[Chapter 2321 The Thunder Dragon Breaks Through Moguan In One Strike!](#)

"Ye chen!"

When the Emperor of Darkness saw ye chen, he revealed his most vicious expression. He did not expect ye chen to come to his lair. Moreover, it was at such a critical moment. He was caught off guard.

Above the spatial Rift, ye chen rode the Golden ROC and flew down like a cloud that hung from the sky. His powerful aura shook all directions.

Many of the powerhouses of the magic martial arts realm below trembled in panic. They felt an immense pressure, as if the God who ruled their life and death was right in front of them.

"Emperor of Darkness, what is your intention in seizing the core of the demonic realm?" High in the sky, ye chen said to The Dark Emperor.

"Hmph, ye chen, the core of the devil realm is a treasure of the devil realm. What does it have to do with you? Isn't it too much to come and cause trouble now?" The Emperor of Darkness was still thinking about opening the door to the deep seal. He wanted to stall for time and did not immediately turn hostile with ye chen. However, all of this was within ye Chen's control.

"What does it have to do with me? Hahaha!" Ye chen laughed out loud and continued, "I'm already the Lord of the demon Realm. The demon Realm's curse master, the demon Lord, has submitted to the six realm Alliance. The demon Realm's core is already my treasure. What do you think?"

"What?"

Upon hearing this, The Dark Emperor's heart trembled. He did not expect that even the devil realm would be swallowed up by ye chen. In this case, the devil martial arts realm would inevitably be surrounded by the six realm Alliance, which was very disadvantageous.

"The treasures of the demonic realm are naturally kept by me. Who Do You Think You Are?!"

"What did you just say?"

The Dark Emperor's words instantly angered ye chen. How could he disobey the heavenly Emperor?

"Ah!"

With a cold shout, ye Chen's spear swept out and a Grand spear ray stabbed down.

"Boom boom boom!"

The Grand aura instantly suppressed the surrounding demonic energy. Even the Emperor of Darkness felt an extremely strong pressure. This kind of power showed that ye Chen's strength had increased again. The rapid increase in his cultivation base shocked the powerhouses of the demon race.

"What happened to you? why do you have such a Foundation now?" The Emperor of Darkness asked.

"You've been defeated, so how can you still ask me? Hand over the devil realm core immediately and I'll spare the lives of your devil race. Otherwise, I'll kill the Dragon and scare the Thunder, and the celestial Emperor will destroy the world!"

"You!"

The Dark Emperor was extremely nervous when faced with such powerful words. He knew ye Chen's methods. If he did not let ye chen do as he wished, countless demons would die before him. However, the opening of the deeper power was imminent. How could he give up halfway?

"All demon masters, demon emperors, and demon kings, stop him!"

In the end, The Dark Emperor still wanted to take a gamble. He wanted to gamble everything in the magic martial arts realm and open the door of the deep seal.

Powerful mana was released from the core of the demonic realm, causing the sealing gate to shake continuously. The deeper layers of mana responded, and the image of a RAM continued to extend to the outside world.

"You're delusional to think that you can activate the deeper powers of the magic martial realm. Hahaha, Emperor of Darkness, do you really think that you can deal with me by activating the deeper powers?"

"Hahaha, ye chen, if you're so capable, let me open the sealed door and show you the strongest combat power of the magic martial world!"

"What a joke, opening the sealing door? There's no need to go through so much trouble!"

At this moment, ye Chen's eyes turned cold. He raised his Dragon Spear and flew into the nine Heavens, transforming into the shocking Supreme Dragon and appearing in the clouds.

Zila, Zila, Zila!

The power of the purple lightning released by Supreme Thunder Dragon was 81 times stronger after merging with nine different souls.

"Thunder Dragon, let me see the results of your cultivation!"

"Yes, great emperor!"

Supreme Thunder Dragon chuckled as his nine souls fused with his body. The power of the Thunder Dragon instantly transformed into a nine-Dragon coiling cloud.

"Roar!"

The power of the nine Dragons controlled the heavenly Dao. Ten thousand Dragons bowed their heads and a thousand mountains sank!

"Thunder God Dharma form, nine souls, divine spear, heaven-breaking spear!"

Supreme Thunder Dragon released his strongest attack. The Dragon Spear had an extreme piercing power as it shot towards the door of the deep seal.

"You, what do you want to do?" The Emperor of Darkness was panicking. He had no idea what ye chen was trying to do. Was he going to open the sealing door by force? that was impossible. The sealing door was created by the power of the magic martial world's deeper layer. It contained the ultimate law. Without an array to open it, it was simply courting death by destroying it by force!

"Since that's the case, I'll let you die from the backlash of the deep seal. Hahaha!"

With that, the Emperor of Darkness and the demon kings of the heavens were overjoyed. They watched from the sidelines and waited for ye chen to die under the deep seal. After all, the strongest demonic Palace of the magic martial world was buried there. The people in seclusion were the archaic sages of the magic martial world. Even the Emperor of Darkness was somewhat afraid of these people.

"Hahaha, Emperor, ye Chen's martial will will will be destroyed for sure this time. I didn't expect this man to be so arrogant. He's so stupid that he wants to open the deep seal with his own strength. He's helped us a lot!"

"That's right. This person's arrogance has killed him. We'll just watch from the sidelines. There's also the Emperor holding down the fort and using the devil realm's core. Regardless of ye Chen's success or failure, we can open the deep seal!"

"Let's see how he dies!"

Many demon kings revealed sinister smiles. They were all waiting to see ye chen make a fool of himself, waiting to see him be defeated and killed by the deep backlash.

At this moment, Thunder Dragon Supreme's ultimate attack had already arrived and clashed with the seal.

Zila, Zila, Zila!

The Dragon Spear displayed the might of a heavenly weapon, and with the nine levels of spiritual accumulation, it was invincible!

Soon, above the sealed door, a crack appeared on the head of the RAM. Then, the entire door shook and even began to slowly break.

"Ah?"

This scene was something that the Emperor of Darkness and the other demon kings of the heavens did not expect. Just the power of the Thunder Dragon alone was enough to make the Capricorn head so vulnerable. What they did not expect even more was that ye chen had issued an order and venerable Thunder Dragon had split the sky with one spear!

"Boom boom boom!"

The heavens trembled, and the sealing door was instantly opened.

Countless pieces of gravel flew, and the earth trembled. The power of the depths of the magic martial arts world had actually been activated like this!

"This!"

The Emperor of Darkness revealed a conflicted expression. Ye Chen's strength was too strong. However, now that the deeper layer of energy had been activated, he should be very happy.

He released his mana, trying to attract the Capricorn powerhouses to appear.

"Emperor of Darkness, I will still open the door of the deep seal for you. Then, it is time for you to return the demonic core in your hands to its original owner!"

"What?"

Just as the Emperor of Darkness was in shock, ye chen had already arrived in front of him through the spatial gate. Despite the speed of his advance, the Emperor of Darkness was unable to detect any details. By the time he reacted, it was too late. He did not even know when ye chen had taken the core of the devil realm from his hands.

Looking up, ye chen was still high and mighty, holding the devil realm's core in his hand.

"Ah!"

With a roar, ye chen stored the demon Realm core into the heaven and earth furnace.

Boom, boom, boom!

At this moment, the demonic energy in the demonic Hall's deeper levels surged and darkness extended. Several heretical demonic cultivators came out of seclusion!

[Chapter 2322 2327-Skeleton Demon Zhang!](#)

"Hahaha, ye chen, no matter what you have with the devil realm core, you're going to die Here today!"

The Dark Emperor was excited when he saw the Capricorn expert come out of seclusion. It was his first time feeling such a powerful demonic energy. The rumors of the Capricorn expert in the depths of the magic martial world were true. This time, he would see the Capricorn expert take revenge for the magic martial world and let the magic martial world rise again.

"Emperor of Darkness, I want you to understand how stupid your thoughts are. I must get the magic martial arts world!"

"What? you want the entire magic martial arts world? are you out of your mind? ye chen, we'll welcome the Capricorn expert and let you die without a burial place!"

After saying that, The Dark Emperor personally led the various heavenly demon kings to welcome the Capricorn expert.

An old man in a blood-red sackcloth robe walked out. He held a string of Buddha beads in his hand, all of which were made of skeletons. His body was shrouded in blood-red demonic light. He was actually a Supreme true devil with the strength of a golden immortal.

"Who broke through my sealing door and shook the entire magic martial arts world?" The old man glanced at the surroundings and asked the sky.

At this moment, the Emperor of Darkness stepped forward and bowed, "You must be the skeleton demon Zhang of the Capricorn powerhouses, right?"

"That's me. Are you the person in charge of the magic martial arts world now?"

"Dear Devil Zhang, I am the current leader of the magic martial arts world, The Dark Emperor!"

"Emperor of Darkness, ha, you're indeed from the true demon royal bloodline. However, with such a cultivation base, it's difficult for you to take on great responsibilities!"

"Yes, yes!"

The Dark Emperor did not dare to disobey and kept nodding. He then pointed at ye chen in the sky and said, "Sir devil Zhang, this is the person who forcefully broke through and opened the sealing door. Now, he's clamoring to dominate the six realms and swallow up the devil martial arts realm!"

"Oh?"

