

Genius 2421

[Chapter 2421 The Immortals And Gods Take Action!](#)

The immortal God stage was a stage above the immortal King stage, an existence that had cultivated the immortal Dao domain.

Such an existence's battle prowess was definitely extremely terrifying. In the vast shadow Realm, they were all Almighty level existences.

Skyblade's combat strength was comparable to the weakest Immortals and gods. Even if it was the weakest Immortals and gods, which theoretically could not fight them, it was still very terrifying.

"So strong!"

Ye Chen could feel the other party's saber ray. It was a power that seemed to cut space into pieces. It was terrifying to the extreme.

If not for his extremely fast speed, which allowed him to appear a million miles away in an instant, he would have been severely injured by that blade.

His cultivation base was still too low. He was only an allheaven Supreme immortal, which was still a distance away from the immortal King realm, let alone the weakest immortal God.

"Bastard, do you only know how to dodge?"

Skyblade was enraged.

A ray of Saber Light instantly tore through the space and burst out of the void, appearing in front of Ye Chen's chest.

Fast, it was too fast!

It was enough to fight the weakest immortal God. It was too fast.

Shua! Ye Chen's figure flickered and reappeared a million miles away, narrowly avoiding the attack.

Even so, it still took him a lot of celestial energy to use this movement technique.

p "A peak-stage Immortal King wants to deal with me, an overarching heavenly Supreme immortal. Do you think you're very proud? If I become an Immortal King, killing you will be as easy as killing a chicken! What top ten prodigies of the first era? In my opinion, the Shadow Realm is a bunch of trash!"

Ye Chen sneered coldly and rebuked loudly.

He was speaking the truth.

An allheaven Supreme immortal was able to fight against Skyblade continuously. This kind of combat strength was simply terrifying. If he were to step into the immortal King realm, how powerful would he be?

It was unbelievably strong!

"You, you, you ..."

Hearing ye Chen's mocking words, Skyblade trembled in anger. As one of the top ten existences of the first era, he had never been ridiculed like this. However, what ye Chen said was true. With his cultivation base as an overarching heavenly Supreme celestial, he had erupted with such combat power. Skyblade could not refute these facts.

At the same time, everyone from the Shadow Realm was also quite angry.

"Damn it, ye Chen, what are you so proud of? The top five prodigies of my Shadow Realm haven't appeared yet. Don't think you're really that strong!"

"Ye Chen, you dare to offend the Shadow Realm. You'll definitely not have a good end in the future!"

"You're seeking your own death!"

Everyone started to shout.

To offend the Shadow Realm?

A sneer appeared at the corner of ye Chen's mouth. From the beginning to the end, he had not been the one causing trouble. It was the people of the Shadow Realm who had taken the initiative to find him. If it were not for Gudu Chen, he would not have come to the Shadow Realm and launched an attack.

At the end of the day, it was the Shadow Realm itself that was tyrannical and fearless. In the end, it had met an iron plate like ye Chen.

If ye Chen did not have the strength, he would have died long ago.

"Stop talking nonsense. I'm too lazy to talk nonsense with you. I'm leaving!"

Ye Chen sneered. His figure flashed and instantly appeared a million miles away. He kept flashing and each time he flashed, he could teleport a few million miles away.

Such a speed was even much faster than a peak Immortal King.

Even Skyblade would not be able to catch up.

"You want to leave?"

At this moment, the skinny old man finally made his move.

BOOM!

A transparent palm print with a diameter of tens of millions of kilometers descended from the sky and completely enveloped the area where ye Chen was.

The terrifying palm print was like a huge star falling from the sky, and the space exploded instantly.

Immortal God!

Without a doubt, this old man was a true immortal God.

Immortals and gods were too powerful. A casual attack from them was dozens of times more terrifying than Skyblade's full-force attack.

Ye chen could feel the power that was constantly surging in the sky and his expression could not help but change. Against a true immortal God, the gap between him and them was still too great.

After all, he was only an allheaven Supreme immortal.

He had seriously underestimated the horror of Immortals and gods. In theory, he could escape from the weakest Immortals and gods, but this thin old man was obviously not the weakest.

Even ordinary Immortals and gods could kill countless immortal kings.

"Bang!"

However, at this time, a strange force condensed into a seven-colored light out of thin air. It burst out from the void and rushed out with a whoosh.

BOOM!

The seven-colored light carried an incredible power and instantly destroyed the palm print. Then, the skinny old man's face changed greatly and he flew backward.

"What?"

Everyone present was shocked. What was going on?

"Damn the heavenly Dao laws!"

The skinny old man's eyes almost popped out of their sockets as he roared in anger.

So it was like this. Everyone came to a sudden realization. So the heavenly Dao laws had prevented Immortals and gods from attacking any living being below the immortal and God level.

The strength of Immortals and gods was too powerful. Even if they didn't use their immortal Dao domain, it would be a dimensional-reduction attack for anyone below immortal and God.

100 peak-stage immortal kings were no match for an ordinary immortal God.

Just by using his immortal Dao domain, he could make countless immortal kings unable to move and be slaughtered.

The difference between them was too great.

Therefore, the heavenly Dao's rules would not allow Immortals and gods to casually attack living beings below the immortal-god level, especially when ye chen was only an overarching heavenly Supreme celestial.

An immortal God attacking an allheaven Supreme immortal was simply a great taboo of the heavenly Dao.

Of course, this was referring to the Shadow Realm and the vast allheaven realm. If he were to reach the legendary immortal God Realm, he could attack at will.

The main reason was that the heavenly Dao of the Shadow Realm was too strong. The thin old man could not resist the heavenly Dao of the Shadow Realm at all.

That's why he was sent flying with a single blow.

"Old thing, you still want to kill me? No way!"

Ye chen looked back at the skinny old man who had been sent flying and sneered coldly. Then, his figure continued to flash and disappeared in a few moments.

He had escaped.

He had escaped from the eyes of the skinny old man.

Everyone trembled in anger, and the people from the Shadow Realm were so angry that they could not speak.

Ye chen had left just like that right under their noses. This was a blatant slap to the face of the Shadow Realm.

However, the one who helped ye chen escape was the Shadow Realm's heavenly Dao. If this were to be known, it would probably infuriate people to death.

"Put all your efforts into hunting down ye chen. This man is the greatest enemy of our Shadow Realm. With his talent, he will definitely become a powerhouse of his generation in the future. When that time comes, our Shadow Realm will be in trouble."

The skinny old man's face was extremely gloomy. He said in a low voice, "I must kill him. I must kill ye chen!"

"Whoever can kill ye chen will be rewarded with ten billion upper-grade celestial stones and a King-grade immortal Meridian!"

"Whoever can bring back news of ye Chen's whereabouts will be rewarded with five hundred million upper-grade celestial stones!"

Whoosh!

The crowd's expression turned fanatical all of a sudden. Their eyes were filled with greed. Oh my God, 10 billion upper-grade immortal stones?

And a King level immortal Meridian?

Even a peak-stage Immortal King wouldn't be able to take out 10 billion upper-grade immortal stones.

[Chapter 2422 2427-Myriad World Secret Land Opens](#)

10 billion upper-grade immortal stones!

Even a peak-stage Immortal King wouldn't be able to take out so many immortal stones.

An ordinary expert at the peak of the immortal King realm only had a total net worth of one billion upper-grade immortal stones, which was far from 10 billion.

This skinny old man was also an immortal God. The upper-grade immortal stones were nothing to him, and he could obtain billions of them in a flash.

However, for all the living beings below the celestial King realm, including the celestial Kings, 10 billion upper-grade celestial stones was an astronomical figure that could make people boil with excitement.

10 billion!

Most importantly, it was a King-level immortal Meridian!

Usually, only experts at the peak stage of the immortal King realm could have a King-level immortal Meridian. Ordinary peak-stage immortal kings weren't qualified to have one.

If he had a King-level immortal Meridian, he would be able to earn an endless stream of immortal stones, and he could earn tens of thousands of high-grade immortal stones a day.

For these experts, it would take them thousands or tens of thousands of years to open and close their eyes. It could be said that they had billions of upper immortal stones in their hands the moment they opened their eyes.

What a terrifying number this was?

In order to kill ye chen, the skinny old man had put in a lot of effort.

"Kill, kill, kill!"

"We must kill ye chen!"

