

Genius 2391

[Chapter 2391 You're Not Qualified!](#)

No one was optimistic about ye Chen's chances!

If ye Chen had used the gates of the netherworld and the gates of the heaven realm to fight against the immortal Lord before, some people might have thought that there was a chance of survival. However, now, under the same technique, ye Chen had no advantage at all.

"Ye Chen, I'll make you pay for your arrogance!"

"If you have the ability, I welcome you!"

"Damn it!"

He had been completely "toyed" by ye Chen. The immortal Lord's anger had reached its peak.

p "Myriad forms return to one, the heaven realm is Supreme!"

"Zi Zi Zi!"

From the gate of heaven realm, countless immortal energy was instilled into the body of the immortal Lord. His Foundation was now several times stronger than before. It should be known that this was on the basis of the immortal Lord. Such a violent increase in power was simply incredible to deal with a heaven immortal!

At this moment, the heavenly powerhouses were no longer jealous of ye Chen because they knew that ye Chen's strength was something they would never be able to catch up to in their lifetime. Now, they only wanted to see ye Chen die!

"Go to hell, go to hell, go to hell!"

Countless powerhouses began to shout slogans, hoping that the immortal Lord would kill ye Chen.

On the side of the heaven realm, many powerhouses looked solemn. This immortal Lord had already shamed the heavenly Street regardless of whether he won or lost!

Ye Chen, on the other hand, was able to fight against such an immortal Lord. Whether he was Dead or Alive, he was a genius whose name was known throughout the ages.

The immortal Lord released all the power in the Heaven's Gate without caring about morality or face.

"Boom boom boom!"

Countless rumbling sounds came from his body, and immortal energy surged through his meridians. He looked invincible!

Ye Chen, on the other hand, had transformed into the ancient Celestial Emperor and refused to compromise!

"Heavenly origin Heart Sutras Suan ni control divine power!"

A beam of light shot out from ye Chen's brow. Suddenly, the power of the entire Heaven's Gate rose rapidly!

His Heaven's Gate level was not enough to unleash such a powerful force. It was clear that under the stimulation of that light, ye Chen's Heaven's Gate level had broken through the limit of the heaven celestial stage. This was impossible in the eyes of ordinary people. These were the rules of the heaven realm. Could anyone really ignore the rules of the heaven Street?

"What?"

Within the carriage, the Evergreen Immortal King had a heavy expression on his face. He stared at the young man before him, feeling too astonished. Who was this man exactly? he could actually ignore the rules of the heavenly streets? no matter how strong a genius was, it was impossible for him to do so. Unless this young man was the reincarnation of a Supreme existence, a Supreme existence in the heaven realm.

"This person is too mysterious, I have to investigate!"

The Evergreen Immortal King released his own Immortal King law and began to search for traces of ye chen in the heaven realm's information database. However, to his shock, there was no trace of this person!

"Impossible!"

There was information that the heaven Realm database did not have. Could ye chen have come from another universe?

The Immortal King's brows furrowed. He investigated again, but it was still the same. There was no record of any information. Ye chen was like a strange person who had come from the void. No one knew his identity.

At this moment, the battle between ye chen and the immortal master had come to an end.

"Celestial Emperor Imperial heaven spell, earth essence sword Qi!"

"Zi Zi Zi!"

Ye chen unleashed a sword from the heavenly gate. The sword looked simple like a ray of Starlight but it was unstoppable. It contained the heavenly Emperor's law that suppressed all immortal energy.

"Kill!"

The immortal Lord thought that he would win because he had used the heaven realm's strongest law of Genesis, which was the limit of the heavenly gate at the immortal Lord level. However, he did not know that ye chen had used a power that surpassed the heavenly gate. It was the power of a heavenly Emperor that he could not hope to reach or imagine.

"Swish!"

The two forces collided in the sky. At the moment of contact, the power of all things return to one was like paper and shattered in the air without any resistance. Then, the earth origin sword Qi rushed toward the immortal master.

"Ah!"

No matter how that immortal Lord resisted the power of the heavenly Emperor, he would die in an instant!

"Ah?"

The heavenly powerhouses were instantly stunned. The immortal Lord they thought was invincible had no resistance against ye Chen's earthly sword Qi at all. Why was this?

This kind of unreasonable and unexplainable matter made their already frightened emotions completely collapse.

At this moment, ye chen walked up to the powerhouses.

"You've always hoped that I would die?"

"No, I didn 't!"

The experts of the heavens all knelt down, not daring to raise their heads.

"Hmph, as the young powerhouses of the various great cosmoses, you're actually so shameless. You don't have the slightest bit of martial Dao dignity. Keeping you alive is only a disgrace to your own cosmoses!"

"You, what do you want to do?"

The powerhouses of the heavens were all horrified. They looked at ye chen as if they were looking at the god of death!

"Of course it's Yingluo who will send you on your way!"

A sharp light shot out from ye Chen's brow. It was the remaining power of the earth sword Qi.

"Whoosh, whoosh, Whoosh!"

In the blink of an eye, dozens of experts in the various universes were beheaded and died on the spot!

Such a mighty power intimidated the Army of the heavenly realm. One of the powerhouses looked at ye chen with a shocked expression. It should be known that there were celestial Kings and several more powerful celestial Lords present. It was clear that ye Chen's might had already affected the depths of their hearts.

"Could it be that this person is really related to the celestial Thearch?"

Sensing the power of law used by ye chen, the Evergreen Immortal King was already beginning to doubt. After all, his vision was not on the same level as an immortal Lord 's. It was much higher.

"Bastard! How dare you kill an immortal master in front of the Army of the Evergreen Palace!"

A person jumped out from behind. This person was one of the six great guardians of evergreen Palace, celestial master Tian Wu!

Ye chen could sense that this person's aura was far above that of the previous person. That person had just entered the high immortal realm while the high immortal Tian Wu had been in the high immortal realm for hundreds of years. His strength was immeasurable.

"Ha, what I want to do is heaven's will. Do I need to talk to you?" Ye chen sneered in response.

"How hateful! You're just a heaven immortal of the human race, just qualified to enter the heaven realm, yet you're so arrogant. Do you really think you're invincible?"

"Hahaha, you'll know if I'm invincible or not after you try!"

"Hateful!"

Celestial master Tian Wu was suppressed in all aspects and was about to attack.

"Stop!"

But at this moment, the Evergreen Immortal King suddenly spoke. The Tian Wu immortal Lord started, he didn't expect that the Evergreen Immortal King would actually tell him to stop. Could it be that the Evergreen Immortal King wanted to protect this man?

The experts all revealed looks of confusion, not understanding.

Only the Evergreen Immortal King himself knew that ye chen might really be related to the heavenly Emperor. If that was the case, they might be going against the heavens and the consequences were unknown.

"Celestial King, please allow me to kill this man and preserve the dignity of our evergreen Palace!"
Celestial master Tian Wu stepped forward and bowed.

"Hmph, an immortal master died at the hands of a heaven immortal. He can only blame himself for not being skilled enough. What does this have to do with this person?"

"This ..."

Immortal Lord Tian Wu couldn't reply. After all, the Evergreen Immortal King's words were true.

The experts looked at each other, all of them agreeing with the Immortal King's words.

"Young hero Zhou Wei, where did you come from?"

"Ha, you want to investigate my background? you, Qianqian, are not qualified!"

Everyone was shocked by his words!

[Chapter 2392 2397-Difficult To Overcome!](#)

His domineering words shocked everyone, and the surrounding experts froze on the spot.

The human ye chen actually dared to say such disrespectful words. What qualifications and backing did he have?

"Brat, you're so arrogant. Death is only natural!"

Celestial master Tian Wu was furious. He struck out with his sharp palm, causing the earth to tremble and the sun and moon to sink.

Boom, boom, boom!

On his way forward, the powerful squall actually caused the surrounding space to explode. The power of wind and thunder, the power of the heavenly realm, was as vigorous as the surging waves, unstoppable.

"Swish!"

Just as he approached ye chen, he was blocked by an invisible energy shield. It was the Chi of the eight Dragons.

"Roar!"

The Qi of the eight Dragons retaliated and devoured celestial master Tian Wu.

"What?"

Tian Wu turned pale with fright. His might was already shocking but he did not expect ye Chen's invisible counterattack to be so powerful.

However, as an immortal Lord, how could he retreat? if he did, all his dignity would be gone.

"Ah!"

Celestial master Tian Wu's aura was once again boosted, and a Grand Tian Wu hook appeared behind him.

"Boom boom boom!"

Following that, the tianwu hook shot out and instantly shattered ye Chen's protective draconic energy barrier before taking ye Chen's body.

"Ha!"

Ye chen merely sneered. Then, his large hand reached out. The celestial Emperor's star plucking hand instantly grabbed the heavenly Wu hook.

"Boom boom boom!"

The entire space trembled once again as the power of both sides clashed. Celestial master Tian Wu's Tian Wu hook was locked down and unable to move. This scene shocked all the heaven realm experts once again. Where did this young man come from? he could actually exchange blows with celestial master Tian Wu.

