

Genius 2441

[Chapter 2441 2446-Enslave Mo Luo!](#)

Immortal God talisman. This was another immortal God talisman.

At this moment, not only Huo Xing Chen, but mo Luo and Wan Wushuang also took out an immortal God talisman and planned to escape.

Their original plan was to kill ye chen and the tall young man before fighting each other. However, the strength displayed by the tall young man was too shocking. They were no match for him at all. How could they fight?

Instead of fighting, he might as well use the immortal God talisman to tear a hole in the light shield and escape.

The power of the immortal God talisman was equivalent to a full-force attack from a first-level immortal God.

The combined power of the three immortal God talismans was definitely enough to blast a hole.

If they used the talismans against ye chen, they would have to fight in the end. Therefore, it was better to tear a hole and leave. It was much safer.

"You want to leave?"

Ye Chen's lips curled into a cold smile. He ordered the tall young man, "attack and kill them!"

The tall young man immediately rushed out like a huge star and threw a punch at the three of them.

BOOM!

An incomparably dazzling fist radiance shone once again, bombarding towards the three of them at an unbelievable speed. The three of them narrowed their eyes and roared loudly, activating the immortal God talisman in their hands, preparing to bombard the light shield and escape.

However, they were too slow.

Ah, ah, ah!

There were three miserable shrieks. First, Wan Wushuang's body was struck and torn apart. His entire body was torn into pieces and he died on the spot.

A seventh-ranked genius of the first era had fallen just like that.

Then, it was the fire star.

"No, no, ye chen, I won't let you go! The fire heaven realm won't let you go!"

Huo Xingchen let out a blood-curdling screech as his body exploded on the spot. Blood rained down from the sky as he couldn't be more dead.

Only mo Luo was left.

"Ye chen, please let me go. I beg you, please let me go!"

Surprisingly, mo Luo immediately begged for mercy.

As an unparalleled genius of the Shadow Realm, as long as he did not die, he was destined to become an immortal God or even an expert of an even higher level. He was not willing to die like this.

Seeing Huo Xing Chen and Wan Wushuang's fate, mo Luo's heart was filled with fear. What a joke, he was to die?

He couldn't accept it!

Instead of dying, it was better to seek refuge with ye chen in humiliation. In any case, if they could live, at least they would have a chance for revenge in the future.

"You want to surrender?"

Ye chen was also stunned. He did not expect mo Luo to surrender.

"That's right, ye chen. As long as you spare my life, I'm willing to become your slave and do whatever you want!"

Mo Luo quickly said.

In order to survive, he dared to say anything.

In any case, as long as they survived, they could immediately find the experts of the Shadow Realm to besiege ye chen and kill him.

No matter what, ye chen must die.

"Oh? Was that so? Don't think I don't know what you're thinking. It's not safe for you to stay by my side, unless ..."

The corners of ye Chen's mouth curled up.

In the immortal God's inheritance, he had obtained a enslavement technique. Anyone who was enslaved would treat their master with all their heart and would not have any second thoughts.

Previously, he had obtained the cultivation technique but had never had the chance to use it. Now, his chance had come.

"What?"

Before mo Luo could react, he saw the tall youth move and grab him.

"Star Palace Grand magic, become my slave!"

Ye chen roared.

Countless runes suddenly appeared on his body and filled the sky. Then, like stars, they fell from the sky and entered mo Luo's body.

Then, mo Luo's expression changed drastically. He felt an irresistible force that made him subconsciously believe that ye chen was his true master. Ye chen was a God, and ye chen was a Supreme existence that could not be profaned.

"No, no, ye chen, you ..."

Almost instantly, mo Luo kneeled on the ground respectfully, "master!"

"En!"

Ye chen nodded slightly. He was very satisfied with the STAR technique.

This enslavement technique was used between Immortals and gods. It was extremely simple to enslave a peak Immortal King.

In an instant, mo Luo, a peerless genius of the Shadow Realm, was completely enslaved by ye chen.

And it would be an eternal slave.

Previously, when mo Luo had appeared, he had been arrogant and despotic, throwing a palm at ye chen. Now, he had become ye Chen's slave. It was truly a touching sight.

However, if the Shadow Realm knew about this and knew that mo Luo, a peerless prodigy who had a hundred percent chance of becoming an immortal God in the future, was enslaved by ye chen, they would probably be furious.

"From now on, you will be my first slave."

Ye Chen's eyes swept over mo Luo. Since mo Luo had become his slave, there was no harm in giving him something to increase his combat strength.

He immediately taught mo Luo the God sword's three slashes technique. After mo Luo learned it, his strength rose to another level.

With a slave like mo Luo and the tall young man, ye chen could be said to be invincible.

Buzzzzzz!

At this moment, heaven and earth began to shake violently.

The steps of the indestructible staircase crumbled one by one, turning into nothingness.

The heavenly mandate selection had ended.

Previously, Huo Xingchen and the other two had joined forces and killed everyone. Only they and ye chen were left. Now that Huo Xingchen and Mo Luo had been killed and Mo Luo had been enslaved, the energy of his soul belonged to ye chen. Therefore, the heavenly fate selection had tacitly acknowledged ye Chen's victory.

Ye chen was the last person to come out alive.

"I can't let others have these storage rings."

Ye Chen was not a kind person. With a wave of his hand, streams of light flew over. They were all storage rings left behind by the group.

The wealth in these storage rings was not small. Some of the wealth added together could drive even first-level immortal God experts crazy.

Naturally, Ye Chen would not let them go.

"Immortal stones, they're all immortal stones."

Ye Chen's heart skipped a beat. There were too many of them. They were all celestial stones.

Especially the storage rings left behind by Huo Xing Chen and Wan Wushuang, the immortal stones in them were simply too much.

All of them were more than enough for Ye Chen to break through to the late-stage Immortal King realm.

Of course, he could only break through to the intermediate Immortal King stage now.

Moreover, Ye Chen had not even scratched the surface of the third slash of the divine sword. If he could successfully cultivate this slash, Ye Chen's strength would increase by another level.

With his current combat strength, it was no problem for him to deal with a heaven's favorite at the level of Huo Xing Chen. However, if he were to face an even more powerful enemy, such as the top five heaven's favorites of the first era, he would not be a match for them.

However, he had the tall youth and Mo Luo as his servants, so he didn't need to be afraid.

If one came, he would kill one. If two came, he would kill a pair.

"BOOM!"

Heaven and earth shook again.

[Chapter 2442 The Fury Of The Two Worlds!](#)

The myriad world mystery dimension was finally closing.

It had been a few months since the opening of the myriad world secret land, and it could be said that time flew by.

That's right, a few months had already passed.

In reality, a cultivator's cultivation would take decades or even centuries to complete, the moment they opened and closed their eyes. This was even more so for super powerhouses like Ye Chen and the others, who were at the immortal King level or even the immortal God level.

Such existences would basically go into seclusion for millions of years.

It was not impossible for ancient existences like Immortals and gods to cultivate for hundreds of millions of years at a time.

The more powerful he was, the less he had any concept of time.

The more time passed, the faster time passed. This was because existences like them were too powerful. It was simply beyond the imagination of mortals.

To them, cultivators of lower cultivation levels were like ants. They were no different from ants. The difference in their concept of time was too great.

"Has the myriad world secret realm finally ended?"

Ye chen mumbled softly. He had gained a lot from his trip to the myriad world mystery realm.

His cultivation base had broken through to early-stage Immortal King, and he had killed heaven blade and Huo mie Tian. He had also encountered countless prodigies such as Huo Xingchen, mo Luo, and Wan Wushuang. Ye chen had fought with them.

Now that he had passed the destiny selection, his fate was overflowing and he had obtained supreme fate. He had obtained a puppet like the tall youth and Mo Luo as his servant.

It could be said that he had gained a lot.

This was especially so for the tall young man, who was a super expert with strength equivalent to a first-stage immortal God. No, even an ordinary first-stage immortal God would not be his match.

Such strength, even if it was not as good as that thin old man from the Shadow Realm, was still terrifying enough.

The skinny old man's cultivation level should be around the second-level immortal God Realm.

