[Chapter 2011 Thundercloud Realm!](#)

The god of the underworld's arrival shook the entire netherworld. The news of ye Chen's domineering retreat quickly spread throughout the netherworld. Ye Chen's mighty image was even more deeply rooted in the hearts of the people. The people of the netherworld were loyal.

At this moment, the spiritual realm and the demon Realm were once again in turmoil.

In the demon world, the wind and clouds were surging, and the sun and moon were dark.

Zila, Zila, Zila!

Under the lightning and thunder, the gates of the magic martial arts realm opened.

A huge dark vortex and lightning descended from the sky, ushering in a new era for the demonic realm.

At this moment, in the vortex, a huge demonic boat descended from the sky. It was the arrival of the powerhouses from the magic martial arts realm.

"We welcome the powerhouses of the magic martial world!"

Below, the people of the devil World bowed to welcome him.

"Boom boom boom!"

The demonic boat landed, and many experts descended from it. They were all elites of the realm of magic martial arts.

They looked at the surroundings of the demon world with disdain.

"This Devil World is really broken. I didn't expect the ruler of the devil World to be so weak!"

"Hmph, he actually lost to a human, and even a body integration stage trash at that. I wonder how the ruler of the devil World became an itinerant immortal!"

"Forget it, this kind of trash is not worth our discussion. Immediately sweep through the demon world and control the situation!"

"Right!"

The three experts nodded, and the crowd respectfully welcomed them into the hall.

The current ruler's Hall was different from before after the new design. This design style was based on the will of the powerhouses of the magic martial arts world.

"Hahaha, these designs are not bad."

One of the experts said with a smile as they entered the hall.

"People of the devil World, you're quite serious in your work. This time, the great devil Emperor has sent you to the devil World. It seems that the Holy War has begun!"

"This is a very important mission, we can't afford to neglect it."

"Don't worry, big brother. We understand the severity of this!"

These three people were the outstanding figures of the Red Devil clan in the magic martial world. At the same time, they were also the three fiend heirs of the Red Devil clan. They were Chi Fang, Chi Hu, and Chi Bao.

Chi Fang sat on the throne and looked down at the demon generals.

"Report the current situation!"

"Yes!"

At this moment, a person walked forward. It was blood Rakshasa, one of the ten killing generals of the demon race.

"Sir Chi Fang, the situation is like this ..."

The blood Rakshasa told Chi Fang about the current situation in the demonic world.

"Immediately inform the other Devil world's slaughter generals to combine."

"Yes, sir Chi Fang!"

The blood Rakshasa accepted the order and left the hall.

"Big brother, are we going to immediately charge back to the netherworld this time?" Red Tiger asked.

"We can't be reckless. The Lord of the devil World has an extraordinary cultivation base. He's an itinerant immortal, but he was still defeated by ye chen. We've come down to the lower realm, so we must be careful this time."

"Hmph, the devil world's ruler is a piece of trash. He only has the cultivation of an individual immortal, but he can't unleash his Supreme devil energy at all. We're from the upper realm, so he's not qualified to be compared with us."

"That being said, we still have to wait for the great Emperor's orders."

Chi Fang was a cautious person and didn't like to advance rashly, but Chi Hu and Chi Bao were different. They wanted to make a contribution as soon as possible and get the reward from the great emperor.

At the same time, in the spiritual realm.

The spiritual Emperor controlled the entire realm and gathered all the major forces in the spiritual realm, gathering them at the spiritual Emperor Palace.

"Reverend Lei Yun from the upper realm has ordered us to gather again and preserve the last strength of the spiritual realm. When the Reverend descends, he will lead us to avenge our humiliation and take revenge!"

As soon as he said that, everyone bowed.

"We will obey the orders of the spirit Emperor!"

Regardless of whether they had followed the spiritual Emperor or the true spirit Lord before, they were all now under the command of the spiritual Emperor. The reason was simple. The spiritual Emperor was now the favorite of the Thunder cloud immortal. Going against him was not giving the Thunder cloud immortal any face. No one in the spiritual realm dared to directly confront the Thunder cloud immortal.

"Very good. The day of the immortal's descent is not far away. We must cooperate with the immortal and immediately build the thundercloud Palace with the best materials. I'll leave this matter to you, Ling Hong!"

"We will obey the spirit Emperor's orders!"

Ling Hong was a general under the true spirit Lord. Now that he had submitted to the spirit Emperor, the true spirit Lord was using this person to demonstrate his authority.

The construction began, and everyone worked together to build the majestic thunder cloud Palace with the fastest speed and the best craftsmanship.

Zila, Zila, Zila!

Suddenly, one day, the heavens and the earth rumbled with Thunder. The wind and clouds surged, and above the clouds, a God descended.

This person held the Thunder God's whip in his hand and stepped on a Flying Cloud. Golden light bloomed from his body and illuminated the four Seas. It was Reverend Lei Yun.

"We respectfully welcome you, perfected one!"

Upon seeing such a phenomenon, the spiritual Emperor led many experts of the spiritual realm out to welcome them.

"Boom boom boom!"

Thundercloud Zhenren landed on the ground with a series of earth-shaking explosions.

"Hahaha, I've finally arrived in the spiritual realm."

Lei Yun Zhenren was also very excited to come to the spiritual world. After all, in the immortal spiritual world above the nine Heavens, his level was not even considered first-class. However, in the spiritual world, he was a Supreme existence. This was the gap.

This was also one of the reasons why Lei Yun Zhenren wanted to come to the spiritual world so badly.

At the same time, as long as he made a contribution in the spiritual realm, he could also receive a reward from the immortal spirits of the upper realm. This time, he would definitely make a contribution on this earth, so that his trip to the spiritual realm would not be in vain.

"Spirit Emperor, is the spirit realm stable?"

"Reporting to perfected one, everything is stable in the spiritual realm. I've already unified the power of the entire spiritual realm and am waiting for perfected one to descend. You'll lead us to flatten the netherworld, destroy the devil World, and unify the Three Realms!"

"What a good 'unify the Three Realms'. I won't hide it from you all. The main mission of my arrival in the spiritual realm this time is to seize the core of the Three Realms and unify them. It seems that the spiritual Emperor has won my heart."

"Everything was due to your might, I don't dare to claim credit!"

At this moment, the spiritual Emperor made a gesture of invitation and led the immortal to the front of the Thunder cloud Palace, which was the hall prepared for the Thunder cloud immortal.

"Oh?"

Looking at the magnificent Hall in front of him, Lei Yun Zhenren was overjoyed.

"Hahaha, thank you for your trouble, spirit Emperor."

"I dare not. Lei Yun Zhenren, please!"

"Alright!"

After receiving such treatment, Lei Yun was extremely proud. After all, this kind of treatment was something that couldn't be obtained in the immortal spirit world.

Today, the immortal came to the throne in the Thunder cloud Palace, and everyone sat down according to their seats.

"The true spirit Lord's defeat in the netherworld has shocked many experts in the immortal spirit world. This time, I've come down to avenge my humiliation. After the true spirit Lord, fortunately, there's a spiritual Emperor to take charge of the situation. Now that my true body has come, I'll officially take over the spiritual realm. Does anyone agree?"

"We will obey the order of the immortal!"

Everyone bowed to show their obedience.

"Hahaha, very good. I'm going to announce the upper realm order now. "

"Our main mission is still to obtain the core of the Three Realms. This is the key to controlling the power of the Three Realms after we've unified it. Spirit Emperor, I heard that this treasure is in Ye Chen's hands?"

"That's right. Ye Chen entered the netherworld and defeated the true spirit Lord, the Lord of the demonic realm. He first obtained the darkness pool, then the Demon's Eye, and finally the core of the Three Realms. Now, he's arrogant and invincible. If we don't eliminate him quickly, the air cannon will cause a great disaster. "

"Although this kid is talented, he is in the netherworld and his Foundation is not stable. At the same time, I think the netherworld will not let him grow. Immediately send spies into the netherworld to search for all kinds of information!"

"Yes!"

The spirit Emperor accepted the order and sent the general of the true spirit Hall to the netherworld.

[Chapter 2012 The Blood Rakshasa Invades!](#)

Ye chen, who was in the netherworld, had used the advantages of ancestral peak to continuously comprehend the core power of the Three Realms. He had been in closed-door cultivation for dozens of days.

During this period, ye chen had gained a lot. At the same time, he had also become more aware of the profoundness of the rules contained in the core of the Three Realms. He now thought that even the three people who created the core of the Three Realms at that time might not have imagined that this treasure would be so useful in the future.

This was the wondrous part of creation. Once something was created, it would be beyond the imagination of the creator.

It was impossible for a person of any race to comprehend the core of the Three Realms in such a way. Ye chen, on the other hand, had the three primordial essences of nether, demon, and spirit combined into one. His unique advantage in comprehending the power of the Three Realms was self-evident.

"Ah!"

With a long shout, the Three Realms core floated up and continuously emitted light above ye Chen's head. Three streams of Origin Energy swam wildly and poured into ye Chen's body.

"Three elements return to one, and vitality is born!"

"Phew, phew, phew!"

