

## Genius 2061

### [Chapter 2061 Blood Of The Nether King!](#)

Seeing a large amount of dark material being corroded by the poison, ye Chen's eyes turned cold and he made a shocking move.

"Ah!"

With a cold shout, ye chen directly fused with the dark material and once again transformed into the dark Lord and Hades!

"No matter what you transform into, you must die!"

Faith and barrenko frantically activated their celestial energy laws, pushing their dark energy to its peak. The three-headed Python madly bit and spat out poison. The concentration of the poison became stronger and stronger, finally transforming into a poisonous mist and venom that all rushed toward ye chen.

Ye Chen's entire body was covered in the dark material, and his body transformed into a thousand-foot-tall giant.

"Ancient God Power!"

Ye chen activated his ancient God Power. His own ancient God Power fused with the dark material. His ability to be immune to all poisons was directly transmitted to the darkness pool.

Buzz, buzz, buzz!"

Countless venomous liquids began to corrode ye Chen's body. However, the unparalleled ancient God was immune to all poisons. It could not penetrate the dark armor at all.

"Faith, barrenle, how do you feel now?"

Ye Chen's cold eyes locked onto the two of them as he shouted.

"This, how is this possible?"

The two of them were shocked at the same time. The three-headed poisonous Python's poison was a hundred times or a thousand times more toxic than before, but it could not cause any harm to ye chen. Even the dark material was immune to this poison. Ye chen did not know that this was the effect of ancient God Power.

"Now, it's my turn."

The Sword of Darkness behind ye Chen's back suddenly rose.

"Evil heaven Emperor Astral Slash!"

The celestial Thearch sword transformed into the evil sky sword and slashed through the sky.

"Boom boom boom!"

Crack, crack, crack!

Everyone, anything, and everything that had blocked the evil sword had been annihilated!

The source of darkness wrapped around the evil sword. It was strange, evil, and indescribable.

"You, what are you?"

Faith and Barrens finally understood the fear that Jorán had. Although they were true immortals, they were like ants in front of Ye Chen.

This was something they could not understand. The power contained in Ye Chen's body transcended the laws and the limits!

Ye Chen's heavenly Emperor body's talent was also beyond their imagination and beyond their reach!

"Ah!"

The evil heaven Emperor's eyes released blood-red lightning, and his killing intent rose.

"Devour!"

With a single command, a huge mouth of darkness appeared on the demonic sword. Following that, countless dark matter transformed into a terrifying Devourer that frantically charged towards Faith and Barrenck.

"Go!"

The two of them commanded the three-headed Python to charge forward.

"Whoosh, whoosh, Whoosh!"

The Devourer moved rapidly, turning into all kinds of dark light and covering the three-headed Python's fist radiance in the blink of an eye.

Crack, crack, crack!

Its sharp fangs madly bit and tore, and in less than a moment, the three-headed giant python had actually been reduced to nothing!

"Ah?"

Seeing this scene, even Faith and Barrenck were stunned. The dark energy formation of their nether prison headquarters had been devoured by Ye Chen. The other party's devouring power was obviously not something they could resist.

"Combine our strength!"

The two of them had no way to retreat, so they could only join forces.

This scene had already made the evil spirit powerhouses who were watching from the outside fall into despair.

"The two true immortal leaders actually need to join forces to fight Ye Chen!"

"Don't you understand? even if the two of them join forces, they're no match for Ye Chen!"

"What ... What's going on? aren't true immortals supposed to be invincible?"

"It seems that my invincibility has become an illusion when I face ye chen!"

All the evil spirit powerhouses once again recalled the memory of worshipping the darkness pool in the underground hall. These memories made them feel pain, sorrow, and fear.

They seemed to be gradually eroded, infected, and completely conquered by ye Chen's power.

All sorts of spiritual attacks and the pressure from the evil heaven Emperor's Supreme might were unleashed. They gradually lost themselves.

"Evil god, grant me power!"

The two leaders sacrificed their own blood in hopes of obtaining the evil God's power.

"Before the Dark Lord, even gods are useless!"

The dark Thearch's eyes were filled with killing intent, and it was as if the gates of hell had opened behind him!

"Accept the judgment of Hades!"

The dark Thearch and the nether King wielded the evil sword and absorbed endless power of darkness. He had already surpassed the three worlds and six paths!

"Slash!"

They were still sacrificing their own blood, but it had already lost its meaning. The evil god had given up on them. In the eyes of the evil God, faith and barrenck were just ants. So what if they died?

"No, no!"

The two of them wailed in pain, completely losing their dignity. They knelt in front of ye chen and knelt on the ground piously.

"The evil god will never abandon us!"

"We are the devout believers of the evil god. No one can kill us!"

Ye chen sneered as he looked at the two people who were on the verge of going crazy.

"Why would the evil god care about the lives of two ants? Your value has been used up. If you lose to me, you'll be dead! You've lost your dignity and don't even have the courage to commit suicide. I'll help you!"

Ye chen was even angrier when he saw the two of them still thinking of survival despite being like mud. They were no longer worthy of being cultivators!

"Blood of Hades!"

The wicked sky sword shone with a dark Starlight. Then, the Demon's Eye between ye Chen's brows evolved into the six-pointed star of Hades. It flew out and imprinted itself on the sword light.

Buzz, buzz!"

One sword light, two cutting sounds, one sword breaking two souls.

There was no time to shout, no time to see everything in front of him clearly, only the most frightened and desperate eyes were left, and the two heads rolled down!

"Ah? The two leaders, are, are both dead!"

The evil spirit powerhouses' incredulous gazes and shouts came from above. They looked at everything that was happening in the experiment Hall below and were clearly completely stunned. The itinerant immortal powerhouses could not even move their feet. They looked at ye chen as if they had seen an evil god and knelt down one after another.

"Boom boom boom!"

Ye Chen's hundred-foot-tall body rose with a loud bang. The Dark Lord and the nether King had dominated the world!

"The might of the dark Thearch! The judgment of the nether King!"

Countless evil spirit powerhouses were completely controlled by the power of darkness. They kept kowtowing to ye chen. Their minds had already belonged to the Dark Lord and the nether King. All of them had mutated into ye Chen's slaves.

"I have accepted your devotion. This place shall be rebuilt as the dark Thearch's Hall of the Dead!"

"Yes, we will accept your orders!"

A peak stage itinerant immortal evil spirit stepped forward to accept the dark Thearch's order.

"Swish!"

Ye chen pointed with his sword finger and an underworld King seal was imprinted between the cultivator's eyebrows. From now on, if anyone dared to betray the underworld King, their heads would explode and their blood would splatter on the spot!

"I appoint you as the commander of this place. Report all information to me directly!"

"Yes, sir!"

The expert knelt down and kowtowed.

Then, all the evil spirits knelt down and worshipped ye chen.

"Boom boom boom!"

Ye Chen's feet stomped on the ground and he flew into the nine Heavens. His huge body was like a Demon God descending to the world. He surrounded the eight desolates and shook the four Seas!

In an instant, the battle energy in the area burst out, carrying battle information and spreading it!

Soon, the news that ye chen had single-handedly destroyed evil spirit nether prison's headquarters spread throughout the entire nether prison continent. Ye Chen's name was like a miracle that was praised by everyone!

### [Chapter 2062 The Competition From The Ten Palaces!](#)

In the nether prison's tenth Hall.

"Did ye chen really destroy the nether prison continent's evil spirit headquarters?"

A tall cultivator wearing a brocade robe walked up and asked anxiously.

"Reporting to the tenth Hall Master, it really is ye chen!"

"It seems like the information we got from the underworld realm is true. This person is extraordinary. We must find him before the other palaces do!"

"Don't worry, our tenth Palace has sent out tens of times more troops than the other palaces. We'll definitely be able to find senior ye!"

"Very good, go!"

The expert nodded slightly, then quickly left the hall.

In the main hall, many powerhouses began to discuss. They had been suspicious of ye chen before but they had seen the ninth Palace's people directly report to the sky cloud sect, asking them to pay attention to ye Chen's existence. Now that ye chen had defeated the evil spirit, this achievement was not something they could ignore.

Under such circumstances, the tenth Palace had to take decisive action. Only by finding ye chen in advance would they have a chance to stand out.

"Hall Master, we've made sufficient preparations this time. There won't be any problems!"

An elder said.

"That being said, the news of ye Chen's victory over the evil spirit nether prison's headquarters has already spread. I believe that the ten Palace Masters must be looking for him. We might not be able to win."

"Don't worry, hallmaster. I think ye chen has been in the sky cloud sect before. Perhaps we can get some clues from them. "

"Oh ... Go to the sky cloud martial school immediately and look for clues!"

"Yes!"

The elder bowed slightly and then quickly disappeared.

