

Genius 2381

Chapter 2381

“Master Xu, our previous promise, when are you going to fulfil it!”

According to the previous agreement.

If Xu Yixun’s side lost, going forward, the Xu family would have to completely withdraw from the health congee industry.

He took a few steps back.

Xu Yixun did not know how to reply for a while.

At this moment, the eyes of the whole room were once again gathered on him.

“I, I

He simply did not know how to answer at this time.

If he fulfilled his promise, wouldn’t that be burying the chance of the Xu family’s business rise.

And even if he agreed.

The old man would not agree to it either.

While he was torn.

A luxury car slowly pulled up.

The person who came was none other than the Xu family’s grand butler.

Walking up to the competition site, he first greeted Nie Qingfeng and the others.

And only then cleared his throat and said loudly.

“The second master of the Xu family’s bets are all personal and have nothing to do with the Xu family!”

After saying that, he left without looking back.

This shameless operation really did thunder Lin Mo.

I didn’t expect that as one of the top ten families in China, they would have no bottom line.

It was only a verbal agreement, a gentleman’s agreement.

The other party bit the bullet and wanted to be a villain, not to have a face.

Outsiders couldn’t do anything about it.

Lin Mo glanced at Xu Yixun, who was at a loss for words, and mocked.

“Second master, you, the Xu family, are willing to give up this face.”

When Xu Yixun heard this, his face turned blue one moment and purple the next.

Gritting his teeth, he fiercely said back.

“Lin, if you have anything to do with me, don’t bring my Xu family with you.

I, Xu Yixun, don’t want to lose this old face.

But your morning tea shop won’t have a good time either.”

“My Xu family is a big family.

Even you want to fight us with just this one morning tea shop.”

If a tree has no skin, it will die, and if a man is shameless, he will be invincible.

Now Xu Yixun had become completely shameless.

Lin Mo shook his head speechlessly.

“The authenticity of the secret medicinal recipe is in the eyes of outsiders.

The market and customers will prove everything.”

After saying that he stopped paying attention to the other party and turned towards the audience.

“‘Summer Desert Morning Tea’ will be opening its doors in the next few days, and we welcome your patronage at that time.

We will be introducing a new, nourishing medicinal congee.

For three days, the whole place will be 50% off!”

Everyone has a heart, although the Xu family is shameless.

But the people watching the game naturally had a good idea in their hearts.

The Xu family is also the master chef of medicinal food and has a secret recipe, but they still lost to the Lin Mo Medical Sage.

Although the words are not spoken, the truth or fiction is self-evident.

As the results of the competition were born, the news began to spread slowly in Kyoto.

At this time, the Xu family compound.

The old man was sitting in his room.

In front of him knelt Xu Yixun, who had a downcast look on his face.

After his eldest son Xu Yizhe brought him a cup of tea.

The old master took a shallow sip before he calmly said.

“Do you know that you are wrong?”

Xu Yixun, who was in front of him, did not reply, but only nodded his head in a lost manner.

“You were too eager to make a mark.

From the very beginning of the background check you made a mistake.”

“One wrong step, one wrong step, leading you to become more and more impatient.

That’s what led to this situation today.”

“Alright, you don’t have to be so frustrated, the Xu family has lost a lot of face this time for your recklessness.

I hope you can come to your senses.”

As the words fell, Xu Yixun’s body suddenly trembled.

With red eyes, he kowtowed hard.

“Father, I understand.”

Only after saying this did he get up and leave.

Inside the room, without waiting for the eldest son Xu Yizhe to speak.

The oldest son seemed to know what he was going to say and waved his hand and sighed.

“No matter what, you are all brothers.

My Xu family is definitely handed over to the eldest son in the future, you don’t have to worry about that.”

“Our enemies are outside, not inside.

Put your mind on the outside and enlarge the pattern a bit.

If there is any fratricide between brothers, be it you or the second or third, I will punish them severely.”

And Xu Yizhe, who had been given insight into his intentions, instantly blushed in panic and bowed his head without speaking.

Chapter 2382

The land of Jeju.

An island in the extreme east, independent of the ten great families and the six kings.

The first genius of the Che family of Jeju is Che Ion.

He travelled to Kyoto.

The first time he arrived at his destination, Che Ion visited Namgong Jingliu.

And in the courtyard, the fifth master Xue reclined in a tai shi chair, leisurely enjoying the sunshine.

At the sight of this handsome young master, the fifth master also stared blankly.

This Che ion surprisingly bore a slight resemblance to the King of Haidong when he was young.

“Che Ion of Jeju, pay my respects to Uncle Nangong!”

Hearing someone call out for himself.

Nangong Jingliu, who was skimming the eagle, also stopped moving.

“Che ion?”

Being the same eastern power, Nangong Jingliu naturally had some friendship with the Che family of Jeju.

Although they were not strangers, they were not close either.

They had some business dealings.

However, in recent years, Nangong Jingliu has been working in the ocean, so he has broken off contact.

“Are you here for the Martial Union’s renewal event?”

Che ion nodded his head.

