

Genius 2121

[Chapter 2121 The Contaminated Land!](#)

"Zi Zi Zi!"

With the end of the flashing light, the explosive force behind him also ended. The four great killing generals' bodies became extremely stiff.

Crack, crack, crack!

Then, the sound of shattering rang out as the four slaughter generals turned into black and gold fragments and fell to the ground!

"Ah?"

The people of the flying feather race who were watching the battle from a distance were completely stunned. Was the cultivator in front of them even human? His strength was so strong that it had exceeded the upper limit of their imagination. When he was in the flying feather race, it was already amazing that he could fight against the fifth elder and heavenly worker Tong Zhu alone. Now, his sword was sweeping across nineteen regions and killing all his enemies without leaving any traces!

The four terrifying killing generals of the evil-warding King had been killed with a single sword strike!

"He's really too strong. He's really like a god!"

"I've never seen such a person before!"

"He might really be able to unravel the secrets of the nether God Hall!"

Many of the experts who had survived let out exclamations of surprise.

At this moment, Ye Chen did not smile because this was not the end. Although the four great slaughter generals had been eliminated, the evil source was still eyeing them covetously.

"Evil beast, after seeing this Emperor's might, why don't you obediently get lost!"

Ye Chen shouted at the evil source.

"Roar!"

At this moment, Xie Yuan roared towards the sky and then sneaked into the earth vein, disappearing without a trace.

"What?"

Ye Chen's eyes turned cold. This was too simple.

Suddenly, he saw some of the body parts being taken away by the evil source.

"Go!"

Ye Chen's sword struck again, following closely behind the evil source. However, the environment in the ley lines was complicated. Countless tentacles came out at the same time to resist Ye Chen's sword.

"That's great! Senior ye, we have eyes but failed to recognize Mt. Tai. Please forgive us!"

"Yes, we shouldn't have called you by your name. You're from a different world from us!"

"Right, right, we'll be relying on ye-qianbei in the future."

The powerhouses of the flying feather clan came forward to flatter ye chen, but ye chen did not care. He sensed the black and gold broken faces on the ground. The corpse fragments that were taken away belonged to the corpse Devourer. Connecting this to the powerful corpse energy that the corpse Devourer released in battle, this person might have the ability to regenerate!

However, ye chen did not need to care about this. At this moment, he just wanted to go to the underworld God Palace as soon as possible and understand what had happened.

"Let's go!"

"Yes!"

Once again, the group mounted the flying birds and sped towards the hall of the underworld.

In the depths of the earth vein, in an underground Palace.

A mass of black matter sat on the throne, continuously transforming into various forms. Finally, it stabilized its form. It was in the shape of a green ball.

"Corpse-devouring ghost!"

A deep voice rang out. It came from that ball of skin.

Crack, crack, crack!

All of a sudden, the corpse-devouring Ghost Fragments on the ground started to spin, but their biological components were sealed by the black gold glass, so they could not regain their vitality by themselves.

The fragments kept shaking, as if they wanted to break the seal of the black-gold glass, but they couldn't do it.

"Go!"

The green leather ball released six tentacles, which directly attached to the fragments.

"Gutu, Gutu, Gutu!"

Green liquid was injected into the fragments, and then the liquid began to corrode the black-gold glass.

"Damn it, he's actually so tenacious!"

Seeing the black-gold glass continuously resist the corrosion of the green liquid, the ball was very angry.

At this moment, the corpse Devourer ghost's corpse fragments began to devour the green liquid. After six hours, the corpse fragments had been completely covered by the green liquid.

The black-gold glass had lost its liveliness due to the long passage of time and the lack of any active substances. Under the corrosion of the green liquid, it finally degenerated and dissipated in the space.

"Finally done!"

On the surface of the green ball, there was a big mouth that revealed a cold smile.

Then, the corpse Devourer's body fragments began to dissolve, turning into a mass of green liquid, just like a slime.

"Ah!"

The mass of slimes let out an angry roar, which was the expression of the ghoul's unwillingness and anger.

"Corpse-devouring ghost, you should not have come to the territory of the evil source!"

"Lord evil source, I'm carrying out the orders of the evil-warding King. Please forgive me!"

"Hmph, the four generals of the demon-warding King were killed by that man with a single sword strike. What a pity!"

"Lord evil source, this was all due to our carelessness. It has nothing to do with the great dignity of the evil-warding King!"

"Hahaha, such loyal dogs! What did the demon-warding King teach you?"

"You!"

The corpse-devouring ghost was furious. It wanted to fight back, but it was completely under the control of the evil source. If it wanted to revive, it would need the power of the evil source. How could it fight back?

Xie Yuan looked at the angry corpse-devouring ghost that did not dare to show its anger and sneered.

Buzz, buzz, buzz!"

All of a sudden, the evil source evolved once again, directly turning into the shape of a human.

A pair of green horns grew from his head, his body was covered in scales, a pair of wings grew from his back, and his limbs were arthropods, like a large flying insect.

"Hehehe, corpse-devouring ghost, this is the evil source giving demon-controlling King face. Come back to life!"

The evil source released energy and instilled it into the mass of slime, and the form of the corpse-devouring ghost came out of the slime.

At this moment, the corpse-Devourer's entire body was green. It had already been infiltrated by the green slime. However, it was already a great blessing to be able to be resurrected under ye Chen's sword. What else could it ask for?

"Lord Xie Yuan, are you really not worried at all about ye chen going to the nether God Hall?"

"Hmph, he's just a reckless human brat. Before the evil source, only death awaits!"

"In that case, has the evil source successfully corroded the god of the underworld in the underworld God's Palace?"

"What?"

Suddenly, Xie Yuan's cold eyes locked onto the corpse-devouring ghost, and a cold killing intent immediately corroded the back of the corpse-devouring ghost. The terrifying aura made it retreat continuously.

"You must be clear about your identity and status. Get lost!"

"Yes!"

The ghoul quickly bowed and left the underground palace.

Xie Yuan extended his finger and released a drop of green liquid. Following that, the drop of liquid entered the earth vein and quickly spread towards the hall of the underworld.

After leaving the nether prison forest, ye chen and the others rode on the flying bird and traveled another tens of thousands of miles.

The environment below was very complicated but ye chen could see the situation in the nether prison forest. It was clear that the mountains and rivers here had been contaminated by the evil source.

From the looks of it, had the temple of the underworld really fallen?

Recalling what Emperor Yu had said at that time, ye chen had no choice but to make the worst prediction when he linked it to the situation he was seeing now.

"The god of the underworld can't be corrupted by a monster of this level. There must be some truth that I haven't discovered."

Ye chen had the members of the flying feather clan increase the speed of the bird. He wanted to reach the underworld God Hall in the shortest time possible.

The corpse Devourer returned to the evil-warding Palace and reported the failure of the assassination.

"Hateful!"

The demon-warding King was furious. He punched the ghoul, and green blood spurted out of his mouth!

[Chapter 2122 Skeletal Giant!](#)

"Hmph, you don't even know that you're being possessed!"

"Ah?"

The corpse Devourer looked at his own body, but he was under the control of the evil source. His mind made him unable to see any useful information, and he was completely trapped in the range of the evil source.

Evil-warding King's eyes glowed red, and suddenly, a strange evil energy was injected into the body of the corpse-devouring ghost, and then went through the meridians of the whole body.

Boom, boom, boom!

Then, the corpse Devourer's entire body self-destructed, and blood flowed out. However, the blood that flowed out was all green, and the corpse Devourer couldn't see it.

When everyone saw this scene, they were all shocked. They couldn't imagine what had happened to the body of the corpse Devourer that it would become like this.

"Activate the bone weaving secret spell!"

Evil-warding King released his power, and corpse-devouring ghost's body floated in the air. Then, the meridians in its body showed up, all green. This was a sign that the evil source had entered the meridians.

"The power of the evil source is indeed powerful!"

The king calculated in his heart. Then, he activated the secret curse again. The corpse-devouring ghost's body trembled and it continued to release poisonous blood.

"Ah!"

"Arghh!" The corpse Devourer screamed in pain. It was as if he had fallen into the flames of hell. The pain was deep in his bones. It was the first time he felt like his body was being devoured.

"No!"

With a final scream, the ghoul was unable to escape and began to resist.

"What?"

The evil resisting King was furious, and the bone weaving secret technique strongly generated the evil energy. In the blink of an eye, all the meridians of the corpse-devouring ghost were cut off, and it became a disabled person.

When everyone saw this scene, they were all shocked.

"Evil-warding King, could this person have been infected by the evil source?" An expert asked.

"That's right. All the poisonous blood in the corpse-devouring ghost's body has entered his bone marrow, and he is beyond saving. I'm just trying to free him from the control of the evil source."

"Yes!"

Everyone bowed, but when they saw the form of the corpse-devouring ghost, they all remembered the power of the evil source. They must not approach it at will.

.....