Upon hearing this, the skeletal demon Zhang smiled slightly. He found it very interesting because he had long sensed that ye chen was not a member of the demon clan. In fact, his cultivation base was only at the abstruse immortal stage. The fact that ye chen could appear in the magic martial arts realm's sealed mountain was already very unreasonable in itself. Now, he wanted to Annex the magic martial arts realm. This was too exaggerated.

He originally thought that The Dark Emperor had a grudge with this person and was deliberately exaggerating to get him to teach him a lesson. "Who are you? you actually have the ability to open the deep seal, and now you want to take over the magic martial arts realm?"

"Withered old man, why aren't you kneeling when you see the heavenly Emperor?"

As soon as these words came out, everyone was shocked. The devil Kings and The Dark Emperor of the devil martial realm were shocked at the same time. They did not expect that one of the Capricorn experts of the devil martial realm, skeleton mozhang, would be humiliated like this. This was a great humiliation, and at the same time, a joke!

However, it had really happened, right in front of him.

"Mm ..."

The skeletal demon Zhang's eyes were cold and his brows were tightly locked. He was a Supreme true devil, but he was being looked down upon in front of his own people. It was intolerable!

"Sir devil Zhang, please calm down. This person is arrogant, we can't let him mess up our formation!"

"Impudent! Would I be thrown into confusion by him?"

The skeletal Mo Zhang let out a furious roar, and his powerful demonic energy instantly erupted, causing the Emperor of Darkness to suffer a great impact. His body was even sent flying involuntarily.

This level of power was beyond the dark Emperor's expectations. He had to admit that he had underestimated the power of the Capricorn expert.

However, this way, it would be easy to deal with ye chen and he was happy to see it.

"All of you, back down!"

"Yes!"

All the demon kings retreated one after another. All the experts were waiting for the Capricorn immortal to make a move and finish off the person in front of them.

"Old skeleton, do you want to surrender with your forces and offer up the core of the magic martial arts world, or do you want to go forward and die?"

Ye chen said to the skeleton demon Zhang with a smile.

"A newborn calf showing off your tongue here, this senior will make you regret it!"

"Ha, a newborn calf? To me, your age is like a newborn calf!"

"Bastard!"

The skeleton demon was furious. He threw out the skeleton Buddha beads in his hand. The sky changed color, and the sun and moon lost their light. Black wind and blood Qi flew in the sky. Then, an extremely terrifying aura swept across the entire scene. Even a heaven immortal would go soft in the legs with such power.

"Ha, you want to fight me with such strength? I'll let you bow your head!"

Ye chen did not hesitate and the immortal Flying Dagger flew out.

Buzz, buzz, buzz!"

The flying knife turned into a shadow and rushed forward. The skeleton demonic Zhang smiled, raised his hand, and chanted a spell. The skeletons on the skeleton Buddhist beads left the beads one after another. Blood Qi rushed in all directions, and soon, the knife light of the immortal-slaying flying knife dissipated.

"Interesting!"

Ye chen stood alone in the sky with his hands behind his back.

"Heavenly Dragon's eight notes, Suan ni, crack!"

A lion's roar and a Dragon's Roar shook the universe as they traveled thousands of miles!

The Qi of the eight Dragons instantly exploded, and the blood Qi of countless skeletons shattered and turned into nothingness.

"This!"

The skeletal demon Zhang narrowed his eyes at the sight. He finally knew why ye chen was able to stand here alone. There was a reason behind it. He glared at the Emperor of Darkness coldly, furious at his incompetence.

This made the Emperor of Darkness 'heart heavy. He could only retreat and express his regret.

"Kid, I acknowledge your strength, but you'll have to pay the price for messing around in front of the Capricorn powerhouses. Why don't you become my disciple and let you do whatever you want in the magic martial arts world?"

The skeletal demon Zhang was also aware of ye Chen's great potential. If such a person became his disciple, his position among the RAM tribe powerhouses would rise.

"Hahaha, skeleton demon Zhang, you're such an old fogey. You're so stubborn. I didn't even want you when you were my disciple, but now you want me to be your master instead. What a joke!"

"Bastard!"

This time, the skeleton demon Zhang was completely furious. As a highly respected Capricorn expert in the magic martial arts world, he wanted to take a disciple. Who knew how many people would fight over it? now, he was actually despised to such an extent. He had lost all his face.

"The blood of the skeletons wails, and the foul wind reverberates throughout the nine prefectures!"

The moment he attacked, he used his ultimate move. He wanted to kill ye chen. Such a powerful stance made the Emperor of Darkness feel carefree. After saying so much, the good show had finally begun.

"Phew, phew, phew!"

A bloody storm and demonic energy filled the sky. The huge RAM head appeared in the sky again. The skeleton demon Zhang flew up and stepped on the blood cloud. A real skeleton demon staff appeared in his hand. This was the real demonic weapon of the demon Zhang.

"Hahahaha, the skeleton sacrifices to the heavens, the blood of the devil staff dyeing the land of the nine prefectures. Kid, come and die!"

The skull wand released the power of the RAM. Suddenly, heaven and earth shook and the nine provinces sank. With the wand as the center, countless gales swept out and the entire sealed land fell into hell.

"Ha, now that's more like it. Otherwise, I would have thought that I was fighting an idiot!"

Ye chen sneered. The Black Tortoise heavenly snake appeared behind him. Like the five Heavenly Mountains, its might was unstoppable and unshakeable.

"Phew, phew, phew!"

No matter how cold the demonic wind was, only the celestial Thearch would never be destroyed!

[Chapter 2323 2328-Full Counter-Attack!](#)

"Nine changes of the true spirit realm: the heaven-swallowing centipede, the Dragon Chimera, and the ancient demon ape!"

Ye chen spat out a mouthful of true Qi. Instantly, immortal energy burst forth. Without a Foundation, he evolved three prehistoric magical beasts and descended.

"Roar!"

The three primordial fierce beasts roared angrily. A powerful aura swept out and instantly suppressed the bloody storm that was about to attack ye chen. They were like primordial guards standing in ye Chen's position.

In this case, if the skeleton demon Zhang wanted to attack ye chen, it would first have to face the three great ferocious beasts before it.

"How is that possible?"

This situation was clearly beyond the skeleton demon Zhang's expectations. As a Supreme true demon, an existence comparable to a golden immortal, his great divine ability was easily resolved by ye chen. If this happened, he would lose face. So many powerhouses and Warriors of the magic martial world were watching.

"Skeleton staff, rise!"

A skull eye shot out from Mo Zhang's glabella, instantly activating the power of the skull Staff. Its power increased a hundred times, and it began to absorb the Super strong Earth Qi of the devil martial world in the surrounding earth veins. This Earth Qi flowed endlessly into his Mo Zhang, forming a vast and boundless demonic energy.

"Puny Mystic immortal, how dare you be so arrogant in front of me. I'll make sure you die without a burial place today."

He flew into the sky and controlled his staff, summoning countless blood-colored vengeful spirits that turned into a chaotic flood that rushed straight at them.

The three great beasts came out together to resist the torrent in front of them.

However, the power of the torrent was not the same as before, and it was far from the small fights and troubles of the past. This was a real chaos in the untainted land.

At the moment of contact, the three beasts only felt that they could not move their bodies. No matter how hard they struggled, they were eventually submerged in the torrent.

"Hahaha!" The skeleton demonic Zhang laughed wildly after breaking through the blockade of the three ferocious beasts. It seemed that everything was under his control. What awaited his opponent was endless torture and painful death. Then, he waved his wand and directed the torrent to continue surrounding ye chen. He would soon achieve his goal and display his demonic might.

"Kill!"

Ye chen did not care that the three great primordial fierce beasts had been eliminated by mozhang. After all, this was not the absolute combat power he wanted to rely on. It was just a method to test the strength of the misty mozhang.

Now, he could sense the skeleton mozhang's true strength through the energy change when the three ferocious beasts were eliminated.

"Skeleton demon Zhang, since you are the representative of the deeper forces of the magic martial arts world, I will use my demon body to fight you!"

"What do you mean?" The skeletal demon Zhang did not understand what ye chen was saying. At that moment, ye Chen's figure transformed. His entire body was filled with demonic energy and he transformed into the Mowu Emperor form again.

At the same time, the Dragon Spear in the hands of the Mowu Emperor transformed into the dark Dragon Spear.

"How is this possible?" The demonic Zhang could not help but look at The Dark Emperor, wanting him to explain what was going on. How could a human expert be transformed into a person with demonic energy as he pleased? However, the Emperor of Darkness could only lower his head and remain silent. This was all due to ye Chen's own talent. What right did he have to explain?

"What a joke. In my magic martial arts world, you want to use Pandora demon ability to defeat me? ye chen, you brat, aren't you being too arrogant?!"

"Ha, skeleton demon Zhang, it's not that I'm too arrogant. It's just that you guys gave me too little pressure. You're too weak!"

"What?"

When he had eliminated ye Chen's three great summoned beasts in one blow, he had not received any respect from ye chen and had even been ridiculed. This situation made the demon Zhangzi extremely angry. His eyes glowed with a bloody light and the wand in his hand once again unleashed its power.

"Since that's the case, don't blame me for bullying you. The devil curse is like a rain of blood!"