Celestial master Tian Wu was a powerhouse who had entered the high immortal realm for a long time. He was completely different from the high immortal who had been defeated by ye chen before. However, he was still unable to hurt ye chen directly. Instead, ye chen had blocked his attack!

"You dare to question me with such little strength?"

Ye Chen's words were cold. Celestial master Tian Wu's old face turned red. How could he tolerate being humiliated by a heaven immortal like ye chen?

"Hateful brat, you're so arrogant in the heaven realm. I'll let you die Here today!"

This time, celestial master Tian Wu went completely crazy. All of his celestial energy surged like violent waves, and his eight extraordinary meridians were all surging.

Seeing celestial master Tian Wu's serious attitude, the crowd began to discuss.

"It seems like ye chen isn't just a mere celestial being!"

"Celestial Lord Tian Wu could easily kill golden Immortals, but he can't do anything to him?"

"I don't think so. Celestial master Tian Wu is so serious, who can stop him? Ye Chen's death is right before our eyes!"

"Not bad, not bad!"

Among the immortals, most of them still believed that ye chen would die. The battle situation would change and the wind and clouds would rise again.

The Evergreen Immortal King frowned slightly. He looked in the direction of Dark Fire peak. Ye chen was blocking the way here to divert attention and objectively help the person in Dark Fire peak.

If that was the case, what was his relationship with that person in Dark Fire peak?

The Evergreen Immortal King activated his Immortal King's eye, wanting to see the situation within the dark Fire Mountain. However, the dark Fire Mountain was actually covered by a layer of extreme dark Fire. He could only faintly see that there was someone absorbing the power of the dark Fire. Other than that, he couldn't see much.

"It's really strange!"

The Evergreen Immortal King was silently contemplating whether or not he should act personally to break through the defenses of Dark Fire peak.

All of a sudden, a powerful energy came from the void, which slowed the Immortal King's movements. He could sense that this energy was actually the power of the Asura world. It was the Asura world that was not under the control of the heaven realm and existed on its own.

"It seems that the dark Fire peak matter has a lot of implications!"

The Evergreen Immortal King didn't act rashly. He wanted to ensure the safety of everyone in the heaven realm and control the entire situation.

On the battlefield, celestial master Tian Wu was fighting ye chen, and the battle had turned into a white heat.

"Tianwu slaying evil!"

Celestial master Tian Wu made a powerful move, and his supreme power came over, vowing to cut off the fate of the 'evil disciple'.

"The celestial Emperor ordered the sword to spin!"

Ye Chen brandished the celestial Thearch sword. Suddenly, the man-sword divine power reappeared in the world. Endless rotating sword Qi broke through the hook of the Tian Wu hook and headed straight for celestial master Tian Wu.

"This, this is impossible!"

Celestial master Tian Wu could not believe his eyes that his opponent could easily break through his attack and even counter it.

"Ah!"

He roared in anger and immortal energy surrounded his body to resist Ye Chen's sword Qi attack.

"Whoosh, whoosh, Whoosh!"

Endless sword Qi madly attacked celestial master Tian Wu's air shield, which gradually collapsed, and he was forced to retreat.

"Celestial master Tian Wu is retreating?"

This scene completely stunned the immortals. Could Ye Chen's strength really be comparable to a super high immortal? How could they not believe this? How could a celestial master like celestial master Tian Wu retreat?

"Hahaha! Celestial master Tian Wu, you're just so-so!"

"Kid!"

The air shield around celestial master Tian Wu shattered. Then, the sword Qi put him in a difficult position, and he could only resist.

His eyes were bloodshot but there was nothing he could do. Ye Chen's sword fingers moved again and the sword Qi soared into the sky, making him look even more miserable.

"What?"

At this moment, Ye Chen's eyes suddenly turned cold. He threw the immortal Flying Dagger into the air.

"Whoosh, whoosh, Whoosh!"

The immortal Flying Daggers continued to fly forward, blocking the road to the east of Dark Fire peak.

"Whoosh!"

After that, Ye Chen's figure disappeared and reappeared in the eastern sky.

"Who are you?"

"Hehehe, Ye Chen, are you trying to stop us?"

"Of course not!"

"Then what are you going to do?"

"I'm going to kill you all!"

"You!"

Ye Chen's cold reply surprised and angered the visitor.

"Do you really think you're invincible after killing the people of dark world? There are countless experts in dark realm, do you know who is standing in front of you?"

"It's just a corpse!"

"Kill!"

Ye Chen mocked him on purpose and the man was indeed furious. In the dark clouds before him, countless ghostly claws moved and headed straight for Ye Chen.

"The Qi of eight Dragons!"

The Dragon Qi appeared again, and the strength of eight Dragons entangled the ghost claw in front of him.

"Ye Chen!"

At the same time, celestial master Tian Wu's anger from being humiliated could not be appeased. No matter what the situation was, he would attack Ye Chen again.

"Mm ..."

Although he was being attacked from both sides, Ye Chen only sighed softly and threw out the Dragon slaying spear.

Dragon Spear, mad dragon slash, 3000. Thunder Dragon Lord had appeared.

"Stop!"

The power of the Thunder Dragon shook the surroundings and instantly blocked celestial master Tian Wu.

"Evil beast, die!"

Celestial master Tian Wu was furious, and his target was Thunder Dragon Lord.

"The Dragon grasping spear looks down on all eight divine movements!"

Buzz, buzz, buzz!"

The Dragon-holding spear carried the power of Thunder and transformed into countless divine thunders to fight against celestial master Tian Wu.

"You?"

"How is it?"

Just as celestial Lord Tian Wu broke through the lightning with ease and was about to kill Thunder Dragon Lord, Thunder Dragon Lord's voice suddenly changed. The image of the person in front of him transformed into the Mowu Emperor!

Zila, Zila, Zila!

The Emperor held the Dragon Spear in his hand as his demonic energy shot up into the sky!

The powerful momentum instantly suppressed the heavenly Wu hook!

"Detestable!"

Celestial master Tian Wu could only roar helplessly!

[Chapter 2393 2398-Help From Ming Xin!](#)

"Celestial Lord Tian Wu was suppressed by ye Chen's clone?"

The powerhouses of the celestial world were all shocked. They had seen ye Chen's strength before but they did not expect his clone to be just as powerful. This kind of clone mystical power was extremely difficult to master because cultivation methods of different attributes would definitely conflict with each other. What they did not know was that ye Chen's ancient God Body and the cosmos furnace could contain thousands of attributes.

"Ye chen, whoever gets in the way shall die!"

"Asura world's B * stars, you still want to snatch the" heaven's secrets hoarse "!"

Ye chen glared at the dark realm cultivator and shouted coldly.

"Hehehe, you can't protect the Holy daughter!"

At this moment, three people appeared from three different directions. They were dark realm's three kills!

The three of them were as strong as high Immortals, and with the help of mysterious divine abilities, their combat strength far exceeded that of ordinary high Immortals.

"If you want to touch the goddess, then die!"

Ye chen was furious. Anyone who wanted to touch su Yuhan was his mortal enemy. Since the people of dark realm were so stubborn, there was no need to say anything more.

"Kill!"

Dark realm triple kill moved at the same time. Dark energy surged all over his body, like a dragon from the sea, tearing at his opponent.

"Immortal flying knife!"

In the face of three powerful attacks, ye chen released the immortal Flying Dagger. The endless immortal slaying light surged powerfully. The three powerhouses looked at him coldly and were shocked at the same time.

"This divine weapon is so powerful!"

"We'll release the formation!"

"Alright!"

The three powerhouses nodded at the same time and released the dark energy formation.

For a moment, countless dark energy formed various barriers and constantly attacked ye Chen's position.

"Hahaha, ye chen, have fun here!"

The leading dark realm expert sneered at ye chen and then flew toward Dark Fire peak.

"Damn it!"

Ye chen waved the celestial Thearch sword in his hand and slashed three thousand dark energy.

However, the three great assassination powerhouses were madly releasing the power of the formation. Even if ye chen was invincible, he could not escape for a while.

At this moment, another figure appeared in the sky.

"Daoist dark realm, I'll help you!"

"We'll join you too!"

The people who appeared were from the Asura world's sin realm and dark realm. They naturally could not let the people from dark realm enjoy the fruits of their battle. However, they did not attack ye chen. They were just sitting back and enjoying the fruits of others' labor.

Although the dark realm expert was unhappy, he could not say anything in front of the Alliance agreement.

"Alright, since that's the case, let's attack together!"

"Please!"

The Asura world's experts all attacked Dark Fire peak.

At this moment, the dark Fire Phoenix released endless dark Fire to block the attack.

"Evil creature, move!"

The dark realm expert waved the sharp blade in his hand and attacked the dark Fire Phoenix with dark energy. However, the dark energy did not cause any damage to the Phoenix's body. After absorbing the power of the dark Fire for a long time, its strength had also increased.

Right now, Phoenix Feather already possessed an extremely strong defensive ability. It was not something that ordinary people could break through.

"What?"