In the main hall of the sky cloud martial school.

"I didn't expect that senior ye could destroy the entire evil spirit headquarters all by himself. Who can match such power? I don't think even the ten Hall Masters of nether prison can do it."

The Supreme elder sat on a high seat, his face red as he spoke to the crowd.

"Supreme elder, you're really knowledgeable. You've long seen that this man is extraordinary. Now, why don't we recommend senior ye to nether prison? maybe it'll be effective."

"Alas, senior ye is on his way to nether prison now. I wonder where he is."

While everyone was feeling depressed, a sky cloud martial school's expert came in to report.

Supreme elder, a nether prison emissary is here!"

"What? Hurry up and invite him in!"

Hearing that it was the nether prison emissaries, the Supreme elder immediately stood up and led the crowd to welcome them.

Da, da, da!"

The group came to the outside of the hall and saw an old man in a black robe. Netherworld energy surrounded his body, and he looked very majestic.

"We represent the sky cloud martial school to welcome the great Messenger!"

"Ha, get up!"

"I'm elder hei Yun from the nether prison's tenth Palace. I've come here for ye chen!" The old man landed and said.

"Senior ye?"

Upon hearing this name, the crowd burst into excitement.

"That's right. Did this person come to your sky cloud martial school?"

"Reporting to the emissary, that's exactly the case. Why don't we enter the main hall to discuss in detail?"

"No need, let's talk here. I'm pressed for time."

"Yes!"

The Grandmaster elder stepped forward and bowed slightly, then said, "This person has indeed come to our sky cloud martial school. I think he is a hidden expert, and ordinary people can't see through his secrets. On behalf of the sky cloud martial school, we have treated this senior well. We didn't expect this senior to really be an expert. He single-handedly destroyed the entire evil spirit headquarters, which is a miracle!"

"I know all this. Say something useful. Did the ninth Palace ask you to entertain ye chen?"

"That's right. An emissary from the ninth Palace came to inform us!"

"Hmm ... Before ye chen left, did you guys have any interactions?"

We've presented the map of nether prison to senior ye."

"Nether prison map? Are you heading to the ninth Palace?"

"Not bad!"

"Bastard!"

The black cloud was furious. The Supreme elder of the sky cloud martial school knelt down, not daring to raise his head.

"It's a waste of time to talk nonsense with you. From now on, the sky cloud martial school will be under the management of the tenth Palace. Furthermore, if you have any information, you must inform the tenth Palace immediately, understand?"

"Don't worry, emissary, we will follow your instructions!"

"Hmph, get up!"

After saying that, the black cloud flew out and sped toward the nether prison.

After he left, the Supreme elder and the others stood up and kept shaking their heads.

"Supreme elder, why is this so?"

"Why? You still can't tell? It's obvious that all ten palaces are fighting for senior ye, and we're being forced to stand in front of all these powers. It's really painful. All of you can go back!"

"Yes!"

Everyone returned to the main hall.

Elder hei Yun used a profound movement divine ability and flew toward Zhao Xin and ye chen according to the route to the tenth Palace.

At this moment, ye chen had destroyed the evil spirit's headquarters on the nether prison continent and was heading toward the ninth Palace according to the map.

Halfway there, he suddenly sensed a powerful array fluctuation.

"What is this?"

Ye chen flew up and hid among the ancient trees, flashing and jumping.

On an open plain in front of them, several cultivators were fighting each other!

"Idiot, your tenth Palace is at the bottom of the ten nether prison palaces. It's ridiculous that you want to be compared to our ninth Palace."

"Don't be so arrogant. If you can defeat me, I'll naturally submit to you!"

"Alright, since you don't know what's good for you, then don't be rude to a monster!"

The two experts glared at each other, clearly showing deep hostility.

Seeing this, ye chen sneered in his heart. He did not expect that there would be such a grudge between the ten palaces of nether prison.

He thought to himself, let's see who is stronger between the ninth and tenth Palace, then we'll decide which Palace to go to.

On the battlefield, the tenth Palace's opponent was a young man. He looked to be about eighteen or nineteen years old and still a little immature. However, ye chen knew very well that this was the world of cultivation. This man's age was definitely not as simple as it seemed.

The ninth Palace's attacker was a thin man with a sinister face. His fingers were like sharp claws and he looked very fierce.

The two of them stood in the formation. This formation was a trap formation. Once one entered it, they wouldn't be able to come out at will. It would form a heaven and earth battlefield.

Ye chen took out a few Supreme-grade bright stones as snacks.

He was sitting on the ancient tree, but no one noticed him.

On the battlefield, The Thin Man was the first to move.

"Ming Xin, this time I'll let you become my food. Let me see what's the difference between your flesh and those demonic beasts? Or is it that there's no difference, and I can enjoy that one?"

"Leng Jiu, you'd better return to your black rainforest. You don't deserve to be human!"

"Hehehe, that's right, I don't want to be a good person either. But, I'll eat you first!"

"Whoosh, whoosh, Whoosh!"

Leng Jiu's body moved instantly, turning into a cold light and disappearing into the black Forest. Then, the surrounding space rapidly darkened, and all light disappeared!

"What?"

Ye chen glanced at him. This was the first time he had seen such a barrier and it was rather interesting.

#### [Chapter 2063 The Wrath Of The Celestial Emperor!](#)

Leng Jiu's figure gradually became blurry, and the surrounding formation actually began to expand. This was clearly an act that gave Leng Jiu an advantage, which was to allow Leng Jiu to move as much as possible within a large area, causing Ming Xin's senses to be inaccurate.

This kind of behavior made ye chen feel very contemptuous. He did not expect that these "little kids" would start to play tricks in the competition.

However, he didn't attack immediately. He wanted to use their battle to deduce the sacred arts and secret techniques of the ninth and tenth palaces.

The battle between the two officially began. Leng Jiu had the geographical advantage, but Ming Xin was as steady as a mountain, as if he had a card up his sleeve.

All sorts of information from the battlefield entered ye Chen's eyes. From Leng Jiu's movement technique, he could see that the ninth Palace was probably related to mystical beasts. From Ming Xin's

psyche strength, he could tell that the tenth Palace was skilled in mental battles, which was precisely the psyche technique.

"Kill!"

Leng Jiu's eyes were bloodshot, and his body was like a ghost. He was so fast that he couldn't even blink.

Ming Xin actually closed his eyes and used his spiritual power to lock onto Leng Jiu's position. Such a wondrous technique made everyone present exclaim in admiration.

"Hmph, this Ming Xin is looking for death. Just wait and see, senior brother Leng Xiao will quickly finish him off!"

"Haha, that's only natural!"

The people from the ninth Palace started to mock them, but the people from the tenth Palace were relatively calm.

Cold Vulture's killing shadow appeared and went straight for Ming Xin's vital point.

At this moment, Ming Xin suddenly opened his eyes and waves of mental energy charged at Leng Xiao's mind.

"How is that possible?"

Leng Jiu felt that his vision was in a state of chaos. He could not see anything. Even Ming Xin's aura had disappeared.

"Bright moon Palm!"

"Boom boom boom!"

With a loud bang, Leng Jiu's body was directly sent flying a hundred feet away, and he fell to the ground in pain.

"Good, good!"

The people of the tenth Palace cheered, instantly instigating the anger of the people of the ninth Palace. All of them had fierce blood-red eyes, like evil ghosts.

"Whoosh!"

At this moment, an old man arrived and stopped the conflict.

"What are you doing? are you killing each other?"

"Elder hei Yun, the people from the ninth Palace have gone too far. They have bullied us, the tenth Palace, many times and now that they have lost the battle, they are trying to show off their might!"

"That's right, the people of the ninth Palace are too rude, they deserve to die!"

Many people from the tenth Palace stepped forward and said.

"Don't say anymore, this sovereign doesn't have time to deal with you all. All of you, disperse!"

"Disperse? He just left after severely injuring our senior brother Leng Xiao?"

A powerhouse from the ninth Palace stepped forward and said coldly.

"What?"

The black cloud looked at the man coldly. It was the thorn-head bi an Ice Wolf from the ninth Palace!

"You dare to be so rude in front of me?"

"Hahaha, the people of the ninth Palace are like this. What's wrong?"

At this moment, a maniacal laughter was heard. Everyone looked over and saw a middle-aged man with dark skin as black as charcoal descending. This man was the elder of the ninth Palace, Xuanji heihu!

Bing Leng was his disciple. Seeing such a scene, he wanted to stand up for his disciple.

For a time, the scene was filled with tension.

Upon seeing this, ye chen had a basic understanding of the ninth and tenth palaces. It seemed that the people of the ninth Palace were used to being domineering. It was rare for a disciple to be rude to an elder.

