

Genius 2511

Chapter 2511

One wrong step, one wrong step.

If Xie Baihe had had more backbone when he was held hostage.

He would not be in such a situation today.

Perhaps he would have taken Lin Mo down already.

The deputies originally wanted to fight for more.

But now the situation was such that they could no longer try.

Now that Xie Baihe was dead, if all of his men were also lost.

They would really have lost both sides and lost the bamboo basket.

They were not afraid to die, but as the leader said, their lives were not just their own.

After a resigned glance at Lin Mo.

The deputy then obediently carried out the leader's orders

On Lin Mo's side, he saw the other side slowly start to close the formation line and slowly retreat.

He forced himself to endure the pain that was tearing through his body, and with a calm face, he poked his feet forward.

And with this action, he instantly made Leader Wang confirm his suspicions.

This kid was fishing.

Thinking of this, he gave a wink to his deputy.

And then the group of Yan Guards sped up their withdrawal.

Lin Mo watched as all the figures of the other side disappeared into the forest in a four-sided manner.

He did not slacken off either.

Nudging his mouth, he secretly sighed with regret.

"It's a pity I didn't get to leave them all behind.

It was a waste of some of my acting skills."

With that he secretly wiped the blood from the corner of his mouth and patted the clothes on his shirt in a cloudy manner.

A dozen seconds later, his originally fading pale face also quickly regained its redness.

After doing all this, Lin Mo shook his head.

“This Wang leader, he is resourceful, if they had gathered together to evacuate.

I would have said something about hunting them down.

Forget it, forget it, it’s still the important matters of the Martial Union that matter.”

After saying that, he slowly stepped into the cab.

And then with a kick of the accelerator drove away from here.

And he was not wrong in this caution.

At this moment, between the layers of shrubs, several figures were quietly lurking here.

The whole time he watched Lin Mo’s changes, Wang Leader secretly gritted his teeth.

“As expected, this kid is being overly cunning.

Luckily we evacuated quickly.”

Originally, he had planned to pretend to evacuate while observing Lin Mo’s reaction afterwards.

As long as his opponent showed his tiredness and fled quickly, he would lead his subordinates to rush and kill him.

But now, it seemed that this was indeed a fishing expedition, intending to kill them all here.

Thinking about it, he was glad that he had made a wise choice.

However, his wisdom had been misplaced.

At this point, Lin Mo had indeed reached the point of exhaustion.

He drove a long distance away.

He couldn’t hold on any longer.

“Poof!”

With a violent cough, Lin Mo violently spurted out a large mouthful of fresh blood, infesting the entire cab.

But at this time, he recoiled and revealed a look of relaxation.

“It’s too tiring to fight such an old fox.

I almost folded in his hands.”

From the beginning to the end, the two sides were not just battling each other in terms of force.

It involved more of a psychological game, a mutual calculation.

From the beginning, holding Xie Baihe hostage, to the end, holding on to his weakened body and continuously taunting him.

What Lin Mo was fighting was a psychological game.

If that Wang leader, in the end, had been ruthless and led his subordinates to charge and kill once more.

He himself might have to perish on the field.

Fortunately, the victor of this psychological battle was himself after all.

It was just that.

But for not being able to take the life of Leader Wang.

Lin Mo still had a slight regret in his heart.

This man was not only strong, but his talent was even more outstanding.

If it wasn't for Xie Baihe's soft-heartedness, this leader Wang's plan to save Zhao by rushing Xu Hanxia would have really succeeded.

It must be said that Lin Mo really had to thank Xie Baihe for this battle.

Moreover, the information he passed through before he died.

It was true that Lin Mo had learned more about the Xie family's inner workings.

Chapter 2512

That Xie Baihe, among the many insider secrets revealed.

The one that had caught Lin Mo's attention the most was the reason why this Xie Qianshan had been helping this Japanese country.

On the one hand, he wanted to kill himself, while on the other hand, he seemed to want to find something in the territory of China.

According to Xie Baihe, if this matter was completed.

The Japanese country would gift the Xie family with the Aeon of Eternal Life.

"Che, if they really had this Aeon in the Japanese country, they would have dominated the world long ago.

How could it be his Xie Qianshan's turn."

After spitting out a sentence, Lin Mo once again accelerated the speed of the car under his feet.

At the same time, he was replaying this fight in his mind.

Driving the car, he kept speeding for about half an hour.

Only then did Lin Mo stop the car at the roadside.

After getting out of the car, he took out the car medical kit.

Dragging his tired body to the hillside, he began to treat the wounds all over his body.

A few of the more serious stab wounds were stitched up.

He then took out the golden ointment and rubbed all the wounds on.

Only then did he undo the acupuncture points that he had sealed.

By this time, the arm, which had been suffocated with darkness, was slowly regaining its blood colour.

After treating the external wounds.

Lin Mo again sat down cross-legged and used his energy to heal his wounds.

After a long time, it was only when a mouthful of dark blood spurted straight out.