"I heard that in a few days 'time, it will be the opening of the myriad world mystery realm. This ye chen will definitely enter the myriad world mystery realm as well. After he enters, his head will be mine!"

"Hahaha, ye Chen's life is mine!"

The crowd couldn't help but roar, each and every one of them incomparably excited. Their blood was boiling, and they were endlessly agitated.

Just as the skinny old man finished speaking, boom, boom, boom!

Streams of powerful killing intent burst out from the many geniuses of the Shadow Realm.

The terrifying killing intent gathered together and even condensed into a huge black pillar of light that shot up into the sky. A terrifying aura filled the sky like dark clouds, enveloping the entire Shadow Realm.

It was too terrifying.

This kind of intense killing intent was simply not something people could imagine.

Even a Celestial King would be frightened out of his wits if he were suddenly targeted by this killing intent.

This was the killing intent of almost all the geniuses in the Shadow Realm. It was the power that erupted when they were condensed together.

Most of the geniuses of the Shadow Realm were at the early Immortal King stage. The prodigies of the first era were especially terrifying, and there were even a few late-stage immortal kings.

Since they had attacked together, they must be determined to win.

"Ye chen, I must kill ye chen!"

Someone shouted.

"Ten billion upper celestial stones and a King-tier immortal Meridian ... Haha, ye Chen's life is mine!"

There were also Shadow Realm geniuses who roared in anger.

A figure like the skinny old man would naturally not go back on his word. In other words, as long as one of them could kill ye chen, they would not only become a hero of the Shadow Realm, but they would also obtain an astronomical amount of wealth.

With such a large amount of wealth, in addition to being acquainted with the skinny old man, his future was limitless.

Countless people from the Shadow Realm were already boiling and going crazy about killing ye chen.

"Ye Chen's life is mine!"

Skyblade laughed coldly, disdaining the others. Ye Chen's life should be his.

As for the others?

Skyblade, who had fought with ye chen before, was well aware of ye Chen's combat power. He was not as simple as he looked on the surface ...

They wanted to kill ye chen?

With just these guys?

Simply dreaming!

Skyblade recalled ye Chen's rainbow sword Qi and still felt a lingering fear in his heart. If his physical body had not been so strong, he would have died the moment the rainbow sword Qi exploded.

Any late-stage Immortal King expert would have been blown to death.

If his cultivation base had remained at the late-stage Immortal King realm, he would have died no matter how much of a genius he was.

.....

,m On a mountain peak that was tens of millions of meters high.

A figure was sitting cross-legged on the stream, suspended in the air, with his eyes closed in meditation.

At the same time, one could see that the bloody wounds on his body were healing at a speed visible to the naked eye.

Ye Chen's energy was also constantly recovering.

"Immortal God Realm experts are indeed terrifying!"

Ye chen sighed.

The skinny old man's furious attack was too powerful. Even with the protection of the heavenly Dao laws, he was still heavily injured.

If it weren't for the laws of the heavenly Dao, the power of that strike could have crushed countless late-stage immortal kings.

Ye Chen's cultivation base was still too low. He was only an allheaven Supreme celestial. However, he suddenly realized that even if he had become an Immortal King, he was still far from becoming an immortal God.

Immortals and gods were simply too powerful.

Moreover, the skinny old man didn't even use his immortal Dao domain. If he did, no one below the immortal God Realm could resist him.

"I'm still far from being able to fight against Immortals and gods. "

Ye chen revealed a helpless expression.

Before the immortal God stage, there were several levels of combat power at the peak of the immortal King stage.

They had the combat strength of a celestial who had just entered the peak of the celestial King realm, which was very common.

Then, it was the law tank, which was also the law tank of the immortal Dao. It contained powerful immortal energy, and its every move was ten times stronger than before.

The last stage was the immortal Dao domain.

The initial control of the immortal Dao domain was the third stage.

As for those who had passed this stage, they would be true immortals and gods. Ye chen also knew their strength.

He was now very curious about how his combat strength was compared to those at the second stage of the peak of the immortal King realm.

He wondered which stage Skyblade was at.

BOOM!

At this moment, heaven and earth trembled violently, erupting with a terrifying roar and shaking violently. Ye Chen's figure swayed and he flew tens of thousands of meters away.

"What's going on?"

Ye chen furrowed his brows.

What was happening?

"Myriad world secret realm!"

The next moment, ye chen saw a huge stone door appear out of thin air tens of billions of kilometers away. The stone door was too big. At a glance, it was at least billions of kilometers long.

It was too terrifying.

The next moment.

Whoosh, whoosh, whoosh, whoosh, Whoosh!

One figure after another shot over from the horizon, heading in the direction of the stone gate.

The myriad world secret realm had opened!

The mystic realm that only opened once every million years had finally opened!

Countless living beings rushed over in an instant. In order to enter the myriad world secret realm as soon as possible, many of them had already started fighting in the air. Large amounts of corpses fell down like rain.

"The myriad realms mystery dimension has actually opened at this time. Interesting!"

The corners of ye Chen's mouth curled up into a smile. The myriad realm secret realm was a large secret realm of heaven and earth. Not only the people of the Shadow Realm, but all living beings from the countless realms could rush over.

Even though that stone door was huge, it was considered small when compared to the Shadow Realm, let alone when compared to the myriad realms.

He did not expect the myriad realm mystery realm to appear in the Shadow Realm this time. It was such a coincidence that ye chen had run into it.

This was very interesting.

"Opening of the myriad world secret realm."

Ye Cheng looked at the stone gate in the distance. The treasures inside would definitely make the living beings outside go crazy.

[Chapter 2423 2428-Slaughtering Humans!](#)

Every time the secret realm opened, there would be a large number of treasures, some of which would drive immortal kings crazy.

It was easy to imagine how attractive those treasures were to beings below the overarching heavenly Supreme immortal level.

Of course, it was also very dangerous, but danger and opportunity were relative. No living being who could cultivate to this level would let a treasure slip away.

In order to obtain the treasure, they were going all out.

BOOM!

In the distance, black clouds came crushing over, crushing the void. The space trembled, and figures stood above the clouds. They were people from the Shadow Realm.

Whoosh, whoosh, Whoosh!

One figure after another shot over like meteorites, falling towards the stone door.

Everyone knew that whoever entered the myriad world secret realm first would be able to obtain more resources and opportunities.

"Get lost!"

The people on the black clouds shouted coldly. One of the young men waved his hand, and a black beam of light swept out. Immediately, several living beings at the level of overarching heavenly Supreme Immortals were hit.

They let out blood-curdling screeches, and their bodies exploded on the spot. They couldn't be more dead, not even leaving behind their immortal souls.

"You dare to snatch treasures from us, the people of the Shadow Realm. You really don't know what's good for you. You're looking for death!"

After the cold-looking young man made his move, he sneered and swept his gaze around. All the living beings who were caught by his gaze, except those at the immortal King realm, couldn't help but change their expressions.

"The people of the Shadow Realm are really impressive!"

At this moment.

BOOM!

Balls of flames mixed with flowing light shot from the horizon at an extremely fast speed. Each of them was covered in flames and looked like a flaming God of War.

"Fire heaven world!"

The cold-looking young man's expression changed slightly and became somewhat solemn.

The people from the fire heaven realm were very powerful. The fire heaven realm was not much weaker than the Shadow Realm.

This was also why the people from the fire heaven realm dared to mock the Shadow Realm.

"The people from the Shadow Realm are really too impressive. They can kill whoever they want. I wonder if they can kill us?"

A red-robed young man from the fire sky World walked out with a strange mark on his forehead. He had a mocking look in his eyes.

"Fire dome!"

Everyone from the Shadow Realm had a change in expression.

It was actually fire dome.

This guy's combat strength was comparable to the weakest immortal God.

He was not much weaker than Skyblade. Who would have thought that such an existence would be dispatched?

"Ignore them. Let's go. Let's enter the myriad world Mystery Land!"

Fire dome glanced at everyone in disdain. Then, with a low roar, his body turned into a stream of light and disappeared into the barrier of the stone gate below.

Whoosh, whoosh, whoosh, Whoosh!

One by one, the figures stepped through the barrier and disappeared. They had clearly entered the myriad world secret realm.

"I'll go in too. "

Among the crowd, ye chen displayed his cultivation base as an allheaven Supreme celestial. Very few people took the initiative to attack him. He quickly flew to the stone door.

