

Genius 2031

Chapter 2031

It was not until the latter part of the night that Lin Mo woke up at a leisurely pace.

After moving his muscles and bones, he immediately felt refreshed.

“Oh, it stinks!”

The stains all over his body made him feel a little sick to his stomach.

After rushing into the bathroom, he washed himself three or four times.

Only then was the smell cleaned from his body.

As for those remaining pills, the medicinal properties were much warmer.

After taking them one by one.

He then felt that within his dantian, the originally sparse sword qi had surprisingly become denser and denser.

With a tremor in front of his body, the aura of slaughter spread instantly.

And the Tai Ah in his hand trembled at once.

It seemed to be cheering for Lin Mo, and it also seemed to be feeling relieved that Lin Mo's was finally not so weak anymore.

This movement naturally disturbed Wu Xuan.

He, who was lying against the bed, woke up instantly.

With a carp he came to the living room.

“You’ve actually healed?”

Feeling the Qi around Lin Mo's body, Wu Xuan asked in surprise.

“Well, the cultivation has all come back and there's this not-so-subtle breakthrough!”

As expected of a core disciple of the Shadow Sect, the crushing elixir was a wonderful pill.

In just half a day, it had not only brought his cultivation back to its peak.

It was even stronger than before.

Most of all, after a series of pills to cleanse him.

His martial cultivation qualifications today were so strong that he himself did not even know how far he had reached.

Looking at Wu Xuan's shocked gaze, Lin Mo was also intrigued for a moment.

“Old Fifth, how about going out and practicing?”

Wu Xuan naturally had no reason to refuse this offer.

After pushing open the backyard gate, he leapt up the nearly three-metre fence.

His entire figure disappeared into the vast night.

Following Wu Xuan's lead, Lin Mo followed suit.

Stepping on the branches of a tree, between a few vertical leaps, the two arrived at the back of Hui Chun Hall.

"First, let's stretch our fists and move our shins.

If I really can't beat you, I will then use my sword."

Now, the feedback passed from Tai Ah.

Lin Mo himself didn't know how powerful the sword in the illusion would be if he chopped it out.

So he still intended to test how much strength he had in his hands and feet first.

When Wu Xuan set up his stance, Lin Mo took the lead and launched his attack.

His figure swayed and he punched straight forward.

On the other side, Wu Xuan also raised his arm and swung his fist.

The two fists met and a muffled sound was heard.

The next second, the two men staggered apart.

He shook off his palm in surprise.

He was not sure what level of strength Lin Mo was at.

Wu Xuan simply used only a seventh of his strength.

From the painful sensation on his fist, he realised that he had underestimated Lin Mo after all.

"Old Fifth, there is no need to show mercy.

Use your full strength, otherwise I don't even know where my ceiling is.

It's alright, don't worry about injuring me.

Just leave me a breath, and those little cuties will come back for me."

The little cuties, naturally, referred to the Hidden Sect disciples in the compound.

Nodding his head, Wu Xuan also felt that what he said made sense.

"Then you should be careful.

If it hurts you and affects your performance in the competition.

I'm not responsible for that."

Originally, it was just a joke.

But the unexpected Lin Mo's said something that was even more infuriating.

"It's alright, for internal injuries in the room, there is black jade ointment, and for external injuries, there is golden trauma medicine.

Nothing else, healing medicine to be more is, come on."

Showing off, nakedly showing off.

"Here it comes!"

With a soft shout, this time Wu Xuan was not giving way to Lin Mo.

Ten percent of his Qi came out in full force.

Silver moonlight intermingled.

Fist shadows crisscrossed, and residual shadows burst forth.

Due to the fact that he was not familiar enough with his own power.

When blocking, he was ultimately a step too slow.

And such a small mistake caused Wu Xuan on the opposite side to panic as well.

Seeing that his fist cannon was about to hit his opponent's shoulder, he could only do his best to retract his fist momentum.

But it was still too late.

Under the immense force.

Lin Mo, the man, soared out.

However just as he was about to mount on the big tree behind him.

He could only see him with one hand, holding on to the trunk of the tree with one hand.

After stabilising his figure.

With both feet on the tree trunk, he landed hard and once again launched himself towards Wu Xuan.

"Hahahaha, Old Fifth.

I'm half bronze skin and iron bones nowadays, it's not that easy to hurt me."

The battle, still continued.

Chapter 2032

As soon as it was light.

The little shamrock was called by Lin Mo to his bungalow.

“Hiss! Little monk, be gentle, be gentle.

It’s going to kill the old man, it’s going to kill the old man.”

“Master Lin, pain is the truth.

You know this too, if you don’t rub these bruises away.

It is you who will suffer.”

Saying this, the little sage sprinkled a large amount of medicinal wine onto his palm.

Snap!

A palm was printed on Lin Mo’s opaque and red swollen back.

This action once again caused the person concerned to wail in pain.

On the other hand, Wu Xuan, who was knocking on a melon seed, was watching all this in front of him with great interest.

“Bah!

This is what you call bronze skin and iron bones.

It’s all your own people, can you die without bragging? Bah!”

