

Genius 2111

Chapter 2111

The Cistercian is just that big.

Standing on top of a tree branch, the situation inside was also clear to see.

Seeing the other two being lured away and one being held back.

A-viper and A-viper also rushed into action.

After pulling out their black scarves and wrapping them around them, the two of them scurried straight into the backyard.

In the face of Song Zhilan's rebuke, the two did not react at all.

On the contrary, their eyes were full of unstoppable greed.

Isn't this Song Zhilan's body the cloud creation spray that is now a hot market?

"Viper keep this b*tch under control while I finish off the one surnamed Lin first."

Said Ah Viper and came to Lin Mo's side.

"Kid, hand over the recreation pills formula if you have the sense to do so.

I can consider keeping your life."

Only when his words fell, Lin Mo, who was sitting on the ground, did not react in the slightest.

What?

So arrogant?

Seeing that the other party was ignoring him, Ah Vu's face also turned black.

"Giving shame."

After saying that, he kicked Lin Mo's shoulder.

On the side, Song Zhilan also looked anxious when she saw this.

"Don't."

Although she struggled desperately.

However, she was already under Viper's control and could not move even half an inch.

At this moment, Lin Mo, who was in the illusionary realm, had already given up struggling.

Instead, he turned his ears to listen to the movements around him.

In his previous dream, he was hiding in a secret room, shivering.

Later, when the enemy withdrew, he escaped through a secret pa*sage.

That was why he did not know who the enemy was.

Now that God had given him another chance, he would remember the voices of all those people.

Even if he could not see their faces, the least he could do was to have a clue in the form of their voices.

The Companions were one of them.

But at that very moment, Lin Mo suddenly felt his body tilting.

The power that was suppressing him suddenly dissipated into thin air.

Just as he opened his eyes, he was about to get up and go see the person who had attacked the Lin family.

Everything in front of him was back in the backyard of the Cihangzhai.

At that moment the half sandalwood incense on the stone table was suddenly extinguished in this regard.

The illusion and reality suddenly switched.

Lin Mo's thoughts also became disordered, and for a while his eyes were lax and his expression mute.

"What about the Lin family, how is the Lin family now?"

How is my father now?"

Ah Vu looked at Lin Mo and surprisingly did not pay the slightest attention to himself.

The anger in his heart intensified.

"Kid you dare to ignore me."

After saying that, he rose his foot and stepped towards Lin Mo's cheek.

Only when his paw landed on the ground.

The originally tilted Lin Mo had disappeared and appeared behind him instead.

"Where is my father?"

With red eyes, Lin Mo muttered a question.

And Viper was startled by his appearance.

"I'll f*cking shut your father, give me death."

With that he raised his hand and threw a punch towards Lin Mo.

Strangely enough, when the punch hit, the other party did not react in the slightest.

Still mumbling woodenly, he muttered to himself.

"Where is my father? Where is my father?"

Such a bizarre thing was the first time the two of them, A Viper and A Viper, had encountered it.

“Hurry up and kill this brat, forget about the rebuilding pills.

Real Yu Shu will be back soon, hurry up.”

If they could, they would naturally want to plunder them, but they wanted to hold them hostage and escape from the Jade Soojin’s pursuit.

It was simply impossible.

When Viper reminded them of this.

A Viper instantly understood.

He threw a fierce punch at Lin Mo’s temple.

However, just as the shadow of his fist was approaching.

Lin Mo suddenly raised his hand and covered his opponent’s wrist.

“Where’s my father?”

After muttering a word, he withdrew his right hand.

The tremendous force caused Ah Vu to stumble straight forward.

Before he could react, he felt a pain in his chest.

Then he was knocked out of the room.

When he landed, a mouthful of blood spurted out and he immediately fell into a coma.

On the other side, Viper also looked at what was happening in front of him in disbelief.

Both of them had the strength of a half-step Grandmaster.

But in front of this kid, A Viper was knocked unconscious in one move.

At such a young age, he had such terrifying strength, did this kid start cultivating from his mother’s womb?

Of course, he could not think about it at this point.

Now that his companion was unconscious, it was no longer practical to plunder Song Zhilan.

And Lin Mo he knew he couldn’t take.

Besides, the Jade Soojin would be back soon.

After some thought, Ah Viper gritted his teeth.

Carrying Ah Viper, he leapt straight up the wall and fled from here.

Chapter 2112

By the time Yu Shu Zhen rushed back to the backyard of Cixihai.

There were still traces of the fight around.

When she saw Real Yu Shu, Song Zhilan shouted anxiously with a sobbing voice.

“Sir, please save Lin Mo.”

At this moment, Lin Mo was lying in her arms, unconscious.

One look at the extinguished half of the sandalwood incense on the stone table.

Real Yu Shu secretly exclaimed that it was not good.

She then hurriedly came to Lin Mo’s side.

She took out a pill and gave it to him, and then she immediately counted on Lin Mo’s body.

After that, she landed on Lin Mo’s back with a palm, continuously channeling spiritual energy to him.

After a long time, Lin Mo sprayed a mouthful of black blood before he woke up.

Seeing this, Song Zhilan ran over and said in a worried voice.

“Lin Mo you’ve finally woken up.”

At this moment, Lin Mo was still in a bit of a trance.

“What’s going on here?”

