

Genius 2381

[Chapter 2381 The Chaos Cloud Belt!](#)

"You've angered this Emperor, state your name!"

"Oh? Hahaha, I'm an allheaven Supreme immortal, and I'll let you die with a clear understanding!"

"Indeed, I should let you die with a clear understanding!"

"What?"

Gu Feng's heart trembled. When he looked at ye Chen's eyes, he felt an inexplicable suppression. This kind of Majesty and aura completely carried the dignity of the heaven realm. How was this possible? he was only a human cultivator. How could he have this Supreme dignity of the heaven realm?

At the same time, the light of heavenly Dao flashed between ye Chen's brows. Behind him, the celestial Thearch primordial spirit suddenly appeared.

"You want to use this immortal energy to make me die, but have you ever thought that in my eyes, this immortal energy is a treasure for me to use?"

When the celestial Thearch's primordial spirit appeared, Gu Gufeng instantly felt that his power was suppressed by 30%. This kind of suppression was the law, the root of the suppression. It was a restraint that Gu Gufeng could not escape from no matter what, because he was from the heaven realm.

"Celestial Emperor's Imperial Spirit Art, the great circle of Tai Chi, eight gates to open the heavens!"

"Zi Zi Zi!"

The eight gates of the eight gates divine disc opened, and the immortal energy in the furnace fused into eight forces that entered the eight gates to complete the Tai Chi cycle.

Zila, Zila, Zila!

Instantly, the heavenly wind blew wildly and lightning flashed!

"Thank you for your shangxian's power! Hahaha!"

Ye chen guided the exalted immortal's power and continued to infuse his Origin Energy. Suddenly, the celestial Thearch's primordial spirit waved its hand and an extremely powerful sword light directly slashed at the heavenly lightning tribulation.

"Boom boom boom!"

With a loud explosion, the entire Thunder tribulation domain was completely shattered. This was ye Chen's power. This was the attack formed by the immortal energy vortex.

Ye chen had broken through the heavenly Tribulation in an instant. The might of the heavenly Emperor had shocked the entire world. This was the first time Gu Gufeng had seen how immeasurable a true genius was. He, a so-called genius, was nothing but trash in front of ye chen!

"This is impossible! Are you really ... The celestial Emperor?"

"Gu Gufeng, you've defied the will of the heavens and attempted to murder the reincarnation of the celestial Emperor. You have no chance of survival!"

"Ah?"

Gu chenfeng turned pale with fright. He didn't think that he would really face the reincarnation of the heavenly Emperor.

"Heavenly Emperor, please calm your anger. This immortal doesn't know anything wrong!"

"What a joke! Were there such rules in the heavenly realm for the immortals to secretly harm people? Walking the evil path, Gu Gufeng, I'll give you a chance to kill yourself!"

"Ye chen, you've only triggered the celestial Emperor's primordial spirit and you think you're the celestial Emperor. The heaven realm naturally has a true Celestial Emperor now. Impersonating a Celestial Emperor should be a capital offense!"

"It seems like you're unrepentant. Don't blame the locals for being heartless!"

Ye chen could tell that Gu Gufeng would not commit suicide. This person was sinister.

"The celestial Emperor has ordered the destruction of the misty Heavenly Sword!"

After ascending to the peak of heaven immortal, ye Chen's heaven realm's nomological laws had improved once again. When he used the final form of the heavenly Emperor token, its power was boundless. When combined with the heavenly Sword, he could kill an all-heaven celestial!

"Damn it! The chaos immortal realm's killing storm!"

Gu Feng released the spell of the heaven extinguishing great formation once again, hoping to use the power of the heaven extinguishing great formation to kill ye chen.

However, the might of the heavenly Sword was boundless!

Boom, boom, boom!

In the moment of confrontation, the heavenly Sword broke through the strangulation storm and went straight for Gu chengfeng.

"Do you think I'm a vegetarian?"

"Wind and cloud slash!"

At this moment, Gu Cheng Feng released his divine weapon, wind cloud slash!

"Boom boom boom!"

The powerful light of the wind cloud slash was headed straight for ye chen.

"Useless move!"

"Useless move!" Ye chen shouted and the Dragon Spear in his hand flew out at lightning speed.

Zila, Zila, Zila!

The Thunder God laws of revered Thunder Dragon condensed as his Dragon Spear broke through the light of the wind and cloud slash.

"Ah?"

Gu Cheng Feng was shocked again. Ye Chen's strength was far beyond his imagination. It had even exceeded the limits of his imagination.

"A peak heaven immortal has such power. Even the current son of the celestial Emperor can't do it, right?"

Gu Gufeng finally understood that even if he used his immortal Lord-level strength, he might not be ye Chen's match. Now, he could only use the last move of the heaven extinguishing formation, abandon the formation, and escape on his own.

"Great heaven extinguishing formation!"

"Swish!"

All of a sudden, Gu Cheng Feng sent out an Immortal King's Imperial edict. Instantly, it guided the entire great heaven extinguishing formation to start operating and gather its final power.

And this Grand formation was created by an ancient Immortal King.

"You still want to be impetuous? Gu Gufeng, your weakness is despicable!"

Ye Chen activated the celestial Emperor primordial spirit. Instantly, the heavenly gate appeared in the sky.

"Zi Zi Zi!"

From the heaven Gate, countless nomological laws were instilled into the celestial Emperor sword. Then, the celestial Emperor sword emitted a dazzling brilliance.

"Heavenly Sword destruction!"

"Swish!"

An insurmountable light of the heavenly Sword burst out from the heaven Gate above the nine Heavens.

At the same time, the Immortal King's Imperial edict activated the great formation of heaven end to absorb all the power and condense a heaven-splitting Saber Light, which descended at the same time.

"Boom boom boom!"

The heavenly Sword and the celestial King's Saber Light collided, shattering the universe!

At the moment of collision, the entire great formation was completely shattered, and the broken mountain collapsed at the same time.

When they looked again, ye Chen was the only one standing on the battlefield. Gu Chengfeng's figure had disappeared without a trace.

"The ancient city's style is really a disgrace to the heaven realm!"

"F * ck!" Ye chen cursed coldly. Then, he thought about what the heaven realm was like now. According to Gu Gufeng's words and actions, the current heavenly Emperor might not be a person who acted according to the heavenly Dao!

"Hmph, I'll have to return to the heaven realm eventually. But now is not the time!"

Ye chen steered the sword boat and was about to cross when he suddenly sensed a core of immortal energy floating in the center of the heaven extinguishing formation. It was the core of the heaven extinguishing formation. As Gu Gufeng had been in a hurry to escape, he had not taken the core with him.

"[Starseizing hand],"

Ye chen released the [starseizing hand], put away the core of the formation, and continued forward.

After passing through the mountain of severance, ye chen had cleared the obstacle between the heaven realm and the dark sky Realm. He advanced forward with an indomitable spirit but he had also stepped into the dark space of the dark sky Realm.

In between heaven realm and dark Heaven realm, there was a chaotic belt of clouds.

In this cloud belt, the wind and clouds changed. If one was not careful, one could fall into it and be transported to some space. It was an existence more terrifying than the great heaven extinguishing array.

"Cloud belt!"

Ye Chen's eyes were focused ahead. Soon, all kinds of data and information entered his eyes. After this chaotic cloud belt was the dark sky World.

"Wushuang, don't move!"

"Yes!"

Ye chen instructed. He then placed the core of the great heaven extinguishing formation into the Golden Lotus sword boat for future use.

"Let's go!"

Under his command, the sword boat set off and charged into the chaotic cloud belt.

After entering the cloud belt, the spatial vortex in the middle and all kinds of intertwining space-time appeared before his eyes. This was somewhat similar to when ye chen had entered the nine techniques but this one was even more terrifying than the one before.

"Calm your Qi and focus your mind, and walk with the wind!"

Ye chen and ye Wushuang both entered a state of meditation because ye chen realized that in this space, mental disorder was the easiest to be absorbed into the place where time and space intersected.

[Chapter 2382 The Nightmare Sword Realm!](#)

Meditating to form a psyche barrier, ye chen and Wushuang sat on the sword boat and operated on their own. After an unknown amount of time, ye chen opened his eyes.

"Wushuang!"

He called out. He didn't expect that ye Wushuang would fall into a long sleep because of the chaos Cloud belt.

"Wushuang!"

Ye Wushuang could not wake up no matter how he was called. At this moment, the surrounding space had changed. Ye chen found himself in an extremely incomprehensible space.

"What's going on?"

Ye chen activated his Buddha's eyes in an attempt to see through the essence but his surroundings were in chaos and he could not see anything.

He thought it was impossible. This space was different from the chaotic cloud belt. There was definitely something wrong.

Ye Wushuang was in a state of obsession and did not wake up. Ye chen could only find his own way out but he gradually realized a problem. There was no way out of this world. This place was like a closed loop of time and space. He could never leave.

"Damn it!"

Ye Chen's brows furrowed in anger. The killing intent in his heart rose.

He couldn't waste time here. After all, su Yuhan's situation was still unclear. He had to enter dark sky World as soon as possible.

Ye chen raised his own psyche to the limit and constantly bombarded the surrounding space, hoping to open a spiritual wormhole and find a way out.

However, the spiritual attack was completely blocked and did not cause any movement at all.

"Mm ..."

Ye chen looked at ye Wushuang beside him. Suddenly, an idea popped up in his mind from the Tianyuan space.

