

Genius 2401

[Chapter 2401 2406-Be An Unknown Ghost!](#)

"Father, father!"

In front of the fifth Palace's camp, the two princes were prostrating on the ground and barking like dead dogs. Their miserable state made the powerhouses of the fifth Palace shake their heads.

"Dugu li, how dare you humiliate the fifth seat King!"

At this moment, a person from the fifth seat King jumped out and locked his cold eyes on dugu li.

He was the head of the Guardians of the fifth Palace, Zhang Zhong!

Zhang Zhong had a cultivation base of ten thousand years and was an expert comparable to a high immortal. He couldn't help but be angry at dugu Li's arrogant provocation.

"Ha, Zhang Zhong, your Prince can't do it. You go?"

He didn't expect dugu li to be so arrogant as to provoke Zhang Zhong.

Such an action had completely enraged the people of the fifth Palace.

"Dugu Li, you're courting death!"

Zhang Zhong's eyes were cold and sharp as he went straight for dugu li. Ye chen was slightly surprised by his behavior.

After all, dugu li was still in the arena. Wasn't targeting him a violation of the rules?

However, no one actually stopped him.

"Come on, Zhang Zhong, let your master understand that even if you go, the result will be the same!"

"Laughable!"

Zhang Zhong was furious. He flew up to the arena and a long blade appeared in his hand, which he aimed at dugu li.

"Good!"

Two short blades appeared in dugu Li's hands as he moved.

Buzz, buzz, buzz!"

The short blade and the long knife collided in the sky, causing sparks to fly.

Ye chen could tell at a glance that the two divine weapons were of extremely high quality. They were both at the primordial chaos level.

Each collision was enough to destroy an area of the earth, but because the arena was made up of countless high-level laws, this power was greatly weakened.

"Hahaha!"

At this moment, the number one king laughed.

"Number one king, what are you laughing at?"

The fifth king asked.

"Fifth king, you're the head of the Guardians, but that's all you've got. You can't even compare to my third Prince!"

"Nonsense! Zhang Zhong's strength is comparable to a high immortal, and he has mastered countless divine abilities and secret techniques. His saber is extremely violent. I think you'd better ask your arrogant third Prince to stop, or else he'll die without a burial place!"

"Oh, really? If he's really that powerful, then I, the third Prince, deserve to die. What if it's the opposite? That Zhang Zhong will not Live!"

"You!"

The fifth king furrowed his brows. He was furious. However, the first Palace was too powerful. Moreover, the strength of the first king was unfathomable. He did not dare to act rashly and could only wait for the result of the challenge.

Ye chen looked at the battle platform. He was still aware that the rules of the Shadow Realm had changed in many ways. Only the strong could dictate.

As long as you were strong enough, no rules would restrict you!

Therefore, Shangwu was one of the greatest characteristics of the Shadow Realm.

"Although Zhang Zhong is overbearing, Dugu Li's advance and retreat are chaotic and unpredictable. The quality of the short blade is even better than the long blade."

Ye chen glanced at the battle and instantly saw the difference between the two.

"The long blade technique can destroy the world with lightning!"

"Hahaha, useless move!"

"Whoosh, whoosh, Whoosh!"

Dugu Li's body was like an illusion, and there was no order to speak of. The long blade technique was actually unable to hit its target. As such, not only was Zhang Zhong's effort in vain, but he had also lost his target.

"Zhang Zhong, I've already taken your life!"

"Bastard, nonsense!"

Although Zhang Zhong was still holding on, he had already sensed that danger was approaching. He had never expected that the third Prince of the first Palace would be so powerful. He actually felt a trace of fear.

"Zhang Zhong, your fear is my best dessert!"

"Kill!"

Zhang Zhongren couldn't stand such humiliation. He waved his long saber and broke through his limits.

"Long blade technique, power to split heaven and earth!"

He really wanted to use his powerful Foundation to completely crush the earth before him and force Dugu Li to reveal himself. However, he had never expected that the moment Dugu Li revealed himself would be the moment he died!

"Boom boom boom!"

The earth trembled, and the boundless power shattered everything.

Dugu Li had finally revealed himself. His appearance had given Zhang Zhong a glimmer of hope.

"Sharp blade cut!"

Just as Zhang Zhong was about to counterattack, Dugu Li struck first, and his sharp blade flew around without even blinking.

Buzz, buzz, buzz!"

Where the blade passed, blood spurted out.

The cold blade was merciless, and blood spurted out of Zhang Zhong's throat. His body was gradually unable to hold on.

"Zhang Zhong!"

The fifth king was shocked. He didn't expect Dugu Li to be so powerful that he would disregard his face and kill Zhang Zhong.

"Giggle!"

Dugu Li laughed coldly after killing Zhang Zhong.

"Alright!"

Dugu Li turned around and bowed to his father, accepting the praise.

Then, the first Palace Lord's reputation soared and he continued to suppress the fifth Palace Lord.

In addition to the failure of the three princes of the fifth Palace, they had completely fallen into oblivion. The fifth king could not even lift his head.

"Hahaha, since the result is out, the first Palace Lord has won!"

Elder Wuchen stepped forward and announced to the crowd with a smile.

"The next match, the second seat King versus the third seat King!"

As soon as these words were spoken, everyone's attention was immediately focused on the third seat King. This was because the third seat King was famous for his 'if', while the second seat King had the potential to compete for the championship.

Many powerhouses placed their bets and believed that the third seat King would be defeated by the second seat King in an instant, just like the fifth seat King.

"Fellow Daoist ye, it's up to you whether the Holy daughter can lift the curse!"

Before he left, the elder of the dark shadows revealed a meaningful smile. He was clearly reminding ye chen that if he did not put in his best effort, they would not tell him the way to help su Yuhan escape from the control of the dark Fire.

"Don't worry. I'll keep my promise, but I hope you'll do the same!"

"Naturally!"

Elder an Ying bowed slightly and revealed a smile.

The two princes were right behind ye chen and did not dare to step forward. Their thoughts were simple. Even if they had to throw their lives away, they would let ye chen go and then they would surrender.

This way, he could at least save his life.

"This arrogant person will definitely die quickly. Let's not go!"

"Don't worry, I'll definitely cooperate with big brother!"

The two princes had already made up their minds. They even thought of using the Prince's communication from across the river to kill ye chen together. After all, they were on duty and had been intimidated by ye chen. They bore a grudge.

Ye chen had long since ignored their combat power and was fully prepared for a one-on-three battle, so their actions would not affect ye chen.

"Hahaha, you're the outsider who represents the third Palace?"

A Prince from the second Palace stepped forward and asked with a cold smile.

"That's me, heavenly Emperor ye chen!"

Ye chen replied firmly.

"Heavenly Emperor? Hahaha, even if the real celestial Thearch came, he would also die in the Shadow Realm, let alone you!"

The Prince said coldly.

"Report your name and then die!"

"What did you just say?"

"Then I'll be a nameless ghost!"

Ye Chen's eyes turned cold. He did not wait for elder wuchen's signal and attacked immediately. He had already seen through the so-called rules. There were no rules. The winner was King!

"Swish!"

A cold light flickered in his hand, and the immortal Flying Dagger drew a cold light and instantly rushed to the back of the Prince!

[Chapter 2402 2407-Complete Suppression!](#)

"Ah?"

At this moment, the Prince finally understood how terrifying ye Chen's strength was. He was no match for him at all.

But everything was over!

"Swish!"

With the sound of a blade cutting through the air, the Prince's head flew into the sky. No one had expected such a tragic and Swift outcome.

Ye chen, a golden immortal, was killed on the spot before anyone could react!

"What happened?"

"It can't be. The Prince of the second Palace was killed on the spot?"

"What's wrong with this kid? how can a human kid be so strong?"

All the experts in the stands were shocked.

They did not expect that a human brat could actually easily kill a person from the Shadow Realm.

"En!"

At the third Palace Lord's position, the third king nodded his head slightly and was overjoyed.

In reality, although he had given ye chen a lot of cultivation resources, he was still apprehensive. He could not determine ye Chen's true combat power. Now, he was in a much better mood.

Elder an Ying smiled. He was very confident in his judgment.

"You dare to kill the people of the second Palace?"

"Xiao Qing!"

The third Prince of the second Royal Palace, Shao Yu, looked at Xiao Qing, who was lying on the ground, and shouted.

"On the battlefield, weapons have no eyes. He's asking for death!"

Ye chen said coldly.

"Damn it!"

Xiao Yu was furious and went straight for ye chen.

The second Palace Lord's blade techniques were the most exquisite. The third Prince, shawnwoo, had cultivated the Overlord blade technique. His attacks were as powerful as a ferocious Tiger that had descended from the mountain. He was unstoppable.

When the third Prince made his move, the powerhouses were all shocked. They all thought that ye chen had caused big trouble this time.

"This brat sneaked an attack and killed Xiao Qing. That's the same as sending himself to the guillotine!"

"Hahaha! Shawnwoo's strength is comparable to an immortal Lord, while he's only a golden immortal. It's only natural that he's dead!"

"I didn't expect the second king to be so calm and not personally punish this person. After all, this person is an outsider. Even if he is punished, no one will say anything, right?"

