

Genius 2031

[Chapter 2031 Shameless!](#)

"Don't worry, I won't die!"

Ye chen patted the Holy maiden's shoulder and walked up to the life and death arena.

Many of the new experts were stunned when they saw this scene. In their minds, the saintess would kill anyone who looked at her, let alone being carried by a strange man.

"This brat is quite something. No matter if he's Dead or Alive, he can Pat the saint's shoulder. This is too exaggerated!"

"That's right. Who is the saintess? the men who are pursuing her are lining up for 90000 miles. What's this kid's background? he's so lucky!"

"Aiya, how hateful, how hateful. It's better to let the great elder kill this brat. Otherwise, we'll all die of jealousy."

The crowd discussed ye chen. His relationship with the Holy maiden alone was enough to make him "famous" in the clear drizzle sect.

Walking up to the life and death arena, everyone's spirits gradually became tense. After all, to be able to make the great elder gamble with him, it showed that this kid had some ability. Not to mention, he had also killed an elite loose immortal like he Yaoqing.

"Hahaha, kid, hurry up and kneel down and kowtow a hundred times. Maybe I can spare your life and make you get out of the clear drizzle sect."

"Old man, I've given you face! What kind of person am I? if I kowtow to you, I think you're suffering from dementia!"

"What, you!"

The great elder was confused by ye Chen's words but he knew very well that the other party was scolding him.

"Fine, since you want to die, I'll fulfill your wish. No matter what the Holy maiden's mood is after this, I'll first wash away the shame of the clear drizzle sect!"

"Cut the crap, speed up!"

Ye chen stood on the stage with his hands behind his back. He did not care which divine ability the great elder was using. He did not even make any defensive moves. He was completely exposing his weaknesses and waiting for the great elder to attack.

"You bastard, how dare you look down on me like this. If I don't kill you with this palm, I'm not worthy of being the great elder of the clear drizzle sect!"

The great elder's eagle eyes glared coldly at the front, locking onto ye Chen's position. He had not wanted to hit ye chen too hard and leave his corpse intact so that the Holy maiden would feel better. However, ye chen was provoking him so he must not hold back.

"Ah!"

The great elder arched his back, his eyes cold and impermanent. Powerful celestial energy circulated in his palm. This time, he was going to crush ye chen!

"The great elder is mighty!"

"Kill this brat and wash away the humiliation!"

Many disciples of the clear drizzle sect began to flatter the great elder. After all, their lives would be worth it if they were chosen by the great elder. Although the chances of this happening were very small, everyone was trying their best.

At this moment, on the fighting ring, the first elder's palm was emitting red light. It was his famous killing move, the misty blood palm!

"Phew, phew, phew!"

Waves of blood-colored energy revolved around the first elder's palm. As he circulated his palm energy, it gathered and grew stronger.

Soon, the strength of this force had risen to a new height. At this moment, this force could completely shock the people below the stage. They could feel the fear of death when they saw this palm energy from a distance.

"This kid is dead for sure."

Someone said through gritted teeth. It was not because he had a deep grudge against ye chen but because he could not calm his mind when he saw the great elder's palm energy.

The life and death arena determined life and death!

The Grand Elder was still using all of his power to reinforce the blood-red power in his hand. This time, he had to make sure that nothing went wrong.

Everyone thought that the great elder was making a mountain out of a molehill. After all, his opponent was only a Mahayana realm cultivator, and was likely to be from the lower realm. He actually used his sure-kill magical power so seriously, which was a bit degrading.

"Old man, you're too slow. I wasn't even defending, and you actually made me wait for such a long time. Just how afraid are you of losing?"

Ye chen sneered, mocking the old man.

"Bastard, don't try to disturb my cultivation with such a provocation. It's useless. If this palm doesn't kill me, I'll be at your disposal!"

Suddenly, chief elder's eyes turned cold, and a red palm energy gradually formed in his hand. It was accompanied by boundless killing intent that filled the entire space.

"Blood palm!"

"Boom boom boom!"

"Die!" With a cold shout, the heavens and earth shook and the space shattered. At this moment, the first elder's hands emitted an Infinite Red light that filled the entire space. Everyone could only see the blood light as if they had fallen into a bloody hell and could not escape!

At this moment, everyone was intimidated by this aura. They did not even dare to make the slightest move for fear of being affected by the power of the blood palm. They seemed to have predicted ye Chen's tragic death. His brain might even burst and his body would explode because these were the usual symptoms of being hit by the blood palm.

As long as one's Foundation was not strong enough, they would be instantly devoured and crushed by the power of the blood palm.

"Hahaha, are you qualified to pursue the Saint?"

"Die, I won't send you off."

Many heaven's favorites who were interested in the Holy maiden began to mock ye chen. They were afraid that after ye chen died, they would have no one to mock.

The Holy maiden's expression was pained. She did not dare to look at the life and death arena because she also thought that ye chen would die.

At this moment, the Grand elder's blood-colored energy had turned into a ferocious Tiger that devoured everything and charged over.

However, ye chen did not Dodge at all on the platform.

The corners of his mouth curled up slightly, and his hands were always behind his back. He was like a connate being, facing an attack that was not worth mentioning.

"Boom boom boom!"

At this moment, the Tiger flew up and the blood-red light covered the sky. It was as if the sky had fallen and the sun and moon had fallen!

"Hahaha, die!"

The Grand Elder laughed maniacally. This palm was the venting of all his emotions. It was the clear miaowei sect's revenge on ye chen!

"Phew ..."

Ye chen let out a long breath. Then, his entire body bloomed with a golden light that could compete with the sun and moon!

"What?"

Seeing such a strange scene, everyone trembled in fear. They did not know what had happened to ye Chen's body but they felt that it was strange.

Zila, Zila, Zila!

Ye Chen's body began to glow with golden lightning. His meridians ran wild and his blood was boiling!

"Unparalleled ancient God dark devour!"

A cold voice reverberated throughout the entire area. Ye Chen spread his arms and a dark vortex suddenly appeared in his sea of Chi.

With the passage of time, the vortex turned into a huge black hole in the blink of an eye, its bottom could not be seen!

"Boom boom boom!"

The blood-colored beast charged out of purgatory and headed straight for ye Chen.

"Roar!"

The final attack was blocked by the Black Vortex.

Crack, crack, crack!

However, the old man was a half-step true immortal after all. His strength was far stronger than anyone ye Chen had encountered before. The blood-red beast actually had the chance to break through the dark vortex and attack ye Chen!

"Ah!"

Ye Chen roared. The eight-gate divine disc spun above his head and eight streams of Dragon Qi supported him at the same time.

The true dragon roared, and Dragon Qi protected his body!

The ancient God Body was indestructible to begin with. Now that it was protected by the Dragon Qi and fused with the support of the darkness, the power of the black hole continued to rise.

"Impossible, impossible, kill!"

The head elder felt a sense of uneasiness. He was actually shameless enough to release his palm energy again!

[Chapter 2032 Fusion Of God And Demon!](#)

"First elder, you're too shameless!"

Seeing the Grand Elder continue to attack without caring about his reputation, the Saint was furious. This was already the second attack.

Those who had previously thought that the great elder would win and ye Chen would die were now a little embarrassed. Although the great elder was trying to save the clear drizzle sect's face, he had made consecutive moves. Even if he won, it would not be honorable.

"Don't talk nonsense!"

Hearing the saint's words, li Manshu hurriedly asked her to step back.

Then, li Manshu shot a look at the crowd. She was obviously trying to use public opinion to suppress the saint's doubts.

"Ha, first elder is helping the clear mist sect get rid of evil. This time, this brat is dead for sure."

"That's right. As long as this kid is dead, the reputation of our sect will be protected. The same goes for the purity of the Saint. "

"That's right. The Holy maiden is the symbol of our clear drizzle sect. It's unacceptable for us to let her be our servant!"

In the midst of the crowd's clamoring, the saint's voice was suppressed. Everyone was facing the outside, and Li Manshu sneered.

He thought, "ye chen, no matter how powerful you are, you're going to die at the great elder's hands now. My nightmare will be over."

On the life and death arena, ye chen was equally furious at the great elder's continuous attacks.

Since the other party didn't follow the rules, he didn't have to be tolerant.

"Ah!"

With a furious roar, ye Chen's body glowed with golden light. His ancient God Power surged out and instantly countered the great elder's palm energy.

"What?"

First elder was shocked. Although he didn't use his full strength, the continuous palm energy could kill even an individual immortal on the spot. However, not only was the opponent not suppressed, but he even countered his palm energy. He couldn't understand this scene at all.