After breaking through the nether prison forest and traveling ten thousand Li, Ye chen finally arrived at the periphery of the nether God temple.

The aura here was even more strange and unpredictable. There were countless withered ancient trees standing on top of which were birds with black feathers. They kept pecking at the trunk of the ancient tree like crows, but there was a dark aura coming out of their beaks, and there were even sharp fangs flashing.

"Squeak, squeak, squeak ..."

When they saw ye chen, the strange birds screeched as if they had seen an intruder.

The shrieks resounded through the entire area, stirring up gusts of cold wind and shaking the earth. Waves of dark energy rushed out of the ground and turned into a black mist that surrounded ye chen.

"How dare you be rude before the Emperor!"

Ye Chen's five fingers curved slightly, and a surge of Thunder divine energy gathered in his palm. It was the divine Thunder of calamity.

"Go!"

As soon as the order was given, the divine Thunder shot out and instantly locked onto the black fog in front of him.

Zila, Zila, Zila!

As the lightning struck, the black mist kept changing its form. After being struck by the divine lightning, it finally revealed its form. It turned out to be a flying insect.

These insects were very small, and when they gathered together, they formed the shape of a black mist.

"Squeak, squeak, squeak ..."

These flying insects were electrocuted by ye chen. They went crazy and attacked ye chen.

"Come on!"

Facing the attack of the measureless flying insects, ye chen gathered all the celestial energy in his body. Balls of celestial fire burst out, burning the world and roasting everything in all directions!

Buzz, buzz, buzz!"

All the insects were crushed and burned to ashes after coming into contact with the immortal Fire!

After burning the black mist insects, ye chen continued to move forward.

A huge mountain appeared in front of him. At the same time, there were countless ravines. The terrain was very strange. At a glance, ye chen could tell that there was a secret hidden within.

However, this was not his goal. He had come here to find out the truth about the god of the underworld.

Boom, boom, boom!

In the Rift Valley in front of them, evil energy suddenly soared into the sky, and black gas filled the ground.

A huge skeletal hand suddenly appeared on the rock wall, followed by his head, shoulders, and body.

"Roar!"

The skeletal giant roared at ye chen. Its roar stirred up a powerful airflow that carried a corrosive energy toward ye chen.

"Phew, phew, phew!"

Ye Chen's celestial fire surrounded him. All kinds of corrosive energy were burned by the raging flames, but they had no effect.

"Invader of the nether God Hall, damn it!"

Hearing this, annoyed looked at the skeleton giant in front of him carefully. There was actually netherworld energy gathering in the bone marrow of the skeleton giant. However, it was not the netherworld energy that controlled the skeleton giant, but the dark energy.

This meant that the skeletal giant was most likely a Guardian of the underworld God's temple before it was infected by the evil source and became what it was now.

Relying on his obsession while he was alive, he still thought that he had always been guarding the underworld God temple, but he was just a slave of the evil source.

"Do you still remember who you are?" Ye chen asked coldly.

"Roar!"

The skeletal giant roared in anger. Then, he looked at ye chen with a puzzled expression.

"I'm The Guardian of the nether God Palace. Leave now, or I'll die!"

"You are no longer a Guardian, but a zombie!"

"You!"

The skeletal giant's anger rose again. It waved its sharp claws and headed straight for ye chen.

"Swish!"

However, ye chen raised his head slightly. A huge energy arm Phantom appeared in front of him and blocked the skeletal giant's huge claws.

"Since you've already lost your nature, I'll free you!"

"Damn it!"

The skeletal giant's murderous cry rang out. Lightning flashed and Thunder rumbled in the sky. Countless poisonous mist rose and then shrouded the skeletal giant's body. This was a form of defense and also an attack. However, it was useless against ye chen.

The body of an ancient God was immune to all poisons!

"Kill!"

Ye chen held the celestial Thearch sword and flew up, slashing at the skeletal giant's head.

"Skeleton roar!"

The skeletal giant opened its huge mouth and let out a fatal roar at ye chen. Countless poisonous fog rushed toward ye chen amidst this roar, like a destructive ghost fire between heaven and earth.

"Ah!"

"Die!" With a cold shout, his ancient God Body exploded with power, and waves of ancient God Power formed an air shield that blocked his path.

Ye Chen's heavenly Emperor sword judgement order was issued!

"The celestial Emperor ordered the sword to spin!"

With one strike, the sword Qi reverberated for thousands of miles, cutting nine layers of bones!

Crack, crack, crack!

Countless withered bones were shattered by the cutting storm. Only the skeleton's unreconciled eyes were still staring at ye chen.

"Exterminate!"

"Destroy!" The cutting storm engulfed the skeleton giant's entire body, and all of its bones were turned into bone powder, scattering between the heaven and earth.

"Boom boom boom!"

The Rift Valley collapsed. Ye chen flew to the other side and looked at the skeleton giant falling into the abyss. He could not help but sigh!

"Hall of the underworld, I'm here."

He rode on his sword and soared into the nine Heavens. The god of the underworld mountain stood in front of him like a heavenly pillar.

The wind blew and the sword Qi whistled. Ye chen could see through the clouds with a single glance!

[Chapter 2123 Divine Cave's Statue!](#)

"Ye chen has entered the nether God Hall's territory!"

"The truth about the nether God Hall will make him flinch!"

"This person is abnormal. We can't comment on him with other Ordinary Geniuses. We have to be fully prepared!"

"Hmph, after obtaining the power of the underworld God, the time for us evil spirits to rise has come."

"Hahaha!"

In the nether God Hall, a strange laughter echoed. In the center, the image of ye chen moving forward was being played.

On the god of the underworld mountain, there was a secret path.

Ye chen walked on this path, approaching the temple of the underworld step by step. In the environment before him, he could sense many kinds of dark energy, mixed together and difficult to distinguish.

"The path to the god of the underworld!"

At this moment, a voice rang out and entered ye Chen's ears. The voice seemed to have a magical power that numbed ye Chen's entire body.

"This!"

Ye chen looked up and saw three underworld divine generals appear out of thin air.

"Whoever invades the nether God Hall will die!"

"A mountain of bones, one more for you!"

"The path to hell, I'll open it for you!"

The three generals before him had evil thoughts in their eyes. They were completely different from the Warriors ye chen had seen in the netherworld. These people were controlled by the evil source.

"Letting yourself be controlled by the evil source, how pitiful!"

Ye chen said.

"Hahaha!"

The three of them laughed out loud at the same time. This was not what they wanted to do, but their bodies were already under the control of the dark power and they could not control themselves.

"Kill!"

They shouted in unison, their murderous cries shaking the heavens. Their sharp claws waved, and together with the evil energy on the ground, they swept toward ye chen in a frenzy.

"Zi Zi Zi!"

The high frequency evil sound continued to erode ye Chen's ears, further affecting his mind.

"Demon's Eye!"

"Zi Zi Zi!"

The demon Yan Kai's netherworld power exploded with a loud bang. The shadow of the netherworld God appeared behind ye chen. The three generals' killer moves were affected by the shadow of the netherworld God at the same time and stopped.

"What?"

The three of them looked at the shadow of the underworld God at the same time with doubt. This was their last will fighting against the evil source. However, these expressions quickly disappeared. No one could escape from the control of the evil source!

"Kill!"

The three of them attacked again.

"I'll let you, the god of the underworld, give you your final release!"

The Demon's Eye released a high-energy abyssal God ray, which instantly pierced through the three of them.

"Ah!"

With a cry of pain, the three of them exploded at the same time.

Ye Chen's restraint was lifted and he looked up at the sky. The dark energy was still gathering and taking the form of an evil king.

"I'm king Mo Xie. You've lost your chance of survival after entering the underworld God mountain."

"Evil spirit, how is underworld God now?"

"Hahaha ... What do you think?"

"Damn it!"

Ye Chen's eyes widened and he pointed the spirit-seizing life-extinguishing finger in front of him.

"Zi Zi Zi!"

A destructive penetrating force instantly charged at King Mo Xie.

"Hahaha!" However, his opponent was not afraid at all. He struck forward with his palm, and the two's fingers and palms collided. A powerful Qi swept across the entire field, and King Mo Xie exploded. It turned out that he was only an illusion.

"Ye Chen, the god of the underworld is already in a deep sleep. You don't have the ability to wake him up, hahaha!"

"That might not be the case!"

Ye Chen's cold eyes locked on to the place where the energy had left, then his sword finger struck again.

"Killing intent for a thousand miles!"

"Roar!"

The Dragon Qi was shocking, and the sword light moved quickly, instantly locking onto King Mo Xie's energy.

"Deep sleep?"

Although he didn't kill King Mo Xie, what did he mean by sleeping? was the god of the underworld controlled by the evil source and in a deep sleep? This was a little unrealistic. After all, what kind of person was the god of the underworld? he was a God-level existence and should not be controlled by the evil source.

Ye chen could not figure out what had happened. Only by meeting the god of the underworld would he know the truth!