The dark realm expert frowned slightly. He was thinking that if he were to use his full strength, the people from the dark realm and sin realm would be the ones who would benefit from it. They couldn't break through right away. They needed to work together to minimize their consumption.

"Daoist friends from sin realm and dark realm, let's work together!"

"Mm ..."

The people from the sin realm and the dark regions looked at each other and made their moves as well. After all, they all wanted to get the Holy daughter.

The battle instantly grew more intense. All of this could be seen by the Evergreen Immortal King.

"Celestial King, I didn't expect the people from the Shura world to invade the dark sky World. What should we do?"

An immortal Lord came forward to ask for instructions.

"Don't act rashly. There are still powerhouses in the world of road cultivation!"

"What?"

The heaven realm's experts were slightly moved. The lineup in front of them was already very strong, but they didn't expect that there would be a backup.

Everyone's expressions gradually became nervous. They guarded the Immortal King's surroundings to prevent anyone from ambushing him.

The Evergreen Immortal King took a look at the situation. Although this wasn't the home ground of the heaven realm, the heaven realm was the closest place to their power. If a situation really got out of control, the heaven realm would naturally be the fastest to send reinforcements. He didn't have to worry about this. However, as the person who protected the order of the dark Heaven realm, it would be too embarrassing if he needed the help of other powerful beings from the heaven realm.

"Celestial Lord Tian Wu, return!"

"Immortal King?"

The Tian Wu immortal Lord was still angry because he was suppressed by the mo Wu Emperor Lord. He was about to take revenge when he was stopped by the immortal King.

"Return!"

"Yes!"

The orders of the celestial King could not be disobeyed, so celestial master Tian Wu had to return.

In this way, on the battlefield, it was equivalent to ye chen and the dark Fire Phoenix fighting against the Asura world's Allied forces.

"The celestial Emperor ordered the sword to spin!"

Ye chen released his great divine power. The celestial Thearch's sword of heaven and earth, sword Qi of the eight desolates.

"Giggle!"

The three killing generals sneered. Dark energy surged, and countless dark energy vortexes appeared. These vortexes kept absorbing Tian Jian's sword Qi, and the power of the abhijna instantly weakened. It couldn't even cause any damage.

"What?"

Ye chen looked at these vortexes coldly. He knew that these vortexes were similar to the power of the darkness pool he used. They absorbed energy into the alternate dimension and weakened the enemy's strength.

"Hmph!"

With a cold snort, ye Chen's Dark Sword appeared.

"Phew, phew, phew!"

The power of ink extended rapidly, even to the front of those vortexes. Then, the power of ink spread wildly, like endless waves, greatly limiting the effectiveness of these vortexes.

"Kill!"

The three great slaughter generals realized ye Chen's intentions and attacked one after another, trying to gain the upper hand.

However, what kind of person was ye chen? how could he give them this opportunity?

"Earth sword reverse slash!"

"Whoosh, whoosh, Whoosh!"

The sword Qi was reversed, and its power was ten times stronger!

Boom, boom, boom!

The space in front of them had completely entered the attack range of the reverse slash, and the three slaughter generals could not cross the lightning Pool.

"Hateful!"

The three of them roared in anger. As three slaughter generals of the dark domain who were comparable to immortal Lords, they could not be stopped by a heaven immortal like ye chen.

"Dark energy Soul Reaper!"

"Assassination claw tear!"

"Shadow Hunt fist!"

The three great mystical powers, combined with the dark energy surge barrier, headed straight for ye chen.

"Dragon Tooth fist: glorious hundred Dragons tearing the sky!"

Ye Chen's eyes burned with anger. All the energy in his body was concentrated on his right fist. Suddenly, the Dragon Qi soared to the nine Heavens and swept away the world in a domineering manner!

Boom, boom, boom!

The endless Dragon-shaped fist radiance completely destroyed everything in front of it. It collided with the ultimate divine arts of the three great slaughter generals and canceled each other out. They were actually not at a disadvantage.

"This is impossible!"

The three great slaughter generals were puzzled. It was impossible for ye chen to have such a Foundation!

At that moment, they saw the netherworld core appear above ye Chen's head!

"Zi Zi Zi!"

The core continued to emit a powerful light, and ye Chen's Foundation improved rapidly.

"That, that's the core of the realm!"

"Damn it, this person actually has a realm core!"

Only then did the three slaughter generals of dark realm understand how well ye chen had hidden himself.

The netherworld core continued to channel energy into ye Chen's body. Suddenly, the netherworld energy rushed through all the meridians in his body. Now, it was time for ye chen to truly merge with the netherworld core!

Behind ye chen, the Grand apparition of the god of the underworld appeared. Its powerful aura instantly suppressed all the dark energy domains!

[Chapter 2394 The Blood Eye Heavenly Tribulation!](#)

The netherworld core of the dead gradually fused with ye Chen's primordial spirit. Ye chen had already sensed something, and the target of his senses was the netherworld.

In other words, the current ye chen was The Guardian god of the underworld, and the underworld could also provide ye chen with a powerful natural energy support.

"Ah!"

Ye chen roared. The force of nature poured into him. Ye chen had already reached the realm of ascending to heaven, which was the limit of the breakthrough. Once he entered the mighty dragon shows remorse, it would not be a good thing.

"All of you and the heavenly Tribulation will be destroyed!"

"You!"

The three great slaughter generals looked at the sky. Indeed, an unprecedented powerful Heavenly Tribulation power had appeared. It was the Golden immortal Heavenly Tribulation.

"It's actually the Golden immortal Heavenly Tribulation!"

The Evergreen Immortal King looked up at the sky with a shocked expression. The core power of the netherworld that ye chen had absorbed was too shocking. This was the power of creation, the power of nature.

Zila, Zila, Zila!

At this moment, in the sky, the power of the heavenly Tribulation was mixed together. The heavenly Tribulation was actually trembling. This was because the source of the heavenly Tribulation in the heaven realm was shocked by ye Chen's powerful talent and was in an unstable state. This naturally caused a great shock to the powerhouses in the heaven realm.

"Who is going through the Tribulation below? It actually caused such a terrifying tremor!"

"Reporting to the immortals! A heaven immortal is about to transcend his tribulation and become a golden immortal!"

"Celestial immortal, are you sure you're not mistaken?"

"I'm not mistaken, he's definitely a celestial immortal!"

"How is that possible?"

The high deity who was guarding the place of the heavenly Tribulation furrowed his brows and turned to enter the place of the heavenly Tribulation. He observed through the connection between the land of fireworks and the land of descent, hoping to find the reason.

Below them, the three great slaughter generals were hesitating. They did not know if they should continue to fight with ye chen. Although the three of them had absolute confidence, they were also afraid that ye Chen's talent was too strong and he would hurt them because he knew the heavenly Tribulation.

"How do we do it?"

The three of them looked at each other. The first killing general frowned slightly and revealed a ruthless expression.

"This is the leader's mission, kill without mercy!"

"Yes!"

The other two followed the first killing General's instructions and continued to improve their cultivation base. They were obviously going to use their ultimate skills against ye chen.

Ye chen did not care about the pressure of the heavenly Tribulation and the three great slaughter generals. Although the power of the heavenly Tribulation was so strong that even ordinary golden Immortals could not withstand it, he had no problem because the improvement of ye Chen's Foundation had surpassed the improvement of the heavenly Tribulation. It was really because of the netherworld core.

He had already begun to possess the body constitution of the God race, which was the foundation of the force of nature.

The reason why the God race was so powerful was because they created all living things and formed the most direct connection between themselves and all living things. This connection gave them unparalleled divine power.

And the source of this divine power was the power of nature.

"We can't let this kid pass the Tribulation. Otherwise, we'll be in even more trouble!"

"Boss, don't worry. We'll give him a quick death!"

"This time, I'll use the triple kill fusion to completely crush him!"

The three great slaughter generals released their power one after another. They wanted to combine their strongest killing Divine Art and, at the same time, coordinate with the heavenly Tribulation to kill with one strike!

After countless battles, the three-kill general had rich combat experience. He knew how to use the surroundings to achieve his goal. The heavenly Tribulation above was the easiest and best help for them.

"Boom boom boom!"

A sword appeared in the sky, and a bloody mark appeared on the blade.

The blood mark continued to change its form, and finally, it turned into the shape of an eye.

"Blood Eye Heavenly Tribulation!"

This time, even Immortal King evergreen was shocked. He didn't expect that someone in this world would experience such a terrifying Heavenly Tribulation when breaking through to the Golden immortal realm. One should know that this kind of Heavenly Tribulation could only be encountered when breaking through to the immortal Lord realm.

"Heavenly Emperor ye chen ..."

The Evergreen Immortal King began to wonder more and more. Ye chen might not have called himself the heavenly Emperor, but he really had too many connections with the heavenly Emperor.

If that was the case, then perhaps ye chen was the one he should submit to.

Of course, this was just a guess. The current ruler of the heaven realm was heavenly Emperor Long Ye. Without sufficient reason, the Evergreen Immortal King would never betray him!

