

Genius 2281

[Chapter 2281 The Holy Light Of Divine Retribution!](#)

Just as the demonic Army was in a desperate situation, there was a loud bang in the sky. Then, a huge army of evil spirits descended.

"Hahaha, ye chen, you didn't expect this, did you?"

The person standing in front of him was the eighth Fountainhead of evil spirits. He had been suppressed by ye chen last time. This time, he wanted to regain his face. On the mothership at the back were the sixth, seventh, and ninth RiverSource. The four RiverSource had taken the initiative to counterattack, which showed that the evil spirits' aggressive nature was still strong.

Their goal was the entire spirit realm. Now, the biggest enemy in their way was naturally ye Chen's six realm Alliance.

"Your Majesty, what should we do now that the evil spirits have come out in full force?" Old ancestor yellow spring asked.

Ye chen looked at the scene before him. It was not a problem to deal with the explosive Demon Lord with the formation he had designed, but it was impossible to deal with the four origins.

Seeing the evil spirit's arrival, explosive Demon Lord suddenly stood up. He saw a glimmer of hope.

He faced the ground and said, "I'm the son of demon master bi 'an. My father once worked with the evil spirit to deal with ye chen. Now, the magic martial world hopes to attack the six realm alliance with a few Lord RiverSource. We don't need any land. We only need ye Chen's death!"

"Oh? The son of demon master bi an?"

The ninth RiverSource stepped forward and looked at explosive Demon Lord with great interest. Then, he nodded slightly at the sixth and seventh RiverSource behind him.

"Ha, since you're the son of an old friend in the magic martial arts world, we'll agree to your request!"

"Many thanks, Lord Yuanyuan!"

The explosive Demon Lord turned around and sneered at ye chen as if mocking him. Now, he had reaped what he sowed.

"Hahaha, I didn't expect that the independent demon master Yingluo's son would acknowledge a thief as his father. What a joke!"

"Ye chen, don't talk nonsense. I'm going to kill you!"

In order to ease the awkward atmosphere, the explosive Demon Lord flew up and attacked ye chen.

"Zi Zi Zi!"

However, before he could make a move, the ground under his feet suddenly lit up. It was the formation that had been activated again. The eight gates divine disc locked on to explosive Demon King. At the

moment the formation turned, countless chains rushed out from the ground. They were the Buddha Eye shackles.

"Momo, Momo, Momo ..."

The Buddha Emperor's Secret incantation was activated. The Buddha Eye shackles instantly bound the explosive Demon Lord. Then, the Golden words of Buddha's voice floated and flickered around him. The explosive Demon Lord felt powerless all over, as if he had lost all his power. This phenomenon made his heart tremble. He was the leader of the entire demon Army. In such a situation, he was completely suppressed by ye chen. How embarrassing was this?

"Hahaha!"

The eighth RiverSource laughed out loud, causing explosive Demon Lord to feel ashamed and angry.

"The explosive Demon Lord was captured by ye chen so easily. It's really an eye-opener for me!"

"This"!

Although explosive demon monarch was furious, he did not dare to curse the eighth source directly. This concerned the safety of hundreds of thousands of red demon soldiers.

"Your Excellency Demon King!"

The red demon race Warriors were very worried about the explosive Demon King and wanted to attack. However, the explosive Demon King knew very well that once they attacked, they would only be trapped by ye Chen's Buddha Eye shackles at the same time. It would be useless.

"Don't move!" He shouted at the red fiend Army.

"Yes!" The experts retreated, not daring to move.

Explosive Demon King tried to break out of the encirclement several times but failed. In the shackles of the Buddha's eye, his demonic energy was naturally edified and had no effect at all. The Buddha Emperor's demon-dispelling formation was so powerful that even the extraterrestrial demons could not resist it.

"Lord RiverSource, this demonic monarch is your ally. Why aren't you saving me?"

"Ha, there's no problem in saving you. As long as you declare your allegiance to my darkspirit world, you, and your Army in the future, will all be saved!" The eighth RiverSource said.

"What?"

Explosive Demon Lord's eyes widened, and his face twisted. He did not expect the eighth source to be so vicious, directly asking him to pledge his loyalty. If he did such an action, how could he have the face to be independent in the magic martial arts world? it would be a fate worse than death!

However, if they did not follow the eighth source's instructions, the entire red fiend Army might die Here. What should they do?

His emotions were in turmoil. Explosive demon monarch was in great pain, and the red demon Army was in the same state!

As he watched the eighth RiverSource and the red demon clan fight, ye chen quickly used his mental cultivation method to strengthen the array formation within the heavenly Dao peak. Then, he opened the passage to the underworld. He wanted to move all the troops of the yellow Springs battle Manor into the underworld. After all, this place was too small and too easy to become the target of the four RiverSource.

"Emperor Yu, immediately retreat to the netherworld with the beast King and the Army!"

"Yes!"

Feather Emperor contacted the beast King and led the Army of the netherworld to rush toward the netherworld.

"Explosive demon monarch, I don't have that much patience!"

The eighth source sensed the movements of ye Chen's Army and quickly strengthened its tone as it shouted at the explosive Demon Lord.

"I agree. I, explosive Demon King, swear allegiance to the eighth RiverSource!"

"Hahaha!"

The army of evil spirits laughed wildly. They did not expect the demon Lord to be loyal to the evil spirits. In an instant, countless mocking and contemptuous gazes were directed at the demon Lord and the red demon Army. Such an action caused them to suffer a great deal of trauma and they lowered their heads. However, they knew that the explosive Demon Lord was only doing this to save their lives.

"Hehehe, ye chen, what's the situation now? even the demon Lord of the magic martial world knelt before me, the evil spirit. What are you waiting for? submit to the evil spirit like him, and you might even get a good job under the RiverSource!"

"The eighth RiverSource, a defeated opponent, and you dare to speak so valiantly? I've seen such a shameless person before!"

Upon hearing this, the eighth RiverSource and the explosive Demon Lord were both furious. They looked at ye chen coldly.

"Kill!"

The eighth RiverSource fist blasted out with the power of the RiverSource. Its target was not ye chen but the location of the rupture Demon Lord.

"Boom boom boom!"

The power of the source surged rapidly and poured into the formation. Then, cracks appeared on the Buddha Eye shackle. The explosive Demon King inside also began to activate the red demon power continuously, trying to break free. The entire Buddha Eye shackle formation was greatly impacted by the pincer attack.

Ye chen knew that this formation could not be maintained for long and he did not want to delay any longer.

"Let's destroy them together, idiots!"

"What?"

All of a sudden, the four RiverSource were shocked. They felt a great power erupting. They all looked down and heard a huge explosion. Then, the Buddha Emperor Saint tablet rose slowly. All the energy in the surrounding space gathered toward the Saint tablet. Then, it turned into a huge ball of light and attacked the surrounding space indiscriminately.

At this moment, ye chen and the other powerhouses had already flown the Golden Lotus mothership to the top of the heavenly blade edge. The vast power of heavenly Dao protected them from the impact of the Buddha Emperor sacred tablet.

Boom, boom, boom!

The entire area exploded with shock. The Buddha Emperor's might shook the entire universe!

Hundreds of thousands of the magic martial world Army and the evil spirit Army were completely destroyed. In an instant, blood flowed like a river, and screams of pain continued. It was like the wrath of heaven, and it was inevitable!

[Chapter 2282 A Life And Death Duel!](#)

"Ye chen, you!"

The eighth Fountainhead was instantly enraged. It returned to its six-armed form and instantly broke the shackles of the Buddha's eye. At the same time, the explosive Demon King broke free from the shackles.

"Damn it!"

Explosive Demon Lord's anger soared to the sky. He was furious. He unleashed all his power and charged at ye chen.

"Explosive thousand-hand bomb!"

Behind the demonic monarch, a huge demonic weapon appeared. It was in the shape of a wheel with ten tubes on it. It was circulating Supreme demonic energy. All the tubes spewed out demonic pills, bombarding the area within a thousand miles.

Boom, boom, boom!

All the explosive thousand-hand bullets were aimed at ye chen. This level of power was enough to kill a heaven immortal in seconds.

"Great emperor!"

Behind them, old ancestor yellow spring and the others looked worried but ye chen signaled them not to come over as if this trick was useless against him.

"Explosive demon monarch, I'll let you understand the gap between you and me!"

Facing the explosive thousand-handed bomb, ye Chen's figure floated in front of the Golden Lotus mothership with his hands behind his back. He was actually piloting the ship as if he was going to take the attack head-on. This was not just a head-on attack. He had no means of defense at all.

"He's courting death! The demonic monarch's explosive thousand-hand bomb can instantly kill a human heaven immortal!"

"He wants to rely on his body to resist the demon Lord's thousand-hand bomb. This person is crazy!"

"Hahaha, let ye chen die Here. This is the demon Lord's revenge for the hundreds of thousands of red demon Warriors!"