"No matter what schemes you have, I'll exterminate you all if you provoke me!"

Ye chen was furious. He rode the wind and rushed to the highest point of the underworld God mountain.

On the mountain peak, the power of the underworld began to show signs. Ye chen had the Demon's Eye, the source of darkness, so he was extremely sensitive to the power of the underworld. He instantly locked onto a position.

"Let's go!"

Ye chen activated the power of the darkness pool and instantly created a hidden passage for himself. He rushed toward the source of the netherworld energy.

However, under the control of the evil source, nothing here could escape his eyes.

"Release the evil insects and follow!"

In the dark, someone said.

"Whoosh, whoosh, Whoosh!"

Countless evil insects entered the ley lines and followed ye Chen's path.

Ye chen followed his senses and arrived in front of an ancient mountain. On this mountain, a cave door appeared.

"Netherworld God's cave!"

Looking at the cave in front of him, ye chen immediately recognized its name. Then, he sensed the internal energy distribution and found that there was no powerful evil energy controlling the surrounding area. It was likely that this place had been ignored by the evil source.

"How do I open it?"

Ye chen sized up the grotto's door and found a mark of a Demon Eye totem.

"Could it be ..."

He opened the Demon's Eye again, and a ray of magic light rushed straight to the mark.

"Zi Zi Zi!"

As the energy of the demonic eye was injected into the demon Eye totem, the door slowly opened.

Ye chen looked at the dark cave and jumped in without thinking.

"Whoosh, whoosh, Whoosh!"

At the same time, evil insects poured in from the earth vein.

Ye chen walked along the cave and came to a place that looked like a temple. Here, ye chen saw a tall statue.

He came to the statue and looked around.

"Zi Zi Zi!"

Suddenly, the statue's eyes glowed. Ye chen saw light spots appear under his feet.

"What?"

He quickly dodged!

As the light shone down, the ground cracked and the void trembled. The powerful energy destroyed everything.

"Squeak, squeak, squeak ..."

Countless demonic insects in the earth vein were killed in one strike!

"These evil insects are ..."

Ye chen immediately realized that he was being followed. It seemed that although he had control of the underworld God Hall, the evil source had information that he did not know. They were following him because they thought he had control of something or they had observed the guidance of the underworld God.

"Now that the demonic insects have been destroyed, can you show yourself?"

Ye chen looked at the statue and asked.

Within the statue, the energy was activated again and a shadow appeared in front of ye chen.

"I didn't expect the person to come to be you!"

The apparition immediately reminded ye chen of the apparition of the god of the underworld he had seen in the underworld.

"Ha! I didn't expect the famous underworld God to need my help!"

Ye chen sneered.

"The heavenly Emperor ye chen!"

"Eh? So you're very familiar with my identity. "

"I've also gone to the heaven realm to take action. At that time, I wanted to challenge you, but things didn't go as I wished!"

"Let's cut the crap. Where is your main body? what happened in the Underworld realm?"

"The demonic astral energy has seeped into every inch of the underworld God mountain. Only by releasing the underworld God can we stop this great catastrophe!"

"Release the god of the underworld?"

[Chapter 2124 Heavenly Snake Rage Hack Black Tortoise Form!](#)

The statue before him told ye chen that he needed to unseal the god of the underworld. It was clear that the god of the underworld had fallen into some kind of seal.

"Where is the god of the underworld? how can I unseal him?"

Ye chen asked.

The shadow of the god of the underworld appeared on the statue again.

"You've inherited the Demon's Eye of the underworld God and the darkness pool, so you can accept everything about the underworld God. I'll pass you the stream of consciousness, accept!"

"What?"

Ye chen looked at the statue that had condensed a powerful stream of consciousness. Should he accept or reject?

Faced with such a decisive moment, ye Chen's eyes turned slightly cold. He instantly felt the strong energy of the underworld God in the stream of consciousness. This was definitely the stream of consciousness of the underworld God.

"Alright!"

Ye chen accepted it decisively and closed his eyes slightly. He opened his demon eyes and streams of consciousness entered his brain.

The powerful stream of consciousness had greatly impacted ye Chen's mind. However, with his ancient God Power protecting him, nothing could harm him.

After receiving the consciousness of the god of the underworld, ye chen immediately felt the shadow of the god of the underworld appear in his mind.

It was just a figure, but it contained endless power of the underworld.

With the Demon's Eye and the darkness pool, ye chen had no problem receiving this stream of consciousness.

As the stream of consciousness entered ye Chen's body, the statue before him began to show signs of shattering.

Crack, crack, crack!

In the end, the statue before him turned into dust and all the energy entered ye Chen's body.

At this moment, a series of restless sounds came from the outer passage.

"What?"

Ye chen immediately realized that someone had followed him in.

Several dark energy generals appeared and surrounded ye chen.

"Ignorant human, if you want to unseal the god of the underworld, you'll die Here first!"

"Oh?"

Ye chen looked coldly at the people behind him. They were three generals with dark energy. Their strength was at true immortal level. Their dark energy was wild and their faces were terrifying.

"Kill!"

The three of them attacked at the same time. When they attacked, it was as if they were one person.

This ability, coupled with his evil divine power, could easily deal with a peak true immortal.

"Ye chen, die!"

"If you want to die, I'll grant your wish!"

Ye chen dodged. Lotus bloomed under his feet. Nine Heavens step of Yu combined with his own divine power, he advanced rapidly, leaving behind layers of afterimages.

"He, where did he go?"

The three of them supported each other but still could not find ye Chen's position. It was clear how fast ye chen was.

"Kill!"

The three of them were furious, and they released their dark powers like crazy, causing the entire maze to collapse.

Boom, boom, boom!

The space cracked and the mountains crumbled. Endless evil energy filled the world like a mad demon dancing in an unparalleled manner!

"Heavenly snake, furious roar!"

Ye chen shouted coldly. The dark energy surged behind him. Tian she and nu Jiao appeared at the same time.

"Zi Zi Zi!"

The moment the roar appeared, the surrounding space instantly changed. Although the three of them had a good cooperation, each move and each form missed. It was as if they had hit air and could not find ye Chen's figure at all.

"Why? how could he escape from our formation?"

"This person is very strange, we can't be careless!"

"I think it's better to use your ultimate move!"

The three of them looked at each other and helplessly released their dark powers.

At the same time, they ascended to the ninth heaven. The surrounding dark energy began to gather toward the three of them. The three great true immortals wanted to burst out with a crushing force and completely destroy ye chen in this space.

"Roar!"

At that moment, Tian she roared, and the air in the surrounding space madly gathered toward Tian she's position. Even the surrounding dark energy was the same.

The dark energy gathered, and the clouds in the sky surged!

The snake's mouth was like a bottomless abyss, mercilessly absorbing the dark energy.

"Impossible!"

In the eyes of the three, ye chen was only an itinerant immortal. He was courting death by forcefully absorbing the dark energy!

However, ye chen could absorb this dark energy effortlessly. After obtaining the consciousness stream of the underworld God, ye Chen's cultivation base had reached a higher level. Now, the power in his body was violent and deformed. His meridians were like infinite space. Storing energy was too easy.

"Dark power creation!"

With the primordial spirit power that was supported by the underworld God's consciousness stream, ye chen had advanced to a level that ordinary people could not imagine. It was too easy to analyze the dark energy divine ability before him now.

After thoroughly analyzing these dark energies, ye chen even created his own divine ability.

This was the power and experience that the celestial Thearch had accumulated over tens of thousands of years. How could ordinary people compare to him?

"Evil sword immortal looks down on the myriad sword evil insect!"

It turned out that when he was destroying the evil insects, ye chen had already analyzed their operating rules. Now, he had absorbed so much powerful evil energy to create the evil sword form before him!

"Impossible!"

The three of them were dumbfounded. Even they thought that this kind of dark power was very advanced and exquisite. How could ye chen use it?

"This person is a human. It's impossible for him to cultivate our evil powers. What's going on?"

"Could it be that the most terrifying reason is that Lao Ai created his own Divine Art?"

The three generals of evil energy were also shocked at this moment. They looked at the person in front of them, as if the god of the underworld had come, as if the evil monarch had arrived. Such Majesty made the three of them go weak in the legs, and they were on the verge of collapse.

"This is King Mo Xie's order. If we can't complete it, we will die!"

"I swear to complete the mission!"

"Yes!"

At the same time, the three of them cast aside their lives and released the most powerful dark energy of the laws of true immortality.

"Cycle of three tribulations, evil energy covers the sky!"

He broke his dark power core by force, and his blood and energy all rushed toward a blood ball in the sky.

All the power was integrated into the snowball, and boundless power covered the sky. The power was so strong that it was unparalleled!

"Kill!"

The massive blood-red evil energy formed a strangling storm and descended. It had automatically tracked ye Chen's position. There was no place to hide!

"Ha, many thanks to the three of you!"

