

## Genius 2411

### [Chapter 2411 2416-Vicious Scheme!](#)

Dugu li was not looking at ye chen but the two useless princes.

"Giggle!"

He sneered in his heart because he had already seen through the thoughts of these two people. Then, he secretly went to find them.

"Why are you looking for us?"

The two of them looked at dugu li cautiously. After all, dugu li was known for his ruthlessness and his strength. They were a little frightened.

"Don't be afraid, this is a good opportunity for you to make a contribution!"

Dugu li laughed.

"What do you mean?"

"It's simple. Ye Chen's momentum has completely overshadowed you. If he really wins, I'm afraid you'll die without a burial ground!"

"This!"

The two of them looked at each other. Indeed, according to the third King's temper, it was possible that they would be assassinated if they didn't make any contribution.

"Dugu li, we brothers have already thought it through. We want to kill ye chen in secret!"

"Very good, but do you have the strength to do so?"

"This ..."

The two of them had been thinking about this problem. Even if they were to launch a surprise attack, they might not be able to do it. After all, ye chen was too powerful. Once he discovered them, they would die!

The two of them smiled as they looked at dugu li. They finally understood why he had come to find them.

"Dugu li, do you have any ideas?"

"It's very simple, you just need to use this!"

As he spoke, dugu li took out an item. The two of them looked over and saw that it was a sharp blade wrapped in a black cloth.

"This sharp blade is smeared with the most poisonous poison in the world. As long as you secretly hurt ye chen, he will die without a doubt! Remember, I'll be in the first round. You must do this according to the agreement ..."

"Good, that's a good idea!"

The two useless princes were very happy. They bid farewell to dugu li and returned to the third Palace.

After a short rest, the final battle began.

"The final battle between the first Palace Lord and the third Palace Lord will begin now!"

Elder wuchen announced that both parties would enter the arena.

On the surrounding stands, the experts were all looking forward to it.

When the war began, some people from the first Palace had thought of it. However, no one from the third Palace had thought of it.

Many people thought that the third seat King would be eliminated in the first round.

"There's going to be a good show this time. Do you guys think dugu Chen will face ye chen personally?"

"I don't think so. Just dugu li and dugu Yi alone are enough to make it difficult for ye chen to move!"

"That's true. Dugu li and dugu Yi's combined strength is far above Xuan Wei 'S. I'm afraid he won't even be able to see dugu Chen!"

This kind of atmosphere continued to spread on the fighting stage, and the dealers took advantage of this mood to open their businesses.

On the battlefield, elder wuchen personally repaired the arrays in various places to ensure that no matter how intense the battle between the two sides was, it could not break out of this world. Otherwise, the reputation of the sacrificial Hall would be damaged.

"Big brother, leave this kid to me!"

"Don't underestimate the enemy!"

"Don't worry!"

Dugu li was the first to fight. He faced ye chen with a cold smile.

Ye chen looked at this person and could tell at a glance that this person was sinister and vicious. He was not an ordinary character.

However, he didn't care about all these. In front of absolute strength, any treachery was useless!

"Ye chen, your doomsday has arrived!"

Dugu Li said with a cold smile.

"Dugu Li, I'll say the same to you. Cherish this last battle!"

"Hahaha, very good!"

Dugu li was confident in his own strength. With the help of the two good-for-nothings, he would definitely win this time.

Buzz, buzz, buzz!"

The dagger in Dugu Li's hand spun, and gusts of strong wind attacked Ye Chen.

Ye Chen was not afraid. He turned his palm and instantly, the Dragon Qi turned into a tornado and rolled out.

Buzz, buzz, buzz!"

The tornado and the astral wind continued to clash. The tornado became stronger, while the astral wind gradually weakened.

"What?"

Dugu Li was furious. He did not expect his astral winds to be at a disadvantage. Did this not mean that he was not as good as Ye Chen?

"Kill!"

He took the initiative to attack and suppress it.

The dagger spun and flew out, aiming for Ye Chen's vital point.

"Ha!"

Ye Chen chuckled and threw out the immortal Flying Dagger.

"Hahaha, what can a broken blade do? transform!"

Dugu Li taunted Ye Chen. Then, he chanted an incantation. Suddenly, the daggers began to transform into new daggers. For a moment, countless daggers formed in the space. There was no way to avoid them.

"You're the only one who knows how to evolve?"

Ye Chen's spiritual will moved, and the immortal slaying Flying Daggers materialized in three forms. It was endless.

Soon, the number of immortal Flying Daggers was above the dagger. This was because the law of the two sides was different, and the speed of evolution was also different.

"You!"

Dugu Li was infuriated. He had failed twice. Where was his dignity now?

"Hahaha! Dugu Li, you're so confident. Why are your legs so weak?"

"Is this all the first Palace Lord has?"

"I really didn't expect Dugu Li to lose to Ye Chen."

Very quickly, the various experts began to mock Dugu Li, causing his face to turn red and his anger to flare up.

However, even if he was at a disadvantage, he couldn't blame others for mocking him.

He gave a look to the two useless princes behind him, and the two nodded slightly.

Ye Chen's senses were extremely sharp. He immediately noticed Dugu Li's abnormality.

"Dugu Li, die!"

"Hahaha, Ye Chen, you're overconfident!"

Dugu Li's dagger returned. Then, he donned his black armor and faced Ye Chen.

Buzz, buzz, buzz!"

The divine weapons of both sides clashed and clashed.

"The immortal flying blade returns!"

Ye Chen's figure moved in an instant, and a pair of wings sprouted from his back. Suddenly, Dugu Li was unable to discover Ye Chen's position.

He immediately released the power of his domain in an attempt to sense and intercept Ye Chen.

However, even within the domain, Ye Chen's figure was still unfathomable. This alarmed Dugu Li.

"God-killing blade!"

Dugu Li's most powerful sacred art was unleashed, and he could already sense that his life was in danger.

"Whoosh, whoosh, Whoosh!"

Countless daggers, carrying the ultimate Maxim, locked onto Ye Chen's position and devoured him madly.

"Ha, good!"

In the face of such a terrifying attack, Ye Chen did not care at all. He held the Golden Shield in his hand.

"The Golden Shield is impregnable!"

The ancient God Power merged with the Golden Shield, and it instantly formed a 360-degree defense network.

Buzz, buzz, buzz!"

The dagger rule was powerful, but it couldn't break the Golden Shield's defense.

"This!"

Dugu Li's heart trembled. If this continued, he would definitely be in danger.

He looked coldly at the two princes behind Ye Chen, urging them to move quickly.

The two people behind him had killing intent in their eyes as they began to look for an opportunity.

"Ah!"

Dugu li had to understand that if he did not control ye chen, the two good-for-nothings would not stand a chance.

He released the power of his first king bloodline and forced himself close to ye chen.

"Ha! Dugu li, what do you want?"

"Nothing much, come down!"

Dugu li suppressed ye chen forcefully and brought him down from mid-air. Then, the two of them began to compete in their Foundation.

"Big brother, let's go!"

"Alright!"

Just as ye chen was being held back by dugu li, the two people behind him flew out.

"Ye chen, we're here to help you!"

[Chapter 2412 Second Prince Dugu Yi!](#)

The two princes had used their strongest movement techniques to rush out in order to catch ye chen by surprise.

However, they did not know that ye chen had long been suspicious of them.

"Sure-kill Alliance!"

The two princes were actually able to communicate with each other's energy. The two of them activated their powers together and launched what they thought was a sure-kill attack.

"Swish!"

The power of this attack was extremely strong. It had actually broken through ye Chen's dragon energy shield and pierced his body.

"Hahahaha!"

Dugu li laughed heartily. He had already been suppressed by ye chen and now was the time for him to turn the tables. As long as the two princes stabbed ye chen with daggers smeared with peerless poison, he had enough confidence in winning.

"Swish!"

The moment the blade stabbed ye chen, the two princes revealed a ruthless expression.

"Ye chen, how dare you provoke us? do you want to be the Prince of the third Palace? Unfortunately, you don't have the fate to do so!"

"Ye chen, today is your doomsday. As long as I kill you, I'll still be a Prince. At most, I'll admit defeat and save my life!"

The two princes' thoughts were so naive that ye chen laughed.

"You two idiots, you've become someone else's chess piece. I don't need to kill you, you'll die for sure!"

"What nonsense are you talking about? let me tell you, this poison is invincible in the world. You're dead!"

The two princes continued to work hard to spread the poison.

However, ye chen did not move an inch, as if he did not take this seriously at all.

"How is that possible?"

The two of them trembled in fear, completely clueless as to what was going on. They looked at dugu li, as if to ask if there was something wrong with the poison.

