

Genius 2331

[Chapter 2331 The Strongest Opponent!](#)

The three powerful core forces merged and connected. Ye Chen's figure gradually grew taller and turned into a primeval immortal demon, stirring the wind and clouds and destroying the world.

"Kill!"

A casual wave of his hand was a divine power. A breath of celestial demon Qi was a secret technique. At this moment, ye Chen's entire body was connected to supreme power. He did not need any delay to kill his enemies.

Boom, boom, boom!

With a wave of his hand, countless powerful forces swept out. The mountains in front of him collapsed, the rivers flowed backward, and tens of thousands of soldiers from the immortal spirit world were instantly drowned in them. This ancient power was not something they could resist.

The battlefield in front of them was like a river of blood. Countless corpses and bones fell from the sky, causing the experts of spiritual brilliance to be in extreme pain.

"This is the trouble you've caused!"

Ling Huang shouted at the wandering expert, his anger was beyond words. He no longer wanted to lead the immortal spirit world to dominate the great wilderness, he only wanted to settle down in a corner. However, what he saw now was just a corner, it was a complete transformation from hell.

At this moment, the wandering powerhouses finally realized their stupidity. They had thought that they could defeat ye chen by relying on the so-called wandering divine power but the only result they would get was death.

"Linghuang ... We!"

Yun qusheng and the other powerhouses lowered their heads. The scene in front of them clearly told them that their strength was worlds apart from ye chen 's. In this state, if they wanted to defeat ye chen, it was no different from going against the heavens.

"Sigh, forget it, forget it, I'll take responsibility!"

As he spoke, Yun qusheng flew out and released his strongest sacred art in his hundreds of years of wandering.

"A song that moves the heavens and earth, looking down on the vast world of life and death!"

Yun qusheng's immortal energy exploded. Using his immortal source as a guide, he completely unleashed his potential and unleashed his final sacred art.

Suddenly, heaven and earth moved, and the immortal wind swept across the six directions!

Boom, boom, boom!

The vast energy had actually caused ye Chen's sweeping force to stagnate.

"Oh?"

Ye Chen turned his head slightly to look at Yun Qusheng. Although he had blocked the attack of the celestial demon, Yun Qusheng's body was trembling and covered in blood. His meridians had been severed and he had lost his cultivation method. He had become a cripple.

With just one attack, Yun Qusheng was in such a difficult situation. It was clear how powerful Ye Chen's energy after fusing with the three great cores was. His Foundation was incalculable.

"Senior Brother Yun!"

All the experts stepped forward and supported Yun Qusheng.

"Get out of the way!"

Yun Qusheng pushed them away and walked to Ye Chen.

At this moment, Ye Chen was a thousand feet tall and was a giant immortal demon. Yun Qusheng stood in front of him like an ant, but his mental power was very strong. It could be seen that he had come to a realization this time.

"Ye Chen!"

"Hahaha, Yun Qusheng, how is it?"

"This matter was caused by my own selfish desires. Now, I'll return it to you!"

"Alright!"

To be able to use his cultivation base to make up for this mistake, he was considered a man. Ye Chen gave him face.

The giant turned around and looked at all the people from the celestial realm. "Since Yun Qusheng died for you, this matter ends here. However, hand over the core of the immortal realm immediately!"

"Great Emperor, I will lead the immortal spirit world to submit to the Alliance of six realms. I will help you get the core of the immortal spirit world. Please let the people of the immortal spirit world go!" Ling Huang said.

"Since you've submitted, you're a subject of the celestial Emperor. I won't make things difficult for you. Open the core gate of the celestial realm immediately!"

"Yes!"

Ling Huang held a spirit seal in his hand, walked to a celestial mountain, and threw out the spirit seal.

"Zi Zi Zi!"

As the spiritual seal was activated, countless rays of light enveloped the celestial mountain. After that, a door opened up on its own. Within it, a bright light flashed. This was the light of the core of the celestial realm.

Ye Chen's eyes narrowed. He locked onto the source of the light and flew over.

"Pfft!"

After ye chen left, Yun qusheng spat out a mouthful of blood and collapsed to the ground. Then, he died.

The experts from the immortal spirit world all came over to mourn. He was originally a genius of the immortal spirit world, but he didn't expect to end up like this. Everyone felt pity.

"Give a proper burial to those who died in battle!"

"Yes, Lord Ling Huang!"

All the experts followed Ling Huang's instructions.

Meanwhile, inside the celestial mountain, ye chen continued his journey until he finally found the core of the celestial Spirit realm.

Looking at the glowing core, ye chen released the star plucking hand to remove it. However, the power of the entire core suddenly erupted and instantly shattered his star plucking hand. It was clear that the "temper" of the celestial Spirit realm core was not small, far above that of the other cores.

However, ye chen was not in a hurry at all. Instead, he threw out the other four cores. Instantly, the four cores emitted a strange light and fused with the celestial Spirit world core. Then, an invisible array appeared above them.

Under the guidance of the formation, the core of the immortal spirit world had no choice but to fly out.

The five great orbs of light were right in front of him. Ye chen was extremely excited. As long as he obtained the netherworld realm's core, the six great cores would be gathered and dugu Wan 'er would have a chance to be resurrected.

Without further ado, ye chen flew out of the celestial mountain and rushed toward the underworld realm.

In the underworld realm, the evil spirits had left, and the place was already in ruins.

Ye chen steered the sword boat and headed straight for the underworld God mountain.

"Zi Zi Zi!"

In front of the mountain, the shadow of the underworld God suddenly appeared.

"Who are you?"

"Ha, I'm here for your wish, and you're actually going to stop me?"

"Without the edict of the god of the underworld, intruders will be killed!"

When ye chen heard this, he was overjoyed. It was clear that the information he had obtained from the fusion of the five cores was correct. If this place was guarded by the shadow of the underworld God, it must be the core of the underworld.

"Underworld God's shadow, I'd like to meet you!"

Ye Chen's battle prowess skyrocketed. After all, this was the power of the underworld God that guarded the core of the underworld realm. It was by no means a small matter. It was likely to be the strongest opponent he had ever encountered.

"Swish!"

The celestial Thearch sword was unsheathed, and the light of ten thousand swords surrounded it, all aimed at the shadow of the underworld God.

"Hahaha!"

The apparition of Hades laughed disdainfully. The demon had opened its eyes and ye Chen's cultivation base could be seen at a glance.

"You're only! Mystic immortal! Yet you want to challenge me? Why don't I help you level up again?"

"Oh?"

Ye Chen revealed an interesting smile. He did not expect the apparition of the underworld God to say such words. However, he had fought many battles and his cultivation had long met the requirements for Ascension. Now that he was a celestial being, he was just taking advantage of the situation. Since the other party was willing to help him, there was no harm in breaking through.

"Don't you believe me?"

"Ha, what kind of person is the god of the underworld? even if it's just an illusion, it's enough for me to believe you. After all, the god of the underworld's life's wishes are tied to me. If I die, the god of the underworld's wishes will come to nothing!"

"Hahaha!"

The apparition of the underworld laughed maniacally again. Then, it launched a palm attack at ye Chen. The latter did not Dodge and took the attack on his own.

"Boom boom boom!"

With a vigorous sound, ye Chen felt that all eight extraordinary meridians in his body had been opened. Above the nine Heavens, thunderclouds gathered.

Zila, Zila, Zila!

Vigorous divine Thunder Rose up, and the heavenly gate was opened. The divine tribulation had arrived!

[Chapter 2332 Celestial Emperor's Primordial Spirit!](#)

Zila, Zila, Zila!

The endless divine Thunder turned into the shape of an Azure Dragon and rushed down, destroying countless mountains with a rumble. Its momentum was magnificent and unstoppable.

"Little Xuan immortal," the shadow of the underworld God said with a smile. "You've triggered such a shocking divine tribulation. Do you have the courage to challenge me?"

The corners of ye Chen's lips curled up slightly. He was not afraid at all. "Since you've seen such a Heavenly Tribulation, you should know my strength. I've broken through to the celestial immortal realm, but I've done it casually. Such a Heavenly Tribulation is nothing to me!"

"Good, you have the spirit of this seat back then. Come!"

"Please!"

Ye chen flew up and hovered in the air, allowing the divine lightning to strike him endlessly!

The shadow of the god of the underworld below activated the power of the entire god of the underworld mountain and rushed into the sky.

Boom, boom, boom!

Instantly, the arrogant mad dragon dissipated after being hit by underworld God's palm. It should be known that such a mad Lightning Dragon could kill a heaven immortal easily. Such power made ye chen deeply aware of the power of the shadow of the underworld God before him!

Ye chen circulated his own laws and circulated them through his eight extraordinary meridians. He completely ignored the heavenly Tribulation because no matter how powerful the heavenly Tribulation was, it could not do anything to him in front of the nether God mountain.

"Good spirit!"

Seeing that ye chen trusted him completely and did not seem to be angry at all, the apparition of the god of the underworld used its abhijna again. The palm of the god of the underworld was like a giant hand of the primeval era. It took the initiative to attack and headed straight for the heavenly gate.

