

Genius 2361

[Chapter 2361 2366-Root Of Evil Killing Order!](#)

"Little sun!"

Seeing that the rock spirit was trapped in the strange light, ye Chen's heart was burning with anxiety.

However, under the influence of the curse of the origin of sin, ye Chen found it difficult to escape. The situation was getting more and more dangerous.

"Hahaha, this is such a tragic scene. Ye Chen, you'd better take your own life!" When the origins of sin saw that ye Chen was also a peerless genius, he wanted ye Chen to do it himself. However, ye Chen still had too many things to do. How could he commit suicide?

"Get lost!"

A stern shout represented ye Chen's attitude. No matter who his opponent was or how powerful he was, he would not admit defeat.

"Al, you really don't know what's good for you!"

The Honorable Sin Origin shook his head slightly and continued to release the power of sin Origin. Ye Chen was even more suppressed. At the same time, the Samadhi rock Spirit's strange flame was already under the control of the curse of sin Origin and could no longer be used.

On a Dark Peak, the Holy maiden clenched her fists tightly. It was obvious that she was worried.

"Is this really a good idea? something will really happen to ye Chen!" The Holy maiden said.

"Hmm ... This is the best time for Yuhan to appear, and the fastest way to find her!" The god of the underworld said.

"This ..."

The Holy maiden closed her eyes slightly. She did not want to see ye Chen's face anymore. It was already a miracle that he had managed to hold on until now with his own strength in the face of so many super powerhouses. However, how much longer could he hold on? could he really make su Yuhan appear?

All of this was unknown. If su Yuhan didn't show up, or if she didn't have enough strength after showing up, things would only get worse.

On the battlefield, the powerhouses continued to exert pressure. The pressure on ye Chen's body was getting heavier and heavier until he could not bear the burden.

"Ah!"

He shouted and led the dark Thearch's clone to charge at the rock spirit.

"Secret mirror of the underworld, chaos of the universe!"

The dark Thearch released his underworld God Power, stirring up the wind and clouds, and instantly chewed up the power of sin that was wrapped around the rock spirit.

"What?"

The origins of sin was shocked. His cultivation base was so high, yet ye Chen's clone had broken the origins of sin trapping formation. This meant that ye Chen was still hiding his strength.

"Shen power, this is definitely Shen power!"

"Even this kid's clone can use divine power. Unbelievable!"

"Leaving such a scourge alive is the greatest hidden danger. What are you waiting for, venerated origins of sin?"

Ye Chen's super tenacity made the powerhouses loathe him. At the same time, they also felt some kind of fear. His combat power was too strong. Even the powerhouses of the universe thought that the chaotic universe was the lowest universe and no one wanted ye Chen to continue developing.

At this moment, the Dark Lord, the mcmau Emperor, and the Samadhi rock spirit had all returned to ye Chen's side. Together, they fought against the Honorable Sin Origin and the other powerhouses.

"Ye Chen, are you alright?"

The rock spirit asked.

"Ha, this is nothing. I didn't expect you to find your way back!"

"Of course, if it wasn't for absorbing the dark Fire, I would have returned long ago!"

"Alright!"

Ye Chen stood up. The ancient God's shadow behind him continued to release ancient God Power, pushing the great sin formation back.

"Hmm ... Everyone, it's not my responsibility to kill this person. Do you still want to sit back and watch the Tigers fight?" "Who are you?" the origins of sin Knight asked the experts behind him.

"Hahaha, I didn't think that the Almighty honorable origins of sin would need our help to kill a mere celestial immortal?"

"That's right, you're an existence comparable to an allheaven Supreme immortal. With such a big gap, why aren't you making a move?"

Unexpectedly, the various powerhouses revealed sinister smiles. They deliberately did not make a heavy move. They wanted to see the Honorable origins of sin expend more strength in killing ye Chen. This was naturally beneficial to them. After all, the main purpose of the powerhouses coming here was still the heaven's secrets banner. A final battle was inevitable.

The current cooperation was only a temporary solution, the real battle would break out the moment the 'heavenly secret puppet' or the goddess appeared.

These experts were all old experts who had cultivated for thousands or even tens of thousands of years. They naturally understood this principle.

"Hmph, since you're all just watching from the sidelines, this old man will take the credit!"

The Honorable origins of sin snorted coldly. He did not think too much. As long as he killed ye chen, he would also be rewarded. He might be of great use in the future.

"Let the origin of sin command the Tao Wu!"

"Whoosh, whoosh, Whoosh!"

The Honorable Sir sinful origins released the origin of sin token. Several black jade tokens flew into the air. Then, these Jade tokens continued to emit light. The power of the origin of sin continued to maintain ye Chen's ancient divine power.

The difference in their cultivation levels was too great. At the same time, ye chen had consumed too much energy in his previous battles with the other powerhouses. Now that he was facing the Honorable sin Essence's sure-kill divine ability, it was indeed difficult to deal with it.

The dark Thearch and the Monarchs moved to protect their master.

"The power of the netherworld God is enough to create chaos!"

"Magic-style Suan ni breaks an Army of a thousand!"

The two clones attacked at the same time, wanting to destroy the token, but their divine arts were blocked by the invisible sin energy.

Buzz, buzz, buzz!"

The power of sin continued to consume the two divine abilities. At the same time, the token of sin emitted a dark light that instantly destroyed the two divine abilities.

As the space trembled, the origin of sin token formed a six-word kill token and charged at ye chen.

"Purple lightning strike!"

Ye chen had used up too much of his energy. He could only throw out the Dragon Spear and summon the venerable Thunder Dragon.

"Nine refined God spear, boundless Lightning Dragon!"

Supreme Thunder dragon's eyes released boundless lightning, and along with the nine Heavens, divine lightning filled the sky, frightening the heavens and earth!

Zila, Zila, Zila!

The power of divine lightning and the origin of sin token clashed against each other. Neither side gave way to the other as they continued to attack.

The origin of sin token operated on its own, and the six words killing token evolved infinitely.

"Thunder Dragon!"

"Don't worry, great emperor. I can still hold on!"

Not wanting ye chen to worry, venerable Thunder Dragon continued to release his Artifact Spirit's Natal energy. Only by doing so could he continue to resist the token of origin of sin. However, this method consumed too much energy, and it took less than a moment!

Ye chen sat cross-legged in the air and began to recover his strength. This was the only thing he could do.

"Hahaha!" "Hahahaha ..." At this moment, the Honorable origins of sin was sitting high up in the air, looking down at the battle below and laughing. "Ye chen, even if you use all your divine weapons to protect your master, you can forget about stopping my ultimate attack. You're finished!" He said.

Ye chen did not respond to the provocation of the origins of sin. Relying on his ancient God Body, darkness pool, and the support of the Tianyuan space, ye chen continued to recover his power.

Such a recovery speed was still as fast as the speed of light for ordinary cultivators, but it was not so useful in the current crisis.

"Uh!"

Blood continued to flow out of the corner of Thunder Dragon God's mouth. He had already tried his best, but the power of his weapon spirit was also being consumed rapidly.

"Whoosh!"

The celestial Thearch swords were unsheathed at the same time, releasing the power of sword Qi to resist the token of origin of sin.

"It's no use!"

The Honorable Sir sin Essence's eyes turned cold. He released the power of sin from his palms and added it to the six words killing token. Instantly, the six words killing token glowed. The power of sin essence broke the lightning Dragon!

Boom, boom, boom!

"Ah!"

Both the Thunder Dragon venerable and the celestial Thearch sword were sent flying. The sin Origin venerable's eyes were locked on ye Chen's body!

[Chapter 2362 A Sure-Kill Strike!](#)

"Six words killing order, Suan ni, six kills in unison!"

"Zi Zi Zi!"

The six words killing order released the light of the source of sin. Ye chen was completely shrouded in the light. These six rays of light were a trapping array and a killing array at the same time. No one could escape from such a killing array.

"Zi Zi Zi!"

Finally, the six great killing auras descended. The powerhouses all revealed sinister smiles. They were waiting for ye Chen's death. How sad it was to see such a genius die at the hands of the Honorable origins of sin.

At this moment of crisis, ye chen suddenly extended his right hand. Then, a beam of brilliant Buddha's light illuminated the world. The Buddha Emperor divine monument descended.

The six-word mantra on the Buddha's light and divine stele glowed, corresponding to the six-word killing order.

The light from both sides collided, emitting a firework-like brilliance in the sky. Then, ye chen stepped on the divine monument and flew up.

"Venerated origins of sin, this Emperor has come!"

"What?"

The origins of sin was shocked. How could he have known that ye chen had such a trump card? the Buddhist divine light had shattered the six word killing order and ye chen had countered.

"Buddha's light!"

Ye chen spun his palms and released the Buddha Emperor's power in front of him.

The two vigorous palm prints emitted ten thousand rays of light. The hands of Buddha, peace between heaven and earth.

In an instant, the six words killing command shattered at the same time!

Crack, crack, crack!