In the immortal God Realm, there was a huge gap between each stage. The difference in strength between each stage was so huge that it could be said to be the difference between heaven and earth.

It could be said that a second-stage immortal God could easily defeat a first-stage immortal God.

Of course, this was only in the case of ordinary Immortals and gods.

If some geniuses broke through to the immortal God stage, their immortal Dao domain would be extraordinary, so the power would naturally be different.

"Let's go out!"

Ye chen took the tall young man and Mo Luo with him. His figure moved like a storm, and he flew into the distance.

The myriad world secret realm would close for about fifteen days, allowing everyone to pass through the passageway.

This was also to prevent some people from being trapped in a certain place and not being able to leave for a while. If they did not leave the myriad realms secret realm, they would have to wait for a million years before they could leave.

Hence, this was also one of the mechanisms of the myriad world secret realm.

Soon, the three of them arrived at a location.

There were many people gathered here.

A heaven's favorite.

They were all heaven's favorites.

The heaven's favorites from the various worlds had already gathered here. Of course, there were still many who had not arrived yet. Perhaps they had their own matters to attend to.

However, in a few more days, when the myriad world secret realm was about to close, they would definitely come. No one would be willing to be trapped here for a million years.

After being trapped here for a million years, he would no longer be a prodigy, but a loser.

However, that was not necessarily the case. There were countless treasures in the myriad world secret realm. If one was lucky enough to survive, then one would definitely become an invincible heaven's favorite.

"Look, look! Isn't that ye chen?"

Someone suddenly recognized ye chen and shouted in shock.

Ye chen ... Ye chen was not dead yet?

How was this possible?

"What? Ye chen? He's not dead yet?"

"It's really ye chen?"

Everyone's gazes turned over in unison, each and every one of them incomparably shocked.

They knew that Skyblade had led the people from the Shadow Realm to kill ye chen. They did not expect ye chen to appear unscathed.

How was this possible?

Could it be that Skyblade and the others had already been killed by ye chen?

Oh my God!

When the crowd thought of this possibility, their shock reached an almost unbelievable level. A prodigy on Skyblade's level had been killed by ye chen?

They were even more shocked when they saw ye Chen's cultivation base.

Early Immortal King realm.

In such a short period of time, he had advanced from an allheaven Supreme immortal to an early Immortal King. This was simply too unbelievable, right?

One must know that an ordinary overarching heavenly Supreme immortal would need at least several hundred thousand years to break through to the early Immortal King realm. This realm wasn't something that could be broken through just because one wanted to.

Even though they had many immortal kings, in reality, they were the accumulation of countless years of experience from the various large worlds.

Otherwise, any ordinary person would have to pay a great price to advance to the immortal King realm.

However, ye chen had done it.

He had advanced from an allheaven Supreme celestial to an early Immortal King in a short period of time. They had never heard of or seen such an ability.

"BOOM!"

At this moment, one flaming figure after another appeared in the air. Their faces were extremely cold as they headed in ye Chen's direction.

They had come to find ye chen.

"Ye chen!"

At this time, black-robed figures appeared like shadows and also headed in ye Chen's direction. Their auras were monstrous and their killing intent was chilling.

They had all gone to find ye chen.

"What's wrong?"

Ye chen sneered with a faint smile.

Since these people wanted to kill him, he would definitely not be nice to them.

"Ye chen, where's Skyblade? What did you do to him?"

A black-robed young man from the Shadow Realm asked coldly.

Tian Dao was a super heaven's favorite who ranked tenth in the first era of the Shadow Realm. If something were to happen to him, how would they explain it when they returned?

"What about Huo mietian?"

A red-robed young man from the fire sky Realm asked coldly.

Huo mietian's absence had made them very uneasy.

"Oh, you're talking about Skyblade and Huo mietian. The two of them joined forces to kill me, but I've already killed them. Why? do you have any questions?"

Ye chen had a faint smile on his face. The corners of his mouth curled up into a cold smile as he sneered.

Silence.

The space was silent.

Then, there was an endless clamor.

"Oh my God, did he really kill Skyblade and the others?"

"Hiss hiss hiss, this person's strength is too terrifying. How could he kill Tian Dao and his companion?"

"Terrifying!"

Everyone roared in shock, each and every one of them about to die from excitement.

Defeating Skyblade on his own might not be a big deal, but with Skyblade and Huo mie Tian, they were very powerful.

Ye Chen's ability to defeat Skyblade by himself was not particularly shocking.

However, ye chen had defeated Skyblade and Huo mie Tian ...

This was simply unbelievable!

It was too shocking!

"You, what did you say? Say it again!"

"Do you know what you're saying?"

The two young men leading the fire heaven realm and the Shadow Realm were stunned. Then, a terrifying killing intent burst out from their bodies as they roared in anger.

Tian Dao and Huo mie Tian were the peerless geniuses of their two worlds. They had died at ye Chen's hands just like that.

Damn it, damn it!

[Chapter 2443 2448-Shocking Battle!](#)

With Skyblade's and Huo mie Tian's talents, they were destined to become Immortals and gods in the future. They would become patriarchs.

With such talent, it could be said that he would be valued in any Jie.

The talents of these two people were extremely strong. They were highly regarded by the Shadow Realm and the fire heaven realm. Some patriarchs even had the intention to take them as disciples in secret.

Even the patriarchs at the immortal and God level wanted to take them as disciples.

It could be seen that the talent of these two people had already reached the extent.

In fact, all the top ten existences of the first era had very high statuses and great talents. They were destined to become Immortals and gods in the future.

This was equivalent to a future immortal God.

If he could take them in as his disciples, it would be equivalent to having an immortal God as his disciple in the future. With the two masters, that would be two Immortals and gods.

How terrifying were two Immortals and gods?

It was clear how talented Skyblade and Huo mie Tian were.

And yet, these two had fallen just like that, dead in the myriad world Mystery Land.

If this were to spread out, it would simply anger the Shadow Realm and the fire heaven realm to death!

With their talents, Tian Dao and Huo mie Tian were destined to become Immortals and gods in the future. However, they had fallen just like that. This was equivalent to the Shadow Realm and fire heaven realm each losing one future immortal and God.

Immortals and gods.

There was one less ancestor-level existence.

If this news were to spread, it would be enough to shock the fire heaven realm and the Shadow Realm.

"Damn it!"

"You really deserve to die!"

"You're looking for death!"

Boom, boom!

Two powerful auras burst out from the black-robed young man and the red-robed young man, forming two different-colored light pillars. They shot up into the sky, straight into the clouds, showing their terrifying strength.

Even the space within a radius of hundreds of thousands of miles was shattered and annihilated.

"That's the fifth-ranked God Jia from the first era of the Shadow Realm?"

"That's Huo bubai, ranked fourth in the first era of the fire heaven world!"

"I didn't expect the two of them to attack ye chen. This is going to be a good show."

"The strength of these two people is extremely terrifying. In the future, they're destined to reach the realm above the immortal God. They're actually attacking ye chen together. Ye Chen's dead for sure."

The crowd began to discuss excitedly, each of them excited to see a great battle.

Jia Shen!

Invincible fire!

Both of them were the top heaven's pride experts among the top heaven's pride experts. In the vast two worlds, they were ranked in the top five. How terrifying was this?

They were strong enough to kill Skyblade and Huo mietian when they worked together.

Their strength was much stronger than Huo Xing Chen and even mo Luo.

It could be said that these two were the true peerless geniuses.

The top five existences of the first era were all true unparalleled geniuses. As long as they didn't die, they were destined to be above the immortal God Realm.

This was their strength.

Ye Chen was also secretly surprised. He had not encountered these two people before. Fortunately, he had not encountered them. Otherwise, he would have been in danger.

In terms of realm, these two had already grasped the initial stages of the immortal Dao domain.

"Ye Chen, how dare you kill the peerless prodigy of the Fire Heaven realm? You'll die today!"

"Ye Chen, you dare to kill the Shadow Realm's prodigy? You're dead!"

"You're courting death!" Two cold shouts were heard. Then, everyone saw the light pillars on the two men suddenly soar. Just their auras alone gave people a terrifying sense of oppression.