"Ah?"

Just as the ultimate destruction was about to descend, ye Chen had uttered such shocking words. No one could compare to such boldness!

Behind ye Chen, the heavenly Serpent coiled around the Furious howl, forming the Furious roar celestial martial form!

"Roar!"

"Roar!" The sky snake roared at the same time. The power of space and the devouring power burst out together.

In ye Chen's meridians, the ancient God Power circulated rapidly. Then, this power turned into black and gold glass and fused into the Furious roar celestial martial form. Instantly, with a furious roar, the heavenly serpent's body was covered in black and gold glass. All the bones and blood vessels in his body rose at the same time!

"Phew, phew, phew!"

The blood-red evil energy ball in the sky was uncontrollably moving in the direction of the angry roar and the sky snake roar.

In front of the roaring sky snake, a huge black hole appeared. The blood-red Magic ball gradually moved toward the flat surface and then disappeared into it.

"No way!"

At this moment, the three of them had completely lost their ability to think. How could they have imagined that the other party would dare to devour their destructive power directly? how did the other party have this ability?

What he saw in front of him was like a fantasy, and his mind was blank!

"Zi Zi Zi!"

The blood-colored magic balls of evil energy all entered the flat void!

"How hateful!"

The three of them wanted to fight back but ye chen would not give them the chance.

"You useless people, it's time to end this."

The heavenly snakes roared again, and a hexagonal flat void appeared around their mouths again. Then, the flat void shot out an extreme blood-red evil energy beam!

[Chapter 2125 Battle Against King Mo Xie!](#)

"Zi Zi Zi!"

Under the powerful energy impact, the three of them were caught in the blood-colored ray vortex at the same time.

Boom, boom, boom!

Then, the powerful force instantly destroyed their bodies.

In the sky, the three's bodies rapidly exploded, and as they fell, they turned into all kinds of dark energy and flew away.

Ye chen ascended to the ninth heaven and appeared outside the cave. At this moment, the army of evil spirits was in front of him.

"Hahaha, ye chen, you've finally come out."

His maniacal laughter shook the sky, and his majestic figure was none other than King Mo Xie, who was facing ye chen.

"Who are you?"

"I am King Mo Xie, and I will take your life today!"

Evil king Mo Xie's entire body bloomed with evil energy. He was on a completely different level from the evil generals he had fought before. He was like a Demon King that was unparalleled in the world!

"Ha!"

In the face of such an opponent, ye chen could only sneer. Whether it was King Mo Xie or the three generals before him, they were all the same in his eyes. There was no match before the celestial Emperor!

"Before this King, no one could do it so easily!"

King Mo Xie's eyes turned cold. The dark energy in his body gathered into a stream. Then, it transformed into a pair of wings that covered the sky and rushed toward ye chen.

"Alright!"

Many dark energy Warriors cheered and thought that ye chen would definitely die.

The wind was raging, and the sun and moon were dim!

The sharp blade in King Mo Xie's hand locked onto ye Chen's throat. The blade glowed brightly and the sharp blade stabbed without leaving any sound!

"Go!"

Ye Chen's eyes widened. His sword Qi spontaneously shot out three sword gleams to counter King Mo Xie.

Buzz, buzz, buzz!"

The sword Qi and saber radiance of the two sides clashed in the sky.

"Do you know this King's strength?"

"So what if you're an abstruse immortal? before the Emperor, your cultivation is nothing. If you want to kill me, show me your true abilities!"

"As you wish!"

This was the first time King Mo Xie had met such an arrogant person. How could a lowly human be so arrogant in front of him?

"Evil god Feng zhirou evil blade stream!"

With a cold shout, the wicked blade in his hand glowed with blood-red light again. Endless light shot into the sky and locked onto the enemy in front of him.

These sword gleams were not just sword gleams. They formed a sword net between each other. The formation sealed off all possible directions ye chen could go. No one could escape from King Mo Xie.

Endless power, collapsing mountains and rocks, shaking the heavens and earth!

"Roar!"

The knife net turned into the shadow of an Eagle and rushed over.

"Slash!"

In the face of such a cold and sharp Saber Light, ye Chen's brows furrowed. His sword Qi spontaneously came out and the celestial Thearch sword was unsheathed.

"Kill!"

He held the celestial Thearch sword in his hand and infused his ancient God Power into it. He slashed out a heaven and earth Light!

"Swish!"

The Hawk's beak instantly grabbed the sword's edge, and the two sides were in a stalemate in the sky.

"Hahaha!"

As King Mo Xie laughed, the violent evil energy gathered on the eagle's wings, stirring up the wind and clouds.

"Phew, phew, phew!"

A strong wind swept over, trying to make ye chen lose his balance. Ye Chen's body spun and he swung his sword again!

"Whoosh, whoosh, Whoosh!"

One sword turned into ten thousand swords, and the ten thousand swords wove into a sword net, transforming into the shape of a Dragon at the same time.

"Roar!"

The giant dragon roared and attacked the Eagle's Shadow. The net of blades and swords from both sides burst out at the same time.

Boom, boom, boom!

All he could see was an explosion of energy. There was no bright space between heaven and earth. In the chaos, the Hawk's cold eyes locked onto ye chen but ye chen had already disappeared under the wave of its sharp claws.

The Furious bird released spatial law. Everything around him was under ye Chen's control. All the evil energy of the eagles and falcons dodged.

"Detestable!"

King Mo Xie was furious, and the dark energy in his body was once again generated, which was a hundred times stronger than before.

"The Prime Minister of the heavenly net, the evil slaying blade, only kills!"

"Zi Zi Zi!"

The surrounding space was rapidly destroyed, destroying the space law. At the same time, King Mo Xie turned into a Heavenly King with the wings on his back spread out, as if the Door to Hell was opened.

"Kill!"

Xie Dao transformed into an evil Dragon and charged toward him again.

"Hahaha, good timing!"

As ye chen laughed madly, the darkness pool in his body transformed into the form of the Wrath of the Phoenix. It was the Phoenix swallowing Dragon!

"Roar!"

Its huge body was like the boundless sun and moon, devouring the universe!

"Impossible!"

Seeing that his killing Dragon was actually swallowed by the Furious roar, King Mo Xie was furious. The demon generals around him attacked one after another.

"Kill him!"

King Mo Xie's stream of consciousness shot toward the ten great demon generals. Instantly, all the demon generals transformed into King Mo Xie's form. The ten great demon kings faced ye chen at the same time.

"Hahaha, I'm the only one in the world!"

King Mo Xie controlled the ten phantoms, and his madness was unparalleled!

"Evil blade stream, kill all eight desolations!"

Ye Chen's eight directions were like a flood, like the sinking of the sun and moon. The boundless evil energy was completely sealed.

The ten evil kings attacked at the same time, and evil energy burst out!

"Unparalleled ancient God!"

In the face of an unavoidable power, ye chen was not afraid at all. He once again erupted with the might of an ancient God, the body of the celestial Emperor!

Boom, boom, boom!

The evil energy exploded and attacked ye Chen's ancient God Body.

The majestic ancient God's shadow appeared behind ye chen. All the dark energy was blocked by the ancient God's shadow!

"What?"

King Mo Xie was shocked again. The person in front of him really couldn't be judged with ordinary thoughts.

"Activate the formation!"

"Yes!"

As soon as the order was given, the surrounding space trembled rapidly. Under the ground, countless dark power pillars rose from the ground, like a peak of killing, unpredictable.

"Phew, phew, phew!"

The evil energy was so strong that heaven and earth no longer existed!

Ye Chen's entire body emitted the light of an ancient God. He was like an ancient God of Pangu between heaven and earth.

"The power of the stars, return!"

The ancient God's shadow raised its hand to the sky, and the star picking hand absorbed the power of the endless stars, infusing it into the ancient God's body.

"Hahaha!"

As he roared, the ancient God opened his mouth, and boundless power of the stars surged through the world like a flood.

Boom, boom, boom!

The surrounding space exploded again. The power of the ancient God was unstoppable. The ten Emperor shadows exploded at the same time!

Boom, boom, boom!

Countless shards of dark power fell to the ground.

The wings on King Mo Xie's back spread open, and all the fragments turned into pure evil energy and returned to his body.

"Ye chen, you can't escape my control in the end. Die!"

King Mo Xie issued an order. The ten great evil energy heavenly pillars in the world burst with endless power, producing ten great chains that attacked ye chen.

"Hahaha, you have no chance of escaping!"

His wings continued to vibrate with dark energy shockwaves, adding to the chains. The ancient God's shadow behind ye Chen's back was gradually wrapped by the chains.

"How is it?"

Buzz, buzz, buzz!"

The ancient God stirred the wind and clouds, but he couldn't escape the restraints of the chains. Evil energy covered the sky, and killing light covered the earth. There was only death in front of him!

"Ye chen, you're dead."

