

Genius 2261

[Chapter 2261 2266-Chaotic Chess Battle!](#)

Seeing Ming Wang's anger, his sharp palm stirred the wind and clouds, instantly causing the divine punishment to descend and bombard the body of that expert.

Zila, Zila, Zila!

The Golden lightning was like a Golden Dragon. The expert's body couldn't resist it at all. He was struck by five lightning bolts in an instant and his body was crushed into pieces.

This expert was at the peak of the celestial immortal realm, but he was instantly judged by the wisdom King. This scene was too terrifying. With that, the experts knew that since they had participated in this game, there was no possibility of leaving. They could only continue to play until the end.

"Hahaha, good death, good death!" Someone laughed.

"Huo Qingyun, what do you mean?" An expert asked, unconvinced.

"Hmph, since you've come here, you must fight to the end. This is the awareness of a peerless genius. How can you be considered geniuses when you're so weak?"

"What did you just say?"

The experts were unconvinced and berated him angrily. However, Huo Qingyun was not afraid at all. He sneered at the crowd as if he would definitely be the final winner.

"Enough!"

At this moment, Ming Wang spoke again, and everyone fell silent.

He looked at the crowd and said, "this is not just a game of killing each other. It's also a game of cooperation. According to the rules of the chessboard, each of you has a mission. Only cooperation is the way to go!"

"Yes!"

Everyone agreed and watched as Acalanatha ascended to the nine Heavens and then dropped down the decree. Suddenly, the game started.

"Follow me and directly attack their general!"

Huo Qingyun shouted.

"Hmph, do you think others are idiots?" Ye chen sneered.

"What do you mean? Ye chen, disobey my orders and I'll kill you first!"

"Sure, you can try!"

In the face of Huo Qingyun's threat, ye chen showed no fear. He understood that as the "car", he played a huge role in this situation. Even if Huo Qingyun wanted to deal with him, the others would not agree.

As expected, some experts indicated to Huo Qingyun not to be too angry.

"Prince Qing Yun, although we will listen to your command for the time being, if you don't look at the big picture, we will definitely not support you!"

"That's right. This person has the identity of 'carriage' and is very useful. We can't touch him!"

"Hmph!"

Huo Qingyun glanced at ye chen but did not say anything.

At this moment, five soldiers crossed the river in front of the opposite side, pressing down on the border.

Upon seeing this scene, Huo Qingyun issued an order, and the five soldiers advanced together!

In an instant, on the array diagram in front of them, ten experts were already facing each other. Under their feet, raging waves slapped the shore, and a Great River flowed. Such a shocking change was shocking.

"Kill!"

The 'general' on the other side gave the order and shouted crazily.

The ten powerhouses engaged in a chaotic battle that shook the heavens and the earth. Boundless energy fluctuations surged and the entire River instantly fell into a state of collapse. The endless waves automatically rose and transformed into various ferocious beasts that wildly rushed toward ye chen.

"W-what's going on?" Huo Qingyun angrily asked.

"Not good, the other side has someone who is skilled in using Water-type laws!" An expert shouted.

"Detestable!"

Huo Qingyun was furious, but what could he do in the face of such a disadvantageous situation?

"Let me do it!"

At this moment, the expert from the vast universe jumped out. This person was the black puppet cannon!

"Everyone in front, cooperate with my attack!"

"Alright!"

The experts in front all used their secret techniques to support this person.

"War god Yi, can you do it or not?" "Who are you?" Huo Qingyun shouted impatiently when he saw that the expert had not made a move.

"Shut up!"

He didn't expect that the war god Hou didn't care about his status at all. When he shouted, the experts only sneered. No one cared about Huo Qingyun's feelings. This situation made him even more furious. As the Commander-in-Chief, he actually had no prestige!

"He's gathering the power of his divine ability. Huo Qingyun, I think you'd better not interfere!" Ye Chen said.

"Hmph, it's not your turn to ..."

Before Huo Qingyun could say anything, the earth suddenly trembled and the wind and clouds surged. The war god puppet's powerful magical ability attracted countless rocks and gathered them in the sky. Finally, it turned into a boundless stone puppet. It roared repeatedly and shook the world. With the cooperation of the experts in front, it actually grew a pair of wings and flew toward the opposite camp.

"Roar!"

The puppet fighter roared madly. Countless rocks fell and the surging River showed signs of stopping.

"Water comes, earth covers, kill!"

The armor of the God of War enhanced the power of the earth element once again. All of the water beasts of the other side were crushed, unable to resist the power of the armor of war. In the blink of an eye, the situation was reversed.

"Hahaha, war god armor, not bad!"

"Hahaha ..." Huo Qingyun laughed when he saw this scene. Anyone was his tool. In his mind, as long as they were useful, he would smile. But if they were useless, he would not hesitate to abandon them. This was the truth that he had learned from his hundreds of years of cultivation in the Qing Yun sect as the Prince of Qing Yun.

"Hmph!"

In the face of Huo Qingyun's "praise", the war god Chi only snorted slightly and did not take it seriously.

"Kill!"

Seeing that the situation on the battlefield had reversed, Huo Qingyun issued a killing order. Immediately, the surrounding cultivators attacked one after another and charged forward.

Divine powers and secret Arts were everywhere, and energy exploded. It was extremely dangerous.

Ye Chen's cold eyes were locked on the opponent's general. He did not expect that the opponent's general was not looking at Huo Qingyun or the war god Chi, but at him!

Ye Chen was a little surprised by such an illogical situation.

The general on the other side was called Ba Wu Jiang. He was tall and had a determined expression on his face, but his eyes sent chills down one's spine. No one knew how shrewd he was, and he couldn't underestimate such an opponent.

"Could this person be a golden immortal?"

This was what ye chen was suspicious of. Although the Golden text's introduction said that this person was at the peak of heaven immortal, ye chen was more or less suspicious of this introduction. It was good to have this information but he must not let this information limit his judgment!

Moreover, the other party was able to lock onto him among the many powerhouses. This forced ye chen to reconsider. This person's eyesight might be far better than others. There might even be more powerful Masters hidden in this chess game.

With the repeated attacks of the puppet fighter, the enemy's Army had already suffered casualties. One of the experts was unable to avoid the puppet fighter's fierce frontal attack and was severely injured in the air. His body was crushed and he died on the spot.

"Hahaha, Ba Wu Jiang, do you dare to fight me one-on-one?"

Seeing that the situation was getting better, Huo Qingyun became arrogant again, hoping to fight Ba Wu Jiang one-on-one. However, he was immediately opposed by the other experts.

"Huo Qingyun, if you fail, we will suffer as well. You are a Marshal, so you can't act recklessly!"

"Right!"

The pressure from the powerhouses made Huo Qingyun extremely unhappy. It was as if he was bound to lose.

"You have too many concerns. How can you understand my judgment? Get lost!"

"Die!" Huo Qingyun flew toward BA Wujiang.

"Hahaha!"

Ba Wu Jiang's face was filled with disdain and a sinister smile.

[Chapter 2262 The Battle Of Generals!](#)

Everyone saw that Emperor Qing Yun had taken the initiative to attack Ba Wu Jiang. This battle between two kings was too dangerous. Once Emperor Qing Yun lost, everyone would suffer. This wasn't an outcome that the experts wanted to see.

"Huo Qingyun, don't go too far!"

An expert angrily rebuked and tried to block the attack. However, Huo Qingyun was in a state of extreme anger. The long sword in his hand didn't recognize him. As he waved it, a powerful sword Qi swept out in all directions like a sword Dragon emerging from the sea. It was impossible to resist. The expert knew that he wasn't a match for Huo Qingyun. If he tried to block it forcefully, he might die on the spot. This was not worth it.

The powerhouses were extremely displeased with Huo Qingyun's actions, but ye chen had no intention of stopping him. Instead, he closed his eyes and focused his mind, not knowing what he was doing.

"What?"

The puppet of the God of War looked at ye chen with a puzzled expression. However, he admired ye chen very much. At the same time, he felt that ye chen was not an ordinary person. Therefore, what he was doing was definitely not ordinary. He also closed his eyes and focused his mind, trying to figure out ye Chen's motives.

At this moment, ye chen was sensing the secrets of the chessboard under his feet. Ever since he used his identity to move, he could sense that his heavenly Dao cultivation base and this chessboard complemented each other. The so-called commander position was not where the heavenly Dao core of the chessboard was. If Huo Qingyun failed, it might affect everyone but ye chen did not think that it was a sure-death situation.

"Could the nine levels of the heavenly Dao be the true mystery hidden beneath the battlefield?"

Ye chen kept thinking. Through the ancient God Space, he analyzed the image of the chessboard in his mind.

In his mind, the one hundred and eight basic imprints kept flying, changing, and forging all kinds of heavenly Dao imprints. He used these imprints to compare with what he saw in front of him and comprehend. Ye chen wanted to find the true profoundness of the ninth level of heavenly Dao.

"Kill!"

Meanwhile, on the battlefield in the real world, Huo Qingyun had made a move to kill BA Wujiang. A great battle was about to begin.

"Huo Qingyun, you want to kill me just like that? what a joke!"