Such a powerful method of tribulation transcendence instantly triggered a backlash from the heavenly gate.

Thump, thump, thump!

Within the heaven Gate, there was a loud bang. Suddenly, the eight gates opened, and the heavenly soldiers and generals descended to the mortal world.

Countless warhorses roared, and countless golden armors galloped. The 100000 celestial soldiers fell from the sky!

"Hahaha, such a formation makes me a little excited!" Facing the 100000 celestial soldiers, the shadow of the underworld God laughed wildly. It waved its sharp claws, and suddenly, countless netherenergy auras on the underworld Mountain Rose.

"Roar, roar, roar!"

Immediately, the one hundred thousand Dark Warriors flew up to the ninth heaven and fought with the one hundred thousand celestial soldiers.

The heavens fell, and the immortals of the underworld shook the past and the present!

"Who are you, daring to block the Tribulation for others?"

At this moment, a person was sitting on a Golden Lion. It was the incarnation of the celestial from the heaven realm.

"Ha, you're not qualified to know who I am!"

In the face of the question, the shadow of the underworld God narrowed his eyes and a blood-red sword appeared in his hand. It was the doomsday myth!

"Ah?"

Upon seeing such a divine weapon, exalted immortal jieyin turned pale with fright and said in shock, "Are these Hunyuan heavenly weapons?"

"Since you know the wondrous use of this divine weapon, why don't you back down?"

With an angry roar, the shadow of the underworld God waved the myth of doomsday. Suddenly, a bloody mark appeared in the sky, as if the Blood River had opened and the sun and moon sank.

"Zi Zi Zi!"

The Blood River extended endlessly, and the 100000 celestial soldiers in front of him were all annihilated.

"What?"

This was the first time exalted immortal jieyin had seen such a powerful sword strike. It was simply enough to destroy the heavens and earth, break the wind and clouds, and shock the entire universe!

"Heavenly Tribulation? Hahahaha, why is there a Heavenly Tribulation in my eyes?"

How arrogant, how powerful, how determined!

Even the heavenly Emperor ye chen was shocked. He had never seen such a powerful person, such a crazy move, and such a world-destroying might.

"Is this the power of the god of the underworld?"

At this moment, ye chen finally felt the true power of the underworld God. Although it was largely dependent on the primordial chaos heavenly soldier in front of him, it could be so domineering with just a psyche shadow. It did not even care about the heavenly Tribulation he had encountered. It was simply invincible!

Ye chen continued to circulate the power of law in his body. The meridians that had been activated by the apparition of the underworld were now circulating to the extreme. His entire body emitted celestial light, which had already triggered the response of the multicolored light in the heavenly gate.

"Hmph, by the will of the heavens, the heavenly Tribulation is impermanent. Kill!"

Jieyin exalted immortal was indeed an allheaven exalted immortal. Even his Dharmakaya was able to intimidate everyone.

It triggered countless divine lightning of Heavenly Tribulation. The five-colored lightning struck ye Chen's head.

"Did this Lord allow you to move?"

"What?"

However, the shadow of the underworld God's sharp eyes instantly locked on to the allheaven Supreme immortal. Just one look was enough to make the Supreme immortal tremble with fear. Then, the doomsday legend slashed out with his sword. The sky and earth split open, the wind and clouds split, and the divine Thunder from the ninth heaven was finished in one move!

"Doomsday mayfly Heaven's End cliff!"

The crack in the sky, the reverse flow of the river of blood, the thousands of divine thunders, and countless heavenly soldiers were annihilated in an instant, including the overarching heavenly Supreme Immortals who didn't have time to attack!

The sky was clear and the heavenly door opened as if welcoming ye Chen's Ascension.

"Ha, Ascension? What a joke!"

Ye chen laughed coldly. The nine Heavens rumbling Thunder palm was unleashed and headed straight for the heavenly gate.

"Boom boom boom!"

The power of Thunder traveled thousands of miles. The heavenly gate was shattered by ye Chen's palm and disappeared without a trace.

"Good boy, you dare to provoke the heavens?"

"Ha, the matters of the human world are not over yet. How can I ascend?"

"Very good. Unfortunately, you have no chance of winning Against Me!"

"Let's try fighting!"

Ye Chen's fighting spirit soared. At the celestial immortal realm, his Foundation had soared again. The chariot Dragon Spear in his hand sensed ye Chen's Foundation at the same time and fused on its own.

"The Dragon crushes the heavens with one strike!"

He waved the Dragon-grasping spear and swept it across thousands of miles. The true dragon of the nine Heavens roared and took the god of the underworld!

"Roar!"

The sky was filled with strong winds, and the spear radiance was like raindrops.

Boom, boom, boom!

The entire body of the shadow of the underworld God exploded, forming a strangulation force that pressed down.

"Hahaha!"

The apparition of the god of the underworld laughed wildly and waved the doomsday myth in its hand. Suddenly, tens of millions of abyssal energy gathered and swept back in an instant. The light of ye Chen's Dragon Spear disappeared without a trace as if it had never appeared.

"Very good!"

Ye Chen's eyes were bloodshot. He had already entered his strongest combat state.

"The strongest opponent should be dealt with with the strongest will. This is the respect I give you. Let's fight!"

"Whoosh, whoosh, Whoosh!"

Ye Chen's figure was like a ghost, with shadows of wolves appearing one after another. The Wolf's nature was violent!

"Immortal slaying Flying Dagger, profound sword, Wandering Dragon Sword, Celestial Emperor sword!"

The four divine weapons attacked at the same time, turning into countless light shadows and attacking underworld God.

Such an attack would force even a golden immortal to retreat. It was impossible to take it head-on. However, the shadow of the underworld God stood on his own, and the doomsday myth in his hand automatically spun in front of him. Then, countless blood-red sword lights appeared.

"Whoosh, whoosh, Whoosh!"

Countless sword gleams backfired on ye chen. When the four divine weapons encountered these sword gleams, they were restrained at the same time and could no longer follow ye chen.

"Thunder God Dharma form, the nine-refined divine spear!"

Ye chen held the spear in both hands and charged forward. The Thunder God Dharma and the power of the nine reserves of Celestial Spirit burst forth.

Boom, boom, boom!

The dragon-slaying spear was fearless. It continued to charge forward, breaking through the countless blood-red sword lights and heading straight for the shadow of underworld God.

The shadow of Hades suddenly turned around, and the doomsday myth stood behind him, accurately blocking the tip of the Dragon Lance!

Ye chen was amazed by such a precise counter.

"The power of a celestial immortal!"

At this moment, ye chen activated the celestial immortal's power. Suddenly, the heavenly Emperor's shadow appeared, and the gate to the heaven realm reappeared.

Boundless heavenly light poured into ye Chen's body from the gate to the heaven realm. After ascending to the heaven immortal realm, the potential of the celestial Emperor's primordial spirit finally erupted!

[Chapter 2333 So What If He's A God!](#)

With the infusion of celestial immortal energy, the Tianyuan space in ye Chen's mind automatically opened and all kinds of memories were poured in.

"Slash!"

At this moment, the apparition of the underworld slashed with its sword. Ye chen could only feel the endless power in front of him, like waves, wave after wave without end. How could he defend against such power?

Ye chen saw the celestial Emperor's martial arts performance as his psyche attacked endlessly in his mind.

In his memory, the celestial Emperor's shadow was proficient in all 18 martial arts and countless divine weapons. In the hands of the celestial Emperor, he was like a fish in water, turning the rotten into the magical!

All sorts of memories entered his mind, stimulating the celestial Thearch primordial spirit.

"The nine Heavens divine Thunder spear!"

His memories returned and his cultivation base rose to another level. Ye chen waved the Dragon Spear in his hand in a simple arc. They were all mystical powers and secret techniques. Any casual swing was a high-tier martial art.

The spear radiance flashed like lightning and instantly struck the weak point of the power of the underworld God. It broke through the air and unleashed an exterminating slash.

"Oh?"

The underworld God was intrigued by the result. Indeed, the young man in front of him was the one he had been waiting for.

"Nether prison!"

The shadow of the God of underworld held the myth of doomsday high in the air, causing Thunder to roll in the sky and the sun and moon to hang upside down!

Waves of nether God Power swept out in all directions. Then, a vast nether prison rushed out of the ground and embraced the entire world.

In the face of such a shocking change, ye chen was not afraid at all. The Tianyuan space awakened automatically and countless mystical powers and secret techniques were instilled into him. This was the heavenly Emperor's personal teaching. His martial arts mastery was not inferior to the underworld God.

"Phew, phew, phew!"

He waved the Dragon slaying spear, and a cold light flashed through the nine Heavens!

Boom, boom, boom!

An explosion occurred in front of him, and the powerful energy rushed toward the shadow of the underworld God.

"Break!"