With a thunderclap, the heavenly gate in the sky opened, and powerful divine lightning descended. The blood Eye sword was opened, and it was a sure-kill realm!

"Now is the time. The two of you, let's kill this kid together!"

"Yes, boss!"

The three great slaughter generals raised their dark energy to the strongest state. In an instant, a huge demonic claw appeared above their heads. The demonic claw shone with countless dark energy. It was terrifying, evil, dark, and indescribable.

"Hahahaha!"

The demonic claw actually began to laugh, as if it had fused into a new life form.

"Kill!"

The demon Claw shouted, and countless dark energy broke through any restrictions and rushed toward ye chen.

At the same time, divine lightning struck the heavenly gate.

Boom, boom, boom!

Below, the divine lightning struck ye Chen's body mercilessly, but ye chen remained unmoved like a mountain!

"Ha, this little damage is nothing. Come at me again!"

Ye Chen's heaven-defying arrogance locked onto the Blood Sword. In the sky, the blood Eye shone.

"Ye chen, you won't be able to be arrogant for long. Die!"

At the same time, the demon Claw of life reached out to grab ye chen. The Dragon Qi around ye Chen's body was completely destroyed by the demon Claw, turning into nothing.

"Hahahaha!"

The demon Claw laughed as if it was about to succeed. At the same time, the blood Eye sword light descended from the sky, aiming for ye Chen's head.

Facing a two-pronged attack, ye chen raised his right hand high.

"Ah!"

With a long shout, ye chen resisted the blood Eye sword gleam with one hand.

Zila, Zila, Zila!

The blood Eye sword gleam activated the power of the divine Thunder and combined it with his own might to suppress it. However, ye chen had activated the core of the netherworld, the power of nature, and it rebounded strongly.

Just as the two sides were in a stalemate, the demon Claw in front of them released dark energy spikes and madly charged forward.

Buzz, buzz, buzz!"

At this moment, a large mass of flesh appeared ten feet in front of ye chen, wriggling constantly. It was the Suan NI's third source of power.

The armored mountain peaks continued to grow, resisting the demonic claw in front of him.

"What is this?"

Two big eyes appeared on the demon Claw's palm, constantly looking at the armored mountain peak.

"This is the divine ability of the dark regions!"

Suddenly, the people from the dark regions saw the divine ability in front of them and were shocked. This was the divine ability of the source of the dark regions and ye chen was using it. What did this mean?

"This person is the ye chen from the annihilating RiverSource?"

"It seems like it's him!"

"I didn't expect him to not only kill the third-source, but also use its power!"

The people of the Dark regions were extremely shocked. However, it was a great taboo for a human to use the mystic arts of the dark regions. All of them revealed a ferocious expression.

"This person must die!"

Several powerhouses had their eyes on ye chen. In addition to the threat of the demon Claw, ye chen was in a very disadvantageous situation.

"Hahaha, very good. All of you, come at me together. This is the battle that I should be fighting!"

However, ye chen was not afraid at all and was still laughing. As the celestial Thearch's primordial spirit gradually awakened, the insufferably arrogant man who had fought to dominate the universe was gradually returning!

[Chapter 2395 Second Order Fusion Body!](#)

"Boom boom boom!"

Just as the powerhouses were hesitating, the blood eye in the sky opened. A Thunder sword came down with a loud bang. Its target was ye chen.

"Ah!"

Ye chen shouted angrily. The Mowu Emperor accepted the order and pointed the Dragon Spear at the sky.

Zila, Zila, Zila!

The power of the divine Thunder rushed out instantly and clashed with the light of the blood Eye.

For a moment, everyone's vision was in chaos. Light was shining in all directions, and they could not see what was going on. Then, the blood-red light dissipated. The Emperor stood in the void with his spear, fighting against the blood-eyed Heavenly Tribulation.

"Ha, ye chen, you can't hold on for long. The blood Eye Heavenly Tribulation is not guaranteed to succeed even for an overarching heaven Supreme celestial. You're dead this time!"

"With all of us here, do you still have a chance to pass the Tribulation?"

"Kill!"

The three great slaughter generals locked onto ye chen. This time, they were determined to use the blood Eye Heavenly Tribulation in the sky to kill ye chen.

"Very good, then let's all go!"

"You're looking for death!"

The three great slaughter generals used their magical powers again at the same time, and in the distance, the people from the dark regions were eyeing them covetously, ready to attack at any time.

Sin realm's members locked onto Dark Fire peak and prepared to attack.

"The Lord of all evil, the Dark Lord, the underworld King!"

Ye chen once again summoned his two great clones. The Lord of all evil held the celestial sword while the Dark Lord and the nether King held the wandering Dragon Sword. Both of them revealed themselves.

For a moment, ye Chen's three great clones appeared at the same time. One could imagine how much energy it took for him to appear. However, he was not afraid at all. His body did not even show any signs of collapsing. It was clear that the power of the netherworld core was far beyond everyone's imagination.

"Such a Foundation is unparalleled!"

Even Immortal King Chang Qing could not help but praise ye chen. How could a mere heaven immortal bear ye Chen's Foundation? even an immortal Lord could not possess such profound power.

"A sword that lights nineteen States of han!"

Ye chen was the first to attack. With a wave of the celestial Thearch sword, thousands of swords glowed!

"Whoosh, whoosh, Whoosh!"

Endless sword Qi rushed toward the three great killing generals. The three of them turned pale with fright. The power of ye Chen's sword Qi was more than ten times stronger than before. Moreover, it was just a casual swing. If he was serious, would it have a hundred times the effect?

Such a huge change made the three of them not dare to be careless.

"Three consecutive strikes!"

The three great slaughter generals looked at each other. Then, chains actually grew out of their backs. These chains were made of blood bones. When the three of them linked up, they could share their power for a certain period of time. The three great slaughter generals had fused together, and their power soared.

"Ye chen, come up!"

The three of them were now under the control of the first killing general. Their voices became extremely rough, and their powerful Qi swept across the surroundings.

"Oh ... Very good!"

Ye chen sneered. The immortal energy in his body surged like a tide, turning him into the ancient Celestial Emperor!

"In the eyes of this Emperor, all living things sink!"

His ancient God Power surged through his eight extraordinary meridians, and his entire body was covered in ancient God dragon scale armor. With the celestial Emperor sword in his hand, the ancient Celestial Emperor was unparalleled in might!

"The heavenly Emperor ordered the heavenly Sword of mayfly to break!"

The eye of heavenly Dao between ye Chen's brows opened. With the boost of the heavenly sword's might, he attacked with the strongest move of the heavenly Emperor token.

"Phew, phew, phew!"

Endless sword Qi was infused into the heavenly Sword. This sword was the heavenly Emperor's order. This sword was the essence of all the swords.

"Kill!"

The three great slaughter generals fused into one body and used their unique moves as they madly charged over.

"Swish!"

With a loud explosion, the power of both sides clashed, forming a stalemate.

"You can't resist our fusion power!"

"Your horizons are too narrow. Now, I'll open your eyes!"

Ye chen circulated his ancient God Power and took a powerful step forward.

"Boom boom boom!"

Under the powerful pressure, the three slaughter generals "fused body actually retreated. This scene made everyone tremble in fear.

"This person is actually this strong?"

"The fusion of the three slaughter generals is definitely stronger than an immortal Lord. How could they lose to ye chen in terms of absolute strength?"

"This is too exaggerated!"

The heaven realm's powerhouses revealed shocked expressions. Ye Chenxian was so powerful. What kind of person was he?

Upon seeing this, celestial master Tian Wu lowered his head in shame. He finally understood that he was considered a powerful existence among the celestial Masters but he was overestimating himself when facing ye chen. If ye chen had wanted to kill him just now, it would have been as easy as turning over his hand!

By saying that, ye chen had spared his life instead!

However, the people from the sin realm and the dark regions of the Asura world also made their moves.

"The power of sin!"

"The power of evil source!"

The people from the two great domains released the origin power of their domains one after another, trying to take advantage of ye Chen's crisis to kill him.

However, just as they were about to make their move, the Dark Lord and the Lord of all evil stood in front of them.

"Have you all forgotten us?"

"Hahaha, a bunch of trash, die!"

The two avatars were filled with killing intent, and their killing moves were merciless!

The people from the dark domain and the dark regions gritted their teeth. However, it was extremely difficult to break through the two great clones. By then, the opportunity would have been lost and it would be impossible to kill ye chen.

On the main battlefield, ye chen continued to advance. The three slaughter generals' fused bodies kept retreating but there was still no way to retreat!

"Hateful!"

The three great slaughter generals felt as if they had lost all their face. They had never thought that a puny heaven immortal would actually have such power.

"Ah!"

They had fused with the origin Energy of the hidden domain and vowed to fight back.

"Dark Zone spinning top black killing seal!"

"Zi Zi Zi!"

Black killing dharmic seals appeared on the foreheads of the three of them. Then, the three dharmic seals flickered with light at the same time and connected with each other. The three of them actually officially merged into one!

Their true bodies disappeared, and their type 2 fusion bodies appeared in the sky.

"Hahaha!"