Only then did he let out a sigh of relief.

Before he left, he secretly swallowed a Bloodstorm Pill by using the action of wiping the blood from the corner of his mouth.

This was what gave him the illusion of a rapid recovery of essence and energy.

However, this pill was a medicine to squeeze the human body's potential, so if he did not force it out of his body as soon as possible, he was afraid that it would damage his foundation.

After finishing everything, Lin Mo continued to take a bunch of pills in an orderly manner for internal injuries, qi tonic, qi supplement and nourishment.

After resting briefly for a while, he then stood up.

Just as he was about to leave.

Not far away, the sound of a conversation suddenly came.

"Crap, we're rich, this mountain, it's full of rare metals."

"Really? Quickly let me take a look.

My god, really eh, it's still open pit minerals.

We're about to get rich."

"Let's go, let's hurry back and report this, up."

.....

Wait until the two of them disappeared.

Lin Mo wasn't going to go up and ask about it either.

A little surprise among people!

With a faint smile, Lin Mo also did not put this matter to heart.

After rummaging through the car and pulling out a brand new patrol guard suit, he directly changed into it.

And only then did he get into the SUV.

“Brother Yang, we’ll be home soon!”

After secretly chanting a sentence.

Lin Mo then started the car and sped off towards Pan Yang City.

And when he arrived at his destination, he couldn’t help but frown.

Before coming here, he had already heard about the poor mountains and tough people in the United Provinces.

But after really seeing it with his own eyes, he had a deep experience.

As far as he could see, the road was crisscrossed with vehicles, but there were no rules at all.

It was all about driving on one’s own will.

There was no shortage of cars going against the traffic and taking over the road.

The dilapidated traffic lights have become irrelevant.

No one pays any attention at all.

On both sides of the road, in less than a kilometre, there have been no less than five brawls.

Of course the fights go on and on and both sides come to the side of the road.

Then again, with the sound of dripping cars, the car owners join in the fights.

It says it’s a city.

But there was no sign of any prosperity at all.

It gave the impression of a completely backward as well as disorderly place.

“This trip to the two provinces looks like there’s going to be a lot of work.”

After secretly spitting out a sentence, Lin Mo stopped paying attention to the surroundings.

He arrived directly at, the Martial Union a*sociation in Panyang City.

However, it wasn’t any better than outside.

The office building, which symbolised the face of the Martial Union a*sociation, was old and unfitting.

The outer walls of the first and first floors were even infested with colourful stains.

There were even egg shells and not clods of mud.

It seems that a lot of people have come here to cause trouble.

And the staff of the whole a*sociation was also pitifully small.

All the way until Lin Mo walked into the hall, the personnel he saw were only about ten people.

And these people, too, were lazy and lazy, none of them were doing any business at all.

Chapter 2513

After observing the surroundings for a while.

Lin Mo also understood that the situation was even worse than he had imagined, ah.

Now he also finally understood why his master and him had meant to say that he should hold too much hope for the local a*sociation.

Forget about it, let's settle for what comes.

Seeing that his plan to use the Martial Union's local a*sociation's power as a base point had fallen through.

He could only sigh secretly.

But for now, it was better to meet with Lin first.

Not long after hanging up the phone.

The sound of footsteps came from the first floor.

The first time Xu Hanxia saw her husband, she rushed up to welcome him.

After checking, she found that Lin Mo was not seriously injured.

Only then did she breathe a sigh of relief.

"You scared me to death!

You're not allowed to leave me alone from now on."

Xu Hanxia's eyes could not help but redden as she said that.

Across the table, Lin Mo also grinned and scratched the back of his head.

He wrapped his wife directly in his arms.

"I'm not worried about your safety.

Don't worry, no one who can kill my Lin Mo has been born yet."

And Xu Hanxia, who was in his arms, suddenly dropped a punch to his chest.

"I don't care, in the future, even if it's a desperate situation I'll face it together with you.

Big deal, we'll be a pair of dead lovebirds."

Hearing these words, Lin Mo even tightened his building even more.

All the time, the sound of Captain Wang's coughing reminder came from behind him.

At this time, Xu Hanxia, who was originally anxious, also reacted.

She could not help but blush when she was hugging Lin Mo in front of the public.

She then burst out of her husband's arms.

Seeing the couple separated.

Having eaten a mouth full of dog food, Captain Chen, the Martial Alliance patrol guard, smiled.

"Lord Zhen Yue, let me introduce you.

This is Martial Alliance Chairman Wang of Pan Yang City."

As his words fell.

It was only at this time that Lin Mo noticed the middle-aged man beside Captain Chen.

His face was king-size, and his head was half black hair and half white.

With a face full of smiles, all the wrinkles were squeezed together.

It was while Lin Mo was observing this man.

This President Wang across the street then quickly stepped forward and enthusiastically shook Lin Mo's hands.

"Lord Zhen Yue, my humble servant Wang Laosan, I've heard a lot about Mr. Lin."