Ba Wu Jiang wielded his halberd like a dragon in a chaotic river. As he advanced, wind and rain surged, and his powerful aura swept across the entire area.

"Whoosh, whoosh, Whoosh!"

The halberd light was like a dragon emerging from the sea, madly engulfing everything in its path. However, Huo Qingyun was no ordinary being. The sword Qi of the divine weapon in his hand shook, and as he waved it, the image of the Dragon in front of him was instantly destroyed. However, BA Wujiang didn't show any signs of weakness. He charged forward with his halberd in hand.

Seeing the battle between the two great generals, everyone stopped in their tracks and looked at the battle of the century.

"Who do you think will win this war?" An expert asked. The other experts all fell into deep thought, and some even laughed and discussed. At this moment, no matter which camp they were from, no one took the initiative to make a move. They were waiting for the outcome of Ba Wu Jiang and Huo Qing Yun.

Before the start of the battle, Ba Wu Jiang had given them enough confidence to wait for the results. Huo Qing Yun, on the other hand, had ignored them completely. He didn't put anyone in his eyes at all, so the others had no interest in him. They just didn't want to be implicated by him.

"Tyrant Dragon opens the border!"

With a furious roar, BA Wujiang thrust his halberd forward, stirring up the mountains and rivers. Instantly, a strange phenomenon appeared in the heavens and earth. Waves of profound heavenly energy were injected into the halberd, summoning the God within it. With a single strike, it was as if ten thousand Jun tall mountains were charging straight at the heavenly spirit.

"Swish!"

There was a sudden explosion. Huo Qingyun's character was too unyielding. How could he let go of such an opportunity to fight head-on? However, it was impossible for a sword to win against a halberd with absolute strength. Moreover, Ba Wu Jiang's cultivation base was so high that even a heaven immortal would be destroyed by his attack.

Buzz, buzz, buzz!"

The divine weapons of both sides collided and constantly attacked each other, emitting countless Starlight. These Starlight shook the land in all directions and swept through the nine Heavens. Soon, tens of thousands of stars in the world flickered at the same time as the power of the stars was constantly being instilled into the two.

"With such a number of stars, these two people are indeed the strongest geniuses!"

"That's right. If he was an ordinary heaven immortal, he would have died without a doubt. However, Huo Qingyun was able to use his divine sword to block Ba Ji's attack head-on. I'm afraid that even if we cultivate for thousands of years, we won't be able to catch up with this level of internal energy cultivation."

"That's right. These two are Dragons among men. Let's just take a look!"

The crowd looked envious. Ba Wu Jiang had hidden his strength, and although Huo Qing Yun was arrogant and despotic, his strength was truly astonishing. What else could they do other than being surprised by such a confrontation?

Seeing the battle between the two sides becoming more and more intense, everyone began to have a small plan in their hearts. They all wanted to comprehend the nine layers of heavenly Dao, but some of them couldn't even comprehend the eight layers of heavenly Dao. It was also a coincidence that they entered this place, so they were the ones in the most danger. They were thinking, even if they saw the nine layers of heavenly Dao, could they really comprehend it? and what did Acalanatha King mean when he said that only one person could comprehend the nine layers of heavenly Dao? could it be that only one person would survive?

"Kill!"

Huo Qingyun's eyes were bloodshot, and his madness was insufferably arrogant. Boundless sword Qi rose, shocking the heavens and earth!

The Chu River Han boundary triggered a super flood that rushed towards Ba Wu Jiang.

"Small tricks!"

In the face of such a Grand technique, BA Wujiang sneered and thrust his halberd into the ground. Instantly, waves of dark force poured into the earth vein, drawing it into a network. It was BA Wujiang's formation.

"This!"

Huo Qingyun immediately felt his feet being pulled by a powerful force. Let alone chasing down the eight generals, he was in a difficult situation even if he wanted to move forward.

If that was the case, his entire battle would fall into a tragedy. He would definitely not allow such a situation to happen.

"Qingyun sword unsheathed with a swish!"

With a command, he took out his real divine weapon, which was the clear sky heavenly weapon, the strongest divine sword!

"Whoosh, whoosh, Whoosh!"

The Qingyun sword appeared. Suddenly, boundless sword light stirred up the wind and clouds. The many formations formed by the Overlord halberd were shattered one after another, and they were unable to affect Huo Qingyun at all. At this point, the battle had reached a life-and-death stage. No one dared to be careless!

The crowd watched with great interest. Most of them had simple thoughts. Whether it was Huo Qingyun or Ba Wu Jiang who won, it would be a good thing for them. After all, their goal was to comprehend the nine heavenly Dao and ensure the survival of one another.

Only ye chen remained in a meditative state. As the battle progressed, ye chen spent more time comprehending the ninth heavenly Dao. He felt that the heavenly Dao and the human Dao could be achieved with a single thought.

"Tyrant halberd opens its borders, disdaining the heavens and earth!"

Upon seeing Huo Qingyun unleash his ultimate divine ability, Ba Wu Jiang's brows furrowed. Flames swirled in the air as he brandished the halberd in his hand several times. The halberd contained the power of the eighth firmament and his own laws of heaven Immortals.

"Boom boom boom!"

With a shocking explosion, Huo Qingyun's sword Qi was actually broken by the halberd light. It even broke through the encirclement of the sword net in an instant and headed straight for Huo Qingyun's throat!

[Chapter 2263 The Underworld River Sword Angrily Slashed At Exalt Xie!](#)

"You're ... Ye chen!"

At this time, ye Chen's temperament was even more arrogant. The spontaneous pressure on his body was even stronger. The might of the heavenly Emperor could not be shaken.

Sensing the unusual energy in ye Chen's body, heavenly cosmic evil Lord and evil supremacy were shocked. They did not expect ye Chen to reappear in the spirit realm a hundred years later and even come to them of his own accord. His actions were too arrogant.

The ninth RiverSource was an existence comparable to a golden immortal. In the spirit realm, no one could go up against him so arrogantly. This was the greatest reliance of heavenly cosmic evil Lord and evil supremacy. However, the powerful might on ye Chen's body and the many divine lights that shrouded him gave them a mysterious and impermanent feeling. In the past, ye Chen was still a true immortal but he had left right under the nose of the ninth RiverSource. Now, he had returned. If he did not have absolute confidence, would he come?

They knew that ye Chen was not a fool. What did his arrival mean?

Lord Xie said, "Ye Chen, you're overestimating yourself by challenging us evil spirits. No matter what kind of opportunities you've obtained in the past hundred years, you're no match for the Lord ninth RiverSource. If you surrender now, you might be able to keep your life!"

Lord Xie was the first to jump out and yell at ye Chen.

"Impudent!"

"You're courting death!" Old ancestor yellow spring roared, his eyes blazing with fire.

In the hundred years that ye Chen had been gone, old ancestor yellow spring and the other powerhouses had used the mental cultivation method that ye Chen had left behind to cultivate the heavenly way imprint to the sixth level. Even old ancestor yellow spring, Wushuang, and netherworld old ancestor had broken through their own limits and attained the profound immortal realm. They were no longer the weaklings they used to be. If not for the existence of the ninth RiverSource, they would have long wanted to counterattack the three thousand feet yellow spring.

"Old ancestor yellow spring!"

Evil supremacy was furious. He didn't expect that even a remnant like old ancestor yellow spring would dare to talk to him like that. This made him lose face.

"So, do you think the old ancestor will be afraid of you? We've already cultivated a level six heavenly Dao with the help of the emperor's heart technique. Why don't you come and try?"

"You, are you looking for death!"

Lord evil attacked old ancestor yellow spring in anger.

Ye Chen nodded at the great ancestor and flew out. The netherworld sword Qi bloomed like a lotus flower and instantly locked onto the surroundings. Before him was the netherworld sword realm that had been baptized by the sixth level heavenly path.

The Lotus flowers bloomed on the road to the netherworld, and the light of Buddha shone on the world.

Old ancestor yellow spring waved his long sword, and his immortal energy burst forth. Endless sword Qi trapped evil supremacy like a school of piranhas, making him unable to use any divine arts.

Although Lord evil had also entered the Tier 6 heavenly Dao Buddha Pond, based on his talent and comprehension ability, it was impossible for him to comprehend the true meaning within. Even if he had a deep foundation, he wasn't the old ancestor's match.

"Rank 6 heaven's path enshrouding River of the netherworld sword Qi!"

"Whoosh, whoosh, Whoosh!"

The endless sword Qi turned into life-seeking ghosts that devoured Lord Xie's body and soul.

"No, no!"

Evil supremacy didn't expect old ancestor yellow spring's strength to improve so quickly. It had long surpassed his imagination. He thought he could establish his might by killing old ancestor yellow spring, but now, not only did he fail to do what he had done, but he was also in danger.

Upon seeing this, the evil spirit Army fell into chaos. Their Lord Xie could not even defeat old ancestor netherworld. How strong was ye chen now?

Under such a contrast, the morale of the evil spirit Army wavered, and the ninth RiverSource instantly realized this.

"Silence!"

With a cold shout, the Chi around his body flowed in all directions. The vast evil energy covered the world. The pressure caused by ye chen instantly dissipated. The mental pressure of the ninth source descended on the evil spirit Army.

