Lord was actually killed by a puny being in the form synthesis stage. I'm really disappointed in your spirit realm. "

"Perfected thundercloud, ye chen is no ordinary Genius. His strength is far beyond our imagination. Even the true spirit Lord and the Lord of the demonic realm working together are no match for him."

"You still want to quibble?"

Lei Yun Zhenren was already angry, but now someone actually wanted to compromise. He was furious and used his palm to summon the Thunderbolt to kill without mercy!

Zila, Zila, Zila!

Following the descent of a Thunderbolt, the body integration realm cultivator exploded and died on the spot.

"Ah!"

With a blood-curdling scream, no one dared to step forward to say anything.

"Hmph, the true spirit Lord is indeed useless! Guard the true spirit Hall and wait for further instructions!"

"Yes!"

Everyone nodded in response and returned to their positions.

As for Reverend leiyun, he flew to the spirit Emperor Palace.

At the spirit Emperor Palace, the spirit Emperor had wanted to participate in the true spirit Lord's big operation. However, he had not expected that the other party would want to take all the credit for himself and not let him follow. This made the spirit Emperor very unhappy.

Zila, Zila, Zila!

All of a sudden, the sound of thunder reverberated in the ears of everyone!

"We welcome the venerable one from the upper realm!"

The spirit Emperor went out and bowed. Above the clouds, perfected thundercloud descended.

"Spirit Emperor, the true spirit Lord is dead. I have given the order that you will be in charge of the spirit realm temporarily!"

"Thank you for your appreciation. I will do my best to do everything for you."

"Hahaha, spirit Emperor, you're sensible indeed. Now that ye chen has obtained the core of the Three Realms, he's trying to disrupt the Three Realms in vain. The celestial Spirit realm won't stand by and watch. We'll wait for further instructions!"

"Yes!"

The spiritual Emperor was overjoyed. He didn't expect that the true spirit Lord's expedition to the netherworld would result in his death. Although it was a heavy loss for the spiritual realm, it was a great harvest for him.

"True spirit Lord, true spirit Lord, you've died because of your own greed. In this case, the day I take control of the spiritual realm again is just around the corner. Hahaha!"

Ye Chen's image appeared in the spirit Emperor's mind. The young man who dared to challenge him already had the strength to kill the true spirit Lord. This was no small matter.

"No matter how strong you are, with the venerable Master of the upper realm as your backing, why should I be afraid of you?"

After sending off perfected being thundercloud, the spiritual Emperor immediately gathered all the experts in the spiritual Emperor Palace and set off for the true spirit Hall.

The devil martial realm and the immortal spirit realm were constantly taking action. The descent of these people from the upper realm had caused an energy imbalance between the Three Realms, directly affecting the netherworld realm.

"Boom boom boom!"

Ye Chen opened his eyes slightly when he felt the tremors in the earth.

He had comprehended the core of the Three Realms for more than ten days and ten nights. During this time, he had gained a lot. From the core of the Three Realms, he had found the essence of the Three Realms martial arts. He had even comprehended a set of strategies to integrate the Three Realms martial arts. Although it was still very simple and incomplete, he already had an idea.

To be able to comprehend it to such an extent in such a short period of time, he had already surpassed Ordinary Geniuses by who knew how many times!

"True spirit Lord, before the ruler of the devil World died, he once called for the people from the upper realm to descend. It seems that the spirit world and the devil World are just a cover, and the real power behind them has not yet revealed itself."

This was what Ye Chen was most worried about right now. Therefore, he had to understand the essence of martial arts in the core of the Three Realms as soon as possible and deal with the changes in the future.

"Nether King, nether King!"

At this moment, Indra walked into the hall in a panic.

"Indra, what's the matter?"

"Reporting to Lord nether King, the earth veins of the netherworld have suddenly become restless. I believe that a large scale energy fluctuation has appeared in the other cultivation levels. Please stabilize the earth veins."

"Mm ... Okay!"

The fluctuation of the ley lines was not a small matter. It could directly affect the fate of one's realm. Ye Chen did not dawdle and immediately got up to follow Indra.

The source of the fluctuation was ancestor peak, where the netherworld dragon vein was located.

Ye Chen's eyes turned cold as he returned to ancestral peak and flew into the sky.

"The core of the Three Realms!"

He threw it into the void, and the core of the Three Realms appeared.

As the core of the Three Realms took shape, ye Chen's eyes narrowed. Suddenly, a third eye appeared between his brows. It was the Demon's Eye.

"Zi Zi Zi!"

As the three rays of light appeared, ye Chen's left eye, right eye, and Demon's Eye each released a different light. These lights were the symbol of the power of the Three Realms.