With the shattering of the six words killing token, the Honorable origins of sin was caught off guard and was sent flying three thousand feet away.

"This, this is impossible!"

What kind of person was the Honorable origins? he was an existence comparable to an overarching heavenly Supreme celestial. It was already very amazing that he had been shaken away by ye chen. Now, ye chen had even countered him in terms of Dao techniques. His prestige had been greatly reduced, causing the surrounding powerhouses to look at him with disdain.

In the eyes of these powerhouses, even if ye chen was a human genius, his cultivation base was extremely low. No one really took him seriously. They had the Honorable Sin Origin kill ye chen just so that they could move more freely. No one really thought that ye chen was a fatal threat.

As the Honorable Sin Origin's attack failed, the experts were starting to get impatient.

After all, the immemorial battlefield was full of changes and dangers. No one wanted to stay here for too long. They all wanted to find the treasure as soon as possible.

"You've truly disappointed us, venerated origins of sin!"

"I can't believe I've failed consecutively against a mere celestial immortal!"

"We've really overestimated you!"

The experts all revealed looks of contempt, causing the Honorable origins sovereign to be extremely angry. He was an elder of the origins of sin, yet he was actually being looked down upon by these juniors. He truly had lost his integrity.

"Hmph, since you're so powerful, why don't you test it out yourself?" He could only retort in such a way.

"Good, we'll clean up this mess. However, sin realm really has wasted its reputation as a power in the Asura world. Hahaha!"

Hearing such mockery, the Honorable origins frowned. Anger rose in his heart, but for the sake of the bigger picture, he endured it.

The people from the dark domain and the dark regions were once again facing ye chen. This time, all the powerhouses had attacked one after another. Their momentum was far above that of the Honorable Sin Origin. In such a situation, ye chen was in an even greater crisis. He also understood that from the moment he faced all these powerhouses, he was destined to die nine out of ten.

"Collect!"

Ye chen stretched out his right hand and the Buddha's light sacred tablet instantly shrank and returned to his hand. This was one of his trump cards. He could not let it fall into the hands of others.

"Hmph, a puny human cultivator dares to be so impudent in the void ancient battlefield. We'll make sure you die without a burial ground!"

"Kill!"

The powerhouses attacked one after another. All kinds of divine abilities and secret techniques suppressed ye chen. Ye chen was facing the greatest pressure.

"Army obliteration!"

Ye chen brandished his Dragon Spear and made the first move to slow down the crowd's speed. It was obviously impossible to fight against so many powerhouses. The only way was to strike first, weaken their momentum, and then break them one by one.

Boom, boom, boom!

On the battlefield in front of him, the Spear's light swept across a thousand miles and indeed blocked the attack route of some powerhouses. Then, ye chen locked onto one of the people from the hidden domain.

"Tianyuan heart technique Suan ni marking command!"

Ye Chen's consciousness moved and a sword Qi shot out from between his brows, invisibly locking onto the man from the hidden domain. In the previous few exchanges, the people of the hidden domain were full of tricks and were good at hiding themselves. This time, the heart Sutras and sword Qi had locked on to them, leaving them with no place to hide.

"What?"

The powerhouse was not an ordinary person either. He immediately realized that he had been locked on by ye chen.

"Good boy!"

Such a technique was indeed amazing. The hidden domain powerhouse had released his own secret technique in an attempt to conceal ye Chen's sword Qi mark.

However, these movements were naturally within ye Chen's control. Following the sword Qi's pursuit, ye Chen's eyes narrowed. This time, he was going to establish his might.

"The celestial Emperor ordered the brilliant nine spiritual essences sword to fight against the sword!"

On the ground, the wind did not stop. With the support of the nine spiritual reserves, ye Chen's Foundation was improved eighty-one times and instantly exploded! Countless sword Qi rose from the ground and locked onto the hidden domain's expert.

"What?"

Although he knew that he had been locked on, he had still been joking. Now, he felt that he had been locked on by ye Chen's sword Qi and finally realized that danger was right in front of him.

"Dark domain concealment technique!"

The people from the hidden domain scattered a lot of black powder and their energy disappeared without a trace. Even the sword Qi that ye chen had locked on to earlier did not respond. This surprised ye chen.

"Such a secret technique can actually hide my sword Qi!"

"Ha, but do you think I'll be fooled by you?"

However, ye chen sneered. The celestial Thearch primordial spirit released its spiritual perception and instantly connected with the Tianyuan sword Qi from before.

"Zi Zi Zi!"

With a flash of spiritual light, a spiritual connection appeared in the void.

"Ha, Celestial Emperor's order Suan NI's ultimate killing strike!"

The celestial Thearch sword was unsheathed and locked onto the person in the hidden domain in the void. With the spirit of the heavenly Yuan as the guide, the nine heavenly laws, Thunder God supplementary sword.

Zila, Zila, Zila!

Along with the light of the Thunder God, the celestial Thearch sword was slashed out. The vigorous sword Qi soared to the nine Heavens, and the sword light completely cut down the evil man!

"Ah!"

In the air, there was a loud bang and a scream. Everyone finally understood the power and purpose of ye Chen's attack. With a spray of blood, the man from the hidden domain revealed himself.

"You, you!"

The man from the hidden domain did not even understand how he had been exposed to ye chen and killed by a single sword strike.

"This"!

Upon seeing such a shocking scene, the powerhouses finally realized how dangerous ye chen was. They also finally understood why the Honorable sin essence had been countered by ye chen. It was not because the Honorable sin essence was too weak, but because ye chen was too strong!

"Hmph, do you all know how powerful this kid is?"

Below, the Honorable origins of sin roared angrily. He did not participate in the siege this time because he wanted to see if these self-proclaimed invincible people were really as powerful as they said. Now, he saw that he would still suffer at ye Chen's hands despite being targeted by so many powerhouses. It could be seen that he was stronger than all of them if he were to face ye chen alone.

[Chapter 2363 2368-Sneak Attack!](#)

Blood and Qi filled the air as the corpses fell to the ground!

The hidden domain's powerhouse was killed by ye chen in the air. It was clean and Swift, and the power was earth-shattering!

This attack shocked all the powerhouses and the people of the hidden domain. The one they had lost was a powerhouse who was close to an allheaven Supreme celestial. Not only could ye chen lock onto this person's position in the void, but he could also break through his defense with one strike. It was clear that ye Chen's perception and Foundation were amazing.

"I can't believe there's such a thing. Hahaha, it seems that this kid is really extraordinary. In that case, let's make him die a worthy death!"

At this moment, the mysterious evil man walked out again. He was already unhappy that he had been forced away by ye chen in the previous battle. Now was the time for revenge.

"Wicked secret technique!"

The evil man's fingers moved rapidly and all kinds of seals were formed. Then, they attacked ye Chen's Dragon Qi Shield.

Buzz, buzz, buzz!"

The Dragon Qi Shield crashed into it and shattered into pieces.

Ye Chen's eyes narrowed, and the ancient divine power in his body rapidly protected him!

Boom, boom, boom!

The heretical man's palm landed on ye Chen's body, but the four-star ancient God's body protection did not budge. Ye Chen had used this method to shock the crowd, making them apprehensive and not dare to act rashly.

This was naturally a way to stall for time. According to the Saint, if Su Yuhan had already entered the Saint Palace of Xu Ling Mountain, she was most likely receiving the power of Xu Ling Mountain. At this time, no one could disturb her.

"Dragon Tooth fist: glorious hundred Dragons tearing the sky!"

Ye Chen took the initiative and unleashed the power of a hundred Dragons. The dragons roared and the sky changed color!

"Whoosh, whoosh, Whoosh!"

Ye Chen's body moved like a Phantom Wolf. The immortal Flying Dagger turned into a Dragon Claw and covered Ye Chen's hands.

Buzz, buzz, buzz!"

The saber radiance flickered and the sharp blade instantly broke through the evil Qi protecting the wicked man's body and came for his life.

"Oh?"

The Black Hood on the heretic's body flickered rapidly, and his figure also transformed, making him impossible to grasp.

"Sword Qi eight desolations!"

Ye Chen did not give him any time to hide. As soon as the sword Qi was released, the eight directions moved and the sun and moon collapsed.

A powerful force swept out, and the heretic was unable to hide. He reappeared.

"Hahaha, to be able to make my true body appear, extraordinary!"

"You call it extraordinary when it's so simple? It seems like I need to give you some new stimulation!"

Ye Chen had shifted the focus and caused himself and the heretics to be in extreme opposition. Then, he had caused the others to fall into a state of watching from the sidelines. This was exactly the same as when he was fighting with the Honorable One Origin. These people were not in an Alliance to begin with and were equally wary of each other. This was an opportunity that Ye Chen could take advantage of.

Using them meant that they wanted to use the power of others to get rid of him. This had instead become Ye Chen's opportunity. As long as he fought one of them alone, even if he could not kill them, Ye Chen was confident that he would not be defeated!

"Heavenly Dragon subduing devil!"

Ye Chen threw out the eight Heavenly Dragon Demon subduing mirror. In an instant, the eight doors opened and shone toward the evil person.