As a result, the entire evil spirit Army bowed to the ninth source and did not dare to move.

Ye chen did not care about this. He just looked at the battlefield. At this moment, it was the time for the final battle between old ancestor yellow spring and Lord evil.

"Forefather, we have faith in you!"

"Old ancestor, kill him!"

"This is the first battle after the great emperor's return. Old ancestor, show me what you've got!"

The experts of the Zhan residence all shouted out, cheering for the old ancestor, hoping that he would quickly end this battle.

Old ancestor yellow spring's fighting spirit rose when he heard the shouts of the experts. He also realized that the outcome of this battle was related to the dignity of the great emperor. He couldn't lose.

"Old ancestor yellow spring, you've rebelled! I'll let you die without a burial place!"

"Hahaha, evil supremacy, I'll let you understand that your talent is simply trash. Go to hell!"

Old ancestor yellow spring's heart bloomed. It was the heaven Dao heart technique left behind by the heavenly Emperor. In the blink of an eye, the power of the yellow Springs Sword World pressed down, causing the domain of the divine ability to fall into a state of destruction.

"Impossible!"

Seeing that his blood insect domain was suppressed by the netherworld sword realm and couldn't be used, he didn't know that the person in front of him was far from being his opponent before. It didn't make sense that he had such power now, but it was the truth.

"Yellow Springs Sword Art, misty soul-locking sword!"

Just as evil supremacy was hesitating, the old ancestor made his move in anger. He used his ultimate killing move. The sword of life-demanding carried a level 6 heavenly Dao and combined with the spiritual accumulation heart technique, locking onto evil supremacy instantly.

"Ah?"

All the experts were shocked, and the evil spirit was intimidated.

"Lord Xie!"

Heavenly cosmic evil Lord shouted. However, with 10000 of them, evil Paragon Lord couldn't resist the power of the netherworld sword. His body instantly exploded, and he was left with no other choice but to die!

Boom, boom, boom!

Then, the evil spirits exploded, and the entire place turned silent.

The old ancestor stood alone in the sky, his sword Qi threatening.

The evil spirits were shocked. Such power was enough to intimidate them.

"Damn it!"

The heavenly cosmic evil Lord wanted to launch a sneak attack on the great ancestor but ye Chen's cold gaze caused the heavenly cosmic evil Lord to feel as if his body had frozen. He could not move at all.

The evil spirits were completely shocked by what they saw. They had never thought that old ancestor yellow spring would kill Lord evil supremacy before the ninth RiverSource. They couldn't accept such a result.

"Hahaha, ye chen, it seems like you've helped your subordinates a lot!"

The ninth RiverSource finally spoke, sneering at ye chen. It seemed that Lord evil's death had no effect on him.

After all, as a source-level dark spirit, their status was on a completely different level from these ruler-level dark spirits. They were the most primitive existences among the dark spirits, and all the dark generals had to listen to their commands. In their eyes, these dark generals were no different from ordinary dark spirits.

"Ninth RiverSource, immediately bring your men and get out of the yellow Springs battle Manor. This is your only chance to live!"

Ye Chen's voice was low. His body emitted a powerful light of heavenly Dao. All the evil spirit energy, including the energy emitted by the ninth source, was destroyed.

Ye Chen did not give the ninth RiverSource any room to turn things around. This was the heavenly Emperor's order.

"Hahaha, you're so bold, Ye Chen! However, have you ever thought that in this world, only I, evil spirit, can infect other places? Nothing can make evil spirit leave!"

"Is that so?"

[Chapter 2264 2269-All Chess Pieces!](#)

As he watched the powerhouses sit cross-legged and comprehend the secrets of the chess piece, Huo Qingyun understood that there would be no good outcome if he continued to target Ye Chen. It was better to comprehend the secrets of the chess piece at the same time. The chess piece under his feet was the commander. Once he comprehended this power, would he obtain the power to restrain the other chess pieces or even defeat Ba Wu Jiang? This was not a fantasy.

"Hahaha, I'm born extraordinary. Once I've comprehended this position, it's time for you to bow down!"

After saying that, Huo Qingyun fell into a state of enlightenment.

The atmosphere in the stadium changed in an instant. Not only on Huo Qingyun's side, but even on Ba Wu Jiang's side, the experts were caught in the same situation.

Only Ye Chen and Ba Wu Jiang looked at each other with an unreadable expression. Then, both of their primordial spirits left their bodies at the same time and entered the different space using the Buddha Emperor chessboard.

Ye Chen and Ba Wu Jiang stood against each other.

"Ye Chen, I was right about you. You've comprehended the chessboard's true meaning. Otherwise, you wouldn't have been able to enter this alternate dimension!"

"Ba Wu Jiang, you're indeed different from the rest. However, before me, you can only be my subject!"

"Hahaha!"

Ba Wu Jiang laughed heartily. He had always been a madman, but only after meeting Ye Chen today did he realize that Ye Chen's madness was even greater than his. However, there could only be one winner in this game!

The two's eyes suddenly turned cold. In the surrounding space, endless energy was constantly flowing and spreading. This energy was very strange, and its attributes were constantly changing. Unless it was someone with top talent, it was impossible to use it.

"Ah!"

Ba Wu Jiang made the first move, absorbing the power of the five soldiers.

Because at this moment, the five powerful warriors were trying to understand the secrets of the five chess pieces. The deeper they understood, the more power Ba Wu Jiang could absorb. This was the true secret of the chessboard. Everyone was a chess piece, and only the controller could gain the most benefits.

"Zi Zi Zi!"

With a burst of light, Ba Wu Jiang's body began to emit a strange light. All of the energy was absorbed and refined by him.

"These people are still too weak. This bit of strength is still not enough!" A greedy look appeared on Ba Wu Jiang's face as he yelled out in anger.

At this time, ye chen also saw hope. The power of the five weapons was brewing and circulating, but he did not directly absorb and utilize it. Instead, he let them continue to cultivate.

"I originally thought that my opponent would be the commander, but when I saw you, I knew that Huo Qingyun was no match for you. This arrangement was just a game by the Buddha Emperor. It doesn't make a difference whether I'm the commander or not. Only by comprehending the power of the nine levels of heavenly Dao can I use these chess pieces! Hahaha!"

At this moment, BA Wujiang thought that he was the master of everything. As long as he could kill ye chen and obtain the power of all his chess pieces, he would be the most talented person in the universe. Even if he ascended to the heaven realm, he would still be the most powerful heaven's favorite.

"Ye chen, you're destined to die in my hands. Accept your fate!"

Seeing that ye chen had not absorbed the power of five soldiers, Ba Wu Jiang thought that he had found ye Chen's weakness. As long as he used the power of five soldiers to gain the upper hand, ye chen would lose without a doubt. His eyes turned cold and the halberd in his hand glowed again. The powerful halberd light drew the power of the five soldiers and rushed over with unstoppable momentum.

"Swish!"

Just as the halberd light was about to hit ye chen, ye chen raised his hand slightly. Suddenly, a huge handprint caught the halberd light in the air, preventing it from moving forward. In the sky, flames scattered in all directions and the stars shook. The powerful energy shattered the void and the battle between two powerhouses was played out in the starry sky.

"Impossible!"

Ba Wu Jiang was shocked. The attack just now had used the strength of five soldiers. Ye chen could not possibly withstand it.

However, at this moment, Ba Wu Jiang noticed that the chess piece under ye Chen's feet was constantly channeling the power of heavenly Dao into ye Chen's meridians. It was precisely "unparalleled in the art of sword!"

"Hmph, so what? watch the halberd!"

Ba Wu Jiang had seen the source of ye Chen's power. He activated his general chess piece and soared to the nine Heavens. With one strike, he broke through the sword Qi that had resisted the power of five soldiers. The power of five soldiers returned, and BA Wu Jiang's strength soared. He charged straight at ye chen.

"Five weapons sword power!"

At this moment, ye chen finally used the power of five weapons. Suddenly, five sword Qi flew out from the five weapons chess piece and transformed into five streams of light. They appeared in front of ye chen. At the same time, there was a "Chi" sound and the wandering Dragon Sword was unsheathed.

"What?"

The divine weapon was unsheathed, and with the power of the five weapons, the sword power was impressive. It evolved into the five elements sword array and fought against the starry sky.

"Whoosh, whoosh, Whoosh!"

The five elements sword had all evolved into nine levels of heavenly Dao. The power of the sword was not something that Huo Qingyun and the others could compare to. Ye Chen's strength was already heaven-defying.

Buzz, buzz, buzz!"

In the blink of an eye, there was only the sharp and unparalleled sword Qi, which was accompanied by the light of the five elements stars, rushing over. BA Wujiang swung his halberd in an attempt to counter ye Chen's attack. However, when his halberd collided with the sword Qi, he realized that all his previous plans had failed. Ye Chen's understanding of the ninth heavenly Dao had probably surpassed his imagination.

"Double cannons!"

At this moment, BA Wujiang activated the power of the two cannons, and instantly, the halberd light shook the heavens!

"Kill!"

With a furious roar, the Grand halberd light locked onto ye Chen's figure, making it impossible to Dodge.

"Good!"

