

## Genius 2081

### [Chapter 2081 2086-Establishing Power Again By Killing Wolves!](#)

Sensing this Supreme and majestic divine aura, most of the surrounding true immortal powerhouses were unable to resist and directly knelt down.

Ye Chen stood on the high platform, his entire body exuding a cold divine might. The powerful netherworld energy swept across the entire scene, completely suppressing everyone's mind. Unless they were a high-tier true immortal, they could not resist and would kneel down immediately!

Even a high-rank true immortal was intimidated by Ye Chen's aura and felt a sense of submission.

Now, no one dared to question Ye Chen's identity and strength. They were completely convinced.

"Bring me the best food and wine immediately. You know what I want!"

"Yes, immediately get ready!"

Icehawk nodded continuously. He then gave a look to the people behind him, and they went to work.

The surrounding powerhouses came over to pay their respects and then asked for Ye Chen's name.

"Heavenly Emperor Ye Chen, remember this name. It will resound throughout the entire underworld realm!"

"We will remember!"

Everyone engraved these words into their minds and waited for Ye Chen to create another glorious achievement.

An hour later, dozens of Eagle tribe cultivators came up with large and small plates. The plates were all filled with top-quality wine and food.

These dishes and wine contained a large amount of netherworld energy. There was even the essence of magical beasts among them. All of these were great tonics for cultivators. Ye Chen had been doing a lot of things in the netherworld realm along the way. It was time to absorb energy, so he gave these people a chance.

Ye Chen's eyes flashed. He could instantly sense the energy density contained in these dishes. It was comparable to a Supreme-grade bright stone!

"Golden Eagle Tower is indeed worthy of its name, ha!"

The shadow of the heavenly snake appeared behind him again. With a furious roar, the netherworld energy that could allow an ordinary true immortal to absorb for half a month was swallowed by the heavenly snake in one gulp.

"Ah?"

Such a violent action made the jaws of many genuine Immortals present drop. If anyone dared to devour the netherworld energy like this, they would definitely be severely injured by the backlash, let alone explode.

"Senior ye is indeed bold and shocking. Even if you gave us such a treasure, we wouldn't be able to absorb it. We admire senior's spell this time!"

"That's right. We were blind before and actually didn't recognize such an expert. Senior ye has really broadened our horizons. We'll definitely spread senior ye's name!"

"In the future, senior ye, please give us your guidance. If you have any instructions, we swear to complete them with our lives!"

The people from the surrounding beast tribes came over to flatter ye chen, hoping to get a side glance from him.

"Ha, all of you, back off! I want to cultivate!"

"Yes, we'll take our leave!"

Under icehawk's lead, the crowd retreated, leaving ye chen alone.

After enjoying the delicious food on the table, ye Chen's entire body of netherworld energy went out of control. The powerful force shook the entire Golden Eagle Tower, attracting the attention of many powerhouses in the Imperial City.

Soon, a group of people gathered under the Golden Eagle Tower.

"Icehawk, what's going on?"

An expert asked.

"Ha, this is senior ye Chen's cultivation place. You'd better not come here in the future."

"What? The Golden Eagle Tower is not doing business anymore?"

"I'm not doing it. "

Icehawk's words were firm and decisive. The cultivators were dumbfounded. What on earth had happened? and who was this "senior ye chen"?

Many experts were dissatisfied. They had traveled the martial world and were happy to settle grudges. They came to the Imperial City to broaden their horizons. This time, they had met a mysterious figure. Everyone wanted to see how strong he was to make such a cold man like Leng Ying submit to him!

"Call that ye chen out. I want to have a fight with him!"

At this moment, an expert of The Wolfman tribe stood out and shouted fiercely.

"Haha, I'd advise you not to cause any trouble. If you anger senior ye chen, you'll die without a burial place!"

"What a joke. I came to Huang Cheng city to fight with the world's heroes, and a nobody wants to scare me?"

"Hmph, senior ye chen is currently meditating. He has no time for you. Come again next time!"

"Hahaha, you all heard it, right? he's so powerful, but he's actually a coward. It's so funny, hahaha!"

The werewolf continued to laugh, and the surrounding experts all smiled evilly. The atmosphere was very awkward, and the people of Golden Eagle Tower were in a difficult situation.

"Boom boom boom!"

At this time, a loud Thunder rumbled in the sky. The netherworld energy in the Golden Eagle Tower erupted. It was as if the world had just been created. The powerful force shook the eight desolates. Not only the Golden Eagle Tower, but the land within a thousand miles was also affected by ye Chen's power!

Many experts looked up at the sky and saw a man standing on a Golden Lotus. Sword Qi burst out from his body, as if a sword God had descended to the world.

"Who wants to see me?"

Ye chen asked coldly.

"Hahaha, that's me. Today, I'm going to ..."

The werewolf was halfway through his sentence, trying to express his determination to challenge ye chen. However, he did not have the chance to finish his sentence!

"Swish!"

The heavenly Sword was unsheathed to kill living beings, freezing nineteen regions with one sword!

The ice-cold surprise cut through his throat like a shooting star chasing after the moon. It was so fast that it didn't even take the blink of an eye!

"You, you ..."

The Wolfman clutched his throat with both hands as an unwilling expression appeared on his face. He had come here to make a name for himself and display the might of The Wolfman tribe. He had never thought that he would be beheaded in less than a day after arriving in the Imperial City!

"Swish!"

With a burst of blood, the werewolf's head directly flew into the air and then accurately fell back onto his own neck. Some experts carefully observed and found that the head and the muscles on his neck were actually seamless, as if they had never been killed. Such exquisite swordsmanship was beyond imagination.

"This Sword Art is too exaggerated!"

"It's exquisite to the point of a millimeter. Wherever the sword Qi passes, the extreme cold will destroy all life!"

In the midst of the crowd's exclamations, the werewolf's body had already turned into an ice sculpture. It stood there and continued to display ye Chen's shocking swordsmanship!

"Good sword technique, good sword technique. However, shouldn't you pay a price for killing a member of my Wolf tribe?"

At this moment, a Wolf's shadow attacked. The figure changed, and there were many illusions. Everyone's eyes moved quickly, trying to find the position of that person, but no one could lock onto a non-existent person.

"What?"

Ye Chen's brows furrowed. He knew that this person's strength was far above that of the werewolf from before. He was an expert.

Buzz, buzz, buzz!"

The Wolf's shadow reappeared, and the wind howled. In the blink of an eye, the sword Qi had already pierced through the werewolf's body. Then, the ice on the werewolf's body shattered, and his body reappeared.

"Take him away!"

"Yes!"

A few Wolfman cultivators rushed into the battlefield, trying to take away the dead wolfmen.

"Take him away? Ha, I didn't agree to it, so who can take him away?"

Just as the werewolf cultivators were about to take the werewolf away, ye Chen's voice rang in everyone's ears!

### [Chapter 2082 Metallic Glass!](#)

"Eh? I wanted to give you a chance to live, but I didn't expect you to court death. Since that's the case, I don't mind sending you on your way!"

At this time, the surrounding spatial illusions were even more dense. These illusions could not only disrupt one's vision, but also confuse one's mind. Many cultivators fell into a state of confusion when they saw these illusions, and some even began to attack each other.

"Eight notes of Heavenly Dragon!"

Ye Chen's dragon roar filled the sky. Suddenly, endless Buddhist light shone on the earth and instantly blocked the mental attacks of these illusions. The Phantom werewolf was instantly furious. He did not expect his trick to be broken so easily.

"Kill!"

The Phantom werewolf flew out and waved its sharp claws. Countless sharp lights also turned into phantoms and flew toward ye Chen's throat.

"Roar!"

Just as these sharp lights were about to hit ye chen, everyone's heart tightened. They thought that ye chen was going to die. Unexpectedly, ye Chen's body emitted rays of inextinguishable golden light. His ancient God Power transformed into Dragon-shaped celestial energy and burst out wildly.

Boom, boom, boom!

The area a thousand feet in front of ye chen exploded in the air. Countless phantoms were completely annihilated.

"You!"

"Ha, ignorant little wolves, you dare to attack me?"

Ye Chen's words made The Phantom werewolf's head feel like it was going to explode. No one had ever dared to call him a "Little Wolf". This was the most humiliating taunt, and it made him feel like his mind was about to explode.

"Whoosh, whoosh, Whoosh!"