Countless red demon clan warriors roared. They were waiting for ye Chen's body to explode and die. They were waiting for ye Chen's blood to spray across the nine Heavens as a sacrifice for the heroic souls of their dead Warriors.

But how could they know that the might of a Celestial Emperor could not be blasphemed!

"Nine Dragons true Qi protective wind!"

"Roar!"

A Dragon's Roar was heard, and the nine Dragons roared in unison. Suddenly, the nine Dragons circled around ye chen, protecting him. On ye Chen's body, the night Demon Armor took form and devoured many divine weapons. The night Demon Armor had already ascended and activated its deep functions.

"Night Demon Armor, how do you feel?"

"Master, let me teach these idiots a lesson this time!"

"Alright!"

Ye Chen's eyes narrowed as he looked ahead. He did not have any defensive measures. He was only relying on the night Demon Armor and the nine Dragons 'Qi for defense. Perhaps this was not just defense.

A new heavenly Dao inscription appeared on the night Demon Armor. It was formed by the one hundred and eight heavenly Dao imprints. Ye chen wanted to give the red demon clan a surprise.

Boom, boom, boom!

Countless thousand-hand bullets broke through any defense and madly attacked ye Chen's body.

"Roar!"

At this moment, the night Demon Armor roared like a prehistoric beast. Then, the night Demon Armor revealed its huge figure and all the thousand-hand bullets hit the shadow of the night Demon Armor.

"W-what's that?" The red demon race was shocked because they saw countless wriggling dark matter on the night Demon Armor. The thousand-handed bomb had all fallen into the dark matter and did not even have the chance to explode. It was the evolution of the darkness pool.

The dark matter kept squirming, and countless thousand-hand bullets were embedded in it. Then, a huge demonic shadow like Xing Tian appeared on the night Demon Armor.

"Hahahaha, are you all ready now?"

"Prepare what?" Explosive Demon Lord asked.

"Prepare to die!"

"Ah?"

Under the shocked gazes of the powerhouses of the magic martial arts world, the dark matter surged rapidly. Then, the Qi of the nine Dragons was all infused into the dark matter, as if charging the dark matter once again.

"Zi Zi Zi!"

As the energy of the nine Dragons was fully charged, the elasticity of the dark matter reached an extreme state. It turned into the shape of a slingshot, and on top of these slingshot was the explosive thousand-hand bomb.

"Ah?"

Now, the red hair tribe Army completely understood that ye chen had used the "other's way" technique. The explosive thousand-handed spell was powerful. Now, the destructive power was completely used on them.

"No!"

Explosive demon monarch let out a roar of despair. Could it be that the red demon Army was going to be destroyed by his own ultimate technique?

"Whoosh, whoosh, Whoosh!"

In the blink of an eye, the bulge exploded. The dark slingshots were all activated. Countless explosive thousand-hand bullets were all reflected towards the red fiend Army. The speed was so fast that no one could escape the bombardment of the thousand-hand bullets in front of them.

Boom, boom, boom!

In the blink of an eye, countless explosions occurred. Flesh and blood flew everywhere, and mystic energy wreaked havoc. It was precisely the red fiend Army that had less than 10% of its members left!

Crack, crack, crack!

Blood splattered everywhere, bones shattered, and corpses piled up like mountains!

Explosive Demon King was like a madman. He kept shouting and cursing as he flew towards the red demon race. He still didn't care about the explosive thousand-handed bomb. He only wanted to stay with his Warriors.

But it was useless, his soldiers had already fallen.

"Demon Lord ..."

A powerhouse from the magic martial world was just about to extend his hand when he was blown to pieces by the thousand-handed bomb!

"Ah!"

Explosive fiend monarch carriage had gone crazy. This way, it was equivalent to him personally annihilating the red Fiend Race Army.

"Explosive demon monarch, evil spirit Gu shun, you're targeting me. Do you know that there's no chance of survival under the wrath of heaven?"

Ye chen said coldly.

Explosive Demon Lord did not even have the courage to attack ye chen because what he saw was his own "vicious hands." What right did he have to face ye chen?

"Trash!"

Seeing the explosive Demon Lord's negative attitude, the eighth source shouted angrily. Then, it looked coldly at ye chen. The counterattack of the thousand-hand bomb this time had also caused the evil spirits to suffer heavy losses.

"Ye chen, why aren't you running? how confident are you?" The eighth RiverSource asked.

"Hahaha, I don't need any confidence. On the other hand, you're prepared to die when you're up Against Me!"

"You're too arrogant! Everyone, don't come forward, or else don't blame this source for turning hostile!"

The dignity of the eighth RiverSource martial Dao had been challenged to the extreme. He no longer hesitated and stepped forward to announce this to the crowd. Everyone knew his personality and retreated, not daring to come forward.

"Now, ye chen, do you dare to stay and fight to the death with me?"

"Eighth RiverSource, you will regret your choice!"

"Cut the crap, do you dare?" If the eighth source knew that ye chen wanted to leave, no one would be able to stop him. No one wanted to engage in a real bloody battle with ye chen here at the base of the tower.

"Why wouldn't I?"

Ye chen quickly sent out a message, asking old ancestor yellow spring to retreat to the underworld with everyone under him.

Old ancestor yellow spring and the others wanted to stay and help ye chen, but ye Chen's order was firm, so they had to leave.

The Golden Lotus mothership was powerful and disappeared in the blink of an eye. The evil spirit Army did not make a move because the eighth source was too powerful. If anyone made a move, they would be making an enemy out of the eighth source. This was a result that they could not afford to bear.

"Very good, you're still a man. However, I'll let you see my true strength. In the previous battle, I only used 30% of my strength!"

"Oh, really? Eighth RiverSource, before you close your eyes, I hope you'll let me have as much fun as I want!"

[Chapter 2283 Ancient Demonic Ape Vs Mutated Force!](#)

The eighth source had gambled everything on this battle, vowing to prove its dignity as a source-level entity.

The sixth, seventh, and ninth RiverSource all stepped forward with serious expressions. No matter who their opponent was, to be treated like this by the eighth RiverSource meant that they couldn't underestimate them. They had to give them face, or it would be blasphemy.

The army of evil spirits pressed forward and began to cheer for the eighth Fountainhead with great momentum.

At this moment, the eighth RiverSource was emitting a terrifying evil energy. A huge evil shadow loomed behind him, stirring up the wind and clouds. In the surrounding space, the earth was shaking, the rivers were flowing backwards, the ocean was roaring, and the beasts were running wild.

Crack, crack, crack!

Suddenly, spikes grew out of the eighth RiverSource's body. They were as hard as steel and emitted an evil light. His body was as large as a mountain. This was the mutation of the RiverSource!

"Hahaha, old eighth's source has changed. It seems that he's really taking ye chen seriously this time."

"That's right. The power of the source of the mutation can increase one's strength by a hundred times. Ye chen is no match for old eighth!"

"The difference in cultivation base has become an insurmountable chasm under the blessing of the source of the mutation. This is the reason why ye chen is bound to lose!"

The three great RiverSource all evaluated the eighth RiverSource's current strength. It was clear that it had far surpassed ye chen. At this point, explosive Demon Lord's heart was even more sorrowful. As expected, his strength was at a disadvantage compared to ye chen's. In front of the evil energy head, he was not even worth mentioning.

The same situation happened in the mcmau Legion. Many powerhouses and Warriors lowered their heads and sighed. They had no status here and were not even as good as ye chen. At least, ye chen could be treated seriously by the eighth RiverSource and release the power of the source's mutation. As for them, they could only kneel on the ground and wait for the other RiverSource to deal with them.

"Phew ..."

Faced with the source-changing power released by the eighth source, ye chen heaved a long sigh of relief. Streams of air swirled around his body and ancient divine power filled his eight extraordinary meridians. At the same time, ye Chen's physical strength soared.

"Hahaha!"

At that moment, the eighth source laughed and charged toward ye chen.

Thump, thump, thump!

With every step he took, the earth trembled violently, and countless cracks appeared on the path he took. Then, rocks shattered, and energy poured out. The might of the impact was unparalleled.

"Mutated charging fist, bone splitting!"

"Boom boom boom!"

A Grand fist radiance appeared in front of him. It was like a black heavenly pillar, a Dark Dragon, and the water of the entire ocean rushing toward him. In fact, it was unstoppable. Such a terrifying power would make even a celestial being's legs go soft!

"Dragon Qi Shield, nine accumulation shield!"

p "Phew, phew, phew!"

Suddenly, ye chen raised his arms high. The nine Dragons roared in unison and converged. Above his head, the Coiling Dragon Qi Shield appeared. With the nine accumulations 'blessing, ye Chen's cultivation base was eighty-one times stronger. He went all out.

"Zi Zi Zi!"

The Dragon Qi Shield instantly formed, and the huge Spiral Dragon collided with the mutated fist.

At that moment, the dark light shot out in all directions. At that moment, there was only the light of explosion between heaven and earth. No one could see who had gained the upper hand. All the experts retreated unconsciously. Their protective energy shields were shattered one after another as if the world was re-created and the sun and moon were reunited.

