

Genius 2491

[Chapter 2491 Eighth-Level Immortal God Realm!](#)

Eighth-level immortal God Realm!

The eighth-level immortal God Realm was much more powerful than the seventh-level immortal God Realm. A casual move could kill an early-stage seventh-level immortal God.

He could kill an early-stage seventh-level immortal God with a casual move.

A casual strike from an eighth-level immortal God could easily kill a seventh-level immortal God and a group of sixth-level immortal gods.

Such a technique was much stronger than a seventh-level immortal God.

The further one advanced in the immortal God Realm, the greater the gap between each realm.

This was especially true for those at the sixth level of the immortal God Realm and above, which was the late-stage immortal God Realm. The gap between them was even more exaggerated than the previous realms.

The white-haired middle-aged man was only at the intermediate stage of the seventh-level immortal God Realm.

Even though the white-haired middle-aged man was at the intermediate-stage seventh-level immortal God Realm, he was still quite far from the eighth-level immortal God Realm.

The white-haired middle-aged man couldn't believe it. If Chi kui was really an eighth-level immortal God expert, then he would be ridiculous. He was just mocking Chi kui, but now he was no match for Chi kui.

This was simply too laughable.

When he thought of how he had ridiculed Chi kui and thought that he could fight him alone, the white-haired middle-aged man wanted to find a hole and hide in it.

"No, no, I don't believe it, I don't believe it!"

The white-haired middle-aged man roared and the saber Light in his hand slashed out crazily. One after another, the power of each Saber Light was enough to crush an ordinary sixth-level immortal God.

However, in front of Chi kui's blade rays, these blade rays were as laughable as children playing house.

Boom, boom, boom, boom, boom, boom, boom!

In just one exchange, all of the white-haired middle-aged man's blade rays were destroyed.

His dazzling and sharp blade lights were instantly destroyed like trash.

In front of Chi kui's blade light, they were no different from trash.

Furthermore, the white-haired man's Silver immortal Dao domain was also being pushed back by Chi kui's Red domain. It looked like it was about to collapse at any moment.

The difference was too great.

The eighth level of immortal God Realm was much stronger than the seventh level.

Even though the white-haired middle-aged man was at the intermediate-stage of the seventh level of the immortal God Realm, he was still vulnerable in the face of an expert at the eighth level of the immortal God Realm.

"Nothing is impossible. There are two more people, right? hurry up and come out. Don't think you can hide it from me!"

Chi kui sneered.

With the Scarlet Flame sect's influence and his eighth-level immortal God authority, he had long discovered the white-haired middle-aged man, ye chen, and the woman on the mountain of reality.

He even knew when the white-haired middle-aged man and the other two would set off and what plans they would have.

The white-haired middle-aged man had thought that his plan was flawless, but in reality, it was laughable.

Chi kui had already seen through him.

"No, no, no, I don't believe it, I don't believe it!"

The white-haired man was still shouting.

He couldn't believe it. One should know that an eighth-level immortal God expert was one of the top experts in Holy Fire City. How could such an expert be Chi kui? Moreover, the mission information clearly stated that Chi kui was only at the early stage of the seventh firmament immortal God Realm.

The difference between the early-stage seventh-level immortal God Realm and the eighth-level immortal God Realm was too great.

There was a difference of several levels.

In terms of combat strength, there was a world of difference.

This information was a little too ridiculous.

"Let's go out!"

Ye chen grabbed the woman. He did not care what the woman said. The two of them moved and appeared next to the white-haired middle-aged man.

"There are two more people, huh? One is at the first level of the immortal God Realm, while the other is at the peak of the sixth level. Haha, hahahahaha!"

Chi kui was stunned at first, then he laughed out loud.

It was too laughable.

A mere first-level immortal God Realm and a peak sixth-level immortal God Realm wanted to join forces to kill him, Chi kui. This was too ridiculous.

He, Chi kui, was an expert at the eighth level of the immortal God Realm. He could exterminate a group of ordinary peak sixth level immortal God Realm experts with just a flick of his finger.

As for the first-level immortal God Realm, that was too laughable.

A first-level immortal God was no different from an ant.

Chi kui didn't expect that an immortal God first stage trash would come to assassinate him. A first stage immortal God trash was no different from an ant.

He could kill a bunch of first-level immortal God trash with a single breath.

"Damn it, damn it, what are you two doing out here? are you two courting death?"

The white-haired middle-aged man roared.

What a joke. Even he, a mid-stage seventh-stage immortal God, was no match for Chi kui, not to mention ye chen and ye mo. They were courting death.

"Run, run, run!"

"Quickly run!"

Being locked on by Chi kui's gaze, the woman trembled in fear. She felt that she was no different from a child in front of Chi kui.

"Run!"

The woman tried her best to move, but she found that she couldn't move at all.

It was as if he was frozen in place.

This was a situation that would only occur when the difference in strength was too great. It was purely due to fear.

"Haha, you want to escape? It's not that simple. I'll make you understand the cruelty of cultivation!"

Chi kui sized up the woman and revealed a sneer.

The woman couldn't help but reveal a look of despair. If she had known that Chi kui was an eighth-stage immortal God expert, she wouldn't have come to complete this mission even if she was beaten to death.

The information clearly stated that Chi kui was an early stage seventh firmament immortal God.

The difference between an early-stage seventh-level immortal God and an eighth-level immortal God was too great.

This information was a complete scam.

Looking at Chi kui approaching step by step, the woman revealed an expression of extreme despair and silence. It's over, it's over, it's over.

Of course she wouldn't believe that Chi kui would spare her life.

He was definitely going to rape her and kill her.

Thinking of Chi kui's terrifying appearance, the woman's body trembled.

"I didn't expect you to be an eighth-level immortal God expert, Chi kui. Otherwise, I'd be able to get a lot of wealth after getting rid of you, right?"

At this moment.

Ye chen suddenly said.

Silence.

The space was silent.

The space was completely silent.

Everyone present, be it the white-haired middle-aged man, the woman, or even Chi kui, were all stunned.

W-what did he just say?

Get rid of Chi kui?

The white-haired middle-aged man and the woman were both stunned. Then, their mouths opened wide, and the corners of their mouths twitched.

What kind of joke was he playing?

Chi kui was a top expert at the eighth level of the immortal God Realm, only one step away from the ninth level.

Ye chen, a first-level immortal God, wanted to finish off Chi kui?

Oh, right.

Only then did they realize that the energy on ye Chen's body had completely changed.

He had actually reached the first-stage immortal God Realm from the peak of the immortal King realm. Furthermore, he had the laws of the immortal Dao domain.

This ...

The white-haired middle-aged man and the woman were completely dumbfounded.

How could he have broken through to the immortal God stage so quickly?

To break through to the immortal God Realm, one had to go through three major tribulations.

Normally, only peak celestial Kings could pass the three tribulations, and they needed a lot of time and energy to prepare.

[Chapter 2492 2497-Block!](#)

First-stage immortal God Realm?

How could he be so fast?

The white-haired middle-aged man and the woman revealed an expression of disbelief.

Logically speaking, in order to break through from the third stage of the peak Immortal King realm to the first-stage immortal God Realm, one had to go through three major tribulations. Only after safely passing through the three tribulations could one accept the immortal Dao domain laws that had descended from heaven and earth.

The difficulty involved was extremely high.

Normally, a heaven's favorite would need to spend at least a few months to prepare to pass the three great calamities.

Even a peerless heaven's favorite would need at least seven days to prepare.

Furthermore, they would need a lot of time to adjust their aura after overcoming the three great tribulations. This way, their cultivation would be completely stabilized.

However, the white-haired middle-aged man and the woman could sense that ye Chen's energy was very stable. It did not seem like he had just broken through.

His Foundation was very solid.

What was going on?

The white-haired middle-aged man and the woman were dumbfounded.

This was because they could not imagine ye Chen's breakthrough speed to be so fast.

Breaking through from the pinnacle of the immortal King realm to the first-stage immortal God Realm was as easy as eating and drinking.

What kind of monster was ye chen!

The white-haired middle-aged man and the woman were deeply shocked.

"Kid, what did you just say?"

Chi kui also reacted from his daze, he thought he had heard wrong.

A mere first-level immortal God trash actually dared to clamor about defeating him.