"I didn't expect that our little Pan Yang a*sociation could welcome a big shot like you.

It's really a great honor."

After a round of flattery.

He was even more enthusiastic as he pulled Lin Mo towards the upper floor.

"Come, come, Lord Lin.

When we found out that Lord Zhen Yue was coming, we ordered someone to prepare a little wine early in the morning.

Please come this way, Lord Lin."

The words and actions of this party were warm and welcoming.

However, it made Lin Mo feel extraordinarily uncomfortable.

After glancing at Captain Chen, he saw that the latter shook his head slightly towards him.

He first cleverly broke away from the other party's palm.

Only then did he take his wife with him and follow President Wang up to the first floor.

Although the building of the association was a bit dilapidated.

However, the banquet hall inside was extraordinarily luxurious.

The large hall was covered with baked porcelain floor tiles.

Under the light of the huge crystal chandelier at the top, the whole hall shines.

The dining table and chairs in the centre of the main hall were also made of solid golden heather wood.

What was most surprising to Lin Mo was that.

The tableware was even gold bowls and silver chopsticks.

Seeing this scene, Lin Mo's brow furrowed even deeper.

Even the decoration of the finest hotels in Kyoto could not compare to this place.

And Wang Laosan completely ignored Lin Mo's expression.

He directly greeted the crowd and seated them.

And as Chairman Wang clapped his hands together.

A group of sexy, generously dressed, high-cut cheongsam service staff rushed in.

And then a plate of delicacies and seafood was brought up.

There was no shortage of expensive red wine.

"Lord Lin, you are young and talented, your future is bound to be bright.

I've been waiting for the moon and stars for you to come."

While saying all sorts of flattering words.

President Wang, while greeting the crowd, began to eat.

This was a result of what he had seen and heard along the way, causing Lin Mo to have no appetite at all.

Chapter 2514

After seeing Lin Mo's dissatisfaction.

President Wang smiled and asked.

"Lord Lin, is it that you are dissatisfied with the arrangements made by your subordinates.

Or is it that these meals do not meet, Mr. Lin's appetite."

At this time, Lin Mo slowly stood up in spite of Captain Chen's hint.

“Chairman Wang, I am a straightforward person and do not like to beat around the bush.

If there are some words from a junior that make the chairman unhappy.

I would also ask for your forgiveness.”

Across the table, Wang Laosan laughed and spoke with his gla*s of wine.

“Lord Lin, but there is no harm in speaking.”

Once his words had fallen.

Lin Mo’s face was flat as he slowly spoke.

“This envoy, having come all the way here, has gained a general understanding of the environment in Panyang City.

Previously, I thought that I was only overstating the case with regard to the Da Qiu United Province.

Now, it seems that this Pan Yang alone has left Lin staggered.”

“Let’s not talk about the law and order issue.

The situation of the Martial Union a*sociation alone is a great disappointment to this amba*sador.”

“If it were rough and tumble, I would be able to accept it.

But look at the extravagant decorations, President Wang.”

“The money spent on this decoration of the banquet hall and rooms is enough to rebuild four or five of these Martial Alliance a*sociation office buildings.

But please take a look at the unpleasant exterior of this office building, you Old Man Wang.

Don’t you think this is a bit ugly for you to eat.”

At the end of the sentence, Lin Mo’s tone also became serious.

In his position, he did not seek to do his job.

Doing nothing proper except slipping and sliding.

Moreover, all the members of the Martial Union in that office were young people under 30 years old.

They are also the kind of people who fish in troubled waters and do not do their proper work.

Such a local Martial Union a*sociation really made Lin Mo furious.

Along with Lin Mo’s accusations.

The entire atmosphere of the table also became serious.

And when Wang Laosan was faced with Lin Mo’s accusation, his face first flushed and then went down bitterly up.

The fists on his thighs were clenched in silence.

Only after a long time did he let out a long sigh.

“Lord Lin, you don’t know anything about our situation.

The matters involved are extremely complicated.”

“If you are interested, I will talk to you about it.

Then you will understand my hardship.”

Lin Mo was rather surprised by this statement.

Originally, he had expected the other party to be annoyed and angry.

What he didn’t expect was that this President Wang would react in this way.

After sitting down, Lin Mo raised his hand, signalling him to continue.

“Lord Lin, all the patrol lords, the matter is like this

As Wang Laosan narrated the story.

The general environment of the entire Da Qu United Province slowly unfolded in front of Lin Mo’s eyes as well.

It could be said that in the entire territory of China, the lowest presence of the Martial Alliance was in this Da Qiu Province.

It could be said that the ruling power here was completely controlled by the local forces.

The Martial Union’s a*sociation system is basically only internally mobile.

The reputation of the Martial Union’s president is often no match for the power of the local clans.

In such a form, the Martial Union is unable to do anything even if it has the will to do so.

“Moreover, the resources of our Martial Union in Panyang City are supported by the local Yin family.