"Wushuang ... Don't tell me?"

He immediately realized that the root of the problem might be business. Ye Wushuang had not woken up. Could it be related to this space?

As soon as this thought appeared, it instantly occupied ye Chen's mind and made him think quickly.

"Perhaps, I don't need to find a way out. I can wake Wushuang up!"

Ye chen looked at ye Wushuang and tried to wake him up through the spiritual connection of the celestial Thearch sword.

However, this process continued for a few hours and all of them were failures.

It was as if ye Wushuang had entered a state of eternal sleep. Ye chen had not yet figured out why he was in this state.

"Celestial Emperor Imperial Spirit Art!"

He sat cross-legged and stared. Ye Chen's eyes shone with the light of the heavenly Emperor and continued to stimulate ye Wushuang. As expected, the other party reacted. Ye chen seemed to have fallen into a dreamlike world and could not extricate himself.

This was the world of swords. Ye Wushuang was trapped in it and mixed with the surrounding swords. He kept absorbing the essence of the sun and the moon.

The more he was like this, the stronger the power of the outside world was because he had merged with the outside world. The reason why ye chen could not leave was because this was ye Wushuang's world.

"Wushuang, wake up!"

Ye chen called out loudly, but ye Wushuang was completely immersed in it. He was lost in the world and could not extricate himself.

With a thought, ye chen activated the celestial Emperor primordial spirit and entered this world.

"Wushuang!"

He shouted at ye Wushuang, but ye Wushuang was surrounded by sword Qi and isolated from everything.

"You all, get lost!"

"Hahahaha!"

Countless swords laughed. Then, countless sword spirits appeared and attacked ye chen.

"Whoosh, whoosh, Whoosh!"

The sword Qi thundered and attacked ye Chen's body. Ye Chen's body was protected by the Dragon Qi, so the sword Qi was difficult to hurt.

However, these sword Qis continued to grow stronger. The surrounding space was also rapidly evolving as if to lock ye chen in and trap him in this world.

"Kill!"

Ye chen was furious. In order to save ye Wushuang, he had to speed up.

"Profound sword, Wandering Dragon Sword, Celestial Emperor sword!"

His divine will turned into a sword, and in an instant, the three divine weapons were unsheathed at the same time.

"Whoosh, whoosh, Whoosh!"

The divine weapon continued to fly through the space, opening up a path for ye chen.

Ye Wushuang was on a high peak surrounded by the sword Qi. He closed his eyes as if he was meditating. In fact, he had already fallen into the world of seeing and could not come out.

"Celestial Thearch sword Astral Slash!"

The celestial Thearch sword's power was boundless!

Boom, boom, boom!

The many sword spirits in front of him were unable to resist the celestial Thearch sword power and were all shattered.

However, more sword spirits appeared, and the strength of these sword spirits had obviously increased.

"Ye chen, don't even think about saving ye Wushuang!"

"In the world we created, we are all immortal!"

"Even if you destroy us, we'll soon be able to revive with the sword Qi!"

Many sword spirits sneered at ye chen. They were not afraid of ye Chen's destruction at all. Every time they were reborn, they would become stronger. The source of all this was ye Wushuang.

"You can delude people's hearts, but don't even think of affecting me. This time, the local forces will definitely exterminate all of you!"

Ye Chen's sword Qi rushed out. Suddenly, the dark corrosive sword Qi rushed out, carrying demonic energy and evil thoughts, like a flood, attacking in all directions.

Boom, boom, boom!

Soon, the evil thoughts were transmitted through the broken body of the sword spirit.

Countless evil thoughts spread among these sword spirits. Then, ye chen used these infected sword spirits to start his counterattack.

"Man-sword rotation!"

"Earth sword reverse slash!"

"Heavenly Sword destruction!"

The three swords struck out at the same time, instantly shattering countless sword spirits in front of him.

"Golden Lotus sword boat!"

The sword boat appeared and was steered by the primordial spirit, heading straight for the sword Mountain in the distance.

"Don't be in a hurry, let him pass!"

"Stop him!"

Countless sword spirits charged forward madly. They were not afraid of death and wanted to use their bodies to block ye chen.

Suddenly, the boundless sword Qi blocked ye Chen's way and he found it difficult to advance.

After all, these sword spirits all had the power of a heaven immortal. Although their cultivation was not high, they were fearless and there were too many of them.

"You've angered this Emperor!"

Suddenly, ye Chen's eyes turned cold. The Demon's Eye appeared between his brows.

"Zi Zi Zi!"

As the Demon's Eye condensed its most powerful underworld God Power, it suddenly exploded, and the endless sword Qi turned into countless sword Dragons that madly devoured the sword spirit in front of it. The sword spirit that had been devoured couldn't be created again at least for a moment.

"Ah!"

The sword spirit screamed in pain. Ye Chen's dragon energy finally broke through the encirclement and attacked the sword Mountain in the distance.

"Ye Wushuang, it's time to wake up!"

Ye chen called out. Then, the true dragon Sword Qi instantly broke through the sword Qi barrier in front of him and rushed into the space between Wushuang ye's eyebrows.

Suddenly, ye Wushuang and su ang opened their eyes.

"Master!"

"Wake up immediately!"

"Yes!"

Ye Wushuang's spiritual mind moved. Then, the entire sword Qi world was shaken and shattered.

In reality, ye chen and ye Wushuang woke up at the same time.

Crack, crack, crack!

The surrounding chaotic time and space collapsed instantly because of ye Wushuang's awakening.

"It's really a world created by your nightmare. Let's go!"

Ye chen rode the Golden Lotus and swept through ten thousand miles of land, opening up a way out.

When he woke up this time, ye Wushuang felt that his strength had increased greatly. He felt that there were countless sword spirits in his body. They were the sword spirits from the Nightmare Realm that had all returned to him.

"Boom boom boom!"

With the sound of thunder, ye chen brought ye Wushuang out of the chaotic cloud belt and entered the boundary of the dark sky World!

[Chapter 2383 Locking Onto Dark Fire Peak!](#)

"Phew, phew, phew!"

Upon entering dark sky World, they saw Dark Fire burning the plains. The world was completely engulfed in the dark Fire. Such a vile environment was truly shocking.

"As expected of dark world. It's truly terrifying!"

Ye Chen's eyes swept across thousands of miles, searching for clues. However, all he saw was a hellish scene. This was the purgatory of the world, the sea of Dark Fire.

"Roar!"

With the Dragon Qi protecting his body, ye chen steered the sword boat and continued to fly forward.

After several days of flying, ye chen had traveled who knew how many thousands of miles but still could not find any clues. However, the burning of the dark Fire consumed a lot of his energy. It was not a long-term plan to continue in this situation.

"Let's find a place to rest first!"

"Yes!"

Ye chen and Wushuang split up. Their minds were connected. Once they found their positions, they quickly contacted each other.

In the distant land, the dark Fire Phoenix stopped on the dark Fire peak.

Su Yuhan jumped into the entrance of Dark Fire peak and bathed in the dark lava.

He activated the fairy Heart technique and absorbed the power of the entire Dark Fire ocean. In this world, there were probably very few people who could cultivate in such an environment other than her. This was the power of the dark Fire Phoenix body.

Many Dark Fire creatures in the surroundings automatically stood guard for su Yuhan, guarding the dark Fire peak.

She was the Queen of this world!

"Phew, phew, phew!"

Waves surged in the sea of Dark Fire, and powerful forces bombarded her body. However, she did not have any scruples and continued to absorb this power. After all, she needed to absorb a large amount of Dark Fire power to stabilize her form in order to become a Holy daughter.

Moreover, by absorbing the power of the dark Fire, it could also allow her cultivation method to soar rapidly.

An ordinary person would need to cultivate for a hundred years, but in Dark Fire peak, she only needed a few days with the help of the dark Fire Phoenix body.

The white-robed immortal Lord descended from the nine Heavens.

"Indeed, someone is stirring up the tranquility of Dark Fire peak!"

The immortal master carefully observed the changes around Dark Fire peak and frowned.

As the most dangerous place beside the heaven realm, Dark Fire peak had always been under the attention of the heaven realm. Because the earth vein of Dark Fire peak was connected to the heaven realm, once something happened here, the heaven realm would definitely be implicated. And this immortal master was in charge of the affairs around Dark Fire peak.

"Squeak, squeak, squeak ..."

Countless Dark Flame creatures shrieked when they saw the immortal Lord. The immortal Lord's aura was so powerful that they fell into a panic.

"Why are you all here?"

The white-robed immortal Lord asked.

"Squeak, squeak, squeak ..."

The dark Fire creatures all bowed towards the dark Fire peak, and the cry of a Phoenix reverberated above the peak.

"What?"

The white-robed immortal Lord's heart skipped a beat when he saw the dark Fire Phoenix. Such a ferocious beast was very unusual, and it was obvious that something had happened to Dark Fire peak.

"Let's go!"

The immortal Lord flew toward Dark Fire peak.

The dark Fire Phoenix was furious when it sensed the immortal master's arrival.

"Phew, phew, phew!"

The Phoenix's breath sent waves of dark flames toward the white-robed immortal Lord.

"Evil creature, you actually dare to take the initiative to attack!"

The white-robed immortal Lord was furious. With a wave of his palm, a stream of immortal energy transformed into a giant handprint, trying to suppress the dark Fire Phoenix.