"Dark evil supremacy!"

The heretical man released a mysterious law and his vital energy and blood surrounded his body to block the light of the eight Heavenly Dragon Demon subduing mirror. Then, the heretical man waved his palm and his vital energy and blood fused together. The mysterious law instantly countered ye chen.

"Hmph, small tricks!"

Just as ye chen snorted coldly and was about to take the blow, a hidden palm suddenly came from the side. Ye chen reacted quickly but he was still unable to respond to the attacks from both sides at the same time.

"Boom boom boom!"

"Uh!"

Ye chen was hit for the first time. His entire body trembled rapidly and a mouthful of blood spurted out of his mouth.

The attacker was none other than the origins of sin Knight.

"It's you!"

"Hahaha, brat, do you think you're still stalling for time by fighting alone? I've long seen through your tricks. Now, it's time to end it. "

In order to wash away the shame, the Honorable origins of sin and the heretics had joined forces to completely cut off ye Chen's life.

The situation instantly fell into an irreversible state!

In the dark, the god of the underworld and the Holy maiden were nervous at the same time. They did not know if ye chen could continue to hold on in such a predicament.

"Mm ..."

The god of the underworld narrowed his eyes. He was thinking that ye chen had not used the limit of his underworld power and had not used the strongest move of the "underworld secret mirror." He had not reached his limit yet.

This was good news, but at the same time, it was a sign of danger. Once ye chen reached his limit, there was no way to turn back.

The cultivation of these enemies in front of him was far above his. At the same time, they were sinister and cunning. When the time came, no one would know what would happen. This was the most terrifying.

The saintess kept trying to sense the location of su Yuhan and the divine temple, but she couldn't get anything.

On the battlefield, facing the direct coercion of two super powerhouses, ye chen was really in a desperate situation this time.

"Ah!"

With a furious roar, ye chen took out the Buddha Emperor sacred tablet again!

"Zi Zi Zi!"

The Holy monument continued to emit holy light, trying to reverse the decline, but this was all within the expectations of the two cunning people.

"Hahaha!"

The evil man laughed. Then, the qi and blood in his body surged and wrapped around the Holy monument. The Holy Light was wrapped in his qi and blood and could not be released.

"What?"

Ye chen was shocked and quickly attacked with his Dragon Spear.

Zila, Zila, Zila!

The power of the Thunder God exploded, attacking the blood Qi, but it was blocked by the power of sin realm.

"Hahaha, your opponent is here!"

"You're courting death!" The Honorable Sir sinful root sneered. The power of sinful root in his body transformed into an extremely powerful sinful ritual implement. Within this ritual implement, countless amounts of sinful energy surged. When combined with the Honorable Sir sinful Root's cultivation technique, its power multiplied.

"Sin source creation!"

"Zi Zi Zi!"

In front of the Honorable origins of sin, six blood-Jade-like objects appeared. They were the power of the six great origins of sin.

"This time, you're completely finished!"

He pushed the six great sin source blood jade and charged forward.

"Go!"

Ye chen threw his Dragon Spear. However, when it touched the sin Origin blood jade, the Dragon Spear quickly bounced back. When ye chen caught it, he suddenly felt that he could not control his body and retreated dozens of steps.

"Slash!"

The origins of sin venerable released the blood jade to kill. The six origins of sin blood jade locked onto ye Chen's six vital points, leaving no chance of survival!

Buzz, buzz, buzz!"

At that moment, the infernal Blood Orchid appeared behind ye chen and turned into a canopy, blocking the attack. Above the blood Orchid, the Snake Queen appeared.

"Ah!"

The Snake Queen let out a shrill cry. The eight-headed Blood Python emerged from the sky in an attempt to swallow the Honorable Sir sinful origins. However, this was all wishful thinking. With a sneer, the Honorable Sir sinful origins summoned his six blood rain. In a single exchange, the eight-headed Blood Python had lost six of its heads. It was an extremely tragic sight.

"Uh!"

The blood Python and the snake Empress had already fused. The blood Python's loss of its head was equivalent to her being severely injured. She was in extreme pain.

Buzz, buzz, buzz!"

Fortunately, the blood Orchid continued to support its life force and transfused life energy into the Snake Queen's body. Soon after, a new head grew out of the eight-headed Blood Python's body.

"Sky-swallowing Blood Python!"

The snake Empress forcefully activated her Blood Orchid divine ability. The eight-headed Blood Python opened its huge mouth and tried to devour Sin Origin sovereign.

"You really don't know what's good for you!"

"Whoosh, whoosh, Whoosh!"

The blood jade moved again and directly rushed into the huge mouth. With a loud bang, it shattered!

[Chapter 2364 2368-Dark Fire Changes!](#)

The rock spirit and the Snake Queen protected ye chen together and waited for him to recover.

However, the powerhouses around them would not give them this opportunity. The suppression of their cultivation base was too severe. The Snake Queen and the Samadhi rock spirit did not have enough combat power to fight against the powerhouses. Meanwhile, ye chen was also caught in a vacuum period where energy was flowing back.

"Hahaha, kid, your end is here!"

The Honorable origins of sin released the six great blood jades and aimed them at ye Chen's group.

At the same time, the mysterious wicked man's evil energy soared to the sky. He burst out with a super powerful evil divine ability and completely suppressed ye Chen's domain power.

In such a tragic situation, the spectators on the wall revealed sinister looks. They knew that the battle was about to end.

The crisis was heavy, but there was still no response from Xu Ling mountain. This made the god of the underworld feel conflicted. Should he help? If ye chen really died here, it would definitely not be good news. It might cause su Yuhan to go berserk, and then everything would be difficult to clean up.

"Underworld God, you can't let ye chen die Here!" The Holy maiden said.

"Hmm ... This brat won't die so easily. I think this is the crucial moment to lure Yuhan out. If she really is the one chosen by the heaven, she must have completed the ceremony of the Holy Land!"

The ritual is dangerous. If it fails ..."

"Sigh, it'll be her fate if she fails, but we should believe in her. To be able to get the guidance of the ethereal temple and come here, she must be an extraordinary descendant."

"En!"

The Holy maiden could only nod. She couldn't do too much. The rebirth of the void Spirit realm required the reappearance of the void Spirit Holy maiden.

"The source of sin trial, the six sins, together!"

The Honorable origins of sin released his strongest power of judgement. The six blood jades transformed into the forms of six demonic beasts, baring their fangs and brandishing their claws. They were extremely terrifying.

"You guys, get out of the way!"

Ye chen roared. In the face of such a Grand destructive power, the Snake Queen and the Samadhi rock spirit would not be able to resist. Of course, ye chen did not want them to die for him.

"Master!"

The Snake Queen wanted to make a move but was restricted by ye Chen's consciousness and could not move. On the other hand, the rock spirit listened to ye Chen's orders and did not move.

"Ancient netherworld power!"

Ye chen no longer held back. He activated the ancient netherworld war God's power again, wanting to take this blow head-on.

"Hahaha, no matter what power you use, you will die!"

He was very confident in this attack. This was an attack that could kill a peak golden immortal. Ye chen would not be able to resist it.

"Kill!"

With The Kill Order, the six mystical beasts charged at ye chen at the same time. There was no way to avoid it.

The entire world went berserk, the space trembled, and the energy vortexes were extreme. There was no stable state to speak of. Even the surrounding experts all released their own power to form a protective air shield. Otherwise, this kind of aura alone could completely hurt their bodies.

"Roar!"

Ye Chen's Dragon Qi surged. Nether divine power and ancient divine power were activated at the same time. Although he was not at his peak, the emergence of divine power was still much more powerful than ordinary powers.

"Kill!"

The six great mystical beasts moved at the same time. Ye Chen's power of the ancient nether war god unleashed the eight Dragons' collective movement. The power of the eight Dragons faced the six blood jade mystical beasts. They trembled in the sky, resisted, and neutralized each other.

Zila, Zila, Zila!

The entire sky had fallen into a vortex of endless energy and was facing the crisis of doomsday.

"Ah!"

Ye Chen felt all the blood in his body being drawn by the blood jade. The hidden power of the source of sin was confusing Ye Chen's mind at the same time. Such a difficult battle had shaken Ye Chen's body and mind for the first time.

Such a terrifying energy vortex could easily kill a true immortal. However, against Ye Chen, this celestial immortal could not be killed. This made the Honorable origin of sin extremely vexed. He did not know how Ye Chen was so powerful. This was completely illogical.

However, he no longer cared. Whether Ye Chen was invincible in the same realm or had other unexplainable talents, he was going to put it into action now and use his strongest power to kill him!

"Kill!"

With a strong foundation, coupled with the power of the source of sin, and the six great blood jades, even if Ye Chen was a peerless genius, the gap between their realms was too great.

Zila, Zila, Zila!

Under the strong suppression, the mysterious evil men attacked at the same time, once again putting even more pressure on Ye Chen.

The evil energy soared into the sky and transformed into sharp claws that clawed at Ye Chen.

