### [Chapter 2371 The Third Source Of Astonishment!](#)

"I accept this bet. If you lose, what do you think?" The third source's head continued to extend out of the mass of meat like a Python's head. It stretched out continuously and rose directly to the ninth heaven. It looked at ye chen from afar. This terrifying scene made the netherworld powerhouses look surprised. They had not expected the third source to be so strange.

"Roar, roar, roar!"

Seeing the netherworld's powerhouses' expressions, the evil spirit Army felt that they had a chance and roared in anger. In terms of momentum, they would not lose to any other force. If it were not for ye Chen's overpowering momentum, they would have crushed their opponent long ago.

"Ha, it's very simple. If I lose, we'll all die here. If you lose, the 100000 soldiers behind you will die with you!"

"Hahahaha, that's only natural. How can this RiverSource lose? What a pity, experts of the netherworld Army, you've all been betrayed by your own great emperor as a wager. If he were to lose, would you all be willing to stay and die?"

The third source's huge head looked at the experts of the netherworld Army and asked with a sinister smile.

Old ancestor yellow spring and old ancestor netherworld nodded slightly, then stood out and said, "If the great emperor can't kill you in one move, we'll all kill ourselves!"

"Oh?"

Upon hearing this, the third RiverSource revealed an interesting smile. He had not expected the netherworld powerhouses to be so "stupid" to really place their lives on ye chen.

"Very good. Where are the others?"

"If the great emperor loses, we'll all kill ourselves!"

Suddenly, a loud voice resounded through the entire battlefield. Tens of thousands of netherworld soldiers said in unison that they all trusted ye chen and put their lives in his hands. This level of trust could only be obtained with dignity and superior strength. It was clear that ye chen was already a Supreme existence in their hearts.

"How is it now? The third source!"

"Hehehe, no problem. I'll let you form your most powerful attack. If I can't resist it, you can do whatever you want to this Army of 100000!"

"Ah?"

Upon hearing the words of the third source, the evil spirits actually looked frightened. This had angered the third source.

"Eh? You bunch of trash, do you really think that this kid can kill me in a second with just one move? You should die!"

The third source gave the order to kill. Suddenly, countless bone spikes turned into sharp blades and directly impaled the cultivator who had an exaggerated expression. Such a domineering action made the evil spirits behind realize that danger was approaching. Their greatest danger was not ye chen but the third source.

"We will listen to Lord RiverSource's orders!"

The powerhouses led their own teams and bowed. The hundred thousand strong Army listened to the third RiverSource's orders. After all, they were very confident in this bet. It would be too difficult for ye chen to kill it in one blow. This was not only because ye chen was not strong enough but more importantly, among the three top RiverSource, the third RiverSource had the strongest defense. Its body was integrated with the entire earth vein and its body was made of bone spikes and rocks. It was even a golden immortal. They could forget about hurting him, let alone killing him in one strike.

Even if ye chen was a genius, it was impossible for him to kill the third source in one move!

"Roar, roar, roar!"

At the thought of this, the evil spirit Army's momentum was greatly boosted, and they roared in anger.

Such an imposing manner naturally suppressed the netherworld Army. They had entrusted their lives to ye chen but many of them did not have absolute confidence. They were only testing their loyalty.

Ye chen was the successor of the god of the underworld. According to the Dark Lord and the god of the underworld, he ruled the underworld. As Dark Warriors, they had to pledge their loyalty to ye chen. No matter what choice he made, it was the right one!

"I support the great emperor!" Old ancestor yellow spring's shout stirred the netherworld experts.

The auras of both sides had reached their peak. Only on the battlefield, the two of them looked at each other and did not speak.

As the third source of defense, the skin on its entire body had begun to harden. Countless bone spikes and rocks had fused together, and countless special laws of the third source had seeped through them. This was the fusion of the physical power and the physical power of the body, becoming a strength that surpassed ordinary protective energy. This was an absolute defense, as solid as metal!

Ye chen took a step forward and focused all his attention on his eyes, staring at the third source.

The bet this time was to test the results of his cultivation during this period of time, and at the same time, he wanted to use the fastest way to get rid of one of the RiverSource. He was deeply aware that there must be some kind of close connection between the three RiverSource of evil spirits. Once the three RiverSource joined forces, even he would be able to threaten and easily win.

The complicated situation in the void realm told him that he did not have many chances to try and make mistakes.

"The third source is about to welcome your death!"

"Hahaha, ye chen, don't even think about killing me. I'll let you understand what despair is!"

"Is that so?"

Ye Chen's eyes turned cold and an invisible killing intent swept out in an instant. Countless evil spirit Warriors went crazy in this killing intent. They kept screaming and madly hurt themselves. Even the people around them could not control them.

"The final move of the first mirror of the underworld, bi an."

"What?"

When the third-source heard ye Chen's chant, it suddenly felt a chill run down its spine. This kind of situation could not have happened to it but it had actually happened. Why was that?

The third source wanted to know why more than anyone else, but this phenomenon was a sign, a sign reflected in the connection between the three sources. It had only happened 30000 years ago, and no one expected it to appear again.

"You, how can you have such a divine ability?"

He finally tensed up. The bone spikes on his body began to spin. He was going to attack ye chen to protect himself!

However, the third-source knew that if it took the initiative to attack, it would mean that it had lost the bet. It might even lose its face completely. This was something that it could not do.

"The power of the source, Suan NI's armor, has mutated!"

Finally, the third RiverSource acknowledged ye Chen's challenge. This was a battle of life and death. It finally realized this. It was going to put up the strongest defense in its life, even stronger than the one it had faced ten thousand years ago.

"Zi Zi Zi!"

Endless power of The Fountainhead swept out from the earth vein and poured into the body of the third Fountainhead. This was an overdraw.

Even the evil spirit zergs in the evil spirit abyss could sense the severity of the problem.

"How is this possible? the third Fountainhead actually used all of its Fountainhead power and even overdrew the earth vein. Why is this?" He was still summoning the second and first sources. He had thought that the third source would be able to solve everything and completely crush ye chen. However, what he had seen before him indicated that this was not the case!

[Chapter 2372 2377-Divine Judgement Of Transcendence!](#)

With a loud rumble, the third fountain completely released the power of the fountain hidden in the evil spirit Earth vein. It had gone all out this time to make ye chen fail.

As the battle with ye chen continued, he deeply realized that ye Chen's strength was far beyond his estimation. This could not be explained by a so-called genius. Geniuses had their limits. If one exceeded the limit, the genius's talent would explode and exceed the body's limit, causing self-destruction.

However, ye chen did not have any problems in this aspect. The strength in his body had completely exceeded the limits of what his body could bear but he did not show any signs of his body being unable to bear it. This meant that there was something mysterious about ye Chen's body. He was likely the reincarnation of an Almighty who surpassed half the geniuses!

If ye chen really was the reincarnation of the heavenly Emperor, this battle could not be ignored!

Although the third source had an unusual appearance, his mind was clear. He clearly understood this. Therefore, killing ye chen this time was equivalent to killing the celestial Thearch. What a great achievement this was. Even if he entered the heavenly universe, he would be the strongest legend.

"Hehehe, ye chen, even if you're the reincarnation of the heavenly Emperor and a peerless genius, I'll still defy the heavens and change my fate this time! I'm not going to slow down the pace of the other two origins entering the world. Today, I'm going to use everything I have to resist this attack. Are you feeling despair?"

Several heads suddenly appeared from the third-source's body and flew up one after another. Then, they all laughed at ye chen in an attempt to disturb his mind.

The netherworld Army behind him felt a chill run down their spines at the sight of this strange scene. They were increasingly aware that the power of the third Fountainhead was rapidly rising, and it was even several times stronger than before.

Because all the dark energy in the earth vein had been extracted by the third source, he had broken through his own limits and forcibly absorbed the dark energy!

Zila, Zila, Zila!

The third Origin's entire body was emitting dark electric light. It had already reached its limit, and the energy in the entire earth vein had basically been absorbed by it.

"Not bad, third RiverSource. You've finally realized how weak you are. That's why you're using such a method to block my attack. Hahahaha, what a joke. Even so, you still can't withstand a single blow!"

"You're boasting! Ye chen, even if you're really the reincarnation of the celestial Emperor, with your cultivation base at the heaven immortal stage, even if you use all your celestial energy, you can't break the solid shell of the origin. This is your complete defeat!"

"Oh, really? Since you're so confident, we'll be able to see the answer soon. "

Ye chen sneered. His smile was strange and unpredictable. No one knew what he was thinking. Even his opponent, the third-source, with such a profound cultivation blade, would not be able to predict it!

The third source had to be pushed to its limits. He could no longer treat ye chen as a mere genius. He had to treat him as an overarching heavenly Supreme celestial. His defense structure was built according to the standards of an overarching heavenly Supreme celestial.

Soon, the evil spirits and the underworld securities realized this. The third source's evil energy was too powerful and had long surpassed the level of an allheaven Supreme celestial. Now, her defensive ability was very likely close to a high immortal!