Ye chen exhaled. In less than a quarter of an hour, ye chen had finished absorbing a bright stone that even a peak itinerant immortal would need three months to absorb.

"Black Tiger, don't be so unreasonable!"

"Heiyun, do I need to reason with you in my territory?"

He walked to the front and looked at the people from the tenth Palace with a cold smile. "I don't think this battle is going well for our side."

"What did you just say?"

The people from the tenth Palace were all furious. This battle was clearly disadvantageous to the tenth Palace, and black Tiger had actually twisted the facts.

"Who can testify for you?"

"We can all be witnesses!"

Many experts from the tenth Palace came out and shouted.

"Hahaha, I'm dying of laughter when I testify for myself. No one can bear witness. In my territory, you have to do as I say, or else, all of you will die!"

"You!"

Elder heiyun was furious as well. He had never thought that the ninth Palace would be so arrogant.

"I can be a witness!"

All of a sudden, a voice rang out in everyone's ears. Following that, a young man jumped down from the ancient tree and landed lightly on the ground before dissipating.

"You, Who are you?"

Hei Hu and hei Yun were both shocked, not because ye chen had done something, but because he had not.

Both of them were super powerful beings who were close to the true immortal realm. Based on their senses, if someone was so close to them, it was impossible for them not to notice it. But just now, they had not felt anything at all.

They locked onto the person in front of them. He was actually only in the Mahayana realm. Wasn't this too exaggerated?

"It doesn't matter who I am. What's important is that I saw everything ..."

Ye chen told them what he had seen and instantly, everyone in the ninth Palace "shared a common enemy"!

"Bastard, you're looking for death!"

"Swallow this brat!"

Many of the ninth Palace's powerhouses glared at ye chen with fierce expressions.

"What?"

Ye Chen's cold eyes suddenly turned to the ninth Palace's powerhouses. In an instant, his psychic energy swept across the entire scene. The ninth Palace's disciples' eyes widened as if they were possessed.

They all knelt in front of ye chen, prostrating and kowtowing like ants.

"What are you guys doing?"

The black Tiger was instantly enraged. As a member of the ninth Palace, how could he tolerate such cowardice?

However, he didn't know that even he would be greatly shocked by what those experts saw.

Elder heiyun frowned slightly as he thought to himself. Firstly, this was the path to the tenth Palace. Secondly, this person was a young man, and he was really young. It could be seen that he was extremely talented. Third, this person's aura was like a god descending to the mortal world, insufferably arrogant!

With these three conditions, didn't they match up to a certain person?

When he thought of this, elder hei Yun was overjoyed. The mission this time was to fight with the other nine palaces for a person. Could it be that he was so lucky to have met them just like that? furthermore, the other party seemed to be on their side.

"Hmph, Black Tiger, you're being so rude to this senior. Do you admit your guilt?"

Elder heiyun chided.

"Heiyun, what did you say?"

The black Tiger was dumbfounded and angry at the same time. He was a person who was close to becoming a true immortal and was of the same generation as hei Yun. Yet, hei Yun actually called the person in front of him a senior. Did he have to call him a senior too?

"Damned thing!"

In a fit of rage, the black Tiger suddenly attacked ye chen.

This was exactly what hei Yun wanted to see. He shouted angrily, ""Black Tiger, you can't afford to offend this person. Stop immediately."

"Hahaha, I can't afford to offend you? Heiyun, I think you're out of your mind. This is a stinky brat from who knows where, and he's a human. The human race is the lowest race in our nether prison, hahaha!"

"What?"

Hearing this, ye chen raised his head high and looked coldly at the person in front of him. Who could withstand the wrath of the celestial Emperor?

#### [Chapter 2064 How About The Four Of You?](#)

"Human, a low-class race? Hahaha!"

Ye Chen's cold eyes locked onto the black Tiger. His gaze was like a World of Ice that had descended upon the world.

The black Tiger was originally arrogant, but at this moment, he instantly felt a chill that penetrated into the depths of his soul. This chill carried boundless killing intent. It was as if he saw a towering giant standing in front of him. He had no power to resist.

"This is impossible!"

He muttered to himself instinctively.

Elder hei Yun was equally shocked. Although he did not feel ye Chen's direct mental suppression on him, he could tell from the black Tiger's expression and the invisible pressure in the air that the black Tiger had fallen into an absolute state of suppression.

"You, Who are you?"

"I'm just an ordinary human cultivator. I want to ask you why the human race is a lower race. "

Ye Chen's voice was like an icy blade that pierced into the black Tiger's heart.

"This!"

The black Tiger simply couldn't understand how a person in the Mahayana realm could suppress him, a half-step true immortal, so much. This was absolutely unreasonable.

For the sake of his face, he had to retaliate!

"Bastard, did I want to show off my power before? Die!"

"Black Tiger!"

The black cloud wanted to stop it, but it was too late. Under such circumstances, no one could stop the black Tiger.

The corners of ye Chen's mouth curled up slightly. An invisible killing intent appeared in his eyes. Suddenly, the environment before him fell into the ancient God domain. Ye chen could clearly see the black Tiger's every move.

"Kill!"

"Black Tiger Steals Heart!"

The black Tiger was obviously still brooding over the fact that ye chen had intimidated him. This time, he was going to kill him. Only by killing the person before him could he walk out of this humiliation.

However, he had not expected that he would be as weak as a rabbit in front of the celestial Thearch instead of a Tiger!

"Swish!"

Just as the black Tiger was about to rely on its powerful Foundation to suppress ye chen and then crush him to death, it realized that its sharp claws had been grabbed by a finger that was like an iron pincer.

"Ah!"

He had activated all his foundations in an attempt to break through but he had failed. At the moment of his failure, he also understood that the person in front of him was completely different from what he had imagined. This person's strength was far above his. The other party must have hidden his cultivation and pretended to be a pig to eat the Tiger. In reality, ye chen had not hidden anything at all. He was really in the Mahayana realm, although the breakthrough was right in front of him.

"Kill!"

Just as ye chen was about to kill the black Tiger, several blood-colored chains suddenly appeared in the sky and rushed toward ye Chen's neck.

"What?"

Ye chen looked at the sky coldly and flew away.

Buzz, buzz, buzz!"

The chain was like a steel spear, directly stabbing into the rock, crushing several peaks.

"How dare you commit murder in the territory of the ninth Palace, damn it!"

"Hahaha, when did the ninth Palace become so looked down upon?"

"He's a dead man. There's no need to explain to him. "

Three people appeared in front of the black Tiger. They were the three great guardians of the ninth Palace.

"Great protectors, you've come. This is great."

The black Tiger was overjoyed. Finally, he did not have to suffer humiliation because of his 'mistake'.

Now, the four powerhouses were targeting ye chen at the same time. This caused hei Yun's expression to change.

"These three great guardians are all initial-stage true immortals. In this case, even if he's Ye chen, he's not confident of winning, right? This is troublesome, I don't dare to make a move!"

Hei Yun understood that ye chen was more than enough to deal with the black Tiger alone. However, it was too difficult to deal with the black Tiger and the three Guardian true immortals at the same time!

Even if ye chen himself was a true immortal, it would be useless, let alone a Mahayana stage cultivator!

Elder heiyun's heart was filled with anxiety. After all, he had come with a mission.

"Everyone, this is all a misunderstanding. This person is a friend of my tenth Palace. On account of the tenth Palace's Palace Lord, why don't you let me take him away?"

He quickly stepped forward and bowed.

"What? Hahaha!"

Hearing this, the three great guardians laughed at the same time, as if they were watching a clown walk up to them and perform acrobatics.

"Let you take it away? Heiyun, are you an idiot?"

The black Tiger rushed forward aggressively, forgetting all the lessons it had been taught.

"Black Tiger, I'm following the hall master's orders to take him away!"

"Hall Master? Idiot! What's the relationship between the ninth Palace's Palace Master and US?"

With the support of the three great guardians, the black Tiger's arrogance instantly soared to the sky and he didn't care.

As for the three great protectors behind him, they thought that the black Tiger was strengthening the ninth Palace's reputation. They did not say anything and just watched.

"Fellow Daoist, why don't you leave first and I'll deal with it!"

Hei Yun was certain that the person before him was ye chen. As long as he completed this mission, it would be a great achievement for him. As an elder of the tenth Palace, even if the four people before him had something against him, he would not kill them easily. His chances of survival were still very high. He was taking a gamble.

"Ha, what's your name?"

"My fellow cultivator, my name is hei Yun, an elder of the tenth Palace. You can leave with these disciples, I will handle this!"

"Ha, no need!"

"Ah?"

Hei Yun's heart trembled when he heard ye Chen's words. He thought to himself, 'is this man really going to face three true immortals and a peak itinerant immortal?'