Ever since Old Man Wang came to power, he has never seen any resources allocated from the headquarters.

With such a situation, Lord Lin, what do you think I should do.”

“If I hadn’t been flattering the Yin family’s old man.

This Panyang City Martial Alliance a*sociation of ours would have closed down long ago due to the lack of funds.”

Hearing this, although Lin Mo’s heart was burning with anger.

However, he still suppressed it extremely well.

“How is that possible?

The headquarters, for the resources of the various chapters, has never been left behind.

How could this side of Pan Yang City not get a single point?"

Across the table, Wang Laosan was sneering.

"What else could it be because of, didn't Lord Lin say that it was too ugly to eat?"

With that, he pointed to the ceiling above his head.

Such an action also made Lin Mo instantly understand the hidden meaning.

In that case, it seemed that the subsidised resources should have been eaten down midway.

Thinking of this, Lin Mo, in a fit of anger, directly left five deep fingerprints on the solid wood dining table.

Chapter 2515

After that, the whole conversation at the table slowly ended with a question and answer between Lin Mo and President Wang.

There was no worst form, only worse.

Even all the money for the decoration of the banquet hall Lin Mo was in was paid for by the Pan Yang Yin family.

And naturally, the other side was not kindly subsidising the Martial Union a*sociation.

This banquet hall was purely for the other party's face-saving purposes.

The Yin family would use it as a place of hospitality whenever a distinguished guest came.

Yes, the Martial Alliance a*sociation was his canteen, so could it not be dignified?

Even when President Wang received Lin Mo, he was only given the right to use it after asking the Yin family for permission beforehand.

Learning the truth of the matter, Lin Mo didn't even bother to get angry.

This Daqu United Province was a complete mess.

The branch of the Martial Union was also a complete existence in name only.

"Chairman Wang, it is my misunderstanding with you in this case."

"But don't worry, everything will turn out fine.

I, Lin, will make the Martial Union's banner fill every corner of Da Qu United Province."

Across the table, Wang Laosan was all excited as he lifted his wine cup.

"I look up to Lord Lin a lot over there."

Of course he was only slowly disdainful inside.

In for more than ten years, he didn't know how many times he had heard such words.

Every single one of them, the ambassa*sadors sent from headquarters had started off with such righteous anger and ambition.

But in the end, they still fled back to Kyoto in disgrace.

Therefore, he did not take Lin Mo's lofty words to heart.

He just kept on saying flattering words.

After three decades of wine, the dishes pa*sed five tastes.

The originally calm atmosphere of the banquet was completely broken with a group of a teenager with a full head of yellow hair.

After the door was pushed open, the yellow-haired teenager came straight to Old Wang's side.

"Old Wang, I heard that you want our banquet hall to receive important guests today."

Upon seeing the visitor, Chairman Wang immediately stood up.

With an ingratiating tone, he directly arched his body and said.

"Young Master Yin Mang, what great wind has blown you here."

The young man named Xing Yinmang did not pay any attention to him.

He went straight to the table.

He didn't care about the faces of the others.

He picked up the bottle of red wine on the table and poured it into his mouth.

"Yo, the food and wine is not bad?"

"It's just nice to use money that isn't your own, isn't it?"

Originally he had planned to celebrate his little girlfriend's birthday.

And after learning that his own Yin family's heavily funded dress-up banquet hall was occupied by President Wang.

Naturally, he was not happy about it.

After putting down the bottle of wine, he shifted his gaze to Lin Mo's side.

Only when he saw Xu Hanxia.

The same light was clearly radiating from his eyes.

Although he, Yin Mang, was not very old, he was also an old hand at love affairs.

As soon as he saw Lin Mo's relationship with Xu Hanxia, he knew that their relationship was extraordinary.

His heart instantly rose in displeasure.

How could such a dirtbag be worthy of such a character.

With a twinkle in his eye, Yin Mang then spoke with an arrogant expression.

“Hahahaha, I was thinking about what kind of distinguished guests President Wang would be hosting.

But it’s just a hairy boy, ah.”

“I’m going to celebrate my girl friend’s birthday later, so you guys should hurry up and retire.”

Lin Mo’s own nature was relatively low-key.

In addition, his previous clothes had been damaged in the battle with Yan Wei.

So he found a brand new uniform from the cross-country and put it on.

As far as Yin Mang was concerned, in the territory of Pan Yang, the Yin family could almost cover the sky.

It was just a small guard, not enough for him to see.

His words and actions also showed Lin Mo how lax the Pan Yang Martial Union was.

Even within the Martial Union a*sociation, outsiders could barge in at will.

If it were in Kyoto, such behaviour would be a capital offence.

After shaking his head, Lin Mo did not intend to stay any longer.

“Chairman Wang, since that’s the case, then we’ll take our leave.”

He did not want to dwell too much on the sudden appearance of Yin Mang.

After all, he, Lin Mo, still had many important matters to attend to.

It was just that the tree wanted to be still but the wind would not stop.

