

## Genius 2511

### [Chapter 2511 2516-Auction House!](#)

By the time these people made a comeback, ye Chen's combat strength would have improved by an unknown amount.

Therefore, ye Chen did not care about them at all.

By the time these people arrived, ye Chen's cultivation base would have already been elevated. By then, would ye Chen still be afraid of them?

By then, there would be no need for the bug tribe warriors to make a move. Ye Chen alone would be enough to wipe them out.

If one came, he would kill one. If two came, he would kill a pair.

Ye Chen was very confident.

"What a strong bug race soldier. Seems like my choice to nurture them was worth it."

Ye Chen thought to himself.

Today was the first time the bug soldiers were fighting an actual battle.

The power that burst out was much stronger than ye Chen had imagined.

Lord Qiu's strength was terrifying enough, but he was still no match for the bug tribe soldiers.

If ye Chen had relied on himself today, he would not have been a match for Lord Qiu and would have been killed easily. Fortunately, the bug tribe warriors had made a move and successfully repelled Lord Qiu.

"It's time to go back. "

Ye Chen's eyes swept around. After making sure that there was no one around, he turned into a rainbow and left quickly.

.....

The immortal Palace.

Many majestic palaces stood in the sky.

Many beams of light flew by. They were all disciples of the immortal God Palace.

One of the streams of light was ye Chen.

Ye Chen flew toward the hall of missions, planning to hand in Chi Kui's mission.

In his storage ring, there was a trace of Chi Kui's energy that had been sealed by ye Chen. As long as he handed this energy over, the higher-ups would naturally be able to confirm whether Chi Kui was dead or not.

After all, the immortal God Palace was a super force with a Super Master. It was easy to do this.

"I want to hand in my mission."

Ye chen arrived at the hall of missions and smiled.

"Oh? Which quest do you want to submit?"

The old man was slightly taken aback. He sized ye chen up and asked after realizing that ye chen only had a cultivation base of first-level immortal God.

"What kind of mission can this kid hand in? at most, he'll be at the second level of immortal God Realm."

"Don't talk nonsense. He's only at the first stage of the immortal God Realm. It's already good enough for him to get a first-stage mission."

"You're right. "

"Maybe he can't even complete the first-level immortal God mission? Hahaha!"

"That makes sense!"

When the crowd heard this, they surrounded him one by one, revealing a mocking look.

They really wanted to see what level of mission ye chen would hand in.

After all, there were very few people who entered the hall of missions at the first-stage immortal God Realm.

Therefore, ye chen was targeted.

"I want to hand in the mission for Chi kui."

Ye chen waved his hand and a sealed piece of meat, which was the meat from Chi kui's explosion, was picked up by ye chen.

Silence.

The space was silent.

Everyone's mouth was wide open, revealing an expression of disbelief.

They naturally knew how difficult Chi kui's mission was. He was an expert at the seventh level of the immortal God Realm.

Could it be that ye chen could kill a seventh-level immortal God?

But how was that possible? Ye chen was merely a first-level immortal God cultivator.

"A mission to hand in Chi kui? You're not joking, are you, young man?"

Even the old man was stunned.

He took the sealed piece of meat, and a terrifying aura burst out of his body. His powerful divine sense swept over the piece of meat.

Without a doubt, this old man was also a true God. After all, he was the existence that guarded the hall of mission.

"It really is a piece of Chi kui's meat."

After the old man compared Chi kui's aura with this piece of meat, he found that the two auras were exactly the same, and nodded slightly.

"What?"

"How is that possible? How could he have completed a seventh-level immortal God mission?"

"Oh my God, could it be that we've misjudged him? he's actually hiding his cultivation level?"

"That's very likely. "

Everyone exclaimed in shock.

Under everyone's surprised gazes, ye chen received the five hundred billion celestial stones and left decisively.

He didn't want to be watched like a monkey.

Soon, ye chen returned to his residence.

He waved his hand, and the storage ring with 500 billion immortal stones appeared.

"I'll use this 500 billion to increase my cultivation level. "

Ye chen planned to advance to the second-stage immortal God Realm.

He had no choice. His cultivation level was too low and he was no match for Lord Qiu.

If they were in the same realm, ye chen could easily crush his opponent like an ant.

But the problem was that his cultivation level was too low.

"Advance!"

Ye chen roared, and the celestial light on his body bloomed endlessly, erupting with a terrifying power.

A total of five hundred billion immortal stones had been completely absorbed by ye chen in three days.