The Phantom werewolf used its most powerful killing move. Every Phantom actually had the killing intent of the real body. This form was its ultimate Killing form, which was to make his body completely undetectable before using his ultimate skill.

Seeing this scene, many of the surrounding experts were dumbfounded. They all retreated 300 meters and then activated a powerful energy barrier before they dared to continue watching.

Countless Wolf shadows and killing intent filled the sky.

"Ah!"

In the face of an unstoppable killing move, ye chen roared in rage. Suddenly, the ancient God Power in his bloodline erupted completely. The might of a two-star ancient God caused a shocking change in the world. The sun and moon shone together!

"Zi Zi Zi!"

Countless astral powers gathered on ye Chen's body. Then, they transformed into the shape of the sun and moon, floating on both sides behind him. The huge shadow of the ancient God constantly flashed behind ye chen.

"Whoosh, whoosh, Whoosh!"

At the same time, countless Phantom wolves descended, all rushing toward ye Chen's body.

To everyone's surprise, ye Chen's body did not move at all. He was like Mount Tai and the Big Dipper, indomitable.

Buzz, buzz, buzz!"

The endless light of sharp blades bombarded ye Chen's body. It was as if they had hit steel, not leaving a single mark.

"Ah? W-What is this? he's taking the damage from The Phantom Wolf!"

"How is this possible? even the attacks from the Phantoms are supported by the killing divine ability. How can he take it head-on?!"

"This person's body refining technique might have already surpassed our imagination!"

Countless powerhouses finally understood how strong ye chen was. However, they had only scratched the surface, and they were already filled with respect.

"It's no use. The real killing move is here. No matter how strong your body is, you'll die!"

Suddenly, among the countless phantoms, a Wolf's shadow appeared in front of ye chen. Suddenly, countless sharp blades gathered on the sharp claws of the Wolf's shadow. It was like a meteor between heaven and earth, braving the flames of death, charging toward ye chen.

"Swish!"

Under everyone's astonished gazes, the sharp blade stabbed directly at ye Chen's throat. At that moment, everyone was frightened. They knew how strong The Phantom Lord Wolf was. This attack had hit the vital point and was enough to kill true immortal Taowu!

"Zi Zi Zi!"

The sharp blade stabbed into ye Chen's throat and kept spinning like an electric drill of shooting stars. It was unstoppable.

"Hahaha, die, bastard!"

The Supreme Phantom Wolf concentrated all its power on the sharp blade. In fact, it had also deeply felt ye Chen's strength. However, it thought that ye chen had been too careless and conceited. This was the cause of its death. Therefore, this time, it would not leave any chance of survival. It would completely destroy the person before it.

Sparks flew in all directions as the killing intent continued to erode his body. At this moment, the world trembled in fear.

"Ah!"

However, what everyone heard was another roar. Everyone was shocked, not because of how strong the roar was or how intimidating it was, but because how could he still roar after being hit in the throat by The Phantom Wolf's killer skill?

This was the most unbelievable thing!

"Impossible! Did you guys hear that Dragon's Roar? it was ye chen!"

"Yeah, it's really him!"

"A blow that could kill a genuine immortal hit his throat. He probably can't even make a sound, let alone roar!"

At this moment, everyone looked at ye chen as if they had seen a demon or a God. In any case, it was an inexplicable image that made them extremely frightened.

With a Dragon's Roar, a metallic glass appeared on ye Chen's body. The metallic glass continued to cover ye Chen's body and then extended wildly, even beginning to cover The Phantom Wolf's body.

"Ah, w-What's this?"

The Phantom Wolf was shocked. He saw the metal glass covering his blade, arms, and even his body.

"Not good!"

He immediately realized that he was in danger. He tried to withdraw his arm with all his might, but it was useless. All his efforts were in vain. His arm had been completely frozen by the water glazed tile and could not be withdrawn.

"Phantom Wolf, whose doomsday is it now?"

Ye Chen's voice was very vigorous and had a rough tone. It was the voice of an ancient God.

The ancient god level in his body had already ascended to a two-star ancient God. The metallic glass in front of him was a characteristic of a two-star ancient God. No matter how serious the injury ye Chen's body suffered, the metallic glass would cover the wound and restore his vitality. It could even devour all foreign objects or foreign energy and refine them to become ancient God energy.

Buzz, buzz, buzz!"

The metal glass flew at high speed and completely entangled The Phantom Wolf.

"No, no!"

Lord Wolf struggled and kept shouting, but no one dared to get close. Even the wolf tribe didn't dare to come close. They looked at the metal glass like a prehistoric beast that could devour everything.

"This is your fate for disobeying me, Phantom Wolf!"

As soon as he said that, the sky Serpent behind ye chen moved.

"Roar!"

At this moment, Tian she's entire body was covered in metallic glass scales. The golden light destroyed everything, but it was extremely brutal.

"Crack!"

The sky snake swallowed The Phantom Wolf in one bite. Then, a terrifying chewing sound was heard. The Phantom Wolf's body was covered in metal glass, and it had become a chocolate-like food. It was devoured by the sky snake and became a part of the ancient God Power.

Such a scene was too shocking. Countless powerhouses were dumbfounded!

[Chapter 2083 The Beast Realm Selection!](#)

"Ah!"

With a cold shout, the metal glass on his body shattered and turned into golden light, flying into the space and disappearing without a trace.

Ye chen looked at the crowd with a chilling smile on his lips as if nothing had happened. However, the scene of The Phantom Supreme Wolf, a true immortal rank powerhouse, being devoured as food by the sky snake was too shocking and no one could forget it.

"Is there anyone else who has a problem with me appearing here?"

He looked at all the experts around him and asked coldly.

"No problem, no problem!"

All the experts from the realm of beasts present bowed and saluted, not daring to show any signs of disobedience.

Thump, thump, thump!

At that moment, icehawk ran forward and knelt on the ground. He handed over the seal and token of the Golden Eagle Tower. With that, the entire Golden Eagle Tower would belong to ye chen.

"Ye-qianbei, this is a small gift from junior, please don't refuse."

"Fine, since you are so tactful, I will accept it. Today, I will pay for everything. Let's all go to the Golden Eagle Tower for a drink!"

"Good, good, heavenly Emperor ye chen, heavenly Emperor ye chen!"

Countless experts from the realm of beasts called out ye Chen's name. This time, they were all sincerely convinced by ye chen and were not just doing it perfunctorily.

The news about the Golden Eagle Tower had spread throughout the entire Western Imperial City, attracting the attention of countless forces and experts.

This was especially true for the werewolves. The illusionary venerable Wolf that had died at ye Chen's hands was the third Prince of the werewolves' royal family. This time, ye chen had used such a brutal method to kill him. It was a huge blow to the werewolves. After all, the werewolves had sent the third Prince into the Imperial City to participate in the once-in-a-century Super Grand meeting of the beast Realm. The rewards for this Grand meeting were unprecedented. The winner could even receive the beast Realm's ten-thousand-year treasure, the Suan ni beast Emperor pill!

Now that the illusionary Supreme Wolf had died at ye Chen's hands, the wolf Clan had no choice but to send two crown princes to take over the illusionary Supreme Wolf's previous mission. This was a great risk. After all, if anything happened to these two, the wolf Clan would fall into an endless abyss.

"Monitor ye Chen's whereabouts at all times. This time, not only do we have to get the beast Emperor pill, but we also have to kill this man and restore the reputation of the wolf tribe!"

"Yes, second Prince!"

One of the hallucination wolves nodded slightly and then quickly sneaked into the night.

The second Prince of the wolf Clan, the blood-soaked Supreme Wolf, looked at the Golden Eagle Tower where ye chen was with a pair of blood-red eyes, revealing a ferocious look.

He was close to The Phantom Wolf's brother. When he heard that The Phantom Wolf had died here, he had immediately come to take revenge as soon as possible. However, he did not expect ye chen to obtain the entire Golden Eagle Tower and become its master.

The Golden Eagle Tower was very famous in the Imperial City in the West. It had a lot of connections. Therefore, the blood-soaked Supreme Wolf did not act rashly. However, he swore that he would not be a Wolf if he did not take revenge!

In the Golden Eagle Tower, there was a song and dance. Countless strong people laughed heartily. The heavenly Emperor ye chen sat on the high seat like an Emperor descending to the world.

