

## **Genius 2131**

### [Chapter 2131 2136-Undying Body!](#)

Ten revolving saber gleams covered ye Chen's three avatars like the sky.

At this moment of crisis, ye Chen's three avatars released super rays at the same time. Countless rays shot out like chaotic energy and all the sword gleams were shattered.

At this moment, above the nine Heavens, the heavenly Dao Dharma form locked onto ye chen.

Zila, Zila, Zila!

The first level of the Holy thunder of destruction was already brewing. Such power was incomparable to the Tribulation of an ordinary individual immortal. Even a genuine immortal would not encounter such a terrifying holy thunder in the Tribulation.

This was only the first level, but it was enough to shock everyone.

"Isn't the divine lightning of the heavenly Tribulation too powerful?"

Lord Asura asked.

"This kid is abnormal. If I don't kill him here and now, it will have an extremely negative impact on my dark powers!"

"You're right!"

The four kings all believed that ye chen was the biggest obstacle to the evil spirits' great cause and must be eliminated.

Zila, Zila, Zila!

The gathering of the divine Thunder of the heavenly Tribulation was complete, and the first strike was right in front of him.

At that moment, ye Chen's three avatars began to separate.

The ancient Celestial Emperor was facing the divine Thunder tribulation alone. The dark Thearch, nether King, and demonic creature Emperor were still in a meditative state, ready to deal with the four great evil kin

### [Chapter 2132 Nine Thunders!](#)

The four great evil kings were dumbfounded as they looked at the towering giant Thundergod before them. They thought to themselves that it was fortunate that they did not continue to target ye chen. Otherwise, they would also be crushed by the giant Thundergod.

The Thundergod giant in front of them was formed by the six divine thunders, which was far beyond the Tribulation of ordinary peak true immortals. Even these super strong Mystic Immortals were not completely confident in fighting against this Thundergod giant.

What they wanted now was very simple. They just wanted the Thundergod giant to kill ye chen completely so that they could reap the benefits.

"Ha, this kid's arrogance knows no bounds. Look at him now. The heavenly Dao is furious, saving us the trouble of making a move!"

"Yaksha King is right. Only seven Thunder God tokens have been sent by the heavenly Dao, and it's already so powerful. I don't think the eighth one needs to be sent."

"Ye chen can only break the first layer of the Thunder God's token. Although he's already a genius, it's definitely not enough. The Thunder God giant is the combination of the six Thunder God tokens. If we can't break it, this person must die!"

The four great evil kings revealed sinister expressions. It was as if they were watching a movie. They wanted to see ye chen die in the most unwilling and painful way. This was the punishment of the heavenly Dao, and no one could escape it.

"We'll wait and see, don't move!"

"Alright!"

The four great evil kings all flew out of the battle ring and watched from the sidelines.

Meanwhile, ye chen was facing Thundergod giant alone in the battle ring.

Zila, Zila, Zila!

The heavenly Thunder reached its peak, and the sun and moon lost their light!

At that moment, ye Chen's eyes were sharp and the emperor's light reappeared.

The ancient Celestial Emperor already had the spirit to rule over all living things and the majesty to rule the universe! Ye chen had to win this battle, and he had to win beautifully!

"Pangu's divine spark is a peak two-star ancient God!"

With the ancient God's heavenly eye opened between his brows, ye Chen's meridians were flowing with the purest poison God's power, the light of heaven and earth!

Golden lightning circled around ye Chen's body as the celestial Thearch sword appeared in his hand.

"Swish!"

Suddenly, the celestial Thearch sword glowed with golden light and transformed into two sword shapes.

The divine body of Pangu, holding two divine swords, locked onto the six thunder gods.

"Are you the heavens? today, I shall destroy the heavens!"

The two swords waved, the moon above the nine layers, and the hell below the nine layers! A furious roar shook the heavens and earth, and the sword cut through the universe!

"Kill!"

The ancient God let out a roar of anger, and his two swords emitted extreme sword light that contained the double laws of the ancient God and Celestial Emperor. At this moment, nothing could stop it.

Not even the heavens could stop it!

"Universe and chaos as one, double swords Rising Dragon Sky Breaking Banner!"

Ye Chen's ultimate sword ray appeared. His two swords transformed into Dragons and locked onto the six thunder gods in front of him. There was no retreat, only slaughter!

"Boom boom boom!"

At this moment, six eyes of Thunder appeared on the foreheads of the God of Thunder of six paths. They kept spinning, and waves of power were released from the eyes of Thunder. The judgment was right in front of him, and the heaven and earth were upside down!

Zila, Zila, Zila!

The energy released by the six lightning eyes gathered together and formed a huge lightning punishment shape, which suppressed ye chen.

Above the nine Heavens, the incomparably majestic divine lightning punishment clashed with the two-star ancient God's super powerful sword of judgment. The power of both sides was unimaginable. They were like two stars in the sky and earth.

"This, this!"

The four great evil kings, who had just been watching from the sidelines, were almost scared silly by this scene. One had to know that they were all abstruse immortal level existences. The four of them could even fight at the level of a peak abstruse immortal if they worked together. However, they still couldn't believe their eyes when they saw the scene in front of them!

Lightning flashed, Thunder rumbled, super strong impact, Twin Dragons sky-shattering roar, Thunder God's fury slash.

Boom, boom, boom!

The surrounding area was shattered. The Grand Hall of the underworld, which was hundreds of miles away, was completely shattered by this attack.

Sand and stones flew, waves crashed against the shore. Everything was lost, and everything was silent.

"Roar!"

The Twin Dragons roared into the sky, piercing through all obstacles and directly passing through the body of the God of Thunder of six paths. The Power of Six paths of judgment was crushed!

Zila, Zila, Zila!

Golden lightning bloomed in the night sky. Within the ancient God's independent battle circle, he raised his eyes to look at the ultimate heavenly path Dharma form above the nine Heavens.

"Hahaha!"

Ye Chen's maniacal laughter was like the chaotic demonic sound from hell, shaking the world for all eternity. The four great evil kings even began to tremble. They were wondering if it was the right choice to let ye chen cross the Tribulation freely. However, the heavenly Dao Dharma was so powerful that they did not dare to act rashly.

"This kid is amazing, but there are still two more tribulations to go before the heavenly Tao Dharma form appears. I'm sure he won't be able to withstand it!"

Just as the Yaksha King finished his words, the heavenly way Dharma form shone with nine golden lights. Suddenly, the sky was as bright as day, and the sun and moon rose to the sky at the same time.

"Zi Zi Zi!"

The power of the heavenly path returned to the heaven's path Dharma form from the environment, and on the forehead of the heaven's path Dharma form, nine lightning eyes appeared.

This was the complete form of the heavenly Dao Dharma idol. It was extremely powerful and filled with the ultimate power of destruction.

Boom, boom, boom!

The shock wave spread out in all directions, instantly intimidating the four great evil kings.

"This!"

The four great evil kings all felt that their lives were in danger. This was definitely not an illusion. The Dharma idol in front of them was about to destroy the heavens and earth. There was not a single place in the vicinity of the temple of the dark god that was safe.

"How do we do it?"

The four of them looked at each other nervously.

"This is not something we can handle. Let's report this to the vile-Emperor!"

"This ... If the four great evil kings can't even handle ye chen, wouldn't that be too embarrassing?"

"There's no time to think. The evil emperor must know about such a huge earthquake. We can only take the risk and kill ye chen together with the heavenly Tribulation!"

"This ..."

This was an extremely dangerous mission, and the four great evil kings weren't very confident. They just didn't want to make a fool of themselves in front of the vile-Emperor. After all, if they failed this mission, the vile-Emperor would punish them, and they would also be in a very miserable state.

"Alright, in that case, let's move out!"

The four great evil kings nodded at the same time, and then flew up into the sky, each of them releasing their own powerful secret techniques and began to form an evil king barrier. This barrier could temporarily block the power of the heavenly Tribulation from invading them, giving them the opportunity to attack.

At this moment, within the heavenly Tribulation battlefield, ye Chen's eyes were cold, like the king of slaughter. He had long sensed the changes in his surroundings.

"Hahaha, four great evil kings, since you're so stupid, I'll fulfill your wish!"

The corners of the ancient Celestial Emperor's mouth curled up slightly, revealing an evil smile.

This was the most powerful bet, the most dangerous attempt, and the first time he had ascended.

"Zi Zi Zi!"

The ancient God's heavenly eye released heavenly light. Instantly, the Mo Wu Emperor and the Dark Lord underworld King reacted at the same time.

The three strongest avatars were connected spiritually and their power was connected. It was the sign of the Trinity.