It feels like I’ve experienced so many things.

It seems like I haven’t experienced it again.”

Behind him, Real Yu Shu also withdrew his true qi and spoke to explain.

“This is the aftermath of you being forcibly interrupted from the illusionary realm of enlightenment.

Triple Illusion”

.....

“I originally observed that there was a deficiency in your martial dao, so I wanted to pass this method.

To make it up, but it was deliberately destroyed by someone.

It’s a pity!”

After saying that, Real Yu Shu shook his head with a regretful face.

In order to set up such a dao enlightenment illusion, she had consumed the Yu Lan Tree’s 20 years of accumulated embodied spirits.

It was no longer practical to set it up once more.

After listening to the explanation of the Jade Soo.

Only then did Lin Mo understand the cause and effect of what had happened.

No wonder it was said that those experiences were so magical.

The big fat-headed man who couldn't be hacked to death, the terrifying Yagyu Orochi.

Originally, he had experienced the incident of the destruction of the Lin family again in the illusionary realm.

He also intended, one by one, to write down the voices of those murderers.

Unfortunately, they were forcibly interrupted.

Thinking about this, Lin Mo's heart suddenly produced a hint of puzzlement.

"Real person, I have one thing I don't understand, and I hope that real person will solve the problem."

"Little friend Lin, but there is no harm in saying so!"

"According to reason, since it is an illusionary realm.

Then the scenes in the illusion realm should be ones that one has personally experienced.

Or those deep memories that one might not even be able to recall."

Hearing this, Real Yu Shu also nodded in agreement.

As a master of this aspect of illusion realms, she naturally understood the reasoning behind it.

An illusionary realm was different from an illusionary formation.

The latter was based on the site where the formation was set up, and what was illusory was the person's vision.

The former is a fictitious scene based on the person's memory, and what is illusory is the person's sense of the five senses.

Of course at this moment, she did not answer the question, but simply waited for Lin Mo to follow.

"But apart from the third illusion.

My first two illusions are ones that I have never experienced before."

Saying that, Lin Mo then recapped the circumstances of the big fat-headed man and the Yaki serpent in detail with Real Yu Shu.

He might not be sure about the others, but this fat-headed big man as well as the Yaki Orochi he had definitely never seen before.

And the fear of death brought on by facing the bane god Yaki was exceptionally real.

"This"

In response to Lin Mo's description, Real Yu Shu was also taken aback.

And the first thing that came to his mind was the prophetic power contained in the Jade Orchid Tree.

Thinking of the time before the great battle in the Southern Realm.

The leaves of the Jade Orchid Tree towards the Southern Realm had all withered.

And shortly afterwards, the Great War in the Southern Realm took place.

It was likely that Lin Mo's experience was some kind of prophecy that the magnolia tree was trying to convey through this illusionary realm.

It was just that she couldn't guess it for a while.

"Perhaps it's because you experienced it as a child and now you can't remember it."

Casually finding an excuse, the Jade Soojin put the matter off.

And Lin Mo also guessed the reason for it.

However, since the other party did not say anything, he could not ask more questions.

Moreover, at this moment, the Jade Soojin also pulled away from the topic.

"Originally, I was hoping that you could use this illusionary realm to achieve enlightenment.

But now you are not even close to reaching half-step mastery.

In this way, you must remember to suppress your obsessions in your mind when you cultivate.

Otherwise, it may cut off your path to the Patriarchate."

Chapter 2113

"My junior, I understand. Thank you for the real person's admonition."

Although there were shortcomings, after this illusionary realm of enlightenment, Lin Mo's overall strength had increased greatly.

And his fit with Tai Ah was also much higher.

Even though he had not been able to break through to half-step Patriarch.

However, Lin Mo was confident that he would be able to take down those half-step Zongshi.

If he were to cooperate with Tai Ah, beheading a Zong Shi would not be a fantasy.

"Lan'er, you should go and see how the situation is over at Qingduan."

As Real Yu Shu finished speaking.

Song Zhilan naturally understood that Sir was going to talk to Lin Mo about something alone.

With that, she retreated out in a sensible manner.

Waiting for Song Zhilan's back to disappear.

Only then did Real Yu Shu speak up and say.

“Little friend Lin, here are two things to present to you.”

After saying this, she fetched a long wooden box.

“This is a thunder talisman, which can be activated by simply injecting spiritual energy into it.

This object can harm clerics and is designed to restrain evil spirits,”

“As for this parallel thunderwood sword, it is forged of thunderbolt wood.

As the one who holds the sword, I think you know this object better than I do.”

Saying this, Yu Shu Zhen Zhen then unsheathed the Thunderwood Sword.

All at once, the Tai Ah in Lin Mo’s hand suddenly trembled.

He was so frightened that he hurriedly suppressed it, and only after Tai Ah had calmed down.

Only then did Lin Mo’s eyes turn to the wooden box.

If he were to talk about the Thunder Talisman, he would only marvel at the power of it.

But if he were to talk about the Thunderwood Sword, it could be considered a rare and precious existence.

Only the wooden branch of a thousand-year-old ancient tree that still survived after being struck by lightning could be called a lightning wood.

Not to mention the rarity of this thousand-year-old tree.

It is one in a million.

After being baptized by lightning, the hardness of the wood exceeds that of ordinary steel by several times.

