

Genius 2091

[Chapter 2091 Blood-Soaked Supreme Wolf!](#)

"Ye chen, how dare you kill a member of the wolf clan's royal family!"

The blood-bathing Wolf bared his teeth in a state of Fury. He had watched his brother die at ye Chen's hands with his own eyes and was powerless to do anything. Such an angry person made him want to fight ye chen to the death.

"What's there to be afraid of? if you want to challenge me, you have to accept the facts before you!"

Ye Chen's expression was cold and arrogant. When faced with these challengers, he had always raised his hand and lowered his blade. The wolf Fang King was nothing special.

"Damn it, kill him!"

The blood-bathing Wolf had completely lost his calm. He no longer cared about the princess 'groom search. He wanted to kill ye chen now, no matter what method he used. However, when he gave the order, the people from the beast Realm around him trembled. Even the wolf Fang King was not ye Chen's match. If he asked them to go up, would they not be sending themselves to their deaths?

Many powerhouses didn't dare to make a move. Such a scene made Lord Wolf lose even more face!

"Hahaha, blood-soaked Supreme Wolf, you're still far from being able to deal with senior ye!"

"Right, before senior ye, the wolf Fang King was trash!"

"Senior ye is invincible!"

The experts of the Golden Eagle Tower started to clamor again. They kept shouting and making the blood-bathing Supreme Wolf furious.

"Roar!"

The blood-bathing Wolf exuded a strong murderous aura and attacked the crowd through his howls.

"Not good, this person is going crazy!"

Many powerhouses of the Golden Eagle Tower hid behind ye chen.

"Roar!"

At this moment, a burst of vitality energy in ye Chen's body erupted at the same time, letting out a Dragon's Roar that shook the sky and the earth. It instantly extinguished the blood-soaked Supreme Wolf's howl.

"Bloody Wolf, take your useless brother and leave immediately. You still have a chance to survive!"

"Don't even think about it!"

The blood-soaked Wolf flew into the air and flashed out his sharp claws. The blood Qi transformed into a huge hand and grabbed the wolf Fang King's body, throwing it to the wolves behind him.

"Bring his body back to the wolf tribe and tell the wolf King that I will avenge him!"

"Yes!"

The two Wolf shadows left with the wolf Fang King's corpse.

Ye chen watched the two Wolf silhouettes leave and did not stop them. A dead person was meaningless to him. The person in front of him was the Suan ni blood-soaked Supreme Wolf he was about to face.

Ye chen glanced at this person and could sense that this person's strength was far above that of the wolf Fang King and The Phantom Wolf. He was still hiding his strength.

"Ye chen, today is your death anniversary!"

"Bloody Wolf, I'll give you three chances. After three moves, you'll die!"

"What?"

Upon hearing such a domineering look, the blood-soaked Wolf was furious. He could not imagine that a mere individual immortal would dare to say such disrespectful words to him, a peak true immortal. He was too arrogant!

The people around them who were watching the show also felt that ye chen was bragging. The blood-soaked Supreme Wolf was the leader of the three Supreme wolves. He had never shown his true strength to outsiders but with less than thirty percent of his strength, he had already dominated the Western Imperial City!

With such an accumulated prestige, everyone was afraid of him. Ye chen had just arrived. Although everyone knew that his strength was outstanding, he could not compare to the blood-soaked Wolf.

"Ha, this time, ye chen will definitely die!"

"That's right. An outsider trying to make a scene in the beast region's Imperial City is simply courting death!"

"Before the blood-soaked Supreme Wolf, no one can survive more than three moves!"

The crowd cheered for the blood-soaked Wolf and belittled ye chen, hoping that he would die Here as soon as possible.

This was the beast Realm's Imperial City. Once an outsider occupied the position of King, all of the beast Realm's powerhouses would lose face. Therefore, they all hoped that the blood-soaked Wolf would kill ye chen.

At this moment, seeing that everyone was falling toward the bloody Wolf, the Golden Eagle Tower's powerhouses who had been cheering for ye chen earlier fell silent. However, this was within ye Chen's expectations. After all, they had made a living in the beast Realm. It was unrealistic to expect them to always support him.

Ye chen did not care about this support. What he wanted was simple-kill anyone who stood in his way!

"I was just a passerby. I didn't expect to participate in this Beast Realm meeting. Blood-soaked Supreme Wolf, it's not too late to get lost now!"

"Hahaha, human ye chen, you've been arrogant for too long. Today, I'll show you my true strength and let you understand the difference between the human race and the Beast race!"

"There's a world of difference between humans and beasts?"

Ye chen sneered.

"Alright, since you want to know the difference between heaven and earth, I'll tell you!"

A cold light bloomed between ye Chen's brows. It turned into a sword Qi and shot straight at the blood-soaked Wolf.

"What?"

The eyes of the blood-bathing Wolf narrowed. He saw that the sword Qi was like a shooting star, so fast that he couldn't even blink!

"Kill!"

The wolf roared and waved its sharp claws. A sharp light shot out and accurately caught ye Chen's sword Qi, colliding with it in the air.

A loud vibrating sound spread out in all directions with vibration waves.

"Ah, watch out!"

Many powerhouses lost their balance when they felt the vibration waves and were sent flying a thousand feet away.

They all vomited blood. Just a mere vibration wave could make them so weak. Then, just how strong were these two people?

The crowd looked at the battle stage again. At this moment, they saw the two strongest people in the Western Imperial City.

"Kill!"

The blood-soaked Supreme Wolf shouted, and his Wolf claws showed no mercy. His body moved instantly, and his speed was already top-notch without using any divine arts.

"Ha!"

The celestial Thearch sneered. No matter how fast his opponent was or how unpredictable his figure was, no one could escape his true vision within the Demon's Eye.

Buzz, buzz, buzz!"

With a wave of his finger, the sword Qi shot out in all directions, instantly clashing with the blood-soaked Supreme Wolf's Supreme Wolf hundreds of times. If these impacts were not scattered by the shock waves, no one would have been able to see how they fought.

At this moment, everyone finally understood that the human ye chen in front of them was truly qualified to fight against the blood-soaked Wolf.

"This is the first time I've seen someone who can fight the blood-soaked Supreme wolf head-on!"

"That's right. The royal family of the wolf tribe is so superior. Are you going to be ashamed to meet an outsider this time?"

Everyone looked nervous while the powerhouses of the Golden Eagle Tower sneered. If ye chen really defeated the bloody Supreme Wolf, then the Golden Eagle Tower would be completely famous. With ye Chen's prestige, they could completely dominate a region.

This was because they knew very well that ye Chen's goal was not this place at all. He would definitely leave. As long as he made a name for himself in the Golden Eagle Tower, he would not have to worry about no one coming to join him.

"Ye chen is invincible! The celestial Thearch is invincible!"

The powerhouses of the Golden Eagle Tower started to shout again, causing the powerhouses of the other forces in the beast Realm to roll their eyes at them. However, they didn't care about these people's opinions at all. They only cared about their own interests.

At this moment, on the battlefield, phantoms were flying and exploding everywhere. The entire battlefield had entered a state of extreme chaos. Even the barrier of the bear tribe elder was beginning to crack, unable to hold on any longer!

[Chapter 2092 Killing The Blood-Soaked Supreme Wolf!](#)

The entire barrier collapsed completely. The battlefield between ye chen and the blood-bathing Supreme Wolf was completely exposed to everyone.

The powerful shock wave shook the surroundings and sent countless experts flying.

The scene was in chaos. No one could see what was going on. They could only see ye chen and the blood-bathing Supreme Wolf's figures flashing and flying in the sand and stone-flying environment.

Buzz, buzz, buzz!"

The sword Qi and the Wolf's claws kept clashing with each other. Each time they clashed, they could create a powerful energy impact that could kill an itinerant immortal expert in minutes. This kind of power was not something that everyone could accept.

"Ah!"

When the bear elder saw this, he flew up in hopes of creating another barrier. However, he had underestimated the strength of the two. It was clear that the impact of their battle was not below his own strength.

To create a new barrier was like relying on one person's strength to trap two great beasts. This was impossible.

"Everyone, retreat!"

The bear tribe elder could only go for the next best thing, using his might to create space for everyone to retreat and reduce the number of casualties.

Everyone ran for their lives, no longer in the mood to watch the show.

"Kill!"

Blood-soaked Supreme Wolf's eyes were bloodshot. He wanted to avenge his brother and at the same time, clear his name.

However, ye chen would not give him this opportunity. Who could stop the might of the heavenly Emperor?

"Blade light, sword shadow, endless shock!"