At this moment, the dark Fire Phoenix absorbed the power of the surrounding Dark Fire and counterattacked.

"Phew, phew, phew!"

Then, three dark flames erupted and shattered the white-robed immortal Lord's giant palm. The immortal Lord was shocked. He didn't expect the dark Fire Phoenix to be so powerful, and it seemed to be protecting something.

"There's a surge of extremely powerful energy in Dark Fire peak. Why is it? is there something else?"

The celestial Lord's glabella shone, and a Celestial Eye appeared in the nine Heavens above, looking down at Dark Fire peak.

"What? there really is a demon!"

The immortal master knew that something was wrong when he saw the Dark Flame holy light flickering in the lava of Dark Fire peak. The person who could release such a powerful Dark Flame light must be a great demon.

"No wonder so many Dark Fire creatures have gathered here. They're here to protect you!"

The immortal raised his eyebrows and took out his divine weapon.

"The sword Qi shakes the nine prefectures!"

With the help of divine arts and divine weapons, he charged straight for Dark Fire peak.

"Ring!"

The dark Fire Phoenix flew up and used its body to block the sword.

Although they were heavily injured, they were quickly healed by Dark fire's healing. This was the strength of the dark Fire Phoenix. As long as it was within the dark sky World, it was almost undying.

"Phew, phew, phew!"

The dark Fire Phoenix attacked again, and it even directed the power of the dark Fire on the surrounding mountains to continue erupting toward the immortal Lord.

"It's really troublesome to have such a strange beast guarding you!"

The white-robed immortal Lord knew that it would not be easy to defeat the Dark Fire Phoenix, let alone destroy the dark Fire peak. His only option was to send a message back to the heavenly realm.

"Go!"

The immortal master slashed out with his sword, and the message was sent to the nine Heavens.

At this moment, Wind and Fire surged, and the power of countless dark flames attacked, forcing the white-robed immortal Lord to retreat.

"The white-robed immortal sword!"

The immortal master waved his divine weapon and released countless cold Qi from the immortal sword, freezing the dark Fire.

"Retreat!"

After that, the white-robed immortal Lord retreated three hundred miles and monitored Dark Fire peak from a high peak while waiting for reinforcements.

A million miles away, ye chen and ye Wushuang were still looking for a place to settle down.

Their location was relatively remote in dark sky World, so it was difficult for them to find a place to stay.

Finally, ye chen found the location and sent a message to ye Wushuang.

The mountain peak was in the shape of a bull's horn. Ye chen and Wushuang stopped on one of the horns.

The two of them circulated their Qi and after six hours, they had basically recovered.

"Dark sky World is indeed a mysterious place. Here, it's hard to search for any aura. If you don't see it with your own eyes, it's hard to find the target!"

Ye chen said, shaking his head.

"That's right, master. These dark flames will quickly burn away any traces!" Ye Wushuang added.

"It's alright. As long as we put in the effort, we'll definitely be able to find the core!"

The so-called core area was the dark Fire peak that the Holy daughter had told him about.

He had to rely on himself to enter Dark Heaven world. He had no map and no experience.

After another ten days, ye chen and Wushuang were a hundred thousand miles away from Dark Fire peak. The power of dark Fire here had clearly increased. Although the two of them would consume more energy, they were both happy because this meant that they were closer to their target.

"Evil eyes, demon eyes, God eyes, Buddha eyes, Heaven Eyes, go!"

Ye chen immediately activated the five great eye techniques and looked out for his surroundings.

The five major eye techniques complemented each other and merged together. The dark Fire Gale that had previously blocked his vision was greatly reduced. Ye chen finally locked onto the location of Dark Fire peak.

"Dark Fire peak, hahaha!"

Retracting his ocular skill, ye chen picked up the Golden Lotus sword boat again and sped toward Dark Fire peak.

At the same time, the gate of the heaven realm opened, and the message from the white-robed immortal Lord entered the Evergreen Palace in the heaven realm.

The Evergreen Palace was none other than the place where the Evergreen Immortal King was recuperating!

[Chapter 2384 2388-Blocking The Way!](#)

"Reporting to Immortal King, the white-robed immortal Lord has sent a message. There is a huge change in Dark Heaven world!"

"Oh?"

On the throne, a ball of light flickered. No one could clearly see what was behind this light, but it was the celestial King's protective divine light.

The vast immortal energy enveloped the area below, and no one could directly look at the face of the immortal King.

The Evergreen Immortal King raised his hand and instantly, a surge of immortal energy shot forth. The white-robed immortal Lord's message was activated by this immortal energy as an image appeared before everyone's eyes.

In the image, it was the dark sky world's Dark Fire. The dark Fire Phoenix kept chirping and countless Dark Fire creatures appeared in the dark sky World. These were a threat to the heaven world.

"There's actually a demon that has entered dark sky World and stirred up a storm. Immortal King, you must investigate this!"

An immortal Lord stepped forward and spoke.

"Such a demon is occupying Dark Fire peak. It's a great demon. Evergreen Palace is in charge of dark sky World. We should send troops to kill it!"

"That's right, the Huan Qing Immortal King has given the order. We swear to kill the demons!"

Many immortal monarchs and golden Immortals pleaded.

"Mm ..."

The immortal King nodded slightly, then waved his hand, and a Jade token appeared.

The Golden characters on the Jade tokens read, "immortal Lord Flame Guard, golden immortal of the North, and golden immortal of the South!"

"We will follow your orders!"

Immortal Lord Flameguard led the Golden Immortals of the North and the Golden Immortals of the South.

The three experts all rode on their divine weapons and rushed towards the direction of dark sky World.

After the three of them left, a guard entered the hall.

"Reporting to Immortal King, the broken mountain of the heaven realm has collapsed. A person has entered the dark Heaven realm!"

"What?"

The Evergreen Immortal King frowned, he didn't expect that things would come so quickly, as though everything was already planned.

"Western Region golden immortal, Eastern Region golden immortal, you two quickly investigate!"

"Yes!"

The two golden Immortals bowed and left the hall.

Just as the Evergreen Immortal King of the heaven realm was paying close attention to the situation in the dark Heaven world, in a land of extreme cold in the North of the heaven realm, a massive spacetime tunnel appeared.

"Zi Zi Zi!"

The spacetime cave had evolved many times and actually formed several exits.

Then, experts appeared from the three holes.

"Hehehe, people from the dark regions!"

"People from sin realm!"

"Someone from the dark domain!"

The three experts each brought their own team into the heaven realm space. These three were all experts from the Asura world. They were not subject to the restrictions of the heaven realm. This time, they came to the heaven realm to enter the dark Heaven realm to find the goddess and search for the "heaven secret hoodlum".

"Everyone, we're just following orders. Although the Shura world is not an Alliance, we can't look for trouble!"

"Ha, that's good. We'll find the Holy daughter based on our own abilities!"

"Alright!"

The three experts led their teams and headed towards dark sky World.

In Dark Heaven world, on Dark Fire peak, su Yuhan continued to absorb the power of dark Fire, and her cultivation strength improved nine times a day.

Su Yuhan's Foundation was still comparable to that of a high immortal, and it was possible for her to challenge a high immortal after 49 days of cultivation. Such progress was simply earth-shattering.

This was the power of the dark Fire Phoenix body, which relied on the unlimited self-breakthrough limit. Before the body collapsed, the dark Fire Phoenix body's unlimited rebirth characteristic could be used to recover.

"Phew, phew, phew!"

Endless dark Fire power surrounded her body, gradually forming the shape of a cocoon or an egg, which was very strange.

Inside the cocoon, su Yuhan released her mental cultivation method and circulated her vital energy, which was twice the result with half the effort.

After ye chen broke through the mountain of severance and entered the dark Heaven world, he continued to search for su Yuhan's position and finally locked onto Dark Fire peak.

"Whoosh, whoosh, Whoosh!"

On the Golden Lotus sword boat in the sword realm, ye chen and Wushuang headed straight for their destination.

Halfway through, ye chen sensed the energy of the Asura world.

He had fought with these people in the void Spirit realm before, so he definitely wouldn't be wrong this time.

"It seems like we've found the right place. These insects from the Shura world have followed us here!"

"I also sensed it!"

"Since that's the case, let me give them some gifts!"

Ye chen naturally understood that these people must have appeared here to find su Yuhan. Since they were targeting her, they must all die!

He asked ye Wushuang to continue looking for Dark Fire peak while he flew toward another path.

The three teams from the Asura world quickly found Dark Fire Peak's location by using their magical powers. They used a secret technique to track it and determined a direction.

"It's in that direction. The power of dark Fire is so strong. It seems that the cultivation of the Holy daughter is improving rapidly. We have to act quickly. Legend has it that the talent of the void Spirit Holy daughter has no limit. Once she's allowed to absorb the power of dark Fire limitlessly, she'll be invincible in the world!"

"En!"

The leaders of the three sinister Devils nodded to each other and quickly advanced.

"Hmph, you guys left too quickly. Didn't you see your old friend?"

Suddenly, a voice entered the ears of the three people, causing them to be stunned.

"Old friend, Who are you?"

The three of them were not the ones who had taken action in the void Spirit realm. They did not recognize ye chen but ye chen knew who they were.

"People from the Asura world, dark domain, dark domain, and sin domain!"

"You!"

The three leaders looked at them coldly. They had seen through their identities and came prepared.