After the sword is forged, the pure Yang energy contained within it will be completely stimulated.

That was the deadly nemesis of evil spirits.

Thinking of this, Lin Mo hurriedly refused.

“Real person, you have already gifted me a great creation.

As for these two items, they are too precious.

My junior would never dare to accept it.”

Although his attitude was resolute.

However, Real Yu Shu did not take it back because of this.

“Don’t be too busy excusing yourself, look at this Thunderwood Sword before you.”

Without knowing why.

Lin Mo then reached out his hand and took it over.

However, the moment his fingers touched the wooden sword.

Once again, Tai Ah shuddered violently and uncontrollably, and the aura on the Thunderwood Sword suddenly dissipated into thin air.

“This

At this moment, Real Yu Shu spoke again.

“Feel it?

The divine weapon Tai Ah and then has a spirit, as your fit gets higher and higher.

The sword spirit will also become stronger and stronger, and now is the best proof of this.”

Seeing that Real Yu Shu had actually recognised Tai Ah.

Lin Mo couldn’t help but blush.

No matter which of these three secrets – birth, heritage, or Tai Ah – if any of them were made public, they would all lead to a deadly disaster.

I didn’t expect that Tai Ah’s secret would be exposed in this Cixihang Zhai.

Seeing Lin Mo in this state.

Then, the Jade Sushumna said comfortingly.

“There is no need to be nervous, if I were to covet this object.

There would be no need to say this with yours.”

As the words fell, Lin Mo was also slightly relieved.

Thinking about it, if the other party coveted Tai Ah, they could just strike directly.

If he was above the fifth heaven of the Dao Sect, it would only be an easy task to kill him.

“I wonder how senior found out about this?”

After all, before entering this place.

Lin Mo had already suppressed Tai Ah’s sword Qi, by all accounts.

To an outsider’s senses, it would be nothing more than an ordinary longsword.

Moreover, since Real Yu Shu could discover it, it meant that Tai Ah must have a risk of exposure that he was unaware of.

“Although you can suppress its sword energy, you cannot suppress the spirit of the divine weapon.

I noticed this anomaly the moment you entered this place.

And as your cultivation level and fit with the divine weapon increases.

The higher the degree of awakening of the sword spirit will also be.”

When the other party finished speaking.

Lin Mo also nodded in agreement.

No wonder Tai Ah had such a great reaction once the Thunderwood Sword was sheathed.

After Lin Mo understood this, he couldn't help but wipe his cold sweat.

It was fortunate that this was discovered in advance by this Jade Tree Mortal, otherwise he wouldn't even know how he would die in the future.

Chapter 2114

After thinking about it for a long time.

Since there was a risk of Tai Ah being exposed.

Lin Mo finally chose to accept the Thunder Talisman and the Thunderwood Sword.

Afterwards, the Jade Soojin added a seal to his Tai Ah.

As long as the Tai Ah did not come out of its sheath, an expert of the Zong Shi realm would not be able to peek into its secrets.

Lin Mo first received the great creation of the illusionary realm of enlightenment, and then there were the treasures he received.

This trip could be described as full of rewards.

As he was saying goodbye, he had nothing to give back, so he took out the only three Nine Yang Realm Breaking Pills left.

The rest had long since been taken by him and Wu Xuan.

“Senior's great kindness, junior will bear it in mind.

A little token of appreciation, I hope senior won't mind.”

Although this Mirror Breaking Pill could not do much for strong people above Zong Shi.

But it was still the most valuable of the items he could give out.

On the opposite side, Real Yu Shu also had no intention of looking down on it and accepted it openly.

“Then, junior will take my leave!”

After saying that, Lin Mo left the Cihang Zhai together with Song Zhilan.

After the two of them had left, Real Yu Shu arrived at the backyard.

Looking at the magnolia tree that swayed in the wind, he gazed at it for a long time in awe.

“Could it be that another great chaos is about to happen?”

.....

In the midst of the dense forest, A Viper and A Viper did not leave.

From afar, they looked at Lin Mo who walked out of the Taoist temple.

Ah Viper glanced helplessly at the heavily injured Ah Viper again.

As for those who had invited the Yixue School to endure, they were each wounded and fled the area in advance.

Although they were resentful, there was nothing they could do about it.

However, just as Lin Mo was rushing back to the capital.

But a big event had happened on the high seas.

It was almost dusk when the yacht sped past, leaving only a long white wave behind it.

As the yacht approached an uninhabited island in the high seas, it slowly came to a halt.

Several old men with white hair stepped down from it with serious faces.

At this moment, the island was already surrounded by three layers of people.

Seeing a few people, General Lan rushed to welcome them across the way.

“Greetings to Eldest Elder Changshu, Elder Pill, and Supreme Bone Saint.”

However, with this greeting, the Long Bearded Elder did not appreciate it.

Instead, he kicked at General Lan.

“Alright, what time is it, still engaging in all this tiger head stuff.

Hurry up and lead the way ahead.”

General Lan patted his butt in embarrassment.

He had learned many times about this Medical Alliance Grand Elder’s irascible temper.

Therefore, he retracted his words and hurriedly arranged for an SUV.

After the four of them got into the car.

General Lan, who was sitting on the passenger side, then handed a document stamped ‘Top Secret’ to the three.

“According to the results of the investigation team.