However, ye chen was not afraid at all. He waved the swimming Dragon and launched the nine Dragons counterattack.

"Double Elephant flying sky, Dragon-elephant Prajna!"

Heavenly spirit Buddha's shadow appeared once more as he unleashed his Buddhist techniques. The Dragon and elephant Prajna was extremely powerful. Its power overpowered BA Wujiang's and the Dragon's roars destroyed the halberd's radiance.

"Boom boom boom!"

With a deafening explosion, the starry sky shattered and the entire space fell into nothingness.

"Ah!"

Ba Wu Jiang let out a blood-curdling screech as he was pushed a thousand feet away by the Dragon-elephant force. This was a situation that he had never expected.

Buzz, buzz, buzz!"

He pressed his finger on the ground and drew a blood-red mark on the chessboard. Then, "Zila, Zila, Zila!"

The power of the chessboard turned into lightning and was absorbed by Ba Wu Jiang. He had lost his patience. His cultivation base was far above ye chen 'S. He did not want to delay any longer. He wanted this boring victory!

"Ye chen, you're very strong and I'm very happy. However, I don't have time to play with you anymore. Go to hell!"

The power of the heavenly Dao contained in all the chess pieces gathered toward BA Wujiang. At this moment, nine layers of light of the heavenly Dao gathered above his head. The domineering halberd stood upright and absorbed the light of the heavenly Dao. It was as if a God had descended and was invincible!

"Hahaha!"

Accompanied by wild laughter, Ba Wu Jiang revealed his true strength-a half-step golden immortal!

Seeing that his opponent's strength had increased a hundredfold, ye chen did not dare to be careless. He no longer held back his ancient God Body and the heavenly Serpent Black Tortoise revealed itself. Countless heavenly energy from the chessboard was absorbed and gathered by the Black Tortoise at the same time!

"Hahaha, useless ye chen. I'm a half-step golden immortal. The energy that my body can store is far above yours. Do you really think you can absorb all the chess pieces 'heavenly Dao? in your dreams!"

[Chapter 2265 Ancient God Body Vs Overlord Body!](#)

BA Wujiang believed that his Foundation was unrivaled. Although ye chen was talented, he was no match for BA Wujiang in terms of absorbing and refining the heavenly energy of the entire chessboard. Therefore, he wanted to exhaust ye chen to death in this way.

"Hahaha, ye chen, I can sense the vigorous power of heavenly Dao in my body. My origin is above yours and as time passes, it will only develop further. Ye chen, admit defeat. I'll give you a chance to become my subordinate. How about it?"

He thought that he was invincible but he admired ye Chen's ability and hoped that ye chen would come under his command. Under such circumstances, it seemed that this was ye Chen's only choice. However, he did not care about ye Chen's status at all. At the same time, if there was only one master in this world, it would be him!

"Boom boom boom!"

Suddenly, heaven and earth trembled and the sun and moon dimmed. Behind ye chen, the vast and boundless shadow of the ancient God appeared. Above the ancient God's head was the ancestral home cosmic cauldron.

"Ba Wu Jiang, you're too arrogant! You don't know what kind of person your opponent is! Although you're slightly better than those idiots, you still can't predict my strength! You think your Foundation is invincible, so I'll show you how insignificant you are!"

Ye Chen's eyes were unparalleled. Ancient God Power flowed through his entire body. He pointed his sword to the sky and suddenly, a wave of sword Qi rushed into the heaven and earth furnace. As if on command, wild wolves rolled inside the furnace and lava flew into the air. Immediately after, all the heavenly Dao power of the commander position flowed into the heaven and earth furnace.

"Hmph, I don't believe it. You're courting death. I don't believe that your Foundation can be stronger than mine. I'll wait to see you die in pain!"

"Then I'll have to disappoint you!"

Ye chen continued to absorb the power of the heavenly path. Moreover, his absorption speed was even faster than BA Wujiang 's. This phenomenon had already caused the latter to panic but he still believed in his own judgment. According to ye Chen's abstruse immortal stage, it was impossible for him to win against him in terms of Foundation. The other party was just bluffing.

The heavenly energy above both sides flowed towards each other. The power of fire and the power of darkness formed a sharp contrast.

Inside the furnace, the power of the heavenly path stirred the wind and clouds. Heat waves churned. Ye chen felt endless power gathering.

Boom, boom, boom!

At the same time, Ba Wu Jiang's body was constantly emitting cracking sounds. His body was growing taller, and his muscles were becoming more and more taut. He looked like a bear man, and it was extremely terrifying.

On ye Chen's side, all the energy pressure was not directed directly to his body but into the heaven and earth furnace. This way, ye chen could fully absorb the heavenly energy after the lotus flower. This was the essential difference between him and BA Wu Jiang.

Just as BA Wujiang thought that he had absorbed enough heavenly energy, in reality, the heavenly energy he had absorbed was only the original energy. Ye chen, on the other hand, had absorbed the essence energy.

"Ah!"

Ba Wu Jiang bellowed. He seemed to have reached his limit in absorbing energy. He began to channel his energy, hoping to kill the opponent with a single strike. At the same time, he was consuming energy to absorb more energy.

"Boom boom boom!"

With a loud explosion, BA Wujiang swept his Overlord halberd horizontally. Instantly, a halberd light shot toward ye chen like a meteor, carrying a sky full of black flames.

On the other hand, ye Chen's entire body was emitting golden flames. It was as if the sun had risen and was reborn, its power unparalleled.

"Heavenly Dao sword edge!"

Ye chen pointed with his sword-like finger. Instantly, the Golden flames became the edge of the heavenly Dao sword, pointing forward.

The vast flaming sword radiance filled the sky and instantly clashed with the Overlord halberd's radiance. For a moment, the heavenly Dao energy from both sides clashed and collided. All kinds of explosive sounds were heard. It was as if the entire starry sky had become their battlefield.

Facing such a powerful force, countless stars were shattered, and the light from the explosion extended to the limit of the eight desolates.

"Impossible, impossible!"

BA Wujiang watched as this attack came to a draw. This was not an outcome he had expected. In his mind, this attack was powerful enough to kill ye chen. This was because the heavenly energy he had absorbed earlier had reached the limit of his Foundation. Ye chen would not be able to block such a powerful ultimate attack.

However, the result before his eyes was completely different from what he had imagined. Not only did ye chen block it, but he even looked like he did it easily. This was even more strange.

"What did you do? how can you resist my power with so little power?" Ba Wu Jiang couldn't help but ask.

"Hahaha, idiot!"

Ye chen laughed coldly and called him "idiot". Although BA Wujiang was furious, he suppressed his anger and waited for ye Chen's reply to know the answer.

Seeing how eager Ba Wu Jiang was to know the answer, ye chen did not hide it from him and let him know how shallow he was.

"The power of the heavenly path that I have absorbed is the essence refined by the Qiankun furnace. A portion of my power is equivalent to a portion of yours. Therefore, it's useless no matter how much power you absorb. It's all useless!"

"Ah?"

Hearing this, Ba Wu Jiang's eyes almost popped out of their sockets. Ye Chen's eyes glowed with a black light as he looked at the heaven and earth furnace. Inside the furnace, the power of thousands of heavenly DAOs had gathered. This power was much more than what BA Wujiang had absorbed. Countless heavenly DAOs 'essence had fused into ye Chen's body through the furnace.

"It's unbelievable. The universe furnace is so magical. The body of the ancient God is really invincible!"

For the first time, BA Wujiang began to doubt his own talent. As the strongest general, was he really going to lose to ye chen?

All his unwillingness was constantly attacking his heart. He would definitely not allow anyone to surpass him.

"Ah!"

With a loud roar, Ba Wu Jiang activated his Conqueror's body, and the wind and clouds around him instantly changed. Countless halberd lights flew around him, and the roars of beasts shook the ground, causing all the beasts to panic.

"Phew, phew, phew!"

After that, the powerful heavenly energy transformed into a storm and gushed into BA Wujiang's body. All of his meridians were revealed, and black blood-like energy surged through them. As a result, BA Wujiang's power was increased by more than a hundred times.

"Mm ..."

Seeing this, ye Chen's eyes turned cold. In order to defeat him, the person before him had broken through his own limits and achieved the god-like Overlord body.

Ye chen watched as Ba Wu Jiang absorbed the chessboard's heavenly energy to its limit. At the same time, ye chen activated his netherworld energy. Yin and yang double flames appeared in the furnace.

The yin-yang Taiji diagram appeared above the heaven and earth furnace. Suddenly, the two heavenly DAOs on the chessboard turned into a yin and yang Dragon and rushed into the heaven and earth furnace.

Boom, boom, boom!

Inside the furnace, the world was turned upside down, as if chaos had been restarted!

[Chapter 2266 Nine Heavens Dao!](#)

With the activation of the power of the two gods, ye Chen's might underwent a qualitative change. The heaven and earth furnace was like an endless abyss, swallowing all the power of the heavenly way of the commander position.

"Overlord halberd, crack!"

Seeing ye Chen's power soar, BA Wujiang no longer hesitated. The domineering halberd's sharp edge streaked across the sky and pointed straight at ye chen.