He even wanted to Rob him of his wealth?

This was too arrogant.

"He's looking for death. He's really looking for death. He's gone crazy. He's really a madman!"

After the white-haired middle-aged man came to his senses, he kept shaking his head and a cold smile appeared on his face.

He was looking for death.

So what if he had broken through to the first-stage immortal God Realm?

Chi kui was at the eighth level of the immortal God Realm. He was much stronger than the seventh level of the immortal God Realm. Even if ye chen had broken through from the third stage peak of the immortal King realm to the first level of the immortal God Realm and his combat strength had increased, so what?

Facing an expert at the eighth level of immortal God Realm was simply courting death!

The eighth-level immortal God Realm was not something the seventh-level immortal God Realm could compare to.

A seventh-level immortal God wouldn't be able to withstand a single blow from an eighth-level immortal God.

Even if ye Chen's cultivation base had broken through to the first level of immortal God, it was useless. Against an expert like Chi kui, he would still die.

The eighth-level immortal God Realm was not something the seventh-level immortal God Realm could compare to. In terms of combat strength, even ten seventh-level immortal God Realm experts were no match for one eighth-level immortal God Realm expert.

Even if ye chen had a breakthrough in his cultivation base, so what? he would only be able to withstand a few more moves. He would still be instantly killed!

"I'm finished ..."

The woman muttered to herself.

Even a fool could see how miserable the outcome would be for a first-level immortal God to fight an eighth-level immortal God.

Even if they had seen ye Chen's combat power before and it was indeed astonishing, able to fight a seventh-level immortal God, so what?

It was useful after breaking through to the immortal God stage?

After the breakthrough, he could at most fight against a seventh-level intermediate-stage or advanced-stage immortal God.

He would still be easily killed by an eighth-level immortal God expert.

"A puny first-level immortal God trash dares to provoke me? you really don't know what's good for you. Go to hell!"

Chi kui laughed disdainfully. Then, he casually struck out. With a swish, a Crimson saber ray was incomparably dazzling. A scorching and violent energy filled the world and burst in ye Chen's direction.

This strike was enough to kill an ordinary early-stage seventh-level immortal God.

Even though it was just a casual strike from Chi kui, its power was this strong.

This was how powerful an eighth-level immortal God was.

The eighth-level immortal God Realm was too powerful. It was not something the seventh-level immortal God Realm could compare to.

The power of chi kui's casual strike was several times stronger than Weiming's full-power Strike.

"He's dead. "

"He's finished. "

"He's dead. He's dead for sure. This brat is too bold. Who gave him the guts to provoke an eighth-level immortal God expert?"

"Sigh, what a pity. According to his cultivation speed, he would definitely be a Big Shot in the future. In the end, he died before he could grow up."

"Sigh, it's such a pity,"

"We're dead ..."

The white-haired middle-aged man and the woman kept shaking their heads, their faces filled with despair. There was no doubt that ye chen would be killed. How could a first-level immortal God trash fight against an eighth-level immortal God?

Moreover, Chi kui's strength was not an ordinary eighth-level immortal God. He was almost at the mid-stage.

Chi kui's immortal Dao domain wasn't something the white-haired middle-aged man could resist.

With such tyrannical strength, she could probably kill ye chen in one move.

After ye chen was killed, the two of them would not be able to escape the same fate. They would still be killed by Chi kui.

He didn't expect to not only not get any reward for completing this mission, but also lose his own life.

However, it was too late to regret.

The white-haired middle-aged man and the woman were extremely regretful. Why did they have to provoke Chi kui?

"Hmph, small tricks."

However, at this moment, ye chen sneered.

He raised his hand and struck out casually. With a Swoosh, a black sword light burst out. At the same time, a colorful immortal Dao domain appeared out of thin air and held up the sky.

BOOM!

BOOM!

BOOM!

There were three consecutive terrifying rumbles. What shocked everyone was that after the black sword light and the saber Light collided three times, it actually successfully blocked the saber Light.

Then, both of them collapsed.

What?

Everyone was stunned.

How was that possible?

The white-haired middle-aged man and the woman were dumbfounded. They stood rooted to the ground and looked at the scene in a daze, thinking that they were seeing things.

They were all petrified.

Even Chi kui's mouth was wide open, revealing a look of disbelief.

"How is that possible?"

Chi kui roared.

His casual attack had actually been blocked by a first-level immortal God trash.

Was this a joke?

He was an eighth-level immortal God expert. One strike was enough to kill countless sixth-level immortal gods and even seventh-level immortal gods.

However, ye chen had successfully blocked his attack.

Ye chen was still only at the first level of the immortal God Realm. If he were to break through to the second, third, or fourth level of the immortal God Realm, how powerful would he be? How terrifying would that be?

It was simply unimaginable!

"Impossible, this is impossible. I must be seeing things."

"Yes, my eyes must be playing tricks on me."

"That's not right, Chi kui did make a move just now. "

"Could it be ..."

The white-haired middle-aged man and the woman looked at each other, and both of them were petrified.

Ye chen had actually managed to block Chi kui's casual attack.

Although it was just a casual strike, the power of this strike was not something that the white-haired middle-aged man could block.

With Chi kui's strength, even a casual strike could kill a seventh-level immortal God expert, let alone ye chen.

However, ye chen had managed to block the attack.

It was simply unbelievable.

The white-haired middle-aged man and the woman almost suspected that they were dreaming.

[Chapter 2493 Chi Kui, Ninth-Level Immortal God!](#)

"Impossible, how is this possible? you can block my attack?"

Chi kui's pupils shrank, revealing a look of disbelief.

How was that possible?

How was this possible?

Logically speaking, ye chen should have been killed by him in one move.

With his strength, he could easily kill a seventh-level immortal God expert. An eighth-level immortal God was much more powerful than a seventh-level immortal God.

A seventh-level immortal God couldn't even last one move in front of an eighth-level immortal God ...
Let alone a first-level immortal God trash?

Under normal circumstances, Chi kui should be able to kill ye chen with just a breath.

However, ye chen, a first-level immortal God trash, was able to block his attack?

Chi kui was well aware of the power of the strike just now. He definitely didn't hold back on purpose, but it was a very powerful strike. It was so powerful that it was enough to kill a seventh-level immortal God expert.

However, the problem was that ye chen had easily blocked this attack.

Wasn't this too unbelievable?

"Nothing is impossible."

Ye chen sneered.

Chi kui had said this when he easily defeated the white-haired middle-aged man's attack. Now, it was ye Chen's turn to say it.

It was ironic.

No one knew what level his strength had reached.

Even ye chen himself was not too sure.

However, he only knew that he was definitely much stronger than the eighth-level immortal God.

How strong was his current combat strength? Even ye chen himself was not too sure but he was certain that an eighth-level immortal God was definitely not ye Chen's match.

"Hmph, damn brat, don't think that you can be smug just because you can block one of my attacks. Go to hell!"

Chi kui snorted coldly. He was extremely unhappy. With a loud roar, he condensed a Crimson Saber Light in front of him and slashed it in ye Chen's direction.

The Crimson Saber Light was extremely tragic and filled with killing intent. It was enough to tear a seventh-level immortal God expert to pieces.

If these blade gleams were in the lower realms, even if all the patriarchs joined forces, they would be easily killed.

Strong, he was too strong.

The power of this attack was much stronger than Chi kui's previous attack.

There was no comparison between the two.

The power of this attack was much stronger than the previous ones.

There was no way to compare the two.

"I'm finished. "

"This is Chi kui's full power attack."

"Strong, he's too strong. He's dead for sure. He can't block this at all!"

"We're finished!"

"Ye chen, block it, block it!"

The white-haired middle-aged man and the woman shouted.

If ye chen could not defeat Chi kui, they would be finished. Therefore, they had to demand ye chen to win.

If even ye chen was no match for Chi kui, they would be dead for sure.

Ye chen glanced at them.

Then, in the next moment.

Buzzzzzz!

A divine sword appeared out of thin air above ye Chen's head.

It was the Tai 'a sword!

Shua!

A swordlight burst out at an extremely fast speed, appearing in front of those blade lights in the next moment. Chi kui's pupils shrank, because he saw that his blade lights were like trash, instantly crushed.

"What?"

Chi kui's pupils shrank, his face filled with disbelief.