Dugu li was equally shocked. The poison he had concocted would definitely not have any problems.

"Ah!"

Dugu li spun his dagger and counterattacked quickly. He believed that ye chen had used a large amount of energy to suppress the spread of the poison, so now was the best time for her to attack.

Buzz, buzz, buzz!"

However, all the attacks were blocked by the immortal slaying Flying Dagger. Ye Chen's Flying Dagger control technique did not decrease at all. In fact, it had improved.

This situation left dugu li in shock.

"Ye chen, you're not poisoned?" Dugu li asked.

"Ha! Dugu Li, you're still far from colluding with these two idiots to kill me. This Emperor's ancient God Body has long been immune to all poisons. No matter how powerful your poison is, don't even think of harming this Emperor!"

"What?"

Dugu li was shocked. The only thing he could do now was to kill the two princes. Otherwise, if Qing Bai was exposed, his dignity would be completely ruined.

"Flying blade owl head form!"

"Whoosh, whoosh, Whoosh!"

Countless Flying Daggers were aimed at the two princes.

"Ah? Dugu Li, you dare ..."

"We ..."

Both of them wanted to expose dugu li, but they no longer had the chance.

Buzz, buzz!"

The flying blades spun, and the two of them had no defense at all, their heads separated from their bodies.

Seeing this, the third king shook his head slightly. He had seen the situation on the battlefield clearly. Not only had the two of them not helped ye chen, but they had also colluded with dugu li in secret. Such an act deserved the death penalty.

"Sigh, the two princes were harmed by dugu li!" The shadow elder said.

"You brought this upon yourself, there's nothing to say."

The third king said.

On the battlefield, dugu li went berserk. Since poison was useless, he could only fight head-on.

He hoped to suppress ye chen through his berserk state and then use poison sect's assassination technique to assassinate ye chen.

However, no matter how hard he tried, he could not gain any advantage. He had failed in terms of Foundation.

"The great river dyed in ink!"

"Phew, phew, phew!"

Suddenly, the Dark Sword became sharp, and heaven and earth entered a world of ink.

The countless black sword streams had trapped dugu li within, and he was unable to resist at all.

"Second brother, save me!"

Dugu li sent out a distress signal, hoping that dugu Yi would help.

"Al!"

Dugu Yi felt a little helpless. He didn't expect that someone from the dugu family would also call for help.

"Go!"

Dugu Chen said.

"Yes!"

Dugu Yi flew out and headed straight for ye chen, giving dugu li a chance to escape.

"Iron wings covering the sky!"

The feathers that filled the sky turned into sharp blades and attacked ye chen wildly.

"Golden Shield!"

Ye chen released the Golden Shield. Suddenly, the flying feathers could not hurt him at all. They were all blocked by the Golden Shield.

However, dugu li used this opportunity to retreat and return to dugu Yi's side.

"Are you alright?" Asked dugu Yi.

"Thank you, second brother, I'm fine!"

Dugu Yi said.

"Ha, since that's the case, let's attack together!"

Ye chen said.

"You've overestimated your strength!"

Dugu Yi's cold eyes locked onto ye chen.

"Alright, since you want to repeat the same mistakes, I'll find you a chance!"

The immortal slaying Flying Dagger, the celestial sword, and other divine weapons returned to ye Chen's hands.

Dugu Yi walked forward while dugu li stepped back.

The powerhouses were even more interested. Dugu Yi's strength was far above dugu Li's but no one had yet to measure ye Chen's strength. The outcome between them made everyone even more entranced.

"Ha, third king, your Royal Palace has had enough drama. It's time to end it!"

Said the number one king in the stands.

"Ha, number one king, as long as it's not the end, there's no end to it!"

The third king laughed coldly in response.

The two of them looked at each other and stared at each other.

The number one king would never have thought that the final battle would be between the first and third Palace. This made him feel that his status had been lowered.

Therefore, he didn't want to use dugu Chen to solve the problem. In his opinion, that would be equivalent to losing the competition.

On the battlefield, dugu Yi's expression turned serious when he saw ye Chen's strength. He knew that if ye chen could defeat dugu li so easily, his opponent must have some outstanding qualities.

"Ye chen, I'll give you a chance to surrender. This is your reward for defeating dugu li!"

Dugu Yi said.

"Hahaha, what a joke. Does this mean you're backing out?"

Ye chen said with a smile.

"Damn it!"

Dugu Yi was furious. Since he didn't know how to appreciate kindness, he would kill him.

"Whoosh, whoosh, Whoosh!"

Dugu Yi's movement technique was far superior to dugu li 's, and it was almost impossible to track him. This was the first time ye chen had encountered a movement technique that was integrated into space. Ordinary eye techniques couldn't track him, so he could only rely on his heart's eye.

"Roar!"

Ye Chen's Dragon Qi surged around him and formed a domain. As long as any energy appeared within the domain, he could lock onto the other party's position.

However, after a long period of investigation, there was actually not a single trace to be followed.

"What?"

Ye chen was puzzled. He was wondering what law dugu Yi had used to achieve this level.

"Ye chen, you're dead!"

Suddenly, a dark shadow appeared in the air and attacked.

"Something's wrong!"

However, ye chen immediately realized that this was not real. It was just a test, a trap!

Ye Chen's spiritual will moved and sword Qi shot out. However, it was also a test and would not use his full strength.

The sword Qi was indeed nothingness, and there was no collision of energy at all.

"You actually saw through my Divine Art. It's useless. Everything is under my control!"

#### [Chapter 2413 The Ultimate Battle!](#)

"Traceless manifestation!"

Dugu Yi released his great divine power. Suddenly, countless miniature alternate dimensions appeared in the entire space. From these alternate dimensions, countless dark shadows appeared. These dark shadows were extremely ferocious and locked onto ye chen.

"Squeak, squeak, squeak ..."

The shadow flew out so fast that it didn't even take a blink of an eye.

Ye chen released his draconic shield but these shadows could directly bite the draconic shield at an extremely fast speed.

Crack, crack, crack!

Very quickly, the Dragon Qi Shield was bitten to pieces, and these guys continued to charge forward.

"Hahaha!"

Somewhere in the void, dugu Yi sneered. Everything was within his expectations. He did not even need to show himself. He could devour ye chen with these shadows.

"Hiding your head and tail, that's all you have?"

Ye chen said coldly.

"Ha, this is my way of fighting. Ye chen, go to hell!"

Dugu Yi sneered. He thought that ye chen had no way to fight against these shadows and had begun to provoke him to show himself. However, he would definitely not reveal himself.

Many people in the stands were optimistic about dugu Yi's chances.

"Dugu Yi is using the unique body movement technique of the first Palace. This body movement technique can allow the user to enter a different space and it is impossible to find him."

"Now that ye chen is entangled by shadow, dugu Yi can take his life at any time!"

"It seems that dugu Chen doesn't need to take action!"

Many of them suppressed dugu Yi, hoping that the battle would end quickly.

On the battlefield, ye chen carefully sensed even the slightest change in the surrounding space in the hope of finding dugu Yi's hiding place.

He gradually realized that he couldn't do it by force, but he would definitely reveal his flaws when dugu Yi used his divine ability.

That would be the best time to kill him.

"Dugu Yi, I'm afraid these dark shadows will disappoint you!"

With that, ye chen held the Dragon Spear in his hand. Suddenly, the Thunder Dragon flew for thousands of miles, shocking the heavens and earth!

"The Dragon Spear looks down upon the nine Heavens Thunder!"

Zila, Zila, Zila!

The violent divine Thunder was like an evil Dragon coming out of seclusion, devouring everything.

"Squeak, squeak, squeak ..."

The dark shadows were unable to resist such a powerful attack and were shattered.

There were always shadows that hurt ye chen, but they were all minor injuries. Ye Chen's recovery ability was enough to deal with it.

Soon, ye chen recovered and the group of shadows had been destroyed by the Dragon Spear.

"Hateful!"

Dugu Yi was furious. He did not expect the shadow devourers that he had painstakingly nurtured to be destroyed in such a short time.

"Ye chen, I'm going to kill you!"

In his frenzy, dugu Yi was not as careful about his concealment as he had expected. A large number of shadows appeared again. The only way was to kill ye chen.

"Hahaha, now!"

Ye chen laughed out loud. His Buddhist eyes shone and illuminated the world.

"Zi Zi Zi!"

Under the illumination of the Buddha's light, dugu Yi, who was releasing his divine power, really showed himself.

"The celestial Emperor has ordered the destruction of the misty Heavenly Sword!"

Ye chen brandished the celestial Thearch sword and unleashed his most powerful killing move. At the same time, the profound sword, the wandering Dragon Sword, and the immortal-slaying Flying Dagger shone on three sides, protecting him.