The Overlord body combined with the Overlord halberd was so powerful that it could shake the heavens and earth and destroy stars.

"Kill!"

With a battle cry, the heavens and earth shook as the light of the Overlord halberd descended.

"Boom boom boom!"

The surrounding space rapidly compressed and crumbled. No power could resist the might of the Overlord halberd. In the face of such a powerful attack, ye Chen's eyes turned cold. His entire body unleashed ancient divine power and netherworld divine power at the same time. The power of the two gods stirred the wind and clouds. The strongest heavenly energy in the heaven and earth furnace was poured into him.

"Ba Wu Jiang, I'll make you accept your loss!"

The apparitions of the ancient God, the god of the underworld, and the two gods appeared behind ye chen. Their four arms were like heavenly pillars. They stretched forward and instantly grabbed the Grand halberd light in the sky. No matter how powerful the domineering halberd was, it could not take a single step forward before the four heavenly pillars.

"Impossible!"

Ba Wu Jiang had gathered all the heavenly energy in his body. This was his strongest attack. He wanted to kill ye chen with this attack. Otherwise, he would fail!

Buzz, buzz, buzz!"

With four arms supporting the sky and the power of the nine accumulations, the might of the two gods was even stronger than before. Together with the power of the heavenly Dao of the commander position, they were impregnable and fearless.

Under such a powerful impact, the halberd light began to shatter, and then it was suddenly grabbed by the two God hands.

Crack, crack, crack!

Under the overbearing attack, the halberd light exploded and boundless energy spread in all directions. Countless stars exploded, creating an even stronger energy shockwave. The entire starry sky was shaken and uneasy.

"Get lost!"

Ye chen let out a furious roar and the power of his two deities erupted. The might of the heavenly Dao ruled against the vassals, only the celestial Thearch was eternal.

"Ah!"

Ba Wu Jiang's body was sent flying like a kite with its string cut. All of his meridians were thrown into disarray, and his heavenly Dao energy was being forced out of his body.

"The cosmos furnace!"

At that moment, ye chen summoned the heaven and earth furnace. A powerful suction force from the same source gathered the scattered heavenly energy and guided it into the heaven and earth furnace. The furnace exploded in the sky, revealing the strongest nine heavenly laws.

"Zi Zi Zi!"

With the fusion of the furnace and ye Chen's ancient God Body, all the essence of the ninth level heavenly Dao was under ye Chen's control. The chessboard exploded with a loud bang. Ye Chen and Ba Wu Jiang returned to reality one after another.

"Ah ... Pfft!"

A mouthful of blood spurted out of Ba Wu Jiang's mouth, and his entire body trembled.

When the generals saw this, they all stood up and asked him what had happened. They didn't know that when they were comprehending the power of the chess piece, the ultimate battle had already ended.

On ye Chen's side, the nine heavenly Dao had gathered. The entire chessboard was under his command.

"Ye Chen, you've already obtained the ninth heavenly Dao. Now, you can do whatever you want to the rest of them!" A Buddha voice came, it was Acalanatha. Upon hearing this, all the powerhouses were shocked. They did not know what had happened, but Ba Wu Jiang looked at ye Chen coldly, his expression unwilling to accept this.

"Ba Wu Jiang, what's going on? what's the current situation?" The experts asked.

Facing the crowd's confusion, Ba Wu Jiang gritted his teeth and told them that he had lost in the final battle.

"Ah?"

Upon hearing such an unbelievable thing, the powerhouses fell into panic. If ye Chen controlled the nine heavenly Dao and the entire chessboard listened to his orders, would they not be fish on the chopping board?

Now, whether it was the position of commander or general, all the powerhouses classified ye Chen as an anomaly and all looked cautious.

On the other hand, ye Chen's goal was merely to obtain the ninth-level heavenly path. On this trip to the ninth-level technique, he had obtained the Dragon-holding spear, the infernal Blood Orchid, the three-headed Blood Python, the Samadhi rock spirit, and the ninth-level heavenly path. He was already the person with the most abundant harvest. It was meaningless to deal with the powerhouses of the universe.

"Ha, since I've accepted the Buddha Emperor's ninth-level heavenly path, the Acalan ā tha, is everything within the ninth-tier dharmic formulation under my control?"

"As expected of the heavenly Emperor ye Chen. You're so ambitious. However, you're right. Everything left behind by the Buddha Emperor, including us extraditors, will listen to your orders!"

After saying that, Acalan ā tha pointed at the sky, and a space gate opened. The three extraditors walked out.

In the current situation, ye Chen had already taken the absolute initiative. However, how could the powerhouses be willing to lose their ninth heavenly Dao?

"Chi, ye Chen, you've betrayed us and obtained the nine heavenly Dao for yourself. You're our enemy!"

The first one to step forward was Huo Qingyun. As Prince Qing Yun, he had not obtained the ninth level of the heavenly Dao. This was a disgrace to him. Moreover, Ba Wu Jiang, whom he had not defeated, had been defeated by ye chen. This was also a disgrace. Now, if he did not target ye chen, there was no meaning to his existence.

When the powerhouses heard this, they all nodded. The nine levels of heavenly Dao were the most important. The two powers of heavenly Dao that ye chen had taken the position of commander and general by himself still could not hide their anger.

"Ye chen, hand over the ninth-level heavenly Dao!"

The powerhouses roared in anger. After all, they were the strongest heaven's favorites from various universes. If they gathered together, they did not believe that ye chen could defeat them.

In the face of such a confrontation, ye chen only sneered. Previously, Acalanatha had already said that ye chen was now the king of the ninth dharma world. He did not expect these guys to join forces to target him for the sake of the ninth heavenly Dao. There was no chance of winning here!

"Do you really want to deal with me?"

"What Celestial Emperor? hand over all your treasures, including the nine heavenly Dao, or I'll let you die without a burial place!"

The experts all joined forces and stood together. As Ba Wu Jiang had been severely injured by ye chen in the battle of the alternate dimension, the entire Alliance was now led by Huo Qingyun.

"Ye chen, do as we say!" Huo Qingyun shouted angrily. Previously, he had been suppressed by ye chen many times. Now, he wanted to find his true self and dignity. However, he did not know that he was not qualified to face ye chen at all.

"Impudent!"

"Die!" A furious roar sounded. The might of Acalan ā tha descended, causing the entire space to shake. Then, a powerful Buddhist energy mixed together and headed straight for Huo Qingyun.

"Qingyun sword!"

Huo Qingyun held the divine weapon in his hand and pointed the tip of the sword. Instantly, a beam of celestial immortal sword Qi shot up to the nine Heavens and collided with the palm print of the Acalan ā tha.

All the powerhouses saw that above the nine Heavens, the sound of Buddha descended like a Heavenly Phoenix, and Huo Qingyun's sword Qi was instantly extinguished. It had no effect at all. Such a scene shocked the workers' minds.

"This, this is impossible!"

Huo Qingyun naturally did not believe what he was seeing.

"Hmph, you want to be enemies with Buddha in the ninth-grade dharma world? you're simply courting death!"

"Ah?"

The words of Acalan ā tha finally made the experts realize that fighting in this place was the home field of others, and they wouldn't be able to gain any advantage!

[Chapter 2267 Profound Sword!](#)

"Huo Qingyun, you've targeted me many times. This time, I'll give you a chance to fight me one-on-one. Do you dare?"

At this moment, ye chen stepped forward with an evil smile on his lips and faced Huo Qingyun directly.

As soon as he said this, all the powerhouses looked at Huo Qingyun. This was a good opportunity to kill ye chen. As long as ye chen died, the nine heavenly Dao would return to its ownerless state. This was the outcome they wanted to see. At that time, even the Acalan ā tha and the three venerable Lords would return to their ownerless state.

Therefore, all the experts hoped that Huo Qingyun would accept the challenge.

"Mm ..."

Huo Qingyun, who had always been arrogant, was now hesitating. After all, this was a matter of life and death. The conditions did not allow him to be so reckless. After all, ye chen had defeated Ba Wu Jiang.

Of course, as a peerless prodigy, he also realized that the benefits of taking risks were extremely high. As long as he defeated ye chen, he could dominate everything. He could even become the master of Acala and the three venerable Lords. Just imagining it was awesome!

"Huo Qingyun, what are you still thinking about? agree to it immediately!"

"Yes, kill this man, and we're willing to give you the nine Heavens Dao!"

"Ye Chen's arrogance is unrivaled. He must be punished. Huo Qingyun, you're the Prince of the Emerald Cloud sect. Are you going to back down?"

The pressure from all the powerhouses made Huo Qingyun unable to bear it, and beads of sweat appeared on his forehead.

Ye chen sneered at Huo Qingyun, waiting for his response.

"Huo Qingyun, a person from the Flying Cloud cosmos, doesn't even dare to accept such a challenge? Alright, you just need to kowtow to me three thousand times and I'll let you leave alive!"

"You!"

Huo Qingyun exploded with rage upon hearing this. He was a Prince, yet he had to suffer such humiliation. If he were to forcefully endure it, he would be too ashamed to return to the Flying Cloud cosmos.

He suddenly turned to ye chen with a murderous look and said, ""Ye chen, don't think that you're invincible just because you defeated Ba Wu Jiang. You've yet to see my true strength!"