The apparition of the god of the underworld crossed the doomsday myth. The super-strong power of the god of the underworld broke through ye Chen's attack but the latter's figure was already in front of him. The apparition of the underworld narrowed his eyes, held the sword in his hand, and rushed into the sky. The Grand sword ray shot toward ye chen but was blocked by the Dragon Spear.

"Swish!"

The two divine weapons clashed head-on. Ye chen felt a surge in the Dragon Spear and cracks appeared on the shaft. It was clear that there was still a huge gap between the Dragon Spear and the doomsday myth in terms of quality.

"Ah!"

However, how could ye chen give up? he twisted his hands and blood flowed onto the cracks on the Dragon slaying spear. In an instant, the cracks were repaired and the spear was sharp again.

"Good boy!"

The apparition of the god of the underworld flew up and circulated the power of the god of the underworld to coordinate with the nether prison world below. Suddenly, heaven and earth collided and ye chen fell into an extremely dangerous situation.

Zila, Zila, Zila!

The dark blood Heavenly Thunder rolled over, and the nether prison started to kill!

Such a challenge truly made ye chen feel like his life was in danger. At the same time, his fighting spirit was at an unprecedented height. This kind of stimulation made him extremely excited.

"Hahahaha, show me your true power!"

Ye chen looked at the apparition of the underworld God in the sky and shouted.

"As you wish!" The apparition of the underworld wielded the doomsday myth, and the entire power of heaven and earth pressed down on ye chen. In such a predicament, even a golden immortal would be completely crushed.

Ye chen closed his eyes and erupted with the might of the celestial Emperor.

"Zi Zi Zi!"

The heavenly Emperor's shadow was in danger. Ye chen threw out the dragon-slaying spear and used Tai Ji style with both hands!

"Yin-yang anatta yin-yang Taiji wheel!"

"Zi Zi Zi!"

In front of ye chen, the Tai Chi yin-yang wheel appeared. The power of heaven and earth released by the apparition of the underworld God was rapidly absorbed by the Tai Chi wheel and then circulated without any dissonance.

Such an amazing way of resolving it shocked the shadow of the underworld God.

"You're indeed a genius, but am I not so easy to deal with?"

In the face of such a genius, ye chen, the apparition of the underworld God was already amazed. However, his mission was not completed yet. He had to make the final test.

"The secret mirror of the god of the underworld is a country of death!"

Suddenly, the whole world fell into endless darkness. Ye chen could even hear the wails of the dead. The surrounding space was rapidly compressed and ye chen felt that his body was starting to lose control.

Buzz, buzz, buzz!"

Ye chen activated the black-gold glazed tile to protect himself.

Above the nine Heavens, the Blood Moon was high in the sky. The shadow of the underworld held the myth of doomsday and was about to issue the final judgment.

"Ye chen, this is a life-or-death Strike. Do you understand?"

"Hahaha, I've seen life and death many times! I'll accompany you to the end!"

"Good spirit!" The underworld God's eyes widened, and all of his underworld God Power was infused with the myth of doomsday. The power of the chaos origin heavenly weapon was instantly activated to the limit, and the entire earth seemed to be crushed.

Crack, crack, crack!

Countless rocks shattered and flew into the sky. The gravitational force reversed and ye Chen's body was forced to float.

"Very good! The celestial Thearch's mirror reversed yin and yang!"

The image of the celestial Thearch's face suddenly appeared on ye Chen's face. At this moment, the two of them had merged into one. It was the return of the primordial spirit, the endless Tianyuan!

The nether prison unique style, the power of heaven and earth, that ye chen had absorbed earlier was now automatically released from the Tai Chi wheel for his use.

"Dragon Tooth fist's glorious hundred Dragons sky-splitting style!"

The power of Yin and yang, the might of the celestial Emperor, the nine levels of heavenly Dao, and the nine spiritual reserves all exploded.

"Roar!"

The heaven and earth yin and yang Dragons burst out and charged at the shadow of underworld God.

"Slash!"

The shadow of the god of the underworld released the ultimate judgment at the same time. The power of death in the surroundings gathered to form the most powerful judgment and crushed down.

The moment the two forces touched, the whole world went silent. The strongest energy fused together in a dark, narrow space.

"Zi Zi Zi!"

Then, a huge black light ball exploded, and the space rapidly shrank. Countless spacetime was absorbed into it. This was not their intention, but because the energy was too strong, they could not escape at all and could only be absorbed.

"Boom boom boom!"

As it got closer, the Super power exploded, turning the entire underworld God mountain into dust and rising into the sky!

Ruins and broken walls filled the area, and the aura of death enveloped thousands of miles!

Ye Chen's entire body was bleeding. The black-gold glazed glass had exploded and there was no longer any trace of it. The Dragon Qi Shield had turned into nothing. All the muscles in his body were torn apart and his meridians were bleeding and breaking.

"Hahaha!"

However, his domineering laughter still filled the sky. So what if he was a God?

Above the nine Heavens, the apparition of the god of the underworld was still standing alone. It looked down at ye chen and revealed an inexplicable smile.

"Ye chen, you've succeeded!"

"Success?"

Ye chen did not know what success meant. At that moment, the figure of the underworld God dissipated and all its energy was infused into the doomsday myth.

"Zi Zi Zi!"

The doomsday myth emitted a dazzling brilliance and automatically flew in front of ye chen.

The primordial chaos heavenly weapon was so high and mighty that it spewed out endless cosmic Qi, shocking ye chen.

"Since that's the case, it would be disrespectful to refuse!"

Ye chen imbued his hands with the heavenly Emperor's power and held the doomsday myth. However, the primordial chaos heavenly weapon's supreme power actually backfired on ye chen.

"Ah!"

Following ye Chen's earth-shattering roar, blood continued to flow from his ten fingertips. The doomsday myth had devoured the blood and blood refinement had recognized its master!

[Chapter 2334 2339-Awakening!](#)

"Swish!"

With the crisp sound of a sword being drawn, ye chen held the doomsday myth in both hands. The power of the universe and the heavenly Emperor's power in his body fused together. This feeling was very exciting and allowed him to experience the impact of a higher level of power.

"Ah!"

With a sudden shout, ye chen soared to the ninth heaven and slashed at the broken underworld God mountain below.

"Boom boom boom!"

The underworld God mountain exploded, and the mountain turned into an abyss. The core of the underworld God World was buried in it.

"Zi Zi Zi!"

Waves of netherworld energy soared into the sky and blew on ye Chen's face like a Gale. This feeling made ye chen feel extremely refreshed because he had the Demon's Eye, the source of darkness.

"Six cores, gather!"

"Zi Zi Zi!"

Ye chen combined the other five core powers and activated the star plucking hand to forcefully awaken the underworld realm's core.

He had finally obtained the six cores!

Ye chen was currently at the sixth stage core position. He could feel the energy of all six realms. This feeling was like the Dominator of the six realms, the Supreme ruler of heaven and earth!

The god of the underworld in the void also felt the unprecedented power of the six realms.

"Ye chen, you've succeeded!"

He did not expect ye chen to complete the task in such a short time. He turned to look at dugu Wan 'er. The secret of the hollow spirit was on her.

Just as ye chen obtained the core of the six realms, the entire six realms trembled. Then, countless new deep pits automatically opened up in the deep-sea true spirit Hall. They were the spatial passages.

The power of these space tunnels was many times stronger than before. It was clear that there would not be any small fries like those strange fish here. This was a new danger approaching. Ye chen, who was in the core of the six realms, could naturally sense the tremors of the earth. However, he was not in the mood to care about this right now. He had to return to the void as soon as possible.

"Whoosh!"

Relying on the netherworld energy instilled by the doomsday myth, ye chen had already recovered to his original state. He steered the sword boat and rushed three thousand feet into the netherworld!

Although they were traveling at an extremely fast speed, ye chen could still sense some changes in his surroundings. It was as if some strange power was spreading and the source of this power was in the direction of the deep sea true spirit Hall.

"Deep sea true spirit Hall, space is in disorder ..."

Ye Chen's mind kept thinking. This power was different from any power in the chaotic universe. This was definitely not a power that the true spirit Hall should have. It was like some kind of power filled with curses. Its nature was to expand and extend.

Ye chen had sensed the unusual spacetime that the true spirit Palace was connected to when he had obtained the spirit realm core in the true spirit Palace. It seemed to be another universe on the other side but the power of that universe at that time was different from what was spreading now. What kind of shocking change had occurred in that universe?

This question lingered in ye Chen's mind as new ideas developed. If it were not for the urgency of dugu Wan 'er's matter, he would have gone to the true spirit Hall to take a look.

"Accelerate!"

Ye chen continued to generate more power. The Golden Lotus sword boat flew at an extreme speed, passing through various spaces, and entered three thousand feet into the yellow spring.

The netherworld powerhouses felt ye Chen's presence. They looked at the sky in disbelief. They could sense that ye Chen's cultivation base had already soared and he had become a true celestial immortal. How shocking was this? it should be known that ye chen could fight against a celestial immortal when he was only at the true immortal realm. At this moment, his strength had soared to the celestial immortal realm. No one knew how strong he was now.