Just as he was about to get up and leave.

There was a sudden sound of a drink behind him.

“Stand still!”

Chapter 2516

“What? Something wrong?”

Turning to look at Yin Mang Lin Mo asked indifferently.

And this unperturbed look of his made Yin Mang really uncomfortable.

“You guys can leave, but this girl must stay.”

Only when Yin Mang finished speaking, he suddenly felt a chill come over him.

On the side, Wang Laosan looked at both sides, tit for tat, and hurriedly stepped forward to round up the situation.

“Young Master Yin, this is for the whole thing.

I was the one who was rude and didn't think things through, I should have spoken to Young Master Yin about it.

Come, allow me to introduce you.”

“This is

Just when he was with a face full of ingratiating intent, he intended to explain Lin Mo's identity.

Yin Mang waved his hand full of impatience, cutting his words off.

“Wang Laosan, I don't care who they are.

All I know is that this banquet hall was wholly decorated by our Yin family.

It's not for you to use to try to show off at the same time and to show off your relatives.”

After scolding Chairman Wang, Yin Mang turned his gaze back to Lin Mo's side.

After slowly sitting down, he first poured himself a gla*s of red wine.

Afterwards, he racked his Erlang and leisurely shook his gla*s of wine.

With a teasing and greedy gaze, he slowly spoke.

“You guys don't need to expect that this Wang's name can help you with anything.

Either leave this beautiful woman and leave obediently, or I will have my men carry you away?”

Hearing these words, Lin Mo twisted his head to look at Chairman Wang.

After the four eyes met, the latter shamefacedly shifted his gaze to the side.

Seeing this, Lin Mo could only shake his head helplessly.

“Young Yin, right, being good at the Martial Union a*sociation is a serious crime, don't you know that?”

This remark was made.

Yin Mang instantly burst into laughter.

“Hahahaha, a felony?

Then you tell Chairman Wang to arrest me.”

“Come on, old man Wang your colleagues have said that I have committed a felony of being good at the Martial Union a*sociation.

Quickly, arrest me.”

With that, he brought the wrists of his hands together and moved towards Wang Laosan's body with a flourish.

As for the latter, he could only smile with an awkward matching face.

"Young Yin, don't make a scene.

On this side of Pan Yang, who dares to arrest you, huh?"

As his words fell.

Yin Mang's original playful appearance was instantly withdrawn as he stared at Lin Mo with a hostile look in his eyes.

"Kid, did you hear that.

In Pan Yang I am the sky, want to arrest me, do you dare?"

After saying that, seeing that Lin Mo did not reply.

Yin Mang was even more proud as he walked up to the latter's body.

"Hello beautiful, I am Yin Mang, how about being a friend?"

"You're still young, you don't have much insight.

There are some people who look so beautiful in their uniforms.

In time, they're just a little mongrel."

"Why not have dinner with me tonight and I'll take you for a ride in my Bugatti and see the sights of this Pan Yang."

Saying that, he didn't wait for Xu Hanxia to answer.

He directly raised his hand and reached for the latter's cheek.

Only with such a move, just halfway up, a sharp pain came from his wrist.

"Ah, f*ck it, let go of me."

Lin Mo squeezed the other party's wrist with one hand while saying with a cold face.

"Excelling in the Martial Union a*sociation, its a crime of one."

"Molesting the family of the Martial Alliance's Zhen Yue Amba*sador, its crime is two."

"Right, and insulting the Zhen Yue Amba*sador, its crime is three."

"Do you plead guilty?"

At this moment, all of Yin Mang's attention was focused on his wrist, which was in severe pain, so he did not care about the content of the other party's words.

And as Lin Mo's words fell.

Under the pain, Yin Mang directly cursed angrily.

“What the hell, let go of me, or I’ll let you die without a burial place.”

But no matter how much he struggled, Lin Mo’s palm squeezed his wrist as if it was an iron vise, and he could not break free.

“You are unrepentant!”

After saying that, Lin Mo reached out and slapped him heavily on the face of Yin Mang.

Under the strain, the latter was directly slapped out.

Chapter 2517

Covering the large loose groove of his teeth.

Yin Mang’s eyes had rushed slow with blood.

“Cao, it hurts old me.

Their daring to touch Laozi, you wait for me.

A few of you won’t be able to walk out of Panyang City alive today.”

After swallowing a mouthful of bloody spit, he walked straight to the banquet hall, looking at the stance obviously going to shake people.

It was obvious that he was going to shake people. He stayed there until his back disappeared completely.

Wang Laosan, who had been smiling apologetically, also returned to his normal face at this point.

“Lord Lin, don’t worry about it.

This person’s name is Yin Mang, just a fop from the Yin family.

But with the power of his family, he has no one in sight and is a bully all day long.”

“I have long been displeased with the boy.

Now this slap from Lord Lin is a great relief.

It has also helped me to take out a bite of anger.”

For this Chairman Wang’s skill in changing his face.

Lin Mo couldn’t help but admire him a little.