"Lord heavenly Emperor, I represent the vicious crocodile clan to salute you!"

A man in full scale armor bowed to ye chen with a bowl of wine in his hand.

"E Kuang, please!"

The person in front of him was supremacy e Kuang from the vicious crocodile clan, who had participated in the beast Realm meet. He was also a true immortal cultivator.

"Goo Goo Goo Goo ..."

E Kuang finished a big bowl in one go to show his respect to the heavenly Emperor.

"En!"

Ye chen nodded slightly. Following that, the life stealing beasts toasted him one after another and ye chen responded to them one by one.

After the incident at Golden Eagle Tower, ye chen had made a name for himself by killing The Phantom Lord Wolf. Many beasts surrounding the Golden Eagle Tower had taken action to befriend ye chen. Many of them had offered precious gifts.

"E Kuang, I heard that you are all here to participate in the beast Realm conference. What is the beast Emperor pill that is the highest reward?"

"Hahaha, you're right, Celestial Emperor. The beast Emperor pill is the most precious treasure of the beast Realm. It's condensed from the ten-thousand-year-old beast blood of the most mysterious beast Emperor earth vein in the beast Realm. It contains the essence of heaven and earth, the divine might of the sun and moon. It's very beneficial to both body cultivators and cultivators of other powers."

"There's such a thing? very good!"

p Ye chen was overjoyed. After ascending to two-star ancient God, ye chen realized that the body-tempering energy he needed had skyrocketed. He had been worried that he could not replenish it and it might cause some adverse consequences. If he could obtain this beast Emperor pill, wouldn't that be wonderful?

"What is the beast Realm conference for?"

"Ha, there's a lot to say about this. This gathering looks like the beast Realm is selecting talents and competing in martial arts, but in reality, it's for the beast Emperor Princess to find a husband!"

"What? groom search?"

Ye chen raised his eyebrows. He did not expect such a thing to happen.

"That's right. This groom search is the main theme. Therefore, being able to obtain the first prize is one factor, and being able to catch the princess's eye is another factor!"

"Interesting!"

Ye chen smiled. However, his real goal was still the beast Emperor pill. He had to participate in the beast Realm conference this time.

"Heavenly Emperor, it seems that you're tempted. With your looks and cultivation, you might really be able to do it. Even though we were involved, we were just changing faces. I know my own limits and I know I can't do it. "

E Kuang laughed.

"Ha, it's okay. The important thing is to participate!"

Ye chen flew up and headed straight to the top floor of the Golden Eagle Tower. He looked at the bright moon in the sky and absorbed the power of the stars.

As for the people below, they continued to drink as they watched the heavenly Emperor ascend. The wine in the Golden Eagle Tower was not just wine. It contained bone powder of many ferocious beasts and many demonic cores, which were extremely helpful for cultivation.

Ye chen sat cross-legged on the roof and was about to stop concentrating when suddenly, a wave of demonic energy made his eyes narrow.

"Ha, there's really no end to it!"

He immediately sensed that although this demonic energy was weak, it was definitely related to the wolf Clan. However, ye chen was not afraid of their surveillance. Absolute strength gave rise to absolute confidence.

After a few days of peace, the beast territory also welcomed the day of the selection.

Ye chen led the Golden Eagle Tower's group to the selection venue in the Western Imperial City. There were many people gathered.

The Imperial City was divided into four major parts, namely the East, West, South, and North.

Among these four great imperial cities, each Imperial City district had a selection venue. Ye chen was at the Western Imperial city's selection venue.

"Hahaha, everyone, I'm very happy to see the number of people today. However, I'm afraid that many people will be unhappy."

On the high platform, a bear man elder laughed at the crowd.

"Old man, what are you talking about?"

"Who would be unhappy?"

Someone asked.

"It's very simple. The more participants there are, the more failures there will be. Will those failures be happy?"

"Damn, old man, are you looking down on us?"

"That's right. We're all super experts from our respective clans. How could we have lost this time?"

Many of the orc cultivators were unconvinced but ye chen could tell at a glance that they were a motley crew!

### [Chapter 2084 A Chaotic Battle Involving A Thousand People!](#)

"Whether you're strong or not, the answer will naturally be revealed on the battle stage. Three cultivators will be selected from each of the four imperial cities to participate. Of course, if the princess is the one patrolling, it'll be up to her!"

"What's the meaning of this?" Someone asked.

"It's simple. Even if three of you win, if the princess takes a look and finds that none of you are the ones she likes, you'll all be eliminated!"

"What?"

Hearing this, everyone was dumbfounded. This was too nonsensical. They had put in so much effort to obtain victory, but in the end, it might all be for naught. Who could bear this?

The bear man elder sneered and continued, "It seems that you don't have any confidence in yourself. Why are you still participating in the Grand meeting? just go home and sleep!"

"You're looking down on us, old man!"

"How could we not be confident? we're just discussing the rules with you!"

"That's right. We really hope that the princess will come and patrol directly. If she chooses us, then there's no need to continue the competition. Hahaha!"

The so-called "powerhouses" began to boast in order to ease the awkwardness. However, these were not the questions that the old man cared about. He was only a host. His mission was to help the princess choose her Ideal Husband.

"Don't talk nonsense. Beastmen should have a wild nature. Those who are participating in the event, come on stage immediately!"

With that, the old man flew out of the fighting ring.

The experts from the realm of beasts looked at the fighting stage and realized that it was only a stage with a radius of less than 100 feet. There were thousands of people who wanted to participate in the event, so it was too small for them to compete on such a stage.

"This battle platform is too small. Do you want us to group up?"

Hearing such a question, the bear man elder sneered.

"Hmph, don't question this old man's arrangements anymore, or else get lost!"

"You!"

"How is it?"

The bear elder's eyes shone, and a bear's might instantly shook the entire place. Anyone who could host the princess's groom search in the Imperial City was naturally not an ordinary person. This aura instantly made all the cultivators who wanted to cause trouble wither.

"Go!"

"Whoosh, whoosh, Whoosh!"

Soon, many experts rushed to the fighting ring, but strangely, they disappeared as soon as they entered.

When everyone saw such a strange scene, they all revealed puzzled expressions.

"Where are they?"

Finally, someone could not help but ask.

"Don't be impatient, they'll appear soon. "

The bear man elder said.

Ye chen looked at the dueling platform and realized that it was actually covered by a layer of formation. The dueling platform was not small and was very large because it was another world.

He had long noticed that the old man was holding a treasure in his hand. It was like a small box, but it contained a world space.

Ye chen flew into the air and instantly entered the battle stage.

After a moment, everyone finally disappeared from the fighting ring.

The old man looked down at the cultivators below. No one else ascended to the battle platform. It could be seen that those who participated in the event had made their own choices.

"Very good, I'll let you guys watch a good show!"

As he spoke, the bear man elder opened the black box. Instantly, the fighting stage turned into a light screen. Within the light screen, thousands of cultivators had entered a large space.

In this space, there were tall mountains, ancient trees, great rivers, Plains, and everything. It was like a newly created world, which made everyone feel very surprised.

"I've heard that beast Kings are born with special abilities and can control the power of space. It seems that it's true!"

"The beast King is an existence that surpasses the true immortal realm. It's a realm that we can't imagine. It's only natural that it has the ability to create."

"Right, the beast King is invincible!"

The people from the realm of beasts who were watching from below all praised the beast King.

At this moment, ye chen looked around in the battle platform space. With just one glance, he instantly scanned the cultivators in the entire space. There were more than three thousand people. This was a huge scale. It was impossible for so many people to participate in the grand event. In that case, the rule he could think of was very simple. Brutal fighting and elimination.

"Zi Zi Zi!"

Suddenly, a powerful force wrapped around the entire arena. Everyone looked outside, but they had already lost their way out.

Such a way of handling things made many experts nervous. They were deep in such a different space. Once they lost the exit, they would be like turtles in a jar, which was full of danger.

"Boom boom boom!"

At this moment, an extremely huge figure appeared above everyone's head like a mountain.

Everyone looked over and saw that it was the bear man elder.

"Hahaha!"

The bear man elder laughed and said to everyone, "The place you're in is my box world, and it's impossible for you to leave. Princess man 'er loves to see powerful cultivators fight for her, and only when you're in a life and death situation can you show your manliness. As long as you're strong, as long as you're brutal, as long as you don't leave any way out for yourself, you'll be able to catch Princess man 'er's eyes. Hahaha, let's fight, there are no rules or restrictions, the winner is king, and the fittest will survive!"