At this time, Nangong Jingliu patted the Haitongqing on his shoulder, waiting for it to spread its wings and rush towards the clouds.

Only then did he stand up.

“Old Xue, don’t be lazy.

Get up, take out your good tea.

Entertain the young genius of our Chinese country, Jeju.”

“What’s wrong with you lately, why are you always sleepy.”

He said as he walked over to Master Xue Wu and kicked the latter’s tai shi chair.

“You have your own guests, entertain them yourself.

Don’t interfere with my sunbathing.”

Despite saying so, tea was mentioned.

Master Xue Wu himself felt that his throat was a little dry.

After his lower plate rose, he sat up as soon as he could.

Only when he jerked up, he couldn’t help but cough a few times of his own accord.

“Eh, the weather is dry, it seems that I need to hydrate my lungs more.”

After muttering to himself.

Only then did he walk towards the room.

The moment he turned around, his brow couldn't help but frown.

At this time, another compound not far from Master Xue Wu was located.

White-faced Lang, who was configuring the poison, seemed to have sensed something.

After a faint smile, this was when he continued to fiddle with the movements in his hands.

The line of sight returned to Nangong Jingliu.

As Master Xue Wu prepared the tea.

Che ion did not have the qualifications to sit down.

In front of the twin kings, his status was not yet on the stage.

He just stood to the side and respectfully responded to the two kings' questions.

He knew that Che long had become the head of the Jeju Martial Alliance's branch hall.

Nangong Jingliu was a bit surprised.

"Not bad, you are the head of a hall at such a young age.

You are more promising than us."

However, before Che ION could express his modesty.

Nangong Jingliu suddenly changed his tune.

"By the way, speaking of this matter of Hall Leaders, has Lin Mo's handover of Hall Leaders in your Southern Realm been completed yet?"

Master Xue Wu hummed lightly and spoke indignantly.

"My South Realm King is the kind of person who is narrow-minded.

After all, he is the one who walked out of my South Realm.

If he has made his mark, I will follow suit and have face."

"How can you think of a young man in the big sea east who is worthy of the stage?"

As he choked.

Nangong Jingliu was also like a rabbit whose tail had been stepped on, and instantly became anxious.

"Lin Mo rose to prominence on his own merits.

It has nothing halfway to do with your by."

Fifth Master Xue calmly picked up his tea, his eyes slightly narrowed.

Repeated once more.

“Then he is also a man of my Southern Realm.

He is also the Martial Union Hall Master, the Medical Union’s Medical Saint, and Elder Bai’s closed-door disciple.

It’s not even too much to say that he’s the first genius of his generation in my country of China.”

“What about you, do you have any young men in Haidong who can be put on stage?”

Twice in a row, he was poked at a sore spot.

Nangong Jingliu directly put down his tea cup.

“Old Xue, I I”

After stammering a few times.

He, Nangong Jingluo, couldn’t think of anything to say in rebuttal for a while.

Even if it was White-faced Lang, they were only cooperating, and not in a superior-subordinate relationship.

With a flip of his big sleeves, Nangong Jingluo directly left the spot.

“Old ghost, don’t leave.

This kid is not that your illegitimate son outside ah.

There is still a slight resemblance to you when you were young.”

“f*ck off! The old man is as good as gold.”

With a burst of joking sounds.

All that was left in place was the indignant Che ion.

“Hmph, the first genius of China?”

Chapter 2383

On the other side.

Lin Mo had finished the competition with the Xu family since.

The other side did not come looking for trouble anymore.

Lin Mo was also happy to have peace and quiet, grinding his martial dao on his own.

On the other side of the shop, after a discussion between the family.

The parents in law simply took the left and right sides of your shop as well and integrated them into one.

The left and right sides of the main nutritional gods medicinal food of rice porridge.

The main shop in the middle, on the other hand, was transformed into a tea and water elegant room, specifically for receiving VIPs.

There were no more chores to bother with.

After the shop expansion and renovation was completed, the faces of the parents-in-law also had a few more smiles on them.

Xu Jiangong and Fang Hui got up early in the morning to check on the opening arrangements.

Of course, Lin Mo and Xu Hanxia could not escape the torture of being woken up.

Lin Mo was wearing his pyjamas and had a messy head of hair.

He arrived on the ground floor with a snort.

“Mom and Dad, there’s no need to be so early.

There’s someone in charge of the shop.

And the guests won’t arrive until noon at the very least.”

His explanation, however, did not bring any relief with his parents.

“Since guests have been invited to hold the grand opening ceremony.

It is natural to take it seriously.

If a guest arrives first, we’ll be missing out on a great gift.”

“Lin Mo you clean up your own, what’s the point of being unkempt.

No, this is the suit I picked out for you with your father yesterday.

Try it on quickly to see if it fits.”

Accompanied by a snicker from his wife.

Reluctantly, Lin Mo was rushed by his mother-in-law to wash up and change his attire.

The fresh morning began with a quiet sound of urging and disgust.

By the time Lin Mo’s family arrived at the morning tea in Xia Mo, it was just before half past eight.