"The celestial Emperor ordered the sword to spin!"

The heavenly Emperor's shadow appeared behind ye chen. Suddenly, a Supreme might and mental suppression filled the air. Countless strong cultivators of the clear drizzle sect felt their eyes fall into an illusion. What they saw was the heavenly realm, high and mighty. It was the Supreme heavenly Emperor!

"Ah?"

Everyone was scared out of their wits on the spot and knelt down one after another.

Even elder li Manshu felt his legs go soft and broke out in a cold sweat.

"Impossible, I will not yield!"

Li Manshu was still persevering, but his own martial will was not strong enough. How could he resist the celestial Emperor's might?

"Bang!"

His legs gave way and he knelt on the ground.

"Hahaha, you bunch of idiots, kneel at ye Chen's feet!"

On the other hand, Holy maiden Qingqing was not affected at all because she was under ye Chen's protection. She was currently laughing at those who were kneeling on the ground.

The crowd didn't know the reason and thought that the saintess had celestial energy to protect her. They were amazed.

"What?"

Not only li Manshu, but the elites and powerhouses of the clear drizzle sect and even the great elder were affected. He looked at the heavenly Emperor's shadow in front of him and felt a natural sense of submission. This was a powerful mental suppression.

"What kind of mysterious power does this kid have that can affect my mind?"

Chief elder felt extremely uneasy at such a strange occurrence.

"It seems that I can't let you Live!"

A murderous glint appeared in the great elder's eyes. He had completely destroyed the rules. What he wanted was very simple-ye Chen's death!

"True immortal arcane art, misty flowing cloud flying slash!"

Buzz, buzz, buzz!"

The great elder waved his arms, summoning countless streams of water vapor into the sky. He drew the Cloudstream sword and pointed the tip at ye chen.

"Great elder, you're using such a mystical power against ye chen. Stop!"

Qing Qing shouted angrily but it was useless. The great elder had already made up his mind to kill ye chen to avoid future trouble.

Everyone from the clear drizzle sect was dumbfounded. In order to deal with a person in the Mahayana realm, the great elder actually used the true immortal arcane art that he had not fully comprehended. This was too unbelievable.

"What are you all doing? cheer for me!"

"Yes!"

Everyone listened to li Manshu's instructions and cheered, gradually covering the clear voice of the Saint.

Qingqing stomped her feet in anger but it was useless. She could only watch ye chen face the threat of death.

The true immortal arcane art was a powerful secret art left behind by the true immortals of the Qing Miao sect. The great elder had not yet advanced to the position of true immortal, so he was the one who had forcefully used this arcane art. However, it was inexcusable to use it on ye chen.

Moreover, the bet between the two of them seemed to have lost its effect.

"Ha! Shameless brat, I knew you would do this. Don't blame me for being merciless!"

Ye chen sneered. The celestial demon power, ancient God Body, and darkness pool began to merge under the intense pressure of the outside world. They all sensed the greatest threat from the outside world. The man before him was completely different from his previous opponents. What he gave ye chen was a true threat to his life. Under such extreme conditions, the darkness pool, Demon's Eye, and ancient God Body, which had been difficult to merge perfectly, no longer had any grudges.

"Ah!"

With a long howl, ye chen flew into the nine Heavens. His entire body flickered with golden light and dark energy surged. Like an ancient fiendgod, he was insufferably arrogant!

"Unparalleled ancient God resplendent Death Lotus!"

Ye Chen's eyes flickered with different lights. One golden light and one dark light shot out from his eyes toward the great elder.

"Flowing cloud flying slash, kill!"

The great elder attacked at the same time. Countless powerful slashes formed from cloud energy soared into the sky and locked onto ye chen.

"Boom boom boom!"

The sky exploded, the sun and moon lost their light, the clouds became dark, and the ancient gods shook the world!

Although the flowing cloud flying slash was powerful, it was instantly devoured by the death Lotus. Then, the ancient God's judgment descended and the sword light was aimed at the great elder.

"Ah?"

The first elder's eyes widened, and he was dumbstruck. He instantly lost his ability to judge, and could only wait for death to descend.

"Zi Zi Zi!"

At that moment, a starry sword light descended from the sky and collided with ye Chen's death Lotus.

p "Boom boom boom!"

Immediately, the heavens and earth shook and the ground cracked. Countless disciples of the Qing Miao sect retreated a few thousand feet as if they had seen hell. Their spirits were shaken and they were in great pain.

"Please show mercy!"

"Oh?"

Ye chen looked up at the sky. At that moment, a celestial figure descended. It was the sect master of the clear mist sect, li qingmiao.

"Thank you for saving my life, sect master!"

The great elder quickly turned around, knelt down, and kowtowed. Ye chen had given him too much of a shock and caused him to lose control of his mind.

"Grand Elder, I didn't save you. It's the young man in front of you."

"Ah?"

The great elder was stunned.

"Aren't you going to thank this person?"

"Yes, yes!"

The great elder turned around and bowed to ye chen in thanks, not daring to raise his head.

"You're the sect leader?"

"That's right. I'm the clear drizzle sect's sect master, li qingmiao!"

"It seems that you need to discipline the people in your sect and let them know what is faith!"

"Young hero is right, I will definitely do as you say!"

The crowd was shocked. They did not expect the sect master to be so polite to ye chen. They all looked amazed.

"Father!"

At that moment, Qingqing walked toward li qingmiao, looking very happy.

[Chapter 2033 The Person Highly Valued By The High Sect!](#)

Ye chen felt a strange feeling when he saw the sect master of the clear mist sect. This was the first time they had met. Even if he had defeated the great elder, the sect master should not have been so polite to him. There must be some other reason.

"Father, this is ye chen." Qingqing introduced.

"Hello, fellow Daoist ye!"

Li qingmiao stepped forward and greeted ye chen.

"Hello sect master, this time I may have to stay at your clear mist sect for a period of time, is that okay?"

"Of course, no problem. I'll leave it to my daughter!"

"Alright!"

Ye chen was even more suspicious. This person was obviously letting the Holy maiden follow him on purpose. What was the reason behind this?

Ye chen could not figure it out for the time being but he did not think too much about it. This time, he had come to the clear drizzle sect to stay for a few days. If the other party wanted to harm him or set a trap for him, he would be happy to accompany them.

"Ye chen, this way!"

"Alright!"

Seeing that Qingqing had been performing well during this period, ye chen did not dwell on the title of master. However, before he left, he clearly felt the great elder's malice toward him. It was clear that the great elder was still brooding over today's incident.

After ye chen left with Qingqing, the great elder walked up to li qingmiao.

"Sect master, this person has broken the rules and reputation of the clear drizzle sect. You can't let him go!"

"Bastard!"

"Ah?"

First elder's heart trembled when he saw li qingmiao's angry face.

"The higher-ups asked us to take care of this person. Who Do You Think You Are to dare to cause trouble? Don't you think you've embarrassed enough?"

"Sect master, it can't be. Is this kid the person the higher-ups are requesting?"

"How can it be fake? The higher sect has already given us a hint. When we see ye chen, we must follow his wishes. This person must be a Big Shot that the higher sect wants. Is he someone we can afford to offend?"

"So that's how it is!"

"Of course. What's his cultivation level? he's only in the Mahayana realm. Do I need to say more? he can make you, a half-step true immortal, helpless."

"Yes, yes!"

When he heard this, the great elder did not dare to speak ill of ye chen anymore. However, the resentment in his heart could not be dispelled. He was the great elder of the elder Council. How could he face others in the clear mist sect in the future after being played like this by a brat in the Mahayana realm?

Ye chen followed Qingqing to a quiet place. It was the residence that Qingqing had found for ye chen.

"Young master ye chen, are you satisfied with this place?"

Ye chen looked around at the quiet environment with pavilions and murmurs of water. Naturally, he was not dissatisfied.

"Ha, well done."

"Thank you for your praise, master!"

"You don't have to call me master anymore. I've granted you permission to call me ye chen."

"Hehe, I still like to call you master when no one is around."

"Ah?"

Ye Chen's eyes widened as he looked at the "shrewish" woman in front of him. She had actually taken the initiative to call him master. Was this woman that kind of person?

Ye chen was 'shocked' when he saw that Qing Qing seemed to be interested in him.

"Alright, whatever you want. Tell me more about this continent!"

"Yes, master!"

"Sigh, alright, whatever!"

Ye chen sat on the stone platform. Qingqing poured him a cup of tea and began to explain.