The night was engaged.

Hearing Lin Mo’s big words about beating himself up.

Plus, he also boasted that he had bronze skin and iron bones.

Naturally, Wu Xuan moved his fist and added a billion points of power in his hands.

“If you talk, just talk properly.

What’s the point of always pooh-poohing me!”

“I’m high on melon seeds, bah!”

“Then you go on!”

The other party must carry on with himself, so Lin Mo didn’t bother with nonsense.

He directly picked up the tai a beside him.

Seeing this, without the slightest hesitation, Wu Xuan hurriedly dropped the melon seeds in his hand.

“Why are you such an illiterate tease.

I’m joking with you, there’s no humour germs at all.”

Clapping his hand’s, he then hurriedly fled back to his room.

Although in terms of boxing, he could crush Lin Mo himself.

When he took on the role of his opponent drawing his Tai Ah, Wu Xuan was, at first, still elated.

This was because when Lin Mo injected the sword qi in his body into it.

The original rusty longsword immediately shone with cold light.

With a single swing of the sword, a one-person high rock was instantly broken into two.

With such a power, even a strong person at the Sovereign realm might not dare to say that he could carry it off.

Not to mention him, Wu Xuan.

And so the battle ended with the scene of a battered and bruised Lin Mo, holding up his long sword and whisking Wu Xuan around the mountain.

Now seeing his opponent pick up Tai Ah again, he immediately slipped back into the room.

Looking at Wu Xuan's disappearing back.

Lin Mo was also painfully and gleefully happy.

Just at that moment, a figure walked into the bungalow.

Immediately afterwards, he screamed loudly.

"Ah, stinking rascal!"

The person who came was none other than Bai Ruorong.

She had also been brought over by the Hidden Sect disciples who were temporarily sitting in the hall.

After being instructed by the people in the courtyard, she then walked straight into Lin Mo's house.

What one never expected was this.

Upon entering, she unexpectedly saw Lin Mo, who was topless.

Naturally, she was shocked by such a scene.

While covering her face, her mind could not help but outline the scene she had just seen.

Fingers slit and slightly parted.

Once again, she took a look at Lin Mo's well-proportioned muscles, before running out with a red face.

"D*mn it, you bad old lady is the one who is a denizen.

After looking at my body, how dare you scold me?"

Seeing that the medicinal wine had almost been wiped away.

Lin Mo then interrupted the little shamatha's pushing.

"It's done, thank you for the hand of Master Tuoqi Tuina.

Alas, it feels much more comfortable now.”

After stretching his body, although there was a slight tingling pain.

But at the very least, it was almost better.

“Master Lin, you are making fun of the little monk again.”

“Hahahahaha, how did I make fun of you.

With your level of ma*sage ah, if you were to open a shop ah.

You are guaranteed to earn a pang full of money.”

While joking about the little monk, and while dressing.

Lin Mo then walked out of the house.

Looking at Bai Ruorong’s appearance just now, it was obvious that he had something to find himself.

However, when he arrived in the courtyard, a group of Hidden Sects themselves, were skimming towards the gazebo intentionally or unintentionally.

At the same time there was an inexplicable smile on their faces.

And in the middle of the gazebo was sitting Bai Ruorong.

Seeing Lin Mo, she hurriedly stood up.

“Mr. Lin, thank you for stepping in last time.

It cured me of a stubborn illness I had for many years, so I would like to treat you to a meal to show my gratitude.”

After quickly finishing her sentence, she handed the invitation in her hand to the other party.

Chapter 2033

According to Bai Ruoruo’s original plan, she thought of inviting Lin Mo and the Dunhuang Sage to join her in a thank-you banquet.

After all, it was only with the cooperation of the two of them that this persistent problem of shortage of qi in herself was accomplished.

But she learnt that Bai Ruorong had come to invite him to dinner.

Yet the other person, the Dunhuang Maiden, was a straightforward bunch.

“No time! Not going!”

Then he closed the door and stopped paying attention to her.

Now he, Bai Ruo Rong, could only invite Lin Mo alone.

Let’s hope he doesn’t refuse.

Thinking of this Bai Ruorong added another sentence.

“Divine Doctor Lin, there is no way to repay the kindness of saving your life.

If you don’t say yes, I really won’t be able to sleep.”

As for Lin Mo’s side, he knew that the other party was the thousand-year-old daughter of the Bai family and had an honorable status.

He also had some questions about some things in the capital that he needed her to answer.

After some hesitation, he took it.

“By the way, Miss Bai, have you physically felt some recovery recently.”

After all, she was a patient who had been healed from her own hands.

Now that he saw that she was obviously looking much better, Lin Mo asked curiously.

“Ehnn, after taking the herbs prescribed by Mr. Lin.

Plus the exercise method you taught me.

Now it’s much better and my breathing feels much smoother.”

As she said that, she made a deep breathing movement.

However, at this moment, her eyes caught the strange gazes of the people in the room.

Then she thought about what she had just seen.

Her cheeks instantly flushed with shame.

“Divine Doctor Lin, I will take my leave first.”