"Whoosh, whoosh, Whoosh!"

Countless blade lights and sword shadows released the Super power of the immortal flying knife and the celestial Emperor sword. Like unstoppable waves, they swept through the wind and clouds, shaking the world and suppressing the bloody Wolf's claw attack.

"What?"

Lord Wolf's heart trembled. His true immortal level claw attack was actually suppressed by the opponent. This was an inexplicable scene.

"The destruction of wolves, the destruction of heaven and earth!"

A burst of anger burst out of his body. The blood-soaked Wolf released his true immortal divine power. The bloodthirsty Wolf howled, and the cold wind surged, burning with killing intent.

Boom, boom, boom!

The entire land was in a state of collapse. Even the experts who had already escaped for dozens of miles were still unable to escape the entire domain. The Western Imperial City seemed to have fallen into a powerful earthquake. Countless houses collapsed and countless experts were caught in it, their bodies crushed into pieces.

Blood stained the ground, increasing the power of the blood-soaked Supreme Wolf.

In the end, he flew up, and all the blood gathered in his direction, turning into his power.

"Blood-soaked wheel!"

Buzz, buzz, buzz!"

Countless blood turned into ribbons and gathered at the wheel behind the blood-bathing Wolf Supreme. It was as if everything was his plan and under his control.

"Ha, is this heaven-defying?"

Ye chen said with a cold smile.

"Heaven-defying? Hahaha, I can indeed defy the heavens, but Who Do You Think You Are? how dare you call yourself the heavens?"

"Blood-soaked Supreme Wolf, witness your own incompetence!"

With that, ye chen reappeared as an ancient God. Golden light bloomed behind him, and the ancient God's shadow rose from the ground like a mountain.

"Boom boom boom!"

The boundless earth cracked and countless giant rocks were stirred by the ancient God's shadow. They flew into the sky and turned into an unstoppable storm of flying rocks, shaking and attacking in all directions.

All the blood paths had been blocked by these flying stones, so the blood-bathing Supreme Wolf could not obtain any fresh power.

"Bastard!"

The blood-soaked Wolf howled in anger and released his claws. Countless boulders were destroyed by the Wolf's claws and turned into dust.

However, more and more rocks flew up, preventing him from absorbing the power of blood.

Just as he was about to shatter all the boulders, the majestic shadow of the ancient God flew out and charged straight at him.

Thump, thump, thump!

The earth trembled like a primordial giant or an ancient beast. Ye chen transformed into the body of an ancient God and flew over.

At the same time, the blood-soaked Supreme Wolf knew that he could not hesitate any longer. He released all the qi and blood he had absorbed before.

"Kill!"

In the sky, a huge Wolf Claw came toward ye chen, covering the entire ancient God's shadow as if it was going to destroy everything.

"Swish!"

"Boom boom boom!"

However, just as the sharp claws descended, the ancient God raised his arms high and actually resisted the fatal claws.

"Ah?"

Everyone was shocked at the same time. The Wolf's claws contained the power to destroy the world. Even a true immortal could not resist it. However, ye chen could resist it. What on earth had happened?

Ye Chen's ancient God Body began to expand and grow without any limit.

Crack, crack, crack!

With the support of his arms, waves of power countered the wolf Claw. The ancient God Power was an existence that transcended any law and was no longer suppressed by the law of true immortality. Only in this way could it resist the world destroying Wolf Claw that had absorbed the power of countless blood.

"Ah!"

Ye chen let out a long howl, exploding with the greatest anger in his heart.

Boom, boom, boom!

The entire sky was filled with the ancient God Power. The sky covering Wolf Claw shattered in the air, and waves of power were sent back at the blood-soaked Supreme Wolf.

"Ah, this, this!"

For the first time, the blood-bathing Wolf looked so frightened. Not only was ye chen able to block his ultimate destruction Wolf Claw, but he had also suffered a backlash. What was going on?

He could not answer his own question because the answer was only because ye chen was too heaven-defying!

"The judgment of the nine Heavens divine Thunder!"

Ye chen used his ancient God Body to trigger the divine Thunder of tribulation. All the divine Thunder gathered in ye Chen's ancient God Body. Then, the ancient God opened its giant mouth and released the ultimate roar at the bloody Wolf in the sky.

"Roar!"

The boundless divine lightning turned into a super powerful pillar of divine lightning and attacked the blood-soaked Wolf.

"No!"

The blood-soaked Supreme Wolf let out an unwilling roar, but it couldn't stop this force from killing him. This was his last shadow in the human world.

Boom, boom, boom!

Countless energy explosions appeared in the sky, and Supreme Wolf's figure disappeared!

Everyone was shocked. They had seen ye chen kill the blood-soaked Supreme Wolf. The Supreme Wolf royal family had lost three princes. Such a heavy blow was beyond words.

"Roar!"

Countless Wolf silhouettes appeared, and the howls of the wolves shook everyone present. This was the extreme anger of the wolves.

"Not good!"

Seeing this, the bear tribe elder trembled. He was the organizer of this battle and it was clear that ye chen had won. He should have brought ye chen to the finals in the central Imperial City but they were already surrounded by the wolf tribe.

"Whoosh, whoosh, Whoosh!"

Wolf silhouettes appeared one after another. Each wolf silhouette was a super expert. They were the strongest elders of the wolf clan's royal family.

"Ye chen, you've destroyed the future of the wolf Clan. I want you dead!"

"How dare you kill the Prince of the wolf tribe? you deserve to die!"

Several elders took action one after another. Together with the surrounding Wolf Clan powerhouses, they instantly activated the great Wolf extermination formation. Ye chen was surrounded in the center of the formation.

Sensing the strong killing intent around him, ye chen sneered. As expected, he had poked the Wolf's Den!

[Chapter 2093 Appointed By The Princess!](#)

"Hu!"

At this moment, the heavenly Serpent reappeared and absorbed the endless vitality around it. Darkness descended from the sky. Ye chen stood alone on the dark clouds. It did not matter even if he faced the six great elders of the wolf clan's royal family alone!

At this moment, the eyes of every elder of the wolf tribe were bloodshot, and their killing intent could no longer be concealed. Ye chen had single-handedly killed the three princes of the wolf clan's royal family. Among them, the blood-soaked senior Wolf, who was even the future heir of the wolf clan's Wolf King, was also killed by ye chen. This kind of hatred could not be changed!

"Everyone, please allow me to say something!"

The bear man elder flew forward and stood between ye chen and the six great elders.

"Old man, what do you want to say?"

At this moment, the first elder of the wolf tribe had spoken. He was so furious that he could no longer show any respect to the bear elder.

"Great elder of the wolf tribe, I was sent here by Her Highness, so please show me some respect!"

"Hahaha, bear elder, before this elder, you're just trash!"

"You!"

The bear man elder was furious, but he knew that in front of these six elders, even a half-step abstruse immortal wouldn't dare to act recklessly, let alone him!

"Old man, This Man Must Die. It doesn't matter who is in charge of this battle!"

"That's right. This person has killed the three princes of the royal family of the wolf tribe. He has committed a grave crime and must die!"

"There's no turning back now that we've attacked. Bear old man, get lost!"

The three elders spoke at the same time. The bear elder's brows furrowed, he was in a dilemma.

It was his responsibility to protect ye chen, and it was also Princess man 'er's order. However, when faced with these six great elders, he clearly had the will but not the strength!

What should he do?

The bear man elder was struggling in his heart when suddenly, a voice came from behind him.

"Bear man old man, this matter has nothing to do with you. Since you've stirred up trouble in a Wolf's Den, this Emperor will eliminate you once and for all and take care of these six pieces of trash together."

"Ah?"

Not only the people present, the bear man elder and even the six elders were dumbfounded. A puny itinerant immortal was actually 'clamoring' to kill six peak true immortals? was this 'human speech'?

Everyone looked at ye chen, the six great elders.

"Brat, you're too arrogant. You deserve to die!"

The six elders were furious at the same time and attacked.

"Stop!"

At this moment, a powerful voice suddenly shocked everyone. Then, a powerful storm of energy swept over. The sacred arts of the six elders were sucked into the storm and disappeared without a trace.

"Ah?"

The six elders were shocked at the same time. They looked at the sky and saw six people pulling a palanquin down from the sky.

"This is ..."

Looking at the palanquin, the six of them trembled in shock. The mark of a beast King was engraved on it!

"Six elders, Her Highness wants this person. Why aren't you all leaving?"

Beside the palanquin, there was an old man. He was one of the eight guards of the beast King, Kuang Shi.