This was a shell that could not be broken. Finally, many powerhouses realized this!

"This, this is impossible!"

Old ancestor yellow spring looked nervous. When he saw the third source, it was like seeing an endless peak. The feeling of being unsurpassable and the unparalleled attitude was deeply rooted in his heart.

The netherworld patriarch and the other powerhouses were the same.

"Great emperor, can we really do that?"

"The third Fountainhead is too strong!"

"The third RiverSource already possesses a defensive power that surpasses that of an allheaven Supreme immortal. It's impossible! No one can penetrate his armor!"

Gradually, even the netherworld's powerhouses began to think that ye chen had no chance of winning. This was a gamble that had no other choice.

"Roar, roar, roar!"

The evil spirits could sense the netherworld Army's fighting spirit rapidly plummeting. They roared and exerted more pressure.

"Hehehe, ye chen, your supporters are wavering. You have no chance of winning. This watersource has absorbed all the power of the ley lines and is undoubtedly in its strongest state. Don't say that I didn't warn you, don't say that you'll hurt me. Don't die from the natural rebound of my armor, hehehe!"

His cold laughter was corrosive.

Ye chen took a deep breath under such unfavorable conditions.

"I've said before that you, Qianqian, can't even withstand a single blow!"

Ye chen opened his eyes again, revealing an excited and bloody smile. The energy in his body swelled exponentially, beyond anyone's imagination.

Even as the third source, it was impossible for it to produce such a terrifying surge of energy in the process of absorbing the power of the entire ley lines. This was the most mysterious expansion of power that transcended reality and space-time.

It was the heart technique of heavenly Emperor lang wo!

Zila, Zila, Zila!

Ye Chen's entire body flickered with purple lightning. The meridians in his body had reached their limit. Endless energy was rampaging. With the ancient netherworld divine power as the dominant force, dark energy, demon energy, celestial energy, beast Emperor energy, and countless other energies were rampaging.

"Hahahaha!"

Ye Chen's face was contorted. His laughter was like piercing Thunder, like the cry of death.

The third source's heart was beating rapidly. This was a natural sign of fear when one was under ye Chen's pressure.

"Impossible! I'm the third RiverSource! I've absorbed all of the evil energy in the earth vein, and now I'm comparable to an immortal Lord! I'm invincible! Why would I be nervous? no, this isn't nervousness. This is fear! No, no!"

He began to feel a little delirious, and he fell into a self-cognitive fear.

"Ah!"

With an invincible roar, the energy in ye Chen's body was fully condensed.

Then, the most terrifying and bloody divine weapon, bi 'an, appeared in his hand!

p "What? That ... What quality is that divine weapon? impossible. You shouldn't be able to use such a divine weapon. Ye chen, what did you do?"

"Giggle!"

This time, it was ye Chen's turn to let out a strange and extremely cold laugh. The doomsday myth was constantly absorbing ye Chen's blood. It was indeed difficult to fully control such a chaos heavenly soldier. One had to constantly contribute their blood and strength but ye chen had done it.

He had a Foundation that far exceeded his own limits and the height of his nomological laws. This time, he was going to use all of it!

"The final move of the first mirror of the underworld, the divine judgement of doomsday!"

Zila, Zila, Zila!

With the infusion of endless blood Thunder, the myth of doomsday was finally activated. The strongest primordial chaos heavenly soldier, an attack that combined all of ye Chen's strength, the final form of the first level of the underworld God, was finally formed.

"Ah ... Uh ... This, this!"

The self-proclaimed invincible 3rd RiverSource was now shaking ....

[Chapter 2373 Beheading The Source, Breaking The Evil!](#)

Buzz, buzz, buzz!"

The body of the third-source also instinctively felt the most fatal threat. It began to operate on its own, activating its strongest defensive energy.

"Source mutation, Suan NI's infinite armored body!"

Countless amounts of armor-type dark energy emerged from the body of the third RiverSource, turning into an indestructible armor. The huge body of the third RiverSource had now turned into the shape of a mountain of bones, and no one could recognize it from the outside.

"Ye chen, I'm not afraid of you. Come on!"

A terrified voice rang out from the mountain of bones. All the experts were stunned. They didn't think that the third source of terror would also fall into fear. This was simply unbelievable.

"Oh, really? Who could live in the apocalypse? Divine judgement of doomsday, Astral Slash!"

Ye chen was like the god of death, a myth of doomsday, a Chaos Divine weapon. He slashed down with unstoppable power and unassessable talent. It was the most terrifying killing.

"Boom boom boom!"

Heaven and earth were in chaos, and the sun and moon sank!

The endless divine power turned into the most terrifying killing move, breaking through any restrictions.

Crack, crack, crack!

As the doomsday slash descended, countless bone mountains shattered. The blood-colored crescent moon-like slash finally arrived.

"Ah?"

When the third RiverSource felt that unparalleled and irresistible power, his whole body trembled, and he lost all his will to fight. Only he could clearly feel this kind of fear. Although the others were shocked, they couldn't really understand the despair that went deep into their bones and souls.

"No, how could the source die in your hands!"

The third RiverSource had completely collapsed, and its collapse was the most primitive counterattack.

"The source of the change is Suan NI's endless fury!"

"Phew, phew, phew!"

The evil energy evolved into heavenly flames of heaven and earth, which gushed out madly in an attempt to stop the divine slash of doomsday. However, even though these flames could kill golden Immortals in an instant, they were like ants before the divine slash of doomsday, unable to survive. They were destroyed in an instant.

With the destruction of the heavenly flame, the power of the third fountain was greatly reduced, and even its own defense began to collapse. After all, this power was originally used for defense, but now it was used to attack, which made it worse.

"Why is this happening? it's impossible!" He exclaimed.

The third-source collapsed and roared. However, no matter what it did, it was useless. It was now filled with regret that it had allowed ye chen to freely use such a terrifying and unparalleled mystical power. Now, there was no turning back. This was the root of ye Chen's confidence.

"Third source, accept your fate!"

Ye chen continued to generate the ancient netherworld divine power. Under the double supply of divine power, the mythological doomsday sword's sword light soared into the sky, completely shattering the final defensive ability of the third fountain. Everything was reduced to nothing.

Crack, crack, crack!

Boom, boom, boom!

After the mountain of bones shattered, it exploded with a loud bang. The body of the third-in-command was completely revealed before the divine slash. There was no way it could escape.

"Lord RiverSource!"

Countless dark energy powerhouses had the most shocked look in their eyes. They were completely shocked!

Ye chen, a heaven immortal of the human race, had actually killed a third Fountainhead that surpassed the allheaven Supreme Immortals. Was he still human?

As the dark energy poured out rapidly, the surrounding dark energy powerhouses could not withstand the collapse and exploded one after another.

The rest of the dark Warriors wanted to escape. After all, according to the bet, they would definitely die.

"Swish!"

However, they were still too naive. The remaining power of the Holy Light of doomsday was enough to kill these motley crew.

"Ah!"

The sound of tragic death shook the surroundings. The remaining power of the doomsday myth had completely crushed the hope of these people escaping.

In the end, all the dark powers were annihilated by the end of the world.

"Good, good, good!"

The experts of the netherworld all cheered. How majestic and powerful was this? not only did he kill the third Fountainhead, one of the three most powerful fountainheads of the evil spirits, but he also annihilated 100000 evil soldiers on the spot.

"Boom boom boom!"

The energy continued to surge down the evil spirit abyss, all the way to the bottom.

Zila, Zila, Zila!

Waves of energy crashed into the altar, causing the evil spirit ruler to pale in fright.

"Impossible. The power of the third source is returning? Don't tell me!"

He revealed a shocked expression as he looked at the sky above the evil spirit abyss. He actually saw the Golden Lotus Light blazing brightly as supreme power descended.

"Everyone, hold him back. Don't let ye chen enter the evil spirit abyss!"

"Yes!"

Upon receiving the order, the dark powers emerged one after another and rushed up to the nine Heavens.

This was the critical moment of summoning the darkspirit ruler, so he couldn't afford to be affected.

"Whoosh, whoosh, Whoosh!"

The evil spirits moved out one after another. These were the most elite warriors of the evil spirit abyss. Their strength was generally above the celestial immortal level. Together, they wanted to use the human wave tactic to trap ye chen.

All kinds of dark powers burst out and swept over.

"Impudent!"

The current ye chen was in his divine body form. How could he allow these dark energy Warriors to act so presumptuously?

"Earth-shaking destruction palm!"

Boom, boom, boom!

Countless palm prints caused the sky and earth to collapse. Several dark energy powerhouses who were charging at the front were unable to defend in time and were directly killed.

Below him, the evil spirit Lord knew very well that ye Chen's strength was already heaven-defying to be able to kill the third Fountainhead. If he could not summon the first and second Fountainhead, the evil spirit would be annihilated.

"Momo, Momo, Momo ..."

The darkspirit Lord continued summoning, releasing fresh blood that floated in the air as a sacrifice to the darkspirit gate.