With those words, she fled and hurriedly left.

Shaking his head.

Lin Mo naturally knew that these Hidden Sect disciples had made something bad!

“You guys, knowing that I was rubbing medicine, you didn’t even warn the girls.”

To his words, the crowd acted as if they hadn’t heard them.

They continued to go about their respective business.

After all, whoever answered, admitted it, they weren’t stupid!

.....

“Rong Rong are you crazy, that Lin Mo is just a few points of medical skill.

Calling him a divine doctor is to give him face.

To be honest, he’s just a doctor.”

When she found out that Bai Ruorong had personally invited Lin Mo to dinner.

Bai Shallow-er instantly started a frantic persuasion mode.

“Asa’er, after all, he is also my life-saving benefactor.

If it weren’t for him, I wouldn’t know when this shortage of breath would have been cured.

It’s indeed a bit much for you to say that.”

Although she was a good sister, Bai Ruorong still had a minimal sense of right and wrong.

When someone else saved her life, it was obviously reasonable for her to treat them to a meal.

However, Bai Shouer clearly did not feel the same way.

In his opinion, that Lin Mo was so dedicated to treating his good sister.

In his opinion, Lin Mo had been so devoted to treating his sister, but he had been coveting Bai Ruorong’s perfect appearance and her status as the daughter of the Bai family.

Therefore, he had always been rather disgusted with Lin Mo.

His best sister, even if she were to fall in love.

The other party must be a young talent from one of those big families.

Thinking of this, she also switched her words.

“RongRong, it’s true that Lin Mo cured you of your illness.

But that’s the job of those who practice medicine.

If you want to thank him, just send him some cash or a more expensive gift.

There’s really no need for a meal or anything else, right?”

Hearing this, Bai Ruorong couldn’t help but frown.

“He is an expert divine doctor who participated in the Healing Saint Competition.

Do you think he would look at these mundane things?”

How many divine doctors and famous doctors had seen their own illnesses.

Even some long-established senior divine doctors were at their wits’ end.

But Lin Mo had found the cause of his illness after only checking his pulse and looking at his face.

And with just a few silver needles, he was able to remove most of the stubborn disease.

Would such a person really lack money?

“All right, Asahi, you don’t need to say anything.

I’ve already sent out the invitation to the banquet.

There is no reason to take it back.”

Seeing her good sister’s attitude so firm.

After some persuasion to no avail, she took advantage of Bai Ruorong’s inattention.

Sneaking away to the side.

“Hey, Lei Shao ………”

Chapter 2034

“You are saying that Rong Rong is actually planning to invite a, poor boy from the Southern Realm to dine here.”

Hearing this news, Lei Shaoting’s face instantly pulled down.

In a fit of anger, the alabaster pot worth nearly two hundred thousand dollars in his hand was smashed directly onto the ground.

It instantly shattered thinly.

After calming down a little, he then asked after it.

“What is the other party’s identity?

The Medical Saint Competition, the representative of the Southern Realm’s participation is it?

Just by virtue of him is he worthy?”

After three consecutive questions.

On the other end of the phone, Bai Shou’er then gave a brief account of what had happened.

“Do I still not understand Rong Rong’s body?

A few more steps and there is a risk of illness.

The signs of improvement are now so obvious that a little jogging for a while has no effect.”

Hearing this news, Lei Shaoting couldn’t help but fall into deep thought.

Bai Ruorong’s persistent and terminal illness was well known within the noble group in the capital.

According to the gossip, if this disease was not cured, she, Bai Ruorong, might not even live past thirty.

If not for this disease, with her goddess-like appearance and the powerful Bai family behind her, other powerful families would have come to her door.

Other powerful families would have come to her door long ago.

Of course it was because of this situation that he, Lei Shaoting, had this opportunity to pick up the pieces.

However, what he didn't even expect was that the originally sickly Bai Ruorong had shown obvious signs of improvement.

His mind was also enlivened by the thought of this.

He had been pursuing Bai Ruo Rong because he was attracted by her beautiful face on the one hand.

On the other hand, he coveted the resources of the Bai family. Bai Ruo Rong was the pearl of the Bai family.

If he could be with her.

With the resources of the Bai family, he would have a huge advantage in the race to become the next head of the Lei family.

And what's even better is this.

If he plays around for a few years, he can still find another joy in his name when the White one passes away.

This is the legendary way of being that and establishing that at the same time.

The situation is different now.

If Bai Ruo Rong's terminal illness could really be cured, wouldn't that be a blood profit?

Take advantage of the fact that people of the same generation from other families do not know about this.

Quickly take Bai Ruorong and the two of them get married.

By then he would be the aunt of the Bai family, one of the ten largest families in the capital.

With this status, the position of the next head of the Lei family must not be taken by him to death.

Of course, he did not give the slightest thought to the other party's refusal.

After all, men had always been a confident group of creatures.

"Young Lei, Young Lei, are you listening"

The urgent call interrupted his mirth.

"Mmmmmmmmm, I'm listening, something just came up.

Thank you, Miss Asahier's for leaking such important news to me."

With that, he hung up the phone.