"Then come. What are you waiting for?"

"You want to kill the chicken to warn the monkeys, but I can't let you steal the chicken!"

"Hahaha!"

Ye chen laughed wildly and flew down. Then, he wrapped his arms around himself and the surrounding space shook violently. Suddenly, an ancient battlefield was drawn out.

The Grand momentum made all the experts around step back and become spectators.

"Hahaha, ye chen, I've been hiding my strength. Don't you understand? Since you've taken the initiative to challenge me, I'll let you see the difference between the Flying Cloud cosmos and the other cosmoses!"

Now that he was on the battlefield, Huo Qingyun could no longer hold back. He had to completely set himself free. As a disciple of the clear sky sect, what he had to do this time was very simple. He had to find his confidence, kill his enemies, and obtain the nine levels of heavenly Dao!

In the face of Huo Qingyun's domineering words, ye chen smiled slightly and did not respond. Since his opponent said that he wanted to kill the chicken to warn the monkeys, he would do it for everyone to see. At the same time, it would also verify the crushing power of the nine heavenly Dao.

The nine levels of heavenly Dao in ye Chen's body had absorbed the power of the two chessboards of the commander and general positions. It was the complete Buddha Emperor's heavenly Dao.

"Kill!"

His eyes turned sharp and turned into sword Qi, which rushed straight at Huo Qingyun.

"Good!"

Huo Qingyun's brows furrowed as he raised his divine weapon. With a wave of his Qingyun sword, everything in his path was destroyed!

Boom, boom, boom!

In the blink of an eye, the sword gleam in ye Chen's eyes shattered.

In a battle between powerhouses, victory and defeat could also be determined from the beginning. Facing Huo Qingyun who had reversed the situation, ye chen was not flustered at all and fought alone.

"Hahaha, how do you feel? Ye chen! Is my current strength different from before? "

"Ha, it's indeed different, but the result will not change!"

"Is that so?"

The corners of Huo Qingyun's mouth curled into a cold smile. The Qingyun sword in his hand glowed with Mystic Light. It was like a shooting star chasing after the moon. Its speed was so fast that it didn't even take the blink of an eye.

"Whoosh, whoosh, Whoosh!"

Three rays of celestial light sword Qi shot out and ye Chen's vision instantly blurred. At the same time, the information feedback in the surrounding space was greatly disturbed. These three rays of celestial light sword Qi were not meant to kill ye chen but to disrupt his senses. In this space, he was building a sword realm that belonged to Huo Qingyun.

Although these were ingenious, they could not escape ye Chen's eyes.

"You want to fight me with such an arrangement? Huo Qingyun, don't you think you're underestimating the nine heavenly Dao?"

"What?"

Just as Huo Qingyun was feeling puzzled, ye Chen's entire body bloomed with golden light, and the Buddha Emperor's shadow appeared.

"Zi Zi Zi!"

The light of Buddha shot up to the nine Heavens, and the power of the heavenly Dao covered the earth!

The powerful shadow of the Buddha Emperor descended. The complete nine heavenly Dao had finally descended upon the world.

A powerful aura was released and instantly destroyed the mystic Light sword realm.

Boom, boom, boom!

The sword realm was shattered on the spot. Huo Qingyun's body trembled in fear and he retreated a few steps. "I have the majesty of the Buddha Emperor in front of me. I can't be violated!"

"This!"

Huo Qingyun's heart trembled, and his eyes became unfocused. He had not expected the power of the nine levels of heavenly Dao to be so powerful. It was on the same level as the eight levels of heavenly Dao.

"It's only a single release, but it already has such power. Is this the power of the nine heavenly Dao?"

"He's too powerful! He can actually summon the Buddha Emperor's shadow!"

"Huo Qingyun, what are you waiting for? you're a genuine heaven immortal. Would you be afraid of a Mystic immortal?"

When the powerhouses saw the power of the ninth heavenly Dao, their greed prevailed. They no longer cared about how powerful ye chen was. They only wanted Huo Qingyun to kill ye chen even if they had to lose their lives. This was his greatest value to the powerhouses.

Upon hearing the words of the powerhouses, Huo Qingyun naturally knew what they were thinking. This was his own thought as well. However, ye Chen's strength was far beyond his imagination. If he really wanted to win, the price he would have to pay would be unimaginably great.

"Hahaha, Huo Qingyun, I'm telling you, as long as you can destroy me, the nine levels of heavenly Dao will immediately belong to you, and it will even completely repair the serious injuries on your body. Therefore, you don't have to worry about it being taken away. This is your best chance!"

"Ah? Are you telling the truth?"

"Of course, I have no reason to lie to you!"

"Hahaha, ye chen, you've revealed a secret you shouldn't have. I'll make you understand that underestimating me is the greatest mistake!"

Upon hearing this information, Huo Qingyun's fighting spirit rose. Mystic Light sword Qi surrounded his body, and the Qingyun sword in his hand shattered.

"Ah?"

All the experts were surprised. They were all thinking that Huo Qingyun had broken his own divine weapon?

However, a divine weapon reappeared within the Qingyun sword. It was the profound sword!

"Profound sword, kill!"

As soon as the profound sword appeared, the light of heaven and earth scattered. Even the heavenly Dao Buddhist light from before could not conceal its light. It was made of sword Qi and was unrivaled. At the same time, under the support of the profound sword, Huo Qingyun's Foundation soared madly and actually had the power to match a golden immortal!

[Chapter 2268 The Heavenly Light Of Buddha Breaks The Blue Clouds!](#)

Upon seeing this, those who had been intimidated by ye chen were excited. They did not expect Huo Qingyun to have such a backup plan. This way, he could even turn defeat into victory. At that time, both of them would be severely injured at the same time. Wouldn't that be perfect?

The experts all shouted.

"Huo Qingyun, we all believe in you. Kill this Arrogant Bastard!"

"That's right. Ye chen is just a madman from the chaotic universe. He's just looking for death now that he's met you!"

"So the legend of the unparalleled profound sword is true. I really didn't expect this. Huo Qingyun, you're the number one heaven's favorite. Quickly finish this person off!"

The powerhouses' confidence was greatly boosted. As long as Huo Qingyun performed as usual, ye chen would not be a match for her. Once the celestial sword was used, no one could compete with her!

Ye Chen's eyes focused when he sensed the powerful sword might on the celestial sword. The celestial energy in his body circulated and the heavenly Dao in all directions converged. He understood that Huo Qingyun had been reborn. His strength was likely to be above Ba Wu Jiang.

"Ye chen, how was it?"

Huo Qingyun ascended to the ninth heaven. His eyes were red, like a god of War from hell. On the profound sword, an unparalleled force gradually gathered, guiding his body's Foundation to ascend. He still had the strength close to that of a golden immortal. This was the level of the heavenly Tribulation's proud hero.

"Ha, interesting. This should be the last bit of value you've brought to me, just a little fun!"

To think that ye chen would say that it was just a little more fun to bet on such a powerful opponent. Such an attitude made the powerhouses of the universe unable to believe their ears. Everyone knew that the current Huo Qingyun was no longer the same as before. His strength had reached the heavens. Now, even the Acalanatha King and the three great Venerables might not be his match. Ye chen was still so arrogant and unruly. This was too much.

Even the Acalanatha King and the three great honored Warriors who were watching the battle in the sky revealed nervous expressions.

"Lord Wisdom King, do you think ye chen can defeat Huo Qingyun in his current state?" Asked the first venerable.

"Based on ye Chen's strength, he's mastered the ninth heavenly Dao. He should have no problem defeating Huo Qingyun before. However, the current Huo Qingyun's strength is already above Ba Wu Jiang 'S. I can't even see his true strength. The outcome is still unknown!"

"This!"

The three venerable Lords looked conflicted. Originally, finding a master was one of their greatest achievements but it seemed that ye chen might not win. If ye chen failed, they might have to change hands. This was not a good thing for them.

"Al, we can only leave it to fate!"

The Venerables shook their heads slightly. They could only rely on ye Chen's own performance.

At this moment, on the main battlefield, Huo Qingyun was berserk and invincible. The light of the profound sword suppressed the light of Buddha. The entire space was trapped in the domain of the profound sword. The powerful black sword edge continued to fly through the sky, ready to kill at any time.

"Unparalleled profound sword, ink dyeing the world!"

Huo Qingyun knew that he couldn't maintain his profound sword state for long, so he had to end the battle quickly.

Ye Chen's eyes turned cold as he felt the sword Qi that was beyond his imagination. He had also realized this and Huo Qingyun wanted to fight to the death.

"Ha, Huo Qingyun, you're too impatient!"

Ye chen smiled and the Dragon Spear appeared in his hand again.

"Nine Dharma images of the God of Thunder!"

Ye Chen waved the Dragon-holding spear. Suddenly, the wind and thunder of heaven and earth moved. The wind roared and the Spear's gleam circled. Six lightning Dharma forms rushed out and blocked Ye Chen's path a thousand feet away.

"Hahaha, it's no use!"

"Whoosh, whoosh, Whoosh!"