Buzz buzz buzz buzz!

Rays of sword light slashed towards Chi kui's direction.

"Not good, block it, block it, block it for me!"

Chi kui roared, and countless blade lights condensed in front of him, forming a round shield that covered Chi kui.

Boom, boom, boom, boom, boom, boom, boom, boom, boom!

After a series of earth-shaking rumbles, Chi kui's body trembled madly, and he finally managed to block these attacks.

Even so, Chi kui's expression turned extremely unsightly. He was an eighth-level immortal God, but he was forced to defend himself by a first-level immortal God trash.

This was a huge humiliation.

"I blocked it."

"I didn't expect ye Chen's combat power to be so strong."

The white-haired middle-aged man and the woman were dumbfounded.

This was because they had thought that ye chen would be killed by Chi kui's full-powered attack.

After all, the difference between the first-level and eighth-level immortal God Realm was too great.

However, the outcome was not what they had imagined. They had thought that ye chen would be killed, but in reality, ye chen had easily defeated Chi kui's attack.

Moreover, he had forced Chi kui to defend.

A miracle, a miracle!

This was a miracle!

"Impossible! This is impossible!"

Chi kui roared in shock, his eyes almost flying out of their sockets.

With his strength, how could his attack be so easily broken by ye chen? And he was forced to defend?

What was going on?

He was an eighth-tier immortal God expert, yet he was forced to defend himself by a first-tier immortal God trash ... If this were to spread, no one would believe it.

It was too ridiculous.

"Alright, I'm done playing with you. It's time to end this."

Ye chen said coldly.

"Hehe, I admit that you're very powerful. To be able to unleash such combat strength at the first-stage immortal God Realm, I admit that you're terrifying."

But at this time, Chi kui laughed.

BOOM!

p An extremely powerful aura burst out of his body. It was twice as powerful as before.

The flames on his body and his immortal Dao domain doubled in size. The flames curled around him and became extremely terrifying, like a flaming God of War.

W-what?

What?

The white-haired middle-aged man and the woman's eyes and mouths immediately widened, revealing an extremely shocked expression.

"Actually, I'm not at the eighth-level immortal God Realm. I'm ... At the ninth-level immortal God Realm!"

Chi kui laughed out loud.

At the same time, the aura on his body trembled madly, making the white-haired middle-aged man and the woman feel like they were going to kneel. This feeling was extremely strong, as if they had to kneel.

Silence.

The space was deathly silent.

Then, there was an endless clamor.

"How is this possible? how is this possible? how can he be at the ninth-level of the immortal God Realm?"

The white-haired middle-aged man roared with a look of disbelief.

"Even in sacred fire City, a ninth-level immortal God is a top expert. He's the most terrifying expert besides the city Lord. A ninth-level immortal God can easily kill an eighth-level immortal God!"

The woman also screamed.

Ninth-level immortal God!

This was definitely a shocking realm.

Because one more step and he would become a true God.

Above the ninth level of the immortal God Realm was the true God Realm.

In other words, as long as Chi kui's cultivation base improved one more step, and he could completely transform all the immortal energy in his body into divine energy, he would become a true God.

Anyone who could reach the ninth level of the immortal God Realm was an expert among experts, a genius among geniuses, and an extremely talented person.

Chi kui was actually a top expert at the ninth level of the immortal God Realm.

This was too shocking.

"Hahaha, kid, I admit that you are very strong. But today, you must die!"

Chi kui laughed.

He was already a top expert at the ninth-stage immortal God Realm.

With this, would he still be afraid of not being able to kill a first-level immortal God?

[Chapter 2494 Chi Kui, Ninth-Level Immortal God!](#)

A ninth-level immortal God could easily kill an eighth-level immortal God expert.

Even a group of eighth-level immortal gods might not be a match for a ninth-level immortal God. The further one advanced in the immortal God Realm, the greater the gap.

A ninth-level immortal God expert could probably crush countless sixth-level immortal gods to death with just a finger.

Not to mention the first-stage immortal God Realm?

The ninth level of the immortal God Realm was much, much more powerful than the first level.

There was no comparison between the two.

They were basically a whole realm apart.

Chi kui was now a ninth-level immortal God expert. It was no wonder he was so confident that he could easily kill ye chen. Ye Chen's combat strength was indeed unprecedented and shocked him. To be able to fight an eighth-level immortal God as a first-level immortal God and even suppress him was indeed an unprecedented achievement.

However, Chi kui was now at the ninth-stage immortal God Realm.

He believed that ye chen was dead for sure.

"I'm finished. "

"It's over, it's over. How, how is this possible? how can he be at the ninth level of the immortal God Realm?"

"We're dead! We're finished! We're all dead!"

"A ninth-tier immortal God Supreme expert. I'm afraid he can kill us with just a breath ... We're dead. We're dead. We're dead."

"If I had known this earlier, I wouldn't have come to take on this bullsh * t mission. It's simply courting death!"

"The information clearly said that he was at the early stage of the seventh level of the immortal God Realm. In the end, not only was he not at the early stage, but he was also at the ninth level of the immortal God Realm."

"Ye chen is finished too."

The white-haired middle-aged man and the woman revealed a look of despair as they kept screaming. Both of them felt that they were done for.

What a joke. This was a top expert at the ninth-tier of the immortal God Realm. The eighth-tier immortal God Realm simply couldn't compare to him. The eighth-tier immortal God Realm was already enough to make them despair, let alone the ninth-tier immortal God.

"Ninth level of immortal God Realm, huh ..."

Ye Chen's expression changed slightly. He finally found things interesting.

Ye chen had originally thought that Chi kui's cultivation base was not at the seventh level of the immortal God Realm but the eighth level. However, ye chen had not expected that Chi kui was not at the seventh or eighth level of the immortal God Realm but at the ninth level of the immortal God Realm, which was infinitely close to a true God.

Ninth-level immortal God.

Such an expert would be a top expert in sacred fire City, second only to the city Lord.

Such an expert could easily kill an eighth-level immortal God.

As for those at the seventh level of the immortal God Realm, they were even more fragile in front of Chi kui. He could kill them with a flick of his finger.

"Hahaha, brat, you're dead, you're dead, die!"

Chi kui roared. With a wave of his hand, a Crimson saber ray cut through the air and across the sky, slashing toward ye chen.

The power of this Crimson saber flare was several times stronger than the previous saber flare.

There was no comparison between the two.

The difference between the eighth and ninth level of the immortal God Realm was just that great.

The power of chi kui's casual strike was probably much stronger than his full-power Strike when he was at the eighth-level of immortal God Realm.

"Not good, run, quickly run!"

"Run!"

"Undefeatable!"

"Run!"

The white-haired middle-aged man and the woman roared and immediately retreated backward. Even so, the scorching and violent aura and the terrifying pressure still made them breathless.

"Ah, ah!"

"Ah!" Two screams rang out. The white-haired middle-aged man and the woman were directly sent flying a few thousand meters away. They spat out large mouthfuls of blood and were seriously injured.

Just the aura alone was enough to cause them to be seriously injured.

This was the huge difference in strength.

The ninth-level immortal God Realm was much more powerful than the eighth-level immortal God Realm.

"Hahaha, brat, I'll see how you die this time!"

Chi kui looked at ye chen, who was standing still, and sneered.

However, the next moment.

Ye chen moved.

No, strictly speaking, it should be the domain on his body that moved.

BOOM!

A five-colored domain appeared out of thin air and pressed down on the Crimson saber flare as if it was tangible.

What was he doing?

The white-haired middle-aged man and the woman were dumbfounded.

Using an immortal Dao domain to block Chi kui's attack?

Are you kidding me?

Are you kidding me? Using an immortal Dao domain to block Chi kui's attack? Not to mention the immortal Dao domain, even if ye chen used his full strength, he could not block Chi kui's attack.

Was he looking for death?

The white-haired middle-aged man and the woman felt despair.

"BOOM!"

However, the next moment.

They saw the five-colored immortal Dao domain tear apart The Scarlet Blade light and destroy Chi kui's attack.

That's right, it was defeated.

Just his immortal Dao domain was enough to tear apart Chi kui's attack.

Silence.

The space was silent.

It was silent for dozens of seconds.

Then, there was a sound.

Thump. Thump.