These patients, er, let’s call them walkers, are more apt.

They were found by accident by a fisherman, and by the time our people from the Martial Union arrived here.

Apart from these forms, there was no sign of other people moving around.

It seemed as if they had appeared out of thin air.”

In the back seat, the three old men listened to General Lan’s introduction while quickly flipping through the top secret documents in their hands.

Upon receiving the news from the top brass of the Martial Alliance, the three of them had rushed here from the capital at the first opportunity.

They had already been able to guess the extent of the crisis of the situation before.

But only now, after reading the documents, did they understand the seriousness of the matter.

From the information.

The patients found on the island this time, how should I put it, could not even be called human.

Infected by an unknown virus.

These patients could be divided into two kinds.

The first type of people, like the walking dead, are godless and senseless.

Although they will eat when they are hungry and drink when they are thirsty.

But there is not the slightest reaction to everything that is happening around them.

The second kind, although the situation is not much different from the former kind.

However, it is extremely dangerous and will attack wildly once it sees other people.

The most frightening thing is that this kind of person has no sense of pain whatsoever.

Even if a limb could be cut off, there would not be the slightest reaction, and the attack would be entirely based on instinct.

Frowning, the Bone Sage closed the paper and asked.

“The fisherman who found this place, has he been controlled?”

Seeing General Lan nod, he was then reassured.

This virus, which was extremely contagious, if it wasn’t controlled in place, then the consequences would be unthinkable.

Chapter 2115

On the other side.

Lin Mo returned to the capital, and the first time after he parted from Song Zhilan.

He hurriedly sought out the Crown Prince of Haicheng.

“What’s wrong? Brother.”

The Crown Prince of Hai Cheng was suddenly approached by Lin Mo due to the fact that he was having a good time.

At this moment, he was obviously a bit reluctant.

“What else is wrong? You brat is in big trouble.”

Saying that, Lin Mo side by side recapped the matter of the Cihang Zhai, the Yu Shu Zhen Zhen, with him.

After hearing this, Prince Hai Cheng instantly had a jolt.

“Brother, what should I do then?

Why don’t I leave immediately now and escape back to Guang Province?”

Because of his mother, he had no small conflict with the Song family in Guang Province.

Naturally, it implicated Song Zhilan.

If Lin Mo hadn’t stopped him in the first place, he would have probably just scrapped Song Zhilan.

Now that he had learned that Song Zhilan was actually related to such a super expert.

He couldn’t help but feel hairy in his heart.

Seeing this look on his face Lin Mo smiled secretly.

“You don’t have to worry too much.

How about this, first thing tomorrow morning, you will move to this side of Hui Chun Hall.

With me here, senior Yu Shu will more or less give me some face and won’t make things too difficult for you.”

Of course, he only wanted to scare the Prince of Hai Cheng.

After all, his mother, Poison Spider, had given him to him in the hope that her son would take heart.

By the way, he would gain more insight in the capital.

However, once he arrived at the capital, the Crown Prince of Hai Cheng was completely wild.

In such a situation, how could Lin Mo go back and explain to the poisonous spider.

“Brother, why not, let’s not wait for tomorrow.

There’s nothing to move on my side anyway.

I’ll go back with you now.”

Although within the capital, law and order was in full swing.

However, according to Lin Mo, the other party was a super big man above the Zongshi.

If the other party wanted to swipe himself away without a sound, it wouldn’t be a matter at all, okay?

And his words played right into Lin Mo's hands.

"Alright, let's go back together then."

With that, Hui Chun Hall became even more lively.

.....

Early the next morning.

Two silhouettes slowly walked into Hui Chun Hall.

The people who came were none other than Chilian and Yinhuan who were disguised as interns.

Looking at the two's delicate figures and their stunning faces.

The staff members in the hall who were originally busy with their work, turned their gazes sideways one after another.

Not even their supervisors had noticed that they had arrived.

"Ahem."

With a light cough sounding, everyone reacted.

Looking at the black-faced supervisor, the crowd hurriedly withdrew their gazes with reluctance.

"Hmph, a bunch of old perverts."

After cursing secretly, this supervisor immediately revealed a smiling face again.

And then farted around and ran to the two women.

"Yin Yin, Hong Hong.

How has the internship gone these few days?

If you have any needs, just mention them to me, our welfare package for interns is still quite good."

Just hearing this from him, the male intern who was responsible for cleaning the place every day on the side expressed his doubt.

And Chilian and Yinhuan looked at the supervisor's ingratiating look.

Smiling sweetly, they said good-naturedly.

"Got it, thanks supervisor haha

The two of us will go to work first."

Hearing their delicate voices, this supervisor's whole body was crispy.

Looking at the two's sweet smiles again, he couldn't help but have a glow in his eyes.

He even waited until the two girls, spoke past him.

He even greedily inhaled the fragrance that still seemed to linger in the air.

And then there was a look of ecstasy.

It was only when the two pushed open the door of the consultation room where Lin Mo was sitting.

Lin Mo, who was sitting at the table, couldn't help but frown.

The snake lady was here!

And seeing his appearance, the two of them couldn't help but look embarrassed.

Was this Lin Mo really a normal man?

"Master Lin, we're here, what do we need to do today?"

The reluctant duo then asked with their whiny voices caught in their mouths.