The inky-black sword Qi galloped between heaven and earth, and boundless sword gleams broke through all phenomena. Although Ye Chen's thundering Dharma was powerful, under the influence of the inky-black sword Qi, the entire world was filled with Huo Qingyun's sword Qi. At this moment, he was the master.

Boom, boom, boom!

The rumbling Thunder Dharma form shattered and the sword ray once again charged at Ye Chen. Even the spectators felt a great pressure when faced with such a terrifying sword power. They all looked frightened but Ye Chen was calm and composed.

"This kid should be so confident. Is he really that confident or is he just stunned? Is he acting like a fool?"

"I don't know. This kid is too strange. We can't predict his future actions at all. We can only look at the results!"

"Hahaha, don't worry, everyone. Although these two are peerless Heaven's Pride experts and invincible, this is their final battle. No matter who wins, they will have to pay a great price. At that time, we will enjoy all the benefits alone. That's great!"

"Well said!"

The powerhouses were all waiting for an opportunity. They were ready to take action to seize the opportunity and the Supreme treasure when Huo Qingyun and Ye Chen were both injured.

On the battlefield, Huo Qingyun's sword energy was unparalleled. He used a destructive technique and broke through Ye Chen's nine majestic Grand formations in a row. His pursuit became more and more intense but Ye Chen did not care. Like a monkey, he waited for the other party to attack.

"Hateful!"

Huo Qingyun was pressed for time and immediately became furious.

"Unparalleled profound sword, a black waterfall!"

"Boom boom boom!"

In the sky, the dark energy covered the entire area. Countless dark energy flowed down and covered the entire space. There was no place to hide.

"Hahaha!"

This was one of Huo Qingyun's sure-kill sword techniques. Under the cover of the ink-stained world, coupled with this killing divine ability, even a golden immortal would have to retreat, let alone a little profound immortal.

"Mm ..."

Ye chen sighed softly, knowing that the time had come.

Countless Buddhist Dharma seals suddenly appeared in the places he had passed while avoiding the pursuit of the sword blades. On the Dharma seals, countless heavenly Dao laws were engraved at the same time. These were the nine levels of heavenly Dao!

"The Buddhist Emperor's dharmic decree-the great salvation Vajra seal!"

"Boom boom boom!"

Behind ye chen, the mountains and precipitous ridges exploded one after another. The Buddha Emperor's shadow reappeared in the world.

The huge Buddha shadow triggered the karma law of the world-ending Vajra seal on the ground. The boundless connection instantly locked onto the heaven and earth. Even the ink-stained land was all within the range of the Vajra seal.

"The judgment of the nine-layered heavenly Dao, the Kongtong Buddha Emperor!"

At the same time, above the nine Heavens, Thunderbolts descended, and the great earth Vajra seal responded. For a moment, the infinite universe was filled with Dharma, and the entire world was filled with the heavenly Dao.

"What?"

In an instant, Huo Qingyun felt his strength drain away rapidly. Under the illumination of the Buddhist light, he could not move his feet. Under the shroud of the heavenly Dao's lightning, his entire cultivation body was crippled.

Zila, Zila, Zila!

The heavenly lightning descended and the Dragon Spear struck.

"Roar!"

The vigorous Dragon's Roar shook the nine nethers, and the Blue Dragon emerged from the sea to clear the world!

"Kill!"

Huo Qingyun still had to make a final resistance. He circulated all the power of the profound sword and used all his cultivation in order to die with ye chen.

However, how could he resist the light of Buddha and the light of heaven?

"Boom boom boom!"

Zila, Zila, Zila!

The sound of thunder and explosions instantly swept across the land in all directions. Huo Qingyun's profound sword left his hand, and his body exploded!

The strongest heaven's favorite died before he could even scream.

[Chapter 2269 A Hundred Year Journey!](#)

The powerhouses' last hope, the unparalleled profound sword and Huo Qingyun, had died at ye Chen's hands without any chance to fight back. They did not even see the true profoundness of ye Chen's last move before they died. Such a battle result had dumbfounded those who were waiting to see ye Chen and Huo Qingyun both injured.

"How do you feel, everyone?"

Upon hearing ye Chen's question, the powerhouses did not dare to say anything. They only gritted their teeth in their hearts but the result would not change.

"Huo Qingyun is dead. Who still wants to challenge me?"

"Swish!"

As he spoke, ye Chen grabbed with his hand. The power of the star plucking hand descended and surrounded the profound sword. The powerful suction force rendered the profound sword unable to move. However, its master was dead, so the profound sword vowed to resist with its life.

Zila, Zila, Zila!

On the celestial sword, countless sword gleams flickered, trying to resist ye Chen's star plucking hand.

"Hmph, you're still not qualified to submit to me!"

Ye Chen shouted angrily. The nether King's star plucking hand appeared. As the sharp claws waved, the netherworld energy completely disintegrated the celestial sword's will to resist and returned to ye Chen's hand in an instant.

Such a scene shocked the powerhouses. Ye Chen's shocking will was no longer comparable to ordinary people's by easily subduing the heavenly weapon, the black sword.

"We don't dare to challenge him!"

All the powerhouses bowed their heads and paid their respects to ye Chen.

"Hahaha!"

The overbearing laughter resounded through the sky. The Acalan ā tha and the three honored Warriors bowed at the same time.

In the ninth dharma world, ye Chen had finally become the sole ruler of this place.

"Heavenly Emperor, the entire ninth dharma world is a super-large alternate space. Since you are the only ruler here, this alternate space will belong to you."

Acala came over and handed ye chen a golden Buddhist seal. This golden seal represented the ownership of the ninth dharma world.

"Many thanks!"

Ye chen nodded slightly and took the Buddhist Emperor's golden seal.

Suddenly, waves of alternate spatial energy entered ye Chen's body. All the energy Information in the ninth law realm was under ye Chen's control.

"The ninth dharma world belongs to me. Leave immediately!"

"Yes, yes!"

The powerhouses thought that ye chen was going to do something to them. Now that he was asking them to leave, they could not ask for more. They all released their divine abilities and left.

The ninth Buddha realm fell silent.

"Acalan ā tha and the three Venerables, follow me and leave!"

"Yes!"

The four of them bowed at the same time. They had already become ye Chen's loyal subordinates.

The entire ninth Buddha world was instantly sucked into the golden seal. The power of space was boundless, and it piqued the interest of time and space.

The four of them quickly flew away from the Bodhi realm and returned to the spirit realm.

The current ye chen had obtained too many opportunities in the Bodhi realm. His strength had soared and he was invincible. He was no longer afraid of any challenge. This time, he had returned to unify the six realms and become the ruler of the six heavens.

"Buddha's eyes shine on the world!"

After entering the spirit realm, ye chen immediately activated the Dharma realm Buddha's eye. It was the Buddha Emperor's eye formed by the nine heavenly Dao, far above the heavenly spirit Buddha's eye.

"Zi Zi Zi!"

With the all-seeing eye, countless auras between heaven and earth entered ye Chen's vision. He instantly found the three thousand feet of the netherworld. However, at this moment, the three thousand feet were already under the control of the evil spirit.

"Mm ..."

Ye Chen's eyes narrowed and he began to sense the celestial Thearch. In an instant, ye Wushuang's position was displayed in his eyes through the sensing of the celestial Thearch sword's origin.

"Wushuang!"

The spiritual voice transmission reached beyond the nine Heavens.

"It's master!"

Ye Wushuang was extremely excited. Ye chen had finally reappeared.

"What did you say? the great emperor?" The old ancestor and the others were equally excited. During this period of time, they had been hiding here and there and had spent a lot of effort. However, in order to save their lives, they had wanted to counterattack for a long time, but they had no strength. They had been waiting for the great emperor to return, and finally, the day had come.

"Wushuang, I will return immediately!"

"Okay, master, I'll give you the location information!"

Ye chen released the celestial Thearch sword's telepathy and told ye chen the most accurate location information.

"Let's go!"

A Lotus bloomed beneath ye Chen's feet. The Grand Lotus transformed into a Lotus boat and rapidly advanced toward the predetermined coordinates.

Finally, after twenty hours of using the battery, ye chen led the four venerable Lords and found the main group.

"Great emperor!"

All the powerhouses came out to welcome him. They had been waiting for ye chen for too long. It turned out that time in the Bodhi realm was different from the outside world. Ye chen had only been in the Bodhi realm for a few years, but a hundred years had passed in the outside world.

"Everyone, I've made you wait!"

Ye chen saw the state of the powerhouses and immediately realized this. When he came out of the Bodhi realm, he had already sensed the rotation of the time torrent.

But now that he had returned, he couldn't let everyone sleep in the wilderness without a home to return to!

"Everyone, follow me and take back the 30000 feet yellow spring!"

"Yes!"

The powerhouses responded one after another. Their morale was unprecedentedly high. They could already feel that ye Chen's strength was no longer the same as before!

Everyone got on the Lotus boat and galloped three thousand feet away.

Within 30,000 feet of the yellow Springs, an army of evil spirits had gathered. During this period of time, they had built the ninth RiverSource, turning it into a paradise for evil spirits. However, due to the internal changes of the evil spirits, the other RiverSource did not come to the spiritual realm.