The three forces evolved into the Qi of heaven and earth, allowing ye Chen's body to recover rapidly. The various injuries caused by the previous battle were all healed by the Three Realms core.

After absorbing the earthstring energy of zu peak, coupled with the darkness pool and the Demon's Eye, ye Chen's netherworld energy became more and more refined.

"Report!"

At this moment, a report came in from the outside.

Ye chen stood up and walked to the outside of ancestor peak. He found an underworld warrior waiting.

"Reporting to the nether King, the 30000 feet Yellow Springs has sent back news. The immortal realm and the devil martial realm have moved at the same time. They want to take down the yellow Springs battle Manor."

"Mm ... I understand. Immediately pass down the order for the entire Army to advance to the yellow Springs."

"Yes!"

If he wanted to protect the netherworld, it was no longer a good choice to be trapped inside. Ye chen chose to expand. First, he had to control one of the entrances to the netherworld, the three thousand feet of the netherworld.

When he walked out of the ancestral peak, the huge dark sampan was already floating in the sky.

"Whoosh!"

Ye chen leaped and landed on the dark sampan.

"Your Excellency nether King, old ancestor netherworld is guarding the 3000-foot area. The latest news is that the devil martial world has sent three experts into the devil World and has become the new masters of the devil World. They are Chi Fang, Chi Hu, and Chi Bao. These three are the devil sons of the Red Devil clan in the devil martial world. They are very powerful."

Yintuoluo stepped forward and said.

"Especially this Chi Fang. I've heard of him before. He's extremely shrewd and his Foundation is unfathomable." Asura said.

"Alright, let me have a taste of this strong person from the magic martial world."

Ye Chen's eyes flickered. He could see ten thousand miles in a single glance. He could already see three thousand feet of the yellow spring. At this moment, the three thousand feet were indeed filled with demonic Qi.

"Boom boom boom!"

The dark sampan opened up and sped forward.

Yellow spring Battle Manor, yellow spring sect.

"Patriarch, the blood Rakshasa, one of the top ten killing generals of the devil realm, has arrived 30000 feet away from the yellow spring with at least a million devil soldiers. He's very arrogant!"

An expert entered the hall and said to old ancestor yellow spring.

"How hateful! He actually dared to provoke us. Let me go out and take a look!"

The old ancestor stood up and followed the man to the void 30000 feet above the yellow spring.

"Hahaha!"

At this moment, a trembling sound came from the demonic ship. It was the blood Rakshasa.

"I've returned to the netherworld. This time, I'll see your blood splatter all over the earth!"

"What big words!"

Old ancestor yellow spring appeared.

"Old ancestor yellow spring, do you want to be my enemy?"

"Who Do You Think You Are? do you know what this place is? Ever since fellow Daoist ye unified the netherworld, this place is still part of the netherworld. You people from the devil realm better get lost. "

"Old ancestor yellow spring, don't think that you can be arrogant just because you rely on ye chen. In my eyes, ye chen is nothing but an ant!"

"What did you just say?"

The old ancestor was furious and struck out with a palm.

"Boom boom boom!"

The power of the yellow Springs palm swept through the world, accompanied by an elite sword Qi hidden within. It was the yellow Springs sword.

"What?"

The blood Rakshasa sensed the hostility coming from him. The blood light around her body turned into a huge shield, covering her whole body.

Boom, boom, boom!

The palm energy and the sword Qi bombarded the blood light shield, but there was no fluctuation at all.

"Hahaha!"

Blood Rakshasa was even more arrogant and laughed wildly.

"This!"

Old ancestor yellow spring frowned slightly. This man was a master of the Mahayana realm, so it wouldn't be easy to deal with him.

"Hand over the control of the 30000 feet of yellow spring immediately. Otherwise, I'll make you bleed for five steps and exterminate your yellow spring sect!"

"You're boasting!"

"Hahaha, it's the same even if ye chen comes. I'll make sure he can't return!"

Just as the blood Rakshasa's overbearing voice was heard, a rumbling sound reverberated through the nine Heavens. The dark sampan had descended.

Then, a voice came from the dark sampan.

"Is that so?"

"Ah?"

Upon hearing this voice, the blood Rakshasa's heart trembled. He knew that this voice was definitely ye chen 'S. He did not expect ye chen to come personally.

"It's you, ye chen!"

"I'm here. Blood Rakshasa, kneel down and kowtow eight hundred times. I'll spare your life!"

"Hahaha, what a joke. A mere form synthesis stage cultivator wants to give me orders? I'm a Mahayana stage cultivator, do you think I'm afraid of you?"

Although he said that he was not afraid, the blood Rakshasa's body trembled slightly when she thought about how the true spirit Lord had died at ye Chen's hands.

"Since you're not afraid, let me see what you're capable of, blood Rakshasa!"

"Go!"

The blood Rakshasa naturally did not dare to attack rashly. She gave the command to attack the Army of the demonic realm.

"Phew, phew, phew!"

Immediately, countless demon Warriors roared and rushed toward the yellow spring.

"Impudent!"

Ye Chen's eyes turned cold. With a wave of his hand, a powerful energy swept across the entire scene, charging at the devil Kingdom's Army. Like dust, it was swept away by the wind and buried in the ground.

"Boom boom boom!"

With a loud bang, hundreds of thousands of demon Warriors were shaken by ye Chen's power and fell into the abyss.

"Ah?"

Such a powerful force shocked the blood Rakshasa and made him cower.

"Blood Rakshasa, let me see what you're capable of. Didn't you say that you don't care about me at all?"

"Kill!"

The blood Rakshasa was enraged. The blood-red light around her body transformed into a huge demonic claw and reached out toward ye chen.

"Such a useless move, and you still dare to show off?"

Ye chen was furious, not because the blood Rakshasa was powerful, but because he had used such a perfunctory divine ability. It was simply ridiculous.

Crack, crack, crack!

In just one exchange, the lightning in ye Chen's eyes instantly broke the blood Rakshasa's blood-red demonic claw.

"This, this!"

"Blood Rakshasa, one of the ten great demon generals will be missing today."

"No, that's impossible!"

The blood Rakshasa realized that there was a world of difference between him and ye chen. They were not on the same level at all and immediately issued the order to retreat.

"Retreat, retreat!"

The demon Army was similarly intimidated by ye Chen's might. They retreated and entered the demonic ship.

"Is it too late to leave now?"

[Chapter 2013 Slaying The Rakshasa With A Sword, Exterminating The Demon Army](#)

Just as the blood Rakshasa turned the demonic ship around and was ready to praise ye chen, the wind and clouds in the sky surged. The power of darkness enveloped a thousand miles. In an instant, the entire demonic ship was trapped in ye Chen's dark barrier.

Zila, Zila, Zila!

Dark lightning flickered, and the form of the darkness pool appeared above the nine Heavens.

It turned into a pair of Eyes of Darkness, deeply peeking at the demon race.

"Ah?"

Many of the devil clansmen were in a state of panic. Many of them had witnessed the might of the dark Thearch. Now that they saw the shadow of the darkness pool, they panicked.

"Don't panic!"

The Rakshasa of the bloody sea shouted and tried to calm down while suppressing the fear in his heart.

"Ye chen, you dare to intercept me?"

"Hahaha, lowly trapped beast, you've already entered the gate of death, and you still want to be arrogant?"

Ye chen flew up and controlled the darkness pool. The might of the Dark Lord and Hades reappeared in the world.

"Let the darkness devour your ambitions, go!"

With a wave of his hand, the darkness pool released a powerful darkness aura. The aura turned into a Sky Shield and suppressed the demonic boat.

"Hateful!"

The blood Rakshasa was furious. A blood-red Steel fork appeared in her hand, and she threw it into the sky.

"Boom boom boom!"

The blood-red Steel fork transformed into a huge Luosha shadow. It waved its arm, trying to take ye chen down.

"What?"

Above the nine Heavens, ye Chen's eyes turned cold. The source of darkness released a huge arm to resist the Luosha shadow.

"Boom boom boom!"

With a loud bang, a huge force collided.

The sky changed color, the sun and moon renewed, the void shattered, and the shock pulse!

The moment the two forces collided, the huge Luosha shadow shattered in the air. It did not have any fighting power at all. This was the power of the darkness pool.

"Roar!"

The shattered Luosha power wanted to return to the blood Rakshasa body. This was all within ye Chen's expectations. The darkness pool once again formed a devouring vortex.

"Phew, phew, phew!"

In the air, the devouring vortex turned into a black hole. The power that wanted to return to the blood Rakshasa body was completely devoured by the dark vortex and became ye Chen's power. Seeing this, the blood Rakshasa was shocked. He did not expect the power he had cultivated for a long time to be devoured by the darkness pool without any warning. This feeling was too shocking and terrifying. He was already intimidated by ye chen.

"No, this can't be true!"

"Ridiculous, the ten great killing generals of the devil World are at this level?"

Ye Chen's body trembled and his Foundation soared.

"What? this, this is Xuanji's Mahayana realm!"

"You do understand!"

"This, this!"

Previously, ye chen had crushed him with his body integration stage Foundation. Now that ye chen had displayed his Mahayana stage cultivation, the blood Rakshasa was in complete despair. It was impossible to defeat him.