The three beams of light were all infused into the core of the Three Realms. Immediately, the core was activated.

As the core operated, heaven and earth exclaimed in shock!

It triggered the three lights of heaven to shine on the sun, moon, and stars!

The core exploded with supreme power, pouring energy into the earth vein. Immediately, the rumbling sounds from the earth vein disappeared, and the entire netherworld became more stable.

"The nether King is truly a God!"

Indra sighed.

"That's natural. Originally, it was impossible to operate the core of the Three Realms by relying on any Almighties from the netherworld, the spirit world, or the devil World, because it contains three great powers. To control the core power, it requires three individual immortal level cultivators from the Three Realms to act at the same time. But now, the nether King can actually operate the core by himself. Just based on this point, he has surpassed the individual Immortals of the Three Realms!" Domoro added.

"Hahaha, following Lord nether King is the best choice. I really hope to see Lord nether King unify the Three Realms."

Asura revealed a look of yearning.

At this moment, ye Chen had put away the Three Realms core. The Earth's ley lines were stable. His mission was completed.

"Lord nether King, I'm afraid this earth vein's fluctuation is unusual."

Indra said.

"Hmm ... I'm afraid the spiritual realm and the demon Realm's upper realm will take action."

"What?"

The three connate cultivators were shocked at the same time. In their eyes, the upper realm was a very mysterious and powerful existence.

Although the Three Realms were considered a very high existence in the lower planes like the human realm, they were very weak in the eyes of the people of the true upper realm. Any Almighty from the upper realm could control the lives of all the people in the realm.

The three connate beings were all veterans of the underworld, and they had seen the glory of the great beings of the underworld. Even the underworld Lord was rumored to be a King chosen by the people of the upper realm to rule the entire underworld on their behalf, and the core authority of the upper realm was the Demon's Eye.

"Could it be that they are going to attack the netherworld again?"

"The core of the Three Realms is the main point of their struggle. This time, we'll have to face them head-on!"

"Don't worry, nether King. Since we've submitted, we'll give up our lives for the netherworld and the nether King without hesitation!"

The three upper Sky Realm experts knelt on the ground at the same time and swore their loyalty.

"Get up, all of you. Life and death are hard to predict in this battle. Do you really want to follow me?"

"Netherworld Lord, we are grateful for your kindness in not killing us. At the same time, you possess the Demon's Eye, which makes you the true Overlord of the netherworld. If other powers really want to continue to invade the netherworld, we will fight to the death and not retreat. "

"Very good. Work with the other emperors of the dead to set up the defense immediately. Make sure you're fully prepared."

"Yes, Lord nether King!"

The three Xiantian Lords bowed and accepted the order. Then, they went their separate ways.

Ye chen flew down and returned to ancestral peak.

He walked to the place where the Demon's Eye was placed. This was the connection between the underworld and the underworld.

After entering this space, ye chen closed his eyes slightly and immediately sensed the powerful energy of the underworld realm.

"Hahaha!"

Suddenly, the space trembled, and laughter rang out.

"Who is it?"

Ye chen asked coldly.

"I didn't expect the netherworld to be obtained by a human brat. Unbelievable!"

"What's so incredible about it? the world is so big that only the virtuous can live in it. It has been like this since ancient times!"

"Ye chen, you're just a human brat. How dare you be so arrogant? you're asking for death!"

"What?"

Ye Chen's eyes turned cold and the energy in his body spontaneously erupted. The surrounding space trembled rapidly and exploded.

Boom, boom, boom!

A burst of energy burst out, the mountain rocks collapsed, and the earth trembled. The powerful force made that person unable to hide.

"Zi Zi Zi!"

With a flash of light, the hidden person appeared.

This person had two horns on his head, his eyes were like lightning, and his face was black with a hint of red. It was very strange.

He stood on Top of the Rock in a dark green robe and confronted ye chen.

"How dare you be so disrespectful to the emissaries from the upper realm?"

"Emissaries from the upper realm? Hahaha, could it be that you're from the divine underworld realm?"

"That's right, I'm the messenger of the underworld, bi 'an Anubi!"

"Anubi? So What if I do?"

In the face of such a strange person, ye chen maintained his noble posture and showed no fear. This kind of spirit made Anubi feel like he was a King. No wonder he could subdue the three connate beings and unify the underworld.

"You should know very well that both the immortal spirit realm and the magic martial realm have made their moves, which is why the netherworld's ley lines are in turmoil. Facing the power of two upper realm people at the same time, even if you control the Demon's Eye, you can't fight them. I advise you to hand over the Demon's Eye obediently and let you be famous on the internet. Maybe you can get the help of the netherworld realm and keep your little life!"

