

## Genius 2221

### [Chapter 2221 Sword And Saber Breaking Through The Firmament!](#)

Ye chen had reached a critical moment in his cultivation of the fourth stage sword technique in the independent space.

Many special fourth rank imprints were suspended in the air. The power of heavenly Dao contained in these imprints was no longer comparable to the previous three ranks. Moreover, ye chen was in a special independent space, so the power of the imprints was naturally stronger.

Seeing that ye chen was constantly improving himself in the independent space, the powerhouses from the other forces showed fear.

In particular, the darkspirit realm and the magic martial arts realm, two realms that had great enmity with ye chen, were even more frightened by ye Chen's progress.

"Lord Xie, if we let ye chen cultivate in that space, I'm afraid it'll be a mess!"

Heavenly Dipper evil Lord said.

When he had fought ye chen before, he had already understood how talented ye chen was. Now, he had also received the Buddha Emperor's favor. With such talent and such an opportunity, even a fool could imagine what the consequences would be.

"Don't you think I know?"

Lord evil bellowed. He was feeling extremely vexed now. The four seals that ye chen had absorbed and refined were already above the level of super powerhouses like them. This meant that in the Buddha Emperor's opinion, celestial Immortals and true demons like them were not as good as a human true immortal.

In such a situation, they had suffered a heavy blow, both in terms of benefits and reputation.

"It's best if we join forces with the experts of other forces and break through the special space together!"

Heavenly cosmic evil Lord's eyes were cold as he spoke in shock. Would this act offend the venerable extraditor?

"Mm ..."

In the face of such a risky move, Lord evil suddenly sneered and revealed a proud expression. "Heavenly cosmic evil Lord, this is a good idea," he said. "Contact the experts from the other forces immediately!"

"Alright!"

Heavenly cosmic evil Lord had already fully comprehended the imprint of his own Buddhist pond, and he looked at the other Buddhist ponds.

Venerable fiery dragon, venerable Cold Moon, and venerable thundercloud were all in the fourth-grade Buddha's pool, while demon master lang wo was in the magic martial arts world.

"Demon master bi 'an, perfected beings, don't you care about ye Chen's cultivation progress?"

The heavenly cosmic evil Lord shouted at the crowd.

Everyone turned their heads slightly and looked at him with a cold smile. Of course, everyone understood this. However, so what? could someone break through the barrier and directly deal with ye chen?

"Heavenly cosmic evil Lord, what exactly do you want to do? enough of this nonsense." Demon master Yan Yan shouted impatiently.

"Demon master Yan Yan, your impatience will ruin things! This time, I want you to make a deal. The three of us will break open this independent space together, then kill ye chen and share the various opportunities on him. What do you think?"

"Oh?"

The other powerhouses smiled with interest, but what they cared about was whether they could open the independent space with their own power, and whether the venerable extraditor would interfere.

Seeing the hesitation in everyone's eyes, the heavenly cosmic evil Lord laughed. "Hahaha, you're all celestial Immortals or true fiends, so why are you so indecisive? I'm telling you, the venerable jieyin would never manage so many things. Moreover, I'm confident that we can open the independent space with our strength!"

"Heavenly cosmic evil Lord, you make it sound so easy. Are you really confident?" Taoist master leiyun said.

"This evil Lord has cultivated under the Bodhi tree for a long time and knows the situation here like the back of my hand. If you listen to my command, there will definitely be good results!"

"Mm ..."

Everyone looked at heavenly cosmic evil Lord, then at ye chen in the independent space. He was constantly testing out fourth rank sword techniques. This scene made the powerhouses even more worried.

"Good, this demon master will do as you wish!"

The first to agree was demon master bi an. He also felt that they could not wait any longer. If ye chen defied the heavens and truly comprehended a fifth rank imprint, no one here would be his match.

The other powerhouses frowned and could only agree.

In the end, the six great masters-Lord evil, Lord heavenly spirits, Lord bi 'an, venerable fiery dragon, venerable Cold Moon, and venerable thundercloud-were going to carry out the heaven-crushing plan.

The powerhouses walked to the independent space one after another. Ye chen had long noticed their movements but even if they were right in front of him, ye chen would not pay them any attention. He just continued to cultivate his fourth stage sword technique.

"Hahaha, ye chen, your end is here!" Heavenly cosmic evil Lord laughed wildly at ye chen.

Ye chen was not afraid at all in the face of the pressure from the powerhouses. He became more and more familiar with the quadruple sword technique and was unparalleled in its exquisiteness.

"Hmm ... This kid is arrogant. Let's attack!" Venerable fiery dragon said.

"Alright!"

Everyone knew the urgency of the matter and no longer spoke. They all attacked, wanting to break the barrier in front of them.

This scene made the great ancestor, Wushuang, and the others in the third-rank Buddha's pool feel a sense of danger. They were all sweating for ye chen.

Ye chen retracted his sword gleam and turned to look at the heavenly cosmic evil Lord and the others.

"If you have the ability, then come!"

"Hahaha, arrogant to such an extent. Unfortunately, you still have to die!"

All the experts released their own power, forming a sky-breaking spear of destruction that shot towards the independent space.

"Boom boom boom!"

A deafening explosion shook the entire Buddha Emperor Peak. The wind and clouds above the nine Heavens moved, and the sun and moon dimmed.

At this moment, even the independent space cracked. The space barriers collapsed one after another, unable to stop the joint attack of the six experts.

"Great emperor!"

The great ancestor and the others looked terrified. If ye chen was hit, they would all die Here.

In the face of such a disaster, ye chen took the initiative to strike first. Just as the powerhouses released their ultimate power and split the barrier, ye chen suddenly ascended to the nine Heavens. The celestial Thearch sword and the immortal slaying Flying Dagger appeared in his left and right hands respectively.

"Celestial Thearch sword Astral Slash!"

"Heaven-extinguishing saber technique, the heaven-breaking mayfly!"

The two peerless divine weapons had grown together with ye chen. Now, he had activated the power of the fourth level imprint, the immortal slaying Flying Dagger fused with underworld divine power, and the celestial Emperor sword fused with ancient divine power. The two strongest forces had met here. At the same time, ye chen had found the most appropriate time after analyzing the space barrier. At the same time, he would use the space shattering power to match his two strongest moves.

"Kill!"

"Kill!" He shouted. In the chaotic realm between heaven and earth where the sun and moon were dim, the immortal-slaying Flying Dagger and the celestial Emperor sword bloomed with killing light at the

same time. They took advantage of the opportunity when the spatial barrier was broken to attack instantly.

"What?"

Even heaven Immortals and true demons would tremble and collapse mentally when they sensed the unimaginable destructive power of ye Chen's double-kill technique.

"Impossible!"

The powerhouses had just broken through the barrier in front of them. Without any time to react, they were ambushed by ye Chen's saber and sword shadows. They were all hit.

"Ah!"

The painful roars continued, and the experts fell from the nine Heavens.

### [Chapter 2222 Killing Two Supremes In One Move!](#)

"Impossible, impossible!"

Perfected Lei Yun's eyes widened as he cried out in disbelief. He had never thought that ye Chen could fight against six powerhouses by himself. No one could see what had happened clearly. They only saw that the six powerhouses had been severely injured by ye Chen's powerful combo attack.

This was supposed to be the best opportunity to kill ye Chen but it had become the perfect opportunity for ye Chen to severely injure the six powerhouses.

Such a turn of events stunned the armies of the darkspirit realm, the magic martial realm, and the celestial Spirit realm stationed at the periphery. They watched as their leaders were all shot down by ye Chen. They had never seen such a shocking scene before.

"Did you see that? it's true. The six leaders joined forces but were defeated by ye Chen alone. Is this the power of a fourth rank sword technique? Was the independent space really so magical? What kind of power could cause such destruction?"

"The six powerhouses are all heavenly evil, true demon, and heaven immortal level existences. Their cultivation bases are far superior to ye Chen's, but why is the result like this?"

"Could this brat really be the reincarnation of a God?"

The Warriors and experts of the major forces below were all discussing, unable to understand what was going on.

The great ancestor, Wushuang, and the others were elated when they saw the results. It was as if they were celebrating the New Year. Of course, they had not expected such an outcome. However, their trust in ye Chen had reached a new height.

"Good, the great emperor is invincible!"

"The unparalleled war god Emperor!"

"We will forever follow the great Emperor's footsteps!"

Everyone shouted for ye Chen's sake but the danger was right in front of them. The gaze of death had already begun behind them.

Fiend supremacy Skydragon and Nine-Tailed fiend supremacy attacked one after another, charging towards the crowd.

"Be careful!"

The netherworld patriarch saw the killing intent and shouted. Everyone turned around and saw the evil Dragon. Their nine tails rushed over.

"The netherworld sword Qi, go!"

In the face of such danger, old ancestor yellow spring stepped forward and drew upon the boundless sword Qi of the yellow spring to take on demon venerable Skydragon.