Zila, Zila, Zila!

At this moment, the nine thunder gods had already taken form. They were the manifestations of the heaven's path Dharmakaya. Their supreme power and destructive state were undoubtedly revealed!

#### [Chapter 2133 Heart Of The Underworld God!](#)

Zila, Zila, Zila!

The eyes of the nine thunder gods opened, and nine bolts of lightning bloomed at the same time. At this moment, the world was filled with Thunder!

Outside of the striking range of the core of the lightning, the four great evil kings released their secret Arts at the same time. Their evil energy soared into the sky, and ten thousand Arts penetrated the earth. They had already opened the world of evil slaughter.

The four great evil kings, how powerful were they? the evil slaughter realm was also the Door to Hell, where ghosts and gods sought lives.

At this moment, ye Chen was not only facing the nine rays of the Thundergod but also the four great evil kings who wanted to kill him at all costs.

In such a situation, ye Chen's three avatars had to activate their strongest forms at the same time.

Zila, Zila, Zila!

Ye Chen's body also flickered with golden divine Thunder. The Dark Lord, Hades, and the Mowu Emperor had returned to the ancient Celestial Emperor's form. The three-in-one, three-faced convergence. At this moment, ye Chen was in his strongest form.

"Zi Zi Zi!"

Suddenly, waves of ancient God Power circulated rapidly throughout ye Chen's body. Countless mysterious runes were engraved on his body. These runes were engraved directly on his ancient God Body. There were all kinds of patterns that were impossible to measure.

Some of these inscriptions glowed with golden light, some with black light, and some with blood-red light. It turned out that these were the crystallization of the power of the three avatars, especially the power of the Mowu Emperor and the Dark Lord Hades after they returned to their original forms.

Facing the nine lightning bolts, the ancient God waved his arm. Suddenly, all the inscriptions on his arm lit up. With the help of the ancient God inscriptions, his ancient God Power increased by more than ten times.

"Heavenly Thunder God-destroying palm!"

With a loud bang, the palm print suddenly appeared, shaking the earth.

With the support of the Golden lightning, the palm print was like a mountain rising from the ground. Its majestic power was no longer comparable. Even in the face of the heavenly Dao lightning, it was still fearless!

Boom, boom, boom!

The heavenly Thunder God-destroying palm and the nine lightning bolts in the sky continued to collide. The extreme shock waves destroyed tens of millions of miles of land. The hell of the underworld God temple collapsed completely. The underground lava whizzed out continuously. The countless evil energy in it transformed into all kinds of demons and all rushed toward ye chen.

"Impudent! Universe-crushing lightning strike!"

In the face of the endless attacks from the demons, the ancient God was furious. He punched out, and it was as if the world had collapsed and the universe was in a daze!

Countless monsters above the sea of lava were completely disintegrated by this blow, turning into blood water and fusing into the sea of lava.

"Hahaha!"

The ancient God laughed wildly, like the sound of an enemy's battle array, shaking all directions. The evil energy within the lava was actually intimidated and didn't dare to act rashly.

Such power had already alarmed the evil emperor Visrava. If it were not for his closed-door cultivation, he would have come out to deal with ye chen Long ago.

"Four great evil kings, immediately kill this brat! This is an absolute order!"

Such a commotion from transcending the Tribulation proved that ye chen was the human race's eternal prodigy. The sigh of a thousand years was this person!

If he wasn't eliminated quickly, he would be involved in the underworld God's plan, and then there would be unexpected changes.

"We will follow your orders!"

The four great evil kings bowed in unison, following the evil Emperor's orders to kill ye chen in one fell swoop.

The ancient Celestial Emperor had fused the might of three great Dharma forms. At this moment, Ye Chen was arrogant in the nine Heavens. Even if the god of the underworld came personally, he would not be afraid.

"Hahaha!"

The ancient God laughed maniacally again. It actually contained the power of the heavenly Dragon's eight notes, which forcefully cut off the communication between the evil emperor and the four great evil kings.

"All of you, come and die!"

The celestial Thearch's eyes opened. A Golden flash of light shot toward the four great evil kings. Ye Chen wanted to cut off the energy channel through which they continued to generate the Grand evil slaughtering formation.

"Kill!"

The Yaksha King waved the blood Blade in his hand, and suddenly, countless Yaksha ghosts gathered to block the ancient God's power.

At this moment, the nine bolts of lightning descended once again. Ye Chen could not take care of the four great evil kings at the same time, so he could only fight against the nine thunders.

"Heavens, are you also jealous of my talent and power?"

The ancient Celestial Emperor looked at the sky, and the anger between his brows turned into a blazing fury that shot into the sky.

"Roar!"

The sky snake opened its mouth, and a vast amount of demonic energy rushed toward the nine thunder gods like a flood. In the face of such a heaven-defying act, the nine thunder gods opened their eyes in anger and struck the air!

Zila, Zila, Zila!

This time, the power of the Holy thunder had soared again. It was already the Super powerful Thunder of disintegration.

Boom, boom, boom!

After a series of chaotic explosions, the sky snake's angry roar of mana was completely extinguished. It instantly turned into fine powder and disappeared.

"What?"

Ye Chen's heart trembled. The immortal slaying Flying Dagger and the celestial Thearch sword were unsheathed.

"Whoosh, whoosh, Whoosh!"

The two great immortal soldiers attacked at the same time, reinforcing the nine Heavens above to resist the divine lightning bombardment for ye chen.

The ancient God Body sat cross-legged in the void, and spacetime condensed the power of the most thought.

"Zi Zi Zi!"

Above the ancient God's head, the eight gates divine disc spun rapidly, and the view gate and stop gate opened one after another.

With the three doors open, ye Chen's vitality surged and he was incomparably strong.

"Ah!"

The ancient God roared, and his qi and blood soared to the sky. The entire world witnessed the peak of the ancient God Body refining realm.

With the surge of his powerful vitality, ye chen had completely broken through his own limits. With the help of the eight-gate divine disc, ye Chen's ancient God Power rose rapidly as if he was about to break through again. Of course, the energy and natural treasures required by a three-star ancient God were too much. It was impossible for him to break through so quickly.

Time and space roared, and the sky snakes and venomous pythons revealed themselves one after another. They were willing to sacrifice everything for their master.

The snake Empress's blood essence continuously poured into the heavenly snake's body. Instantly, the heavenly snake's power burst out in its strongest form and directly devoured the lightning.

"Ah!"

A painful roar came from Tian she's mouth. Her body was already festering. Nine rays of Thunder God's power were too powerful. It was not something she could deal with!

"Roar!"

At this moment, the time and space Fury released the power of time and space to temporarily hide the heavenly snake in a different space, thus escaping death!

Ye chen saw all of this and was anxious. However, he could not give up on the evolution of the three-faced origins returning technique. This was their only chance of survival!

"The power of three lights!"

The ancient God's eyes opened, and the light of the sun, moon, and stars bloomed at the same time. It was as if chaos had re-created the world, and Pangu had reappeared in the mortal world.

"Zi Zi Zi!"

The power of the three lights continued to be generated and instilled into the body of the two-star ancient God, causing the origin of darkness and the evil Demon's Eye to boil at the same time.

At this moment, the earth trembled and the space became illusionary. Waves of underworld God's power were continuously instilled into ye Chen's body.

"Zi Zi Zi!"

With the infusion of the power of the underworld God, outside the Demon's Eye and the darkness pool, another powerful energy was produced in the ancient God's body, condensing into the heart of the underworld God!

At that moment, the shadow of the underworld God appeared behind the ancient God.

The power of the netherworld God was unparalleled!

The ancient God's entire body was covered in underworld God scales, and the darkness pool covered the sky and the earth, covering all space!

"What?"

What the four great evil kings saw at this moment was as if the god of the underworld had arrived!

Demon's Eye, source of darkness, heart of Hades!

The appearance of the three Supreme treasures of the underworld caused the heavens to change and the gods and ghosts to be annihilated!

"Ah!"

The ancient God's massive body finally stood up, and spacetime roared in anger. The sky Serpent venomous pythons returned one after another, transforming into the Furious Sky Serpent Black Tortoise form, roaring to destroy the world!

[Chapter 2134 Slaying Four Kings In One Battle!](#)

"Zi Zi Zi!"

Above the nine Heavens, the nine thunder gods began to condense the ultimate power of judgment.

The nine Thunder eyes were fully opened, and countless Thunderbolts gathered into a light ball in the sky. This light ball was silver-white in color, and white Lightning surrounded it. The power of the heavenly Dao and the power to destroy the world were all gathered in it.