Boom, boom, boom!

Following that, the land within a hundred-mile radius was shattered. Countless dark energy Warriors and magic warrior Si Yu were struck by this attack.

"Ah!"

The pained howls continued, and soon after, the three sources released their power, bringing the evil spirit Army back three hundred miles.

At the sight of this, explosive demon monarch flew up and released his ultimate power. The massive mothership began to operate under his propulsion, bringing the remaining red fiend Army away.

In the face of danger, the evil spirits had decisively abandoned Hong mo, which made explosive Demon Lord resentful. Cooperating with them was indeed seeking death.

However, he had no choice but to wait for the support of the magic martial arts world.

In the center of the battlefield, the scene of the battle finally reappeared. What everyone saw was two huge figures in a stalemate. On one side was the mutated six-armed body of the eighth RiverSource, while the other side was an equally huge ancient demon ape.

"Roar!"

The demonic ape let out a deafening roar, and the astral winds around its body began to spin rapidly, transforming into cutting blades that cut at the eighth source's body. Crack, crack, crack! Soon, the thorns on the eighth Yuanyuan's body could no longer resist the cutting wind and fell off one by one.

"You!"

The eighth RiverSource was furious. The spikes on its body grew again and again. Then, all the spikes glowed with evil light. At this moment, the evil light gathered and turned into a killing skill that rushed toward the ancient ape demon.

"You're dead!"

The eighth RiverSource used all six arms to control the ancient demon ape, which was like tying it to the ground, making it unable to escape. The evil annihilation energy gradually took shape and became a sure-kill skill.

"You're underestimating me!"

The ancient ape demon growled in a deep voice. Then, it opened its mouth and roared like a Heavenly Dragon.

"Heavenly Dragon roar!"

"Roar!"

From the mouth of the ancient demon ape, there was an extremely powerful energy wave. In the ancient God Space, the various powers that were absorbed previously finally erupted.

Boom, boom, boom!

Wherever the heavenly Dragon's Roar passed, a series of explosive rings were left behind. Then, all the annihilation evil light was shattered by the heavenly Dragon's Roar and disappeared.

"What?"

This was the first time the eighth RiverSource had been so shocked. Its killing blow had been blocked by ye chen. Just how powerful was the person before it? He was still fighting with the standard of a celestial immortal, but he was still unable to kill ye chen. Could this person's strength be above a celestial immortal?

"Very good, very good, hahaha!" Suddenly, the eighth RiverSource burst into laughter. All the energy in its body began to gather toward its huge mouth. If it used the same move to fight ye chen, it would use its powerful Foundation to completely crush ye chen.

"Zi Zi Zi!" Countless energies gathered and formed a ball of evil energy in the mouth of the eighth Fountainhead. In the center of the ball of energy, destructive evil energy lightning appeared and grew wildly. At a glance, it was as if one had fallen into an abyss that one could not escape from.

Such a violent convergence of power still did not require any divine abilities or secret techniques to support it. This was the true strength of an expert. Nothing was better than something.

"Hahaha, ye Chen's dead for sure this time. He's been locked down by The Power of Six arms and has no room to escape. If it's a battle of foundations, old eighth will definitely not lose!" The seventh RiverSource was very confident.

"Hehehe, this time, ye Chen is going to be toyed to death by the eighth source!" The ninth RiverSource said with a cold smile, waiting for a good show.

On the other hand, explosive Demon King's emotions were complicated. He had wanted to defeat ye Chen head-on but now, ye Chen was about to be killed by the eighth RiverSource. The result was the same but the meaning was completely different!

[Chapter 2284 Crushing Of Laws!](#)

Ye Chen sneered at the eighth RiverSource's ultimate method of fighting against its Foundation. The demon ape's sharp teeth chattered like white stars in the night sky. Then, the corners of its mouth curled up slightly and a bloody light shone in its eyes. It also began to gather power in its mouth.

"Eh? You're not running?" The eighth source transmitted its voice to ye Chen through dark energy.

"Hehehe, you want to compete with me in terms of Foundation? I'll grant you your wish and let you die in peace!"

The demonic ape laughed coldly. Its deep voice, coupled with a strange smile, made the eighth Yuanyuan's heart tremble. He wondered what bargaining chip ye Chen had that could compete with him in terms of Foundation. He was an origin-level evil spirit powerhouse. Compared to the human race, he was comparable to a half-step golden immortal. On the other hand, ye Chen was just a mere abstruse immortal. No matter what, ye Chen could not win him in terms of Foundation. Competing in Foundation was courting death!

However, where did the absolute confidence on ye Chen's face come from? So what if he had divine power? In a situation where the difference in cultivation was so great, any kind of power was nothing!

"Ye Chen, don't try to bluff. Since you want to die, I'll fulfill your wish!"

In front of the evil spirits and the magic martial world Army, the eighth RiverSource knew that it could not hesitate any longer, or it would lose face as a RiverSource.

"Eighth brother, kill this man!"

"Lord eighth RiverSource, kill!"

Countless evil spirit powerhouses and Warriors began to shout. They wanted to see ye Chen completely crushed before everyone's eyes. This was the dignity that evil spirits should have.

Explosive Demon Lord's eyes were cold. Although he did not want this credit to go to the eighth source, now that things had come to this, he still hoped to see ye chen die in front of him. This way, he could use the mental victory method to avenge his father.

He was utterly disappointed in his own performance. He had lost his dignity in this battle. All he wanted was ye Chen's death and nothing else.

"Ah!"

The eighth RiverSource roared in anger as all the energy in its body gathered in its mouth. At this moment, its mouth was like a volcano that could not be contained.

"Roar!"

The ancient demon apes burst forth at the same time. Under the connection of the ancient God Space, endless power gathered in the mouth of the giant ape, like endless waves that could not be stopped.

The power of both sides began to erupt. This was a battle of life and death that could not be reversed.

Far above the Golden Lotus mothership, old ancestor yellow spring, ye Wushuang, netherworld ancestor, and the others were all worried about ye Chen's situation. They sensed ye Chen's situation through the heavenly Dao Pagoda on the Golden Lotus mothership. At this moment, the heavenly Dao Pagoda was glowing brightly. It could be seen that ye Chen's battle had reached a critical juncture. Everyone knew that ye chen was serious.

"The great emperor has unleashed such a powerful force. It's clear that this battle will be a battle of life and death!"

"This!"

,m All the powerhouses sank into a heavy mood. After all, the four RiverSource had descended at the same time. Even for ye chen, this situation was extremely disadvantageous. At first, all the powerhouses thought that as long as they left the evil spirit abyss, it would be natural for ye chen to leave with his strength. However, the information given by the heavenly Dao Pagoda was clearly wrong.

On the battlefield, the ancient demon ape was the source of the change. Both sides began to gather power infinitely. This was a life-and-death battle that no one would limit.

"The source of the strange and violent torrent, kill!"

The eighth RiverSource finally made the first move. Endless torrents of evil energy flooded over. No matter what was in front of it, it had to destroy and destroy it.

"Heavenly Dragon's eight notes and the eight notes of the Buddhist monk converge!"

"Boom boom boom!"

On ye Chen's side, infinite energy gathered the heavenly Dragon's eight notes and was released at the same time. The heaven and earth resonated, and the sun and moon were unparalleled.

"Zi Zi Zi!"

The power of both sides instantly collided. At this moment, a huge ball of light appeared in the center of their collision. It was the core of the energy explosion. The powers of the two sides were constantly nullifying each other, attacking each other, and exploding each other.

The surrounding ground was suspended in the air, and rocks were flying. The surrounding space had entered a state of weightlessness.

"Ah?"

The powerhouses were shocked. They had thought that ye chen was dead for sure. They wanted to see him crushed into pieces with his flesh and blood flying everywhere. However, what they saw was an even match. Who could accept this?

Moreover, the power of both sides had already exceeded their imagination. No one could enter their battle range to watch, or they would definitely be crushed to pieces!

"How can ye chen be so powerful?"

Even the ninth RiverSource was stunned. When he had fought with ye chen before, he had not felt that ye Chen's strength had reached this level. Now, he could actually hold his ground against the eighth RiverSource. This was completely unreasonable.

The other powerhouses and Warriors were even more shocked. They did not care about the situation before them. Although they knew that ye chen was powerful, their cultivation base and perception could not support them to understand how powerful ye chen was.

"This, this!"

Explosive Demon Lord's eyes widened like a child struck by lightning. He was stunned. He only now understood that there was a world of difference between his strength and ye chen 's. If it was not for the appearance of the evil spirit Army, he would have died without a doubt once ye chen got serious.

"He's too, too strong. He's much more powerful than father said!"

He could not help but cry out. The magic martial world's Army behind him was even more frightened. They all thought that if ye chen wanted to, he could use such an attack to wipe out their entire Army in one blow.