He waved the wand in his hand and the bloody rain and foul wind formation was set up again. Coupled with the deep layer of demon energy that was constantly released from the Capricorn temple, the demon Zhang's strength had increased again. He did not believe that such strength could not subdue ye chen.

Sensing the powerful demonic energy in the demon's body, the powerhouses of the magic martial arts world were naturally excited. They knew that the demon's father-in-law was finally going to release a deep level of energy to support his battle. Under such circumstances, ye chen had no chance of survival.

"Phew, phew, phew!" Countless blood-colored wind and rain were like countless leeches that rushed out. They madly entangled and circled around ye Chen's body, absorbing the energy released by ye chen. They were all vampires, so they absorbed any form of energy.

"Come on!"

In the face of this, ye chen was not afraid at all. His demonic energy soared to the sky and was actually absorbed by the blood rain in front of him. This action puzzled the mozhang. His brows furrowed as he carefully observed ye chen, trying to find his weakness.

However, it was no use. Even in such an emergency situation, ye chen was still flawless.

"Something's wrong!"

Suddenly, the skeletal demon Zhang seemed to have realized something. He felt that there was too much mobile Pandora demon ability in his bloody storm. After sensing it carefully, it was indeed the

energy that ye chen had released and absorbed by the blood rain. This energy contained ye Chen's divine thought, and the divine thought that reported this was naturally the darkness pool.

Only the darkness pool could make use of its superior vitality to resist the corrosion of the blood rain and wind while protecting his divine will from being destroyed. As long as his divine will was not destroyed, the Pandora demon ability that entered the blood rain would be under ye Chen's control.

Ye chen watched as his blood rain gradually changed color and turned into darkness. Not only was ye chen not affected by the blood rain formation, but he was even strengthened by the demon energy. The demon Zhangzi would never have imagined such a scene.

"How hateful!"

Such humiliation was like teaching the demon Zhang a principle, that was, his various divine abilities and sorcery techniques were so childish in ye Chen's eyes and had no effect.

"Is this the power of the magic martial arts world?" Ye Chen's expression was disdainful. In an instant, the great army of the magic martial arts world was shocked. The deep power that they had hoped to revitalize the magic martial arts world had been here before ye chen?

The powerhouses of the magic martial world all looked at The Dark Emperor, hoping that he would give an explanation. However, what could The Dark Emperor say? if even the deep level Capricorn powerhouses were not ye Chen's match, they could only wait to be slaughtered.

"Ye chen, don't be too arrogant. Get out of the magic martial arts world immediately. This is your only choice!"

The Dark Emperor could only muster his courage and shout, hoping to put pressure on ye chen. In reality, he knew very well that such pressure was a joke to ye chen. This was to calm the emotions of the powerhouses of the magic martial arts world. At the same time, he supported the Capricorn powerhouses and showed his loyalty.

"A!"

The experts all shook their heads. They could tell what the Emperor of Darkness was thinking. In that case, their emotions became even worse.

They all looked in the direction of the RAM Palace. After all, there were other RAM powerhouses who had appeared with the skeleton mozhang this time, but they didn't seem to have any intention of attacking. They seemed to be still observing.

"Don't waste any more time. Skeleton demon Zhang, I'll give you a chance!"

"Oh? Haha, very good. If you dare to let me complete this divine ability, and if I lose, I'll let you enter the Capricorn cave!"

[Chapter 2324 The Powerful Core Of The Demonic Realm!](#)

"As you wish!"

Ye chen suddenly trembled. The entire dark blood rain array exploded in the air. He was the only one left in the void, waiting for the demon patriarch to make a move. He wanted to completely crush the confidence of the magic martial arts world, to make The Dark Emperor and the others who wanted to rely on their own strength to save the magic martial arts world give up completely.

"Momo, Momo, Momo ..." The skeletal demon Zhang began to chant a strange incantation. Even the other two Capricorn powerhouses were secretly moving, releasing some kind of energy to complement his movements. In this way, the power of the entire incantation was greatly increased. This time, it was not just the demon Zhang's killing move but the combined strength of the three of them. Even if they were hidden, they could not hide from ye Chen's eyes and ears.

"Mm ..."

Ye chen did not call for a stop in the face of the three's combined attack. Instead, he continued to wait for the celestial Thearch's attack. One could never go back on the celestial Thearch's words.

"Capricorn's origin force, dark blood, sacrifice to the God of Capricorn, please give me power!"

As the skeletal demon Zhang started the summoning ritual, the entire sky turned blood red. At the same time, a huge black goat appeared above his head and took on the form of a demon, constantly instilling mana into his body.

"Hahaha!"

After absorbing these energies, the skeletal demon Zhang's body began to change. His appearance began to take on the shape of a black goat, with two horns growing on his head, constantly emitting a bloody light. His body became tall and huge, with countless hairs growing on it, and his fingernails became very long, which was very terrifying.

"Ye chen, I'll make you pay the most painful price for being so conceited. I've already obtained the power of the god of darkness. Now, I'll let you take care of yourself!"

"Too much nonsense, hurry up and die!"

Ye chen replied coldly, making the skeleton demon Zhang feel that they could not waste any more time.

"Zi Zi Zi!"

At this time, the two Capricorn powerhouses behind him suddenly released their energy to support the skeleton mozhang. This was clearly cheating. It seemed that the skeleton mozhang and the others thought that this was the final blow and that ye chen had no way to avoid it.

"The cursed sword of the god of darkness, ah, the sword of curses!"

After chanting the incantation, the Black Goat let out a final roar. A majestic demonic shadow shrouded the entire sky. Then, the Black Goat's horns turned into a demonic sword and charged wildly at ye chen.

At this moment, the power of the entire magic martial arts realm was pressing down on ye chen. This was the display of the strongest power of the core of the magic martial arts realm in the earth vein. He must kill the person in front of him. This was a way to protect himself.

The skeleton mozhang had made use of the core of the magic martial arts realm, which was the self-consciousness transformation of the god of darkness, to obtain such violent and powerful killing power.

"Phew, phew, phew!"

The endless power of suppression transformed into a fatal demonic sword that could destroy everything in front of it.

At this moment, ye chen narrowed his eyes slightly. His entire body exuded an invisible divine energy.

"The core of the demonic realm!"

No one had expected ye chen to use the core power of the demon Realm. His body began to change as if he had been possessed by an ancient fiendcelestial.

"What?"

The Dark Emperor and the others had forgotten about the devil realm's core due to ye Chen's previous battle with the Capricorn immortal. They did not expect ye chen to wield such a divine weapon. He could even control the devil realm's core without any sense of disharmony. It was as if ye chen was a member of the devil clan.

Zila, Zila, Zila! The black Lightning was automatically produced above the core of the devil realm and fused with ye Chen's power. Ye chen absorbed the pure demonic energy of the devil realm's core and his body began to evolve. Two large bone wings that covered the sky grew on the back of the Mowu Emperor's body. It was the descent of the demon's body.

"Ten thousand demons imperial court!"

It was just one attack without any unnecessary movements. The thousand demons Imperial purposes and endless demonic energy all gathered into ye Chen's body. At this moment, the core of the demonic realm had become a container that contained all demonic energy. At this moment, ye chen did not have to worry about anything. He could devour any demonic energy like crazy.

"Roar!" The Black Tortoise sky snake, space and time raged, greedily absorbing the energy in the surrounding ley lines. It did not even refuse the power of the core of the magic martial arts realm.

"Phew, phew, phew!"

With the accumulation of endless energy, ye Chen's strength had increased to an immeasurable level.

"Don't give him another chance!"

At this moment, the two demons behind him shouted one after another. The skeleton demon Zhang nodded slightly and then released the judgment of the god of darkness.

"Boom boom boom!"

The most powerful destructive force was like a tsunami, unstoppable. Ye chen opened his eyes slightly. The endless demon energy he had absorbed was all transformed into his bone wings. The strongest Lucifer wings began to grow endlessly.

"The evil Lucifer is the feather of all evil!"

"Whoosh, whoosh, Whoosh!"

For a moment, the countless skeletal wings on ye Chen's back shot out endless evil feathers, crushing everything in their path.

The two powerful destructive forces collided. Although the skeleton demon Zhang had obtained the core of the magic martial world and the support of two great Capricorn powerhouses, he had not used the core body of the magic martial world after all. He was no match for ye Chen who had used the core body of the demon world.

The massive wings of evil were endless, and they completely crushed the dark God's judgment. The power of the two sides was instantly out of balance.

"No, that's impossible!"

In his most desperate state, the skeletal demon Zhang put up his last resistance. However, the feather of all evil pierced and cut through everything. His body was cut into countless pieces like tofu, and he died on the spot.

This scene completely shocked the demon powerhouses present. The skeleton demon Zhang, who had manifested the dark goat God, had been killed by ye Chen in seconds. What were they then?

All of this resentment was directed at the Emperor of Darkness. After all, he was the one who lost the core of the demonic dimension.

"Emperor of Darkness, you bastard. You actually caused the death of the skeleton demon Zhang."

"Ah, I ..."

Faced with the questioning of the two Capricorn experts, The Dark Emperor was at a loss.

"Stop ye Chen immediately. We have to protect the core of the magic martial arts realm!"