Whoosh, Whoosh!

Two hums were heard and the two pillars of light changed directions. The two different-colored pillars of light were like two pillars of the stars. They suddenly expanded and shot toward Ye Chen.

BOOM!

The surrounding people's expressions changed drastically. Many people screamed as they were directly affected by the battle and died on the spot.

Many Heaven's Pride experts, even those at Huo Miantian's level, were hit by the shockwaves of the battle. They spat out large mouthfuls of blood and half of their bodies were melted. They were seriously injured and almost died.

Terrifying!

This was the power of Jia Shen and invincible fire.

How terrifying would their combined power be?

Not to mention the two of them working together, even if it was just one person attacking, the power was already terrifying enough.

Moreover, the power of the two of them joining hands was simply unimaginable.

"Strong, he is indeed very strong!"

Ye Chen's heart skipped a beat as he watched. Strong, it was too strong.

Jia Shen and Huo Bubai's strength were too powerful. Even if Ye Chen used the divine artifact with his current strength, he might not be a match for one of them.

The strength of these two, in a one on one battle, was even stronger than Huo Xing Chen and Mo Luo.

Unless Ye Chen had broken through to intermediate Immortal King, he would not be able to defeat these two.

If the two of them joined forces, he would be even less of a match.

"It's over. Ye Chen is finished. "

"He's definitely done for against the attacks of these two."

"He killed Skyblade and Huo mie Tian, but he's still a powerful figure. It's a pity that he'll die today."

"Yup,"

The crowd was in a heated discussion.

They all thought that ye chen was dead for sure.

In fact, if it had been the previous ye chen, he would have been dead.

But ...

"Tall young man, go and kill the two of them."

Ye chen ordered.

Facing the terrifying attacks of these two people, he did not panic. Instead, he ordered the tall youth beside him.

Everyone was dumbfounded. Was he looking for death?

In the face of such a terrifying attack, he still dared to let his subordinate attack. Could it be that he was tired of living? It was really an act of seeking death!

"Kill!"

The tall young man growled and stomped his foot. With a whoosh, his whole body seemed to have turned into a sharp arrow and rushed out.

Seeing that the tall young man wanted to take on the two of them and resist the joint attack of invincible fire and Jia Shen, everyone was stunned.

"He's courting death!"

"You don't know what's good for you!"

"Laughable!"

Everyone shook their heads slightly. The tall young man was simply courting death.

Jia Shen and invincible fire were both extremely powerful. How could he, a tall young man, be able to stop them?

Even a true first-stage immortal God might not be able to withstand their joint attack, let alone the tall young man.

Tall young man?

He might have some skills, but if he dared to fight two people at once, he would only end up dead.

"BOOM!"

However, the next moment, everyone's expression changed.

This was because the tall young man didn't make any fancy moves, just a punch.

With one punch, heaven and earth would be destroyed!

The entire sky suddenly caved in, and a huge hole was punched through the space where the punch had landed. A dazzling fist light, like a white pillar of Qi, soared into the sky and headed toward the two light pillars in the sky.

Boom, boom!

Everyone cried out in pain as their bodies shook violently. Even though they were a million miles away, they were still affected.

[Chapter 2444 2449-One Against Two!](#)

Boom, boom!

The two earth-shaking explosions shook the world.

The space within a radius of hundreds of thousands of kilometers was directly blown up.

The void was destroyed, which was extremely terrifying.

Then, everyone saw the two light beams that were launched by Jia Shen and Huo bubai were blocked by the tall young man.

It was blocked by the tall youth's fist radiance.

That's right, he blocked it.

The tall young man was fighting one against two, but he managed to block their joint attack with one punch.

"What?"

Everyone was shocked beyond words. Each and every one of them was petrified and stood rooted to the ground. They were all stunned and unable to speak for a while.

This, how was this possible?

The tall young man was able to block the joint attack of Jia Shen and Huo bubai?

What was going on?

The combined attack of Jia Shen and Huo bubai was enough to kill an ordinary first-level immortal God expert.

Based on their strength, they should be invincible when they joined forces.

An attack that was enough to kill an ordinary first-stage immortal God expert could be said to be invincible in the myriad realms Mystery Land. It was equivalent to an immortal God old ancestor's attack.

The other heaven's favorites were only at the third stage of the peak of the immortal King realm. Many of them didn't even reach this level.

However, an attack of this level was blocked.

Their attacks were indeed blocked by the tall young man.

Everyone was dumbfounded.

Including Jia Shen and Huo bubai.

"How, how is that possible?"

Jia Shen roared in disbelief.

His strength alone was enough to rival a first-level immortal God. With invincible fire, their combined attack might not even be able to withstand a first-level immortal God.

He had thought that the tall young man must have some skills since he dared to stop them, but he would definitely not be able to withstand the joint attack of the two.

However, the tall young man had indeed blocked it.

This made him very confused.

"No, he's not a human!"

At this time, invincible fire seemed to have noticed something and shouted.

"Not human? Speak clearly. "

Jia Shen asked.

Could it be that this tall young man was transformed from some kind of divine beast?

"This tall young man is most likely a puppet left behind by some immortal God powerhouse to protect the inheritor. I've seen it in ancient books before. I didn't expect ye chen to obtain the immortal God's inheritance ..."

Bubai Huo roared in a low voice.

What?

The crowd was shocked again.

Immortal God inheritance?

Everyone couldn't help but be envious. It was an immortal God's inheritance!

Usually, those who were able to set up their inheritances in the myriad world Mystery Land were all high-rank Immortals and gods, experts among Immortals and gods.

To be able to obtain the immortal God's inheritance, wasn't ye Chen's luck too good?

"You two, continue to attack."

Ye chen sneered coldly.

He knew how strong the tall young man was, so he wasn't afraid of Jia Shen and invincible fire.

"You, are you looking for death!"

"Damn bastard, die!"

Jia Shen's expression changed. How could they take being ridiculed by an early Immortal King? they were immediately infuriated. Two dazzling light pillars burst out and they rushed over again.

"Kill!"

The tall young man roared, his roar shaking the earth. He punched out and a fist radiance broke the two light pillars again. Then, he hit them hard.

"Not good, block it!"

Jia Shen roared and set up layers of defense in front of him. Layers of black shields covered him.

It was the same for invincible fire. He had set up layers of protection, and there were countless fire shields in front of him, which wrapped him up.

Boom, boom!

The two fist lights heavily smashed onto the two shields. Jia Shen and Huo bubai's bodies shook violently, and they spat out mouthfuls of blood. They were almost sent flying.

He was too strong.

The tall young man's strength was comparable to a second-stage immortal God.

With just two punches, he made Jia Shen and Huo bubai spit out blood.

This was under the condition that they had set up heavy defenses. If they had not set up any defenses, it was not impossible for them to be killed with a single punch.

There was an uproar!

The crowd was in an uproar.

"My God! Who is that tall young man?"

"Could he be one of the top three geniuses of the first era?"

"That's not right. Even the top heaven's favorites don't have this kind of power."

"It seems like what invincible fire said is true. He's indeed a puppet left behind by an immortal God. It's impossible for any heaven's pride expert to have such strength."

The crowd was in a heated discussion.

The tall youth could only be a puppet.

Even the number one genius of the first era wasn't this strong.

Of course, this was only what they thought.

"Damn it, how can he be so strong?"

Huo bubai spat out a mouthful of blood. His eyes were filled with disbelief. Even if it was a puppet left behind by an immortal God, it shouldn't be this strong.

Most puppets left behind only had the strength of a first-stage immortal God. How could there be a second-stage immortal God puppet?

However, the puppet that ye chen had left behind had indeed reached the second level of the immortal God Realm. It might even be stronger.

This was because the tall young man had not displayed his full strength so far. From the beginning to the end, he had only used one punch after another.

If a hundred punches were to be launched at the same time ...

How terrifying was that scene?

"Run, run! When we leave the myriad world secret realm, we'll report this matter to the inner realm's old ancestors and let them decide!"

Jia Shen, on the other hand, was scared. What a joke! Fighting against this kind of undying monster? and he wasn't even a match for it.