Shua!

Ye chen was like a sharp arrow, directly rushing through the stone door's barrier. Immediately, the world spun and his vision went black.

When he saw things again, he found himself in a Valley.

Roar, roar, roar!

The roars of beasts shook the heavens and earth.

Divine Dragons that stretched for ten thousand miles flew over from the distance.

"A divine beast!"

Ye Chen's eyes brightened.

He immediately made his move.

The nine streams of sword Qi behind him condensed into a white sword Qi and rushed out with a whoosh. With a poof, it pierced through one of the divine Dragons.

One had to admit that the space of the myriad realms secret land was extremely stable. Even if one were to fight here, the space would not shake.

"Haha, so much celestial spiritual energy!"

After killing a Divine Dragon, waves of celestial energy immediately surged into ye Chen's body, strengthening his celestial energy.

A treasure!

These divine Dragons were all treasures!

As long as he could kill these divine Dragons, his cultivation would increase. This speed was much faster than cultivating on his own.

Whoosh, whoosh, Whoosh!

At this moment, figures flew over from the distance. When they saw ye Chen's figure, they surrounded him.

These people were all dressed in black robes and each of them had a profound and powerful aura. Even the weakest among them was an early Immortal King.

"People from the Shadow Realm?"

Ye Chen's eyes swept across the room.

"Haha, ye chen, you might not know how valuable your life is. Today, your life is mine!"

One of them shouted.

"Don't talk nonsense with him, hurry up and kill him!"

Another person sneered.

"Don't worry. This person's combat strength is not weak. Don't forget that he can take a few hits from Skyblade."

Some people were very calm and said coldly.

When they heard this, their expressions changed.

Indeed, they had almost forgotten how strong ye Chen's combat power was.

If he rashly went, he would definitely be courting death.

"Someone's coming. "

At this moment, one of them shouted.

A blade ray streaked across the sky at an unbelievable speed. In the blink of an eye, it had arrived in front of everyone.

"Hahaha, it's really easy to find it after a long journey!"

The blade light stopped, revealing a short young man. A terrifying aura spread out. It was Tian Dao.

"Skyblade!"

Ye Chen's eyes narrowed when he saw Skyblade. He was well aware of this person's combat strength. With his current strength, he was no match for Skyblade.

"What?"

Ye Chen's expression darkened and became extremely ugly. He had discovered that there were a few humans imprisoned in front of Skyblade.

These humans only had the cultivation base of an allheaven Supreme immortal. In front of Skyblade, they were no different from ants.

"Ye chen, run, run! Aren't you good at running? let's see if you're going to run this time!"

Skyblade laughed.

"Help!"

A few humans saw ye chen and called for help.

"I'll kill these humans one by one in front of you. Let's see if you're going to run!"

Skyblade chuckled coldly. With a wave of his hand, a blade light flashed and one of the human's head flew up into the sky.

"Ah!"

Upon seeing this, the others trembled in fear. They looked at ye chen with great desire, hoping that ye chen could save them.

"You, should die."

Ye Chen's expression turned extremely ugly.

He was also a human, but Skyblade had massacred the human right in front of him.

The anger in ye Chen's heart had already begun to burn.

"I deserve to die? Who Do You Think You Are? all these humans, go to hell!"

Skyblade laughed coldly as rays of terrifying blade light shot out from his eyes. He was like a meat grinder.

A few humans, including children and the elderly, were strangled to death. They turned into a pile of meat paste and fell to the ground.

He was dead.

They were all dead.

These humans had been brutally killed by Skyblade.

[Chapter 2424 The Immortal God's Stairway](#)

"Don't worry, the number of humans I've captured isn't that few!"

Skyblade grinned as his eyes flickered with a teasing glint.

Then, he waved his hand, and a few more humans appeared in front of him. There were men and women, old and young, and their cultivation bases weren't even at the level of an allheaven Supreme immortal.

"Die,"

Skyblade laughed coldly as rays of terrifying blade radiance shot out from his eyes like a storm.

啊啊啊啊啊啊!

Those humans were instantly torn apart, and blood rained down from the sky. They couldn't be more dead.

"See? this is the consequence of offending my Shadow Realm. What kind of trash dares to offend my Shadow Realm? you really don't know what's good for you!"

Everyone from the Shadow Realm laughed wildly. They were all extremely excited.

They did not dare to do so when facing ye chen, but with Skyblade around, they naturally dared to do so.

Skyblade's strength was the source of their confidence.

"You really deserve to die!"

Ye Chen's expression was extremely ugly because Skyblade had already brought out several batches of humans and brutally killed them right under his eyes.

No matter how strong ye Chen's self-control was, the anger in his heart gradually rose.

"Hmph, so what if you're angry? ye chen, don't think that you're so lucky today that you can escape. Die!"

Skyblade roared. As soon as his voice fell, the space in front of ye chen suddenly trembled. A ray of Saber Light appeared with lightning speed.

Shua!

Ye chen did not hesitate. Using his movement technique, his body moved and he instantly appeared tens of thousands of miles away. As the space here was too stable, no matter if Skyblade attacked or ye chen teleported, they could only cause a small area of spatial tremor.

"You still want to escape?"

Skyblade was furious.

"Skyblade, you have killed a human today. I will definitely settle this score with you, but not now. However, you must remember that I want your life."

Ye Chen's voice came from afar.

"You don't know your place! Eye blade!"

Skyblade trembled with rage. Ye chen had spoken such arrogant words and wanted to kill him?

He was one of the top ten geniuses of the first era. Even those old fogeys in the Shadow Realm had to be gentle to him, let alone someone who dared to take his life.

Ye chen was simply arrogant to the extreme!

Whoosh, whoosh, whoosh, Whoosh!

Four consecutive sword gleams were sent out and in the next moment, they appeared hundreds of thousands of miles away. In the distance, ye Chen's pupils shrank. He condensed nine white sword Qi in front of him and gathered them together to form a huge white sword Qi. He held his sword horizontally to block.

BOOM!

There was an earth-shattering boom. Ye Chen's body shook violently and he was sent flying like a cannonball, flying hundreds of thousands of kilometers away.

Strong!

Skyblade's strength was too strong. Ye Chen was still not his match.

"Teleportation!"

Ye Chen growled. His figure flickered repeatedly. Borrowing the power of the Skyblade's attack, he instantly flew away and disappeared.

Whoosh, whoosh, Whoosh!

Countless rays of Saber Light appeared at the spot where Ye Chen had left in the next moment, tearing the space apart. Some creatures who happened to pass by screamed and were directly minced into meat paste.

He had escaped.

Ye Chen had escaped again.

Skyblade's body trembled in anger. Although his attacks were powerful, his weakness lay in his movement speed.

His movement technique could only be considered average among those of the same rank. When faced with Ye Chen's amazing movement technique, he could not catch up at all.

Ye Chen flew all the way. With his speed, he could teleport tens of thousands of miles per second.

However, the secret realm was extremely huge, spanning tens of trillions of kilometers. After flying for an hour, he finally saw something.

Soon, Ye Chen arrived in front of a large mountain.

"Eh? That's right!"

Ye Chen's eyes swept around and found many people gathered at the mountain below. He did not know what they were doing.

Ye Chen flew down decisively to see what they were doing.

"The fire heaven world, the light world, the natural world, the world of all laws ..."

Ye chen looked around and saw countless geniuses gathered here. There was a huge staircase floating in front of him. He could not see the end of it at a glance and it reached the sky.

These heaven's favorites were trying to climb up the stairs. Many of them only managed to hold on for a while before they were thrown off the stairs.

"I must get the treasures of the immortals and gods!"

"At the end of the stairs, there is a treasure left behind by an immortal God. Hmph, you trash, you want to obtain the treasure left behind by an immortal God? What a joke!"

"Bastard from the fire heaven realm, get out of my way! The immortal God treasure is mine!"

"Trash from the light world, get lost!"

The crowd shouted one after another. Many people couldn't help but fight over the order to climb the steps.

Ye chen immediately understood. This was the address left behind by an immortal God treasure.

This flight of steps was the assessment flight of steps left behind by the immortal God.

Only by stepping onto the stairs and resisting the pressure and reaching the end of the stairs could one obtain an immortal God treasure.

This immortal God was definitely not as simple as the first level of the immortal God Realm. It was likely to be the second, third, or even higher realm.