"Master, our clear mist sect is just a small place. Our higher sect is called the flowing cloud sect, and the true master of this continent is nether prison!"

"Nether prison?"

"That's right. There are many superpowers in the netherworld realm, and nether prison is one of them."

"Where is the god of the underworld? which force does he belong to?"

Seeing ye Chen's anxious look, Qingqing was very surprised. She did not expect ye chen to ask about the god of the underworld. That was the most taboo name on the continent. Many people would even feel as if their minds were being controlled when they mentioned the god of the underworld. Therefore, most people would never take the initiative to mention him.

However, ye chen did not seem to be affected by the curse at all.

"The god of the underworld!"

Qing Qing's brows furrowed. She mentioned that the god of the underworld was also affected by the curse, and she even felt her chest tighten.

"What's wrong with you?"

Ye chen asked when he noticed that something was wrong with Qingqing.

The latter shook his head. "The god of the underworld is a taboo name. Anyone who mentions him will be like this. Why do you want to find the god of the underworld?"

"This is related to the war in the underworld. The situation is complicated, and it's hard for me to explain it to you. However, I need to find the god of the underworld and ask him to join forces with me to save the underworld."

"Join hands with you?"

This time, Qingqing was completely dumbfounded. She did not expect ye chen to be so ambitious. He wanted to join forces with the god of the underworld. What was he doing?

The mere mention of the god of the underworld's name was like entering an icy hell for ordinary people. Ye chen actually wanted to join forces with the god of the underworld. Did he really think that he was on the same level as the god of the underworld? Thinking of this, Qingqing could only shake her head. She felt that this kid in front of her really had a problem with his brain.

"Ye chen, I'm being serious."

Sensing the obvious change in Qing Qing's tone, ye Chen's interest was piqued because the other party might be about to say something substantial.

"No one knows who the god of the underworld is. No one knows where he is either. In fact, whether this person really exists is a mystery. Ye chen, I think you'd better not have any relationship with the god of the underworld. It's very dangerous!"

"Oh ... I didn't think of that."

Ye chen looked at the young girl before him and saw how serious she was. He did not expect her to really care about him.

"Sky cloud sect, nether prison ... Nether God!"

Ye chen carefully thought about the relationship between these forces. The name sky cloud sect made a connection with the remarkable power used by the great elder. At that time, he had used the sky cloud sword technique. This made ye chen wonder if the great elder had any relationship with the sky cloud sect.

"Alright, you can go back first."

"Ah? Am I not going to stay and serve you, master?"

"No, I'm used to being alone!"

"Hmph, boring!"

Seeing ye Chen's determined look, Qingqing glared at him and left.

Ye chen meditated to regulate his breathing and recalled the previous battle.

Li qingmiao could easily block his sure-kill attack on the Grand Elder, which showed that the other party was likely to be a legendary true immortal.

Ye chen had never really faced a true immortal. Although he could kill a loose immortal at will, through the celestial Emperor's memories, he could clearly see the difference between a true immortal and a loose immortal.

"Zi Zi Zi!"

Ye chen released the liuxian bottle, which corresponded to the night of the full moon.

As the liuxian bottle continued to release clear air, ye chen took a deep breath.

"Phew ..."

Then, he let out a breath of turbid air. Instantly, he felt refreshed and the meridians in his body were unobstructed, as if he had ascended to immortality.

As the moonlight shone on the liuxian bottle, countless pure celestial Chi was continuously instilled into ye Chen's body. Coupled with the pure netherworld energy from the darkness pool, cultivating the celestial demon body was the fastest.

If he wanted to be able to deal with the magic martial realm, the celestial realm, the underworld realm, and other higher realms, he still needed a lot of power!

[Chapter 2034 Cloud Of Suspicion In The Secret Cave!](#)

Late at night, in the dead of the night, a black shadow suddenly flew out from the clear mist sect.

"What?"

Ye chen suddenly opened his eyes. His perception was far above that of ordinary people. Moreover, he had the enhancement of the Demon's Eye, so he naturally sensed this faint energy change.

"Who is going out at such a late night?"

He flew up to the roof and looked through the night sky. He could see that the black shadow was extremely fast.

"Whoosh!"

Without another word, ye chen flew after him. At the same time, he strictly restricted his energy and speed to prevent this person from detecting his movements.

The man galloped ahead for about an hour before finally stopping.

The man came to the foot of a mountain and took out a jade pendant-like object that shone with a green light. Ye Chen's eyes narrowed, wanting to see what it was.

There was a strange force coming from that thing. This force was very strange. Ye chen could not sense what it was for a moment.

"Boom boom boom!"

As the Man in Black placed the jade pendant on the stone door, the stone door opened.

"Phew, phew, phew!"

Streams of strange energy seeped out of the stone door. The surrounding environment was isolated by this power, followed by the aura of chaos. There was no information at all.

"So secretive, what is it?"

Ye Chen's curiosity was piqued. He came to the outside of the strange energy. He knew very well that this energy must have a sensing ability. Once he was touched by this energy, his actions would be exposed.

He looked at the stone door. The jade pendant on it was still glowing.

"Mm ..."

Ye Chen's eyes narrowed slightly. He activated the nine true spirit transformations!

By sensing the nature of these energies, ye chen fused himself with them, making them feel like they were of the same kind. This way, they would not be alarmed.

Ye chen took a deep breath. All the energy entered his body. As he had the ancient God Body, he was immune to all poisons. Ye chen did not have to worry about being poisoned.

After transforming into his own kind, ye chen walked to the stone door.

"Zi Zi Zi!"

He placed his hand on the stone door, and suddenly, a strange energy poured into the jade pendant. The stone door was pushed open by the force.

"Go!"

Ye chen released his power to slow down the speed of the stone door's movement. The sound was greatly reduced and there was almost no vibration before the stone door opened.

"Whoosh!"

After flying in, ye chen found that there was a long passage inside. This passage meandered and extended very long. It was clear that the movements here were very secretive.

Ye chen rushed forward. He wanted to know who had entered the secret cave and what he was here for.

With the help of the nine Heavens Yu treading steps and his own power, he arrived at the final area of the secret cave in the blink of an eye.

Here, ye chen heard a conversation.

"Lord Holy envoy, li qingmiao, that old thing, is so stubborn. He actually values an outsider and even forsook the dignity of the clear drizzle sect. This is our best chance."

"Oh ... There's such a thing?"

"That's right. This kid's name is ye chen. I don't know where he came from. Li qingmiao said that this person is highly valued by the sky cloud sect. This is nonsense. How does the sky cloud sect know about this person?"

"The clear mist sect is a sect that we value. There can not be any mistakes in the operation. How confident are you this time?"

"I can instigate the elders to oppose li qingmiao, and then lead the disciples to rebel. In that case, li qingmiao will be all alone."

"Hmm ... That's a good idea. I'll report to master Xie about the situation. You should get ready."

"Don't worry, Lord Holy envoy. As long as Lord Xie Wei gives the order, I will immediately rebel!"

"Very good!"

After listening to the two's conversation, ye chen could tell at a glance that this person was the great elder of the clear drizzle sect.

I really didn't expect that the first elder was actually a traitor, and even wanted to rebel!

Da, da, da!"

After the great elder and the Saint finished their conversation, they began to head out.

Ye chen had left the secret cave early on, memorizing all kinds of information in his heart.

"Who is Lord Xie Wei?"

This was the key person ye chen had analyzed. Perhaps it was time for him to have a talk with li qingmiao.

After walking out of the cave, the great elder covered his face again and then flew towards the clear mist sect.

"What?"

Halfway there, a strange sound of wind suddenly appeared in front of them.

"Phew, phew, phew!"

The wind was filled with killing intent, and it swept through the surrounding space, causing the first elder's heart to turn cold.

"Who's blocking the way? you're courting death!"

"Hahaha, great elder, we meet again."

"What?"

The first elder's body trembled when he heard this familiar yet frightening voice.

On the ancient tree in front of him, a person lay. When he looked closely, he saw that it was ye chen.

"Ye Chen, W-why are you here?"

"That's right, great elder, I also want to ask, why are you here?"

"Hmph, I'm here on the sect leader's orders to patrol. Get out of my way. Don't think that you can do whatever you want just because the saintess is interested in you. I won't fall for your tricks."

Ye chen sneered at the great elder's acting.

He walked in front of the great elder and sized him up. This made the great elder very uncomfortable. He did not know what ye chen had discovered or if ye chen was just testing him.

"Don't mess around, get out of the way!"

After saying that, the great elder was about to walk forward. However, he felt a hand reach out to his shoulder, and he was unable to move forward.