The reason why the ninth RiverSource had been diligently built during this period of time was precisely because the three great RiverSource had come out of seclusion in a hundred years. This time, they were going to descend upon the spirit realm and complete the ultimate unification of the evil spirits.

"Lord ninth RiverSource, the entire spirit realm is now under our control. The god of the underworld is missing, ye Chen's life and death are unknown, the magic martial arts realm is quiet, and the celestial Spirit realm is recuperating. We're invincible!"

Lord evil said arrogantly.

"Lord Xie, ye Chen is the biggest scourge. After he left, there has been no news of him. We've been searching for him for a hundred years without finding any trace. This is disturbing!"

The heavenly oyster's evil Lord said in a deep voice.

"Hahaha, heavenly cosmic evil Lord, you're being too cautious. Ye Chen hasn't appeared for a hundred years, which means that he might have already died in unknown place."

"This person is extremely talented and has extraordinary luck. If he escaped back then, there would be endless trouble in the future!"

"Hmph, heavenly cosmic Demon Lord, you've placed too much importance on this person. Now that the ninth RiverSource Lord is building an evil spirit base, and the three riversources are about to descend, even if this kid isn't dead, what can he do?"

"Don't quarrel!"

At this moment, the ninth RiverSource's eyes turned cold, and the two of them could only shut up.

"Boom boom boom!"

Right at this moment, the wind and clouds in the nine Heavens suddenly rose, and the sound of thunder suppressed the world!

The majestic Buddha energy came, causing the three experts to tremble slightly.

"What's the situation?" The ninth RiverSource bellowed in rage.

In the past hundred years, no one had ever caused such a huge commotion in their territory. No matter who it was, they had to kill them!

"Whoosh, whoosh, Whoosh!"

The three of them flew up into the sky.

And above the nine Heavens, the Lotus boat came down mightily, surrounded by Buddhist Qi and Buddhist light, warding off evil spirits!

"The ninth RiverSource, heavenly cosmic evil Lord, exalt Xie, how have you been?"

"You're ... Ye Chen!"

At this time, ye Chen's temperament was even more arrogant. The spontaneous pressure on his body was even stronger. The might of the heavenly Emperor could not be shaken.

Sensing the unusual energy in ye Chen's body, heavenly cosmic evil Lord and evil supremacy were shocked. They did not expect ye Chen to reappear in the spirit realm a hundred years later and even come to them of his own accord. His actions were too arrogant.

The ninth RiverSource was an existence comparable to a golden immortal. In the spiriters' realm, no one could go up against him so arrogantly. This was the greatest reliance of heavenly cosmic evil Lord and evil supremacy. However, the powerful might on ye Chen's body and the many divine lights that shrouded him gave them a mysterious and impermanent feeling. In the past, ye Chen was still a true immortal but he had left right under the nose of the ninth RiverSource. Now, he had returned. If he did not have absolute confidence, would he come?

They knew that ye Chen was not a fool. What did his arrival mean?

"Ye Chen, you're overestimating yourself by challenging us evil spirits. No matter what kind of opportunities you've obtained in the past hundred years, you're no match for the Lord ninth RiverSource. If you surrender now, you might be able to keep your life!"

Lord Xie was the first to jump out and yell at ye Chen.

,m "Impudent!"

"You're courting death!" Old ancestor yellow spring roared, his eyes blazing with fire.

In the hundred years that ye Chen had been gone, old ancestor yellow spring and the other powerhouses had used the mental cultivation method that ye Chen had left behind to cultivate the heavenly way imprint to the sixth level. Even old ancestor yellow spring, Wushuang, and netherworld old ancestor had broken through their own limits and attained the profound immortal realm. They were no longer the weaklings they used to be. If not for the existence of the ninth RiverSource, they would have long wanted to counterattack the three thousand feet yellow spring.

"Old ancestor yellow spring!"

Evil supremacy was furious. He didn't expect that even a remnant like old ancestor yellow spring would dare to talk to him like that. This made him lose face.

"So, do you think the old ancestor will be afraid of you? We've already cultivated a level six heavenly Dao with the help of the emperor's heart technique. Why don't you come and try?"

"You, are you looking for death!"

Lord evil attacked old ancestor yellow spring in anger.

Ye Chen nodded at the great ancestor and flew out. The netherworld sword Qi bloomed like a lotus flower and instantly locked onto the surroundings. Before him was the netherworld sword realm that had been baptized by the sixth level heavenly path.

The Lotus flowers bloomed on the road to the netherworld, and the light of Buddha shone on the world.

Old ancestor yellow spring waved his long sword, and his immortal energy burst forth. Endless sword Qi trapped evil supremacy like a school of piranhas, making him unable to use any divine arts.

Although Lord evil had also entered the Tier 6 heavenly Dao Buddha Pond, based on his talent and comprehension ability, it was impossible for him to comprehend the true meaning within. Even if he had a deep foundation, he wasn't the old ancestor's match.

"Rank 6 heaven's path enshrouding River of the netherworld sword Qi!"

"Whoosh, whoosh, Whoosh!"

The endless sword Qi turned into life-seeking ghosts that devoured Lord Xie's body and soul.

"No, no!"

Evil supremacy didn't expect old ancestor yellow spring's strength to improve so quickly. It had long surpassed his imagination. He thought he could establish his might by killing old ancestor yellow spring, but now, not only did he fail to do what he had done, but he was also in danger.

Upon seeing this, the evil spirit Army fell into chaos. Their Lord Xie could not even defeat old ancestor netherworld. How strong was ye chen now?

Under such a contrast, the morale of the evil spirit Army wavered, and the ninth RiverSource instantly realized this.

"Silence!"

With a cold shout, the Chi around his body flowed in all directions. The vast evil energy covered the world. The pressure caused by ye chen instantly dissipated. The mental pressure of the ninth source descended on the evil spirit Army.

As a result, the entire evil spirit Army bowed to the ninth source and did not dare to move.

Ye chen did not care about this. He just looked at the battlefield. At this moment, it was the time for the final battle between old ancestor yellow spring and Lord evil.

"Forefather, we have faith in you!"

"Old ancestor, kill him!"

"This is the first battle after the great emperor's return. Old ancestor, show me what you've got!"

The experts of the Zhan residence all shouted out, cheering for the old ancestor, hoping that he would quickly end this battle.

Old ancestor yellow spring's fighting spirit rose when he heard the shouts of the experts. He also realized that the outcome of this battle was related to the dignity of the great emperor. He couldn't lose.

"Old ancestor yellow spring, you've rebelled! I'll let you die without a burial place!"

"Hahaha, evil supremacy, I'll let you understand that your talent is simply trash. Go to hell!"

Old ancestor yellow spring's heart bloomed. It was the heaven Dao heart technique left behind by the heavenly Emperor. In the blink of an eye, the power of the yellow Springs Sword World pressed down, causing the domain of the divine ability to fall into a state of destruction.

"Impossible!"

Seeing that his blood insect domain was suppressed by the netherworld sword realm and couldn't be used, he didn't know that the person in front of him was far from being his opponent before. It didn't make sense that he had such power now, but it was the truth.

"Yellow Springs Sword Art, misty soul-locking sword!"

Just as evil supremacy was hesitating, the old ancestor made his move in anger. He used his ultimate killing move. The sword of life-demanding carried a level 6 heavenly Dao and combined with the spiritual accumulation heart technique, locking onto evil supremacy instantly.

"Ah?"

All the experts were shocked, and the evil spirit was intimidated.

"Lord Xie!"

Heavenly cosmic evil Lord shouted. However, with 10000 of them, evil Paragon Lord couldn't resist the power of the netherworld sword. His body instantly exploded, and he was left with no other choice but to die!

Boom, boom, boom!

Then, the evil spirits exploded, and the entire place turned silent.

The old ancestor stood alone in the sky, his sword Qi threatening.

The evil spirits were shocked. Such power was enough to intimidate them.

"Damn it!"

The heavenly cosmic evil Lord wanted to launch a sneak attack on the great ancestor but ye Chen's cold gaze caused the heavenly cosmic evil Lord to feel as if his body had frozen. He could not move at all.

The evil spirits were completely shocked by what they saw. They had never thought that old ancestor yellow spring would kill Lord evil supremacy before the ninth RiverSource. They couldn't accept such a result.

"Hahaha, ye chen, it seems like you've helped your subordinates a lot!"

The ninth RiverSource finally spoke, sneering at ye chen. It seemed that Lord evil's death had no effect on him.

After all, as a source-level dark spirit, their status was on a completely different level from these ruler-level dark spirits. They were the most primitive existences among the dark spirits, and all the dark generals had to listen to their commands. In their eyes, these dark generals were no different from ordinary dark spirits.

"Ninth RiverSource, immediately bring your men and get out of the yellow Springs battle Manor. This is your only chance to live!"

Ye Chen's voice was low. His body emitted a powerful light of heavenly Dao. All the evil spirit energy, including the energy emitted by the ninth source, was destroyed.

Ye chen did not give the ninth RiverSource any room to turn things around. This was the heavenly Emperor's order.

"Hahaha, you're so bold, ye chen! However, have you ever thought that in this world, only I, evil spirit, can infect other places? nothing can make evil spirit leave!"

"Is that so?"