"Boom boom boom!"

With a shocking explosion, the elder ancestor felt his chest tighten. His qi and blood immediately reversed, and blood spurted out of his mouth.

Such a situation made everyone apprehensive.

"Forefather!"

Everyone rushed over to help the old ancestor up but the Nine-Tailed demon venerable's nine tails flashed at the same time. His killer moves were continuous and no one could resist.

"Don't even think about it!"

At that moment, Jian Wushuang unleashed his unparalleled sword Qi, which was the power of the celestial Emperor sword.

Unparalleled flight, sword Qi surging!

"Killing Buddhist sword!"

The special Buddha power he had absorbed from the sacred monument was now in effect. The power of the slaughter Buddha sword burst out from the celestial Emperor sword and rushed toward the Nine-Tailed demon.

"What?"

Nine tails was shocked. She didn't absorb any special Buddha power from the sacred tablet. At this moment, nine of them came out together. However, the moment they came into contact with the slaughter Buddha sword, she felt how small she was. Although her cultivation was above ye Wushuang, she could only be defeated by the slaughter Buddha sword and the celestial Emperor's sword light with the third rank mark!

"Ah!"

With a shout, the Nine-Tailed demon sovereign fell from the sky.

"Nine tails!"

Fiend supremacy Skydragon released his demonic energy and caught Nine-Tailed fiend supremacy. However, the latter had already been severely injured by the slaughter Buddhist sword.

"Good, Wushuang, amazing!"

The great ancestor and the others were overjoyed. Finally, besides ye chen, there was another powerhouse who could fight against a demon venerable.

At the same time, the six powerhouses got up one after another. They were completely confused by ye Chen's attack and had no idea what had happened.

Heavenly cosmic evil Lord frowned as he looked at the crowd. The one who would be hurt in the end would be demon master bi 'an. When the barrier was broken, he was the closest to ye Chen's sword gleam and was the first to bear the brunt. Now that his meridians were damaged, his situation was not optimistic.

On the side of the immortal world, Reverend thundercloud suffered the most damage, followed by Reverend fiery dragon and Reverend Cold Moon, who relied on their own immortal Arts to basically remain unscathed.

"How could this kid have such power? I don't believe that a rank 4 symbol is so powerful!"

Lei Yun Zhenren was listless, but he could not hide the anger in his heart.

"Lei Yun, recuperate!"

"A!"

Reverend Cold Moon was still calm. She walked up and placed her palm on Reverend thundercloud's back. Immortal energy was poured into his body, stabilizing his meridians.

"Many thanks, senior brother lengyue!" Lei Yun Zhenren saluted and then sat cross-legged to adjust.

The other powerhouses looked at ye chen. How did the "culprit" who had caused them such heavy injuries do it?

Facing the cold gazes of the powerhouses, ye chen smiled and strode forward.

"I've said it before, you're seeking your own destruction!"

Ye chen said.

"Don't be so arrogant. I've already seen through your mystery!"

One of them walked forward, and the air around him instantly turned cold. The ground froze, and the space stagnated. As the crowd trembled in shock, they saw Reverend Cold Moon.

"Oh? What Do You See?"

"You just borrowed the power of the space barrier shattering!"

"Is that so?"

"Of course!"

"So what?"

"Now that there's no spatial barrier, you're trapped in our encirclement. What do you think your chances are?"

Master Leng Yue's words enlightened the other powerhouses and they all came up to surround ye chen.

"So that's how it is. This time, I'll let you die without a burial ground!"

The one at the forefront was Lord evil. He had not suffered much damage from the space explosion last time. Now, he wanted to capture ye chen and obtain the various powers of opportunity in his body.

"Kill!"

Lord evil released countless dark energy. Suddenly, the dark energy in the surrounding space turned into a dark hand and attacked ye chen wildly.

"Useless move!"

Ye chen waved his hand and sent out the immortal slaying Flying Dagger. The immortal slaying law operated, and with the fourth level heavenly Dao imprint, it was extremely sharp. In the blink of an eye, those hidden hands were all chopped into pieces by the immortal slaying Flying Dagger and turned into fine powder.

Upon seeing this, Lord evil turned pale with fright. He finally realized how strong this person was.

"Let's kill them together!" Lord Xie shouted to the crowd.

"Kill!"

The firmament Dragon Demon venerable and the Nine-Tailed demon venerable roared as they charged forward. However, despite their strength, they were still harmless in front of ye chen.

Buzz, buzz!"

Ye chen took a step forward and received the attack with his Black Gold glazed body.

Boom, boom, boom!

His body exploded one after another. However, when the dust settled, everyone saw ye chen in perfect condition. This was the result of Nine-Tailed demon venerable and Skydragon demon venerable's attack with third order imprints.

"Ah?"

The two demon lords trembled in fear and wanted to retreat. However, it was a joke to think that they could escape unscathed before ye chen.

"Rank 4 heaven Dao disdainful heaven Dao nether King star picking hand!"

"What?"

The two of them watched in shock as the nether King's star picking hand descended upon them. With a grab, the two of them were plunged into a dark space. Then, their bone armor shattered and blood spurted out. They died on the spot!

This kind of power made the Army of the devil martial world tremble. It was too exaggerated to kill two great devil Venerables of the devil World with one move!

### [Chapter 2223 2228-Call Me Senior!](#)

"Is this the power of a rank four heavenly Dao? It actually completely crushed a rank three heavenly Dao!"

At this moment, everyone finally realized the true advantage of a level four heavenly path over a level three heavenly path. This advantage was fully displayed in ye Chen's hands as if he had the help of God.

"No, he used a special rank four heavenly path. It might even be equivalent to the power of a rank five heavenly path, which is why he could kill the two demon Venerables so easily."

Master Cold moon's words shocked everyone. It was actually equivalent to a fifth-order heavenly Dao. This was simply too terrifying. It should be known that many powerhouses here could not even enter the door of the fourth level heavenly path. Ye chen had actually cultivated the power equivalent to the fifth level heavenly path. How could they accept this?

Their cultivation base was far above ye chen 's, so why did this happen?

Ye chen had defeated two demon Venerables and at the same time, demon master bi 'an was severely injured. No one dared to resist ye chen. This was all part of ye Chen's plan.

"Great emperor!"

The great ancestor and the others were rejuvenated and full of fighting spirit. Ye Chen's safe return put them at ease.

"Do you still want to fight to the death with me, or head to a higher place?"

Ye Chen's eyes swept over the people from the major forces and shouted sternly.

The people of the darkspirit realm, the celestial Spirit realm, and the magic martial realm fell into deep thought. Now that demon master bi 'an was severely injured and two demon Venerables had been killed, it was obvious that the magic martial realm no longer had the capital to resist ye chen. Naturally, they hoped to advance further. This way, not only could they reduce their losses, but they could also improve their own strength.

The powerhouses of the darkspirit realm and the celestial Spirit realm looked at each other. In the end, they agreed with ye Chen's idea. After all, their main purpose in coming here was to obtain the Buddhist Emperor's inheritance. Chasing after ye chen was only a secondary goal.

Now that ye chen possessed the special rank four power of heavenly Dao, the consequences would be unpredictable if he were to fight head-on. Why not continue cultivating and wait for the staff of his own faction to arrive?

"Hahaha, good boy, you're really bold. This immortal will agree to your request!"

"I, Lord Xie, will give you a chance too!"

Venerable fiery dragon from the immortal spirit realm and Lord Xie from the darkspirit realm both agreed to ye Chen's request.

"Very good, then let's make an agreement!"

"What agreement?"

The powerhouses looked at ye chen, wanting to know what he was going to do.

"Before everyone has broken through to the sixth level of heavenly path, no one is allowed to attack each other!" Ye chen smiled.

"What? a rank six heavenly Dao?"

Everyone was shocked. They did not expect ye chen to set his goal on the sixth level of the heavenly path. This was too exaggerated.

It should be known that even super powerhouses like venerable fiery dragon and Lord evil took several months to break through to the fourth level of the heavenly path. No one knew what the fifth level of the heavenly path was like. Some people might not even be able to break through in their entire lives. Ye chen had set his position on the sixth level of the heavenly path to a large extent. If he agreed, the major forces would not be able to easily attack ye Chen's forces. This was a good idea.

"Hmph, I understand what you're thinking!"

Suddenly, ye chen snorted coldly and looked at everyone coldly. Everyone panicked for a moment. Everyone knew that ye chen was decisive. Once he was angry, no one could stop him from killing. This natural pressure even made many abstruse Immortals "legs go soft and tremble.

It was hard to imagine that a group of Mystic Immortals would be so submissive in front of a true immortal.

"What do you know?" Asked venerable fiery dragon.

"Cut the crap, I can tell you the way to break through!"

"What?"

The powerhouses were even more shocked. They could clearly hear that ye chen had elevated himself to a higher level and looked down on all living beings. Perhaps these celestial Immortals and true evil were like ants in ye Chen's eyes. He wanted to educate all living beings.