"What?"

The first elder's face was filled with anger. Suddenly, he activated his immortal force and tried to break free by force. After all, he was a half-step true immortal super expert. How could he be blocked by a person of the Mahayana realm?

However, when he struggled to break free, he felt the Super strong power in ye Chen's hand. This power was definitely not a simple celestial energy but some kind of power above celestial energy. It was pure, primitive, and full of violence!

"You!"

"What about me? Follow me!"

Ye Chen's sharp claws grabbed the great elder's vital point and flew up with him.

"Roar!"

At this moment, little gold revealed itself. Its huge body carried the two of them and flew towards the clear mist sect.

"You, what do you want to do?"

"Don't move, great elder. My hands aren't that obedient. If I accidentally strangle you to death, don't blame me!"

"Bastard!"

The great elder could feel his neck tightening in ye Chen's hands. The pain made him feel as if his bones were about to crack. He had no idea how ye chen had done it but the power was too terrifying.

It was obvious that ye chen was using ancient divine power!

As little gold spread its wings and flew high, ye chen brought the great elder to the sky above the clear drizzle sect.

At this moment, someone at the mountain Gate saw them and shouted sternly, ""Who are you? the clear mist sect is ahead. Stop!"

"Ha, are you going to stop the Grand Elder?"

"Ah?"

[Chapter 2035 2040-Evil Spirit Theory!](#)

Upon hearing ye Chen's words, the disciple who was guarding the gate was dumbfounded. He took a closer look and indeed found the great elder's figure on the Golden-winged Eagle.

"Great elder!"

"What are you looking at? open the door!"

"Yes!"

The man activated the defensive array. The great elder and ye chen flew into the clear mist sect's Mountain Gate and headed straight to the sect master's Gate.

At that moment, sect Master Li qingmiao was meditating and regulating his breathing. He sensed a powerful force approaching from the void.

"What?"

He opened his eyes slightly and looked at the sky. With a glance, he saw ye chen and the great elder through the wall.

"This ..."

He didn't understand how the two of them ended up together, and it was against the rules for them to barge into his residence in the middle of the night.

"Is sect Master Li here?"

"Who is it?"

Li qingmiao asked, pretending to be aloof.

"Ye chen!"

"Ha!"

Li qingmiao smiled and walked out of the door. He saw ye chen descending from the sky with the great elder and the Golden-winged Eagle disappearing.

He walked to the front and looked at the two of them. "What's the purpose of such a formation?"

The great elder was about to speak but was stopped by ye chen.

"Sect master, why don't we go inside and talk?"

"Alright!"

After all, ye chen was someone valued by the sky cloud sect. Li qingmiao still had to give him face, so he made an inviting gesture and the three of them entered the main hall together.

The main hall was bright and colorful as everyone took their seats.

"Ye chen, what's the meaning of bringing the great elder here so late at night?"

Li qingmiao was also an expert. Naturally, he could tell that the great elder was being held hostage and was completely under ye Chen's control.

Ye chen naturally knew that li qingmiao was currently confused and had no idea what had happened.

"Great elder, why don't you tell us what you did in the back mountain today?"

"Brat, don't make false accusations!"

"Slander! Hahaha! Great elder, you have a guilty conscience. I haven't even said anything yet, and you're saying that I'm slandering you?"

"This ..."

The great elder gritted his teeth, thinking that he had been tricked by this kid.

Li qingmiao's eyes narrowed slightly. The situation in front of him was obviously unusual. There must be something going on between the two of them. He looked at the two of them carefully. Ye chen was overbearing while the great elder was being secretive. It was obvious that the latter had a problem.

"Grand Elder, what's going on?"

"Lord sect master, this brat kidnapped this old man here in the middle of the night, I really don't know what he wants to do!"

"Oh?"

Li qingmiao looked at ye chen. His patience was running out.

Ye chen could tell that the great elder would not confess on his own. In that case, he would show the evidence.

He stood up and waved his hand in the air.

"Zi Zi Zi!"

With a burst of energy, a light screen appeared in front of the two of them. Then, an image appeared on the light screen.

"What?"

Li qingmiao was a little surprised to see such an exquisite technique.

The scene on the screen shocked him even more.

On the light screen was the scene of the great elder and the Holy envoy's plan, which could be said to be "complete."

"Evil spirit!"

Li qingmiao blurted out when he saw the mutant on the light screen.

"Evil spirit?"

Ye Chen's eyes narrowed when he heard the name. He saw that li qingmiao was extremely angry and nervous at the same time. It was clear that the evil spirit had a great influence on him.

"Sect master, what are evil spirits?"

"Evil spirits are the enemies of all the great forces in the divine underworld realm. They are also the greatest calamity of the divine underworld realm, and have always been trying to overthrow it."

"Hahaha, no wonder this evil spirit wanted the great elder to rebel against the sect!"

Ye chen sneered at the great elder. At this moment, the great elder's face was pale. He did not expect ye chen to be so capable that he had managed to keep track of all his actions. All of this shocked the great elder and he could not cope with it.

"First elder, what do you have to say?"

Li qingmiao turned to look at the great elder. The evil spirits were the source of the greatest chaos in the divine underworld realm. If they worked with such a force, they would definitely be the enemy of the entire divine underworld realm. Moreover, this was an act of betrayal, which the sect could not accept.

"This ... This is all ye Chen's framing. I didn't do anything. I just came out for a stroll. Sect master, you can't believe this kind of sneaky technique!"

"Hahaha, the evidence is conclusive, yet you still want to quibble. First elder, you're really too naive."

Ye chen patted the great elder's shoulder and had the great elder lie on the ground. Firstly, ye Chen's technique was too heavy. More importantly, the great elder had a guilty conscience and had lost the courage to resist.

Just ye chen alone was difficult to deal with. Moreover, there was a super powerhouse like li qingmiao in front of him. He had already lost the chance to escape.

"Cooperating with foreign enemies, betraying your master for glory, first elder, you've really disappointed me!"

"Sect master, Lord sect master, I'm innocent!"

The great elder knelt on the ground and crawled toward the sect master, crying and complaining.

"You don't have to say anything more. You're no longer the head of the elder's house and you've lost the right to be a member of the clear Miao sect. Get lost!"

"Sect master, this can't be true. I've worked hard and made great contributions. You can't drive me away!"

"Bastard, get out of here. This is the last bit of mercy I'm giving you. Otherwise, I'll kill you without mercy!"

"Li qingmiao, you!"

The great elder glared at li qingmiao, his eyes filled with cold killing intent. Li qingmiao's back was facing him, and he no longer wanted to see this traitor.

At this point, the Grand Elder understood that if he could not complete the mission given by the Holy envoy, he would die even if he left the clear mist sect. He had already lost all hope.

"Li qingmiao, you deserve to die!"

Suddenly, the flowing cloud sword appeared in the Grand elder's hand. Then, the flowing cloud sword's most powerful killing move appeared again.

"Swish!"

The sword Qi charged forward, and the tip of the sword was aimed at li qingmiao's vital parts.

"Swish!"

Just as the tip of the sword was about to hurt li qingmiao, it was stopped by the sword fingers. The great elder focused his eyes and saw that it was ye chen.

"Ah? You bastard, you actually want to harm the sect master!"

Li qingmiao glared angrily and struck out with his palm.

"BOOM!"

With a loud explosion, the great elder's body was directly sent flying a thousand feet away, landing heavily on the ground.

"Who is it?"

The disciples in charge of the sect master's main Hall's safety came out and surrounded the Grand Elder.

When they saw the head elder appear in front of them on the verge of death, they were all shocked. They didn't dare to move and just surrounded the head elder.

"Whoosh!"

At this moment, ye chen and the sect master had arrived.

"I hereby announce that the great elder has betrayed the sect, betrayed the sect master for glory, cooperated with the evil spirit, and assassinated me. He is no longer a member of the clear mist sect!"

"Ah?"

Everyone was shocked. They didn't expect that the great elder, who was once highly respected in the sect, would now become a traitor. He even tried to assassinate the sect master. This kind of behavior was intolerable.

"Throw him out!"

"Yes!"

The two disciples carried the first elder and walked towards the mountain Gate.

"Evil spirit ..."

Looking at the first elder's shadow that had disappeared into the distance, li qingmiao's brows furrowed tightly as he muttered this name!

[Chapter 2036 Ancient God Star Sea!](#)

After leaving the sect master's main hall, ye chen began to think about the situation he had encountered today.