The white-haired middle-aged man and the woman swallowed their saliva.

Their eyes were wide with fear and disbelief. Their jaws were about to drop to the ground.

What was happening?

They didn't understand what had happened.

Ye chen had only used his immortal Dao domain to block Chi kui's attack?

What was going on?

"Impossible, this is impossible. My eyes must be playing tricks on me. Yes, that's right. My eyes must be playing tricks on me. You're just a first-level immortal God trash. How can you block my attack?"

Chi kui also revealed an expression as if he had seen a ghost. He kept shaking his head, simply doubting his life.

That was impossible.

He was a ninth-tier immortal God Supreme expert.

The ninth level of the immortal God Realm was only one step away from becoming a true God and becoming a high and mighty figure.

Ye chen, a first-level immortal God trash, the lowest level of the immortal God Realm, how could he block his attack?

This was simply unrealistic.

"I'm sorry, nothing is impossible,"

Ye chen smiled sarcastically.

Impossible?

Why was it impossible?

Wasn't this the truth in front of them?

Since Chi kui did not believe it, or did not dare to believe it, ye chen would use facts to tell him that it was all true.

"Impossible, this must be fake. Die, die, die, go die, kill, kill you, after killing you you will know if it's real or not, go die!"

Chi kui roared in anger. With a roar, his Crimson immortal Dao domain and blood-red sword gleams madly attacked ye chen.

The Tai 'a sword above ye Chen's head suddenly struck.

Shua!

A green sword ray containing the power of the third slash of the godly sword burst out.

"Ah!"

In the next moment, a miserable cry was heard.

All of Chi kui's attacks were no different from trash in front of this green sword light. They were crushed in just one move.

Chi kui's body shook violently as his immortal Dao domain was cut in half.

"Ah!"

Chi kui's body trembled violently, and he was sent flying back like a cannonball, flying over ten thousand meters.

His aura was dispirited.

[Chapter 2495 Chi Kui Self-Destructs!](#)

He was defeated.

Chi kui was actually defeated by a first-level immortal God.

Chi kui himself was already immersed in shock. He couldn't believe that he would lose to a first-stage immortal God trash.

First-level immortal God Realm.

In the immortal God World, they were the lowest level of existence.

Chi kui's cultivation had reached the ninth level of the immortal God Realm, but he had deliberately hidden two minor realms. The original information said that he was at the seventh level of the immortal God Realm.

He had deliberately concealed two minor realms and was still defeated by ye chen in the end.

This was too ridiculous.

One should know that a ninth-stage immortal God could easily kill countless first-stage immortal gods with a single breath. The gap between the two was extremely huge.

A ninth-level immortal God could kill an eighth-level immortal God in seconds, while an eighth-level immortal God could easily kill a seventh-level immortal God.

By analogy.

All the way to the first-stage immortal God Realm, the gap was too great.

However, the problem was that ye chen, a first-level immortal God, had defeated him.

The power that burst out was simply unbelievable.

"What happened?"

"Chi kui, lost?"

"This ..."

The white-haired middle-aged man and the woman were stunned.

They could not imagine that ye chen had defeated Chi kui. With a cultivation base at the first level of the immortal God Realm, he had defeated a top expert at the ninth level of the immortal God Realm.

Was this even possible?

If someone else had told them, they would never have believed it.

However, the truth was right in front of their eyes, and they had no choice but to believe it.

The truth was right before their eyes. Ye chen had really defeated Chi kui.

They had no choice but to believe.

No matter how stupid they were, they could clearly see what the situation was now.

"No, that's impossible. How can you be so strong? You must have hidden your cultivation, hidden your cultivation!"

Chi kui roared.

He could not believe that he would be defeated by a first-level immortal God.

Those who could cultivate to the ninth-stage of the immortal God Realm were naturally very confident in their own talents. All of them were at the level of prodigies. However, he had been defeated by ye chen, who was only at the first-stage of the immortal God Realm.

He really couldn't believe it.

"The immortal God Realm is so vast, and there are all kinds of geniuses. Don't think that you can't be defeated by someone at the first level of the immortal God Realm. There are many powerful people!"

Ye chen sneered.

In reality, the heaven's favorites he mentioned could not reach such a level of combat strength.

Who could defeat a ninth-level immortal God at the first-level immortal God Realm? It was already heaven-defying to fight across realms in the immortal God Realm, not to mention across nine minor realms.

This wasn't a human.

It was too abnormal.

"Fine, fine, fine, you're forcing me to do this."

Chi kui's eyes were bloodshot. He seemed to know that he was going to die. After all, he was no match for ye chen.

Whoosh, whoosh, Whoosh!

Chi kui's body began to expand rapidly, and his immortal Dao domain also expanded.

At the same time, an extremely terrifying aura emerged from Chi kui's body and pressed down on the sky.

"Not good."

The white-haired middle-aged man and the woman turned pale with fright. This was self-destruction!

"Since I can't live anymore, then you bastards can forget about living too!"

Chi kui roared.

BOOM!

An earth-shattering boom shook the entire space.

The terrifying shock waves swept out in all directions, and the terrifying power formed a mushroom cloud that shot up into the sky.

Chi kui chose to self-destruct.

How terrifying would the power of a ninth-stage immortal God's self-destruction be?

Even experts at the ninth-tier immortal God Realm would be severely injured if they were caught off guard.

An ordinary expert would still be able to leave behind their soul even after death. Therefore, most experts would not choose to self-destruct when they were faced with an enemy they could not defeat.

He didn't expect that Chi kui would choose to self-destruct.

"Run, run, run!"

"Quickly run!"

"Ye chen, what are you doing there? run!"

The white-haired middle-aged man and the woman roared and turned into two streams of light, flying into the distance.

However, at this moment, their eyes suddenly widened as they saw an unbelievable scene.

Ye chen stood still in the face of the shock wave from the explosion. He stood with his hands behind his back and the immortal Dao domain on his body formed a shield.

He was completely enveloped in it.

The shockwaves from the explosions all hit the shield.

After a series of explosions, everything became quiet.

As for ye chen, he was unscathed.

That's right, ye chen had forcefully withstood the self-destruction of a ninth-level immortal God expert.

"This ..."

The white-haired middle-aged man and the woman opened their mouths wide and were stunned.

They had never thought that ye chen would be able to stand still and withstand the power of chi kui's self-destruction.

The power of chi kui's self-explosion was enough to severely injure a ninth-stage immortal God expert.

Why was ye chen fine?

They really could not figure it out.

This was because ye chen had brought them too many surprises.

They realized that every time they looked down on ye chen, they would be slapped in the face by him.

Ye chen was too terrifying.

They finally realized that ye Chen's strength was far beyond their imagination.

From LAN Kang to Weiming, fire one, and then Chi kui.

Ye Chen's combat strength was simply unfathomable.

In every battle, every time they thought ye chen would lose, ye chen would defeat his opponent with a thunderous momentum.

It was as if they were a group of clowns.

They could not detect ye Chen's strength at all.

"What a powerful shock wave."

At this time, ye chen frowned as he looked at his slightly damaged immortal Dao domain.

The immortal Dao domain could naturally be repaired, but it would require immortal energy.

Ye chen had no choice but to inject his immortal energy and restore the immortal Dao domain.

To ye chen, the little bit of celestial energy he had used was almost the same as nothing.

He didn't expect the power of chi kui's self-destruction to be so strong.

Even an ordinary ninth-level immortal God wouldn't be able to withstand this attack.

Ye chen also had a rough estimate of his own strength.

Chi kui's attack just now was extremely powerful. It could definitely seriously injure an ordinary ninth level immortal God expert.

Even ordinary ninth-level immortal God experts couldn't withstand this attack.

However, ye chen easily resisted it.

In terms of defensive power alone, ye Chen's defensive power was very likely to be infinitely close to that of a first-stage true God.

Of course, ye chen was still unable to determine how strong a true God was as he had never seen a first stage true God fight before.

However, it was certain that ye Chen's defensive power was already much higher than an ordinary ninth-level immortal God.

As for his overall combat strength, even a ninth-level immortal God like Chi kui was no match for ye chen.

With ye Chen's combat strength, it was still easy for him to deal with an ordinary ninth-level immortal God.

However, if he were to face a stronger ninth-level immortal God, ye chen would not be a match.