Only to see Lin Mo across the room shiver.

And then he waved impatiently.

"Go to the pharmacy and learn how to catch pills from the seniors!"

At this time, the two of them, Chilian and Yinluan, looked at each other in disbelief and could only glance at each other awkwardly.

Rash!

Chapter 2116

This is how a new day begins.

The early morning air is always exceptionally refreshing and soothing.

At the Myoho Hall.

Two long queues had already formed outside before the opening of the Medical Hall.

If you pay attention, you can see that one of the queues is made up of almost all young women.

The main reason for this phenomenon is the snake bile and light spirit ointment developed by Chang Wen.

This medicine can be taken internally or applied externally, and is extremely effective for beauty.

It has an amazing effect on skin problems such as blemishes and acne.

It also has a whitening effect.

Word of mouth has spread and the snake bile cream is getting hotter and hotter.

It quickly gathered a large number of loyal female customers.

As for the other group, they either came for Chang Wen's wonderful healing skills or for Myriad Hands Hall's elixirs.

For the same condition, only the elixirs configured by Myriad Hands Hall are effective when taken.

Those bought from other pharmacies have very little effect.

Of course, what they did not know was this.

What they didn't know was that Myriad Hands Hall's elixir had added Yin Su Hua to it.

Even if it is a trace ingredient, it can make the body dependent on such pills.

Although non-toxic, Myriad Hands Hall has attracted a large number of repeat customers because of this.

With these two means, its popularity has surprisingly overshadowed that of Hui Chun Tang for a while.

After receiving this news.

The happiest person was Lei Shaoting.

Ever since his dispute with Lin Mo, he had not been able to find the opportunity to take revenge.

And as he saw the other party's reputation growing, he was also anxious.

Now that Myriad Hands Hall was on fire, he was overjoyed.

"Someone, contact the reporters for me.

Let them interview the young miracle doctors of Hui Chun Hall!

Also the number of reporters must be large, it's best just to surround Hui Chun Hall with water."

Since Myriad Hands Hall was in the limelight, he planned to add another big fire.

It would make it impossible for Hui Chun Tang to open normally.

At that time, people who asked for medical advice would naturally go to Myriad Hands Hall.

After the task here was ordered.

Lei ShaoTing's gaze then turned to Manager Wang in front of him.

"Manager Wang, you have been doing your best for our Lei family for so many years.

I have always seen it in my eyes as well, but when you do wrong is, you have to pay the price."

Knocking on the table in front of him, Lei Shaoting said with a frown.

"I won't make things difficult for you either.

Let's put it this way, that painting of the two swallows in the spring pond was originally bought by me at a heavy price and given to Old Man Bai.

It was later sold to Lin Mo by you by mistake.

This is something that I hope will reach Old Master Bai's ears.

You understand what I mean, right?”

After saying that, he looked at the other party quietly.

Although Manager Wu was holding back in his heart.

But after all, he was working for their Lei family.

In this way he could only silently nod his head, indicating that he understood.

On the other side.

By the time Ah Vu was able to move again.

Only then did the two of them rush back to the stronghold.

“Master, the mission has failed.”

In front of him, White-faced Lang did not have much of a reaction.

It seemed that he had already expected such an outcome.

“Although Cihang Zhai is a small Daoist temple.

However, it has a great god, the Jade Soojin, sitting in its place.

I am not surprised that you two failed.

It’s just that the two of you didn’t reveal your identities, right?”

At the end of his sentence, his tone gradually cooled down.

Real Yu Shu, that was one of the leading figures of this generation of the Dao Sect.

And that Dao Sect, a super power that even he did not dare to offend.

If his identity was leaked, he could only clear the door and resolve the misunderstanding.

“Don’t worry, Director, the two of us concealed our faces when we moved.

They did not know our identities.

It’s just that my men have another matter to report.”

As the words fell, White-faced Lang also withdrew his aura and continued to tease the small snake in front of him.

Indifferently, he said.

“Speak.”

“This matter is about that Lin Mo’s cultivation level.”

After waiting for the two of them to recount what happened when Lin Mo defeated, half-step Zongzi A Viper, in one move.

White-faced Lang was a little surprised.

“I didn’t expect that this person was also a martial cultivation wizard.

Interesting, interesting!”

Chapter 2117

Previously, White-faced Lang had never been able to understand why a country bumpkin from the Southern Realm, that barren land.

On what basis was he able to make Elder White personally receive him.

So that was it.

Was the old man trying to cultivate a descendant?

As he thought this, the biting killing aura around him became thicker and thicker.

It was only when the colourful Yan Luo Snake nuzzled his fingertips.

Only then did White-faced Lang come back to his senses.

And at that moment, the two men who were half-kneeling in front of him were already sweating profusely.

“Alright, you guys go down and heal yourselves first.”

With that, he threw out a medicine bottle.

“Yes, the men will retire.”

After waiting for a long time for the two to retreat.

Only then did White-Faced Lang speak indifferently.

“Come out!”

As soon as the words left his mouth, a black shadow manifested itself.

The person who came with a hoarse voice asked.

“As expected of you, Mr. Bai, our Yixue Sect’s art of concealment is unparalleled in the world.

How did you find me?”

This statement clearly had an element of bragging about himself.

Of course, White-faced Lang didn’t intend to poke holes in it.

He just calmly said.