"Great source of evil spirits, appear! This is the hope of all evil spirit Warriors!"

"Great source of evil spirits, appear!"

The darkspirit Lord's power was being overdrawn, but he knew that this was a matter of life and death for the darkspirits. Tens of millions of drops of blood fused into it, and the darkspirit gate slowly opened.

"Evil spirit Overlord, it's too late!"

Just as the evil spirit Gate was about to open, a sharp light came from the sky, and the opening of the evil spirit Gate ended!

"Boom boom boom!"

The powerful mythological doomsday sword energy completely pierced through the entire wicked gate, and the darkspirit ruler's summoning plan failed completely.

"Bastard, you deserve to die!"

With a wave of his hand, the evil spirit Dominator absorbed endless evil energy and headed straight for ye chen.

"Ha, a puny ant dares to provoke the dignity of God!"

Ye chen used the dark God's palm, chaos heaven and earth, heaven and earth reversal, and the Grand Dark energy. All the dark energy was actually transferred behind him.

"Boom boom boom!"

The entire mountain range behind him collapsed.

Tens of thousands of dark energy Warriors had surrounded ye chen. Ye chen had ruined their biggest plan. This was something they could not tolerate. They had to take revenge!

"The evil spirit remnants want to bring chaos to the six realms. Unfortunately, where I am, the evil energy is destroyed!"

Ye chen brandished the myth of doomsday. His domineering stance shook the world, and the evil spirit Army retreated.

"Damn ye chen, you've ruined the evil spirits 'plan. You're unforgivable!"

"Kill!"

Countless dark powers attacked together!

#### [Chapter 2374 Six Realms United!](#)

"Come on!"

Ye chen sneered at the evil spirit Dominator's charge. He waved the sword in his hand and the sky was filled with blood-colored sword Qi. It was as if the end of the world had come.

Boom, boom, boom!

The area in front of them was completely destroyed, and those who dared to rush forward instantly disappeared.

"Whoosh, whoosh, Whoosh!"

After that, the dark Thearch, the Emperor, and the avatars appeared.

"Kill!"

The sounds of killing rang out, shocking the sun and moon. A bloody battle was inevitable.

"Asura sky shaking kill!"

The Shura palm, combined with the doomsday sword Qi, attacked in all directions. What lay in front of the evil spirits was an insurmountable peak. Many Warriors died on the spot before they could even see ye chen.

"How hateful!"

"Damn it!" The evil spirit Overlord flew into a rage, and countless evil weapons appeared in his hands. They were all cultivated in the evil spirit abyss.

"All evil, move out!"

He activated the bewilderment spell and released the evil might. Countless evil soldiers charged at ye chen.

"Hahaha, come!"

Ye chen walked forward and used his body to resist the attack. The evil energy charged forward and filled the air with evil energy. However, ye Chen's ancient netherworld indestructible body and the Buddha Emperor's holy light prevented the evil energy from touching him. With such an impenetrable wall, the evil spirit Dominator could only fail.

"Ah?"

"What?!" The evil spirit ruler paled in fright as the world fell into chaos.

"Ye chen, you're forcing me to do this."

All of a sudden, the darkspirit Lord's eyes glowed blood-red, and his spiritual power burst out. Then, countless dark energy powerhouses were summoned by the bewilderment spell at the same time, and they lost their sense of self.

Their bodies were completely floating in the air, becoming the rulers of the evil spirits.

"Evil energy sky explosion!"

Following that, countless dark energy powerhouses flew toward ye chen. They seemed to be unconscious but their bodies were rapidly expanding and the energy within them was out of control.

"Mm ..."

Ye chen saw through the crux of the matter at a glance. This was a method of using the human body's force to bombard ye chen. The dark energy Dominator was already going crazy.

"Dark God's secret mirror, misty lock the universe!"

Ye chen was not afraid at all. He used the Tai Ji form with both palms and the power of heaven and earth was contained within. The underworld power transformed into the form of hell. The explosive power was all absorbed by the underworld hell.

"Transform!"

Ye chen even turned on the heaven and earth furnace. A large amount of this energy was absorbed into the furnace and began to be refined.

"Evil spirit Lord, pay the price for your recklessness!"

At that moment, ye chen extended his hand. It was the nether King's star picking hand.

Zila, Zila, Zila!

Between heaven and earth, dark lightning circulated. The nether King star picking hand descended.

"What? What is this?"

The darkspirit ruler fought back with all its might. However, in front of ye chen, its strength was as insignificant as an ant.

In the end, the darkspirit Lord's body was caught by ye Chen's Hades 'hand.

"Now, let yourself be sacrificed!"

The darkspirit ruler struggled but to no avail and was thrown into the heaven and earth smelt.

"Myriad evil, refine the black Boar Gu!"

Ye chen activated the Imperial decree of refinement and absorbed the endless evil energy. The entire evil spirit abyss and the powerful evil energy in the altar were all absorbed into the heaven and earth furnace.

"Roar, roar, roar!"

All the evil in the furnace roared as if it wanted to break free from its restraints and tear everything apart.

At this moment, the Buddha Emperor's sacred tablet had descended. It was the nemesis of all evil.

Boom, boom, boom!

The golden light in the furnace burst out, and the energy was violent. Endless evil energy entered the refining reincarnation.

Ye chen sat cross-legged in the air and continued to generate the power of refinement. After forty-nine days, the furnace was activated!

"Zi Zi Zi!"

Above the furnace, a black pill took form. It was the misty evil black pill that had been fused with the power of myriad evil!

Coupled with the evil black pill and the multiple cultivation of his dark energy through the ancient God Space, ye chen now had the foundation to cultivate his dark energy clone.

"All evil, listen up!"

Ye chen guided the evil black pill into his body. Then, the dark energy in his body rapidly flew in the direction of the evil black pill.

"Zi Zi Zi!"

The evil black pill exploded with an unparalleled dark energy above the third source. Behind ye chen, the Lord of all evil gradually appeared!

"Ah!"

Ye chen roared in anger. The entire evil spirit abyss was surrounded by evil energy. In the end, it could not support the cultivation of such a powerful force and directly exploded for thousands of miles.

Boom, boom, boom!

Crack, crack, crack!

The evil spirit abyss, the place where the evil spirits were the strongest, had finally been broken.

When the netherworld Army outside saw that ye Chen's body was surrounded by evil energy, which was even more powerful than the third hegemon, they were shocked. They wondered if ye chen had been infected by the evil energy.

"Great emperor!"

"I am the Lord of all evil!"

"The Lord of all evil?" The crowd was even more puzzled. Although the man in front of them was burning with dark energy, he had no intention of attacking them. Otherwise, none of them would be a match for him.

"Where is the heavenly Emperor?" Old ancestor yellow spring asked.

"I am the celestial Emperor!"

"Ah?"

Everyone was puzzled. Who was the person in front of them?

"Zi Zi Zi!"

After that, the dark energy vanished and ye Chen's true body appeared.

"Great emperor!"

The powerhouses were all excited. Ye chen had won, but they did not know who the Lord of all evil was.

Ye chen explained, "this" righteous of all evil "is a clone that I've cultivated by absorbing all the evil energy. In the future, seeing him is like seeing me!"

"We understand!"

The experts all bowed and received the order.

"Now that the chaos in the evil spirit abyss has ended, the unification of the six worlds is right in front of us!"

"The six realms are United, and the celestial Emperor is revered!"

Countless powerhouses were shouting this slogan. It was the heavenly Emperor ye chen, the Supreme of the six worlds!

After that, the netherworld's powerhouses led their own teams to the land of the six realms. This was because the strongest forces of the six realms had already been wiped out by ye chen. Now, they were like entering a no-man's land, sweeping through tens of millions of miles and forming the Alliance of the six realms!

The Alliance of the six realms was established, and all the powerhouses took oaths in the spirit realm. Ye chen had officially ascended to the position of the Supreme of the six realms.

"Dominator of six worlds! Dominator of six worlds!"

For a time, thousands of races cheered. The peace of the six worlds was finally achieved through ye Chen's efforts.

.....

On the ruins of the evil spirit abyss, dark energy condensed, and a large dimensional door opened again.

"What? it's all over!"

"The third RiverSource actually failed. Who in this world can be his match? this is impossible!"

"The truth tells us that we've underestimated the power of the six realms. Now that the god of the underworld is missing, he's our biggest threat."

"Before the darkspirit Lord cut off the sacrifice, it had sent a message saying that the human race was disdainful of ye chen!"

"Hahaha, are humans really that powerful?"

"Boom boom boom!"

Heaven and earth trembled, and the heavens began to crack. A massive figure forcefully tore open space and time, entering the spiritual realm.

Following that, another shadow that was completely black and filled with boundless spiritual energy entered at the same time.

Behind them were countless soldiers of the shadow evil army.

"The evil spirit abyss has lost all its evil energy. It's as if someone has forcefully absorbed it. This is very strange!"

"Don't tell me it's that person!"

"Hmph, no matter who it is, this power has to be returned. Only I, evil spirit, can unite the six worlds!"