"Since we've reached this point, we can't hesitate!"

Yaksha King shouted.

"We can not disobey the vile-Emperor's orders! Let's kill this man together!"

"Kill!"

The four evil emperors released their ultimate power one after another, triggering the remaining evil energy in the earth vein and all transforming into the Dharma form of a Xuan immortal.

Four vile-emperors, four Dharma idols ... Heaven-shaking, earth-shattering, Inferno-extermimating!

Boom, boom, boom!

The entire space was surrounded by the explosion of various attributes of energy, and it was in a state of chaos.

Zila, Zila, Zila!

Above the nine Heavens, the nine thunder gods had been formed. The nine tribulations of heavenly punishment was right in front of him. At the same time, the four great evil king Dharma laksanas were fully displayed. This was the moment to kill.

In the face of the evil King's killing blow, the ultimate heavenly lightning strike, ye Chen's triple primordial regression, ancient divine power, netherworld divine power, and Pandora demon ability were all fused together. The ultimate attack was right before his eyes.

"Roar!"

The Furious roar and the violent snake transformed into the black Tortoise form. Immediately, the majestic black Tortoise shadow surrounded the ancient God and transformed into the most powerful armor, protecting the ancient God Body with its life.

"Zi Zi Zi!"

At the same time, the celestial flying knife and the celestial Thearch sword also merged together to form the world-destroying divine spear and returned to the ancient God's hand.

The three eyes merged into one, and he returned to the wilderness!

"Kill!"

The Black Tortoise spread its wings, and the ancient God charged at the chaos with the world-destroying spear in his hand.

"Ah!"

Ye Chen's long roar shook the sky, and his spear broke through a million soldiers!

"Kill!"

At this moment, the four great evil kings fused the strongest power of the evil slaughter world and triggered the evil slaughter storm, devouring everything.

The nine rays of the God of Thunder's lightning gathered together and triggered the punishment of the heavenly Dao. No one could escape!

The three forces clashed in the nine Heavens. The space cracked and time stopped!

Boom, boom, boom!

In the blink of an eye, the three balls of light exploded at the same time. The world was created once again, and the hall of the underworld completely crumbled.

"Violent devouring!"

In the battle of strength, the celestial martial form blocked the first wave of attacks from the nine thunder gods. Then, ye chen activated the eight gates divine disc, the heavenly snake angry roar devouring formation, and devoured the sky!

The nine bolts of divine lightning surged into ye Chen's ancient God Body. Cracks began to appear on his body but the power of the underworld God and the source of darkness rapidly repaired his ancient God Body, allowing ye chen to continue to withstand the heavenly Dao's power.

"Phew, phew, phew!"

The four great evil kings 'strangulation storm came, and the Black Tortoise form could no longer hold on, and was instantly destroyed!

Crack, crack, crack!

With the destruction of the Black Tortoise form, the ancient God Body would be subjected to the combined attack of the nine thunders God and the four great evil kings at the same time. The greatest danger had arrived.

"Black Gold glazed body!"

The ancient God Power fused with the underworld God's might, instantly transforming into the ancient god of darkness, the strongest combat body of bi 'an, Black Gold glaze.

Its entire body was covered in black and gold, shimmering with the color of glass. It was incomparably smooth, without any blind spots.

Buzz, buzz, buzz!"

The strangulation storm attacked the ancient god of darkness without leaving a trace. Heaven-defying combat body, unparalleled war god!

"Ah!"

Ye chen let out a long howl and his ancient God Power completely devoured the nine thunders.

Behind the ancient God, nine silhouettes of the Thunder God appeared. Ye chen ignored the unfavorable situation where the Thunder God had not been completely analyzed and forcefully circulated the Thunder God's power.

"Nine bolts of tribulation lightning!"

Nine lightning balls immediately appeared around the ancient god of darkness and began to rapidly spin.

"Kill!"

Nine bolts of lightning shot out at the same time, their targets precisely the four great evil kings!

"What?"

The four great evil kings trembled at the same time, like ants on a hot pan. They were like headless flies, completely losing their judgment.

Zila, Zila, Zila!

The nine bolts of lightning struck back and instantly destroyed the evil killing enchantment. They continued to rush forward and aimed at the four great hopes.

"No!"

The four great evil kings revealed their most terrified expressions at the same time. They were completely submerged in the sea of lightning formed by the nine bolts of lightning.

Crack, crack, crack!

His entire body was crushed, and his meridians exploded. His body turned into fragments, and then he was completely burned to death by the nine bolts of lightning!

The dark and chaotic land was full of ruins. After the Light of Destruction, it reappeared before the world. This battle shook the heavens and earth, and even ghosts and gods would weep!

Only the figure of lightning was left standing on the battlefield.

Buzz, buzz, buzz!"

The ancient God's body was covered in blood, and in the end, he disappeared with a bang.

Ye Chen's body fell from the sky and landed heavily on the ground.

As an itinerant immortal, he had fought against the four great evil kings and the nine thunder gods at the same time. Such a great achievement had been undying for ages!

In the battle of the God sealing ancient wither, only the heavenly Emperor survived!

"Pfft!"

Ye chen spat out a mouthful of blood. The celestial energy in his body flowed like a flood. The earth trembled and the Chi from all directions surged over and automatically entered ye Chen's body.

"A peak loose immortal!"

Ye chen had advanced to the peak itinerant immortal stage!

There was no other choice. Ye chen ignored his own consumption and continued to generate the ancient God Space to analyze the nine rays of Thunder God's power. This was because he had used the nine rays of Thunder God's power by sacrificing his ancient God Power and netherworld power. Not only did it cause a strong backlash to his body, but it also made the nine rays of Thunder God's power even more violent. In the blink of an eye, it could cause a terrifying self-explosion!

"Zi Zi Zi!"

The darkness pool continued to absorb the netherworld energy in the surrounding space to fill the gap in ancient God Power. At this moment, with the Three Treasures of the netherworld in place, ye chen could automatically fuse ancient God Power and netherworld power.

The ancient God Space rapidly analyzed. All kinds of data continuously appeared in ye Chen's mind. However, the nine thunder gods and the might of the heavenly Dao were so mysterious that it was almost impossible to completely decipher them in a short time.

Ye Chen took a step back. He did not ask for the complete decryption but at least the decryption of its control system and no longer let the nine thunders continue to hurt him.

Finally, after six hours, he saw some results.

"Phew ..."

Ye Chen let out a breath of turbid air and the divine energy in his body gradually stabilized. In this battle, space-time was in a rage and the snake Empress had suffered heavy injuries. The snake Empress was especially injured and was on her last breath.

In the ancient God Space, the Snake Queen transformed into her heavenly snake form and spiraled on the ground in pain.

"Snake Queen!"

Ye Chen's primordial spirit entered the ancient God Space and looked at the Snake Queen in front of him. He could not bear to see her like this.

"To be loyal to the heavenly Emperor, this Empress will have no regrets!"

"Mm ..."

Ye Chen heaved a long sigh. He released his ancient God blood and infused it into the heavenly snake's body.

"Zi Zi Zi!"

With a burst of ancient God light, Tian She's body rapidly recovered, and his qi and blood gradually became smooth.

"Many thanks for the heavenly Emperor's gift!"

"You deserve this!"

After treating the snake, Ye Chen looked at the spacetime rage. After being attacked by nine Thundergod attacks, his celestial martial form had collapsed. The core power of the celestial martial form was the spatial power released by the spacetime rage. Now, he was almost unable to release spatial power.

"Furious roar of spacetime, I'll put you into a deep sleep. Wait for me to find the heavenly treasure of spacetime to help you recover!"

"Roar!"

With an angry roar, the spacetime wrath roar directly transformed into a spacetime light ball, slumbering in the depths of the ancient God Space.

[Chapter 2135 Approval From The God Of The Underworld!](#)

"Boom boom boom!"

After ye chen had killed the four kings and successfully transcended the Tribulation, the entire nether God Hall suddenly trembled. Heaven and earth and Space were completely transformed.

Ye chen looked up at the sky and found that the world was upside down. The entire space had undergone a great change.

He had sensed before that there were existences even more powerful than the four great evil kings in this space, and during the battle, the four great evil kings had also said that they were following the orders of the evil emperor.

At this moment, a towering demon Pagoda rose up from the ground.

Its magnificent form and massive dark energy left ye chen in deep shock.

"Today's losses are too great, I can't stay for long!"

Ye Chen's brows furrowed. Lotus bloomed under his feet and he left the nether God Hall in an instant.