"Master!"

Tears of blood flowed from the Snake Queen's eyes. She could not help Ye Chen. The rock spirit gritted its teeth. If it was not for Ye Chen, it would still be sealed and would not be able to see the sun. It might even become someone else's puppet. Now that it saw Ye Chen in such a desperate situation, it was extremely furious.

The Dragon scales on Ye Chen's body began to fall off. Blood was dripping and his bones were broken. This was the most terrifying killing intent and the greatest challenge!

"Ah!"

Unyielding spirit, war God's power, to maintain the last bit of dignity.

"Impossible, impossible, you should die!"

The origins of sin was anxious again. He had never thought that ye chen would still be able to hold on under such terrifying pressure and the killing of two overarching heavenly Supreme Immortals. It was simply unbelievable!

Even many powerhouses from other fields showed admiration. Ye Chen's unyielding fighting spirit and super-strong genius talent had already convinced them. However, because he was an enemy, an opponent, they could only watch ye chen die Here.

"It's rare to see such a talent among humans!"

"What a pity, what a pity. However, those who are enemies with us deserve to die!"

The powerhouses shook their heads and waited for ye Chen's final death.

Crack, crack, crack!

Ye Chen's defense collapsed and his body gradually sank. The energy in his body was extremely chaotic.

"Hahaha, you're finally going to die!"

Now, the Honorable origins of sin realized that he was also in a state of mental disorder. He had even regarded killing ye chen as his greatest honor. This was usually impossible. A mere celestial immortal did not even have the right to enter his eyes. However, now, he had become his greatest opponent!

Blood gushed out and ye Chen's vision began to blur.

"Boom boom boom!"

Suddenly, the inside of Xu Ling mountain exploded, and countless dark flames shot up into the sky as if the entire universe was going to collapse.

Such a huge change caused all the experts to fall into a state of extreme nervousness.

"What's going on?"

An expert asked.

"It seems like there's a change in the direction of Xu Ling mountain!"

"Such a Grand Dark Fire! How is it possible?"

Many experts revealed shocked expressions. Who could release such powerful Dark Fire power? it was like a god.

Then, the dark Fire Phoenix appeared in the sky.

With a shrill cry, the dark Fire Phoenix revealed its true form. It was like a cloud that covered the sky, and its magnificence was indescribable. On the head of the dark Fire Phoenix stood a man with long hair as dark as the night and a Dark Fire robe. He was Supreme!

"Dark Fire burns the Prairie, all things fall!"

His soft voice was like a blade piercing into the heart, instantly entering the depths of their souls.

"It's dangerous!"

At this moment, all the experts finally realized the danger.

However, it was too late. Many of the experts were unable to Dodge!

[Chapter 2365 Wukong In Hell!](#)

"Phew, phew, phew!"

The dark Fire Prairie contained endless annihilation laws. The power of the Phoenix swept across 3000 miles of the Prairie.

"Ah!"

Any universe-level powerhouse below the overarching heavenly Supreme celestial stage would explode and die if they didn't Dodge the Phoenix Power.

The nomological laws in their bodies could not contend with the dark Fire Phoenix at all. This was the suppression of an extremely powerful nomological law. Even their foundations could not resist the dark Fire Phoenix, let alone the void Spirit Holy maiden who was standing above the Phoenix!

"She has appeared!"

The god of the underworld had a grave expression. Looking at the void Spirit Holy maiden, he felt an indescribable emotion. He didn't know if this was good or bad. Su Yuhan had indeed turned into the void Spirit Holy maiden, and her powerful strength and Majesty had explained everything. However, was she still her?

The saintess had the same thought. She looked at su Yuhan who was on the Phoenix. Her temperament had changed greatly, and she seemed to not care about anything in the human world.

"Yuhan!"

At that moment, ye Chen's eyes were locked on the dark Fire Phoenix. He had seen su Yuhan. It was definitely her. There was no way he was wrong.

Although her temperament and dress had changed greatly, she was still her!

"Whoosh!"

Ye Chen endured the pain of his body's heavy injuries and flew up, wanting to land on the dark Fire Phoenix.

"What?"

However, the Holy daughter's eyes turned cold. The dark Fire Phoenix continued to release its Phoenix Power. Ye Chen flew into the air and the Phoenix Power continued to burn. Ye Chen felt his five internal organs burning and was in unbearable pain!

This pain was even more intense than when he had been suppressed by the Honorable sin origins and the mysterious heretic. This was burning his spirit and body, and even his will!

"Ah!"

It was extremely painful but how could ye chen give up? how could he watch his beloved being so close yet so far away!

"Heaven devouring!"

Ye chen did the most shocking thing. He released the devouring firmament and devoured all the Phoenix Power in an instant. Then, he forced his way to su Yuhan.

"You're so naive!"

The word "naive" shattered all of ye Chen's dreams. Su Yuhan had only waved her hand casually and ye chen felt that his body could not bear it at all. It was as if he was carrying the weight of the entire universe and he continued to fall.

"No!"

Ye chen roared but it was no use. He could only watch the dark Fire Phoenix Fly away.

"Boom boom boom!"

Ye Chen's body fell heavily and hit a mountain. He was physically and mentally exhausted.

Buzz, buzz, buzz!"

The darkness pool and the ancient God Power were still repairing ye Chen's broken body, but how could he repair his heart?

"Master!"

The Snake Queen flew over and continued to release the blood Orchid power to speed up ye Chen's recovery.

The Samadhi rock spirit protected his surroundings. This time, it would block all forces that would harm ye chen.

"This is a good opportunity!"

After this battle, all the powerhouses unanimously agreed that ye chen would be one of their greatest enemies. A heaven immortal could already contend with an allheaven Supreme immortal. What a terrifying existence. Of course, it seemed to be slightly inferior to su Yuhan's shocking change. However, they could not fight su Yuhan, so they could only kill ye chen first!

"Evil energy explosion!"

The mysterious heretic once again unleashed his ultimate divine ability to suppress him.

At the same time, the cardinal of sin found an opportunity to make the six blood jades move again, revealing their fangs.

"Don't even think about it!"

At this moment, it was actually the Samadhi stone spirit. It gritted its teeth like crushed stones and flew up.

"The Samadhi stone spirit!"

The Snake Queen revealed a look of shock. Even if the Samadhi rock spirit was extremely talented, it was definitely not a match for the two evil men.

Ye Chen, on the other hand, was in a deep sleep. He could not stop the Samadhi rock spirit!

"Ah!"

The Samadhi rock spirit let out its strongest roar and took the two magical powers head-on.

Zila, Zila, Zila!

The two divine powers continued to suppress the rock spirit. Its body began to twist and change shape, and even the sound of bones cracking could be heard. Tears flowed down the Snake Queen's face, but it was useless. She couldn't help it now.

"Roar!"

At this moment, a shocking change occurred!

The true Samadhi fire was burning all over the rock Spirit's body. All the mystical fires he had devoured during his tens of thousands of years of cultivation exploded.

"Phew, phew, phew!"

With the explosion of the mystical Fire, the Samadhi stone spirit used its body as a furnace and underwent a shocking transformation!

"Roar!"

The roar shook the sky and shattered everything in all directions!

The three-eyed rock Spirit's weak body expanded and grew infinitely, turning into the form of the towering giant ape, the Monkey King of Hell!

"You all deserve to die!"

Hell Wukong sent out a palm strike, and endless mystical flames drowned the two divine arts like endless waves.

"What?"

The origins of sin and the mysterious heretic were both shocked. Today was truly an eye-opening day. Not only had they met the void Spirit Holy maiden and the ancient netherworld war god, but they had also met Wukong, who had ascended from hell tens of thousands of years ago!

Boom, boom, boom!

With a single palm, the heavens and earth were split apart, and the two great divine arts were crushed by hell Wukong!

Such a Grand might drove all the experts crazy!

"This is the strongest form of the Samadhi stone spirit. I've heard that it's The God of Hell that the desolation race worships the most!"

Some powerful beings from the desolate universe recognized the current state of the rock spirit and were terrified.

It was rumored that Wukong in hell was an existence that could destroy the world, a Supreme Being!

"Mm ..."

The origins of sin looked at the mysterious evil man. Now that he had Wukong from hell protecting him, it would be very difficult to kill ye chen.

"Everyone, why don't we fight to the death and kill this kid!"

The origins of sin Knight and the mysterious heretic shouted to the experts behind them.

"This ..."

The powerhouses looked at each other hesitantly. However, ye chen was a genius. If they lost this opportunity and allowed him to rise again, it would be a great disaster!

"Slash!"

Finally, all the universe's powerhouses made their moves. This time, they vowed to kill ye chen.

"Roar!"

Wukong from hell was furious but he knew that it would be difficult for him to protect ye chen in the face of the combined attack of so many powerhouses.

"Ye chen, I'll live and die with you!"

"Little Jun's grandson!"

This was the first time ye chen had felt such a shocking emotion. He wanted to help but he had consumed too much energy in the previous battle. He had the heart but no strength!