One second, he was still bowing and groveling.

As soon as this person left, he immediately changed his face and started to frantically flatter his Lin Mo’s.

But thinking about the general environment he was in, it was actually understandable.

If he couldn't get his way, he wouldn't have dared to stay in this famous and insubstantial position of president for so long.

This was the way people survived.

Lin Mo couldn't say much.

Without answering the other party's words, Lin Mo simply said calmly.

"It's getting late, I should go and rest too.

If there's nothing important, Chairman Wang, we'll stop here today."

Wang Laosan instantly understood.

"Lord Lin, the subordinates have already prepared a residence for you.

Come this way please."

.....

On the other hand, Yin Mang, who had suffered a loss on the side of the Martial Alliance association, hurriedly arrived at the Heng Shan Casino.

This place, being the largest casino under the Yin family's name, was naturally filled with countless fighters.

Yin Mang walked straight to the backyard.

"Dog, Rat, order up the heads and come out with me."

As the words fell from his lips.

Ah Dog ran over with his head bowed and humbled.

Looking at the palm marks on Yin Mang's face, he subconsciously asked.

"What's wrong with you, Young Yin?"

However, the only answer he got was Yin Mang's evil words.

"Ask you Lai Lai a leg, f*cked by an out-of-town Martial Union patrol guard.

Hurry up and order some men to retrieve the scene with me."

This statement was made.

A group of fighters who were playing cards, smoking and drinking, directly stopped their actions.

"Cao, how dare someone touch our young Yin."

"Brothers, copy this!"

"Which hand did the hitting, I'll f*cking unload it on her."

In an instant the whole courtyard was instantly noisy.

And this noise drew Yin Tian Bao's attention.

With while his figure appeared.

The originally noisy backyard immediately quietened down.

"What are you doing, so much energy.

Since you don't want to rest, all of you will watch the all-nighter for me tonight."

At these words, a kind of fighter instantly became frustrated.

Watching the venue overnight was the most tiring job.

But Pao's words were holy orders, and they dared not say a word against them.

The only thing they could do was to turn their attention to Yin Mang.

In this way, Yin Mang could only go forward with a firm hand.

"Uncle, I was supposed to go to the banquet hall over at the Martial Union a*sociation to celebrate my girlfriend's birthday.

Instead, I was slapped by someone.

For a while, I was angry, so I thought I'd find Dog and Rats to help me get back."

With that he lowered his palm, revealing the puffy cheeks.

"How humiliating."

"Alright Dog, just take care of it with someone.

Even if someone from my Yin family, even if they are incompetent, it's not their turn to be taught by outsiders."

Yin Tianbao's words were at the same time pointing a finger at him.

However, even though Yin Mang heard the meaning of the words, he did not dare to say anything back.

Amongst the Yin family, the one he feared most was his eldest uncle.

"Uncle, we're just going to the Martial Union a*sociation, we'll be back soon!

We won't delay Dog and the others from watching the venue."

With that, he was about to lead a group of fighters to the Martial Union a*sociation in Pan Yang City.

Chapter 2518

And when he mentioned the Martial Union a*sociation.

Yin Tianpao suddenly frowned.

Then he called out to Yin Mang.

“Wait a minute, what place did you just say?”

A dumbfounded Yin Mang also gave an honest account.

“Over at the Martial Alliance a*sociation, ah.

Eldest Uncle, you don’t know how rampant Wang Laosan is right now.

Our banquet hall he is completely treating as if it was his own.”

“In order to hold up appearances, he even hosted a banquet there for his own colleagues from the Martial Alliance.

I only said a few words to that man, and then he struck and injured me.”

And all he got in return for his rambling words was Yin Tian Bao’s gloomy face.

“So, you just went over to the Martial Union to cause trouble this day?”

After nodding in confusion.

Just as he was about to say something back.

Another sharp pain came from above his cheek, and then his entire body was directly slapped away.

After landing on the ground, Yin Mang immediately felt dizzy.

With a puzzled emotion, he could only think of his eldest uncle and cast an aggrieved look.

And Yin Tianbao was not paid much attention to it, only snorting coldly.

“Do you know, who is the person that President Wang is feasting today?”

“That guest is the head of the Martial Alliance’s newly appointed Zhen Yue Five Amba*sadors, the Taishan Amba*sador, and even more so, the president of the two provinces.

That is the new star of the Martial Alliance headquarters, someone who holds real power.

Do you think it’s those wasteful presidents within the United Provinces?”

“Even I wouldn’t dare to clash with them head-on.

How dare you, to go and cause trouble.”

“It’s okay to be idle and not do your job, you’ll only cause trouble for your family.

Tomorrow, you will apologise to me and stay at home afterwards.”

After saying this, Yin Tian Bao waved his hand and turned to leave.

Yin Mang was left alone with a depressed look on his face.

After a long time, Dog saw that he did not move, so he tried to ask.

“Young Master Yin, let’s still go.”