The three of them were on guard at the same time, ready to attack at any moment.

"Zi Zi Zi!"

With a flash of celestial light, ye chen continued to stay in front of the three.

"Celestial light, you're from the heaven realm?"

The leader of the dark regions asked.

"I'm not from the heaven realm. What's your purpose in coming here?"

"Hahaha, you're just a heaven immortal cripple, and you dare to ask us?"

The man from the hidden domain said with a cold smile.

The three great leaders were all comparable to peak golden Immortals. Their strength was extraordinary, so naturally, they did not think highly of ye chen.

"I'll ask again, what are you guys doing here?"

Ye chen asked coldly when he saw the disdainful looks on the three men's faces.

"You're looking for death!"

Sin realm's members 'eyes flickered as they released their sin energy.

"Boom boom boom!"

A cloud of dark energy, carrying countless sinful thoughts, attacked ye chen.

"Useless move!"

Ye Chen's eyes turned cold. The darkness pool released a dark vortex. Before the sinful energy could even touch ye chen, it was absorbed into the vortex.

"What? you dare to do this?"

"How is it?"

"Hmph, if you directly absorb the power of sin, you'll immediately be devoured by the power of sin and become sin realm's puppet!"

"Is that so?"

The corners of ye Chen's lips curled up. He walked forward and faced sin realm's people without any change in expression.

"Impossible!"

The man from sin realm did not believe it. His sinful energy was so powerful that it could not have any effect on ye chen. In his opinion, even a heaven realm golden immortal would be affected if they forcibly absorbed his sinful energy. Moreover, ye chen had not even entered the Golden immortal stage.

"You mean this?"

Suddenly, the darkness pool evolved into a Black dragon's head, which suddenly opened up.

"Roar!"

The Dragon's Roar shook the sky. The powerful power of sin fused with the netherworld energy and emerged.

"What?"

Sin realm's members were dumbfounded. They wanted to resist, but it was too late. The powerful force struck their bodies!

[Chapter 2385 The Holy Daughter Comes Out Of Seclusion!](#)

With a loud bang, the sin realm member was sent flying three thousand feet. His entire body trembled, and he couldn't move.

"This person is only at the peak of heaven immortal. Why is he so strong?"

"No way. Could this person be ... The ye chen of the rumors?"

The dark regions 'cultivators had actually recognized ye chen. It was precisely because the mysterious evil man had returned to the dark regions and passed on ye Chen's information back that many people in the dark regions understood that a person had appeared in the human race. Although he had a heaven immortal cultivation base, his strength was comparable to a golden immortal and should not be underestimated.

"Ha, since you recognize me, why don't you get lost?"

Ye chen was in a hurry to find su Yuhan and did not want to talk to these trash.

"Hmph, Who Do You Think You Are? you're just a mere heaven immortal, yet you dare to be so arrogant. Let me meet you in the future!"

The people from the Dark Zone were not convinced and wanted to challenge ye chen. The latter was furious.

"I spared your dog lives, but you're not leaving. Fine, die!"

Ye chen displayed the heavenly Emperor's form. The heavenly Emperor sword in his hand flickered with a cold light.

"Heavenly Emperor command: resplendent earth sword reverse slash!"

With a command, the light of the earth sword flashed in the sky. Then, it turned into an unstoppable sword light. No one would be so fancy as to kill it directly.

"Impossible!"

"Ah!"

The hidden domain expert still wanted to struggle but it was to no avail. Although he was a peak golden immortal, before ye chen, death was the only thing he could do.

"Ah? It really is the heavenly Emperor ye chen. Not good, not good, let's go!"

The remaining members of the dark domain and sin domain fled in panic.

Ye chen turned around and steered the sword boat toward Dark Fire peak.

At this moment, two people appeared behind him. They were the two golden Immortals of the Eastern and Western regions who had followed him through the special channel.

"This person can actually defeat an expert from the Asura world!"

"This person can't be underestimated. According to the information sent by the unmovable golden immortal, this person claims to be the celestial Emperor and has disrupted the order of the heaven realm. We must capture him as soon as possible. We can't let the higher-ups know about this, or else the celestial Emperor will be furious and things will be difficult to deal with!"

"You're right. We'll secretly capture this person and bring him back to the Evergreen Palace!"

The two golden Immortals finished their discussion and followed ye chen closely.

At this moment, the entire Dark Fire peak had entered a state of accelerated time and space. This was because Dark Fire peak was controlled by the goddess's primordial spirit and had become a tool for her cultivation.

"Phew, phew, phew!"

Countless Dark Fire power continued to be injected into her, and the Holy daughter had already broken through her limits dozens of times. Her body was on the verge of collapse, but she would recover again. Such an abnormal cultivation method allowed her strength to progress beyond anyone's imagination.

On a tall mountain, the white-robed immortal Lord cupped his hands and bowed. It was the fire guard immortal Lord, who had arrived with two golden Immortals.

"Celestial Lord Flame Guard!"

"The white-robed immortal Lord!"

The two of them saluted each other and then looked in the direction of Dark Fire peak.

"There's a demoness in Dark Fire peak who's constantly absorbing the power of dark Fire. I can't even imagine how she did it!"

The white-robed immortal Lord said, shaking his head.

"There's actually such a thing?"

The fire guard immortal Lord was equally shocked. The dark Fire within Dark Fire peak was completely different from the outside world. Even dark Fire creatures, no matter how strong their cultivation was, didn't dare to enter to cultivate, but someone had actually managed to do this.

"Let this immortal Lord go and take a look!"

"Fire guard immortal Lord, be careful. This Dark Fire Phoenix is guarding the outside, so it's not good to go directly into the sky above Dark Fire peak!"

"Ha, you little evil creature, you dare to stop me?"

The fire guard immortal Lord flew out in disdain.

In the distance, the dark Fire Phoenix sensed the arrival of the flame Guard immortal Lord and flew into the sky, dark flames filling the sky!

"Phew, phew, phew!"

Countless dark flames transformed into fiery clouds that continued to burn the space around them, exerting pressure on the flame Guard immortal Lord.

However, the fire guard immortal Lord cultivated the laws of fire, so this was the perfect time to use it.

"Fire controlling art, collect!"

The fire guard immortal Lord released the fire controlling art, and three fire pilferers appeared around him. The dark Fire clouds before him were continuously absorbed into the pilferers before being refined and released.

The dark Fire Phoenix was furious when it saw its fire cloud being dispelled by the fire guard immortal Lord.

"Phew, phew, phew!"

This time, it personally charged over and continuously released the power of dark Fire. The power of dark Fire This Time had clearly increased in power, and even the level of its nomological laws had increased. It contained high-level Dark Fire power.

Boom, boom, boom!

The three fire reservoirs in front of him were unable to absorb the energy and exploded.

"Bastard!"

The fire guard immortal Lord was furious as a demon subduing pestle appeared in his hand.

"Art of fire control-look at the 3000 soldiers of the fire guards!"

"Whoosh, whoosh, Whoosh!"

In an instant, 3000 fire guards appeared on the battlefield and surrounded the dark Fire Phoenix. Then, they began to close in.

"Phew, phew, phew!"

The dark Fire Phoenix tried to release more Dark Fire power, but it was blocked by the fire guards, unable to harm the fire guard immortal Lord at all.

"Hahaha!"

The fire guard immortal Lord laughed before flying up to the nine Heavens and looking at Dark Fire peak.

At this moment, the fire cocoon in Dark Fire peak surprised him.

"Such an abnormality. It seems that this demoness is really extraordinary. I must completely destroy her!"

After mumbling to himself, the fire guard immortal Lord waved his demon subduing pestle, summoning countless fire guard seals in an attempt to destroy the fire cocoon before him.

"Kill!"

Countless dharmic seals, carrying the power of an immortal Lord, continued to bombard the fire cocoon.

"Phew, phew, phew!"

At this moment, the fire cocoon suddenly burst into flames and split open in the middle.

"What?"

The fire guard immortal Lord's brows furrowed as he looked at the fire cocoon. He saw countless fire butterflies dancing within, and one of them was peerlessly beautiful and demonic. It was the transformed Holy daughter.

"Swish!"

Suddenly, the goddess opened her eyes, and the light of Dark Fire illuminated the world. Caught off guard, the flame Guard immortal Lord's eyes were instantly burned by the light of Dark Fire, and he was in unbearable pain.

"Ah!"

With a miserable shriek, celestial Lord Flame Guard lost his sight!

"Celestial Lord Flame Guard!"

Seeing this, the white-robed immortal master and the two golden Immortals made their moves.

"This demoness is so powerful!"

The celestial Flameguard said.

"Let's take the immortal Lord and leave first!"

"Yes!"

The two golden Immortals brought the fire guard immortal Lord and landed on a mountain peak in the distance. Only the white-robed immortal Lord looked at the Holy daughter.

"Where are you from, demoness? how dare you cause trouble in the heaven realm?"

"Hahahaha!"

The white-robed immortal Lord's enchanting laughter resounded through the heavens and the earth. He felt like he was hallucinating. Looking at the Holy daughter, who was like a noble God, he had the urge to kneel down.

"Not good, a demonic technique!"

The white-robed immortal Lord continued to chant the heavenly realm Daming mantra to resist the hallucinatory sound.

However, as the power of the dark Fire attacked him, the Daming spell exploded with a loud bang. The white-robed immortal Lord felt that he could no longer control his mind.