"Yes!"

The Emperor of Darkness had no other choice but to face ye Chen.

With the help of the other powerhouses of the devil realm, The Dark Emperor fought ye Chen head-on, hoping to stop ye Chen's close pursuit. However, this was a fool's dream. After fusing with the core power of the devil realm, ye Chen's strength was far above The Dark Emperor's.

"Hmph, I'll send you all to heaven!"

Ye Chen's goal was the core of the magic martial arts world. Since these people were unrepentant, he would eliminate them.

"Magic-style heaven storm!"

When the devil realm core was thrown out, the surrounding space immediately spun and shifted toward the direction of the core. Countless powerhouses of the devil martial world could not resist the

attraction of this level of power. They left the ground and entered the devil realm core. The flesh and energy of these people made up for the energy loss caused by ye chen using the devil realm core.

"Ah?"

This time, the Emperor of Darkness was truly stunned. His legs were trembling as he watched his subjects being continuously devoured by the core of the demonic realm!

[Chapter 2325 The Three Elders Of The Capricorn Sect!](#)

As the representative of the Capricorn powerhouses, he had been killed by ye chen. This was a fatal blow to the magic martial world.

Even the two great Capricorn powerhouses at the back were very afraid of ye chen. The person in front of them could actually control the core of the demon Realm at will.

Such a situation had never been seen before. This was because the core of the devil realm was something that even The Dark Emperor, the master of the devil martial realm, had to consume a large amount of energy to use. They could not even control its full power.

Ye chen, on the other hand, seemed to have used all of its energy and killed the skeleton demon Zhang with ease.

"Why aren't you all getting lost!"

"Attack!" Ye chen shouted coldly. He rode the angelic Black Tortoise and attacked.

Boom, boom, boom!

The surrounding space exploded under the terrifying power of the Black Tortoise, and no one dared to go forward.

"Emperor of Darkness, why aren't you stopping this person?" The two great Capricorn powerhouses at the back exerted pressure on the Emperor of Darkness. However, even the skeleton mozhang was no match for ye chen, let alone the Emperor of Darkness. How could he dare to move?

As for the Army of the magic martial arts world, they had been devoured crazily before, and now there was not much left, and their whole body was trembling.

Only two of the Capricorn powerhouses suffered ye Chen's most powerful attack.

"A Capricorn expert? ha, what a joke!"

Before the two Capricorn powerhouses could make a move, ye chen waved his hand and delivered a thunderous blow, carrying the core power of the demon Realm. The two powerhouses trembled in shock. They felt as if their bodies had lost their gravity and were floating in the air.

"This!"

In his panic, ye chen clawed with his sharp claws and exploded.

Flesh and blood flew everywhere, and magic energy splashed in all directions. The two Capricorn powerhouses exploded and died.

"Ah?"

The Emperor of Darkness was so frightened that he gritted his teeth. His face was twisted, and his mind was still out of his control. This situation made the devil Kings in the heavens prostrate themselves in worship. They no longer had the vigor of Du Kang and ye chen. After all, ye chen was now in the form of the magic Martial Emperor. The energy erupting from his body was the powerful mystic energy of the magic martial world.

In fact, his current prestige had already surpassed The Dark Emperor 's, and he had become the strongest leader of the magic martial arts realm.

"The Emperor of Darkness!"

"Ah?"

"Whoosh!"

A wave of demonic energy struck, and the Emperor of Darkness felt that he was unable to move. His meridians were still sealed by the demonic energy, and he was temporarily crippled.

"Swish!"

Under the powerful pressure, the Emperor of Darkness knelt on the ground.

"From now on, I'm your master!"

"This ..."

The devil Kings all looked at each other, not knowing what to do. However, ye Chen's cold glance caused the demon kings to shiver. The fear in their hearts made them kneel down as if they had lost their demonic nature.

"We agree with the celestial Thearch's order!"

"You will all be rewarded for escorting the Emperor of Darkness and taking back the core of the magic martial arts realm!"

"Yes!"

The demon kings of the heavens were intimidated by ye chen and did not dare to disobey.

The Emperor of Darkness knew that he had lost the battle and could only bow his head.

Ye chen rode the Black Tortoise and charged straight toward Capricorn cave. With every step he took, the earth trembled and a strong wind swept through. Just as he reached the entrance of Capricorn cave, a strong wind and rain of blood came from inside the cave, mixed with countless vampire bats.

Zila, Zila, Zila!

Ye chen threw out the dark Dragon Spear. The black Lightning struck wildly and blood splattered everywhere. The tens of thousands of bats were unable to get close at all and were all killed.

The entire cave collapsed and could not stop ye chen at all.

In the deepest part of the cave, a ball of dark energy was spinning and floating. The blood-red power core was constantly emitting a strange light. It was the core of the magic martial arts realm.

Three people were floating in the air beside him, continuously absorbing energy from the core. They were the three elders of Capricorn cave.

"He's here!"

"Ha, to be able to kill the skeleton demon Zhang, he is indeed a heaven's favorite of the human race!"

"However, before the three elders of the Capricorn sect, you can only be defeated and killed!"

"I didn't expect The Dark Emperor to completely abandon the glory of the Royal bloodline. What a pity!"

The three elders opened their eyes and turned to look outside.

At this moment, ye chen had arrived at the Capricorn Grand Hall on the Black Tortoise.

"You three old fogeys, you're the three strongest people in Capricorn cave!" Ye chen said coldly as he walked into the main hall and saw the three old men floating in the air.

"Ha, ye chen, in our eyes, you're just a child playing around. It's the greatest honor for kutuo to take you in as a disciple first. We've inherited his will. Now, we'll give you a chance to be the leader of the magic martial arts world. How about it?"

The three old men wanted to cripple the Emperor of Darkness and make ye chen the Emperor of the magic martial realm.

"Hahaha!"

Hearing this, ye chen laughed again and again. Indeed, these old men were all rotten people. They still wanted to take him as a disciple.

However, these old guys could not be blamed for this. It was all because ye Chen's talent was too high. They all wanted to recruit ye chen. This way, not only would the magic martial arts world have one less powerful enemy, but they could also rely on ye Chen's power to unify the six realms. This was a good deal.

What kind of person was ye chen? he had reincarnated from heaven and earth and was destined to be an existence that could overturn heaven and earth. It was impossible for him to take these people from the magic martial world as his master!

"You pedantic people might as well die early and reincarnate early!"

"You! As expected, you're arrogant and foppish!"

The three elders of the Capricorn sect did not expect that even with their experience and strength, they would still be defeated by ye chen. The person before them would not listen to anyone's arrangements. This was a madman who was on the right track. To deal with such a person, the only way was to kill him without a second word!

"Kill!"

The three elders of the Capricorn sect attacked at the same time, and three demonic lights rushed over.

Boom, boom, boom!

With three shocking explosions, the entire Capricorn cave collapsed and exploded.

Such a Grand force shook the entire magic martial arts world. The demon kings all looked over. They knew that ye chen had not encountered the three elders of the Capricorn sect in the cave.

The demon kings' rebellious nature was once again aroused and they were all happy. As long as ye chen was killed by the three old men, they could still restore the glory of the demon race.

"Hahaha, the three elders of the Capricorn sect are powerhouses far above the mozhang. With the three of them together, ye chen can't possibly be their match. Our magic martial world is still invincible!"

"That's right, who does ye chen think he is? now is the time of his death!"

Those who had revered ye chen like a god before were now mocking him for being nothing. This was the face of the devil Kings of the devil martial world.

The entire battlefield was revealed. It was the three elders of the Capricorn sect against ye chen.

Behind the three elders of the Capricorn sect, a huge blood-red ball of light was spinning. It was the core of the magic martial arts realm.

Seeing the core of the magic martial arts realm, the devil Kings in the sky all showed respect. They could feel the primitive power of the magic martial arts realm from it.

"Ye chen, do you know what you're facing now that you've provoked our killing intent?"

"Hmph, three peak Supreme true demons?"

"Since you already know, why did you still use such a plan? you're really stupid!"

"The worst plan? Hahaha, everything I'm doing is the heavenly Dao. How can there be a bad plan? Haven't you realized your end?"

At this moment, ye chen once again took out the devil realm core. Suddenly, the devil energy soared to the sky. It was unrivaled.

[Chapter 2326 2331-Double Hearts In Hand, Control Of The Universe!](#)

In the face of the incomparably powerful heavenly Emperor ye chen, the three elders of the Capricorn sect finally revealed their anger. They did not care whether ye chen submitted or not. As long as they killed this man, they would be rid of any future trouble.

"En!"

The three of them nodded to each other, reaching a consensus. They began to use their true abilities.

This was undoubtedly the best news for the devil Kings of the magic martial world. After all, they had been intimidated by ye chen and became his subordinates. If the three elders of the Capricorn sect could not kill ye chen now, it would be considered a betrayal. The consequences could be imagined.

"The three elders of the Capricorn sect are invincible!"

"Kill this outsider and restore the glory of the magic martial arts world!"

"Who cares about ye chen? the three elders of the Capricorn sect are the strongest forces in the depths!"

The devil Kings all started to support the three Capricorn elders, but the three elders didn't have time to care about them. They just let them roar here. What they had to deal with was the strong enemy in front of them.