The evil blade was pointed to the sky, absorbing endless evil energy. With the help of the evil energy chain, King Mo Xie was going to crush the ancient God's shadow in front of him.

"Is that so?"

Ye chen retorted coldly, his cold eyes also locked on King Mo Xie. The battle between the two powerhouses had finally come to an end!

"Unparalleled ancient God, sovereign celestial appearance!"

Ye chen roared again and again. Between heaven and earth, the stars transformed into a pair of wings and spread open. The shadow of the ancient God flew into the nine Heavens!

[Chapter 2126 The Demon Pagoda And Evil Emperor](#)

Buzz, buzz, buzz!"

The ten chains tightly bound the ancient God's enormous body. The Dragon swam in the shallow water, and the Tiger landed in the calm sun!

An evil smile appeared on King Mo Xie's face. He aimed the evil blade at the ancient God's shadow, and the ten chains released an evil light at the same time. At this moment, he was going to end the battle!

Zila, Zila, Zila!

All of a sudden, countless bolts of golden lightning appeared on the chain. The chain trembled rapidly and made a strange sound.

"What?"

King Mo Xie's brows were tightly knitted, and his heart trembled. He seemed to have sensed an extremely unusual power stirring. He suddenly looked at the ancient God's shadow. At that moment, the ancient God's body was covered in black and gold glass, and a Devil's Eye had appeared between his brows.

He was neither a God nor a devil, neither a Saint nor an evil!

"Zi Zi Zi!"

A powerful energy gathered in the Demon's Eye. This was the God-devil power, the light of death.

"The gods and devils have declared themselves to be from the evil ghost sect!"

"Boom boom boom!"

The Demon's Eye had actually summoned the most terrifying and mysterious ghost sect.

Waves of indescribable violent energy were constantly released from the ghost sifting sect. The ten chains were instantly turned into fine powder and dust when they were touched by this energy.

"What, What is this?"

King Mo Xie was shocked. He immediately realized that he had provoked an incomprehensible existence. Now, he was not going to kill the God, but he had to use his strongest form if he wanted to live.

Zila, Zila, Zila!

Strange lightning filled the area. On the ground, countless dark energy generals exploded on the spot, and blood flowed like a river.

Countless evil spirit Warriors retreated uncontrollably. This was a battle of souls, a mental exhaustion!

"This is too terrifying. Is this person a God or a demon?"

Looking at the strange and incomprehensible ghost gate in the sky, all the evil spirit Warriors fell into a state of mental shock. They knelt on the ground one after another, worshiping the existence before them!

"This ... Is detestable!"

King Mo Xie was even more furious. He had lost all his dignity and his subordinates were all kneeling down. How could he deal with such a scene?

"Evil-warding wind, dual-blade stream, destruction of heaven and earth!"

"Phew, phew, phew!"

The dark energy in his body shone brightly. The energy in the bodies of all the dark energy Warriors who had died before actually gathered again and returned to King Mo Xie's body. He held both blades in his hands, and the evil wind soared wildly. At this moment, King Mo Xie's strongest form had appeared.

"Hahaha, die!"

King Mo Xie's skeletal wings spread out, and his dual blade attack cut through everything. His huge figure charged straight at the ghost sifting sect of the nine Heavens.

"Boom boom boom!"

The ghostly gates opened, and the endless hell bloomed!

"Zi Zi Zi!"

King Mo Xie's massive figure disappeared from the ghost sifting sect in an instant after the light and shadow converged.

In the blink of an eye, everything was silent. All the energy had disappeared without a trace as if nothing had happened. It was as if they had fallen into the cycle of time and space. In the sky, only the ghost sifting sect stood upright, shocking all living things!

"King Mo Xie ... Has disappeared?"

"Not even a corpse?"

"Ah!"

Countless evil spirit Warriors were brutal and merciless existences, but at this moment, it was as if they had seen the ghost fork Soul Reaper general. The fear that seeped out from the depths of their souls was so real, so irresistible.

"We submit, we submit!"

Tens of thousands of evil spirit Warriors knelt on the ground, kowtowing and praying. They had lost all their dignity.

"Evil spirits in chaos, ghosts and demons kill!"

GUI luomen slowly entered the Demon's Eye, and then, a huge light of the underworld shone on the ground.

"Zi Zi Zi!"

In another exchange of light and shadow, all the evil spirit Warriors were killed!

"Pfft, pfft, pfft!"

The shattered body was like a fountain of blood, illuminating a cold and impermanent face that looked disdainfully at ye chen!

"Phew, phew, phew!"

Although there was, all the blood energy turned into a Blood River and gathered toward the Demon's Eye, all of which was absorbed.

Following King Mo Xie's failure, evil-warding King also sensed it.

The connection in his brain was broken, and evil-warding King was in great pain.

"King Mo Xie!"

He suddenly opened his eyes and realized that King Mo Xie had been defeated.

"I didn't expect this brat to be able to kill King Mo Xie!"

Evil-warding King looked in the direction of the underworld God temple, then immediately sent a message.

In the deep layer of the earth vein of the temple of the underworld, a massive evil energy was coiled around a huge demonic tower. The demonic tower was standing in reverse, with the top of the tower facing the bottom of the earth vein, while the bottom of the tower was attached to the interior of the earth vein.

"Phew, phew, phew!"

Around the monster Tower, there was a foul wind whistling, and a stream of evil energy kept transforming into various forms, as if protecting the entire Monster Tower.

There were eighteen levels in the demon tower, and each level was constantly flashing with light, as if the heart was moving. It was extremely strange.

"Zi Zi Zi!"

At this moment, a wave of evil energy rushed into the demon tower and entered the bottom floor.

In the space at the bottom, evil emperor Visrava was sitting in a huge inverted Palace.

"Zi Zi Zi!"

The evil-warding king's evil energy entered visra's forehead. As the evil energy law circulated, visra's eyes slowly opened.

"Mm ..."

As he let out a long sigh, the wind around him started to blow and the earth shook. The anger rushed into the space around him and the earth rumbled as if the sky was falling and the earth was collapsing!

"King Mo Xie!"

King Mo Xie, as the king personally chosen by Visrava, had actually died at ye Chen's hands. This made King Mo Xie furious.

At this moment, the gate of the nether God Palace rumbled as the formation was activated.

"He came so quickly!"

The evil emperor smiled and then released his evil energy into the eighteenth level of the demonic tower.

"Zi Zi Zi!"

The eighteen-level demon tower bloomed with light, and then, an evil king flew out to look at evil light King!

In front of the underworld God's temple, ye chen threw a punch at the underworld God's Gate.

He did not want to waste any more time. He wanted to break the door open by force. At this moment, the formation inside the door could no longer resist ye Chen's ancient divine power.

"Nine Heavens lightning strike!"

Zila, Zila, Zila!

Ye chen activated the divine lightning of tribulation and launched his ultimate punch.

"Boom boom boom!"

The massive ancient God Power combined with the divine lightning of tribulation burst through the gate of the underworld.

It was pitch-black and empty inside the door. He could not sense any signs of life. Ye chen slowly walked forward and gradually arrived at the main hall.

"Zi Zi Zi!"

At this moment, a pair of red eyes appeared in the darkness of the void and seemed to have locked onto him.

"Ha, you little rascal, why aren't you showing yourself?"

Ye Chen's cold eyes swept over them. Suddenly, his gaze turned into sharp sword Qi and rushed toward the pair of red eyes.

However, the sword Qi seemed to have entered the void. It didn't hit anything and disappeared without a trace.

The red eye disappeared as well, as if it had fused into this space.

"Ha, playing hide-and-seek with this Emperor? Unfortunately, I'm not interested!"

Ye chen sneered. The sword Qi in his body spontaneously attacked in all directions.

"Whoosh, whoosh, Whoosh!"

Boom, boom, boom!

The hall rumbled as a powerful foot stepped out!

[Chapter 2127 Evil Prison's Killing Intent!](#)

"You're the one who killed King Mo Xie?"

An evil voice came from the space, assaulting ye Chen's eardrums.

"Ha, we'll just kill that trash, how about it?" Ye chen replied firmly. Suddenly, the entire space was cold and silent.

Gusts of murderous wind reverberated in the hall, and the smell of blood appeared at the same time. This meant that the murderous shadow in the dark was completely enraged.

"I, evil wise King, swear that I will crush your body and kill you with all your meridians broken!"

"Oh? You've found a way to die so quickly. I should thank you. "

"Die!"

Suddenly, countless red eyes appeared in the space. No one knew which pair was the real Dark King.

The red eyes burst out with endless killing intent, and the whole Hall fell into a strange scene that seemed both real and illusionary. Here, every pair of red eyes could see through people's hearts and exert endless mental suppression.

"Mm ..."

Ye chen quickly realized this. He closed his eyes slightly and used his senses to determine the other party's location.

However, the red eyes could not only confuse people's minds, but also release killing intent to disturb the senses of cultivators and hide the Dark King's figure.

Buzz, buzz, buzz!"