Outside, flower baskets and festive red curtains had been set up.

Of course, because it was still in the preparation stage, it was not officially open.

The place looked a little bit cold and quiet.

This scene made mother-in-law suddenly feel worried.

“Lin Mo, will those guests you mentioned come ah.

If they are not willing to offend the Xu family.

Won't this grand opening ceremony of ours become a joke?"

After all, it was the eyesight that limited the pattern.

From the bottom of their hearts, with their parents still feared the Xu Family, which was one of the top ten families in China.

Along with his mother-in-law's anxiety.

Lin Mo smashed his mouth and said.

"Mom, you also underestimate me too much.

At least I am also a Chinese medical saint, this point of face is always there.

Just put your mind at ease."

Although she was relieved by it.

But Fang Hui still did not have any confidence in her heart.

But things had come to this point, so they could only take one step and see what happened.

Learning of Lin Mo's grand opening ceremony.

The Xu family had deliberately chosen the opening day of Xu's health congee to be on this day as well.

The reason is to suppress Lin Mo from the momentum.

Before the official start.

Xie Qianshan led a group of core family figures to come and support the event.

"Brother Xu, congratulations.

I wish you prosperous business."

Accompanied by a wave of his big hand.

A procession of hundreds of people carrying all sorts of valuable gifts was seen to stream in like a long dragon.

There were gold bottles and jade inlays, braves, unicorns and sails.

Golden toads and porcelain horses were made half a man's height.

With the loud and clear sound of singing rituals.

The crowd watching the event was also in awe.

"This Xie family, it's too generous."

"These gifts are worth tens of millions if you pick just one."

Along with the sound of awe.

Other friends of the Xu family in Kyoto arrived one after another with all kinds of expensive and reasonable gifts.

Among them were also representatives of various Japanese families and elders of the Hidden Sect.

At one time, the gates were packed.

Compared to this, Lin Mo's side was still cold.

Lin Mo's side was still cold and quiet at the moment.

They were waiting anxiously.

Lin Mo's invited guests were nowhere to be seen.

Instead, a strange young man came.

As soon as he entered the door, he asked, "Are you Lin Mo?"

Inside the hall, Lin Mo, who was busy with his work, saw this person and first did a quick recall.

After making sure that this person was not on the list of invited guests.

Lin Mo asked curiously.

"Excuse me, which one are you?"

"It's just you, Jeju Che Ion, come and ask for advice!"

With him, an invitation to battle.

The scene was instantly silent.

Chapter 2384

If it was a normal match between people of the same generation, Lin Mo would not refuse.

Lin Mo would not have refused.

But now, at this time, the shop was about to start its grand opening ceremony.

Now he was asking for a sparring session.

It was purely a mess.

But Lin Mo still explained in good faith.

"Sorry, I have to prepare for the opening ceremony on my side.

Let's wait until I'm free."

After saying that, Lin Mo nodded with a smile on his face.

However, what he got in return for such kindness was only mockery from the other party.

“What an opening ceremony, look at this outer door, there’s no one here.

I think you should stop working.

I don’t know what you’re working on for such a cold ceremony.”

Indeed, the Xu family’s side wanted to completely suppress Xia Mo morning tea’s reputation.

Not only did they specially pick the time.

Even the Xu family chose the location of the opening ceremony to be less than 200 hundred meters away from, Xia Mo Morning Tea.

Without comparison, there is no harm.

On the Xu family’s side, they were handing out red envelopes and free vouchers again.

In addition, the entrance was lined with long tables with various desserts for pa*sersby to taste for free.

The crowd of onlookers could be described as a sea of people.

On the other hand, there was nothing on the Xia Mo morning tea side.

In addition to a few fallen leaves swept up by the breeze, there was not a single figure at the entrance, which was heartbreakingly cold.

The difference between the two sides was simply one in the sky and one on the ground.

Just as he was about to go forward.

Beside him, his mother-in-law stopped him.

“All comers are guests, and it’s our shop opening ceremony today.

Just let him be.”

After saying that, Fang Hui changed her smile to a warm one.

“This guest, welcome.

You do that first haha, aunty will go and make you a cup of tea.”

Che ion, the reason for coming here.

On the one hand, it was because of the contempt that Master Xue Wu and Nangong Jingliu had for him.

On the other hand, it was the fact that the two kings, while belittling him, boasted about this Lin Mo.

He could not conceal the praise between his words.

Perhaps it was out of jealousy, or out of defiance.

It was always him, Che ion, who wanted to touch base with this Lin Mo today.

“I advise you to give up.

The influence of the ten great families is not something you can match.”

“As long as the other party opens his mouth, the major powers will more or less sell him a face.

I don’t think you will be able to wait for guests today.

In the future, this shop of yours will end up closing down sooner or later.”

“It might as well be a sparring match with me.”

The Cha family was the top power in Jeju.

The grand opening ceremony of the properties under its name.

Naturally, Cha Ion had seen many of them.

There was no time when it wasn’t full of cars and gates.