[Chapter 2375 Cleaning Up The Remaining Evil!](#)

When the six realms were united, ye chen was the Supreme!

After completing the six realms, ye chen embarked on the journey to find su Yuhan. The current su Yuhan was obviously under the control of the dark Fire Phoenix. Her mind was in a state of confusion, allowing her to walk through the universe alone. Encountering danger was the last thing ye chen wanted to see.

"Great emperor!"

Old ancestor yellow spring and the others came to see him off.

"Patriarch, I'll leave the Alliance of six realms to you. I hope you take it seriously!"

"Ha, great emperor, don't worry. I won't let you down. I'll lead everyone to cultivate the nine levels of heavenly Dao, work hard to improve our cultivation base, and keep up with the great Emperor's pace!"

"It's impossible for old ancestor yellow spring to keep up with the great emperor. It's all thanks to the great Emperor's blessing that he can keep improving!" The netherworld patriarch said.

"That's true. There's no one with the talent of a great emperor in history. It's hard for us to catch up to him. We can only continue to stimulate our potential and hope to follow the great emperor."

"Everyone, farewell!"

Ye chen brought ye Wushuang onto the Golden Lotus sword boat and sped off into the distance.

As ye chen was about to enter the deep sea ruins, he suddenly sensed two powerful dark energies concealing his whereabouts. However, since ye chen had already achieved the Lord of Evil's clone, they could not hide him at all.

"Mm ..."

Ye Chen's eyes turned slightly cold. He felt a power that came from the same source as his clone. It was the source of the power.

"It seems like I didn't stop the source from descending when I destroyed the evil gate!"

"Master, before we leave, we have to clean up the place for the patriarchs!" Ye Wushuang revealed a sharp expression. After many rounds of cultivation, relying on the connection with the heavenly Sword, his cultivation had increased greatly. He was about to show his skills.

"Ha, good!"

Ye chen said with a smile.

The sword boat turned around and headed toward the place where ye chen had sensed the energy fluctuation.

Thirty thousand miles West of the evil spirit abyss was one of the most dangerous places in the spirit realm, the miasma Valley.

Buzz, buzz, buzz!"

In the miasma Valley, the two sources were running amuck and wanted to rebuild the land of evil spirits.

They had set up all kinds of formations in the outside world, and ordinary people couldn't get close to them. As long as they were contaminated by the evil energy, they would die without a doubt.

"How's the formation engraving?" The originator asked.

"One-third of it has been engraved. As long as it's half done, we can receive the power of the formation and open a new world!"

The second source replied.

"Very good. This time, the origin will infect the entire spiritual realm and turn the entire land into a hotbed for the growth of evil spirits. No one will be able to escape their control!"

"Hahahaha!"

The two big round heads laughed wildly, but they didn't know that the end of the world was right in front of them.

Zila, Zila, Zila!

Above the nine Heavens, the Thunder God's thunderbolt and the strong wind opened up a path.

"Evil spirit remnants, they really won't leave!"

The powerful sound of thunder rumbled down and instantly split apart countless miasma trees, revealing the forms of the two sources.

"You're Zhenzhen, ye chen!"

When the originator sensed ye Chen's energy fluctuation, it immediately recalled that it had sensed the surge of energy in the entire evil spirit abyss in the wicked gate. It was this kind of energy.

"Hahaha, I didn't expect you to take the initiative to come here. I'll make you pay for the destruction of the evil spirit abyss!"

As the second source laughed maniacally, the ground around it trembled.

"Bastard!"

With a cold shout, ye Wushuang walked forward and looked at the second source with cold eyes.

"Master, this person deserves to die. Let me end him!"

"Wushuang, let me see the progress of this period!"

"Yes!"

The light of the heavenly Dao flashed between ye Wushuang's eyebrows. The sword's edge was piercingly cold, and the moonlight was cold. When the sword was drawn, the heaven and earth shook.

"Whoosh, whoosh, Whoosh!"

Endless sword Qi followed ye Wushuang's body and rushed to the second source.

"What?"

Sensing an unstoppable sword Qi of heaven and earth, the second source was shocked. He had not expected ye chen to have such a powerful expert by his side.

He did not know that ye Wushuang was only the celestial Thearch sword's spirit. If he was already so powerful, what about ye chen?

"Celestial Thearch sword, centipede, stand in the universe!"

Ye Wushuang pointed his sword at the second source and slashed down. It was the celestial Thearch sword light.

"Swish!"

The dazzling light and the net of swords descended together.

"Impossible!"

The second source was panicking. Countless miasma turned into green demonic claws to resist the sword light in front of it.

When the Grand sword light met the miasma demonic claw, the power of both sides was rapidly consumed.

Zila, Zila, Zila!

The celestial Thearch sword flashed with lightning. It was the power of the Thunder Dragon Supreme.

"Nine refined divine spear, Lightning Dragon breaks the world!"

A Thunder Dragon flashed on the Dragon-holding spear, and the world-breaking Thunder light rushed down, adding to the power of the celestial Thearch sword. The second source felt his whole body tremble. The lightning moved quickly, and his meridians were instantly shattered.

"Pfft!"

The second source kept spitting out Green Poison from its mouth. This was a sign that it was heavily injured.

"The second source!"

The main source had never thought that there would be someone in this world who could injure the second source so easily.

Although he had underestimated his enemy, ye Chen's helper was already so powerful. How strong was he exactly? this was what the originator wanted to know now.

"Die!"

Ye Wushuang shouted sternly. The celestial Thearch's sword light was blazing. The nine levels of heavenly Dao and the power of jiuyun were activated at the same time.

"Zi Zi Zi!"

The celestial Emperor sword's power continued to rise. It was the moment of the celestial Emperor's judgment.

"The celestial Emperor has ordered the destruction of the misty Heavenly Sword!"

Ye Wushuang had mastered it and instantly released the strongest move of the heavenly Emperor token. With the power of the Thunder Dragon Supreme God's divine Thunder, it was like a Divine Dragon descending from the nine Heavens. Lightning struck within ten thousand miles and the second origin was completely in a desperate situation.

"Hateful!"

The originator knew that this attack was too powerful, and it had to help.

"The great originator, you're too naive!"

Just as the originator was about to attack, ye chen sneered and pointed his sword finger.

The profound sword and the wandering Dragon Sword were unsheathed at the same time.

"Roar!"

In the dark sky, Dragons roared and the source fell into the domain of the wandering Dragon Sword and the profound sword.

"What? a second source? where are you?" The main source wanted to make contact with the second source, but under the influence of the black sword, how could he have the chance?

The endless darkness had completely sealed the connection between the big round head and the second source. In this world, there were only ye chen and him.

"Ye chen, you're looking for death!"

"Ha, who's the one looking for death?"

Ye Chen's eyes flickered with a dark light as the darkness pool spread rapidly.

"The source is changing!"

The great RiverSource knew that if he did not get out as soon as possible, the second RiverSource might really die at the hands of ye Wushuang. This was something he could not accept.

"The first source, Suan ni, creates evil energy!"

"Phew, phew, phew!"

Instantly, endless evil energy was created around the great RiverSource, turning into countless evil dragons that attacked in all directions.

Boom, boom, boom!

Soon, the world of ink began to crack. It was because the impact of the origin was too strong, completely beyond the limit of what was in front of them.

"Mm ..."

Ye Chen's expression changed slightly. He did not expect the source to be the number one ruler of the evil spirits!

[Chapter 2376 2381-Dark Sky World!](#)

Boom, boom, boom!

Finally, by relying on the explosion of evil energy that exceeded the limit, the great originator finally broke out of the world created by the profound sword. However, what he saw made him even more desperate.

The second source was already lying on the ground, its entire body shattered into countless pieces.

"Why, why!"

The great originator screamed madly as its comrades died in front of its eyes.

"Great originator, this is the result of your greed. Invading the six realms is the same as making an enemy of me. You can only die!"

Ye Chen said coldly to the source below him.

"Hahaha, you can't stop the instinctive expansion of my evil spirit lineage!"

As it spoke, the eyes of the great originator emitted a blood-red light, summoning countless evil energy generals.

"Zi Zi Zi!"

Countless doors to different dimensions opened and countless dark energy generals appeared to attack Ye Chen.

"Wushuang, go!"

"Yes, master!"

Ye Wushuang brandished the celestial Thearch sword and slashed wildly. Now, he had the strength of a heaven immortal. He and Ye Chen were one entity.

"The heaven realm's laws!"

After stepping into the heaven immortal stage, Ye Wushuang quickly comprehended the nomological laws of the heaven realm. When he used the heavenly weapon, its power was close to the level of a golden immortal. How powerful was that?

Those battle generals that were comparable to the heaven celestial stage were no match for him at all. At the same time, the Snake Queen took action.

"Squeak, squeak, squeak ..."

The eight-headed Blood Python devoured the countless Warriors around it like crazy. They all became the snake Empress' dinner.

"Evil energy explosion!"