The storm gradually dissipated, and a person jumped out of the palanquin.

This person's beast robe fluttered in the wind, and his hair was tied into a bun with two horns. He wore leather shoes made of beast skin, and his steps were light and rhythmic. His face was slightly red, revealing an innocent look. He walked like the wind, and lightning flashed past him. This was the daughter of the beast King, Taowu man er.

"I am here, why aren't you kneeling?"

"Your Highness!"

Everyone knelt on the ground, including the six elders. Only one person stood alone in the void, his domineering aura undiminishing.

"You dare not to kneel before the princess?"

Kuang Shi said angrily to ye chen, who was in the air.

"Ha, in this world, no one can make this Emperor kneel!"

Ye chen sneered and responded strongly.

"What?"

Kuang Shi was furious and was about to attack. Everyone was worried for ye chen. Against Kuang Shi, he would die without a doubt!

"Stop!"

At this moment, a delicate shout could be heard and Kuang Shi stopped.

"Princess!"

"Ha, I like this person. He's the one."

The words 'it's him' stunned everyone. What did this mean? could this be the legendary ultimate rule, Princess Qianqian's choice?

"No way, Your Highness. This person is just a little itinerant immortal, and he disrespected you. Why don't you let me kill him?"

"Kuang Shi, are you going to disobey my orders?"

"I don't dare!"

Kuang Shi could only bow. He also understood Princess man 'er's temperament. Once she made up her mind, she wouldn't change it.

Everyone looked at ye chen with envy.

"Your Highness, please listen to us!"

At this moment, the six elders of the wolf tribe stood up at the same time, their expressions cold.

"Ha, hurry up and say what you want to say. I'm very busy!"

"Yes!"

"This brat has killed our third Prince. He is someone we must kill. Princess, please retract your order and let us kill him!" The Grand Elder of the wolf tribe said.

"What?"

Hearing this, the princess was furious.

"You bunch of old farts, didn't you hear what I said?"

"Ah, this ..."

The five great elders revealed a trace of nervousness at the same time. However, the great elder gave them a look, and they all quieted down.

"Your Highness, although you're the daughter of a beast King, a beast King is only able to achieve great status in the beast territory because of the recommendation of the tribes in the beast territory. Therefore, even a beast King can't mess around, let alone you!"

"First elder, How dare you!"

Kuang Shi stepped forward and angrily shouted.

"Hahaha, I'm also a member of the royal family of the wolf tribe. I have my own dignity. I must kill this kid!"

"What if this Princess is not willing?"

"Then don't blame this old man for being merciless!"

The Grand Elder looked at Princess man er with anger. The five Grand elders behind him saw that the Grand Elder had made up his mind, so they also stepped forward, their auras greatly increasing.

"Hahaha, father was right. The wolf Clan really has wild ambitions. Kuang Shi, go!"

"Yes, Princess!"

Kuang Shi angrily looked at the great elder and then sneered.

"Whoosh, whoosh, Whoosh!"

In a flash, Kuang Shi had already arrived in front of the great elder. However, the great elder wasn't someone to be trifled with. He naturally knew that Kuang Shi was a half-step profound immortal, but as long as the six of them joined forces, they wouldn't be afraid of Kuang Shi.

"Attack!"

"Yes!"

The five great elders agreed at the same time. They all took action and released their divine abilities.

"Awooo!"

Wolf howls rang out as the wolf annihilation formation surged wildly. A foul wind and a rain of blood descended.

"Hahaha, this senior will teach you a lesson this time!"

Kuang Shi laughed with a look of excitement on his face. He had long wanted to take action against the wolf tribe.

At that moment, Princess man 'er looked up into the sky and shouted at ye chen, ""Young hero, come down!"

"Ha!"

Ye chen sneered and flew down. What he wanted was the beast Emperor pill, so befriending Princess man 'er was a must.

"Your Highness, are you satisfied with my performance?"

"Of course, I'm very satisfied. Otherwise, I wouldn't have saved your little life!"

"Save me? Your Highness, I think you're mistaken. I killed these six wolves as easily as I killed dogs!"

"Hehe, so overbearing, I like it!"

[Chapter 2094 Unruly Princess!](#)

While the six great elders were fighting the Mad Lion, the princess had already left with ye chen.

The crowd looked at the princess's favor for ye chen, but ye chen did not seem to care. They were all envious and jealous. If they had ye Chen's conditions, they would have agreed to the princess long ago.

"This brat really doesn't know how to appreciate favors. He's still so arrogant even when he's looking at her Highness!"

"Aiya, what's the point of saying all this? he's going to be the Prince Consort now. What are we?"

"That's right. This kid is so lucky. He was about to be killed by the six elders of the wolf tribe, but I didn't expect the princess to save him. I've heard of the hero saving the beauty, but is the beauty saving the hero this time?"

Everyone sighed. They thought that ye chen was an extremely carefree and mysterious person. No matter what danger he encountered, he seemed to be able to escape easily without even showing the slightest fear. This kind of spirit was something that many people would never dream of having in their lives.

Since the princess had taken him away, ye chen no longer cared about the six elders of the wolf Clan. After all, his goal was the beast Emperor pill. He would leave these six pieces of trash to Kuang Shi.

After ye chen and the princess left, the six elders were furious but they could not do anything to Kuang Shi.

"Hahaha, the six of you will suffer in silence this time. The wolf tribe should be more obedient. The patience of a beast King has its limits."

"Hmph, Kuang Shi, don't be so arrogant. Today's matter isn't over!"

"Ha, so what if it's not over? do you really want to rebel?"

"Ye chen killed the three princes of the wolf tribe. He must die! It doesn't matter what his identity is in the future. "

"Alright, remember your words!"

After saying that, Kuang Shi flew away.

Although the six elders were angry, they could only take the relics of the blood-soaked Supreme Wolf and the wolf Fang King and leave, returning to the wolf tribe to report the death.

After getting into the flying sedan, ye chen followed the princess and headed toward the central Imperial City.

At this moment, the competition in the northern, Eastern, and Southern Imperial cities was also in full swing.

"Ye chen, how about I take you to see your opponent?" Man 'er asked.

"As you wish!"

Ye chen was a person who could keep his composure. If he wanted to obtain the beast Emperor pill, the key was to keep the person in front of him under control. This was because the bear man elder had already introduced the rules earlier. In reality, there were no rules. There was another mystery to this battle. The real key was Princess man 'er's own heart.

As long as he could win this man's heart, then getting the beast Emperor pill would be a piece of cake.

"Let's go!"

Due to ye Chen's arrogance, Princess man 'er had gone to another place to watch the battle in hopes of seeing more powerful people, even people who surpassed ye chen, to let ye chen know how small he was. Only then would his attitude toward her change. This kind of petty trick was naturally ineffective against ye chen because no matter what kind of powerful person he met, he would not change his attitude.

"Whoosh, whoosh, Whoosh!"

The flying carriage shuttled through the clouds, constantly changing directions, and finally stopped in the sky above the eastern Imperial City.

Ye chen opened his eyes slightly and sensed the intense battle below.

The princess didn't descend from the palanquin directly. Instead, she watched from the void.

The battlefield below was extremely intense.

A member of the Eagle Clan was up against a member of the Tiger clan.

"Hahaha, Hu Yue, today you will understand how insignificant you are. In front of the Eagle tribe's Warriors, you can only bow down!"

"Mountain Hawk, you're too confident!"

The two of them didn't give in to each other, and both of them burst out with Super Beast Strength.

Boom, boom, boom!

The surrounding space trembled rapidly as the formation was destroyed by the beast auras. Countless rocks flew into the air and bombarded the ground.

"Kill!"

The Mountain Eagle flew out with a pair of wings on its back. It was so fast that it was beyond the imagination of ordinary people. Many cultivators could not even see how it moved.

"Roar!"

A huge Tiger form appeared behind Hu Yue's back. He gathered all his strength and was waiting for a fatal blow.

"Whoosh, whoosh, Whoosh!"

The mountain Hawk started to use its speed to launch sneak attacks, but the Tiger leap was as immovable as Mount Tai.

Man 'er smiled at the intense battle below and looked at ye chen.

"Ye chen, aren't you going to take a look?"

"They're not worthy!"

Ye chen replied with his eyes closed.

"What?"

Princess man 'er looked puzzled. The two people below had very high cultivation bases, both at the peak of true immortal realm, while ye chen had just become an itinerant immortal. Although she admired this kind of spirit, she did not want ye chen to live up to his name.

"Are you really not worthy?"

"Of course, I'm not interested in this kind of trash at all!"