As he flew through the sky, ye chen could feel that the dark energy in the air had changed its attribute. This was an existence higher than the evil king rank. The dark energy was constantly surging toward various parts of the underworld God temple. It was clear that they wanted to occupy the entire underworld God temple.

After the war with the underworld God temple, ye chen could feel the remnants of the power of the underworld God but the underworld God did not seem to be here.

According to the information obtained from the flying feather clan, the god of the underworld might have been sealed by the evil source while he was in seclusion. However, even after the temple of the underworld was completely destroyed by ye Chen's tribulation transcendence plan, there were no traces of the god of the underworld. There were not even any signs of a seal. This meant to a large extent that the god of the underworld was not here.

After leaving the temple of the underworld, ye chen stood above the ninth heaven and looked down at the earth below.

"Evil demon Eye!"

Through the Demon's Eye, ye chen guided the residual power of the underworld to give feedback. He saw the complete appearance of the underworld God temple.

The entire Hall of the underworld had been completely enveloped by a ball of evil energy. However, this ball of evil energy seemed to be in a dormant state. Otherwise, the Tribulation this time would have been even more dangerous.

Ye chen imprinted the entire layout of the underworld God temple into his mind and left quickly.

Ye chen returned to the place where the flying feather clan's powerhouses had been waiting. What he saw was a ground full of corpses. It was obvious that they had been disposed of by the evil source of the forest.

In this case, ye chen could only return to the flying feather clan.

Outside the flying feather clan's tribe, all the experts came to welcome ye chen when they saw him return.

"Ye chen, did you get anything this time?"

The first one to come out was heavenly worker Tong Zhu. Ever since he had fought with ye chen last time, he had been full of admiration for ye chen.

"We'll talk about it when we get back!"

"Alright!"

Tiangong Tong Zhu brought ye chen back to the elder's Hall. The fifth elder led the other elders to welcome him. Ye chen had met Emperor Yu before and his status in everyone's hearts had risen too much.

Moreover, the fact that he had been able to return alive from the nether God Hall was proof of his strength.

When he arrived at the elder's Hall, ye chen told everyone about the death of the flying feather clan's powerhouses.

"Al, Emperor Yu once said that your trip to the hall of the underworld this time is fraught with grim possibilities. This is their fate." The fifth elder said sorrowfully.

On the high seat, an old man sat alone. It was the first elder.

"Fellow Daoist ye, did you obtain any information from your trip to the nether God Hall?" He asked ye chen. This was what he was concerned about and also what Emperor Yu wanted to know the most.

Ye chen looked at the great elder and said, ""There are no traces of the underworld God in the underworld God Hall. There are no traces of other powerhouses either. There are only the four great evil kings of the evil spirits!"

"Four great evil kings?"

Upon hearing this name, everyone trembled in fear. The four great evil kings were one of the eight evil spirit Kings and were the evil Emperor's subordinates. They did not expect ye chen to encounter them this time. However, how did he return safely? this puzzled everyone.

"You encountered the four great evil kings, but you managed to return safely?" The great elder asked on behalf of everyone.

"Hmph, but can a puny little evil king stop me?"

Ye chen sneered at everyone's surprised gazes, as if he did not care about the four great evil kings at all.

At that moment, the fifth elder reexamined ye chen and shouted in shock, ""Fellow Daoist ye, your cultivation level is actually at the peak of the loose immortal stage?"

"How is it?"

"You weren't at this cultivation level when you first arrived. Did you hide your cultivation level?"

"When I came here, I was indeed a new loose immortal. But this time, I had a fortuitous encounter and ascended!"

"Ascend?"

This time, even the great elder was a little shocked. He was a veteran of the Jianghu and had his own understanding of cultivation. He knew very well that it was impossible for an ordinary person to ascend from the initial stage of individual immortal to the peak stage of individual immortal.

He furrowed his brows and sized ye chen up again. The other party really did show signs of a breakthrough. In such a short time, he had achieved such a level. What kind of talent was this person?!

"The person that Emperor Yu values is indeed extraordinary!"

First elder muttered to himself.

Then, first elder stood up and continued, ""Would it be possible for fellow Daoist ye to come with me to see Emperor Yu?"

"Of course you can!"

Ye chen nodded slightly. He also wanted to discuss with Emperor Yu how to take back the underworld God Hall.

The hall of the underworld was the holiest place in the underworld. It was the origin of the underworld God. They had to take it back. It was just as important in finding the underworld God.

Once again, ye chen arrived at Emperor Yu's Palace. He was familiar with the process and no longer felt any pressure.

This made the great elder even more surprised. This meant that ye Chen's Foundation had already surpassed his imagination. At the same time, the powerful underworld energy in ye Chen's body had even offset the powerful suppression of the Emperor Feather Mountain on him.

When ye chen arrived at Emperor Yu's Palace, the great elder stood outside and allowed him to enter alone.

Inside Emperor Yu's Palace, she sensed ye Chen's return. It was as if he had been reborn. She personally came out to welcome him.

"Ye chen, not only did you come out of this trip to the nether God Hall unscathed, but you've also ascended to such a level. I'm surprised!"

As he spoke, Emperor Yu's eyes became misty. He looked at ye Chen's entire body and suddenly turned pale with fright.

"You actually ..."

"Ha, I actually what? Did you obtain the Three treasures of the underworld?"

"Tell me, how did you obtain such a treasure?"

Emperor Yu's expression turned cold. This time, she was serious. The Three treasures of the underworld were the symbol of the underworld God. Once they were gathered, their every move would reveal the domineering aura of the underworld God. This kind of power was not as obvious previously because ye chen had not gathered the Three Treasures. However, it was completely different this time. Emperor Yu could even see the shadow of the underworld God behind ye chen.

"It's simple, that's all ..."

Ye chen did not hide anything and directly told Emperor Yu about how he had successfully transcended the Tribulation by relying on the power of the underworld God. This surprised Emperor Yu even more.

"Nine thunders God?"

Upon hearing this name, Emperor Yu shook his head continuously. The nine bolts of thunder God was a super tribulation that only abstruse Immortals could encounter. Ye chen had actually encountered it when he was only an itinerant immortal. No wonder he could ascend to such a realm!

"To be able to obtain the heart of the underworld God means that the underworld God has acknowledged you, ye chen!"

"That's for the best. I've come to the nether God Hall to seek cooperation with Wufu!"

Ye Chen's entire body trembled. The netherworld energy filled his entire body. The might of the netherworld God was something that even Emperor Yu could not resist and could only bow down!

#### [Chapter 2136 The Evil Source's Consciousness Form!](#)

Ye chen had released the might of the underworld God to speed up the counterattack against the underworld God temple. He wanted Emperor Yu to understand that now, with the Three treasures of the underworld, he had the qualifications to lead the underworld.

He looked at Emperor Yu, who was still hesitating, and quickly released his underworld God Power. Instantly, the Three treasures of the underworld God floated above his head, and the shadow of the underworld God descended.

"Emperor Yu, we'll follow ye Chen's arrangements!"

The god of the underworld suddenly spoke, granting ye chen his authority.

In the face of such power, Emperor Yu's eyes shone with a cold light. She was still hesitant about ye chen. After all, this person was a human. If the entire underworld realm listened to his arrangements, was it not too risky?

However, the god of the underworld had spoken. With the Three Treasures gathered, she seemed to have lost the chance to choose.

"Emperor Yu, as you command!"

Emperor Yu bowed in respect, indicating that he was willing to listen to ye Chen's arrangements.

"Very good!"

Ye chen nodded slightly. Then, Emperor Yu released his own Dharma. A Grand shadow appeared on Emperor Yu mountain. All the powerhouses of the flying feather race below could see it.

She had announced ye Chen's decision to lead the winged ones. Everyone must obey ye Chen's orders unconditionally.

"What ... What exactly happened?"

"Why does Emperor Yu giving up his power to ye chen sound like a fantasy?"

"What did ye chen experience in the underworld God temple? what right does he have to take over the flying feather clan?"

Everyone was naturally unconvinced of ye chen. This was something ye chen had to solve himself.

"Boom boom boom!"

Suddenly, the top of the feather Emperor mountain trembled. The demon opened its eyes, darkness paved the way, and the netherheart evolved. Ye chen transformed into the netherworld God and descended to the mortal world.

"I am the god of the underworld!"

The underworld God Power swept across the land. All the members of the flying feather race were stunned by the power of the underworld God Power. They were all loyal to the god of the underworld, so they were very sensitive to the suppression of the power of the god of the underworld. When they sensed this power, their loyal genes were awakened.

"We are convinced!"

Under the great elder's lead, all the powerhouses of the flying feather race knelt down to worship ye chen. They saw the god of the underworld.