How precious was the Natal treasure left behind by such a powerful existence?

Even first-level immortal gods would go crazy, let alone celestial Kings like them!

No wonder so many geniuses had gathered here. They were all here to fight for immortal God treasures.

"You bunch of trash, get lost, let me do it!"

"BOOM!"

A huge figure wrapped in flames suddenly flew up and appeared on the first step. His cultivation base was revealed-it had reached the late Immortal King realm.

"Huo dutian!"

"It's him!"

"This man's cultivation base has reached the late Immortal King realm. No wonder he's so confident!"

The crowd began to discuss.

Ye Chen's eyes narrowed. The fire heaven realm was indeed filled with experts. He realized that the energy of this huge figure was not inferior to Jia Luo of the Shadow Realm.

"Which level do you think he can reach?"

Someone asked.

"The 6000th step. After all, there are a total of 9999 steps. With Huo dutian's strength, if he can reach the 6000th step and obtain some good treasures, he won't be returning empty-handed."

Someone analyzed.

As soon as he finished speaking, Huo dutian began to move.

100 levels, 200 levels, 1000 levels!

For the first 3000 steps, Huo dutian's speed did not slow down at all. However, his huge figure was extremely fast. He rushed up like a flash of fire.

At the 3000th step, his speed slowed down.

Four thousand steps ...

Five thousand steps ...

In the end, Huo dutian managed to hold on at the 6000th level for a few dozen seconds with great difficulty before he was finally sent flying down.

"Damn it, the difficulty of this immortal God's stairway is too great!"

Huo dutian roared in anger.

"I didn't expect that even Huo dutian could only reach the 6000th step. The 9000th step would probably require the top ten existences of the first era to reach it."

"Yup,"

The crowd started discussing again.

[Chapter 2425 2431-Defeating Huo Dutian](#)

Many experts went up to try, but they found out that experts like Jia Luo and Huo dutian could only reach the 5000th or 6000th step.

There was a threshold to cross to the 7000th level. Some of the peerless geniuses who wanted to try could only reach this level.

However, the distance between the 7000th step and the 9999th step was still too far away.

Only by climbing to the top could one obtain the most precious treasures, the treasures left behind by the immortals and gods.

As for the treasures obtained from every 1000 levels below, they had already been taken away by others. Those who went up later did not get any.

"Damn it! How could it be so difficult? impossible! This is absolutely impossible! I'm the genius who should have obtained the immortal treasure!"

Huo dutian was trembling with rage as he roared in anger. He couldn't accept this.

Why couldn't he reach the top?

Why?

"The difficulty of the immortal God's stairway is indeed very high."

Ye Chen could see clearly from the side that even an expert at Huo Dujian's level could only reach the six-thousandth step. One could imagine how difficult the later steps were.

Even a heaven's favorite like Skyblade would only be able to reach the 8000th step.

The difficulty of the 9000th step was simply too great.

"I'll try too. "

Ye Chen also wanted to try. How many steps could he reach? Was it five thousand or six thousand?

He didn't know if the immortal God's stairway was based on strength or talent. If it was based on strength, he would most likely stop at around the 7000th step.

After all, Skyblade was much stronger than him.

"What? An overarching heavenly Supreme immortal actually wants to ascend the divine immortal stairs?"

After seeing Ye Chen's actions, the surrounding people were shocked, then they burst into endless laughter.

"I don't know how a puny overarching heavenly Supreme immortal managed to survive until now. He's actually thinking of stepping on the immortal God's stairway. It's really ridiculous. Can't you see that even the weakest of us is an Immortal King?"

Someone said unhappily.

"Hurry up and get him to roll down. Don't embarrass yourself there. Which Jie is he from?"

"Hurry up and get over here, little brat, get over here!"

"Don't embarrass yourself there!"

Everyone shouted.

Just as Ye Chen was about to appear on the immortal God's stairway, a huge figure blocked his way.

It was Huo Dujian.

"Brat, you think trash like you can cross the immortal God stage? This is ridiculous!"

Huo Dujian sneered as he shook his head.

"What does it have to do with you whether I cross the immortal God's ladder or not? Get lost!"

Since the other party's attitude was not good, Ye Chen would not give them any face. He said coldly.

"You, what did you say? You want me to get lost?"

Huo Dujian's eyes widened as if he had just heard something unbelievable.

"I told you to F * ck off, didn't you hear me?"

Ye chen shouted.

"Heavens, he's finished."

"That's a peerless genius from the fire heaven world. To be able to reach the 6000th level, you can imagine how strong he is. Is this overarching heavenly Supreme celestial looking for death?"

The crowd couldn't help but exclaim.

At the same time, many people revealed mocking expressions. Ye chen was simply courting death.

"Brat, I'll beat your head into a pulp!"

Huo dutian roared.

BOOM!

He suddenly charged forward and punched out. Endless flames filled the sky, and a terrifying power exploded from his fist. The violent fist force was like a tide, sweeping in all directions!

At that moment, the surrounding space trembled violently.

"What a terrifying punch."

Someone exclaimed. The power of this punch was probably enough to crush an ordinary late-stage Immortal King expert.

Huo dutian's cultivation base was also around the late-stage Immortal King realm. However, his talent was extremely strong, so his combat strength was also very strong.

A punch was thrown!

Everyone had a mocking look on their faces as they waited for ye chen to be killed with one punch.

"Small tricks."

Ye chen sneered and casually threw a punch.

BOOM!

It was the same punch, and the world trembled violently. With one punch, the world would be destroyed!

With a loud boom, the two violent forces collided with each other like two huge mountains. Then, everyone saw Huo dutian's body sway and he was sent flying back a few steps.

Ye chen, on the other hand, was completely fine.

"What?"

Everyone was shocked.

Ye chen actually had some skills?

"Brat, I didn't expect you to still have some moves up your sleeve. But so what? I was just testing you just now. You've already used all your strength, haven't you?"

Huo dutian said coldly, his eyes glimmering with mockery.

"Hehe."

Ye chen smiled. He had used all his strength.

This was too laughable!

"Damn brat, I'm going to make you wish you were dead!"

When he heard that ye chen still dared to laugh, Huo dutian roared in anger. Endless flames descended from the sky, forming a giant flaming palm that was like an ancient divine mountain.

The power of this palm was several times stronger than the previous punch. It was obvious that Huo dutian had not used his full strength at all.

This palm strike was enough to make a peak Immortal King take it seriously.

"Yuan Tian divine sword!"

Ye chen waved his hand and a white sword Qi suddenly appeared as if it was going to tear space apart. In the next moment, it appeared in the air.

Chi Chi Chi!

The flaming palm and the sword Qi collided with a cold sound. Then, everyone saw the two collapse.

It was blocked again.

"This guy is quite capable."

"I wonder which world he's from?"

"I don't know,"

Everyone's eyes lit up. They didn't expect this to be an evenly-matched battle.

"Damn it! I'll kill you!"

Huo dutian was trembling with anger. He had lost all his face by fighting an overarching heaven Supreme immortal and not being able to kill him immediately. The immortal energy in his body had been ignited. In the sky, huge flaming palms fell from the sky with astonishing power.

"That's all you've got,"

Ye Chen's eyes turned cold. The nine streams of sword Qi behind him condensed into a huge white sword Qi. The nine Swords merged into one and its power increased greatly.

Shua!

The sword Qi soared into the sky, and a sword light tore through the space like a Thunderbolt.

The speed of this sword was so fast that Huo dutian's expression changed drastically. He realized that he could not see the trajectory of this sword at all.

Fast, it was too fast!

With one sword, the space cracked!

At this moment, the giant flaming palms were almost instantly torn apart by the sword Qi. Then, under the watchful eyes of the crowd, the White sword Qi heavily hit Huo dutian's chest, causing him to scream in pain and fly backward like a cannonball.

He was defeated.

Huo dutian had been defeated.

"This guy is so strong!"

The crowd could not help but exclaim. To be able to defeat Huo dutian so easily, he must have been one of the top ten geniuses of the first era.

They had been wrong.

Boom! Boom! Boom!

At this moment, a flame figure appeared out of thin air. A terrifying aura immediately spread out, causing everyone's expression to change greatly.

"You dare to hit the people of my fire sky Realm? you deserve to die!"