"Star Ocean Weilan is it?"

At this moment, his afterimage suddenly saw on the ground, the purple sand pot that had been broken to pieces.

It seemed to have been dropped a little too early.

.....

Star Ocean Weilan, as a top five theme restaurant in the capital, existed.

It is a beautiful environment that crushes many of its peers.

As the equivalent of a gold cave general existence, that used to be a place where cars and luxury cars were everywhere.

But today's defect is unusually cold.

There is no other reason.

The reason was that Bai Ruorong was inviting Lin Mo to dinner here.

The first time Lei ShaoTing had the entire Star Ocean Weilan wrapped up.

He came to the venue ahead of time.

The venue had already been set up by his men.

On both sides of the main entrance, there were flowers of all colours, and the pa*sageway was draped in a white silver veil.

Seeing Young Lei, his men immediately ran over.

"Young Lei, these are only the simple surface arrangements.

There will be more later, music, coloured lights, fireworks and a shower of flowers"

When it described all the surprises of the shadow hide one by one.

Lei ShaoTing also nodded in satisfaction.

"Well done!"

He said and then patted this man's shoulder gratefully.

Everything was ready, now it was just waiting for the heroine to make her appearance.

Chapter 2035

When the burgundy Porsche supercar came to a halt.

The receptionist, immediately stepped forward and opened the car door.

"Welcome to Star Ocean Weilan."

At this time, a silhouette also walked out of the driver's compartment.

A flowing azure liquid dress perfectly accentuated her exquisite figure.

Her white skin was as delicate and flawless as fei jade under the light.

The delicate three-dimensional features, coupled with the soft green silk.

The young man who stopped the car was frozen for a moment.

The person who came was none other than Bai Rorong, the daughter of the Bai family.

For this meal, she had also dressed up carefully and deliberately.

As she walked through the aisle outside the restaurant, she naturally saw the arrangements on both sides.

But she didn't care.

After all, Star Ocean Weilan was famous for its beautiful surroundings in the capital.

It was not uncommon for young couples to confess their love or propose here during the week.

The only thing that surprised her was that the number of customers coming to dine here today seemed to be a bit scarce.

The moment she stepped into the restaurant.

The bright lights in the hall suddenly dimmed.

And then, slowly, it turned mauve.

Before he could react to the change in front of him.

Lei Shaoting, who was holding ninety-nine red roses in his hand, slowly walked over towards her.

"RongRong, I'm happy to learn that you've gotten a bit better."

It was only at this moment that he finally came to understand.

It turned out that those arrangements outside the door were all prepared for her.

If it was an ordinary blessing, she would naturally accept it gladly.

But the scene in front of her made her feel extremely uncomfortable.

Although Lei Shaoting, handsome and from an extremely privileged family.

And had been chasing after himself for some time.

But he was too utilitarian.

More importantly, perhaps because of the influence of external conditions, this man always carried a revolting arrogance.

This was also the reason why she, Bai Ruorong, had always rejected Lei Zhenting.

"Excuse me, Young Lei, I didn't expect you to be here today to pack the venue.

I'll change places right away."

After saying that, she picked up her phone and dialed the number.

“Divine Doctor Lin, I’ve already arrived at Star Ocean Weilan, but it seems like someone has packed the venue here today.

I’m sorry, why don’t we dine somewhere else.”

Looking at Bai Ruorong, he actually did not give himself face.

Lei ShaoTing’s heart instantly flared up with anger.

It would have been fine if he had not agreed or refused.

But in front of so many people, he was unwilling to pay more attention to himself.

He was directly put on the spot.

With a fierce light in his eyes, he took advantage of the other party’s phone call.

Lei ShaoTing also secretly conveyed a message to his underhand.

“Break Lin’s limbs for me.”

After courting you for so long, you are not even willing to have a meal with me.

Now you’ve even taken the initiative to invite a country bumpkin from the Southland.

Very well!

From now on, you can’t expect to have a meal together.

On the other hand.

When he received Bai Ruorong’s call, Lin Mo had already driven to the vicinity of Star Ocean Weilan.

But the car hadn’t even gotten close.

He was stopped by a strong man dressed in black.

“Hello, please show your membership card or invitation letter.”

Star Ocean Weilan was a membership system.

Generally, if people wanted to dine here, they either had to have a membership card or an invitee from a member.

Accepting Lin Mo’s invitation letter.

The burly man took a brief glance at it.

“Hello sir, please drive the car to the designated car park.”

Said the man as he walked to the front for started to lead the way.

After coming to an out of the way corner.

Only then did the strong man stop.

By this time, a dozen or so of his companions in similar attire had appeared around him, surrounding the car in the middle.

Seeing such a scene.

Lin Mo wasn't surprised.

Bai Ruorong had already informed him that Star Ocean Weilan had been packed today.

If this strong man was the restaurant's security staff.

He would have informed him of this situation the first time.

But the other party did not, instead leading him to the car park where he entered the restaurant.

When he stepped out of the car, Lin Mo clenched his fist.

"It's the capital after all.

I don't want to fight in front of a large crowd either."