If it was close to noon and no one was coming to the opening, one didn’t need to think about it to know that it was hopeless.

When Che Ion saw that Lin Mo was not paying attention to him, he continued to speak.

“You might as well go to the entrance to welcome the customers, so that at the very least, outsiders will appear to have someone there.”

With that, he walked over to the nearest table and did so directly on his butt.

And then even more recklessly, he reached out and ate the dried fruit for the reception.

To Che Ion’s shouting.

Lin Mo really did not want to pay attention to it.

He just turned towards his parents-in-law and a group of employees and said.

“Everyone, take advantage of the free time now.

Hurry up and eat something to pad your stomachs, later on when the guests arrive.

Everyone might not even have the time to take a sip of water.”

After saying that, Lin Mo himself didn’t care about the rest and directly brought a large bowl of noodles from the back kitchen.

He began to sip it up by himself.

His words hadn’t fallen for long here.

The door was open and someone else arrived.

Today, Xu Yixun was dressed in an extraordinarily formal way.

He was dressed in a suit, with a watch and a big shiny back.

When he entered the lobby, he saw the car ion.

Xu Yixun first nodded with a smile and said hello.

After all, the enemy of an enemy is a friend.

Seeing Lin Mo's state of crazy sipping face.

The smug look on his face became even more intense.

"Xiannephew Lin, this opening ceremony of yours is really cold.

I, as an uncle, can't even look at it anymore."

Chapter 2385

After a mocking remark.

Xu Yixun added.

"Come, I just came over in a hurry and didn't bring anything nice.

This handful of sugar beans will be a congratulatory gift.

By the way, I'd like to give you some good luck."

The first of these was a handful of candies, which were scattered randomly on the table.

The packaging and appearance were exactly the same as the free candies served outside the Xu family's shop.

Lin Mo wiped his mouth, and after skimming the table, he replied flatly.

"Oh, the delivery is also finished.

You can go now, and you are not on my invitation list.

When the guests arrive, there won't be any seats for you either."

Xu Yixun gave a cold-eyed smile.

"You think that just because you are a medical saint, you are omnipotent, right?"

"I tell you, in Kyoto, my Xu family is your heaven."

"Whether you are a dragon or a tiger, just lie down honestly in front of my Xu family.

You want to fight with us even in the business world, are you worthy of it?"

"I'm not afraid to let you know that the word is out.

There will be no one else coming to this ceremony today.

Just die!"

After saying that, his laughter became even louder and more reckless.

After turning around, Xu Yixun suddenly changed his face.

“This little friend, since they know how to treat guests.

Why don’t you treat yourself to a seat in my Xu family shop?”

For the car ion.

If someone could help stomp on Lin Mo, then they were his friends.

So he readily agreed to do so.

“With pleasure.”

Before he could even lift his feet.

Xu Yixun feigned regret.

“Xianniephew Lin, I’m sorry.

The only guests here, I’ve invited them all away.

Your place is really, sort of, empty.”

“But that’s alright, you guys just go ahead and get ready.

When we are finished there.

I’ll have our staff come and help you put together a headcount.”

It was also just as Xu Yixun was sneering at Lin Mo.

At the outer gate, the loud roar of engines blew up the street.

Immediately afterwards, there was a succession of fireworks rising into the air.

At this moment, Xu Yixun kept shaking his head.

“It’s annoying, there are too many guests here.

I’m so tired I can’t even straighten my back.”

“Squeak squeak squeak ……….”

Along with a red coloured shadow whipping its tail.

After the car came to a stop, inside the Ferrari’s cab, Song Zhilan, dressed in a clean white sable, slowly stepped out.

As a newcomer to China’s top 100 female entrepreneurs potential list.

There were naturally many people who knew Song Zhilan.

In particular, there were several sons of the Xu family who were in charge of the pharmaceutical business.

They had previously taken a fancy to this huge piece of cake, Yunchuang Spray.

They just wanted to talk to the other party about the agency.

Each time, Song Zhilan politely refused.

And this female president with a market capitalisation of 100 billion and a market potential valued at trillions.

Now that she is here, does she intend to cooperate with the Xu family?

If they could get the agency rights of Yunchuang Spray.

The Xu family's loss in medicine could be turned around in an instant.

Together with the health food congee, it would go hand in hand.

Within a year, the Xu family's industry would definitely be able to return to the top, or even go to the next level.

Thinking of this.

Xu Yixun, the eldest son, walked up quickly.

"Mr. Song, I didn't expect you to come in person.

Come, come, this way please!"

With that, he sidled up and prepared to welcome Song Zhilan back to the Xu family shop.

However, amidst the expectant gazes of the Xu family's team.

Song Zhilan only greeted Song Yizhe in a polite manner.

And then, without looking back, she walked towards the Xia Mo morning tea.

What followed was a loud and clear chanting of salutations.

"Song Zhi Lan, President of the Yun Chuang Group, presents a jade tree of ice-grown hair and wealth.

A pair of Purple Yang Jade Ruyi.

Yun Chuang Group"

At this point in the chanting, the chanting salutorian thought he had made a mistake and rubbed his eyes.