Although this attitude made the people of the major forces very unhappy, if they agreed, it meant that they were a level lower than ye chen. They could even address ye chen as senior and ask for guidance.

In such a situation, those people naturally did not feel good. However, they knew very well that ye Chen's talent was far above theirs. If they wanted to comprehend the fifth level heavenly Dao imprint,

ye chen was the only candidate. Venerable fiery dragon and Lord evil, Dunn, furrowed their brows and did not speak. Everyone understood that ye chen had the absolute initiative.

"How is it?"

Ye chen did not waste any time and pressed for an answer.

"This ..." Venerable fiery dragon was a little hesitant. As a perfected being of the immortal realm, did he really have to ask a little true immortal for advice?

"Hehehe, the strong are respected, and geniuses are teachers. What's wrong with that?"

"You're courting death!" Heavenly cosmic evil Lord suddenly spoke, and his strange laughter reverberated, making everyone extremely uncomfortable. However, this represented his attitude. He had already agreed to ye Chen's request. The others looked at each other and could only nod. None of them were confident in comprehending the fifth level heavenly path because they had only understood the surface of the fourth level heavenly path. They had not understood the deeper principles.

Seeing ye chen use a special fourth level heavenly path to kill two demon Venerables in seconds, the powerhouses realized that their comprehension ability was no longer on the same level as ye chen 's.

"We promise you!"

Everyone replied in unison.

"Promise me? Hahaha, then you have to show some attitude and call me senior!"

"Ah?"

All the powerhouses were furious. As they had expected, ye chen was a peerless man. His behavior was completely different from that of an ordinary cultivator.

Looking at the powerhouses who were suppressing their anger, ye chen sneered. His body was full of control, like a god high above!

"Good, good, good!"

Old ancestor yellow spring and the others were even more excited. They did not expect ye chen to be able to subdue these heaven Immortals and true evils so easily with his own comprehension ability. Who else could do this except ye chen?

"Senior!"

A voice that everyone was already familiar with sounded. It was the heavenly cosmic evil Lord.

Ye Chen's eyes turned slightly cold as he looked at the heavenly cosmic Demon Lord. Ye chen had long known about this person's sinister and vicious character. He did not expect him to be so decisive in the face of such a matter. It was clear that he did not care about so-called shame when it came to benefits.

"Senior!"

The other experts shouted the word "heavy" at the same time.

"Hahaha, good. Everyone, please!"

Ye chen laughed maniacally and walked toward the level five heavenly path barrier.

The spiritual energy Voice was transmitted to the forefather, Wushuang, and the others.

"All of you, focus on your cultivation. Quickly break through to rank three heavenly Dao according to the method I taught you!"

"Yes!"

Everyone's spiritual energy responded at the same time. They all sat cross-legged in the Buddhist pool and concentrated on cultivation.

Ye chen brought the strongest people from each major force to the fifth level heavenly path's boundary. Ye chen turned to look at the crowd, who were puzzled.

"Senior, is this a match?"

"I'll give you a chance to show off. Who's going to break this barrier gate?"

"Ah?"

#### [Chapter 2224 Level Five Cultivation Technique!](#)

When they heard ye Chen's words, those so-called powerhouses all looked troubled. They had to work together to open the fourth stage passage. Now, the fifth stage passage was even more difficult. It would be fine if they could open it naturally, but if they failed, they would lose face.

"Who's next?"

Ye chen acted like a teacher as he smiled at the "students".

"Ha, senior, you've entered a special fourth-grade Buddha pool before. You should do it!" Lei Yun Zhenren laughed.

"Yes, senior, why don't you open it yourself and give us a chance to see it?"

"We respectfully request senior to take action!"

The powerhouses all cupped their hands. They naturally had their own thoughts. They all wanted to see ye Chen's strength while preserving their own strength. These people were old monsters who had cultivated for hundreds or thousands of years. One could imagine how cunning they were.

Ye chen had already expected this situation. In that case, so what if he made a move to establish his might?

Ye chen walked to the front. The space in front of him seemed empty. This was the perspective of an ordinary person. Ye chen himself had the support of the heavenly spirit Buddha's eye. Now that he had comprehended a special fourth level heavenly path, his Buddhist eye technique had reached a higher level. In his vision, in the space in front of him, countless fourth level heavenly path imprints formed a Grand array. These arrays were hidden in the air in front of him.

Venerable fiery dragon from the immortal spirit world sneered and looked in ye Chen's direction. He had comprehended the fourth level heavenly path and with his own cultivation as a heaven immortal, he naturally sensed the existence of the formation. It was just that he could not see it as clearly as ye Chen.

"Everyone, do you think ye Chen can activate the level five cultivation method before us?"

Venerable fiery dragon asked the other experts through Energy Voice transmission.

"Ha! Venerable fiery dragon, I think you've been deceived by this kid's illusion. Even if he's relying on a special rank four heavenly Dao, I don't believe that he can activate such a Grand array by himself." Evil Dominator sneered.

The other powerhouses had the same thought. They instinctively did not want ye Chen to activate the level five cultivation method so easily.

In fact, after receiving a hint from Lord Evil, heavenly cosmic evil Lord had already begun to secretly increase the difficulty of ye Chen activating the cultivation method.

Although this would also slow down the time they had to enter the fifth-stage Buddhist pool, as long as they could weaken ye Chen, why not? In any case, they all thought that if ye Chen failed, they could still open the fifth-stage method by relying on the joint efforts of all the powerhouses.

Ye Chen stood in front of the barrier. What he wanted now was not only to activate the cultivation method before him but to perfectly evolve the fourth level heavenly Dao he had cultivated before. This was a test of his previous cultivation.

Within the Buddha's eye, the distribution of fourth-order boundary marks appeared one after another.

"Seven-star positioning!"

Ye Chen activated the power of the seven stars. In an instant, Seven Rays of Starlight shone on the technique before him. Under the reflection of the Starlight, the structure of the technique became even clearer.

"Eight-gate divine disc!"

Ye Chen once again released the power of the eight divine discs. Instantly, countless fourth rank imprints of judgment were released from the doors and bombarded the technique. Each attack seemed invisible but in reality, they accurately locked onto the structural points of the technique's barrier and were fatal.

Boom, boom, boom!

Soon, many of the nodes on the enchantment started to collapse, followed by the collapse of the entire formation.

Such a precise and fast method of breaking the formation shocked everyone present.

"This ..."

The powerhouses who had previously thought that the fifth-level technique barrier would be able to greatly exhaust ye Chen were now not only slapped in the face but also furious. Ye Chen's heavenly Dao cultivation base was far above them. The eight-door divine disc ye Chen used could even perfectly merge

with the heavenly Dao imprint and operate together. In this way, the power of the heavenly Dao imprint was enhanced and improved once again.

Crack, crack, crack!

Finally, the structure of the technique shattered, and the fifth-grade Buddhist pond appeared before everyone.

"Great emperor, mighty, mighty!"

On the human side, many powerhouses were shouting ye Chen's name.

The powerhouses from the other forces not only did not get the chance to participate in the trial, but they were also suppressed by ye chen in terms of aura.

"Please!"

Ye chen led the way and then proceeded alone, not even looking at the powerhouses behind him.

"Arrogant!"

The experts at the back were unwilling, but their abilities were inferior to others, so what was there to say?

After entering the fifth-rank pool, ye Chen's eyes were sharp as he scanned the surrounding pools. He found that there were three rows and nine pools. Most people would think that the quality of the pools in the back row was higher. Therefore, the powerhouses of the major forces were fighting for the pools in the back.

Lord evil, venerable fiery dragon, and venerable leiyun were the fastest to move. They quickly occupied the three Buddhist ponds behind them. However, ye chen, venerable Cold Moon, and the heavenly cosmic evil Lord were not in a hurry to move.

Although the three of them were happy, they felt that something was wrong when they saw the behavior of ye chen and the others behind them.

"Senior brother lengyue, what are you waiting for?" Lei Yun Zhenren asked.

"No hurry!"

Leng Yue replied coldly and didn't say anything.

Demon Lord Tian Huan and venerable Cold moon's eyes were on ye chen. It was obvious that they had been keeping an eye on him. They wanted to see which seat or row ye chen would choose. They had to admit that ye Chen's ability to sense the heavenly Dao imprint was far above everyone else 's. The idea of following ye chen was the reason why they had not taken action.

"Ha!"

Ye chen sneered. He had already set his eyes on a Buddhist pool. It was the leftmost Buddhist pool in the middle row.

After flying into one of the Buddhist pools, Daoist Cold Moon and heavenly cosmic evil Lord looked at each other and then flew toward the other Buddhist pools in the middle.

In the end, all the experts found their own Buddhist pools.