Chapter 2036

The dim light.

A dozen figures fall to the ground wailing in pain.

Clutching their broken arms.

At this moment, there was only, a strong sense of regret in Ah Liu's eyes.

Originally, he thought that the young man that Lei had ordered to be dealt with was just a brat.

Who would have thought that the other party would be so brave.

With just one man, he had easily f*cked over a dozen of his own men.

"Hello, Mr. Strong Man.

I have a few questions, and I hope you're worthy to answer them."

Looking at the teenager crouched in front of him, although his face was full of smiles.

But Roku could not feel the slightest hint of friendliness.

A fearful nod was followed by a satisfied nod from the other man.

"Question one, who arranged for you to come?"

"Question two, what were you told to come for?"

"Question three, is Miss Bai Ruorong in your possession?"

"Mr. Strongman, I advise you to be honest, after all, you only have one hand left?"

His playful gaze then wandered back and forth over his only intact left hand.

It scared Six straight into a cold shiver.

“It’s the young master of the Lei family, Lei Shaoting”

After waiting for Ah Liu to think about the pro cause and effect of the matter all explained.

Only then did Lin Mo stand up.

“Che, another child’s game of jealousy!”

After clapping his hands, he then walked towards Star Ocean Weilan.

As he watched his departing back, Ah Liu couldn’t help but sigh in relief.

This kid looked like a human being, but his hands were unusually poisonous.

And as soon as his opponent struck, he recognised Lin Mo’s stance, which was none other than the Joint Technique.

This technique was also known as the killing technique.

They had only lost their arms and legs, but at least they hadn’t lost their lives.

So all in all there was not much of a problem!

Just as Lin Mo was on his way to Star Ocean Weiran.

A loud bang appeared in the sky.

Huge fireworks instantly lit up the entire sky.

They were followed by all kinds of gorgeous fireworks.

Such a beautiful and spectacular scene naturally drew pa*sers-by.

“Wow, this is too beautiful!”

“Such a scenery, is this another rich family’s disciple showing off their love at Star Ocean Weiran?”

“So money can really do whatever it wants, such beautiful fireworks, one shot is at least worth a month of my salary.”

Just as the crowd was talking.

The coaxing fireworks seemed to be answering for them as well.

“10,000, 20,000, 30,000”

That was the beautiful sound of money.

As these fireworks exploded into the night sky.

Lei Shaoting also calmed down and with a gentle smile, he slowly stepped forward.

“RongRong, I know you don’t treat me well.

I know there are some things that I didn't do well.

But I really like you."

With that he dropped to one knee and held the red rose high in the air.

"Anything you have against me, you say. I can change.

But please, will you give me a chance to be my girlfriend?"

As the words fell, the lights around them changed again.

The beautiful sound of violins, accompanied by clean white ambient lights, slowly rang out.

At the same time, on the ceiling above everyone's heads.

Large pieces of flower petals, like rain, slowly fell.

And then gently fell on Bai Ruorong's shoulders.

The scene was so beautiful that Bai Shou'er, who had rushed to the scene, could not help but cover her face with her hands.

Tears of emotion could not stop welling up in her eyes.

Along with this, the staff in the restaurant couldn't help but clap their hands and started to raise their voices.

"Stay together, stay together!"

Behind her, fellow sister Bai Shou'er, also pushed Bai Ruo Rong's back.

"RongRong, what are you still hesitating about?

That man who is as attentive as Duke Lei can't be found by beating a lantern.

Quickly say yes to her!"

With this whole set of manoeuvres, it would be a lie to say that one was not moved.

A romantic attack is a deadly poison for a girl.

For a time, the originally calm heart gradually had a hint of fluctuation.

Standing in the same place, Bai Ruorong also hesitated a little.

Chapter 2037

Lin Mo leaned against the wall, his arms wrapped around his chest as he quietly watched what was happening in front of him.

If not from the other party's men, he would have learned the hidden truth.

Lin Mo would also feel that Lei Shao Ting, such a boy, did have a heart.

After all, such an elaborate arrangement was really difficult for an ordinary person, to achieve.

But the truth was this, from the very beginning, this Lei ShaoTing's heart was impure.

In order to prevent himself from dining with Bai Ruo Rong, he had even sent his men to break his own limbs.

Such a person's character, even if he was well disguised on the surface, could not hide his dirty heart.

At this moment, Lei ShaoTing, who had been waiting for a long time and was about to say a few more romantic words, glanced away.

He happened to see Lin Mo outside the crowd.

It was him, how many times had he invited Bai Ruorong.

Every time, he had refused.

And today, this Bai Ruo Rong actually took the initiative to invite Lin Mo to dinner.

What exactly am I not as good as him, in terms of looks

The other party is indeed more handsome than myself billion points.

In terms of talent

Errrrrr, the other party seems to be a divine medical expert who participated in the Medical Saint Competition.

But but, but but.

A poor boy, how can he compare to himself.

The Lei family's assets on the bright side were no less than a trillion.

And he, Lei ShaoTing, was even a strong contender for the next head of the Lei family.