However, this was normal. After all, ye chen was only at the first-stage immortal God Realm.

It was already heaven-defying to possess such combat strength at the first-level immortal God Realm.

[Chapter 2496 Breeding Bug Tribe Soldiers!](#)

Chi kui was dead.

Ye chen waved his hand and a stream of light flew over. It was Chi kui's storage ring.

That's right, this was Chi kui's storage ring. Although he had self-destructed, his storage ring was still left behind.

Since Chi kui was already dead, ye chen would naturally not let go of the property that Chi kui had left behind.

Ye chen would never let go of the property of a ninth-level immortal God expert.

Ninth-level immortal God.

I wonder how many assets he has?

Ye chen was looking forward to it.

The next moment.

Ye Chen's celestial consciousness probed into it and he revealed a look of wild joy.

One trillion immortal stones!

That's right, Chi kui's storage ring contained over a trillion immortal stones.

It was over a trillion!

Ye Chen's mouth twitched.

Even with his current strength, it was still extremely difficult for him to earn over a trillion immortal stones.

As a ninth-stage immortal God expert, it was not impossible for Chi kui to have over a trillion immortal stones, but it was also normal. A trillion immortal stones was an astronomical figure for a first-level immortal God.

Even for ye chen, this number was enormous.

"Trillions of immortal stones! How many mechanical type bugs can I breed now?"

Ye chen was ecstatic.

In addition to the 100 billion immortal stones he had left from his previous breakthrough, he now had 1.1 trillion immortal stones.

Without a doubt, this was a huge number.

Of course, this amount of money was nothing to experts at the ninth level of the immortal God Realm. After all, if they wanted to earn immortal stones, they could easily take on some eighth-level immortal God missions and earn hundreds of billions or even trillions.

For example, the mission reward for killing Chi kui was 500 billion immortal stones.

If he could kill an eighth-level immortal God, it would be even more incredible. There would be at least a trillion of them.

However, Chi kui was only a newly advanced ninth-level immortal God, so his assets were only in the trillions.

At this time, the white-haired middle-aged man and the woman stood in the distance, motionless. They both knew that Chi kui was dead and ye chen was still alive.

However, they did not know what ye chen was doing.

Naturally, they would not have thought that Chi kui's storage ring had been taken by ye chen. In their opinion, it was already a miracle that ye chen could kill Chi kui, let alone get his hands on the storage ring.

"Y-ye chen."

When they saw ye chen flying over, the white-haired middle-aged man and the woman forced a smile.

Of course, this smile was forced.

Because it was too shocking.

Ye Chen's combat strength had almost scared them to death.

First, he had fought Chi kui, who was at the eighth-level of the immortal deity realm. Then, Chi kui had erupted with the combat strength of a ninth-level immortal deity, but he had still been easily defeated by ye chen.

How strong was ye Chen's combat strength?

Could it be that ye chen was a true God?

Thinking of this possibility, the white-haired middle-aged man and the woman couldn't help but suck in a breath of cold air.

If he was a real God, then that would be terrifying!

The combat strength that ye chen had displayed was in line with the definition of a true God!

They had even offended ye chen before ... When they thought of this, they shuddered.

If ye chen was petty, they would be dead.

In truth, ye chen could not be bothered to care about their attitude toward him.

"It's all thanks to master ye chen that we were able to complete this mission. "

The white-haired man forced a smile.

"Hehe, I'll just be direct. I'm too lazy to say anything to you guys. Let's go. I won't shortchange you guys for the reward for completing the mission."

Ye chen said.

The white-haired middle-aged man and the woman were overjoyed when they heard this.

They could actually get a share of the prize money?

All of this was because of ye chen.

If it were not for ye Chen's intervention, they would have died at Chi kui's hands by now, let alone splitting the prize money. That was simply a fool's dream.

"Thank you, master ye chen."

The white-haired middle-aged man and the woman bowed respectfully.

Ye chen waved his hand and did not say anything. His figure moved and with a swish, he turned into a stream of light and flew into the distance.

.....

On a mountain.

Ye chen sat cross-legged.

Queen Mother, how many immortal stones do you need to breed a machine-type bug tribe fighter at the eighth-level of the immortal God Realm?"

Ye chen asked.

At this point, the sixth-level immortal God Realm bug tribe soldiers were no longer of much help to him.

They had to be at least at the seventh or eighth level of immortal God Realm.

"An eighth-level immortal God-level mechanical bug soldier costs 100 billion immortal stones, and a seventh-level immortal God-level mechanical bug soldier costs 50 billion immortal stones."

The bug clan Queen said.

Hiss ... Hiss ...

Although ye chen was mentally prepared, he still could not help but gasp.

Expensive!

It was too expensive!

It was 100 billion immortal stones!

Just an eighth-level immortal God-level machine-type bug tribe soldier would cost 100 billion immortal stones!

The seventh-level of immortal God Realm also required 50 billion immortal stones.

The speed at which he was spending his money was enough to scare people to death.

"Queen Mother, give birth to ten eighth-stage immortal God-level bug tribe soldiers."

Ye chen said through gritted teeth.

He planned to test the power of the bug tribe's joint attack formation.

In terms of power, the ten eighth-stage immortal God-level bug soldiers were no match for ordinary eighth-stage immortal God-level fighters.

Ten ordinary eighth-level immortal gods added together were only equivalent to one ninth-level immortal God.

As for the bug tribe soldiers, they had a special and naturally-born joint battle formation. In terms of power, they definitely far exceeded the eighth-level immortal God Realm of the human race.

It was even possible for him to kill a ninth-level immortal God with one strike.

"Alright, begin the nurturing process."

After ye chen had given them a total of one trillion immortal stones, the bug clan Queen Mother began to breed.

Three days and three nights passed just like that.

Time passed by very quickly.

On this day.

Boom, boom, boom, boom, boom, boom, boom, boom!

Streams of tyrannical aura exploded out from the eggs.

One after another, machine-like bug soldiers burst out from the huge eggs in a majestic manner!

At the same time, their auras spread out. They were all at the eighth-level of the immortal God Realm.

"Good, good, good. You're all eighth-level immortal God Machine bug soldiers. Very good!"

The more ye chen looked at it, the happier he was.

These were all eighth-level immortal God-level bug tribe soldiers.

In terms of individual combat strength, he was even stronger than ordinary eighth-level immortal gods of the human race.

Next ...

"Let's try out the power of the coordinated battle formation!"

Ye chen ordered.

Whoosh, whoosh, whoosh, whoosh, whoosh, Whoosh!

One after another, silver-white figures darted out at an unbelievable speed. They appeared in the sky in all directions.

Buzzzzzz!

Extremely dazzling white spots glowed from their arms.

Then, these white spots all gathered in the center. The positions of the ten eighth-stage immortal God Realm bug soldiers coincidentally formed a circle.

BOOM!

An incomparably scorching light shot out.

A beam of white light burst out from the circle. The power was so terrifying that even the space was torn apart.

The entire space was directly pierced through.

That's right, it was broken through.

[Chapter 2497 Wei Qing's Revenge!](#)

The terrifying white light pillar pierced through the space.

The entire space trembled violently. A huge hole appeared where the hole had been, and a terrifying high temperature was still burning.

"Good, so strong."

Ye chen was flabbergasted.

These ten eighth-level immortal God Realm mechanical-type bug soldiers didn't have very strong combat strength. When they joined forces, their power was only equivalent to one strike from Chi kui.

Once the joint attack formation was activated ...

The power was too terrifying.

It directly pierced through the space.

One must know that this was the immortal God World. The space in the immortal God World was hundreds of times more stable than the space in the lower world.

To be able to pierce through space in this place, how powerful was the power of this attack?

Ye chen could not even imagine it.

At the very least, it was much stronger than his full-powered strike with the Tai 'a sword.

This kind of attack power was simply incomparably tyrannical.

"Very good. The bug tribe soldiers can be my trump card. However, I'll need a large number of immortal stones to breed them. It's hard for me to get so many immortal stones in a short time."

Ye Chen's biggest headache now was the problem of immortal stones.

To nurture bug tribe soldiers, he needed immortal stones. However, what he lacked the most right now was immortal stones. He didn't have that many immortal stones to nurture bug tribe soldiers.