"Hahaha, I didn't expect you to be so lucky. In the end, you're still going to die!"

"Let's end this!"

The origins of sin and the mysterious heretic gave their final order to kill, and the experts of the various heavens all made their moves.

"Zi Zi Zi!"

In the sky, a destructive ball of energy appeared. It was going to destroy Xu Ling mountain!

"Supreme destruction ball!"

With the mysterious man and the Honorable origins of sin as the foundation, he gathered the power of all the experts to form this unassailable killing move.

Wukong from hell stood in front of ye chen, his body wrapped in the strange fire. He spread his arms and made a final protective gesture.

"Kill!"

The Supreme ball of destruction descended with a loud bang, and its endless power was at this moment!

"I heard you want to destroy Xu Ling mountain?"

At the most critical moment, a deep voice sounded. The experts turned their heads and saw The God of Hell in a black hood!

[Chapter 2366 2371-King Yama Passes!](#)

"Eh? Who are you? I didn't even notice your existence!"

Seeing the great dark god appear, the sin originator sovereign was shocked. He hadn't sensed this person's existence at all, which showed how good he was at hiding. However, with so many experts present, he wasn't afraid of this person.

The mysterious evil person behind them had a grave expression on his face. There were so many powerful cultivators present, yet they had not discovered this person. This person's cultivation base was unfathomable. Of course, now that the Supreme destruction was seeking form, he did not think that the person in front of him could change the outcome.

"You dare to target Xu Ling mountain? I'll make sure you won't be able to return!"

The god of the underworld's face was gloomy, but no one could see his expression. All they could see was chaos. A pair of blood-red eyes were slowly opening, like the gates to hell. It was a terrifying sight.

"Hahaha, even if your cultivation is high, what can you do before the Supreme ball of destruction? We're going to destroy this Void Spirit Mountain, and you, and ye Chen's life!"

The origins of sin roared loudly. He had lost face to ye chen previously. Now, of course, he had to get it back. Moreover, he had to do it forcefully.

No matter how mysterious the person in front of him was, he had to suppress, suppress!

"Supreme destruction ball!"

The Honorable Sin Origin personally controlled the Supreme destruction sphere, and the mysterious man didn't stop him. Instead, he used this opportunity to push for control of the sphere, handing it all over to the Honorable Sin Origin. He was a shrewd person, so he could naturally see through the current situation. The Honorable Sin Origin wanted to regain his face, so he went with the flow.

"Hahahaha!"

However, the god of the underworld did not stop laughing. He flew up and blocked ye Chen's path.

"Before the god of the underworld, all living things will sink!"

"The god of the underworld!"

The experts finally knew the name of the person in front of them. After that, they were all shocked. Among them, there were some old experts who knew the name of the underworld God. He was a mysterious expert who had existed since the immemorial era. They had all heard that the underworld God was one of the few who had survived the great ancient war.

"Hmph, no matter who you are, no matter how powerful you are, you will die before the Supreme destruction ball!"

Facing the god of the underworld and everyone's shock, the Honorable origins wasn't afraid at all. He held the Supreme destruction ball in his hand and was extremely confident in himself!

"I'll let you understand the difference between man and God!"

The god of the underworld's eyes shone with cold blood-red light. In an instant, the power of the god of the underworld swept in all directions, destroying the world!

"Boom boom boom!"

The power of the netherworld God transformed into a primeval giant that reached out with both hands toward the Honorable Sir origins of sin.

"Go to hell!"

"Die!" Sin Origin Knight suddenly sent out a giant palm. The entire destruction sphere immediately spun and pressed down on the ground below.

No one could resist such a Grand energy!

This was the source of sin Knight's confidence, the support of his Supreme dignity. He wanted to prove himself to everyone. Killing a super genius was enough for him to vent his anger, but if he killed an ancient expert now, it would simply be an earth-shattering matter. He would use everyone's power to obtain this opportunity to kill the underworld God. How happy was this?

"Hahaha, let this sovereign kill a mysterious ancient expert. You were able to survive the ancient war, but you didn't expect to die at the hands of this sovereign, right? The god of the underworld, this name will become history. Die with ye chen!"

The Honorable sin essence continued to release the power of sin essence, causing the Supreme destruction ball to continue to exert pressure.

"Boom boom boom!"

The destruction ball's energy continued to drop, and it was already in front of the God of underworld.

"Swish!"

At this moment, the primeval giant behind the god of the underworld reached out its hands and directly confronted the destruction ball.

Everyone was shocked by the situation!

"How is that possible?"

The origins of sin Knight was the first to show a look of fear.

The Supreme destruction ball was formed by the fusion of the powers of many universe-level powerhouses. Even the allheaven Supreme Celestials and immortal Lords couldn't directly face it.

"Boom boom boom!"

The Supreme ball of destruction and the primeval giant clashed, instantly attracting countless energies to compete. At this moment, the entire Xu Ling mountain began to shake. The earth vein couldn't support such a great power and even began to collapse.

"You all deserve to die!"

Feeling the shattering of the earth vein, the god of the underworld roared in anger, and the Giants behind him also showed their anger.

In an instant, endless power from the surrounding ley lines began to pour into the primeval giant, as if it was being guided by the power of the god of the underworld.

"The secret mirror of the god of the underworld, the Twin Sickles of death!"

The Devil's Eye on the god of the underworld's forehead opened, and two sickles appeared.

"Zi Zi Zi!"

The two scythes continued to release endless power of death. The underworld God's might was unparalleled, and the two scythes shot toward the Supreme destruction ball.

Buzz, buzz, buzz!"

The power of the Twin Sickles and the destruction spheres continued to clash, causing unease in the hearts of Sin Origin Knight and the others.

"We must help the Supreme destruction ball and completely suppress underworld God!"

"Yes, this is our chance!"

Under the guidance of the origin of sin, the experts released their power and poured it into the destruction sphere, hoping to suppress the immemorial underworld God with their numbers.

This method was the most violent and direct, and also the most effective!

Zila, Zila, Zila!

Black Lightning kept appearing around the destruction sphere and the Twin Sickles. All kinds of destructive power were rapidly evolving, and it even started to absorb all kinds of materials around it.

"Not good! This power is about to evolve into a true black hole of destruction!"

"What should we do?"

"This is our only chance. If we fail, we will all die at the hands of the god of the underworld. Do you need to say more?"

The origins of evil continued to guide the crowd. He didn't want to lose to the netherworld God. This was his pride. This was the motivation to obtain the heaven's secrets banner. He wanted to fight!

"Unparalleled source of sin art, bi an Asura sin beheading!"

He released sin realm's most powerful technique and vowed to fight to the death with the person before him!

"Be careful!"

Although ye chen was recovering in seclusion, he could sense that the attack from the Honorable Sin Origin was no small matter. With such a Grand Power, coupled with the Sphere of Destruction, even a celestial Lord would not be able to reverse the situation!

"Hahaha, since when did I need you to remind me?"

In the face of such a Grand Power, the god of the underworld was still talking and laughing. This shocked ye chen greatly. How strong was the person before him?!

The god of the underworld used his divine power to command the two Sickles.

"Boom boom boom!"

At this moment, the Asura sin slash was added to the destruction ball, and it was determined to break the two scythes of the God of underworld.

Buzz, buzz, buzz!"

Sparks continued to fly in all directions, and the mystical Fire continued to burn. The entire sky turned into a burning color. This Super Battle was about to come to an end.

"The second level of the mirror of the underworld, the double sickle destiny, the King of Hell passes through!"

The Supreme art of the god of the underworld had activated the bloody path of slaughter!

The moment the underworld God made his move, all the experts felt an uncontrollable fear. This was the power of the underworld God!

"No, that's impossible!"

The origin of sin Knight continued to retreat, but as the master of the Supreme destruction sphere, how could he escape?

[Chapter 2367 The Heart Of Revenge!](#)

"Boom boom boom!"

Just as the god of the underworld made his move, the primeval giant behind him transformed into the form of the King of Hell. He flew up and merged with the power of death from the two Sickles. He actually used himself as a furnace and rushed toward the destruction sphere.

"Ah!"

The experts continued to release their power. This was their last chance.

"Boom boom boom!"

Finally, the primeval giant and the destruction sphere collided. In the end, they turned into the most dazzling light in the sky, completely shattering the sky.

The extreme shock wave sent both sides flying.

The surrounding was a vast wasteland and boundless chaos!

In this space, the surrounding shock waves were enough to destroy a golden immortal.

"Ah!"

Ye chen suddenly opened his eyes. The darkness pool around him continued to expand, protecting the Snake Queen and the Samadhi rock spirit.

"Are you guys okay?" Ye chen asked.

"Thank you, master. We're fine!" The Snake Queen replied.

At this time, the Samadhi rock spirit had already retracted its hell Wukong form and returned to its original state. At the same time, due to this super-intense change, it had fallen into a state of great weakness. Ye chen directly brought it into the ancient God Space to recover.

Chaos. Within the burning ruins, no one could clearly see what was happening.