The originator couldn't stand it anymore and continued to increase its power, releasing an explosive amount of evil energy.

Boom, boom, boom!

The powerful dark energy made ye Wushuang and the Snake Queen retreat.

"The originator, it's time to end this!"

However, ye chen did not want to waste any more time. He still needed to find su Yuhan. The battle here had to end.

"Ancient netherworld unique style, resplendent moon-breaking style!"

"Zi Zi Zi!"

The power of Battle God ancient netherworld continued to sweep across the battlefield. All the battle generals made of evil energy on the scene rose to the sky.

In the sky, their bodies were suspended in the air, unable to move.

Then, a Blood Moon appeared above their heads. All of the dark energy generals were devoured by the Blood Moon and turned into its power.

"You!"

The originator watched as ye chen sacrificed all the generals it had summoned and was in great pain.

"Originator, your end is here!"

Ye chen held the doomsday myth high in the air, ready to carry out the final judgment.

Zila, Zila, Zila!

At this moment, a large crack suddenly appeared in the sky. From within, a powerful evil might burst out. From the crack, the mysterious evil man fell.

"The dark regions are in chaos!"

The mysterious evil man used a mysterious cultivation technique, and evil energy filled the sky.

"What?"

Ye chen turned his head to look at the sky. The divine slash of doomsday charged straight at it.

"Swish!"

The sword radiance sliced through the sky and the entire crack was sliced in half. However, the mysterious evil person's Divine Art descended at the same time.

"Be careful, master!" Ye Wushuang reminded.

"It's fine!"

Ye chen was not afraid at all. The mysterious evil person in front of him was similar to the person he had met in the virtual spirit realm. He was from the Shura world's great dark territory.

"The great originator, leave!"

"You are ..."

The originator looked terrified because it sensed an evil power that surpassed its own from this person. The laws that circulated within it were beyond the power of the originator.

"Don't waste your words!"

The mysterious evil man released the heavenly net and caught the source. He flew directly into the remaining half of the gap and disappeared without a trace.

"Master!"

"Don't worry, let them go!"

As long as the evil spirit lineage didn't appear in the six worlds, he didn't need to kill them all!

After the evil spirit left, ye chen and Wushuang once again stood on the Golden Lotus sword boat.

"Yuhan will definitely need to recuperate her Dark Fire Phoenix powers after leaving the void Spirit realm. According to what the Saint said, it's the dark sky Realm."

Ye chen had already obtained a small number of memory fragments through the Tian Yuan space. Among them, there was information about the heaven dark realm. It was in the most remote alternate space in the heaven realm. It contained endless dark Fire and was the dark Fire Phoenix's favorite place. There were even rumors that that place was the origin of the dark Fire Phoenix.

"No matter where it is, I'm going!"

He continued to increase the power of the Golden Lotus sword boat, and it flew through the void like a shooting star.

Beyond the nine Heavens of the heaven realm, under the sea of clouds, the dark Fire burned for thousands of days, and the universe was in the furnace.

The dark Fire Phoenix flew above the sea of Dark Fire, letting go of its own power to continue erupting. It was in a joyful state.

It kept shouting, and above its head was the void Spirit Holy maiden, lang wo, and su Yuhan.

"Dark Fire Phoenix, immediately head to Dark Fire peak!"

"Ring ..."

The dark Fire Phoenix let out a cry, then turned around and flew in a direction.

On the other side of the sea of Dark Fire, there was a tall mountain that towered into the sky. No one knew how high it was, and no one climbed to the highest peak. This was the most dangerous place of Dark Fire, and anyone who came here could only die!

"Ring!"

Today, the dark Fire Phoenix had descended with the Holy daughter.

"Roar, roar, roar!"

At the bottom of Dark Fire peak, countless Dark Fire creatures were shouting. Many of them had intelligence, and they knelt on the ground to worship the goddess.

"God, that's our Dark Flame goddess!"

"It's her, it's her! We're all saved!"

"Worship! This is our only chance!"

These Dark Fire creatures had lived here for tens of thousands of years. According to their legends, they were waiting for a goddess who could save them, a goddess who would descend on the dark Fire Phoenix. This was the will of the heavens.

As long as the Dark Flame goddess descended and the heaven's secrets Gu was written, they would all be able to escape from the sea of suffering and ascend to Nirvana.

Boom, boom, boom!

All of a sudden, the weather on Dark Fire peak changed. Countless explosions occurred, and dark Fire peak welcomed the most violent eruption that happened once every thousand years.

"Phew, phew, phew!"

Countless Dark Fire lava erupted into the sky, hitting the ground in all directions. No one was spared.

Countless Dark Fire creatures sneaked into the ground to hide.

"Ah!"

"Dark Fire Phoenix!" The Holy daughter shouted coldly and extended her right hand. Instantly, an extremely powerful Dark Fire barrier flew into the sky and covered the entire body of the dark Fire Phoenix.

Boom, boom, boom!

Countless Dark Fire powers bombarded the air shield, leaving no flaws.

"Dark Fire peak, is this how you greet the Holy daughter?"

The Holy daughter gently wiped her dark lips with her hand and revealed an evil smile.

"Ring!"

The dark Fire Phoenix tore through the air and broke through all obstacles, heading toward Dark Fire peak.

At the same time, above the nine Heavens, at the edge of the heavenly realm.

"There's another storm in dark sky World. This time, I must go there personally!"

Bai Lu's white clothes fluttered as she ascended. An immortal Lord from the heaven realm also ascended.

Waves of immortal energy surrounded the immortal Lord, and the egret beneath him continued to emit immortal light. Its infinite Majesty spread in all directions.

Dark Fire peak seemed to have sensed it, and its eruption became even more intense!

### [Chapter 2377 The Mountain Of Severance!](#)

According to the memory fragments in the Tianyuan space, ye chen had also entered the edge of the heaven dark world. However, he was not on the same path as su Yuhan. Instead, he was on a path closer to the heaven realm. After all, he had obtained the information in the Tianyuan space.

The sea of clouds was boundless and churned into all kinds of shapes. Ye chen could feel the profoundness of it even more.

"Heaven realm!"

This concept continued to form in his mind. He was still in the celestial immortal realm and was qualified to ascend to the heavenly realm.

"Boom boom boom!"

Suddenly, a Bell rang, and in front of them, the clouds were shining. It was the gate to the heaven realm.

"Is this the gate between the six realms and the heaven realm?"

Ye chen looked at the door. It was filled with countless formations, all of which were designed to counter the celestial immortal's laws. Only those who had achieved the celestial immortal's body could enter.

"Who are you?"

Suddenly, a voice came from the front. Ye chen looked over and saw that it was someone he knew.

"Carefree Sanren?"

When ye chen called out his name, carefree Sanren was shocked. He did not expect the person in front of him to know him. He took a look and saw that it was ye chen.

"Hahaha, fellow Daoist ye, I really didn't expect that you would actually appear here!"

"Carefree Wanderer, I'm even more surprised. You're a carefree Wanderer, How did you come to the heaven realm to work?"

"It's a long story. I'm currently known as the unfettered celestial immortal. "

"Ha, what a carefree celestial immortal!"

Ye chen smiled and stepped forward. Xiaoyao Lansman was shocked and asked, ""Fellow Daoist ye, your Ascension is too shocking. You've already become a celestial immortal. I spent thousands of years to achieve this."

"I've had many fortuitous encounters to speed up my progress, but I still have to congratulate you!"

"I don't dare, I don't dare. With fellow Daoist ye's Foundation and talent, you'll definitely have a bright future if you enter the heaven realm!"

"Ha, I'm here to pass through heaven realm and head to dark sky Realm!"

"Dark Heaven world?"

Celestial immortal carefree's brows furrowed tightly upon hearing this name.

"How is it?"

"Ever since I came to heaven realm, I've heard that heaven dark realm is a place where all living things fall. There are many dangers in it. Why are you going there?"

"It's for personal reasons, no need to say more!"

"Hmm ... I see. However, I still have to remind you that you need to pass through several large arrays to head to dark sky World!"

"Why?"

"This was designed by the Almighty of heaven realm to prevent people from entering Dark Heaven realm without permission. It's rumored that no heaven immortal or golden immortal has passed through!"

"Hahaha, good!"

Ye chen laughed out loud and asked celestial immortal carefree to show him the way.

Celestial immortal carefree pointed out a heavenly path. Ye chen bowed in thanks and headed in that direction.

"Although his talent is astonishing, isn't he certain to die after entering the great heaven extinguishing formation? What a pity, what a pity!"

After he finished speaking, he kept shaking his head.

Ye chen steered the Golden Lotus sword boat and followed celestial immortal carefree's instructions to enter the broken mountain.

The mountain of severance was a path from heaven realm to Dark Heaven realm. Unless one entered the inner region of heaven realm, one had to pass through this area.

Naturally, ye chen could not see anyone in this broken mountain. This was one of the forbidden areas of the heaven realm.

"I don't have any impression of the mountain of severance. Could it be that someone built it after I left?"

Ye chen teased.