On the battlefield, ye chen faced the three elders of the Capricorn sect alone. All three of them were peak Supreme true demons, equivalent to peak golden Immortals. Such a lineup could be said to be invincible below the overarching heaven Supreme immortal level. Moreover, ye chen was only an abstruse immortal, not even a celestial immortal. The three elders had absolute advantage and confidence.

"My fellow Daoists, there's no need to waste time with him. Release the core of the magic martial arts realm and kill this man!"

"Alright!"

The three of them had come to an agreement to use the core power of the devil martial world to kill ye chen, who controlled the core of the devil realm.

Ye chen smiled. He had expected these three old men to do this but he would give them a big surprise.

"Mcmau's top-tier secret technique!"

The three of them simultaneously activated the high-tier magic martial arts secret techniques that they had cultivated in Capricorn cave for tens of thousands of years. Suddenly, the core of the entire magic martial arts world was activated. Blood light soared into the sky, and the surrounding space instantly entered a state of infinite suppression. Even the devil Kings of the magic martial arts world felt that their bodies could not move at all, like puppets.

This was the powerful pressure from the core of the magic martial arts world. The blood-red power dyed the sky red, causing the entire sky above the entire Capricorn cave to dim and the sun and moon to disappear!

The blood-colored Halo constantly moved and floated within a thousand-mile radius of Capricorn cave. As long as it was within its range, all life would be strongly suppressed. No matter how strong their vitality was, they would wither and lose their strength.

Ye chen quickly sensed this strange phenomenon. The energy in his body, even his Pandora demon ability, was being lost. It was clear that the tyrannical power of the core of the magic martial realm had completely crushed the core of the devil realm. Such a dangerous situation made him serious.

"Zi Zi Zi!"

Throwing out the devil realm core, ye chen increased the power of the Mowu Emperor to the limit.

"Hahaha, it's no use, kid. With the power of the mcmau Emperor, you'll only have the same status as The Dark Emperor. It's impossible for you to escape the control of the core of the mcmau world, unless you become the mcmau great emperor and become an existence above us. However, as a human, this is impossible. You'll only die!"

"Don't struggle anymore, kid. I'll give you a quick death!"

"Before the core of the devil realm, the core of the devil realm is trash. You're going to lose!"

The three elders of the Capricorn sect kept instilling these weakened ideas into ye chen, making him understand the power of the core of the magic martial arts world. It was to suppress ye Chen's spirit of resistance and make him bow down to them, turning him into a lamb for slaughter.

However, this was their biggest mistake. Ye chen, a ninth heaven war god, how could he yield to such "lowly" power?

"Ah!"

With a cold shout, ye Chen's entire body erupted with underworld energy.

However, he soon felt that his netherworld energy was on the verge of being exhausted. It was precisely because he had overused the netherworld God Power in the previous battle that he was unable to transform into the ancient netherworld war god in a short time. Otherwise, he would not be afraid of the core of the magic martial realm.

"Hahaha, under the suppression of the core of the magic martial arts realm, you still want to use other powers? what a joke!"

"That's the stupidest thing you've done. Although I'm surprised that you're releasing such a large amount of underworld energy, let me tell you this. You're just asking for death if you use power outside of dreams!"

A blood-red eye appeared between the three old men's eyebrows. It was the condensation of the power of the Capricorn dark god.

"Zi Zi Zi!"

These powers began to emit a strange light, and the image of a huge Capricorn dark god appeared behind the three of them, representing that their dark power had reached its peak.

"Absorb!"

The three of them continued to absorb the blood-red demonic energy that was rushing out of the core of the magic martial realm. Together with the power of the dark god of Capricorn, an extremely powerful demonic energy came.

"Phew, phew, phew!"

A demonic energy storm rose around him. Ye chen felt that he could no longer control his body and was beginning to feel the extreme crushing force.

"Brat, you're dead!"

The three old men released a blood-red light from their foreheads at the same time, mixing with the powerful demonic energy from the core of the magic martial realm. This was a sure-kill attack. No one could escape from such a siege. Balls of blood-colored mystic energy were like the blades of a butcher, crushing down on ye chen. Everything that stood in the way of these powers was shattered and disappeared.

"Hahaha, this kid is dead!" Although the heavenly demon kings could not move, they were all shouting loudly, hoping to see ye Chen's defeat. It was exactly what they had dreamed of.

"Boom boom boom!"

Crack, crack, crack!

The entire earth gradually exploded under the pressure of this force. It was as if the end of the world was right in front of them.

After that, under the violent killing of the demonic energy, everything fell silent. The three old men locked onto the core of the battlefield. At the same time, all the demon kings looked over, waiting to see the result. The Emperor of Darkness endured the injuries on his body and stood up. He also hoped to see ye Chen's shattered body.

However, they were disappointed!

At the core of the battlefield, a single person stood alone. On both his fingers, he was holding an energy core. It turned out to be the resplendent netherworld core!

With the support of the underworld core, ye chen could once again use the power of the underworld and gather the shadows of the underworld.

The Grand apparition of the god of the underworld extended two large skeletal hands and blocked all the energy attacks. Ye chen was not seriously injured.

"What?"

The three elders of the Capricorn sect could not even imagine such a scene.

They widened their eyes and looked at the majestic shadow of the god of the underworld in front of them. They were a little flustered. They tried not to show it, but with the dual power of the Capricorn god of darkness and the core of the magic martial arts realm, the three of them did not even manage to injure ye chen. This result was unacceptable and even made them panic unconsciously.

With two great cores in hand, this was something that only a person with great luck could do.

"Zi Zi Zi!"

The netherworld core, the demonic realm core, with two hearts in hand, the universe was under his control!

"Now, it's my turn to make a move!"

"Ah ... This!"

The three elders of the Capricorn sect immediately became nervous. Could the people who controlled the two cores still be called humans? they could even be called gods. What kind of destructive power could such gods bring?

[Chapter 2327 Ancient God Origin Force!](#)

"Double heart enlightenment!"

Zila, Zila, Zila!

As the dark lightning swept across the entire scene, the heart of the underworld and the heart of the demon Realm appeared in ye Chen's hands. With both of his hearts in his grasp, he shocked the nine Heavens and ten lands.

"Phew, phew, phew!"

Waves of indescribable energy flowed through ye Chen's body. His meridians were as vast as mountains and rivers. The energy flow was circulating rapidly. Waves of invisible force ran wildly on the ground, constantly attacking the body and mind of the three elders of the Capricorn sect.

"What should we do? this kid is a monster!"

"The three of us are the last barrier of the core of the magic martial arts world. We can't retreat!"

"It seems that this man is a genius of heaven and earth. Only by releasing our ultimate power and cooperating with the core of the magic martial arts realm will we have the power to fight."

The three of them looked at each other again and made a final decision. This was a decision that put everything in the magic martial arts world on the line.

The three of them released their maximum mana. This was a self-destructive method. At this point, they had no other choice. This was the only way to stimulate the strongest power in the core of the magic martial realm. This was the only treasure they had to win.

"High demon Emperor, we'll offer you a blood sacrifice. Summon!"

Buzz, buzz, buzz!"

Blood spurted out from the three of them, splashing onto the core of the magic martial realm. Suddenly, the core seal was opened, and the soul of the most powerful Emperor since the creation of the magic martial realm was sealed inside.

Three powerful souls flew out and charged at the three Capricorn experts. The three old men instantly felt as if their bodies had been reborn.

"Hahaha!"

The three of them laughed wildly at the same time, but their laughter shook the universe and shook the world.

The demonic energy soared to the sky and even began to counter ye Chen's power of two hearts. Such an action gave the demon kings of the demon martial world Hope again and they cheered again. The rest of the Army of the magic martial arts world cheered with them.

"The magic martial arts world will still win!"

"The three elders of the Capricorn sect are all Supreme true demons. It's impossible for them to lose!"

"Long live the magic martial arts world!"

Countless strong men cheered, hoping that through their cheers, the three old men's luck would increase again and suppress ye chen.

In the face of the three old men's outburst, ye chen smiled coldly, a bloodthirsty look on his face. In his opinion, all this was futile. The core of the magic martial arts world was something he was determined to get. No one could stop this from happening.

"The cosmos furnace!"

Boom, boom, boom!

The entire space cracked open and countless mystical fires rose up, burning the entire sky.

Following that, the heart of the underworld and the heart of the demon Realm floated into the air and appeared in the heaven and earth furnace. Then, ye chen released his ancient divine power and ignited his own life to reactivate the heaven and earth furnace.

"Phew, phew, phew!"

The wild flames burned for 90000 miles, and there was a universe in the furnace!

As ye chen burned his life, destiny, and the power of the furnace, he was a hundred times stronger than before. Both his hearts were refined at the same time and were completely under ye Chen's control.

"Battle God ancient netherworld!"

By overdrawing his life, ye chen finally released the ancient netherworld war God's power again. This time, the ancient netherworld war god who had fused two hearts was much stronger than before!

Zila, Zila, Zila!

Countless bolts of lightning coursed through ye Chen's body. His meridians had already turned into steel channels, allowing the energy to flow smoothly and no one could break through.