However, the rewards for the top ten of the great disciple tournament half a month later would be very rich. They could choose any divine artifact or celestial stones they wanted. When ye chen got a good ranking, he would have a large number of celestial stones.

"I have to say, the strength of these mechanical bug soldiers is really strong."

Ye chen was very satisfied.

p These bug soldiers could be his trump card.

If they encountered an enemy they couldn't defeat, they could use the bug soldiers to fight.

"Let's go, it's time to return to the sect. "

Ye chen thought to himself.

Whoosh!

Ye chen turned into a stream of light and flew into the distance.

Whoosh, whoosh, whoosh, whoosh, whoosh, whoosh, Whoosh!

At this moment, something happened.

One figure after another flew over from the front at an extremely fast speed. Each figure's aura was as heavy as a mountain and extremely tyrannical.

The cultivation base of each figure was not below the seventh-level immortal God Realm. Even the weakest one was at the seventh-level immortal God Realm.

These people were obviously the elites of the elites, the strongest of the strong.

Each of them was at the seventh-stage immortal God Realm.

None of them were weaker than a seventh-level immortal God.

The weakest among them was at early-stage seventh-level immortal God.

Ye Chen's figure stopped.

When they saw ye chen, they grinned and immediately flew over to surround him.

"Hahahaha, we've finally found you!"

"Ye chen, you're still trying to escape?"

"Kill him!"

Everyone's faces revealed a sinister smile as they roared out one by one.

Their auras were very powerful. Most of them were at the seventh-level immortal God Realm, and there were even a few eighth-level immortal God experts.

The leader was even a peak eighth-level immortal God super expert.

Peak eighth-level immortal God Realm!

Such an expert had actually come to besiege ye chen.

He did not know when ye chen had offended such a group of Masters.

When these experts joined forces, they could easily kill an ordinary peak eighth-level immortal God.

One had to know that there were many of them, and when they worked together, their power was different from that of one person.

"Who are you? do I have a grudge against you?"

Ye chen asked.

He really couldn't remember when he had offended such a person.

Judging from their auras, they were clearly not nobodies. They were all experts.

To be able to casually dispatch so many experts to assassinate him, he was definitely a top-tier expert.

However, ye chen was puzzled. When had he offended this group of people? Could these people be from the Scarlet Flame sect?

But that was impossible? Chi kui was already a traitor of the Scarlet Flame sect, so he was given a mission to kill him. At the same time, the immortal God Palace also gave him a mission to kill Chi kui.

There was no reason for the Scarlet Flame sect to come out and avenge Chi kui.

Then, who were these people?

Ye chen was a little confused.

"Hahaha, kid, have you forgotten that you beat up our young master Wei Qing's men? do you really want to leave this place alive? What a joke!"

One of them shouted.

The others also sneered, as if thinking that ye chen was dead for sure.

In reality, ye chen was a first-level immortal God trash. He was definitely dead.

In the face of so many experts, ye chen, a mere first-stage immortal God, could he still think of escaping safely?

That was impossible.

"It's Wei Qing. "

Ye chen remembered.

When he was at the inn, he had offended Wei Qing's men because of a woman. Then, he beat up Wei Qing's men, and then Wei Ming came out to fight with him.

After beating up Weiming, fire one appeared.

After starting the fire, Wei Qing had no choice but to retreat. Before he left, he even said that he would make ye chen pay a painful price.

He didn't expect that Wei Qing's people would come now.

It had to be said that Wei Qing's power was really great. He could even dispatch an expert at the peak of the eighth level of the immortal God Realm. One should know that the peak of the eighth level was one step further, and he would be a top expert at the ninth level of the immortal God Realm. In the entire Holy Fire City, he was an almost invincible expert.

Wei Qing could even dispatch such an expert.

It could be seen how powerful Wei Qing was in the Holy flame city.

"Kid, obediently accept your death."

The crowd sneered.

How could a first-stage immortal God-level trash be able to overturn the heavens?

These people wanted to see ye Chen's look of despair before his death and admire his despair.

However, they were disappointed.

Not only did ye chen not despair, but he also sneered.

"Alright, since you want to die, I'll fulfill your wish. Who's going first?"

Ye chen said coldly.

"Damn it, this arrogant kid. Does he really think he's strong just because he defeated fire one? I'll kill him!"

BOOM!

A powerful aura burst out and a young man in a red robe stepped out. He was clearly at the early stage of the seventh level of immortal God Realm.

Although they were both at the early stage of the seventh level immortal God Realm, the red-robed young man's aura was obviously stronger than fire one 's.

He was a heaven's favorite.

"Brat, I don't need to use my full strength to deal with a first-level immortal God like you. How about this? I'll finish you off with one hand."

The red-robed young man sneered with disdain.

"It's Huo Tian, Huo Tian is going to attack. "

"With Huo Tian's help, it's enough."

"Huo Tian's strength is definitely enough to deal with a first-level immortal God."

"I heard that this kid defeated fire one? No matter how I look at it, it doesn't seem possible. "

The crowd retreated backward, revealing a ferocious expression.

It was said that ye chen could defeat fire one.

In other words, ye chen had the combat strength of a seventh-level immortal God.

[Chapter 2498 Defeating Huo Tian!](#)

However, was this possible?

A first-level immortal God with the combat strength of a seventh-level immortal God?

They would not believe it even if they were beaten to death.

A seventh-level immortal God could crush a first-level immortal God to death with a breath.

A seventh-level immortal God expert could easily kill a fifth-level immortal God with a slap, and a fifth-level immortal God could kill a third-level immortal God with a slap ...

If one were to follow this logic, one could imagine how much stronger the seventh-level immortal God was than the first-level immortal God.

Therefore, Huo Tian decided to take action and get rid of ye chen so that he would know what true strength was.

"A mere first-level immortal God trash dares to offend young master Wei Qing. You're really reckless and arrogant. I don't know how you defeated fire one!"

Huo Tian coldly said.

Ye chen could defeat fire one?

Almost no one present believed it.

Even if he could defeat fire one, so what? Huo Tian's strength was much stronger than fire one.

He was almost at the intermediate stage of the seventh level immortal God Realm.

With such strength, defeating ye chen should be a piece of cake.

"That's right. A first-level immortal God trash dares to offend young master Wei Qing. He's too arrogant."

"Who is young master Wei Qing? he is the only son of the Lord of Holy Fire City! Even experts at the ninth level of the immortal God Realm would have to be respectful to young master Wei Qing, let alone a first-level immortal God. The Lord of the sacred fire City is a true God. "

"Offending young master Wei Qing is the same as offending a true God."

"I really don't know where this ye chen guy got his courage from."

Everyone was discussing.

Of course, they all had a mocking look on their faces, thinking that ye chen would definitely die.

How could ye chen be a match for Huo Tian, who was at the seventh level of the immortal God Realm and infinitely close to the intermediate stage?

It was already heaven-defying for a first-stage immortal God trash to have such amazing combat strength. It was already amazing that he could defeat Weiming.

However, so what?

Facing Huo Tian, he would still die!

"Hmph, let me beat you up and then kill you!"

Huo Tian said with a cold smile.

He was a seventh-stage immortal God expert. It was too easy for him to deal with a first-stage immortal God.

Before ye Chen's death, he wanted to admire ye Chen's expression of despair. Unfortunately, he did not.

"A seventh-level immortal God trash wants to kill me? What a joke!"

However, at this moment, ye chen spoke.

What?

What?

Everyone present thought they had heard wrong.

What did he just say? A seventh-level immortal God trash wanted to kill ye chen?

Ye chen was too arrogant!

The crowd could not help but be furious. A seventh-level immortal God was actually called trash by ye chen. One should know that ye chen himself was only at the first-level immortal God Realm, yet he was so arrogant.

The seventh level of the immortal God Realm was many times more powerful than the first level.

With a single slap, he could kill countless first-stage immortal gods.

Ye chen had actually called Huo Tian, a seventh-stage immortal God, trash.

If this wasn't arrogance, what was it?

This was already arrogant to the extreme!

Huo Tian was so angry that he laughed.

"Fine, fine, fine. Since you want to die, I'll fulfill your wish immediately."

Huo Tian was so angry that he laughed. He had never seen someone as arrogant as ye chen.

He had never seen such an arrogant person before.