"Very good!"

Princess man 'er felt like competing with him as she looked at the battle below.

On the battlefield below, the power of an Eagle erupted. Its sharp claws hooked and instantly left a bloody mark on Hu Yue's brow.

"Roar!"

Hu Yue exploded with anger and jumped up.

Buzz, buzz, buzz!"

The Tiger Claw was powerful and shook the void. Sharp light bloomed as it shattered and cut!

"Ah!"

Mountain Hawk fell from the sky. His body was severely injured by the Tiger's claws, and even his bones were broken. He was in great pain.

"Hahaha!"

Hu Yue continued to laugh wildly. The Qi-Jin in his entire body was still sweeping and attacking.

"Hu Yue wins!"

At that moment, the host flew out and took Shan Ying away.

Hu Yue's roars reverberated in the air. The surrounding experts who were watching the show felt this intimidating force and almost knelt on the ground to worship him!

"This Hu Yue is worthy of being an outstanding figure in the Tiger clan. Among the younger generation, this person is going to be crowned King!"

"That's right. The eastern Imperial City Region has always been the region with high combat power among the four great imperial cities. This time, Hu Yue might really be able to win the princess 'favor!"

"If our Eastern Imperial City can produce a Prince Consort, we can hold our heads high this time!"

The crowd cheered for Hu Yue.

Such a scene made Hu Yue extremely excited.

"Hahaha! This time, the beast Emperor pill is mine!"

"Good, good, good!"

The atmosphere below became even more intense, causing Princess man 'er to also reveal an excited expression.

"How is this person?"

"Good-for-nothing!"

"Ah?"

Princess man 'er looked at ye chen coldly. She was getting impatient. This man was too arrogant!

"Alright, in that case, I'll see what you can do in three days!"

"No problem!"

The princess was a little angry and kicked ye chen.

"What?"

Ye chen grabbed her foot. This time, the princess was even angrier. She did not expect this person to treat her like this. Normally, grabbing her foot like this would be a capital offense.

"What are you doing?"

"Hmph, get lost!"

"Hahaha, Your Highness, I have no interest in sitting in your broken palanquin. I'll see you in three days in the central Imperial City. I hope you and those so-called experts won't disappoint me!"

"Just wait for your death!"

"Hahaha!"

Ye Chen pushed forward and jumped out of the palanquin with ease. In the sky, he looked at the palace master's Red face. He was still a little cute.

Lotuses bloomed under his feet as he landed lightly.

The crowd was still cheering for Hu Yue's Valiance while Ye Chen turned around and left.

"What?"

At that moment, Hu Yue felt an invisible pressure!

[Chapter 2095 Imperial City's Battle Arena](#)

As night fell, Ye Chen returned to the Golden Eagle Tower.

Ye Chen sat cross-legged on the rooftop.

Around him, there were countless bright stones. These bright stones were the ones he had gotten from the sky cloud martial school and the other big martial institutions. Now, they were being put to good use.

Above his head, The Phantom of the heavenly snake kept opening its huge mouth. At this moment, the heavenly snake had already transformed into a three-headed form.

The bright stone began to float in the air and then entered the mouth of the heavenly snake.

Buzz, buzz, buzz!"

After that, the bright stone was refined in Ye Chen's ancient God Space. It turned into energy and rushed into his meridians. The energy of these bright stones was extremely pure and powerful. It made Ye Chen's body feel a great impact.

This kind of impact was like a dragon swimming in his meridians, extremely stimulating.

"Ah!"

Ye Chen performed a prediction of the ancient God mental cultivation method. All the energy was transformed into components suitable for his body through the ancient God Space.

For three consecutive days, Ye Chen had finished absorbing all the Supreme-grade bright stones.

By the third day, Ye Chen's Foundation had already undergone a transformation.

Ye Chen's Foundation had now risen from a one-tribulation bodiless celestial to a three-tribulation bodiless celestial. All the tribulations within had been forcibly contained by Ye Chen through the eight-gate divine disc and the ancient God Space. This method was naturally dangerous because these tribulations had not disappeared. They were just waiting for the time to erupt.

However, the ability to borrow time from the heavens was something that no one else could do.

"Boom boom boom!"

Suddenly, a rumbling sound came from the center of the Imperial City. Ye chen heard it as the sound of a drum.

Boom, boom, boom!

The sound of the Xiao drum carried a strong beast power. This beast power was completely different from before and ye chen could clearly sense it. The level of this beast power was obviously higher. This might be the power of a beast King.

Ye chen stood up and looked into the distance.

Waves of beast King Power were surging towards them, like a battle horn, reminding the powerhouses involved that it was time to assemble.

Then, a bird appeared in front of ye chen. It flew in front of ye chen and turned into a line of words.

"Ye chen, head to the central Imperial City!"

"Beast Emperor pill, here I come."

In order to continue improving the quality of his ancient God Power, ye chen urgently needed this beast Emperor pill. He could not afford to lose it this time.

The heavenly Sword Qi appeared naturally under ye Chen's feet. He stepped onto the sword's edge and flew directly toward the central Imperial City.

The Imperial City was bustling with activity.

The Grand beast King Arena was located in the core of the central Royal City. This was because the people of the beast Realm were most skilled in fighting techniques, and the bloodier the battle, the more people would watch it.

This time, the princess 'groom search was the opening of this grand battle arena.

Ye chen landed in front of the Imperial City's main gate. He showed the token of victory and the gatekeeper bowed slightly, allowing him to enter the Imperial City.

Along the way, many powerhouses looked in ye Chen's direction because he had been marked by the bird.

"Mm ..."

Ye chen could also feel the faint fluctuations of the beast King's power on his body. Since this was a symbol of status, he would let it continue to float around him. At least this would save him some trouble in the Imperial City.

After walking for a moment, he followed the energy indicator of the flying bird and walked toward the arena.

Beside him, there were many experts who had the same courage as him. They were walking toward the battle arena with a sunny expression on their faces. Each of them was filled with courage. This time,

they were not only here for the beast Emperor pill, but also for the glory of their families and to win the princess's heart.

Now that the beast Realm was turbulent, these clans could only gain a foothold here if they obtained the protection of the beast King.

"Human?"

Suddenly, one of the powerhouses looked at ye chen and sneered.

Ye chen ignored him. He had seen many idiots like him.

"Humans are also qualified to participate in the competition. Is there a mistake?"

"That's right. This person's cultivation base is only at the loose immortal stage. In our beast region's Imperial City, he's a useless existence. How embarrassing!"

"Hahaha, it's better for you to get lost. Don't die in this battle arena and be eaten by those vultures. That's too horrible to look at!"

Initially, ye chen did not want to be nosy but these idiots kept shouting. Ye Chen's brows furrowed slightly.

He turned around to look at those people, and they all looked angry.

"What, trash, why are you looking at us?"

"Are you looking to die?"

"I don't mind killing you here and now, one less competitor!"

The three of them locked onto ye chen at the same time, their killing intent soaring. The conflict here had instantly aroused the curiosity of many cultivators. In the beast Realm, fights were the most common thing. Moreover, deaths and injuries were also common.

This was the custom of the people in the beast Realm. Only the strong could live here.

"Brat, kneel down and beg for mercy, or die!"

"Ha, kneel down and beg for mercy? No, even if you kneel down and beg for mercy, you won't be able to save your own lives!"

"What?"

The three of them looked at ye chen coldly. They had not expected a human to be so arrogant in the beast Realm. This was the first time they had seen such a thing.

Even more experts came over, wanting to see what the consequences of this show would be.

"Human, interesting!"

"I'm probably going to be bitten to death this time!"

Someone said coldly when he saw that one of the three experts was from the leopard clan.

"Kill him!"

The three of them shouted at the same time and flew out.

Their sharp claws waved, and their beast energy swept out. The surrounding people retreated one after another. No one had expected that these three people would attack at the same time against a single person. This was not in accordance with the rules.

However, these three people were extremely sinister and did not care about the rules at all.

"Mm ..."

Ye Chen suddenly turned around, his back facing the three of them.

"Ah?"

The three of them were surprised. At the same time, the people around them were even more surprised. This was the first time they had seen such a fighting style because they did not understand. Ye Chen just did not want to see the three pieces of trash die.

"Whoosh, whoosh, Whoosh!"

The three of them were extremely fast, bringing with them boundless blood Qi.

Ye Chen's eyes were half-closed and his sword fingers moved slightly. Three rays of sword Qi had already rushed into the earth vein.

"Heavenly Emperor command: resplendent earth sword reverse slash!"