On the grandstand, the experts discussed animatedly.

The person from the second Palace went up the stage and dragged Xiao Qing's corpse away.

Xiao Yu's tyrannical saber was in a chain, and the wind swept across three thousand miles. The saber radiance shook the nine states.

The violent saber ray shattered the laws of space. Instantly, countless spatial cyclones appeared around him. These cyclones were even controlled by his saber ray and attacked ye chen at the same time.

"You dare to attack me with such a useless move?"

"Ah?"

Upon hearing ye Chen's words, the powerhouses were shocked. In the face of such a violent saber technique, ye chen still had the heart to provoke?

He really didn't know what was good for him!

Many powerhouses believed that ye chen would pay for his actions.

"Immortal flying knife!"

Ye Chen's eyes were slightly cold. He stretched his arm forward and threw out the immortal slaying Flying Dagger. It flew in a strange trajectory between the opponent's saber ray and the cyclone. Such an exquisite attack route was admirable.

At this moment, many swordsmen saw the mystery.

"I didn't expect this kid's saber technique to be so powerful. Look at the path he's taking. It's an exquisite Divine Art that can only be used with precise judgment!"

"How is this possible? under shawnwoo's violent blade technique, even space will be shattered. No one can accurately predict it!"

"Yeah, in such a chaotic situation, even high immortal realm and above can't predict it!"

Many powerhouses could not understand how ye chen had predicted the path of his opponent's blade.

In truth, ye chen was using the eye of heavenly Dao. No information could escape the observation of the heavenly Dao eye technique.

Buzz, buzz, buzz!"

Then, blood spattered all over shawnwoo's body. It turned out that the immortal Flying Daggers not only accurately dodged his blade light, but also accurately struck, cutting the weakest part of his body.

These were the places where the armor was not well-protected and most likely would not be broken through.

"What?"

Shawnwoo was both shocked and furious. He was an expert comparable to a high immortal. How could he lose to a golden immortal? He might even be a human golden immortal!

"Thirteen violent blade forms, killing cleave!"

In his extreme anger, Xiao Yu did not care what kind of divine power ye chen used. He wanted to kill him completely.

The power of the violent blade was even more violent. The space in front of ye chen exploded rapidly as if there was no space behind for ye chen to counterattack.

Such a saber technique was meant to break ye Chen's previous attack.

"Whoosh, whoosh, Whoosh!"

At this moment, the immortal slaying Flying Dagger returned to ye Chen's hand.

"Ha, such an attack seems to be impeccable, but it's actually an idiot!"

"You're looking for death!"

Xiao Yu released his powerful Foundation and vowed to kill ye chen on the spot to avenge Xiao Qing!

"Dragon Spear!"

Since his opponent's net of blades was an endless attack, ye chen naturally thought of a single point breakthrough!

The Dragon Spear's powerful penetrative power was the best choice for a single point breakthrough!

"Nine refined divine spear, heaven-breaking strike!"

Ye Chen's eyes shone with a golden light. Suddenly, the Dragon Spear reappeared in the Thunder God form. Powerful Thunder God energy was infused into the spear. Then, ye chen stomped on the ground.

Instantly, the ground was torn apart, and a chasm appeared!

Ye Chen's figure was like a shadow, instantly turning into space, impossible to grasp.

In that instant, shawnwoo felt like he had lost his target.

"Impossible! The second seat King has opened his eyes!"

Xiao Yu activated his pupillary abilities in an attempt to locate ye chen but he could not see ye Chen's figure no matter how hard he tried.

This was because ye chen was using the swift divine power of the heaven Origin space, the mystical Dragon Gale steps!

"Roar!"

Xiao Yu could only hear the terrifying Dragon's Roar and could not find ye chen. This situation put him in a dangerous situation and into a state of panic!

"Impossible, impossible!"

He still could not imagine that his second Palace's eye technique could not detect ye Chen's position!

Buzz, buzz, buzz!"

Suddenly, countless shadows appeared on the battlefield. They looked like ye chen, but none of them were ye Chen's real body. Shawnwoo could not control his saber ray and it exploded.

"Kill!"

"Kill!" With a shout, shawnwoo unleashed all his might. The entire space shook and shattered at that moment. He wanted to use the indiscriminate spherical shock explosion to force ye chen to appear or even kill him directly.

However, he was still too naive!

"Night Demon Armor!"

Ye chen released the night Demon Armor that had been modified by the darkness pool and netherworld energy. With the support of the Dragon Qi, it was as solid as metal.

Buzz, buzz, buzz!"

The blade aura struck the night Demon Armor, but it did not cause any damage. It was just like scratching an itch!

"Shawnwoo, this Emperor is here!"

"Damn it!"

At this moment, shawnwoo was completely lost. He did not know ye Chen's position at all. At the same time, he did not know how ye chen would attack. All he could do was blindly wave his long sword. Such a defensive posture placed him in an absolute passive position.

"Nine refined God spear, bi an spear, strikes like a dragon!"

"Whoosh, whoosh, Whoosh!"

The Spear's radiance was boundless, and the silver Dragon turned over!

In an instant, shawnwoo felt as if his entire body was being attacked by countless spear lights. He was simply unable to defend against them. This was an attack that had no weakness.

Buzz, buzz, buzz!"

In the blink of an eye, shawnwoo's entire body was bleeding. Under the law of extreme penetration, his armor was like a decoration!

[Chapter 2403 The Strongest Person From The Second Palace!](#)

"Ah!"

Shawnwoo let out a blood-curdling screech as his entire body was pierced by the Dragon Spear, blood splattering everywhere!

"Shaoyu!"

At this time, the second Prince, Xiao Yun, who was the second Palace's strongest, could not stand it anymore. He flew out and struck with his palm. The universe shook and ye Chen's fatal spear ray was instantly shattered.

Ye chen glanced at Xiao Yun and immediately realized that this person's strength was far above Xiao Qing and Xiao Yu. They could not be mentioned in the same breath.

"Second brother!"

Shaoyu's entire body was bleeding, and he couldn't even see what was in front of him.

"How are you?"

"I'm fine, I'll be fine after regulating my breathing!"

Shawnwoo sat cross-legged and circulated the mental cultivation technique of the second Royal Palace to regulate his breathing.

Xiao Yun stood in front of him and looked at ye chen.

"Ye chen, you dared to hurt two of my brothers in a row. You must be aware of your situation!"

"Ha, Xiao Yun, what I'm doing is only to adapt to the rules of your Shadow Realm. On the battlefield, killing is merciless. Only in this way can you trash increase your strength!"

"What did you just say?"

Ye Chen's overbearing words were even more arrogant than those of the Shadow Realm. Where did such shocking confidence come from?

All the experts revealed expressions of interest. There was actually someone who would speak to the second Prince of the second Palace in such a manner. This was simply novel.

"Hahaha, the second Prince of the second Royal Palace, Xiao Yun, is one of the unparalleled geniuses of the Shadow Realm. There are also times when he is humiliated like this. This is too interesting!"

"This time, Xiao Yun probably won't show any mercy."

"That's natural! Although ye Chen's background is mysterious and his strength is extraordinary, he'll know how shallow he is when he's up against Xiao Yun!"

"Then die!"

All the experts were, after all, people of the Shadow Realm. Xiao Qing and Xiao Yu had lost too quickly, and it was too embarrassing. They also wanted to see Xiao Yun rectify the name of the Shadow Realm!

On the grandstand, the infighting was equally intense!

"The second king, is this your strength? Hahaha, I'll just send you off with these borrowed soldiers!"

The third king laughed.

The second seat King and the third seat King had not been on good terms for a long time. Although the second seat King had the advantage, the third seat King's strength was unfathomable. Hence, he was able to protect the third seat King. Otherwise, he would have been swallowed up long ago!

Now that the power struggle in the Shadow Realm had reached its most intense moment, the edge of the blade was revealed!

"Third King, don't you think it's too early for you to be happy?"

"What?"

"Can't you tell with your cultivation? My son Xiao Yun's strength is far above those two pieces of trash?"

"So what? I still have two princes under my command!"

"Hahaha, let's not talk about those two pieces of trash. Once ye chen dies, the third Palace Lord will be destroyed!"

"You!"

The two great kings went head to head with each other, not giving in to the other, their killing intent chilling!

However, all of this was useless. It still depended on the situation on the battlefield.

In the arena, Xiao Yun's cold eyes locked onto ye chen. This was a battle of life and death, a battle of honor. No one would take it lightly.

"Kill!"

Shao Yun flew out, a cold light sword appearing in his hand. This sword was shorter than the average sword, but the sword's trajectory was strange and difficult to distinguish. It was very special.

Buzz, buzz, buzz!"

After a few shots, ye chen felt a cold light flash in front of him. He could not see through it.

This situation made ye chen realize that the moment his opponent's sword was used, it actually carried some kind of domain power.

He didn't use his domain, but it appeared. How did he do it?

Ye chen also felt strange!

"Dragon Qi Shield!"

In this moment of crisis, ye chen activated his dragon energy shield and clashed with the domain power.

Soon, the power of the Dragon Qi Shield was severely weakened, and the cold light attacked ye chen.

"Hahaha, good!"

"What are you laughing at?"