Ye chen flew into the void in a flash of light.

As soon as he entered, ye chen could sense the energy of nether divine force.

"Ye chen, follow the dark god road and come!"

"Alright!"

Ye chen flew into the god of the underworld road. Under the guidance of the god of the underworld's energy, he once again embarked on the path of return.

When he saw the god of the underworld again, he was still releasing his power to protect dugu Wan 'er.

"Are the six cores here?" The god of the underworld asked.

"Here!"

Ye chen stretched out his hand and the six cores floated into the air. The light shone brightly and illuminated thousands of miles!

"Very good!"

The god of the underworld floated in the air and waved his arms. The six cores rotated at the same time, forming a circle, and the god of the underworld was around this circle.

As the god of the underworld used his cultivation method, the six cores in the surrounding space slowly established a connection with him.

"Go!"

Then, the god of the underworld released his power, pushing the six cores to float above dugu Wan 'er.

"Zi Zi Zi!"

The six cores released their power again, and six strange lights were injected into dugu Wan 'er's body.

"The secret mirror of the underworld, the Tao Wu, can reverse life and death!"

With the six core powers and sufficient energy, the god of the underworld could finally release his most powerful secret technique and reverse life and death.

"Zi Zi Zi!"

Endless power of creation was injected into dugu Wan 'er's body, and her body began to float in the air. Her long hair fluttered in the wind, and her body became ethereal. Her skin became extremely delicate, and her face revealed a gentle and beautiful expression. Her eyelashes fluttered, and the light of the sun, moon, and stars was hidden in them.

"Come back to life, Wan er!"

The god of the underworld launched his most powerful energy attack, constantly shooting his power toward the six cores, urging them to continue releasing their power of creation. Dugu Wan 'er, the woman who had hidden the greatest secret, had finally awakened.

When she opened her eyes, the endless dark void was as bright as day. Her eyes were the sun, the moon, and the stars!

Ye chen was deeply shocked by this amazing sight. What puzzled him even more was that he felt a familiar energy from this god-like woman. How could he forget that energy that looked down on su Yuhan!

"Impossible! What's going on?"

p All sorts of thoughts flashed through ye Chen's mind but these thoughts made him fall into a deeper layer of doubt. The woman in front of him was definitely closely related to what he was thinking. It was a kind of fate connection.

"Pfft!"

As powerful as the god of the underworld, after changing his fate, ye Chen's body could not take it.

"Why did you do such a heaven-defying thing?!"

Dugu Wan 'er looked at the god of the underworld. Her eyes were filled with worry.

"Hahaha, why? of course it's to wake you up. This is my lifelong wish, and no one can stop me. I've succeeded, Wan 'er!"

The god of the underworld endured the pain and stood up, walking toward dugu Wan 'er.

"The secret of the dugu family should end with me. You shouldn't be like this!"

"I don't care. No secret is more important than your awakening. I've been in seclusion for thousands of years to think of a way to awaken you. I've finally found it. Hahaha!"

Dugu Wan 'er's expression softened when she saw how happy the god of the underworld was. Then, she looked at ye chen.

"You're the one who found the core of the six realms for the god of the underworld?"

"It is!"

"Do you know that if the six world cores are lost, the entire chaosverse will be plunged into an endless tribulation!?"

"An endless tribulation?" Ye Chen's eyes narrowed. What did this mean?

[Chapter 2335 The Secret Of Su Yuhan!](#)

Ye Chen's mind trembled when he heard this name. He instantly thought of the supernatural ability he had sensed in the deep sea ruins of true spirit Hall.

"Although the cores of the six realms are related to the origin of the six realms, now that the six realms have been formed, they no longer need the support of the cores. Moreover, the cores of the six realms still exist, and they are already there. Wan 'er, after you wake up, you should think about yourself more and stop paying attention to the matters of the six realms!"

The god of the underworld stepped forward and supported dugu Wan 'er.

"You're still as reckless as ever. You actually allowed a junior to do such a heaven-defying thing. "

Dugu Wan 'er looked at the underworld God in front of her and felt that he was still the same as before. He didn't care about the consequences of his actions. This and this, the six realms would inevitably face a disaster. She had already felt the premonition of the strange energy. This was his instinct as the Holy maiden of the hollow spirit tribe.

"Just leave these things to him. He's a human genius with a heaven immortal cultivation base. He's even at a disadvantage against golden Immortals. Let him handle the core of the six realms!"

The god of the underworld waved his arm and suddenly, the cores of the six realms all floated above ye Chen's head. Then, waves of special abilities were instilled into ye Chen's forehead. This was the god of the underworld forcing ye chen to establish a Natal connection with the cores.

"By using the secret technique of the secret mirror of the god of the underworld, you will naturally be able to control the core true force!"

With that, the god of the underworld opened his Demon's Eye and instantly communicated with ye Chen's Demon's Eye. Endless knowledge and information surged into ye Chen's mind. It was the "secret guide of the god of the underworld"!

"Ah!"

Ye Chen felt a sharp pain in his head. Even if he was a genius, it was too difficult for him to accept all the knowledge of the underworld God.

Countless information, accompanied by the powerful law of the underworld, was poured into him. Ye Chen relied on the Demon's Eye and the power of the same source as the source of darkness to resist this destructive impact. It could be seen that the underworld God did not think too much when he transmitted the power. If an ordinary person received such a powerful force, their body would have exploded and died!

This was not something ye Chen wanted to criticize. His mind quickly ran the nether God secret technique in the secret mirror. The power of the core of the six realms had changed drastically. It was completely different from before. Now, ye Chen had truly become the master of the core of the six realms.

"Ye Chen, you have the power of the void-spirit tribe in you!"

Dugu Wan 'er suddenly said.

"What?" Ye Chen turned to look at her. Between her brows, ye Chen felt the most familiar energy. It was true.

"Do you know Su Yuhan?"

"Su Yuhan?" Dugu Wan 'er didn't have much of a reaction when she heard the name. Instead, she fell into deep thought.

"What's your relationship with this person?"

"Su Yuhan is my wife. She's the reincarnation of the Lord of The Dark World, and the power of the Lord of The Dark World flows in her body. You two even have the same aura!"

"This!"

Dugu Wan 'er's brows furrowed slightly. She was greatly shocked. Could this be the entanglement of fate?

She turned to look at the god of the underworld, but his expression did not change. It was as if everything in front of him had nothing to do with him, and he only cared about Dugu Wan 'er.

"Do you really not care about her at all?"

"Ha ..."

Facing Dugu Wan 'er's question, the underworld God only smiled and wanted to take her away.

"The god of the underworld!"

At this moment, ye chen shouted coldly, stopping the god of the underworld. The celestial Thearch turned to look at ye chen, his eyes shining with a powerful light. Ye chen felt his entire body tremble. A powerful netherworld psyche invaded his brain but the celestial Thearch primordial spirit automatically resisted and instantly shattered the invasion.

"Tell me clearly, what's the relationship between you and su Yuhan?"

Ye chen was not afraid at all in the face of the two great oddities in front of him. He vowed to ask about su Yuhan's past. This was his way of being responsible for su Yuhan. He had already deeply felt that the relationship between dugu Wan 'er and su Yuhan was not shallow, and so was the god of the underworld.

"Hahaha!"

The god of the underworld laughed maniacally. The entire void trembled as waves of powerful vibration suppressed ye chen.

"Kid, you don't really think that you can fight me just because you defeated the shadow of underworld God, do you?"

Immediately after, countless winds of death swept toward him. Ye chen could truly feel the aura of death.

"If you want to have a big fight, I'll accompany you!"

Ye chen extended his right hand. Suddenly, the netherworld core appeared. Waves of powerful netherworld energy, combined with ye Chen's own celestial energy, resisted the netherworld God Power. The two sides were evenly matched.

"Underworld God, stop!"

Just as the two sides were about to make a move, dugu Wan 'er stepped in to prevent the situation from worsening.

Ye chen felt a strange power filling the entire space. Whether it was his netherworld energy, immortal energy, or netherworld energy, they had all disappeared at the same time. This strange phenomenon made him realize that the woman before him was extraordinary. She might have a special ability that could directly annihilate all kinds of energy!

Such talent was too shocking!

"Ye chen, I want to see your wife!"

"She's currently on earth, a low-level plane. If you want to see her, you should show me your sincerity and make me believe that you won't hurt her!"

"I swear on my identity as the Holy maiden of the void Spirit tribe that I won't harm her!"

"Mm ..."

Ye chen thought to himself. The Holy maiden before him was indeed cautious and much more reliable than the god of the underworld. Moreover, if su Yuhan really had a close relationship with her, he would fulfill their relationship and let su Yuhan find out his background.

Their eyes met again, and ye chen saw sincerity and gentleness in them. It was clear that su Yuhan meant a lot to the Holy maiden.

"Alright, I agree," ye chen said.

"Many thanks!"

The Holy maiden bowed slightly.