For a puppet like this, even if its head was cut off, it would not die. It could still continue to fight without any decrease in its combat strength.

Unless they were completely annihilated ... But they simply didn't have the strength to do so.

Let alone completely annihilating him, he wouldn't even be able to fight him.

"You want to escape?"

Ye chen would not let the two escape so easily. He immediately ordered the tall young man, "kill the two of them!"

Shua!

The tall young man suddenly rushed out like a cannonball and threw a punch in the direction of the two people.

Boom, boom, boom, boom, boom!

The space exploded. The terrifying force directly blew up the area within millions of kilometers. The power of this punch was much stronger than before.

The previous punch was only at the peak of the first-stage immortal God Realm, but this punch was comparable to the second-stage immortal God Realm.

In the immortal God Realm, there was a huge difference in combat strength between each level.

As soon as this punch was thrown out, Jia Shen and Huo bubai immediately felt a deep sense of danger.

"Immortal God talisman!"

At the critical moment, a black talisman appeared in Jia Shen's hand. BOOM!

A black shadow stretched out a huge black palm and grabbed at the fist radiance of the tall youth.

On the other hand, invincible fire also took out a talisman.

The power of the two immortal God talismans was amazing.

[Chapter 2445 Leaving The Myriad World Secret Land!](#)

The attack from the two immortal God talismans immediately tore two holes in space.

Jia Shen and Huo bubai's figures flashed, and they immediately disappeared into the hole, leaving the myriad world secret realm in advance.

Watching the two of them leave, many people were amazed. Two immortal God talismans, this was not something ordinary people could imagine.

The value of an immortal God talisman was equivalent to a low-grade divine artifact. Only geniuses like Jia Shen and Huo bubai would have so many immortal God talismans.

Otherwise, they would have been held back by the tall young man.

"It's a pity that they managed to escape. "

Ye chen looked up at the sky and shook his head slightly, feeling rather helpless.

He had no choice. He wanted to kill Jia Shen and Huo bubai, but they had used immortal God talismans to escape. He couldn't catch up even if he wanted to.

The immortal God talisman was extremely precious and its effect was naturally great. With the speed of these two people's escape, even the tall youth would not be able to catch up with them in a short time.

Therefore, he decided not to chase after her.

"The myriad world secret realm is about to close."

In the blink of an eye, another fifteen days had passed.

Ye chen and the others were finally leaving the myriad realms Mystery Land.

BOOM!

The world began to shake, and a massive spatial Rift appeared in front of them, from within which emerged endless spacetime storms.

Of course, with everyone's strength, this spacetime storm posed no threat to them at all. Any Immortal King expert could easily resist the spacetime storm.

"It's time to leave. "

Ye chen opened his eyes. Like the others, he moved toward the spatial Rift.

Whoosh, Whoosh!

After they entered the spatial Rift, a dazzling light shone, and they left completely.

.....

In the outside world.

One figure after another walked out.

Outside, auras soared into the sky. They were all experts from the Shadow Realm, fire heaven realm, ten thousand laws realm, light realm, and other large realms.

They had been waiting here for a long time.

The experts of many realms had been waiting here for a long time. In fact, any immortal God level expert could not enter the myriad realms mystery realm. Only those below the immortal God level could enter.

Otherwise, with the personalities of these Immortals and gods, they would have long entered the myriad world Mystery Land to explore it.

"What's going on? the fire star still hasn't come out?"

Everyone from the fire heaven world frowned. They had a bad feeling.

"Wan Wushuang from our world of ten thousand laws hasn't come out yet? What was going on? It's been such a long time, shouldn't he have come out long ago?"

The people from the world of ten thousand laws also frowned, and a cold light flickered in their eyes.

They all thought of an extremely bad thing, and that was that Huo Xing Chen and Wan Wushuang might have already fallen.

Otherwise, he wouldn't have stayed in there for such a long time.

But how was that possible?

With Huo Xing Chen and Wan Wushuang's battle strength, who could kill them in the myriad world secret land?

Only if Jia Shen and Huo bubai had gone crazy would they kill Huo Xingchen and Huo bubai.

But even so, with Huo Xing Chen's and Huo Xing Chen's battle strength, even if they couldn't win, they could still easily escape.

After all, the difference in strength wasn't that huge.

"Someone is coming out."

At this moment, someone shouted.

Rip!

The spatial crack suddenly enlarged, and figures flew out from it. Most of them were people from the fire heaven realm and the Shadow Realm.

"What's going on? where's the fire star?"

Everyone from the fire heaven realm asked.

The figure that came out was Huo chiyan.

He was actually still alive.

Logically speaking, he should have died during the heavenly mandate selection. Otherwise, ye chen would not have been able to leave.

But in fact, he had to pay the price of an immortal God talisman to force a hole and get out.

"Fire extinguishing heaven, Fire Star?"

"They are dead." Huo chiyan said coldly.

What?

The crowd burst into an uproar.

The people from the fire heaven world were even more stunned.

"You, what did you say? Huo Xing Chen is also dead?"

BOOM!

An immortal-level patriarch from the fire heaven realm shouted angrily.

With Huo Xingchen's talent, it could be said that he was destined to become an immortal God in the future, or even beyond the immortal God Realm. Such a peerless heaven's favorite, an existence in the top ten, was actually killed by someone?

How did he die?

"Huo chiyan, hurry up and tell me how Huo Xingchen died. Did you see it with your own eyes?"

The forefather of the fire heaven realm asked.

"Yes, I saw it with my own eyes."

Huo chiyan slightly nodded.

"Ah, ah, ah, damn it!"

BOOM!

A terrifying pressure burst out from the forefather of the fire heaven realm. It was like a mountain that pressed down on the hearts of the others.

"Are you saying that Mars is dead? Then our Wan Wushuang would be ..."

The faces of the people from the world of ten thousand laws turned extremely ugly and gloomy.

If even Huo Xing Chen was dead, then what about Wan Wushuang?

If he still hadn't come out at this time, there was a high chance that he had already died.

"That's right, Wan Wushuang is also dead. "

Huo chiyan nodded and said.

"Ahhhhhhhhhhhhhhhhhh!"

The ancestor of the world of ten thousand laws was furious. He was so angry that he shouted and stomped in anger. He couldn't wait to find someone to vent his anger.

He was dead.

They were all dead.

Heaven's pride experts like Huo Xingchen and Wan Wushuang were all precious treasures to them. They could be said to be super great ancestors in the future. As long as they didn't die, they were destined to become great ancestors in the future.

It might even be possible for him to step into a higher realm.

However, the two of them had fallen just like that, in the myriad world Mystery Land.

He was furious.

"Someone is coming out again."

At this time, everyone looked at the space crack.

Whoosh, whoosh, whoosh, Whoosh!

One figure after another walked out at an extremely fast speed.

Three of them were ye chen, the tall young man, and Mo Luo, who had been enslaved by ye chen.

"Mo Luo?"

"How is that possible? he's with ye chen?"

"Didn't they say that the Shadow Realm has issued an absolute kill order on ye chen? he's actually walking together with ye chen. This ..."

When everyone saw this scene, each and every one of them was somewhat in disbelief.

"Mo Luo!"

BOOM!

A terrifying wave of air swept out in all directions, and the space within a radius of several million kilometers trembled.

A skinny old man appeared from the void, his face extremely ugly.

"Mo Luo, what's wrong with you? why are you walking with ye chen?"

"That's right. Ye chen has killed so many of our Shadow Realm's geniuses, and you're still hanging out with him. You're really a disgrace to our Shadow Realm!"

Everyone from the Shadow Realm criticized.

"Hahaha, I'm sorry, but I've already acknowledged ye chen as my master. What dogshit Shadow Realm, all of you can go to hell!"

Mo Luo laughed.

Silence.

The space was silent.

Many people didn't know what mo Luo was saying.

"W-what did you just say?"

The thin old man was also stunned and said in disbelief.

[Chapter 2446 2450-Terrifying Combat Power!](#)

He thought he had heard wrong.

Mo Luo was a peerless genius of the Shadow Realm. How could he speak up for ye chen?