Above the dark clouds, the fusion body laughed wildly and descended!

Boom, boom, boom!

As soon as he landed, the area within a thousand miles collapsed. Such power could kill a heavenly immortal in seconds!

"Ye chen, you've finally seen our true power. Now, I'll grant you the true, glorious death!"

The second-rank fusion body extended its sharp claws. As it waved, the laws of darkness surged out, and the surrounding space rapidly darkened. The domain expanded so quickly that it didn't even take the blink of an eye.

Even the Evergreen Immortal King had a look of trepidation on his face. Right now, the strength of his fused body was comparable to a peak-stage immortal Lord.

"Very good!"

The ancient Celestial Emperor revealed the coldest gaze. Following that, the Dragon scales on his body stood up. Waves of ancient God Power turned into the most violent energy body and filled his meridians. Then, the legend of doomsday appeared in his hand!

"Let's end the blood Eye Heavenly Tribulation first!"

A pair of blood-colored skeletal wings appeared on ye Chen's back. Then, he flew into the sky and headed straight for the heavenly gate.

"Zi Zi Zi!"

The blood Eye opened, and the Blood Sword slashed!

In the heavenly gate, endless power gathered. The sword of the heavenly Tribulation descended!

"Doomsday slash!"

Ye chen wielded the myth of doomsday. The ancient divine power transformed into eight Dragons that swirled around the divine sword and slashed out.

The powerful energy transformed into a sword ray, and the sword split the sky!

"Zi Zi Zi!"

At the same time, the most powerful sword attack formed by the blood Eye Heavenly Tribulation descended!

"Waa!"

Many powerhouses could not help but cry out. This was a tribulation that only allheaven Supreme Immortals could encounter when they were transcending their tribulation. Now, they were about to have a final battle with ye chen!

[Chapter 2396 Golden Immortal Realm!](#)

"Ah!"

As the ancient Celestial Emperor suddenly slashed, the doomsday myth released a top blood-colored sword light. It was a blood-colored light that was even more terrifying than the light of the blood Eye. With a shocking explosion, the blood light turned into a sea of blood, and everything around it entered the blood-colored curtain.

Under the blood Moon, a man holding the doomsday myth was seen. He was like a god of doomsday. It was truly the brilliant golden immortal ye chen!

"Zi Zi Zi!"

The Golden immortal heavenly sect had appeared behind ye chen!

However, this was definitely not an ordinary person's golden immortal heavenly gate. This was something that surpassed it!

"The laws of this person's golden immortal heavenly gate are so powerful that we can't compare to them!"

"Yeah, it's simply too magical!"

In the heaven realm's Army, many peak golden Immortals revealed envious expressions. They had spent hundreds or even thousands of years to form the Golden immortal heavenly gate. They did not know how long they would need to cultivate before the heavenly gate could gradually perfect. However, ye Chen's golden immortal heavenly gate was the strongest when it was born, even surpassing the ordinary strongest!

The Golden immortal's light shone on ye Chen's body. The meridians in his body opened up, and an even more violent power burst out!

"The three great killing generals, now is our final battle!"

"You're looking for death!"

The second-rank fusion body thought that it was invincible. No matter who the opponent was, they would crush it.

"Black killing seal!"

"Zi Zi Zi!"

The fusion body's glabella emitted a light of dark energy. The dark killing seal turned into a Grand form in the air and aimed at ye chen.

"Kill!"

With a battle cry, the rank two fusion body unleashed its strongest attack.

"Hahahaha!"

Ye Chen, who was opposite him, showed no fear at all. In fact, he even looked at him with disdain, as if saying, 'you've held back for so long, and this is all you've got?'

"Celestial Emperor Imperial Dragon Spell, glorious Dragon soaring heaven sword, sweeping the world!"

"Zi Zi Zi!"

With a flash of light, Ye Chen's figure flew up rapidly. Then, with a loud bang, his sword swept in all directions. The power of the eight blood-red Dragons descended.

"Roar!"

The eight Dragons opened their blood eyes, and their endless power swept across thousands of miles. The space below collapsed, and all the killing moves, divine arts, and secret techniques were shattered!

Crack, crack, crack!

The ultimate killing move unleashed by a second stage fusion body was instantly shattered into dust, unable to cause any impact. On the other hand, Ye Chen's power of eight Dragons did not show any signs of weakening at all. It swept through the area with great force.

"Ah!"

The fused body let out a trembling sound as its entire body shattered!

However, after breaking through to the Golden immortal stage, Ye Chen's strength had advanced to an unimaginable level. If he continued to ascend, how strong would he be in the future?

Everyone was thinking about this question. Such a talented person was too terrifying!

"Who else is going to Dark Fire peak?"

Domineering words, cold aura, disdainful of the world's heroes, and proud laughter in the universe!

Behind them, Ye Wushuang, the Dark Lord, the Lord of all evil, and the Muma Emperor stood. The strength of Ye Chen's side was not something that any force would dare to underestimate.

"This ..."

Within the Army of the Heaven realm, all the experts turned their gazes onto the Evergreen Immortal King. The situation had already spiraled out of control.

"Ha, this kid is extraordinary. I have the intention to recruit him. What do you all think?"

The Evergreen Immortal King laughed to the other experts in the surroundings.

"Master Immortal King, this man is too arrogant to control. I'm afraid ..."

Someone raised an objection. After all, Ye Chen had already hurt someone from the Heaven realm. If they asked him to submit, it would damage the dignity of the Heaven realm.

"What's the point of saying so much? you can go and subdue celestial Lord Tian Wu!"

"Yes!"

Celestial master Tian Wu nodded slightly, then flew to ye chen.

"Fellow Daoist ye, why don't you submit to Immortal King Chang Qing and let your martial Dao prosper?"

"Hahaha! A defeated opponent dares to negotiate with me?"

Ye chen said with a smile.

"You!"

Celestial master Tian Wu was furious, but he held back his anger. After all, he had come here on a mission.

"Fellow cultivator, the celestial King is right there. You hurt people from the heaven realm, which is a capital crime. Now that the celestial King has shown you mercy, aren't you satisfied?"

"What a joke! I'm the master of the heaven realm, and you're all my subordinates. Now you want to subdue me, hahaha!"

"Juan Zi, do you know how big of a crime you've committed by speaking such arrogant words?"

"Eyeless man, I'm telling you, one day, I'll find my memories and take over the heaven realm again!"

"Al!"

Immortal Lord Tian Wu shook his head repeatedly before returning to the side of the Evergreen Immortal King.

"Is there a result?" The immortal King asked.

"You can't be taught! This person is too arrogant, calling himself the heavenly Emperor, the master of the heaven realm!"

"What?"

All the experts were furious. The heaven realm was an existence above the six realms, and a person from the lower realm actually called himself the master. Once the heavenly Emperor knew about this, wouldn't it ruin the great plan?

Everyone was waiting for the Evergreen Immortal King to make a move to subdue ye chen and then escort him to the heavenly Emperor for judgment.

However, the Evergreen Immortal King merely smiled and didn't reply.

The experts were all very curious. What did this mean?

"Ha, if this person surrendered on the spot, then I would have suspected that he was deliberately mystifying things, but he refused my invitation like this, so I actually look at him in a different light!"

"Celestial King, what do you mean? Do you really believe that this person is the reincarnation of the celestial Emperor?"

"Immortal King, although the legend of the reincarnation of the celestial Emperor has been spread in the heaven realm for a long time, Emperor Long Ye doesn't want people to mention it anymore. This is not a good thing!"

"Celestial King, please think twice!"

Everyone bowed and saluted, hoping that the Evergreen Immortal King would stop protecting ye chen. Even if he was a genius, he had broken the heavenly rules and must be punished.

"Your horizons are too narrow. This time, even if we have to watch from the sidelines, we can't hurt this person again!"

"This ... Yes!"

Since the celestial King had spoken, who would dare to disobey? Everyone looked on with folded arms, no longer targeting ye chen.

At this moment, a few dark shadows appeared in the sky and rushed toward Dark Fire peak at a shocking speed.

"This is ..."

The cultivators all looked horrified as they watched the shadow rush into dark Fire peak.

For a time, there was no sound, no change.

This situation made ye chen and the other powerhouses feel strange.

"Yuhan!"

Ye chen turned around and rushed toward Dark Fire peak to check out the situation.

At this moment, the wind and clouds in Dark Fire peak suddenly surged, and the boundless power of dark Fire burst out like a star exploding in the sky!

Boom, boom, boom!

The powerful shock wave made everyone realize that they were in the most dangerous situation.

With a wave of the Evergreen Immortal King's hand, a powerful barrier of Qi enveloped the experts of the heaven realm, allowing them to retreat safely.

However, the people from evil domain and sin domain weren't so lucky. The shock waves were too strong, and they couldn't resist them even if they were limited. Many of the experts in the team died on the spot, and only those at the pinnacle golden immortal stage and above could escape.

Ye chen also felt his body tremble and his meridians flow backward.

This kind of power was as if a Celestial King had made a move, insufferably arrogant!

"Zi Zi Zi!"