"It's great to be able to learn new martial arts in this world!"

"That's it!"

Xiao Yun's viciousness exploded, he was going to die!

"Dragon Tooth fist: glorious hundred Dragons tearing the sky!"

Boom, boom, boom!

Ye chen used Dragon Fang fist again. The Dragon Qi in his body gushed out like a spring. His madness was equally shocking.

"Roar!"

The Dragon roars reverberated and the sky shook. The endless Dragon Qi resisted the attack of the cold light domain.

"Oh?"

Xiao Yun was slightly surprised. He didn't expect a human cultivator to be able to use Dragon Qi for defense.

"It's useless!"

"It's useless!" Xiao Yun spun his sword and instantly pierced through the Dragon Qi Shield, aiming for ye Chen's throat.

"What?"

Ye Chen's figure transformed in an attempt to avoid it, but the cold light had locked onto his energy and he could not avoid it.

"Hahaha, ye chen, let's have four!"

"You're so naive!"

At that moment, ye Chen's entire body erupted with ancient God Power. Ancient God undying body!

Buzz, buzz, buzz!"

The cold light rapidly stabbed into ye Chen's body, but the ancient God undying body was impregnable and could not harm him at all.

"What?"

This time, Xiao Yun was completely shocked. He thought that perhaps he shouldn't have looked down on this person from the start, which was why he had fallen into such a passive situation and was laughed at.

He was right. As the strongest Prince of the second Palace, he was still unable to take down ye chen. This was not an outcome that the experts of the Shadow Realm, or even the second Palace, wanted to see.

"Ha, this is the second Prince of the second Royal Palace?"

"I heard that he's already comparable to a peak-stage heavenly high immortal. I wonder if that's true?"

"Now it seems that it has an undeserved reputation!"

In the grandstand, the various experts started to mock him. This made the people from the second Palace unable to sit still.

"My King, this!"

The elder from the second Palace revealed a worried expression.

"Mm ..."

The second king also frowned.

"Shao Yun, what are you doing? kill this person immediately!"

"Don't embarrass the second Palace!"

"Kill him!"

Many of the second Palace's powerhouses stood up one after another, requesting Xiao Yun to take action.

"Hateful!"

Xiao Yun's eyes were filled with killing intent. Of course, he wanted to kill ye chen but ye Chen's ancient God undying body was truly troublesome.

"Hmph, don't force yourself. Xiao Yun, I'll give you one chance to kneel and admit defeat!"

In the distance, the corners of ye Chen's mouth curled up slightly, revealing a mocking smile. This made Xiao Yun even more unable to accept.

"You're looking for death!"

The cold light weapon in Shao Yun's hand once again released light. His figure changed and he was ready to kill.

"Good!"

The celestial Thearch sword appeared in ye Chen's hand.

"Celestial Thearch sword astral sword, human sword revolution!"

"Whoosh, whoosh, Whoosh!"

A strong wind blew, and the sword Qi turned into countless vortexes, instantly sealing the entire battlefield.

"What?"

Xiao Yun was prepared to launch a Swift attack. However, when he encountered such an obstacle, he lost his speed and was forced to retreat by the sword Qi cyclone. This result made the experts from the second Palace even more dissatisfied.

"What are you doing?"

Their faces were filled with anger, which increased the pressure on Xiao Yun.

"Ye chen, I'm going to kill you!"

Shao Yun lost his calm, and the divine weapon in his hand transformed into countless cold lights, instantly breaking through the man-sword revolving barrier.

"Oh?"

"Heavenly Emperor command: resplendent earth sword reverse slash!"

Ye chen used the earth sword's power again and the reverse cutting Qi locked onto Xiao Yun's true body.

Buzz, buzz, buzz!"

The sword Qi of the earth sword collided with each other. At the end of the cold light, it was indeed Xiao Yun's real body.

"Swish!"

In the end, the celestial Thearch sword and the cold light divine weapon were in a stalemate.

[Chapter 2404 The Tragedy Of The Ambusher!](#)

Buzz, buzz, buzz!"

The celestial Thearch sword and the cold light divine weapon clashed rapidly, filling the sky with sparks and dazzling light, intimidating all the experts.

Now, they finally understood that it was not because Xiao Yun was not strong, but because ye chen had surpassed his own realm!

"Kill!"

Xiao Yun was furious and killed three thousand people.

The second Royal Palace's powerful divine abilities were endless, but they could not break through the celestial Thearch sword net.

"Ha, Xiao Yun, that's all you've got?"

"Ye chen, I'll let you die!"

Xiao Yun was further enraged by ye Chen's continuous taunting.

However, his inability to break through ye Chen's net of swords made him even more anxious.

"Cold light!"

Suddenly, Xiao Yun released the ultimate assassination law, a cold light!

The surrounding temperature dropped rapidly. Ye chen felt his body freeze and the flow of all kinds of energy slowed down.

The power of this domain was so strong that it was beyond ye Chen's expectations.

"Oh?"

In the face of such a terrifying crisis, even the strongest person would only die. However, ye chen was a character who had seen everything. No matter what situation he encountered, his calmness and determination were unparalleled.

"Dragon Qi shakes the earth!"

,m Ye Chen's Dragon Qi exploded in an attempt to shake off the cold energy domain. However, he soon realized that even Dragon Qi could not operate in such a domain. It was a cold energy hell!

"Hahaha!"

Shao Yun laughed. Within his domain, no one could move freely, only death!

"Ye chen, aren't you very strong? Try to move now!"

"Ha, so what if I move!"

Ye chen sneered. He circulated all his ancient God Power into the waves, forcing the circulation speed of his senior-level meridians to increase. Waves of super-hot energy burst out, vowing to break through the surrounding cold hell.

"What?"

The continuous explosion of heat turned into crystals the moment it left the body. It could be seen that the strength of the law of cold in the outside world was far beyond imagination.

Ye chen had not expected this. The other party was indeed the strongest Prince of the second Palace!

"Your doomsday has arrived, ye chen!"

The cold weapon in Shao Yun's hand spun rapidly, and powerful law energy was injected into it. Then, the killing move appeared in front of him.

"Sure-kill technique, brilliant cold light!"

"Swish!"

It was the most deadly piercing light and the most terrifying divine power of judgment.

Under this attack, all the people of the Shadow Realm were excited. They wanted to see ye chen die!

On the third Palace's side, the experts became serious. Many of them did not know that Xiao Yun had actually mastered one of the second King's strongest domains, the cold aura. Within this domain, even a high immortal would be powerless, let alone a mere golden immortal!

"Elder an Ying, what should we do?"

The third king asked.

"This ... The news of Xiao Yun's cold light is too confidential. This subordinate did not find out!"

Elder an Ying revealed a helpless expression.

"Al, could this be the will of the heavens?"

The third king shook his head slightly. He knew very well that if ye chen failed, his two remaining sons would be meaningless. They could only surrender and save their lives!

On the battlefield, the two sons of the third king laughed coldly.

"Big brother, this person is only so-so, he will definitely die under the cold light!"

"Hmph, it's inevitable that they want to steal our limelight. As long as he dies, we will admit defeat!"

"Understood!"

The two princes had already made up their minds to wait for ye Chen's death.

In the center of the ring, ye Chen's eyes reflected the cold light that was coming at him.

"Swish!"

Just as the cold light was about to hit ye chen, suddenly, a Buddhist light shot up into the sky and thousands of Buddhist shadows appeared!

"Zi Zi Zi!"

Under the blazing light of Buddha, the Buddha Emperor's sacred tablet descended.

"Go to hell!"

Xiao Yun didn't care what was in front of him. He madly activated the power of the cold light, wanting to break through the Buddha light sacred tablet.

However, he didn't expect that the Buddha's light sacred tablet was one of the most mysterious Dharma artifacts in the Buddha realm and couldn't be destroyed!

Buzz, buzz, buzz!"

In the end, the cold ray and the Buddha Emperor sacred tablet were in a stalemate. This gave ye chen a lot of room to change his mind.

"Ancient God Power!"

Just as the sacred monument blocked the fatal blow, ye chen circulated his ancient divine power again.

"Swish!"

His divine thoughts moved, and the celestial Thearch sword appeared.

"Zi Zi Zi!"

Ye chen infused ancient divine power into the celestial Thearch sword. This was the moment for ye Chen's counterattack.

Even if Shao Yun wanted to leave, he couldn't. His cold light was absorbed by the sacred tablet, and he couldn't move.

"Hateful!"

Xiao Yun was furious and frantically tried to escape, but it was useless.

"Xiao Yun, you were too smart for your own good, now accept your own judgment!"

"Oh, really? Ye chen, you're too smart for your own good, hehehe!"

Just as ye chen was about to kill Xiao Yun with his sword, the other party revealed a sinister smile.

"Whoosh!"

A dark shadow suddenly attacked, a cold light flashed, and a sword pierced through his heart.

"Swish!"

On ye Chen's back, the cold air spread rapidly and rushed into ye Chen's meridians in an instant. Blood flowed out from the point of the blade.

"You!"

Ye Chen's brows furrowed and his dragon form was furious.

"Hehehe, ye chen, did you ever think it would be me!"