All of a sudden, the space around them began to shake as demonic winds swept through the air. The entire world darkened as a series of special abilities rushed into the space and surrounded the three of them.

"This aura ... It's from sin realm!"

The Holy maiden said with a worried expression.

"Ha! Wan 'er, don't worry. No matter who it is, they can't hurt you before I do!"

The god of the underworld raised his right hand high. Suddenly, the endless special abilities were all absorbed by him. The surrounding space became calm again, but soon, the special abilities were used again. This time, a stronger power fluctuated. Then, the shape of a dark ghostly face appeared in the sky.

"Hahaha ..."

A burst of exciting laughter came from the void. The ghostly face kept wriggling its body, revealing a strange smile.

The entire space was filled with a strange aura that made people feel impatient.

"Void Spirit tribe!"

The ghostly face suddenly spoke, and its target was dugu Wan 'er.

"People of sin realm, what do you intend to do by trespassing into the chaosverse?" The saintess replied with a cold frown as she looked at the ghostly face.

"Hahaha, the core of the six realms has sealed our path to the chaotic world. Now that the seal has been removed, how can we wait in the land of sin? now, our revenge is about to begin!"

"Damn it!"

Without waiting for dugu Wan 'er's response, underworld God was furious. He struck out a palm with the weight of a thousand Jun, instantly crushing the ghost Face in front of him!

[Chapter 2336 2341-Head To The Void Spirit Realm!](#)

"Hahaha!"

The broken ghostly faces were still laughing. The broken pieces of the ghostly faces even gathered in the void and turned into all kinds of strange images. These sneers seemed to be cursing the god of the underworld's loss of self-control and incompetence, and at the same time, they were also a demonstration of his power.

Ye chen could sense that these anomalies possessed a very special ability. This ability allowed them to travel freely in this space but their origin exit was at the deep sea true spirit Hall.

"Go, time and space Rage!"

These guys were really annoying ye chen. He released the time and space Fury and pounced on the ghost faces.

"Roar!"

A furious roar filled the sky, and a Supreme might instantly cut off the spatial power of those strange monsters. Their ability to transform continued to decline, and even the broken parts could not be fused again. They were in unbearable pain.

"You!"

The ghost Face was furious and ran toward ye chen.

"Ha!"

Ye chen sneered softly. He waved the Dragon Spear in his hand casually. The Thunder God Dharma form and the might of the heavenly Dao completely suppressed him.

"Boom boom boom!"

The ghostly face cracked in the air!

"Ah!"

The ghostly face wailed in pain and then turned into fragments that could not be fused again.

"Hahaha, this is just a warning. The Tribulation of the chaosverse has just begun. All of you will sink into oblivion and die Here!"

The ghostly face, which could not be fused, actually shouted one last threatening word before it completely disappeared.

"What the hell is this guy?" Ye chen asked the god of the underworld and the Holy maiden.

"These are the prisoners from prison, which came from the Shura universe. Prison was sealed by the six great experts a long time ago."

"Six great experts?"

Upon hearing this, ye chen immediately looked at the god of the underworld. He instantly made the connection that the god of the underworld was probably one of the six great experts and the saintess was likely to be the key figure in the seal. It seemed that the core of the six realms was indeed the seal

of sin realm. Now that the seal of the six realms was broken, the prisoners of sin realm were out in chaos. This was the greatest danger.

"The seal was done by the six realms together, but it did not affect the high and mighty heaven realm!"

"What?"

Ye chen and the Holy maiden's eyes met. He saw his own reflection in the Holy maiden's eyes. It was the image of the heavenly Emperor. It was clear that the eye of the Saint had the ability to see through all illusions. No matter how well-hidden the disguise was, no matter how many times one reincarnated, they would not be able to resist this power.

In this way, ye Chen's identity had been seen through by the Holy maiden.

"The reincarnation of the celestial Emperor is indeed peerless in talent!"

"Ha, it seems like you've found everything, but it's all meaningless now. I just want to help Yuhan find out about her background. Please!"

Ye chen opened the sword boat and wanted to invite the Holy maiden over but was blocked by the god of the underworld. The god of the underworld opened the dark boat on his own and brought the Holy maiden along.

He really didn't expect the underworld God to be so suspicious that even he didn't believe him.

In order to see su Yuhan as soon as possible, ye chen did not care about these details.

The three of them headed towards the earth in the lower plane.

They first arrived at the spirit realm's true spirit Palace. Here, ye chen could feel a powerful supernatural ability circling. There were deep pits in the surrounding water for thousands of miles. These deep pits were thousands of times larger than the previous ones. Ye chen had no idea where they led to.

The Holy maiden saw the location leading to the lower plane of earth at a glance. The god of the underworld opened a path with a palm and a vast space-time Tunnel appeared. Ye chen set up the firmament formation to prevent unknown dangers.

After entering the space-Time Tunnel, The three of them arrived at Mount Kunlun in the human world.

"Boom boom boom!"

The powerful energy fluctuation shook the entire Kunlun Mountain, causing countless cultivators to come out in shock. They were extremely shocked when they saw the three people walking out of the spacetime tunnel. They had cultivated for hundreds of years and considered themselves experts, but in front of these three people, they were not even ants.

"What, What is this?"

"He's too powerful. He's like a god!"

In their shock, these human experts all knelt towards the sky, hoping to receive instructions from the heavens. However, all they received was the back view of the three people leaving.

.....

"What? Yuhan's not here?!"

Ye chen did not expect to receive such an answer when he returned to his hometown many years later. His heart trembled and his face turned cold.

He already had a bad premonition. Su Yuhan must have had a direct connection with the Saint, and the saint's awakening had affected her.

"Not good. Once the void Spirit mark awakens, the place she's most likely going to is the void Spirit realm!" The Holy maiden said.

"What do you mean?" Ye chen stepped forward and asked loudly, causing the god of the underworld to be dissatisfied.

The Saint said, "this is the function of the void Spirit mark itself. It will allow the descendants of the void Spirit to seek their roots and ancestors. However, the void Spirit realm has already been destroyed in the ancient chaotic war. Even I can't control what it has become now, but it must be full of danger. This is because the void Spirit realm is connected to the most primitive chaotic universe, which is also the spatial gap of other universes."

"Why didn't you say so earlier?" Ye chen was furious and questioned.

"I wasn't 100% sure that su Yuhan was my daughter at that time!"

Hearing this, ye Chen's eyes turned slightly cold. However, now was not a good time to be angry. If he wanted to find su Yuhan, he had to go to the void Spirit realm, and this would require the Holy maiden's power.

"Please take me to the void Spirit realm!"

"Alas, I didn't expect things to turn out like this. This is fate!"

In the end, the Holy maiden still had to personally go to the void Spirit realm, the saddest place. After that, ye chen bade farewell to his family and went on his journey to the void Spirit realm.

When they passed through the true spirit Hall, the mysterious energy in the deep pits became stronger. It was foreseeable that there would be a big change here in the near future but ye chen could not care so much now. He only sent a message to old ancestor yellow spring and the others to be careful and guard the formation.

In the netherworld's void, the path to the void Spirit realm had completely collapsed, and the energy within was extremely chaotic. No one could easily track the aura of others here.

Ye chen tried his best to find su Yuhan's energy in the chaotic energy flow in the void. No matter how deep his memory was, he could not do it because this was the graveyard of energy.

"I can't track it!" Ye Chen's anger rose. He activated his ocular skill but it was still useless.

"Ye chen, it's a waste of time trying to track someone's aura here!"

The god of the underworld said in disdain.

"Hmph!" Ye chen ignored him. He only needed to try.

"Ye chen, why don't we look for a way to the void Spirit realm? Yuhan will definitely take the initiative to go!" The Holy maiden said.

Ye chen nodded slightly and let the Holy maiden lead the way.

The Holy maiden walked in front, but the void Spirit realm was completely isolated from the outside world. Even she found it difficult to completely define it.

"Illusionary spirit proof!"

With a wave of his hand, a powerful holy light appeared in the void, as if it wanted to dispel the haze. However, it was quickly swallowed by the haze!

[Chapter 2337 The Dangerous Chaotic Battlefield!](#)

The saintess "eyebrows trembled slightly as she said," as expected, the path to the virtual spirit realm is completely covered by the power of Primal Chaos, making it impossible to find an accurate way back!"

"What is the chaotic force?" ye chen asked.

"This Primal Chaos energy is a remnant of the ancient war. It's chaotic and is filled with the auras left behind by various great experts during the war. If you enter it, you'll definitely suffer. If you're unlucky, you might even encounter divine abilities and secret techniques left behind by ancient mighty figures. You might die because you can't withstand it, or you might get lost in it!"

"What!"

Ye chen was anxious. Although su Yuhan's cultivation base was higher than his before, she was still too far behind him now. If she walked into such a desperate situation alone, wouldn't it bode ill for her?

The torment in his heart gradually made ye chen irascible!

"Ye chen, don't be rash. I think you think that Yuhan is weak?"

"What?"