Suddenly, the shadow of the blade light rushed in all directions.

Buzz, buzz, buzz!"

However, when these saber gleams hit ye Chen's body, they were completely ineffective and bounced back.

The night Demon Armor on ye Chen's body flickered with demonic light like dozens of Night Demon eyes, reflecting the red eyes around him.

Between the Eye of the Night Demon and the red eye, killing light was reflected. Instantly, the battle of light had begun.

"Hahaha, master, let me do it!"

The night Demon Armor laughed loudly. The repeated replenishments of qi and blood had already allowed his demonic soul to recuperate its spirit. Now, it was about to go berserk.

"Whoosh, whoosh, Whoosh!"

As the night Devil's laughter resounded through the land, the light of the night devil turned into countless needles again, attacking the surroundings indiscriminately. Suddenly, the needle-like Pandora demon ability was powerful. Countless red eyes were unable to resist the power of the night devil and were shattered one after another.

Crack, crack, crack!

The red eye shattered, and the entire formation began to collapse. The evil light King's ability to hide himself was greatly reduced.

"Sky full of fireballs!"

Ye Chen's eyes widened. The flames in his eyes burned fiercely and instantly transformed into huge fireballs that flew into the sky.

The light of the flames burned brightly, instantly illuminating the nine Heavens and ten lands. The surrounding dark space was as bright as day!

In the distance, a person was sitting on top of the underworld god statue. It was Darklight King!

"And which evil king are you?" Ye chen asked.

"This Lord is the Darklight King, die!"

When Lord xieming's true body appeared, the killing light was even stronger. The evil blade in his hand carried the smell of blood, and it was even more powerful than King Moxie.

Buzz, buzz, buzz!"

Ye chen felt that all he could see was the gleam of the blade. He still could not tell the illusion from reality.

"Ah!"

In the face of the sure-kill Saber Light, the night Demon Armor quickly covered his entire body, and black and gold glass spread out in all directions.

Buzz, buzz, buzz!"

It spread out rapidly and instantly locked onto the entire Hall, forming a huge glass cover that covered all the saber lights.

The blade light and the black-gold glass shield kept colliding. No matter how strong the blade light was, it could not break through.

"What is this?"

"What's wrong?" evil light King asked loudly. He didn't expect all his blade lights to be trapped by the black-gold glass.

"Kill!"

Ye Chen's death realm opened again. The underworld finger and the spirit-snatching life-extinguishing finger were launched at the same time.

Like two flood Dragons, they flew up from the abyss and took shape from the ocean. They carried an extremely powerful penetrating power and locked onto the depths of the soul of the opponent in front of them!

"Ah?"

The evil light King turned pale with fright. He finally understood why King Mo Xie had died at ye Chen's hands. Underestimating the person before him would result in a tragic death. Since that was the case, he would show his true ability.

Evil wise King activated the earth vein's evil energy and directly connected to the monster Pagoda. Instantly, the evil energy shot up to the sky, boundless!

"What?"

Ye chen was puzzled. This man's dark energy had increased more than tenfold in an instant. This was unusual.

He had already realized that this space could be connected to other spaces, and the most likely possibility was that the entire temple of the underworld had been infiltrated by evil energy, and the earth veins had changed.

Ye chen activated the Demon's Eye and sensed with the power of the underworld. Immediately, he saw balls of evil energy moving rhythmically in the ley lines.

"Hahaha, ye chen, how is it? is this King's Foundation strong?"

"Ha, very soon, you will become so weak that you won't even believe it!"

"You're boasting! Your death is right before your eyes. This King was personally sent by the evil emperor to kill you. Do you think I will fail? This time, I will let the vile-Emperor know that this King is his most capable assistant!"

Evil light King's angry face appeared, and a Grand and brutal light King Dharma appeared behind him.

Thump, thump, thump!

The space trembled rapidly, and huge rocks kept falling from the surrounding walls as if an earthquake had occurred!

"How hateful! The evil prison has descended, and the wisdom King of Zhuanxu wails of ten thousand ghosts!"

Evil light King once again released his ultimate technique. Countless evil ghosts appeared in the air, their bodies exploding with dark energy. As long as they touched it, they would reveal themselves.

Ye chen felt that his entire body was covered in waves of dark energy. Under the law of the evil prison, there was nothing to hide.

"Hahaha, death is right before you. Ye chen, are you going to leave your last words?"

"Evil light King, you've angered the Emperor!"

"True spirit nine transformations, heaven swallowing meteorite!"

A roar resounded through the nine Heavens and ye Chen's figure disappeared. A Supreme and brutal archaic vicious beast, the Black Dragon swallowing the heavens, appeared where he was!

[Chapter 2128 Teasing The Evil Emperor!](#)

"Squeak, squeak, squeak ..."

Countless malicious ghosts appeared out of nowhere, as if they were the fiercest and most murderous beings in the world. No matter who was in front of them, they would tear and gnaw at them.

"Hahaha!"

Evil light King activated the power of evil prison to strengthen his ghost body. This was the strongest thousand ghost wail he had ever used!

"Squeak, squeak, squeak ..."

Countless malicious spirits disturbed ye Chen's mind and he was furious.

"Roar!"

At this moment, the heaven-devouring turtle appeared behind ye chen. It was like a heavenly peak, incomparably tall, and also like the gate to hell, vast and terrifying!

As it opened its huge mouth, all the wind in the world swept toward the mouth of the heaven-devouring turtle. Countless ghosts were like kites with broken strings. They could not control their path or even their position, and they were all floating in the air.

They kept screaming, but what was the use?

Everything within the sky-devouring turtle's devouring storm would be destroyed.

The earth was uprooted, the mountains and rivers were shattered, and countless waves and rocks were thrown into the mouth of the heaven-devouring turtle.

"Spatial dimension laws!"

At the same time, ye chen activated the power of the time and space Fury and slammed the door with both daggers. The giant mouth of the heaven-devouring turtle was like a dark and infinite falling space. Nothing could escape from it!

"No!"

Even the evil bright King's body couldn't control itself, and it slowly moved toward the heaven-devouring turtle.

"Roar!"

With such an astonishing devouring power and the heaven-devouring turtle's endless greed, evil light King finally realized the danger he was in.

"You bastard!"

His scolding of ye chen had only angered the heaven-devouring turtle.

A furious roar, gravitational space!

Crack, crack, crack!

The ghosts that were devoured all exploded and turned into ghost energy. At the same time, they were sealed into the ancient God Space.

"Impossible! Who Do You Think You Are? how can you devour this King?"

"Little evil king, you dare to fight with the heavenly Emperor? today, I'll make you die without a burial place!"

Ye Chen's face was filled with anger. He grabbed with his hand and the star plucking hand directly grabbed the darkbright King, throwing him at the heaven-devouring turtle's mouth. Evil light King's body was like a sandbag, directly thrown into the mouth of the sky-swallowing turtle.

"Ah?"

Everyone's jaws dropped in shock. They watched as the invincible evil light King died at ye Chen's hands. The beast devoured everything. They fled in all directions. It was like monkeys scattering when a tree fell, throwing away their armor. It was a terrible sight!

However, how could he just watch the food leave? he opened his mouth, and a strong wind swept out, sending all the Warriors and dark energy Warriors into the storm again.

His bones were broken and blood was flowing everywhere!

All evil spirit cultivators, regardless of their level, were like ants before the heavenly Emperor.

After absorbing this dark energy, ye Chen's dark energy Foundation had once again improved. At the same time, the dark energy absorbed from the evil King's body was all high-level dark energy. After analysis by the ancient God Space, he could obtain even stronger divine abilities and secret techniques.

With the death of darkbright King, the dark energy message quickly flew toward the monster Tower.

Inside the demon tower, evil emperor Visrava received this information.

"Damn you, ye chen!"

Ye Chen's image appeared in front of him. With a roar, he shattered it with a palm.

However, ye Chen's image had regrouped, which was very surprising.

"You!"

He looked coldly at ye Chen's image. It turned out that after ye chen absorbed the power of the Dark King, he could already communicate with vairmah ā na through space.

"You're the evil emperor who's been hiding behind the scenes?"

Ye chen asked.

"Hahaha, this Emperor is pilrava-RA. What advice do you have?" The vile-Emperor laughed.

"Where is the underworld God? speak!"

"Eh? Who Do You Think You Are to talk to me like this? I'm one of the founding elders of the evil spirit lineage!"

"I don't care what kind of doyen you are. Evil spirits are in chaos. I'll destroy them!"

"Damn it!"

The evil emperor was furious, and the heavens and earth shook. From within the demonic tower, several powerful cultivators flew out. They were none other than the evil Emperor's subordinates, the black-faced Yaksha King, the Asura King, and the evil-slaying King!

The three great experts flew out at the same time and quickly locked onto ye Chen's energy.

On the battlefield where King Mo Xie had been killed, ye chen had naturally sensed the fluctuations of the powerful aura in the shifter tower.