As soon as the old man finished speaking, he heard a painful scream.

The people of the beast Realm were ferocious and powerful to begin with. Now, in order to obtain a glance from the princess, as well as for the beast Emperor pill, they would naturally not hold back.

In less than a moment, a hundred people had died tragically. Such chaos instantly caused the atmosphere to freeze and sink into despair and cruelty.

Many of the orc cultivators who were watching the show from the outside were glad that they didn't enter rashly. This was the reason why there were no restrictions on the entrance of this event. Without absolute ability, one would be courting death.

Seeing the savagery and bloodlust of the beastmen around him, ye chen was already on the peak of the mountain, watching from the sidelines.

"Ha, a Motley crowd!"

He sneered in his heart. He didn't want to waste time facing these idiots, so he would let them kill each other. It wouldn't be too late for him to attack when there was someone worthy of him.

The various experts who had followed him here before had now revealed their own abilities. One of the ways to win was to join forces.

Thousands of people were fighting here. For cultivators of their level, fighting one on one was no different from suicide. Only by working together could they have a chance of survival.

Ye Chen closed his eyes slightly and felt the energy of the people in the beast Realm in his surroundings. He wanted to understand the entire Beast Realm in preparation for facing Masters in the future. Thus, he had to have a deep understanding of the mechanism of beast power.

This time, a large amount of sample information entered Ye Chen's Demon's Eye and was quickly analyzed in the ancient God Space.

Ye Chen's actions quickly attracted the old bear man's attention.

"This person can actually ascend to the peak without anyone knowing. His cultivation is extraordinary!"

### [Chapter 2085 The God Of Slaughter Descends!](#)

Ye Chen had used the breath holding technique to completely seal his own energy and then become one with the environment. In this way, everyone had lost any information about him as if he did not exist.

The battle below was getting more and more intense. Not only did the experts of the Golden Eagle Tower join forces, but people from other restaurants and forces also joined forces. Those who did not belong to any sects or forces became their prey.

"Roar!"

The roars of beasts continued, and the smell of blood from all kinds of cutting, dismantling, and biting filled the entire space.

In this feast, only the strong had a place to stand. The weak could only become food!

As the battle progressed, the bestiality of many experts from the realm of beasts completely erupted. Under the control of their primitive desires, they began to devour the cultivators around them, and they were in a miserable state.

"I didn't expect that the princess would be so brutal in her search for a husband!"

"These are all super experts from many forces. Among them, they are extraordinary people from high-level sects. Many of them are even crown princes and heirs of their clans. This time, we've gone too far!"

"Brutal, it has become the most primitive battle. It's too crazy."

Everyone was discussing spiritedly, but the bear man elder only sneered when he saw the scene of so many casualties. He didn't say anything else. It was clear that these people's deaths were nothing to him, and he had even acquiesced to it.

The old bear man's unusual behavior made Ye Chen reconsider this battle.

In the Imperial City, all the major forces were deeply rooted. Many of them were arrogant and despotic, not taking the guards in the Imperial City seriously at all. Many murders had happened near the Golden Eagle Tower. It was clear that even the beast King might not be able to intimidate many deep-rooted major forces.

In that case, the gathering this time was most likely a pretense, a method used by the beast King to cut off dissidents.

Many experts were from noble families, and their deaths were a great loss to these sects and forces.

"Whoosh, whoosh, Whoosh!"

Suddenly, a group of people appeared below the fighting ring.

"Bearman elder!"

A cold voice rang out.

"What?"

The bear man elder looked at the people who had come. They were a group of elders from various sects.

"Haha, why have all the elders come here?" The old man asked with a smile.

"Hmph, you've designed such a battle stage and made us disciples fight in it. We've even lost our lives!"

"Right, this wasn't the rule before!"

"Bear elder, what does the beast King want to do?"

A few perfected immortal elders stepped forward and questioned him aggressively. They didn't take the old man in front of them seriously at all and even directly targeted the beast King. It could be said that they were being presumptuous.

The bear-man elder sneered, "this is Princess man 'er's groom search. The princess has always been the favorite daughter of the beast King. Don't you all know her temperament?" These rules were set by the princess. Since you dare to come, you should take the risk, right?"

"You!"

Several elders revealed angry expressions. This was clearly the old man's excuse.

"Don't talk too much. Elders, just wait and see. Nine nether will have the results very soon."

"Hmph, the beast King is so unreasonable and wants to harm our family's interests. Do you know the consequences?"

"Eh? Are you going to rebel?"

The bear-man elder's eyes shone with a cold golden light as he charged at the elders.

He was a Royal Guard and was loyal to the beast King's lineage. If someone went too far, he would not let them off.

The elders all knew the strength of the person in front of them, so they didn't dare to act rashly, only showing extreme dissatisfaction.

On the battlefield, many experts had already fought to the point where the sky turned dark. As time passed, the killing nature of the magical beasts became more and more evident, and the battles became

more and more intense. Incidents of large faction inheritors being injured or killed also continued to occur.

Everything before him, whether it was the battle situation or the open and secret fights between the elders of the famous sects and the bear man elder, entered ye Chen's ears and eyes. Then, they were gathered into the ancient God Space.

"The beast Realm is indeed full of undercurrents. There's definitely no lack of those guys 'little tricks in this!"

Ye chen once again thought of the evil spirits. Not only were the evil spirits powerful, but they were also sinister and cunning. They were good at using others. Therefore, they must have infiltrated the major forces of the underworld realm.

As the battle below became more intense, ye chen continued to absorb the bloody aura.

"Beast Strength is indeed powerful. It's very beneficial to my body-tempering cultivation!"

Ye chen began to absorb the power of vitality like crazy. Then, he entered the ancient God Space to refine it. He quickly realized that using this power to refine his body was much more useful than the other attributes. This made him even more certain of the use of the beast Emperor pill. He was determined to get it!

"What?"

At this time, the elders who were watching the battle saw ye Chen's existence at the same time and were furious.

"How can this person be so carefree? Bear man elder, what's going on?"

"Hahaha, this man's cultivation is extraordinary and he's smart. Since no one in the fighting ring has discovered him, what do we have to say?"

The old man laughed as he replied.

"Our disciples are fighting for their lives down there, and he's actually watching from the sidelines. How despicable."

"Right, this person should die!"

Many elders were against ye chen but they could only roar helplessly.

After absorbing enough of the beast blood's power, ye chen suddenly opened his eyes. Blood Qi circulated in his body, turning his eyes blood red. A strong killing intent made ye chen fall into a state of madness.

"Hahaha, is this the power of beast blood?"

The corners of ye Chen's lips curled up slightly. He had obtained the information he wanted. Now, the game had begun.

"Whoosh, whoosh, Whoosh!"

A blood-red shadow passed by the battlefield in an instant, flashing with swords and sabers. There was no defense.

Buzz, buzz, buzz!"

In a single exchange, the three experts were instantly beheaded.

They didn't even have time to scream before they were cut by the immortal Flying Daggers.

"Master, it's been a long time since I've been so excited. Let's kill to our heart's content!"

"Immortal flying knife, I won't let you be alone this time. Come out together!"

With that, ye chen released the celestial Emperor's sword, Emperor brush, Night Demon Armor, and other divine weapons. He then let them fight freely.

"Hahaha!"

The divine weapons laughed arrogantly and entered the battle.

The immortal flying knife's illusionary images were layered, and in three, three, three, in a flash, countless knife lights cut "chaotic"!

The Emperor brush seemed to be assisted by the gods. It floated in the sky and countless words formed on their own. Instantly, the surrounding battlefield entered the formation.

The night Demon Armor charged around wildly and savagely, absorbing the surrounding qi and blood to repair its own flaws.

The celestial Thearch sword, leading the Army, hung high in front of ye chen. The sword Qi soared into the nine Heavens and blood scattered on the ground!

On this bloody battlefield, ye chen strolled leisurely with his hands behind his back. His divine will operated the divine weapon, killing without mercy.

Under ye Chen's feet, blood had already formed a River. His figure slowly floated in the air, and a Black Lotus bloomed under his feet. The God of Slaughter had descended!

### [Chapter 2086 The Werewolf Brothers!](#)

"This brat isn't from the beast Realm. Kill him first!"