The god of the underworld was of great significance to the flying feather race. It was the meaning of their existence.

Ever since they had been forced to leave the underworld God Hall, every expert had been thinking about how to return and once again serve the underworld God. Now that the underworld God had descended, how could they not be excited?

"Everyone, when I went to the hall of the underworld and saw the evil spirits wreaking havoc, I was furious. After killing the four kings, there will still be the evil emperor and the demon tower. Therefore, I will lead all the forces in the underworld to counterattack the lair of the evil spirits and take back the underworld God Palace. What do you all think?"

"Good, good, good!"

Everyone cheered and followed the god of the underworld's orders.

"Very good. I'm going to hold an Alliance meeting in the netherworld realm and invite all the experts to participate in it. We'll fight against the evil spirit together. Immediately spread the news!"

"Underworld God, don't worry. Leave this matter to me!"

The fifth elder said.

"Thank you for your trouble, fifth elder!"

Ye chen nodded slightly. The fifth elder quickly left to carry out ye Chen's orders. In seven days, they would meet at the Emperor Feather Mountain!

.....

In the demonic tower of the temple of the dark god.

Evil emperor vishamen sat cross-legged on the high platform. When he sensed that the four great evil kings had died at ye Chen's hands at the same time, he was furious. Up until now, the Yaksha King, the Asura King, the evil-warding King, the final evil king, and the evil bright King had already died at ye Chen's hands. This had caused the evil spirits' morale to plummet and they had suffered a heavy blow.

"Ye chen, I swear I'll kill you with my own hands!"

Vari a was still in seclusion. He needed to control the evil source of the entire underworld God Hall and needed to consume a large amount of energy and energy. This was why he could not help the four great evil kings. However, he could not have imagined that the four great abstruse Immortals, using the evil killing enchantment, with such great power, would not be able to kill ye chen. No one could have imagined that ye chen could rely on the ancient God Power and the three treasures of the underworld God to break through to the peak.

"Ancient evil source!"

The evil emperor released his own dark energy, which went straight to the deepest part of the earth vein. A large slime energy mass that was melted into a mass of dark energy suddenly awakened.

"Roar!"

The roar reverberated through the earth. All the dark energy Warriors killed by ye chen turned into energy and were absorbed by the primordial evil source.

"Zi Zi Zi!"

After absorbing a large amount of dark energy, countless eyes appeared on Xie Yuan's body, constantly turning and emitting a strange light.

Within the evil source, there was an extremely powerful consciousness that was being nurtured. This was also the mission of evil emperor Visrava, which was to nurture the second evil source in the underworld God Palace.

"Phew, phew, phew!"

After absorbing the evil energy, the evil source evolved on its own and began to release the evil energy to vari A.

Instantly, visra felt his power increase limitlessly. The laws of Xuan immortal filled his meridians, and the super-strong feeling of power like a perpetual motion machine made him feel that he could do anything.

"Hahaha, the primordial evil source is indeed powerful. As long as I can cultivate the second evil source, killing ye chen will be a piece of cake!"

He laughed wildly, his eyes filled with greed.

In the next five days, visra absorbed the power of the evil source and continued to improve his cultivation. Then, he created millions of dark energy Warriors through the evil source. These dark energy Warriors were fast-maturing and weak in combat, but they won in their numbers and completely obeyed visra's orders.

"Hahaha, ye chen, you may have destroyed my earth vein evil energy formation, but as long as the second evil source is here, I can rebuild the formation in the blink of an eye. How could the arrogant and conceited you give up without finding the whereabouts of the underworld God? Giggle!"

Vari AMA had already anticipated that ye chen would make a comeback. This was the best opportunity for him to take revenge.

"Visrava!"

All of a sudden, the evil source began to speak. This phenomenon made vari a pale with fright, because it proved that the consciousness within the evil source had awakened.

"Are you Sir evil spirit Lord?"

"Evil spirit?" vari looked forward. A mass of energy was faintly discernible, and it transformed into an evil spirit. It was the consciousness body in the evil spirit.

"The four great evil kings were originally created by this senior, but in your hands, they all died. How do you explain this?"

"This, this ..."

Visrava was panicking. Once the consciousness within the evil source was awakened, he would no longer be in control of the entire underworld God Hall. The evil spirit Lord would be in control of everything. Furthermore, with the evil energy formation in the entire earth vein, the evil spirit Lord could easily obtain any information. As long as his consciousness was awakened, he would be in control of the entire underworld God Hall.

"Visrava, do you know how many evil emperors are still waiting to descend in the evil spirit world?"

"Yes, your subordinate understands!"

"The evil emperor has never been an existence to show off in the evil spirit realm. He's just a servant and Guardian of the evil source. Now that I've come out, I'll be in control of the underworld God Hall. I'll immediately form the evil spirit Army, and I'll unify the entire underworld God World!"

"Yes!"

Evil emperor Visrava bowed slightly and then left the core demon tower.

He was extremely displeased. He had exhausted all his energy, but the evil source's consciousness form had reaped the fruits of his labor!

### [Chapter 2137 The Ancient Evil Source!](#)

At the foot of the feather Emperor mountain, all the experts gathered.

Ye Chen stood high on the Imperial platform. The powerhouses below were all those who had come to the Alliance meeting under the orders of the god of the underworld.

The first square formation was led by Emperor Yu, who was the expert of the flying feather race. The second formation was led by the beast King, and it was made up of the experts from the beast Realm. The third formation was led by the sect master Liu Yun, which was the combination of many human forces in the underworld. The fourth formation was made up of wandering cultivators from the divine underworld world.

"Everyone, the netherworld God Hall is the core of the realm, a symbol of dignity. Now that it has been occupied by an evil spirit, I'm really unhappy! This time, I've gathered all the experts to fight against the evil spirits. I'm also using the will of the god of the underworld. Are you willing to follow me?"

Ye Chen's voice resounded throughout the arena. All the powerhouses bowed and obeyed Ye Chen's orders.

Now, the god of the underworld was nowhere to be found. Ye Chen possessed the Three Treasures of the god of the underworld, which was the symbol of the god of the underworld. He had been recognized by all the powerhouses and was the leader of the expedition.

"Alright, the seven days of Alliance meeting is over. Let's go!"

"Phew, phew, phew!"

Luan Tian's furious roar shook heaven and earth. Everyone got on their flying mounts and followed Ye Chen toward the nether God Hall.

The hall of the underworld had lost its former glory. After Ye Chen's battle with the four great evil kings and demon slaying and Heavenly Tribulation, this place had been completely reduced to a land of disaster. However, after Ye Chen's departure, the evil source consciousness body had taken control of the underworld God temple and the surrounding land was already covered with countless evil sources.

The evil source's consciousness body was hidden in the core of the nine-story demonic tower, while the outside was the eighteen reincarnation hell created by the evil source.

"Hahaha!"

His evil laughter spread all over the nine prefectures!

Countless amounts of evil energy gathered in the square in front of the demon tower. The peaks, valleys, and blood-stained lakes were all controlled by the evil source.

Outside the temple of the underworld, evil emperor Visrava had already gathered his million-strong Army.

"Lord Xie Yuan, a million-man army has been assembled. However, according to the reports of my evil spirit spies, ye chen has gathered many powerhouses from the nether divine realm and is joining forces to attack us!"

Vira a said.

"Haha, it's good that they've come. I've already prepared the most wonderful feast of death for them. As long as I absorb their power, my evil source consciousness will be completely reborn. Hahaha!"

Evil source was very confident in his ability. Varisha nodded slightly and began to set up the array.

The land within a thousand miles of the god of the underworld mountain was now under the evil Emperor's control.

Within the nine-story Monster Tower, the evil source continued to release its power. He wanted to establish a connection with the evil spirit world.

"Zi Zi Zi!"

In the air, a dark light screen appeared, and balls of black energy gathered.

"The great ancient evil source, I come to pay my respects!"

The evil source's consciousness body walked down from the throne and bowed to the existence in the light screen.

"Did you gain anything by sending you to the underworld realm?"

"I have already occupied the entire Hall of the underworld, but the position of the god of the underworld has yet to be determined!"

"What? Damn it, the power of the evil source is so vast, how can we not find the god of the underworld?"

"What we can confirm now is that the god of the underworld has sealed himself, but he has no aura at all, as if he is dead!"

"Hmph, the power of the underworld God is something we must obtain. How disappointing!"

"Ancient evil source, please calm down. This person has the Three treasures of the underworld!"

The evil origin consciousness form released energy and formed ye Chen's image in mid-air. Floating in front of him were the Demon's Eye, the darkness pool, and the heart of the underworld God!