If that was the case, this person's arrogance was boundless. Was he really that senior ye chen?

"Hei Yun, what are you talking to him about? don't even think about taking him away!"

The black Tiger rebuked.

Thump, thump, thump!

At this moment, ye chen turned around and walked toward the fierce Black Tiger and the other three.

"Fellow Daoist, are you really going to do this?"

Ye chen did not respond to hei Yun's question. His actions had made everything clear. There was no need for such nonsense!

Hei Yun shook his head slightly. In his opinion, even if the person before him was ye chen, he would not be able to fight against the four powerhouses of the ninth Palace. He could only sigh.

The disciples of the tenth Palace at the back also looked regretful. After all, they did not have the courage to go against the tenth Palace so directly. Just this aura alone was enough to make them respect the cultivator in front of them.

"Hehe, brat, today is the day you die!"

Faced with the black Tiger's threat, ye chen did not respond. Instead, he coldly locked his eyes on the four people before him. Since they wanted to cause trouble, he would make their deaths more meaningful!

"How about the four of you?"

"What?"

The four powerhouses were furious, especially the three guardians behind them. They were all genuine Immortals. In any lower plane, they were at the level of patriarchs. Now, the four of them were being asked to attack together. It was unacceptable that they looked down on them.

"Black Tiger, kill him!"

"Yes, this is a good chance for you to regain your face!"

"Kill!"

The three great protectors shouted to the black Tiger.

"Ah? This ..."

Previously, Black Tiger had a preliminary understanding of ye Chen's strength. Ye chen was definitely above him. If he went up like this, would he not be courting death?

Seeing that the black Tiger did not move and revealed a timid expression, the three great protectors were furious at the same time.

"Damn it!"

### [Chapter 2065 Kneeling Down And Begging For Mercy!](#)

"BOOM!"

One of the Guardians struck out with his palm. His target was not ye chen but the black Tiger.

"Ah!"

With a scream, the black Tiger fell to the ground in pain.

"Great Guardian!"

The black Tiger's face twisted in pain, as if it was begging the great Guardian for mercy.

"Black Tiger, you're a half-step true immortal, but you're so afraid of this man. You've really impressed us."

"That's right, Black Tiger, are you an idiot?"

"Do it now. Don't worry, I'll protect you!"

The three great guardians spoke at the same time. The black Tiger understood that it had to attack even if it did not want to. In that case, it would use its strongest force. Even if it could not severely injure ye chen, it could at least save its life.

The black Tiger flew up, gathering all the netherworld energy in its body and casting an immortal spell.

"Zi Zi Zi!"

The netherenergy Tiger appeared around him and aimed at ye chen.

"Ha, I'm asking you all to attack together, but you still want to waste time? then, I'll deal with you first, you trash!"

Ye chen sneered. He did not even have the intention to take the black Tiger's energy gathering seriously. This kind of humiliation was not only to the black Tiger but also to the entire ninth Palace.

The three great guardians' eyes turned cold at the same time. They did not understand why the person before them was so arrogant. He actually dared to speak in such a manner in front of the three of them. Could it really be because of the tenth Palace's protection?

The three of them looked at each other and nodded slightly. They did not care if ye chen was so arrogant because of the tenth Palace's support. Today, he must die!

"Black Tiger, what are you waiting for? kill!"

"Yes!"

The black Tiger had no choice but to use all that he had learned in his life because he knew very well that this attack could kill him.

"Tiger-shaped tadpole fist!"

"Roar!"

The gathering of netherworld energy and the roar of a Tiger in the forest instantly swept through the surrounding space with a gust of wind. The earth trembled and the mountains and rivers flowed backward. The might of a half-step true immortal was undoubtedly displayed.

"Retreat!"

Hei Yun shouted to the disciples behind him.

"Yes!"

Ming Xin led everyone to retreat. They knew very well the power of an elder-level cultivator's full-power attack. Even the shock wave was enough to kill them instantly.

Leng Jiu and the other ninth Palace's disciples revealed sinister expressions. Ye chen had ruined their plans earlier. Now, they would let him die at the hands of the black Tiger elder.

"Kill him!"

They continued to shout and strengthen their momentum, but only the black Tiger himself knew that he was very weak now.

"Ha, you're so weak. Black Tiger, you've really disappointed me!"

"Cut the crap and die!"

The black Tiger braced himself and charged forward. His most powerful punch exploded forth.

Thump, thump, thump!

Just as the Tiger-shaped fist radiance was about to devour everything in front of it, a gust of wind swept through and dozens of three-foot-deep pits appeared on the ground. When everyone looked at them, they realized that they were actually footprints.

How could there be such a terrifying footprint on such a hard rock?

Before anyone could react, ye Chen's figure had already appeared in front of the black Tiger. The black Tiger's accumulated energy was completely snuffed out by ye chen in the cradle.

"You, you!"

The black Tiger looked at the person in front of him in shock. He already understood his fate.

The fact that his opponent was able to see through his fist in such a short period of time, striking first and stopping his power without any effort, showed that this person's combat talent was absolutely shocking!

"Crack!"

Before the crowd could recover from their shock, a cracking sound was heard. The Tiger-shaped fist radiance was completely shattered, and one of the black Tiger's arms was also shattered.

"Ah!"

The black Tiger's voice was filled with pain. It trembled like a helpless lamb, struggling for the last time before the Wolf King.

"Roar!"

At this time, a brutal roar shook the surroundings. Countless dark matter rose high behind ye chen and transformed into the form of a heavenly snake, devouring the black Tiger.

"Ah?"

It was the first time for everyone present, including the three great protectors, to see someone directly devour a half-step true immortal so easily. Such an overbearing momentum was too unreal!

Leng Jiu and the others rubbed their eyes. They could not believe it. The black Tiger, the object of their worship, had been swallowed by a strange force. The scene was so shocking that some of the cultivators of the ninth Palace peed their pants in fear!

"What, What is this?"

"This is too terrifying!"

Many of the ninth Palace's disciples screamed at the top of their lungs. They were all scared silly.

"Bastard, calm down!"

The great Guardian angrily rebuked, and everyone quieted down a little.

"Who the hell are you? tell me your name!"

"Ha, you've never changed your name, the celestial Thearch disdains ye chen!"

"Ah?"

When they heard the name "ye chen," the three great guardians were stunned. The person who had single-handedly destroyed the headquarters of the evil spirit nether prison was also called ye chen. Could he be ...

The three of them looked at each other in fear. If this ye chen was really the one they were looking for, they would be in deep trouble this time.

,m Elder hei Yun smiled in his heart. As expected, the person before him was ye chen. In this case, at least there was no conflict between the tenth Palace and ye chen. In fact, his previous actions might have even won ye Chen's favor.

"Are you really the ye chen who destroyed the evil spirit headquarters all by himself?" The great Guardian asked with some fear.

"Yes, how is it?"

Ye Chen's cold eyes widened. The great Guardian's Heart trembled.

"Great Guardian, he really is senior ye!"

"This, we ..."

The other two guardians were also at a loss. How powerful was it to destroy the entire evil spirit headquarters by himself? the three of them were only initial stage true immortals. Although they thought highly of themselves, they knew that they could not be compared to such a super genius!

"Senior ye, we kneel!"

The three of them immediately knelt on the ground and kowtowed to ye chen.

Leng Jiu and the others were completely stunned by this scene. As cultivators of the ninth Palace, they were all very proud and overbearing. Now that they saw the Guardians of their Palace kneeling before this man, what were they?

Leng Jiu couldn't accept the result in his heart.

"Damn you, kill!"

Leng Jiu released his own barrier and moved instantly. He wanted to sneak up on ye chen with his powerful movement technique.

"Ha, a Mantis trying to stop a chariot, overestimating your own strength!"

It was the stupidest thing to do if he wanted to challenge Leng Jiu with his movement technique. Ye chen summoned the wind under his feet and used the nine Heavens Yu steps. He only used three steps to break Leng Jiu's divine ability.

"Swish!"

Ye chen instantly grabbed Leng Jiu's shoulder and squeezed it gently.

"Ah!"

A heart-wrenching pain spread throughout Leng Jiu's body. He swayed like a kite, allowing himself to be dealt with.

"You don't even have the qualifications for me to make a move!"

"BOOM!"

Ye Chen's aura trembled and Leng Jiu was sent flying three thousand feet away. He was on the verge of death.

"Senior ye, we have eyes but failed to recognize Mount Tai. Please forgive us, forgive us!"

The three great protectors continuously kowtowed, begging for forgiveness.

"Hmph, isn't it too late for you to beg for mercy now?"

"We, this, this ..."

The three great protectors were like ants on a hot pan as they were extremely terrified!