The crowd looked over and saw that it was Xiao Yu, who had been severely injured by ye chen earlier. He had finished teasing ye chen and had made his move at the most critical moment. The two princes from the third Palace had not come to his aid. Of course, their strength did not allow them to react in time!

However, they still looked shocked.

At the third Palace Lord's side, everyone shook their heads. They had thought that ye chen was going to turn the tables but he had still died at Xiao Yu's hands.

"Hahaha, the second Palace Lord is still the best!"

"Third seat King, just be a good-for-nothing Alliance. If you want to compete with us, you're simply dreaming!"

"The second Royal Palace is invincible!"

The second Palace's powerhouses shouted one after another to celebrate their victory.

It was as if everything was about to end, everyone thought so.

"Giggle!"

Suddenly, ye chen let out the most bizarre laugh and his eyes glowed with a dark blood-red light.

"What?"

Shao Yun and Shao Yu, who were in the middle of the battle, were stunned. They felt the most terrifying aura.

"Zi Zi Zi!"

At that moment, the Demon's Eye appeared between ye Chen's brows and the underworld core appeared in front of his chest.

The netherworld core spun rapidly, supplying energy like a heart. Then, the darkness pool behind ye Chen's body surged wildly like a demonic beast that devoured everything. It was insufferably arrogant!

"Roar!"

The dense dark matter instantly wrapped around shawnwoo's assassination divine weapon and then his arm.

"Ah, ah? What the hell is this?"

Shawnwoo let out a terrified cry. He felt his body being devoured mercilessly.

"Shaoyu!"

Shao Yun wanted to help, but he couldn't move. He was still being controlled by the power of the sacred tablet.

"Shaoyu, how do you feel now?"

Ye chen looked at him with a demonic and evil gaze.

"You, what have you done? let me go!"

"Despicable sneak attacker, you should pay the price for your actions!"

[Chapter 2405 Overbearing Devouring And Killing!](#)

"Ye chen, you dare touch me? you're looking for death! Can't you see that my Royal father and all the other experts are looking at you? you dare to touch me?"

Suddenly, a disdainful look appeared on shawnwoo's face as he threatened ye chen. However, he was still too young to understand ye Chen's style of doing things. No one could threaten the celestial Thearch!

"Ha, kid, you're too arrogant before the sky!"

The demon Eye between ye Chen's brows issued an order. The darkness pool instantly transformed into the most terrifying devouring mouth. The bloody sharp teeth bit down and Xiao Yun's entire head disappeared under everyone's watchful eyes!

"Ah?"

Such a terrifying scene instantly shocked everyone present. No matter which expert it was, they were all speechless.

"This kid!"

"This is too exaggerated. Although our dark shadow Clan advocates fighting, we've never seen anything like this!"

"He actually dared to do this to the Prince of the second Palace. He's courting death!"

The powerhouses were all worried for ye chen. Even if it was a normal martial arts battle, normal killing techniques were required. In fact, as outsiders, they should not have killed Xiaoyu. However, what they saw in front of them had completely shattered their inherent impression of ye chen. He was a ruthless man!

"You dare to kill him!"

Xiao Yun rebuked ye chen.

"I'm not only going to kill him, but you too!"

"What did you just say?"

"Hmph, you brothers will become the nourishment for the darkness pool to ascend!"

Ye chen had broken through to the Golden immortal stage and the darkness pool needed to ascend at the same time. The vitality of these two princes from the shadow Clan was the best supplement.

"Darkness pool, go!"

"Roar!"

The giant bloody mouth opened again, and the surrounding space instantly fell into darkness.

"Don't even think about it!"

Xiao Yun realized that his greatest danger was coming, and he released countless cold weapons, trying to break through.

Buzz, buzz, buzz!"

Although these divine weapons had caused quite a bit of trouble for the darkness pool, the darkness pool's powerful regenerative ability made the damage caused by these divine weapons appear weak.

"No!"

While screaming in fear, Shao Yun's body slowly merged into the darkness pool.

"Roar!"

Then, the darkness pool roared at the sky, and countless frosty Qi burst out. It had devoured the two brothers, shawncloud and shawnwoo, and now it had the power of their laws.

At the same time, their divine weapons were sent into the Qiankun furnace to be refined.

"Ah ... This!"

The two princes of the third Palace were trembling in fear. They had thought that ye chen would surrender after his death. Now that they saw how invincible ye chen was, they were terrified. They were afraid that a crazy person like ye chen would attack them!

"My two princes, how are you?"

Suddenly, ye chen turned to look at the two of them. The two of them trembled rapidly.

"Good, very good!"

"Congratulations on your victory, fellow Daoist ye!"

The two of them were trembling with fear. They no longer had the bearing of a Prince, but were completely servants.

However, the third king didn't care at all. What he wanted was victory.

"Alright!"

The third seat King cheered personally, while the second seat King was furious.

"Ye chen, how dare you treat two princes like this!"

"This is a disrespect to the third seat King!"

"Damn it!"

Many of the third Palace's powerhouses had broken the rules. They flew onto the stage and surrounded ye chen.

"What?"

Ye chen turned around and glared at them coldly, showing a hint of displeasure.

"Hmph, immediately kowtow and admit your mistake. Kill yourself. Otherwise, I'll make sure your bones are crushed!"

"Hurry up and do it!"

The two third Palace Lords shouted at ye chen.

Ye chen looked at elder Wu Chen beside him, but the other party turned a blind eye and even sneered. It was clear that he did not care on purpose.

"Are you all going to die too?"

Since that was the case, ye chen no longer held back and asked coldly.

"Arrogant!"

"Damn it!"

"What nonsense are you still talking about? kill him!"

The third Palace Lord's powerhouse could not wait any longer. He flew toward ye chen.

The corners of ye Chen's mouth curled into a smile. Then, the entire earth turned dark blood.

Crack, crack, crack!

Then, the earth cracked, and several tentacles emerged from it, all of which were evolved from the darkness pool.

Buzz, buzz, buzz!"

Immediately, the few experts who flew to Tathagata were tied up by the tentacles.

Buzz, buzz, buzz!"

In the blink of an eye, the tentacle began to emit a cold aura. This was created by Xiao Yun and Xiao Yu's laws.

Furthermore, after being modified by the darkness pool, the power of the frosty Qi was far greater than before.

"Ah!"

The bodies of several experts froze like bronze statues.

His entire body was covered in a layer of frost, and his pained expression completely froze. This terrifying scene made everyone tremble.

"That's too crazy!"

Many powerhouses shook their heads. Ye Chen's performance had far exceeded their expectations. Was this still the behavior and result of a foreigner? However, now, reality had told them that ye chen was the strongest in this battle.

Crack, crack, crack!

Then, their bodies were crushed by the tentacles and fell to the ground.

"The winner is king. This is the rule of your dark shadow Clan. What's wrong with my behavior?"

Ye chen looked at the second Palace Lord, facing the second king.

The second King's eyes were filled with killing intent. He had just received a direct challenge from a human golden immortal. What a disgrace this was! This meant that Ming Chao ang didn't take him seriously at all.

"Damn it!"

The second King's palm shot out toward ye chen.

"Boom boom boom!"

This attack was so powerful that it could instantly kill an overarching heavenly Supreme immortal.

"Swish!"

However, just as the palm print was about to reach ye chen, a palm from the third Palace Lord's side intercepted it.

"The second king, you're not taking this net seriously!"

The third king stood up and coldly looked at the second king.

"You!"

"How is it? Ye chen has already won. Your two sons are so useless that they even launched sneak attacks. It's only natural for them to die in such a way!"

"Bastard!"

"What?"

The third King's eyes turned cold. Instantly, a powerful aura swept out and pressed against the second Palace's formation. All the second Palace's experts revealed looks of fear. It was as if the third king could kill them all with a single thought.

"Look at the situation clearly. Otherwise, we'll lose everything!"

"Hmph!"

The second king could only swallow his anger.

"Ha, the third seat King wins this round!"

Seeing that the situation was settled, elder wuchen stood up and announced the result with a smile, as if the result was not shocking to him at all.

"Next round, the eighth seat King will fight against the fourth seat King!"

Then, he announced the name list for the next match.

The experts who were still in shock earlier perked up and looked at the battlefield.

The eighth seat King was extremely mysterious and there were many rumors about it. It would definitely attract a lot of attention.

The fourth Palace Lord was a veteran powerhouse. No one knew how they had developed. However, this battle was equally exciting.

"The number of people who kneel can be spared from death!"

Prince Xuanwei of the eighth seat King walked up and said with a cold smile.

[Chapter 2406 Second Round Of Opponents!](#)

"What did you just say?"

The third Prince of the fourth Palace came forward and scolded him angrily.

"Are you deaf? Kneel on the ground and admit defeat!"

Xuan Wei shouted again.

"Hahaha, you're looking for death!"

The third Prince of the fourth Palace was furious, and a longbow appeared in his hand.

"Ardent fire bow, bi an, three arrows, kill!"

The inferno bow was surrounded by flames. The power of the flames turned into three fire arrows and aimed at Xuan Wei.

"Hmph, a useless move!"

"Then let's see!"

The third Prince drew his fiery bow fully and vowed to prove his strength.