After entering the Buddha's pool, ye chen closed his eyes and focused his mind, completely blocking the interference of the outside world. Then, he focused on his cultivation. Of course, he wasn't a reckless person and wouldn't trust these experts before him. Hence, he secretly set up a Tier 4 heaven's path formation in the Buddha pool to prevent sneak attacks.

This was especially true when it came to heavenly cosmic evil Lord and venerable Cold Moon. These two were ye Chen's true opponents.

The imprints in the fifth-rank Buddhist pond were clearly stronger than before. Even ye chen could not comprehend these imprints in an instant. He needed to cultivate in peace.

As time passed by, everyone was in a state of cultivation and almost could not feel the rapid flow of time.

For several months, no one moved and no one woke up.

The heavenly Dao imprint focused on one's inner comprehension. Only when one's heart and imprint were the same could one reach the state of the unity of heaven and man. The so-called heavenly Dao was nothing more than this.

However, it was the most difficult to fuse his spirit with the imprint in front of him.

Many people fell into it and were unable to extricate themselves. They were perplexed by the heavenly Dao and were forever trapped. Some people couldn't understand the profoundness within, and it was as if they had fallen into an endless cycle of reincarnation, which was even more painful. Only those who were truly talented could find a way out from little by little cultivation.

Unknowingly, a year had passed, and the patriarch and the others in the level three Buddha pool had all broken through!

### [Chapter 2225 The Ninth Source!](#)

"Boom boom boom!"

Shocking explosions occurred in the nine Heavens, and the entire Xumi Buddhist realm trembled. Countless battleships appeared in the sky.

On one of the large warships, an evil spirit walked up.

This person's entire body was covered in blue scales. There were four horns on his head, all growing towards the back of his head. An evil seal flashed with a strange and evil light between his brows. An evil mark was engraved on his face, which made people even more terrified. This person was the ninth source of the evil spirits.

"Ninth master, we have followed the guidance of the heavenly cosmic evil Lord and entered the Sumeru Bodhi realm."

One of the evil lords bowed to the ninth RiverSource and said.

"Mm ..."

The ninth RiverSource nodded slightly. Then, he looked into the Bodhi realm and saw fiend supremacy Hai Lin.

Far away, demon venerable Hailin felt his entire body tremble. It was the extremely strong mental pressure from the ninth RiverSource that made him tremble uncontrollably.

"The evil spirit actually still has a backup plan. Not good!"

Demon venerable Hailin's eyes were slightly cold. He was originally going to pick up the powerhouses of the magic martial world. He didn't expect that he wouldn't be able to pick up the powerhouses of the magic martial world. This time, a super strong evil spirit had actually appeared.

"All of you, hide!"

He shouted to the Army around him. Everyone was confused, but they followed the demon's orders.

"Hahaha, won't it be too late?"

The majestic voice of the ninth source descended, and all the mcmau Warriors stopped in their tracks. It was not because they wanted to stop, but because they could only do so. Their bodies were already restricted by the evil energy's pressure from thousands of miles away. The other party's pressure was like an existence that transcended space, terrifying to the extreme!

"Damn it!"

Demon venerable sea scales was furious, his sea scales flew and filled the sky, trying to stop the restriction of the ninth Fountainhead's evil energy, but it was like an ant trying to shake a tree, it had no effect.

Zila, Zila, Zila!

The evil energy turned into strange lightning and fell from the clouds. All the soldiers of the magic martial world were unable to escape from this space, even demon venerable Hailin.

"He's too powerful!"

Demon venerable Hailin had no choice but to acknowledge the power of the ninth Fountainhead. It was like an undefeatable will that numbed his mind. As a peak Mystic immortal expert, he never thought that he would one day be controlled like a lamb.

It was even more so for the mcmau Warriors. Everyone's face revealed an expression of disbelief. They looked at devil Emperor Hailin in horror, wanting to know what was going on. However, the latter was busy with his own affairs and had no time to tell them.

"Boom boom boom!"

Then, the space shattered and a huge fleet appeared.

"Hahaha!"

The ninth RiverSource's laughter made the Army of the magic martial world even more miserable. Many of the strong cultivators' bodies could not withstand it. Their bone armors were broken by the laughter. This was an extremely terrifying thing. Their resistance was like a mud cow entering the sea, disappearing without a trace.

"The people of the magic martial arts world, interesting!"

The ninth source looked down at the Army of the magic martial world and sneered.

Crack, crack, crack!

With a wave of his sharp claws, a large number of soldiers from the magic martial world had their bones and bones shattered, their meridians severed and they died.

"Ah!"

The screams of pain, the pain of all the bones in their bodies breaking, caused the soldiers of the magic martial world to fall into the most terrible purgatory. Under such torture, it seemed that death had lost its color, and this kind of torture was even more terrible than death.

"Let me go, ah, let me die a quick death!"

"Bastard, just kill me!"

Countless cries for death rang out, reverberating through the entire bloody battlefield. Seeing his own Warriors struggling in this hell, demon venerable Hailin completely collapsed.

"Damn it!"

Demon venerable Hailin released his strongest power and sacrificed his Demon Heart. Suddenly, all the demon energy in his body burst out and rushed into the nine Heavens like a mad Dragon's Roar. He wanted to severely injure the ninth source. However, he still overestimated his strength. Even if he sacrificed his Demon Heart and released his strongest destruction demon energy, he was still like an ant before the ninth source!

"Hahaha!"

Looking at the demon venerable's desperate struggle, the ninth RiverSource was very satisfied with what he saw. He laughed and clenched his fingers. Immediately, demon venerable Hailin floated up into the sky. Then, all the demon Warriors saw a bloody scene. Demon venerable Hailin's body started to twist and turn into all kinds of impossible body shapes. Then, his entire body turned into blood!

Buzz, buzz, buzz!"

Blood flowed down like raindrops. The Army of the magic martial arts world knelt on the ground, not daring to look at the ninth source.

"Blue ocean, let my ninth Fountainhead deliver the most beautiful end to you!"

The ninth RiverSource pointed at the sky. Suddenly, a black bowl appeared in the sky. Countless drops of blood flowed into the bowl. The blood that flowed into the bowl turned blue. The sea churned in the bowl.

"End them all!"

Then, the alms bowl began to grow larger and larger in the sky, as if the sky was covered, and it fell down.

"Phew, phew, phew!"

The endless blue blood came down, and all the soldiers of the magic martial world were caught in it. Their bodies were covered by the blue blood.

Then, these Warriors' bodies began to corrode, and their flesh and blood turned into scorched earth. Blood-stained bone armor constantly protruded from their bodies, and then they turned into blue Bone armor statues, making all kinds of movements, and froze on the ground.

"Hehehe, what do you all think of such a charming scene?" Dijiu Yuantou turned around and asked the experts behind him.

"Good, good, good!"

The demon lords all cheered.

.....

In the fifth-grade Buddha pool, demon master lang wo was recuperating and absorbing the fifth-grade heavenly Dao. Suddenly, one of the beads on his wrist shattered.

"What?"

Following that, the scene of demon venerable sea scales' death appeared in his mind.

"How hateful!"

Demon master lang wo's eyes emitted a blood-red light. Demonic energy soared into the sky and violently swept through the surrounding space. However, when it hit the boundary of the Buddha pool, it was completely blocked.

The other experts in the Buddha Pond didn't even open their eyes. They weren't interested in what was happening to demon master lang wo.

Only ye Chen's Buddha's eye shone. He sensed that a new super power had appeared in the Xumi Buddha realm. The strength of this power was far greater than all the powerhouses present. It was an extremely huge threat.

He immediately passed this information to old ancestor yellow spring and the others, asking them to hide in the class-four Buddhist pool and stop moving.

Under the Buddha Emperor's protection, the Buddha pool was the best refuge.

"Hahaha!"

"Hahaha ..." Evil supremacy suddenly laughed wildly. Obviously, he had already sensed the existence of the ninth Fountainhead. Now, the evil spirit world's strength would definitely soar, and no one would be able to shake their position.

"What are you laughing at, Lord evil? do you know that demon venerable Hai Lin died in the hands of you evil spirits?"

Demon master bi an suddenly flew up. His anger was only an expression. He had already realized that the red demon race was in danger of being exterminated!

### [Chapter 2226 The Only Leader!](#)

"Hmph, so what? If you're not as good as others, you should let them die!" Facing demon master lang wo's roar, evil supremacy sneered in response. The arrival of the ninth Fountainhead was a great advantage for the evil spirit world. As long as he and the others held on, everything would belong to the evil spirits.

"Bastard!"

Demon master bi an was furious. Everyone had participated in this operation to kill ye chen, but he was the one who had suffered the most. Now, Lord Xie was mocking him on purpose. It was obvious that he did not take demon master bi an seriously. In this way, the red demon Army was in a critical situation. If they did not give enough response, they would become the weakest party.

"Demon master Yan Yan, what other abilities do you have?"