As a dark blood light shot up into the sky, the dark Fire Phoenix screeched and a seductive figure shot up into the nine Heavens.

"Hahaha!"

His laughter resounded for thousands of miles, disturbing people's minds. The experts only felt their hearts tremble uncontrollably!

[Chapter 2397 Shadow Realm!](#)

"Boom boom boom!"

Then, Dark Fire peak exploded, and several dark shadows flew out, emitting the power of dark Fire. They were all restricted by the goddess and had just broken free from the dark Fire seal.

"This woman is actually so powerful!"

"Unbelievable!"

The dark shadow experts communicated with each other, shocked by the strength of the Holy daughter.

"Yuhan!"

Ye chen called out to the Holy daughter in the sky.

On the dark Fire Phoenix's back, su Yuhan turned slightly to look at ye chen, leaving behind a devilish smile and then left.

Ye Chen's brows were tightly knitted. He was extremely sad. He could even feel that as he continued to absorb the power of the dark Fire, su Yuhan's transformation was accelerating. This was something he could not accept. This meant that the stronger su Yuhan became, the more she would lose herself!

The dark shadow experts looked at ye chen, seemingly sensing the unusual relationship between ye chen and the Holy daughter.

"Brat, Who are you? what's your relationship with the Holy daughter?"

One of the dark shadow experts asked.

"What does my identity have to do with you? If you continue to pursue the Holy daughter, I'll make sure your blood splatters for thousands of miles!"

Ye Chen's heart was in a mess. He vented all his anger on these dark shadow fighters, regardless of their background or how strong they were.

"You're looking for death!"

One of the dark shadow fighters was furious and wanted to attack ye chen but was stopped by the other dark shadow fighters.

"Ha, fellow Daoist, if you want to find the Holy daughter, I think you should cooperate with us,"

"Why would I work with you?"

"It's very simple. We, the shadow lineage, have a way to restore the Holy daughters!"

"What?"

Ye Chen's heart was filled with excitement. If this was true, he should cooperate with them.

Seeing ye Chen's expression, the dark shadow combatant was secretly pleased. As expected, ye Chen and the Holy maiden had an inseparable relationship.

"May I know how to address you, fellow Daoist?"

"The heavenly Emperor ye Chen!"

Fellow Daoist ye, why don't you return to the Shadow Realm with us? We'll naturally tell you everything!"

"Alright, you'd better not deceive me. Otherwise, the Shadow Realm will definitely perish!"

"Don't worry, we're in a cooperative relationship!"

As he spoke, the dark shadow Warrior opened a door in the air and was about to bring ye Chen in.

"Stop!"

At this time, the experts of the heaven realm all made their moves, wanting to stop him.

"Ha, you dare to stop me? Go!"

As he spoke, one of the dark shadow experts threw out a black feather. Then, the black feather continued to transform into countless black snowflakes, falling down.

"What is this?"

Someone from the heaven realm reached out to touch the dark snowflakes. The dark snowflakes instantly turned into black powder and stained the hand of the person who touched it. Then, the person's arm was carbonized and shattered.

"Ah!"

The expert howled in pain.

"Hateful!"

The heaven realm experts wanted to kill the Shadow Realm experts, but the snowflakes were all coming towards them. They didn't have any space to attack.

Upon seeing this, the Evergreen Immortal King waved his hand, releasing a white-colored immortal energy that instantly destroyed the black snowflakes in front of him.

"Hahaha, evergreen Immortal King, let's go!"

The dark shadow combatant smiled and jumped into the spatial gate with ye Chen.

"Celestial King!"

All the experts came to the front of the immortal King one after another, all of them very unconvinced.

"Where did these people come from?" An expert asked.

"The Shura world and the Shadow Realm!"

"Shadow Realm. I've never heard of it before!"

"The Shadow Realm is a very mysterious existence in the Shura world. They believe in the dark Flame goddess!"

The experts were all shocked. They didn't expect that there would be such a strange race in the Asura world.

Metal entered the spatial door. Ye chen sensed the spatial energy around him and found that this spatial energy was completely different from the heaven realm. This was a power belonging to a special realm.

Finally, behind the dimension door was a huge rock platform, like a huge man-made cliff.

It was dark all around him. He looked up at the sky, but there was no sunlight. This was an underground world, and there was only endless darkness above, like an abyss.

On the stone platform, there were a few people in white robes. They seemed to be priests.

At the center of the platform, there was a device that looked like an altar. It was huge and had the shape of a small hill. Inside, it emitted light like Starlight and was constantly operating like a reactor.

"Fellow Daoist ye, please!"

The dark shadow powerhouse made an inviting gesture and made way for ye chen.

Since the other party had said that there was a way to help su Yuhan recover, ye chen would not overthink it even if it was risky.

"Alright," he said.

Ye chen walked in the direction the dark shadow combatant had pointed.

A thousand feet ahead, a Grand dark gate appeared. It was the gate of the Shadow Realm's King's area.

At this moment, the three shadow powerhouses revealed their true faces.

One of them was an old man, the one who had guided ye chen.

"Fellow Daoist ye, this is the Shadow Realm. After entering the gate in front, you'll be in the king's region of the Shadow Realm."

"Yes."

Ye chen responded slightly and continued to move forward.

When he arrived at the gate, the old man hit a spot on the side with his palm. His palm print was engraved on the rock. Then, a dark light was emitted, and the entire gate began to open slowly as if it had received an order.

After entering the gate, a square appeared in front of them. There were several roads leading in different directions.

"The third king of the Temple of Shadows wants to see you. Fellow Daoist ye, this way please!"

As he spoke, the old man pointed at a path.

"Alright!"

Ye chen also wanted to see what the experts of the Shadow Realm were like and what their purpose was. This was his primary task.

Following that, the dark shadow elder followed the king's path and entered a Grand Hall. This was the third King's Hall.

"In front is my King's main hall, please!"

The old man pointed the way again. Ye chen walked quickly toward the main hall.

When they arrived at the front of the hall, two tall guards stepped forward. These two had the appearance of minotaurs. They were fully armored and were at least ten meters tall. They were very majestic.

"Who are you?"

The two of them shouted at the same time, their auras suppressing.

Ye chen did not reply. Instead, he looked at the old man behind him.

"Ha, this is my King's distinguished guest!"

As he spoke, the old man released a beam of information light. After the two guards saw it, they nodded.

"Boom boom boom!"

The door to the main hall opened and ye chen followed the old man into the hall.

In the main hall, countless candlelights attracted ye Chen's attention. Darkness was the only color here. The dark space seemed to hide mystery and danger, making one's heart jump.

"An Ying elder!"

"The third king!"

The elder of the dark shadows bowed to the darkness ahead while ye chen stood in place, not moving at all.

"You must be fellow Daoist ye, right?"

"It's Ye chen. Who are you? tell me your purpose!"

Ye chen went straight to the point because he did not want to waste time.

"I am the third king of the Shadow Realm. I invited you here this time precisely because I hope to cooperate with you!"

"Cooperation?"

"That's right. You want to remove the Dark Flame curse on the void Spirit Holy maiden, right?"

[Chapter 2398 2403-Battle Between Kings!](#)

"Tell me your method!" Ye chen asked.

"Don't worry. Before we work together, you need to complete a mission from the third Hall!"

"What?" When ye chen heard this, his expression turned cold. He had come here to find a way to dispel the curse. He did not expect the other party to propose other conditions. This did not meet his expectations.

Of course, ye chen also understood that there was no such thing as a free lunch, so he did not explode.

The third king naturally saw through ye Chen's thoughts. He continued, "Fellow Daoist ye, this is a deal!"

"Hmph, I don't want to hear any more nonsense. State the conditions of the exchange immediately!"

"It's very simple. Help our third king Palace become the champion of this King Competition!"

"What?"

Ye chen had not expected the other party to make such a request. What was this so-called great Tournament of Kings?

Elder an Ying walked forward. "Fellow Daoist ye, the king's competition is a dance competition that our Shadow Realm holds once every hundred years. Becoming the champion will not only greatly increase one's reputation. One can also obtain a large number of precious rewards."

"However, there are strict requirements for the participants. They must be under five hundred years old to represent the king's palace. That's why I need fellow Daoist ye's help!"

"Ha, I understand!"

Ye chen sneered.

"It seems like the cultivators of the third king Palace under the age of five hundred are very weak!"

"Ha, smart!"

The third king nodded slightly, not hiding anything.

Ye chen looked at the third King's face. It looked very ordinary but there was an illusion in it. It was clear that this was not his real face.

The fact that the king's palace had spent so much effort to invite him from the heaven realm to participate in this competition meant that the outcome of this competition would have a huge impact. It was definitely not as easy as what the elder of the dark shadow had said.

However, ye chen did not care about this. What he wanted was the method to get rid of the curse.

"I can help you with this competition, but after the competition is over, no matter what the result is, tell me the method to dispel the curse immediately. If you agree, I will not go back on my word!"

"I'm afraid this won't do!"

Suddenly, the third King's eyes turned slightly cold.