In the center of the battlefield, the forces of both sides were still clashing. This was a battle of Foundation. Neither side would Dodge, and they couldn't even Dodge, because they were entangled together. This was a battle of life and death. No one could get close, or they would be impacted by the power of both sides.

"Zi Zi Zi!"

The infinite energy was being depleted. This kind of Foundation battle was the limit of the consumption of a cultivator!

"Ah!" The eighth RiverSource released an even stronger force in an attempt to suppress ye chen. However, it was overthinking things. The ancient demon ape burst out at the same time and the power within the ancient God Space quickly assisted, preventing ye chen from falling behind.

An ordinary abstruse immortal would be reduced to dust in the blink of an eye when fighting against an eighth RiverSource. However, ye chen was not at a disadvantage for a moment. Both sides had unleashed an unknown amount of power that could destroy a star of a lower plane!

"The power of change is enough to destroy the entire world!"

Boom, boom, boom!

The eighth RiverSource was furious. How could he stand among the evil spirits when he couldn't take down the enemy in front of him?

Its power was increased by dozens of times, and it was going to crush the person in front of it instantly!

"The God of nine thunders looks down on the heavenly law judgement!"

Zila, Zila, Zila!

Suddenly, the Dragon Spear appeared behind the ancient ape demon, and the nine Dharma images of the Thunder God appeared.

With the support of the heavenly Thunder, the extra energy released by the eighth fountain was instantly destroyed by the divine Thunder judgment.

"Ah?"

The ninth RiverSource trembled in fear. It knew very well how powerful ye Chen's attack was. This was the crushing of laws!

[Chapter 2285 The Reversal Of The Three-Star Ancient God Suan Ni And The Eight Trigrams!](#)

Zila, Zila, Zila!

Under the crushing pressure of the laws, the eighth eruptive source's great destructive apocalypse was completely suppressed. This meant that ye chen had used the smallest price to suppress the eighth erupting source's extermination operation. This had a great impact on the situation of both sides.

"This"!

Even the eighth RiverSource was panicking. He had expended a great deal of power in this one attack, but he had been crushed by the nomological laws. His confidence was wavering.

"Kill!"

However, he knew that he couldn't show any weakness on the surface, or the situation would only get worse.

"Hmph, eighth RiverSource, what were you trying to hide before?" The monster ape sneered and mocked the eighth RiverSource.

"Bastard, you're thinking too much!"

"Oh, really? If that's the case, then the Supreme eighth RiverSource, why don't you come and kill me!"

"You, are you looking for death!"

The eighth source was provoked by ye chen and was even more furious.

This situation made the other three RiverSource anxious. The situation was still changing in the hidden game. Ordinary people could not see it and thought that the eighth RiverSource was still powerful. However, these super powerhouses could see that ye chen had the upper hand.

"I'll add fuel to the fire!"

"What?"

While the eighth RiverSource was still in shock, ye Chen's Dragon Spear suddenly spun continuously on his back. It was the heavenly Dao's judgment of the nine divine whirlpools Thunder.

Zila, Zila, Zila!

The divine lightning turned into sharp blades, constantly spinning and rushing over.

Buzz, buzz, buzz!"

At the moment of contact, the impact light ball at the core began to change. The light ball could not stop the nine whirlpools from approaching, and the nine whirlpools naturally approached the eighth source through the impact light ball.

"This, this is impossible!"

The eighth fountain's eyes were wide open as it watched the nine divine lightning bolts, which were like the sharp blade of judgment, judging all his sins. Even the eighth fountain couldn't deal with such a sense of oppression and fear in an extremely tense situation.

The situation was reversed again. The crushing power of the nine divine thunders became the first nightmare of the eighth Fountainhead.

"Eighth brother, don't give up!" The seventh RiverSource shouted angrily.

"Hmm ..." The sixth-level Yuanyuan's eyes turned cold. He finally understood what kind of person ye chen was!

At the center of the battlefield, the eighth RiverSource was still in a passive state.

Zila, Zila, Zila!

The nine divine thunders continued to approach, and the powerful pressure caused the earth to collapse. Everyone's eyes flickered, and they couldn't even see what was happening.

Other than ye chen, no one else had expected such a situation.

"Eighth RiverSource, if this ends like this, you've disappointed me!"

Ye chen had pursued martial arts all his life. What he needed today was an even more powerful test so that the energy and divine abilities he had absorbed into the ancient God Space could reach a higher level. However, this was not enough for now. It was far from enough!

This was the path of martial Dao that the celestial Thearch had designed for him!

"Laughable!"

Suddenly, the eighth Yuanyuan's lips curled into a cold smile. Then, a series of dorsal fins automatically grew out of his back!

"Giggle!"

His laughter became extremely terrifying and could penetrate into people's hearts. It was the most terrifying feeling as if one's body had fallen into an icy hell. This was the first time ye chen had experienced such a situation.

"Hahahaha, awesome!"

"What?"

It had thought that it could intimidate ye chen, but the eighth source had seen an extremely excited ye chen. Just who was this kid in front of it? why was he so difficult to deal with and unfathomable?!

Everyone was shocked. They had all felt the horror coming from behind the eighth source. However, not only was ye chen not intimidated, but his will to fight had even increased.

Such a contrast was unbearable for everyone.

"This guy is a monster!"

"It's too terrifying. He can still have such an expression under such conditions. He's not human!"

Countless powerhouses knelt on the ground, unable to believe what they were seeing. Their world view had collapsed because while they were shocked by the eighth RiverSource, they were also shocked by ye Chen's reflected shock. Their minds began to split, and they could not resist!

"Hmph, ye chen, it's useless even if you're excited because now you're going to see the true power of the origin!"

The eighth RiverSource was indeed a Supreme powerhouse. He quickly calmed down from the influence of ye Chen's unusual behavior. This time, he wanted to end this battle once and for all. He wanted to let everyone know that an origin-level powerhouse would never lose, especially the explosive Demon Lord. He wanted to make him completely submit to the evil spirit's strength.

"Roar, roar, roar!"

On the evil spirit Army's side, countless soldiers had already begun to cheer and cheer. The momentum was so great that it intimidated the magic martial world Army.

The Warriors of the magic martial arts world felt their legs go weak. They had completely realized that neither ye chen nor the evil spirit were people they could afford to provoke. The so-called achievements of the explosive Demon Lord this time were a joke.

They all shook their heads and sank into low spirits.

On the battlefield, the dorsal fin of the eighth source was constantly flashing with an evil light. Then, a powerful energy gathered above it.

"Mutated power of the glorious thousand slaughter!"

"Zi Zi Zi!"

As the light gathered on the dorsal fin of the eighth source, ye chen immediately realized that the energy gathering this time was more than ten times stronger than the primordial destruction from before!

"He's indeed difficult to deal with!"

Ye Chen's eyes turned cold. The demon ape's hair stood on end and black-gold glass covered its body, forming the Supreme ancient Black Diamond!

"Roar!"

With a roar of the demonic ape, the Black Diamond appeared.

"Wrath of the Vajra!"

The ancient demon ape was strengthened by the source of darkness and suppressed by the mighty power of a thousand kills. It was evolving with the help of the Pangu divinity!

The shadow of Pangu appeared behind the black Diamond.

"Hahaha, the eighth RiverSource, I should really thank you!"

"What do you mean?"

The eighth RiverSource looked at everything in front of him and was confused. He had no idea what was going on but he could feel that the ancient demon ape had undergone a qualitative change. Even the divine power behind ye chen was the most terrifying.

"Three-star ancient God Suan ni Eight Trigrams reversal!"

"Zi Zi Zi!"

Above the head of the immemorial Black Diamond, the eight gates divine disc reappeared and released the image of the eight trigrams. The light of the eight trigrams shone on the demonic ape. Then, Black diamond's body trembled, and a vast power formed an Eight Trigrams wheel in front of him.

"Zi Zi Zi!"

The wheel continued to spin, and all the thousand kill light that hit the eight trigrams wheel was pushed back.

"Ah?"

The eighth RiverSource was completely dumbfounded. What it saw was like a legend!

"No!"

As he roared in fear, the power of a thousand kills was reflected back and hit the body of the eighth origin.

[Chapter 2286: -crushing the evil spiritss!](#)

“Boom, boom, boom!”

“The counterattacks of the power of a thousand kills struck the eighth RiverSource. These counterattacks did not simply return, but instead doubled in power. The eighth RiverSource was caught completely off guard, and it was unable to catch it. Its entire body exploded, and its meridians went against the flow. Its bones and tendons were all shattered.”

“”Ah!”” ”

The eighth originator’s body was like a sieve as it was completely crushed by ye chen.

“”Eighth brother!”” ”

“The seventh RiverSource looked at everything in disbelief, and its face turned pale with shock. The other dark energy powerhouses were the same. In their eyes, the invincible eighth RiverSource had actually been defeated by their own Divine Art. What was this?”

“”Zi Zi Zi!”” ”

The light of the eight trigrams returned to his ancient God Body. Ye chen stood alone in the void. His powerful posture completely awed all the powerhouses and dominated everything.