"You want to stop me?"

Ye chen sneered in his heart. Then, with a palm of flame disorder, he destroyed all traces in front of him in an instant, leaving only a patch of dead ash on the battlefield.

After that, ye chen flew away, leaving behind only a Phantom Dharma to continue the conversation with the evil emperor.

"Ye chen, you dared to kill me, the evil spirit King. Your death is not to be regretted!"

"Vile-Emperor, even if you don't tell me where the god of the underworld is, I'll still be able to find him. When the god of the underworld descends, you'll all die without regrets!"

"Hahaha, it's a pity that you won't be able to wait until then."

"Is that so?"

"Idiot, I've already locked onto your aura. With the Three Kings attacking at the same time, you will die!"

"Then I hope you don't miss."

With that, ye Chen's figure disappeared.

At this moment, the Three Kings had arrived at the temple of the underworld. They saw ye Chen's Phantom Dharma.

"He's over there, kill!"

The Yaksha King's underlings attacked, shooting out their sharp claws and fangs. A cutting passage appeared in the space, and everything in the passage was shattered.

In the end, ye Chen's apparition also shattered. However, when they reached the front of the apparition, they realized that they had been tricked.

"Zi Zi Zi!"

At that moment, a light screen appeared. It was evil emperor Visrava.

"Lord vile-Emperor!"

The three of them bowed at the same time.

"What's the situation? where's Ye Chen's body?"

"This ..."

The three of them showed an embarrassed expression at the same time, and Visrava was furious.

"The three of you are still unable to kill this person?"

"No, Lord Visrava. When we came here and saw ye chen, we attacked and shattered his body. However, his body was only a Phantom Dharma. He was no longer here!"

"What?"

Realizing that he had been tricked by ye chen, Visrava was furious. His entire body trembled and he exploded in anger.

"Track down ye chen immediately. If you can't kill him, you'll all die!"

"Yes!"

The Three Kings bowed at the same time and flew in three different directions. They could not let ye chen escape.

At that moment, ye chen had left the underworld God's Palace and continued to sense the underworld God's energy.

However, the various dark energy auras in the earth vein were a huge disturbance to him.

"Underworld God, where are you?"

Ye chen knew that his time was precious but he did not have enough information now. How was he going to find the god of the underworld? was he really going to return empty-handed?

The celestial realm and the magic martial realm were eyeing them covetously. If they relied on the power of the underworld and the human race, it was almost impossible to resist. This was why ye chen had sought out the underworld God. After all, the underworld was a lower plane of the underworld God Realm. He would not leave it alone.

However, the chaotic Evil spirit world had disrupted his plans. The more he thought about it, the angrier he became. When ye chen turned around, he saw a person standing in front of him.

"Hahaha, I've worn out my iron shoes and searched for it everywhere, but now I've found it without any effort!"

The Shura King's eyes were cold and fierce. The scales on his body flashed as if he had seen a peerless treasure. As long as he killed the person in front of him, he would definitely obtain the highest glory before the evil emperor!

[Chapter 2129 2134-Liuxian Ambrosia Breaks The Ghost Fork!](#)

Ye chen was furious. Someone actually dared to come and court death!

The atmosphere instantly froze. The Asura King's lips curled into a sneer as if he had a plan in mind. Ye chen was expressionless, only his cold and stern eyes were filled with killing intent. It was an energy that was enough to make the world go into chaos.

"Did you come to kill me?" Ye chen shouted coldly.

"Hahaha, don't think that you're invincible just because you killed evil light King. Do you know the difference in strength between evil kings?"

The Shura King did not show any fear when he faced ye chen. In fact, he even looked at ye chen with disdain. It was clear to him that he was not on the same level as the evil wise King. This calmed ye Chen's anger slightly. He could not allow himself to be controlled by his anger and cause other variables to appear.

"So what? did you guys feel happy for a long time when you killed my virtual image?"

"You!"

When he heard ye Chen's ridicule, it was the Demon King's turn to be furious.

Thump, thump!

At this moment, the space on both sides of the Shura King suddenly trembled. The earth cracked, and the air pressure changed abruptly.

Ye chen looked up and saw the two of them.

"Yaksha King, evil-slaying King, you're here."

The Shura King revealed a bloodthirsty smile. With the Three Kings gathered here, no matter who the other party was, they would all die Here without any accidents.

"Phew, phew, phew!"

Three powerful dark energy auras came crushing down on him. Ye Chen stomped on the ground and suddenly stabilized his balance. However, the ground behind him had already cracked and sand and stones were flying. It was clear that the other party's aura was unfathomable.

The aura of each of these three people was far above that of The Dark Emperor. It could be seen that the Shura King had enough qualifications to look down on The Dark Emperor, but he had misjudged the power of the celestial Emperor!

"Ye Chen, are you happy to die by our hands?"

Jing Xie Wang asked.

"Hahaha!"

Ye Chen laughed at the sky. His eyes widened in excitement. This was a strong sign of a massacre. His fighting spirit rose to a new level and his body exuded a bloody aura. The power of darkness continued to pour into the earth vein. The entire space was filled with dark energy.

Behind the temple of the underworld, the evil spirit's home ground had become Ye Chen's home ground!

Waves of netherworld God Power surged through his meridians, as if it had sensed the aura of the Three Kings.

"Oh?"

Of course, the Three Kings had sensed this unusual Qi, but what was the difference? no matter how strong the opponent was, how could three late profound Immortals lose to a puny loose immortal?

This time, Ye Chen had gone all out. He was not going to die here in the final battle. Instead, he was going to use the Three Kings to achieve the most extreme breakthrough!

No one dared to attempt this kind of breakthrough, not even peerless geniuses. This was because such an attempt would be self-destruction and a heaven-defying battle to the death!

"Hahaha!"

Ye Chen suddenly laughed wildly. Then, he took out the liuxian bottle and opened it. It was a mouthful of immortal wine!

"Is your blood as sweet as the bejeweled nectar in my mouth?"

"What?"

The Three Kings were furious at the same time, revealing their overbearing and fierce expressions!

The violent evil energy swept across the entire area, and violent evil energy Dharma images appeared behind the three of them. Yaksha, Ghostface, and blood Wolf appeared one after another.

"Roar!"

The three ferocious beasts roared at the same time, erupting with energy that could instantly destroy the body of a true immortal. However, this energy was all blocked by the underworld God barrier.

"Ah?"

The three of them shuddered and looked ahead. An invisible barrier had appeared in front of ye chen. The power of the underworld was circulating within it. It was the underworld barrier that had erupted from the darkness pool.

Waves of black-gold glass transformed into black-gold crystal walls, sealing off any power that wanted to harm ye chen.

"Hahaha, a small trick!"

The three of them activated their divine abilities again. Three powerful forces merged into one, and a Wolf-like demon Yaksha roared and charged.

The earth trembled under the roar. Wherever the demon-faced Yaksha passed by, rifts would appear and mountains and rivers would shatter!

Crack, crack, crack!

Even the black-gold crystal wall could not resist this massive force and shattered instantly. The massive force rushed toward ye Chen's body. The Three Kings smiled sinisterly at the same time. As long as they could kill ye chen, they did not care what methods they used.

No matter if the three of them worked together or if they fought alone, there was no so-called fairness here, only life and death.

In the face of life and death, ye Chen's face actually showed a smile. The bejeweled nectar he had drunk before was formed from countless bright stones. It was refined by the flowing celestial bottle through the sun and moon and transformed into true celestial wine!

"Phew ..."

He exhaled a mouthful of wine, which turned into a bubbling bubble and drifted forward.

At this moment, the demon-faced Yaksha was charging at the bubbling bubble.

At the moment of impact, the Gulu bubbles swept past the ghost-faced Yaksha's arms and head. Then, the bubbles continued to expand. No matter how the ghost-faced Yaksha struggled and roared, the seemingly thin bubbles that could be easily punctured were as tough as the Golden silk of the heavenly silkworm.

The gurgling bubbles continued to float, and soon, the huge bubble wrapped around the entire body of the Yaksha Ghost Face.

"This, this is impossible!"

The Three Kings could not understand what ye chen was doing, nor what kind of treasure was the liuxian bottle in his hand.

The Guru bubble became bigger and bigger, like a small world. The huge body of the Yaksha Ghost Face was now like one of the living beings in the bubble. It stood on the bubble and looked up at the sky, as if it was looking at the starry sky.

Zila, Zila, Zila!

At this moment, lightning suddenly appeared at the top of the bubble, and the purest nether God Power gathered.

"Heavenly Thunder God destroying palm, space collapsing Thunder Strike!"

The netherworld divine power was a mixture of the divine lightning of the heavenly Tribulation. It was the strongest power and the most violent divine power. It descended from the sky and was no less powerful than the heavenly Tribulation. In other words, it was the heavenly Tribulation in this bubble world!

Boom, boom, boom!