On the demonic ship, the demons were also in the deepest fear.

Ye Chen's cultivation base was no longer inferior to the blood Rakshasa 's. In this case, in terms of Foundation and talent, the blood Rakshasa was completely defeated!

"Lord blood Rakshasa, what should we do?"

"Get lost!"

The Rakshasa of the bloody sea attacked with anger. His sharp claws slashed and the man's head flew up. This was his last chance to vent his anger.

"Blood Rakshasa, you've invaded the netherworld and provoked me. Die!"

"Damn it!"

The blood Rakshasa was so angry that she released all her power and formed a giant Rakshasa shadow again. Then, her blood Qi soared into the sky and the surrounding space fell into a blood hell. This was the last fight of the blood Rakshasa!

"Roar!"

As the Rakshasa shadow reappeared, the earth cracked and the void trembled. The Rakshasa shadow waved its sharp claws, stirring the wind and clouds. Countless streams of blood turned into a torrent and rushed toward ye chen.

"Oh?"

Ye chen smiled at the Crimson torrent.

"Phew, phew, phew!"

The devouring vortex moved again. The darkness pool covered the sky and completely controlled the entire space. The blood Rakshasa's blood hell was no match for it. It was constantly broken by the devouring vortex. Waves of power were turned into aura and completely absorbed.

The blood Rakshasa flew into the sky and merged with the Rakshasa shadow, turning into an ancient beast that wanted to devour ye chen.

"Ye chen, die!"

The huge Rakshasa figure extended its sharp claws and tried to grab ye chen.

"Lord nether King, be careful!"

The netherworld elite shouted from behind.

In their panic, they saw the blood Rakshasa's sharp claws grab ye chen. Then, it put its claws together!

"Boom boom boom!"

After putting his palms together, the blood Rakshasa was overjoyed.

"Hahaha, ye chen, you're just so-so!"

The blood Rakshasa laughed out loud, thinking that she had successfully killed ye chen.

The people from the netherworld were all shocked. Could it be that the blood Rakshasa had really killed the nether King?

However, old ancestor yellow spring had been acting naturally in the three days of the netherworld. They knew ye Chen's ability very well. It was impossible for him to be killed by the blood Rakshasa. Moreover, they had seen the truth of the battle.

"Boom boom boom!"

Crack, crack, crack!

While everyone was still in shock, the Rakshasa Shadow's claws shattered in the air and exploded!

"Ah!"

The blood Rakshasa looked pained. Her arms turned into blood-red shards and scattered in the sky.

"You!"

"You dare to show off such a small trick in front of me? I've tolerated you for too long!"

Ye chen flew up, the celestial Thearch sword's light appearing in his hand.

"Celestial Thearch sword, judgement!"

The sword of judgment, with the might of the heavenly Emperor, completely shattered the last hope of the blood Rakshasa.

In the sky, an incomparably Grand sword light slashed down from the clouds.

"Boom boom boom!"

"No!"

The blood Rakshasa's eyes widened when she saw her own death. She was unwilling, but what was the use?

With a cracking sound, the entire Rakshasa shadow was crushed into pieces, and the body of the blood Rakshasa also exploded and turned into powder.

"Ah?"

At the sight of this scene, the demon Corps were completely shocked.

The blood Rakshasa, one of the ten great killing generals of the devil realm, was so vulnerable in front of ye chen.

"Dark Thearch, please show mercy and let us return to the demonic realm!"

"Yeah, we're all following the blood Rakshasa. We don't really want to invade the underworld."

"We are all innocent, please forgive us!"

Countless demon Warriors knelt on the ground, hoping to be pardoned by ye chen.

"Oh?"

Ye chen sneered at the many demons 'ways of saving themselves.

"It's too late for you to repent now!"

"Ah? Ye chen, don't be so ruthless!"

"Hahaha!"

Ye Chen's words triggered these people's sincerity. He waved the celestial Thearch sword in his hand again. The sword slashed through the wind and clouds, and blood-red light scattered across the nine provinces!

"Swish!"

The sword light streaked across the huge demonic ship, and in an instant, the entire demonic ship split open from the center. As the light shone in all directions, an energy explosion was activated.

"Ah, ah?"

The demon Corps was completely exterminated in the most terrifying and desperate situation.

They didn't have the chance to make a sound. The sword of judgment had already penetrated all of them. Destruction was right in front of them. It was already destined to be annihilated.

The blood Rakshasa Army was completely annihilated!

"The mighty nether King! The mighty nether King!"

The invading army was annihilated. The netherworld Army continued to shout ye Chen's name with a mighty aura!

"Return to the yellow Springs!"

[Chapter 2014 2019-Rolling The Dirt Again!](#)

Devil army Headquarters.

"Master Chi Fang, there's news from the front. The blood Rakshasa was killed by ye chen and his entire Army was annihilated!"

"This idiot damaged my military prestige. He really deserves to die!"

Red Tiger said angrily.

"It's really useless to let this guy be the vanguard. " The red leopard said.

"Yes, it seems that we have to speed up our actions. The upper realm has given us a time limit this time. If we can't get the core of the Three Realms within three days, then we will all be guilty!"

"Big brother, don't worry about that. We've come in full force this time. Do you think we can't kill one ye chen?"

"We can't be careless. Ye chen is an existence that killed the ruler of the demon world."

"Hahaha, what's the devil world's ruler? he's just a minor character. With the three of us attacking at the same time, no one in this town can escape."

"That's right, big brother, we're definitely going to win this time. "

Although Chi Hu and Chi Bao were full of confidence, Chi Fang still had some doubts. He really wanted to see what kind of person ye chen was.

The vast demonic ship passed through many obstacles and headed toward the netherworld.

After killing the blood Rakshasa within three thousand feet of the netherworld, ye chen sat on the throne and rewarded many cultivators.

"Old ancestor yellow spring, this is your reward for your Meritorious Service in guarding the yellow spring Battle Manor!"

Ye chen threw out a golden pill. This golden pill was refined by him through the core of the Three Realms. It contained the power of the Three Realms and was of great help to cultivation.

"Many thanks, fellow Daoist ye!"

Old ancestor yellow spring was very excited as he put away the Golden pill. He had reached a critical moment in his breakthrough. Breaking through to the form synthesis stage had become his greatest need. Ye Chen's golden pill was very suitable.

"Wushuang, this is the essence of the divine weapons I refined from the divine weapons I subdued after defeating many elite warriors. It will be of great benefit to you, take it!"

"Thank you, master!"

Ye Wushuang stood up and ye chen pointed forward. Suddenly, a golden light shot out. In this golden light, the essence of a divine weapon circulated.

With ye Chen's touch, the essence was all instilled into ye Wushuang's body. To ye Wushuang, this kind of energy was much better than those spiritual pills.

After absorbing the essence of the divine weapon, ye Wushuang's sword spirit physique would become more perfect and he would regain the feeling of a peak celestial artifact in the past.

Many other powerhouses received ye Chen's rewards one after another. These rewards were targeted at their cultivation methods, martial arts, and obstacles in their path of cultivation. They were all practical goods that were very useful to these powerhouses.

"Hades, we've discovered a large amount of demonic energy three thousand Zhang and a hundred li away from the yellow spring. Three of them are extremely powerful."

"Oh?"

Everyone turned their heads to look at the demon warrior who had reported.

"The nether King has just killed the blood Rakshasa and crushed the morale of the devil army. He really doesn't know what's good for him."

"Hmph, demon evildoers are all so conceited. This time, let our netherworld meet them in three days!"

"That's right. Lord nether King, you don't need to do anything. We will take down these three people!"

Seeing that the three days of the netherworld were filled with fighting spirit, ye chen nodded slightly and allowed their request to fight.

"Many thanks, Lord nether King!"

The three of them stood up at the same time and walked out of the hall. They led their respective troops and set off.

On a high mountain thirty thousand Zhang away from the yellow spring, the demonic boat slowly approached the shore.

"Big brother, we're less than a hundred li away from the yellow spring. It's better to send out more Scouts to observe their movements."

"Reasonable!"

Chi Fang stretched out his hand and pointed at the sky. Suddenly, a mass of devil Qi rushed out. This devil Qi transformed into countless Firebirds in the sky, and flew towards the yellow spring.

"Hahaha, with big brother's Firebird monitoring, none of them can escape from reality!"

Red Tiger and red leopard said in excitement.

After that, everyone started drinking.

After about a quarter of an hour, Chi Fang sensed movement in front of him.

"Everyone, please take a look!"

Chi Fang's sword fingers lit up, and on a screen of light, the information that the Firebird had gathered appeared before his eyes.

Red Tiger and red leopard sneered at the scene.

"This time, the netherworld realm's three heavens has personally come out. We brothers will have to give them a taste of their might."

The red leopard said with a cold smile.

"Big brother, what do you think?" Red Tiger asked.

"This time, the netherworld will be sending Indra, Asura, and domoro. These three hold high positions in the three heavens of the netherworld and have some strength. Brothers, you must not be careless."

"Don't worry, big brother. We'll make this so-called netherworld a one-way trip for three days!"