“What they saw in front of them was something that only a God could do. It made the evil spirit Army and the magic martial world Army submit to him. In front of the three-star ancient God, they were so weak, like ants. Their spirits were completely conquered by the three-star ancient God, and they knelt down one after another.”

“”Three-star ancient God, unparalleled in the world!”” ”

All the people who were kneeling shouted the same slogan and kowtowed continuously.

“”What?”” ”

This scene infuriated the seventh RiverSource.

“”Get up!”” ”

“A single roar shook 3000 people, and a powerful shockwave swept across the entire area.”

“The people who had been intimidated by the three-star ancient God had regained their consciousness. However, their legs were still weak and they could not stand on their own.”

“”Evil energy storm!”” ”

“The seventh fountain released a storm of dark power, clearing the entire area. All the dark energy Warriors, after being baptized by the storm, regained their original nature and stood up from the ground. However, the magic martial world Army still knelt on the ground, because the seventh fountain had no intention of helping them.”

“”This!”” ”

“Explosive Demon Lord’s heart trembled. He released his violent Pandora demon ability, hoping to help everyone. However, he realized that his Pandora demon ability was not very effective against ye Chen’s ancient God intimidation. It was still unable to help his Army break free from the ancient God intimidation. ”

““Ye chen!”” ”

The seventh Riverhead let out a heart-wrenching roar and a storm of dark energy rushed toward ye Chen’s body.

““Ha, such ability, you’re like a child!”” ”

“However, in the face of this evil energy storm that could destroy a celestial immortal, ye chen did not care at all. Under the pressure of the eighth source, he had already awakened as a three-star ancient God. Now, his might was like the sun in the sky. No matter who came, it would be the same. ”

““Ah!”” ”

“With ye Chen’s cold shout, the three-star ancient God reappeared. The evil energy storm that was charging at him was completely shattered. ”

““Eighth RiverSource, you’re asking for humiliation. You’d better think carefully and recognize your own shortcomings. Get out of the spiritual realm immediately, or I’ll make you all die Here!”” ”

“With that, ye chen turned around and left, free and at ease, not caring about the existence of the other three sources at all. ”

“The other three were extremely dissatisfied, but what could they do? ”

“The seventh RiverSource flew out and brought the eighth RiverSource back. However, the eighth RiverSource, which had been subjected to extreme prejudice, was now like a cripple. ”

““Uh ... Pfft!”” ”

“Blood spurted out of his mouth, all the meridians in his body were broken, and the evil energy went back. ”

““What do we do now?”” The seventh source looked at the sixth source. ”

““Well ... Eighth brother has lost the chance to recover. We can only stop him from suffering!”” The sixth source said coldly. ”

““You, what do you mean by this?”” ”

““It’s simple. End his life!”” ”

“The sixth Fountainhead stretched out its hand and touched the eighth Fountainhead. Instantly, the dark energy from the eighth Fountainhead was quickly extracted and then transferred to itself and the seventh Fountainhead. ”

“He was very dissatisfied that he did not get any dark energy from the ninth source. However, the three sources were closely related, and as someone from the fourth source, he was obviously not accepted by the three sources. ”

“As the dark power was gradually extracted, the body of the eighth source slowly lost its power and turned into a dried corpse. ”

“““Let’s have a proper burial!”” ”

“After saying that, the sixth originator turned around and left. ”

“““Ah!”” ”

The seventh RiverSource roared at the sky and left with the eighth RiverSource’s corpse.

“At this moment, the explosive Demon Lord and the ninth RiverSource were also present. ”

“““Explosive demon monarch, you’ve come to pay your respects to the source!”” The ninth RiverSource bellowed at the explosive Demon Lord. He was extremely displeased that he had been ignored this time. He could only vent his anger on the explosive Demon Lord. ”

“““Ninth RiverSource, don’t go too far. Although I’m working with you, I don’t belong to your evil spirit lineage!”” ”

“““Oh? Hahaha, you were so submissive to the three RiverSource origins before, but now you want to resist me?”” The ninth RiverSource’s heart turned cold. How dare this man act so arrogantly in front of him? he must be looking for death. ”

“““Hmph. The other three sources aren’t here, but the ninth one. Do you really think you’re all that? This demonic Lord is going to bring the red fiend clan back. What can you do to me?”” ”

“““What?”” ”

The ninth RiverSource was furious and attacked immediately.

“““Kill!”” ”

Explosive demon monarch was not to be outdone either and responded with his powerful magical power.

“Boom, boom, boom! ”

“In an instant, the entire space fell into chaos again, and explosions rang out one after another. Against the ninth RiverSource, the explosive Demon Lord was not at a disadvantage. It could be seen that the ninth RiverSource’s strength was far below that of the three great RiverSource. This was also one of the reasons why the explosive Demon Lord dared to resist him. ”

“As soon as the battle began, the demon Lord ordered the mcmau Army to retreat quickly. ”

“““Boom boom boom!”” ”

The demonic battleship set off and headed back to the magic martial arts world. The ninth Fountainhead naturally would not let him do as he wished.

“”Hahaha, you just surrendered, and now you’re rebelling. You’re indeed a villain. I’ll let you die Here to atone for your sins!” ”

“”Hmph, we red fiend clan would rather die in battle than submit!” ”

“Now that the three sources were no longer here, this was the demon Lord’s best opportunity. He naturally would not miss it. ”

“”Roar, roar, roar!” ”

The red fiend Army shouted as if they had seen hope.

“The demon spaceships all flew toward the space-time Tunnel in the magic martial arts world, hoping to turn back quickly. ”

“”Return to the magic martial arts realm. We’ll stay behind to assist the demon Lord!” ”

“”Yes!” ”

“The top ten experts stayed behind to besiege the ninth RiverSource, hoping to help the explosive Demon Lord escape from the ninth RiverSource as soon as possible. ”

“”The power of the source!” ”

“The ninth Fountainhead instantly released its power of The Fountainhead, and a vast aura swept across the entire area, intimidating all the experts. ”

“However, these forces were on a completely different level from the mutation power of the eighth RiverSource. Even the explosive Demon Lord could resist it for a while. With the support of the top ten experts, it was difficult for the ninth RiverSource to gain the upper hand. ”

“”Hahaha! Ninth RiverSource, die!” ”

“The explosive demon monarch, who had combined the power of the ten great experts, suddenly attacked, trying to send the ninth RiverSource flying. ”

“”The power of the source is extremely evil!” ”

The ninth Fountainhead released the ultimate evil energy. Countless evil energies gathered in the sky and swept over the demonic monarch’s side.

“”Not good!” ”

“The top ten experts knew that danger was right in front of them. They all blocked the demon Lord and then shouted, ””Your Excellency Demon King, quickly leave!” ”

“”You guys!” ”

“Explosive demon monarch was in great pain, but he had no choice. He knew that as time passed, he would only have more trouble. He could only leave. ”

“Boom, boom, boom! ”

“After a series of spatial explosions, five of the top ten Masters were all crushed by the impact of the dark energy!”

[Chapter 2287 Movement In The Netherworld!](#)

The other five experts struck out with their palms at the same time to destroy the ninth RiverSource's pursuit route and help the explosive Demon Lord escape.

However, at this moment, a ferocious beast-like roar came. A powerful figure appeared. It was the seventh RiverSource. He had buried the eighth RiverSource and was in a state of Fury. He did not expect the explosive Demon Lord to want to escape with the red demon race. How could he allow it?

"The seventh RiverSource ..." The ninth RiverSource was about to fight against the red Fiend Race experts on his own and display his might, but the eighth RiverSource couldn't care less.

"Get lost!"

With a furious roar, a powerful evil energy swept out. The ninth RiverSource felt its body being sent flying like a sandbag. It was impossible to stop it. This was the difference in strength between them, and it could not be made up for.

"You!"

The ninth RiverSource wanted to get angry, but it looked at the seventh RiverSource, who was still in a state of madness. If they were to fight him now, not only would they have no chance of winning, but their lives might even be in danger. This was not something the cunning ninth RiverSource would do.

The seventh RiverSource attacked madly, and the five experts of the red Fiend Race could not stop it at all. In the blink of an eye, the five experts were crushed into pieces.

"You!"

Explosive demon monarch was furious. This was one of the few experts left in the red demon race, and he was still killed by the seventh RiverSource.

"Explosive mode!"

In his extreme anger, the explosive Demon King broke through his limits and entered the safeguard mode. In this mode, the explosive demon monarch's power was increased by ten times. At the same time, he entered a berserk and unlimited state. His demon energy reached the sky and he was invincible.

"Hahaha, good!"

Sensing the powerful energy coming from the explosive Demon Lord's body, the seventh RiverSource became even more excited. If it had been the previous explosive Demon Lord, it would not have been interesting even if it had killed him easily. It would have needed to face a strong opponent.

This was the true nature of the three RiverSource!

"The source is changing!"

Two bone wings grew out of the seventh RiverSource's back, covering the sky and the sun. It was extremely terrifying.