Yes, they must have heard wrong.

That was what everyone thought.

They did not dare to think that mo Luo would speak up for ye chen. What a joke. Mo Luo was a peerless prodigy of the Shadow Realm. It would be strange if he did not kill ye chen and get the reward, let alone speak up for ye chen.

This was impossible.

So they all thought that they had heard wrong.

"What dogshit Shadow Realm? go to hell! I've already acknowledged ye chen as my master!"

Mo Luo laughed coldly.

His voice reverberated throughout the entire space. Anyone with ears could hear him.

Silence.

It was quiet.

Silence.

The space once again fell into silence.

Everyone's mouth was wide open as they looked at mo Luo. They looked at this scene in shock, the shock in their hearts couldn't be described with words.

Because it was too shocking.

It was too shocking.

He was almost shocked to death.

"Mo Luo!"

BOOM!

An extremely powerful aura burst out of the skinny old man's body, forming a black light pillar that shot into the sky. The entire sky trembled, and the ground shook violently as if there was a magnitude of tens.

Immortal God second level.

This thin old man was the Supreme old ancestor of the Shadow Realm, a second-level immortal God super expert.

As soon as he released his aura, the faces of the surrounding juniors immediately changed. Facing a second-level immortal God expert, even if they were geniuses on the level of Jia Shen or Huo bubai, the gap between them was still too great.

At the same time, a strange domain descended from the sky like an ancient mountain, weighing down on everyone's hearts.

Immortal Dao domain!

This was the thin elder's immortal Dao domain!

The immortal Dao domain was a domain unique to Immortals and gods. Once the domain was used, any living being below the immortal and God Realm would basically have no power to fight back.

This was the terror of Immortals and gods.

This also showed how terrifying the combat strength of those geniuses was. It was a miracle that they were comparable to Immortals and gods even though they had not reached the immortal God Realm.

Of course, they had already gained initial control of the immortal Dao domain, but it didn't increase their combat power much.

"Mo Luo, do you know what you just said?"

The skinny old man said coldly, his voice shaking the earth.

"Old man, are you deaf or is your brain not working well?"

At this moment, ye chen spoke.

Silence.

The space fell silent again.

What followed was endless discussion.

"What? How dare ye chen insult an immortal God?"

"Heavens! Did I hear that right? that's an immortal God! How could he be cursed at by an allheaven Supreme immortal?"

"Unbelievable, this is truly unbelievable!"

"How audacious!"

The crowd was excited and looked forward to the skinny old man's reaction.

"Little bastard, you're looking for death!"

BOOM!

The skinny old man roared. A huge hand immediately appeared in the sky. This huge hand seemed to be condensed from countless stars. The power it released was simply earth-shaking, causing everyone's expression to change.

If it wasn't for the patriarchs of the other realms protecting the juniors of the inner realm, those juniors would have been seriously injured.

BOOM!

This giant hand was like an endless star falling from the sky, crushing down from high above. The area within a few million kilometers exploded and turned into a void.

The entire void seemed to have turned into a pile of ruins.

"It's over. Ye chen is dead. "

Someone shouted.

"Ye chen, we're finished."

"How would he dare to humiliate an immortal God? you should know that this is the myriad realm mystery realm, a peripheral area, not the Shadow Realm. The rules of the heavenly Dao won't protect him."

"I'm really speechless. He's in such a hurry to die."

Everyone revealed a mocking expression. Ye chen was finished.

How could he survive the attack of an immortal God expert?

"Kill!"

However, at this moment, a loud roar was heard.

BOOM!

A fist radiance turned into a white light pillar and shot up into the sky.

BOOM!

The violent power shook violently, and the terrifying force swept in all directions.

Then, everyone saw that the fist radiance had actually pierced through the giant hand.

"What?"

Everyone's hearts trembled. What kind of joke was this?

That was the attack of a second-stage immortal God!

It was actually blocked?

Who blocked it?

Everyone hurriedly looked over.

"Well done."

Ye chen said in a low voice. It was indeed difficult for him to withstand the attack of a second-level immortal God.

With his current combat strength, he was still not a match for a second-level immortal God.

Fortunately, a tall young man had just made a move.

"Who are you?"

In the sky, the skinny old man shouted.

To be able to withstand one of his attacks, this person's identity was likely to be extraordinary. Just this strength alone was enough for him to take him seriously.

Therefore, he had to ask the tall young man's identity in advance.

To avoid provoking enemies that could not be provoked.

To be able to block his attack, this strength was at least at the second level of the immortal God Realm.

No one knew how much strength the tall youth had used. One must know that the skinny elder had used all his strength in his attack.

To be able to block his full-force attack, this tall young man's strength could be said to be unfathomable.

"Master!"

At this moment, the tall young man knelt down in front of ye chen.

Silence.

The space fell silent again.

What did they just see?

The tall young man who had just withstood the skinny old man's blow was actually kneeling before ye chen?

What the hell did they just see?

Did I see wrongly?

"How is that possible?"

Everyone's eyes almost flew out of their sockets.

Are you kidding me?

Such a powerful figure was actually calling ye chen master?

Then, what was ye Chen's identity?

"So that's how it is. This person is very likely a puppet left behind by an immortal God in the myriad realms mystery dimension. But a puppet with such strength is indeed rare ..."

The patriarchs from the other realms were more knowledgeable. They all recognized the tall young man's origin, but even so, they still looked serious.

A puppet? so what? this was a puppet that possessed terrifying strength.

This was what they valued.

"Hmph, puppet, so what? die!"

"Die!" The skinny old man was furious. With a roar, he condensed a huge black Hand in the sky. It was like an endless star that fell down madly.

Each hand could crush a first-stage immortal God to death.

A terrifying blast of air swept out in all directions and shot into the sky. Many people were forced to retreat as they were intimidated by the aura.

"Kill!"

The tall young man roared and threw a punch. A dazzling fist print rushed out with a roar, annihilating and collapsing the surrounding void.

BOOM!

Another collision, and both were defeated.

The tall young man's figure flashed and he continued to rush up.

[Chapter 2447 2452-One Against Three!](#)

"Shadow palm!"

The skinny old man finally used his full strength. A palm print in the sky, which was several times more terrifying than the previous big hands, fell from the sky like a Galaxy.

BOOM!

The entire sky caved in, and the space within a radius of several million kilometers was directly annihilated into nothingness. Countless living beings were turned into ashes before they could even let out a scream.

Strong!

The strength of a second-level immortal God was too powerful.

At the very least, he was considered an invincible expert in the various large fields.

When he went all out, the power was simply shocking.

An Immortal King expert could already shatter a star with a punch, let alone the immortal God behind him.

The gap between each stage of the immortal God Realm was like the difference between heaven and earth. The second stage of the immortal God Realm was much stronger than the first stage.

There was no comparison between the two.

Therefore, in everyone's opinion, ye chen was dead for sure. Under the full power of the skinny old man, could the tall young man still survive?

A second-level immortal God expert was too powerful. Even with the protection of their patriarchs, some of them were accidentally affected by the attack and died on the spot with a scream.

This kind of power could be said to shock the heavens and earth, making ghosts and gods cry.

He was dead.

Ye chen was dead for sure.

No one would doubt that ye chen would not die.

This was because if a second-level immortal God patriarch were to attack, ye chen would be dead.

This was without a doubt.

It was impossible for a great ancestor to fail to kill ye chen.

"Kill!"

The tall young man roared and waved his fist. He rushed out and punched again.

That's right, another punch.

However, the power of this punch was twice as terrifying as the previous one.

Previously, the tall young man had not used his full strength. Ye chen was afraid that the skinny old man was still hiding his strength, so he had specifically instructed him to do so.

But now?

Go all out!

"What?"

"This is impossible!"

Seeing the power of the tall young man's punch, which could blow up a Galaxy, everyone present, including the patriarchs of the various large fields, was shocked and shouted that it was impossible.

How could a mere puppet be so powerful?

This punch directly exploded the handprint in the sky, and endless pressure spread in all directions. The thin old man's face changed, and his body actually flew back hundreds of thousands of feet.