Thunder rumbled and lightning flashed. The powerful magical power instantly shattered the fused Dharma form in front of him.

"Roar!"

The Yaksha Ghost Face's most miserable roar shocked the three of them.

The fusion of the three Dharma laksanas was close to the power of a peak abstruse immortal, but ye chen had solved it so smoothly without any sloppiness!

The bubble burst. Ye chen opened his mouth and sucked in the air. The scattered energy returned to his body.

"Hahaha!"

As ye chen laughed wildly, he was like a drunken immortal. Lotuses bloomed under his feet. The seven Star steps were unpredictable. He stepped on Yu Xing like an illusion. The smell of alcohol scattered in the air, instantly confusing the Three Kings' minds.

"Not good! This person is trying to confuse us! He's using brute force to break through all techniques!"

"Alright!"

30,000 circulated the laws of Mystic immortal at the same time. The meridians in his entire body went berserk, and the explosive power destroyed everything in front of him.

The hallucinatory smell of alcohol disappeared, and both sides revealed their true bodies.

"Hahaha, you dare to show off your insignificant skills before us? ye chen, I'll crush your bones today!"

The Three Kings' blood eyes opened, and three rare evil energies soared into the sky. The entire space turned into an evil killing world. Ye chen had never seen such a suppressive force before!

[Chapter 2130 Yaksha's Wrath, Killing From All Directions!](#)

"Phew, phew, phew!"

Between heaven and earth, a blood-colored storm gathered and trapped ye chen in the center. Ye chen had never seen such power before.

"Interesting!"

In the face of the absolute killing realm, ye Chen's eyes shone with excitement. The many powers in his body began to awaken.

This was an opportunity for the Three Kings 'final kill. It was also the best environment for ye Chen to break through.

The blood eyes of the Three Kings were opened, and their power was also raised to a terrifying level. Peak Mystic Immortals were strangling the storm. No one could escape from their hands. This was the final purgatory, the end!

"Ye Chen, you can rest in peace now that you've died in such a state of death." The Shura King said.

"Hahaha, the previous battles were too boring. Now is the real beginning. Asura King, Yaksha King, evil-slaying King, I will let you die in the most glorious way!"

As ye Chen laughed maniacally, a pair of wings grew on his back. Dark energy filled the sky and the entire world seemed to be in ye Chen's hands.

"The dark Thearch and the nether King!"

With a furious roar, ye Chen produced a Dharma avatar that looked disdainfully at the Dark Lord and the nether King!

"The Mowu Emperor!"

At the same time, ye Chen gathered his own infinite mana and evolved into the second Dharma form, the bi 'an Mowu Emperor!

And his original body was the strongest form of the bi 'an ancient God Celestial Emperor!

"What?"

The Three Kings were shocked to see ye Chen's three avatars. They had never seen such a remarkable secret technique before. Moreover, each avatar was extremely powerful and had different attributes.

"This person is extremely abnormal. We can't hesitate to kill him!"

"Alright!"

The Three Kings were united as they stirred the fiendish Blood Storm. They wanted to kill the enemy in front of them completely, no matter what form he took.

"Phew, phew, phew!"

The demonic Blood Storm was like a convergence of thousands of blades. The cutting and strangling power was indescribable. Even an ordinary Mystic immortal couldn't resist such power, let alone a small itinerant immortal!

Zila, Zila, Zila!

Suddenly, a three-colored divine lightning appeared between ye Chen's three avatars. It was a dazzling golden divine lightning, a blood-colored divine lightning, and a black divine lightning!

The three-colored divine Thunder connected the three dharmakayas. As the saying goes, the three elements return to the origin and reach the heavens!

The powers within the three of them mixed together in the ancient God Space without any hindrances.

With the rapid circulation and fusion of the energy, a seven-colored divine cloud gradually appeared above ye Chen's head.

"We can't let this person evolve anymore. It's too mysterious. Kill him!"

The Three Kings were shocked. They did not dare to let ye Chen continue his actions. They could not understand what they were seeing. Only destruction was the end of everything.

The strangulation storm was as powerful as a Heavenly Tribulation, destroying everything!

"Ah!" At that moment, ye Chen's three avatars opened the bi 'an ancient God's eyes, demon's eyes, and Mystic Eyes at the same time!

The three eyes shot out super rays. The three rays intertwined and shot up to the nine Heavens.

"Zi Zi Zi!"

In the sky, the strangulation storm was blocked by three super rays as it descended. The two sides began to wrestle!

"Impossible, strangle!"

The Shura King let out a furious roar and combined the powers of the Three Kings to strangle him. However, this strangling power could not be reduced. The ancient God Power, Demon Eye, and Mystic Eye turned into an extremely destructive light pillar and rebounded strongly.

"Suppress!"

p The Three Kings roared at the same time and released their peak Xuan immortal Foundation. Finally, the two sides reached a balance.

The powerful light illuminated the entire underworld God Hall, and even the dark energy in the earth was projected out.

"Kill!"

The Shura King's clone attacked. His sharp claws waved and his wings spread. Countless blades shot toward ye Chen's three avatars.

"Night Demon Armor!"

The night Demon Armor fused with the black and gold glaze and split into three. The three avatars wore it at the same time.

Buzz, buzz, buzz!"

Countless sharp weapons stabbed the three dharmakayas, but they were all bounced back and shattered.

"The wolf wails and the heavens mourn!"

Seeing that the Asura King's attack had failed, Jing Xie King made his move.

The evil blade could destroy the sun and moon, and the evil energy could penetrate the earth and destroy everything!

"Owwuuu!" With a Wolf's howl, the huge evil blade transformed into the shape of a Wolf's cry and descended valiantly, striking directly at the ancient Celestial Emperor.

"Swish!"

The ancient God had opened his eyes, and the celestial Emperor's divine might!

The celestial Thearch sword flew out and went straight to the nine Heavens to hold the moon. With one slash, the sky was split open!

Zila, Zila, Zila!

At this moment, above the sky, Starlight was shining, and it was already the image of the void!

"What is this?"

The Three Kings looked up at the sky at the same time, and a powerful heavenly Dao's might descended.

"Phew, phew, phew!"

The universe's astral winds swept in all directions, and the power of the sun and moon swirled through the void!

An incomparably tall heavenly path Dharma form appeared before everyone's eyes.

"Not good, this person has triggered Heavenly Tribulation!"

"How could this be? have you seen such a Heavenly Tribulation?"

"This Dharma form is the convergence of the power of the heavenly path. The power within it far exceeds that of our tribulations. For this person to be able to fight us to this extent, his talent is already unimaginable. It is very likely that he can trigger a different kind of Heavenly Tribulation!"

The three of them were shocked at the same time, their eyes full of fear.

"Hahaha!"

At this moment, a laugh rang out. The three of them looked over and saw that the evil-warding King had arrived.

"You're all being too careful. With four kings gathered, so what if it's a Heavenly Tribulation? The mutated Heavenly Tribulation is only the number of itinerant Immortals. We'll destroy it together with the heavenly Tribulation!"

"Since the evil-warding King has descended, the four kings will come out together. The heavens, the earth, the ghosts, and the gods will be shocked. We will destroy them!"

The four kings revealed bloodthirsty expressions at the same time. They ignored the power of the heavenly Tribulation and locked onto ye chen at the same time.

Ye Chen's three avatars ascended one after another, and three-colored golden lotuses grew beneath them.

"Eight-gate divine disc!"

"Zi Zi Zi!"

Above the heads of the three dharmakayas, the eight-gate divine disc appeared.

"Open the door!"

Above the ancient Celestial Emperor's head, a door appeared, and instantly, all the powerful energy that he had absorbed before was poured into Celestial Emperor's body.

"Kill!"

Evil-warding King released a secret technique, and the evil energy surged.

"Dark annihilation!"

Zila, Zila, Zila!

The black evil energy flashed with lightning and rumbled with Thunder. The waves of evil energy transformed into a huge black Hand that descended from the sky, wanting to crush everything.

"Eight notes of Heavenly Dragon!"

At this moment, the ancient God's eyes opened wide and he opened his mouth. Dragon roars rose into the sky and the eight notes of destruction shattered!

"Roar!"

The domineering Dragon soared into the nine Heavens and instantly penetrated the entire giant Hand of Darkness.

Boom, boom, boom!

With several Thunderbolts, how could the dark Beast be a match for the eight Dragons? it instantly turned into dust.

"Ah?"

Seeing this, the demon-warding King was shocked.

"Hahaha, let this King do it!"

The Yaksha King laughed wildly and raised the Yaksha's punishment blade high into the sky. Suddenly, a wave of death Qi swept in all directions and gathered into a huge sword that reached the void.

"Yaksha's wrath, ten directions counterattack!"

"Whoosh, whoosh, Whoosh!"

Ten revolving saber gleams instantly locked onto ye Chen's three bodies. The power was so strong that it could split the sky and destroy the earth!