[Chapter 2066 Command Of The God Of The Underworld!](#)

Ye Chen walked closer to the three men. His brows furrowed and his killing intent exploded. The three of them almost fainted on the spot. They had already expected that their lives would end.

"Boom boom boom!"

Right at this moment, lightning struck from all directions and a person descended from the blood-colored clouds.

This person was wearing a blood-red dark robe and a Black Gold crown. He held a black horsetail whisk in his hand and descended from the sky with an imposing aura.

Ye Chen's life-stealing light was immediately absorbed into the man's sleeve.

"What?"

There was actually someone who dared to stop the judgment of the heavens and earth?

Ye Chen's brows furrowed. He re-activated the Demon's Eye. Suddenly, the surrounding space rapidly stagnated and new changes occurred.

The ancient God Space could freeze time and space, but the Demon's Eye could freeze the mind.

Such power was so overwhelming that it shocked everyone present.

They felt that their minds were completely under Ye Chen's control. When they looked at Ye Chen, it was as if a Demon God had descended to the world, an invincible heavenly venerable!

"Fellow Daoist ye!"

At this moment, there was a loud explosion. The newcomer forcefully shattered the void and barged into the frozen space.

"Who dares to obstruct my judgement?"

"Fellow Daoist ye, I'm sorry for my rudeness. Please forgive me!"

It was the man in the blood-red dark robe. He bowed and walked forward, walking three feet away from Ye Chen. He bowed and saluted very respectfully.

"Ah?"

Seeing this, everyone was shocked. This man was the ninth Palace's Palace Master, patriarch Xue Sha.

This person was usually ruthless and had killed countless people. He could take a person's head as if he was taking something from his pocket.

However, when he saw Ye Chen, he bowed and walked forward, almost kneeling on the ground. This scene made Hei Yun tremble in fear. He thought that even if Ye Chen had destroyed the nether prison evil spirit headquarters with his own strength, there was no way that the blood Fiend ancestor would treat him like this. There must be a reason behind this!

"Who are you?"

"I'm patriarch xuesha, the ninth Palace's Palace Master. This time, my sect's protector failed to recognize Mount Tai and offended fellow Daoist ye. I'm here to apologize in person!"

With that, he knelt on the ground and asked for forgiveness.

"Forefather!"

The three great protectors' faces were twisted. They couldn't bear to see this. They never thought that their momentary mistake would implicate their old ancestor to such an extent. Regardless of the young man's identity, it was an unbearable humiliation for an old ancestor to kneel before him. However, in order to save their lives, their old ancestor was going all out this time.

"Mm ..."

Ye chen glanced sideways at this person. This person's cultivation base was unfathomable and far surpassed the three great guardians. He was at least a high-tier true immortal. Ye chen did not expect such a person to kneel before him.

"Get up, Blood Fiend ancestor!"

"Many thanks, fellow Daoist ye!"

Patriarch xuesha was extremely excited as if he had been granted Amnesty.

"You three pieces of trash, why don't you quickly ask for forgiveness?" Patriarch xuesha shouted at the three great protectors.

"Yes, senior ye, we are trash!"

"Senior ye, we all have dog eyes and don't recognize the master in front of us. This time, we were wrong for old ancestor Meng to petition for us!"

"Senior ye, please be happy!"

The three great guardians, true immortals, were actually crying in front of ye chen like children. This scene was too shocking. Leng Jiu crawled to his feet. This time, he was really scared out of his wits. He had wanted to target ye chen earlier but now that he thought about it, he was really courting death!

"Patriarch xuesha, I'll spare their lives for your sake. Teach them a good lesson!"

"Don't worry, fellow Daoist ye. I'll definitely do as you say!"

Patriarch xuesha bowed and agreed.

"Elder heiyun!"

"Here!"

Elder hei Yun hurried forward and stood by ye Chen's side to listen to his orders.

"Head to the tenth Palace!"

"Yes!"

p Hei Yun was overjoyed. It was a good thing that he had "helped" ye chen earlier. Otherwise, he would not have been so lucky to have ye chen follow him to the tenth Palace.

As he watched ye chen leave, the blood Fiend ancestor shook his head slightly.

"Sigh, you bunch of trash! Fellow Daoist ye was supposed to come to our ninth Palace!"

"Patriarch, we ... Sigh!"

The three of them burst into tears again.

Ye chen followed elder hei Yun and rode the floating cloud to the tenth Palace.

Outside the tenth Hall, the tenth Hall Master, old Daoist Qing Xu, appeared at the same time with the six great guardians to welcome ye chen.

"Fellow Daoist ye's visit to our tenth Palace has brought light to our humble dwelling!"

Old Daoist Qing Xu was dressed in a green Daoist robe. He had white hair and a ruddy complexion. He looked much better than patriarch xuesha.

"You are the tenth Palace's Palace Master?"

"Fellow Daoist ye is extremely intelligent. I am indeed old Daoist Qing Xu."

"Ha, let's go!"

Ye chen turned the tables and walked toward the main hall.

"Ah?"

Everyone was stunned. They did not expect this senior ye to be so Swift and decisive but old Daoist Qing Xu and the others were very happy. It was a great honor for them to be able to get closer to ye chen.

After entering the main hall, ye chen sat on the high seat. Below him were old Daoist Qing Xu, elder hei Yun, and the six great guardians.

"Fellow Daoist ye, I heard that you broke into the nether prison evil Spirit's headquarters and annihilated all the evil spirits by yourself. You're really a young hero. I really admire you!"

Ye chen looked at the old man and thought to himself that the old man's skills in flattery were impressive. He wondered if the old man could answer his many doubts.

"Fellow Daoist ye, if you have any requests, please state them!"

"Old Daoist Qing Xu, I have many questions to ask you on this trip to the netherworld divine realm!"

"Excuse me!"

Old Daoist Qing Xu slightly bows and says.

"Why are you all so respectful to me?"

"Ah? Hehehe, of course, it's because fellow Daoist ye has gotten rid of the evil spirits for our nether prison!"

"Impudent!"

Ye chen shouted coldly. Old Daoist Qing Xu almost fell to the ground. Elder hei Yun and the six great guardians were even more shocked and did not dare to move.

"Fellow Daoist ye, why are you so angry?"

"Old thing, how dare you lie to me? do you know the consequences?"

"This, this ..."

Old Daoist Qing Xu looked at ye chen with a frightened expression. Before this, someone had warned him that ye chen was extremely intelligent and would not be so easily deceived. He did not expect it to be true.

He wiped the sweat off his forehead with his hand, looking very embarrassed.

Ye chen returned to his high seat and sneered at old Daoist Qing Xu.

"Tell me, what's the real reason? If you don't give me an explanation, I will make sure that the tenth Palace is in complete chaos!"

"Ah? Fellow Daoist ye, please calm down!"

Old Daoist Qing Xu's heart trembled rapidly. He knew that if he did not provide some useful information this time, he would really lose his tenth Palace. He waved his hand at hei Yun and the others. The six great protectors and elder hei Yun all retreated.

"So mysterious?" Ye chen said coldly.

"Fellow Daoist ye, this matter is related to the order of the god of the underworld. I dare not let my guard down!"

"The command of the god of the underworld?"

"That's right. Fellow Daoist ye, you are personally appointed by the underworld God. If it wasn't for the messenger of the underworld personally delivering the order, we wouldn't even know you. Why should we treat you like this?"

"Ha, interesting!"

### [Chapter 2067 2072-Golems!](#)

"Old Daoist Qing Xu, what is this underworld God command?"

"The command of the underworld God is the embodiment of the will of the underworld God. It was personally issued by the messenger of the underworld God, directly expressing the intention of the Lord of the Underworld. All forces and individuals in the underworld must obey it. Not long ago, the contents of the command were about you, fellow Daoist ye. It instructed all forces in the underworld to treat fellow Daoist ye well. Those who violated it, regardless of their identity, may be executed."

The old Daoist's words were shocking. This made ye chen think of the battle in the netherworld.

At that time, he had a battle with the god of the underworld. At that time, he had fused the darkness pool and the Demon's Eye to achieve the power of the Dark Lord and the god of the underworld. He had finally defeated the clone of the god of the underworld. This was the only connection he could think of now.

"Good, this time your answer is not bad!"

"Many thanks, fellow Daoist ye!"

Old Daoist Qing Xu was very excited. To be able to receive ye Chen's praise was an incredible thing.

After all, it was the first time in the underworld realm that someone was directly under the protection of the god of the underworld.

However, ye Chen's thoughts were different from his. On this trip to the underworld, he wanted to find the true body of the underworld God and discuss the future of the underworld with him.

"The evil spirits of the netherworld have been exterminated. I have no obstacles here, so how can I help you reach the netherworld realm?"

"This ..."