A little divine doctor, ridiculous to the extreme.

Thinking of this, the nameless anger in Lei ShaoTing's heart suddenly rose up.

The original gentle smile also slowly faded down.

Raising his hand, he pointed.

"RongRong, you are hesitant, is it because of him?"

Following the direction that Lei Shao pointed, Bai Ruorong then noticed Lin Mo, who had already arrived.

This time, Lin Mo also had a request to the other party.

In order to show his respect, he specially dressed a little bit more formally.

And originally his face was not low he had become even more handsome after his marrow cleansing.

Plus a set of casual dress.

That aura of independence from the world, of not being arrogant and not being impatient, was even more evident.

Even the always mean Bai Shan'er could not help but admit that this Lin Mo was indeed excessively handsome.

Looking at the other party's deep pupils, a hint of panic clearly appeared on Bai Ruorong's face.

The one that followed immediately recovered her expression.

Shaking her head, she faintly recovered.

"Not really!"

Although she reacted quickly, the momentary change in expression was still meticulously caught by Lei ShaoTing.

Adding fuel to the fire!

"Then why did you invite him to dinner?"

"To thank for saving my life.

Besides it's my personal matter, don't you think you're meddling a little too much, Lei Shao?"

Frowning, Bai Ruorong replied coldly.

Originally, she had been touched by Lei Shao Ting's elaborate preparations for the arrangement.

If the other party had insisted a little more and said a few more touching words.

She might have agreed to do so.

However, this Lei ShaoTing was ultimately too strong in character and his heart was too eager.

Now after calming down, Bai Ruo Rong also came to her senses.

It is true that rivers and mountains are easy to change their nature.

The words just confessed were all false promises.

Yet the person concerned did not have the slightest awareness.

Seeing Bai Ruo Rong, he actually treated him with such cold eyes.

A stand up, is he was about to continue to reproach the occasion.

Opposite him, Bai Shou'er suddenly coughed lightly.

The latter secretly shook her head before her gaze flicked towards Bai Ruorong's body.

It was only then that Lei ShaoTing calmed down.

Yes, Lin Mo had helped Bai Ruorong and cured her terminal illness.

The most normal thing to do is to invite a guest to a meal.

From the beginning to the end, it was himself who took the bull by the horns.

Eh! Jealousy had made him lose his mind.

Fortunately, there was still room for redemption.

With that, Lei ShaoTing hurriedly resumed his gentle smile.

“RongRong, sorry, it was my heart that was too hasty.

I was also worried about you, being tricked.”

Behind him, Bai Shao’er also stepped forward and said helpfully.

“Yes, RongRong.

You also know that no one has been able to cure this persistent disease of your body for so long.

Now all of a sudden there is and it’s starting to recover.

If I hadn’t experienced it myself, I wouldn’t have believed it.”

With Bai Shallow’s help, Bai Ruorong’s face then improved a little.

Chapter 2038

After some persuasion, although Bai Ruorong’s face showed displeasure, he could not be angry because Lin Mo was present.

However, because Lin Mo was present, he could not afford to get angry directly.

A lady’s image was most important.

Gratefully, he glanced at Bai Shou’er.

Lei ShaoTing also understood that if he were to target Lin Mo from the open now.

It would only provoke Bai Ruorong to become even more angry.

Since that was the case, one could only make a slow move.

“Mr. Lin, I’m sorry.

Concern is confusing, concern is confusing.”

After hypocritically apologizing to Lin Mo, Lei ShaoTing extended an invitation.

“RongRong, didn’t you say you wanted to treat Divine Doctor Lin to dinner?

At this point in time, if we go anywhere else, we won’t be able to make it to the meal.

Why don’t we dine here!

Mr. Lin, what do you think?”

As he inquired towards Lin Mo, his tone of voice industry carried a faint sense of unkindness.

He shrugged his shoulders at the threatening tone hidden between Lei's words.

Lin Mo didn't really care.

Within the capital, even the most arrogant and domineering person would not dare to mobilise a large number of people.

What's more, as we were preparing for the Saint of Healing Competition, we would naturally punish any hidden dangers that affected public order.

So what if a family is powerful, it is not worth anything before the face of the country.

"I don't really care, it's just that I want to know is.

This matter of Miss Bai Ruorong inviting me for dinner seems to be known only to the two of us."

With a teasing expression, Lin Mo walked forward.

"Young Master Lei, are you spying on Miss Bai every day.

Or if someone told you this news?"

At these words, Lei ShaoTing was left speechless.

On the other hand, Bai Ruorong, who had been caught unawares by his confession, washed away her thoughts.

Now that Lin Mo had mentioned it, she also instantly understood.

Yes, how could Lei Shaoting have known about her health improvement and the invitation to Lin Mo?

Someone must have leaked it to him.

Thinking of this, Bai Ruorong twisted her head and glanced at Bai Shou'er.

The latter instantly lowered her head in embarrassment.

At the same time, she kept compiling Lin Mo inwardly, with evil intentions, provoking their sisters' relationship.

There was not the slightest hint of self-blame.

"Why don't we change to a different restaurant, Doctor Lin?"