"Master, a strange energy has appeared here." Ye Wushuang said.

"Sharp!"

Ye Chen praised. Then, he tapped out a drop of his divine consciousness and charged forward.

His divine thoughts were condensed in the sword Qi and rushed forward in a straight line. However, after a thousand feet, he encountered an obstacle.

Zila, Zila, Zila!

A burst of lightning flashed, and the sword Qi was cut off.

"Oh, this is the mountain of severance? Very good!"

Ye Chen steered the sword boat forward and arrived at the place where the sword Qi had stopped but he did not find any energy.

"Hmph, what are you trying to hide?"

He threw out the eight Heavenly Dragon Demon subduing mirror. Instantly, the eight doors lit up, and the sun and moon appeared.

"Zi Zi Zi!"

The light was yellow and it instantly illuminated the hidden place.

Countless saber gleams were suspended in the air. It was these saber gleams that had broken Ye Chen's spiritual sword Qi.

These blade gleams were all condensed from the laws of gold Immortals and could not be underestimated.

"Heaven realm golden immortal, I would like to see it!"

Ye Chen's interest was piqued. He wanted to see how this heaven realm powerhouse was compared to the ones he had encountered before.

"Master, let me do it first!"

Ye Wushuang requested to fight and Ye Chen agreed.

His sword Qi swept across and entered the formation. His blade glowed with endless light and charged at Ye Wushuang.

"Universe severing!"

Ye Wushuang's Heavenly Sword one Fury slash of the universe, the powerful sword Qi broke through the blockade of the saber radiance and went straight for the core.

However, at this moment, the core area was emitting an even more powerful saber flare. It was actually a spiritual will saber flare. This meant that at least someone's spiritual will was entrenched in it, and it could even be a living person.

"Oh ..."

Ye Chen's eyes narrowed. He looked coldly at the core of the saber ray in front of him and instantly discovered that there was another world inside.

One of them was the motionless golden immortal.

"Who dares to break into the forbidden area?"

"Heavenly Emperor ye chen, aren't you coming out to pay your respects?"

Ye chen gave his name and the other party laughed.

"Hahaha, I've never heard of the heavenly Emperor ye chen!"

"That's because you became an immortal too late!"

"Is that so?"

The core of the saber ray released a golden light, and the motionless golden immortal revealed himself.

"I advise you to go back and stop your nonsense!"

"I advise you to step aside, don't bring shame upon yourself!"

"Hahaha!"

The Golden immortal laughed heartily, and then his killing intent burst forth. As a golden immortal, he should be respected no matter what. He didn't expect that not only did this little heaven immortal disobey the heavenly Tribulation, but he also dared to be rude to a golden immortal. In this case, according to the laws of the heaven realm, he could be killed.

"Good!"

However, ye chen wanted to challenge himself, so he was not afraid of these things.

"Sword Qi obliterates all directions!"

Ye chen condensed Qi with his sword fingers. Endless sword gleams rushed out of the world.

"Saber ray shaking the universe!"

The unmovable golden immortal floated in the air, and the saber Light was also endless. It rushed down from the sky with a destructive power.

Ye chen nodded slightly. Indeed, even among golden immortal cultivators, there was a huge difference in quality. The Golden immortal in front of him was clearly much more powerful than many golden immortal powerhouses in the lower realm.

Boom, boom, boom!

The air in front of him trembled. Ye Chen's sword ray and the opponent's saber ray collided and both shattered.

This situation shocked the motionless golden immortal.

"You can actually block my killing move!"

"Ha, is this rare?"

"Hateful!"

The motionless golden immortal was infuriated. Although he was a golden immortal who guarded the mountain, he had a great responsibility as The Guardian of the first stage. How could he let a puny heaven immortal break through?

"Acalan ā tha golden immortal spell!"

The unmovable golden immortal released a spell that resonated with the broken mountain, greatly increasing its power.

"Ha, you're really using the mountain of severance, very good!"

This was exactly what ye chen had hoped to see.

"The Lord of all evil!"

Ye Chen's brows twitched. The Lord of all evil appeared.

"It's actually an evil being!"

Upon seeing the Lord of all evil, the motionless golden immortal flew into a rage. He had actually been deceived!

#### [Chapter 2378 Breaking The Golden Saber Array!](#)

"Evil beings dare to invade my realm. I'll make you bow in front of me!"

The eyes of the motionless golden immortal shone with golden light as he fused the myriad of immortal energy from the mountain of severance to form a powerful Golden Saber between heaven and earth.

"Zi Zi Zi!"

The laws of the immortal world circulated around the Golden Saber, and it was in perfect harmony with the immortal energy in the earth, causing its power to multiply.

"You're an unmoving golden immortal, but you're only focused on Dharma. Aren't you vulgar? I've evolved the Lord of all evil to let you understand how shallow you are. Before the heavens, change completely loves you, invisible and formless!"

The Lord of all evil spoke in an overbearing manner.

"You're the Lord of all evil, aren't you? you're too bold in the forbidden Lands of the immortal world!"

The Golden Saber descended with a loud bang and was about to kill the heretic in front of him.

"Swish!"

The Lord of all evil released his evil energy and put his hands together, clasping the blade light in front of him.

"What?"

The motionless golden immortal was once again shocked. This Golden Saber was forged from the fusion of his own laws of the immortal world and the energy of the severed mountain's ley lines. Its might was comparable to that of a peak golden immortal. How could it be so easily restrained by the Lord of all evil?

The Lord of all evil was only ye Chen's avatar, but it had such power. What about ye Chen's actual body?

At the thought of this, the Golden immortal turned pale with fright.

"Motionless golden immortal, what's the situation now?" The Lord of all evil asked.

"Hmph, no matter how strong you are, you will still fail in the end within the great heaven extinguishing formation."

The motionless golden immortal released his own blood and sacrificed it to send a message before rushing to the upper layer of the mountain.

Then, countless celestial energy poured down, triggering the reaction of the entire great heaven extinguishing formation. This was what celestial immortal carefree was most worried about. Once the entire great heaven extinguishing formation was activated, ye chen would have to face the challenge of the immortal world's Almighty. How dangerous was this? their strength was far above that of golden Immortals.

"Absolute heaven golden blade!"

The motionless golden immortal unleashed the power of his golden sabers once again, but this time, it was completely different from before. The heaven absolute golden sabers transformed into three golden sabers, but the power of each Golden Saber was the same as before. Such a Golden Saber array was no trivial matter.

"What?"

The Lord of all evil's eyes turned cold, and the evil energy in his body soared to the sky. The power of the source of the change instantly erupted.

"The source has changed, and all evil has returned to the origin!"

A massive amount of dark energy soared into the sky and then hit the ground, causing the entire ground to fall into the evolutionary transformation of the dark energy. It was the power of the third source.

Buzz, buzz, buzz!"

As the golden blade's light struck down, countless blades clashed with the rock armor. Instantly, the blade's light shot out in all directions, and the armor rumbled and shattered.

"Ah!"

The Lord of all evil flew backward, and the dark energy Armor in front of him shattered one after another. He was no match for the invincible blade formation.

"Ha!"

However, the evil Lord laughed coldly and pushed out with both his palms. Instantly, the myriad evil Green Poison was released in a frenzy. The Golden blades that entered the green Poison were all corroded and shattered.

"What?"

The motionless golden immortal was shocked. He could not believe that his Golden Saber could not resist the evil poison.

"Acalanatha immortal spell!"

The Golden immortal released an immortal spell and added it to the Golden Saber. Instantly, the Golden Saber emitted an even more powerful light. Under the protection of the immortal spell, the evil poison was unable to invade, and the Golden Saber array took shape once again.

"Zi Zi Zi!"

At the same time, the Lord of all evil's dark energy transformed into a huge, tough spear.

"Kill!"

The Lord of all evil flew out and charged into the formation to fight it head-on.

"Hahaha, under the attack of the immortal curse golden blade, you still dare to rush into the killing formation. How arrogant! Die!"

"It's that simple?"

The Lord of all evil emitted unparalleled evil energy, and a suit of armor instantly appeared. Together with the evil poison, they were added to the spear. Then, he suddenly threw it at the motionless golden immortal's body.

"What?"

The motionless golden immortal had never thought that the Lord of all evil would charge into the formation and use himself as a guide to attract the attacks of all the Golden blades of immortal curse. Then, he would pass through the formation and directly attack his body.

"Golden immortal body protection spell!"

In this moment of crisis, the motionless golden immortal hurriedly cast a protective spell, hoping that it could resist the evil spear before him.

However, he still underestimated the power of the evil spear. The evil poison combined with the armor Pierce completely shattered the immortal spell formation and the evil spear went straight for the person in front of him.

"Ah!"

The motionless golden immortal was shocked. He didn't expect that he, a golden immortal, would die under such an evil spear.

"Swish!"

Just as the evil spear was about to kill the motionless golden immortal, the Lord of all evil suddenly stopped and took control of the spear with a thought.

"Why didn't you do it?"