“The smell of blood, you’re injured.

Tell me, what is the important thing you came to see me about.”

“Members of my Japanese Momosuke and Samurai association have arrived in the capital one after another.

Therefore, this evening, I would like to invite Mr. Bai over for a chat.”

Peach Aid is the Japanese equivalent of the Medical Alliance.

As for the Samurai association, it was equivalent to the Martial Arts League in China.

After a pause, the other party continued.

“Besides well, in order to help you lure away the experts of Cihangzhai.

I was seriously injured, and I would like to ask for some healing medicine from Mr. Bai’s side.

The people of the Dao Sect are really powerful, so it seems we have to be prepared to flee back to the Japanese country at any time.”

When he said the words ‘Daoist clan’ and ‘flee’, he clearly increased the tone of his voice.

The threatening meaning was undeniable.

This man was the leader of the ninja outside the Tzuhang Zai.

Although he had escaped the pursuit of Real Yu Shu with his body double technique.

However, he was still injured by the aftermath of her last slap, which injured his five organs.

After hearing the other side’s words.

White-faced Lang was also secretly disdainful.

He said he was asking for a healing medicine, but in fact, he felt that the reward he had given before was not enough.

Although he was thinking this in his heart, his face showed a deserved expression.

“This is as it should be, your party was also injured so badly because they helped us with our work.”

With that, White-faced Lang fetched a palm-sized porcelain jar.

“This is a healing pill, the market price would be around two million.

Here are ten pills in total, a little token of appreciation.”

At the sight of this medicine, the ninja leader also lit up.

“Hahahaha, Mr. Bai is really generous.”

On the other side, White-faced Lang also smiled lightly.

“That’s natural, I’m very generous to my friends.

Come, have some tea!”

With that, he picked up the teapot and poured it for the other man.

The ninja leader, on the other hand, picked up the teacup and drank it all in one go, not the least bit afraid that the other party would put poison in the tea.

Now many forces from the Japanese country had arrived in the capital.

If he was capable, he could poison him to death.

It was a matter of one life for one life.

This was the reason why he had the courage to threaten his opponent even though he knew that his poisoning skills were unparalleled.

After exchanging a few pleasantries and drinking a few cups of tea again.

The ninja leader then rose to take his leave.

“Well, Mr. Bai, it’s getting late.

Remember not to be late for tonight’s party, sir.

Those people, after all, are not as nice as I am.

If you go late, they can get angry.”

Having said that, he left with a hearty laugh.

In place, facing the other party’s arrogant words.

White-faced Lang was not the least bit moved by anger.

Looking at the departing back, he just smiled calmly.

“Hehe, how many years have pa*sed.

You are the first person who dares to drink the tea poured by someone like me, Bai.

You are also the only one who dares to threaten me to my face.

Very good!!!”

After murmuring, he then once again lifted the cup of tea on the table and downed it in one go.

Chapter 2118

That evening.

In order to receive the various forces from Japan who had come all the way here.

Xie Qianshan had spent a lot of money to buy a large villa in a quiet environment in the capital as a temporary reception place.

At this moment, there were already a few Japanese representatives sitting scattered in the villa’s meeting room.

When Whiteface arrived at the villa.

As soon as he entered the door, he noticed that the atmosphere in the room was unusually dull.
And when the crowd saw White-Faced Lang, the originally quiet atmosphere was suddenly agitated.
When a man who was over half a hundred years old stood up.

The eyes instantly gathered on him.

This man was none other than the Japanese Hidden Trails, the elders of the Ichizuru School, Hanzo Ichisui.

“White-faced Lang, may I ask what is going on?”

With that, Hanzo Ichisui pointed to the corpse that was lying in the middle of the room.

At the sight of this person, White-faced Lang also looked surprised.

“Isn’t this Mr. Leader?”

We were having tea together during the day, but now you look like this?”

“White face, don’t pretend.

As you said, he looked for you during the day.

Do you not think there is something fishy in this?”

The person who spoke was none other than Hatoyama Henshin.

The white-faced man glanced at him indifferently.

And then spoke slowly.

“Senior Hatoyama, do you mean to say that the death of Mr. Leader has something to do with me?”

Hatoyama Henshin smiled disdainfully.

“That’s what you said yourself.”

If before he had to fear White-Faced Lang a little.

Now many Japanese powers had arrived in the capital to back him up.

He had a lot of confidence in his words.

When White-faced Lang saw this look on his face, he continued to speak with a flat face.

“Senior Hatoyama, you have to be careful with evidence when you speak.

I can also suspect that it was you who moved under the condition that there is no evidence for your words.”

“You”

Before, Hatoyama Henshin could speak again.

Outside the door came a movement.

“Come, come, seniors, please come inside, please come inside.”

Under the guidance of Xie Qianshan, the head of the Xie family, the

The senior members of the Momosuke crowd, with a group of elites from the Inawashiro Society, penetrated through and entered.

Just as they stepped into the room, the group saw a corpse unexpectedly lying in the main hall.

The face of the leader, Chishi Satake, instantly turned gloomy.

“Master Xie, what is the meaning of this?”

At this moment, Xie Qianshan was shocked to see this scene.

Nima, Laozi f*cking went out to pick up someone.

You guys actually placed a corpse in the hall to greet people.

This is too unlucky.