"Whoosh, whoosh, Whoosh!"

In the blink of an eye, three arrows were shot out, and the flames started to burn.

"Phew, phew, phew!"

In front of his eyes, the raging flames were devouring, opening a path for the three arrows. The power of the three arrows was constantly swallowing the sky, as if it was about to devour the profound might.

However, Xuan Wei wasn't afraid at all. He didn't even move his body. This was an extreme confidence in himself.

"Is there no problem with Xuan Wei?"

"I don't know, he's too domineering!"

The spectating experts asked in confusion. They all felt that Black Tortoise was too arrogant.

On the battlefield, the third Prince sneered. He shot three arrows at the same time. He would be courting death if he took them head-on.

This was because the fire Arrow's power was beyond the opponent's imagination. This was his real killing move.

Buzz, buzz, buzz!"

However, just when he thought that he would win, Xuan Wei made a quick move and caught the three arrows.

"What?"

The third Prince was shocked and couldn't believe it. No one could catch his rocket with their hands. What was going on?

Everyone was equally shocked. Upon a closer look, they saw that Xuan Wei was wearing a pair of gloves.

The glove was dark in color and was covered in a material similar to dragon scales. It looked extremely powerful and strange.

The fire arrows that could burn the earth were actually unable to harm Xuan Wei in the slightest in his gloves.

Everyone then understood that Xuan Wei's confidence was the reason why he had such a trump card.

"Ha, you want to defeat me with such an attack? you idiot!"

Xuan Wei sneered and then moved.

"What? Kill!"

The third Prince was shocked. He flew up and shot six arrows at the same time. He wanted to suppress the opponent with firepower and find another opportunity.

Buzz, buzz, buzz!"

However, Xuan Wei did the same thing. In the process of moving forward, he actually released the thousand Shadow Hand and caught all the arrows.

"The Dao of a man!"

After that, Xuan Wei shouted and threw out nine arrows.

"Whoosh, whoosh, Whoosh!"

The flame Arrow backfired on its master.

"Impossible!"

The third Prince wanted to fight back, but it was too late. The speed of the flame Arrow shot by the dark light gloves was not any slower than the flame bow. It was too terrifying.

Buzz, buzz, buzz!"

Immediately, the flame Arrows hit the third Prince one by one.

"Ah!"

The third Prince fell from the sky.

"Third brother!"

The other two princes of the fourth Palace came forward to catch him, but he was already on the verge of death due to the numerous Flame Arrows.

"Hahaha, I've said it before, you're going to kneel and beg for mercy!"

Xuan Wei said with a cold smile.

"Big brother is mighty!"

The other princes of the eighth Palace cheered for Xuan Wei one after another.

As for the fourth Palace Lord, he was in a crisis.

"You dared to hurt him to this extent. I'll take revenge for this humiliation!"

The first Prince of the fourth Royal Palace made his move. He was holding a demon-subduing pestle.

"Thirty-two devil-subduing secret techniques!"

The first Prince waved the demon subduing pestle and released the 32 demon subduing magical powers. Suddenly, the surrounding space was filled with phantoms. Countless demon subduing pestles were thrown into the sky, and countless phantoms held the demon subduing pestle and closed in step by step.

"Oh?"

Xuan Wei sneered slightly and lifted his dark light gloves slightly.

"Shadow ghostclaw!"

"Whoosh, whoosh, Whoosh!"

Xuan Wei's figure moved again. This time, his speed was even faster. The front of the dark light gloves actually extended sharp claws that were incomparably sharp.

In the blink of an eye, Xuan Wei waved his claws and clashed with the pestle.

Crack, crack, crack!

At the moment of collision, the demon-subduing pestle was shattered.

"Damn it!"

The first Prince's real body wielded the demon-subduing pestle and struck with the staff, trying to kill Xuan Wei.

Unfortunately, he still underestimated Xuan Wei's strength!

"Swish!"

The sharp claws actually grabbed the demon-subduing pestle. Then, the sharp claws rotated, and the demon-subduing pestle actually cracked.

"Impossible!"

The king trembled in fear. His heavenly weapon was a celestial Lord-level magical artifact. How could it fail in a confrontation?

However, the truth was right in front of his eyes. It was clear that the dark light gloves in Xuan Wei's hands were definitely top-grade heavenly weapons.

"Hahahaha!"

As he laughed, Xuan Wei's claws swirled around and destroyed everything. Soon, the demon subduing pestle was broken. The claws closed in on the king. As the king displayed its claws, it was bleeding all over and could not defend at all.

"Ah!"

The king let out a cry of pain as it retreated. However, it had already lost its divine weapon and was unable to resist.

"Big brother!"

"Save him!" The second Prince shouted and flew out to save the first Prince.

"You're looking for death!"

Xuan Wei's cold eyes were filled with killing intent. His body moved in a flash and his dark light claws swept across. The second Prince fell from the sky and his head was separated from his body.

"You!"

The first Prince was furious.

"Hahaha, this is the result of not surrendering!"

"Good, good, good!"

The eighth Palace's side cheered loudly. They did not care about the death of the fourth Palace's second Prince at all.

This made the experts of the fourth Palace extremely dissatisfied. However, this was how the dark shadow Clan fought. It was very difficult for them to interfere.

At that moment, only the heavily injured third Prince and the first Prince were left in the fourth Palace.

"I surrender!"

Xuan Wei issued another order.

"I'd rather die than surrender!"

"Then go to hell!"

Xuan Wei attacked again. His sharp claws carried the smell of blood, and it looked like he was about to behead the first Prince.

"Stop!"

Suddenly, the fourth king made his move and pushed back Xuan Wei with a palm.

"Hahaha, if the son can't do it, the Father will do it. I'm not afraid either!"

Xuan Wei's momentum was at its peak as he accepted any challenge.

The fourth king ignored him. As a King, he naturally would not argue with a Prince.

He flew out and left with the first Prince and the third Prince.

"Ha, in this case, the eighth seat King has won!"

Elder wuchen said with a smile.

"Hahahaha!"

The eighth King was extremely pleased with himself. As expected, his son would not let her down.

Ye chen glanced at Xuan Wei, his eyes fixed on the pair of gloves. The Darklight gloves contained many mysteries.

In the next round, the sixth seat King was up against the seventh seat King. The seventh seat King advanced with a crushing victory.

"The current victors are the first, third, eighth and seventh seat Kings!"

Elder wuchen announced the winner of the first round. The Royal Palace's camp was very excited. It was a great honor to be able to enter the second round of the Battle of the Kings.

"Now, we'll draw lots for the semi-finals!"

"Whoosh, whoosh, Whoosh!"

The four kings sent out their palm energy at the same time, entangling and fighting with each other.

In the end, the first Palace Lord was up against the seventh Palace Lord, while the third Palace Lord was up against the eighth Palace Lord!

Such a result piqued the interest of the experts.

Initially, the third seat King was not an interesting opponent. However, in the previous round, ye chen had crushed the second seat King with a domineering display. This had changed everyone's opinion of the third seat King. Now that they were facing the eighth seat King, who had just crushed the fourth seat King with a domineering display, they were looking forward to this battle.

However, it was obvious that the first Palace Lord had a high chance of winning against the seventh Palace Lord. Hence, no one would care about this match.

[Chapter 2407 2412-Powerful 1v3!](#)

As expected, dugu li from the first Palace had killed three people from the seventh Palace in an instant. There was no suspense.

Everyone's eyes were focused on the match between the third seat King and the eighth seat King.

At Xuanwei shopping mall, a cold gaze locked onto ye chen.

He knew very well that the third Palace Lord had only been able to make it this far because of ye chen.

"Brat, although your performance was not bad, I still have the same words, kneel and beg for mercy!"

Xuan Wei looked at ye chen with a cold smile, his domineering aura undiminating.

"Hahaha!"

Ye chen sneered.

"What are you laughing at? Did he really think that there was only a chance? Let's just Live!"

"I'll give you the same words! Useless trash who only knows how to drag out an ignoble existence!"

"What?"

Xuan Wei's killing intent exploded. He did not expect ye chen to dare to talk to him like that. He was simply courting death.

On the spectator stand, the experts all revealed looks of interest. They had seen too many of the previous battles. Now, the battle between two experts was very interesting.

There were even many powerhouses who opened bets, and everyone placed their bets.

"What do you think?"

"What's there to see? although ye Chen's performance is not bad, he's just a golden immortal. He'll die without a doubt if he encounters Xuan Wei!"

"Alright, bet on profound might!"

Many powerhouses placed their bets on Xuan Wei. They believed that ye chen would only die if he did not compromise.

The bets below were lively, but on the stage, the two powerhouses were not giving in to each other.

This made the two princes of the third Palace very nervous. Ye Chen's attitude was so bad that if he angered Xuan Wei, it would be difficult for them to keep their lives.

"Ye chen, don't force yourself. Just admit defeat!"

"That's right. We have to save our lives. This is the key!"

The two princes urged ye chen to admit defeat.

"Hahaha!"

This action caused the Xuan Wei side to laugh.

"Ye chen, as an outsider, do you have to work so hard? Did you hear that? your two assistants are asking you to admit defeat, hahaha!"