"Kill!"

At this moment, explosive Demon King still did not know what fear was. In explosive mode, there was only a battle of life and death.

Boom, boom, boom!

The power of both sides kept clashing in the sky, and soon, the whole sky was covered in blood, making it impossible to see what was going on. However, the impact of the two dark shadows brought along the earth, space, and endless cracks. The feeling of energy explosion was still very clear.

Looking at the battle in front of him, the ninth RiverSource frowned slightly. He did not expect the explosive Demon Lord to have such hidden strength. If he had been up against the explosive Demon Lord in the conservative mode just now, he did not think he would have won.

It was good that he handed this hot potato over to the seventh RiverSource while he watched from the sidelines. No matter who won, it would be beneficial to him.

"Hehehe, let this RiverSource see how far you've fought!"

The ninth RiverSource muttered to itself with a cold smile.

At this moment, a huge demonic shadow suddenly rushed out of the clouds.

"What?" The ninth RiverSource looked on coldly. The specter extended its sharp claws and directly cut off the battle between the seventh RiverSource and the explosive Demon Lord.

Upon a closer look, this person was the dark filth Demon Lord of the mo Wu world. He had come to rescue them under the orders of The Dark Emperor.

"It's you!"

Sensing the existence of the dark filth Demon Lord, the explosive Demon Lord was actually very angry. He could not help but want this person to see his sorry state. This expedition had not yielded any results, and they had even lost hundreds of thousands of red demon soldiers. This was a blow to the magic martial arts world. The appearance of the dark filth Demon Lord was an even heavier blow to the explosive Demon Lord.

"Hahaha, explosive Demon King, you're really useless. The Dark Emperor's token has ordered you to return to the mo Wu Jie immediately!"

"Hmph!"

Explosive Demon King resolutely exited explosive mode. After all, that mode consumed too much energy and could not be maintained forever.

Just as he was flying, the dark energy behind him surged and the world changed.

"Stop!"

The seventh Yuanyuan's huge figure appeared. At the same time, it extended its sharp claws and crushed the dark filth demonic Lord's claws.

"Oh?"

Sensing the power of the seventh Fountainhead, the dark filth Demon Lord sneered.

"You want to take someone away before the source? hahahaha, what a joke!" As the seventh RiverSource laughed maniacally, the entire space cracked. Waves of evil energy flooded the entire area. The demonic warships fell one after another, and countless red demon soldiers on them were crushed into pieces.

"You bastard!" Explosive Demon Lord was furious and wanted to fight again, but he was stopped by the dark filth Demon Lord, who asked him to execute The Dark Emperor token.

"Sir, do you really have to stop us?" The dark filth Demon Lord asked.

"Hahaha, so what if I am?"

"Then don't blame this demon master for not giving you face!"

The dark filth Demon Lord's entire body was filled with bad luck, which extended infinitely and instantly sealed the area within a thousand miles. Within this thousand miles, evil energy was actually unable to invade. In fact, as long as it did, it would be devoured by the bad luck, leaving nothing behind.

"What?" The seventh RiverSource did not expect this person to be so capable. For a moment, the two sides were in a deadlock.

During this process, the explosive Demon Lord left with the remaining red demon race members.

"Leave your name!"

"I, the demon Lord, dark filth, will wait for our next meeting, seventh source!"

"Go to hell!"

The seventh origin released powerful palm prints, but they were all blocked by the bad luck and couldn't go any further.

Seeing the experts of the red Fiend Race leave, the ninth RiverSource stepped forward and mocked, "Hmph, I didn't think that the powerful and invincible seventh RiverSource would end up like this when it didn't allow its own RiverSource to attack. Laughable, laughable!"

"What did you just say?" The seventh RiverSource looked coldly at the ninth RiverSource.

"Ha, don't you know what I'm saying? The red Fiend Race, which had originally submitted to us, just left like that. Whose problem do you think this is?"

"Hmph, what does it have to do with you that I'll ask for forgiveness from the sixth source?" With that, the seventh RiverSource left. The ninth RiverSource revealed a sinister look and went to a secret altar to start a new communication.

After leaving the land controlled by the evil spirits, ye chen retreated into the netherworld.

In the end, the Dark King Palace found the experts.

"Great emperor!"

The powerhouses came out to welcome ye chen, their faces full of excitement. They knew that no matter what difficulties he encountered, ye chen would be able to escape safely. This was mo DA's strength and luck.

"Everyone, you've worked hard!"

Ye chen sat on the throne. The scene from a hundred years ago reappeared. At that time, ye chen had become the Dark Lord and the Lord of the netherworld. It was a wonderful thing.

"Are there any unusual movements in the netherworld?" he asked the crowd.

"Your Majesty," the netherworld patriarch said, "after returning to the netherworld, I sensed many strange movements in the depths of the netherworld. It's very mysterious!"

"Oh?"

Upon hearing this news, ye Chen's brows furrowed. He immediately thought of a person who had promised to help him but had disappeared for a long time.

"Where is it?"

"This is the place!" The netherworld patriarch pointed with his sword finger. Immediately, a map of the netherworld appeared, and then the places where the strange movements occurred were marked. Ye chen glanced at it and nodded slightly.

"I'll still set up the barrier formation between the netherworld and the Zhan residence. The netherworld patriarch will be guarded by your men!"

"Yes!"

The netherworld patriarch accepted the emperor's token and left. Ye chen, on the other hand, began to think about the strange things in his heart.

[Chapter 2288 2293-The Emperor's Spiritual Brilliance!](#)

In the netherworld, above the endless void, ye chen stood on the Golden Lotus and looked toward the most empty position.

"Void abyss!"

After entering the netherworld, ye chen had already obtained historical information about the netherworld. He had investigated the various locations of the netherworld and finally found that this place, the origin of the void, was the place with the most violent changes.

"Underworld God, is this your true goal?"

After the god of the underworld descended into the spirit realm, he had completely disappeared. This was very unusual. Ye chen had long suspected that he had other plans. There were many mysteries in the netherworld, and this void abyss was even more so. What secrets were hidden within?

Here, ye chen could sense a powerful spatial force. This meant that there was probably another Grotto-heaven in this place.

"Furious spacetime roar!"

Ye chen released the power of wrath. In an instant, waves of spatial energy poured into the abyss of nothingness. Instantly, the abyss of nothingness turned upside down and countless spaces trembled. These tremors also contained abnormal energy fluctuations. All of these indicated that this place was not simple.

Ye chen sat cross-legged in the air and felt these strange powers. He felt as if he had entered another space ...

Outside the netherworld, evil spirits were wreaking havoc.

With the three sources overseeing the place, the evil spirits developed rapidly and soon expanded to the entire spiritual realm. The local forces were massacred and became slaves, while those who did not were completely destroyed.

In the Great Hall of the evil spirit abyss.

The sixth RiverSource sat on the throne, and below it were the seventh and ninth RiverSource.

"Seventh brother, are there any forces in the spiritual realm who are not convinced?" The sixth RiverSource asked.

"Hahahaha, these trash, whoever dares to be unconvinced will be destroyed!"

"Very good, cut off the support of the other parts of the spirit realm, and the netherworld will become a lone city. Immediately execute the evil spirit's world-destroying plan and open the ultimate passage to the evil spirit abyss!"

"I've been doing it for a long time!"

The ninth RiverSource replied. During this period of time, he had repaired and expanded the altar in the evil spirit abyss. The current scale was far greater than before. With this, there was a Foundation to activate the ultimate teleportation of the evil spirits.

"Mm ..."

The sixth Fountainhead nodded slightly, and then his eyes revealed a look of desire. As the vanguard in this trip to the spirit realm, they had lost an important figure like the eighth Fountainhead, which was in fact a great failure. Therefore, he had to make some achievements and let the bosses of the darkspirit realm see his hard work.

At the same time, in the mo Shen temple of the mo Wu Jie.

The explosive Demon Lord's failure had left The Dark Emperor extremely dissatisfied.

"Dark filth Demon Lord, the explosive Demon King failed to invade the spiritual realm. Now that the six realms are in such a disadvantageous position in the war for supremacy in our magic martial realm, what should we do?" The Emperor of Darkness asked the devil Masters below.

The dark filth Demon Lord pondered for a moment and said, "the evil spirits are very clear that they're the rulers of the world. It's not suitable to cooperate with them. The only way now is to cooperate with the immortal spirit world." After all, the immortal spirit world's situation is similar to ours, or even worse. "

"That's what I meant as well. I have a bit of friendship with Ling Huang, so I'll personally make a trip to the immortal spirit world this time!"

"I wish the Emperor a smooth journey!"

"Ha, what's wrong with this Emperor taking action?"

The Dark Emperor's figure disappeared in an instant. In the blink of an eye, he had already appeared in the void.

Following that, a Grand teleportation formation opened automatically, and the Emperor entered.

Immortal spirit world, spirit brilliance Palace.