[Chapter 2426 2431-Resisting Huo Mietian!](#)

"What a powerful aura."

"Retreat, quickly retreat!"

"Hurry up and retreat!"

As soon as the flaming figure appeared, everyone revealed a look of panic and flew backward one after another. It was terrifying, too terrifying.

Just the aura alone was enough to make them feel suffocated. The strength of this flaming figure was probably far above that of Huo dutian.

Ye Chen's expression turned serious. Although the flaming figure's energy was not as sharp as Skyblade 's, it was still very powerful.

"Kid, you beat up my fire heaven realm's people and still want to step on the immortal God's stairway? What a joke!"

A young man was wrapped in the flame figure and sneered.

"Huo mietian, so it's him."

Everyone gasped when they saw the young man's face. He was the tenth heaven's favorite from the first era of the fire sky World.

In terms of strength, although he was not as good as Skyblade, he was not much weaker.

"It's clearly your people from the fire heaven realm who stopped me first. Let me ask you, why am I not qualified to step on the immortal God's stairway?"

Ye chen shouted coldly.

Everyone's eyes suddenly became interested.

"You're asking me why you're not qualified? You're only an allheaven Supreme immortal!"

Huo mietian snorted coldly as if he was extremely displeased that ye chen dared to talk back.

A mere overarching heavenly Supreme immortal dared to talk back to him. One should know that Huo mie Tian was at the peak of the immortal King realm.

Huo mie Tian was also comparable to the weakest immortal God.

Being talked back by an overarching heavenly Supreme immortal really made Huo mie Tian extremely unhappy.

"Hahaha, who's the funny one? You were defeated by me, an overarching heaven Supreme celestial. Is this all you heaven's favorites from the fire heaven realm can do?"

Ye chen sneered.

If he wasn't qualified to step on the immortal God's stairway, then did that mean that the people of the Fire heaven realm were qualified?

Huo dutian was a late-stage Immortal King, but he was defeated by him with his cultivation base of an allheaven Supreme immortal. Didn't this mean that Huo dutian was a piece of trash?

"What did you just say?"

"You're looking for death!"

When the people of the Fire heaven world heard ye Chen's ridicule, they immediately burst into an uproar. They glared at him and cursed angrily.

The power of the fire heaven realm was no less than that of the Shadow Realm. They had always been extremely arrogant and only interacted with some large realms. Now, they were being insulted by an allheaven Supreme immortal. How could they tolerate it?

"Kid, I will use my strength to tell you that strength is the foundation. A powerful mouth doesn't mean powerful strength. Die!"

"Hmph!" Huo mietian snorted in anger. His aura exploded. Boom ...

The next moment, he made his move.

The flames condensed into a flaming palm.

A huge flaming palm descended from the sky. It looked similar to the one that the fire Angel had summoned, but its power was several times stronger.

"Yuan Tian divine sword!"

The nine rays of sword Qi behind ye Chen's back immediately condensed into a huge white sword Qi. It suddenly appeared in the sky above and collided with the flaming palm.

BOOM!

The huge white sword Qi trembled violently and then exploded. The speed of the flaming palm did not slow down at all and continued to come down.

"The fourth sword, rainbow transformation."

Ye Chen attacked again.

A beam of seven-colored sword Qi appeared out of thin air. It tore through the space and time, pierced through the flaming palm, and then flew to Huo mietian.

"What?"

"What?" Huo mietian's expression changed slightly. A flame barrier appeared in front of him and blocked the seven-colored sword Qi.

Unlike Skyblade, although Huo mietian had belittled ye Chen, he had used all his strength and treated ye Chen seriously. Therefore, he had successfully blocked this attack.

"What a powerful force. It's a good thing I didn't underestimate you. Otherwise, I would have suffered a great loss."

Huo mietian's eyes turned cold. If he had not been prepared, he would have been seriously injured.

One must know that his strength was inferior to Skyblade's. Even Skyblade was severely injured when he was caught off guard, let alone Huo mietian.

"So strong?"

When everyone saw this scene, they all revealed shocked expressions.

Ye Chen's strength was simply too powerful. He had actually forced Huo mietian to defend.

This kind of combat power was not much worse than the top ten geniuses of the first era.

Logically speaking, a prodigy like him should have a reputation but none of them had ever heard of ye Chen's name.

This was really a little unreasonable.

"So powerful."

Ye Chen's expression was grave. Huo mietian's strength was not much weaker than Skyblade's. He had managed to block ye Chen's rainbow transformation despite being on guard.

His strongest move was the fourth sword of the yuan Tian divine sword. If he wanted to defeat Huo mie Tian, he would have to improve his cultivation.

According to the division of combat strength, Huo mie Tian and Skyblade's combat strength was probably at the stage where the laws were infused into their bodies. They were much stronger than ordinary peak immortal kings. Otherwise, they wouldn't have such combat strength.

When Huo mietian attacked, it looked like an ordinary attack, but it contained terrifying power. It was probably because of the law.

Shua!

Another beam of seven-colored sword Qi tore through the space and arrived in front of Huo mie Tian. His face changed, and he roared. He struck out with both palms, and the terrifying palm force erupted like an active volcano, shattering the seven-colored sword Qi.

Shua!

Rays of seven-colored sword Qi were condensed and shot toward Huo mietian, forcing him to defend himself.

"There's a chance. "

Ye Chen's eyes brightened.

The intensity of his celestial energy was not much less than that of a peak-stage Celestial King. If he continued to waste his energy, he might be able to force Huo mie Tian to retreat.

Huo mie Tian's strength was still inferior to Skyblade 's. Not only was his movement technique average, but his speed was also average. He was unlike Skyblade, who, although his movement technique was average, his attack speed was as fast as lightning.

Therefore, ye chen had forced Huo mietian into a defensive position.

Of course, there was a premise. Ye Chen's celestial energy must be as vigorous as Huo mie Tian 's. Otherwise, when his celestial energy was exhausted and Huo mie Tian still had celestial energy left, ye chen would be at their mercy.

"Damn it, damn it, break, break!"

Huo mietian roared again and again. He was so angry that he was trembling. Flames were spurting out of his body. However, the seven-colored sword Qi was coming one after another, breaking one and then another.

He knew that he had severely underestimated ye chen today. He had run into an iron plate.

Ye Chen's strength was too terrifying.

He could not figure out how ye chen, with his cultivation base as an overarching heavenly Supreme celestial, could possess such combat power. This was simply illogical.

"The people from the fire sky Realm only have this much ability? It's ridiculous that you can't do anything to me even though you're a peak Celestial King!"

Ye Chen laughed out loud. His body moved and he stopped condensing the rainbow sword Qi. Instead, he stepped onto the immortal God's stairway.

"You still want to take the stairs? where are you going?"

"Die!" Huo mietian seized the opportunity and roared. A huge flame sword was formed and slashed out. However, in the next moment, an extremely terrifying power bounced back.

[Chapter 2427 Ye Chen's Talent!](#)

An extremely powerful force burst out from the immortal God's stairway and formed a huge palm like a star. It crushed the huge flame sword and grabbed at Huo mietian.

Since Huo mietian was some distance away from the immortal God's stairway, the power of the giant palm had weakened by a lot when it arrived.

"Detestable!"

"Die!" Huo mietian roared and slashed out his flaming sword Qi, barely blocking the giant palm.

But even so, he still consumed a lot of celestial energy.

"Damn it, I let this guy escape in."

"Detestable!"

"We can't do anything to him after he enters the immortal God's stairs. Once we make a move, we'll suffer the backlash of the immortal God's stairs. I'm afraid no one can withstand it except for a heaven's pride expert like Huo mie Tian."

"Are we just going to watch him wander around inside?"

The people from the fire heaven realm had already been offended by ye Chen's words earlier. Naturally, they were now cursing in anger. They wanted to skin ye Chen alive, drink his blood, and eat his flesh.

"Don't worry. The stairway of the immortal God isn't that easy to climb. Even a genius like Huo mie Tian can only reach the 8000th step. This guy's combat strength isn't even as strong as Huo mie Tian's, so he should only be able to reach the 7000th step."

Someone sneered, "when he comes down, he'll be dead, won't he? Huo mietian won't let him go."

Everyone nodded slightly, their faces revealing a look of ridicule and ridicule. That's right, would Huo mietian let ye Chen go?