After confirming that it was correct, he then pulled his voice out and sang.

"Twenty percent of the shares of Cloud Creation Group for the Xia Mo herbal tea congratulatory gift"

Chapter 2386

Twenty per cent of the shares of the Cloud Creation Group?

Just as a congratulatory gift?

This wasn't a bit too generous.

Hearing the words of the gift singer, Xu Yixun's originally smug smile on his face suddenly froze.

The Xu family members stared at Song Zhilan in disbelief.

Who would have thought to think that Song Zhilan would be Lin Mo's guest.

Moreover, the congratulatory gift was directly a share worth tens of billions of dollars in the Yun Chuang Group.

Xu Yixun swallowed his saliva and asked.

"General Song, you and Lin Mo know each other?"

Song Zhilan twisted her head and glanced at the former.

With its bland smile, she returned.

"Second Master Xu, this should be a personal matter for me."

The meaning of this was also very obvious.

What relationship I have with Lin Mo is none of your business.

Bypa*sing Xu Yixun.

Song Zhi Lan came directly to Fang Hui and Xu Jian Gong.

"Congratulations, uncle and aunt, and I wish business to prosper."

Seeing the guests finally arrive.

The gloom between Fang Hui's brows had also dissipated.

Xu Yixun, who had been choked at one side, instantly withdrew his smile.

The only reason he had been polite to Song Zhilan was because he coveted the agency rights of Yunchuang Spray in her hand.

Now he had a hot face on his cold a*s.

Xu Yixun simply did not pretend.

"Hmph, isn't it just asking friends for a*sistance?"

It's like saying who doesn't have a few friends."

The che ion at the side also suddenly picked up the conversation to.

"Second Master Xu, since you have also said that people are friends.

Is it possible that a friend can't falsify directly?

Would you say yes or no?"

After hearing his words.

Xu Yixun's eyes glowed and he slapped his thigh in sudden realization.

"Right, also little friend Che sees clearly."

"Young people nowadays, for the sake of a bit of face, they'll do anything."

"Lin Mo I did underestimate you, looking honest and straightforward.

I didn't expect you to have so many tricks up your sleeve.

I almost believed it."

On the other side, Song Zhilan heard these words.

Her face instantly pulled down.

"Second Master Xu, we are all adults now.

I hope you speak with a bit of proportion.

Do Lin Mo and I need to use such lies to hold up our faces?"

Xu Yixun also scowled and gave a mocking smile.

"Oh, who knows.

After all, this matter of shares is just a verbal statement from you guys.

When you sign the agreement, you can also burn it in private."

"It's a good way to earn face and not lose anything."

"In addition I did not guess wrongly, today's Xia Mo herbal tea guests are afraid that you are the only one!"

Xu Yi Xun had a confident look in his eyes, as if he just saw through their little tricks.

Seeing Song Zhilan's intention to go forward to argue

Lin Mo hurriedly pulled him back and shook his head.

"It's alright, there's no point in arguing with this kind of person."

It was also at this moment that the sound of ceremonial flowers exploding came from outside the door again.

"Third Master of the Wan family, Wan Chengjian has arrived"

Hearing the person who came.

Chelsea was suddenly not calm.

The Wan family was one of the ten largest families in China.

And although this Wan Chengjian was only the third master of the Wan family.

But because of his martial arts talent as well as his wealth quotient that surpassed normal people.

He had already been designated internally as the heir of the Wan Family a few years ago.

Moreover, although the Wan Family is one of the ten largest families.

But chose to be independent of the strife.

Apart from the accumulated grudges that have come down over the years with the Hundred Victory Blade King, it rarely, rarely gets entangled with other powers.

Before again, even if there were big powers to invite.

The Huang family seldom participated, or else they would assign one or two unimportant juniors to go out and show their faces.

I never thought that this Third Master Wan would come in person today.

Seeing Wan Jiancheng walking towards him.

Xu Yizhe naturally greeted him with a warm smile.

“Brother Wan, it’s been a long time since I’ve seen you.

I never thought that this little ceremony of mine would be such an honour.

To have Brother Wan personally come to observe the ceremony.”

Even behind them, the other members of the Xu family, when they saw the Third Master Wan.

They couldn’t hide the surprise on their faces.

Chapter 2387

When Wan Chengjian heard Xu Yizhe’s words, his original smile suddenly froze for a moment.

“Elder brother Xu, congratulations and best wishes for a prosperous business.”

At this moment the Xu family’s old man also walked up to the front.

“It’s a great honor for Xian Nephew Wan to come and observe the ceremony.”

Seeing a few ten attendants behind Wan Chengjian with the various congratulatory gifts held.

The old man then counted them.

“Yizhe, what are you still standing there for?”

Hurry up and accept the gifts, you don't know the rules at all."

With a reminder from the old man.

Xu Yizhe also slowed down from his surprise.

"My bad, seeing Brother Wan, I can't calm down my excitement for a long time."

After laughing loudly, he reached out his hand and walked forward.