Red Tiger and red leopard cupped their hands and left the hall. They brought their subordinates and flew forward.

Three thousand Zhang *(3000m per Zhang) away from the yellow spring, Indra flew into the sky and transformed into a huge eye that was like a lake. Above the clouds, it emitted a vast light that shone forward.

"Hmm ... The demonic boat is just a hundred miles away. They've made their move. I can sense two powerful forces. They're coming!"

Upon hearing Indra's words, Asura and domoro brought their men and stood in the void, waiting for him.

"Boom boom boom!"

At this moment, the void was filled with Rolling Thunder!

"Hahaha!"

With a burst of maniacal laughter, a fierce tiger roared through the forest, shaking the world!

This roar reverberated in a radius of a hundred miles. The netherworld people only felt their heads splitting as blood flowed out of their ears. Those who didn't have a strong enough Foundation exploded and died on the spot.

"Activate the protective shield!"

In order to preserve the strength of the netherworld Army, Indra shouted.

"Ah!"

"Break!" Domoro shouted. Then, a tentacle boundary appeared on his huge body. It shook the sky and the earth. It kept growing, forming countless tentacle mountains. These mountains surrounded the people of the netherworld and blocked the influence of the tiger's roar.

Boom, boom, boom!

However, the continuous movement of the tiger's roar put domoro's body under great pressure.

"Tamoro, is there any problem?" Asura asked.

"Ha, this injury is nothing to me. You should know my recovery ability very well!"

"Hmm, I'm not worried about that!"

The Asura spread his bone wings and flew up to the nine Heavens, looking at the Army of the demonic realm.

At this moment, the demonic Army, led by Red Tiger and red leopard, was approaching with great momentum.

In the surrounding mountains, countless demon Warriors charged forward, trampling and cracking the mountains and the earth!

Thump, thump, thump!

With every step forward, he stirred up a thousand feet of dust, making people tremble in fear.

"Hahaha!"

As the Crimson Tiger roared, its powerful might shook the surrounding thousand miles and continued to attack domoro's huge body.

Crack, crack, crack!

Domoro's body was constantly being torn apart, and blood was everywhere. He relied on his powerful recovery ability to protect the first line of defense of the netherworld.

"Mm ..."

Asura's brows furrowed when he saw that domoro was in great trouble. He was furious.

"Who are you?"

His question spread far and wide.

"Hahaha, die!"

[Chapter 2015 Battle In The Sky, Each Showing Their Abilities!](#)

"Asuras of the netherworld's three heavens, prepare to die!"

A hundred miles away, the voice was transmitted. Angry Thunder shook the sky, and the roar of a Red Tiger tore the sky!

"Oh?"

Asura's eyes turned cold when he felt the powerful vibration. He gathered all his power on his bone wings and spread them open, causing a strong wind to sweep out.

"Phew, phew, phew!"

The power of the wild wind contained Asura's violent netherworld energy and devoured everything.

The netherworld wind howled, shaking the tiger's roar. The invisible forces of both sides collided in the void. Instantly, the firmament was shattered, and the wind and clouds moved. Violent lightning filled the world!

"Boom boom boom!"

Above the cracking sound, a person descended in a powerful manner.

"Hahaha, before this seat, you all bow your heads!"

The Crimson Tiger's laughter was like a deafening thunderclap that shook everyone's eardrums.

When domoro saw this, he waved his tentacles and activated the flesh barrier, once again isolating the sound attacks.

"Damn it!"

Seeing domoro's actions, the red leopard flew out, stretched out its sharp claws, and swiped at the void in front of it.

Buzz, buzz, buzz!"

Instantly, countless sharp claw lights turned into a stream of knife energy and attacked domoro.

"Ultimate defense!"

Domoro released his netherworld energy and activated the secret spell. In an instant, the surface of all his tentacles turned into diamond scales, making them impervious to weapons.

Buzz, buzz, buzz!"

,m The blade energy of the flowing lights all hit the scales, but it couldn't penetrate them and dissipated.

"Hahaha, you want to break through my defense? in your dreams!"

"Is that so?"

The red leopard did not hesitate. A sharp blade appeared in its hand. It looked small, but it was extremely sharp. It was the Supreme spiritual treasure, the Kasaya leopard head blade!

"Kill!"

The red leopard's figure disappeared from the space and reappeared a few hundred feet away. It turned into a stream of light and headed straight for domoro.

"Damn it!"

Of course, domoro would not just sit back and wait for death. He summoned countless steel tentacles and slapped them toward the red leopard.

Boom, boom, boom!

Every time the tentacles attacked, the ground would crack and the mountains would shatter. The powerful force shook the nine Heavens and ten lands.

However, it was as if the red leopard already knew where he was going to attack. Every time an attack came, it could easily Dodge it. Such a reaction speed was too shocking.

"Whoosh, whoosh, Whoosh!"

Even though it was attacked by hundreds of tentacles, the red leopard could still Dodge easily. It could not grasp his true position at all.

"How is that possible?"

Domoro was now in a passive position.

At this moment, the red leopard appeared in front of its weakest tentacles. These tentacles were only responsible for attacking and did not have the steel defense that the other tentacles had.

"Slash!"

The red leopard's eyes were filled with killing intent, and it quickly slashed with the leopard head blade.

Buzz, buzz, buzz!"

Under the saber-light and sword-shadow, the weak tentacles were cut and shattered by the leopard head saber.

"Ah!"

A pained cry rang out as domoro was severely injured.

"Hahaha!"

With a smug laugh, the red leopard returned to the nine Heavens and regrouped with the red Tiger.

"Big brother, these pieces of trash are really too useless."

"Is that so? we're here to torture and kill. Let's start with the three heavens of the netherworld!"

"Yes, that's right!"

The two abnormal demonic Venerables revealed their ugly faces, but they had strong demonic energy and demonic might, which was terrifying.

The entire netherworld Army was forced into a passive position upon seeing the two monsters.

"Who are you, state your name!"

Asura asked angrily.

"Since you all want to know who killed you so much, I'll tell you. I'm red leopard!"

"My name is Crimson Tiger. Chi Fang is our big brother. This time, we're going to eradicate the netherworld and take back the core of the Three Realms. We're going to get ye chen to come out and surrender immediately and hand over the treasures. Otherwise, we'll let you all die without a burial place!"

After hearing red leopard and red Tiger's words, three heavens from the netherworld was furious. The two people in front of them didn't even put them in their eyes. This was a joke, a huge mockery.

"The other party is so rude, what are we waiting for?" Domoro said angrily. Dozens of his tentacles had been cut off by the red leopard, and he hated these people from the devil World the most. He wanted to eat their flesh and drink their blood!

"Towering tentacles!"

In order to regain his face, domoro did not hold back this time. His attack was as large as a mountain peak, shaking the heavens and earth.

"Hahaha, you want to shake our Army with such power?"

Red Tiger sneered at the tentacles.

"Roar!"

With an angry roar, the red Tiger flew up to the nine Heavens and punched out.

The crowd watched as the fist radiance exploded in the sky. It then transformed into countless Tiger-shaped attacks that charged toward the netherworld Army.

Boom, boom, boom!

These Tiger-shaped attacks bombarded the towering tentacles, and violent explosions occurred in the air like raindrops. Domoro's tentacle attacks were completely disintegrated.

"Ah!"

The extreme pain caused domoro's body to tremble. The explosion of these tentacles had caused him great damage.

"Domoro, are you alright?"

Yintuoluo asked.

"No problem!"

Domoro stood up again, and the injuries on his body began to heal.

"Hand over the core of the Three Realms. This is your only chance!" Red Tiger shouted.

"Trying to provoke the nether King? that's the wisest choice you've made!"

Asura angrily rebuked.

"You really don't know what's good for you!"

The red Tiger was furious and did not say anything more. He sat cross-legged in the air, and a Tiger Mount appeared beneath him, walking towards the netherworld Army.

"Indra's glaring Vajra thousand hands imprint!"

"Zi Zi Zi!"

A burst of light bloomed from Indra's body, and the huge figure of the glaring Vajra appeared behind him.

The power of Buddha was infused into the glaring Vajra. At this moment, the glaring Vajra was ready to kill.

"Zi Zi Zi!"

Yintuoluo's figure appeared on the red Tiger's path. He sat cross-legged in the void, like a Buddha meditating.

"I didn't expect that someone would want to die so quickly."

"You're boasting!"

The Vajra behind Indra reached out a huge palm and grabbed at the red Tiger.

"You want to deal with me with such a useless move?"

The red Tiger's inner breath shook, and the Tiger-shaped fist radiance from before appeared again.

"Roar, roar, roar!"

With a brutal roar, the Tiger-shaped attack came crushing over.

"Thousand hand seal!"

Thump, thump, thump!

Yintuoluo didn't want to be outdone, so he activated the glaring Vajra thousand hands.

Suddenly, countless arms appeared behind the glaring Vajra, like the thousand-hand Guanyin, extremely majestic.

Countless hand seals shot out, clashing with the Tiger-shaped fist radiance.

Boom, boom, boom!

Above the nine Heavens, countless energy exploded, causing shock waves that shook the area within a thousand miles.