"Oh?"

Looking at this information, the ancient evil source revealed a cold smile.

"Hahaha, very good. Then capture this person for me!"

"Yes!"

The demonic source's consciousness body bowed and sent the ancient evil source away. He then saw an energy tunnel appear in front of him. The strongest evil king, the heavenly evil king, the ghost Dragon King, had arrived.

The two kings had a majestic aura, and their bodies were filled with wild evil energy. They were like beasts that had walked out of hell, wanting to devour all things and destroy people's hearts.

"The ancient evil source has sent us here as reinforcements. Evil source number one, do you have a plan?"

The two great kings were not afraid of the ancient evil source at all. They did not even worship it. Clearly, these two great kings were completely different from the previous evil kings. They were directly under the command of the ancient evil source.

"Two evil kings, I've already taken full control of the underworld God temple. What do you think about sending evil emperor Visrava to lead a million-strong Army to fight the coalition Army led by ye chen outside the underworld God mountain?"

Evil source number one looked at the two and asked.

"Hmph, such a formation is too simple. Since you have set up such a large formation in the temple of the underworld, why don't you let the Allied forces charge into the central region and we will surround and kill them!"

"Ghost Dragon King is right. Evil Source No. 1, this is the command of the ancient evil source!"

"I understand. We'll do as the two evil kings say!"

"Alright!"

Lord heavenly evil sneered. Then, he released his power and gave an order.

Evil emperor var a received this order in the outside world.

"The heavenly evil king and the ghost Dragon King have arrived. It seems that evil source number one is no longer the master. I'll perform well this time. Ye chen, I'll make sure you all die Here."

Visar a had tried many times to gain the recognition of the ancient evil source, but he had failed every time. This time, he had volunteered to guard the nine-story demon tower because he wanted to make a contribution. He didn't expect that evil source number one would obtain the results. This was his last chance to make a comeback.

"Boom boom boom!"

At this moment, millions of Allied troops descended from the heavens.

Zila, Zila, Zila!

Lightning flashed, Thunder rumbled, and the sun and moon hid!

Ye chen stood on the most powerful flying feather warship and looked down at the land below. It had already fallen into the evil spirit's control.

"The evil spirits must have a scheme for us to enter directly. Lord underworld God, I think there's an 80% chance of an ambush. "

The beast King said.

"We have millions of soldiers charging into the nether God Hall. Do you think we're afraid of him?" Ye chen said.

Everyone nodded. They had already endured the evil spirit chaos for too long. Now that there was an opportunity to charge, no one would retreat.

"Since that's the case, this King is willing to be the vanguard!"

"Alright, beast King. Lead the elites of the beast race and charge in from this position. I will support you!"

"Yes!"

The beast King followed ye Chen's orders and led the elites of the beast clan to attack from a very remote place.

"Sect forces, hear my order!"

"Yes!"

The flowing Cloud Palm Masters led many experts from their sects to receive the order.

"You guys cooperate with the beast King and attack from the left wing!"

"Yes!"

"Yes, sir!" The experts received the order and rode on the flying feather race's birds, charging towards the left wing.

The attack of the two Vanguard legions instantly ignited the flames of war, and the area within a thousand miles of the underworld God mountain was caught in the battle.

Ye chen looked into the distance and immediately saw that the two armies 'charge was going smoothly without much resistance. It was clear that the other party was doing this on purpose.

"Lord underworld God, I can sense that there is evil energy surging within the underworld God mountain and around the underworld God Palace. This is a trap!" Feather Emperor said.

"Ha, I've long seen through that evil spirit is trying to lead the Army into its trap. So what? I'm going to completely destroy its ambition today!"

Ye Chen's domineering attitude instantly intimidated everyone. Everyone felt the most powerful netherworld energy flowing through their bodies, and they could not resist it!

[Chapter 2138 The Messenger Of Darkness!](#)

"Lord evil emperor, the Allied army has begun their attack!"

"Hehehe, very good. Lure them into the God of underworld mountain. The evil source formation has already covered the entire mountain. Only death awaits them!"

"Yes!"

The dark energy Warriors obeyed the evil Emperor's orders and stopped resisting. They led the Allied Army's Vanguard into the underworld God mountain.

Above the nine Heavens, ye Chen could see through the evil Emperor's plan with a single glance.

"Netherworld God mountain!"

Ye Chen's cold eyes locked onto the god of the underworld mountain. He released the consciousness stream of the god of the underworld and instilled it directly into the vein of the god of the underworld mountain. Although the entire vein was controlled by evil energy, this was the god of the underworld mountain after all. It was the place where the god of the underworld cultivated. The flow of divine power in it could not be completely removed by evil energy. The reason why ye Chen was so confident and had the two Vanguard legions attack directly was that he was the one who truly controlled the vein of the god of the underworld mountain.

"Dark night soul severing finger!"

Suddenly, the nether energy in ye Chen's hand circulated and the Demon's Eye locked onto a formation core.

,m "Zi Zi Zi!"

The powerful finger energy was like a laser, instantly hitting the eye of the formation. The earth Meridian exploded, and the eye of the formation shattered. The power of the underworld God swept through the eye of the formation, instantly taking control of the formation in this area.

"Ah!"

Ye Chen's spiritual will moved and the formation was activated. Not only did it not stop the vanguard Army, but the dark energy in the formation had also counter-attacked the evil spirit Army.

Boom, boom, boom!

The evil energy exploded, and the sun and moon sank!

Countless dark energy Warriors had died under their own power, their blood filling the air in unbearable pain!

"What?"

The evil Emperor's face was twisted. The evil source formation was so powerful that it had started to devour the evil energy Army. This was something they could not accept.

"Mm ..."

Seeing this, Tian Xie furrowed his brows. He was so angry.

"Evil Source No. 1, is this your work?"

The heavenly evil king glared at evil Source No. 1. Such a shocking reversal had left the evil source in a state of confusion. He could not imagine how ye chen had managed to control the formation he had set up.

"Hateful!"

Evil Source No. 1 transformed into a liquid form and rushed into the earth vein, rushing toward the outside world according to the evil energy Meridian.

Buzz, buzz, buzz!"

On the ground, balls of liquid appeared. The evil slime had revealed itself.

"Ye chen!"

Countless eyes appeared on the evil source slime's body, all locking onto ye Chen's position. It was clear that the evil source was completely enraged. Its big plan had not even begun and ye chen had already ruined it. How could it accept this!

"Go to hell!"

Countless eyeballs of dark energy kept spinning. Then, the dark energy in the earth vein was injected into the evil source slime's body. Then, it turned into a destructive beam and attacked ye chen.

In the face of the ferocious destructive rays, ye Chen's lips curled up slightly. To an ordinary person, this was like the end of the world. To ye chen, it was child's play.

"Light of Darkness!"

Ye chen opened the Demon's Eye between his brows again. Suddenly, the shadow of the underworld God flashed. The Demon's Eye released the ultimate destructive underworld God force, instantly destroying all the dark energy destruction rays.

"Ah?"

This shocking scene caused countless dark energy Warriors to tremble in fear. The evil source was an extremely high level of existence in their hearts. It was the source of evil spirits 'conquest. They did not expect it to be so useless in front of ye chen!

"Evil Source No. 1, you can only bow before me!"

The power of the underworld God suppressed the entire scene. Ye chen released the immortal slaying Saber Light and flew at high speed toward the evil source slime.

Buzz, buzz, buzz!"

Countless knife lights were like a meat grinder, madly killing. The evil source slime was bleeding all over like a lamb at the mercy of slaughter. It was the root of the evil spirits 'erosion of the earth. Now that ye chen was killing it like a pig, how would the dark energy powerhouses view it?

"A!"

The vile-Emperor sighed and shook his head. He had never imagined that he would actually bow down to someone like this. How embarrassing!

"Hahaha!"

Just as everyone thought that the evil source slime was about to be cut into pieces by ye chen, he suddenly laughed. Then, the liquid in the slime's body began to flow rapidly. The injuries all over his body that were cut by the immortal slaying Flying Dagger were completely healed as if they had never happened!

"What?"

Many powerhouses in the Allied army were surprised. They did not expect the evil slime's recovery ability to be so strong. It was like a god.

"Mm ..."

In the face of the rapidly recovering evil source slime, ye Chen's eyes turned cold and the killing intent in his heart grew stronger!

"Kill!"

Ye Chen's body flashed. Suddenly, a clone rushed out. Everyone looked over and saw that it was the black-gold glazed body, the dense Messenger of darkness.