"I only want to pass, not kill you!"

The Lord of all evil had returned to his main body, and ye chen had appeared.

"Hmph, calling yourself the heavenly Emperor in the heaven realm is the greatest sin. Ye chen, I won't be grateful to you just because you showed mercy. I have to remind you that if you continue down this path, you'll only die!"

"Since that's the case, there's no need to say more!"

Ye Chen's sword realm sword boat brought ye Wushuang and flew over the first peak.

"This person's talent is indeed amazing. Although he's using the evil poison avatar, the immortal energy in his body is extremely pure, and there's even an invisible Majesty to it. Why is that?"

When facing ye chen, the motionless golden immortal only felt that he was extremely strange and could not see through him.

After passing the first stage of the great heaven extinguishing formation, ye chen continued to advance.

He gradually began to feel a sense of familiarity. This feeling seemed to be hinting to him that he had been to this place before.

"Could this be the result of my memory and the memory fragments of the Tianyuan space merging?"

Ye chen looked at his surroundings, trying to find the origin of this memory but he could not find it.

"Let's go!"

All his memories came naturally to him. Ye chen knew what his goal was-to accelerate the speed of the sword boat.

"Boom boom boom!"

All of a sudden, the peak in front of them was surrounded by lightning and dark clouds, as if there were two eyes looking down at the people below.

"Stop in front of the forbidden area!"

"Who can stop this Emperor?"

Ye Chen's sword fingers condensed Qi and slashed at the huge eyes.

"Boom boom boom!"

The sword aura shot up into the sky, and the countless destruction laws in it duplicated themselves, causing the sword aura to circulate endlessly within the entire black cloud Group and enter an explosive state.

"Eh? You should die!"

The pair of eyes suddenly looked at ye chen, and two rays of light shot out.

The strength of the light was beyond ye Chen's imagination. Ye chen felt as if he had found the light in an instant. His meridians reversed and his energy stopped.

"Celestial Emperor Imperial Spirit Art!"

However, ye chen had turned the world around. It was laughable to use the heaven realm's law to freeze his cultivation body.

He activated the Imperial spirit chant and the celestial Emperor's shadow appeared. Instantly, ye Chen's eight extraordinary meridians opened and all the previous restrictions were lifted.

"The celestial Emperor ordered the sword to spin!"

After that, the heavenly Sword was unsheathed. The human and sword spun and slashed out instantly, aiming for the dark clouds in the sky.

"What?"

"Boom boom boom!"

Without waiting for the "dark cloud" to react, ye Chen's Heavenly Sword swirled with sword Qi and instantly shattered the disguise of the dark cloud.

Zila, Zila, Zila!

After that, thunder and lightning struck, and golden immortal Ling Yun descended.

"You actually used the celestial Emperor Imperial Spirit Art just now. Tell me, how did you obtain such a wondrous technique?"

#### [Chapter 2379 The Unyielding Ling Yunxian!](#)

Ye chen sneered at golden immortal Ling Yun's forceful question.

"Ha, as the heavenly Emperor, I will recover the heaven realm sooner or later!"

"Impudent!"

Golden immortal Lingyun was furious. He had not expected ye chen to say something like that.

"Ling Yun slash!"

He extended his right hand and a long-handled blade appeared in his hand. It was the Ling Yun slash.

"You're not qualified to fight me, dark Thearch!"

Following ye Chen's wild words, The Dark Emperor appeared.

"Phew, phew, phew!"

Suddenly, netherworld energy covered the world, and the Apocalypse began!

"Zi Zi Zi!"

In the dark Thearch's hand, the legend of doomsday reappeared, and the power of the netherworld God swept across the entire scene.

"Oh ..."

Sensing this power, golden immortal Ling Yun frowned slightly. He did not expect ye Chen's clone to have such power. The divine weapon in his hand was even more astonishing. However, as The Guardian of the broken mountain, he would not retreat.

"It seems like you're indeed capable to be able to defeat an immovable golden immortal!"

"Before the heavens, you are too lowly!"

The dark Thearch tilted his head and said with his eyes closed.

"Hahahaha, arrogant child, I'll let you witness your insignificance!"

The Golden immortal wielded the soaring cloud slash and soared into the nine Heavens.

"Ling Yun slashed out eight desolations movement, shattering the mountains and rivers, and sinking the universe!"

"Phew, phew, phew!"

The soaring cloud slash was swung like the wind. Violent Thunder descended from the nine Heavens, and together with the light of the slash, it headed straight for the dark Thearch.

"Nether King's star picking hand!"

The dark Thearch extended his right hand, and the nether King's star picking hand came out of seclusion.

"Roar!"

The five dragons roared and the heavens and earth trembled. The nether King's star plucking Grand Power instantly shattered the slashing light before him. Then, the dark Thearch opened his eyes, and a demonic light shot into the sky.

"What?"

Golden immortal Ling Yun stomped his feet, and the light of lightning reappeared to clash with the dark Thearch's demonic light. However, at the moment of impact, Ling Yun only realized how strange and powerful this power was.

"Zi Zi Zi!"

After the collision, Ling Yun's lightning was instantly infected by the demonic light and turned back to devour golden immortal Ling Yun.

The lightning had already turned dark. The laws had changed, but they had reached a higher level.

"Hateful!"

"You're courting death!" Golden immortal Lingyun's eyes widened in anger as he threw a punch. The Lingyun Qi soared into the sky and transformed into a Lingyun Dragon, instantly breaking through the backlash.

"Brat, state your name!"

"The heavenly Emperor ye chen has come to answer your request!"

The dark Thearch reported his name. After that, the divine slash of doomsday showed no mercy.

"Swish!"

The light of the doomsday godly slash shot up to the ninth heaven. Golden immortal Lingyun did not dare to underestimate it. After all, the person in front of him was mysterious and unpredictable. He could actually pass through the protection of an immovable golden immortal. Although he was only a heaven immortal, there must be a secret.

This was because it was impossible for an immovable golden immortal to be unable to defend against a puny heaven immortal. The dark Thearch had already explained the reason behind this.

"Kill!"

Golden immortal Lingyun wanted to find out more about the dark Thearch. He raised his immortal energy and slashed down with both hands.

"Doomsday God slash: heaven and earth shocking break!"

A sharp light flashed between the dark Thearch's brows. Then, the doomsday myth raised it high and stabbed it into the sky. The power of doomsday rushed into the sky.

The sword gleam of doomsday and golden immortal Ling Yun collided in midair. Golden immortal Ling Yun's strength gradually increased because he was constantly absorbing the energy from the surrounding ley lines. He had already re-evaluated ye chen. To be able to hold such a divine weapon without being backfired, it showed that ye Chen's Foundation was annoying. It was not something that ordinary people could understand.

"With such a Foundation, I'm going to make you reveal your true form!"

"Hahaha, a puny little golden immortal, do you have such ability?"

"Bastard!"

Being ridiculed by a heaven immortal, golden immortal Lingyun was instantly enraged. The Lingyun slash in his hand was filled with battle intent.

"Ling Yun's single Qi disheveled slash!"

He suddenly swung the Lingyun slash backward and then slashed it forward. This was a slash that was condensed with super power. It contained the countless laws and powers of the heaven realm that he had absorbed.

"The secret mirror of the god of the underworld is trying to create chaos in the world!"

The dark Thearch didn't dare to be careless either. He took out the dark mirror.

"Zi Zi Zi!"

The doomsday myth combined with the power of the secret mirror of the underworld. Suddenly, the vast blood-red underworld God Power was like a pillar that held up the sky.

"Kill!"

The dark Thearch's cold eyes locked onto golden immortal Lingyun. This time, the winner had to be decided.

"Zi Zi Zi!"

The two most powerful attacks finally collided. In the sky, two powerful beams of light collided. The underworld God's power soared through the clouds, not giving in to the other.

The Golden immortal circulated the earth vein energy while the dark Thearch waved the Ray of last light!

Boom, boom, boom!

The energy continued to surge, causing the entire earth vein to tremble. Then, the waves of energy completely tore open the enchantment before him. Gold immortal Ling Yun could only feel his entire body trembling as his meridians reversed direction. He was completely unable to resist.

"Ah!"

With a miserable shriek, golden immortal Ling Yun's body was blasted away by the light and shot into the sky.

"Hahahaha!"

The dark Thearch's maniacal laughter made golden immortal Ling Yun's heart collapse. The Golden immortal guarding the second stage of the heaven extinguishing formation was actually looked down upon by a heaven immortal and forced to retreat. What was this?

"You've lost!"

"Bastard! I only retreated temporarily, how is that a failure?"

The martial intent of golden immortal Ling Yun allowed him to stand up once again. He stepped on the thunderclouds and his might was even more imposing.

"Ye chen, I'll let you bear witness that the heavenly realm is not a place for you to act so atrociously!"

"Zi Zi Zi!"

All of a sudden, golden immortal Ling Yun activated the boundary of his heaven realm. This was the internal restriction that had been hidden since he entered the heaven realm. Now, it was time to activate it.