At this moment, the Holy maiden appeared.

"The god of the underworld!"

She shouted to the front. It was obvious that she wasn't sure if she could win this attack. She was worried about her underworld God state.

"Hahaha!"

Suddenly, a maniacal laughter shook the heavens and earth. It was the underworld God's journey to hell!

"Everyone, are you all right?"

He sneered as he looked at the battlefield. His tall and majestic figure did not change at all, as if he had not been injured at all. He was still so powerful and mysterious.

But on the battlefield, the experts suffered heavy losses.

The origins of evil was the first to bear the brunt. His cultivation was completely crippled, and he had become a cripple.

More than ten other powerhouses were killed on the spot!

One had to know that they were all overarching heavenly Supreme Immortals, yet they were unable to withstand the shock wave of this attack. This showed how powerful this shock wave was.

Even without the nether God's buffer, ye chen would need to put in some effort to resist it.

"Mm ..."

Ye chen looked at the god of the underworld. This was the first time he had witnessed true divine power. In the hands of the god of the underworld, the power of the god of the underworld was completely different from when it was in his own hands. This might be the effect of origin. It was clear that if he wanted to return to the peak, he needed to control the true power of the heavenly Emperor!

"Do you still want to destroy Xu Ling mountain?"

"I don't dare, I don't dare!"

How could the experts still dare to resist? they all bowed and saluted, not daring to move. Some people even brought the crippled source of sin venerable up for the underworld God to deal with.

Ye chen walked forward and looked at the crippled honorable origins of sin. He smiled and said, "Venerated origins of sin, do you still wish to kill this Emperor?"

"You, you bastard!"

The Honorable origins of sin had actually started cursing. This made ye Chen's expression turn cold.

"Hmph, venerated origins of sin, I'm asking you to bring a message back. If anyone from sin realm targets the void Spirit Holy maiden, I'll flatten the entire sin realm!"

"Hahaha, idiot, the Shura world is vast and boundless. Do you really think that you can dominate the world by defeating me? The true horror of the Shura world had just begun! Hahaha!"

He didn't know if the origins of sin had truly gone mad or if he was doing it on purpose, but his crazed state was no longer that of a normal person.

The experts all shook their heads. After all, as one of the elders of sin realm, the Honorable Sin Origin had an extremely high status in the Asura world. Who would have thought that he would become a cripple in the ethereal chaosworld?

"Get lost!"

The underworld God's aura exploded, and the universe experts were sent flying into the void like sandbags.

"Where's Yuhan?"

Ye chen turned to look at the god of the underworld and the Holy maiden. They both shook their heads.

"Ye chen, Yuhan has already become the void Spirit Holy maiden. We can't track her down anymore!"
The Holy maiden said.

"Why?"

"The void Spirit Holy maiden's Void Spirit energy is above mine. If she doesn't want to show herself, we won't be able to track her. Furthermore, he has the dark Fire Phoenix body, which is extremely rare among the void Spirit tribe. Even if we find her, we won't be able to bring her back!"

"I don't care, I'm not giving up!"

Ye chen turned to leave but was stopped by the god of the underworld.

"Don't you want to know the secret of the "heavenly secret banner"?"

"Hahaha, compared to Yuhan, "heaven's secrets hoo" is nothing!"

Ye chen did not care what the god of the underworld was talking about. What he wanted to see the most now was su Yuhan's original body. After becoming the dark Fire Phoenix, her changes made ye chen very worried. She seemed to have lost all emotions and turned into a "robot." If this situation continued for too long, su Yuhan would not be able to recover. This was a heavy burden that ye chen could not bear.

"Golden Lotus sword boat!"

Summoning the Golden Lotus sword boat, ye chen flew up and sped in the direction where su Yuhan had left.

"What do you think?" The god of the underworld asked.

"The" heaven secret banner "is not within this Xu Ling mountain, let's go!"

"Mm ..."

The god of the underworld sighed and left with the saintess.

After leaving the ancient battlefield in the void Spirit realm, ye chen returned to the netherworld. At this moment, old ancestor netherworld had already led his men to the evil spirit abyss, wanting to go straight to the root of the problem.

"The patriarch went to the evil spirit abyss!"

When ye chen returned to the netherworld and received this news, he instantly fell into a state of anxiety. The situation in the evil spirit abyss was complicated. Without absolute strength, he must not venture in recklessly.

Although the great ancestor had made rapid progress during this period of time, he was not sure if he could defeat the evil spirit Dominator. Moreover, the evil spirits had the mysterious Dark Zone behind them. Ye chen believed that since the people of the Dark Zone had appeared, they would definitely regain control of the evil spirits. This was naturally the most unfavorable for the six realm Alliance.

"Great emperor, what do we do now?"

"Hmph, since you want to go straight to the root, I'll naturally support you!"

Ye Chen's eyes flickered coldly. He led the experts and set out. This time, he had to take precautions before things happened and directly targeted the evil spirit abyss!

All the powerhouses released their divine weapons and followed ye chen into battle.

At this moment, old ancestor yellow spring, old ancestor netherworld, and the others had already arrived at the evil spirit abyss and were in the middle of a war of words.

"Useless evil spirit, the patriarch has descended. Hurry up and come out to die!"

The evil spirit didn't show up even in the face of the scolding battle, which made old ancestor yellow spring very puzzled.

"What do you guys think?"

He asked the netherworld patriarch.

"Well, I don't think the evil spirits will ignore us. Are they plotting something? After all, the way they exterminated xitu this time was very strange. The scene was too horrible to look at, and blood flowed like a river. This doesn't look like a normal slaughter, but more like they were collecting blood. It's very likely to be some kind of sacrifice!"

"Hmm ... That makes sense. In that case, we can't let them succeed!"

The patriarch made up his mind and directly sent a powerful palm toward the evil spirit abyss.

"Boom boom boom!"

The Qi of the netherworld penetrated the evil spirit abyss, causing countless explosions. The evil spirits could no longer bear it!

"This old man is really looking for death!"

The evil spirits appeared one after another.

"Hahaha, you finally can't hold it in anymore!" Old ancestor yellow spring's eyes turned cold, and his desire for revenge burned!

[Chapter 2368 Asura Shakes The Heavens 100000 Kill!](#)

"Boom boom boom!"

Heaven and earth shook, and dark clouds covered the sky as the evil spirit Army went into battle.

"Old ancestor yellow spring, you're courting death!"

The person walking in front was none other than the evil spirit Vanguard general, Suan ni feixiong!

"Hmph, destroying the xitu Kingdom, they don't put our six realm Alliance in their eyes at all. What do the evil spirits want to do?" Old ancestor yellow spring went straight to the point, trying to find out the evil spirit's current mission.

"Hahaha!" Hearing old ancestor yellow spring's words, Fei Xiong laughed out loud as if he didn't put old ancestor yellow spring in his eyes at all. He even showed a look of disdain. In their eyes, people like old ancestor yellow spring were as insignificant as ants.

Old ancestor yellow spring was displeased by his attitude.

"You all deserve to die!"

The old ancestor was furious. The yellow spring sword was drawn out and the yellow domain spread rapidly towards Fei Xiong.

"Idiot!"

Fei Xiong rebuked angrily and waved his sharp claws. Endless evil energy wrapped around him. The huge netherworld sword light was unable to make an effective counterattack under the evil energy. It was entangled and devoured by the evil energy.

"What?"

The forefather's brows furrowed. He knew that the opponent in front of him was not a mortal.

"Yellow spring kill!"

"Boom boom boom!"

The old ancestor carried the power of the netherworld and attacked Fei Xiong like a beast from hell. He didn't give Fei Xiong any chance to escape but the other party didn't plan to leave at all.

"Dark power!"

Fei Xiong's palms faced the sky and released dark energy. Instantly, the dark energy triggered the powerful forces in the evil spirit abyss to respond. The dark energy under the ground seemed to be summoned and attacked the old ancestor.

"Forefather, be careful!"

Seeing this, netherworld ancestor knew that things were not going well. If this continued, netherworld ancestor would be in danger. After all, this was a place where spirits died.

"Huangquan's sword energy soars to the nine Heavens!"

The old ancestor was not convinced. The sword Qi in his body burst out and attracted the double attack of the nine Heavens and nine earths. He vowed to kill the enemy in front of him.

"Hahaha! Old ancestor yellow spring, your cultivation base is close to a heaven immortal, but you're trash in my eyes!"

"What did you just say?" However, at this moment, the dense evil energy that Fei Xiong guided gradually took shape and turned into the shape of a huge black bear. The bear's paws covered the sky and directly slapped toward old ancestor yellow spring, ignoring the sword Qi domain of yellow spring.

"Swish!"

Old ancestor yellow spring used the yellow Springs sword to block the attack, but he couldn't withstand it. It was like the collapse of a mountain and the leakage of the firmament. He was unable to resist.

"Ah!"

Old ancestor yellow spring fell to the ground like a sandbag.

"Forefather!"

The netherworld race's Grandmaster knew that something big had happened and released his ultimate abhijna.