Xie Zun master looked at demon master lang wo coldly, revealing a threatening expression. The evil spirits' reputation had been greatly boosted, suppressing everyone present. The mo Wu realm was currently in a bad state, and they would definitely be forced to do so. Demon master lang wo's heart was extremely cold. Several demon Venerables had died in this operation, and he had already let the red demon race down. If the entire red demon Army died here, he would become the greatest sinner in the history of the red demon race.

In such a disadvantageous situation, demon master Yan Yan forced himself to calm down.

"Demon Lord!"

The red demon race's experts were shouting at demon master lang wo in the grade 3 Buddha pool. It seemed like they would fight the evil spirits to the death as long as demon master lang wo gave the order.

"All of you, shut up!"

"Yes!"

Upon receiving the order, the powerful demons no longer spoke. However, they knew very well that their red demon race had lost the position to negotiate.

"Hahahaha!"

Lord evil laughed heartily. With the descent of the ninth RiverSource, neither the magic martial world nor the celestial Spirit world would be a threat to him. In that case, dealing with ye chen would be as easy as turning over his hand.

Of course, ye chen had seen this scene.

He had long sensed the powerful aura outside. It was a cultivation realm far above everyone 's, and it even carried an irresistible power. This was a destructive blow to his own team.

"If this goes on, I'm afraid things will get out of hand!"

Ye chen glanced at the powerhouses around him and muttered to himself coldly.

"Everyone!"

Suddenly, ye chen stood up and called out to the crowd.

"What?"

All the powerhouses turned around to look at ye chen, wondering what he was going to do. This was because everyone was on edge and extremely nervous.

Ye chen walked up to the powerhouses of the celestial realm and the magic martial realm and continued,""The descent of the ninth Fountainhead of the darkspirit realm is a fatal threat to us. Now, we can only work together to have a chance of survival. Otherwise, this will be everyone's grave!"

Upon hearing this, everyone's expression turned grim, especially demon master bi 'an. He did not expect ye chen to dare to stand up and scheme for them at this time. A mere true immortal could still think so clearly and make the right decision in such an environment. He was truly a God!

"Ye Chen's right!"

It was unprecedented that demon master bi an actually supported ye Chen's suggestion on the spot. This made the experts of the immortal spirit world fall into deep thought. They looked at each other. In the end, Reverend thundercloud and Reverend fiery dragon looked at Reverend Cold Moon, because he was the real leader of this operation.

"Senior brother lengyue, what do you think?" The two asked.

"Well ... You all felt it, right? that unruly and powerful dark energy."

"Yes, we can feel it."

"Do we still have a way out? Before the celestial Spirit world's reinforcements arrive, we can only follow ye Chen's suggestion!"

"Yes!"

The two of them nodded. In the end, the celestial Spirit world also supported ye chen.

"Thank you for your support!"

Ye chen nodded slightly at the powerhouses, then looked at Lord evil. However, the latter revealed a cold and strange smile as if the Alliance of the powerhouses was nothing to him and he did not care at all. This proved that in his heart, the ninth RiverSource and the evil spirit Army he led could completely crush all the other forces present.

"Hahaha, you're all useless! You actually want to rely on your Alliance to fight against the evil spirits? but you can't imagine how powerful the source of the evil spirits is. It's not something you can understand. It's a power that can destroy the world and turn your bones into ashes!"

"Roar, roar, roar!"

The evil spirit Army continued to shout in concert with Lord evil's words.

In an instant, waves of pressure caused the people from the other forces to sink into a low mood. They suppressed themselves and this feeling was extremely unpleasant. Some people even found it hard to breathe.

"Everyone, if you trust me, please support me in breaking through to the sixth rank. Let us enter together!"

"A sixth-grade Buddha's pool?"

Upon hearing this, even a super powerhouse like venerable fiery dragon was shocked. Just the internal pressure of the sixth-rank Buddhist pond could put everyone in a difficult position. Ye Chen's words were truly arrogant but did they have any other choice?

"When the ninth RiverSource finds this place, we won't stand a chance. Do you still want to retreat now?" ye chen said coldly.

"This ..."

The powerhouses' eyes were heavy and their bodies were covered in cold sweat. In such a situation, no matter how strong they were, they would be caught in a dilemma. What else could they do but trust ye chen?

"I believe in ye chen!"

It was still demon master bi an who was the first to jump out and support ye chen. His inner thoughts were simple. He wanted to protect the red demon clan's Army. Otherwise, everything would be for naught.

Following that, he gave an order for the entire red Fiend Race Army to wait by the side of the rank five Buddha pool. They stopped all actions of absorbing the heavenly Dao marks. Such decisiveness caused the experts of the immortal spirit world to feel pressured. Now, they could only wait for Reverend Cold moon's orders.

"Senior brother lengyue!"

"Do as ye chen says!"

"Yes!"

As expected, master Leng Yue made a decision. Ye Chen's team, the immortal spirit realm's Army, and the magic martial realm's Army all gathered together to fight against the evil spirit Army.

"Hahaha, you're all looking for death!"

Lord evil flew up and chanted an incantation. All the evil spirit armies in the other Buddhist pools and the outside world gathered and surrounded the crowd. In terms of numbers, the evil spirit Army had the absolute advantage. Now that they had the ninth RiverSource as their backing, they no longer had any scruples.

"I advise you to hand over ye chen, then kneel and surrender. This is your only chance. Otherwise, I'll kill you without mercy!"

Lord evil's tone was domineering and he didn't leave any room for negotiation.

"Hahaha, kneel and surrender? Lord Xie, what do you think we are? What a joke!" In the face of evil supremacy's overbearing coercion, Cold Moon Daoist no longer remained silent. He stepped forward to refute, which made evil supremacy's eyes burst out with endless killing intent.

Boom, boom, boom!

At this moment, a loud explosion was heard again. The battleship of the ninth source was very close to the Buddha Emperor Peak.

"What are you all thinking about? cooperate with this Emperor!"

"Alright!"

Everyone agreed. Now, there were no factions or factions. They were completely cooperating with ye Chen's actions and ye chen was the only leader!

#### [Chapter 2227 2232-Compound Eyes Of Death!](#)

Ye chen walked toward the sixth-level technique. He had already decided that as long as he entered the sixth-level technique, he would use the fifth-level heavenly Dao seal to form a protective barrier that isolated everyone from the evil spirit Army. Before that, he had to first activate the sixth-level technique.

Boom, boom, boom!

Suddenly, dark energy filled the air in front of them, completely blocking their way forward.

"What?"

The experts turned around and saw Lord Xie in the air.

As expected, this person would not let everyone enter the sixth level technique so easily. He did not care whether ye chen activated the technique or not. Before he did so, he could stop him. The power of Amitabha, the power of heavenly Dao, and many other divine powers in ye Chen's body were all precious treasures. Letting him leave like this would be the greatest failure.

"If you all want to enter the sixth-grade cultivation method, I think it's better for you to stay here!"

A cold smile hung on the corner of Lord evil's mouth as he released his demonic energy. The demonic energy turned into countless strange trees that extended toward the crowd. On the trunk of these trees, eyes, sharp claws, and sharp fangs grew continuously, madly demonstrating their power to the crowd.

Many cultivators were scared half to death just by looking at those strange trees, not to mention that these strange trees had even more powerful means.

"The strange demonic tree!"

"Die!" Lord Xie roared in anger. The strange tree actually rose from the ground and charged towards the crowd.

Buzz, buzz, buzz!"

Very quickly, the soldiers of the immortal spirit realm and the magic martial realm were attacked by the strange trees. Those caught by the strange trees had all their bones broken and blood flowing out. It was a terrible sight.

Under the charge of the Army of strange trees, the cultivators of the devil martial realm and the immortal spirit realm suffered heavy losses. Hundreds of thousands of soldiers died in the battle, and blood flowed like a river.

In the face of such a situation, everyone was not in the mood to continue fighting because the fleet of the ninth RiverSource was not far from here. Staying behind to fight a bloody battle would be an act of suicide. Everyone looked at ye chen.

"Stop them!"

"Alright!"

Venerable fiery dragon flew out and waved his hand, sending flames to burn the sky.

"Phew, phew, phew!"

The crazy immortal energy flames turned into countless sword blades that blotted out the sky and covered the earth. These flaming sword blades swept across thousands of soldiers and destroyed everything in their path. In the blink of an eye, tens of thousands of strange trees were turned into ashes, unable to continue their attack.

"Venerable fiery dragon is mighty!"

Seeing this, the people of the immortal spirit world were extremely proud and started to brag about venerable fiery dragon.

Ye chen, on the other hand, focused his attention on the sixth-level technique before him.

In the fifth-order Buddha's pool, ye chen was the only one who had a complete understanding of the fifth-order heavenly path. Now, he could put it to good use.

"Heavenly spirit Buddha's eye!"

With the power of Amitabha supplemented by the fifth level heavenly path, ye chen activated the heavenly spirit Buddha's eyes and looked at the cultivation method before him.