"What?"

Dugu Yi turned pale with fright. He could sense that the tip of the sword was pointing at his exact position. This was impossible!

The implementation was right in front of him, and there was no need to say anything.

"Swish!"

The Grand sword light pierced through the clouds and the sun, descending with a violent momentum.

"Flying feathers of the heavens!"

Dugu Yi had unleashed his most powerful flying feather divine ability, which was the great flying feather formation. It was too naive to think that he could resist ye Chen's celestial sword collapse.

Dugu Yi was not good at fighting head-on. The destruction of the heavenly Sword was so powerful that the flying feather was instantly cut into pieces by the heavenly Sword and turned into nothing.

"Impossible!"

Only then did dugu Yi realize how terrifying ye chen was!

"Mm ..."

Just as the heavenly Sword was about to kill dugu Yi, dugu Chen let out a sigh and launched a vigorous palm print to grab the heavenly Sword.

"Boom boom boom!"

With a flash of lightning, the heavenly Sword shattered on the spot.

"What a powerful force. Is this the power of dugu Chen, the most powerful Prince of the first Palace?"

"This is too terrifying!"

"Dugu Chen is indeed the strongest!"

Such a Grand Power shocked everyone.

Ye chen looked at dugu Chen and narrowed his eyes.

Compared to this person, dugu Yi and dugu li were like three-year-old children, unable to withstand a single blow.

In the first Palace's formation, the number one king was displeased. He had not expected dugu Yi to fail.

"Hahaha, number one king. How do you feel now? two people lost to ye chen in a row. How does it feel?"

The third king didn't forget to mock him when he found the right time.

"Hmph, the third King, don't you think it's too early to be happy? Do you think ye chen has any chance of winning if dugu Chen makes a move? Or, are you sure you can defeat dugu Chen?"

The number one king asked in a domineering manner.

"It's fine if I'm not confident that I'll be the number one king. I just think that ye chen will definitely win!"

The number one king felt incredulous at the response.

"I'm surprised that you're so confident in him. But it doesn't matter. Dugu Chen will take his head and I'll give it to you as a gift. Hahaha!"

"Let's wait and see!"

The third king shouted and looked at the battlefield.

In fact, he did not have absolute confidence in ye chen. After all, he was up against dugu Chen, the most unfathomable young prince.

"Sigh, I didn't expect dugu Yi to fail. What a bummer!"

"Damn it! I've lost a lot of money because of you. I bet on dugu Chen this time. I won't lose again, right?"

"We'll win if we suppress dugu Chen. Now that ye Chen's momentum is strong, let's suppress him and earn more!"

When they saw ye Chen's rock rise, they thought that dugu Chen would win and suppressed it.

On the arena, ye chen and dugu Chen looked at each other, and a cold murderous aura swept out.

On the surrounding grandstand, the crowd could actually feel the killing intent passing through the array barrier and directly pressing on their minds. This was extremely shocking.

It should be known that these arrays had been repaired by elder wuchen, and there were many powerful nomological laws suppressing them, but they still couldn't defend.

It could be seen that the two people on the field were undoubtedly the two strongest people in this Battle of Kings.

"Ye chen, leave your last words. This is a sign of respect for you!"

Dugu Chen said.

"Last words? Hmm ... You can have it!"

Ye Chen's eyes turned cold and his sword Qi shot out.

"Whoosh, whoosh, Whoosh!"

The sword Qi rushed into the sky, penetrated the ground, and leveled. Three different sword paths appeared at the same time. Such amazing swordsmanship instantly caused everyone to exclaim.

Many people even began to turn to ye Chen's side because his swordsmanship was too exquisite.

However, most of the experts still supported dugu Chen.

"It's useless!"

Dugu Chen wasn't afraid of such an exquisite swordsmanship. He waved his hand casually and a Starlight barrier appeared in front of him.

Buzz, buzz, buzz!"

The sword Qi hit the star barrier, but it did not cause any damage.

"What?"

Ye chen carefully sensed the laws of the stellar barrier. It was like the stars, vast and boundless!

#### [Chapter 2414 Dugu Chen's Shock](#)

"Hahaha, ye chen has revealed his true colors against dugu Chen!"

"They are not on the same level. Dugu Chen will definitely win!"

"An outsider wants to fight with the number one genius of our Shadow Realm. What an idiot!"

With just one action, everyone thought that ye chen would definitely lose.

The atmosphere changed instantly. Everyone supported dugu Chen one after another and even began to cheer for him. After all, he was a local of the Shadow Realm.

"Hahaha, the third king. How is it?"

The number one king laughed.

"Number one king, it's too early for you to be happy. It's just an action!"

The third king replied calmly.

"Hmph, let's see how you're going to be so stubborn. Dugu Chen will definitely kill ye chen!"

"Hahaha, I also want to see the results!"

The third king looked at ye chen with a heavy expression. He did not have enough confidence in this ultimate battle.

Dugu Chen's strength was hard to predict. He had been famous for a long time and had undergone strict training by the number one king. It was very likely that his strength had reached the king level.

"Ye chen, come on!"

Dugu Chen made a provocative gesture and looked at ye chen with a cold smile.

"Ha, I'm also looking for a suitable opponent. I hope your arrogance is worthy of your strength!"

Ye chen narrowed his eyes slightly and an invisible force surged out.

"Phew, phew, phew!"

Only dugu Chen could sense this aura. No one below the king-level could sense it.

They only saw dugu Chen's expression change and turn serious.

Among the spectators, only the Kings could see the true intent.

"Ah!"

Dugu Chen shouted coldly. Suddenly, a protective layer of gas appeared around him.

"Zi Zi Zi!"

Then, a long sword of stars fell from the sky and landed in his hand.

"Stars sword Astral Slash!"

"Boom boom boom!"

A powerful sword Qi released the power of seven stars. It merged into one and slashed out in the air.

The entire battlefield was instantly divided into two, and a chasm appeared before ye Chen's eyes.

"Hahaha, ye chen, I have to say that you're quite capable, but there's still a limit to it!"

"Oh, really? Then let me see what you're capable of. Are you equally limited?"

"As you wish!"

Dugu Chen believed that he had unlimited potential. The stars sword in his hand absorbed the Starlight of heaven and earth crazily.

"Zi Zi Zi!"

Countless Starlight entered the stars sword, and its super power was released limitlessly.

Boom, boom, boom!

Ye Chen's body exploded in shock as he flew up.

"It's no use, there's no place for you to hide here!"

Dugu Chen glared at ye chen coldly. With a sweep of his sword, countless rays of Starlight chased after ye chen.

No matter where ye chen was, the light of the stars could lock onto his position.

"Whoosh, whoosh, Whoosh!"

The sword edge was sharp, and the Starlight sword net appeared.

In this realm, dugu Chen's power was far beyond that of the other princes.

"Big brother is invincible!"

"Kill this man!"

Behind them, dugu li and dugu Yi were cheering for dugu Chen.

The experts from the third seat King also saw a bright future. Their seat King was going to lead the entire Shadow Realm.

"Ha, Dragon Qi Shield!"

Ye chen chuckled. The Dragon Qi in his body surged and the Dragon Qi Shield appeared.

"Zi Zi Zi!"

Under the cover of the Dragon Qi Shield, the sword edge came over.

Buzz, buzz, buzz!"

The star sword and the Dragon Qi Shield clashed violently. Countless energy shock waves were released to the surroundings, causing a loud bang.

Such an exciting battle stirred the hearts of the crowd and they all cheered.

Crack, crack, crack!

Suddenly, the stars sword merged and instantly broke the Dragon Qi Shield.

"Mm ..."

Ye Chen's eyes narrowed and he pressed his palm forward.

"Vajra overturning the seas and heavens seal!"

"Boom boom boom!"

A powerful palm print, supremely powerful, swept out.

Instantly, the palm print struck the sword tip, and both sides did not give way.

Buzz, buzz, buzz!"

The palm print carried ancient God Power and continued to collide with the star sword.

Such a scene shocked everyone.

"What? they can actually clash for such a long time? both sides are super strong!"

"This is unbelievable. Ye Chen can actually handle the stellar sword?"

"Ye Chen's power contains an incredible divine power law. It's too shocking!"

At this moment, everyone's understanding of Ye Chen deepened. At the same time, they also understood how powerful he was.

After all, Ye Chen's cultivation base was only at the Golden Immortal stage. Against Dugu Chen, whose cultivation base was unfathomable, such a battle was enough to be called a top genius.

"Ah!"

Dugu Chen was furious. He summoned even more Starlight and continued to exert pressure on Ye Chen. Ye Chen's palm print was shattered.