Although Bai Ruorong had tried very hard to suppress herself.

But anyone with a discerning eye could see that she was already very angry at the moment.

It was only when he said this that Bai Shou'er, who was on the side, instantly panicked.

She herself had managed to conspire with Lei Shaoting with great difficulty.

If she missed out this time, she didn't know when she would have such an opportunity next time.

"RongRong this is all my fault, I accidentally let slip my mouth.

The food here is already ordered, so it would be a waste not to eat it.

If you guys go find another restaurant now, it's hard to say if there are seats available.

Besides, Mr Lin has to prepare for the competition in the meantime.

Going back and forth is also delaying things, isn't it?"

Compared to that, Lei ShaoTing.

Bai Shao'er was obviously much smarter.

Despite her reluctance, she still pulled Lin Mo into the conversation.

Sure enough after mentioning Lin Mo, Bai Ruorong's face then showed her intention.

"Miss Bai, why don't we simply eat here?"

For Bai Shou'er's little trick, Lin Mo naturally saw it at a glance.

And he didn't want to bother more and make things difficult for Bai Ruorong.

If he finished eating early, he would go home early, and the matter of questioning would have to be put on the back burner for the time being.

When he saw Bai Rurong nod his head.

He took a deep breath and suppressed the anger inside him.

Lei ShaoTing then clapped his hands.

"Manager, serve the food."

As the food had been prepared pretty much beforehand, plus the reason for the package.

The food was naturally served much faster.

By the time the crowd was seated, the waiters had already brought all the main dishes to the table.

Although Lei Shaoting was impulsive, he was not stupid.

An overt targeting would definitely cause Bai Ruo Rong's discontent.

He no longer resorted to such a foolish approach either.

"Mr. Lin, what just happened was my impulsiveness. Sorry sorry sorry.

Here to show my apologies, I'll punish myself with a drink."

With an enthusiastic tone, Lei Shaoting held his head up and drank the wine in his cup in one bold gulp.

And then once again poured himself a gla*s of red wine.

Chapter 2039

"This cup is to make amends to you.

Come on, Mr. Lin I'll drink to you."

Seeing the other party holding a gla*s of wine, he was full of enthusiasm.

Those who didn't know, would have thought that they were close friends who had been dating for many years.

And although Lin Mo was not sure, what medicine was being sold in the other party's gourd.

But he didn't want to waste his mind on guessing either.

Let's settle for what is here.

The two of them gently clinked their gla*s.

It was only at this point that the atmosphere on the scene eased up.

And Bai Ruo Rong was not pulling a face.

He began to calmly enjoy the various types of food in front of him.

The wine pa*sed three rounds and the dishes pa*sed five tastes.

On the pretext of going to the washroom, Lei Shaoting stood up.

Before leaving the table, he deliberately gave a wink to Bai Shaoer.

The latter understood and nodded secretly.

He came to the bathroom and waited for a while.

Bai Shao'er also rushed over.

"Miss Bai, thank you so much this time.

But later on, I still need your help to suppress this Lin Mo's anger.

Take the hard work."

With an ingratiating tone, Lei Shaoting then handed over the beautifully wrapped gift box in his hand.

"Here, a little token of appreciation from Miss Bai.

I hope you don't mind."

As a fan of designer bags, just by taking a glance.

Bai Shaoer recognized it, the brand of the bag.

A global limited edition by Chantal, officially priced at one million two hundred and seventy thousand.

And if there was no special relationship, the kind that could not be bought even with money.

Although her heart cheered, but on the surface, she did not move to accept it.

"Young Lei, in my mind only you are the most compatible match for my family, RongRong.

But please use your brain more and don't be so impulsive all the time.

In order to help you, Rong Rong is even angry with me.

You should know that there are not many outstanding young talents in the capital.

Besides, RongRong's body, is slowly recovering, so I hope you fight for it."

Even after being lectured, Lei Shaoting still politely said yes repeatedly.

All the way until after the other party left.

Only then did he put away the smile on his face.

"sh*t, b*tch, if it wasn't for Bai Ruorong.

What the hell are you, you dare to lecture even my Lei Shao.

When I take down Bai Ruorong, you won't be able to get away with it either."

As the words fell, he slammed his fist angrily on the bathroom vanity mirror.

And the expression on his face looked extraordinarily fierce.

Bracing himself against the sink, his breathing was unusually heavy at this point due to his anger.

After a few deep breaths, he leaned down.

Holding the tap water, he splashed it on his face.

After he stood up straight again, he looked through the mirror that was covered with cracks.

At this moment, Lei Shaoting was back to that gentle smile.

When he returned to the dining table again.

Bai Shaoer was talking to Lin Mo.

"Mr. Lin, I've actually always been curious.

What kind of jobs do divine doctors like you hold in life.

Is it running your own medical school?"

And when faced with such a question, Lin Mo answered truthfully.

"Currently it's in a city hospital, working as an attending doctor.

Usually, I do a little business, just to make a living."

Hearing these words, Lei Shao and Bai Shaoer looked at each other and smiled.