Finally, under ye Chen's domineering killing, many of the realm of beasts 'powerhouses could no longer bear it. Someone jumped out to trick everyone into targeting ye chen.

Everyone had already felt ye Chen's terror and jumped out to target him.

"This person has started a massacre in our Beast Realm. He is simply putting us in his eyes!"

"That's right. This person is extremely arrogant. He deserves to die!"

"Let's tear this guy apart first, then we'll fight!"

Many powerhouses had formed a temporary Alliance and joined forces to deal with ye chen.

Ye chen walked in front of the crowd, not panicking at all. He smiled and said, "It's your fear that made you come together. Don't think that you'll be safe just like that. Before me, forming an alliance is the stupidest way."

"How arrogant, eat him!"

A voice rang out. Everyone looked over and saw that it was a Wolfman expert. This person was the second Prince of The Wolfmen, lang wo Wolf Fang King!

Everyone turned their heads to look at him, their faces filled with joy.

"It's the wolf Fang King. I heard that the wolf Fang King has already broken through to the peak of the true immortal realm. Is that true?"

An expert stepped forward and asked carefully.

"Ha, are you really not going to feel it for yourself?"

All of a sudden, the wolf Fang King's eyes shone with a blood-red light. Instantly, his sharp claws moved, and the person in front of him was instantly beheaded.

"Ah?"

This kind of behavior skipped the brutal and ruthless ones, and everyone revealed a look of horror.

"Phew, phew, phew!"

At the same time, a wave of killing intent came. This pressure was even above the wolf Fang King 's, causing everyone to exclaim in surprise. They turned their heads and saw that it was a Wolf.

"No way, it's the blood-soaked Supreme Wolf!"

"This person is the Crown Prince of the wolf tribe. I didn't expect to appear here with the wolf Fang King!"

"I didn't see them before. It seems like they were hiding on purpose."

It was only now that everyone realized that there were actually such experts in the Western Imperial City area. It seemed that they were all prey for others, and they just didn't know it.

Ye chen sneered at the two wolves before him.

"Ha, it seems that you are the illusionary Wolf's brothers!"

"Since you know, why don't you kneel down and accept your death?"

The wolf Fang King coldly shouted.

"Hahaha!"

Hearing this, ye chen only laughed wildly. He did not expect the wolf Clan to be full of conceited and violent trash!

He slowly looked at the wolf Fang King, and an invisible killing intent instantly attacked!

"What?"

The wolf Fang King felt a powerful mental attack in his mind. It was as if he was looking at a God. That kind of pressure made him breathless.

For a moment, he broke out in a cold sweat, and his body was a little weak.

"This!"

He looked around, his eyes filled with fear. Cold sweat dripped down his forehead, and he looked at a loss.

Seeing the wolf Fang King in this state, many powerhouses were confused. What had happened to him? why was he so flustered after just one look at ye chen?

"Wolf Fang King!"

The wolf Fang King only woke up from his shock when he heard the blood-soaked Supreme Wolf's cry.

"What's going on? why are you in such a sorry state in front of so many people? what's with your expression just now?" The blood-soaked Supreme Wolf said angrily.

"Big brother, something's not right. There's an extremely strong killing intent hidden in this kid's body. Just now, he invaded my mind with his killing intent through his spiritual power. I was almost controlled by him!"

The wolf Fang King said.

"There's such a thing?"

The blood-soaked Supreme Wolf did not quite believe the wolf Fang King's story.

He walked to the front of the crowd and locked onto ye chen.

"Kid, you killed my second brother, The Phantom Wolf. How do you think I should deal with you?"

The blood-bathing Wolf looked at ye chen and sneered. It was as if everything was under his control. He looked at ye chen as if he was a dead man.

However, what he could not sense was that ye chen also looked at him like a dead man.

"Punish me? That will depend on your ability. "

"You're looking for death!"

The blood-bathing Wolf revealed a ferocious look. However, as the Crown Prince, it would be too embarrassing for him to attack ye chen directly. After all, he was a peak true immortal. To a person who had just entered the realm of individual Immortals, it was an insurmountable existence. He did not want others to say that he had killed ye chen. If that happened, there would be little meaning in taking revenge.

"Hmph, whoever kills this person will be a friend of the wolf tribe. I'm sure you'll be fine in this battle!"

The blood-bathing Wolf grinned coldly and said to the other powerhouses.

Everyone looked at each other, wondering if they should accept such an invitation. After all, ye chen had killed many powerhouses before. His strength was obvious to all. Although his cultivation base was not high, his absolute strength was not low. If they wanted to face him, they would need to be extremely powerful.

"What?"

When he saw that no one responded, the blood-bathing Wolf was furious. As the Crown Prince of a tribe, he could not even order these people around? or was ye Chen's authority above his?

"Since you're not making a move, then don't blame me for being merciless. Wolf Fang King, kill!"

"Yes, big brother!"

The wolf Fang King revealed a Savage expression and licked his lips, revealing a bloodthirsty look.

He slowly walked towards the powerhouses who were not moving, revealing his sharp white teeth.

"Hehe!"

He laughed coldly and waved his sharp claws. Instantly, the expert's limbs were cut off.

"Ah!"

The sound of pain resounded through the entire place. Hundreds of experts revealed shocked expressions.

They looked at the wolf Brothers in front of them. They were simply demons but they could not fight against such a violent demon. If they wanted to survive in front of him, they had to face ye chen.

The werewolf brothers were all true immortal powerhouses. Many people gradually began to target ye chen. After all, there was still hope in fighting ye chen, but to them, fighting the werewolf brothers was a dead end.

"How many lives has this person killed in the beast Realm? kill him!"

"Yes, kill him!"

Many people had locked onto ye chen, making him their prey.

Seeing this, the werewolf brothers sneered. If they could kill ye chen without shedding a drop of blood, this was the outcome they wanted to see the most.

"Go!"

"Yes!"

Many powerhouses attacked one after another, surrounding ye chen in the middle. Waves of beast power circulated. They wanted to rely on the group's beast power to kill ye chen.

"Boom boom boom!"

Sounds of shock could be heard from the surrounding space, and the space was filled with powerful beast energy.

When ye chen was cultivating above, he had sensed the beast energy before him.

"Ha, since you all claim to be experts from the beast Realm, then let me see how your beast power cultivation is!"

"You're boasting. Who Do You Think You Are? you're just an outsider. How dare you compete with us in terms of Beast Strength?"

"What do you think?"

Ye Chen's cold eyes locked onto the man, causing him to instantly become nervous.

### [Chapter 2087 2092-Battling The Barbaric Bulls!](#)

The man raised his head and looked at ye chen. He felt very guilty and showed a hint of fear on his face. However, ye chen was a human. Moreover, they were in the beast Realm. He had the advantage of time and place. It would be best if he could kill ye chen here.

Moreover, the other party seemed to want to compete with him in terms of Beast Strength. This was the most unwise choice. If he attacked from this aspect, there might be unexpected surprises.

"Hehe!"

The man sneered at the two of them and walked forward.

He also knew that ye chen was extremely arrogant. As long as he proposed to compete with him in beast power, he would definitely agree.

"Ye chen, I'll compete with you in terms of beast power. I'll let you know how powerful we from the realm of beasts are!"

"Hahaha, no problem!"

"What?"

The man furrowed his brows in confusion. Although he had expected ye chen to agree, he did not expect ye chen to agree so easily.

He sized ye chen up carefully. He did not look like he could use beast power. Beast power was a power that only people from the realm of beasts could naturally use. Ye chen was only a human. How could he use it?

Not only could it not be used, but forcefully circulating it would also cause great damage to one's meridians, or even disability.

"What, is there a problem? Ye chen asked.

"No problem, hehe!"

The man revealed a sinister smile. Since the other party had agreed to use beast power to fight, he had no reason to refuse.

Many of the realm of beasts 'powerhouses smiled smugly. They were waiting to watch a good show for ye chen.

The blood-bathing Wolf and the wolf Fang King sat on a tall stone and looked down at the battlefield. They were waiting for ye Chen's death, of course. However, they wanted to end ye chen with their own hands. Only then could they take revenge!

On the battlefield below, ye chen was up against a powerhouse from the Barbarian bull clan.

The muscles on his body were bulging as if they were carved by a knife. His powerful strength could shake the peak. At the same time, he cultivated the Vajra Beast Strength, which was extremely violent. It was common for him to kill his opponents.