Xuan Wei laughed, trying to disrupt ye Chen's confidence.

However, these considerations were useless. From the beginning, ye chen had not planned to use the two pieces of trash in the latter part. They were like parasites and could only accept the results.

"Xuan Wei, if you hand over that pair of dark light gloves, I can consider letting you off!"

"What?"

Xuan Wei gritted his teeth. Ye Chen had dared to covet this pair of Darklight gloves. This was crossing his bottom line.

"Since you want to die, I'll fulfill your wish!"

"What, you don't want to give it to me?"

"Hehehe, here you go, go to hell!"

Xuan Wei laughed eerily as his body trembled. His anger had reached its peak and was about to explode.

"Since you don't want to give it to me, then I'll take it myself!"

Ye Chen's cold eyes locked onto the pair of dark light gloves. As expected, there was a core operating within it. It was ever-changing. It was indeed a Supreme-grade item.

It would be a waste to leave such a treasure in Xuan Wei's hands. Ye Chen wanted to keep it.

"Swish!"

Ye Chen pulled out the celestial Thearch sword and aimed it at Xuan Wei.

"You still want to provoke me? you deserve to die!"

Xuan Wei was furious as he turned around and attacked.

The two eighth Palace's princes at the back were ready to target Ye Chen at any time. Of course, they did not think it was necessary. If Xuan Wei made a move, Ye Chen would definitely die.

In the stands, all the experts were waiting for the results. Perhaps they could earn a fortune this time.

"Kill!"

Xuan Wei waved his claws and ghostly shadows appeared.

Buzz, buzz, buzz!"

However, Ye Chen's sword Qi was also elusive and he was not at a disadvantage.

"Impossible!"

Xuan Wei was puzzled. Based on his attack speed and the advantage of a divine weapon, Ye Chen should not have been able to keep up. However, the sword Qi was like a net of swords without any flaws. This was not normal.

He did not know that Ye Chen had seen through his attack and predicted his attack. Naturally, he had an interception.

Xuan Wei was also an expert and quickly discovered this.

"Hahaha, Ye Chen, you're really bold. How dare you predict my attack path? you're courting death!"

"Is that so? then you should give me a surprise!"

Ye Chen's provocation made Xuan Wei even angrier. If the supply of the turning point was predicted, it meant that the other party's sensing ability was above his. This was something he could not accept.

"Shadow ghostclaw!"

The dark shadow ghostly claw and the profound might dark shadow Claw reappeared in an attempt to break the celestial Thearch sword.

However, his plan had failed this time. The celestial Thearch sword was extremely sturdy, and it was not something that the divine weapons from before could compare to.

Buzz, buzz, buzz!"

Sparks flew in all directions as the celestial Thearch sword and the dark shadow ghostclaw fought. They were not at a disadvantage at all.

The powerhouses were shocked. They did not expect ye chen to have such a treasure.

"Ye Chen's still able to hold on. Unbelievable!"

"I think we're about to fall into a disadvantageous position!"

"Shadow ghostly claw. Ye chen won't be able to hold on much longer at this extreme speed!"

The powerhouses still thought that ye chen would not be able to hold on for long. After all, the attack method of the shadow Ghost claw was too sharp.

As expected, ye Chen's speed began to slow down and he even retreated.

"Hahaha, ye chen, you can't hold on anymore, can you? I'll end you now!"

Xuan Wei sneered again and again. His sharp claws waved even more fiercely. Even with the help of divine arts, it couldn't double. This was the last moment for him to end the battle.

"The celestial Emperor ordered the sword to spin!"

"Whoosh, whoosh, Whoosh!"

The sword Qi of the man and the sword circled around, trying to stop Xuan Wei.

"Useless move!"

Xuan Wei shouted angrily and then his body moved instantly, killing rapidly!

Crack, crack, crack!

The sword Qi of the man and sword shattered, and Xuan Wei rushed over.

"Something's wrong!"

Suddenly, Xuan Wei's heart trembled. He felt an inexplicable cold killing intent.

"Hahaha!"

At this moment, ye Chen's laughter rang out and Xuan Wei realized that there was a problem!

"Don't think too much, it's too late!"

Suddenly, ye chen released a large amount of Dragon Qi from the ley lines.

"Dragon Fist: glorious hundred Dragons break the heavens!"

Ye chen released the power of the Dragon Fist. Instantly, countless Dragon Qi and celestial energy rushed out and entangled Xuan Wei.

"Damn it!"

Xuan Wei bellowed in rage. His sharp claws tried to crush the Dragon Qi, but the Dragon Qi was invisible and had a sealing force, causing Xuan Wei to be in trouble.

"Zi Zi Zi!"

The Dragon Qi was entwined and the sword net was locked. Although Xuan Wei's sharp claws were powerful, they could not exert their full power.

He was now ye Chen's prisoner!

"Hateful, hateful!"

Xuan Wei's brows were tightly locked together and his heart was burning with anger.

"This is your doomsday, Xuan Wei!"

Ye chen issued the word of judgment and Xuan Wei felt nervous for the first time.

"What are you two idiots waiting for?"

Xuan Wei shouted to the two princes behind him.

"Ah?"

The two of them looked at each other and began to attack ye chen.

"Ha!"

Ye chen chuckled. Then, the Mowu Emperor and the Lord of all evil appeared.

"What is this?"

The two princes turned pale with fright. They watched as two great clones emerged from ye Chen's body. Their auras were not inferior to ye chen 's.

"What are you looking at? break through his clone immediately!"

Xuan Wei shouted.

"Yes!"

The two of them did not hesitate any longer. They attacked one after another and fought the two great avatars.

[Chapter 2408 A Great Battle Against Xuan Wei!](#)

Ye chen fought Xuan Wei while his two clones, the mcmau Emperor and the Lord of all evil, held back the two princes. The battlefield was split into three parts.

"Ye chen, die!"

As the main force of the eighth Palace Lord, Xuan Wei would not allow himself to be defeated here. His goal was very clear, and that was to fight for the championship.

Many powerhouses revealed looks of interest. Ye chen was truly unfathomable. He could actually resist the celestial Chi and not be at a disadvantage.

"Kill!"

Ye chen pointed his sword to the sky. Suddenly, countless sword Qi gathered in the sky and rushed toward Xuan Wei.

Suddenly, a Golden Shield appeared in Black Tortoise's hand.

On the surface of the shield, countless golden patterns were flashing.

Buzz, buzz, buzz!"

The sword Qi hit the shield, but it had no effect.

"Hahaha, ye chen, your useless moves are useless Against Me!"

Xuan Wei laughed as if he had already taken control of the battlefield.

Faced with such a shield, ye Chen's eyes narrowed. He had seen through the key.

When the experts saw this scene, they were all shocked.

"This is the unique divine weapon of the eighth seat King, the misty Golden Shield."

"The Golden Shield is so strong that it can block any attack. I didn't expect him to take it out so soon!"

"This time, ye Chen's dead!"

With the appearance of the Golden Shield, many people were on Xuan Wei's side because it was too powerful.

"Kill!"

With the protection of the Golden Shield, Xuan Wei attacked without hesitation.

The Golden Shield was very powerful in both attack and defense. When it was wielded, it released golden lightning bolts with shocking power.

Zila, Zila, Zila!

The electric light turned into a sharp blade and headed straight for ye chen.

"Dragon Qi Shield!"

Ye chen was not to be outdone. The Dragon Qi Shield also reached out.

Boom, boom, boom!

The golden light struck the draconic energy shield and it was unable to resist. Ye chen had not expected this.

"Hahaha, die!"

Xuan Wei kept waving the Golden Shield, and the surrounding space was covered by the lightning slaughter domain. This slaughter domain was extremely powerful and had a strong rejection effect.

"Profound sword, Wandering Dragon Sword!"

"Whoosh, whoosh, Whoosh!"

The sword Qi soared into the sky, the power of ink, and the Qi of the swimming Dragon were all activated.

The two swords were unsheathed at the same time, but Xuan Wei was fearless.

Buzz, buzz, buzz!"

The sword Qi hit the Golden Shield, but it didn't work.

Xuan Wei's aggressive attack was like no one was there.

This situation was exactly what the powerhouses from the eighth Palace had expected.

"Hahaha, ye chen may be arrogant, but he has no choice but to bow down to the Golden Shield!"

"The Golden Shield can withstand all attacks. Ye chen is only a golden immortal. He's no match for Xuan Wei!"

The experts from the eighth seat King had smug expressions on their faces. Some of them even started to provoke the people from the third seat King.

On the battlefield, seeing that the profound might Golden Shield was almost invincible, the two princes of the third Palace were ready to surrender again. On such a battlefield, they had almost no combat power and were completely relying on ye chen. If ye chen lost, they would have no choice but to surrender.

The third Palace Lord's powerhouses were in low spirits. They knew very well that if ye chen failed, they would completely lose the right to fight for leadership.

"A!"

Everyone sighed.

On the battlefield, Xuan Wei kept pressing the Golden Shield, trying to end the battle as soon as possible.

"Golden light splitting the earth!"

Xuan Wei released his great abhijna and the Golden lightning rushed into the ground. The entire earth was wrapped in the Golden lightning and the golden light domain eliminated all possibilities of escape.