Old Daoist Qing Xu showed a helpless expression. Ye Chen was a little puzzled.

"Fellow Daoist ye, to tell you the truth, it's as difficult as ascending to the heavens to go to the netherworld realm!"

"What do you mean?"

Old Daoist Qing Xu sighed slightly when he saw ye Chen's puzzled expression.

The nether prison was under the direct command of the nether God Hall, so they naturally wanted the protection of the nether God. However, the path to the nether God Hall had already been controlled by evil spirits and various chaotic forces.

"It's been a long time since our nether prison main road and many other continents have visited the nether God Hall to pay our respects. The road ahead is bleak!"

"Ha, Daoist Qing Xu, just how many powerhouses are entrenched on this road? why doesn't the temple of the underworld send out troops to eliminate them?"

"This old man also finds this very strange. The underworld God Hall is the most powerful faction in the underworld God World, but when evil spirits invaded many continents, the underworld God Hall remained silent. They only sent out messengers to pass on the orders of the underworld God, saying that the continents should deal with them themselves!"

"Mm ..."

Ye Chen nodded slightly. All sorts of thoughts had already appeared in his mind.

"Dark god Hall, evil spirit!"

Ye chen squinted his eyes. He seemed to have seen the crux of the problem. If he wanted to solve it, he would need to put in more effort. However, his time was limited. If the magic martial world and the celestial realm sent more powerhouses down to the mortal world, then the underworld would be in danger.

"I'll personally investigate this matter. You guys cooperate with me at any time!"

"Please rest assured, fellow Daoist ye. I will definitely explain to the other great halls of nether prison and actively cooperate with your actions!"

"Very good!"

Ye chen rested in the ninth Palace for a few days. Then, he took the map given by old Daoist Qing Xu and personally headed to the nether God Hall.

The underworld God temple was the highest place in the underworld. There were many myths and legends about it. It was the underworld God's greatest source of faith. This time, ye chen was going to reveal its true colors.

Stepping on the auspicious cloud, ye chen flew across the nine Heavens. He had a bird's eye view of the nether prison continent. Many spirits and monsters were walking quickly, and there were even evil spirits jumping around. It could be seen that the continent was no longer under the control of nether prison.

After a day of stars, ye chen arrived at the end of the nether prison. As he walked forward, he saw countless mountains and steep ridges. It was another continent.

Ye chen flew to the top of a tall mountain.

At a glance, ye chen found this continent very strange. The ground was filled with stones and these stones gave ye chen a feeling of spirituality. This feeling was different from ordinary spirit stones. He could even feel the existence of a soul from them.

"Boom boom boom!"

Suddenly, the earth trembled and the mountains and rivers crumbled. Ye chen realized that the stones under his feet were moving.

"What?"

Ye chen flew up and hovered in the air. He watched as the entire mountain began to move.

"This is ..."

After activating the Demon's Eye, ye chen saw the key point. It was a giant mountain.

"Hahaha!"

Accompanied by wild laughter, the entire mountain jumped up and turned into the form of a giant.

"Who are you?"

"The heavenly Emperor ye chen!"

"Hahaha, how dare you call yourself the heavenly Emperor. You're too arrogant. Die!"

The rock giant reached out its giant hand, trying to grab ye chen.

"Laughable!"

Ye chen sneered, and the celestial Thearch sword appeared in his hand again.

"Slash!"

The powerful laws of immortal energy contained within the slash instantly severed the arm of the rock giant.

"Ah!"

The sound of pain resounded through the sky. The rock giant's eyes widened in anger and it roared at ye chen.

"Hahaha! You want to stop me with such a cultivation base? do you admit your mistake?"

"What's wrong? Die!"

The rock giant twisted its body wildly. Then, its broken arm grew back. This situation surprised ye chen.

"I can actually be reborn?"

Ye chen could sense that the energy of rebirth came from the peak. It was the arm formed by countless gravel.

"Stone golems!"

"That's right, we're from the stone man race! Since you've come to our spiritual land, you're going to be my meal!"

"Who dares to be arrogant before the celestial Thearch?"

"Slash!"

The celestial Thearch sword struck again. This time, the golem had learned his lesson. He flew up like a giant ape and actually dodged the fatal blow.

"Hahaha, die!"

The golem flew to the top of a mountain and then its arms continued to bombard the mountain. Countless gravel flew over like sharp blades, attacking ye Chen's body.

"Ah!"

With a furious roar, the Dragon roared to the nine Heavens. Ye Chen's body erupted with endless divine power, shattering all the stone blades in the air.

"Impossible!"

The rock giant turned pale with fright. Once again, it transformed its arm into a long spear. Like a pillar that held up the sky, it pressed down on ye chen.

"Hahaha!"

Ye chen laughed and his ancient God Power erupted. He opened his arms and fought the giant with brute force.

"This, this!"

The giant was shocked once again. He did not expect ye chen to be so powerful. This was unbelievable. The strength of their stone people clan was the strongest on this continent. However, the person in front of him was obviously only a human and he could actually compete with him!

"Ah!"

The ten of them roared. A huge wave surged into the sky, and countless gravel crushed toward ye chen.

"Ah!"

The heavenly Dragon's Roar, the nine Dragons' roar, the Mad aura, and the shattering of the stars.

"Ah!"

The golem couldn't resist the ancient God Power and was thrown into the air!

"You, Who are you? why do you have such divine power?"

"Heavenly Emperor ye chen, come here!"

"Ah?"

The golem was weak, it could only walk over.

"Whoosh!" Ye chen flew up and stood directly on top of the golem's head, driving the golem forward.

"Let's go!"

"Yes, master!"

The golem could only acknowledge ye chen as its master and flew forward.

"Hahaha, I didn't expect to get a free Mount on this continent! It's great!"

### [Chapter 2068 2073-Killing Trap!](#)

The golem jumped and flickered. The mountain peaks were like flat ground to ye chen. He sat on the golem and observed his surroundings.

In this domain, there were tall peaks that stood in great numbers. It gave off a very cold feeling. Ye chen could not help but think of sword formations!

This made ye chen unconsciously cautious. His perception was amazing, especially after cultivating the Tianyi soul tampering technique. He had even developed a sixth sense that could affect the environment.

Ye chen sensed the golem and found that it was a material without a mind. This made him very confused.

"This ..."

The more he thought about it, the more he felt that something was wrong. There had to be some connection.

Thump, thump, thump!

The golem flew, its movements getting faster and faster.

"What?"

Ye Chen's consciousness moved, trying to control the stone golem before him. However, the stone golem seemed to be controlled by some other force and did not listen to his command. It rushed in one direction.

In this situation, ye chen knew that this was a trap!

"Ah!"

Stepping on the golem, ye chen flew up. However, as he flew, he felt a powerful suction force that pulled him in.

"Hahaha!"

At this time, the sound of wild laughter filled the air. A huge black shadow appeared in front of ye chen.

"What?"

Ye chen looked up at the sky and realized that the dark shadow was a stone man. It was a thousand feet tall and soared into the sky.

"Kill!"

The stone golem punched at ye chen. Heaven and earth shook, and the void shattered. Countless sand and stones flew like sharp blades, cutting through space.

Boom, boom, boom!

The huge shock wave caused ye chen to feel as if he was caught in a stormy sea.

"Impudent!"

Ye chen shouted coldly. The Demon's Eye appeared between his brows again and saw through the man's real strength. It turned out that this giant Golem was just a puppet and its control was inside the golem.

"Hahaha, you'll die without a doubt once you enter my domain!"

"Who are you?"

"I'm the Overlord of the evil spirits. You've fallen into my trap. You have no right to ask me!"

"Is that so?"

In the face of the violent evil spirit, ye chen already understood that this person was sent by a higher-ranked evil spirit to deal with him. After all, the destruction of the nether prison headquarters was a huge blow to the evil spirits.

"Whoosh, whoosh, Whoosh!"

Ye chen flew up into the sky and once again felt the strong gravitational suppression.

"You want to escape my domain? you can't do it."

"Ignorant fool, how can you know the height of the sky and the thickness of the earth!"

After being angered by the golems many times, the celestial Thearch sword had already appeared in his hand. The celestial Thearch's shadow behind him shone brightly, stirring up the wind and clouds.

Zila, Zila, Zila!

Countless bolts of divine lightning fell from the sky, further highlighting the might of the celestial Emperor.

"What?"

The stone being let out a low groan because he felt the powerful force emitted by the heavenly Emperor's shadow. This force made him feel a sense of fear. As an evil spirit, this was something he could not tolerate.

"Ah!"

With an angry roar, the stone golem swung its huge arms and charged at ye chen.

"Slash!"

Ye chen spun and slashed the heaven pass. With a loud bang, the huge stone arm shattered in the air and turned into nothing.