When ye Chen had reached his limit and was exhausted, he would be bounced back. That would be the time of his death.

On the immortal God's stairway.

Naturally, ye chen could hear the discussion of the crowd below but he only sneered slightly and did not care too much.

Shua!

Ye Chen's figure was like a cannonball, charging forward. He completely ignored the pressure of the stairs and flew forward.

There was almost no pressure from the first 1000 levels. As long as one was an allheaven Supreme immortal, they would be able to reach the 1000th level.

An ordinary early-stage Immortal King could step into the 3000th, middle, 4000th, late, and 5000th layers.

The fact that Huo dutian was able to step into the 6000th level showed that he was considered extremely powerful among the late-stage immortal kings.

"Let's see how many levels I can reach. "

Ye Chen's figure did not slow down at all. He crossed the distance of ten steps in an instant. At this speed, he soon reached the one thousandth step.

The treasure chest here was empty. The treasures inside had long been taken away.

Ye chen ignored the treasure chest and continued to climb upward.

At this moment, below.

Whoosh, whoosh, whoosh, Whoosh!

Black streams of light shot toward them at an extremely fast speed. When they appeared, one of the short young men saw ye chen on the immortal God's stairway and his expression could not help but change.

"Skyblade?"

"It's Skyblade!"

"I didn't expect Skyblade to arrive so quickly. It seems like he was quite close to this place before."

"I wonder which level he can reach?"

Seeing the arrival of heaven blade and the people from the Shadow Realm, everyone started discussing. They were all looking forward to it, wondering which level heaven blade could reach.

"Ye chen, that B * stard. I can't believe he managed to step into the immortal God's stairway. Damn it!"

Skyblade's face was extremely ugly to behold.

He naturally knew that if he were to step into the immortal God's stairway, he would obtain the protection of the immortal God's stairway.

The only thing he could do now was to ascend the immortal God's stairway as well. As for hurting ye chen, he could only wait for ye chen to come down.

Shua!

Skyblade immediately rushed up the immortal God's stairway. Huo mietian and the others' expressions changed slightly, but they did not stop him.

One thousand steps, two thousand steps, three thousand steps ...

Skyblade quickly reached the 8000th step.

"Dammit, why is the pressure on the 8000th level so great? Break, Break, Break!"

Skyblade howled in anger repeatedly. However, he was still stuck at the 8000th step. No matter how much strength he used, no matter how much immortal energy he used, he was still unable to advance.

When the immortal God stairway reached the 8000th step, the pressure here swept over like a storm. If it was not for Skyblade's tyrannical strength, an ordinary peak immortal God would have been crushed to pieces.

If they couldn't withstand the pressure, they would only be strangled to death.

"Look! That person has already reached the 6000th step!"

At this moment, the crowd exclaimed.

It turned out that ye chen had already reached the six-thousandth step. From the beginning to the end, he had maintained a steady speed, unlike Skyblade who had rushed up in one go.

Surprisingly, no matter how many layers of pressure there were, ye Chen's speed was the same. It was as if these layers of pressure were like a breeze to ye chen.

"This guy is too abnormal. Even the late Immortal King Huo dutian can only reach the 6000th step!"

Someone exclaimed.

"Yeah, he's really abnormal."

"Although he is our enemy, we have to admit it."

Even the people from the fire heaven world were amazed. Of course, although they did not want to admit ye Chen's strength, the truth was right in front of them. They had no choice but to believe it.

It was a miracle that an overarching heaven Supreme immortal could reach the 6000th level.

In the entire history of the infinite worlds, there was almost no such prodigy.

Only the top five of the first era could have appeared.

When Huo dutian saw this scene from below, he was so angry that his entire body was trembling.

He had a late-stage Immortal King cultivation base and was a proud Son of Heaven. His talent was even more freakish than Gudu Chen 's. However, not only was his combat strength inferior to ye chen' s, but his talent was also inferior to ye chen 's!

How did ye chen, an overarching heavenly Supreme celestial, do it?

He couldn't understand.

He couldn't figure it out no matter how hard he tried.

Because it was too unbelievable.

He wasn't the only one who couldn't figure it out. The others couldn't either.

"Impossible! How is this possible? he's just an allheaven Supreme immortal. How did he manage to reach the 6000th level?"

Skyblade roared.

How could that be possible?

However, the next scene made everyone's eyes widen. Their eyes were about to fly out.

This was because ye chen had reached the six-thousandth step and was still climbing upwards at the same speed ...

Soon, ye chen had reached the eight-thousandth step and surpassed Skyblade.

9,000 steps.

Nine thousand five hundred steps.

Nine thousand nine hundred and ninety-nine steps.

That's right. Ye chen had climbed all the way up and had reached the end of the immortal God's stairway.

The space seemed to have frozen.

Everyone's mouth was wide open as they stared at the immortal God's stairway in a daze. They were petrified.

"Are my eyes playing tricks on me?"

Someone couldn't help but say.

"Yeah, our eyes must be playing tricks on us, right?"

There were also people who revealed expressions of disbelief.

"I ... I saw ye chen reach the end of the immortal God's stairway?"

Someone shouted in disbelief.

"Oh my God, how talented is ye chen?"

The crowd was shocked and went into an uproar.

Ye chen had surpassed Skyblade and everyone else.

[Chapter 2428 Early Immortal King Realm!](#)

Ye chen had successfully reached the end of the immortal God's stairway.

Oh my God!

"This, this, this, how is this possible? this is impossible!"

"Impossible!" Huo mietian roared in shock and anger. It was impossible.

He could not believe that ye chen had actually reached the nine thousand nine hundred and Ninety-ninth step, which was the end of the immortal God's stairway. He knew very well how terrifying the pressure there was. Ordinary peak immortal kings would be crushed in an instant if they went up.

However, ye chen was like a gentle breeze, flying all the way up. This was simply unrealistic!

Could it be that ye Chen's talent had already reached such a high level?

He didn't believe it!

Ordinary peak-stage immortal God experts could not even hold on for an instant on the 8000th step. Only experts on the level of Huo mie Tian and Skyblade could hold on for a long time before finally flying down.

However, ye chen was an overarching heaven Supreme celestial. How did he do it?

This wasn't realistic at all!

However, ye chen had done it.

What was going on?

Huo mietian racked his brain, but he could not figure out why.

Unless ... The immortal God's stairway was purely based on one's talent.

It didn't look at the person's battle power.

If that was the case, with ye Chen's combat strength as an allheaven Supreme celestial, it was very likely that he could reach the end.

"Damn it, this kid is too heaven-defying."

Skyblade's face turned extremely ugly. With his talent, he could only reach the 8000th step. He knew how strong the pressure was. The further he went, the greater the pressure.

He was one of the top ten prodigies of the first era of the Shadow Realm. Other than a few other prodigies, he had never taken anyone seriously. However, ye Chen's performance today had completely shocked him.

Ye chen was too freakish.

He was a monster.

One should know that ye Chen's cultivation base was only at the level of an overarching heavenly Supreme celestial, but he already had the ability to contend with him twice. If ye Chen were to step into the immortal King realm or even higher, would he not be finished?

He must not let ye Chen live!

Regardless of whether it was for the Shadow Realm's reputation or for himself, killing intent flashed in Skyblade's eyes. The killing intent in his body was incomparably strong. He must kill ye Chen!

Ye Chen was dead!

Skyblade had already made up his mind. When ye Chen came down, he would lead the people from the Shadow Realm to surround and attack ye Chen. They had to kill ye Chen. Otherwise, with ye Chen's talent, he would be in trouble when he grew up.

By then, Skyblade and the rest would probably die.

At this moment.

Ye Chen had finally reached the end of the stairs.

In front of the end was a platform, but there was nothing on the platform.

Rip!

At this moment, a figure appeared out of thin air in front of him. He had appeared by tearing open space.

At the same time, when this person appeared, the space trembled violently and rippled with water ripples. It was obvious that it was taken in by this person's aura.

Ye Chen's pupils constricted. Such powerful strength.

Immortal God, this was definitely an immortal God, and not an ordinary one.

"Young man, I didn't expect an overarching heavenly Supreme celestial like you to be able to make it this far. However, since you've made it this far, you're qualified to receive my inheritance!"

The figure was a white-haired old man. At this moment, he said with a smile.

An overarching heavenly Supreme immortal was actually able to reach the end of the stairs he had set up. This was simply unheard of.