The great elder had betrayed the sect and worked with the evil spirit. It was obvious that li qingmiao was very afraid of the evil spirit. This operation had made ye chen even more interested in the underworld realm. He wanted to know how many forces were hidden in this realm.

"Great elder!"

After the great elder was carried out of the sect master's Hall, he dragged his broken body out of the mountain with ye chen following closely behind.

"Ah! Ah! Ye chen! Ye chen!"

When the great elder saw ye chen, it was as if he had seen a ghost. He was so frightened that he crawled on the ground like a madman.

"Great elder, since the sect master has released you, I won't kill you. But you have to answer a few questions!"

"Speak!"

When the great elder heard this, his heart relaxed. At the very least, a master like ye chen would keep his word.

Ye chen looked at the great elder coldly and said, ""Who are the evil spirits? what's the secret code you used to trade with them?"

"Ah?"

Hearing this question, the great elder actually revealed a look of fear. This was unexpected because his expression seemed to say that if he said anything, he would be ruthlessly killed.

"Master ye chen, it's not that I'm not telling you. I just need to say one word and the other party will know. I'm dead."

"What?"

Ye Chen's eyes narrowed slightly. Suddenly, a strong murderous aura made the great elder almost kneel on the ground.

"It's fine if you don't tell me. I can kill you right now!"

"This, this!"

"What's this? do you still have a choice? Tell me, and you'll be safe once I've annihilated the evil spirit. "

"Ah?"

Hearing ye Chen's words, the great elder was even more shocked. He kept shaking his head.

"Young man, you're too arrogant. The evil spirits aren't a force you can deal with!"

"Ha, that's none of your business. Old man, you should worry about your life!"

The great elder nodded slightly. Ye chen was right. As long as he told ye chen the secret of the evil spirits, he would be fine, at least for now. Otherwise, it would be too easy for ye chen to kill him.

He stroked his beard and smiled bitterly.

"The evil spirits are the most unstable force in the underworld realm," he said. "Their goal is simple. They want to devour everything."

"Devour everything?"

p "That's right. I'm not trying to scare you. You can see how much li qingmiao values the evil spirits. In the eyes of the evil spirits, the clear drizzle sect is like an ant. It's just that the evil gate hasn't been fully opened yet, and there are only a few evil spirits that have infiltrated the nether prison. That's why they're working with me. I don't want to betray the sect, but it's useless. A person like me can be killed at any time. When they found me, I had already lost my choice."

"Cut the crap. What's the secret code between you and the evil spirit?"

"There's no secret code. They will contact me when they take action. This evil spirit jade pendant is used for communication. You can have it!"

The great elder took out the jade pendant and handed it to ye chen.

Ye chen took the jade pendant and immediately sensed the evil force he had sensed before. He knew that he was not wrong this time.

"Get lost!"

"Thank you. Thank you, Lord ye chen!"

The great elder rolled and crawled as he charged into the darkness.

Ye chen took the evil spirit jade pendant and returned to his residence.

In his residence, ye chen kept looking at the evil spirit jade pendant. He could sense more evil energy from it. Compared to the evil energy he had absorbed from the space of the stone door for his transformation, the evil energy on this jade pendant was purer and stronger.

Ye chen absorbed the evil energy and analyzed this power through his ancient God Space. He wanted to understand how these powers worked to the extreme and find a way to break them.

The invasion of evil spirits was definitely not a small matter. If he wanted to find a bargaining chip with the god of the underworld, this might be one of them.

Ye chen sat cross-legged in the air and the evil spirit jade pendant floated in the air. He activated the eight gates divine disc.

"Zi Zi Zi!"

The power of the divine disc filled the space, forming the state of eight rotating gates. The power of the eight trigrams circulated within, and its divine might was boundless.

The jade pendant was floating above the divine disc.

"Open the door, Qi Qi!"

Ye chen opened the door to the eight-gate divine disc. In an instant, the jade pendant's energy was infused into the door.

On the other hand, the power of the divine disc had already fused with ye chen and was connected to the ancient God Space.

This power entered the ancient God Space through the door, which was equivalent to being analyzed by the eight-door divine disc. The structure of the power was even clearer.

"What a strange power!"

Even ye chen felt strange when he absorbed this energy. This was completely different from ordinary psionic, Mystic, and celestial energy. It was another kind of energy that was extremely corrosive to the human heart.

Ye chen could feel his heart being affected by just absorbing a little of this power. Fortunately, his martial will was unrivaled and strong. In addition, with the protection of the ancient God Power, it was impossible for this little power to corrode his soul from the root.

"Dark energy, can I refine and use this power?"

This was the first thought that came to ye Chen's mind when he came into contact with the evil power because his ancient God Body was the evolution of the unparalleled Pangu divinity. Pangu was the ancestor of all things. No power could escape the coverage of Pangu power. Therefore, no matter what attribute power he encountered, ye chen saw the possibility of refining and utilizing it.

"I have a one-star ancient God Body now. I don't have control over the ancient God's will. It's risky to refine these evil forces that erode the soul!"

Ye chen knew his own limits. Although he had a one-star ancient God Body in body cultivation, he had not touched upon ancient God techniques in spirit cultivation. This was the biggest obstacle in his cultivation of dark energy.

"Ancient God God God refining art!"

If he wanted to cultivate dark energy, he had to first cultivate the ancient God spirit cultivation method. This was a challenge for ye chen.

"Meditate!"

Ye chen immediately entered a state of meditation and his primordial spirit entered the ancient God Space.

In the ancient God Space, ye chen walked to the star sea.

This was the depths of the ancient God Space. From here, one could see the universe and stars. The universe was so big that it contained thousands of things.

The ancient God Body contained records of all kinds of divine powers and secret techniques. Like genes, they were engraved in the bones and would never be lost.

And this information was hidden within the ancient God universe in the form of stars.

Ye chen opened his eyes and looked at the starry sky.

Countless stars, like blinking eyes, were staring at ye chen.

"Let's go!"

Ye chen flew up and rushed into the sea of stars.

This was not a good choice as it was extremely risky. The power of an ancient God was glorious. If ye chen made a mistake and directly entered the astral Spirit sea, his primordial spirit might even fall into this sea of thousands of stars and be completely annihilated.

These stars were the memories of the ancient gods, and they had extremely destructive power that was everywhere.

Even if ye chen had the body of a Celestial Emperor, he was still insignificant to an ancient God!

[Chapter 2037 The One Sky Soul Refining Technique!](#)

In the sea of stars, every star had its own story. Ye chen wandered among them and felt a great spiritual power.

This was the first time he felt such pressure. If he stood in front of a giant, he could only see their feet. If he wanted to see their whole body, he had to have enough height and vision.

"Ah!"

Ye Chen's entire body evolved psionic energy to protect himself and improve his own psyche. However, this little increase in psyche was completely insufficient in the ancient God Star sea.

"Such a powerful mental pressure. The ancient gods really can't imagine it!"

As the most powerful ancient God on earth, he could rely on his own strength to fight against the most powerful enemy in the universe.

As for God Pangu, according to legend, he had traveled the universe, conquered countless domains, and gathered countless martial arts. No one could imagine how powerful he was, and all this information was recorded in the ancient God Star sea.

Currently, ye Chen's ancient God Realm was only one-star, so the number of stars he could activate was extremely limited. However, even these stars could suppress ye chen and make him breathless.

However, what kind of person was ye chen? as a heavenly Emperor, he was incomparably arrogant!

In his eyes, there was nothing he couldn't do. Even when he was facing god Pan Gu, who had created everything, he was still the same!

"Ah!"

With a furious roar, ye chen continued to move forward.

As he passed through the star seas, he was still sensing the information within. His time was limited, so he had to find the most suitable star in the shortest time possible.

"Zi Zi Zi!"

Ye chen activated his spiritual eye and observed his surroundings. However, the ancient God Star sea was filled with the Supreme might of the ancient gods. His spiritual eye was not effective.

"Ancient God Power!"

Only by relying on ancient God Power could ye chen see the path ahead a little more clearly.

"Zi Zi Zi!"

Suddenly, a spiritual domain appeared in front of him. Ye chen felt as if his spirit had been burned out. This terrifying power surpassed any spiritual control technique.

Ye chen turned into a stream of light and shot toward the star.

"Charge!"

When he arrived in front of the star, he saw countless strange lights rushing out of the star and drowning his body.

After entering the spiritual flame, ye chen felt a powerful force. This force seemed to be able to destroy all spiritual bodies, including ye Chen's primordial spirit.

"Alright, I like challenges!"