Thump, thump, thump!

Countless stones fell to the ground.

"You!"

The golem's cold eyes locked onto ye chen. Its body moved like a prehistoric beast, ready to devour the opponent in front of it.

"Heavenly Emperor command: resplendent earth sword reverse slash!"

Ye chen no longer hesitated in the face of the golem's frenzied attacks. He waved the celestial Thearch sword in his hand and the reverse cutting energy soared to the sky and covered the entire Golem's thousand-foot body in an instant.

"Whoosh, whoosh, Whoosh!"

The sword Qi was boundless and sharp. It instantly locked onto the stone man's body and exploded.

After the sword Qi exploded, the golem froze in the air, unable to move.

"You, what did you do?"

A voice came from within the golem, it was the evil spirit that was controlling the golem.

"Don't waste your words!"

"Damn it!"

The evil spirit generated evil power and broke through the air.

He was standing on top of the golem's head, looking at ye chen in the air.

"Ye chen, you've killed three of my true immortal chieftains. You won't be able to leave this stone array this time!"

"You?"

Ye chen sneered. The evil spirit in front of him was not even as powerful as the three leaders. What right did it have to make such a big statement?

At this moment, the heaven and earth trembled. The void opened, and a ball of dark Qi galloped out.

"Hahaha, ye chen, do you really think we'd be so careless as to let one person wait for you here? Although I was the one who arranged this stone formation, I don't think you can know how many secrets are hidden within it. "

The Rockman evil spirit smiled sinisterly as if ye chen was still caught up in a bigger conspiracy.

The dark energy posed a greater threat to ye chen than the Stoneman evil spirit.

The mass of black Qi emitted a dark light that shot straight into the countless peaks.

"Boom boom boom!"

Suddenly, the sky spun and the earth spun. It was as if a switch had been turned on in the entire group of peaks. They kept shaking. The peaks around ye chen rose from the ground and gathered in his direction.

"Whoosh, whoosh, Whoosh!"

Then, sword Qi shot up into the sky. The power of darkness caused the sun and moon to lose their light and darkness to descend.

"Hmm.....As expected!"

Ye chen had now confirmed his previous guess. There was indeed a sword formation hidden in the stone formation, and this sword formation was created and arranged by the black gas.

Sensing the black gas 'cultivation base, ye chen realized that this person had a deep foundation. At the same time, he had the protection of the formation. Ye chen could not see through the black gas' true cultivation base. However, no matter what kind of opponent he met, no one could stop him from entering the netherworld realm!

"I advise you to find some experts. The two of you are not enough to kill!"

Ye Chen's cold eyes locked onto the two before him as he smiled.

"Eh? Don't think that you can order us around just because you killed those three pieces of trash. The person in front of you is the dark Hunter, ranked tenth on the evil spirit assassin ranking. Do you really think you have a chance to live?"

"Dark Hunter? ha, then I'll let you die in the darkness!"

Ye Chen's eyes were cold. The energy in his body soared into the sky like a dragon. Fire and wind stomped the ground. In an instant, a powerful aura swept across the entire scene.

At this moment, the boundless Dark Sword Qi was activated at the same time. Countless peaks, like a dome, directly covered ye chen.

"Die!"

The dark aura sneered, and it was heavy and destructive. Countless peaks released Dark Sword Qi like huge pincers, trying to kill the people in the dome.

"Hahaha, ye chen, just die in this vault!"

Ye chen watched as the mountain gradually sealed the vault. He was suppressed by gravity and could not escape.

The Stoneman evil Spirit's maniacal laughter came from outside. It seemed to be very proud. As long as it could kill ye chen, it would have made a great contribution and would definitely be rewarded handsomely.

"Something's wrong!"

Suddenly, the dark aura let out a shocking sound. The stone man evil spirit was stunned, it had no idea what had happened.

At this moment, the tall mountain actually began to shake continuously. This kind of shaking carried a super strong destructive aura. As long as one felt it, they would be extremely terrified, as if they had fallen under a sharp blade!

### [Chapter 2069 Furious Shark Heavenly King!](#)

Zila, Zila, Zila!

On the surface of the tall mountain, dark lightning kept shooting out. The power of the underworld God was already brewing.

"This is nether God Power!"

The dark energy once again made a shocking sound, causing the Rockman evil spirit to fall into a state of panic. It did not expect ye chen to possess the underworld God Power. Moreover, this underworld God Power seemed to far exceed their imagination. With this strength, no one would doubt that ye chen was from the underworld God Royal clan.

"He ... He's just a human cultivator. How could he have such powerful and pure underworld God Power? this is ridiculous!"

"This man was able to kill three perfected immortal leaders by himself. He is definitely worthy of his reputation. He must have something to do with the god of the underworld. This might be one of the reasons why he can run amuck in the realm of the god of the underworld!"

"What's the point of saying all this? what do we do now?"

"This person is about to break through my sword formation. We are not his match. Retreat immediately!"

"Retreat? my achievements are right in front of me, and you want me to retreat?"

"Hmph, it's up to you whether you want to retreat or not!"

With that, the dark aura swirled wildly and rushed towards a different space, wanting to leave.

"Isn't it boring to retreat so easily?"

Suddenly, a cold voice rang in their ears. Since they were already inside the killing formation, the only fun was naturally to kill the person who had set up the killing formation. This was ye Chen's principle of looking down on everyone equally!

Zila, Zila, Zila!

The dark lightning spread rapidly, and the entire mountain peak seemed to be on the verge of collapse.

Seeing that the situation was about to be out of control and the dark aura was escaping frantically, he threw out a pill. With a loud bang, countless dark auras appeared at the same time, trying to use the illusions to fish in troubled waters.

"You, you!"

The Stoneman evil spirit was furious. It did not expect that the top ten of the evil spirit assassin ranking would be in such a sorry state when they encountered ye chen. They had not even officially fought yet!

"Idiot, I don't have time for you!"

The dark energy did not care so much. Now, its only hope was to escape. It had already realized that the gap between them and ye chen was like the difference between heaven and earth. This was an unbridgeable gap!

"Whoosh, whoosh, Whoosh!"

Countless phantoms fled in all directions, and every Phantom was exactly the same. This was the subtlety of this escape method, and no one could tell the real from the fake.

"Boom boom boom!"

Crack, crack, crack!

Along with a deafening sound, the tall mountain was instantly shattered, and a tall figure flew up from it. The light of the celestial Emperor shone on the world, and the power of the underworld God shook the ancient and modern times!

"Where do you think you're going!"

With a cold shout, ye chen activated the Demon's Eye. In an instant, all space fell under his control, and the true body of the dark energy was no exception. In the vision of the Demon's Eye, there was no place for him to hide.

"No, impossible! This is the Demon's Eye!"

The dark energy recognized the object between ye Chen's eyebrows. It was the symbol of the underworld God, the misty Demon Eye.

"What is it?"

The Rockman evil spirit clearly didn't realize the urgency of the situation in front of it, it actually didn't know about the Demon's Eye!

"Damn it, why did I accept this mission with you, damn it!"

"Too much nonsense, let's go together!"

The Demon's Eye between ye Chen's brows opened. Rays of underworld God's light illuminated the entire space. Suddenly, the entire domain was enveloped by underworld God's power. It was the underworld God Realm!

Zila, Zila, Zila!

The power of the netherworld God caused countless Black Lightning to flash, completely sealing off the surrounding space.

"Let's go!"

Boom, boom, boom!

The dark aura still wanted to escape, but when it collided with the lightning, countless illusions shattered, and its true body was revealed.

This person was wearing a pair of horns and was dressed in a black robe. He held an evil sword in his hand and was gritting his teeth in anger.

"Ah!"

Ye chen roared in anger. The netherworld energy in his body burst out. Suddenly, invisible storms, like apocalyptic floods in a primordial world, surged toward the two of them unstopably.

"Ah!"

In the blink of an eye, with the roars, everything became silent. The current of underworld God Power passed by, and no life could exist. Death was right in front of them, destruction was the moment!

All the peaks were turned into scorched earth, all the dark aura dissipated, and the golems were reduced to dust.

"Ah!"

Accompanied by a human-like roar, the heavenly snake and the Furious roar appeared at the same time.

Buzz, buzz, buzz!"

They opened their huge mouths and continued to devour the dark energy in front of them.

"Thank you, master, for bestowing me with this power!"

The Snake Queen's eyes were like silk. She looked at ye chen as if she was looking at her greatest idol. The kind of worship and love she had was uncontrollable.

On one hand, it was because ye chen was indeed too strong and gave women a rare sense of security. At the same time, it was also because the heavenly Serpent had already submitted to ye chen and ye chen was her only master. This was the heavenly serpent's nature. It was extremely loyal and loving to its master!