**BOOM!**

On this day.

The energy on ye Chen's body suddenly exploded like a star.

Immortal God second level.

Ye chen had successfully advanced to the second-stage immortal God Realm.

He relied on the 500 billion immortal stones from Chi kui's mission and successfully stepped into the second-stage immortal God Realm.

"Haha, what a powerful force. What level has my strength reached?"

Ye chen threw a punch in front of him. The fist print roared and carried a crazy sound wave, causing the space to tremble wildly.

His current strength must have increased a lot again.

Of course, he had a feeling that with his current strength, he was not a match for Lord Qiu.

Lord Qiu's strength was still stronger than his.

However, he was certain that his combat strength had increased by another level.

As for how strong he was exactly, he wasn't too sure. However, if he were to face Song Yan again, he would definitely be able to defeat him.

And not just suppression.

It was still impossible for ye chen, who was at the first level of the immortal God Realm, to defeat Song Yan. He could only suppress him. However, ye chen was now fully confident that he could defeat an expert at Song Yan's level.

Unfortunately, ye chen would probably have to reach the third-level of the immortal God Realm before he could reach the combat power of an invincible ninth-level immortal God.

That was equivalent to Lord Qiu's combat power.

Even so, ye chen was very satisfied.

After all, he was only at the second level of the immortal God Realm.

He was already very satisfied with such a powerful combat strength. If this kind of combat strength were to be spread, others would be scared to death.

In the blink of an eye, another ten days had passed.

In these ten days, ye chen had completed another eighth-level immortal God mission and received 1.5 trillion immortal stones.

"There are still ten days left until the inter-sect tournament. In these ten days, cultivation won't be of much use. I might as well go to the auction to take a look."

Ye Chen's mind moved and several more storage rings appeared.

In it was the 1.5 trillion immortal stones.

If he wanted to break through to the next realm, he would need at least 2 trillion immortal stones. Therefore, he didn't choose to break through. Instead, he planned to go to the auction to have a look.

The auction in the immortal God World would definitely have many good things.

Ye chen immediately left the immortal God Palace and flew in one direction.

Soon, he arrived at an auction house. This auction house was very high-class, and only three-star customers could enter.

### [Chapter 2512 2517-Auction!](#)

This auction house was only open to 3 star clients.

A 3 star client was the standard of the threshold.

A one-star client required one's assets to reach 100 billion immortal stones. Generally, only experts at the fifth-level immortal God Realm and above could become one-star clients.

A two star client would require 200 billion immortal stones.

A three-star client would need 500 billion immortal stones.

As for the four-star and five-star clients, they would need at least two trillion immortal stones. It could be said that the four-star clients and above were all true God level experts.

Except for real gods, almost no one could have such a large number of immortal stones.

Only 3-star clients and above could enter this auction house. One could imagine how high the quality of the items being auctioned here was.

Ye chen was originally a two-star client. However, after completing his missions these few days, he had gained a considerable amount of assets and jumped straight to a three-star client.

If the assets were lower than the standard by more than a month, the customer status would be automatically removed.

Ye chen stepped into the auction house.

"Sir, the basic auction is over there."

Someone who pointed the way said to ye chen kindly.

Ye chen nodded slightly and headed in the direction of the basic auction.

This auction house was one of the top auction houses in the entire immortal God World. It was called Yuan Chen auction house and it was founded by a peak true God expert.

Therefore, the entire auction house was further divided into elementary, intermediate, and advanced.

For the basic level, only 3-star customers could enter.

Intermediate, four star, advanced, five star.

With ye Chen's current assets, he could only enter the basic auction house.

"It's so big. "

Ye chen looked over and could not help but exclaim.

Big!

It was too big.

The entire elementary auction house was so vast that one couldn't see the end of it. It was at least ten thousand meters long and wide.

And there were thousands of seats, all densely packed together.

At this moment, the auction was about to begin. Many people were sitting in their seats, not saying a word, as if waiting for the auction.

Soon, a silver-haired old man walked out from the curtain.

After explaining the things to take note of, the silver-haired old man didn't waste any time and immediately started the auction.

"The first item is an immortal God level 9 battle saber. The starting price is 100 billion immortal stones ..."

p The first auction item was quickly pushed up in a small cart.

The first item was a level nine immortal God battle saber with a starting price of 100 billion immortal stones.

Such a price and level had truly opened Ye Chen's eyes.

"I bid 120 billion!"

Someone immediately spoke up.