"He really overestimates himself."

,m "What an arrogant and ignorant thing. He's only at the first-level immortal God Realm, yet he dares to provoke a seventh-level immortal God. He's simply arrogant to the extreme!"

"I've never seen such an arrogant person in my life. "

"Let's see how he'll be killed by Huo Tian!"

"Let's wait and see,"

Everyone was discussing.

Everyone revealed a mocking expression, thinking that ye chen was dead for sure. A first-level immortal God trash against a seventh-level immortal God. There was no doubt that he would end up very miserable.

Moreover, they all knew that Huo Tian would not kill ye chen so easily. Instead, he would torture ye chen and make him experience the most painful torture in the world before he died in endless pain.

"Make your move."

Ye chen said indifferently.

"You're looking for death, you're really looking for death. I'll kill you, you arrogant brat. Wild fire divine fist!"

"Die!" Huo Tian roared and formed a fist print with terrifying flames burning on it. The flames were enough to kill a sixth-level immortal God expert easily.

BOOM!

A fist seal violently struck in ye Chen's direction.

Fast, too fast!

They were both at the early stage of the seventh level of immortal God Realm, but the power of this strike alone was stronger than fire one's full-power Strike.

"Break!"

Ye chen waved his hand and a black sword Qi condensed, clashing with the Crimson Fist print.

BOOM!

A loud boom reverberated, causing many people to take a step back.

It was blocked.

They were evenly matched!

Everyone's expression changed.

"What? This, how is this possible?"

Everyone revealed an extremely shocked expression.

Ye chen was merely a first-level immortal God trash. How could he block Huo Tian's attack?

Huo Tian was a seventh-level immortal God expert. Normally, he should be able to crush ye chen to death easily.

Why was ye Chen's combat power so strong?

They could not figure it out.

"I didn't expect you to be able to withstand my attack. It seems that it's true that you defeated fire one."

Huo Tian's expression also turned grave.

"You only have this much strength?"

Ye chen sneered coldly.

"You're looking for death!"

Huo Tian's eyes narrowed. With a wave of his hand, giant flaming palms, like ancient mountains, pushed toward ye chen. Their power was astonishing and they whistled endlessly.

The vigorous immortal energy attached itself to these giant flaming palms and surged out.

This attack was his full strength.

It was also Huo Tian's trump card, the explosive fire palm.

It had to be said that the power of these palm prints was extremely shocking. Ordinary early-stage seventh-level immortal gods would probably not be able to withstand these attacks.

"I'm finished. "

"This brat is dead for sure. He's so arrogant, his end will definitely be incomparably miserable!"

"Do you think you can do whatever you want just because you can block Huo Tian's casual attack? what a joke!"

"He's dead. "

The crowd commented again.

However, the next moment.

Everyone's eyes were about to pop out of their sockets, and their mouths were wide open as if they had seen something unbelievable.

This was because countless black sword Qi had condensed in front of ye chen.

Then, he charged in the direction of Huo Tian.

The black sword Qi instantly destroyed the flaming palms and landed heavily on Huo Tian.

"Ah!"

Huo Tian let out a shrill cry. He didn't even know what had happened. Then, his body trembled violently and he was sent flying like a broken gunny sack. He spat out a mouthful of blood and his eyes were filled with horror.

He was defeated.

In just two moves, he, Huo Tian, had been defeated by ye chen.

[Chapter 2499 2504-Qiongqi!](#)

Hiss ... Hiss ...

Everyone present could not help but gasp.

How was this possible?

A first-level immortal God had actually defeated Huo Tian?

It was too shocking.

It was too shocking.

A first-level immortal God had defeated Huo Tian in two moves?

But how was that possible? Huo Tian's cultivation base was at the seventh level of the immortal God Realm. His combat strength was extremely powerful, and he could easily kill experts at the sixth level of the immortal God Realm.

Such an expert had been easily defeated by ye chen, a first-stage immortal God? Are you kidding me?

Everyone looked at each other, dumbfounded.

"How is this possible? how, how is this possible ..."

Huo Tian spat out a mouthful of blood. His eyes were filled with horror. He couldn't believe that the power of those black sword lights was so powerful.

This kind of power gave him a feeling that it was simply unstoppable. There was no way to resist it. It was like layers of waves crashing over. No, it was like an ancient giant mountain pushing over. It directly sent him flying and he spat out large mouthfuls of blood.

It was too terrifying.

How could a first-level immortal God unleash such power?

Are you kidding me?

This wasn't the power of a first-level immortal God. It was the power of an eighth-level immortal God.

"You want to kill me with this little ability? it seems that Wei Qing's men are all useless!"

Ye chen said coldly.

His voice spread out so that everyone could hear him clearly.

"You!"

"Damn it, don't think that you can do anything just because you defeated Huo Tian. What's the big deal? Huo Tian is only the weakest among us!"

"He's really looking for death, looking for death. This kid is too arrogant!"

"I'm going to kill him!"

The crowd burst into an uproar. They were all extremely angry, and some even shouted.

The weakest among them was at the seventh-level of the immortal God Realm. Why would they be afraid of ye chen? although ye chen could defeat Huo Tian, Huo Tian was merely the weakest among them.

Ye chen was so arrogant that he had insulted all of them. How could they not be angry?

"Damn it! A mere first-level immortal God trash, trash, and scumbag actually dares to provoke us?"

A white-robed young man strode out, his eyes filled with rage, "it's alright, let me kill this arrogant brat."

"It's him, Bai Zhou. "

"It's Bai Zhou. Is Bai Zhou going to attack?"

"This is going to be interesting."

Everyone revealed a mocking look.

The white-robed young man was called Bai Zhou and was an eighth-level immortal God expert.

Eighth-level immortal God Realm!

This was not something a seventh-stage immortal God could compare to.

Ye chen was powerful enough to defeat Huo Tian in two moves, but so what? he would still die if he faced an eighth-level immortal God.

An eighth-level immortal God could easily kill a seventh-level immortal God. If ye chen were to encounter Bai Zhou, he would definitely die.

"Eighth-level immortal God? You, can 't!"

Ye chen shook his head and got straight to the point.

What he meant was that the eighth level of immortal God Realm was no good.

If they wanted to deal with him, they would have to send at least ninth-level immortal God or even higher-level experts.

However, this meaning was twisted in everyone's ears.

"You, damn it, you actually said I can 't? I'll kill you. I'll break all the bones in your body and turn you into a piece of trash!"

Bai Zhou was shaking with anger. He kept roaring.

As an eighth-level immortal God expert, he was actually humiliated by a first-level immortal God trash. This was simply a great humiliation!

Logically speaking, an eighth-level immortal God could kill a first-level immortal God with just a breath. In other words, in his eyes, ye chen was no different from an ant, or perhaps not much stronger than an ant.

However, ye chen dared to say this to him and provoke him.

This was simply courting death!

Bai Zhou's eyes flashed with a terrifying killing intent. The killing intent in his body grew crazily and boiled.

"If I say you can't do it, then you can 't. Why do you have so much nonsense to say? if you want to fight, then I'll fight. Hurry up!"

Ye chen said with a cold smile.

Silence.

The space fell silent again.

Everyone looked at ye chen as if they were looking at an idiot.

The eighth-level immortal God Realm was not something the seventh-level immortal God Realm could compare to.

Bai Zhou was an eighth-level immortal God expert, yet he was looked down upon by ye chen.

How arrogant was ye chen?

He doesn't even care about an eighth-level immortal God expert?

He was too crazy!

Everyone wished that Bai Zhou would immediately attack and kill ye chen. He was too arrogant. Ye chen was simply too arrogant.

"You're looking for death. You're really looking for death. Since you want to die, I'll fulfill your wish."

Bai Zhou held back his anger. He waved his hand, and a white light emerged from his body.

Then, an ancient giant beast appeared out of thin air in front of Bai Zhou.

Eh?

Ye chen was slightly stunned. He had never seen such a technique before.

"This is an ancient divine beast, Qiongqi!"

"So it's a Qiongqi. I heard Bai Zhou once encountered a heavily injured Qiongqi. It took him a lot of effort to tame it. He was lucky!"

"A Qiong Qi is a true God once it reaches adulthood. I didn't expect Bai Zhou to be so lucky to tame a Qiong Qi!"