"Lord Ling Huang, the six worlds are in a battle right now. The situation is critical. Our immortal spirit world can't just sit and wait for death." An expert stepped forward and said.

"Hmph, don't you think I know? Right now, the power in the depths is not coming out, and relying on the power from the outside world to return, it is simply impossible to compete with the evil spirits. The loss of the spirit world is also in my imagination, hateful!"

Ling Huang was anxious. As the temporary master of the immortal spirit world, his achievements were very low, and even regressed. This was very unfavorable to him. Once the power of the spiritual world's depths returned, he would be held accountable.

"Boom boom boom!"

Suddenly, a dark light pillar appeared in the sky, and a huge demonic shadow appeared in the nine Heavens.

"What?"

Ling Huang raised his head slightly and looked at the light. He immediately sensed a familiar aura. He smiled in his heart. This might be a chance for the immortal spirit world. He flew out and rushed to the nine Heavens.

In the spiritual brilliance Palace, the experts were puzzled and followed him out.

Sensing the vast demonic energy, all the experts recognized that this was the aura of the magic martial world, but why did it appear outside the spiritual brilliance Palace? This person must be a super powerful being. Otherwise, he wouldn't be able to break through the immortal spirit world's defense array and come directly to the spirit brilliance Palace.

Ling Huang went up to the nine Heavens and released his Dharma. The Grand celestial shadow confronted the demonic shadow.

"Linghuang, I hope you're well!"

A deep demonic sound filled the air, causing the hearts of the experts from the immortal spirit realm to tremble. They knew that the person in front of them was an expert from the devil martial realm who could rival Ling Huang. The only person they could think of was naturally The Dark Emperor.

"Emperor of Darkness, personally barging into the immortal spirit world, you sure are confident!"

"This is just a normal matter, what's there to be embarrassed about? I'm sure you're well aware of my purpose in coming here!"

"Hahaha, I'm not sure!"

Ling Huang laughed and struck the pillar of light with his palm.

"Boom boom boom!"

The Grand Palm print caused the universe to shake and the sun and moon to lose their light! Then, from within the light pillars, a palm strike was launched at the same time. The demonic energy was violent and shot up to the nine Heavens. This power was no less than that of Ling Huang. One must know that this was the location of the Ling Huang Palace. There were many formations protecting it. To be able to exchange blows with Ling Huang here, one could see the depth of the foundation.

"Boom boom boom!"

Then, two high peaks rose from the ground and stood tall in the sky.

"Hahahaha!"

Accompanied by maniacal laughter, the brilliant Emperor and The Dark Emperor revealed themselves.

When the experts below saw this, they all moved out, ready to deal with the Emperor at any time.

However, they were all stopped by Ling Huang and stopped moving.

On the peak, Ling Huang faced The Dark Emperor.

"Emperor of Darkness, tell me your intention!"

"Simple, cooperate!"

"Cooperation? Do you really think that I can only cooperate with you demons?" Ling Huang's expression was stern, as if he was extremely disdainful of the emperor's suggestion. This was the way to negotiate, hoping to use his might to intimidate his opponent and win better bargaining chips. However, the Emperor of Darkness was not someone who could be easily intimidated.

"The celestial Spirit realm has targeted ye chen and lost three great zhenrens. Now that the situation is so dangerous, didn't you send master chongxu to contact my magic martial realm to cooperate? I heard that the immortal spirit world's forces aren't coming out. Are you dissatisfied with your control?"

"You!"

Ling Huang was furious and punched out. The Qilin appeared and attacked the Emperor with lightning.

"Roar!"

The momentum of the lightning was powerful and unpredictable. The Dark Emperor did not dare to be careless and responded strongly.

"Hahaha, ten thousand demonic flames!"

"Phew, phew, phew!"

In the blink of an eye, the demonic flames soared into the sky and covered the entire Palace. Such power was shocking!

[Chapter 2289 Heaven-Shaking Phenomenon!](#)

Ten thousand demonic flames, heaven and earth will be destroyed!

As the heaven and earth shook, thousands of demons came to rule the six worlds!

The powerful demonic flame brought along countless demonic shadows and charged towards Ling Huang, not giving him any face at all. One had to know that this was the spirit brilliance Palace, the place with the densest defense arrays in the immortal spirit world. To dare to act out here, one could see how confident The Dark Emperor was in himself.

"Impudent!"

As the Lord of the immortal spirit realm, how could Ling Huang be willing to let him go?

"Nine Heavens spirit brilliance technique!"

Ling Huang's palms were raised to the sky, and the nine radiances were summoned at the same time. The seven stars were not destroyed, and endless celestial power was instilled into his body. With one palm, the heaven and earth became clear.

"Boom boom boom!"

The huge palm print triggered an unparalleled suction force. The endless demonic flames were unable to escape from the palm and were all absorbed. Then, the palm print closed and the demonic flames disappeared.

Such a sacred art shook the heavens and earth, instantly drawing cheers from the experts of the immortal spirit world.

"Good, linghuang is invincible!"

"The mighty linghuang!"

The experts of the immortal spirit world had already been stunned by the power of The Dark Emperor, and only now did they come back to their senses.

On the peak, the Emperor of Darkness smiled and said, "Hahaha, the might of the spiritual brilliance is well-deserved. I've personally shown my potential, so of course, I'm full of sincerity. You and I both know our own strengths. Now, only by working together can we have a chance against the evil spirit and ye chen!"

"The evil spirits are in chaos, and the spirit realm has been lost. How do you want to cooperate?"

"Let's put aside the grudges between the ancient Immortals and demons for the time being. We'll take down the stronghold in the spiritual realm together and fight against the evil spirits!"

"Mm ..."

Ling Huang pondered for a moment. The spiritual realm had already fallen completely. If they could rely on the power of the demon race to establish a new stronghold, this would be beneficial to the immortal realm. After all, this could greatly delay the evil spirits' direct attack on the immortal realm.

"Emperor of Darkness, why don't you and I each send out 100000 troops to test it out and see what the result is?"

"Hahaha, that's what I was thinking. We have a tacit understanding indeed."

"Ha, I still remember our thousand-year agreement!"

"Very good! Three days later, we will gather in the spiritual realm!"

"Please!"

Ling Huang kept the palm print and the Emperor of Darkness followed the pillar of light and flew up.

.....

On the evil spirit altar, the ninth Fountainhead chanted a secret incantation. Suddenly, evil energy soared into the sky, and the sun and moon appeared.

In the sky, countless evil lights flickered, causing the space to shake, and a Heaven Gate appeared.

"Zi Zi Zi!"

An evil seal appeared on the heavenly gate.

"Blood sacrifice, eternal evil energy!"

The ninth RiverSource released its own blood, bringing with it a powerful evil energy that rushed into the evil seal, causing the evil seal to release a huge light. Then, the entire Heaven's Gate opened and trembled, and countless evil runes floated out from it.

"Hahaha!"

He laughed crazily as he looked into the sky Gate.

"Zi Zi Zi!"

All of a sudden, a figure appeared above the heaven Gate. It was huge and looked like a giant. When the ninth RiverSource saw it, he bowed and paid his respects.

"The ninth RiverSource!"

The heavy voice was filled with an indescribable Majesty. The ninth RiverSource shuddered, then rose to his feet and looked at the massive figure.

"Lord fourth source!" It turned out that this person was the direct leader of the ninth RiverSource, the fourth RiverSource.

Among the evil spirits, the first four RiverSource were the true rulers of the evil spirits. Their strength was far above the other RiverSource, and their cultivation base was even heaven-defying. No one knew their true strength. The ninth RiverSource was the vanguard sent by the fourth RiverSource to the spiritual realm.

"Your mission is not going well!"

"That was my mistake," he said. "However, now that the three RiverSource have descended, we've lost our eighth RiverSource. That's a good thing for us!"

"Ha, the eighth RiverSource is a general of the third RiverSource. It's good that he's dead!"

The laughter reverberated. He didn't expect the fourth source to be happy about the death of the eighth source. There was an undercurrent surging within the evil spirit, and no one knew what was going on.

"Before the evil spirits unify the six worlds, we can't be flustered. Now, you have to cooperate with the sixth source and wait for my orders!"

"I am very clear about this. I will follow the fourth source's instructions!"

"Very good, just wait. Soon, the dark spirit realm Army will enter the world, and no power will be our match!"

"Yes!"

The ninth watersource bowed once more as it sent the fourth watersource away.

After returning to the evil spirit Hall, the ninth watersource passed on the fourth watersource's order to the sixth and seventh watersourers.

"Very good. Before the evil spirit's grand plan, I hope that the ninth RiverSource will not have any personal interests!"

"This is the evil spirit's final bottom line, the sixth source. There's no need to doubt my loyalty!"

"Hahaha!"

The sixth RiverSource laughed heartily as it turned to look at the ninth RiverSource, a profound look in both their eyes.

"Boom boom boom!"

Suddenly, the earth trembled, and waves of power burst out from deep underground. It was as if the entire world was shaking. This abnormality shocked the three sources at the same time, and they rushed out of the evil spirit Palace to sense the movement below the evil spirit abyss.