The celestial Thearch's order was issued, and he showed no mercy. The sword Qi spun and cut down, and the entire great Dao collapsed instantly. There were only three beams of sword Qi in front of them, like pillars between the heaven and earth. They exploded with a loud bang, and the three people in front of them were instantly immersed in the sword Qi and disappeared without a trace. They didn't even have the chance to scream.

"Ah!"

Everyone's eyes were fixed on the crack in the ground, where three corpses had appeared, and they were extremely cold.

The three powerhouses' bodies had been completely shattered by Ye Chen's sword Qi!

"Amazing, amazing!"

At this moment, a cold voice came. Ye Chen's eyes narrowed, wondering why there were so many idiots passing by today!

"Get lost!"

With a loud "get lost", a domineering aura rushed out, but the people behind him remained still. Everyone was shocked as they looked back, only to find a long-robed young man standing in the same place. His cold aura was majestic even without being angry!

[Chapter 2096 The Prince's Public Enemy!](#)

"You killed a member of my Deer Tribe in broad daylight. Do you have the awareness to spare your life?"

The person behind him stepped forward and locked his cold eyes on ye chen. His aura was filled with endless killing intent, as if he was filled with hatred for ye chen. The three people were the guards of the Crown Prince of the deer Tribe, Lu Huan. They had been sent to investigate the situation this time, but they did not expect to come back.

"I'm only giving them a chance to be free from this. What's there to say?"

Ye Chen's back was facing the man. His domineering aura shocked the surrounding powerhouses. One had to know that this person was the Crown Prince of the deer Tribe. He had extremely high prestige in the entire Deer Tribe and even in the entire Southern Imperial City. As a person without any status or background, no one dared to speak to him like this.

"Very good, hahaha!"

The Crown Prince of the deer Clan revealed his overbearing aura. He transformed into a ferocious beast and roared as he charged at ye chen, as if he wanted to intimidate his opponent.

However, what kind of person was ye chen? he was a heavenly Emperor. If this kind of aura wanted to intimidate him, it would not even be enough to carry his shoes.

Thump, thump, thump!

Ye chen continued to move forward. Every step he took was accompanied by an earth-shattering sound, sending sand and stones flying. Moreover, with each step he took, an invisible force erupted, which had already invisibly countered the other party's domineering aura.

Initially, everyone thought that ye chen would suffer a terrible loss. However, when they saw ye chen walking step by step toward the battle arena, he did not seem to be affected at all.

It was hard to imagine that someone could actually walk so far with their back to the Crown Prince.

"Who is this person? how can he ignore the domineering aura of the Crown Prince of the deer Tribe?"

"I heard that Princess man 'er personally took a man from the Western Imperial City. His name is ye chen. Could it be him?"

"Princess man 'er took away a human cultivator. Judging from his domineering aura, it's definitely him!"

For a time, ye Chen's name spread among many powerhouses.

In front of the battle arena, two guards stopped ye chen and asked for his identification.

"Whoosh!"

Ye Chen's eyes flickered. The token floated in the air. When the two guards saw it, they immediately bowed. Someone had already informed them that ye chen was someone valued by Princess man-er and must be respected.

"Young master ye chen, please!"

Ye chen ignored him and walked straight into the arena.

The Crown Prince of the deer Tribe was about to explode from anger at the sight of this. His enemy, the Imperial City guard, was actually treating him so politely. Even he had never received such treatment before. His heart burned with even more hatred.

"Ye chen, this time, I'm going to kill you completely with Huang Chen and the other sovereigns!"

The crown prince's eyes were bloodshot as he glared at ye chen.

Many powerhouses sneered. They all thought that there would be a good show to watch this time. They had heard that ye chen had killed the three princes of the wolf Clan. This kind of momentum had already swept through all the clans in the beast Realm.

In the battle arena, the experts from the various tribes in the beast territory were already seated in the stands. There were also many seats below that were prepared for the participants.

Ye chen looked around and saw that many of the beast clan's powerhouses were already seated. When they saw ye chen, their expressions were not very friendly because they already knew that ye chen was the human cultivator who had been personally brought to the Imperial City by Princess man 'er. This kind of treatment made them very jealous. Even the princes of many large tribes in the beast Realm did not receive such treatment.

It could be said that ye chen was now The Public Enemy!

"Ha!"

Ye chen sneered at the malicious gazes of the people around him. Such an action made the princes even more furious.

"I didn't expect this kid to be so arrogant. He's definitely going to die this time!"

"This person killed the third Prince of the wolf tribe. He can't be underestimated!"

"So what? he's now The Public Enemy, and there's no way he can survive. Even if Princess man 'er is interested in him, she can't favor him. After all, with so many tribe leaders here, even the beast Kings wouldn't dare to act rashly!"

"Yes, yes!"

The crowd sneered at ye chen as if they were looking at a dead man.

Ye Chen's eyes turned cold at the sight.

"Motley crowd, since you're seeking death, I don't mind sending you on your way!"

Ye chen stood up and called out to the crowd.

"Ah?"

This action was extremely arrogant. In the beast region's Imperial City, an outsider had dared to say such words to the princes of all the tribes. This was no longer just courting death!

"Hahaha!"

Many princes laughed. On one hand, they were mocking ye chen for overestimating his ability. On the other hand, they were trying to ease the awkward atmosphere. After all, all the masters of the realm of beasts were being ridiculed by an outsider. They had lost their face.

"Boom boom boom!"

Suddenly, the door to the battle arena closed. It was obvious that the princes of the various tribes had already entered the arena.

An old bear man walked onto the battlefield. This man was no longer the one ye chen had seen in the Western Imperial City. It was clear that the man in front of him was stronger. He was most likely at the legendary abstruse immortal level. Otherwise, it would be difficult to suppress the entire scene. After all, many of these princes were peak true immortals or even half-step abstruse Immortals. If the situation went out of control, the host had to have the initiative. He represented the Imperial city's face.

"Look, that's Princess man 'er!"

Suddenly, a Prince of the beast Realm pointed at a spot on the stands and shouted.

"Hahaha, it's indeed Princess man 'er. You're full of heroic spirit!"

"Princess man 'er, Hi, I'm here!"

Many princes greeted Princess man 'er, but she did not even look at them. Instead, she walked straight to ye Chen's area.

"Ye chen!"

She shouted at ye chen with a happy smile on her lips.

"En!"

Ye chen only responded coldly without any other movements.

Such an action infuriated the princes. They were so close to killing ye chen. However, this was the battle arena, a place with the strictest procedures in the beast Realm. If they made an exception, they might be killed on the spot. Therefore, no one dared to directly attack ye chen.

"This man is so cold to the princess. He's simply courting death!"

"What's wrong with the princess? why would she take a fancy to a human? what a joke!"

"If this kid doesn't die, we won't have a chance."

The scene in front of them strengthened their determination to kill ye chen.

The bear man elder stepped forward and looked at the crowd.

"Princes, please return to your seats!"

"Hmph!"

Many of them snorted in dissatisfaction and returned to their seats.

"This Dou technique is the strongest lineup in the history of the beast region. The participants are basically all princes from the various large tribes. The reward for this Dou technique is the most generous one. Not only will the winner obtain the beast Emperor pill, but they might also be favored by Princess man er and directly become the Prince Consort. This is the best opportunity for you all to soar into the sky!"

"Good, good, good!"

Many of the princes below began to shout, their faces filled with greed!

[Chapter 2097 The Beast King Descends!](#)

"Alright, princes. This time, the fighting technique will be carried out in a Regional 1v1 mode. Do you see the positions of the Halos in the battle arena? each Halo is a small battle arena, and there is a whole new world in it!"

"Ha, you don't need to explain. We all understand, except for that idiot. Hahaha!"

"Right, that idiot definitely wouldn't understand!"

The princes smiled at ye chen, deliberately mocking him.

Ye Chen's expression was cold but he did not say anything. He looked at the Halos and realized that these halos were the power source of this small world.

As long as the Halos existed, the laws of the entire small world would not collapse. These halos contained powerful Mystic immortal laws, which was why the beast Realm was so confident.

The bear man elder was sure that no one here could easily destroy the power of a Xuan immortal. Even those old experts were the same, let alone these princes.

"Beast King's longevity!"

Suddenly, everyone stood up and bowed towards one of the high grounds.

Ye chen looked over and saw a tall orc wearing a golden robe and a crown. This man was the king of the beast Realm.

"Mm ..."

Ye chen nodded slightly at the man without any intention of bowing.