"What?" At the same time, ye chen looked coldly at the third king. When the two kings looked at each other, the atmosphere instantly froze.

"If you can't help the third seat King win the championship, you won't get anything. This King is telling you that there will be a reward for every clear. These rewards will all belong to you, but the final reward will belong to this King!"

"Mm ..."

Ye chen pondered for a while. It seemed that the other party was not a simple character and would not take advantage of a loophole. He could only fight once. After all, ye chen was very confident in his own strength.

"Alright, it's a deal!"

"Very good. Fellow Daoist ye, it's all up to you this time!"

The third king smiled.

After that, the elder of shadows led ye chen out of the main hall and into a high-end side hall not far from the Royal Palace.

Here, ye chen was allowed to move freely within a certain range. If there was anything, he would inform the elder of the dark shadows. They would even provide various cultivation supplementary resources to ye chen, allowing him to improve his strength rapidly in a short time.

The third king summoned the dark shadow elder in the Royal Palace.

"Can he really do it?" The third king asked coldly.

"Reporting to my King, although this person only has the strength of a golden immortal, his talent and potential are astonishing. I can guarantee that he can definitely do it!"

"Hmph, you should understand the impact of this competition on the third Palace Lord. This is a life-and-death battle that is directly related to the leadership of the Shadow Realm. If we succeed, we will rise again. If we fail, we will die without a burial place!"

"My King, this old man is very clear about this, which is why he thought of this death-deciding plan. After all, the third Palace has suffered a great loss in terms of talent. Although the three to four hundred-year-old powerhouses have the strength of an allheaven Supreme immortal and are able to participate in the competition, it is impossible for them to make it to the end. You know the great potential of many of the young geniuses of the palace!"

"Hmm ... The third seat King's life is in the hands of an outsider. What a joke!"

"My King, I believe in my judgment. This man will not let my King down, because his obsession with the Holy daughter is no less than anyone else 's."

"Monitor this person. We can't let anything happen to him during this time!"

"Yes!"

Elder an Ying bowed slightly and then walked out of the hall.

Ye chen sat cross-legged in the side hall.

"Zi Zi Zi!"

At this moment, a spiritual light flew out from the sky sword. It was ye Wushuang.

"Master, this elder an Ying has evil intentions!"

He said.

"I'm very clear about this, but I don't have a choice right now. For Yuhan, I have to do this!"

"Yes!"

Ye Wushuang understood the stakes. Naturally, he didn't need to say anything more. Instead, he sat cross-legged and cultivated.

Looking at the cultivation resources on the ground around him, ye chen gave all of them to ye Wushuang.

"Take these resources and go to the room over there to cultivate!"

"Yes!"

Ye Wushuang took the resources and walked into the room next to him.

Ye chen looked out of the window. It was pitch black without a single ray of moonlight.

He used an eye technique, but it was actually very difficult for him to vomit out the dark night. This was not a simple dark night, but a natural barrier.

"Shadow Realm!"

Ye Chen's eyes narrowed, revealing a cold glint. Then, he meditated and entered cultivation.

He was going to use this precious time to completely awaken the second core in his body.

"Spiritual realm core, it's your turn now!"

Ye chen released the spirit realm core and placed it above his head. Then, he activated the celestial Emperor Imperial spirit technique and began the fusion.

Meanwhile, in the other royal palaces, the various Kings began to prepare for the Battle of Kings.

Within the eighth Palace.

"Father, I've received news that the third Palace has hired an outsider!"

"Hahaha, what a joke. There are still outsiders who can compare to our Shadow Realm in terms of nurturing talents? He's looking for death!"

The eighth King laughed.

"This person is only a golden immortal and a human. His talent is naturally limited. I don't understand what the third seat King's shadow elder is thinking!"

"Hui 'er, it's all up to you this time. Although your other brothers are quite powerful, they will still need you when they face the two strongest people from the first and second Palace!"

"Don't worry, father. After this period of dedicated cultivation, I've already broken through my own limits and am no weaker than those two!"

"The Battle of the Kings this time is not an ordinary battle. It's a battle of life and death to determine the leadership. Hui 'er, you can not underestimate your enemy!"

"Don't worry!"

"En!"

The eighth King nodded slightly, because he had already sensed that Murong Hui had broken through the limit of the high immortal realm and had the power of a Celestial King!

The next day, ye chen opened his eyes. After a night of cultivation, he was still unable to fully integrate the spirit realm core, which made him a little vexed.

"It seems like the cores of the spiritual realm and the celestial realm need more Tengen memories!"

[Chapter 2399 Shadow Arena!](#)

"Fellow Daoist ye!"

Just as ye chen walked out of the main hall, the elder of the dark shadows suddenly appeared as if he was monitoring him.

"Elder an Ying, what's the matter?"

Ye chen stretched out his arms, not paying much attention to the elder of shadows.

"Haha, fellow Daoist ye, my King treasures you very much. This black jade is very helpful for cultivation. Please accept it!"

"Oh?"

Ye chen turned to look at the black jade. Waves of powerful laws circulated within it. These laws were clearly very beneficial in the shaping and development of meridians.

"Many thanks to the third king!"

As soon as he received the black jade, waves of power of law tried to invade ye Chen's body. However, the ancient divine power in ye Chen's body suddenly trembled and the power of law retreated.

It could be seen that although this black jade was a treasure, there were many mechanisms within it!

"Nothing else?"

"Ha, that's good. Fellow Daoist ye, please cultivate on your own!"

Elder an Ying turned around and left, frowning slightly. He had already sensed that the black jade Law that was trying to invade ye Chen's body had been blocked by ye chen. It should be known that these laws were forged by the combined efforts of the three elders. They were so powerful that even an overarching heavenly Supreme immortal could not resist them, let alone a golden immortal.

"Hmm...He's indeed difficult to deal with!"

He muttered to himself and left quickly.

Ye chen entered the main hall with the black jade and threw it out. It floated in the air.

"You actually want to use this kind of trick to frame me, what a joke!"

His eyes glowed with fire. Then, a small Qiankun furnace appeared in the air.

"Go!"

Ye chen pointed with his sword fingers. The black jade could not resist and could only fall into the furnace.

"Phew, phew, phew!"

As the heavenly Fire of the heaven and earth furnace burned, the evil thoughts within the black jade tried to resist. However, they were quickly destroyed by the furnace.

"Ah!"

A shrill ghostly cry rang out, and the evil thoughts were eliminated. The black jade returned to its pure form.

"Very good. I'll use you to help me subdue the spiritual realm core!"

The black jade in front of him was actually very useful. Ye chen knew this when he had come into contact with it. Now that he had removed the evil thoughts in it, he could use it freely.

Ye Chen's spiritual will moved and the black jade floated above his head.

"Zi Zi Zi!"

The black jade glowed with a dark light. Suddenly, waves of super-strong power of law poured into ye Chen's body.

As the law operated on its own, ye chen threw out the spirit realm core again.

"Zi Zi Zi!"

The power of the black jade and the power of the spiritual realm's core began to fuse. The material of the black jade was special, and it could actually be perfectly integrated into the spirit core.

"Celestial Emperor Imperial Spirit Art!"

Ye chen released the heavenly Emperor Imperial spirit technique. In this way, the core of the spirit realm formed an origin connection with him.

In an instant, ye chen felt as if his body had entered the entire spirit realm continent. He felt as if he was the entire spirit realm. This was the natural power of the Spirit realm.

"Ah!"

Finally, the core of understanding rushed into ye Chen's body. The powerful force of nature filled his entire body. Ye chen had just broken through to the Golden immortal stage but he could feel that his golden immortal Foundation had been instantly enriched.

Such an improvement was simply unheard of. This was the effect of the force of nature!

"How could they let me use such a treasure? it seems that they really want this Battle of the Kings. They only want to tamper with it and control my thoughts. It's a waste of effort!"

He also stood up. With the two great cores fused, he was now equivalent to The Guardian God of two continents.

He looked at the stone wall of the hall. There was a clock on it, which was the time of the competition. There were still thirty-six days!

During these thirty-six days, ye chen was thinking about how much more he could improve.

Judging from the attitudes of the shadow elder and the third king, the participants this time were all powerful cultivators. In order to win the championship, he couldn't afford any mishaps.

"Could there be an existence comparable to the celestial King?"

This was what ye chen was worried about. After all, immortal kings and cultivators below Immortal King were two completely different creatures.

This was what he had learned from the memories he had obtained from the heaven Yuan space.

After all, he had been a zenith heaven golden immortal of origin in his previous life, a Supreme existence!

If he wanted to deal with such a terrifying existence, his current strength was not enough!

Everyone from the other royal palaces was preparing for this great battle.

The Shadow Realm was ruled by the eight great Shadow Lords. All along, there had been conflicts between the various Lords, hindering the development of the Shadow Realm. This time, the eight great Lords had a discussion and used such a method to select a leader.

Elder an Ying and the others had gone to the dark sky World to look for the heaven's secrets banner in hopes of using its power to change the problem of the weaker younger generation in the third Palace.