"White-robed immortal Lord, are you willing to submit to me?"

"I, I!"

As the immortal Lord of the heaven realm, he had a glorious position, but now he had no choice and was about to sink into oblivion. The white-robed immortal Lord was in great pain, and he was wondering if he should commit suicide.

But in the end, he gave up and retreated.

"I'm willing!"

"Hahaha, very good!"

The Holy daughter sneered and waved her hand. A Dark Fire seal appeared on the white-robed immortal Lord's forehead!

[Chapter 2386 Heavenly Emperor Long Ye!](#)

"Mistress, master invites you to return!"

Ye Wushuang appeared on the battlefield and said to su Yuhan.

"Where did this little brat come from? get lost!"

Facing ye Wushuang, su Yuhan acted as if she didn't know him at all. The killing intent in her eyes made ye Wushuang's heart tremble.

Ye Wushuang thought to himself, "she really doesn't know me. It's obvious that su Yuhan's personality has changed. She's not the person she was before."

"You must stay and wait for master!"

"Hahaha, you're looking for death!"

Su Yuhan was furious. The dark Fire Phoenix released the power of dark Fire and attacked ye Wushuang, while the latter retaliated with the celestial Thearch's sword light.

Boom, boom, boom!

In the sky, ye Wushuang was no match for the powerful energy impact. The difference in their Foundation was too great, and he was sent flying.

"Master, let this immortal take care of him!"

"Alright, I'll leave it to you!"

Then, su Yuhan flew toward another Dark Fire peak. She wanted to absorb more energy.

The white-robed immortal Lord was severely injured by ye Wushuang's Dark Fire. Ye Wushuang was no match for the white-robed immortal Lord and was in grave danger.

"You dare to block my master's path, you're really looking for death!"

"Hmph, don't even think about threatening me!"

"Threatening you? hahaha, die!"

The white-robed immortal Lord attacked angrily, and his sword Qi soared into the sky.

"Celestial Thearch sword Astral Slash!"

"It's useless!"

The white-robed immortal Lord waved the divine weapon in his hand and instantly cut through the celestial Emperor's sword light, and the life-threatening Qi rushed toward ye Wushuang.

At the moment of crisis, a palm print suddenly descended from the sky in the distance.

"Boom boom boom!"

The Grand Palm print was like Mount Tai, suppressing the white-robed immortal Lord's deadly sword Qi.

"Who is it?"

"The heavenly Emperor ye chen!"

Ye chen descended and faced the white-robed immortal Lord.

"Hahaha, a mere celestial immortal dares to court death!"

The white-robed immortal Lord brandished his divine weapon again and headed straight for ye chen.

Ye chen pointed his sword at the sky. Then, the heavenly Emperor's unique style was unleashed.

"Celestial Thearch sword Chi Chi is destroyed!"

"Boom boom boom!"

The white-robed immortal Lord felt that this was the most powerful sword Qi He had ever seen in his life. It was the law of the celestial Emperor, and he was defeated on the spot.

"Ah!"

With a miserable shriek, the white-robed immortal master was sent flying 300 meters away, his body covered in blood.

"Hmph, I didn't expect you, a person from the minor celestial immortal scroll, to be so capable!"

After saying that, the white-robed immortal Lord used a secret technique of the immortal world, leaving behind an afterimage as he fled.

Ye chen did not pursue him. Instead, he healed ye Wushuang's injuries.

Through the celestial Emperor sword, ye Wushuang's injuries recovered quickly.

"Master, the mistress has left!"

"Hmm ... It seems like Yuhan needs to get more energy. This is the dark Fire Phoenix's uncontrollable greed. She wants to become the strongest in the world!"

Ye chen had already understood the void Spirit Holy maiden's mission. It was to cultivate her body to its strongest form before she could write the heavenly secret banner.

This was undoubtedly the heaviest burden on su Yuhan's body and could even cause danger. This was something ye chen did not want to see.

"Let's go!"

Ye chen steered the sword boat and continued his pursuit.

At the same time, the Asura world's people who had been repelled by ye chen returned to their positions and told the news to their upper-level organizations.

Through the spacetime cave, they quickly transmitted information, and then the various major forces of the Asura world were enraged.

He didn't expect such a powerful person to be involved in the human race. This was something that couldn't be allowed to exist, or it would definitely affect the stability of the Asura world.

The three great domains of the Asura world, the sin realm, the dark realm, and the dark realm, had even decided to join forces to deal with ye chen and capture su Yuhan.

As a result, the power of the Shura world increased greatly.

In the Changqing immortal Palace.

"My Lord, the celestial Lord of the flame guards has returned with heavy injuries!"

"What?"

The Evergreen Immortal King was startled. He was very clear on the strength of the flame Guard immortal Lord. For even him to be heavily injured, it meant that the opponent this time was extremely powerful.

At this moment, someone was helping immortal Lord Flame Guard into the main hall.

"Master Celestial King, I'm incompetent!"

Immortal Lord Flameguard knelt on the ground and begged for forgiveness.

"What happened?"

"The demoness who is cultivating in Dark Fire peak is extremely powerful, and this person's talent is too high. As long as she cultivates in a place like dark Fire peak for a few days, it's equivalent to an ordinary person cultivating for hundreds of years. We must be on guard!"

"There's such a thing?"

This time around, even the Evergreen Immortal King was frowning. Such a cultivation speed was simply too terrifying. If they allowed her to continue cultivating in the dark sky World, wouldn't she be invincible?

He looked at the experts below and said, "everyone, dark sky World belongs to all of us. We can't let the celestial Thearch be distracted. Follow me!"

"Yes!"

The experts all agreed, their fighting spirits rising. With an Immortal King leading the way, there would definitely be no problems. They all wanted to be rewarded for their contributions.

At the first Dark Fire peak, the two golden Immortals who were pursuing ye chen did not dare to rush in. After all, ye chen had easily defeated the white-robed immortal Lord. His strength was far above theirs.

They were waiting for the Army of the Evergreen Highway in the heavenly realm.

After an hour, the Evergreen Immortal King arrived with his Army.

"Celestial King!"

The two golden Immortals stepped forward and saluted.

"Where's Ye chen?" The Evergreen Immortal King asked.

"Ye chen has gone in pursuit of the witch. He's going in that direction!"

A golden immortal pointed in the direction of the dark Fire Phoenix.

"Let's go!"

"Yes!"

The powerhouses boarded the ship one after another and followed the Evergreen Palace's warship in pursuit of ye chen and su Yuhan.

At the same time, the battleships of the Asura world also entered the dark sky World to search for the goddess.

Heavenly realm, heavenly Emperor's sanctuary.

One of them was dressed in a long white robe. He was stepping on a cloud and walking towards a tall tower.

"A thousand years, a ten thousand years legend, hahaha!"

His laughter resounded through the sky as he looked at the gate of the tower with a pair of sharp eyes.

On the door, the mark of the celestial Emperor was clearly visible, and it was constantly emitting divine light.

"Celestial Emperor's Treasury!"

That person smiled and released the celestial Thearch heart technique. The mark on the door of the treasure vault began to flash in response.

"Hahaha, as expected. After hundreds of years of cultivation, I've finally unraveled the secret of Celestial Emperor's treasure vault!"

He laughed a few times and increased the infusion of immortal energy. The mechanism in the celestial Emperor's treasure vault was finally activated.

This man was the current Celestial Emperor, Long Ye.

The vigorous celestial energy shook the nine heavenly stars, and countless Starlight poured into the celestial Emperor's body.

"Ah!"

With a long shout, the celestial Emperor's treasure vault finally opened.

Heavenly Emperor Long Ye walked into the heavenly Emperor's treasure vault, which was filled with brilliant lights and extraordinary magnificence.

"Let me see how many treasures the previous heavenly Emperor left behind!"

He walked into the hall, and a light flashed between his brows. All kinds of information surged in the surrounding space, making it clear to him at a glance.

However, one of them had sealed off his spiritual sense.

"What?"

Heavenly Emperor Long Ye turned to look in that direction. He didn't expect to see a black stone box there. It was extremely unremarkable and couldn't even be considered a treasure. It was just like an ordinary stone. However, an ordinary stone couldn't have such power to block a heavenly Emperor's divine sense.

"What is this?"

He opened the eye between his brows and tried to use the eye of the celestial Emperor again. However, even if he used eye techniques, it was still useless.

"Interesting!"

Heavenly Emperor Long Ye picked up the stone and examined it closely.

[Chapter 2387 2392-Impending Storm!](#)

The dark Fire Phoenix continued to fly in the sky and finally found a place with Dark Fire.

This Dark Fire peak was even bigger than the previous one, which was exactly what su Yuhan wanted to see.

"Protect!"

"Ring!"

The dark Fire Phoenix screeched and quickly rose into the sky to guard the dark Fire peak below. Then, many more powerful Dark Fire creatures appeared on the ground. They were summoned by the dark Fire Phoenix.

These Dark Flame creatures already had peak heaven Immortals and were equipped with combat power.

They all guarded the dark Fire peak, waiting for the Holy daughter to absorb the power.

Su Yuhan's arrival had already attracted the attention of the entire Dark Fire Race. In the dark Fire Palace, the experts were having a discussion.

"Dark Flame King, this is a chance for us Dark Flame creatures to rise. The master of the Dark Flame Phoenix, the legendary goddess, has descended!"