"Hahaha, Ye Chen, hand over your life!"

Dugu Chen flew up and the Starlight turned into a pair of wings on his back. Such an amazing development was even more breathtaking.

"It's too easy to kill me like this!"

A pair of wings also appeared on Ye Chen's back, and the two of them flew into the sky.

"Whoosh, whoosh, Whoosh!"

Dugu Chen's body movement technique was strange and unpredictable.

"What?"

Ye Chen's expression changed. He used the nine Heavens Treading Yu Steps at the same time.

The figures of both sides were blurry. On this battlefield, they exchanged blows, and no one knew where they were.

Everyone was dumbfounded. They could only see the sword light and the illusion of the two. It was basically impossible to find the real one.

"This speed is too terrifying!"

Someone exclaimed.

The others all nodded. On the battlefield, the strength of the two was far above the others, and they sighed at their own inferiority.

"Star swordspin!"

All of a sudden, Dugu Chen's supernatural power appeared. The power of the stars turned into a rotating domain that covered the entire battlefield.

"The celestial Emperor ordered the sword to spin!"

Ye Chen was not to be outdone. He drew his sword and the cyclone reversed, just in time to offset the opponent's stellar sword spin.

Dugu Chen was surprised by such an exquisite response.

"Kill!"

Dugu Chen's figure flashed and he charged over.

"Dragon Fist: glorious hundred Dragon Sky-splitting!"

Boom, boom, boom!

Suddenly, countless fist lights and Dragon roars were heard. Dugu Chen was unable to move forward.

Taking advantage of this opportunity, ye chen soared into the nine Heavens.

"Ah!"

With a long howl, all the energy in his body gathered.

"Nine refined divine spear, heaven-breaking strike!"

"Zi Zi Zi!"

All the energy was gathered on the Dragon Spear and aimed at dugu Chen.

The invisible killing intent made dugu Chen shiver.

"Impossible!"

Dugu Chen was still suspicious but the killer move was right in front of him. Ye Chen's Foundation was not inferior to his.

Dugu Chen was shocked by the fact.

He was an existence comparable to an Immortal King. How could ye Chen's Foundation not be inferior to his? what was the reason?

He had no time to think because the killer move had arrived.

"Stars sword, reverse!"

Dugu Chen's powerful Foundation exploded. The stars sword reversed the universe and all the Dragon Qi collapsed. Then, a vast sword light rushed toward ye chen.

"Kill!"

"Boom boom boom!"

Ye Chen's heaven crushing strike descended at the same time.

He was looking down from above with a mighty aura!

The heaven-cleaving strike and the reverse sword gleam continued to collide. Ye chen used his height advantage to suppress them!

[Chapter 2415 2420-Double Rape!](#)

Zila, Zila, Zila!

The Dragon slaying spear continued to release the power of the Thunder God. Under the powerful bombardment, the stars sword's reverse power was actually weakened and gradually dissipated.

"Ah?"

Everyone was shocked. This was a contest of Foundation, but ye chen had the advantage?

Not only were the spectating experts in disbelief, but even the number one king revealed an expression of disbelief.

"What's going on?"

He exclaimed.

"Hahaha, number one king, did you see that? ye Chen's Foundation is no less than your son 'S. Do you still have absolute confidence now?"

The third king asked.

"Hmph, my son only did a little. Do you really think he did his best? What a joke!"

"Oh, really? Very good. I'd like to see how capable dugu Chen is and whether he can go against me. "

"Then, let's watch. When my son kills ye chen, the third Palace Lord will not be spared either!"

The number one king replied domineeringly, his killing intent surging.

The third king didn't panic at all.

On the battlefield, ye Chen's Thunder God's power continued to erupt. Dugu Chen was suppressed in the air and felt very uncomfortable.

"Ye chen, since you've forced me to this extent, don't blame me for being merciless!"

"Heartless? I'd like to see how heartless you can be!"

Ye chen was already sick of it. He wanted to see dugu Chun's true strength.

"Ah!"

All of a sudden, dugu Chen's entire body shook. Countless Starlights guided him and his entire body was covered in the star armor.

"Boom boom boom!"

Suddenly, dugu Chen's Foundation was extremely strong and he was unparalleled!

Ye chen felt a burst of energy that was enough to turn the world around. He spread the wings on his back and teleported.

Boom, boom, boom!

The place where he was originally at exploded madly, turning everything into nothingness.

"Hahaha!"

Dugu Chen's laughter was deep and vigorous, as if he was a completely different person.

"Xingchen has changed his form. I must kill ye chen today!"

His eyes shone with Starlight, and even the stars sword in his hand transformed into The Killing star sword!

"This is too terrifying!"

"Is this dugu Chen's true power?"

"Is he still a human?"

Dugu Chen's star transformation intimidated the crowd instantly. His supreme majesty and imposing manner were beyond comparison. Resist!

"Star cage!"

"Zi Zi Zi!"

All of a sudden, dugu Chen released a large amount of Star Powder, causing the surrounding space to freeze rapidly.

"What?"

Ye chen sensed the arrival of extreme danger. Once he was stopped by these Star Powder, he would die!

"Li fire Golden Wheel!"

Ye chen evolved the power of the deviant flame, formed the Li fire Golden Wheel, and threw it out.

"Zi Zi Zi!"

Not long after it was thrown out, the fire of the Li fire Golden Wheel instantly disappeared and froze!

Ye chen was shocked by this state.

"This Star Powder is actually this strong?"

Ye chen knew that a difficult obstacle was ahead and no longer hesitated.

"Nine spiritual accumulations, nine levels of heavenly Dao!"

"Zi Zi Zi!"

Instantly, the nine heavenly Dao and nine spiritual accumulations deepened at the same time. Ye Chen's Foundation was improved a thousand times!

Such an improvement was simply shocking!

"Phew, phew, phew!"

Ye Chen's body was burning with strange flames. The strength of his Foundation had actually surpassed Dugu Chen's.

"What?"

The number one king turned pale with fright. He could not figure out how Ye Chen had improved to such an unbelievable level in such a short time.

"Mystic sword, Wandering Dragon Sword, celestial Thearch sword, Dragon Spear, and four elements of Suan ni combined together to form a divine weapon!"

"Zi Zi Zi!"

With a burst of light, the compound divine weapon reappeared.

"Kill!"

Dugu Chen's fighting spirit rose. He didn't care about what was in front of him. The pair of Star Wings evolved into his fastest speed.

Boom, boom, boom!

The space in front of him couldn't withstand such power and kept exploding. Everywhere he went, the space was frozen.

No one could block such a terrifying killing move!

The surrounding spectators were completely stunned. This level of battle was not inferior to a King-level battle at all. This was a battle between King-level experts.

They would never have thought that they would be able to witness a battle between two King-level powerhouses!

"Boundless Thunder Dragon's brilliant lightning strike!"

A flash of lightning streaked across Ye Chen's brow. Immediately, the wings on his back glowed with lightning and the Thunder Dragon law circulated.

Buzz, buzz, buzz!"

In an instant, Ye Chen had arrived beside Dugu Chen.

"Swish!"

The light was bright and the light was bright!

At this moment, the two strongest people were at loggerheads.

Boom, boom, boom!

The surrounding space exploded rapidly. The arrays that Elder Wuchen had set up were no match for him at all and were shattered one after another.

"This!"

Elder wuchen was shocked, and the surrounding people were even more disheartened. They could not withstand such an intense battle and such a shock wave.

"Zi Zi Zi!"

As expected, the shock wave broke through the restraints of the array and rushed towards the audience.

"Ah!"

Countless powerhouses were turned into bones before they could react.

The eight kings were all shocked by this shocking scene.

"Ah!"

The eight great kings and elder wuchen attacked one after another.

The powerful king's power forcefully sealed all the exits of the shock waves and then left the sealing formation.

"Shadow seal!"

Elder wuchen absorbed the power of the eight kings and cast the shadow seal.

"Zi Zi Zi!"

As the shadow Force continued to pour in, the seal was finally completed.

With the power of the eighteen great kings and elder wuchen, it could be said that this time, it was absolutely foolproof.

The experts in the spectator stands finally felt at ease, but they were still covered in cold sweat.

As a result, ye chen and dugu Chen continued to attack each other. The foundation of both sides was already as high as the sky, and neither side was willing to give in.

There were countless flames, lightning, and Starlight. No one knew how they worked, and it was a complete mess.

Boom, boom, boom!

The energy continued to surge, continuously destroying the protective enchantments of both sides. Finally, it began to reach the true body.

"Ah!"

Dugu Chen considered himself a King-level warrior. No matter what, he couldn't lose to a puny golden immortal.

"Star burst!"