He was now the most powerful war god and the most ferocious beast. Whoever dared to stand in his way would be going against the heavens and earth and the god of death! This was ye Chen's first time experiencing such a powerful force. At this moment, he could even feel that his state had turned into nothing. It was nothing at all. Only true strength was everything.

It was the God clan's power Upanishad!

Under the stimulation of his two hearts, ye chen had clearly broken through the three-star godhood's limit and stepped into the threshold of a four-star ancient God.

"Roar!"

A long roar shook the sky, the clouds disappeared, and the mountains and rivers froze!

A pair of cloud-like wings unfurled behind ye Chen's back, releasing endless underworld God Power. At the same time, his entire body transformed into a body of heaven and earth. This was the embodiment of the Pangu divine spark. A four-star ancient God was invincible!

"Ancient netherworld unique style, resplendent moon-breaking style!"

Ye Chen used his ultimate move right from the start. He defeated the three elders of the Capricorn sect with the broken Moon stance.

"Hahaha, good!"

The three old men were not ordinary people either. They had sacrificed their own foundations and also received the gift of the core of the magic martial world. The figures of the ancient magic Martial Emperor appeared on their bodies.

"We have the power of three great emperors. Ye Chen, you have no chance of winning!"

"Ye Chen, invading the Mcmau world and snatching Mcmau's core is your biggest mistake!"

"Mcmau is Supreme, we're invincible!"

The three old men unleashed the power of the three great ancient Mcmau emperors at the same time. With the support of Mcmau's core, their current strength was also far above that of a golden immortal.

The surrounding space had completely sunk into oblivion. The boundless energy was out of control. Countless experts from the devil martial realm had died under the violent energy. Even experts like The Dark Emperor were unable to resist such a storm.

They all retreated three hundred miles and released their energy to support the world.

However, these worlds were soon destroyed again. It was not that they were not strong, but Ye Chen and the three old men of the Capricorn sect were too abnormal!

"Mcmau's art of immortality looks down on the three elders to destroy the heavens!"

"Zi Zi Zi!"

The three ancient demonic energy took root in the bodies of the three elders and took complete control of their cultivation techniques, unleashing their limits. This was an unlimited release, and they didn't care about the damage they caused. They only cared about killing the enemy in front of them.

On the other side, Ye Chen had advanced to a four-star ancient God and his ancient God Body tempering had reached a higher level. His entire body circulated the ancient God's primitive power and the stars in the sky responded. It was precisely because many of these stars were created by the ancient gods.

"Ancient God's star creation art, heaven and earth return to one!"

Ye Chen's eyebrows twitched and he opened his eyes. The Demon's Eye and Gu Sen's eye revealed their sharpness at the same time. They merged into one and had supreme power!

"Boom boom boom!"

The power of both sides swept out. In front of them, space was no longer a matter of concern because the speed of their energy was too fast, exceeding the limit of space. The moment they attacked, it was the time for the battle.

The boundless and majestic energy collided together. The three elders of the Capricorn sect used the most powerful magical ability in the magic martial world. The three of them combined their strength and were extremely unpredictable!

On the other hand, ye chen had activated the ancient God's primitive power through a four-star ancient God. It was formed naturally by countless laws of creation. Countless stars were created and pushed by ye chen.

On the battlefield in front of them, the ancient gods threw out countless star clusters and completely crushed them. No matter what kind of power was in front of them, it could not be compared to the power of creation here. The magical rescue could not resist the power of the ancient gods 'creation and was shattered in the sky.

A powerful shockwave, accompanied by an ancient God spell, instantly flooded the entire cave.

"Ah!"

At the end of the battle, the three elders of the Capricorn sect instantly turned into dust and disappeared with the wind!

[Chapter 2328 2333-A Motley Crowd!](#)

Although the experts were all shaken by the storm and couldn't remain calm, they could still feel the power of the three elders of the Capricorn sect completely disappear. At that moment, their minds completely collapsed.

"No! Why did the three elders of the Capricorn sect fail?"

"How is this possible? three great emperors possess him. How can the three of them not be ye Chen's match?"

"What should we do?"

The powerhouses had previously submitted to ye chen but rebelled with the appearance of the three elders of the Capricorn sect. Now that ye chen had killed the three elders, what should they do? This was a question that only ye chen could decide.

The entire space gradually calmed down. Only the mcmau core was still operating. However, without the three old men's control, it had fallen into a state of self-operating machinery and could not actively attack ye chen.

The celestial Thearch turned around, and all of these demon kings trembled as if they were being bitten by countless ferocious beasts. Their hearts were incomparably cold, and they fell into a bottomless abyss.

No one could remain calm in such a state. They all bowed to ye chen and did not dare to look up.

The Emperor of Darkness was the same. He had already understood what ye chen had said earlier. He had made the worst choice. He had summoned the power of the deepest level in an attempt to resist the heavenly Emperor. In the end, everything had been in vain. Nothing had changed.

"Emperor of Darkness, you have betrayed me. Do you have anything to say?"

The deep dragon roar shook the Emperor of Darkness and the hearts of the devil Kings. They didn't dare to reply and didn't know how to reply.

"Speak!"

A lion's roar was heard, forcing The Dark Emperor and the others to respond.

"We have defied the heavens, and we know our mistake!"

"Please forgive us, Lord heavenly Emperor. We swear our loyalty to you!"

"We are willing to become the slaves of Lord Celestial Emperor. We will definitely not object!"

Many powerhouses knelt on the ground. The lofty emperors, demon emperors, and demon kings were all ants now, kneeling at ye Chen's feet. On this side, the strong were respected, and on this side, ye Chen's path of the heavenly Emperor!

The air seemed to freeze, all sound disappeared, as though time had stopped. The devil Kings all turned pale with fright, not knowing what was happening.

"The heavenly Emperor has ruled that bi an will fall into eternal reincarnation!"

"Ah?"

The most terrified expressions appeared on the faces of the devil Kings and the Emperor of Darkness in an instant. They saw a powerful palm print descending from the sky. This was the final judgment given to them by the celestial Emperor. This was the end of their luck, and this was the cage of fate that they could not escape from.

"Boom boom boom!"

A vast energy swept across the entire scene. This was the power of creation of a four-star ancient God. It was endless and impossible to resist. Tens of thousands of Devil Kings and nearly a million elite soldiers of the magic martial world were instantly drowned under this palm. No sound was made. Only the extreme impact and explosion destroyed the entire Capricorn cave.

p This time, it was truly peaceful. Other than ye chen, there was no sign of life in the surroundings. The magic martial arts world had been annihilated!

Mcmaw's core was still operating well. It seemed that the heavenly axiom would never change because of a person's death. It was the heavenly axiom!

"Ancient God's star picking hand!"

Ye chen made another hand seal and forcefully subdued the mcmau core.

Although the demonic soul tried to resist, it was no match for ye chen.

Mcmiau core, netherworld core, spirit realm core, and devil realm core-ye chen already had four great cores in his hands!

"Zi Zi Zi!"

At that moment, the four cores floated up into the air. There was a resonance between the four of them, and the shadows of the other two cores appeared in the air, forming a cycle of the six jewels.

"This ..."

Ye chen had not expected this. However, he was smart enough to see such a phenomenon. He thought that there must be a deeper and deeper connection between the six jewelries. It was possible that the six realms had a common origin.

"Collect!"

In order to avoid any bigger anomalies, ye chen put away the four cores and set his next target, the great immortal spirit world!

"Linghuang, it's time for us to settle our scores!"

Ye Chen's expression turned fierce. Then, he steered the Golden Lotus sword boat toward the spirit realm.

Spiritual realm, spiritual brilliance Palace.

"What? ye chen has already subdued the four cores?"

When he heard this news, Ling Huang collapsed on his throne, his entire person listless. This news meant that ye chen had unified the Four Realms. Even a fool would know that the next step would be the celestial Spirit realm.

"Lord Ling Huang, the heavenly Emperor ye Chen's might is unstoppable. Even the three elders of the Capricorn sect, who have the advantage of being mcmiau's core, are no match for him. What should we do?"

"Al, I really didn't expect this kid to grow so fast. It can't be explained with common sense. The celestial realm really shouldn't be his enemy!"

Ling Huang stood up slowly and shook his head, looking very dejected.

At this moment, footsteps were heard.

"Linghuang, why are you so worried? we have returned, why should we be afraid of a mere Mystic immortal?"

"That's right, subduing the Four Realms is just luck!"

At this moment, dozens of Celestial Spirit realm experts walked in from outside the hall. They were the celestial Spirit realm experts who had been scattered in the greater world. They had all rushed back after hearing that the celestial Spirit realm was in an emergency.

These people were powerhouses who had traveled to many other universes. They were naturally knowledgeable and confident, so they did not take ye chen seriously.

However, Ling Huang knew very well that most of these people had high standards but low standards. Although their cultivation bases were extraordinary, they were arrogant. They might not have an advantage against ye chen. Once they angered the celestial Emperor, the consequences would be unpredictable. The magic martial world was a living example.

"Everyone, I know that you're all powerhouses who have toured the heavens, but ye Chen's strength can't be underestimated. He's invincible in the Four Realms by himself. This isn't something an ordinary person can do." Ling Huang said.

"Hahaha, the universe is far more than just chaos. We've seen countless Masters and there are many more who are stronger than ye chen. A mere human abstruse immortal dares to be so arrogant. Let him come!"