In a direct confrontation, the skinny old man was no match for the tall youth.

This was all under the circumstances of going all out.

Hiss ... Hiss ...

Everyone couldn't help but gasp, feeling that this was simply unbelievable.

"Impossible, how is this possible?"

The skinny old man's pupils shrank and his eyes were filled with disbelief as he shouted.

He was a second-level immortal God expert.

This tall young man could actually force him to retreat?

Was this still a puppet?

This was probably the combat strength of a peak second-stage immortal God, right?

"Nothing is impossible. Kill!"

Ye chen sneered and ordered the tall young man to continue attacking the skinny old man.

Since the other party had taken great pains to kill him and even set up a bounty, he would show them what he was made of today.

Boom, boom!

At this moment, two terrifying auras rose up, both of which were at the second level of immortal God.

They were from the fire heaven world and the world of ten thousand laws.

"Ye chen, you little bastard. You killed the peerless prodigy of the fire heaven realm and the world of ten thousand laws. Die, you bastard!"

A red-robed elder from the fire heaven realm stepped out and shouted.

Beside him was an ancestor of the world of ten thousand laws, who was also a second-level immortal God. His aura was extremely terrifying.

"Kill me? Do you have the ability to do so? And it was clearly the people of your two worlds who first attacked me for the reward, and now you're blaming me for the crime? what a joke!"

Ye chen sneered.

It was clearly Huo mie Tian, Huo Xing Chen, and Wan Wushuang who had attacked him in advance. If not for that, ye chen would not have killed them.

Moreover, the heavenly mandate selection was coming up. Even if ye chen did not want to kill them, he had to kill them.

If he didn't kill them, he wouldn't be able to leave.

Therefore, Huo Xingchen and Wan Wushuang had brought this upon themselves.

As for Huo mietian ...

This man had joined hands with Skyblade to kill him. Naturally, he would end up dead.

Since he wanted to kill, he had to be prepared to be killed.

"This little bastard has a sharp tongue. Kill him, kill him. Let's attack together and kill him!"

The red-robed old man roared and said to the white-robed old man beside him.

The white-robed old man was the ancestor of the world of ten thousand laws. At this time, he nodded slightly, and a terrifying killing intent flashed in his eyes.

Wan Wushuang was a peerless heaven's favorite from the world of ten thousand laws. With his talent, he was destined to become an immortal God in the future, or even above that. After stepping into that magical immortal God World, he would definitely be invincible after he returned from his training.

At that time, the world of ten thousand laws would have another ancestor.

But now, Wan Wushuang had fallen. He had died in a seemingly safe and small place like the myriad world secret land.

How could the white-robed old man not be angry?

"Kill!"

At this moment, the skinny old man in the air roared in anger. He once again condensed a black handprint and slapped down from the sky.

Boom, boom!

A massive Flame Blade that was hundreds of thousands of kilometers long appeared above the red-robed elder's head.

In front of the white-robed old man, there were countless illusionary weapons.

The combined attack of the three patriarchs was terrifying.

The entire void was blown up.

"Kill!"

Faced with the attacks of the three forefathers, the tall young man did not hesitate and rushed forward. However, this time, he did not throw a single punch. Instead, he threw a series of punches.

Every punch was done with all his strength.

Boom, boom, boom, boom, boom!

In an instant, the two sides had exchanged hundreds of moves.

In the face of the three forefathers' fierce attacks, the tall youth didn't retreat. Instead, he was unusually brave. Every punch he threw broke an attack.

Even with the strength of the three great forefathers, they were still unable to do anything to a tall youth.

"How can he be so strong?"

"His combat strength has already reached the peak of the second rank. Damn it!"

"Ye Chen's luck is too good. He actually found such a powerful puppet?"

The three old ancestors roared and their attacks became fiercer. However, the fiercer their attacks were, the fiercer the tall youth was. He was no different from a perpetual motion machine.

"These three old fellows."

Ye Chen watched the battle from below in shock. With his current strength, he was still far from being able to deal with the three great ancestors.

He might have a chance to fight one patriarch alone when he broke through to the intermediate Immortal King realm. However, if the three patriarchs joined forces, they could easily kill him.

The difference in strength was still too great.

[Chapter 2448 2453-Breakthrough!](#)

However, he had obtained a large number of immortal stones in the myriad world Mystery Land this time. Those immortal stones could definitely raise his cultivation base to the intermediate or even advanced Immortal King realm.

His combat strength would be greatly improved.

"Kill, kill him!"

"I don't believe that the three of us can't kill him even if we join forces."

"Attack!"

The three old ancestors roared as their attacks became more and more ferocious. They had already reached their limits.

However, what shocked them was that not only did the tall youth not reach his limit, but he also became stronger and stronger. The more he fought, the more courageous he became. Many times, he directly took the attacks of the three forefathers. His body only swayed a little before he continued to attack.

Such a defensive power was simply unbelievably strong.

They understood that ye chen had obtained a great opportunity this time. He had actually obtained a puppet with immortal God third level defense.

In terms of combat power, the puppet might only be at the peak of the second-level immortal God Realm, but in terms of defense, it had probably reached the third-level immortal God Realm.

Other than third-level Immortals and gods, who else could resist their attacks?

Even the three second-level immortal gods working together could not do anything to the tall youth.

This tall young man was too abnormal.

"Let's go, let's go!"

"This puppet is too powerful. After we return, we'll think about how to destroy ye chen!"

"Let's go!"

The three forefathers couldn't take it any longer. They turned into three streaks of light and flew off into the distance.

Everyone was dumbfounded. Was this a joke? the three great forefathers working together couldn't even deal with a tall youth?

The three patriarchs were all at the second-stage immortal God Realm.

Even with such a lineup, the three of them could not do anything to the tall young man?

Wasn't the combat strength of this puppet a little too freakish?

Ye chen stood where he was and watched the three great ancestors escape. Naturally, the tall young man could not stop them, so he had no choice but to let them go.

However, the tall young man's strength today really surprised ye chen.

He had originally thought that the tall young man's combat strength was only at the ordinary second-stage immortal God Realm. He did not expect him to have the strength of a peak second-stage immortal God.

Furthermore, its defensive power was equivalent to a third-stage immortal God.

This kind of defensive power was a little too strong.

It could be said that before ye Chen's realm advancement, the tall young man was his best bodyguard.

"Shadow Realm, fire heaven realm, ten thousand laws realm, just you wait."

Ye Chen committed today's scene to memory. If it were not for the tall young man, he would have been swallowed by the three great old ancestors' anger.

With his current combat strength, he was no match for the three forefathers.

Without the tall youth, he would have died today.

Therefore, Ye Chen was furious at the Shadow Realm, Fire Heaven Realm, and Ten Thousand Laws Realm. He must make these three realms pay the price.

He had to quickly improve his strength.

Otherwise, if the Three Realms sent out a stronger force than today, the tall young man wouldn't be able to protect him.

Therefore, he had to improve his combat strength.

"Ye Chen, let's go."

"Where is he going?"

When they saw Ye Chen turn into a stream of light and fly into the distance, the crowd began to discuss intensely.

Oh my God!

The scene today had simply driven them crazy.

Ye Chen's puppet had fought the three great patriarchs alone and successfully repelled them.

Who was the one who was repelled? The three great forefathers!

Each of the patriarchs had reached the second-stage Immortal God Realm. Killing an ordinary first-stage Immortal God Realm expert was as easy as playing with them.

However, even the three great patriarchs working together could not do anything to Ye Chen's puppet.

Ye Chen's name had completely spread throughout the major worlds.

At the same time.

Ye Chen flew at high speed.

Today, he had completely relied on the tall youth. With his own combat power, he was no match for any of the old ancestors.

His current cultivation level was still too low. He was only at the early Immortal King Realm. Only when he advanced to the mid-stage would he have a chance to fight an ordinary first-stage Immortal God.

He had to quickly improve his strength.

Soon, Ye Chen arrived in front of a cave. After entering the cave, Ye Chen controlled his celestial energy and moved a huge rock to block the entrance of the cave.

This was also to prevent people from suddenly attacking him. After all, it was very dangerous to cultivate.