100 billion to buy a level nine immortal God battle blade was a very good deal.

After all, this was a level-nine immortal God battle saber that could be used by experts at the ninth level of the immortal God Realm. It was enough to withstand the destructive force of a battle between ninth-level Immortals and gods.

Therefore, the material used to forge this battle sword was extraordinary and amazing.

"I bid 150 billion!"

Someone called out a bid.

"I bid 200 billion!"

Someone else made a bid.

After several consecutive bids, the battle blade was sold for 250 billion.

Ye Chen could not help but be amazed. This was only a basic auction house, but it could easily make a transaction amount of hundreds of billions of immortal stones.

Generally, a cultivator at the first or second stage of the immortal God Realm had a net worth of tens of billions, which was quite terrifying. They were all disciples of big families.

An ordinary first-stage immortal God was only worth a few hundred million immortal stones.

On the other hand, the vast majority of the people in the immortal God Realm were between the first and third stage of the immortal God Realm. Many people had cultivated in the immortal God Realm for tens of thousands of years and were still unable to cross the threshold of the third stage.

From this, one could see how difficult it was to raise one's realm.

Although ye Chen's cultivation base had improved rapidly, it was actually related to the resources he had.

If he didn't have enough immortal stones, he would need a lot of time to advance to the next realm by only comprehending.

And this was under the condition that ye Chen's talent was freakish enough.

Therefore, it was very difficult to earn immortal stones.

It might seem easy for ye chen to earn celestial stones, but in reality, it was because his combat strength was too strong.

However, in this place, hundreds of billions of immortal stones were easily traded away. Ye chen was surprised.

"The next auction item."

The silver-haired old man smiled and said, "have you heard of the one-leaf divine beast? The auction item today is related to the one leaf divine beast land. "

What?

Whoosh!

The crowd burst into an uproar. Everyone was extremely surprised as they discussed.

"A godly beast with a leaf? It's actually a one-leaf divine beast?"

"A one-leafed divine beast. This is a legendary creature that was born in the immortal God Realm!"

"Legend has it that a one-leaf divine beast is born at the ninth-stage immortal God Realm. Once it matures, it can even step into the true God Realm. Such a powerful creature is being auctioned today?"

"Unbelievable!"

The crowd was in a frenzied discussion, all of them extremely excited.

"A godly beast with a leaf?"

Ye chen furrowed his brows. He had never heard of a one-leaf divine beast.

However, from the sound of it, this one-leaf divine beast seemed to be very terrifying.

He was born at the ninth-stage immortal God Realm.

What kind of concept was this?

As mentioned before, most cultivators would never be able to cross the threshold of the third level of immortal God Realm in their entire lives. Without resources and guidance from teachers, it was very difficult to cross the threshold.

As for a one-leaf divine beast, it was born at the ninth-stage immortal God Realm, which was more than a hundred times stronger than a third-stage immortal God.

How could this be compared?

When a divine beast with a leaf reached adulthood, it could directly become a true God and become an Overlord.

This was even more abnormal.

"What we are auctioning today is the remains of a leaf divine beast!"

The silver-haired old man continued.

Whoosh!

The crowd was in an uproar again.

"The corpse of a mythological beast? Heavens, how much is this corpse worth?"

"Terrifying. Could it be the corpse of a true God level one-leaf divine beast?"

"If it's a true God level one-leaf divine beast, then it's going to be amazing."

"I'm definitely going to buy it!"

Some people were extremely excited and said that they must buy it.

There were also people who were filled with anticipation.

"Master, you must buy the body of this one-leaf divine beast."

At this moment, the bug clan Queen Mother's voice appeared in ye Chen's mind.

Due to the relationship between master and servant, if they wanted to communicate, they could communicate through their souls at any time, which was very convenient.

"Oh?"

Ye Chen was slightly taken aback. He did not expect the bug clan Queen Mother to ask him to buy the body of a mythical beast leaf.

What was the origin of this one-leaf divine beast? If it could only reach true God after growing up, it was not enough for ye Chen to take a fancy to it.

After all, ye Chen's current combat strength was not much different from a true God.

Could it be that there was something special about it?

"Master, look."

Immediately, the bug clan Queen Mother transmitted a bunch of information to ye chen through her soul.

The information recorded the special features of the one-leaf divine beast and another function of the bug tribe Queen Mother.

#### [Chapter 2513 2518-LAN Qi!](#)

The other function was special breeding!

Special nurturing.