"The netherworld realm looks down on the demons!"

"Squeak, squeak, squeak ..."

Countless resentful souls and demonic energy rushed toward Fei Xiong in a frenzy, trying to besiege him to save his enemy. However, this plan was completely seen through by general Fei Xiong. His first target was the old ancestor, who he knew was the leader of this operation.

"Go!"

"Yes!"

Many evil spirit Warriors were dispatched like a flood, covering the sky and earth. They disregarded their lives and completely extinguished the netherworld ancestor's ten thousand demons Imperial purposes. Although the losses were heavy, they did not care so much.

"This"!

The netherworld ancestor's heart trembled. He flew up and rushed toward old ancestor yellow spring.

"I wanted to save him, but it's a pity. Let's die together!"

The non-bear general channeled his strongest dark power and turned it into a hundred black bears, charging at them.

When the yellow Springs battle Manor's Army saw this scene, they finally understood the difference in strength between them and the evil spirits. It was impossible to save old ancestor yellow spring by relying on them. If they couldn't even protect their commander, what were they?

"Kill!"

The flying bear general had used his killing move to kill the two ancestors of netherworld and netherworld.

"I'm the one who harmed you, netherworld patriarch!"

"What's the point of saying all this now? let's fight together!"

"Ah!"

The two patriarchs attacked at the same time, trying to resist the power of these evil flying bears.

Boom, boom, boom!

However, when they came into contact with these flying bears, they realized that their strength was completely above theirs. This was the killing divine ability of the flying bear generals, which were comparable to half-step golden Immortals.

"Hahaha, I wonder what ye chen will think if you all die Here!"

"The locals won't think much of it, because they don't need to die!"

At this critical moment, a powerful voice came from the sky. This voice alone was enough to shatter the flying bear killing formation that was about to kill the two ancestors Huang Quan and you Ming. Then, a stalwart figure appeared before everyone's eyes. It was the heavenly Emperor ye chen!

"You, you are!"

"Heavenly Emperor ye chen, I bestow upon you the most despicable death!"

With a command of death, the celestial Thearch's sword Qi shot out in all directions. The non-bear general felt that he could not control his body at all. Then, his meridians went against the flow, and his energy was in chaos. His body instantly exploded!

"Ah!"

A mournful scream reverberated in the sky above the evil spirit abyss, intimidating the entire evil spirit Army.

"This, this is too strong!"

"Is this the strength of heavenly Emperor ye chen? they're not even on the same level!"

"We might not even have the right to be crushed to death by him!"

The evil spirit Army was instantly thrown into chaos, and their morale was scattered. They no longer had any will to fight, and they knelt down to surrender.

"Ha, the evil spirit Army that has been occupied by the desire to kill and doesn't know what life and death are, can also be scared out of their wits?"

Ye chen sneered as he looked at the hundred thousand soldiers kneeling on the ground.

"We are willing to submit to the Alliance of six realms. Please spare our lives, great emperor!"

"Great emperor, please spare me!"

Many of the evil spirit Warrior commanders came out and knelt in front of ye chen, shouting continuously.

"Hmph, Your Majesty, these people can't be trusted!" Old ancestor yellow spring shouted in anger.

"Old ancestor yellow spring is right. Great emperor, the evil spirits have their own limitations. They have to obey the orders of the evil spirit Dominator. Even if we capture them, we can't use them!"

The netherworld patriarch said.

"Hmm ... Since I can't use it, I'll just destroy it!"

"Ah?"

The evil spirit commanders had not expected ye chen to be so decisive and Swift!

"Damn it!"

The evil spirits 'powerhouses attacked one after another, wanting to fight to the death. However, the distance between them and ye chen was like a speck of dust in the chaotic universe.

"Asura sky shaking kill!"

"Roar!"

Ye Chen's palm struck and the eight-headed Python spat out a bloody light. The Asura sky-shaking kill seal was unleashed!

Crack, crack, crack!

Buzz, buzz, buzz!"

The evil spirit Warriors who wanted to fight to the death exploded and turned into blood water, not becoming food for the blood Pythons!

Ye chen walked to the front of the evil spirit abyss and looked down at the abyss. He could already feel that this abyss was completely different from the one he had come to before. Some changes must have been made.

"Evil spirit ruler, why aren't you showing yourself?"

Ye chen twisted his sword-like fingers and directed the sword energy downward. The sword energy pierced through all kinds of defenses and directly reached the bottom of the evil spirit abyss.

Boom, boom, boom!

The sword Qi exploded, stirring up countless rocks, but there was no reaction from below. This change was very abnormal.

[Chapter 2369 The Third Source!](#)

Just as ye chen shouted at the evil spirit Dominator, a super-strong evil light suddenly burst out from the bottom of the evil spirit abyss and soared into the sky.

"Dodge!"

Ye chen immediately realized the killing power of these evil lights. He spread his arms and the powerful airflow carried the powerhouses away from the edge of the evil spirit abyss. They could not withstand such a massive killing power of the evil lights. This power could directly kill a celestial immortal!

A powerful evil light shot into the sky, drawing out an evil spirit domain. Within this domain, no one was allowed to enter!

"Phew, phew, phew!"

Then, the sound of heavy breathing could be heard. This sound instantly invaded everyone's ears and minds. Everyone who heard this sound would see the most terrifying illusion. They saw a huge and boundless demon crawling out of the abyss. There were two legs on his head, and his body was covered in scales. He emitted a hellish aura. This image continued to penetrate into everyone's hearts and then began to destroy their spiritual world.

"What?"

Of course, ye chen sensed the mental demon's devouring behavior. He closed his eyes and the Buddha Emperor holy light swept across a thousand miles.

"Zi Zi Zi!"

The Buddha's light blazed and instantly blocked the invasion of the evil light, preventing the evil power from penetrating the minds of the experts.

"Retreat!"

The celestial Thearch gave the order, and all the experts retreated a hundred miles with their own men.

At this moment, Golden Lotus auspicious clouds appeared under ye Chen's feet, carrying him up to the ninth heaven. Below him, the evil light transformed into monsters of all shapes and sizes, frantically chasing after ye chen. This made ye chen a little impatient.

"Ants, how dare you be impudent!"

A ray of Buddhist light shone between ye Chen's brows. After it was released, it was accompanied by the true Samadhi fire, causing these evil light monsters to scream and dissipate.

"Phew, phew, phew!"

The heavy breathing below continued. These sounds were just like before. They were completely overestimating themselves if they wanted to erode ye Chen's ears. The light from ye Chen's body burst out again. The many evil creatures below lost all ability to resist and exploded.

Even the brain wave corrosion caused by the breathing sounds also dissipated.

"Ye ... Fan!"

A low and strange voice came from below. It was calling ye Chen's name.

"I'm here. Where are you, demon? come out!"

Ye chen pointed his sword to the sky. Suddenly, a majestic sword Qi that was like a heavenly pillar naturally formed and swept down toward the evil spirit abyss below.

Boom, boom, boom!

After a series of shocking explosions, the sword Qi swept across nine thousand miles, and the entire evil spirit abyss began to collapse.

Such a provocative action infuriated the evil beings below.

"No one can cross the land of evil spirits! Impudent ones, die!"

Boom, boom, boom!

From the darkness below, several bone spikes as tall as mountains shot out and attacked ye chen.

"Emperor, be careful!"

The powerhouses all reminded him but little did they know that these reminders were useless. Ye chen had seen far more than they had. In the face of so many bone spikes, ye chen threw out his Dragon Spear and the Thunder Dragon Lord appeared.

"Thunder God's nine Spears!"

Thunder Dragon Lord waved his Dragon Spear, and all evil was warded off.

Crack, crack, crack!

The menacing bone spikes that were threatening to kill everything were shattered by the Dragon occiser spear. They could not get close to ye chen at all.

"Strong!" Chun Lai's low voice rang out from below. Following that, evil energy once again surged out and turned into countless evil swords. They burst out with the most deadly evil light and turned into a rain of swords that fell madly.

"Defend!"

The rain of swords was too strong and too many. Ye chen could only warn him.

Under old ancestor yellow spring's lead, the experts released their power and formed a defensive formation.

However, they were still too weak. In the face of such a destructive sword rain created by such a vast evil energy, they could not resist at all. Those who did not have enough cultivation exploded and died on the spot.

Buzz, buzz, buzz!"

Blood flowed, and bones were broken. Tens of thousands of netherworld soldiers died under this rain of swords.

"Damn it!"

Ye chen was furious. His figure transformed. The dark Thearch and mcmau showed themselves one after another.

"Whoosh, Whoosh!"

The two figures flew directly into the evil spirit abyss, vowing to find out what evil creature was causing trouble here.

The dark Thearch and mcmau descended rapidly, their four eyes shining. The evil creatures around them could not hide their tracks. However, they saw countless evil creatures formed from evil energy clinging

to the rock wall like crawling ghosts, constantly sticking out their blood-red tongues. It was extremely terrifying.