Countless mountains were destroyed and the ground cracked!

At the same time, a large number of netherworld soldiers were affected by the shockwaves and fell into madness.

"Ah, ah, hahaha!"

They had strange expressions on their faces as they waved their hands and feet. Then, a shocking scene unfolded. They took out their sharp blades and waved them around, not caring about the lives of their companions at all!

"This!"

Seeing this scene, the three of them were shocked.

[Chapter 2016 The Might Of A Tiger And A Leopard!](#)

"Mighty tiger immortal!"

Seeing that Red Tiger had suppressed Indra, the people of the devil World started to shout as if they had already won.

"Laughable!"

Indra was furious, and the Vajra's angry eyes behind him went berserk again. Countless arms stretched out and bombarded the red Tiger.

"Good!"

Chi Hu's face was filled with excitement. This was his first time fighting in the lower realm. He wanted to show off his power and kill the person before him.

"Roar!"

The fierce tiger roared at the sky, and the world dimmed!

A huge Tiger-shaped demonic power rushed toward the glaring Vajra behind Indra.

"Ah?"

Indra was shocked. He didn't expect Red Tiger to go straight to the root and destroy his source of celestial energy.

"Indra's Gale palm!"

Such a threat must be eliminated.

Yintuoluo circulated all the immortal energy in his body and ascended by himself.

"Boom boom boom!"

With a loud bang, the Tiger-shaped demonic power from before instantly blew up a mountain peak, and that was where Indra had been.

"You're trying to escape?"

"Why would I run away? you're underestimating me."

"I'm not underestimating you, but I want you dead! Remember my name, Red Tiger!"

The roar of the Tiger was heard again, shaking the heaven and earth. The darkness was boundless, and a gorgeous Tiger rushed up to the nine Heavens and locked onto yintuoluo.

"Be careful!"

Seeing the demonic energy in the form of a Tiger charging at him again, Asura flapped his bone wings. Suddenly, gusts of wind swept over, trying to disrupt the red Tiger's accuracy.

However, this was all an illusion. The red Tiger was too powerful, and The Rules of Magic contained in it were even more powerful.

Thump, thump, thump!

The Tiger broke through the Asura storm and charged straight at Asura.

"His target is you!"

"Ah?"

Asura had wanted to save him, but he didn't expect that the other party's target was actually him. Caught off guard, he was instantly severely injured.

"Ah!"

The Asura's body fell from the sky with a scream.

"Asura!"

"Asura!" When he saw that Asura was injured, domoro shouted and reached out his tentacles to catch him.

"Whoosh!"

Through the tentacle, domoro had saved Asura, but the current situation was even more passive.

"Hahaha!"

A sharp laughter rang out. Everyone looked over and saw red leopard coming to Red Tiger's side.

"Second brother, it's up to me this time."

"Alright, I'll let you show off your skills!"

The red Tiger stayed behind to guard the place while the red leopard flew out.

"Whoosh, whoosh, Whoosh!"

In the blink of an eye, his sharp claws slashed across, and blood splattered.

Buzz, buzz, buzz!"

Blood dyed the entire sky red. The red leopard's speed was even faster than the red Tiger's, and every attack carried a huge impact energy, which could cause a huge tearing wound.

"Leopard travel the world!"

The red leopard let out an angry roar and crossed a hundred miles in the blink of an eye. Along his path, countless energy burst out. These mana turned into ghosts that sought for lives, constantly killing the netherworld elites in the surroundings.

Miserable shrieks could be heard without end. They might have been killed before they could even see the red leopard's figure.

"These two are too strong. We have to release the three heavens formation!"

"Asura, can you still hold on?"

"No problem!"

In order to comfort everyone, Asura endured the great pain and responded.

"Alright, activate the formation!"

The three experts flew up to the nine Heavens and chanted the incantation at the same time, activating the array.

"The netherworld's three heavens formation!"

"Zi Zi Zi!"

The three of them released their powers at the same time, rushing into the sky and converging into the image of a seal.

The power of three days condensed into a netherworld seal. It spun continuously in the air, releasing countless bright lights.

These rays of light, along with the power of rules of the seal, began to counterattack.

"Red leopard, don't be so arrogant!"

Indra roared and activated the seal's power, transforming it into a rain of swords that madly hit the ground.

Boom, boom, boom!

The surrounding space trembled rapidly. There was no place to hide within the coverage of the seal.

However, right before everyone's eyes, the red leopard actually disappeared.

"Where did the red leopard go?" Yintuoluo asked.

"It's strange that we can't find his position. He was originally within the attack range of our dharmic seals. "

"This ..."

He looked at his surroundings. Although it was in shambles, he could not see the red leopard's position.

"Swish!"

At this moment, all of a sudden, the three of them looked up at the sky at the same time. A black shadow suddenly appeared.

"Hahaha, I'll play with you guys!"

The light shadow gradually became clearer. It was the red leopard.

"You bastard!"

Yintuoluo tried to kill him with a giant palm, but the red leopard was too agile. It was impossible to find his position.

"Three light protection!"

Seeing that the red leopard had disappeared again, Indra activated the three lights to protect himself.

Indra, Asura, and domoro began to meditate in the power of the three lights.

"Zi Zi Zi!"

Countless netherworld energy surrounded the three lights. Their power was formed by the three connate beings.

"Oh ..."

The red leopard revealed a sinister smile. Then, two sharp blades appeared in his hands. These two sharp blades were Supreme-grade numinous treasures. They were sharp and unrivaled!

"Kill!"

In order to break the three heavens formation, the red leopard had to show its power.

Everything before his eyes was under ye Chen's control.

Inside the Hall of the Dead, ye Chen's eyes were fixed on the screen in front of him. The images of the red leopard and the red Tiger had already appeared.

"Devil World, are you unable to hold on?"

Ye Chen's eyes were locked on a spot in the distance. Although the red Tiger and red leopard were powerful, ye chen could sense that the real powerhouse was behind them.

On the battlefield, the red leopard held a sharp blade in his hand, showing off his sharpness.

Buzz, buzz, buzz!"

A few sharp marks were drawn, and a flaw had already appeared in the formation of three lights.

"Hahaha, the formation of three lights, what a joke!"

The red leopard transformed into its cheetah form. With its sharp fangs and sharp blades, it charged towards the three heavens formation.

"Kill!"

Indra was furious, and the glaring Vajra appeared again.

"Boom boom boom!"

The Furious Vajra struck out with his palm, and it was like a mountain pressing down on the red leopard.

"Whoosh, whoosh, Whoosh!"

However, the red leopard dodged it in a flash. Then, the sharp blade light went straight for Indra.

"Be careful!"

Tamoro released countless tentacles to restrain the red leopard.

"Damn it!"

The red leopard's blade flashed and in the blink of an eye, it cut the tentacles into pieces.

"Swish!"

Indra felt a sharp pain in his arm. He had been hit.

"Indra!"

"I'm fine. Maintain the formation!"

"Yes!"

The three great experts each carried out their own duties and continued to maintain the great formation. As long as the great formation was still in place, the demon Army could forget about entering the netherworld.

"Mm ..."

At this moment, Red Tiger's eyes turned cold. He didn't want to waste any more time.

"Howling heaven and earth, bashful blood slaughter gate!"

The red Tiger's next attack was completely different from before. This power could even kill a person in the Mahayana realm in seconds.

"Boom boom boom!"

The Tiger form true force roared as it broke through numerous mountains and arrived at three days ago.

"Ah?"

Three days of shock. In a moment of surprise, the Tiger-shaped true force broke through the three heavens protective barrier and destroyed the three heavens formation.

Crack, crack, crack!

With the destruction of the three heavens formation, the red Tiger's suppression caused the three heavens of the netherworld to suffer unspeakable pain.

Their bodies gradually floated into the air. Under such control, they were like ants.

[Chapter 2017 2022-Red Square Reveals Its Form!](#)

"You ants, die!"

The red Tiger roared in anger, and its sharp claws cut through the void. The three heavens of the netherworld were thrown into the sky at the same time.

"Ah!"

As the three of them screamed, the Tiger-shaped demonic shadow opened its huge mouth and wanted to devour them.

"Boom boom boom!"

Just as the three of them were in danger, there was a loud noise in the sky. Then, a huge hand stretched out from the void and grabbed the Tiger figure.

"What?"

Seeing this, Red Tiger suddenly looked up into the void. He didn't find any clues, but the huge handprint suddenly grabbed.

"Crack!"

The Tiger form suddenly broke and exploded.

"Boom boom boom!"

Between heaven and earth, Thunder rumbled as a majestic figure appeared in front of everyone.

Many experts looked up at the sky. They wanted to see who it was that had broken Red Tiger's killing move.

"Demon, you still dare to invade my netherworld?"

At this moment, a furious roar was heard. Ye chen had descended.

"What?"

Chi Hu's brows furrowed slightly as he felt ye Chen's powerful inner strength.

"Hahaha, it seems like you're the advanced Lord of the netherworld, Taowu ye chen!"

"That's me. Why aren't you kneeling and surrendering?"

"Kneel and surrender? Hahaha, you're an interesting person!"