“Laozi go you lai lai a leg, get lost for me.”

With that he covered, his cheeks, which had been slapped evenly and symmetrically from side to side, and foolishly left the place.

.....

Lin Mo’s side, under the enthusiastic leadership of Wang Laosan.

They arrived at the large villa within Pan Yang City that had been arranged for Lin Mo and the others.

Of course this was also provided by the Yin family.

After dropping Lin Mo and the others off, Wang Laosan said farewell.

“Lord Lin, the journey was tiring, so you should rest for a while.

If there’s anything, feel free to contact me.

I’ll leave you guys alone on my side for now.”

After saying that, he simply turned around and left.

All the way until after his figure disappeared.

Patrolman Chen then walked up to Lin Mo’s side.

Just as he was about to speak, he was suddenly stopped by Lin Mo with a raised hand.

Seeing the latter pointing at his ears, his gaze then had a look around the villa.

Captain Chen instantly understood what he meant.

After a long and careful search, the five men then returned to Lin Mo’s side.

“Lord Lin, it has been checked, there is no bugging device.”

It was at this time that Lin Mo spoke up.

“Although the Da Qu United Provinces have been attached to China, it has been too short a time.

The local forces already have a tendency to make themselves kings.

Our rectification of this place is to seize their power, so all caution is best.”

Captain Chen first nodded his head to show that he understood.

And only then said.

“Lord Zhen Yue, we are prepared to report the matter of Xie Baihe’s interception to the headquarters.

This is the paperwork for the report, I wonder if Lord Lin has anything else to add.”

With that, he handed over the document in his hand.

However, after receiving it, Lin Mo tossed the document aside without even glancing at it.

“There’s no point in reporting it.

Xie Qianshan will only put all the blame on a dead man.

When the time comes, the Martial Union won’t be able to move their Xie family without conclusive evidence.”

Hearing this, Captain Chen was also amazed.

From Lin Mo’s words, he understood that this Xie Baihe had already died by Lin Mo’s hand.

But so be it, if he killed him, he was already a dead man anyway.

Chapter 2519

After returning to his senses, Captain Chen added.

“Lord Lin, the situation over here today has rushed to an unpromising level.

For the sake of your lordship and madam’s safety, my subordinate intends to request some manpower from headquarters.”

For such a proposal.

Lin Mo also rejected it outright.

“There is no need, this side of the Great Qu United Province is already extremely xenophobic.

Recruiting too many Martial Union patrol guards would only provoke resentment from the ordinary residents.”

“I’ll ask Captain Chen to request for a secret guard to protect my wife’s safety.

It doesn’t have to be too many, just ten of them.

Remember to have them come in a low profile, it’s best that no one other than the headquarters knows their identities.”

“Yes, my subordinate understands!”

After the chat here.

Lin Mo returned to his room.

His wife had already finished tidying up.

Looking at Lin Mo who was full of fatigue, she said gently.

“You’re tired, take a bath.

I've already put hot water on for you."

Hearing these words, Lin Mo's heart warmed.

As long as his wife was there, everywhere was home.

Simple gestures and simple words were the best medicine to wash away tiredness.

Walking forward, Lin Mo gently wrapped his wife in his arms.

There were no words, only a faint warmth intertwined in this.

No words were spoken all night.

Early the next morning.

Lin Mo had just arrived on the ground floor when Captain Chen rushed back, panting.

"Lord Lin, it's not good.

The family of Instructor Yang that you asked me to investigate seems to have run into trouble."

.....

Little Garden Village.

Outside the dilapidated earthen house, by now it had gathered its residents full of fierce looking, sturdy and sturdy men.

"Yang Ma, you are not well, don't be so angry.

We have come here with goodwill.

You might as well think about it."

One foot stepped on top of the bed.

Li Fei scuttled his eyebrows and asked with a bad smile.

And the Yang mother on the bed was already red with anger at this point.

"Get lost, you guys get lost.

Even if I die, I will not sell Golden Cai Mountain to you guys."

In a moment of anger she couldn't help but cough violently.

Seeing this Xu Jiajia was naturally anxious.

Only at this moment, she was already being controlled.

In front of the two pagoda-like strong men on the other side, he was as soft as a small chicken, without any power to resist at all.

And Li Fei, who was beside the bed, saw Yang's mother in this state and did his best to gloat.

“Yang’s mother, you’re being a bit insensitive.

I’m at least doing it for your own good.”

“You are looking at your shabby house, you are looking at your poor life.

If you don’t think of yourself, you should think of your daughter-in-law.

If she marries into your Yang family at a young age, will she have to suffer for the rest of her life?”

“Here is ten million dollars, as long as you let go.

Your mother-in-law and daughter-in-law will be able to feed and clothe themselves from now on.”

The moment these words were spoken.

Yang’s mother’s anger instantly dissipated, and she took a look at Xu Jiajia, her face suddenly showing her intention.

However, just when Li Fei’s face was smug, he thought that this would be a success.