This made everyone even more shocked. It was one thing for this person to be arrogant, but he actually didn't bow when he saw the beast King. Such behavior was disgraceful.

"Ye chen, how dare you not pay your respects to the beast King!"

At that moment, the Crown Prince of the deer Tribe took advantage of this opportunity to flip out and target ye chen.

"Trash like you can pay your respects. I'm the heavenly Emperor, so you should pay your respects to me!"

"What?"

The roars of countless beasts reverberated through the entire area. Many princes looked at ye chen with ferocious expressions. They could no longer tolerate his words and deeds.

"Your Majesty beast King, this person is too weak. I beg you to kill him!"

The Crown Prince of the deer Tribe shouted at the beast king who was high up in the sky.

"That's right. This person is arrogant and rude. The Crown Prince is right!"

"Right, let the Crown Prince kill this person!"

Many experts of the deer Tribe stood up and cheered for the Crown Prince.

Many other beasts were also putting pressure on the beast King, urging him to give orders quickly.

The beast King looked at the experts from the various tribes in the beast Realm and frowned slightly. The beast territory had been established for more than 10000 years. As time passed, ever since the beast Emperor left, no one dared to call themselves the Emperor. Only the beast Kings had lost their prestige. Therefore, many tribes in the beast territory, especially those powerful tribes, had formed their own small circles and started to disobey the orders of the beast King.

At this moment, the beast King felt the pressure that everyone was giving him. He was extremely angry, but he had to suppress his anger. After all, if he showed his cards early and had to deal with so many large tribes in the beast Realm, it would be no different from seeking his own destruction.

Therefore, this Festival was a major operation that the beast King would use to eradicate the hopes of the tribes that disrespected him. Princess man 'er was looking for suitable targets to become the tool of the beast King, and ye chen, an outsider, was undoubtedly the best choice.

"Silence!"

The beast King let out a furious roar, and the powerful energy burst forth, instantly shattering the surrounding space, shocking everyone.

Everyone suppressed their voices and waited for the beast King's judgment.

However, the old experts from the large tribes had cold expressions on their faces. They were already unconvinced of the beast King's authority.

"This person is an outsider and doesn't know the etiquette of the beast region. It's understandable."

"What?"

When the powerhouses heard the beast King's decision, they were furious. The beast King was clearly shielding ye chen. They had not expected the king of the beast Realm to shield an outsider!

Ye chen nodded slightly at the beast King in return.

After all, the other party had helped him, so he still had to be polite.

However, as the heavenly Emperor, it was absolutely impossible for him to worship anyone. This was inevitable.

"Roar!"

The roars of beasts reverberated throughout the entire area. This was the way many elites from the beast Realm expressed their dissatisfaction. There were even people who roared at the beast King. This was a challenge signal in the beast Realm.

The beast King's eyes turned slightly cold as he looked towards the source of the sound. It was the Tiger Tribe, Deer Tribe, Eagle tribe and other large tribes!

"Ha, if you're dissatisfied, let your Prince regain his face on the battlefield. Now he's so aggressive. Are you targeting me?"

"I don't dare!"

Everyone gathered their emotions and bowed. After all, the beast King was still the king of the beast Realm. Before they truly rebelled, they had to respect this.

Princess man 'er came to the beast King's side, and looked angrily at those people from the large tribes. She naturally knew what those people were thinking. They had wanted to overthrow the beast King's rule for a long time, and there was even more terrifying news. It was just that the beast King had not made up his mind.

"Father, please carefully consider the information I told you before!"

"Man 'er, this is no small matter. You can't act rashly!"

"But father, you've seen it for yourself. They've lost all respect for you. These people will rebel sooner or later!"

"Don't talk nonsense, back off!"

Although the beast King wanted to weaken the people of the other large tribes and consolidate his own strength, he did not want to make things too out of hand. Therefore, he would remain on the sidelines as to how to use ye chen to deal with these princes. After all, this plan had been thought up by Princess man 'er.

Princess man 'er was a little unconvinced as she retreated. No matter what the beast King's attitude was, her attitude was firm, and that was to eradicate the three great tribes that were resisting the beast King.

"Ye chen, Don't Let Me Down!"

She looked at ye chen affectionately. Although she had chosen to be a tool in the beginning, after spending a short time with ye chen, she could feel the qualities that she had long desired from him and the qualities that met her selection criteria.

If it were not for her grand plan, she would have confessed to ye chen. She was such a direct person!

"Princes, prepare to enter your halos. After that, the Halos will automatically assign you opponents. Please!"

The bear-man elder shouted to the princes.

"Alright!"

The princes stood up and jumped into the Halo.

Ye chen had also walked under the Halo. He could clearly feel many cold eyes staring at him as if those princes wanted to fight him to the death.

"Ha!"

Ye chen sneered and closed his eyes. He did not care who his opponent was. He only wanted a Zouwu beast Emperor pill!

"Zi Zi Zi!"

Just as everyone entered the Halos, the bear man elder released a secret incantation, and the Halos started to spin and randomly match up.

Light radiated in all directions in the battle arena, and the magnificent scene was intoxicating.

"Zi Zi Zi!"

With the second shot of light, everyone had found their opponent.

"Hehehe ... I really didn't need to spend any effort to get it!"

A cold and greedy voice rang out and entered ye Chen's ears.

"Deer hoop!"

Ye chen suddenly turned around and looked at his opponent. It was the Crown Prince of the deer Tribe!

[Chapter 2098 Choose To Die!](#)

"Hahaha, ye chen, I really didn't expect this. Heaven rewards those who work hard. This time, I'm going to crush you, you ant!"

Ye chen turned around and saw Lu Huan's sinister face. This person was looking at him with a fake smile. The corners of his mouth revealed a sinister and murderous smile. He looked extremely detestable.

However, to ye chen, who had been on the battlefield for a long time, this was child's play. It could not affect his fighting spirit at all. In other words, no matter what deer hoop did or what expression he made, it was all just sensationalism to ye chen.

Deer hoop's match against ye chen had instantly attracted the attention of many clans. After all, although ye Chen's status in the realm of beasts was very low, his various arrogant actions had made him famous. Many clans in the realm of beasts wanted to take his life.

And now, he had fallen into Lu Huan's hands. The People of the Deer Clan were extremely happy. As long as Lu Huan could kill the enemy before them, then the deer Clan would definitely rise and receive the support of many other clans in the beast region.

As one of the three big tribes, they were all trying to win the public's support, and this fighting technique was the best opportunity.

"Huan 'er, it's all up to you now. As long as you kill this man, we'll celebrate your victory!"

In the camp of the deer Tribe, the deer King personally stood up to cheer Lu Huan on. When Lu Huan saw this, he was instantly excited. He also realized that the opportunity in front of him was right in front of him. As long as he seized it, he would be the brightest person on this battlefield.

"Hehehe, ye chen, you see that? everyone is cheering for me. You're dead this time."

"Ha, everyone is cheering. What did you see?"

Ye chen looked at the seats around the battle arena. Those who cheered for the deer Tribe were basically the people from the surrounding subsidiary tribes and the deer Tribe itself. The people from the other large clans did not do so because they did not want to do anything beneficial for their competitors.

The beast King frowned slightly at this scene. He looked at ye chen and instantly saw through ye Chen's cultivation base. Ye chen was only an initial-stage itinerant immortal. How could he win against a peak true immortal?

Although Princess man 'er had explained to the beast King that ye Chen's strength was far above that of an ordinary itinerant immortal, this was not enough to make the beast King believe ye chen.

The only thing he believed in was the truth before his eyes, and that was the difference in strength.

Ye chen had been personally recommended by Princess man 'er to kill the crown princes of the other large tribes. If he failed, it would be a great blow to the plan.

After all, other than ye chen, only the Crown Prince of the Bearman tribe had participated in this battle.

Compared to the many princes of the other large tribes, they were at an absolute disadvantage in terms of numbers.

"Ye chen, you don't have to provoke me. It's useless. Your death is destined. Die at my hands. Do your last value before your death, hahaha!"

Lu Huan laughed heartily. Previously, the three great guards had died at ye Chen's hands. This time, not only could he take revenge, but he could also use ye Chen's defeat to build his own reputation. After all, ye chen was personally appointed by Princess man 'er. Killing him would be equivalent to proving himself to Princess man' er.

He couldn't help but look at Princess man 'er, who was standing beside the beast King. He then licked his lips, revealing a greedy expression.

"Ancestor man er, this Prince will definitely marry you!"

He shouted to Princess man 'er, who was sitting on a higher position.

"Bastard, you're still far from that!"