Only Wan Chengjian suddenly slotted him down.

"I'm sorry, old man.

I didn't know that your Xu family was also holding an opening ceremony today.

That's why I only prepared one copy of this congratulatory gift."

"Next time, next time I will personally come to the door to make amends. Farewell!"

After saying that, he turned around and walked away quickly without looking back in the direction of Xia Mo's morning tea.

The Xu family members, who were left in place with miserable faces, looked at each other in embarrassment.

As soon as Wan Chengjian entered the door, he hurriedly came to Lin Mo.

And then with a grumble before spitting out.

"Little friend Lin, the last time we parted, you had promised that you would come to my Wan Family as a guest.

Now how long has passed, you have done this unethically."

At the beginning, Lin Mo had pulled the Wan family's old man back from the ghost gate.

The Wan family had always remembered this kindness.

At this moment, Lin Mo could only explain.

"Uncle Wan, it's just that I've been running around for a living!

Next time, when I have time, I will definitely bring my daughter-in-law along and go to your Wan family to dine and drink together."

It was then that Master Wan San laughed loudly.

"Okay, that's what you said.

If you miss your appointment again, my Wan family will have to send someone to kidnap you there."

Between the talk and the laugh, the friendly relationship between the two sides was self evident.

Yet the closer they were, the closer they became.

The more depressed the Che lons and the Xu family members were on the side.

Now it was just the opening ceremony of a small gra*s tea shop in Lin Mo.

The Wan family had actually allowed the family's designated heir to attend.

With Wan Chengjian's status, he was representing an entire family.

On the contrary, Lin Mo's parents-in-law were overjoyed at this moment.

They didn't expect their son-in-law, to be so capable, to be able to invite over the core figures of the Wan family.

Xu Yixun huffed his cheeks and questioned with an indignant tone.

"Brother Wan, what are you doing, why are you humiliating our Xu Family like this?"

"Humiliate?"

Wan Chengjian froze, then spoke in a sizable voice.

"Xu Lao Er, I have never wanted to humiliate you guys in any way.

Our Wan Family also doesn't like to get involved in any strife of interests."

At this moment, Xu Yixun's tone also became stern.

"First you pretended to say hello to my elder brother and father.

After they misunderstood me, there was a fart to come and give Lin Mo congratulatory gifts.

What is this if not humiliation?"

By this time.

All of Wan Chengjian's smiles had completely dissipated.

With a look of contempt, he smiled coldly.

"Xu Lao Er, I hope you are clear about one thing.

I, someone Wan, one, did not receive an invitation from your Xu family

Two, I did not send an invitation to pay respects.

Where is the humiliation in that?"

"If your Xu family wants to force trouble.

My Wan family has never been afraid of anyone."

After saying this, his body shook, and a wave of superiority actually suddenly coalesced.

The atmosphere at this moment also suddenly became serious.

On the contrary, Xie Qianshan, who had been watching the show, suddenly stood out.

He rounded up the scene.

“Gentlemen, calm down.

Isn't today a big happy day.

We are all friends of the big families, there is no need to be unhappy.”

With Xie Qianshan's stepping-stone.

Only then did the atmosphere on both sides ease slightly.

Chapter 2388

And when the Xu family, their faces were as ugly as if they had eaten flies.

Xia Mo morning tea once again came people.

“Medical Union Nie Qingfeng with the elders

With the, the person who sang the salute when the list of people shouted out one by one.

At this time, the onlookers outside the door were in awe.

“Amazing, the Medical Union even shot the elders up to attend, Lin Mo's opening ceremony.”

“That's not true, among that group of bigwigs just now, all twelve of our Golden Grade Medicine Masters from China have also come in full.”

“This is too big a face!”

This room was in awe.

Another big shot came over there.

“The grandson of the Martial Union's Penalty Elder, Hu Yudie, presents a hundred-folded dragon bone fan.”

Under the gaze of the crowd.

Two towering men looked at a huge meteorite iron hundred-fold fan and walked into the shop with heavy steps.

The first instant he saw Lin Mo.

Hu Yudie gave a delicate grunt.

“Coach Lin, my grandfather, Hu Punzhi, asked me to come to the ceremony on behalf of the Martial Union.”

“Also there, this is the contract Zheng Jue asked me to send over.

It says that from now on, all of your herbal tea shop's herbal supplies are covered by their Zheng family."

Taking the contract, he took a cursory look at it.

It just so happened that there was a problem with the shop's procurement channels.

This kid had a conscience.

The guests continued to arrive one after another.

Bai Ruorong came to attend the ceremony on behalf of the Bai family, causing another uproar.

What was more surprising to Lin Mo was that.

Bai Ruo Rong had actually sent the two women of the Red Practice and Silver Ring to deliver a generous gift.

It was only that the other party left directly after sending the gift for the sake of making a stop.

During this period, all the forces, although not present, also sent congratulatory gifts.

Just after the crowd thought that all the guests had arrived.

The sound of the roll call rang out again.

"King of the Southern Realm, Master Xue Wu has come to pay his respects!"