The messenger of darkness was a super-strong doppelganger evolved from the darkness pool and possessed all the abilities of the darkness pool. At this moment, the mouth of darkness was holding the dark Celestial Emperor sword. His whole body was shining with black and gold glazed light as he rushed toward slime.

"Hahaha, before me, all living things will be annihilated!"

The slime was extremely violent. It instantly transformed into a super huge mouth and swallowed the mouth of darkness in front of it!

"Ah?"

The Alliance Army trembled again. They had thought that ye Chen's Messenger of darkness would do something amazing. How had he been devoured?

"Hahaha, ye chen, you're no match for the source of the dark power!"

"Before the evil spirits, all races bow!"

"Evil spirits are invincible!"

The evil spirit Army, led by the evil emperor, sang triumphant songs, thinking that the reinforcements led by ye chen would die at the hands of the evil source slimes.

Boom, boom, boom!

Under the feet of the evil source slime, countless dark powers burst out, and the formation was activated again, extending in the direction of the Allied forces.

The two Vanguard legions had no choice but to return after being intimidated by the evil source slime.

"Lord underworld God!"

Everyone looked at ye chen, waiting for his reply.

However, ye chen was expressionless and did not respond at all. Everyone's heart trembled, not knowing what ye chen meant.

"Wait!"

"Wait!" As everyone was puzzled, they heard the slime twist its body wildly, revealing a painful expression.

"You!"

The evil source slime's countless eyes locked onto ye chen, but they were filled with fear. It could not imagine what kind of person the opponent in front of it was. It was a god-like existence.

He felt that he had lost control of his body, and his entire body was mutating.

"Evil Source No. 1, you were the one who infected others and the earth. Now that you've also been infected by the power of darkness, how does it feel to be corrupted?"

Ye Chen's words shocked all the powerhouses. Everyone fell into a state of terror.

Everyone saw that the evil source slime's entire body began to turn black, and all the liquid on its body turned into black water.

Buzz, buzz, buzz!"

All the muscles and meridians in his body were moving towards a State of Decay. He was like a rotten and stinky water ball.

Crack, crack, crack!

Then, his body froze and cracks opened.

Boom, boom, boom!

The evil essence slime's entire body split apart. A mass of dark energy rushed out rapidly, and the evil essence exploded on the spot, turning into blood!

[Chapter 2139 2144-Challenging The Ninth Level Alone!](#)

"The evil source, the evil source is gone?"

The Alliance Army looked in front of them in shock. The evil source exploded in front of them like a balloon.

"No, this is just a clone of the evil source!"

While everyone was still in shock and excitement, ye chen suddenly spoke. Everyone became nervous again. If this was just a clone, there was nothing to be excited about. After all, the enemy was still there.

"Kill!"

Although they had only killed one clone, they had already won in terms of momentum. Ye Chen gave the order to kill, and all the Nether Realm's powerhouses led their teams toward the Nether God Mountain.

"Don't even think about it!"

Looking at the defeat of Xie Yuan, Evil Emperor Varisha was furious. After all, he was an evil emperor. How could he watch the Masters of the Underworld Realm attack so simply?

"Absorb!"

The Vile-Emperor shone with an evil light as three spinning cogwheels appeared before him. He placed his hands on the three cogwheels.

"Zi Zi Zi!"

The evil energy in the earth vein kept pouring into the cogwheel. Suddenly, a storm of evil energy turned into the cogwheel's energy and attacked.

The cogwheel was unstoppable as it moved forward. It was extremely fast, and no matter what it touched, it would be destroyed!

"Ah!"

In the battle ring, cries of pain and agony rang out continuously. Many of the Vanguard Army's soldiers were directly split apart by the gears and died tragically.

"Damn it!"

The Beast King was furious. It put on sharp claws and silver hooks on its hands and slashed at the gear.

Buzz, buzz, buzz!"

The dark power cogwheel clashed with the Beast King's divine weapon, sending sparks flying everywhere. The Beast King wanted to control the dark power cogwheel in front of him, but he could feel that the waves of dark power were so powerful. They contained strange laws that he could not control at all.

"Giggle!"

At that moment, the evil emperor sneered. Then, the cogwheel that was caught by the Beast King suddenly split. One cogwheel turned into three cogwheels and attacked the Beast King from different directions.

"Ah?"

The Beast King turned pale with fright. He was unable to deal with such an unforeseen event.

"Swish!"

Just as the other two cogwheels were about to behead the Beast King, an ice-sealing sword Qi attacked.

"Swish!"

The power of ice extended rapidly, freezing the two cogwheels in an instant.

"Oh?"

The evil emperor revealed a look of interest. The person who had come was none other than Emperor Yu!

Emperor Yu held the sword of ice and pointed it at evil emperor Visrava. This was her challenge. "You're courting death!" Variphar Sha sneered and sat cross-legged in the air. He directed the gear and attacked Emperor Yu.

The two sides fought, and Thunder exploded in the air.

Ye Chen's eyes looked toward the core of the nine-story Pagoda.

"Ye chen!"

At that moment, the voice came from Lord heavenly evil!

"Who's sneaking around?"

Ye chen responded strongly. His consciousness spread for a thousand miles and rushed toward King heavenly evil.

"Hahaha!"

In the face of such a powerful stream of consciousness, King heavenly evil laughed maniacally. The domineering evil energy backfired, but before it could reach ye chen, it was already destroyed by the immortal slaying Flying Dagger.

The two of them released their primordial spirits at the same time and stood in the void.

"Ye chen, you have no advantage in the nether God Hall. Withdraw immediately!"

"Puny evil king, you dare to negotiate with me?"

"I am Lord heavenly evil, completely different from the evil king you killed before. Besides, I have a companion, the Lang wo Ghost Dragon King, whose intelligence is not inferior to yours. If we join forces, the Allied army will be destroyed. Retreat immediately!"

"Hahaha, you want me to withdraw so badly? are you going to engage in some shady business? It's a pity that you'll have to leave the task of finding the god of the underworld to me!"

"What?"

Heavenly evil king, Zhe Jing, he didn't expect that he could see through his thoughts with just a conversation. Such wisdom was too amazing.

"Very good, since you want to die, this King will grant you your wish!"

"When I kill the evil source, you will lose your base. You are the ones who should get lost!"

Ye Chen's eyes turned cold. The light of the underworld bloomed and instantly destroyed the image of the heavenly evil king before him.

Ye Chen's primordial spirit returned and locked onto the nine-story demon tower. That was where the evil source true body was located. It was also the lair of the heavenly evil king and the ghost Dragon King. He turned around and looked at the battle. At this moment, Emperor Yu was facing Vairāsha alone. The great battle had begun.

"Flying feathers chaotic sky!"

"Zi Zi Zi!"

Countless flying feathers, which contained elite sword Qi, rushed toward the pilgrims with great power.

"Endless flywheel!"

At this moment, evil emperor Visrava no longer held back. The evil power cogwheels rapidly evolved, and the sky was filled with cogwheels. They formed a barrier and instantly locked onto Emperor Yu.

Boom, boom, boom!

In the sky, the endless space and the countless gears canceled each other out. The space trembled, and the impact of energy spread in all directions.

Everyone activated their powers to resist, but many warrior-level cultivators couldn't resist and exploded.

At this moment, the evil energy in the earth vein was raging, and it was obvious that the evil source was stirring again.

"Evil source!"

Ye Chen understood that as long as the evil source was not removed, the entire underworld God Hall would still be under the control of the evil spirits.

"Emperor Yu, the beast King is in charge. I want to kill Xie Yuan personally!"

"Yes!"

The beast King received the order and assumed command of the Army while Ye Chen headed to the nine-story Pagoda alone.

Inside the nine-story demonic tower, the evil energy turned into all kinds of clouds and mist, lingering around the entire space, dazzling people and making them unable to move forward.

Ye Chen's eyes were cold as the light of the underworld bloomed. The dark energy could not stop him at all.

With the night Demon Armor on his body and the celestial Thearch sword in his hand, Ye Chen's might could shake the universe. Who would dare to face him?

At this moment, within the monster Tower, countless evil spirits started to move.

On the walls and under the floor, countless evil insects appeared and bit at Ye Chen.

"Damn it!"

Ye chen was enraged. Heavenly Serpent spits fire!

"Phew, phew, phew!"

Countless dark flames burst out from the sky snake's mouth. The evil insects were instantly turned into dust when they came into contact with these flames.

"Squeak, squeak, squeak ..."

Countless evil insects cried out in pain. Ye chen was like a god who had descended to the mortal world and exterminated the evil without mercy!

"One sword moves all directions!"