Even a man of clay has three parts of fire.

At this moment, Xie Qishan instantly pulled down his face.

“Gentlemen, I am sincere in my reception.

Isn’t this kind of behaviour, a bit of a slap in the old man’s face?”

At this moment, Hanzo Ichisui and the others also realised their impulsiveness.

“I am sorry, Satake kun.

This is an important matter involving the death of a core disciple of my Ichikuru sect.

As an elder of this sect, I must investigate it.”

With that, he recapped what had happened in general.

Only after that did Satake Zhishi’s face turn all the better.

There was a reason for what happened, and he was not pursuing it.

“What is the use of arguing with words? Have you found out the cause of death?”

At this question, Hatoyama Henshin and the others looked ashamed.

The cause of death had already been investigated by several national experts.

Apart from the internal injuries, they had not found anything else.

But this ninja leader, who had only seen Whiteface during the day, naturally became the first suspect.

Seeing that the crowd was silent, Chishi Satake turned towards the few men behind him and said.

“Come forward and see how this man died.”

At these words, several members of the Inawashiro Society emerged from the crowd.

Just after some examination, they quickly gave their answer.

“Internal injuries, resulting in haemorrhaging.”

Since the Inawashiro had spoken, the matter was set in stone.

It was only at this point that White-faced Lang spoke again.

“Senior Kazumi, I think you know best why Mr. Leader was seriously injured.”

This asked this.

Hanzo Issui, too, could only nod helplessly.

After all, it was only after he gave his nod that he took on the Cixi Zai mission.

Now, since he had died from injuries sustained in the course of the mission.

Then he could only blame himself for not learning his craft well.

Chapter 2119

“Mr. White, this matter is a misunderstanding on my part.”

With that, Hanzo Kazumi gave in and sat back in his seat.

Of course regarding why the ninja leader was injured, he kept his mouth shut.

It was the rule of their Ichizuru school to take money for their work and keep the contents secret.

The ninja could die, but the sign could not fall.

The others didn't know what was involved, though.

But since the people involved were no longer pursuing the matter, it was naturally not good for them to get involved anymore.

“Gentlemen, sorry for disturbing the fun.

I will take my leave now.”

After saying that, Hanzo Ichisui ordered someone, carrying the corpse, to leave the room.

“Hahaha, sorry sorry sorry.

I didn't expect such a mess.

Come, come, let's change places and rest.”

With that, Xie Qianshan led the crowd to another meeting hall.

After all, it was somewhat inauspicious to leave a corpse here.

After that, only three parties were left within the venue.

The Xie family, the Inawashiro elite led by Momosuke's senior officers, and Whiteface, the master of Thousand Serpent Island.

Guada Sakura, on the other hand, saw that the matter could not be resolved and went back to the Japanese country.

As for the side of the Kunitachi Divine Doctor, it was because of what had just happened.

They left with Hanzo Ichisui, embarrassed by what had just happened.

The main purpose of this meeting was to get to know each other.

It would be easier for them to do so in the future.

After a brief exchange of pleasantries, the group dispersed and left.

As soon as Whiteface got into his car.

Inside the cab, Viper handed over a package.

"Master, the stuff is ready.

Also his hotel address, is in it."

After White-faced Lang took the parcel, he did not reply, and kept his eyes closed to himself.

When the car drove to the road, where there was no one in front or behind.

The sunroof of the car suddenly opened.

A figure sprang out of it and leapt up into a tree beside the road.

The car, still with its night lights on, drove away.

There were two separate stories.

Back at the hotel.

Hatoyama was displeased.

He had wanted to help Hanzo Ichisui, but he had not expected him to go soft.

He was so embarrassed that he made several national divine doctors.

As he walked into the room, he closed the door in his hand.

Just as he was about to unzip his jacket.

The sound of the door being locked suddenly came from behind him.

For a moment, his body's cold hairs stood up.

"Who is it?"

With a cold cry, he silently took out a few silver needles from behind him.

And then looked warily, at the black shadow behind the door.

“Senior Hatoyama, you’re a little late in coming back.

I could have waited for you for a long time.”

As he said that, the figure slowly walked under the light with a wooden sword in his hand

Seeing the visitor, Hatoyama Henshin almost guessed what the other party was up to.

“You have a lot of nerve, White-Faced Rang.

I am the Japanese National Divine Doctor, how dare you kill me?”

Hearing the other party’s loud and angry shout.

White-faced Lang, on the other hand, shook his head with a smile.

“Senior Hatoyama, I advise you to give up this futile act.

You know, this hotel, there is no other merit.

Only the piece of sound insulation, no one in the capital can beat it.”

At this moment, Hatoyama Henshin, too, had a change of face.

Seeing that his little mind had been detected.

Fortunately, he also stopped pretending.

“White-faced Lang, you know that if anything happens to me, you won’t be able to leave the capital alive either.”

“Oh, I don’t need to bother senior with that.

Since I dare to come, I have naturally thought of a way out.

So, can senior now go and die obediently?”

Seeing that White-faced Lang’s move had been made.

Hatoyama Henshin hurriedly raised his hand.

“Wait, I want to know exactly how that ninja leader died.

Don’t tell me that his internal organs are bleeding profusely, if there is any abnormality in his body, he will definitely come to us few old men.”

The words fell.