"Oh? You left him with his life?"

Upon hearing this, ye Chen's brows emitted a cold light. However, this faint light actually hid a vast murderous aura, causing the surrounding space to tremble.

The huge rock that fell to the ground kept shaking and making a rumbling sound. The entire space was shaking as if it had sensed some kind of power.

"What do you want to do?"

Anubi revealed a vigilant look.

"I'm going to teach you a lesson. Before the celestial Thearch, you can only bow to the Suan ni!"

"You dare to do this to the emissaries from the upper realm?"

"Why wouldn't I?"

Ye Chen's demon eyes opened and a powerful deterrent force made Anubi unable to raise his head.

"Zi Zi Zi!"

The Demon's Eye released its power and the apparition of the god of the underworld appeared behind ye chen. When Anubi saw the apparition of the god of the underworld, he was immediately frightened out of his wits and his six spirits disappeared. He was extremely frightened.

"Withdraw your power, withdraw it!"

"Hahaha, I didn't expect the emissary from the upper realm to be so afraid of the power of the underworld God. What a joke!"

When he heard ye Chen's maniacal laughter, Anubi felt that he had lost his dignity this time. The anger in his heart could not be contained.

"Damn it!"

Anubi attacked in anger. Nether energy circulated in his hands, trying to sneak an attack on ye chen.

"Boom boom boom!"

He waved his sharp claws and infused underworld energy into the ground. Suddenly, waves of energy from the ground rushed to ye Chen's feet.

Crack, crack, crack!

The earth cracked. The netherworld energy transformed into demonic claws that hooked onto ye Chen's feet, trying to drag him to hell.

"Hahaha!"

"What?"

Just when Anubi thought he had succeeded, ye chen turned his head and glanced at him. Suddenly, Anubi felt the same cold energy again. He felt a chill down his spine and his mind was in a mess.

"Zi Zi Zi!"

Ye Chen's demon eyes opened. The apparition of the god of the underworld waved and pointed at the elephant of hell.

The devil's might shook the universe, and Anubi's divine power was broken in an instant.

Anubi was extremely shocked when he saw that his technique had been broken. How could he have thought that a person from the lower realm could fight against an emissary from the upper realm?

"I'm a powerful loose immortal, how can you defeat me?"

"So what if you're an itinerant immortal? in my eyes, you're nothing but an ant!"

"Ah?"

[Chapter 2010 Underworld God's Arrival!](#)

"Zi Zi Zi!"

The Demon's Eye glowed again. The surrounding space fell into the demon's domain. Anubi felt that his body did not seem to belong to him anymore, and it became extremely difficult for him to move.

"This, could this be the power of the underworld God?"

As the messenger of the underworld, he knew nothing about the power of the underworld God. The underworld God was the most powerful and mysterious existence in the underworld. No one knew how powerful he was, and many people could not even see him.

Anubi was one of the luckier ones to become the messenger of the underworld. This time, he came to the underworld to find the whereabouts of the Demon's Eye. Because the underworld God had already sensed that there was something wrong with the Demon's Eye, the earth-shaking scene of the underworld below was also seen by the underworld God.

"Anubi, why aren't you kneeling when you see the god of the underworld?"

Suddenly, the apparition of the god of the underworld appeared behind ye chen. Anubi felt a shocking pressure. It was so majestic that it shook the nine Heavens and ten lands.

"Underworld God, Lord underworld God!"

Anubi could not support his body and knelt down in the air, continuously kowtowing to the shadow of the God of underworld.

Now, ye chen, who possessed the Demon's Eye, possessed a part of the god of the underworld's power. At this moment, he represented the authority of the god of the underworld. Even if Anubi was unwilling, he had to kneel on the ground and worship the god of the underworld.

"What do you want to do in this place?"

"This, this!"

"You speak too much nonsense, you're looking for death!"

p Ye chen was furious. He activated the power of the Demon's Eye. Anubi seemed to have been suppressed by death. His entire body bent into a ball, looking extremely humble.

"Lord underworld God, I've come here under your orders to find clues about the Demon's Eye and to check on the underworld."

"Ha, I see. Anubi, get out of the netherworld immediately!"

"Ah?"

"What 'ah'? this is my order!"

"Yes, yes, Lord underworld God!"

Anubi was unable to resist the might of the god of the underworld. The fear that had been rooted in the depths of his brain made him listen to ye Chen's orders and quickly jumped into the black hole vortex, disappearing without a trace.

"Underworld God, are you really going to attack the underworld?"

Ye chen had anticipated this scene before but he did not expect it to happen so quickly. The netherworld realm, the upper realm of the netherworld, how mysterious were they?