Ye chen had already realized that there must be an extremely powerful psyche cultivation technique in this star. This was exactly what he wanted.

"Whoosh!"

Regardless, ye chen decisively rushed into the stars.

"Phew, phew, phew!"

In an instant, spiritual flames filled the space. Ye chen felt as if he had fallen into the furnace of hell. Ordinary people could not bear the pain. Even Immortals would be defeated by such spiritual power.

However, ye chen had relied on the ancient God Power to protect himself and still managed to force his way into the Star.

On the star, his body was still burning with flames. These flames were spiritual flames that burned people's spiritual bodies.

This was not only a training for the primordial spirit but also a test of the martial will. The heavenly Emperor's body had experienced countless years and faced countless death situations. These were all engraved in ye Chen's bones. Whether he had truly ascended to the heavenly Emperor's throne or not, it was an endless wealth for ye chen.

This was a star that glowed with spiritual light. Standing on it, ye chen could feel countless chains in the surrounding space trying to stop him.

"What?"

He looked around and didn't find anything, but the pulling force was obvious.

"Not good!"

In an instant, ye chen realized with his superb combat experience that these chains were invisible. He might have been trapped in a huge formation.

"Zi Zi Zi!"

Sure enough, when he came back to his senses, he found a huge golden seal under his feet. There were nine chains connected to the seal.

Buzz, buzz, buzz!"

Soon, the chains began to lock onto ye chen. They came from all directions and locked onto ye Chen's hands and feet.

"Ah!"

Ye chen roared in anger. He wanted to use his brute force to break free but this was not a good choice. Soon, he felt that the places on his body that had been burned by the flames were in unbearable pain.

The pain came from the depths of his soul, and it was unimaginable.

"Zi Zi Zi!"

Ye Chen's eyes turned cold as he released sword radiance.

"Whoosh, whoosh, Whoosh!"

These sword gleams were emitted from ye Chen's entire body. The eight desolations sword style was lawless!

Buzz, buzz, buzz!"

The sword Qi hit the chain, but it did not shake it at all, as if nothing had happened.

At this moment, ye chen discovered that a Jade slip was suspended in the air. Under the illumination of the light, a light screen appeared below the Jade slip. Countless words were evolving on the light screen.

"What?"

When ye chen saw these characters, he recognized them as ancient divine script at a glance!

His eyes focused on the ancient god characters.

The ancient divine text was extremely difficult to understand. Even if ye chen had become a one-star ancient God, it would still be difficult for him to read and understand these words.

But at this point, he absolutely could not give up, because giving up might not only mean failure, but also death!

"The ancient God has opened his eyes!"

Ye Chen had been cultivating the ancient God's eye through his ancient God Power for quite some time but he had not made any progress. Now that he had no other choice, he had to use the power of the ancient God's eye. Otherwise, it would be almost impossible to understand the words.

In the ancient God Space, spiritual energy was nothing and extremely insignificant.

As for his mystic energy and netherworld energy, he could not even use them.

"Zi Zi Zi!"

In a moment of carelessness, the Demon's Eye in Ye Chen's body automatically awakened, trying to break free from the shackles in front of him.

"Not good!"

Ye Chen was shocked. The power of the Demon's Eye was the power of the nether God, so it was naturally repulsed by the ancient God Space. Once he sensed the power of the Demon's Eye, things would go out of control.

Buzz, buzz, buzz!"

As expected, the seal sensed the power of the underworld God. Immediately, the chains in the surrounding space became tighter and began to devour the power in Ye Chen's body.

In the face of such a crisis, Ye Chen could only look at the light screen with all his might.

The mysterious words on the screen were transmitted into the ancient God Space through the ancient God's eye for analysis.

This was Ye Chen's last chance.

Ye Chen ignored the danger of his soul burning and entered a state of meditation.

He knew very well that if he couldn't make a breakthrough in these ancient divine runes within the time limit set by the seal, he might really die here.

The extreme environment created extreme pressure, and the extreme pressure allowed Ye Chen to burst out with Supreme potential!

As the ancient God Space carried out a complicated analysis of these characters and pondered, Ye Chen saw the true meaning behind these characters.

"The one heaven soul refining technique!"

The true meaning behind these words all pointed to such a secret technique!

[Chapter 2038 Counter-Plan!](#)

"Heavenly soul tampering technique. In that case, I'll name this star as the resplendent heavenly one star!"

In the ancient God universe, the first Star that ye chen had named had appeared.

After comprehending the true meaning of the ancient divine characters, ye chen sat cross-legged in the void. He no longer had any distracting thoughts and devoted himself to cultivation.

The energy within Tian Yixing began to flow into ye Chen's body. This energy was all mental energy. It was the mental Foundation that ye chen needed the most now.

The flow of time and space in the ancient God universe was completely different from the outside world. According to ye Chen's cultivation base, at the Mahayana realm, he could adjust the speed up to ten times.

Two hours here was equivalent to twenty hours in the outside world. Similarly, ye chen could reverse the adjustment. Two hours here was equivalent to two hours in the outside world.

Ye Chen's comprehension of the spacetime law of the spacetime rage allowed him to adjust it easily and simply.

"Zi Zi Zi!"

Ye chen floated above a spiritual cloud, his body and mind relaxed. With the infusion of this psyche, ye Chen's primordial spirit became stronger. It was completely different from before. Now, the power of primordial spirit could clearly resist the might of the dark energy.

This was the biggest reason ye chen had entered the ancient God universe. He wanted to find a way to improve his own psyche. This way, he could refine the evil energy and communicate with the evil spirits on behalf of the great elder, finding an opportunity to defeat them.

Ye chen had cultivated for twenty hours on Tian Yi Xing. In the outside world, only two hours had passed.

After absorbing enough psyche, ye Chen's primordial spirit returned to his body and he woke up from reality.

After waking up, ye chen felt that his psyche had made a qualitative leap. It had at least doubled in strength. The evil spirit refinement that he had been unable to deal with safely before had become very simple.

"Zi Zi Zi!"

Ye chen took out the eight gates divine disc and drew out the evil spirit jade pendant.

"Evil spirit, let me get to know you again!"

This time, ye chen had no qualms. The psyche in his body circulated like the waves of the sea, unstoppable.

Although the evil spirit jade pendant had self-defense capabilities, under the violent cracking of the eight-gate divine disc, it had no way of resisting and was immediately activated.

"Zi Zi Zi!"

The evil light surrounded ye chen and the evil energy was wild. This jade pendant wanted to devour ye chen.

"Ha, how naive!"

Ye chen sneered. The eight divine discs released electric light at the same time and the dark energy of the jade pendant was subdued in an instant.

"Collect!"

He opened the door of the eight doors, and the dark power was forcibly absorbed into the ancient God Space.

The evil energy entered the ancient God Space and connected with ye Chen's primordial spirit.

These forces thought they had found an opportunity and began to erode ye Chen's mind.

However, they did not know that ye Chen's mind had become impregnable after absorbing the energy of the heaven-1 star.

"Since you can't corrode me, I'll refine you."

Ye chen closed his eyes and activated the Tianyi soul tampering technique. Suddenly, the evil energy began to struggle wildly in the ancient God Space. It had already realized that it was about to be refined by ye chen.

"Ha, what's the point of struggling? I didn't allow you to be so arrogant before. Be quiet!"

Ye Chen's cold eyes locked onto the dark energy. Suddenly, the Supreme might of a heavenly Emperor suppressed the dark energy, and it did not dare to act arrogantly.

After that, Tian Yi refined his soul and instantly devoured the evil energy.

"Zi Zi Zi!"

After a series of complicated analysis, all sorts of data entered ye Chen's mind. These were the law fragments of dark energy. With ye Chen's ability, he could completely reverse-engineer the various properties of these dark energies.

"Very good!"

Ye chen opened his eyes and a smile tugged at the corners of his lips. The ancient God Power was indeed powerful. In such a short time, he had found a way to refine the evil energy. As long as he could obtain more power of the stars from the ancient God Space in the future, his recovery as the celestial Emperor would not be in vain.

After three days of research, ye chen had completely figured out the structure of elementary dark energy. With his own strength, he could fully develop dark energy, which was even better than the Jade archive.

The sect master's Hall.

"Lord sect master, ye chen requests an audience!"

"Please!"

There were many things to do in the sect. Ye chen was an important figure. Li qingmiao also wanted to see ye chen and see what abilities he had to be valued by the sky cloud sect.

Fellow Daoist ye, you've come."

"Greetings, sect master!"

"I don't dare, please!"