Red Tiger laughed but the corners of his mouth revealed a cold expression. His eyes were like sharp thorns as he locked onto ye chen. The murderous look on his face would have stunned any ordinary person.

Ye chen could feel that there was a shocking force hidden in this expression. This force could affect a person's brain waves and cause them to fall into an illusion.

However, with ye Chen's ancient God Body, he automatically activated his defense mechanism and blocked the transmission of these forces in the air.

"You're still as calm as Mount Tai under my intimidating barrier?"

At first, he thought that ye chen would kneel down and surrender on the spot. However, what he saw was ye chen staring at him coldly without any intention of giving in. This made Red Tiger feel that the person in front of him had some ability.

"Go!"

The Crimson Tiger's sharp claws waved and a gust of wind whistled out, directly attacking ye chen.

"Sword essence cleave!"

In the face of this bloodthirsty wind, ye chen waved his sword fingers slightly. It was just a simple sword energy.

Buzz, buzz, buzz!"

As the sword Qi cut itself in the void, everything in the space was shattered. The power of the tiger's roar could not escape the fate of shattering.

Such a sharp cut made Red Tiger tremble in fear.

p "Impossible, how did this person accurately locate my killer move?"

Just as Crimson Tiger was feeling puzzled, ye Chen's sword-like fingers moved again. In front of Crimson Tiger's shocked eyes, a sharp light came straight for his head.

"Ah?"

The red Tiger's face turned pale with fright as it retreated continuously. Then, it released the power of a tiger's roar to maintain its balance.

"Red leopard, are you still not moving?"

"Ha, Red Tiger, I didn't expect you to take the initiative to ask me for help. Is the person in front of you worth your panic?"

"This person is not as simple as he looks. His Foundation is definitely not below that of an itinerant immortal!"

"No way?"

Looking at the red Tiger's shocked eyes, the red leopard's heart was in a mess. Was ye chen really that powerful?

The red leopard's body moved in an instant, and a sharp light flashed in his hand. He wanted to kill with a single strike.

"Lord nether King, be careful!"

The netherworld's three heavens shouted loudly. They had witnessed the red leopard's power before.

"Swish!"

Ye chen stood alone in the air. His two fingers caught the killing Edge in the air. The space instantly froze. The red leopard's advantage in speed was completely lost. Instead, it was trapped in the ancient God Space.

In this space, only ye chen could move freely. Those who were trapped in it, no matter how fast they were, would be frozen on the spot and unable to move.

The red leopard felt as if its body had turned into a statue, and it had completely lost the strength to move.

"This is impossible. What's going on?"

This feeling was extremely unpleasant. He finally understood what Red Tiger meant. Ye chen was not someone they could deal with as they pleased. Even leaving this place had become extremely difficult.

Time and space were completely under ye Chen's control. The red Tiger and red leopard's movements were like a slow-motion movie. Every bit of it was within ye Chen's control.

"Red Tiger, red leopard, can you see the difference between us?"

Ye Chen's voice had also become very slow but the intensity of his voice had increased. Like a pulse, it entered the ears of the red Tiger and red leopard.

Their mental defenses began to crumble. They had never thought that they would be trapped in such a strange space.

"Red Tiger!"

The red leopard circulated his Yuan Qi and shouted.

"No... But ... Lu ... Reckless!"

Even though the voice was han mang 's, Red Tiger still reminded red leopard that he must not move around in this space. Otherwise, even the most slight smile could cause a huge impact. It was the butterfly effect.

The two of them activated their mystic energy at the same time, releasing their rogue cultivator-level cultivation.

These powers turned into thick waves and fused together.

Then, although it was still slow, their minds could finally communicate. With a single movement of the demonic will, their thoughts could communicate.

Thump, thump, thump!

At this moment, heavy footsteps were heard. The two of them looked around at the same time, but they didn't see anyone.

As the sound got closer, they finally saw a huge figure walking towards them.

When they saw the giant figure clearly, their hearts trembled.

"Ye chen!

The person they saw was ye chen. His speed was completely different from theirs. He was not restricted by the space in front of him and could move freely.

"Red Tiger, red leopard, do you admit defeat?"

"No, that's impossible!"

Both of them were loose Immortals of the magic martial world, how could they surrender and admit defeat?

The two kept releasing their mana, trying to break free from the comfort of the space in front of them. However, the more they tried, the more they fell into it. This was the unique thing about the ancient God Space. It was the Taiji true force that circulated here.

"Eight-gate divine disc!"

Ye chen released the eight-gate divine disc and eight rays of light appeared at the same time. The eight-gate divine disc kept spinning above the red Tiger and the red leopard, stabilizing the power of the entire space. It was almost impossible to break through from the inside.

"Still not going to show yourself?"

Ye chen pointed his sword at the red Tiger and red leopard's heads. He was obviously planning to launch a killing move. His target was none other than the vanguard official of the magic martial arts world, Pi Xiu Chi Fang, who was hiding in the dark.

"Oh? It seems like you've already discovered me!"

"You don't have to doubt that. Do you want to save the two of them?"

"So what if I am?"

"Hahaha, if I were you, I would leave on my own. Don't get involved in this mess!"

"You're overconfident!"

Chi Fang's eyes narrowed, and a huge force awakened in his body!

"Roar!"

As he roared, a large bird that looked like a crane appeared behind Chi Fang.

It flapped its wings continuously, and gusts of strong wind really shook ye Chen's ancient God Space!

[Chapter 2018 Teasing The Three Immortals!](#)

"Boom boom boom!"

As the wind swept over, ye Chen's ancient God Space trembled violently. There were even signs of destruction in many places.

"Kill!"

Ye Chen's furious eyes locked onto Chi Fang. The celestial Thearch sword slashed the universe.

"Whoosh!"

The Grand sword Qi rushed towards Chi Fang, but the other party was not afraid at all.

With a Crane's cry, a huge immortal Crane's claw grabbed ye Chen's sword energy in the air.

"Crack!"

With a loud explosion, ye Chen's sword Qi was crushed in the air.

While ye chen and Chi Fang were fighting, Chi Hu and Chi Bao circulated their demonic energy. Their powerful itinerant immortal power erupted, even triggering the divine Thunder of the heavenly Tribulation.

"Boom boom boom!"

Thunder rumbled and lightning flashed!

The two of them used their powers to attack the ancient God Space.

"Mm ..."

Ye chen was afraid that something had gone wrong with the ancient God Space, so he immediately recalled it.

Red Tiger and red leopard escaped from danger and were shocked.

"Ye chen, how dare you bind us brothers? you'll die a horrible death today!"

"Brat, today is your death anniversary!"

The two of them locked onto ye chen at the same time, wanting to vent their anger for being trapped by ye chen in the ancient God Space.

"Roar!"

The Tiger form and leopard form attacks were launched one after another, rushing madly toward ye chen.

Chi Fang found an opportunity and attacked at the same time. He added the crane form attack and three powerful Pandora demon abilities, vowing to end ye Chen's life.

"Ye chen, come die!"

The combined power of the three of them shook the heavens. Even a cultivator in the late stage of the Mahayana realm would die on the spot.

"Ah!"

Faced with the combined strength of the three, ye chen let out a long cry and continued to improve his Foundation. Powerful Pandora demon ability was instilled into his meridians, and the demon patterns on his body burst out.

"Roar!"

At the same time, the Furious Roar of Time and space appeared behind him. It opened its huge mouth and directly swallowed the attack in front of it.

"Boom boom boom!"

The three huge waves of energy were swallowed into the ancient God Space.

There was a constant rumbling sound coming from ye Chen's body. It was three streams of energy sweeping and stirring, trying to break out of his body.

The ancient God Space was extremely strong. No matter how strong these forces were, they could not tear the ancient God Space apart.

At the same time, the spacetime wrath triggered the spacetime rules, making the internal structure of the ancient God Space even more complicated and ever-changing. It instantly cut off the connection between the three Qi forces and Chi Fang, Red Tiger, and red leopard.

The three of them were shocked to see ye chen standing alone in the air and not suffering any damage.

"This is impossible!"

Even the strongest, Chi Fang, couldn't understand.

"Big brother, what's going on with this person? just now, we all saw him devour three of the Qi-Jin that would definitely kill him." The red leopard said.

"Big brother, even someone in the late stage of the Mahayana realm can't digest our three Qi-Jin and will definitely explode and die. At most, he has just entered the Mahayana realm. He shouldn't have such power!"

When Chi Fang heard Red Tiger and red leopard's words, he also thought so. However, the reality before them told them that ye Chen's Foundation was far beyond their imagination. They had encountered a tough opponent!

"Ye Chen's too abnormal. We can't be careless. We'll do it step by step!"

"Yes!"

The two of them did not continue to attack ye chen. Instead, Chi Fang circled around ye chen and looked for an opening.

"Ye chen, how did you forcefully devour three of our killing auras? you should know that these auras are enough to make your body explode and die!"

Chi Fang had no other choice but to ask.

Ye chen sneered at Chi Fang's question.

"Hahaha, Chi Fang, you're a loose immortal of the devil World with profound cultivation and vast knowledge. Do you still need to ask me?"