They had not expected the Holy daughter's strength to exceed their imagination and was not something they could control at all. Therefore, they had settled for the second-best option and found ye chen, using conditions to achieve the same goal.

After entering the Shadow Realm, ye chen also felt that his cultivation body was being suppressed. If it was not for the effect of the divine energy in his body, the suppression might have been even more serious.

However, with the two cores in his body, ye Chen's strength had increased greatly. The environmental suppression of the Shadow Realm was gradually decreasing.

Now, the suppression was less than 20%!

For the next thirty-six days, the elder of the dark shadow granted ye Chen's every request. Using this condition, ye chen obtained many benefits and even obtained various excellent divine weapons. These were the conditions for his victory.

Finally, the competition was right in front of them.

"Fellow Daoist ye, this is the last treasure my King gave you. It can block any attack at a critical moment, but it can only be used once. You must use it well!"

"Oh, really? Ha!"

Ye chen chuckled and took a Wang Ling from the shadow elder's hand. He used his divine sense to sense the power within, but there was no reaction. It was clear that this was a secret of the Shadow Realm.

At this moment, two other people from the third Palace came up. They were two princes whose strength was close to that of a high immortal.

This kind of strength was considered an Almighty in the heaven realm and the six realms, but in the Shadow Realm, he could only be considered an ordinary expert in the younger generation.

They looked at ye chen and realized that he was only a golden immortal. They looked at him with disdain.

"I really don't know what's wrong with elder an Ying. Can he win with such a good?"

"It would be a miracle if he could win, sigh!"

The two princes were not optimistic about ye Chen's chances. After all, his cultivation base was too low. They were well aware that the first and second Palace had spread the news that their core candidate had already broken through to the peak of the high immortal realm.

Ye chen ignored the two's discussion. After all, he had come here with a purpose.

He followed the third Palace's team and arrived at the most central area of the Shadow Realm, the dark shadow square!

In this square, there was a Grand Arena. This arena had a radius of ten thousand miles. There were all kinds of nomological arrays densely arranged in it, and they were exquisite beyond compare.

At this moment, an old man walked onto the stage.

"Everyone, the Great War that will decide the future direction of the Shadow Realm will be today!"

[Chapter 2400 The Savage Dugu Li!](#)

This old man was an upper-level elder of the sacrificial Palace, which was behind the eight royal palaces. His name was Wu Chen, and he had a rather high status.

"Elder wuchen, we can't wait any longer!"

"We'll have fun this time!"

Below, many princes of the Royal Palace were restless. Fighting was the nature of the dark shadow Clan, and hunting was their only goal!

"Ha, princes, there's no need to be anxious. Soon, you will be able to display your skills in this arena and contribute to your own Royal Palace!"

"That's the best!"

The princes responded.

On the viewing platform, the teams from the eight seat Kings occupied eight of the main viewing spots. The other families were seated around them.

There were also many families and sects that did not have much status. They were on the remote peaks behind.

The great kings competition was the most glorious moment for the Shadow Realm. As long as one was an expert of the Shadow Realm, no one wanted to miss this moment!

"Fellow Daoist ye, this way please!"

The shadow elder led ye chen into the battle booth.

Ye chen glanced at the teams around him. Each team had three participants, the strongest of their respective royal palaces.

Ye chen could not obtain any useful information from sensing their auras. The experts of the Shadow Realm surprised ye chen.

"Everyone, we will now begin drawing lots for the competition. The eight seat Kings will fight in pairs."

As he spoke, elder wuchen looked at the eight great kings.

At this moment, the eight kings made their moves at the same time, and eight Jade tokens flew into the void.

These Jade tokens seemed to carry the divine sense of a King, and they actually began to fight.

Buzz, buzz, buzz!"

The confrontation between the Jade tokens was very intense, like a chaotic battle between experts.

This was the tradition of the Shadow Realm. Anything was decided by the strong. Battle was the principle!

The Jade tokens collided with each other, and the Qi swept across with extraordinary power.

They seemed to be looking for suitable opponents, and many of the strong were competing with the weak. The Jade tokens of the weak were like prey, and the Jade tokens of the strong were like hunters, chasing the deer.

Ye chen saw that several Jade tokens were fighting for the third seat King's Jade token. It was obvious that they were at a disadvantage among the eight great seat Kings.

Ye chen did not care about this. In any case, if he wanted to be the champion, he would have to fight it out in the end.

Buzz, buzz, buzz!"

In the end, the battle for the Jade tokens was over. Ye Chen's third seat King was up against the second seat King.

"Ha ha ha, I didn't expect that the third seat King would go up against the second seat King. This is interesting!"

"The second seat King is a popular candidate for the championship, while the third seat King is a popular candidate for the last place. Ha ha ha!"

"Let's just see how badly they'll die!"

As soon as the results were out, many experts started to ridicule the third seat King. In their eyes, the participants from the third seat King were already dead. After all, the princes from the second seat King were all extremely brutal.

"Hmph! It's all because of this jinx that brought us bad luck!"

"Let's send the second Palace Lord to his death first!"

The two princes were pointing at ye chen, even cursing him.

"If you two want to live, shut up!"

Suddenly, ye chen turned to look at the two men. An invisible killing intent flashed in his eyes, instantly freezing the entire space. The two men's hearts trembled in fear. They had not expected ye Chen's eyes to be so terrifying.

"Hmph, don't scare us. It's useless. We're going to die anyway!"

"We're all princes. Who Do You Think You Are?"

The two of them were intimidated by ye chen and felt depressed. They wanted to use their status to suppress ye chen but ye chen was not afraid of this at all. He even realized that the elder of the dark shadow had called him here because the princes of the Royal Palace were too weak. It was clear that he had no expectations of these princes and third-ranked Kings. Their lives were naturally not important.

"Shut up!"

A murderous wind instantly enveloped the two princes. They only felt a chill on their backs and almost fell to the ground.

"You, you!"

The two of them did not dare to say anything else. They seemed to have really felt that they would die at ye Chen's hands. This kind of mental horror made them not dare to continue fighting with ye chen.

This was a part of ye Chen's mental cultivation. His current mental pressure could even cause confusion in the other party's mind and lead to immediate death.

"Everyone, the result has been revealed. Now, let's invite the first Palace Lord to make his appearance!"

"Good, good!"

As soon as the first Palace's Prince went on stage, the audience was instantly in an uproar. Many powerhouses cheered.

There was no doubt that the first Palace was the most powerful Palace. All three of their princes were comparable to immortal Lords. There were even rumors that the eldest Prince had the strength to fight against immortal kings. However, no one had been able to verify this.

"Hmph!"

The three princes went up the stage and looked at the powerhouses from the fifth Palace who were trembling in fear. There was a hint of disdain on their faces.

"Third brother, I'll leave these pieces of trash to you!"

The first Prince of the first Palace, dugu Chen, said.

"Yes, big brother!"

The third Prince, dugu li, stepped forward and sneered at the three people in front of him, exuding a murderous aura.

The other party was the fifth Palace Lord. Among the many Palace Lords, his strength could only be considered to be below average. He had no hope of winning against the first Palace Lord. They all revealed looks of despair.

"Who's going first?"

Dugu li hooked his finger at the three of them and made a mocking gesture.

"Hmph, the fifth Palace Lord is not someone to be bullied!"

At this moment, one of the princes walked out. He was a peak overarching heavenly Supreme celestial with extraordinary battle prowess.

"Oh, very good. I thought you were all going to kneel and beg for mercy, hahaha!"

Dugu li sneered, infuriating the Prince.

"Dugu Li, you deserve to die!"

The fourth prince of the fifth Palace, Zhang Fei, flew out and brandished his sharp claws toward dugu li.

"With such ability, you still rush out to battle. Laughable!"

Such sharp claws were powerful enough to kill a golden immortal, but dugu li didn't care.

Buzz, buzz, buzz!"

Zhang Fei's three consecutive moves were all blocked, and the powerful force even sent Zhang Fei flying in pain.

"Ah!"

He spat out a mouthful of blood. Zhang Fei was considered the strongest among the three of them, but he was instantly defeated by dugu li and was severely injured. The difference in strength was self-evident.

"Alright!"

The experts from the first Palace cheered and cheered for the third Prince, dugu li.

Dugu li had become famous after that battle, and his momentum had increased.

Moreover, the dugu family had the more powerful and mysterious dugu Chen and dugu Yi. Many experts felt that the first Palace Lord was determined to win this time.

"We admit defeat!"

Seeing Zhang Fei being severely injured by dugu li, the other two immediately knelt on the ground and admitted defeat.

"Hahaha!"

Dugu Li's laughter shook the heavens. He hadn't had enough fun yet, and he had actually admitted defeat?

He slowly walked in front of the two ginsengs and smiled at them. The two of them bowed in greeting.

"I haven't played enough yet. Do you dare to admit defeat?"

"You, what do you mean?"

"What do you mean? hehe!"

Dugu Li's expression changed. Instantly, he activated his sharp palm. The two of them felt their bodies shatter as they were sent flying in front of the fifth Palace's Gate. Such humiliation was shocking!