"True spirit nine transformations, heaven swallowing meteorite!"

Ye chen conjured the heaven-devouring Phoenix and combined it with his ancient God Power to resist!

"Roar!"

The heaven-devouring turtle swallowed the sky with its huge mouth. In an instant, more than 70% of the star power was absorbed by the heaven-devouring turtle.

Of course, the heaven-devouring turtle couldn't withstand such a great force and exploded in the air.

However, its power had been greatly reduced and was no longer enough to harm ye chen.

"It's my turn! The celestial Emperor has destroyed the misty Heavenly Sword!"

"Zi Zi Zi!"

The composite divine weapon emitted the light of the heavenly Sword. Instantly, an infinite power broke through the universe, and the celestial Thearch's primordial spirit appeared.

The Grand Celestial Emperor primordial spirit waved the heavenly Sword in his hand and slashed at Dugu Chen.

"Ah?"

Dugu Chen was shocked and sent out countless Star Powder.

"Zi Zi Zi!"

The star Powder froze the space, even the heavenly Sword froze.

"Hahaha, ye chen, did you see that? any of your divine abilities are useless before me!"

[Chapter 2416 Bloodthirsty Dire Wolf Vs Star Battle Body!](#)

"Is that so?"

Suddenly, the corners of ye Chen's mouth curled up.

"What?"

Dugu Chen was stunned. He felt a chill down his spine.

"Zi Zi Zi!"

A dark light flickered, and a dark shadow appeared. It was the dark Thearch, the nether King.

"The secret mirror of the god of the underworld!"

With the doomsday myth in his hand, he used the underworld God's ultimate skill. The piercing sword radiance shot toward Dugu Chen's back.

"Ah!"

Dugu Chen let out an angry roar and his body turned into a star. Countless Star Powder condensed on his back, forming a Star Crystal layer.

"Swish!"

The doomsday myth slashed at the star Crystal layer, but it could not penetrate it.

"Hahaha!"

Dugu Chen laughed as he unleashed his power once again. The star Powder rapidly seeped through his body and shot toward the Dark Lord and the underworld King.

"Retreat!"

A dark alternate dimension appeared behind the dark Thearch and the nether King as he quickly retreated into it.

Such an astonishing assassination attempt had failed to break through dugu Chen's defenses. Ye Chen's brows furrowed. He thought to himself that the opponent he had encountered today was indeed extraordinary.

"Ye chen, today is the day you die!"

Dugu Chen issued the final judgment.

"Good, big brother is mighty!"

"Big brother is invincible!"

Behind them, dugu Yi and dugu li were shouting and clamoring.

On the third seat King's side, many experts, including the third king, fell silent.

Even the third king hadn't expected dugu Chen's strength to be this powerful. He was definitely a King.

The first seat King's aura increased and his might suppressed the third seat King.

"Hahaha!"

Elder Wu Chen smiled eerily at the same time.

The dark shadow elder's brows were tightly knitted, and his heart trembled.

"Al, could this be the will of the heavens?"

He looked at the sky and revealed a helpless expression.

This great battle was not only related to the leadership of the Shadow Realm, but also the leadership of the sacrificial Hall. This was also the reason why the elder of the shadow helped the third king so much.

He was the person sent by the force that supported the third Palace in the palace of shadows.

On the other hand, the first Palace Lord was supported by elder wuchen's faction. The outcome of this battle would affect too many things.

On the battlefield, ye chen was facing the almost invincible dugu Chen. His eyes were cold and fierce, revealing a ruthless side.

"Hahaha! Dugu Chen, you've surprised me!"

Ye Chen suddenly laughed eerily. His body glowed coldly and an endless murderous aura burst out.

"Phew, phew, phew!"

The surrounding space trembled rapidly. The killing intent actually penetrated the array and reached the hearts of everyone.

"Ah?"

Many experts, including high immortal realm experts, felt a chill run down their spines. This killing intent was simply terrifying!

"Oh? Ye Chen, do you still have a divine ability that can surprise me?"

In the face of Ye Chen's shocking killing intent, Dugu Chen sneered. He was not afraid at all. It was clear that killing had become an instinct for him.

At this point, he could not kill many powerhouses and absorb as much energy as he wanted. Although Ye Chen's killing intent was intimidating, it was useless against him.

Moreover, he was in the star physique state, so he had nothing to fear.

"I'll try, hehehe!"

Ye Chen's laughter became even more sinister. The qi and blood in his body churned, and the Dragon Qi swept through his meridians.

Then, the immortal flying knife rapidly evolved into the extremely penetrating claws of the wild wolf. The evil demon armor took form and absorbed the dark elemental energy to form the wild wolf blood armor. The evolution of the eight-gate divine disc had actually turned into the desolate Wolf Dragon Helmet.

"Phew ..."

He let out a breath that carried a scorching energy that shot up into the nine Heavens.

"Phew, phew, phew!"

In an instant, the mystical Fire burned for three thousand miles, and the bloodthirsty wild wolf appeared!

Ye Chen's figure suddenly changed. The bloodthirsty dire wolf, the most taboo power, finally erupted.

"Very good, very good, hahaha!"

Suddenly, Dugu Chen burst into laughter. The star Powder on his body transformed again, and the most powerful star body was born!

"Phew, phew, phew!"

The auras of both sides were extremely violent, and their battle-power had actually surpassed King-level!

Such a scene shocked everyone!

The number one king, number three king, and even elder an Ying and elder Wu Chen were shocked. They could not believe their eyes. Whether it was ye chen or dugu Chen, they had underestimated them.

The eight King tiers trembled in shock at the same time. They had never thought that there would truly be an existence that surpassed them. Moreover, he was so young.

"Kill!"

Ye Chen's eyes were bloodshot and he had completely lost his human appearance. He was now a killing machine, a terrifying death god.

Buzz, buzz, buzz!"

Nothing was spared from the claws of the dire wolves. Even the star crystals were unable to resist the extreme penetration of the claws.

This was not just a manifestation of the immortal slaying Flying Dagger, but the most powerful divine weapon that had been fused with ye Chen's ancient netherworld Battle God blood essence.

"Very good!"

Dugu Chen, who had the star combat body, was also in a frenzy.

His entire body had evolved with star crystals, and his battle form had revolved around his body. Now, the star Battle form was completely under his control. He could do as he pleased, and everything in the world would transform on their own.

Buzz, buzz, buzz!"

The earth trembled with every step he took. The power of the star Battle physique was limitless.

Buzz, buzz, buzz!"

The sharp claws and the type 2 star Crystal continued to collide, causing Starlight and lightning to flash.

At this moment, nothing was in their eyes, only a battle of slaughter.

"Wild wolf plundering Shadow Kill!"

"Whoosh, whoosh, Whoosh!"

Ye Chen's figure was swift. After entering the transcendent state, even dugu Chen would not be able to find his position in an instant.

Buzz, buzz, buzz!"

The sharp claws slashed out, continuously cutting at the star Battle armor. Even though they were unable to completely penetrate it, the multiple cuts still caused damage. The penetrative ability of the wild Wolf's sharp claws was too shocking.

"Damn it!"

Dugu Chen was furious that his Star Battle suit had been broken.

"Stellar sword Qi!"

"Whoosh, whoosh, Whoosh!"

The sword Qi swept across 9000 miles and destroyed everything!

Buzz, buzz, buzz!"

However, ye chen waved his sharp claws and slashed wildly. All the sword Qi could not get close to him. They were all cut into pieces by his sharp claws and turned into nothingness.

"Star wheel!"

All of a sudden, dugu Chen stood in the air. Countless spinning stars appeared around him, emitting cutting power. It was also the law of ultimate penetration.

"Hahahaha, ye chen, I'll let you taste it!"

Dugu Chen gave the order and countless star wheels rushed over.

"Composite divine weapon, the nine-refined God spear, 'killing burst'!"

In the face of an inevitable attack, ye chen held the compound divine weapon in his hand. The spear glowed and countless wild wolf battle energy burst out.

With the spearhead as the core, endless fighting spirit burst out, turning into a spinning explosive force that annihilated madly.

Boom, boom, boom!

Everything in front of him was chaotic, indescribable, and indistinguishable.

Such a violent clash of energy had once again shocked the laws of the battlefield. One had to know that these arrays had been set up by the eight great kings and elder wuchen. How could such power not trap these two people?

Ridiculous!

This was the only word that everyone could think of!

[Chapter 2417 2422-Allheaven Supreme Immortal!](#)

"Ye chen, I'm going to kill you!"

Dugu Chen went berserk again, and his energy was still rising.

Even the number one king had never seen dugu Chen in such a state. This was his strongest power, the hidden ultimate killing body.