"That's right. We've been waiting for this opportunity for thousands of years. Our rise is today. We can't be suppressed by the heaven realm anymore!"

All the experts spoke one after another, hoping that Dark Fire peak would lead them to officially declare war on the heaven realm.

This move was extremely risky, so Dark Fire King was still considering it.

Although according to the current report, the strength of the Holy daughter had increased rapidly, the heavenly realm was guarded by the celestial Emperor, who was a Supreme existence. No one could say with certainty that the Holy daughter would definitely grow to the level of the celestial Emperor!

"Everyone, we have to be careful. However, since the Holy Lady is the Savior of the world as mentioned in the holy book, we naturally have to protect her. That's why the dark Fire creatures will listen to the dark Fire Phoenix's call and actively protect her. What's left is to see how many surprises the Holy Lady can give us!"

"Hmm ... Dark Fire King's plan is sound. Let's see how fast the Holy daughter grows!"

The high priest also stood out and said.

"Alright, but we hope that Dark Fire King will be more active. We've received news that the Evergreen Immortal King has still sent his heaven realm battleship into the heaven dark world. This is extremely disadvantageous to the Holy daughter, and even to us!"

"That's right. The heavenly realm is completely ignoring our existence. We can't tolerate this!"

Seeing the fighting spirit of the Warriors below, Dark Fire Emperor nodded.

"Fine, I really want to see how strong the Evergreen Immortal King is!"

"Good, good, good!"

The battle faction all cheered. They had cultivated for a long time, waiting for the battle with the heaven realm.

In Dark Fire peak, the Holy daughter continued to absorb the power of dark Fire and went up another level. Her cultivation was now comparable to a peak celestial Lord, and she was only one step away from the celestial King realm!

However, this breakthrough was the most crucial. Once she broke through, the goddess would be reborn and even possess the inner force to write the "heaven's secrets Gu". If she failed, then the goddess body would instantly fall to the level of a heaven immortal.

This was the side effect of absorbing the hidden fire power. Su Yuhan had been suppressing this side effect with her super talent, but it couldn't be suppressed when she ascended to the immortal Lord realm.

More and more Dark Fire creatures appeared on the surrounding land. This attracted the attention of many forces, and they all moved out.

Ye Chen relied on his powerful sixth sense and gradually realized that the energy density in Dark Heaven world was rising in a straight line. On one hand, it was because of Su Yuhan. On the other hand, it also meant that many super powerhouses had appeared in this world.

"With so many experts descending, this is even more complicated and difficult than when we were in the virtual spirit realm. Yuhan, you must be safe!"

Ye Chen began to feel anxious. He wanted to enrage Ai to find Su Yuhan and take her away from this place. However, even if he found her, could he really take her away smoothly?

After all, Su Yuhan's mind was filled with the task of the goddess, and no one could shake her mind.

Flames filled the sky. The heavenly domain where the dark Fire Phoenix was located had already burned the clear sea.

"Ah!"

In the lava on Dark Fire peak, Su Yuhan let out a shrill cry, triggering the dark Fire Phoenix to continue spewing Dark Fire.

Then, Su Yuhan's body emitted endless dark Fire, and her speed was still raised to the limit.

"Zi Zi Zi!"

Countless rays of radiation were emitted from her body, and the surrounding Dark Fire creatures could not resist it and fled.

Only the dark Fire Phoenix could absorb the radiation and turn it into its own energy.

Zila, Zila, Zila!

At the same time, tribulation lightning appeared in the sky. These tribulation lightning were not the Tribulation lightning that ordinary cultivators would use to transcend their tribulation. Instead, they were the Tribulation lightning that was specifically targeted at the Dark Flame goddess.

"Boom boom boom!"

With a thunderclap, 18 bolts of tribulation lightning were released at the same time, heading straight for Dark Fire peak.

"Ring!"

The dark Fire Phoenix let out a shrill cry, but it could not stop su Yuhan's test.

Then, the 18 bolts of tribulation lightning struck, and the entire Dark Fire peak collapsed.

Endless lava flowed out, and su Yuhan's entire body was covered in the power of lava, making her look like the Queen of Hell.

"Hahahaha, good timing!"

Su Yuhan's will to fight rose sharply, and endless anger rose to the sky.

"Dark Fire Prairie Fire!"

The dark Fire set the Prairie ablaze, and the entire space was trapped in the dark Fire domain. Su Yuhan was going to use her true strength this time.

The dark Fire creatures in the distance were all shocked. It was the first time they had felt such a terrifying power of dark Fire. It was like an evil Dragon devouring the sky.

"Phew, phew, phew!"

The endless dark Fire turned into a demonic claw and grabbed the lightning of tribulation.

Zila, Zila, Zila!

The lightning of tribulation wreaked havoc, trying to destroy the dark Fire demon Claw, but it was useless. The dark Fire demon Claw continued to grab the lightning of tribulation, like a dragon catching a snake, and all eighteen lightning of tribulation were destroyed!

"He's too strong!"

The dark Fire creatures exclaimed.

A hundred miles away, ye chen had already seen the Tribulation transcendence.

"Let's go!"

He knew that it was su Yuhan's Heavenly Tribulation. In order to protect her, he had to rush to the place as soon as possible and protect her.

The explosion of the Tribulation lightning was too shocking. Even those who were 100000 li away could feel the shock. Many experts rushed over.

""Heaven's secrets puppet "is ours!"

"Ha, the Flying Cloud cosmos is determined to win this time!"

"Vast universe, charge!"

"The Flying Cloud cosmos is the invincible one!"

All the powerful battleships moved out one after another for the "heaven's secrets banner" of the void Spirit realm. They wouldn't stop until they got the treasure. A chaotic battle was inevitable. Who were the survivors of this battle?

The most terrifying situation was about to arrive. The Evergreen Immortal King stood on the battleship and frowned as he surveyed the surroundings.

"I didn't expect this witch huiyin to have so many universe great beings. What is so attractive?"

What he didn't know was that the 'demoness' he was talking about was actually the void Spirit goddess su Yuhan. The secrets she had were enough to shake the future of countless universes.

"Yuhan!"

At the same time, ye Chen's sword boat had already landed not far from Dark Fire peak.

Looking at the powerful and unique Heavenly Tribulation in the sky, ye Chen was even more worried.

[Chapter 2388 2393-Enemies Meet Again](#)

"Zi Zi Zi!"

Ye Chen opened his heavenly eye and saw countless powerhouses rushing toward a Dark Fire peak. He panicked and used the celestial Emperor's Secret divine ability.

"Nine Heavens divine movement!"

Ye Chen's figure rapidly passed through the boundary of space and arrived in front of Dark Fire peak in the blink of an eye.

"What are you doing?"

With a roar, Dragon Qi burst out and instantly blocked the middle path of the experts.

"Who is it?"

Many powerhouses of the universe stood up and looked in ye Chen's direction.

"It's him!"

Among these powerhouses in the universe, there were indeed people who knew ye Chen. They had seen ye Chen's talent when they were fighting for various treasures in the nine paths of cultivation.

This time, these powerhouses were even more shocked. In a short period of time, ye Chen had broken through to the peak of the heaven immortal realm and was about to enter the ranks of the Golden immortal. Such a cultivation speed was clearly beyond the imagination of ordinary people. Even many people who considered themselves geniuses could not catch up.

"Ye Chen!"

The first person to step out was the third Prince, long Xuan.

"Do you still recognize me?"

"Ha, this Emperor's memory isn't good, so I don't know him!"

Ye chen sneered when he saw long Xuan.

"Damn it!"

Long Xuan was furious. He already had the potential to become the Crown Prince, yet he was ridiculed by ye chen. In order to establish his own prestige, he could not back down.

"Whoosh!"

A dark shadow rushed out. It was long Xuan who had released his movement Divine Art.

"Your Royal Highness!"

The head guard, black flood Dragon, wanted to stop long Xuan but it was too late. Long Xuan had already arrived in front of ye chen and the conflict had begun.

Long Xuan struck out with his palm, wanting to kill ye chen directly. After the enhancement of various natural treasures, the current long Xuan already possessed the strength of a peak golden immortal. In his opinion, ye chen was only a peak heaven immortal. He was no match for him.

Standing beside them were young experts from various universes. Their cultivation base was basically at the peak golden immortal realm or above, and there were even high-rank immortal monarchs. These people were all geniuses, and their true strength was far above their own cultivation base.

"Ha! I didn't expect long Xuan to be so anxious to deal with a mere celestial immortal!"

"I heard that ye Chen's cultivation method had shown its brilliance back then and suppressed long Xuan, causing him to return without success. Now, long Xuan will definitely not let him off!"

"He's able to suppress longxuan with his techniques? no way?"

Many powerhouses were shocked. Ye chen was now a peak heaven immortal. His cultivation base might have been even lower back then. How could he suppress long Xuan?

However, they did not know that ye Chen's talent was far above theirs. It was just that they were used to looking down on other young cultivators and thinking that their talent was invincible. That was why they had forgotten about the saying of talent and strength.

"Tyrant Dragon Strike!"

Long Xuan descended in a domineering manner. Long BA's powerful palm print turned into a fist ray and attacked ye chen.

"Such a small worm dares to call himself a Dragon?"

In the face of long Xuan's overdragon attack, ye chen sneered. With a raise of his hand, Dragon Qi surged.