Princess man 'er replied coldly but this did not extinguish Lu Huan's ambition. He only sneered and turned to face ye chen.

"Ye chen, kill this man. This is the order I'm giving you!"

"Ha, Princess man er, I would've done the same even if you didn't tell me to. But you have to understand that this Emperor is only doing this because of my own choice, and it has nothing to do with your orders!"

"I don't care anymore, I'll just kill this person!"

Ye chen shook his head slightly at Princess man 'er's urgency. It seemed that not only did this brat make him unhappy, but he also disgusted Princess man' er!

"Ye chen, I'm giving you a right now!"

"Oh?"

"Choose the way you die!"

Hearing this, ye chen was curious. How many death images had this kid prepared for him?

He smiled and asked deerhoop, ""I wonder what kind of death you've prepared for me?"

"Hehehe!"

Lu Huan did not expect ye chen, who was on the verge of death, to still be in the mood to play this game with him. Since that was the case, he would take it seriously.

He laughed coldly, "saw off four limbs; Dismembering his body with five horses and death by a thousand cuts! Hehehe, these are all gifts to you, is this Prince being kind?"

"Mm ..."

Ye Chen's eyes turned cold, then he smiled.

"Hahaha, you've done well as the Crown Prince!"

"What kind of death do you want to die in? tell me immediately, and I'll fulfill your wish. This is the greatest kindness I can show you. I'll let you see the person you've chosen die in pain in front of Princess man er. What a beautiful scene! Just thinking about it makes me drool."

"I, Jian Jia, choose to be executed by a thousand cuts on your behalf!"

"Hehehe, death by a thousand cuts, huh? that's the best way to execute someone. It's my favorite. Ye chen, since you've made your choice, I'll make my move."

Suddenly, deerhoop's eyes glowed with blood-red light, and a huge deerstalker appeared behind him. This was a bloody smell that did not belong to a deerstalker, and it was an extremely strange sight.

Many of the powerhouses in the surrounding enchantment stopped their battles and looked at the battlefield where ye chen and deer hoop were fighting.

This was because they all knew that ye chen was personally chosen by Princess man 'er. Regardless of his cultivation base, identity, and background, this alone was enough to attract everyone's attention. They wanted to see how this personally chosen Prince Consort would die a tragic death in front of her.

"Lu Huan, kill this kid!"

"Right, deerhoop, we're all waiting for you to dismember him!"

"Hahaha, this is really laughable. Princess man 'er actually personally picked a little loose immortal!"

Many experts bared their fangs, their eyes filled with anticipation. They were all very clear that the seemingly peaceful and friendly Deer Tribe had produced a god of death, Lu Huan. His terrifying killing methods were well-known throughout the entire beast region.

Deer Shadow's blood-red light flickered, and deer hoop's figure moved instantly, stabbing over.

"Killing sword, kill!"

In deer hoop's hand, a dagger covered in blood appeared. This was deer hoop's favorite divine weapon to use for killing by dismembering the body. It contained many types of resentment energy. Once touched, it would dissolve into the blood of the person, causing the poisoned person to suffer unspeakable pain and fester all over!

Even his spirit would be tortured, and he would eventually die from his own self-rotting.

"Ye chen, come die!"

"I will teach you a perfect way to dismember your body by a thousand cuts, hehe hahaha!"

Ye chen fought on his own, allowing his opponents to attack him. Only his maniacal laughter reverberated throughout the battlefield.

[Chapter 2099 Blood Deer!](#)

Deer hoop charged like a Mad Dog, his entire body covered in a layer of blood. Ye chen had not seen such a crazy murderous aura before. It was clear that this person's savagery had reached the extreme.

"Whoosh, whoosh, Whoosh!"

The blood Qi in his body began to spread wildly in all directions. This blood Qi and anything it touched would be marked. Once marked, they would inevitably become the prey of the deer hoop and could not escape its control.

"Hehe!"

Deer hoop laughed coldly. He was mocking ye chen. He did not Dodge at all and was marked so easily.

Of course, ye chen could sense the power of these marks. He did not move because he was overbearing. Against such an opponent, he did not need to move at all. On the other hand, he was absorbing the power of these vitality like crazy.

It was because it was filled with the purest beast energy. These crown princes had consumed countless natural treasures from the realm of beasts in their respective tribes. Their mystical powers, secret techniques, killing moves, and qi and blood all contained a large amount of powerful beast power. This beast power was exactly what ye chen needed.

"Phew ..."

After absorbing a large amount of beast energy, ye chen exhaled and the corners of his mouth curled up slightly.

"What?"

Deer hoop, who was charging forward, was somewhat puzzled when he saw this scene. He thought, ye chen did not have any defensive posture at all and even showed that strange smile. Was this a trick to lure the enemy?

As he thought of this, he slowed down.

"Lu Huan, what are you doing, you idiot? hurry up and do it!"

"Right. You actually don't dare to fight against such a useless loose immortal?"

He had only slowed down a little, but the princes of the other tribes behind him began to mock him wildly. They were all very angry because they didn't have the opportunity to kill their "love rival"!

Now, this opportunity was given to deer hoop, but he seemed to be a little useless!

"Damn it, what is this Prince afraid of? kill!"

Lu Huan was pressured by the public opinion. At the same time, for the sake of his martial arts dignity, the blood-red Dagger was aimed at ye Chen's throat.

"Hmph, deerhoop, I'll let you die under your own moves!"

Ye chen snorted coldly. The blood-colored beast energy in his body began to circulate and expand wildly.

"What?"

Deer hoop was stunned when he sensed the blood-red beast energy. He was very familiar with this energy because it was his core energy. It was used to kill his opponent. However, this energy had burst out from ye Chen's body. What was this?

"Kill!"

He couldn't care so much anymore. The deer hoop released a certain-kill divine ability. The blood deer behind him had already gone berserk. All the hair on its body stood up, and when it opened its mouth, it actually had sharp fangs. It didn't look like a deer at all. This was the true appearance of the deer hoop, the bloodthirsty of the deer Tribe!

"Hahaha, ye chen, no matter what you're capable of, you're going to die!"

"Deer hoop, take this!"

Ye chen gathered his blood-colored deer energy and weaved a huge prison, waiting for Lu Huan to fall into his trap!

"Zi Zi Zi!"

Just as the deer-ringed dagger was about to stab ye chen, ye Chen's figure suddenly became illusionary. The dagger's attack turned out to be an illusion and ye chen had already disappeared.

"What?"

Deerhoop was shocked. His beast power erupted, and the entire battlefield was filled with blood. Everything began to fester and collapse in the blood-red mist!

"Hahaha, you can't run away. Come and die!"

He flew up into the sky and released his boundless blood-red beast power.

Buzz, buzz, buzz!"

The surrounding space was rapidly corroding. All the flowers and trees were withering. The aura of death filled the entire place. This terrifying scene made many of the powerful beings who were watching tremble. They had not expected the Crown Prince of the deer Tribe to be so terrifying. In that case, was the deer Tribe as they had imagined?

Many people looked at the deer Tribe with fear in their eyes. The deer King's eyes were cold and he sneered. The deer Tribe was not a tribe that would allow others to slaughter them. They were a true wolf tribe.

"Did you see that? all of you are going to reevaluate our Deer Tribe. Watch how the Crown Prince of our Deer Tribe will torture and kill this outsider!"

The deer King stood up and roared.

"I didn't expect the deer Clan to be so brutal. It seems like ye chen has already turned into a puddle of blood!"

"This blood-colored mist will fester to death once it touches you. No one can escape!"

"Savage!"

Many experts shook their heads, especially the experts from the beast King Camp. They looked worried. They didn't think that the expert that Princess man 'er valued would end up like this in the first round.

However, man 'er looked coldly at the battlefield below. She had confidence in ye chen. He would not die like this!

"Phew, phew, phew!"

At this moment, a huge vortex suddenly appeared in the entire space.

The boundless blood-colored mist began to gather towards the huge vortex at a shocking speed.

"What?"

Deer hoop watched as his power was continuously being absorbed by the vortex and turned pale with fright.

"Go to hell!"

"Die!" He swung his saber, and a powerful blood-red saber radiance tore the sky apart and shot toward the vortex.

"Boom boom boom!"

With the explosion of the air current, everyone thought that the vortex would definitely shatter. However, they did not expect that not only did the vortex not explode, but it even continued to extend as if it had received a huge supply of energy.

Such a phenomenon made deer hoop realize that his saber flare had strengthened the power of the vortex. Could it be that the vortex could absorb all attacks?