"These evil things are just manifestations of evil energy, not the main body!" The dark Thearch said.

"That's right. I'll split up and clean up these evil things from both sides to find the main body!"

"Alright!"

The two of them looked at each other and nodded. Then, they flew in two different directions.

"Phew, phew, phew!"

The breathing sounds from below grew deeper and deeper as the two of them descended. It was terrifying.

"Secret mirror of the underworld, chaos of the universe!"

The dark Thearch's demonic eye appeared on his forehead. He channeled his underworld God Power and aimed it at the darkness below.

"Boom boom boom!"

The entire mountain wall began to shake. Then, countless rocks hit the air. Each rock contained a huge amount of energy, and ordinary antennas couldn't withstand it. Only the dark Thearch activated his dark armor and used his underworld power to protect himself.

"Damn it!"

Finally, an angry voice came from below. It was the evil creature's body that was wriggling.

"Ha, you're finally showing yourself, evil thing!" The dark Thearch gathered the power of the netherworld in his hands and conjured the image of a doomsday myth. He was about to strike at the darkness where the voice came from.

"Don't even think about it!"

However, at this moment, countless bone spikes appeared from below and shot toward him.

"Doomsday slash!"

The dark Thearch held the mythological shadow of doomsday in his hand and swung it forward. In an instant, the entire space became quiet. Then, there was an extreme explosion. The energy swept across thousands of miles. Finally, the mountain range could not withstand such a great force and broke from the earth vein.

"Boom boom boom!"

The huge mountain wall began to collapse, and the evil creature hidden in the darkness was finally forced to reveal itself.

"Roar!"

With an angry roar, the evil creature below finally appeared.

He was like a lump of meat, but his entire body was covered in rock armor. He looked like a mountain god, and the latter was a mountain demon.

"Let me show myself, and it will be your doomsday!"

"I'm the third Fountainhead of evil spirits. Today, I'll make all of you die Here and be buried with the evil spirit Army!"

The appearance of the third source meant that the darkspirit ruler's plan had succeeded. He had still summoned the most terrifying existence of the darkspirits.

"The evil spirits invading the six realms is in itself a heaven-defying act. The third source, why do you have to show yourself to me?"

"Hahahaha, why wouldn't I?"

The third Dominator's body sank into the mountain wall. Then, his huge body grew out of the rock above him. He had become one with the mountain wall.

"Your appearance means that all evil spirits have entered the spirit world, right?"

"That's right. In the end, the three sources of evil spirits will gather. All living things in the spirit realm will fall, and only we will reign supreme. Ye chen, immediately kneel on the ground and pledge your allegiance. I will give you a chance to survive!"

"You're giving me a chance, third RiverSource? Hahaha!"

When he heard the third source, ye Chen's maniacal laughter shook the entire place. Many peaks below collapsed as if the heavenly Emperor had descended and intimidated the world.

Such a powerful vibration caused the evil spirit abyss to once again become extremely unstable. The mountains collapsed, and countless rocks rushed down into the abyss, filling the rivers and seas like a torrent.

"Damn it!"

The evil spirit abyss had been unstable for a long time. Now, ye Chen's voice shook the world and caused the abyss to collapse again. If this continued, even the evil spirit Palace would collapse. This was a holy temple that represented the dignity of the evil spirits. The third source would not allow anyone to destroy it.

"You don't know what's good for you and have angered the source. I'll make you all die Here!"

Buzz, buzz, buzz!"

The ground cracked, and countless bone spikes appeared once again, frantically attacking the netherworld Army.

"Be careful!"

Old ancestor yellow spring and old ancestor netherworld attacked at the same time. Sword Qi and netherworld Qi spread in all directions, stirring up the wind and clouds to resist the bone spike formation. However, the gap between them and the third RiverSource was obvious. They were not on the same level at all.

"Dodge!"

Ye chen waved his hand and the two great ancestors could not stand. They were swept to the back and retreated with the Army.

Such a powerful wind caused their hearts to tremble. They were also people close to the celestial immortal realm. In front of ye chen, they were like ants looking at a mountain. They could only look up to an unattainable height.

"The great emperor is truly a God. With just one sweep, we were like fallen leaves. We couldn't resist at all. We didn't even feel the arrival of this power, and our bodies had already left the ground and flown backward!"

"That's right. The great Emperor's strength has reached new heights with his return. He's not at a disadvantage even when he's facing the third Fountainhead of the evil spirits. I just don't know what will happen next. After all, the great emperor must be restricted in some way in the evil spirits 'territory!"

"We must believe in the great emperor!"

"Naturally!"

Old ancestor yellow spring and old ancestor netherworld nodded at each other and led the crowd to watch the battle.

Ye chen stepped on the auspicious cloud, divine light shining brightly. He looked down coldly at the meatball-like third Dominator. The powers of the two sides continued to confront each other in the air, constantly colliding and neutralizing each other, making sizzling sounds.

The third Dominator had automatically released dark energy in order to plunder the light of heaven and earth and trap ye chen in its own domain. However, it had tried many times but had failed.

"I really can't imagine how a mere heaven immortal like you has such a Foundation to be able to confront the source."

"The third source, I'm here to exterminate your entire evil spirit race!"

"What? Hahaha, did I hear you right? you're just a puny heaven immortal, and you're so excited to exterminate my evil spirit lineage? hahahaha, what a joke!"

"Hahaha!"

The evil spirits behind him began to laugh in response to the third Dominator's doubts about ye chen.

The laughter grew louder and louder, making the netherworld Army very uncomfortable. Ye chen was their highest-ranking great emperor. Now, he was being ridiculed by the evil spirit Army. This was unacceptable to them.

"How dare trash like you mock the great emperor? the great emperor can make all of you reincarnate with a single finger!"

"What did you just say?"

Upon hearing the netherworld elite's sarcasm, one of the evil spirit Army's elites flew into a rage and was about to attack.

"Back down!"

However, at this moment, the third source gave an order, and the expert could only bow and retreat.

As for ye chen, those who were suitable for him to fight the third RiverSource head-on were naturally more aware of this than anyone else. Although ye Chen's current cultivation base was at the celestial immortal realm, his strength Foundation was at least at the level of an overarching heavenly Supreme celestial. This was a very shocking thing.

"Hmph, ye chen, I can see through you with a single glance. Even if you have the strength of an overarching heavenly Supreme celestial now, you can forget about defeating me!"

The third source wriggled its body and sneered. It had absolute confidence because its source of power was the entire evil spirit earthstring. In addition to its own cultivation base, it had absolute confidence that it was above ye chen.

"Ha, the third source, it seems that you have really seen through my strength. In that case, why don't we have a bet?"

"What are we betting on?"

"I'll bet on how I'll kill you in one move!"

"Boom boom boom!"

Suddenly, there was a flash of lightning in the sky, illuminating all the cultivators below. Their eyes were filled with surprise. Ye chen, a human cultivator at the heaven immortal realm, had said that he could kill the third fountain in one move. Was this true?

Many powerhouses were rubbing their ears. They could not believe that ye chen could say such words so naturally. It was simply too unbelievable.

"Good, good, good!"

The netherworld Army's loud cheers reverberated throughout the entire space, suppressing the evil spirit Army's restlessness. At this moment, the evil spirit Army's eyes were filled with disgust and anger. Who was the third source? he was one of the three strongest sources of the evil spirit lineage and their Supreme Leader. Yet, ye chen had judged him as a weakling and killed him in one move. How humiliating and disdainful was this?!

Crack, crack, crack!

"Hahaha!"

An extremely unnatural and twisted smile appeared on the third RiverSource's face. His sharp teeth were like blades grinding against each other, constantly making cracking sounds. He was completely enraged. A human "clown" actually dared to provoke him to this extent. This was courting death, this was a complete idiot!

"Very good, very good! It's very good for me to encounter such an opponent the moment I'm born!"

Blood flowed out of his eyes, and the power in his body was rapidly wriggling. On the ground, countless bone spikes pierced through the rocks, forming a bone spike hell, slowly extending to any place in the earth vein.

The netherworld Army rose to higher ground. Even a golden immortal would die on the spot if they were hit by these bone spikes. None of them could resist such a powerful suppression unless it was ye chen!

"Emperor, Emperor, Emperor!"

Although the netherworld's powerhouses were suppressed by the bone spurs and retreated one after another, their confidence did not weaken. Instead, it increased. As long as ye chen was here, anything that was impossible would be possible. This was something that ye chen had proven many times. No one would doubt it.

Seeing the imposing manner of the netherworld Army, the evil spirit Army was the complete opposite. They were all thinking, ye chen had actually dared to say such words in the evil spirit abyss. What ability did he have to carry out his bold words? was he really that powerful?

This kind of emotion made many evil spirit powerhouses reveal a look of shock. They were thinking about what kind of monster they had encountered. A celestial immortal challenging the third source, which was comparable to an allheaven Supreme immortal, and it was a strong challenge!

"The third RiverSource Lord is invincible!"

Finally, an evil spirit Warrior couldn't help but Shout!