"Brat, you're lucky to be able to die in my hands, because my power is beyond your imagination. As long as I kill you and make you die instantly, you won't suffer much pain. Do you want to thank me?"

In the face of the provocation of the Barbarian bull clan's cultivators, ye chen smiled coldly and did not respond.

He had absorbed a lot of experience and energy from the bloody battles of the orcs. This time, he was going to use the person in front of him as a test.

"Bull Power!"

The man shouted angrily, and a blood-colored vortex burst out from his body. These vortexes were the manifestation of the barbaric bull's strength.

Ye chen looked at the form of the Barbarian bull's beast power and observed it carefully. He wanted to compare it with the beast power he had comprehended before to see if there were any differences between the Barbarian bull's beast power and other beast powers. He hoped to see a surprise.

However, other than its strength and ferocity, there was nothing else worth paying attention to. This made ye chen lose interest very quickly. The consequences of losing interest were very serious!

"Use your strongest attack!"

Ye chen said coldly.

"The strongest attack? Hahaha, kid, you're just a loose immortal, while I'm a genuine immortal who has truly mastered the law of immortal energy. Fusing the law of energy with beast energy is the most perfect and powerful destructive power. Do you think I need to use all my strength to kill you?"

"What a boring conversation. You're wasting my time! Perhaps, you're not the opponent I'm looking for."  
"

"Hahaha, go to hell, trash!"

Cultivator bull laughed and suddenly burst out with his Super Beast Strength. A condensed image of a bull appeared behind him and kept shaking his hooves as if he wanted to crush everything in front of him.

"Come on!"

At the same time, ye chen circulated the beast energy in his body. His beast energy was very special. It was not a specific type of beast energy but a fusion of many powerful attributes. This was because the beast energy that ye chen cultivated was comprehended from the battles between many powerhouses. At the same time, he fused it with the heavenly Dao system. Naturally, the evolved version was obtained.

Sensing the fluctuation of the beast energy, many people with discerning eyes looked puzzled. They could feel beast energy from ye Chen's body. This was still acceptable. After all, it was unknown whether ye chen had taken a master and how long he had been in the beast Realm after entering. Therefore, it made sense that he had used some kind of beast energy but it was hard to say if he had fused with his beast energy.

In order to integrate so many beast strengths, not only did it require an unparalleled Foundation, but it also required extremely strong comprehension and integration ability. This was simply a nightmare level of difficulty for an individual immortal, and absolutely no one could do it!

"This kid is really using beast power!"

"Furthermore, this beast power is so strange and complicated. We've seen it before!"

Many other powerhouses had also discovered this problem. They looked at ye chen with confusion in their eyes. They wanted to know what kind of power ye chen was using.

"Impossible!"

Cultivator bull was shocked. His bull's strength was so pure and fierce that he would not lose to ye chen.

"Barbarian bull's horn-splitting kill!"

He roared and his meridians exploded with endless blood-colored energy. This energy gathered at the feet of the barbaric bull behind him. The barbaric bull charged at ye chen madly. This was his most powerful killing move.

"Vajra shield!"

Suddenly, a scene of a giant ape Beastman releasing a divine ability appeared in ye Chen's mind. After using the ancient God system in his mind to analyze it, he obtained a result. According to the result in his mind, he accurately copied the Vajra shield that the giant ape Beastman had used previously!

"Boom boom boom!"

A huge Diamond Shield was formed in front of him.

Boom, boom, boom!

The Barbarian bull's horn-splitting strike arrived in front of ye chen with a buzz in the air. This sure-kill attack stopped in its tracks when it encountered the Vajra shield.

"Roar!"

The barbaric bull roared angrily, but the huge arm of darkness in front of it held up a huge beast Power Shield and forcibly suppressed the barbaric bull splitting horn kill!

"No, that's impossible!"

Cultivator bull kept roaring. He did not believe that his true immortal strength could not even defeat ye chen, let alone when the other party was using beast power to fight him.

"True immortal profound meaning, unruly ox Pierce assassination!"

This time, he put everything on the line and directly used his strongest move, at the same time using the assassination at least.

Thump, thump, thump!

Behind him, many images of Bulls appeared. These images were all identical, and ordinary people would not be able to tell the difference.

And cultivator bull used this to launch a fatal attack.

"Whoosh, whoosh, Whoosh!"

His figure flew at a rapid speed and continued to shuttle through this space. It was as if the barbaric bull's shadow could be seen in every place. Such an astonishing speed shocked many experts of the beast Realm. How could the barbaric bull achieve such a feat with such a huge body?

#### [Chapter 2088 Great Chaotic Battle!](#)

Through the demon Eye, ye chen saw the true trajectory of cultivator bull's movements.

"Kill!"

Ye chen took a step and his body moved like a meteor between heaven and earth. Flames curled around his body, burning the airflow in the surrounding space. The airflow went wild and spun countless times, sending sand and stones flying.

"Swish!"

With a clang, ye Chen's hand had already clasped cultivator bull's shoulder.

"What?"

Cultivator bull was shocked. No one could see through his bull Phantom kill but ye chen had accurately found his real body. What was going on?

Before he could figure out the situation, a Flying Dagger had already cut through his throat.

"This ..."

Buzz, buzz, buzz!"

Fresh blood gushed out and dyed the ground red. All of cultivator bull's illusionary clones had disappeared one by one. His real body appeared in front of everyone, and ye chen stood behind his clones with his hands behind his back, free and at ease!

"What?"

While everyone was still in shock, the bull cultivator fell to the ground.

Such a shocking move shocked everyone.

"Ah!"

After the bull-like cultivator fell to the ground, ye chen walked up and released the sky Serpent.

Buzz, buzz, buzz!"

The bull cultivator's qi and blood were all devoured by the sky snake. Soon, the bull cultivator was reduced to a dried man with a twisted face and a skeleton-like body, which shocked everyone.

Behind them, the Barbarian bull tribesmen were all dumbfounded by the scene.

"He ... He devoured cultivator bull!"

"This is too terrifying!"

Many powerhouses looked at ye chen as if they had seen a demon. Who would dare to resist such power?

"Kill!"

At that moment, several beast powerhouses suddenly appeared behind ye chen. Each of them held a dagger in their hands. They were obviously going to ambush ye chen.

"Roar!"

Just as the cultivators were about to get close to ye chen, the heavenly Serpent roared angrily. An endless storm of blood rushed toward the cultivators. Suddenly, a blood-colored barrier stopped the cultivators in their tracks.

"You want to sneak attack me? die!"

Ye chen was furious. Lightning shot out of his eyes and the heavenly snake around him transformed into eight heads, charging madly at the cultivators.

Buzz, buzz, buzz!"

The eight-headed giant mouth with sharp fangs instantly bit the shoulders, necks, and bodies of the cultivators and devoured them madly.

Buzz, buzz, buzz!"

Blood gushed out as the cultivators were sucked dry by the heavenly snakes without any resistance.

"Hahaha!"

Tian she let out a charming laugh, causing the hearts of the surrounding people to tremble even more. They didn't expect the heavenly snake to be able to make a human voice. Could it be a spirit?

This scene made the blood-bathing Wolf and the wolf Fang King furious. They had hoped to see ye chen on the verge of death and then give him a fatal blow. Now, not only was ye chen fine, but he had even humiliated the beast Realm's powerhouse. This was not an outcome they wanted to see.

Everyone moved away, making way for the blood-soaked Wolf and Wolf Fang King.

Ye chen was so strong. Only the two of them could fight against him.

"Ha, blood-bathing Wolf, Wolf Fang King, I think you'd better not embarrass yourselves. Senior ye is the venerable of this Western region's Imperial City Competition!"

"That's right. Senior ye's strength is not something you can imagine. Kneel down and admit defeat immediately!"

Upon seeing ye Chen's display of strength, many of the Golden Eagle Tower's powerhouses who had followed ye chen here stepped forward and shouted. This made many other beastly cultivators very unhappy but no one dared to move.

"Trash like you, submitting to ye chen. You're a disgrace to the people of the beast Realm!"

The wolf Fang King said.

"Hahaha, senior ye allowed us to live and eat at the Golden Eagle Tower and even taught us martial arts. Wolf Fang King, for the death of your brother, you pestered ye Qian bei, do you know how your brother died?"