"Dragon Tooth fist!"

The most ordinary Dragon Tooth fist was able to summon the Dragon Qi to transform into a true dragon with a light strike, instantly crushing long BA's attack. This was the true dominance of a Dragon.

"Boom boom boom!"

The earth shook. Long Xuan felt his entire body tremble and his bones were about to shatter. A dignified golden immortal could not even block ye Chen's easy attack.

The people who were watching the show were stunned!

They could not believe their eyes. They looked at ye Chen as if he was a monster.

"Ha, you trash, how can you understand master's strength!"

Ye Wushuang sneered.

"Bastard, it's not your turn to speak!"

"Right, Who Do You Think You Are!"

"He's just a slave!"

The powerhouses charged at ye Wushuang one after another. Some of them stood up to challenge ye Chen, hoping to defeat him and lower his momentum.

"Hmph, since you're not convinced, then come!"

Ye Wushuang snorted coldly and walked onto the battlefield with the celestial Thearch sword in his hand.

"You're just a puny celestial immortal, yet you want to deal with us?"

"There's no need for you guys to act, let me do it!"

An early-stage golden immortal expert jumped out and wanted to make a contribution.

Ye Wushuang looked at this person. He had a rough face and a burly figure. He actually used a divine sword weapon, which made ye Wushuang furious.

"He's just a martial artist, a reckless person. Is he even worthy of using a sword?"

"What did you just say?"

"I said you're not fit to use the divine sword!"

Being ridiculed by ye Wushuang, the man was so angry that his eyes bulged like lanterns.

"Kill!"

This person flew out and went straight for ye Wushuang.

"Celestial Thearch sword Astral Slash!"

Ye Chen condensed Qi with his sword fingers and the celestial Thearch slashed at Dong Qiankun.

"Boom boom boom!" The powerful celestial Thearch sword Qi was like a dragon that emerged from the sea. It instantly locked onto the enemy in front of him. In the blink of an eye, the man's body was surrounded by the celestial Thearch sword Qi. There was no chance for him to resist.

"Roar!"

The celestial Thearch's dragon energy surrounded the man's body, and his meridians reversed. His energy exploded, and his body was unable to resist it. He exploded in the air!

He didn't even have time to scream before he was cut into pieces by ye Wushuang.

"Ah?"

This time, the powerhouses were truly shocked. In their eyes, ye Wushuang was only ye Chen's servant. It was impossible for him to have such strength. However, they did not know that ye Wushuang was the celestial Thearch sword's spirit. As long as the celestial Thearch sword ascended, his strength would also soar. In addition to his own superb perception, his potential was clearly far above these so-called geniuses.

"A servant like ye Chen has such strength. He must be eliminated!"

"Right, if we don't get rid of this person, he'll be too much of a scourge!"

"Let's kill this kid together and cut off one of ye Chen's arms!"

The powerhouses attacked one after another, wanting to kill ye Wushuang and then deal with ye Chen.

Ye Wushuang sneered slightly and held the celestial Emperor sword in front of him. The sword Qi spread out, sweeping the killing wind and wreaking havoc. The surrounding earth trembled rapidly and countless stones flew up.

"The celestial Thearch sword makes the swords of the Xuanji people spin!"

With a cold look in his eyes, ye Wushuang took the initiative and targeted the first powerhouse who rushed up. The heavenly Emperor's order was issued, and he would kill without mercy!

"Whoosh, whoosh, Whoosh!"

The endless sword energy circled back and forth like an endless wave and instantly hugged the Golden immortal expert.

"Impossible!"

The expert turned pale with fright.

"And I'm not even fit to carry my master's shoes!"

The moment he said that, there was an uproar.

An expert of the universe's younger generation had actually been described as such a weakling. What was this?

However, in this way, ye Wushuang had successfully used himself as bait to attract the attention of the powerhouses from all over the world. Meanwhile, the battle between ye chen and long Xuan continued.

After a few rounds of attacks, long Xuan had not taken down ye chen and gradually began to become anxious.

"Kill, kill, kill!"

Long Xuan released his strongest ability and continued to pursue ye chen, hoping to suppress him. However, he did not know that this little bit of pressure was child's play to ye chen.

"Longxuan, you and I can't be compared. Get lost now and I'll spare your life!"

"What did you just say?"

Long Xuan was furious. This was worse than death. He was the one who had the chance to become the Crown Prince and he had to make a name for himself!

[Chapter 2389 Facing The Immortal Lord!](#)

"I'm a king. Ye chen, die!"

Long Xuan's anger soared to the sky. He pushed his body to its limits, wanting to compete with ye chen. However, in ye Chen's eyes, these were child's tricks. They were not even on the stage because the gap between the two was so great that it could not be made up.

"Since you don't want to live, then die!"

Ye Chen's killing intent rose, and the celestial sword appeared in his hand.

"Zi Zi Zi!"

The light of the profound sword enveloped the world, and the black domain isolated everything. The surrounding experts could no longer see the situation on the battlefield, and they all revealed looks of surprise.

Now, ye Wushuang had completed his task. He retreated three thousand feet and stayed alert.

"The black sword ink draws in the unparalleled sword Qi!"

"Whoosh, whoosh, Whoosh!"

Countless black sword Qi descended from the sky like dark meteors, endless and unstoppable.

"Kill!"

Long Xuan knew that this was the ultimate battle. He could only advance, he could not retreat!

"Dragon clan's tyrannical lion's ten thousand fist ritual!"

"Whoosh, whoosh, Whoosh!"

The endless fist radiance carried the dragon clan's laws and vowed to defy the heavens and change fate.

However, when the sword Qi and the fist radiance collided, the fist radiance was instantly submerged in the sword Qi. The ink-stained land spread rapidly. Then, the longxuan fist radiance was completely dyed by the ink and turned into powder.

With the extension of the ink, long Xuan could not even protect himself and finally turned into a statue of ink.

"Boom boom boom!"

Heaven and earth rumbled as the land of ink opened. Everyone could only see the ink-stained statue and the heavenly Emperor ye chen!

"This is the longxuan?"

"What happened to him?"

"Turn into an ink-stained statue?"

All the experts were shocked and didn't dare to move.

Ye Chen's battle had intimidated all the powerhouses, making the major forces of the universe not dare to be restless. He was like an unmoving King, preventing anyone from coveting su Yuhan.

"This person is too powerful. In less than an hour, long Xuan has turned into an ink-stained statue!"

"We can't be restless, or else we'll definitely repeat the same mistakes!"

The experts discussed and no longer attacked. The second generation zu Yan watched from the side, waiting for the situation to change.

At this moment, the sky was filled with brilliant light and immortal energy. It was actually a Qilin opening the way, with Luan and Phoenix in the sky.

"This is Yingluo, no way!"

"Could it be the celestial King of the heaven realm?"

Upon hearing the word "Immortal King," all the experts were shocked. The immortal King of the heaven realm was a Supreme existence. To the people of these planes, they were invisible existences. But who was it that had appeared here today?

They all looked toward Dark Fire peak, most likely because of the dark Fire goddess.

"Who is causing trouble here?"

An immortal master asked on a giant elephant.

"We came from the various heavenly universes, hoping to find the fate of the" heaven's secrets banner.

"We didn't expect to alert the immortal Lord. I'm sorry!"

The experts from all over the world bowed in respect. Before the thread Lord, they were not even considered ants.

"B * stard, Dark Heaven world is a forbidden place in the heaven realm. For the sake of your own selfish interests, you entered without caring about your own safety. You're really seeking death!"

"Please pardon me, immortal Lord huanqing!"

The experts all knelt on the ground, not daring to move.

At this time, the immortal Lord ignored the crowd and looked at ye chen.

"Ye chen, why aren't you kneeling?"

"Ha, Who Do You Think You Are? you actually dare to make me kneel?"

"The heaven realm is a higher realm than the six realms. Even if you are the leader of the six realms Alliance, you must kneel!"

"Laughable!"

A ray of light flashed between ye Chen's brows and he went straight for the immortal master.

"You dare to attack a celestial master?"

The immortal Lord was furious. His entire body flickered with light as he tried to suppress ye chen with his immortal Lord law.

For an ordinary cultivator, as long as their cultivation base was below golden immortal, such a law would be effective instantly. However, it was not the case for ye chen.

"Zi Zi Zi!"

The celestial light descended and headed straight for ye chen. However, ye Chen's body flickered with the same celestial light and formed a resistance.

"What?"

Everyone was shocked. Ye chen could actually resist the law of an immortal Lord. What did this mean?

The powerhouses of the heavens who had not fought ye chen before all gasped. If they had attacked earlier, even if they had all attacked together, they would have been killed by ye chen, just like long Xuan.

They all shook their heads, feeling how inferior they were.

At this moment, Lord bright immortal was embarrassed that he had failed to suppress ye chen. He continued to strengthen his celestial light power in an attempt to compete with ye chen in terms of Foundation.

"Ha! Immortal master, I think you'd better stop, or you'll regret it!"

Ye chen said with a smile.

"Ye chen, I think you're just trying to save your face because you can't fight against me, right? What a pity, the Evergreen Immortal King is in the back of the carriage. How could we not do our best? You can only say that you're unlucky. It's your good fortune to die at my hands!"

The immortal Lord's words comforted the powerhouses kneeling on the ground. As long as ye chen died at the immortal Lord's hands, they would not lose face. After all, the immortal Lord was too powerful.