In the Buddha's eye, there was a sea of chaos in front of him. Not only were there level-five heavenly DAOs floating in the sea, but there were also level-one, level-two, level-three, and level-four heavenly

DAOs. This was a Grand meeting of chaos. It could be seen that the difficulty of cracking it this time was several levels higher than the previous level-five techniques!

"Mm ..."

Ye Chen's eyes turned serious. For the first time, he was serious. When he was cracking the fifth-rank technique, he was even joking. He was not serious at all and the barrier was easy to break. However, it was different this time. In the face of life and death, under the pressure, ye chen needed to unleash a higher potential.

When demon master bi an and the others saw ye Chen's expression, their hearts sank. They had placed their lives on ye Chen's shoulders, and their anxiety was no less than ye chen 's.

"Al, can this kid really do it? look at him now, he's not in a good state!" Taoist master leiyun said.

"We can only trust him now. There's no other way."

Reverend lengyue said.

Demon master bi 'an laughed. "We've already shed all pretenses of cordiality with the evil spirit realm. Only by resisting the evil supremacy and heavenly cosmic evil Lord and buying time for ye chen will we have a chance of survival. There's no need to worry about his success or failure because it's meaningless!"

"Al!"

The devil Lord's words made everyone feel even more helpless. They turned around and watched the battle between venerable fiery dragon and Lord evil.

Under the bombardment of venerable fiery Dragon's Blazing Sword, countless strange trees were burned to ashes. At this moment, there were only a few strange trees left on the battlefield. They couldn't launch a large-scale attack anymore, which made evil supremacy extremely angry.

"Venerable fiery dragon, how dare you treat my strange tree Army like this? I'll show you the power of evil spirits today!"

"Hahaha, just you?" Venerable fiery dragon revealed a disdainful look, which infuriated Lord Xie.

Lord evil's eyes were sharp. They actually protruded out of his eye sockets and turned into two huge meatballs that appeared in the sky.

"Kill the evil eyes, kill all of the Pixiu's compound eyes!"

On the two meatballs, there were countless small eyeballs, and black spots appeared in these small eyeballs. The black spots gathered and filled the small eyeballs, turning them black. This was the completion of the charging state.

"Kill!"

"Zi Zi Zi!"

Countless compound eyes of death shot towards the armies of the magic martial world and the immortal spirit world. This was an unavoidable super-strong annihilation. This was the most tragic annihilation of armies.

"Ah?"

Even venerable fiery dragon was shocked when he saw this scene. How could he have imagined that Lord evil would have such a killing move?

All the experts were shocked. It was obvious that they had greatly underestimated Lord evil's strength.

"Hahaha!"

Amidst Lord Xie's wild laughter, nearly a million troops from the devil martial realm and the immortal spirit realm were annihilated on the spot. This killing rate almost drove demon master lang wo and venerable fiery dragon into madness. They stared at Lord Xie with bloodshot eyes, wanting to tear him apart and eat him.

However, they couldn't stop it. The compound eye death light's impact and surface area were too powerful.

Buzz, buzz, buzz!"

Blood was flowing on the ground. This was a place more terrifying than hell.

"If you don't surrender, we'll annihilate you all!"

Lord Xie issued a threatening order again, asking the people of the three forces to surrender.

Under the immense pressure of death, although ye chen did not observe, he was very clear about the collapse of the battlefield. He had tried his best to simplify the chaos method in front of him into an array barrier with one hundred and eight heavenly Dao routes.

However, there were still intersections and fusions among the 108 heavenly Dao routes, and the complexity was still hell-level.

"Ye chen, what are you waiting for?"

Venerable leiyun rebuked ye chen.

Ye chen did not respond and continued with his own actions. He could not change his steps because of anything or all his previous efforts would be in vain.

"Don't disturb master's breaking of the formation!"

Ye Wushuang suddenly appeared in front of Lei Yun Zhenren and blocked his movement.

"Little bastard, get lost!"

The celestial Spirit world had suffered great losses. Perfected thundercloud seemed to have lost his mind and wanted to "take revenge" on ye chen. However, ye Wushuang blocked his way and did not give in.

"Lei Yun Zhenren, if you want to cause trouble, you have to go through me first!"

"Hahaha, good, good!"

Lei Yun Zhenren was full of killing intent. Like an angry tiger, he attacked.

### [Chapter 2228 Level Six Buddha Pool](#)

"Eat my sword!"

Reverend leiyun released the thundercloud sword. Immediately, the sword Qi of heaven and earth competed with each other. The power of thunder and lightning circled in the sky, looking magnificent.

"Swordsman? You're not worthy!"

Seeing his opponent draw his sword, ye Wushuang's eyes were cold and emotionless. The celestial Thearch sword light shot out.

Buzz, buzz, buzz!"

The celestial Thearch sword, combined with a stage three heavenly Dao, had the power of sword light that surpassed true immortals!

"Useless move!"

Perfected thundercloud waved the thundercloud sword in his hand and released the elementary level four heavenly path. Suddenly, a powerful sword force pressed down. Ye Wushuang felt the pressure but for ye Chen's safety, he would not retreat.

Operating the celestial Thearch sword power, ye Wushuang struggled to hold on.

"Hateful!"

The patriarch was furious. With the help of the sword Qi of the netherworld, the gate of hell was opened, and countless resentful souls were released. They wrapped around Lei Yun Zhenren's body and limited his sword power.

As the resentful souls gnawed on the sword Qi, the sword power of Taoist master Lei Yun suddenly decreased. As time passed, it became more and more disadvantageous.

"Impudent!"

At this moment, a cold shout startled Reverend leiyun. He turned around and saw that it was Reverend Cold Moon.

"Senior brother lengyue!"

"What time is it now? you're actually still thinking about internal strife. Extremely foolish!"

"Yes!"

Facing master Cold Moon, Reverend thunder cloud had no choice but to surrender and withdraw his sword Qi. Wu Shuang and the great Grandmaster also stopped fighting and landed on the ground.

Taking advantage of the battle between venerable fiery dragon and Lord evil, ye chen continued to crack the sixth-level technique before him.

Although the level six technique was far more difficult than the other techniques, ye chen was not only cracking the technique this time. At the same time, it was also an excellent opportunity for cultivation. If he could crack the level six technique, he would have complete control over the level five heavenly Dao.

"Seven Star life destiny miasma of the nine reserves of the heavenly spirit!"

Under extremely dangerous circumstances, ye chen circulated all of the nine reserves of the heavenly spirit Buddha. His Foundation suddenly soared and he had broken through to the mystic immortal realm.

"Kill!"

The immortal slaying Flying Daggers and the celestial Thearch sword were unparalleled in the world when they combined!

In an instant, more than two-thirds of the entire sixth level technique's formation diagram was shattered. In this way, the amount of calculation needed was greatly reduced. Ye chen relied on his ancient divine Power's superb calculation ability and the one hundred and eight basic heavenly Dao imprints to instantly find the source of the formation.

"Dragon Tooth fist: resplendent Nine Dragons return to origin!"

In front of ye chen, a vast amount of Dragon Qi gathered. The power of the nine Dragons converged into the most fatal punch and blasted toward the core of the sixth-rank technique.

"Boom boom boom!"

A shocking explosion rang out as the grade 6 technique shattered in the air. Countless heavenly Dao imprints burst forth from the technique and floated in the air.

"Devour!"

"Roar!"

The heavenly Serpent roared, the Black Tortoise roared, and all the heavenly Dao imprints were absorbed by ye chen.

The entire space fell into silence again. Ye chen shouted to everyone, ""Leave!"

Da, da, da!"

Regardless of whether they were demons or Celestials, they all followed ye chen into the sixth-rank technique.

"No!"

Lord evil was furious when he saw ye chen leaving with so many powerhouses. He had to make everyone stay. Otherwise, everything would be empty talk.

"Heavenly cosmic evil Lord!"

"Alright!"

Looking at the evil Paragon Lord's eyes, heavenly cosmic evil Lord made his move at the same time. The two of them released their ultimate evil energy, and for a moment, the sky turned dark as the evil energy overflowed into the sky like a flood, like an evil beast swallowing the nine Heavens!

"Zi Zi Zi!"

The compound eye's death ray attacked endlessly and the dark energy sword Qi was released without limit. It wanted to cut off the path of ye chen and the others to enter the sixth level.

Such a Grand Power immediately put everyone in danger.

"What are you all waiting for?" Ye chen looked coldly at perfected Cold Moon and the other powerhouses and shouted.

"Alright, everyone, let's attack together!"

Reverend lengyue said.

After that, ye chen, venerable Cold Moon, venerable fiery dragon, venerable thundercloud, and demon master bi 'an joined forces and unleashed a powerful attack, instantly cutting off the attacks of heavenly cosmic evil Lord and Lord evil supremacy.

"Let's go!"

The group flew into the sixth-level technique. Behind them, the compound eye death light and the dark energy sword Qi were in hot pursuit. However, when ye chen and the others entered the sixth-level technique, the technique closed instantly.