"Boom boom boom!"

Suddenly, Thunder rumbled in the sky and lightning fell from the clouds in the heavenly realm, striking golden immortal Ling Yun.

"Once you break through such a restriction, it will cause irreparable damage to your body. Why do you have to do this?" The dark Thearch said.

"Hahaha, the dignity of a heaven realm gold immortal can not be blasphemed! Ye chen, no matter how strong you are, I'll kill you today!"

"Since that's the case, I won't hold back anymore!"

The dark Thearch's eyes turned cold. Killing intent burst out from his eyes and turned into two streams of energy. They swept across the land and instantly broke the heaven realm barrier.

"Underworld God chaotic meteor sword Wu qianqiu!"

In front of the dark Thearch, the doomsday myth gradually ascended and then spun continuously, releasing chaotic sword auras of various colors. It seemed chaotic, but it was controlled by the light of doomsday.

"Whoosh, whoosh, Whoosh!"

Then, the sword Qi turned into the most violent cutting light and headed straight for golden immortal Lingyun.

"Ling Yun's merciless killing of the Suan ni!"

At the same time, the Lingyun golden immortal unleashed his ultimate divine ability.

Countless golden lights of the heaven realm turned into meteors and rushed down madly. Some merged into the Lingyun slash, some rushed directly towards the dark Thearch, ruthlessly sweeping through the world below like a scene of doomsday.

"Whoosh, whoosh, Whoosh!"

The sword Qi swept across the wilderness and collided with the light of the shooting star.

Instantly, rays of light dazzled the eyes for three thousand miles, and the surrounding mountains collapsed.

"Boom boom boom!"

The dark Thearch was the only one who stood on his own, while Ling Yun fell!

"Ah!"

As Ling Yunxian fell, the Ling Yun beheading flew out of his hand and landed in ye chen 's.

"Swish!"

"Pfft!"

Ling Yunxian tried to get up, but one of her knees sank deep into the rock. She spat out a mouthful of blood and could no longer stand.

"Ling Yunxian, you shouldn't have stopped me from moving forward!"

"Hahaha, in the heaven realm, you call yourself the heavenly Emperor. You'll definitely be killed by us. Ye chen, I've lost!"

With that, Ling Yunxian raised his hand, poured Qi into his head, and committed suicide.

"Ling Yunxian, you are indeed The Guardian of the heaven realm!"

Ye chen also praised Ling Yunxian's unyielding will. Then, he put away the Ling Yun slash and continued to move forward.

On the mountain of severance, the great heaven extinguishing formation sensed the failure of the immovable golden Immortals and the Lingyun golden Immortals, causing a sudden change.

The surrounding space evolved rapidly. Ye chen could naturally sense that he had entered an unfathomable space. This was the final and most terrifying formation of the heaven extinguishing formation.

"Stop!"

A voice sounded from within the chaotic clouds.

"If I don't touch the Golden immortal, Ling Yunxian has already failed. Why should I stop him?"

p "The mountain of severance doesn't allow for rashness!"

"Hahahaha, you're all useless people, yet you dare to be impetuous?"

"Bastard!"

An angry voice resounded. In the sky, amidst the chaos, a shining figure descended. It really was the style of the ancient city of the allheaven Immortals.

"I'm here. This will be your doomsday!"

"Are all overarching heavenly Supreme Immortals this arrogant? It's a pity that you can't stop me!"

Ye Chen's eyes changed and flickered with different lights. Then, The Dark Emperor and the evil Lord appeared at the same time.

"Oh ..."

Gu Gufeng looked at ye chen with surprise. He did not expect ye chen to be so powerful. Cultivating a clone took too much time. At the same time, it consumed a lot of energy. If one did not have a strong foundation, one would not do this.

"I'm confident, but I'm not ordinary either!"

Although Gu Gufeng was an overarching heavenly Supreme celestial, he was also a genius cultivator whose strength was comparable to a high immortal!

"Chaos Qi, fuse and pour in!"

Gu Gufeng waved his hand, and the chaotic immortal Qi burst out. The surrounding space was completely under his control. This was his absolute domain. Even an overarching heavenly Supreme immortal would find it difficult to move in it, let alone a heaven immortal!

"Are you trying to trap me?"

Ye Chen sneered. He stomped on the ground with one foot and suddenly, endless dark energy extended out. It was the power of the darkness pool.

Gu Gufeng did not care about this at all. He believed that he was not on the same level as the two golden Immortals from before. He could completely crush Ye Chen and avenge them. Therefore, no matter what Ye Chen did, he did not care. In this space, no one below the immortal Lord realm was his match.

"Earth-shaking destruction palm!"

Ye Chen searched for the Fox first. His palm energy shot out, stirring clouds and rain.

"Boom boom boom!"

The giant palm print was like the hand of Buddha. It carried supreme power and pressed down.

Gu Cheng Feng smiled when he saw this. With a wave of his hand, primordial celestial Chi surged. Instantly, a vortex of celestial energy appeared in front of him. Ye Chen's palm print was instantly devoured by the vortex and disappeared without a trace.

"Oh?"

Ye Chen was surprised. This was the power of the chaos immortal realm. In Gu Cheng Feng's hands, it was like an endless deep sea, immeasurable.

"What do you think, Ye Chen?"

"It seems that the information of the previous battle was within your control!"

"Rubbish!"

Gu Gufeng turned around again. The chaos immortal energy condensed and rushed toward Ye Chen.

"Whoosh, whoosh, Whoosh!"

Ye Chen's figure retreated rapidly, and the vortex of immortal energy chased after him.

"You want to escape? Impossible, you have no place to escape in this chaotic vortex!"

"You're too confident. When did I say I wanted to escape?"

"What?"

As Gu Gufeng was still in doubt, he suddenly felt a chill behind his back. It was Ling Yun's light slash.

"Ling Yun slash? Hateful!"

In his rage, Gu Cheng Feng waved his palm and instantly shattered the Ling Yun slash. However, ye chen had used the power of Ling Yunxian's divine weapon against him. This was an extremely disrespectful act to Ling Yunxian, which made Gu Cheng Feng the most furious.

"Immortal energy torrent!"

After that, Gu Gufeng started to spin his hands and the Tai Chi wheel appeared.

As the Tai Chi wheel spun, many vortexes of celestial energy appeared in the air and attacked ye chen from different directions. No one below the overarching heavenly Supreme celestial could defend against such a trapping array.

"Hahaha!"

Ye chen laughed wildly as the celestial Thearch stood with his hands behind his back.

"You're looking for death!"

Seeing ye Chen's disdain for his divine power, Gu Cheng Feng was furious and continued to generate the power of the immortal energy vortex. Once it came into contact with ye chen, it would be strangled.

Ye chen did not move at all, quietly waiting for the immortal energy vortex to descend.

This action made Gu Gufeng angry, but also confused. This person didn't seem like someone who would wait for death. What was he doing?

Gu Cheng Feng could not predict ye Chen's next move because ye chen had not made a move at all.

He just waited quietly for the immortal energy Whirlpool to arrive.

"I don't believe you can resist such a powerful attack!"

Gu Feng sneered.

However, at this moment, the heaven and earth furnace, which was as large as a mountain, appeared behind ye chen.

"Gu Gufeng, I need you to help me with my tribulation this time!"

"What?"

While Gu Gufeng was still in shock, he saw ye chen use the heaven and earth smelt to contain all the descending immortal energy vortexes.

After that, these vortexes of immortal energy were unable to self-destruct within the furnace. They were forcibly absorbed and refined by the furnace.

"Not good!"

Gu Cheng Feng realized the danger and quickly stopped the attack of the other immortal energy whirlpools. However, five or six immortal energy whirlpools had already fallen into the smelting furnace. One should know that each of these immortal energy whirlpools could destroy a golden immortal. It was

a massive amount of energy. Not only did ye chen absorb it, but he could also use it. This shocking action made Gu Cheng Feng pale with fright.

He thought that he was already very talented, but the young man in front of him seemed to be more talented than him.

"Hmph, ye chen, if you do this, you'll only cause your body to explode and die!"

"Is that so? then why did you stop the other vortexes of immortal energy from entering the furnace! If you did that, wouldn't I have exploded even more!!

"This is the chance I'm giving you. Stop your stupid actions and kneel down to admit your guilt. I'll report this to the heavenly realm and plead for mercy for you!"

"What a joke. The heaven realm was originally mine, but it actually wants to judge me. Hahahaha!"

As ye chen laughed wildly, he continued to generate the power of the furnace. The immortal energy within it went berserk. At this time, Gu Gufeng's eyes turned cold. He continued to push an excessive amount of immortal energy into the furnace.

"Since you want more, I'll fulfill your wish. Hahaha!"

This time, Gu Cheng Feng had sent over 20 immortal energy whirlpools. This was already the limit of the immortal domain.

"You!"

Ye Chen's brows furrowed and anger welled up in his heart. He did not expect Gu Gufeng to have held back and deliberately released it at this time to let ye chen die in his hands.