"I won't hide it from you. I've seen many geniuses like you, but I've never seen anyone who could directly devour my Qi-Jin, not to mention devouring our three sure-kill techniques at the same time. There must be a secret behind this."

"You're smart. There's no harm in telling you. In my ancient God Space, even if you use all your power, you can forget about hurting me!"

"What?"

Hearing this, Chi Fang's heart trembled.

His brows were tightly furrowed and his eyes were cold. He carefully observed ye chen and found that he did not seem to be lying. Was he telling the truth?

If things were really as ye chen said, it would be wishful thinking for them to fight ye chen because any attack they made would be absorbed by the space-time roar. What was the point of fighting?

"Mm ..."

Chi Fang fell into deep thought.

This was ye Chen's plan to disrupt the enemy's thinking. Although the ancient God Space was extremely vast and could accommodate everything, ye Chen's Foundation was still too low. It was impossible for him to exert the full power of the ancient God Space. Therefore, he could not force himself to absorb every attack he received.

However, ye Chen's act of forcefully absorbing the three great Chi-Jin was too shocking and caused Chi Fang to lose his ability to think calmly.

"Big brother, could this person be telling the truth?"

Red leopard and red Tiger came over to ask. Although they were itinerant immortal powerhouses, they had never seen an unusual genius like ye chen. They did not have any experience in dealing with him, so they were naturally hesitant.

During this time, ye chen had already completed a full cycle of the three major forces of vigor that he had rapidly refined and absorbed through the ancient God Space.

"Phew ..."

Ye Chen let out a long breath and nodded slightly.

"What?"

When Chi Fang saw this, he immediately realized that he had been tricked.

"Not good, we've been tricked."

"Big brother, what do you mean?"

"This person is using our hesitation to refine the Qi He absorbed. I understand now. He can't absorb our Qi multiple times. He's bluffing!"

"What? Damn it, damn it!"

When they heard this, Red Leopard and Red Tiger were instantly enraged. They did not expect that their illustrious names would be toyed with by Ye Chen like monkeys.

"Ye Chen, you bastard! You're playing with us and stalling for time!"

Red Leopard said, "Have you already refined those three Qi-Jin?"

Ye Chen sneered at Red Tiger and Red Leopard's questions.

"Isn't it too late for you to only understand now?" he asked as he walked in front of the two.

"I'm not playing. It's not too late to kill you!"

When they heard Ye Chen's words, they had already tacitly agreed to their judgment and their desire for revenge grew even more urgent.

"Kill!"

The Red Leopard transformed into a leopard and leaped toward Ye Chen.

"Roar!"

On the other hand, the Crimson Tiger had activated the universe tiger roar secret technique, drawing the demonic Tiger form behind him. It soared into the sky and was about to devour Ye Chen's main body.

"Trash!"

Ye Chen shouted coldly. The eight-gate divine disc appeared above his head.

"Zi Zi Zi!"

Just as Red Tiger and Red Leopard's powerful killing moves were about to hit Ye Chen, a Golden Gate suddenly opened on the eight-gate divine disc.

Buzz, buzz!"

The energy of the two of them was channeled into the eight-gate divine disc.

"What? It's been sucked away again?"

The two of them were dumbfounded. Not only could ye chen devour their divine powers, but he had also guided them away this time. How many secret techniques did this person know?

The two of them were extremely angry at this scene, and their killing intent soared.

[Chapter 2019 Bloody Battle In Netherworld!](#)

"Immortal spell-glorious leopard formation!"

"Immortal spell-misty tiger teeth!"

The two men's eyes were bloodshot. Ye Chen's humiliation had made them completely furious.

"Come on!"

Ye chen sneered at the two's celestial techniques. He really did not care about this little bit of ability.

"Eight gates divine plate, Red Lotus du gate, view gate, open!"

Ye chen activated the eight-gate divine disc. Instantly, a door opened in the void. The celestial demon power flowed through it and instantly occupied the entire space.

"What, what kind of power is this?"

The two of them instantly felt that something was wrong. They raised their heads and discovered that the eight-gate divine disc was constantly flowing with a mysterious power of fusion. This was the power of God and Devil.

With the ancient God Body and the peak-level devil marks, the power in ye Chen's body had reached the heavens.

"The dark abyss of the netherworld!"

At the same time, ye chen released the power of the darkness pool. The power of the underworld also appeared.

"Boom boom boom!"

The earth cracked, time and space collided, mountains shattered, and tsunamis soared!

p At this moment, the eight-gate divine disc released countless mid-attribute powers. No matter what was in front of them, they were all destroyed!

"Kill!"

The two great itinerant Immortals were not easy to deal with. In the face of ye Chen's powerful counterattack, they released their own power.

Thump, thump, thump!

The leopard formation had countless leopards flying out to form a group attack, and its power was more than a hundred times stronger.

Tiger teeth. The red Tiger used his own Immortal Technique to condense Tiger-shaped demonic energy. He poured all his power into his tiger teeth divine weapon. Suddenly, countless sharp teeth were released from the ground and the sky, penetrating everything.

"Boom boom boom!"

The two forces finally collided and began to collide with each other, eliminating each other.

"Nine Heavens rumbling Thunder palm!"

Ye Chen's palm continued to form all kinds of seals. The power of divine Thunder exploded and gathered in his hand before he threw it forward.

"Go!"

Thump, thump, thump!

The divine lightning condensed into a ball and attacked the leopard formation below.

Boom, boom, boom!

On the ground, countless deep pits appeared. The power of thunder and lightning flowed through them, and all kinds of leopards were annihilated by this divine Thunder.

"My leopard formation!"

The red leopard's heart trembled in fear and his eyes glowed with anger. His immortal spell, the leopard formation, had been instantly crushed by ye Chen's divine Thunder. Was this because of the difference in strength?

He kept asking himself this question. After all, ye Chen's strength and talent were too shocking, far beyond the average genius. Although the red leopard was not convinced on the surface, he was convinced in his heart because this kind of power could not be possessed unless it was the reincarnation of an Almighty!

"Sigh, since that's the case, I have no choice but to take action!"

Chi Fang, who had been watching the battle from outside for a long time, flew out to help the red leopard and red Tiger.

"Hahaha, if you want to fight three against one, you have to ask me first!"

At this time, old ancestor yellow spring appeared on the battlefield with many experts of the yellow spring Battle Manor. At the same time, ye Wushuang held the celestial Thearch sword and faced Chi Fang with a cold body.

"You ants dare to be my enemy?"

"Aiyo, that's awesome. Unfortunately, I like tough guys. Come on!"

With the underworld sword in his hand, old ancestor yellow spring flew out together with Jian Wushuang. The sword Qi dissipated and attacked Chi Fang.

"Ah!"

Chi Fang shouted, and countless immortal crane feathers appeared in the sky.

These feathers carried a strong amount of mana. Once they were tainted, they would definitely be killed.

"Be careful!"

The old ancestor warned the people of yellow spring sect when he sensed the great power in the feathers.

"Ah?"

However, there were still many powerhouses who didn't understand the power of these feathers in front of them and fell for it.

The feathers on the victims' bodies instantly disappeared, as if they were absorbed by their skin. Then, all kinds of lumps appeared on their bodies, followed by blood flowing out. When black blood flowed out of their bodies, they would die.

"Hahaha, you trash, have you seen how powerful I am?"

Looking at the experts of yellow spring sect who were in pain, Chi Fang laughed.

"Damned old monster!"

Old ancestor yellow spring attacked in anger. The sword Qi of yellow spring opened the gate of hell and attacked Chi Fang.

"Small tricks!"

Facing the underworld sword Qi, Chi Fang sneered. Then, a crane feather appeared in his hand.

"Go!"

He threw it forward, and the feathers instantly turned into countless sharp blades.

Boom, boom, boom!

The sharp blades instantly broke old ancestor yellow spring's sword Qi of the netherworld.

"Wushuang, be careful, this old guy is something."

"Alright!"

Ye Wushuang was very smart. Naturally, he had already sensed that Chi Fang had the cultivation of an itinerant immortal. He had a deep foundation and was very powerful.

However, for ye Chen's sake, he must hold Chi Fang back with the great ancestor.

"Mm ..."

Seeing that the two people in front of him didn't retreat, Chi Fang understood that if he didn't kill these two, he wouldn't be able to meet up with the red leopard and red Tiger.

"Since you're looking for death, I'll fulfill your wish!"

Chi Fang's entire body was covered in blood-red mystic energy. At this moment, his Foundation had risen to a new height.

"Scarlet Feather mysterious sky!"

"Whoosh, whoosh, Whoosh!"

Immediately, the blood light drew all kinds of patterns on his body, and these patterns turned into physical feathers, which attacked the people below like raindrops.

"Ah?"

Many experts did not have time to prepare when facing these feathers. They were beheaded and their arms were cut off. They were in extreme pain.

"The underworld sword rises from the heavens and shakes the earth!"

Seeing his own disciples suffer so much, the patriarch was furious. He gathered all his power on the underworld sword, and the strongest sword Qi went straight for Chifang.

"Celestial Thearch sword Astral Slash!"

At the same time, Ye Wushuang released the celestial Thearch sword technique and attacked Chi Fang with the help of the great ancestor.