"Wan Xing, listen to my command!"

"Zi Zi Zi!"

Endless Starlight descended once again and gathered on dugu Chen. His strength had actually surpassed the celestial King realm!

Such power completely suppressed King-level existences.

Such a terrifying power made the surrounding spectators let out a clear sound from the bottom of their hearts. Their hearts were completely shocked and they couldn't move. They were like ants.

"Hahaha, ye chen, accept the result of being crushed!"

Dugu Chen's body burst out with the most condensed power of the stars. He had entered his ultimate state.

"Is that so?"

However, ye chen revealed his bloodthirsty teeth and his face was filled with excitement. Even ye Wushuang felt a trace of fear when he saw this ye chen.

"Master!"

It was ye Wushuang's first time seeing ye chen in such a murderous state. He would remember this moment!

"Zi Zi Zi!"

Suddenly, an energy core appeared on ye Chen's sharp claws. It was the celestial Spirit world core.

"Ah!"

With a furious roar, ye chen clenched his sharp claws.

Crack, crack, crack!

The core of the immortal spirit world was forcefully crushed and turned into countless spirit lights that were all absorbed by ye chen.

"Phew ... What a wonderful taste!"

Ye chen let out a breath of Scarlet air. Then, the muscles in his body burst and the skeletal wings on his back spread.

Boom, boom, boom!

The ancient God Power in his meridians exploded like a tsunami.

Ye chen had finally entered the five-star ancient God Realm!

A five-star ancient God was extremely majestic!

Suddenly, ye Chen's bloodthirsty Wolf evolved into a vicious demon Wolf!

Buzz, buzz, buzz!"

Ye Chen's own bone armor could not withstand this demonic power and was crushed on its own. Then, under the stimulation of the ancient divine Power's boundless life law, it continued to heal. Each time it healed, it was ten times stronger than the previous time.

This was the characteristic of a five-star ancient God. If he couldn't be killed, he would become stronger!

"Hahaha!"

Ye Chen roared at the sky and kept spitting out Scarlet energy waves from his mouth.

Then, the surrounding space was rapidly swept away by the energy wave and completely collapsed.

"Damn it!"

The myriad star physique dugu Chen was furious and rushed out madly.

Buzz, buzz, buzz!"

He punched at Ye Chen's energy stream.

The two of them were like gods and demons that would never get tired as they engaged in a battle.

In such a battle, everyone had become spectators. Even if they wanted to interfere, they didn't have the ability to. This was a true battle between Kings.

"The myriad star physique's brilliant star judgment!"

"Zi Zi Zi!"

Suddenly, dugu Chen flew high up into the sky. Then, countless Starlight spots appeared on his back. It was the myriad star physique that was gathering the power of judgment.

"Whoosh, whoosh, Whoosh!"

After that, countless rays of Starlight fell and bombarded Ye Chen's body.

"Ah?"

It was a spectacular moment. Countless experts exclaimed in admiration. No one could survive such a terrifying attack that could kill a peak immortal Lord!

"Ye Chen is no match for dugu Chen!"

"It's still the pride of the Shadow Realm who is the strongest!"

"Invincible in the Shadow Realm! Dugu Chen is invincible!"

Countless experts had lost their self-consciousness. They kept shouting dugu Chen's name, praising him, and marveling at him.

Even the king tiers were the same. The great battle was finally coming to an end.

"A!"

The third king let out a sigh. Dugu Chen was so powerful that even he was no match for him. What was the point of fighting?

The shadow elder was the same. He accepted his fate!

Boom, boom, boom!

On the battlefield, Dugu Chen's bombardment continued as if he wanted to turn Ye Chen into ashes without leaving a trace.

"Hahaha, Ye Chen, you're going to die in my hands in the end!"

Dugu Chen laughed. The entire blast zone had pushed Ye Chen's so-called earth into the sky.

"Die!"

He let out a final roar, and all the Starlight gathered on one point, completely crushing it.

Even the entire sky was reduced to nothingness.

Zila, Zila, Zila!

All of a sudden, on the remains of the bombardment, countless rays of divine lightning appeared. It was as if the heavenly Tribulation had descended, but it also seemed as if the heavenly Tribulation had disappeared. It was impossible to distinguish.

"What's that?"

Dugu Chen locked his eyes on the energy core, but he couldn't see any information.

The light of the Holy Thunder gradually turned into blood lightning. It was the first time for many experts to see such a terrifying lightning.

"What is this? Why is there such a lightning?"

"It contains boundless power, as if it can destroy the entire world!"

"It's too terrifying!"

Many experts trembled and unconsciously retreated.

"Ignorant ant, your performance is over!"

The vigorous and domineering voice penetrated Dugu Chen's heart.

"What?"

Dugu Chen raised his head again and looked at the land of shocking Thunder from the nine Heavens. A majestic shadow appeared. It was the Suan ni Luo celestial, Ye Chen!

Ye Chen had relied on the demon wild wolf, Dugu Chen's myriad star physique destruction light, and his five-star ancient God Foundation to break through to the allheaven superior celestial realm. No one had ever done it before, and no one would ever do it again. He was the shocking number one!

After breaking through to an overarching heavenly Supreme celestial, the heavenly gate behind Ye Chen was a hundred times more powerful. It continued to release the light of heavenly Dao.

"An allheaven Supreme immortal?"

The eight kings were all shocked, and everyone present couldn't help but exclaim.

Ye chen had actually used an unimaginable method to break through to become an overarching heavenly Supreme celestial in front of everyone.

Although there was still a huge gap between ye Chen's state and dugu Chen 's, everyone had already acknowledged ye Chen's strength. He was too strong.

"Dugu Chen, accept your judgment!"

"Impossible! I'm the invincible one here. Who Do You Think You Are? ye chen, die!"

Dugu Chen activated the myriad star termination supernormal ability.

"Ultimate skill of the myriad stars, the glorious pilgrimage of myriad stars!"

"Zi Zi Zi!"

This time, countless astral laws gathered. This was a power a hundred times stronger than the Starlight from before. It was to deal with ye chen.

"Imperial heaven spell! Heavenly Sword Qi!"

Ye chen spoke softly, and the celestial Thearch primordial spirit appeared behind him.

"Zi Zi Zi!"

On his sword finger, an aura continued to condense. It seemed weak, but in reality, it was like a Whirlpool of the universe, immeasurable.

Previously, ye Chen's Foundation was not strong enough. Now that he had become a five-star ancient God and an overarching heavenly Supreme celestial, he had the ability to fully release the Imperial heaven technique.

"Kill!"

Dugu Chen released his ultimate divine ability and vowed to kill ye chen.

Ye chen gently moved his sword finger. The Tianyuan sword Qi turned into a stream of light and shot out.

p "Zi Zi Zi!"

The divine arts of both sides clashed in the sky. At this moment, the stars dimmed and dazzled the world. All the experts were unable to open their eyes.

"Boom boom boom!"

With a deafening explosion, the sword Qi of heavenly origin broke through all the obstacles and pierced through dugu Chen's helmet.

"Swish!"

Blood spurted out, and his mind stopped!

[Chapter 2418 The Paragon Of The First Era!](#)

Gudu Chen was dead!

Shua!

A thin figure appeared in the sky. His pupils shrank when he saw the dead body of Gudu Chen.

BOOM!

Immediately after, an endless and powerful killing intent erupted from his body. Like countless mountains, they descended from the sky and crushed toward ye chen.

"You actually dared to kill the pride of my Shadow Realm!?"

The skinny old man's eyes were extremely gloomy as he growled in a low voice. Guduchen's talent was top-notch even in the vast shadow Realm. He was a peerless genius and an existence that could suppress an era.

Such a peerless heaven's favorite had actually died at ye Chen's hands.

Ye chen ... Truly deserved to die a thousand times for his sins!

"Damn it, damn it, ye chen, you deserve to die ten thousand times!"

Everyone from the Shadow Realm trembled. They were all extremely shocked. Then, they roared loudly, extremely furious.

The pride of the Shadow Realm had actually been killed just like that. This concerned the face and dignity of the entire Shadow Realm.

If they did not kill ye chen, then the reputation of the Shadow Realm would drop greatly in the future. Others would look down on the Shadow Realm.

If the experts from the other realms knew about this, they would all make fun of the Shadow Realm and treat it as a joke!

"Who else is there?"

Ye chen stood in the air and looked down quietly. His eyes were very calm.

In fact, killing dugu Chen didn't force him to use too many of his trump cards.

His current strength wasn't something an Immortal King could compare to.

This was also the reason why he dared to come to the Shadow Realm. It was because he had the strength!

"You're looking for death! Patriarch, please send out a super genius from the first era to suppress this kid!"