As long as the Zerg empresses obtained the corpse of any creature, they would be able to extract special genes from the corpse and reproduce identical creatures.

That's right, they were identical creatures.

In other words, if ye chen obtained the corpse of a one-leafed divine beast, he could get the bug clan Queen Mother to create a one-leafed divine beast from the corpse, an existence that was exactly the same as the owner of the corpse when he was alive.

And their strength would be the same.

What kind of abnormal method was this?

The bug clan Queen Mother had not told ye chen about this before because he had not obtained any precious corpses. Of course, this secret technique could not produce creatures that were much stronger than the bug clan Queen Mother.

For example, if the bug tribe Queen Mother was at stage one true God Realm, she could only reproduce corpses at stage three true God Realm and below.

"Are you saying that it can produce a one-leaf divine beast?"

Ye Chen's eyes brightened.

If that was the case, things would get interesting.

A one-leaf divine beast was a super divine beast. It was an existence that was not inferior to Qiongqi. It was born at the ninth-stage immortal God Realm, which was much more powerful than Qiongqi.

After all, Qiong Qi had only reached the peak of the eighth-level of the immortal God Realm.

When a one-leaf divine beast reached adulthood, it could reach the level of a true God. Although they were both true gods, a one-leaf divine beast was much stronger than a Qiong Qi.

It would be interesting if it could give birth to a one-leaf divine beast.

"The corpse of a divine beast with a leaf!"

At this moment, the silver-haired old man had already gotten someone to push a large cart over. The large cart was covered with something. This thing was naturally the corpse of the one-leaf divine beast.

When the lid was opened, everyone looked up in anticipation.

"Wow, it really is a one-leaf divine beast!"

"Wow! I've never seen a one-leaf divine beast in my life!"

"It looks so powerful."

"What's the use of being powerful? he was still killed. "

"I'm definitely going to buy this corpse!"

Everyone was discussing.

They were all very excited.

"I'm sure everyone knows what effects the corpse of a one-leaf divine beast has, right? Since that's the case, let's start the auction. "

After introducing the effects of the godly beast Leaf's corpse, the silver-haired old man said, "the starting price is 500 billion immortal stones. The bidding starts now!"

Whoosh!

"I bid 510 billion!"

"I bid 550 billion!"

"F \* ck, you're offering so little. A bunch of poor F \* ckers. I'll offer 700 billion!"

Everyone immediately started bidding.

At this moment, a voice was heard.

"I bid 750 billion."

The bidder was a blue-robed young man. This blue-robed young man was different from the others. He sat in the front row of the VIP seats.

After seeing this blue-robed young man, the expressions of those who were about to bid changed and they immediately stopped bidding.

Especially some people, after seeing this blue-robed young man, it was as if they had seen a Demon King, and their faces changed dramatically.

"It's him, LAN Qi!"

p Someone shouted in shock.

"LAN Qi, it's him!"

"LAN Qi, Oh my God, I didn't expect it to be LAN Qi. Damn it, my one-leaf divine beast's corpse ..."

Everyone lost their confidence one by one, as if this LAN Qi was some peerless Demon King.

In fact, this LAN Qi was very strong.

It was ridiculously strong.

Most of the people present were experts above the seventh-level immortal God Realm, but they would be courting death if they wanted to provoke LAN Qi.

Not only was LAN Qi's combat strength ranked 91st on the primeval list, but he also had an even more monstrous background-the LAN family.

That's right, he was from the same clan as LAN Kang, whom ye chen had killed.

The primeval ranking was a special ranking. It was a list of experts in the entire immortal God world that was specially arranged.

It was said that the people on the primeval rankings were all top experts of the same realm.

Everyone judged whether this person had the qualifications to be ranked on the primeval rankings based on their battle records, such as what kind of experts they had killed.

LAN Qi was one of the powerhouses on the primeval state ranking. Although he was ranked at the bottom, he was still terrifying enough. One must know that those who could be ranked on the primeval rankings were all top geniuses, super geniuses, and invincible existences in the same realm.

If LAN Qi were to bid now, who else would dare to?

"The bid is 750 billion. Is there anyone else?"

The silver-haired old man asked with a smile.

To him, the higher the bid, the better. The more people competing for it, the better.

The more people competed for it, the higher the price would be, and the more immortal stones he would get.

Naturally, he hoped that there would be more auctions.

"Is there no one else bidding?"

The silver-haired old man swept his gaze over the crowd and was rather disappointed.