Boom, boom, boom!

Endless amounts of evil energy bombarded the technique, causing it to shake and have the possibility of being destroyed.

"Eight-gate divine disc, rank five heavenly Dao Suan ni seal!"

In the most critical moment, only the strongest person would act. Ye chen released a powerful fifth level heavenly path, combined with the remnants of the Valve's own formation, instantly locked onto the entire sixth level technique and blocked the attack of the two evil spirits.

Boom, boom, boom!

Although the outside world was still filled with thunderous explosions, within the level six dharmic formulation, no one would be harmed. They could be considered to have escaped.

"How hateful!"

Within the fifth level heavenly Dao domain, no matter how unwilling the evil supremacy and heavenly cosmic evil Lord were, they could not stop ye chen and the others.

Lord evil's anger couldn't be appeased, but he couldn't do anything.

At that moment, the sky was covered by dark energy as a huge warship entered the domain. It was the arrival of the ninth source.

"Lord Xie, Lord heavenly cosmic!"

"Here!"

The two of them quickly bowed to the expert in the sky.

"Did you find someone with the nine heavenly marks?"

"Reporting to the ninth RiverSource, ye chen has entered the sixth level of the heavenly path spell world!"

"What?"

The ninth RiverSource's expression turned cold. Instantly, Lord evil and Lord heavenly Dipper felt immense pressure. Their legs were almost unsteady. They had expected this situation because they had not captured ye chen and had even let the people from the immortal spirit realm and the magic martial realm go.

"You're really trash!"

When the source was enraged, the heavens and earth shook. The vast evil energy caused both evil Paragon Lord and heavenly cosmic evil Lord to float in the air in unbearable pain.

In the Xie Lingling clan, only the strong had access to resources and a chance to survive. This was the law of the evil spirits. Now, the two of them were in such a bad state that they actually let such an important person escape. It was a great sin!

However, he was not interested in punishing the two of them right now. Instead, he looked at the many Buddhist pools below.

"Hmm ... It's actually a heavenly Dao seal. I can try such a delicious dish!"

With that, the ninth watersource flew into the fifth-rank Buddha's pool. Instantly, countless heavenly Dao imprints flew up by themselves and surrounded him. Such power shocked both Lord evil and Lord heavenly Dipper. They had cultivated the fifth-rank heavenly Dao in unbearable pain and spent so much time. Now, the ninth watersource had only entered the Buddha's pool and those imprints had actually flown up by themselves. They had only seen such talent on ye chen.

"Hahaha, very good, very good. All experts, enter the pool and cultivate the heavenly path imprint. Then, we will chase after them!"

"Yes!"

The evil lords who were brought here by the ninth RiverSource all smiled in satisfaction.

Inside the sixth-level technique, ye chen and the others had already seen the existence of the sixth-level Buddhist pond. However, the powerhouses did not act rashly in front of such unknown Buddhist pond. Instead, they looked at ye chen, hoping that he would test the strength of this Buddhist pond.

Ye chen sneered. These people's greed and caution had given him a great opportunity. The heavenly Dao imprint in the sixth-tier Buddha's pool was extremely powerful. Now, he would choose one!

#### [Chapter 2229 Heavenly Sword Shatters All Corners Of The World](#)

Ye chen chose a Buddhist pond based on his senses. The sixth level heavenly path was the purest and even gave ye chen a new sense of power. It was good that no one fought over it.

Flying into it, ye chen immediately felt the turbulent flow of the water in the Buddha's pool. The seemingly shallow water of the Buddha's pool was completely different in ye Chen's eyes compared to others. The raging waves crashed against the shore, and the waves hit the air. The huge waves devoured all living beings!

"How did this happen?"

This was ye Chen's first time feeling such great pressure. In the blink of an eye, beads of sweat trickled down ye Chen's forehead. Soon, venerable lengyue and the other powerhouses noticed the problem and became even more cautious. If even ye chen was under pressure, it would be dangerous for them as well.

"Ye chen!"

Master Cold Moon shouted.

However, ye chen did not respond. Ye Chen's expression froze as if he had entered another space-time. Such an astonishing change shocked venerable Cold Moon and the other powerhouses. They all released their own power, trying to sense ye Chen's current state but all of them failed.

This was because before their sensing abilities touched ye chen, they were blocked by the water vapor in the Buddha's pool. The seemingly weak water vapor now contained a powerful power of law. It was the might of a sixth level heavenly path.

"A sixth level heavenly path is so powerful. I'm afraid ye chen is in danger!"

Venerable fiery dragon said.

"What?"

Old ancestor yellow spring and the rest of ye Chen's forces looked worried but ye Wushuang's expression was firm because he and ye chen were connected by fate. At this moment, at such a close distance, even with the isolation of the sixth level heavenly path, he could already sense that although ye chen was under great pressure, there was no danger to his life. It was more like an extreme trial.

"Patriarch, everyone hold on!"

Ye Wushuang said to the crowd.

"En!"

Everyone nodded. Ye Wushuang's words made sense.

Seeing that ye Wushuang and the others were no longer frightened, perfected Cold Moon frowned slightly. If they could not find out what had happened to Ye Fan, they would not dare to enter the pool.

"Ye Wushuang, how's Ye Chen's condition now?"

Reverend Cold Moon suddenly asked.

"Eh? How would I know!"

Ye Wushuang responded.

"Hahaha, I've long since noticed that you have a close relationship with ye chen. From your performance just now, you seem to know ye Chen's current situation very well. Answer me immediately!"

Suddenly, a powerful pressure hit him. Ye Wushuang felt his body tremble and he was unable to resist.

"Reverend lengyue, what are you doing?" The old ancestor shouted.

However, Reverend Cold moon's strength was unfathomable. The two of them were no match for her and fell into a disadvantageous position.

"Speak!"

At this moment, Lei Yun Zhenren also stepped forward to increase the pressure.

With that, the situation changed drastically.

"Forefather!"

Ye Chen's subordinates came forward to help old ancestor yellow spring, but they were stopped by the old ancestor.

"Venerable lengyue, Emperor ye chen has just entered the Buddha pool to Scout the way for you. Now, he's attacking us. Isn't that too much?" Old ancestor yellow spring said coldly.

"Hahaha, do we need you to interfere in the matters of the immortal spirit world? Do as senior brother says, or die!" Lei Yun Zhenren said angrily.

At this moment, a demonic wind came, suppressing the thunderclouds.

Da, da, da!"

"Ha!" One of them walked up and laughed."Lei Yun Zhenren, what a mighty aura."

Everyone looked over and saw that it was demon master Yan Yan. At this moment, his injuries had clearly recovered, and his aura was very strong.

"Eh? Hahaha, demon master bi an, you're someone who was severely injured by ye chen. Are you out of your mind to stand up for his subordinate?" Lei Yun Zhenren ridiculed.

"I'm just stating the facts, what's wrong with that?"

"Are you an idiot?"

Lei Yun Zhenren was still angry and wanted to fight, but demon master bi an gave him the chance.

Venerable Lengyue frowned slightly, as if she was thinking of something. "Alright, let's check on ye Chen's condition!" With that, he turned to look at ye Chen. At this moment, ye Chen's expression was calm and there was no longer the pressure from before.

As such, it was clear that as long as he could withstand the pressure in front of him, he would be able to successfully comprehend the rank 6 heavenly Dao. This was what Reverend Cold Moon had determined.

The other powerhouses came to a similar conclusion. Since ye Chen was fine, there was no need to ask further. They all went to find the Buddha pool.

"I didn't expect demon master Yan Yan to help us!"

"Yes, doubts!"

Many experts revealed doubtful expressions, but the old ancestor saw through it with a glance.

"Hmph, how could this old fellow be willing to help us? he just doesn't want to lose balance in our strength!"

"An imbalance in strength?"

"That's right. Right now, we're in a three-way contest, and we're still in a state of balance. Once the celestial realm dominates, the magic martial realm will inevitably be destroyed. This side is reasonable!"

"I see!"

Everyone nodded slightly as they were enlightened.

At this moment, in the sixth-rank Buddha's pool, ye Chen's Buddhist light broke through the waves and was already standing on the waves, searching for the heavenly Dao.

"The raging waves are nothing!"

Above the nine Heavens, ye Chen looked down at the entire sea. At a glance, he saw a high peak. It was like a pillar that held up the sky above the sea, the cloud-covered Kunlun Peak.

"Let's go!"

Lotuses bloomed under ye Chen's feet as he sped toward the peak.

The light of the heavenly Dao flickered on the peak. A level six heavenly Dao was no longer an ordinary energy body, but a spiritual body.

"Who dares to disturb my cultivation!"

At this moment, a voice came from the peak, shaking the entire wave.

"Heavenly Emperor ye Chen, I've come to give you a better future!"

"Eh? Impudent!"