Ye Chen's brows furrowed. It was clear that the information he was thinking about had been largely seen through by the Holy maiden. This was not the feeling he wanted. It was like being seen through at any time. It was a great taboo.

"You don't have to be so hostile. I won't easily see through your thoughts. I just don't want you to be so anxious and ruin things. The fact that Yuhan could make it this far means that her strength is no longer the same as before!"

"What do you mean?" Ye chen suddenly saw a glimmer of hope. The stronger su Yuhan was, the safer she would be. Of course, he wanted a clear answer. How strong was su Yuhan now?

"After awakening the ethereal spirit mark, her body will definitely transform," the Saint said softly. "This is one of the reasons why Su Yuhan left earth as soon as possible. The transformation is too Grand and dangerous. She doesn't want to involve the creatures on earth!"

"Then, how strong is she after the transformation?"

"It's hard to say. It's said that in the ancient times, there was a lady of destiny in my clan. When she transformed, heaven and earth were frightened, and the universe was upside down. She even drew the power of the universe into the void Spirit realm. From a Mystic immortal, she directly ascended to the zenith heaven golden immortal. She was unparalleled!"

"Perfected golden immortal?"

Ye chen was extremely shocked. It was completely impossible to ascend directly from the abstruse immortal to the great principal golden immortal in theory. Even with his talent, it was impossible to cross realms and ascend like this. It was clear that the Constitution of the hollow spirit tribe was different from ordinary people, even far above that of many geniuses. When he was with su Yuhan, he had vaguely felt this. However, su Yuhan was still normal at the time, so he did not delve into it.

Now, he didn't expect su Yuhan to directly ascend to the zenith heaven golden immortal, but she had to at least reach the level of heaven immortal. Otherwise, it would be dangerous in the chaos!

"Let's go, don't let your thoughts run wild!"

At this moment, the god of the underworld spoke and walked forward.

Ye chen and the Holy maiden looked at each other and followed the underworld God.

The entire world seemed to have fallen into chaos and was being reconstructed. Countless winds and clouds were surging, and undercurrents were surging everywhere. Under such an environment, it would be difficult for any life to exist.

Ye chen could not imagine what kind of battle this place had experienced in the ancient times to be able to destroy it to this extent.

The Qi in front of him was constantly surging, and countless rocks were constantly bombarding him. The impact energy of these rocks was comparable to that of a heaven immortal. If he was not careful, he would definitely be seriously injured.

"Yuhan, please don't encounter such a situation!" Ye chen prayed for su Yuhan in his heart. They had not even entered the void Spirit realm yet, and there was already such a terrifying danger. Ye chen did not dare to think about the consequences of approaching the void Spirit realm.

However, he would not give up hope. He believed in su Yuhan's talent. She would never fail!

"What?"

Suddenly, the god of the underworld stopped.

"What's wrong?" Ye chen asked.

"There's actually the aura of a living person!"

"Could it be Yuhan?"

Ye chen was very excited. Finding her here was the best result because the external environment here could still be controlled. Once they went deeper, the situation would only become more complicated.

"No!" However, the Holy maiden's words made ye chen fall into silence again.

The Holy maiden extended her hand. Soon, as the ethereal force was instilled into the space, ye chen saw a screen-like ring in front of him. What he saw inside was chaos but as the Holy maiden continued to release her power, the image inside became clear.

One of them was a man, or rather, a monster. His entire body was covered in scales, and his soft-like head was constantly turning. Mucus was flowing out of his green eyes, which was disgusting. However, this man's aura was deeply hidden, and he was definitely not a simple person.

"He's actually from the Shura world, the hidden domain!" The god of the underworld said solemnly.

"It seems that the core of the six realms has been lost, and too many domains of the Shura world have been unsealed. This is the most terrifying news for the chaotic universe, and even the entire primal Universe Group!"

The saintess looked worried. The Shura world that the god of the underworld had mentioned was a terrifying place.

However, ye chen did not care about that. He only wanted to find su Yuhan.

"It seems like these beasts still think that the 'heaven's secrets hoo' truly exists. Ha, a bunch of greedy beasts!" The god of the underworld revealed a disdainful expression. It was as if he had no good feelings towards the people of the Asura world. In fact, he even loathed them.

"Let's continue to look for Yuhan. We can't let her fall into danger!"

After saying that, the saintess tore off the Halo in front of her and pointed at the space between her eyebrows. The void Spirit power took effect automatically and started to spread in all directions. Su Yuhan was her daughter and also the successor of the void Spirit lineage. This was a matter of great importance, and she had to do her best.

"Zi Zi Zi!"

The ethereal light shone on the chaos realm. Although it could gather more information, it also contained danger.

"Mm ..."

p The god of the underworld frowned slightly. Such an action would definitely attract the chaotic force, and it might even attract the secret techniques of the ancient ability users. However, he would definitely not object to the saintess's actions.

Ye chen naturally hoped that the Holy maiden would do so. This was a faster way to find su Yuhan.

Ten thousand miles away, on a chaotic mountain peak, two strange people stood on the peak and looked at the chaos in front of them.

"I didn't expect the ancient battlefield to become so unbearable. How many legends have fallen here? it's really sad!" One of them was the monster that had appeared in the Halo of the saintess. Drops of green mucus flowed out of his eyes and fell on the mountain. Then, "Chi, Chi, Chi!" The sticky liquid quickly corroded the rock and disappeared in the blink of an eye.

Following that, the entire mountain peak rumbled. As it turned out, the liquid had covered the entire mountain peak and caused it to collapse!

[Chapter 2338 The Ancient Battlefield!](#)

The saintess led the way, and the two of them followed, heading towards the void Spirit realm together.

The void Spirit realm was hidden in the deepest part of the chaos and was extremely mysterious. Even after experiencing the great ancient war, it still couldn't be underestimated.

Ye chen could feel that in this environment, all his abilities were weakened. This was the effect of the surrounding chaotic energy. This was the world of mutants.

"That direction!"

Suddenly, the Holy maiden called out. Ye Chen's eyes narrowed as he looked in the direction the Holy maiden was pointing. It was a chaotic vortex. A terrifying energy was constantly leaking out from it. This made ye Chen's heart tremble slightly. Could it be that su Yuhan had entered such a dangerous situation alone?

"Whoosh!"

Ye chen flew out, not caring about the danger in the surrounding space at all. This was an absolute restraint for su Yuhan, and at the same time, it was also an absolute confidence in his own strength.

"So what if it's chaotic force? I'm here!"

One punch, Dragon Tooth hundred battle!

Boom, boom, boom!

With a violent tremor, the chaotic energy around the chaotic vortex was shattered by ye chen. His figure sank into it.

"This kid is too impatient!" The god of the underworld said.

"He really loves Yuhan!" The Holy maiden's face revealed a gentle expression.

After entering the chaos vortex, ye Chen's eyes were blinded for a moment and he could not see everything clearly. He relied on his sixth sense to extract information from the surrounding space. However, the entire space seemed to be one. It was like a piece of iron and kept changing. These signs surprised ye chen. This environment was indeed magical.

No matter what the road ahead was, ye chen had nothing to fear!

"Whoosh, whoosh, Whoosh!"

Ye Chen's figure moved in an instant, passing through countless spaces. However, the space in front of him seemed to be endless. If this went on, not only would he not be able to find su Yuhan, but he would also be lost in these spaces.

"Brat, stop!"

At this time, a vigorous voice reverberated. Ye chen knew it was the voice of the underworld.

The entire voice turned into a strong fluctuation, trapping ye chen in place. Then, a space-time vortex appeared in front of him. The god of the underworld and the Holy maiden walked out of it.

"Yuhan is your closest relative, why aren't you guys working hard?" Ye Chen's tone was cold, but the god of the underworld's expression did not change.

"Ye chen, even I can't fully control the environment before us. This is an environment that the universe automatically formed after the war of the immemorial era. You'll only get half the result with twice the effort if you're so reckless!"

"You!"

Ye Chen's brows furrowed, but the Holy maiden was right. Of course, he knew that he should not be so reckless, but he did not want to waste any time in this chaotic space. He had to find su Yuhan as soon as possible. After all, this battlefield was also the intersection of many universes and even the Shura world. Once su Yuhan encountered those people from the Shura hidden domain, the consequences would be unimaginable.

"This place is the path to the void Spirit realm. I can sense it, so please don't be too irritable. I know that Yuhan must have entered the void Spirit realm personally!"

"Will we be safe after entering the virtual spirits realm?" Ye chen asked.

The god of the underworld laughed. "You're so smart. How could you say something like that? the void Spirit realm is the most dangerous place because it hides one of the biggest secrets of the chaosverse, the 'heavenly secret Gu'!"

"What is heavenly secret Gu?"

"The heavenly secret Gu is the chaos heavenly book written by the first Void Spirit Holy maiden. It contains countless magical powers and secret techniques, and even the foundation of the universe. And the immemorial war was for the heavenly secret Gu!" The Holy maiden said.