"What did he say?"

"That brother of yours is arrogant and despotic. He didn't put senior ye in his eyes, so his death is a given!"

"Right, death is a given!"

Many of the Golden Eagle Tower's customers shouted.

At this moment, ye Chen's reputation was growing. He had become the strongest person in the Western Imperial City. This put the blood-soaked Wolf and the wolf Fang King in an awkward position.

They were the elites of the wolf Clan, the Kings. They had been suppressed by ye chen to this extent. They had to take revenge!

"Big brother, let me kill these pieces of trash!"

"Don't be anxious!"

The blood-soaked Supreme Wolf stepped forward and looked at the crowd.

"Everyone, my brothers and I are here to keep watch. Don't be afraid. I, the blood-soaked Supreme Wolf, swear that I'll give each of you a year's worth of bright stones to kill these traitors!"

"A year's worth of bright stones?"

Hearing this, many experts were tempted. This was too great of a temptation. A year's worth of bright stones could allow their cultivation to advance greatly, or even break through. As long as they were martial artists, they would not give up such an opportunity.

"Is my big brother wrong? You'll kill these traitors, and we'll deal with ye chen. "

"This!"

Many of the beast powerhouses began to think and judge. Their judgment was simple. It was the strength comparison between ye chen and the wolf King Brothers. In their opinion, the wolf Brothers clearly had the upper hand. After all, the two of them were both upper-tier true immortals. The blood-soaked Supreme Wolf had even reached the peak. Although ye chen had killed cultivator manniu with great force, his cultivation base was only at the individual immortal realm. Moreover, he had just entered the individual immortal realm. His cultivation base was unstable and he could not be a match for the wolf Brothers!

Many people had the same thought. After hearing the reward from Lord Wolf, they all made their moves.

They looked at each other and nodded to each other. Then, they came to the Golden Eagle Tower together.

"You magical beasts are actually so submissive to a human! Why are you still calling him senior? do you still have any shame? kneel down and accept your death so you don't have to suffer!"

"Right, kneel and accept your death!"

Many beast powerhouses shouted at those people.

"Hahaha, since we've submitted to senior ye, isn't it a joke to ask us to kneel and accept our death?"

"If you want to fight, then fight. Are you afraid of you?"

The members of the Golden Eagle Tower were also people who lived on the edge of blood. They threw away their airs and were ready to fight.

Ye chen was overjoyed to see this scene from the side. He had thought that these drunkards of the Golden Eagle Tower were unreliable. He did not expect them to really fight against these powerhouses for him. This could be considered a form of repayment.

"Whoosh, whoosh, Whoosh!"

The beastly powerhouses attacked one after another, charging toward ye chen.

The experts of the Golden Eagle Tower attacked at the same time. The scene was in chaos and everyone entered a chaotic battle.

The sounds of killing rang out, and the heavens and earth dimmed!

Blood filled the air, and bones formed mountains. No one could escape before the great battle.

"What's wrong with these people? they're really working for ye chen!" The wolf Fang King asked in confusion.

"It seems that this kid has a great influence. If we don't get rid of him, not only will we not be able to take revenge for our brothers, but it will also affect our future!"

#### [Chapter 2089 2094-Devil Flame Prairie Fire!](#)

Many of the Golden Eagle Tower's powerhouses stood up for ye chen and listened to his commands. In this way, ye Chen's reputation rose again and his influence in the beast Realm gradually increased. This made the wolf Brothers feel threatened.

Originally, the wolf tribe was a powerful force in the Western Imperial City. It was very difficult for them to tolerate an outsider who could cause such a big storm here.

"Everyone, the rewards of the wolf tribe will be delivered. We will kill these traitors immediately!"

"Yes!"

More and more powerhouses joined the killing. The powerhouses of Golden Eagle Tower gradually fell into a disadvantage and suffered heavy casualties.

Ye chen was not in a hurry to make a move. He wanted to see the loyalty of these people from the realm of beasts to him.

Seeing that the chaotic battle was gradually falling into a disadvantage, the powerhouses of the Golden Eagle Tower came to ye Chen's side.

"Ye-qianbei, we've sworn to fight to the death, but we can't hold on much longer."

"That's right, senior ye, the wolf Brothers are going to push us to our deaths!"

"Ye-qianbei, what should we do?"

Many powerhouses stepped forward and waited for ye Chen's instructions.

"Move!" He shouted.

"Yes!"

When the crowd saw ye chen walking forward, they were overjoyed and made way for him.

At this moment, the experts from the realm of beasts who were pursuing them had arrived.

"Ye chen, you're finally going to make a move?"

"Unfortunately, we're not the trash of the barbaric Bulls. If we kill you, Lord Wolf will reward us greatly!"

"As long as we kill ye chen, the reward we'll receive will definitely not be as simple as a year's worth of bright stones. This kid is a big prize. Kill him!"

Many shouts rang out. Outside the battlefield, people from the major forces looked at ye chen. They wanted to see if this kid could continue to maintain the miracle.

Among them, the elders of the major forces had strong killing intent in their eyes. Regardless of whether ye chen won or lost, they would take his life the moment the battle stage opened.

Inside the battlefield boundary, ye chen was facing dozens of experts from the beast Realm alone. These were all elite cultivators who had survived the battle. Their strength was generally higher. It was unrealistic for him to fight against so many experts alone.

"Although this man created a miracle and killed the bull cultivator and many other assassins, I think he's finished this time."

"That's right. If he's going to fight against so many true immortal powerhouses alone, I think he's most likely going to die!"

"Ha, what's the use of being arrogant for this kind of outsider? he's still going to die at the hands of the beast Realm's experts!"

Many people from the realm of beasts had a bad opinion of ye chen and wanted to see him lose.

However, on the battlefield, strength spoke for itself. No matter what one's thoughts were, they would have to look at the results first.

Ye chen glanced at the dozens of powerhouses and sneered. Those powerhouses, on the other hand, looked angry. Their auras were so strong that in their opinion, ye Chen's legs should go soft and he should kneel on the ground and beg for mercy. However, they only saw ye Chen's disdainful smile. With such an attitude, did he think that they were useless?

"You trash, come and die!"

Ye Chen's first sentence had caused those people to explode. He really thought they were trash and had even said it directly. The other party's words showed that he did not treat them as humans!

"Damn it!"

One of the wolf clan's experts shouted angrily. In order to display his strength and gain the blood-bathing Wolf's attention, this person made the first move in an attempt to take the first place.

"Whoosh, whoosh, Whoosh!"

This expert's figure was extremely fast. With every step he took, he would leave an afterimage in the air, making it impossible for others to see his true location.

Cultivator bull had used this method before and he was much stronger than this man. Therefore, it was ridiculous to try to sneak an attack on ye chen with this method.

Ye chen even closed his eyes slightly, not taking the wolf Clan members before him seriously at all.

"Ye chen, die!"

The werewolf flew into the air and swung its sharp claws. In an instant, countless Wolf claws shot out like raindrops. This was the limit of speed. It wanted to rely on the fastest attack to kill ye chen before he could form his defense.

Such a strategy was feasible in itself and even surprising. However, before ye chen, any variable was nothing!

"Night Demon Armor!"

With a single call, the night Demon Armor, which had drunk blood, became much stronger. It flew out and stood in front of ye chen.

Buzz, buzz, buzz!"

The sharp light from the wolf claws kept bombarding the night Demon Armor, but it didn't cause any damage at all.

"Hahaha, attack as much as you can, trash. I have to perform well before master!"

The night Demon Armor laughed and shouted.

"You bastard, I'm going to tear you apart!"

Seeing that it was unable to break through the night Demon Armor, the werewolf was instantly enraged. He circulated immortal energy laws on his sharp claws, and a layer of blood-red light appeared.

"Zi Zi Zi!"

The blood-red light greatly enhanced the penetrative power of the sharp claws, even increasing the power by more than ten times.

"Kill!"

The werewolf powerhouse attacked again. This time, he was determined to tear apart the night Demon Armor in front of him.

"Good!"

Seeing the other party's aggressive momentum, the night Demon Armor evolved at the same time.

"Zi Zi Zi!"

On the armor, countless lightning appeared, and at the same time, a ball of fire was burning behind him.

"Kill!"

The werewolf powerhouse had arrived, and the night Demon Armor was naturally fully prepared.

Zila, Zila, Zila!