"That's right. Any one of us can kill this person. Why are you so worried, Lord Ling Huang?"

"Linghuang just needs to watch from the side, I'll wait for him!"

All the powerhouses chimed in. Ling Huang knew that it would be useless no matter what he said. After all, many of these people were of the same generation as him, and some were even older than him. It was not appropriate for him to say anything. He also hoped that these people could stop ye chen, but no one knew what the result would be.

"Alright, since everyone is so confident, I'll also make a bet!"

"Hahaha, that's right!"

The experts walked out of the hall one after another. Some of them had already started to set up a defensive formation without going through the spiritual brilliance Palace. This kind of overthrowing behavior showed their arrogance and unruliness.

Ling Huang had the heart but not the strength, so he could only let it go.

After passing through the deep sea true spirit Palace, ye chen quickly arrived at the immortal spirit world domain. He did not give them any more time to build their defenses.

"Ha, a Motley crowd!"

[Chapter 2329 2334-Death Of Zhao Wangcai!](#)

In the sky above the immortal spirit realm, clouds rolled and lightning flashed.

On the cloudsky sword path, the heavenly Emperor ye chen walked alone. His entire body was filled with a stern aura, and his infinite power illuminated the universe.

"Mm ..."

At this moment, an immortal spirit realm expert who was wandering outside stepped out with a confident expression.

"This must be the ye chen who calls himself the heavenly Emperor?" The man looked at ye chen with disdain and asked.

Ye chen looked at the people below and gave them a sidelong glance, but he did not respond.

"Ha, senior Brother Yun Qu, it seems that this person is intimidated by your aura and doesn't dare to speak. Hahaha!"

"Senior Brother Yun Qu, the heavenly Emperor is here. Do you want to show us what you've got?"

The other wandering powerhouses stepped forward one after another. They did not take ye chen seriously at all and even began to make fun of him. Such behavior worried Ling Huang greatly. He was sure that ye chen would be furious under such circumstances. Could they really withstand the wrath of the heavenly Emperor?

"Ye chen, why have you come to My Immortal spirit world?"

Seeing that the situation had stagnated, Ling Huang spoke in advance and walked forward.

Seeing Ling Huang approach, ye chen sneered, "I don't know where these trash came from, but Ling Huang, hand over the immortal realm core immediately, and you might still have a chance!"

"This ..."

Hearing ye Chen's words, Ling Huang instantly understood the severity of this matter. The core of the immortal spirit world was the foundation of the immortal spirit world. Once he handed it over, it was equivalent to handing over the entire immortal spirit world to someone else. However, if he did not hand it over like a dog, ye chen would be enraged and millions of corpses would be buried. He had let down the cultivators of the immortal spirit world.

"Senior brother sect leader, what do you mean?"

Hearing Ling Huang's words and seeing him so submissive, the wandering experts were very unhappy and went up to question him. Ling Huang did not know how to respond to these people's questions and could only shake his head.

"Hmph, Ling Huang, I didn't expect you to be such a coward. You want to obey the orders of a mere Mystic immortal? what a joke."

The leader of the wandering experts, Yun qusheng, walked out and said sternly to Ling Huang.

"Yun qusheng, you've been wandering outside. Although your strength has improved significantly, you don't know that the man in front of you is a Supreme genius who is destined by the heavens. He's not someone you can deal with. I'm fighting for the survival of the immortal spirit world. What are you dissatisfied with?"

"Hahaha, what a joke! Linghuang, we've returned from our travels to restore our immortal spirit world and unify the world. Seeing you bow and bend your knees really makes us angry. Let us deal with this person, but after that, you must give up linghuang's position. "

"Hmph, I won't stop you if you insist on doing things your own way. As long as you can defeat the person in front of you, I'll naturally give up my throne!"

"My words carry enormous weight!"

The powerhouses smiled. They did not expect Ling Huang to be so afraid of ye chen that he would give up his position. This was a great opportunity. As long as they killed the invader before them, everything would be in their hands.

The wandering experts looked at each other and smiled. As expected, when one was out traveling and improving themselves, good luck would follow when they returned.

Yun qusheng was about to make his move. This was a good opportunity for him to make a name for himself. If he could inherit linghuang's position, it would be a huge breakthrough.

However, he was stopped by someone. This person was Yun qusheng's junior Brother, Zhao wangcai. He was nine feet tall and had a beautiful appearance. He wore a white robe and carried a long sword. He was a scholar.

"Senior Brother Yun, this person is arrogant, but he's just a mere Mystic immortal. Leave him to me!"

"Ha, Junior Brother Zhao, since you want to make a contribution, there's nothing wrong with leaving it to you."

This man was Yun qusheng's good friend and best friend. Zhao wangcai's success was the same as his.

Zhao wangcai nodded slightly and walked forward.

He first sized up ye chen, then smiled in disbelief. "Little brother, you look like a talented man, and you're also a genius of the human race. Why do you have to come to the immortal spirit world to die? do you know that the immortal spirit world is a higher plane than the spirit world? for people like you who come from an extremely low plane, it's a Supreme existence. It's already a great fortune for you to be able to come here, and now you actually dare to invade. Shouldn't you kneel down and ask for forgiveness?"

"Ha, I guess it's a waste of time to talk nonsense with you. Why don't you commit suicide here to save the trouble?" Ye chen said.

"What?"

Zhao wangcai's eyes turned cold, then he smiled, "It's true that newborn calves are not afraid of Tigers! However, you'll soon know that going against the celestial realm is your biggest cause of death!"

Suddenly, his sword finger moved and a stream of sword Qi flew out from the poem wine sword, heading straight for ye chen.

"Swish!"

The sword Qi went straight into ye Chen's chest without any resistance.

"Hahaha ..."

Then, the Masters below laughed out loud. They were all afraid of Qin Chu. He was pierced by the sword energy head-on. This was a suicidal act.

They did not expect ye chen to be so powerless. Zhao wangcai had not even used his divine weapon and could kill an enemy from a thousand miles away with just the invisible sword aura. This result was a world of difference from the value they had heard from Ling Huang. They did not want to investigate the reason. They only wanted to see the result, which was the rise of their yunyou sect and the decline of Ling Huang's power.

"This kind of person is the Supreme genius that sect leader senior brother spoke of? Hahahaha, I think you really have to give up your position to my senior Brother Yun qusheng. "

"Hahaha, Junior Brother Zhao wangcai, you've worked hard to kill the enemy in one strike!"

Yun qusheng also smiled. He did not expect that the position of sect leader would be so easy to obtain. Just as they were walking towards Ling Huang, the latter suddenly shook his head.

Many of the cultivators looked puzzled, and Ling Huang said, ""You're all too shallow. Ye chen took a blow from you alone. This shows the difference in strength between you and him. You're not on the same level at all. Even if you use your divine weapon, the poem wine sword, you're no match for him. Hurry up and apologize or you'll die!"

"What are you talking about? Ling Huang!"

Zhao wangcai smiled contemptuously. He was no longer ready to respect the old man in front of him. Instead, he was ready to wait for Yun qusheng to become linghuang and then take up a high position.

"Swish!"

However, at this moment, a sword energy suddenly appeared out of thin air. Everyone was very familiar with this sword energy. It was the sword energy that Zhao wangcai had used to "kill" ye chen. At this moment, it was returning with tenfold its power.

"Junior Brother Zhao!" Yun qusheng was shocked and shouted at Zhao wangcai, but it was too late.

The tenfold reflection of the sword Qi instantly broke through Zhao wangcai's protective immortal energy. The sword Qi then entered his heart and exited from his back.

"Uh ..."

Zhao wangcai, who was still smiling contemptuously just now, suddenly trembled. He slowly turned around and looked up at the sky. The independent man from before was still standing in the same place, but the corner of his mouth curved up, as if he was laughing at Zhao wangcai's overestimation of his ability, or perhaps he didn't take it seriously at all. In the sky above the immortal spirit realm, clouds rolled and lightning flashed.

On the cloudsky sword path, the heavenly Emperor ye chen walked alone. His entire body was filled with a stern aura, and his infinite power illuminated the universe.

"Mm ..."

At this moment, an immortal spirit realm expert who was wandering outside stepped out with a confident expression.

"This must be the ye chen who calls himself the heavenly Emperor?" The man looked at ye chen with disdain and asked.

Ye chen looked at the people below and gave them a sidelong glance, but he did not respond.

"Ha, senior Brother Yun Qu, it seems that this person is intimidated by your aura and doesn't dare to speak. Hahaha!"

"Senior Brother Yun Qu, the heavenly Emperor is here. Do you want to show us what you've got?"

The other wandering powerhouses stepped forward one after another. They did not take ye chen seriously at all and even began to make fun of him. Such behavior worried Ling Huang greatly. He was sure that ye chen would be furious under such circumstances. Could they really withstand the wrath of the heavenly Emperor?

"Ye chen, why have you come to My Immortal spirit world?"

Seeing that the situation had stagnated, Ling Huang spoke in advance and walked forward.

Seeing Ling Huang approach, ye chen sneered, "I don't know where these trash came from, but Ling Huang, hand over the immortal realm core immediately, and you might still have a chance!"

"This ..."