With the protection of mo Luo and the tall youth, he was fine.

Ye chen took out a storage ring that contained a large number of celestial stones. He had taken them out from other storage rings and put them all in.

Even a second-level immortal God expert would go crazy for the number of immortal stones.

One trillion upper-grade immortal stones!

That's right, this was the number of immortal stones.

It had reached a total of one trillion.

One trillion upper-grade immortal stones!

With so many immortal stones, even a second-level immortal God expert would go crazy.

The skinny old man had only offered fifty billion for the bounty on ye chen. In reality, he could not even offer one trillion.

All these celestial stones were in ye Chen's hands.

These celestial stones were all seized by ye chen during the heavenly fate selection. There were so many storage rings present, including Huo Xingchen's and Wan Wushuang 's, so there was no telling how many celestial stones there were in them.

Ye chen had obtained more than a trillion upper-grade celestial stones from his single trip to the myriad realm mystery dimension.

The main reason was that those prodigies kept jumping out to kill ye chen. Otherwise, they would not have gotten so much.

"One trillion should be enough to advance to the intermediate Immortal King realm, right?"

Ye chen thought to himself.

One trillion should be enough.

However, it was too difficult for him to advance one level. It was more difficult for him to advance one level than for others.

It would take at most 10 billion upper-grade immortal stones for other people to advance from the early stage to the middle stage of the immortal King realm.

However, ye chen would need at least five hundred billion or more.

It could not be helped. Ye Chen's cultivation method had made his strength extremely terrifying. At the same time, the celestial energy he needed to advance to the next realm was also incalculably large.

It could be said that there were losses for every gain.

Of course, this also made ye Chen's potential infinitely great. After all, he was only an early Immortal King, but he was already able to fight against a peerless prodigy at the peak of the immortal King realm, let alone wait for him at the peak of the immortal King realm.

By the time ye Chen was at the peak of the immortal King realm, he would have been able to kill countless peak immortal kings in seconds.

"Begin the advancement!"

With a wave of ye Chen's hand, countless immortal stones soared into the sky and surrounded him like stones. They were so dense that it was impossible to tell how many there were at a glance.

There were over a hundred million immortal stones in this pile.

The entire cave was big enough.

Boom, boom, boom!

The energy in ye Chen's body was constantly growing stronger. Logically, an early-stage Immortal King could only absorb up to a hundred million high-grade celestial stones a day. This was common sense in the cultivation world.

However, ye Chen did not follow this common sense at all. He was absorbing millions of high-grade celestial stones every second.

In just a few minutes, the wave of immortal stones was absorbed.

"Second wave!"

Ye Chen waved his hand again, and another hundred million superior-grade celestial stones appeared ...

Back and forth, a total of more than five thousand times.

[Chapter 2449 Intermediate Immortal King Realm!](#)

Five hundred billion superior-grade celestial stones had been used up by ye Chen in just half a month.

His cultivation base had also finally advanced to the intermediate Immortal King realm.

BOOM!

A powerful energy erupted from ye Chen's body. He was much stronger than before. He had reached the intermediate Immortal King realm.

If others were to feel this aura, they would be shocked because it was not much different from a true first-level immortal God expert.

It could be said that ye Chen's current combat strength had truly reached the first-level of the immortal God Realm. If he were to fight against geniuses like Jia Shen or invincible fire, he could suppress them in a one-on-one battle.

"He spent over 500 billion upper celestial stones just to advance a small realm. This advancement is too abnormal."

Ye chen was speechless.

For others, it would take at most 10 billion upper celestial stones to advance from the early to the middle stage of the immortal King realm. For geniuses like Huo Xingchen, mo Luo, and Wan Wushuang, it would only take 10 billion at most.

Ye chen, on the other hand, needed five hundred billion, more than fifty times what they needed.

This was too ridiculous.

"But my celestial spiritual energy is really terrifying now!"

Ye chen waved his hand and a sword Qi flew into the air. Boom, boom, boom!

The entire cave had a tunnel that was hundreds of thousands of kilometers long.

Strong!

A casual strike already had such power, much stronger than before.

Ye chen was overjoyed. With his current combat strength, if he had to fight against Huo Xingchen and the other two, even if he could not defeat them, he could still escape.

Of course, Huo Xing Chen and Wan Wushuang were already dead.

"Mo Luo, come, test out your power with me!"

Ye chen looked at mo Luo beside him and said indifferently.

Now that mo Luo had learned the God sword's third slash, his combat strength was much stronger than before. Therefore, he was on the same level as Jia Shen.

Shua!

Ye chen casually waved his hand and a stream of sword Qi madly expanded. Like a mountain range, it fell from the sky and pressed down fiercely.

Mo Luo's face changed, and with a roar, a black sword Qi condensed above his head, and he slashed out.

The 2 beams of sword Qi clashed, and Mo Luo's body shook violently. He was like a cannonball, madly retreating.

He was pushed back a million feet.

Waa!

Mo Luo immediately spat out a mouthful of blood, his eyes filled with shock.

He had used all his strength in that attack but even so, he was still no match for ye chen.

"What a strong power! It seems like I'm even stronger than the Supreme geniuses like Jia Shen!"

Ye chen was very satisfied.

He had thought that it would be good enough if he could reach the level of Jia Shen, but he didn't expect that he would be even stronger.

Before, he was still a bit weaker than Supreme geniuses like Jia Shen and invincible fire. However, after advancing to the intermediate Immortal King realm, he was able to suppress them.

The difference between them was huge.

In the immortal King realm, the gap between them was just that huge. On the path of cultivation, the further one's cultivation realm was, the greater the gap would be.

From this, one could see how terrifying Ye Chen's combat strength was. When he was an Allheaven Supreme celestial, he could fight a late-stage Immortal King. When he reached the early-stage Immortal King, he could even fight a heaven's favorite at the peak of the immortal King level.

The peak stage of the immortal King realm was divided into three levels: When he first entered the peak of the immortal King stage, his laws were in his body, and he gained initial control of the immortal Dao domain.

Prodigies like Huo Bubi were in the third stage of mastering the immortal Dao domain.

Ye Chen was able to cross so many realms and suppress the current Mo Luo. One could see how abnormal he was.

Ye Chen waved his hand and a pile of immortal stones flew over to help Mo Luo recuperate. At the same time, he planned to nurture Mo Luo.

After all, Mo Luo was his servant, the stronger he was, the better he would be.

As for the tall young man, he didn't have any means to make him stronger.

With the tall youth's strength, he didn't need to become stronger for the time being.

"The immortal God Palace is about to recruit people into the immortal God World. I can't miss this opportunity." Jiang Chen said.

Ye Chen's eyes flashed with a sharp light.

The path of martial arts was to continuously climb and become stronger.

In order to improve his strength and find out the secret of his past, he had to join the immortal God Palace.

The immortal God Palace was a super Colossus, a super Colossus. It was one of the major forces in the immortal God Realm.

Every ten million years, this great power would send envoys to the lower realms, which were the major realms, to recruit disciples.

If they could join the immortal God Palace, they would have a bright future. It would be easy for them to become Immortals and gods.

It was rumored that there were as many Immortals and gods as there were hairs on a cow in the immortal God Realm. Ye Chen really wanted to go and see what the immortal God Realm was like.

Immortals and gods were existences at the level of great ancestors in all the major worlds. However, there were many of them in the immortal God World. This naturally made Ye Chen's heart stir and he yearned for it.

The immortal God Realm was the true world of the strong.

Now that the ten thousand realms Mystery Land was closed, there should be a month before the immortal God Palace would recruit disciples from the lower realms. Therefore, Ye Chen was very much looking forward to it.

He was determined to join the immortal God Palace!

Whoosh, whoosh, Whoosh!

At this moment, a lightning-like sound came from outside the cave.

Boom, boom, boom, boom, boom, boom, boom!

A series of explosions reverberated throughout the cave, shaking the heavens and earth. It was obvious that someone was fighting.

Ye Chen's eyes flashed. Was someone fighting in the outside world?

He immediately used his immortal energy to push away the huge rock and flew out, intending to see who was fighting.