Facing the two Sacred Arts, Chi Fang waved his arms, and countless blood feathers appeared in front of him, forming a blood feather shield.

Buzz, buzz, buzz!"

The sword Qi of the two hit the blood feather shield, but was absorbed by the shield.

"This!"

The two of them looked at each other in shock. They had not expected their opponent to be so strong.

At the same time, on the main battlefield, Ye Chen was fighting alone with the red leopard and red Tiger. The battle had reached the White Heat stage.

"Tiger teeth centipede kill!"

The red Tiger wielded the sharp tiger Fang blade and attacked Ye Chen madly.

Boom, boom, boom!

Every time it attacked, it could shatter the void, collapse the mountains, and cause countless energy to burst out. It was a terrifying sight.

"Leopard form fist, killing blow!"

The red leopard also chased after them. The two of them wanted to fight Ye Chen in close combat, hoping to take down Ye Chen with their strength.

"Ha, idiot!"

Ye Chen cursed coldly. The darkness pool above his head released countless netherworld energy, forming a domain boundary.

"What is this?"

"What? Hahaha, this is your grave!"

Ye Chen laughed out loud, his eyes emitting an extreme murderous light. His killing intent had been stirred, and he was not going to show mercy.

"Zi Zi Zi!"

With a flash of cold light, the celestial Thearch sword appeared in Ye Chen's hand. At the same time, the immortal slaying Flying Dagger floated behind his back. His murderous aura surrounded the area!

Within the darkness Domain, Ye Chen's underworld energy had reached a new peak. The surrounding space was under his control. The red Tiger and red leopard were like trapped beasts, trapped in a desperate situation.

"Impossible. Even a Mahayana realm cultivator is an ant in front of us. How can you do this?"

The red leopard questioned.

"Ha, he even asked such a stupid question. He really deserves to die!"

Ye Chen sneered. He waved his hand and the immortal Flying Dagger flew out.

"Whoosh, whoosh, Whoosh!"

The light of the flying Daggers reflected countless cold lights, and these cold lights were filled with killing intent.

Buzz, buzz, buzz!"

The red leopard used its sharp claws to directly collide with the immortal flying knife, blocking the killing light.

However, just as he was trying his best to resist the immortal slaying Flying Dagger, Ye Chen's celestial Thearch sword flash also arrived.

"Swish!"

A ray of sword light streaked across, and the red leopard's vision turned black. It felt as if its body had suddenly become light as a feather, as if it had disappeared.

"What, What is this?"

"Red leopard!"

At this moment, the red Tiger let out a furious roar and its eyes revealed a look of shock. On the other hand, the red leopard seemed to have understood something when it saw this.

He looked at his own body and realized that it had already appeared in front of him. He finally understood that his mind and body had been separated.

"Ye chen!"

The red leopard roared and activated its own mystic energy, wanting to self-destruct to injure ye chen.

"It's meaningless!"

Ye chen brandished the celestial Thearch sword."Swish!" Another beam of sword Qi was released.

"Crack, BOOM!"

The red leopard's head had been turned into pieces by the sword Qi.

"No!"

The Crimson Tiger was furious to the extreme. It charged toward ye chen in a frenzy.

"You've lost your mind just like that?"

Ye chen looked coldly at the Scarlet Tiger that was charging toward him. Suddenly, darkness appeared in the cold light.

Above his head, the darkness pool released countless netherworld energy, which turned into dark chains and descended from the sky.

"Boom boom boom!"

These chains had unparalleled power and completely cut off the Crimson Tiger's ambition to attack ye chen. At the same time, these chains formed a trapping array and trapped the Crimson tiger inside.

"Roar!"

The shadow of a fierce tiger appeared behind Red Tiger. He wanted to break through the trapping array in front of him by force, but he had underestimated the power of the darkness pool. Even a 9th tribulation bodiless immortal couldn't break through the power of the darkness pool, let alone Red Tiger.

"Eight gates divine disc, Suan ni gate of death!"

Ye chen activated the eight gates divine disc and opened the gate of death.

Suddenly, a beam of death light shot out and headed straight for the red Tiger.

"Ah!"

When the death light shone on the red Tiger's body, there was only a scream, and the red Tiger's body was instantly reduced to ashes.

"Red Tiger!"

Seeing the red leopard and red Tiger die in front of him, Chi Fang was furious.

"Ah!"

With a roar, Chi Fang suddenly broke free from the great ancestor and Wushuang's entanglement and charged toward ye chen.

"You're looking for death!"

Ye chen naturally knew that the red side wanted revenge but they were all arrows at the end of their flight.

"Eight gate divine disc, Suan ni, pain gate!"

The pain gate opened, and heaven and earth shook!

The power of the divine Thunder kept flowing out of the pain gate. This power turned into electric pythons and flood Dragons that devoured everything.

Zila, Zila, Zila!

Boom, boom, boom!

Chi Fang was caught off guard and had already been hit.

These lightning bolts wrapped around Chi Fang's body and continuously devoured his Origin Energy.

"What is this? Ah!"

Chi Fang could feel his mana being continuously devoured by this power, and he was in great pain.

"Get lost!"

With a sudden roar, Chi Fang exploded with his strongest power and once again broke free from the chains of lightning.

"Ye chen, remember this. I'll definitely come back!"

"Ha, Chi Fang, I'll wait for you!"

With that, ye chen struck out with his palm. The Dragon and Tiger form chased after him.

At this moment, a pair of red-crowned crane wings appeared on Chi Fang's back, and he soared into the sky, disappearing from everyone's sight.

"Haha, this kid ran away quickly. He didn't even care about his own brother."

The old ancestor said with a smile.

"This person is decisive. He's not a simple person. Clean up the battlefield."

"Don't worry, fellow Daoist ye. Just hug me!"

The old ancestor ordered the cultivators of yellow spring sect to clean the battlefield.

Ten thousand meters away from the yellow spring, Chi Fang was extremely angry. He had not expected that this attack would directly cost the lives of his two brothers.

"Hateful, hateful!"

On the demonic ship, Chi Fang was furious. He kept waving his sharp claws, and his power exploded, turning the surroundings into a mess.

"Master Chi Fang, how are we going to explain this to the upper realm after returning in defeat?"

A powerhouse from the magic martial arts world stepped forward and asked.

"Get lost!"

Chi Fang was currently in a fit of anger, so he didn't care about this. He threw out a punch and sent that expert flying a thousand feet away, heavily injuring him.

This way, no one dared to step forward and speak.

"Ye chen, you bastard! I'll kill you myself! Second brother, third brother!"

In Chi Fang's mind, the scene of the red Tiger and red leopard's deaths kept replaying, causing his mind to collapse.

True spirit Palace.

"Reporting to perfected being thundercloud, Lord spirit Emperor, the latest news is that Chi Fang, Chi Hu, and Chi Bao of the magic martial arts world led an Army to invade three thousand feet from the netherworld and returned in defeat. Chi Hu and Chi Bao, two great itinerant Immortals, were killed by ye chen and suffered heavy losses."

"Oh ... Hahaha, the magic martial arts world really went for wool and came home shorn. They've suffered a double loss. Very good, very good!"

Reverend leiyun revealed a proud smile. The magic martial world and the immortal world were mortal enemies. Seeing the other party pay such a painful price, Reverend leiyun was naturally happy.

However, at the same time, he also realized that ye Chen's strength might have reached a higher level since he was able to kill the red Tiger and red leopard, two itinerant immortal stage devil cultivators.

"Continue the investigation!"

"Yes!"

The expert left after receiving the order.

"Perfected thundercloud, do you think we should go three thousand feet into the netherworld and catch ye chen off guard?"

The spirit Emperor stepped forward and asked.

"Hmph, the invasion of the magic martial arts world this time has caused too much of a commotion. Ye chen must have left a tight formation at three thousand feet of the yellow Springs. It's not suitable for him to attack."

"Then, what's next ..."

"Wait for the magic martial arts world's counterattack!"

"The magic martial arts world will still attack?"

The spirit Emperor revealed a puzzled expression.

"Trash, do you even need to say that? "The magic martial arts realm is not an existence that can afford to suffer losses. If news of such a great defeat reaches the magic martial arts realm, it will certainly cause the devil race in the magic martial arts realm to be furious, and they will definitely take down the underworld. This is an opportunity that we can take advantage of."

"Wise thundercloud Zhenren!"

Everyone bowed and saluted.

"Spirit Emperor, I want you to select the elite experts of the spirit realm and prepare for battle!"

"Yes!"

The spirit Emperor received the order and quickly carried it out.

.....

The news of the red team's defeat had spread to the magic martial arts world.

In the main hall of mcmau.

Many demon experts stood in great numbers.

"Chi Fang's defeat is a disgrace to our magic martial arts world. Lord cruise, we can't just ignore it."

A powerhouse from the magic martial arts world stepped forward and spoke.

"Hmph, Chi Fang that trash, he's really good for nothing!"

On the high seat, a tall and mighty powerhouse wearing a black demon battle robe stood. His eyes were wide open with anger, and his might was extraordinary. It was the elite demon general Crewe of the magic martial world!