"Ye Chen's done for this time. Don't even think about it."

Everyone exclaimed in shock.

Qiong Qi?

Ye Chen's mind quickly searched.

The vastness of the immortal God World was not something that the current him could imagine.

The immortal God Realm had given birth to countless rare and unique beasts. For example, the bug clan Queen Mother was a life form that was born from the heavens and earth.

Qiong Qi was also a strange life form.

Of course, in terms of level, Qiong Qi was definitely far inferior to the bug tribe Queen Mother. The bug tribe Queen Mother had given birth to true God-level bug tribe soldiers.

Even so, the Qiong Qi was considered a rather decent natural race in the immortal God World.

Once they reached adulthood, they would be able to step into the true God Realm, which was a unique advantage.

One must know that in the entire immortal God World, the true God Realm was considered a pretty good big Shot. For example, the city Lord of the sacred fire City was a figure that was revered by hundreds of millions of people.

"This is a Qiong Qi, one of the ancient godly beasts?"

Ye chen said.

"Hmph, at least you still have some eyes. This is my precious baby. With him around, you're dead!"

Bai Zhou sneered.

What a joke. Although this Qiong Qi had yet to reach adulthood, its strength was twice as strong as an ordinary eighth-level immortal God.

It could be said that he was very close to the ninth-stage immortal God Realm.

Such strength was not much different from the leader at the peak eighth firmament immortal God Realm. This was also Bai Zhou's greatest reliance.

Bai Zhou's strength was only at the early-stage eighth-level immortal God Realm. Compared to Qiongqi, he was still a little lacking.

This was also the reason why Bai Zhou was so confident. It was because ye chen was no match for Qiong Qi. Perhaps ye Chen's combat power was very strong, but so what?

[Chapter 2500 Qiong Qi Takes Action!](#)

No matter how strong ye chen was, he was just courting death when faced with Qiong Qi, who had combat strength at the peak of the eighth-level immortal God Realm!

Although an eighth-level immortal God was powerful, there was still a huge gap between him and a peak eighth-level immortal God.

The peak of the eighth-level immortal God Realm was already very close to the ninth-level immortal God Realm. It was also enough to easily kill ordinary early-stage eighth-level immortal God experts. This was a powerful strength.

On the other hand, ye chen had only defeated Huo Tian. Huo Tian was relatively strong among seventh firmament immortal gods. However, even against Bai Zhou, he was courting death, let alone against Qiongqi.

Everyone believed that ye chen was no match for Qiong Qi.

After all, ye chen was just a first-level immortal God trash. In reality, ye Chen's ability to possess such powerful combat power at this cultivation base had already shocked everyone.

They did not believe that ye chen could still fight Qiong Qi.

"This is what you're relying on? If that's all, then I'd advise you to get lost. "

Ye chen shook his head and said indifferently.

It would be a joke if a mere Qiong Qi wanted to defeat him.

What?

What did he just say?

Did he know what he was saying?

Everyone was stunned again.

They did not expect ye chen to say something like that. Logically speaking, ye chen should have peed his pants when he saw Qiongqi.

However, ye chen was not scared to the point of peeing. Instead, he looked calm and even dared to persuade Bai Zhou to get lost.

Wasn't this too arrogant?

"Brat, you're too arrogant. Do you know what level my divine beast is at? it's at the peak of the eighth-level immortal deity realm! You only defeated Huo Tian, do you think you're very strong?"

Bai Zhou roared.

He could not stand ye Chen's attitude anymore.

He was too arrogant.

Ye Chen's disregard for Bai Zhou, an eighth-level immortal God, had already made Bai Zhou very unhappy. Now, ye chen was also disrespecting Qiong Qi, a divine beast at the peak of the eighth-level immortal God. This was too arrogant.

He was simply arrogant to an unbelievable degree.

"I'm arrogant? Haha, then you guys can do it. "

Ye chen laughed.

He said he was arrogant? Even Chi kui, who was at the ninth-level of the immortal celestial stage, could not withstand a single blow from ye chen, let alone these eighth-level and peak-level immortal celestial beings.

From the beginning to the end, he had never put these people in his eyes.

On the contrary, these people thought that they could easily kill ye chen.

"You're looking for death, you're looking for death. I don't need my Qiongqi to attack first. I'll fight you first!"

Bai Zhou roared. A white beam of light condensed in front of him and shot toward ye chen.

The power of this white light pillar was enough to kill ordinary seventh-level immortal God experts.

Even an expert like Huo Tian couldn't block this attack.

"He's dead. "

A word appeared in everyone's mind.

Ye chen was only at the first level of the immortal God Realm. No matter how strong he was, it was already a miracle that he could defeat Huo Tian, let alone Bai Zhou.

"Little trick."

This time, ye chen was too lazy to move. He stood in place and the immortal Dao domain on his body enveloped him.

BOOM!

The White pillar of light struck the light barrier formed by the immortal Dao domain, but it was blocked.

After a series of explosions, the white light pillar completely disappeared.

"What?"

Bai Zhou's eyes widened. Although he had expected ye Chen's combat strength to be extremely powerful, he did not expect him to be able to block his attack.

He was an expert at the eighth-level of the immortal God Realm. Anyone who could block his attack had to be at the eighth-level.

Ye Chen's combat strength was at the eighth level of the immortal God Realm?

He was only at the first-stage immortal God Realm. How could he have such powerful combat strength?

Bai Zhou couldn't understand.

"Terrifying. This kid is too terrifying. If his cultivation level rises, how terrible will it be?"

"That's right. If his cultivation level were to increase, it would really be amazing."

"No wonder young master Wei Qing sent so many of us. We really can't kill this ye chen with fewer people."

"Yup,"

"So what if he's strong? with so many experts present, he's dead for sure."

"We don't need to do anything. Bai Zhou alone is enough."

"Yes, let's see how powerful Qiong Qi is."

The crowd was in a heated discussion.

"Kid, again!"

Bai Zhou seemed unwilling to give up. With a roar, more white light pillars formed in front of him. This time, the attack was much more powerful than the previous one.

Earlier, there was only one white light ancestor, but now there were several.

Although the power of these white light pillars was not as strong as the previous one, they were powerful when combined.

Boom, boom, boom, boom, boom, boom, boom!

Pillars of white light shot in ye Chen's direction like heavenly pillars. They were extremely fast and each pillar of white light could kill a seventh-level immortal God.

However, the immortal Dao domain in front of ye Chen turned into a light shield and enveloped ye Chen.

After a series of earth-shattering rumbles, ye Chen stood in the light shield, safe and sound.

On the other hand, the White pillars of light had completely dissipated.

It was blocked again.

Bai Zhou attacked with all his might but was still blocked by ye Chen.

"Damn it, damn it, how can this kid's battle strength be so strong? I don't understand!"

Bai Zhou's eyes widened, and he let out a roar of disbelief.

He was an eighth-level immortal God expert, yet he couldn't do anything to a first-level immortal God. If word got out, he would probably be laughed at.

In the past, he would never have believed that someone at the first-level immortal God Realm could resist his attack. But now, the truth was right in front of him. He had no choice but to believe it.

This was the truth.

Ye Chen's combat strength was too exaggerated.

"It seems like the Qiong Qi has to make a move."

"This ye Chen's combat strength is too strong. When I was at the first-stage immortal God Realm, even countless of me added together were not his match."

"Such a peerless heaven's favorite, no wonder young master Wei Qing wants us to kill him. If we let him grow, then we'll all be finished."

"Don't worry, he will die today. "

The crowd began to discuss again.

They were extremely amazed by ye Chen's talent.

However, there was no doubt that ye Chen was dead.

Could ye Chen survive against Qiong Qi, who was at the peak of the eighth level of the immortal God Realm?

"Qiong Qi, attack!"

Bai Zhou shouted.

BOOM!

Qiong Qi took a step forward, and the entire space trembled.

Strong!

So strong!

Everyone's eyes were about to pop out. Was this the true combat power of a Qiong Qi?

He was simply too strong.

Just his aura alone was already so powerful. If he were to personally attack, how powerful would he be?

No one could imagine it.

"Haha, good, good! Qiong Qi, unleash your full combat power and tear ye chen to pieces!"

When Bai Zhou saw this, he shouted in excitement, as if Qiongqi was him.