A huge ball of lightning was the first to move. Instantly, the world was filled with lightning, the wind and clouds surged, and the space cracked.

"Ah!"

After receiving such an impact, the werewolf expert's body instantly became unstable and his head went blank. He kept waving his sharp claws in the air like a madman, attacking randomly.

The night Demon Armor flew up and instantly transformed into five figures. Each figure was covered with a layer of lightning. At the same time, the five elements flames appeared behind them, aimed at the werewolf powerhouse.

"Boom boom boom!"

A thunderous sound was like a signal to open fire. The five Night Demon armors opened fire at the same time.

"Phew, phew, phew!"

The raging flames burned the sky, and the fire Dragon destroyed the world!

Balls of Fire power merged into one point, while the five elements divine fire, carrying a great destructive power, gathered in the air and concentrated on attacking!

"Phew, phew, phew!"

The raging wind swept the flames, shaking the earth and setting the Prairie on fire!

"Ah, ah, no!"

The werewolf powerhouse was completely burned to ashes in his ambition.

In the end, it turned into ashes and dissipated with the smoke.

"Ah?"

With just a treasure, he could kill a true immortal. How strong was this person?

Now, everyone looked at ye chen with fear in their eyes. Even many members of the wolf Clan were the same. This made the wolf Lord and the wolf King unable to suppress their anger.

Initially, they did not want to fight ye chen head-on. They wanted to let these people defeat ye chen and then kill him with their own hands. However, at this moment, they seemed to understand that they could not count on these trash. If they wanted to defeat ye chen, they had to do it themselves!

"Whoosh, whoosh, Whoosh!"

The five Night Demon armors gathered in one direction, returning to their true forms.

"Master, how was your performance this time?"

"I just passed."

"No way, he just passed?"

"Ha, guard against arrogance and rashness!"

After ye chen finished speaking, he put away the night Demon Armor and looked coldly at the blood-soaked Wolf and the wolf Fang King. It was time to take care of these two.

The wolf Fang King also glared at ye chen like an ice-cold Hunter who had locked onto his prey. However, he did not know that in the eyes of his opponent, he was also a prey!

Thump, thump!

The wolf Fang King flew up like a mountain falling to the ground, leaving two huge pits in the ground.

The beast power shook the surroundings, and all the beast cultivators retreated. They looked at the wolf Fang King as if they were looking at a cruel monster.

"Phew, phew, phew!"

Gusts of foul wind came toward ye chen. The powerhouses of the Golden Eagle Tower behind him looked frightened. They were nothing in front of the wolf Fang King. The energy they had used to cheer him on had completely disappeared.

The surrounding cultivators did not dare to come from the Golden Eagle Tower. They all retreated a hundred Zhang because the wolf Fang King's Qi was too powerful. He could kill anything that stood in his way!

"Hehehe, ye chen, you don't really think that you're invincible just because you've defeated a few small fries, do you?"

The wolf Fang King revealed a bloodthirsty smile and spoke to ye chen in a strange voice.

"Wolf Fang King, from the looks of it, killing you will make me famous?"

Ye chen asked in return.

"Kill me? Hahaha!" He laughed wildly as if he had heard the biggest joke in the world. Then, he looked at ye chen viciously. His murderous aura continued to erupt. He wanted to completely suppress ye chen, just like he suppressed the other beastmen. He wanted them to submit and tremble!

However, he soon realized that all his killing intent would automatically dissipate when it came within three meters of ye chen. It could not advance any further. This was very difficult to understand.

He sensed ye Chen's surroundings and did not find any powerful defensive Chi force. He could not understand what was going on.

This phenomenon caused the wolf Fang King's heart to fluctuate. The unknown was the most terrifying.

These murderous auras were all devoured by the heavenly Serpent. However, the heavenly serpent's power had fused with ye chen, so he could not see clearly.

"Kill!"

The wolf Fang King knew that he couldn't have any emotional fluctuations. Otherwise, everyone would definitely see that no matter how strong the people here were, they were all experts of the beast Realm!

"Whoosh, whoosh, Whoosh!"

The Wolf's shadow was heavy. The wolf Fang King used The Phantom image. He knew that this method could not fool ye chen but this was a trap he had dug for ye chen. As long as the other party dealt with him the same way they dealt with The Phantom venerable Wolf, he would have succeeded.

Seeing the wolf Fang King's actions, ye chen also felt that it was strange. This person clearly knew that this illusion technique was not effective at all, but he still continued to use it. Even a fool knew that this was a trap.

"Ha, no matter what you're up to, Wolf Fang King, you have no way out!"

Ye chen said coldly in his heart.

After that, the immortal slaying light appeared in ye Chen's hand again, and two tiny Flying Daggers gradually took shape.

Buzz, buzz!"

Then, two figures flew out at high speed. At the same time, ye Chen's figure dashed toward the wolf Fang King's body.

"Hehe, die!"

The wolf Fang King laughed coldly and used his sharp claws to take the life.

Buzz, buzz, buzz!"

The sharp claws and ye Chen's sword Qi collided several times in the air. Then, the wolf Fang King's figure instantly disappeared.

"The wolf Fang King is gone."

An expert from the beast Realm shouted. Following that, more and more people discovered this problem. They had been staring at the battlefield, but the wolf Fang King had disappeared before their eyes. It was as if he had entered a different space and disappeared without a trace.

Ye chen stood alone on the battlefield. He closed his eyes slightly and the airflow around him instantly turned turbulent. It was clear that in the silent space-time, the wolf Fang King had never stopped his movements. Instead, he had used some secret technique to cover everyone's eyes.

"Zi Zi Zi!"

A divine light slowly appeared in ye Chen's eyes. When he opened his eyes again, it was the moment when the wolf Fang King launched his ultimate skill.

"Hahaha, ye chen, die!"

At this moment, the wolf Fang King suddenly appeared behind ye chen. Then, his Scarlet Wolf claws emitted an extremely bright light, ready to tear everything apart.

The power was so great that it caused the world to change!

The wind and clouds surged, blocking out the sun. Sand and stones flew, obscuring one's vision. No one could see the wolf Fang King's figure anymore. It was as if he had become one with the environment. Only a huge Wolf's shadow rushed out of the dark storm and headed straight for ye chen.

"An illusion!"

Ye chen could tell at a glance that the huge Wolf shadow in front of him was not a real killing move. The wolf Fang King looked arrogant, but he was actually extremely sinister. His fighting style was completely different from The Phantom Wolf and the other orc cultivators. He was the most sinister and evil Hunter, and he would end his prey's life in the most unexpected way.

Unfortunately, he had encountered ye chen, a man who looked young but had hundreds of thousands of years of combat experience. He was a disdainful heavenly Emperor!

"Roar!"

The huge Wolf shadow in the sky opened its mouth and charged at ye chen. It was about to devour him but everyone saw that ye chen did not move at all as if he was "waiting for death". This response was too strange. No one knew what had happened.

Buzz, buzz!"

Just as the huge Wolf shadow was about to devour ye chen completely, two blue flashes appeared in the spatial storm. Then, everything stopped. The wolf shadow condensed in the sky and stopped moving.

"W-what's happening?"

Everyone was dumbfounded. No one had clearly seen what had happened. They only saw the giant Wolf's shadow, which had been burning with killing intent, condense in the sky.

"Wolf Fang King!"

However, the blood-soaked Wolf's expression changed drastically, and he shouted the wolf Fang king's name with a twisted expression, as if the wolf Fang King had suffered some fatal injury.

Everyone was even more confused. At this moment, they looked at the battlefield again and found that the storm of slaughter had completely dissipated, and the shadow of the giant wolf was no longer there. Only two rays of green light were stuck in the neck of a black shadow, and when they looked closely, they saw that it was none other than the bi 'an Wolf Fang King!

"Ye chen, you, how did you know?"

"Ha, do I need to explain to an idiot like you? Rest in peace!"

Ye chen suddenly turned around. The Azure light that had pierced the wolf Fang King's neck earlier instantly erupted with the might of an immortal Slayer. So what if he was a true immortal?

"Crack, crack!"

Blood spurted out, and the bone armor was cut off. A head flew up and returned to the wolf Fang King's neck, but everything was over.

"Ah?"

This battle scene shocked countless people from the beast Realm. They had never seen such an astonishing battle that had ended in a state that they could not understand at all!