Li qingmiao led ye chen to the main hall and the two of them sat down.

Fellow Daoist ye, is there something you've come for?"

"Sect master, I don't think the matter of the great elder is that simple. With your cultivation, it's impossible that you can't see the key."

"A!"

Hearing ye Chen's words, li qingmiao shook his head slightly and sighed. He said,"fellow Daoist ye is indeed sharp. You saw through the crux of the matter with a single glance. The evil spirits aren't an ordinary force. If we are targeted by them, our clear miaowei sect will be in danger!"

Ye chen observed li qingmiao's expression and realized that he was not pretending. He was really in pain.

"Sect master, things may not have reached a point of no return."

"Fellow Daoist ye, you're from the outer realm, so you don't know how powerful the evil spirits are. For hundreds of years, even the underworld God Hall couldn't completely eliminate the evil spirits. They could only grow in the dark. Although this place is under the jurisdiction of the nether prison, the forces of the evil spirits have infiltrated it, and they can do whatever they want."

"Sect master, could it be that you're just going to sit and wait for death?"

"This ..."

When he heard ye Chen's question, li qingmiao could sense that ye chen seemed to have a good plan based on his many years of Jianghu experience.

"Fellow Daoist ye, if you can save my clear mist sect, I can even hand over my position as sect master. What do you think?"

"Oh ... Hahaha!"

Ye chen laughed maniacally. As expected of a veteran. Li qingmiao could tell that he was here to deal with this matter. Since that was the case, ye chen did not hide it and continued,"Sect master, I've already unraveled the secret of the dark powers. I can now contact the evil spirits on behalf of the great elder. Let's catch the turtle in the jar!"

"Really?"

"Of course!"

Ye Chen's voice was firm and full of confidence. Li qingmiao sized ye chen up and revealed a look of disbelief.

"As expected of someone valued by the sky cloud sect. Ye chen, your talent is truly amazing. I've been researching this dark energy for decades and haven't been able to come up with anything. You've only been at the clear mist sect for a few days and you've already deciphered the mystery within. It's too terrifying. "

When faced with someone like ye Chen, Li qingmiao could not help but use the word "terrifying" to describe him. Even a genius would not dare to be compared to ye chen.

"Sect master, you're too kind. I'm afraid that just the clear mist sect alone is not enough to eliminate the root of the problem in this operation!"

"Well, as long as fellow Daoist ye has a complete plan, I can contact the sect for help, and it'll definitely succeed!"

"A higher sect? Could it be the sky cloud martial school?"

"That's right. Fellow Daoist ye is someone the sky cloud martial school values. I'm going to ask them to help you with your plan. They won't refuse. "

"Alright, then I'll have to ask sect master to act quickly."

[Chapter 2039 2044-Evil Spirit Saint!](#)

Back at his residence, ye chen was still thinking about another problem. He had never heard of this so-called sky cloud sect before he came to the clear mist sect. Li qingmiao was doing things according to the Sky cloud sect's instructions and even said that the people of the sky cloud sect thought highly of him. This made him a little confused.

"Sky cloud martial school, what kind of existence is it? why would they value me?"

Ye Chen's heart trembled at the thought of this. Could it be that the other party had been following and monitoring him since he entered the underworld realm? If that was the case, it would be terrifying because it was impossible for an ordinary person to escape ye Chen's surveillance. Only a high-ranked bodiless celestial would have a chance.

Three days later, ye chen began to contact the evil spirit as promised.

The jade pendant floated in the air. Ye chen released his own dark energy and sent out a signal.

"Zi Zi Zi!"

These dark power signals began to spread towards the secret cave.

"Hahaha, great elder did a good job. In that case, today will be the start of our evil spirit Empire!"

Under the lead of the Holy envoy, the evil spirit Army of the 1st Legion set out from the secret cave and charged towards the clear mist sect.

"Roar, roar, roar!"

The evil spirit Army was extremely excited, and wherever they passed, not even a blade of grass grew.

Countless lives were destroyed under this trampling. Evil spirits were the symbol of darkness and slaughter.

"Hahaha, exterminate the clear mist sect, exterminate these humans from the dark god Realm!"

"Kill!"

Boom, boom, boom!

The evil spirit spaceship took off, and the Saint brought the main force on the spaceship. Below them were countless evil spirits trampling on the ground, charging into the enemy lines.

In the sect master's Hall of the clear mist sect.

"Reporting to sect master, as expected, there are a large number of supernatural senses coming from the direction that Lord ye chen has specified!"

An expert from the clear drizzle sect stepped forward and said.

"Very good, fellow Daoist ye, you've done a great service this time."

"As long as you can exterminate the evil spirit, it can be considered as perfection."

"Alright!"

Li qingmiao released a wisp of immortal energy into the sky. Instantly, this power turned into a bird and flew into the distance.

A group of people was standing on a hidden mountain.

"Lord Feng Qing, Li qingmiao has sent out a signal."

One of the experts walked up to a man wearing a black hat and bowed.

"Hmm ... Ye chen has lived up to our expectations and unraveled the secret of the dark energy. This person's talent is as extraordinary as we expected. Prepare to attack!"

"Yes!"

Many powerhouses hid in the forest, and this was the path the evil spirits had to pass through.

"Phew, phew, phew!"

The evil spirit Army had already arrived. On the Flying Ship, the Holy envoy looked at the clear mist sect and sneered.

He released his dark powers and summoned the Grand Elder.

"Great elder, where are you now? activate the clear drizzle sect's defensive barrier immediately and let us in."

"Lord Holy envoy, I'll do as you say. Please hurry up and invade!"

"You don't have to worry about this. We've already arrived at the gate of the clear drizzle sect. Activate the protective shield immediately!"

"Yes!"

Ye chen had activated the nine transformations of true spirit. His voice was exactly the same as the great elder 's, so no one could tell.

"Sect master, please activate the defensive shield of the clear drizzle sect and win the trust of the evil spirits!" He turned to the sect master.

"Alright!"

Li qingmiao nodded and flew into the sky.

"Ah!"

"Open!" He shouted coldly and a powerful force swept across the entire clear drizzle sect. Then, the sect's defensive formation was opened.

The Saint was very happy to see such a scene from a hundred miles away.

"Hahaha, the great elder has already activated the defensive barrier. Let's charge over!"

"Yes!"

"Kill, kill, kill!"

On the Flying Ship, the flying team was the first to attack.

"Whoosh, whoosh, Whoosh!"

The experts from the flying team with outstanding movement techniques jumped onto their flying mounts one after another and flew towards the clear mist sect.

The clear drizzle sect's observation team quickly discovered their location and reported it to ye chen and the sect master.

"They're here!"

"Prepare to kill the enemy!"

"Yes!"

All the cultivators in the Qing Miao sect were ready for the final battle. At the same time, the people from the sky cloud sect, who were hiding on the mountain peak, were ready to activate the killing array.

Boom, boom, boom!

The evil spirit's flying team had arrived. They kept dropping dark energy bombs at the Qing Miao sect. These black balls would explode as soon as they landed, exploding everything. At the same time, they contained countless evil poisons, which were the most fatal.

"Be careful of the evil poison!"

Everyone heard li qingmiao's voice transmission.

The cultivators of the clear drizzle sect put on the gas masks that they had brought from the sky cloud martial school, which they had prepared earlier.

The powerhouses at the front were all wearing wolf masks, madly charging towards the evil spirits.

"Kill!"

An earth-shaking killing cry swept over and filled the entire space.

"What? There's an ambush!"

The evil spirit flying team immediately realized that something was wrong. They looked around and saw countless clear mist sect Warriors wearing wolf masks charging at them.

These masked men were all elite warriors of the clear drizzle sect. They were all at least 5th tribulation bodiless Celestials and were extremely powerful.

"Kill!"

"Clear mist combat technique!"

Many experts unleashed their own Sacred Arts, fusing them into great destructive Sacred Arts that bombarded the cultivators of the flying teams.

"Ah!"

The screams continued. They knew that they had fallen into a trap.

Countless experts of the evil spirit Flying Squad were bound by the formation, and could only wait for death.

On the spaceship, the Saint also saw the scene in front of him.

"What's going on?"

He roared in rage as he watched the evil spirit Warriors die in the sea of fire.

"Zi Zi Zi!"

He released his dark powers and contacted the Grand Elder.

"First elder, what's going on? you dare to betray us?"

"Hahaha, Lord Holy envoy, it's a pity that the one you contacted wasn't the great elder. His cultivation has already been crippled by the sect master and he's now missing."

"What?"