The latter gathered her emotions before responding in a serious manner to.

"It's good to be a doctor, good benefits and stable work.

And before with a medical skill like Doctor Lin's, at least this salary would be twenty to thirty thousand a month."

At any time, they were complimenting, but in reality, they were belittling.

With such a salary, compared to ordinary people, that was a high income group.

But that was only ordinary people.

Following Bai Shao'er's words, Lei Shaoxing smiled to himself.

"Come, come, come, eat first.

Rong Rong, you don't like desserts, do you? Try this new truffle mousse.

Mr. Lin, you should try it too, this cake costs thirty-five thousand a piece.

It's a waste if you don't eat it."

The meaning of this is obvious, just you, a poor boy.

A month's salary is not even enough to pay for one dessert for Bai Ruorong.

Lin Mo:

Surprisingly, it was so expensive.

If you carried around in your arms, the most ordinary tonic yuan dan, one could only eat a hundred of these desserts.

Defeat, ah, defeat.

Chapter 2040

If he did not know, the unit price of this mousse.

Lin Mo would have just thought it was just an ordinary cake.

But the price of thirty-five thousand a piece gave him a vivid soul.

While thinking this way, he also went along with Lei Shao's intention.

He began to taste the truffle mousse.

One spoonful, two spoonfuls, three spoonfuls, four

The fourth spoonful had not even gone down yet, and this little cake had already been wiped out.

And Bai Ruorong had only taken two bites.

As for the other two people, they were just focusing on how to target Lin Mo with their words.

There was no chance to do so.

"Sorry ha, it does taste good!"

He said and wiped the corner of his mouth!

Beside him, seeing that Lin Mo also seemed to like desserts, Bai Ruorong smiled gently.

"Divine Doctor Lin, do you like to eat too?"

Waiter, serve two more truffle mousses."

Obviously, there were four people sitting on the table.

According to what Bai Ruorong said, only she and Lin Mo each had one portion.

The other two, the heartthrob duo, would just watch.

"Wait, let's serve four portions."

Until Bai Ruorong added.

Only then did the two people's faces look slightly better.

And Lei ShaoTing's heart was also pleased.

It seems that this Miss Bai still has me in her heart.

It was a pity that he was too early.

After the waiter brought up the four portions of mousse.

Bai Ruorong happily took them over.

"Here, Divine Doctor Lin, these two portions are yours.

These two portions are mine."

After dividing them, she had felt a bit out of place.

"Girls can't eat too many desserts.

Otherwise they will easily gain weight."

After biting the fork in her hand, she dwelled on it for a while.

Holding back her reluctance and heartache, she took the two portions of Moss in front of her and shared another portion with Lin Mo.

"Mr. Lin, since you like to eat, you should eat more.

I'm on a diet."

After smiling sweetly, she then began to enjoy it.

This behaviour was completely as if the other two did not exist.

Not only Lei ShaoTing, but even Bai Shaoer started to eat the wrong thing.

She also liked to eat desserts ah, she also liked to eat cupcakes ah.

If it was in the past, Rong Rong would have saved a bite for herself even if she didn't eat it.

Ever since she met Lin Mo, the RongRong in her mind had changed.

As a good sister, it was naturally impossible for Bai Shallow to think of Bai Rurong getting angry.

Then the only way to meet the wrath of a jealous woman was to let Lin Mo.

"Mr. Lin, if you like to eat this dessert.

You can ask the back kitchen to make you a few more later.

It's also good to pack it up and take it home, after all, opportunities like this are rare."

"No need to save for the sake of saving, our young Lei has plenty of money.

If that's not enough, Lei Shao can also get you a membership card for this place.

Whenever you want to eat in the future, you can come over anytime."

Faced with the chattering Bai Shaoer, Lin Mo's dining mood was a little less beautiful all of a sudden.

Let's just eat!

What's the point of all this nonsense?

"Miss Bai Shao'er, you'd better say what you have to say.

If you hide it like this, you'll be tired and I'll be tired too.

Isn't it?"

At this time, Bai Ruo Rong also stopped the movement in her hands and raised her head.

Meeting Bai Ruorong's gaze, Bai Shou'er still gritted her teeth.

"RongRong, everything I did was for your own good.

Don't you blame me.

"Mr. Lin, I just want you to understand.

There are some things that you will have no problem eating for the rest of your life as long as you are lucky.

But there are some things that, given your condition, I'm afraid you won't be able to afford to eat for the rest of your life.

Just like this truffle mousse.

You can't even afford to buy one with a month's salary.

Do you think you can bring happiness to RongRong?"

Pa, a slap on the table.

Bai Ruo Rong, who had been patient for a long time, finally couldn't help but explode.

"Bai Shou'er, shut up!

We are good sisters yes.

But please don't always use the excuse that you thought I was good, this kind of reason, to kidnap me.

I have my own choices and my own thoughts.

Besides, Divine Doctor Lin and I are just friends."

Above the scene, the atmosphere suddenly became serious.

And being so fierce by Bai Ruorong!

Bai Shou'er's tears of aggravation immediately flowed downwards in a ta-da manner.