Someone shouted.

"That's right. The strongest heaven's favorite of the second era, Gu Duchen, has already been killed. However, the heaven's favorite of the first era is not someone that Gu Duchen can compare with."

The crowd roared in anger.

The skinny old man's eyes were dark as he waved his hand.

The few middle-aged men behind him nodded slightly. Then, they looked up at the sky together.

Rip!

A huge hole was torn in the space, and an endless spacetime storm was produced. A figure walked out of the void. He was ten meters tall and carried a huge black sword on his back.

"Jia Luo!"

"It's him! He's a genius from the first era!"

"I've read about him in ancient records. Apparently, he took third place in the competition for the position of number one chosen!"

The crowd was in an uproar, shocked beyond compare.

"Jia Luo?"

Ye Chen's gaze swept over.

As if sensing ye Chen's gaze, Jia Luo raised his head. BOOM!

An extremely terrifying power burst out from Jia Luo's body, causing the space to shake violently.

"You killed Gudu Chen? Very good!"

Jia Luo's tone was full of surprise, and then he sneered, "but my strength is not something that Gudu Chen can compare with. He has not grown up in the end."

"One move is enough to deal with trash like you."

Jia Luo said indifferently.

"One move!"

"That's right. With Jia Luo's strength, no matter how strong ye chen is, he'll be crushed in one move. "

"Jia Luo is a peerless heaven's favorite in the ancient books ..."

The crowd began to discuss one after another, their faces revealing a look of ridicule.

"Kill him!"

The skinny old man said coldly.

"Yes, forefather."

Jia Luo nodded slightly, revealing a mocking expression. He raised his hand.

BOOM!

A black pillar of light, tens of thousands of meters long and thousands of meters in diameter, shot out like a black heavenly pillar toward ye chen in the air.

Ye Chen's heart skipped a beat. As expected of a heaven's pride expert of the first era. The power of this attack alone was stronger than Gudu Chen's full strength.

Rip!

A beam of sword Qi appeared out of thin air and instantly expanded to tens of thousands of meters long. It slashed out violently and collided with the black sky Pillar.

Then, an endless storm was set off, sweeping everywhere and sending rocks flying.

"He blocked it?"

Everyone's eyes narrowed. They did not expect ye chen to hold back his strength and block Jia Luo's attack.

One had to know that the power of this strike was enough to defeat an ordinary Immortal King.

Jia Luo's cultivation base was at the intermediate Immortal King realm and he was a peerless genius. Even ordinary late immortal kings were no match for him.

"You can block one of my attacks. Let's see how many times you can block it. Bastard, die!"

Jia Luo's expression changed and he roared. Being blocked by an ant who wasn't even an Immortal King had really made him lose face.

Whoosh!

The black sword on his back suddenly slashed out, and a black sword light that was hundreds of thousands of meters long cut through the air. With an explosion, the space shook and exploded.

"He's dead. "

"Ye Chen's done for,"

The crowd looked on mockingly. Ye chen would definitely die under this attack.

"Sky origin divine sword!"

In the face of this attack, ye Chen's lips curled into a cold smile.

Whoosh, whoosh, Whoosh!

Nine white sword Qi appeared behind him. Each sword Qi had the same sharpness as the sky origin sword Qi.

Then, everyone saw the nine sword Qi suddenly move towards the center and merge together, forming a huge sword Qi, and its power increased dramatically.

Shua!

Everyone from the Shadow Realm was dumbfounded. Then, they all sucked in a breath of cold air, their eyeballs almost flying out of their sockets.

Are you kidding me?

Even the peerless genius of the first era, Jia Luo, had been defeated by ye chen?

In that case, how strong was ye chen exactly?

Could it be that he didn't use his full strength when he fought with Gu Duchen?

[Chapter 2419 Top Ten Existences!](#)

"Damn it, you actually dare to hurt Jia Lou!"

The skinny old man finally couldn't hold back the anger in his heart and roared. He was almost about to attack, and the aura on his body was like an endless ancient divine mountain that could suppress him at any time.

Ye Chen's eyes flickered when he felt the skinny old man's energy, which was like an active volcano, erupting at any time. With the skinny old man's strength, ye chen was not a match for him yet.

However, although he was not a match for them, ye chen, who had advanced to the level of an overarching heavenly Supreme celestial, was confident that he could escape.

This was also the reason why he dared to come here.

Because he had enough capital.

"Old man, your subordinates are no match for me, so you're going to personally attack me? It seems that the people from the Shadow Realm only have this bit of ability. What number one heaven's favorite? what a joke!"

Ye chen said coldly.

"W-what did you just say?"

Hearing this, the skinny old man couldn't help but be furious and almost attacked.

"Old ancestor, there's no need to be anxious. Since our Shadow Realm wants to spread our name, we must defeat ye chen with the prodigies of the younger generation. Otherwise, where will our face go?"

At this time, the two middle-aged men behind him came forward and advised.

"Good, very good. Since that's the case, send out the top ten geniuses of the first era!"

After hearing the words of the two middle-aged men, the skinny old man suppressed the anger in his heart and growled.

What?

One of the top ten geniuses of the first era?

Upon hearing this, everyone present could not help but fall into a state of madness.

Oh my God!

He was one of the top ten geniuses of the first era!

What kind of powerful existence was this?

Jia Luo's strength was already very shocking, but even so, he was not ranked in the top ten. He was only in the top twenty.

Compared to the real top ten, there was still a big gap.

Now, in order to deal with ye chen, they had to send out the top ten existences. These existences were all unhindered in the ancient times and the Shadow Realm. Even the weakest of them was a late-stage Immortal King.

Some of them had even reached the peak of the immortal King realm.

"I've made up my mind!"

The skinny old man said firmly.

"Alright!"

The two middle-aged men nodded slightly and immediately took out two tokens. They transmitted their voices to the two peerless geniuses in the Shadow Realm.

One of the tokens didn't respond, while the other token glowed with a black light. It was obvious that it had responded.

After a while.

Whoosh!

A stream of light flashed rapidly from the distance. Then, everyone saw that the space seemed to have been cut by a pair of scissors, and a deep crack appeared.

Shua!

One of them was short, but his aura revealed his cultivation base. He was at the peak of the immortal King realm.

A terrifying aura spread out like a tide.

The peak of the celestial King realm!

It was obvious that the top ten geniuses of the first era had arrived.

Almost all of the top ten heaven's favorites were at the peak of the immortal King realm. Otherwise, they wouldn't be able to get into the top ten.

"Skyblade! It's him! Skyblade!"

Someone recognized this top ten existence and couldn't help but shout in shock.

"Skyblade?"

Most of the people were confused. They had never heard of Skyblade.

"Skyblade once fought several intermediate immortal kings with his early Immortal King cultivation base. He even broke out of the encirclement and killed an intermediate Immortal King!"

"Later, when he reached the intermediate Immortal King realm, he showed an abnormal combat strength and defeated three late immortal kings by himself!"

"Now that he's at the peak of the immortal King realm, his combat strength is probably not much weaker than a first-level immortal God."

After hearing this person's introduction, the crowd could not help but gasp. Heavens, Skyblade's strength was that terrifying?

He could fight a first-level immortal God with his peak Immortal King cultivation base?

The immortal God Realm was a completely different domain. Only by cultivating the immortal Dao domain could one be considered to have truly stepped into the immortal God Realm.

Those who could reach the immortal God level were all peerless geniuses with terrifying talent.

One could only imagine how powerful such a prodigy would be after cultivating for millions of years and eventually reaching the immortal God stage.

Could Skyblade rival Immortals and gods?

"Most importantly, Skyblade is Jialuo's brother."

The man added.

Hiss ... Hiss ...

The crowd was shocked again.

Then, they revealed a mocking expression.

Ye Chen could defeat Jia Luo, but he was definitely not Skyblade's match.

Skyblade was too terrifying.

Skyblade's strength was not something an Immortal King could match. Ye Chen was merely a mere exalted immortal. No matter how freakish his combat strength was, it was already a miracle that he could match an Immortal King, let alone a Skyblade with the combat strength of an immortal God.

Of course, a true immortal God could control the immortal Dao domain. As long as they were dealing with any Enemy Below the immortal God Realm, they could easily kill them.

Skyblade was only said to possess the combat strength of an immortal God. In reality, he was still lacking.

Even so, it was already terrifying enough.

"So you're the one who hit my brother?"

The short figure's eyes looked in ye Chen's direction.

Whoosh, Whoosh!

The two rays of blade light were almost instantly slashed out. These two rays of blade light were really like heavenly blades. There was a faint feeling of the space being cut open. Everyone's expression changed wildly. Some of the people who were close to them were touched by them accidentally, even though they were protected by the thin elder. Their bodies shook violently and they spat out large mouthfuls of blood.