Hearing ye Chen's voice, the Holy envoy's anger rose. Endless anger turned into killing intent and flew up.

"Kill them! It doesn't matter if they're prepared or not, kill them!"

"Yes!"

The evil spirit Warriors obeyed the order and charged forward.

At that moment, the sky cloud martial school's experts activated the formation.

"Sky-turning cloud formation, activate!"

"Boom boom boom!"

Thunder and lightning resounded between heaven and earth as powerful immortal energy surrounded the flying boat. Instantly, the flying boat was bound by immortal energy and couldn't move.

"How hateful!"

The Saint was even more furious and struck out with his palm.

"Dark palm!"

A powerful evil might shook the entire sky-turning formation. At the same time, a person appeared in the air in the distance between his eyes.

"This is Suan ni Fengqing!"

Seeing that person, the saint's eyes lit up with fire. He was furious. This was a complete trap. He had been played in the palm of his hand!

"Holy envoy evil spirit, you have no way to escape!"

"Feng Qing of the sky cloud martial school, you will pay the most painful price for what you have done today!"

"Is that so? that's a scene you won't be able to see!"

[Chapter 2040 2045-Exterminate The Evil Spirits!](#)

Within the great array of flowing clouds, evil spirit and the others could not escape and could only fight to the death. Under the command of the Holy envoy, they fought a bloody battle!

"Evil spirit Holy envoy, die!"

Elder Liufeng, Feng Qing, directly attacked the Holy envoy. As the saying goes, to capture the bandits, first capture the king.

"Kill!"

A scepter appeared in the saint's hand. The scepter emitted green evil energy, which turned into countless wandering souls and rushed toward Feng Qing.

This was an old trick of the evil spirits. As an experienced opponent, Feng Qing naturally understood the power of the evil energy.

"Flowing cloud barrier!"

However, since he dared to face the Holy envoy here, how could Feng Qing not be prepared? there was a flowing cloud barrier hidden in the flowing cloud formation, which was prepared for the dark energy.

"Open!"

As soon as the command was given, many experts of the drifting cloud sect released their power, and a curtain that covered the sky appeared in front of them.

Zila, Zila, Zila!

On the curtain, countless bolts of lightning were flowing, and these bolts of lightning were the nemesis of dark powers.

"Kill!"

"Charge!" Feng Qing waved the barrier in front of him and charged at sacred emissary evil spirit.

The evil spirit envoy was furious. He knew that these barriers could block his dark energy, and he watched as the wandering souls he sent out were struck by lightning and dissipated into the void.

"Kill him!"

The evil spirit Saint had no choice but to rely on the countless dark energy Warriors to escape.

"Boom boom boom!"

The huge darkspirit spaceship started to turn and escape.

"Where do you think you're going!"

At that moment, Feng Qing waved the curtain and covered evil Spirit's spaceship. It was like a prison in the sky, unable to escape.

On the other battlefields, ye chen led many of the clear drizzle sect's powerhouses to attack. The flying teams were constantly routed.

"Kill!"

These dark energy Warriors locked onto ye chen at first sight and flew toward him.

"You trash, die!"

Ye chen did not hold back. The heavenly Sword in his hand was like a Swimming Dragon!

"Roar!"

The sword Qi was waved and a Dragon's Roar sounded, shaking heaven and earth!

Boom, boom, boom!

The surrounding space exploded. The evil spirit Warriors that were charging at ye chen exploded in the air one after another, filling the sky with a bloody mist. It was extremely terrifying.

Seeing that the evil spirit Army had lost their advantage, li qingmiao revealed a look of admiration.

He walked up to ye chen and bowed. "It's all thanks to fellow Daoist ye for obtaining this evil spirit jade pendant from that traitor and luring the snake out of its hole. Otherwise, my clear mist sect would be in grave danger!"

"Sect master is too polite. Since I'm in your clear mist sect, I'll naturally consider your safety!"

"Fellow Daoist ye is really a God's favored one. It's all thanks to fellow Daoist ye that we were able to get the help of the sky cloud martial school this time."

"Oh, I won't hide it from you, sect master. I don't know anything about the sky cloud sect!"

"What? fellow Daoist ye, you're not joking, are you?"

"Of course not. Sect master, you're the one who introduced me to the experts of the sky cloud sect. I'd like to see just how much they value me."

"Hahaha, good!"

Li qingmiao still felt that ye chen was being too secretive. How could someone who was valued by the sky cloud sect not know about the existence of the sky cloud sect?

The two of them arrived at the main battlefield. At this moment, the evil spirit spaceships were unable to escape from the huge cloud barrier, and countless evil spirit Warriors were still struggling.

"The one in control of the formation is elder Feng Qing of the sky cloud martial school. Do you know him, fellow Daoist ye?"

"I don't know!"

"This ..."

Li qingmiao looked at ye Chen's expression. He did not seem to be lying. Ye chen really did not know about the sky cloud sect's Fengqing. In that case, it was natural that he did not know about the sky cloud sect. The most unbelievable thing was, why would the sky cloud sect value him?

In any case, these things had made him a little confused. However, ye chen had helped him a lot this time and he was still very grateful.

Ye chen watched as the darkspirit spaceship was entangled by the barrier and began to disintegrate. He then leaped into the sky.

"The celestial Emperor ordered the sword to spin!"

Ye chen wielded the celestial Thearch sword and slashed in the air. Suddenly, the storm of blades turned into a hurricane and rushed toward the evil spirit spaceship.

"Boom boom boom!"

Crack, crack, crack!

No matter how strong the evil spirit spaceship was, it could not withstand such power. It exploded in the air, and countless fragments of evil energy spread in the void. On the last remains of the spaceship, the Saint saw the person who had released the sword Qi.

"You are the one who contacted me?"

"Hahaha, you have good eyes. You can actually guess that it's me!"

"How hateful!"

The evil spirit envoy was furious. She gathered all her dark power and released it through the scepter.

"Boom boom boom!"

Suddenly, a huge beast charged at ye chen as if it was consuming him.

"Such a vile creature, exterminate!"

Ye Chen's eyes narrowed and the Demon's Eye appeared between his brows. Suddenly, an invisible dark vortex appeared in the void. Then, the huge demonic beast began to struggle and move toward the void.

"What's going on?" The Saint shouted.

Ye chen did not respond. However, in the blink of an eye, the demonic beast was devoured by the darkness.

"This!"

The evil spirit emissary's heart trembled. The evil beast from before was formed from all of his evil energy, and even individual Immortals had to stay away from it. Otherwise, they would die. However, the person in front of him was not at the Mahayana realm, so how could he resist it?

No, it couldn't be called resistance. The other party was actually unafraid of the demonic beast's might and directly wiped it out. This was too terrifying. Even a peak individual immortal might not be able to do it.

"Who the hell are you? why do you want to be enemies with us evil spirits? Do you not know what's good for you?"

"Sacred emissary evil spirit, you're overconfident. No one can stop me. Who do you think evil spirits are? get lost!"

"You!"

The evil spirit envoy was choked by ye Chen's words and could not echo them. It was as if he had choked to death!

"Kill, kill them all!"

He began to command all the dark Warriors to make a final counterattack.

"Ha, then let's annihilate them all!"

In the face of thousands of dark energy Warriors, ye chen did not hesitate at all. The celestial Thearch's sword in his hand slashed furiously at the universe without leaving a trace.

"Heavenly Emperor command: resplendent earth sword reverse slash!"

The earth sword's magical power reappeared, and its huge blade was like a pillar that held up the sky, judging all evil!

Boom, boom, boom!

Unhealable traces appeared between heaven and earth. These forces were all injected into the earth veins. In an instant, the reversed sword Qi was like a dragon emerging from the sea. The sky collapsed and the earth cracked. No one survived!

Crack, crack, crack!

All the evil spirit Warriors did not even have the time to look at ye chen before their bodies exploded and died.

Seeing this scene, the evil spirit Saint knew that it was completely over.

"Very good, very good, you all have to die!"

"Hahaha!"

"Die!" The evil spirit emissary went crazy. He slammed his scepter down on his own forehead, breaking his bones and causing blood to flow. He died on the spot!

"Ha, I didn't expect this evil spirit Holy envoy to have some backbone!"

Li Qinghan said.

"Unfortunately, those who invade the land of flowing clouds will definitely die!"

Feng Qing said.

"Fellow Daoist ye, this is elder Feng Qing of the sky cloud martial school!"

"Greetings, elder Feng Qing!"

Ye chen walked forward, his eyes locked on Feng Qing. He had never seen this person before ...