The rank 6 heavenly Dao opened his eyes, and the world instantly changed. The sun and moon shone together, and the entire ocean turned into a plain. A celestial figure descended, and it was an extremely handsome young man in white!

Ye chen smiled when he saw the young man. He stepped forward and said, "You'll only have a chance to break through once you're under my control!"

"Nonsense! I've been cultivating for thousands of years and have reached the profound immortal stage, so I have the chance to break through to the celestial immortal stage. Once I break through the limit of the celestial immortal stage, I'll be able to ascend to the heavenly realm and achieve Supreme achievements. Do you think I'll believe you?"

"Heaven realm, hahaha, I'm the reincarnation of the celestial Emperor. If you want to ascend to the heaven realm, you should submit to me!"

,m "Ridiculous, ridiculous! "A puny human true immortal dares to call himself the celestial Emperor? are you out of your mind?" Today, I will let you understand how shallow you are!"

"Is that so?"

Ye chen sneered. He stood with his hands behind his back and made an inviting gesture.

"Arrogant!"

The level six wielder of the will furrowed his brows. Instantly, the light of the heavenly path enveloped the entire land. Countless peaks rose from the ground and crushed toward ye chen.

Such an aura was indeed the power of an abstruse immortal. Ye Chen's expression was slightly serious. He pointed his sword finger forward and then swept it out.

"Heavenly Sword shatters all corners of the world!"

The celestial Thearch sword's power stirred the wind and clouds again. It swept across the six directions and the sword rushed in all directions. Countless peaks in front of him were instantly shattered like tofu, and countless rocks floated in the air!

Boom, boom, boom!

Dozens of peaks were shattered by ye Chen's sword. His powerful strength was displayed before his eyes, causing the level six wielder of the will to look askance at him. He did not expect a puny true immortal to have such abilities. He was a genius!

"Hahaha, I really didn't expect this. The person who can come before this senior is indeed not an ordinary being. Alright, let this senior see how much ability you have!"

The level six wielder of the will knew that the person before him was extraordinary and did not dare to underestimate him. He gathered all the heavenly energy in his body and turned it into a long sword, pointing it at ye chen.

"Very good. This is the attitude that you should have. However, you look like you're naked in front of me. I've long seen through your mystery, but to you, I'm like a peak that you can't cross. Standing between the heavens and the earth, you can only worship me!"

"You're boasting!"

The Tier 6 Tiandao's brows were cold, and he was already enraged.

The sword of the heavenly Dao, splitting a mountain!

A majestic sword Qi descended from the sky, as if the mountains and rivers were splitting the sky and the seas were cracking!

In the face of such a vast sword Qi, Ye chen was not afraid at all. He stood firmly in the nine Heavens and strolled leisurely in the courtyard. The sword finger borrowed the light of the stars, and the seven stars shone together!

"Slash!"

The Light of the Seven stars poured in at the same time. Under the reflection of the eight gates divine disc, the light of the stars multiplied and supplemented the celestial Thearch sword. The sword light was like the evolution of the primeval era and the might of the universe. With a loud bang, it slashed out and shattered the rank 6 heavenly Dao sword in the air.

Crack, crack, crack!

The level six wielder of the will's heart crumbled when he saw that his heavenly blade was easily shattered by ye chen. He had cultivated for thousands of years. Why was this the result before him? the child before him had only cultivated for a hundred years. How could he have such power? was this proof that his talent was not good enough?

"I'm the incarnation of the heavenly Dao. How can the Buddha Emperor lose to you if he stays? Ye chen, die!"

"Hahaha, can't you see how shallow you are? Before the heavens, the heavenly Dao has to be under my control!"

Ye Chen's eyes were cold. The ancient God's light bloomed between his brows. Suddenly, the thirty-six Tiangang imprints appeared at the same time. Ye chen understood that the sixth level heavenly Dao before him was formed by Tiangang imprints. Now, he wanted to completely crush the expectations of the person before him and let him understand that he could only display his true value in the hands of the celestial Emperor.

"Zi Zi Zi!"

As the Tiangang thirty-six seals revealed themselves, the rank 6 heavenly Dao's eyes were filled with disbelief.

"How is this possible? no one can comprehend all the Big Dipper marks!"

"Unfortunately, you've forgotten about me. I'm the one who has comprehended all the Big Dipper marks!"

"This kind of great achievement is comparable to the gods. I don't believe it. You're lying to me. I'm going to kill you!"

The rank 6 heavenly Dao launched its final counterattack, and the entire space trembled. Following that, a majestic Tiangang sword Qi soared into the sky. It was the strongest sword of the rank 6 heavenly Dao.

"Tier 6 heaven's path monstrously resonated the heavens and shook the world with a single sword!"

"Ha, if that's the case, then I'll let you experience the newest sword technique I've comprehended from the 36 Tiangang sword technique, the 'ten thousand swords in one!'"

"Whoosh, whoosh, Whoosh!"

The sound of countless sword Qi flying could be heard. Above ye Chen's head, the thirty-six Tiangang imprints had all turned into sword Qi. The thirty-six rays of sword Qi had triggered the Light of the Seven stars to transform into ten thousand swords to follow. Such power instantly shocked the nine Heavens and destroyed ten thousand lands!

"Boom boom boom!"

It was so Grand and shocking that it even affected the outside world.

Endless sword Qi surrounded ye Chen's body. The people of the magic martial arts realm and the immortal spirit realm all retreated, not daring to get close.

After that, all the sword energy returned to ye Chen's body. However, everyone was covered in cold sweat. The sword energy that ye Chen had just released was beyond what an ordinary sword technique could bear. It was a higher level sword energy. Even those who had ill intentions toward ye Chen did not dare to approach him at this moment. Otherwise, if they were injured by such a sword energy, the consequences would be unimaginable.

"Good, good, good!"

Old ancestor yellow spring and the others exclaimed when they saw this. It was clear that ye Chen had already mastered an extremely powerful sword technique even though the others had let him explore the way.

In the Buddha's pool, ye Chen's ten thousand swords in one breath instantly broke through the strongest sword of the level six heavenly path. The level six heavenly path's cultivation base was gone and was on the verge of destruction.

"No, no! How could this be? how could I fail like this? I want to ascend to the heavenly realm and achieve Supreme achievements!"

"Ha, I've said it before, if you want to ascend, you must be in my hands! I released the 36 Tiangang marks in hopes that you understand this!"

"I ... It's useless no matter what I say. I'm going to die Here."

"Who said you would die Here?"

"What do you mean?"

"I didn't agree, so who can take your life?"

Suddenly, ye chen waved his sword fingers. The thirty-six Tiangang swordsman's ten thousand sword Qi turned around and rushed into the level six heavenly Dao body.

"Zi Zi Zi!"

As the light of heavenly Dao gathered once more, the Tier 6 heavenly Dao body was reconstructed, and he returned to his true body.

"It's so magical!"

"Hahaha!"

Accompanied by ye Chen's laughter, the level 6 wielder of the will knelt on the ground, willing to submit.

"Very good!"

After ye chen subdued the level six heavenly path, he opened his eyes and flew out of the Buddha's pool.

At this moment, ye Chen's sword Qi filled the sky. His powerful state was no longer what it used to be.

In such a short period of time, ye chen had made such a crazy progress. His talent once again shocked everyone present. Venerable lengyue and the other Masters were very shocked. They did not dare to act rashly now, but they also did not dare to let ye chen develop like this again. The situation was complicated and they were in a dilemma.

"Congratulations, Emperor ye!"

However, Reverend Cold Moon actually took the initiative to offer her congratulations.

At this time, the great ancestor and the others were staring at him coldly with disdain. However, ye chen smiled and nodded in acknowledgment of his congratulations. After all, their greatest enemy was the ninth RiverSource of the outside world.

"Boom boom boom!"

As expected, the ninth RiverSource had already absorbed and refined the level five heavenly Dao in the outside world. It was thinking of ways to break through to level six.

With that, everyone was forced to work together again in front of a common enemy.

Within the fifth-order spell world, the ninth RiverSource released the power of the fifth-order heavenly path and continuously bombarded the spell world. It was already on the verge of breaking through.

"Hahaha, the mark of the heavenly path has unlimited magical powers indeed. It only took a few hours of cultivation to improve to such a level. Hahaha!"

As the ninth RiverSource laughed maniacally, the fifth-level heavenly Dao combined with its own dark energy created a monstrous might that shook the nine Heavens and ten lands. The seal of the entire sixth-level technique was already on the verge of collapse. In such a critical situation, everyone inside the sixth-level technique looked at ye chen again.

"Emperor ye, how do we solve this crisis?"

The experts asked.

"The danger in front of us is a common danger. You are all experts who have cultivated for thousands of years. Do you still have to ask me?"

Ye chen turned around and walked toward the great ancestor and the others. He did not seem to care about the powerhouses' requests. The great ancestor and the others merely swept a cold glance over the powerhouses and welcomed ye chen.

Such a scene caused all the experts to reveal twisted expressions!