"Ye chen, why aren't you kneeling and accepting your death?" Xuan Wei shouted domineeringly.

"Ha, you're too sad!"

"What did you just say?"

"Dragon Spear!"

Ye chen released the Dragon Spear and venerable Thunder Dragon revealed himself.

Zila, Zila, Zila!

Xuan Wei was furious. He continued to release golden lightning, trying to crush the enemy in front of him.

However, he soon saw a shocking scene. His golden lightning was actually absorbed by the Dragon slaying spear.

"Thunder Dragon!"

All of the Golden lightning was controlled by the Thunder Dragon God and started to counter-attack the Xuan energy.

Such a situation came too quickly and Xuan Wei was unable to react.

Zila, Zila, Zila!

The Golden lightning bolts that were modified by Thunder Dragon God continued to hit the Golden Shield, forcing Xuan Wei to retreat.

"You, how is that possible?"

"I've already broken through your golden lightning. Now, your attack is truly useless!"

Ye chen continued to absorb the Golden lightning and the power of the Thunder Dragon venerable grew stronger.

Such a situation had completely exceeded Xuan Wei's imagination. He had originally wanted to end the battle quickly, but now he had actually made a wedding dress for someone else. What was this?

"Kill!"

Ye chen absorbed the power of the Thunder Dragon venerable. Holding the Dragon Spear, he went straight for the celestial Chi.

"Swish!"

With a loud explosion, the Dragon Spear hit the Golden Shield. The strongest spear met the strongest shield.

Zila, Zila, Zila!

Both sides were flashing with lightning as they clashed.

At the same time, in other battlefields.

The mcmau Emperor and the Lord of all evil suppressed their opponents with ease.

Previously, they had the upper hand, but now, they were completely crushed. The people of the eighth Palace were dumbfounded.

"What's going on?"

"Ye chen is actually suppressing his Xuan might. This is impossible!"

"I don't believe it!"

Many powerhouses were in disbelief but this was the truth. Ye chen had absorbed the lightning divine power of the celestial Chi and then backfired on the celestial Chi.

"Mm ..."

At the same time, the eighth King revealed a heavy expression. Perhaps it was impossible to compete for the leadership by relying on Xuan Wei. What should he do?

"Zi Zi Zi!"

Suddenly, a dark light rushed into Xuan Wei's body.

"Giggle!"

Xuan Wei immediately sensed that this was the help the eighth King had given him. As long as he had this power, he could crush ye chen.

"The eighth King's art of life and death!"

He began to activate the secret art of the eighth King, poison sect.

Then, the Golden Shield turned into a golden longsword.

"Oh?"

Ye chen was also very surprised. The Golden Shield in front of him seemed to be able to transform into a myriad of forms. This was very special.

"One sword of golden light, kill and destroy the world!"

"Die!" Xuan Wei roared as his body glowed with golden light and a Supreme Sword Qi appeared.

The Grand sword light closed in and was actually countering the Dragon slaying spear!

Boom, boom, boom!

As he watched the explosion, ye chen felt an unstoppable and powerful sword Qi right in front of him. He could not resist it at all.

"What?"

This sword Qi was too powerful. It did not seem like it could be released by celestial Chi. Ye Chen looked in the direction of the eighth Palace Lord and immediately realized that this was the eighth Palace Lord's doing.

"Ah!"

Ye Chen roared. He activated his ancient God Power and his strength soared.

"Nine refined divine spear, heaven-breaking strike!"

Ye Chen activated his ancient divine power in anger and made a powerful move to confront the profound might.

"Boom boom boom!"

The power of the divine spear and Xuan Wei's golden sword Qi clashed against each other, constantly nullifying and clashing.

"Impossible!"

Xuan Wei turned pale with fright. One should know that his current Foundation had been secretly assisted by the eighth King to ascend. However, what did Ye Chen have to stop him?

His opponent was just a puny golden immortal, he should not have such power!

[Chapter 2409 2414-Composite Divine Weapon!](#)

The implementation was right in front of him. The ancient divine power had made up for Ye Chen's lacking Foundation, and the celestial might that had been strengthened by his Foundation was as the saying went, "one spurt of energy, one decline, and three exhaust."

After all, it wasn't just remembering the true foundation. Xuan Wei was in a difficult situation because he couldn't succeed in one try.

"Xuan Wei, you're finished!"

Ye Chen's domineering descent shattered the surrounding golden light domain in the face of the powerful ancient God Power!

The destruction of the golden light domain was equivalent to announcing that Xuan Wei's advantage was completely gone.

"Don't even think about it!"

"Die!" Xuan Wei shouted in anger. His sword Qi shot up into the sky and golden light shone on the ground.

He waved his sword and tried to break Ye Chen's air shield.

"Dragon Fist: glorious hundred Dragons break the heavens!"

Ye Chen held the spear in his right hand and released the hundred Dragons power in his left hand, instantly charging toward the celestial might.

Boom, boom, boom!

Countless Dragon Qi attacks caused Xuan Wei to fall into chaos.

"Ancient God Power, rain, and clouds!"

At the same time, ye Chen's ancient God might shook the world as he used the Trayastrimsa creation divine fist.

Under the double suppression, Xuan Wei instantly lost the initiative to attack.

"Ah!"

He was even bombarded by ye Chen's Dragon Spear. His profound might could not resist and was hit.

"Ah?" Xuan Wei was struck and the other two princes revealed a look of horror. They were all vassals and only Xuan Wei was the main force. Now, even he had failed, what were they?

In such an emergency, the two of them retreated, not daring to fight ye Chen's clone.

"Xuan Wei, the tide has turned. Why aren't you surrendering?"

Ye chen sneered arrogantly.

"You!"

Xuan Wei was furious. This was the greatest humiliation he had ever suffered. However, the current situation was extremely disadvantageous to him.

"You guys aren't going to fight?"

He said to the two princes behind him.

"This!"

The two of them did not know how to explain it. In the end, they could only say that they could not defeat ye Chen's two great clones.

In this way, ye Chen's two major divisions returned and his aura became stronger.

"Xuan Wei, hand over the Golden Shield now. Otherwise, you'll die without a burial ground!"

"What did you just say?"

"Hahahaha, this is your only chance to live. Otherwise, I'll completely destroy your body and soul!"

Ye Chen's aura made the celestial Chi even more weak. If that really happened, what should he do? should he take his life or the Golden Shield?

The Golden Shield represented the eighth Palace's honor and dignity. Once ye chen obtained it, the eighth Palace would lose face. This was something the eighth Palace could not accept but he still had to survive.

"Go to hell!"

Xuan Wei quickly attacked with a chain of hidden weapons. He had actually used hidden weapons to attack ye chen.

Buzz, buzz, buzz!"

However, all the hidden weapons were blocked by ye Chen's fiendgod body. As a result, Xuan Wei was in a completely dangerous situation.

"You, how is that possible?"

"Before becoming an ancient God, the only thing we can do is submit!"

Ye chen roared in anger, and the ancient God's shadow appeared behind him. Suddenly, an invisible force suppressed the celestial might. This kind of suppression gradually caused his spirit to collapse.

The powerhouses in the stands felt the powerful pressure of ye Chen's ancient God's shadow and were all shocked.

Even the king realm cultivators frowned.

"Hahaha!"

The third king laughed as he looked at the eighth King.

"The eighth seat King is only so-so!"

"Third king, you're using outsiders to participate in the battle. This is an act of self-humiliation, and you still dare to criticize us?"

"That's right, the third king. You're on your own!"

The experts of the eighth Palace retaliated one after another.

However, all these excuses were useless because the truth was that Xuan Wei had been suppressed and he didn't even have the power to fight back. He was on the verge of failure.

"Xuan Wei, if you don't surrender now, when are you going to do it?"

"You're not qualified to make this Prince submit!"

"What an idiot, then die!"

Ye chen was furious. He unsheathed his Dragon Spear, Celestial Emperor sword, celestial sword, and roving dragon Sword at the same time.

Instantly, the four divine weapons and the ancient God's shadow became unmovable.

"Kill!"

The four divine weapons attacked together with ye chen.

"Whoosh, whoosh, Whoosh!"

The power of the three swords spread across the universe, and the dragon-like spear could flatten the world!

Boom, boom, boom!

All the defenses in front of him were nothing. The four divine weapons broke through everything, and the power of the Xuan Wei disintegrated instantly.

"Golden Shield!"

He could only rely on the Golden Shield to defend himself but ye Chen's attack was too powerful. It was not something he could resist at all.

"The celestial Emperor has ordered the destruction of the misty Heavenly Sword!"

Ye Chen's divine will controlled the sword, and the heavenly sword attacked.

"Boom boom boom!"

The magnificent sword light instantly swept across the whole area. The other two princes were sent flying three thousand feet away, and the Golden Shield in Xuan Wei's hand was let go.

"The nether King's star picking hand!"

Ye Chen seized the opportunity and used the nether King's star picking hand to grab the Golden Shield in the air.

"Ah?"

When the Golden Shield was taken away, the experts of the eighth Palace stood up in shock.

Xuan Wei, whom they had the most faith in, had failed. He had failed so thoroughly.