"Something's wrong!"

The sixth RiverSource's palm landed on the ground, and the evil energy in the earth vein instantly surged, rushing through countless spaces. However, this power quickly disappeared without a trace. This

phenomenon once again shocked the three sources. The palm strike just now could have killed a heaven immortal, but it was completely useless against this phenomenon. What did this mean?

The three sources could sense that the source of this phenomenon was somewhere in the spiritual realm. If one wanted to sense its location carefully, they would be disturbed and unable to concentrate.

"What's going on?" The ninth RiverSource asked.

"This seems to be a phenomenon of the spiritual realm itself, not caused by any power!" The sixth source's brows were tightly furrowed, and he seemed to pay great attention to this phenomenon.

The seventh RiverSource bent down on the ground and listened in all directions. With his extraordinary hearing, he wanted to sense the exact location of this phenomenon, but what he heard was actually ten thousand horses galloping and energy turbulence.

"Seventh brother, what's the situation?" The sixth RiverSource asked.

"It's hard to judge. This phenomenon is too strange!" The seventh RiverSource said with a frown.

p "Such a phenomenon is definitely unusual. We can't let it affect the evil spirit's final descent. The ninth RiverSource, send an Army to investigate immediately!"

"Yes!"

The ninth RiverSource nodded slightly and left quickly.

At the same time, in the netherworld's abyss of the void, ye chen also felt a powerful vibration. In fact, this vibration was much stronger than the one in the spirit realm.

"What?"

Ye chen looked at the vast land of the netherworld with a single glance. Countless amounts of netherworld energy spread out, and strange phenomena appeared. The wind and clouds swept across as if the entire world was shaking. This was the first time ye chen had seen such a strange phenomenon.

"What happened?"

Ye chen glanced at the void abyss in front of him. Although he could not make an accurate judgment, with his powerful sixth sense, ye chen still believed that the source of this phenomenon was inside the void abyss.

In the void, the god of the underworld chased after the dugu sword spirit. The sword spirit was moving at a high speed, circling above a spiritual land. The god of the underworld stopped, and his body emitted a biting cold aura!

[Chapter 2290 Starry Sky Maze Formation!](#)

"Ah!"

The god of the underworld suddenly held his head and cried out in pain. The countless memories in his mind were mixed together, but he couldn't extract the silk from the cocoon. The extremely chaotic pain and heat caused his mind to almost collapse.

"Wan 'er!"

He shouted a person's name, and then fell into even greater chaos.

He had slept for so long that he had forgotten the biggest secret in his heart. However, the traces left behind by those memories had allowed him to find this place. The moment he saw the dugu sword spirit, he thought that he had found the answer. However, he was now in endless chaos.

"Zi Zi Zi!"

As the powerful spiritual energy swept through the world and filled the nine Heavens, it broke through the restrictions of time and space and rushed straight to earth.

"Ah!"

On earth, there was another person who was in pain. It was su Yuhan.

She flew out, and her figure was like a dream, quickly arriving at a hidden mountain forest. This sudden pain made her whole body break out in cold sweat, and her whole person fell into a state of chaos.

She had no idea what had happened. Ever since she left the underworld, she had been very normal. She had returned to the region and taken care of her child so that ye chen would not have any worries. She had not even made any cultivation method upgrades during this period of time to reduce her contact with the underworld.

However, she was still able to sense the chaos this time. It had come from the netherworld.

"Ye chen, have you met with an accident?" Ye Chen's figure suddenly appeared in her heart, and her heartbeat became more chaotic.

In the void abyss, the god of the underworld released his power of the underworld to protect himself. He had no better way.

However, the sword spirit continued to release its power, and even the power of the underworld God could not stop this power from being transmitted. It was as if this was the agreement in his previous life that it could not be destroyed.

"This sense of life, who is it?"

Suddenly, underworld God sensed su Yuhan on earth. A pair of dark eyes appeared in su Yuhan's mind across countless time and space, which made her panic.

"What? What is this?"

The memories of the Lord of the Underworld kept surging in her mind, and su Yuhan felt a tremor that attacked the deepest part of her soul.

Zila, Zila, Zila!

With a flash of lightning, everything disappeared again.

In the void abyss, the dugu sword spirit continued to fly.

"Where do you think you're going!"

The god of the underworld transformed into a dark shadow and followed the dugu sword spirit.

"Whoosh, whoosh, Whoosh!"

The sword spirit flew faster and faster, but the underworld God followed closely behind. After a few hours, the sword spirit finally stopped. In front of him was a starry sky with endless space-time torrents. It seemed that everything here had become eternal.

"This is ..."

The god of the underworld opened his eyes and watched as the dugu sword spirit disappeared into the endless starry sky. This was his destination.

"Demon's Eye!"

He opened the Demon's Eye and looked at the sky. The life force flowed out, making the underworld God feel warm and familiar. He was extremely excited as he walked into the starry sea.

Ye Chen finally took his first step into the void abyss.

"Underworld God, no matter what secret you have, let me reveal it!"

Ye Chen stepped on the celestial Thearch sword, and lotus flowers bloomed around him. He instantly entered the void.

The space inside was indeed different from the outside. Ye Chen instantly felt a powerful pressure. This kind of pressure was very strange. Only divine power could reduce it. Ordinary power was useless. It was as if the entire place was prepared for the gods.

"How could this be?" The existence of such a place was very unusual. It made Ye Chen even more aware that there must be some connection between this place and the god of the underworld.

"Demon's Eye!"

At the same time, Ye Chen opened the Demon's Eye. He saw a vast sea of stars in his eyes. It was because of the same origin effect of the Demon's Eye that he could see some images that the god of the underworld had seen.

"Let's go!"

With a stomp of his feet, the celestial Thearch sword flew like a stream of light, bringing Ye Chen into the wondrous void.

In the deepest part of the void abyss, in the endless sea of stars.

The god of the underworld stepped into it. At first glance, he could not distinguish the thousands of stars. The god of the underworld released his power and continued to extend it, trying to find the root. However, no matter how hard he tried, there was nothing.

"Impossible!"

The god of the underworld was furious. He released countless illusionary lights that shot in all directions. Countless pieces of information were brought back and entered the god of the underworld's mind. However, these pieces of information were all chaotic, as if someone had set them up. This was no ordinary space, but a vast starry sky maze formation that no one could break through!

The god of the underworld focused his eyes and saw through the mystery. If he wanted to see the truth, he would have to break the starry sky maze.

"Hahaha, test this Lord, then come!"

The god of the underworld's overbearing laughter resounded throughout the nine Heavens and ten lands. A divine weapon, the misty dark mirror, appeared in his hand!

"Whoosh!"

Throwing out the netherworld mirror and looking at the three thousand worlds, no matter how vast the starry sky was, it could not escape the gaze of the netherworld mirror.

"Zi Zi Zi!"

The light of the netherworld covered the three thousand people, and endless array laws fell into the control of the God of the netherworld.

"It's really amazing. Who can set up such an exquisite formation that can draw upon the vast power and set up endless time and space? he's really a God!"

The underworld God couldn't help but exclaim. Before this, he had never thought that there would be anyone who could receive such an amazing evaluation from the underworld God. The netherworld mirror had drawn in the endless spacetime and finally, an array diagram appeared in front of him.

"What?"

After seeing the real map, the underworld God was even more surprised. What he saw was like a dream, and he actually felt a sense of familiarity. The underworld God waved his arm, and the Demon's Eye appeared again. All the information about the array entered his eyes.

He put away the netherworld mirror and waved his sword fingers. Under the guidance of the Demon's Eye, he found a seemingly possible way to break the array.

"Zi Zi Zi!"

p He had only taken a few steps when the dugu sword spirit suddenly reappeared with an awe-inspiring sword Qi and a dense killing intent.

"What?"

The god of the underworld's eyes turned cold as he pointed his sword finger at sword spirit dugu.

The sword spirit condensed countless sword edges and attacked the underworld God.

"Hahaha, a small trick!"

The god of the underworld walked forward, not afraid of the sword formation at all. His body was covered in a layer of the god of the underworld's Qi Shield, and all the attacks exploded on the shield, unable to touch his body.

"Whoosh, whoosh, Whoosh!"

Boom, boom, boom!

The sword Qi continued to bombard him without any effect. The god of the underworld walked into the vast starry sky, with the dugu sword spirit hanging above.

Then, the light of the stars poured into the sword spirit, and a heavenly pass appeared in front of him.

"Oh ..."

The god of the underworld smiled with interest. He looked at the heaven pass and saw a man standing there.

The two of them looked at each other, and the god of the underworld's mind shook.

"Damn it!"

The netherworld power condensed into a sword and shot toward the heavenly barrier.

"Whoosh!"

At the same time, above the heaven pass, the swordsman moved slightly. He condensed Qi on his sword fingers and swept out, instantly turning the power of the netherworld God into nothingness!