Hearing ye Chen's words, Ling Huang instantly understood the severity of this matter. The core of the immortal spirit world was the foundation of the immortal spirit world. Once he handed it over, it was equivalent to handing over the entire immortal spirit world to someone else. However, if he did not hand it over like a dog, ye chen would be enraged and millions of corpses would be buried. He had let down the cultivators of the immortal spirit world.

"Senior brother sect leader, what do you mean?"

Hearing Ling Huang's words and seeing him so submissive, the wandering experts were very unhappy and went up to question him. Ling Huang did not know how to respond to these people's questions and could only shake his head.

"Hmph, Ling Huang, I didn't expect you to be such a coward. You want to obey the orders of a mere Mystic immortal? what a joke."

The leader of the wandering experts, Yun qusheng, walked out and said sternly to Ling Huang.

"Yun qusheng, you've been wandering outside. Although your strength has improved significantly, you don't know that the man in front of you is a Supreme genius who is destined by the heavens. He's not someone you can deal with. I'm fighting for the survival of the immortal spirit world. What are you dissatisfied with?"

"Hahaha, what a joke! Linghuang, we've returned from our travels to restore our immortal spirit world and unify the world. Seeing you bow and bend your knees really makes us angry. Let us deal with this person, but after that, you must give up linghuang's position. "

"Hmph, I won't stop you if you insist on doing things your own way. As long as you can defeat the person in front of you, I'll naturally give up my throne!"

"My words carry enormous weight!"

The powerhouses smiled. They did not expect Ling Huang to be so afraid of ye chen that he would give up his position. This was a great opportunity. As long as they killed the invader before them, everything would be in their hands.

The wandering experts looked at each other and smiled. As expected, when one was out traveling and improving themselves, good luck would follow when they returned.

Yun qusheng was about to make his move. This was a good opportunity for him to make a name for himself. If he could inherit linghuang's position, it would be a huge breakthrough.

"Hahaha, Junior Brother Zhao wangcai, you've worked hard to kill the enemy in one strike!"

Yun qusheng also smiled. He did not expect that the position of sect leader would be so easy to obtain. Just as they were walking towards Ling Huang, the latter suddenly shook his head.

[Chapter 2330 A Smile From A Thousand Troops!](#)

"How is this possible?"

Yun qusheng was extremely puzzled. Everyone had seen Zhao wangcai's sword Qi stab ye Chen's heart. It was a position of certain death. How could it be reflected back? it was even ten times the power of the backlash. This was absolutely unreasonable!

"This is the consequence of going against me. All of you have traveled the world, but you are nothing!"

Ye Chen's strong judgment of these so-called wandering powerhouses infuriated the self-conceited wandering powerhouses.

There were a total of twelve wandering powerhouses who had returned this time. Zhao wangcai, who had been killed by ye chen in a second, was below average. After all, ye chen was only at the abstruse immortal stage. In their eyes, he was extremely weak and did not need an expert to fight. However, ye Chen's way of killing Zhao wangcai was indeed exciting. It piqued the interest of these powerhouses.

They all thought that Zhao wangcai's death was merely due to him underestimating his enemy and not understanding ye Chen's ability. This time, if any one of them made a move, ye chen would definitely die.

"Let me do it!"

A traveling expert made his move. This person didn't want to delay any longer and immediately used an ultimate move. Furthermore, it was a super Divine Art he had learned from another universe and fused with his own nomological laws. He had cultivated for hundreds of years and could destroy the world. He was extremely powerful.

"Ah!"

With a cold shout, he flew up and his entire body was covered in a dark light. A huge mushroom-like creature appeared behind him.

"Black Devil secret order!"

"Zi Zi Zi!"

The black demon secret order, combined with his own immortal energy, was actually a dual cultivation of immortal and demon!

Those who could cultivate in both immortality and Demonic Cultivation were already geniuses. However, because this person had not cultivated for long, his cultivation base was not as good as others. However, against ye chen, his cultivation base was clearly superior. Coupled with the immortal and Demonic Cultivation, it was impossible for him to lose. This was what the wandering powerhouses believed in their hearts.

"Hahaha, ye Chen's dead!"

"Celestial and demonic dual cultivation. No matter what, ye chen can't resist such power!"

"As long as we treat him seriously, we can't kill him."

The celestial and demonic dual cultivation divine power quickly ignited the wandering powerhouses' hearts. They all believed that ye chen would lose. The other Celestial Spirit world Warriors also followed

suit. After all, their cognitive abilities were too low, so they could only follow the wandering powerhouses.

"Oh, immortal and devil dual cultivation?"

In the face of the excitement of the immortal spirit world's powerhouses, ye chen smiled slightly and did not care at all. So what if he cultivated in both immortal and demon cultivation? when it came to dual cultivation, he was the ancestor!

Ye Chen's eyes turned cold, and the demonic energy in his body soared to the sky. This Mowu Emperor was surrounded by immortal energy. This was the might of the heavenly Emperor.

"What?"

Seeing the scene in front of them, the wandering cultivator's heart trembled. They did not expect ye chen to be a dual cultivator of immortality and Demonic Cultivation. He had even suppressed the wandering cultivator in terms of law. This was something they could not understand.

The immortal and demonic powers of both sides surged, and the moment of confrontation finally arrived.

"Kill!"

The traveling expert knew that he had no way out. If this attack could not kill ye chen, he would fail!

But how could he know that the consequences of this attack would be far more than this.

"Immortal and fiend tyrant body Suan ni Dragon shock kill!"

The Yin Yang wheel appeared between ye Chen's brows. Then, he threw out the Dragon Spear. Venerable Thunder Dragon absorbed the celestial demon power and instantly formed a Yin Yang Dragon that charged out.

"Roar!"

The power of Yin and yang, the might of Immortals and demons, shook the heavens and earth, unparalleled.

Boom, boom, boom!

The yin-yang Dragon flew out and crushed the black demon secret order. "Crack, crack, crack!" The black demon secret order shattered, and the Dragon's roars rang out as immortal and demonic energy poured into the body of the traveling expert.

"Phew, phew, phew!"

His body was like an air sac, continuously expanding.

"Hurry up and refine this immortal and demonic power! You can't let them continue to destroy your body!"

"Hold on!"

Many of the wandering powerhouses shouted one after another, hoping that the immortal and fiend powerhouse could withstand the immortal and fiend power ye chen had instilled. If he could not even withstand this, it meant that the gap between his Foundation and ye Chen's was like heaven and earth. This would be a great blow to the face of these wandering powerhouses.

They were all people who thought they were invincible, but they could not even withstand the energy of ye Chen's divine power. This was too unbelievable and also the greatest humiliation!

"BOOM!"

However, reality wouldn't change just because of their shouts. The traveling expert's body couldn't withstand such a great force, and it exploded in the air.

Blood and flesh flew everywhere, turning into fine powder!

"This!"

Under the shocked gazes of the wandering experts and the experts from the immortal spirit world, the result was clear.

"I've said that before. But Xu Wu, do you really think that you're invincible just because you're a Wanderer? Do you know how many changes the chaosverse has undergone while you were traveling?"

"You!"

Yun qusheng and the others blushed. No matter what, they had both been defeated by ye chen and both of them had been killed. This situation meant that their previous bragging had failed. When they saw Ling Huang shaking his head, they felt even more ashamed.

Now, they were absolutely irreconcilable with ye chen!

"Everyone, let's take revenge for our two junior brothers!"

"Yes, senior Brother Yun!"

At this moment, they all had the same thought in their hearts. No matter what their comeback was, everyone had to take revenge!

"Whoosh, whoosh, Whoosh!"

All the experts took action one after another. They didn't care about the number of people. They had to kill the "murderer"!

Divine abilities and secret Arts filled the sky, and the fiendish Qi moved the heaven and earth. There was no immortal Qi left. They were fierce beasts, blood-devouring demons.

"Hahaha, you've finally revealed your true colors. I'll fulfill your wishes!"

Ye chen had thrown out the devil realm's core and the devil martial arts realm's core. Since they were demons, they had to end this dispute in the most demonic way.

"Zi Zi Zi!"

The two great cores shone in the sky. Ling Huang was already in despair. He had no hope left. He did not want to be ye Chen's enemy in the first place. He had expected this when ye chen called him 'you' in the magic martial arts world. He just did not expect the return of these wandering powerhouses to bring no hope but misfortune instead.

"Al, the heavens want to destroy my Celestial Spirit realm!"

Ling Huang shook his head slightly, but he knew that he could not just sit back and wait for death. He had to attack.

"Kill!"

"Yes!"

The experts of the immortal spirit world attacked one after another. Their powerful divine abilities combined with the wandering expert to attack ye chen together.

At this moment, the traveling experts had no more objections. After all, they were united against the outsiders.

"Hahaha!"

Faced with the combined attacks of tens of thousands of experts that were like a powerful flood, he could only laugh heroically. He didn't seem to be at a disadvantage.

"The core of the spirit realm!"

With a shout, the spiritual realm core appeared. Ye chen once again used the three core powers. This required an extremely strong foundation and talent.

"Zi Zi Zi!"

The three orbs of light spun continuously above ye Chen's head, emitting a strange light. Ye Chen's body was covered in the light and his figure suddenly changed!