White-faced Lang was surprised.

I didn’t expect this old man to still have some brains.

No wonder he kept biting me to death before.

“Living Blood Gra*s.”

Hatoyama Henshin’s pupils could not help but shrink when he heard about this item.

“So that’s how it is, the Blood-Living Herb is a tonic for normal people.

But for, those who have suffered severe injuries to their internal organs, it is a life-threatening poison.”

When he said this, he could not help but laugh out loud.

This medicine is colourless and tasteless, and unless one knows it beforehand, one cannot detect it at all.

“Good for you, white-faced boy.

I, Hatoyama Henshin, am indeed inferior to you in the art of poison.

But if you want my life, let’s see if you have the ability to do so.”

With that, he flung out the silver needle that he had concealed in his hand for a long time.

Only, the white-faced man opposite disappeared before he could strike.

The next second, Hatoyama Henshin felt a pain in his chest, and then his consciousness dissipated into thin air.

Chapter 2120

After putting on the mask.

Only then did Whiteface open the curtains.

The moon was high in the sky, and the bright silver light fell through the window just above the corpse of Hatoyama Tsunobu.

He waited until the sound of footsteps came from the corridor.

Only then did he open the door to his room.

At that moment there was a patrol of security personnel directly opposite.

The opposing crowd took one look at his nightclothes getup and immediately drew their flinging sticks.

“Who is it?”

And then one of the security officers rang the alarm bell by the staircase.

In a flash, the whole hotel was in an uproar.

All the security personnel were out en ma*se.

The ear-piercing alarm bell naturally disturbed the rest of the few Japanese National Hand Divine Doctors as well.

And when they opened the room door.

Only a dark figure holding a Thunderwood sword was seen rushing towards the window of the corridor lens.

But he was seen leaping, and then arching his body to smash right through the gla*s and jump out of the building.

By the time the security personnel rushed to the window.

The dark figure had already landed on the ground and disappeared into the darkness of the night in a few leaps.

Seeing this scene.

The security captain was also in a cold sweat.

This was the twelfth floor.

Of course, he was also secretly glad that the other party had not made a move against them.

Otherwise, with the few of them, they would not have had a chance of surviving under the other party's hands.

In the corridor.

Nishijima Hirokazu and the others saw the door to Hatoyama Henshin's room wide open.

A bad feeling came over them.

"Oh no, Hatoyama-kun."

With a cry of alarm, the men rushed into the room.

Only when they arrived, Hatoyama Tsunobu had already collapsed in a pool of blood.

Nishijima Hiromichi's face changed dramatically after he knelt down and checked his opponent's neck pulse.

"How dare you, how dare you a*sa*sinate our God's countryman."

On the other side.

After scurrying into the woods, White-faced Lang continued to dart for several kilometres further.

Only when he confirmed that no one was following behind him did he stop.

And the imitation Thunderwood sword was sprinkled with a layer of venom by him.

It disappeared straight away in the blink of an eye.

"Lin Mo, I hope this great gift I've prepared for you.

You will like it."

As the words fell, he disappeared in a flash.

.....

Early the next morning.

The National Hand Divine Doctor directly summoned the crowd.

“The people of the Kingdom of China are too deceitful.

How dare they directly a*sa*sinate my God’s Country’s National Hand.

This is a great revenge.”

The people present were shocked to learn of the death of Hatoyama Henshin.

After all, this was a country, a representative of the medical profession.

“Did you ever see who the murderer was?

I can strike for you once for free.”

From his seat, Hanzo Ichisui spoke coldly.

This matter was no longer just a personal matter, what was at stake was the face of the entire Japanese nation.

“It is not clear, the other party is wearing night clothes.

The only weapon we know of is a wooden sword.

And Hatoyama was struck through the heart by this sword.”

The words were finished.

Xie Qianshan, who was at the side, instantly lit up.

“On top of that wooden sword, is there the shape of a thunder pattern?”

Upon hearing this, several of the Japanese nationalists sat up in shock.

“Master Xie, how do you know?”

Of course they were not doubting him.

From what they knew about Xie Qianshan, even if they lent him ten guts.

He would not dare to do such a shocking act.

With a gloating mood, Xie Qianshan spoke.

“If we talk about the capital, the one who uses this weapon.

There is only one person.”

“Who?”

“The representative of Guang Province’s participation, Lin Mo.”

For Lin Mo, Xie Qianshan naturally wanted to get rid of him before he did.

However, in the capital, he did not dare to take direct action.

The only thing he could do was to send someone to keep an eye on Lin Mo’s whereabouts.

He never expected that this move would bring such a big harvest.

And after Xie Qianshan reminded him of this.

A few of the Japanese nationalists instantly associated themselves with the previous incident.

“Hatoyama Henshin had repeatedly threatened to have Lin Mo buried with his disciple.”

“Then came the matter of the Tui Longevity Pill, and he, Lin Mo, was the venerable one in the wide province.”

Thinking about this, a few people dawned on them.

This Lin Mo did have a clear motive to kill, and the weapons he held were all consistent.

Thinking of this, Nishijima Hiromichi spoke with gritted teeth.

“Insolent little boy, how dare you deceive me that there is no one in the divine Kingdom?”

As soon as the words left his mouth, Hanzo Ichisui, who was on the side, already had his right hand on the katana at his waist.