Even the White-haired elder had never seen such a genius before.

A heaven's favorite of this level shouldn't appear in the myriad world, but in the immortal God World.

Only in the immortal God World would such a genius appear.

"I'll give you the inheritance!"

The white-haired elder waved his hand, and a celestial pool appeared in front of him.

Immortal God inheritance.

In the next moment, ye chen felt a large amount of information suddenly appear in his mind.

The divine sword slashed three times.

This was a divine skill at the immortal God level.

Of course, it could be used as long as one had enough celestial energy.

Ye Chen's heart was boiling. This was a powerhouse among the immortals. The ultimate technique that he had imparted was definitely extraordinary.

It might even be more terrifying than the yuan Tian divine sword.

"Divine sword's three slashes, first slash!"

About an hour later, ye Chen's eyes flashed with a sharp light.

Shua!

A black sword Qi, tens of thousands of feet long, appeared out of thin air. It tore the space apart and appeared on a mountain in front of them.

BOOM!

The top of the divine mountain that was hundreds of thousands of feet tall was immediately bombarded by a huge force and exploded.

"What a powerful force."

Ye chen was amazed. Although this black sword Qi was only the first of the three divine slashes, its power was not much weaker than the fourth sword of the yuan Tian divine sword.

If he could successfully cultivate the second slash, to what extent would his combat strength increase?

Ye chen immediately began to cultivate the celestial sword's triple slash.

The first slash was called slash mark, and the second slash was called slash void.

The power of the second slash was extremely terrifying, and it was also very difficult to cultivate.

Even with ye Chen's comprehension, it took him half a year to successfully cultivate the second slash and fully grasp it.

Of course, half a year's time was like the snap of a finger for an expert of this level. The people below were still waiting.

"Let's test its power. "

Ye Chen's heart skipped a beat.

In the next moment, a black sword Qi that was hundreds of thousands of feet long and a black sword light shot forward like lightning.

A sword Qi that was hundreds of thousands of feet long, what kind of concept was this?

A huge mountain in front of him was completely enveloped by the sword Qi.

The sword Qi was like a waterfall, falling from the sky.

The entire mountain was cut in half by the sword Qi. From the middle, it was cut in half and slowly moved to the sides.

This power was too strong.

A sword split a divine mountain that was hundreds of thousands of feet tall!

What kind of terrifying power was this?

Ye chen was overjoyed. With his current strength, he did not even need to fear a powerhouse like Skyblade.

The power of this divine sword's three slashes was a bit too great.

"Oh right, there's also the celestial energy in this celestial pool."

Ye chen remembered that before the white-haired old man left, he waved his hand and a celestial pool appeared in front of him. The water in the pool exuded a terrifying celestial energy.

Ye chen immediately flew into the celestial pool and began to absorb the celestial energy within.

An unknown amount of time passed.

BOOM!

The energy in ye Chen's body suddenly skyrocketed and began to rise continuously until it finally rose to an extremely terrifying level.

In an instant, ye Chen's muscles vibrated tens of billions of times. Boom boom boom boom!

His entire body exploded with a rumbling sound, like a rapid-fire cannon, shaking the heavens and earth.

Early Immortal King realm!

With the help of the immortal God's inheritance, ye chen had successfully advanced to early-stage Immortal King.

After reaching early-stage Immortal King, ye Chen's immortal energy had skyrocketed to another level. It was twice as strong as before.

At the same time.

The stairway of the immortal God suddenly shook violently.

"What's going on?"

"Why did the immortal God's stairway collapse?"

"Could it be because of ye chen?"

Everyone was dumbfounded when they saw the immortal God's ladder shake violently and collapse one step at a time.

[Chapter 2429 2434-Might Of A Single Sword!](#)

What had happened?

The immortal God's stairway had inexplicably collapsed?

What was going on?

Everyone's eyes looked up at the sky and saw a figure flying over at a moderate speed. It was ye chen.

Previously, ye chen was the only one on the immortal God's stairway. Other than ye chen, who had stayed for a long time, Skyblade had come down when he had reached the eight thousand steps.

In other words, the collapse of the immortal God's stairway was likely to be closely related to ye chen.

Who else could it be other than ye chen?

It was clear that it had something to do with ye chen.

"Ye chen, what's going on? stop right there!"

"Stop!" At this time, Huo mietian shouted angrily. His figure flashed and appeared in front of ye chen, blocking him.

Other than ye chen, who else could have caused the collapse of the immortal God's stairway?

They were still waiting for the heaven's favorite from the fire sky world to come and take the treasure.

But now, the stairs had collapsed before he could take the treasure. This made Huo mietian extremely angry.

The immortal God's stairway collapsed before the treasure was taken away.

Huo mietian really wanted to tear ye chen into pieces, skin him, and eat him.

"What's going on? Do I need to explain it to you? get out of my way. "

Ye chen snorted coldly.

Was there a need for him to explain to Huo mietian?

Of course, he knew the reason for the collapse of the immortal God's stairway, but why did he have to explain it to Huo mietian?

"What did you just say? You're looking for death!"

Huo mietian was furious. He roared, "boom! Boom! Boom!"

Giant flaming palms descended from the sky like giant divine mountains, erupting with a terrifying pressure that enveloped everyone.

Some of the weaker cultivators couldn't withstand the pressure. They spat out blood and flew backward.

Huo mie Tian's strength was too strong for them.

Just the pressure alone was not something they could withstand.

"Hmph!"

Ye Chen's eyes flickered. With a wave of his hand, rays of seven-colored sword Qi flew out and blocked the flaming palms.

"Let's see how long you can hold on!"

"You're courting death!" Huo mie Tian roared in anger. He struck out with his palms, and the flaming palms in the air became more and more concentrated.

After being blocked by a puny overarching heavenly Supreme immortal time and time again, Huo mie Tian was almost angered to death.

Shua!

At that moment, a blade light flashed and a figure appeared not far away. It was Skyblade.

"Hehe, ye chen, I'll see how you die this time!"

Skyblade sneered as he took a step forward.

BOOM!

Rays of blade light shot out from Skyblade's body. Some of the weaker living beings that didn't manage to Dodge in time let out a blood-curdling screech as they were sliced in half by the blade light, dying on the spot.

"Skyblade is joining forces with Huo mietian to deal with ye chen?"

Someone shouted.

Oh my God.

He was one of the top ten geniuses of the first era.

One was the Shadow Realm and the other was the fire heaven realm.

These two heaven's favorites are joining hands to deal with an overarching heavenly Supreme celestial?

"This time, ye chen is done for."

"It's over. Ye Chen's done for. He's already going all out against Huo mietian alone. Now that Skyblade is here, he's dead for sure. "

"I didn't expect him to have offended so many heaven's pride experts. He's really courting death. He even offended Skyblade. I wonder how he managed to survive until now."

"He's dead. "

Everyone roared one after another, and at the same time, they retreated backwards. The power of a battle of this level was too strong. If they got too close, they would be affected and seriously injured.

Only some late-stage and peak-stage immortal kings were watching.

"Huo mie Tian, let's attack together, sky-breaking saber!"

Skyblade bellowed. A ray of Saber Light tore through the air and instantly appeared in front of ye Chen's chest, trying to cut ye chen in half.

At the same time, the giant flaming palm in the sky arrived and destroyed the seven-colored sword Qi.

It was dangerous.

Everyone's heart skipped a beat. Ye chen was dead for sure.

Ye chen would not be able to withstand the joint attack of two great masters.

He was dead. Ye chen was dead.

The crowd watched helplessly as the ray of light from the blade was about to land on ye Chen's chest.

"Divine sword, third slash!"

At this moment, ye chen moved.

A flash of sword Qi instantly condensed and collided with the saber Light in front of his chest.

To everyone's surprise, this time, Skyblade's blade light was almost instantly destroyed. Then, the sword Qi made a turn in the air and rushed up.

Whoosh, whoosh, whoosh, Whoosh!

A terrifying sword will burst out from ye Chen's body.

Beams of black sword Qi were condensed and shot into the sky, tearing apart the giant flaming palms. Then, all the black sword Qi shot toward Huo mietian and Skyblade.

"What?"

When everyone saw this scene, each and every one of their hearts trembled greatly, revealing incredulous looks.

How was that possible?