Previously, he had been insufferably arrogant and wanted ye chen to choose death. Now, he finally panicked. This was the first time he had encountered such a terrifying scene!

"Slash, slash, slash!"

In a moment of desperation, deerhoop stopped thinking and slashed out several sword gleams, trying to break the vortex in front of him. However, he failed. The vortex gradually expanded, and even the ground he stood on gradually shrank.

"Phew, phew, phew!"

The maelstrom devoured everything, and the endless blood mist was poured into it.

Zila, Zila, Zila!

At this moment, the divine Thunder of the heavenly path appeared above the whirlpool. Many of the old powerhouses in the beast Realm were amazed by the scene.

"This, is someone going to undergo a tribulation?"

"It's not a deer hoop!"

Someone had noticed that deer hoop did not show any signs of tribulation transcendence. In that case, there was only one person who could look down on ye chen in this barrier battlefield!

"Hahaha, ye chen, so what if you're transcending a tribulation? do you think I'm afraid of you?"

"Lu Huan, I'll let you die under your own strength today. I've said it before!"

Ye Chen's voice came from the huge vortex.

"Don't even think about it. I'll let you see the true laws of true immortality!"

Deerhoop's hair stood on end in anger. His long hair fluttered in the air as endless beast power erupted. This was his strongest form, the bi 'an blood deer!

"Roar!"

The blood deer let out a furious roar like a ferocious beast. It no longer looked like it was eating grass!

At this moment, Lu Huan's entire body was blood red, and even the blood vessels in his body could be clearly seen. His extremely terrifying state shocked everyone!

[Chapter 2100 Blood Strangulation!](#)

"This is the strongest state of the deer bracelet, the bi 'an blood deer form. No one has ever seen it before!"

"In this state, deerhoop's strength can be raised to the half-step abstruse immortal realm. No one is his match."

"This time, ye Chen's dead!"

The deer bracelet's form was too terrifying. Even the princes of the beast clan did not dare to confront it head-on. Now that he was facing a mere itinerant immortal, the outcome was set. Basically, everyone thought that ye chen would be executed by the deer bracelet!

"Ye chen!"

At this moment, Princess man 'er, who was standing on a high position, had a look of pity on her face. Based on ye Chen's previous performance, he still had a chance against a normal deer bracelet, at least she thought so. However, he was now facing a berserk blood deer. There was no way he could win!

Tears welled up in her eyes. She was the one who had led ye chen on this path. Now that she was watching him walk toward death with her own eyes, Princess man 'er's heart was in turmoil.

"Man 'er, this isn't your fault. It's just that this person's strength isn't enough!"

The beast King patted his daughter's shoulder and said. He could tell that his daughter was at a loss.

"Father, are we really going to be exterminated by the three great clans?"

"Al, it's like this in the beast Realm. The weak are prey to the strong. But don't worry, if you want to devour the beast King's bloodline, you'll have to ask for the permission of this King's saber!"

The beast King's expression was solemn and domineering, giving Princess man 'er a great sense of security.

On the battlefield, everyone was waiting for the result between ye chen and deer hoop.

"Hahaha, ye chen, you should be content to be able to see me reveal my strongest form! You can rest in peace!"

At this moment, Lu Huan's entire body was blood red, even his long hair was blood red. This kind of overbearing posture made all the surrounding experts 'hearts tremble. They could truly feel the strength of a half-step Mystic immortal from Lu Huan!

"Mm ..."

Even the bear tribe elder revealed a look of fear because Lu Huan's strength was not below his. Once the situation went out of control, he would have to immediately attack.

After all, this battle arena was the symbol of the beast Realm's King, and it could not be destroyed by anyone.

Ye chen sneered at the berserk deer bracelet.

"You're just a Mad Dog, and you dare to be so arrogant in front of me! Deerhoop, no matter what you become, your end is here. "

"What a joke!"

Deerhoop's eyes were cold and impermanent. His aura exploded to the extreme. He wanted to tear everything in front of him apart.

Thump, thump, thump!

As he ran, the earth trembled, and the surrounding space distorted rapidly. Deerhoop's figure seemed to have disappeared before everyone's eyes.

"Distorting time and space?"

Ye chen closed his eyes slightly. A strange light flashed between his brows.

"Zi Zi Zi!"

In the vision of the strange light, the distorted space and time became flat again. This was the power of the darkness pool. In front of the darkness pool, all distorted space and time became meaningless.

Boom, boom, boom!

The energy in the deer hoop's body surged and became clearer in ye Chen's vision.

"I'll use your blood to increase and display the sharpness of the throwing knife!"

The immortal slaying Flying Dagger had already recovered thirty percent of its original strength. This time, ye chen believed that as long as he absorbed the blood of the deer bracelet, the power of the flying Dagger would increase by at least five percent!

Waves of energy gathered in front of ye chen, and the celestial Thearch sword took form.

"Swish!"

The blade of the sword was inserted into the stone slab, forming a sword Qi barrier to resist the violent airflow around it.

"Giggle! Idiot, do you think you can escape from this Prince's hunt like this? what a pity!"

Deer hoop sneered in his heart. He believed that ye Chen's act of releasing the sword Qi barrier before him was the stupidest thing he could do. His body continued to sprint through the distorted space and time, and streams of energy gathered on his dagger. When this energy gathered to its peak, it would be the moment to strike!

"Whoosh, whoosh, Whoosh!"

The sound of wind came from the surrounding space. Ye Chen's ears twitched slightly and he instantly locked onto the position of the deer bracelet.

"Ah!"

With a furious roar, ye chen activated the second level of his ancient God Power, which was the two-star ancient God Kasaya metallic glass!

Buzz, buzz, buzz!"

These metallic glass flowed rapidly in ye Chen's meridians. Then, they seeped into the surface of ye Chen's body and formed an indestructible armor.

"Night Demon Armor!"

"Yes, master!"

The night Demon Armor flew out and absorbed the power of metal and glass at the same time. The damage from before began to recover rapidly. At the same time, he was also waiting for the blood sacrifice!

At this moment, the wind and clouds surged, and the world trembled!

A blood-colored storm suddenly erupted from the distorted space and time. One of the blood-colored daggers flew toward ye Chen's throat.

"Ye chen, I'm going to kill you!"

"Blood deer's sure-kill technique, howling strangulation storm!"

"Phew, phew, phew!"

All the blood-colored energy turned into a blood-colored storm, forming an invincible strangling force that attacked ye chen. This was the killer move, deer hoop death by a thousand cuts.

"Oh, good!"

Ye Chen's entire body emitted a golden light. His ancient God Power had been raised to its peak.

Buzz, buzz, buzz!"

On the surface of ye Chen's body, the metallic glass from before took form again, forming the dragon scale armor!

"Phew, phew, phew!"

The strangulation storm whirled toward ye Chen's dragon scale armor.

Sparks flew in all directions, and energy exploded. When the boundless strangling power met the ancient God dragon scale armor, although it could cause a certain amount of damage, it couldn't break through the ultimate defense of the armor.

"What? that's impossible!"

Deer hoop held a dagger and aimed it at ye Chen's throat.

"Ah!"

In the face of a sure-kill attack, ye chen did not Dodge. With a roar, the strongest dragon scale armor condensed around his throat, augmented with the might of an ancient God. He took it head on!

"Swish!"

Buzz, buzz, buzz!"

Countless sparks and energy gathered at a sharp point at this moment. The deer hoop spun wildly, trying to break through the obstacle in front of him. However, no matter how he spun and increased his penetrating power, he could not break through the defense of the dragon scale armor!

"Swish!"

At this moment, ye Chen's hand directly clasped deer bracelet's wrist.

"Let me go!"

"Ha, now I'll let you feel the pain of your own power!"

Ye chen had unleashed the spacetime Fury and the dark sky Serpent!

"Roar!"

The two most terrifying growth-type behemoths had grown to an extremely violent degree at this moment.

Under the influence of the time and space Rage, the deer hoop's ability to distort time and space was completely ineffective. The sky snake spewed out a poison that could corrode everything, causing the deer hoop's blood deer form to instantly shrink.

Buzz, buzz, buzz!"

His entire body was sprayed with the sky snake's venom, and his blood-colored armor was completely corroded. He was in unbearable pain.

"Ah!"

Deer hoop's expression twisted in pain. His entire body was locked in the air by ye chen again, unable to escape.

"I am the Crown Prince of the deer Tribe. You wouldn't dare to kill me!"

Even at the end of his life, deer hoop still wanted to use his status to suppress ye chen. To ye chen, this was a joke.

"Before the heavenly Emperor, you are nothing but an ant!"