Terrifying!

The moment Skyblade made his move, his combat strength was comparable to that of an immortal God. This made everyone vomit blood.

He was too strong.

This kind of combat power was definitely not something Jia Luo could compare to.

The top ten geniuses of the first era were indeed extraordinary.

"So powerful."

Even ye chen could not help but narrow his eyes. The fighting spirit in his body was extremely strong and bloomed!

So strong!

Only such a powerful enemy could attract his true attention and make him use all his combat strength!

Although Jia Luo was strong, it wasn't enough.

The combat power that Skyblade displayed was not just a little stronger than Jia Luo 'S. He was indeed worthy of being one of the top ten geniuses of the first era.

Although he didn't know what the first era was, he could tell from the expressions of the people from the Shadow Realm that the first era was definitely not simple.

"Sky origin divine sword, void breaker."

It was still void breaker.

The nine rays of sword Qi behind ye Chen's back condensed into a huge sword Qi and slashed out with the same destructive force. It collided with the two rays of Saber Light one after another.

Boom! Boom! Boom!

,m The terrifying power caused the space to shake violently again, and the magnitude was even more violent than before.

Bang! Bang!

Ye Chen's figure could not help but fly backward. He was sent flying by a destructive force. The two saber gleams also exploded, causing the space within a radius of a million miles to tremble violently.

"I blocked it."

"My God! He actually managed to block Skyblade's attack?"

"Terrifying!"

"This kid's talent is extraordinary. He must be eliminated!"

"I have to say, his combat strength is really strong."

Everyone's eyes widened in disbelief.

### [Chapter 2420 Ye Chen's Earth-Shattering Blow!](#)

"He blocked it? This bastard's life force is quite strong. "

Skyblade's gaze swept across the void. At the same time, he was a little surprised. It was a miracle that a mere overarching heaven Supreme immortal could survive his attack.

One had to know that his cultivation base was at the peak of the immortal King realm and he was one of the top ten Supreme geniuses of the first era. He could kill an ordinary late-stage Immortal King with a casual strike.

Even with such combat power, he could not kill ye chen in one move.

It was too strange.

The difference between an overarching heavenly Supreme celestial and a peak Immortal King could be said to be extremely great, but ye chen had managed to survive a single blow.

What level of talent was this?

Terrifying!

A word appeared in everyone's mind.

Terrifying!

It was too terrifying.

"He's really strong. "

In the distance, a figure stepped on a divine sword and appeared again.

It was ye chen.

He stepped on the flying sword conjured by the yuan Tian divine sword. In reality, he was not injured. He just looked like he had been sent flying.

One had to admit that the cultivation base of a peak Immortal King was much stronger than Jia Luo 's.

Ye chen had already figured out Jia Luo's strength. Although he was stronger than Gu Duchan, there was a limit to his strength.

Skyblade's strength was much stronger than Jia Luo 's. If he were to deal with Gu Duchen, he would probably be able to kill him with a casual strike.

The power of that blow just now was not something that dugu Chen could block.

This was also why ye chen had been sent flying with one blow.

"Kid, you're quite capable, but you'll still have to die. Not only you, but your entire family will die!"

Skyblade grinned as his eyes glowed with a bloodthirsty light.

"You, you are seeking death."

When ye chen heard the other party threatening his family, his eyes flashed and his face darkened.

What he hated the most was people threatening his family.

His family was his reverse scale!

"What did you just say? I'm looking for death? Hahahaha!"

"Hahahaha ..." Heaven blade was stunned at first, then burst out laughing. He was one of the top ten geniuses of the first era, with a cultivation base at the peak of the immortal King realm. His combat strength was enough to fight the weakest first-level immortal God.

An existence like him was actually being called seeking death by a puny overarching heavenly Supreme celestial.

This was simply too laughable.

"You don't know what's good for you."

"Does he really think that he can match Skyblade?"

"I admit that he's very powerful. It's amazing that he's able to reach this stage as an overarching heavenly Supreme celestial. However, he still dares to speak so arrogantly when facing Skyblade. He's simply courting death!"

"Yeah, he's looking for death!"

The crowd was abuzz with discussion. The experts of the Shadow Realm all ridiculed ye chen. Ye chen was overestimating his own ability.

He dared to speak so arrogantly when facing an opponent like Skyblade. Was he tired of living?

A puny overarching heavenly Supreme immortal thinks he's very strong just because he has a bit of combat power?

"Three moves,"

Ye chen suddenly said.

What?

The crowd was slightly stunned, not knowing what ye chen was talking about.

"Haha, it seems that you still have some self-awareness. However, you are wrong. I don't need three moves to deal with you!"

Skyblade sneered.

"No, what I said is, I will defeat you in three moves."

Ye chen said indifferently.

What?

Everyone was stunned again.

What was ye chen saying?

To defeat Skyblade in three moves?

Hahahaha!

The crowd burst into laughter.

Arrogant!

A puny overarching heaven Supreme celestial actually had to defeat a peak Celestial King in three moves!

It was too laughable.

The figures of the older generation from the Shadow Realm all showed a sneer. Ridiculous, too ridiculous.

If it were not for ye Chen's previous display of combat power, everyone present would have begun to curse in anger.

Of course, even so, they knew that ye chen could not defeat Skyblade.

The difference between an overarching heavenly Supreme celestial and a peak Immortal King was simply too great.

"Yuan Tian divine sword, the fourth sword!"

At this moment, ye chen spoke again.

Shua!

The nine rays of white sword Qi first condensed into a huge white sword Qi. Then, under ye Chen's control, this huge white sword Qi burst out with another white sword Qi.

Then, the two white sword Qis turned into four, and then eight.

In the end, the eight sword Qi condensed into a seven-colored sword Qi.

"This technique is called the rainbow transformation!"

Ye chen said coldly.

"Hahaha, this is ridiculous. What kind of trash is this? sky-breaking saber, kill him!"

Skyblade laughed out loud. His body flashed and he was about to attack.

However, at this moment.

The seven-colored sword Qi moved.

Buzzzzzz!

The entire sky was torn apart!

The seven-colored sword Qi trembled slightly. In the next moment, it turned into a seven-colored stream of light and flew out.

Breaking the surface with a single point!

BOOM!

The time and space in front of Skyblade suddenly split open. A seven-colored sword Qi suddenly appeared in front of Skyblade's chest. It tore through time and space, and like a nuclear bomb, it exploded!

"Ah!"

Skyblade let out a blood-curdling screech as his body was instantly sent flying tens of thousands of feet away. He disappeared into the horizon and no one could even see his figure.

Drip Drop, Drip Drop ...

Drops of fresh blood dripped into the void.

On Skyblade's chest, there was a deep, bloody gash. It was a ghastly sword gash that revealed his internal organs.

This sword attack had almost killed Skyblade.

"What?"

Everyone present looked at this scene in disbelief, thinking that their eyes were playing tricks on them.

How was that possible?

"Is he really that strong?"

"Oh my God, ye chen managed to injure Skyblade so badly with one move?"

"Oh my God!"

"Terrifying. Ye Chen's combat power is too strong!"

At this moment, countless people from the Shadow Realm let out a roar of disbelief.

Even if they did not want to admit it, they had to admit that ye Chen's combat strength was terrifying.

Kill Gudu Chen.

Defeat Jia Luo.

He had injured Skyblade with another move.

This was a miracle.

Perhaps it was because Skyblade was not on guard, but to be able to heavily injure Skyblade in one move was enough to show how terrifying ye Chen's move was.

Sky rainbow transformation!

Ye Chen had cultivated this move for tens of thousands of years and finally comprehended it under the ancient tree.

In terms of power, it was enough to kill an ordinary peak Immortal King.

Skyblade had been caught off guard and was severely injured by this move. Even so, the power of this move was indeed terrifying.

Most importantly, ye Chen's cultivation base was only at the level of an overarching heavenly Supreme celestial!

No matter what, it was a miracle that he was able to severely injure Skyblade with a cultivation base of an allheaven Supreme immortal.

"Brat, you're looking for death ..."

Skyblade looked at the sword wound on his chest and was completely enraged.

"Divine Blade!"

"Die!" Skyblade roared as a huge golden battle blade that was a million meters long appeared behind him. Then, with the power to destroy space, the battle blade slashed down.

Shua!

Ye Chen's figure flashed and immediately appeared a million miles away. Then, the place where he had been before was slashed by a saber, tearing thousands of holes.

What a terrifying power!

Ye Chen's eyes flickered. This was Skyblade's true strength.

It was enough to fight against the weakest Immortals and gods.