"King of the Sea East, Nangong Jingliu has come to pay his respects!"

There were no gifts.

Just two names, but they were even more shocking than those millions of thick gifts.

"Crap, how dignified is this, that the two kings are present together."

"Yes, I didn't expect that just such a simple opening ceremony would have the two kings come in person."

"This Lin Doctor's Formation is a god."

The spotlight was on the whole audience.

Nangong Jingliu and Xue Wuji collaborated and walked into the scene.

"Lin Mo, Hai Dong Wang and I have nothing today.

Just brought a mouth to feed and come over to dawdle with food and drink.

Welcome or not?"

With this joke from the Fifth Master Xue.

Chen Ion at the side stared in surprise.

The more the other party was out of tune.

It meant that the more intimate his relationship with Lin Mo was, the closer he became.

How was this possible?

A secret reckoning in his heart.

Two of the ten great families had come, and the former representatives were all core figures of the families.

Among the six kings, the Southern Realm King and the Sea East King had even come in person.

Moreover, the Medical Union and the Martial Union, the two ceilings of this Chinese country had even appointed important representatives to come.

What kind of virtue did this Lin Mo have.

Even if it was the birthday of the old man of the Che family in Jeju, the guests were not half as luxurious as this.

Kyoto border.

The entire military was lined up to guard the roads leading to Kyoto.

Seeing the dust flying in the sky.

The dark clouds responded instantly, ready to intercept the unknown procession.

By the time the two sides were close together.

The leader stepped to the forefront and shouted a question.

“Who are the people coming?”

One of the men on the other side also replied at the top of his voice.

“The Miaojiang Companions Mother, come to attend the change of the Martial Union!”

The man leading the military martial took out his binoculars.

He could see the cheeks of the young girl at the front of the other side, riding a black panther.

Only then did he wave his hand to signal his team members to make way.

In the blink of an eye, the various Miao Frontier crowds riding fierce beasts whistled past, leaving only gusts of flying dust in place.

On the other side.

Lin Mo rushed forward to greet Master Xue Wu and Nangong Jingliu when he saw them coming in person.

“I, Lin Mo, have met the King of the Sea East and the King of the Southern Realm!

A million thanks, both seniors for your appreciation.”

Chapter 2389

In response to this greeting from Lin Mo.

Master Xue Wu merely smiled and shook his head.

“There’s no need for so many false gifts.

You see we are just here to dabble in food and drink.”

After saying this, he barely spread his empty hands.

It was just that the more casual he was, the more important his relationship with Lin Mo was.

From the departure to the present location.

Nangong Jingliu had always watched the performance of Xue Wuji.

During this period of time, Master Xue Wu’s change was really too big.

So big that he, Nangong Jingliu, was a bit overwhelmed by the adjustment.

How can I put it?

The previous Master Xue was like a fierce crocodile that had been lurking within the swamp.

Lurking itself, ready to deliver a fatal blow to its prey.

Now, on the other hand, he was more like a gentle water buffalo.

Harmless and easy-going.

Even the previously unsmiling Master Xue Wu has become more and more stubborn and slight in character.

Of course the two had known each other for many years though.

But Nangong Jingliu has never been able to understand each other.

Since he could not understand, he simply did not dwell on it.

“Lin Mo, don’t listen to Old Ghost Xue.

He came empty-handed, but I have prepared a gift.”

“Come the pearls of the Extreme Cold Mussel, by the way, consider it a congratulatory gift for you to become a Medical Saint!”

With that Nangong Jingliu took out a pearl, the size of a baby’s fist, of near-perfect quality.

The white surface was constantly glowing with purple light.

For a moment, all the women present looked at it sideways.

And just as Lin Mo was about to refuse.

An extremely fast figure suddenly scurried into the hall.

By the time Master Xue Wu and Nangong Jinglu reacted.

The figure had already arrived beside the few people.

A long leap onto Lin Mo's back followed, and his small palms directly covered the latter's eyes.

"Hee hee, brother Lin Mo, guess who I am?"

Hearing such a familiar voice.

A look of surprise instantly surfaced on his face.

"Little Barbara, why have you come to the capital."

With that, he wrapped his arms around Little Barbarian on his back.

Looking at the pink puffy arms, already the red face.

From this look, he could tell that Little Barbarian had lived a very good life in Miaojiang indeed.

However, she was still most suitable for living in Miaojiang with the mother of compulsion.

Of course, what shocked Lin Mo the most was the change in Little Barbara's strength.

With that lightning fast speed alone, she had already left herself behind by a few blocks.

Of course the stronger Little Barbarian was, the happier Lin Mo was naturally.

"Come, Little Barbarian, say hello to Uncle Xue and Uncle Nangong."

After patting Little Barbarian's round face.

Lin Mo then placed the latter on the ground.

And as it curiously surveyed Nangong Jingliu and Xu Xue Wuji.

The two involuntarily took several steps backwards.

And then wanted to look at each other with a scornful look.

The stronger the strength, the higher the sensitivity to danger.

It was an overreaction to terrifying strength that the instincts of the body made.