The sword swept out, shaking the surroundings. Endless sword Qi swept across the entire area. The sword Qi contained the power of dark Hellfire and instantly burned all the evil insects.

The entire floor of the shifter tower was burning in flames. Ye chen was like a god from hell who had walked out of the Hellfire. He was insufferably arrogant!

"Evil source, do you dare to fight?"

Ye Chen's furious roar was like the eight Dragons 'rebellion. It instantly impacted the entire scene and the entire nine-story Pagoda shook.

The dark energy seemed to have a mind of its own and did not dare to approach ye chen, avoiding him.

"Hahaha!"

Ye Chen's maniacal laughter carried the power of rage. Space-time changed and he had already arrived at the fifth level of the tower.

"Zi Zi Zi!"

At that moment, there was a flash of dark energy in front of him, and a demonic beast appeared.

"Roar!"

The demonic beast howled in anger. Its dark energy erupted as countless shadows of sharp claws attacked ye chen.

"Hahaha!"

Ye chen was not afraid at all. He walked forward with steady steps.

Buzz, buzz, buzz!"

Countless sharp claws struck ye Chen's body, but it was as if they had hit steel. There was no effect!

"The path of the Emperor, there is no obstacle!"

Thump, thump, thump!

As he strode forward, all he could see was the source of evil!

## [Chapter 2140 2144-Evil Supremacy](#)

Seeing that ye chen had not suffered any damage from its claws, the demonic beast's eyes widened in anger. It was burning with rage and fire spewed out of its nose. It pounced on the floor, causing it to shake.

"Roar!"

The demonic beast roared. Suddenly, on the walls of the fifth level of the demon tower, waves of demonic aura surged. Then, a wall full of murals appeared.

These murals were all dark power imprints, like a picture of hell, very terrifying.

"What?"

Ye chen stopped in his tracks and closed his eyes. Suddenly, the structure of the murals on the surrounding walls was revealed.

These structures were analyzed by the Demon's Eye and transmitted into ye Chen's mind.

With the angry roar of the demonic beasts, all kinds of things in these murals appeared and became real.

Buzz, buzz, buzz!"

Waves of hellish chains rushed toward ye chen. The hellhounds went berserk at the same time and bit at him. Above ye Chen's head, there was a demon furnace mural on the top of the tower. Under the call of the demonic beast, it turned into a demonic furnace of evil energy and came crashing down on ye chen.

"Ah!"

Ye chen raised his right hand high and swept his palm energy across. It transformed into a giant hand of divine power and held the demon furnace.

Buzz, buzz, buzz!"

The demonic furnace continued to press down, trying to crush ye chen but it was impossible.

The darkness pool turned into countless black and gold glass and continued to extend toward the demon furnace. Soon, the entire demon furnace was wrapped in black and gold glass, and the evil energy was slowly disintegrated and devoured by the darkness pool.

The demonic beast was shocked to see this.

"Roar!"

The demonic beast used the demonic furnace to suppress ye chen while it personally jumped up and charged at him.

Just as he leaped high into the air and made a killing gesture, a cold light shot out from between ye Chen's brows. The dark destruction ray instantly penetrated the demonic beast's head.

"Swish!"

With a piercing sound, the demonic beast fell from the sky and died.

At this moment, behind ye chen, the heavenly Serpent opened its mouth and devoured the demonic furnace and all the dark energy in the murals.

Thump, thump, thump!

After devouring the power of the fifth level, ye chen strode forward toward the sixth level.

On the sixth floor of the demon tower, an evil man stood alone. He was a super fusion evil general formed by the combination of the life-taking evil generals of death.

"Giggle!"

Seeing ye Chen's arrival, the Super fusion evil general sneered. He instantly unleashed his Foundation, which already had the power of a peak mystique true immortal.

However, ye chen had broken through the nine bolts of divine lightning and advanced to a peak itinerant immortal. He already possessed the combat strength of an abstruse immortal. The evil general before him was just a fleeting cloud.

Ye chen ignored the evil general in front of him and continued forward.

"Damn it!"

The evil general was furious. He was a super-fusion evil general after all, someone who possessed the power of many evil generals. Yet, he was ignored. The anger in his heart could not be contained and erupted in an instant, charging straight at ye chen.

"Zi Zi Zi!"

At this moment, a black-gold landscape wall was instantly erected beside ye chen. It was formed by the power of the darkness pool.

Boom, boom, boom!

The evil General's sacred art struck the water view Wall, but it was like an egg hitting a rock. It had no effect.

"Impossible!"

The evil general was furious, and he madly bit and tore at the enemy. He had already lost his order. After all, it was too embarrassing for his top Divine Art to be ignored by the other party.

"You're looking for death!"

Ye chen had no intention of getting entangled with him, but since the other party was stubborn, he would get rid of him!

"Black-golden glazed mirror, resplendent yellow spring destruction!"

He raised his sword finger slightly. Instantly, the air of death filled the air, as if the gate of hell had opened and the judgment of the King of Hell was coming!

"Zi Zi Zi!"

As the finger force turned into a sharp blade, it instantly pierced through his body.

The power of darkness corroded the evil General's entire body. In the blink of an eye, the Super fusion evil general turned into a statue and then shattered into pieces, completely lifeless.

After breaking through to the sixth level, ye chen continued to move forward. He was even closer to the evil source.

In the outside world, at this moment, Emperor Yu was fighting evil emperor Visrava. The beast King was in the middle of the Army, and everyone was on alert and ready to attack.

When the heavenly Emperor ye chen entered the shifter tower, the heavenly evil king and the ghost Dragon King were too busy to care about anything else. They did not make a move at all.

In this way, as long as Emperor Yu defeated the evil emperor, the Masters of the divine underworld world would definitely win. The only variable was the nine-story demon tower.

"I wonder how the god of the underworld is doing?"

The beast King looked at the nine-story Pagoda. He could already see the direction of the battle. Emperor Yu was suppressing the vile Emperor. The battle situation outside was moving in a clear direction. His only worry was ye chen.

Princess man 'er looked at the shifter tower. She wanted to help ye chen personally but was stopped by the beast King. In a battle of that level, her presence would only distract ye chen and would not have any positive effect.

At the core of the nine-story Monster Tower, within a demonic furnace, a dense mass of evil energy was constantly stirring up the wind and clouds, causing countless evil energies to go berserk. This was the true body of the evil source, and it was constantly absorbing all kinds of energy released during the battle to recover.

The previous evil source consciousness entity was just an embodiment of the evil source. Its status was extremely low, so it wanted to continue to make achievements, increase its confidence, and control the situation. However, after the heavenly evil king and the ghost Dragon King had descended, it had panicked and was killed by ye chen.

At this moment, the main consciousness of evil source number one was condensed in the demon furnace.

Boom, boom, boom!

Suddenly, the evil energy inside the demonic furnace started to boil and was on the verge of losing control.

"Looks like the failure of number one's higher consciousness body has affected the growth of the evil spirit. I need to transfer some energy now." The ghost Dragon King said.

"Mm ..."

Lord heavenly evil nodded slightly. Then, he shot out his sharp claws and pushed at the demonic furnace.

"Phew, phew, phew!"

A dense amount of dark energy was infused into it, all of which gathered towards the core of the demonic furnace. This was the core of evil source number one.

"Zi Zi Zi!"

As the dark energy continued to pour in, Lord evil's consciousness body gradually took shape, floating in the air.

In the end, it condensed into a physical form.

"Welcome, Lord Xie!"

Lord heavenly evil and the ghost Dragon King had no qualms when facing the evil source consciousness entity. However, they did not have the confidence to face the strongest source of infection that had split from the ancient evil source, Lord evil.

Zila, Zila, Zila!

Suddenly, the demonic furnace continuously released dark lightning, and the entire demonic furnace exploded.

Waves of evil energy lava roared and crashed in the air as if they were welcoming the arrival of Lord evil.

"I have descended to wash the underworld God Palace with blood!"

"Yes!"

The two kings followed Lord evil's orders and attacked.

Lord heavenly evil raised his sword finger high and pointed it at the outside world. Suddenly, a beam of evil energy sword light shot out and locked onto Emperor Yu with lightning speed.

How could Emperor Yu, who was in the middle of a battle, expect such a sneak attack? he was instantly hit.

"Ah!"

The sword Qi entered the side of Emperor Yu's abdomen. Blood flowed out, and his evil energy surged. He was severely injured in the air!

"Feather Emperor!"

The beast King was shocked. Emperor Yu was the strongest fighting force of the underworld God Allied army after ye chen. If she was fatally injured, it would be extremely disadvantageous to the actions of the Allied army and ye chen!