Two figures were suspended in the air, facing each other from a distance, as if they were in a confrontation.

Long Zhan, you'd better hand over the treasure map obediently. Otherwise, I won't be polite to you!"

One of the figures asked.

"Impolite to me? Wang Changsheng, didn't you already show me no mercy? How laughable. If you want me to hand over the treasure map, let's use our strength to speak!"

The other figure was an armored young man. He roared and the spear in his hand turned into countless spear lights. The spear lights were like a mountain, and they pushed toward the man.

The man named Wang Changsheng also roared and used all his strength to resist the spear radiance. He started a great battle with Long Zhan.

On the side, Ye Chen's eyes brightened. This young man named Long Zhan had extraordinary strength.

Both of them were at the peak stage of the immortal King realm and had already mastered the immortal Dao domain. No wonder their fight had caused such a huge commotion.

Super experts like them rarely appeared, but he didn't expect that they would fight in the outside world because of the treasure map.

Among them, the spear art that this long Zhan cultivated was very clearly a divine skill.

Although Wang Changsheng's strength was not bad, he was no match for long Zhan's crazy attack.

"Damn it, long Zhan, you dare to hurt me? I'm from the Wang family of the light world!"

Wang Changsheng let out an angry roar. His right shoulder was hit by the spear, and it cracked.

Ye Chen's heart stirred.

It turned out that Wang Changsheng was a genius of the Wang family of the light world.

No wonder his battle prowess was so extraordinary.

In fact, the combat strength of long Zhan and ye chen was equivalent to Huo Xing Chen's level. That was why ye Chen's eyes lit up and felt that these two were extraordinary.

It was indeed rare to see a heaven's favorite with such combat strength in the outside world.

"Wang clan? So what if it's the Wang family? you were the one who attacked me first for the treasure map. Is it wrong for me to retaliate?"

Long Zhan roared, and the spear in his hand continued to burst out. His attacks became more and more ferocious, almost suppressing Wang Changsheng to the point where he could not breathe.

Wang Changsheng's combat strength was considered strong, equivalent to Huo Xingchen's level, but long Zhan's combat strength was one level stronger than his.

Long Zhan's combat strength was equivalent to Huo bubai's level.

That was why long Zhan was able to suppress Wang Changsheng.

"Damn it, damn it! Long Zhan, do you know what will happen if you kill me? you will be hunted down by the light world for countless years and will never be able to live in peace!"

Wang Changsheng roared.

The Wang family of the light world was a behemoth in the light world, and its power was almost at the level of a giant.

With the power of the Wang family, there were many Immortals and gods. If they sent Immortals and gods to attack, long Zhan would be dead.

"This ..."

Long Zhan had no choice but to stop. No matter how overbearing and arrogant he was, he had to consider the consequences of killing Wang Changsheng.

It was true that Wang Changsheng wanted to snatch his treasure map, but Wang Changsheng had a powerful background.

If he killed Wang Changsheng, he would have to face the wrath of the Wang family.

The Wang family was a huge family. If they sent an immortal God expert to attack, then long Zhan would be dead.

Therefore, he didn't dare to make a move.

"Hahaha, this brother, if you can't do it, I'll help you!"

Right at this moment, a figure turned into a stream of light and flew over at an extremely fast speed.

Mo Luo.

Ye chen had ordered mo Luo to kill Wang Changsheng.

Ye chen had heard long Zhan and Wang Changsheng's conversation clearly. Wang Changsheng had suddenly made a move to snatch the treasure map, attacked long Zhan, and then threatened him with his clan.

In that case, ye chen would not mind killing Wang Changsheng while he was at it.

"Who are you?"

Wang Changsheng said coldly.

He didn't know why, but he suddenly had an extremely bad premonition.

"Me? I'm naturally helping this brother to kill you. "

Mo Luo said casually.

However, Wang Changsheng's face was frozen.

Long Zhan's expression also froze.

"Brother, do you know that the Wang family of the light world is behind him? I'm very grateful that you've helped me, but you still have to consider his strength and background. "

Long Zhan couldn't help but say. Wang Changsheng's own strength was very shocking, and he had the Wang family behind him. With such a combination, basically no one would dare to kill him.

Who was mo Luo? he wanted to kill Wang Changsheng after he appeared?

This was too arrogant.

"Wang clan? I'll tell you the truth, I'm from the Shadow Realm. After you die, if the Wang clan wants to find trouble, they'll have to consider whether they can afford to offend the Shadow Realm!"

Mo Luo laughed coldly.

What?

Shadow Realm?

,m Wang Changsheng's expression froze.

The Shadow Realm was a super large realm that was not inferior to the light realm. There were countless Immortals and gods in it, and there were even many patriarchs at the second level of immortal and God.

Even though the Wang family from the light world was powerful, they still did not dare to provoke them when compared to the shadow world.

"Brother long, attack!"

"Die!" Mo Luo roared. Black sword Qi shot out of his body toward Wang Changsheng.

Long Zhan did not dare to be slow. The spear light in his hand was like an ancient mountain range, descending from the sky and pressing down heavily.

"Ah!"

In an instant, Wang Changsheng couldn't hold on any longer. Mo Luo's strength wasn't much different from long Zhan 's, and they both belonged to the same level as invincible fire. Moreover, Wang Changsheng was caught off guard and was ambushed.

In almost one move, his body was blown apart and he died on the spot.

"The Wang family will not let you off ..."

Wang Changsheng roared and was torn apart.

He died on the spot.

A heaven's favorite on the Mars level had fallen just like that.

"Thank you, brother. I just don't know what your background is, and which part of the Shadow Realm you come from?"

Long Zhan glanced at mo Luo, his eyes somewhat shocked. Mo Luo's combat strength was a little too strong.

Although he was a wandering cultivator, he was known as the top master among the wandering cultivators and a super heaven's pride expert. He was even stronger than the Super heaven's pride experts in the top ten of the large fields.

But mo Luo's combat strength was actually not the slightest bit inferior to his. Didn't this mean that mo Luo's status in the Shadow Realm was also rather high?

"Seventh!"

Mo Luo said.

"Hiss hiss hiss ..."

Long Zhan sucked in a breath of cold air. No wonder mo Luo was so terrifying. So it turned out that he was the seventh-ranked genius of the Shadow Realm's first era.

Long Zhan naturally didn't doubt mo Luo's words at all. What a joke, mo Luo had just displayed shocking combat power. This definitely couldn't be fake.

It was no wonder that mo Luo dared to ignore Wang Changsheng's background and kill him directly. What a joke. This was the seventh-ranked peerless genius of the Shadow Realm. Who knew how much the Shadow Realm valued him?

Of course, long Zhan did not know that mo Luo and ye chen had already been offered a reward by the Shadow Realm.

If he knew, who knew what he would think.

"Brother long, are you going to participate in the immortal God Palace's entrance test?"

Mo Luo asked.

"Not bad."

Long Zhan nodded and said.

He was indeed going to participate in the entrance trial of the immortal God Palace. However, he had obtained a treasure map on his way to the various realms. Wang Changsheng had discovered it, so he had secretly taken action.

"I'll let you meet my master. "

Mo Luo said after a moment.

"What? Your master?"

Long Zhan was dumbfounded.

A super genius like mo Luo had a master?

Are you kidding me?

Logically speaking, even those old ancestors from the Shadow Realm should have a gentle attitude towards mo Luo.

Who had the right to be called master by mo Luo?

Shua!

Ye Chen's figure moved and appeared in front of long Zhan.

"This is my master, ye chen. His combat strength far surpasses mine."

Mo Luo said honestly.

He was right.

Now that ye chen had broken through to intermediate Immortal King, his combat strength was indeed stronger than mo Luo 's.

"What?"

Long Zhan was shocked once more.

Even stronger than mo Luo?

Could it be that this person was one of the top five geniuses in the Shadow Realm?

Oh my God!

Long Zhan was dumbfounded.

"Brother long, since you're going to take part in the test as well, it's better for us to be together. What do you think?"

Ye chen said with a smile.

Long Zhan's strength was very good and was very helpful to him.