Ye Chen's mind jolted. He did not know if this information existed in the Tianyuan space. In any case, the information he had obtained from the Tianyuan space now definitely did not contain this information.

"Kid, are you out of your mind? su Yuhan is not as weak as you think. If he really inherits the goddess 'bloodline, his talent and potential will not be any less than yours!"

"That's the best!"

Ye chen glanced coldly at the god of the underworld. Then, his ancient God Power erupted, instantly shattering the Soundwave confinement formation.

Upon sensing such power, the god of the underworld had to admit that ye Chen's rate of improvement was terrifying.

At this moment, the saintess once again cast a spell, and with a flash of inspiration, she rushed towards a land of chaos.

"Let's go!"

Ye chen was naturally the first to rush out.

Following the guidance of the ethereal light, ye chen continued to release his spatial energy. Finally, he saw a vast mountain in front of him.

The mountain was originally filled with countless peaks, but now, it had been flattened. Countless battle pits filled the ground, as if thousands of meteorites had fallen and exploded in a radius of ten thousand miles.

Ye chen took a deep breath. He could feel a huge energy from these battle pits. These energies had different attributes but all of them were unparalleled powers. It was clear that this was a great battle Ground in the Taigu battlefield.

"Phew, phew, phew!"

All of a sudden, a strong wind blew, and a foul wind blew. Waves of ancient aura seemed to be able to devour any life in an instant. Then, countless green auras floated in the foul wind. This energy was extremely dangerous. Ye Chen's Dragon aura shield automatically formed to protect its owner.

"Wan 'er, be careful!" The god of the underworld came to the saintess 'side and released the power of the god of the underworld to stop the aura from eroding her.

Wherever ye Chen's eyes landed, he noticed that several battle pits were active. All kinds of energy in them took the form of human bodies. One of them was covered in fur, horns, and scales. He even looked similar to the person from the hidden domain ye chen had seen in the Holy maiden Halo.

"All of you, die!"

The man suddenly shouted coldly. The countless green energy in the surrounding space transformed into divine weapons and attacked ye chen and the others.

"Small tricks!"

Ye chen had the body of an ancient God, so he was immune to all poisons. He flew out and accepted the challenge!

"I will fight with you on the Suan ni true Scripture!"

Ye chen activated the spirit controlling true Scripture and threw out the immortal Flying Dagger, the profound sword, the roving dragon Sword, and three divine weapons.

"Zi Zi Zi!"

Under ye Chen's control, the three great divine weapons took on physical forms. They were the three great artifact spirits.

"Let's go and play with these skeletons!"

"We will obey the emperor's orders!"

The three divine weapons bowed to me and charged into the green aura.

A divine armament body was not afraid of poisonous gas. Their own energy was connected to ye chen 's. The three of them attacked at the same time and the formation was formed.

"Ten thousand bone formation!"

At this time, the ability user released the ten thousand bone array. The countless bones around him rose one after another, evolved their own power, and rushed toward ye chen.

However, the three divine weapons each held their own positions and attacked with all kinds of weapons!

"Whoosh, whoosh, Whoosh!"

All the ten thousand bone Warriors were crushed into powder by the sword light and the saber Light.

"People of the hidden domain! How dare you block my path! Die!"

Ye chen was in a hurry to find someone and was not in the mood to talk nonsense with him. He was ready to use his ultimate move.

"Heaven immortal power: heaven-shaking earth-shaking Wu 'Ji seal!"

The thirty-three divine fist of creation combined with the Heaven's Gate laws instantly crushed the entire array. Its powerful might swept through the withered bones!

[Chapter 2339 Abyssal Monster!](#)

"Boom boom boom!"

"Ah!"

With a sharp cry, the hairy and horned man was instantly shattered.

"An Almighty from the dark domain? Trash!" Ye chen firmly decided.

"Ha, kid, don't be too smug. This kind of person is just a small fry. Do you really think that you can easily crush the soul of an ancient Almighty?" The god of the underworld splashed cold water on him.

"Hmph, then let them try my Dragon Spear!"

Ye chen waved his Dragon Spear. Suddenly, Thunder spread for thousands of miles, and the battlefield was filled with fire and Thunder!

Zila, Zila, Zila!

The entire battlefield was awoken by ye chen. Countless battle pits opened up, and even more powerful skeleton warriors emerged from them.

"You little brat, you really don't know how to save trouble!" The god of the underworld was speechless. He did not expect ye chen to start the entire battlefield. This kind of action was only looking for the biggest trouble for himself.

"Although this kid is arrogant, he has unlimited potential. This is the time to train him through the primordial battlefield. There's no need to worry!"

"Ha, I'm worried? Wan 'er, you've overestimated his position on my side. If I didn't want to repay him, I wouldn't have come here with him!"

"A!"

The Holy maiden shook her head slightly. She knew that the god of the underworld was a person with a sharp mouth but a warm heart. However, it did not matter. The more eye-catching ye Chen's performance was, the more the god of the underworld's recognition of him would increase.

In the blink of an eye, hundreds of battle pits were activated by ye chen. The Warriors who walked out of them were stronger and stronger. There were even existences comparable to heaven Immortals.

"Roar, roar, roar!"

They kept letting out inexplicable screams. If these screams were heard by Mystic Immortals, they would probably have a mental breakdown instantly. This was the danger of the immemorial battlefield.

Of course, these cries were child's play to ye chen and the other two.

"Lightning for ten thousand miles to cleanse the universe!"

Ye chen flew up and threw out his Dragon Spear. His palms circulated the power of the Thunder God materialization and instantly infused it into the dragon Spear. Suddenly, the Dragon Spear glowed silver and countless Dragon-shaped celestial energy surged wildly, instantly shattering everything in all directions and shattering thousands of miles!

Boom, boom, boom!

The sea of fire before their eyes had fallen under ye Chen's overall bombardment. No one had survived.

"Please!"

Ye chen said to the god of the underworld and the Holy maiden behind him.

The two of them smiled and walked forward.

After passing through the first level of the ancient battlefield, ye chen and the god of the underworld, under the Holy maiden's guidance, nothing happened in the remaining three levels of the ancient battlefield. The souls who had died in battle were all appeased and suppressed by the Holy maiden's soul divine ability, causing them to fall into a deep sleep.

However, the situation changed when they reached the fifth level of the ancient battlefield. The power of the ancient fighting souls had exceeded the scope of the suppression of soul super powers!

"Ha, since you've already performed, this Lord will take over this time!"

The god of the underworld walked forward and formed a seal with his hands. Suddenly, the entire earth began to shake. Countless god of the underworld seals flew up from the ground. The sky was filled with god of the underworld seals. These seals automatically merged into the god of the underworld great array, and all the fighting souls in front of them were trapped in it.

"Doomsday myth: the whisper of the god of the underworld!"

"Momo, Momo, Momo ..."

Suddenly, the entire space was filled with the incantation of the god of the underworld. These incantations were frantically devouring all kinds of energy in the surrounding space, and the one that was devoured the most was the power of the fighting soul.

However, the fighting souls in the fifth stage of the Tai gua battlefield were much stronger than those in the previous battlefields. Even in their fighting soul form, most of them were at the level of golden Immortals.

With countless golden Immortals fighting against the god of the underworld at the same time, no matter how powerful the god of the underworld was, he had to take it seriously.

Ye chen watched from the back with great interest. Finally, it was this "old man" 's turn to do something. Through this battle between the god of the underworld and the fifth battlefield, he could learn and practice the secret mirror of the god of the underworld.

The sky changed color, and the sun and moon no longer existed!

The netherworld divine power swept across the entire battlefield. All the fighting souls of the powerhouses in the battle pit fell one after another before they could even step out of the battle pit.

Such strength was truly astonishing!

"The small ancient battlefield of the ancient five realms is over!" The god of the underworld said.

"Five small battlefields?"

Ye chen was surprised.

"That's right, this battlefield is just a warm-up. In fact, Yuhan didn't even leave from here!"

"What?" Ye chen was surprised, but he soon understood. He only needed to take a closer look to know that these battle pits had not been opened before. Unless he could go there slowly and silently, su Yuhan must not have passed through here.

The primordial RuinWorld was simply too vast, and there were many other paths to take.

In the chaos, there was a rustling sound. What kind of danger was hidden!

The people from the hidden domain had already sensed the presence of ye chen and the others.

"The mission this time is to restart the heaven's secrets war. The heaven's secrets Gu will definitely fall into the hands of my hidden domain!"

"Hmph, dark chief has yet to awaken. We have to act early. The day dark chief awakens will be the day dark world rises to power!"

"Hahaha!"

The two of them disappeared into the primal Chaos. However, they would leave behind dark world imprints wherever they went.

At the same time, in other directions of the chaos, more spacetime tunnels were opened. They were in various forms and connected to the chaos battlefield.

Ye Chen's group of three continued to move forward with the Holy maiden guiding them, using the fastest speed possible to reach the void Spirit realm.

"Boom boom boom!"

Wind and clouds appeared in the chaos ahead, and the rumbling sound shook the world! A vast abyss lay in front of the three of them.