Even Master Xue Wu did not expect that the little girl who was still a handless girl at that time.

Now she had become this powerful, and more importantly.

The terrifying power within this little barbarian caused him to tremble.

"Uncle Xue, Uncle Nangong, how are you?"

"I'm Little Barbarian!"

“Eh, good good good!”

For a moment, the two of them, who were the kings of the First Realm, instead became somewhat restrained.

As for the pearl.

Seeing Little Barbarian’s eyes glowing.

After apologising to Nangong Jingliu, Lin Mo lent the flower to Little Barbara.

In response, Nangong Jingliu naturally said that it was fine.

As for the Xu family at this time, they were already completely numb.

What kind of divine formation was this.

How proud he had been before, how fierce he had been in his taunts.

How embarra*sed he was now.

At this moment, Lin Mote suddenly walked up to Xu Yixun’s body.

“Excuse me, Mr. Che Ion is it.

And Second Master Xu!

Our side of the guest seats are already full.

Please?”

The intention of expulsion was clear.

As for the two of them, they had no more face to stay at this point.

They hurriedly fled in company.

Chapter 2390

The luxurious line-up of guests attending the ceremony was a sight for the Xu family clan to gnash their teeth at.

After laying out for so long, it was no more than a joke in front of the outsiders.

Seeing the Xu family’s old man’s face full of displeasure.

Xie Qianshan stepped forward and relieved to.

“Old master, the future is long.

Why should we be in a hurry to deal with Lin Mo.”

Old Master Xu twitched his ears and vaguely realised that this Xie Qianshan seemed to have something in his words, ah.

And in front of so many people, he couldn't ask directly.

He only mentioned it in a sideways manner.

"Then I will have to rely on the Xie family head in this matter."

Xie Qianshan first looked around and saw that no one was near.

Only then did he come up to the other party's ear and whispered.

"Old master you can just wait for the results without worry.

Since we have already reached a cooperation, we will naturally show our sincerity."

"All this in front of us is just a small fight."

After saying this he slowly stepped back with a mysterious smile.

"Old master, it's getting late, so we'll go back first.

This group of Japanese VIPs, please take the trouble to make them have a good time, old master."

On Elder Xu's side, he naturally nodded his head repeatedly.

"I should, I should.

After all, theirs is also an important investor for my Xu family."

There was a tacit exchange of glances between the two sides of the ten family heads.

The lively opening ceremony had also gradually cooled down.

The 'Summer Desert Morning Tea' side.

Suddenly being told that Master Xue Wu was looking for himself

Lin Mo also arrived inside the VIP room on the first floor with a heart full of doubts.

"Fifth Master, are you looking for me?"

After pushing open the elegant room.

At this moment, within the room, only Master Xue Wu was alone, sitting cross-legged and alone, mulling over the tea in front of him.

Looking up to see the visitor, he reached out his hand in invitation.

"Come, Lin Mo has nothing to do, accompany me, an old man, for a chat."

Lin Mo also smiled lightly, and then complimented.

"Master is just an honorific, as far as Fifth Master's current body and bones are concerned.

It can't be considered old by any means."

The fifth master was actually not even a few years different from Lin Mo's father.

The existence of an uncle and uncle generation, how could they not talk about the word old.

Across the table, the fifth master Xue, inexplicably sighed.

“Old, indeed old.

Both mind and body don’t want to be young anymore.

Think of me back then, I beat all my opponents with my own strength.”

“That group of high and mighty forces in the Southern Realm also gradually died out under my scheming.”

Speaking of the past, Lin Mo also straightened his back.

It was only when he had just become interested and intended to listen to the past with a sideways ear.

However, Master Xue Wu took the initiative to break off the conversation and asked instead.

“Lin Mo, what do you think of our Southern Realm?”

This question was suddenly brought up.

After Lin Mo pondered for a moment, he didn’t know whether Master Xue Wu was testing.

Or was it a test.

He just looked at him silently handling the tea set in his hands.

Lin Mo then slowly said.

“It is an indisputable fact that the Southern Realm is barren.

Geographical location and climate are the biggest limitations of the Southern Realm.”

“In the southeast, the King of the Sea East occupies the entire sea.

To the west, the great mountains stand in the way, and behind them, Miaojiang occupies the 100,000 Great Mountains.”

Speaking here, Lin Mo stopped his words and looked up to glance at the fifth master Xue across from him.

The latter naturally knew Lin Mo’s intentions.

With a calm tone, he said.

“It doesn’t matter, just say what you think.”

Once his words had fallen.

Only then did Lin Mo continue to add.

“Three directional restrictions.

Resulting in the South Realm wanting to have great development is simply difficult.”

“The South Realm is only able to develop today because of your planning over the years, Fifth Master.”

These were not just words of praise from Lin Mo.

It was true.

The geographical location of the Southern Territory could be described as a nook and cranny of China’s territory.

Although the area was not small, the land was barren.

Commercial trade was not developed either.

The only thing that he relied on was Master Xue’s planning and layout over the years.