"Impossible, how is this possible? how did you manage to tear apart my attack?"

Skyblade shouted out in shock.

"Damn it! Skyblade, let's attack together and block his attack!"

Huo mietian finally reacted and shouted in exasperation.

"Join forces and block them!"

"Block it! Block it!"

"

Huo mie Tian and Tian Dao launched the fiercest attacks they had ever launched in their lives. Giant flaming swords and terrifying blade auras were thrown out in an attempt to block the black sword Qi.

In fact, he had indeed blocked it.

With a series of earth-shaking rumbles, the black sword Qi was successfully destroyed.

"Haha, ye chen, that's all you've got!"

"And here I was thinking how strong you were!"

Huo mietian and Skyblade looked at each other and were overjoyed. They had thought that the black sword Qi would be very powerful.

It turned out that he only had this little ability.

"Oh? Is that so?"

However, the next moment, ye chen smiled.

Because this was only the first strike of his divine sword's three strikes.

What came next was the main event.

BOOM!

An even more terrifying sword will burst out in an instant. It rose from ye Chen's body and soared into the clouds.

A sharp tearing sound reverberated through the entire space. The space trembled violently. A black sword Qi hundreds of thousands of feet long appeared in front of everyone, and then attacked Huo mie Tian and Tian Dao with lightning speed.

"Not good!"

The two men's expressions changed drastically.

"Block it! Block it!"

"Block it, block it, block it!"

"No, no, block it!!!"

Skyblade howled repeatedly as he used all his strength. However, his blade gleams seemed insignificant in front of the black sword Qi.

Huo mietian's giant flame sword was not much different. It was also like dust.

In front of the black sword Qi that was hundreds of thousands of feet long, Huo mie Tian and his companion roared. Their veins popped out as they tried to block the sword.

Pfft, pfft!

No matter how fast Huo mie Tian and Skyblade dodged or how hard they tried, they were still hit.

His two arms shot up into the sky and then quickly fell down.

One move and he was heavily injured.

[Chapter 2430 2435-Sneak Attack!](#)

Silence.

The space was silent for a while.

No one spoke, because everyone's mouth was wide open, revealing a look of disbelief. Their jaws were about to drop to the ground.

They looked at this scene in a daze, thinking that their eyes were playing tricks on them.

Because it was too shocking.

This was simply unbelievable!

"Oh my God, what did I just see?"

"That man fought against two peerless heaven's favorites, Huo mie Tian and Tian Dao, and even seriously injured them?"

"Abnormal, he's really abnormal!"

"A peerless monster!"

"He's an invincible monster. We were all wrong before."

After everyone reacted, they shouted one after another. They were so excited that their bodies trembled.

Ye Chen's combat strength was too freakish. It had simply exceeded their imagination.

They had never seen such an abnormal heaven's favorite. Who could fight against Huo mie Tian and Tian Dao, two peak immortal kings, with the cultivation base of an allheaven Supreme immortal?

Not to mention a great battle, he had never even heard of a heaven's favorite being able to withstand a few moves.

There was an insurmountable gap between an allheaven Supreme immortal and a peak Immortal King.

Generally speaking, a peak Immortal King expert could crush an allheaven Supreme immortal to death with a finger.

"No, he's an early Immortal King!"

At this moment, someone discovered ye Chen's true cultivation base and shouted in shock.

"What?"

Everyone was shocked again.

How long had it been? ye chen had advanced from an overarching heavenly Supreme celestial to an early-stage Immortal King?

This was simply impossible.

An ordinary overarching heaven Supreme immortal would need at least hundreds of thousands of years or even longer to advance to the early Immortal King realm.

"Not good! He has advanced to the early Immortal King realm! We're in danger! Run! Run!"

Huo mietian reacted at this time and shouted in shock. At the same time, his face was extremely ugly and there was a trace of fear.

One of his arms had been cut off by ye chen.

Of course, there was also Skyblade 's.

The two of them had joined forces but still could not do anything to ye chen. Instead, their arms had been cut off. Did this not mean that ye Chen's strength was above theirs?

If the battle continued, they would simply be courting death!

"Run, run, run!"

"Go and find the top ten geniuses of the Shadow Realm. Join forces and kill him!"

Skyblade was both shocked and furious. With a loud roar, he transformed into a blade radiance and tore through the space, planning to escape.

Huo mietian, on the other hand, turned into a ball of fire and also tore open the space, trying to escape.

"Did I say you could leave?"

Ye Chen's voice echoed.

Whoosh, Whoosh!

The two black sword Qi were as fast as lightning and instantly locked onto the two.

"Ah, ah!"

Two screams came from the space, and then two more arms flew up.

The space trembled violently, then the two of them let out a hysterical roar, "ye chen, just you wait! I'll find someone to kill you!"

Ye chen frowned. He had still let the two escape.

It couldn't be helped. The two of them were actually very strong, comparable to the weakest Immortals and gods. If they wanted to escape, it would be impossible for him to catch up.

"Unbelievable."

"Another peerless monster."

The crowd watched ye Chen's figure fly into the distance. The shock in their hearts was difficult to describe in words for a while.

With ye Chen's speed, he soon flew a distance of several billion kilometers.

He then swept his gaze around and discovered a huge fortress below.

"Fire heaven world, ten thousand laws world, shadow world, light world ..."

At a glance, ye chen found that at least a few prodigies of the large realms had gathered here.

Many people were gathered at the fortress. They seemed to be discussing something and waiting for someone.

Very quickly, streams of light flew over from the distance. They were all people from the various major worlds, and their abilities were all extraordinary.

"Everyone!"

At this moment, a heaven's favorite from the light world walked out and said loudly, "it's very likely that there are a lot of treasures hidden in this fortress. However, there's a layer of light screen blocking the entrance. As long as we work together, we can definitely break the light screen. When we enter, the treasures will belong to whoever gets them!"

"Alright!"

"Let's work together!"

Everyone said one after another.

"So it's a treasure trove."

Ye Chen's figure also flew down. He could not miss such a place.

Some of these treasures might even make peak Immortal King experts go crazy.

There were hundreds of heaven's favorites here. They joined hands and circulated their celestial spiritual energy, causing their celestial spiritual energy to boil.

Boom, boom, boom!

Powerful auras burst out from their bodies. Hundreds of heaven's favorites launched all kinds of attacks at the light curtain at the gate of the fortress.

BOOM!

BOOM!

A series of deafening explosions rang out, and the light barrier trembled violently, but it wasn't broken.

Obviously, this light curtain couldn't be broken easily. With so many heaven's favorites here working together, their power was at least equivalent to the third stage of the peak of the immortal King realm.

However, it would probably take the power of a first-level immortal God to break the light curtain.

"Everyone, put in more effort. Don't hide anything. Use all your means. Only then will it be easier to get the treasure!"

The young man from the light world shouted.

"BOOM!"

This time, the attack was twice as fierce as before. Before this, everyone was hiding some of their moves, and some of them were not good to use in front of everyone. After all, it was their own killer move.

However, it was worth it to use it in advance for the treasure inside.

Ye chen was mixed in with the crowd. He had only used the fourth sword of the yuan Tian divine sword, the rainbow sword Qi, to bombard the light screen. He had not used his divine sword's third slash.

Even so, the light curtain still trembled violently, creating water ripples. Then, everyone saw a small hole in the light curtain.

"Fly in!"

"Haha, the treasure, the treasure is mine!"

"Let's go!"

Everyone was overjoyed. One by one, they turned into a stream of light and used all kinds of methods or flames to rush in.

There were also some cautious people who decided to go in after a long time. After a while, they didn't hear any screams, so they flew in.

Of course, ye chen also flew in. These treasures could not be missed.

He was now an early Immortal King, so no one was deliberately looking for trouble with him. After all, they had all gone to snatch treasures.

After ye chen flew in, he found a secret cultivation room and found a treasure chest.

There were a large number of upper-grade celestial stones in the treasure chest.

"Haha, I'm rich!"

Ye chen was overjoyed. With so many high-grade celestial stones, it was more than enough for him to cultivate to the peak of early-stage Immortal King.

BOOM!

At this moment, a scorching and violent aura rushed over from the side. A huge flaming palm, like a god's palm, struck over heavily. It was like a divine mountain that pushed over.

BOOM!

Ye chen did not even think. A black sword Qi burst out and collided with the giant flaming palm.