He made a down payment to the Golden Shield, put it into the Qiankun furnace, and used his ancient God Power to train it.

Before him, Xuan Wei was kneeling on one knee and could not get up. Due to ye Chen's powerful suppression, Xuan Wei had lost the ability to resist.

"Ye Chen!"

However, his hatred rose sharply, and endless killing intent burst out.

"Xuan Wei, are you still the Prince of the eighth Palace? go!"

"The eighth Palace has no one who surrenders!"

"Xuan Wei, for the sake of the eighth Palace King's face, you can not back down!"

The experts of the eighth seat King continued to encourage Xuan Wei. This was a matter of face and principles.

"Ah!"

Xuan Wei also knew the burden on his shoulders. No matter what the situation was, he couldn't retreat.

His powerful intent broke through his body's limits and activated the eighth King law.

Crack, crack, crack!

Suddenly, four more arms grew out from his back. Six arms of profound might descended.

"Hehehe, ye chen, this is only the beginning!"

"What?"

Ye chen looked ahead. The celestial might before him was completely different from before. It seemed to have entered a new state. In this state, the strength of the celestial might had greatly increased and undergone a qualitative change.

Ye chen had not expected this to happen.

He opened his eyes to observe and found that Xuan Wei had already entered a berserk state. There was only killing in his eyes.

"Kill!"

Xuan Wei flew out, and its power was a hundred times stronger!

"Ancient God blessing!"

Ye chen was not to be outdone. The ancient God's shadow fused into his body.

"Swish!"

In the first clash, both sides went berserk. The surrounding environment continued to shake, and the spatial shockwaves caused all the experts to fall into fear.

"He's too powerful!"

"What's going on?"

"The eighth Palace Lord's Xuan Wei has broken through his own limits and gone berserk, but he still can't defeat ye chen?"

"This is unbelievable!"

Many experts were extremely excited to see such a scene.

"Give me back my Golden Shield!"

"You've already lost. If you're so persistent, the only thing you can do is die!"

"Hahaha, die? To be defeated by you is worse than death!"

"Alright, I'll free you!"

Ye chen raised the Dragon Spear high. Then, the celestial sword, the wandering Dragon Sword, and the celestial Thearch's sword all returned to him and fused with the Dragon Spear to form a compound divine weapon.

"Dragon slaying strike, as fast as lightning!"

With the highest movement technique and the most destructive divine power, ye Chen's figure disappeared in an instant!

"Ye chen, I'm going to kill you!"

After Xuan Wei's strength had soared, he did not care about anything else. His only goal was to kill ye chen.

All the muscles in his body began to twist and collide. Then, his meridians were on the verge of breaking. However, he didn't care. Even if his body collapsed, he had to complete this mission.

"The eighth King, explosive killing sword essence!"

Blood seeped out from Xuan Wei's eyes. All the energy in his body was concentrated on the sword shape in front of him, and the explosive killing sword was formed.

"Ha, come on!"

Ye chen sneered, not caring at all.

He waved the compound divine weapon in his hand, and the power of the four divine weapons fused together.

"Zi Zi Zi!"

The light in front of his eyes eliminated the obstacles to smells.

"Four elements convergence, dense destruction style!"

Ye chen held the spear in both hands and suddenly charged down toward the world below.

At the same time, Xuan Wei also unleashed his most powerful sword.

"Swish!"

The two sides clashed in mid-air, and at this moment, the entire battlefield fell into chaos. No one could see what was happening unless they were King level cultivators.

Many people did not expect the battle between ye chen and Xuan Wei to reach such a level.

Boom, boom, boom!

Then, a shocking explosion occurred in an instant, like a chain reaction of dominoes. It was unknown how many of the surrounding battle arrays were broken. The impact even rushed out of the battlefield to the extent that it could endanger everyone.

"Ah!"

At this moment, elder wuchen made his move, and his vast power instantly reconstructed the array, making it impossible for this destructive power to escape from his control.

Only then did everyone feel a little more at ease. Many people were so scared that they broke out in cold sweat. Such a powerful energy seemed to have gone out of control, and no one knew how many people would die.

"Ah!"

Just as everyone was in shock, an even more shocking scene appeared.

In mid-air, Xuan Wei's body couldn't withstand such a huge energy impact. His entire body exploded like a fusion.

"This, my son!"

The eighth King's face was twisted. He just happened to make a move, but it was useless. Xuan Wei had broken through his body's limit and was continuously increasing his strength. In addition to the collision of strength between the two sides, his body couldn't withstand the double pressure and could only self-destruct!

"Boom boom boom!"

There was another explosion, and a great power spread in all directions.

"Mm ..."

The Golden Shield appeared in ye Chen's hand.

"Zi Zi Zi!"

The Golden Shield emitted a protective light and blocked all the explosive power. Ye chen was unscathed.

The people from the eighth Palace could not accept such a situation, and they all revealed killing intent.

"Ye chen, you deserve to die!"

As expected, many powerhouses could not stand it and began to target ye chen.

"Whoosh, whoosh, Whoosh!"

All kinds of powerhouses released a large number of divine abilities and pointed them directly at ye chen.

"Golden Shield!"

Ye chen sneered and released the Golden Shield, blocking all the attacks.

How ironic was this? the eighth Palace's Supreme treasure was in ye Chen's hands, yet he had blocked all the eighth Palace's attacks. This was the greatest humiliation!

"Stop!"

All of a sudden, a cold and stern voice was heard. Following that, an invisible force swept across the void and the experts of the eighth Palace were all sent flying for a thousand feet.

Who was it that had such a powerful aura?

The crowd turned around and saw that it was Dugu Chen from the first Palace. He was the strongest person from the first Palace and his strength was unfathomable. No one knew exactly how strong he was.

"This person is the opponent of the first seat King. The eighth seat King, go ahead and don't cause any trouble!"

"Dugu Chen, who are you to meddle in our business? The strongest genius of our Royal Palace was killed by this man, and we're not going to take revenge?"

"Ha, this is the rule!"

"Rules? hahaha, what bullsh * t rules? whose rules are they?"

"I'm the rules of the Tao Wu!"

Dugu Chen took a step forward and a powerful aura suddenly pressed against the man. Then, the man's body began to expand and he self-destructed on the spot.

Blood splattered everywhere, and it was extremely miserable!

Such a scene caused all the experts to be terrified!

"Dugu Chen is too overbearing. He actually dares to face the entire eighth seat King!"

"I heard that his strength is comparable to that of a Celestial King. I wonder if it's true or not."

"He's truly an unparalleled existence. I'm afraid even the eighth King level expert isn't his match!"

All the experts shook their heads. In the Shadow Realm, the strong were respected. Dugu Chen's strength had long been comparable to a King-level expert. This was his capital, and no one dared to challenge him!

Behind him, Dugu Li and Dugu Yi stepped forward one after another. The eighth seat King's imposing manner instantly disappeared.

Ye Chen looked at the three of them. He knew that they wanted to defeat him personally. Only then could they reasonably obtain the leadership and lead the entire Shadow Realm.

"Eighth King, although your son's death is a pity, he died on the battlefield. You should accept your loss."

The third king said.

"You say it so easily!"

The eighth King was furious. However, he did not dare to take any further action. The first Palace Lord was too powerful. If he insisted on doing things his way, the consequences would be unpredictable.

"Ha, the truth has already been decided. The final battle will be between the first Palace Lord and the third Palace Lord!"

Elder Wuchen said with a smile.

"Good, good, good!"

Then, the experts all cheered and echoed elder wuchen's words.

Although the various royal palaces were extraordinary, the one who truly controlled the direction of the Shadow Realm's spirit was still the sacrificial Hall.

Since elder wuchen had spoken, the eighth King tier could only admit defeat.

He personally went up and collected the pieces of Xuan Wei's body. Then, he looked coldly at his two sons who didn't want to fight.

The two men trembled on the ground, terrified.

"Go back with me!"

"Yes, yes!"

The two of them quickly left the battlefield. The eighth King knew very well that these two "trash" were no match for ye chen. Staying behind would only lead to their deaths.

Ye chen returned to the third Palace to rest.

"Hahaha, fellow Daoist ye really didn't disappoint the king!"

The shadow elder stepped forward and said.

"I hope the third king will remember his promise!"

"Don't worry, fellow Daoist ye. Nothing will go wrong. As long as you win, I'll tell you how to break the curse!"

"En!"

Ye chen nodded slightly, then closed his eyes to regulate his breathing.

The shadow elder returned to the third king, and the two of them discussed.

"This brat is in the limelight, and we've simply become his foil!"

"What big brother said is right, but what to do? this kid's strength is too strong. Even Xuan Wei is actually not his match!"

"We have to do something, or else father will acknowledge this kid as his son!"

"Well said!"

The two princes were jealous of ye chen and wanted to plot against him.

After all, the winds and clouds on the battlefield could change. It would be difficult to guard against these two people behind ye chen.

At this moment, dugu Chen's cold eyes were locked on ye chen.

"Foreigner, you've really surprised me!"

The corners of his mouth revealed an amused expression. He did not expect ye chen to defeat the celestial might. He had originally planned to use the celestial might to establish his might but now, it was even better. A battle between Kings should have such an effect!