"What is this place?" Ye Chen asked.

"How could the void Spirit abyss be like this?" The Holy maiden looked puzzled. In her opinion, it was impossible for the ethereal chasm to appear in such a place. Even the impact of the great battle in the ancient battlefield would not have such an outcome unless they had shifted time and space!

"Be careful!"

The god of the underworld stepped forward. His eyes focused, and light shone as he charged into the abyss.

"Phew ..."

A strange breathing sound came from the abyss. It was deep, ancient, and mysterious!

"There's something down there!" Ye Chen's eyes released the ocular skill at the same time, trying to see what was below. Darkness surrounded him but Ye Chen could still see the large wriggling body.

"You're acting like a ghost!"

Ye Chen threw a punch. The vigorous power transformed into a Dragon and rushed toward the huge body below.

However, nothing happened. There was no response at all.

"What?"

Ye Chen looked at it coldly. It turned out that the power of his Dragon Fang fist had been completely devoured by that thing.

"Damn it!"

When he was angry, ten thousand thunders were born!

Zila, Zila, Zila!

The boundless divine lightning filled the entire abyss, causing the surrounding mountains and land to shatter.

"Heaven tremor seal!"

Ye Chen's hands formed a seal. A Grand Power accompanied by endless mystical flames poured down. In an instant, the entire abyss was burning. The Grand monster suddenly became restless.

"Roar, roar, roar!"

A powerful roar turned into a destructive wind that shook the area.

"Dragon Qi Shield!"

With a wave of ye Chen's hand, the eight Dragons appeared together. The Grand draconic Qi Shield was like a sky cover, blocking all the sound waves.

[Chapter 2340 Rebirth Of The Devil!](#)

"The entire spirit abyss has been occupied by this monster!" The Holy maiden said.

The god of the underworld held his chin and said with a smile, "You said it's occupied by such monsters. It seems that the number of monsters below is interesting!"

"Yes, at least thirty!"

Hearing the Holy maiden's words, ye chen sneered. Then, holding the Dragon Spear, he charged down into the abyss.

"He's indeed impatient!" The god of the underworld laughed. "But I do like it!"

After saying that, underworld God also rushed into the abyss. At this moment, in the abyss below, the power soared to the sky and the sound of explosions continued. Several monsters had their eyes on ye chen and had already begun to attack with their tentacles. These tentacles were extremely powerful. Even if they came into contact with the surrounding lava, they would shatter the mountains and crack the earth. There was no resistance.

"Kill!"

Ye Chen's eyes shone with a strange light. The Dragon Spear in his hand flashed with lightning. Every attack was like a great divine power descending. He was not afraid of any challenge.

"Roar!"

The monster below roared. Following that, dozens of monsters roared in unison, forming a sound wave resonance in an attempt to disrupt ye Chen's perception. However, this trick was child's play to heavenly Emperor ye chen and the underworld God. It was not worth mentioning at all.

They all released their demon's eyes and instantly locked onto their targets.

"Nine refined God spear, Thunder God Nirvana!"

Ye chen waved his spear and activated the Thunder God Dharma power. Venerable Thunder Dragon's massive figure appeared and struck a monster below with his palm.

"Boom boom boom!"

The Grand Palm print instantly struck the monster's head with the power of lightning.

The sound of an explosion rang out, and the Thunder spread for thousands of miles, leaving no trace of life!

The power of the destructive Thunderbolt was injected into the monster's brain, and it was destroyed rapidly. There was no way to recover.

"Roar!"

The monster let out a painful cry after its death. Ye chen chased after it!

"Die! The celestial Emperor ordered the sword to spin!"

Ye Chen's divine thought moved and the celestial Thearch sword was unsheathed. He aimed at the monster's head and slashed at its vital core!

"Whoosh, whoosh, Whoosh!"

The spinning sword Qi struck the core of the attack.

There was an earth-shattering explosion. The core of the monster's brain was destroyed, and it actually caused the entire body to self-destruct.

Boom, boom, boom!

The power of the explosion caused the space around the monsters to explode, creating a chain reaction.

"Roar!"

However, the remaining monsters all aimed at ye chen, ready to strangle him to death.

"Come on!" Ye chen was not afraid at all. He floated in the air and waited for these monsters to attack.

"Whoosh, whoosh, Whoosh!"

These monsters extended their blood-colored tentacles and aimed them at ye chen.

The attacks of these tentacles were completely different from before. It was obvious that they had been charged with energy. Their special abilities swirled, twisted, and strangled. It was a terrifying state that made people tremble.

Just as these monsters were about to attack ye chen, a beam of netherworld energy suddenly bloomed in the air. A dark light swept over and the tentacles that were attacking ye chen froze in mid-air.

"Chaos of the underworld God!"

The god of the underworld stretched out his right hand, and the shadow of the doomsday myth appeared on his hand. Then, he slashed down with his sword, and everything disappeared!

The tentacles that wanted to kill ye chen were all shattered and turned into dust.

"What a powerful nether God Power!"

Ye chen exclaimed in his heart. Then, he rushed toward the group of monsters below. This kind of fighting spirit was soaring to the sky!

"Secret mirror of the underworld-war breaking chapter: chaos of the underworld!"

It was the same move, but it had been transformed into a different form. The long spear swept across the sky and the god of the underworld broke the world!

Boom, boom, boom!

The entire chaotic divine power of the nether God combined with ye Chen's Dragon Qi and swept through the entire spirit abyss. Dozens of monsters exploded one after another. They could not resist such power at all.

"Good boy, you're able to use the secret mirror of the underworld in such a short time. It seems that I've underestimated you!"

"My potential isn't something you can see and learn, even if you're the god of the underworld!"

"Strong enough!"

The god of the underworld smiled and flew into the sky.

Ye chen ascended at the same time and finally met up with the Holy maiden.

"Golden Lotus sword path!"

The heavenly Sword soared into the sky, followed by tens of thousands of swords!

Ye chen activated the heaven and earth sword net and formed a passage that extended toward the opposite side of the spirit abyss. Then, the three of them walked on the sword path and continued forward.

At the bottom of the spirit abyss, the corpses of the monsters that were supposed to be dead began to tremble and fuse together, forming an even more terrifying demonic creature.

"Mm ..."

A deep voice came from the spirit abyss. A Hunchback but very tall blood-colored demon appeared. Its eyes flashed. Then, its two large eyes extended infinitely and arrived above the spirit abyss. It looked in the direction ye chen and the others had gone.

He stomped his feet and his body was like a spring as he arrived above the spirit abyss. At this moment, the Golden Lotus sword path disappeared along with ye chen and the others.

The blood-red monster reached out its hand and pointed ahead.

"Zi Zi Zi!"

Following that, his arm extended out in a frenzy and grabbed onto a mountain peak opposite the spirit abyss. Following that, his arm contracted rapidly and his body instantly shot over.

After crossing the spirit abyss, the demonic creature placed both its hands on the ground. Countless small tissues split wildly forward, turning into countless demonic clones that followed ye chen and the others.

"Hahaha, the void Spirit tribe has finally appeared!"

The demonic creature laughed, its eyes bulging and emitting a strange light. It actually summoned a communication interface in front of it.

"Elastic demon, how's the situation?"

Within the realm stood a being that looked similar to the demonic creature, but was even taller.

"The descendants of the void Spirit tribe have appeared. This time, it's actually the Holy maiden herself. They seem to be searching for something, but I'm not sure if it's the heaven secret Gu!"

"Hmph, Void Spirit tribe, trying to hide the heaven's Secret Gu was the worst decision ever. Now that the Shura world has opened, things are getting interesting."

"Ha, the opening of the Shura world is all thanks to one person!"

"Who is it?"

"A man named heavenly Emperor ye chen!" The elastic demon sneered.

"Heavenly Emperor ye chen?"

The tall demon opposite him was suddenly stunned. He had never heard of the heavenly Emperor ye chen but there were legends about the heavenly Emperor in the Shura world. He was a Supreme existence in the heaven realm. In the immemorial era, he was the only person with a status that could last through the ages. Could this ye chen be related to the heavenly Emperor?

"Pay attention to this heavenly Emperor ye chen!"

"Fatty TOU tuo, aren't you being too sensitive? this man is only a heaven immortal, which is the lowest existence even in the heaven realm. Why do you need to pay attention to him?"

"Hmph, those who don't ascend have ambitions and can't be ignored. Elastic demon, are you teaching me how to do things?"

"I don't dare, I don't dare!"

The elastic demon revealed a devious smile and bowed slightly.

"Take action immediately. All the major forces in the Shura world are to move out. We, the reborn devil race, can not be left behind!"

"Yes!"

With that, the interface disappeared. The elastic demon looked into the distance. Its body twisted and then disappeared.

At this moment, ye Chen's group of three had passed through the void Spirit abyss and officially entered the void Spirit realm.

However, the void Spirit realm was vast and boundless. There were ancient battlefields everywhere, and it was filled with danger!