Behind him, Xu Jiajia suddenly shouted anxiously.

“Mum, don’t listen to him.

Jin Cai Mountain is the place where the ancestors of the Yang family have been buried.

If it is sold out the Yang family ancestors will not be able to die in peace.”

“And the dog will be back soon and our good days are coming, Ma”

Just when she intended to continue to tell.

Li Fei came up and raised his arm and directly threw a slap at Xu Jiajia’s face.

“Stinky tag-along, let you f*cking talk too much.”

At this moment, although the corner of Yang Jiajia’s mouth was bloodied, she still stared at Li Fei with a deadly gaze, and there was no sense of submission in her eyes.

And seeing this look on her face, a lecherous smile suddenly appeared on her face.

“Little b*tch, the angry look is even more moving.”

With that, he lifted his palm and reached for Xu Jiajia’s delicate cheek.

Chapter 2520

Inside the dilapidated earthen room.

At this moment, Li Fei was cupping Xu Jiajia’s smooth chin.

“I didn’t expect that Yang Dog-left, that murdering talent, would have such a good fate.

To be able to marry such a flowery daughter-in-law like you.”

With a lecherous smile, he then brought his nose forward and sniffed greedily.

It was also at that moment.

Xu Jiajia directly pooh-poohed and spat bloody spit all over Li Fei’s face.

“Laozi is f*cking giving you face.”

Wiping his face, Li Fei was instantly filled with anger before he flung another slap at Xu Jiajia’s face.

“f*ck, stinky tag-along, I’ll have my brothers give you a turn later.”

On the seat, Xu Jiajia faced his threatening words without any fear at all.

“Wait for my brother Doggy Left to come back, and come back none of you will have a good time.”

Li Fei burst out laughing.

“Hahahaha, Yang Gou Lue?

You probably don’t know it yet, but that killing genius is already dead in Kyoto.

Now, if anything, the body is probably frozen in Kyoto.”

“Wait? You won’t be able to wait for him in your generation.”

These words came out.

The Yang mother on top of the bed instantly turned dark.

This time the coughing and shivering became even more severe, and a mouthful of fresh blood directly edged the cover to a scarlet colour.

This scene, remembered Xu Jiajia directly cried out.

“Mom, don’t listen to his nonsense.

The dog left will definitely come back, don’t be anxious yet.

This rotten man is just trying to stimulate you on purpose, mum you must not fall for it.”

Although she said so.

But a hint of foreboding also appeared in her heart.

These people, even though they had taken a fancy to Jin Cai Shan before, they didn’t dare to be too reckless with Brother Gou Ruo around.

Thinking of this, he huffed and hurriedly shook his head.

Impossible, Brother Dog Left would not have an accident.

It had been grinding for so long.

At this point, Li Fei had also gradually lost his patience.

After coming to the bedside, he directly gave up on persuasion and spoke viciously.

“Old immortal thing, if you don’t agree to give up the Golden Cai Mountain again.

I’ll simply take a turn on your daughter-in-law.”

“Don’t count on your son, he’s already dead in Kyoto.

Otherwise, so much time has pa*sed that he would have crawled back.”

As he spoke more and more, Yang’s mother’s emotions became more and more agitated.

The face that had turned dark and dull gradually began to darken.

The mouth was even more infested with blood because of the violent coughing.

Across the table, Xu Jiajia was so distraught that she forced herself to endure the stinging pain on her face and cried out.

“Li Fei, you b*****d, come at me if you have anything to do, don’t make things difficult for my mother.

Otherwise I won’t spare you even if I’m a ghost.”

Li Fei turned around, his hands already on top of the waist of his trousers.

“Fine, since you have such a request, I naturally have to satisfy you.

Brothers, we’ve also had bad companions die at the hands of Yang Doggy left.

I’ll let his daughter-in-law pay the debt in a few days, what do you say?”

In a flash, several other strong men in the room instantly started to get up in arms.

“Tooru!”

“Tooru!”

“Tooru!”

“Hahahaha, I’ll have a taste of it first, and everyone will get a share later.”

With a face full of lustful smiles, Li Fei directly unbuckled the waistband of his trousers.

On the bed, Yang’s mother was powerless despite her intentions.

She could only stretch out her thin arms with a face full of reluctance, hoping to stop Li Fei.

But his body was too weak.

In addition, his anxiety and fire attacked his heart.

In a flash, both eyes went black and collapsed directly.

“Mum!”

With Xu Jiajia's hoarse call.

A figure quickly weaved within the narrow room.

In the blink of an eye, he arrived at the bedside, and then reached out to hold Yang's mother directly.

To prevent blood from filling her windpipe.

The person first used a pillow to cushion Yang's mother's waist.

Only then did he take out several Xuan needles and quickly stabbed them into Yang's acupuncture points.

Only after the latter's breath stabilised did the man stop his hand movements.

"A group of men like you, bullying an orphan and a widow.

Don't you think it's too shameless?"