"Hmph, ye Chen's just so-so, he still has to die!"

"It must have been tragic to die at the hands of an immortal Lord!"

"We can still live. Living is the most important thing!"

The experts of the various heavens consoled themselves and wanted to live. How could such a petty person's ambition be compared to ye Chen's great ambition?

To ye chen, living was meaningless because she would not die!

"You killed him?"

Ye chen sneered and looked at the immortal master. Then, the corners of his mouth curled up slightly, and he said something shocking.

"Report your name. I don't kill nameless ghosts!"

"Ah?"

The powerhouses of the heavens were shocked again and revealed looks of disgust. They thought that ye chen was bragging, and it was the last bragging before his death.

"Ye chen, how dare you speak to an immortal like that? you're looking for death!"

"Such an arrogant villain, he deserves to die!"

"Immortal Lord, punish him! We worship you!"

All the powerhouses paid their respects to the immortal Lord, hoping that the immortal Lord would quickly punish ye chen and not make them too embarrassed.

"All of you, stand up. I want to let the heart gate understand that your worship is the best choice. I will allow you to watch this madman die Here!"

"Thank you, immortal master!"

All the powerhouses bowed and waited for ye Chen's death.

Before ye chen stood as an immortal Lord, he showed no fear, only contempt.

"Madman ye chen, I've heard of your deeds. However, before the immortal Lord, it's useless even if you're a genius. The power of the heavenly realm will make you bow!"

"You talk too much. Since you want to be a nameless ghost, I'll grant you your wish!"

"You!"

The immortal Lord was furious. The giant elephant beneath him roared and extended a foot to stomp on ye chen.

"Boom boom boom!"

The giant elephant moved, overturning rivers and seas, and collapsing mountains and rivers.

The vigorous power and Supreme technique closed in on ye chen.

Then, the giant elephant's foot stomped on ye Chen's position.

A deafening sound rang out. Everyone looked smug. Indeed, ye chen could not even resist the elephant's foot that carried the power of an immortal Lord. How could he fight an immortal Lord?

"Something's wrong!"

Just when everyone thought that ye chen was going to die, the immortal raised his eyebrows and looked in the direction of the elephant foot.

Everyone was shocked and looked over. They saw that the elephant foot was actually shaking continuously, and a powerful might was about to explode!

[Chapter 2390 Suppressing The Immortal Lord!](#)

Boom, boom, boom!

Under everyone's shocked eyes, a light shadow rushed out from under the elephant's foot. The previously Grand elephant's foot had been shattered like a landslide.

"You!"

The high immortal's heart trembled in fear, and his eyes were filled with endless killing intent. A heaven immortal had actually broken through the suppression of his elephant foot and even shattered the power of the foot, causing the entire giant elephant to collapse.

"Boom boom boom!"

The giant elephant was originally formed from the immortal Lord's law. After ye chen broke through its leg, it turned into dust.

Above the clouds, a person strolled out. It was ye chen.

"Now, it's my turn to attack!"

"Hahaha, it's your turn. Great! I'd like to see how many surprises you can give me. Come on!"

Naturally, the immortal Lord was not afraid. As an existence whose cultivation base was higher than ye chen's, he wanted ye chen to attack so that he could easily resolve the situation and kill him. This was what he should do to show everyone.

The heavenly powerhouses all looked at ye chen, eager to know if he had the ability to shake the immortal Lord.

Although ye chen had successfully nullified the immortal Lord's Elephant Stomp, it was only a casual probe. This was what everyone thought. The immortal Lord was a lofty existence in their eyes. He was invincible below the immortal King realm. How could he lose to ye chen?

This kind of awareness made it impossible for them to support ye chen.

"Ye chen, your attack is definitely useless against a high immortal!"

"That's right, you're just a clown. Come down and surrender immediately!"

"Under the suppression of the immortal Lord's law, your attack is like nothing!"

The heavenly powerhouses all ridiculed ye chen, thinking that his attack could not cause any harm to the immortal Lord. It might even be reflected and he would reap what he sowed. In order to not die an ugly death, he could only kneel on the ground and surrender.

However, this was their way of thinking and their way of doing things. How could the heavenly Emperor ye chen bow and bend his knees?

"All of you shall die together!"

Ye chen was furious. The celestial sword, the wandering Dragon Sword, and the celestial Thearch sword were all unleashed.

"Zi Zi Zi!"

The endless sword Qi was filled with killing intent and cold light, instantly intimidating the experts below.

"Ah?"

When they saw the three swords in the air, they immediately felt a chill down their backs. Spiritual shock was supposed to be a shock effect from someone in a higher position to someone in a lower position. However, now, ye chen, who was a heaven immortal, had actually shocked them, who were golden Immortals. What kind of logic was this?

These so-called powerhouses could not understand. They could only be shocked!

"What?"

The power of the three swords not only intimidated all the experts in the world, but also affected the celestial Lord. When he felt that his body was affected by the killing intent, an invisible anger appeared.

"This kid is indeed extraordinary. We must eliminate him before he continues to grow!"

Having made up his mind to kill ye chen, the immortal master's eyes turned cold, and waves of immortal energy surged out of his body like a tidal wave.

"Roar!"

The celestial energy turned into countless angry elephants that attacked ye chen wildly.

This could even be considered a sneak attack because before this, he had acknowledged that he wanted to see ye Chen's divine power. Now, he had taken the initiative to attack without any warning. It was clearly contrary to his previous words.

However, he did not care about this. As long as he killed ye chen as soon as possible, no one would object.

"All creation slaughter!"

It was a sure-kill technique that could kill a peak golden immortal in the sky with such a powerful attack.

"Ah?"

When the powerhouses of the heavens saw this, they were all shocked. They had not expected the high and mighty immortal Lord to take the initiative to attack ye Chen. Could it be that even he felt ye Chen's threat and wanted to strike first?

This thought made their hearts tremble because it meant that ye Chen's strength was far above their estimation.

"Hmph, divine punishment heavenly judgment, three swords of the yellow Springs!"

Zila, Zila, Zila!

The power of the three swords was enhanced by the Thunder Dragon God's Thunder God law and combined with the large amount of power of the netherworld he had absorbed when he was in the netherworld battle Manor. Ye Chen's newly created divine ability had shocked the world.

The power of the three swords supported a triangular death gateway. It was the special gates of the netherworld that ye Chen had opened.

Zila, Zila, Zila!

Within the gates of the netherworld, boundless death energy gathered. It was supported by the laws of the underworld.

"Ancient netherworld unique style, resplendent moon-breaking style!"

The power of the ancient netherworld bloomed through the gates of the netherworld, and its might was greater than before. Its nomological laws were even more complex, changeable, and unpredictable.

"Immortal Lord? Hahaha, I'll let you understand that in front of the heavens, immortal Lords are nothing!"

"Damn you! I'll make sure you die without a burial place today!"

The high immortal was furious. He had used his divine weapon. He no longer cared about his face. What he wanted was ye Chen's death!

Sinister looks appeared on the faces of the various experts. They wanted to see this genius, a man whose talent far exceeded theirs, die at the hands of the immortal Lord. Only then would they be able to find a balance.

"Supreme immortal might, giant elephant shock kill!"

The immortal Lord summoned the power of the most powerful elephant, and all the elephants soared into the sky, vowing to kill everything!

"Hahaha, very good. The gates of the netherworld have opened. You should also enter the netherworld!"

Ye Chen's eyes flickered with a dark light. His netherworld energy was unleashed to its limit. Suddenly, waves of powerful might were instilled into the three swords.

"Whoosh, whoosh, Whoosh!"

The three swords struck out at the same time, and the heavens and earth trembled!

At the same time, thousands of elephants soared into the sky, and the power of both sides officially collided in the nine Heavens.

Boundless sword Qi and boundless immortal power collided and shook with each other, causing all kinds of cracks to appear in the entire space. Once these cracks hit a cultivator's body, he would die without a doubt.

"Ah!"

As expected, some golden immortal experts were accidentally touched by this power. Their bodies couldn't withstand such power and directly exploded.

This terrifying power instantly shattered everyone's confidence, causing them to fall into extreme panic and flee for their lives.

At this moment, the three sword Qi converged and formed a Grand sword radiance that could pierce through everything.

"Impossible!"

The immortal Lord watched as the Grand sword light descended and killed!

He was an immortal Lord. Even a peak golden immortal would die without a doubt if he used such a divine power. How could this young man not only break through the killing array of ten thousand appearances but also break through it and force his way to death?

"Bastard!"

He roared in anger and lost himself.

"The Heaven's Gate!"

He summoned the gates of the heaven realm in anger, wanting to fight ye Chen's gates of the netherworld!

"Ha, the gate of heaven realm? I don't have it?"

At the same time, ye chen summoned the gate of heaven.

"Hmph, I'm not afraid of you even if you have two great techniques. Come at me!"

"Two great techniques? Hahaha, good, I'll only use this heaven realm gate!"

Ye chen suddenly retracted the gates of the netherworld and only used the gates of the heaven realm to increase the power of the sword ray. This action shocked all the powerhouses.

"This guy is crazy. He wants to use the gate of heaven in the heaven celestial stage to fight the gate of heaven celestial in the high immortal stage!"

"Everyone knows that every time the gate of heaven breaks through a barrier, its Power Index will increase!"

"Ye chen will die!"