This piqued his interest. After all, ye chen had experienced too much along the way from earth. The more he experienced, the more it inspired his determination to become stronger and seek power.

Above the ancient void, the underworld God World!

"Lord underworld God, Anubi has returned."

"Let him in!"

"Yes!"

The door in front of them slowly opened, and Anubi appeared at the door, trembling.

"Lord underworld God!"

He crawled into the hall like a soulless Savage. That kind of sorry state was disdainful.

"Anubi, with your current appearance, how did the matter go?"

"This, this!"

Anubi looked up. On the Throne of Darkness, there was a ball of darkness as dark as hell. A hollow aura was staring at him. The two balls of aura turned into two beams of red light and released the most bizarre shadow of death.

"Lord god of the underworld, ye chen has already controlled the Demon's Eye. He's Lord god of the underworld's incarnation. I'm unable to resist the Demon's Eye, which is why I'm in this state."

"Oh?"

The red light suddenly opened, and the demonic eye appeared. With a loud bang, a huge power rushed toward Anubi.

In an instant, Anubi's consciousness entered the void. The void was filled with endless chaos, like a huge cage, imprisoning him forever.

"Anubi, your failure has infuriated God. This is your punishment. Enjoy it, hahaha!"

"No, no, Lord underworld God!"

With a cry of despair, Anubi fell into the void and reincarnated endlessly.

"Ye chen!"

The god of the underworld closed his eyes slightly. Suddenly, ye Chen's image appeared in front of him. The Demon's Eye was indeed on him.

"What?"

At the same time, far away in the netherworld, ye chen also felt the existence of the god of the underworld. This person was prying into his thoughts.

"Stop!"

With a cold shout, ye chen released his own Celestial Emperor's light, blocking the prying of the underworld God in the air.

"Hahaha!"

A burst of laughter rang out. Then, a ball of dark energy appeared in the air. At the center of this energy, there was a pair of Crimson eyes.

"Ye chen!"

"You are ... The god of the underworld!"

"You can recognize a God at a glance. It seems that the Demon's Eye in your body has given you a lot of clues."

"Underworld God, the underworld is already under my control. Don't even think about getting your hands on it."

"Such arrogance! Do you want to go against a God?"

"God? Hahaha, I'm the only one in the world, where did the God come from?"

"You!"

The underworld God was furious. He did not expect ye chen to be so disrespectful despite having the Demon's Eye.

"Don't you know that the Demon's Eye is a God's treasure? how dare you take it for yourself?"

"The Demon's Eye is an ownerless item that I found on zu peak. I think you're trying to snatch it from me?"

"Damn it!"

The god of the underworld was furious, and his eyes glowed red. Instantly, the void trembled, and the surrounding space fell into a strange realm. It was the god of the underworld realm.

"What?"

Ye Chen's eyes turned slightly cold. He knew that the strength of the person before him could not be underestimated. Although it was just a mass of divine will, the power contained in it was enough to kill an itinerant immortal in seconds.

"Ah!"

With a shout, ye chen activated the Demon's Eye.

Instantly, the light of darkness bloomed at the same time to fight against the god of the underworld.

Boom, boom, boom!

The surrounding space exploded, the earth shook, and the sky collapsed. It was like the end of the world.

"Boom boom boom!"

The god of the underworld spat out a breath of dark energy. It was like a thunderstorm that attacked ye chen.

"Darkness pool!"

Ye chen activated the power of the origin of darkness in his body. Suddenly, the void cracked open and a dark vortex began to devour the dark thunderstorm in front of him like the most powerful demon that could devour the world.

"What?"

The god of the underworld was shocked. He didn't expect that his sacred art would be devoured by his opponent.

"Netherworld God's palm!"

The dark energy suddenly condensed into a long arm and formed a huge palm print that pressed down on ye chen.

"Ancient God's might!"

In the face of such a shocking power of the underworld God, ye chen was not to be outdone. He activated the ancient God bloodline in his body. Suddenly, the ancient God's shadow bloomed behind him like a giant. He stretched out his arms and instantly resisted the underworld God's palm!

"Boom boom boom!"

The two forces collided in the air. This was a head-on clash!

"Impossible!"

The god of the underworld was in chaos. The person in front of him was only in the unity stage. How could he resist his god of the underworld palm?

A vigorous power filled the world, and the god of the underworld once again emitted a death light.

"Ancient God King Kong curse!"

Ye Chen's entire body glowed with a golden light, like an indestructible Golden Buddha. He sat cross-legged in the void, insufferably arrogant!

"Zi Zi Zi!"

As the death light shone down, it all hit the ancient God light and was instantly purified.

"Hahaha, ye chen, not bad. I'll remember you."