"Snake Empress, your Foundation has already reached the realm of Ascension. I will find a suitable time to let you ascend!"

"Thank you, master!"

The snake Empress was overjoyed. She had been waiting for a long time to ascend, and she finally had this opportunity.

"Roar!"

The time and space roar roared endlessly, as if there was a sense of anger continuing.

"Furious slash of time and space, I know you are not willing to accept this. Don't worry, once I find the right natural treasure, I will definitely let you be reborn from the fire like the Snake Queen!"

"Roar!"

The spacetime wrath screech understood ye Chen's intentions. In its excitement, it went on a rampage. Countless cracks appeared in the surrounding space. It was extremely terrifying!

"Let's go back!"

Receiving the order, Tian she and nu Chi returned to the ancient God Space.

Ye chen released the eight-gate divine disc as he looked at the devastation around him.

"Zi Zi Zi!"

"The life gate is open!"

The door of life opened and the power of creation swept through the entire area. The scorched earth was extinguished and the earth was reignited with life. Countless green grass and trees were unearthed under ye Chen's creation.

"Let's go!"

Ye Chen soared into the sky, stepping on the Golden Lotus and heading toward the nether God temple.

.....

Underworld realm, evil spirit Palace.

"Boom boom boom!"

A huge tremor shook the nine Heavens as an expert roared repeatedly.

"Dark Hunters, all the golems died at ye Chen's hands. How hateful!"

The entire Hall was on the verge of collapse. The surrounding experts knelt down one after another, not daring to raise their heads.

"You useless trash!"

Buzz, buzz, buzz!"

With a wave of its sharp claws, dozens of itinerant immortal experts died on the spot.

"Ah!"

The sound of pain filled the air. Everyone's spirit had reached its limit, and many experts' legs even went soft, almost fainting.

In front of them was one of the evil spirit's ten Heavenly Kings, the Furious shark Heavenly King. Everyone knew that he had a bad temper. If he didn't agree, he would die!

"Ah!"

He could not dispel the anger in his heart. Only killing could calm him down for a moment.

Buzz, buzz, buzz!"

He opened his palm and his huge tongue began to absorb the power of the blood. It was extremely terrifying!

### [Chapter 2070 The Guardian!](#)

"This person wants to go to the underworld God World, which is very unfavorable to us evil spirits. I've received news that this person has already been valued by the underworld God. We can't let him succeed."

"We will follow the Furious shark Heavenly King's instructions!"

Many evil spirit powerhouses had pained expressions on their faces as they watched angry shark absorb the blood while listening to his instructions. They knew very well about angry shark's violent personality, but no one dared to speak to him directly, or they would die the most miserable death.

After absorbing the blood, a female servant stepped forward and quickly cleaned the blood on the ground.

After venting his emotions, the angry shark walked down from the throne and looked at the many evil spirit powerhouses below.

"Ye chen is just a human cultivator. Not only did he destroy the nether prison's headquarters, but he also killed two of our powerhouses. It's clear that we've misjudged him!"

"Lord angry shark, should we dispatch other evil spirit assassins to surround and kill him?"

"Hmm ... That's a good idea, but if we waste so much time and energy to deal with someone in the Mahayana realm, where would our dignity be? We'll just wait and see, but we can't let him reach the nether God Hall alive. "

"Yes!"

One of the powerhouses bowed and quickly walked out of the main hall to monitor ye chen.

At this moment, ye chen had already left the area of the stone peaks and continued to move forward.

The sudden attack of the golems and dark Hunters made him understand that his whereabouts were already controlled by the evil spirit. Moreover, the other party's killing was very brutal, so there should be a must-kill order.

"Evil spirits, do you know the consequences of provoking me?"

Originally, ye chen had no grudges with the evil spirit. He had only wanted to give the sky cloud sect and nether prison some face and suppress the evil spirit's arrogance. However, he did not expect the other party to carry out such an urgent revenge. In that case, he could not be blamed.

"If gods block me, I'll kill them! I'll see how many more tricks you have up your sleeves!"

Ye Chen's eyes were filled with killing intent. Lotuses bloomed under his feet as he activated his sword Qi and soared into the nine Heavens.

Above the nine Heavens, ye chen stepped into the void and embraced the bright moon. He absorbed a large amount of heaven and earth spiritual energy and became more adapted to the environment of the netherworld realm.

At the same time, he discovered that his underworld God Power was rapidly increasing in this environment. This was definitely related to him adapting to the environment.

After the previous battle, ye chen realized that even the high demon was still afraid of the power of the underworld. This must have something to do with the god of the underworld. If the god of the underworld really wanted to meet him, it would not be so difficult according to the other party's cultivation level. Was it because his advancement was a test of the god of the underworld or the god of the underworld was not acting on his own?

Before they truly arrived at the hall of the underworld, there seemed to be no answer to this question.

After leaving the area of the stone peaks, ye chen rode the wind with his sword Chi for three days and three nights. He had arrived at a new territory.

This domain had a thick, primitive color. The species of wild beasts and their violent wildness made ye chen quite interested.

"Could this be the beast Realm?"

He took out the map given by the nether prison expert, which had a description of the beast Realm. The beast territory was the edge of the nether prison's main road. There were many beastman tribes living here. They were brutal by nature, but their bodies were naturally strong, a typical example of body refining.

Many talented Beastman cultivators could generate gang Qi just by refining their bodies, and the power of this gang Qi was not inferior to other kinds of energy. It was clear that the heavenly Dao was impermanent and each had its own strengths!

"Owwuuu!"

Just as ye chen was approaching the beast territory, a Wolf's howl suddenly came from ahead. It was long and carried an ancient aura. Ye chen looked ahead and his vision passed through many ancient trees. He saw an old man leaning on a hard rock and a huge white Wolf sitting beside him. The howl was clearly made by the White Wolf.

Ye chen carefully analyzed the Wolf's howl and could easily sense that this Wolf's cultivation was at the level of an itinerant immortal. However, the other party did not cultivate an itinerant Immortal Technique.

Step by step, ye chen walked into the deep forest. He was completely defenseless. The surrounding space did not respond as if he did not exist.

"You're very smart!"

At this moment, a deep and ancient voice was heard.

"Ha, but it's not necessary for me to be alert in this place!"

Ye chen sneered.

"Smart, arrogant, and unruly, young man, you have surprised me."

"Old man, it can't be such a coincidence that I just happened to run into you, right?"

"Hahaha, what do you think?"

The old man was wearing a long-brimmed straw hat, so it was difficult to see his appearance clearly. However, ye chen could sense that this person's cultivation base was extraordinary and his strength was unfathomable. He was definitely not an ordinary wanderer.

He leaned against the rock as if he had just woken up from a dream. With the lone wolf beside him, ye chen looked ahead. A hundred miles away was a Beastman tribe. He could not help but wonder if this person was the tribe's Guardian!

"Young man, go back. This is not a place you should be."

"Old man, I'm going to the temple of the dark god and will pass by this place. I'm just a passerby and have no other intentions!"

"Whether you have other intentions or not, this is not a place you should be. The beastmen here do not welcome you!"

"What?"

Ye Chen's eyes turned cold. He looked through the Straw Hat and saw the old man's scarred face. When ye chen saw his true appearance, the old man immediately sensed it and a trace of anger appeared in his eyes.

"You shouldn't be so reckless!"

"You shouldn't have blocked my way!"

"Hahaha!"

The old man knew that ye chen was not an ordinary person either. It was futile to try to persuade him to leave with words.

However, he was only a Guardian. He didn't want to hurt anyone unless he had no other choice!

The surrounding space seemed to have frozen. Not a trace of life seemed to have passed. Ye chen stood with his hands behind his back. An invisible Majesty filled the entire forest while the old man continued to lean on the Boulder without moving at all. However, the murderous intent in the air also spread.

A cold blood-red light flashed in the old man's eyes. He gave ye chen his final warning, "Young man, this is your last chance. After entering this forest, you will have no room to turn back."

Faced with the old man's threat, ye chen laughed out loud.

"Hahaha, a threat? Who in this world can threaten me? Even if they did, what was there to fear? Hahaha!"

Accompanied by a high-pitched laugh, ye chen walked straight past the old man as if he had never existed. Such boldness and such vigor made the old man feel that he had met a genius today!

However, the Guardians had their own rules. Whoever broke them would be the most direct challenge!

He allowed ye chen to walk past him without moving at all.

"Phew, phew, phew!"

The air around them started to move again. The autumn wind swept up the fallen leaves, stirring up a cloud of dust.

Ye chen walked straight toward the tribe because this was the only way to the temple of the underworld. It was also the shortest route.

For a moment, ye chen noticed that the surrounding energy was not right. The cold air swept through the entire area like an ice cave in hell!