In fact, as soon as LAN Qi made his bid, even some of the noise quieted down, let alone the bidding. It couldn't be helped, LAN Qi's reputation was too great, making many people scared.

He was an expert on the primordial ranking.

Who would dare to compete with LAN Qi?

Just when everyone thought that no one would bid.

Suddenly, a voice was heard, causing LAN Qi's face to freeze.

"My bid is 750.1 billion."

This person was, of course, ye chen.

After ye chen spoke, the entire space fell silent.

There was a full three seconds of silence.

Then, someone spoke.

"What?"

"My God! He only offered an extra 100 million immortal stones?"

"What kind of joke is he making? is he deliberately offending LAN Qi?"

"Aren't you courting death?"

"Is he bidding like that because he doesn't know about LAN Qi's background?"

"You're joking, he's looking for death!"

The crowd burst into an uproar all of a sudden, each and every one of them discussing with incomparable excitement, extremely fanatical.

LAN Qi's strength and background were extremely shocking, yet ye chen had dared to offend him.

If this wasn't seeking death, what was?

Moreover, he had offended her on purpose!

Anyone could tell that the bid of 100 million was obviously against LAN Qi.

LAN Qi had offered 750 billion, and ye chen had offered 750.1 billion. Was he deliberately toying with LAN Qi?

This was offending him to death!

As expected, LAN Qi's expression turned extremely ugly.

"Eight hundred billion."

LAN Qi made another bid.

Whoosh!

No one expected LAN Qi to bid directly.

Eight hundred billion!

It was 50 billion more than just now.

Everyone was looking forward to it. Would ye chen bid again?

Was he really going to offend LAN Qi?

"I bid 80.1 billion."

As expected, ye chen spoke again in the next moment.

There was a hint of a smile in his eyes.

He had heard that LAN Qi was a member of the LAN family, so he had deliberately targeted LAN Qi.

When he had completed Chi kui's mission, ye chen had beaten up a man named LAN Kang.

LAN Kang was from the LAN family.

Since LAN Kang was so domineering, LAN Qi must not be any better.

Of course, it was also because ye chen had to obtain this leaf of the divine beast.

### [Chapter 2514 2519-Offending LAN Qi!](#)

"Bastard!"

LAN Qi was trembling with anger, and his eyes were filled with killing intent.

He did not know who ye chen was, but ye chen had targeted him like this.

This caused the killing intent in his heart to become extremely intense.

Who was he? he was a peerless heaven's favorite on the primeval realm's ranking. He was extremely powerful and had the LAN family, a super power, behind him.

He was actually being targeted.

One had to know what kind of person he was to actually be targeted by others. This was extremely rare.

So, was this kid courting death?

LAN Qi's eyes were filled with killing intent.

"Is there anyone else who wants to bid?"

The silver-haired old man's eyes were filled with anticipation.

To him, the higher the bid, the better.

He didn't care about the people and disputes under him.

"I bid 900 billion."

LAN Qi spoke again.

900 billion!

It was 50 billion more than before.

When LAN Qi spoke, his eyes flickered with an icy killing intent. If ye chen were to bid again, he would be deliberately targeting him.

The consequences of targeting him were very serious.

"That kid, I wonder if he still has the guts to bid?"

Someone said.

"Are you kidding me? that's LAN Qi we're talking about. Would he have the guts to bid?"

Someone laughed in disdain.

"But didn't you see that he only added 100 million immortal stones twice? he's obviously targeting LAN Qi."

The man said.

"That's true. Let's see if this kid is going to bid or not. If he does, it'll be interesting."

Everyone was waiting.

Sure enough.

Another bid.

"I'll bid 90.1 billion,"

Ye chen spoke again, his eyes filled with ridicule.

BOOM!

The young guard next to LAN Qi exploded with a powerful energy. A strong killing intent seemed to lock ye chen in place.

"Brat, you're looking for death!"

One of LAN Qi's guards shouted.

Ye chen had the audacity to provoke LAN Qi again and again, only increasing the price by one hundred million immortal stones each time ... What was this if not provocation? Anyone who knew a thing or two would know that this was a blatant provocation, and that LAN Qi wasn't a threat to them.

This was simply courting death!

Everyone's interest was piqued. LAN Qi was an invincible eighth-level immortal God on the primeval ranking. How could someone dare to offend such a super heaven's favorite?

One should know that LAN Qi was an existence on the primeval state ranking. His combat strength was extremely powerful. Ordinary ninth-stage immortal gods were not his match.

Most of the people present were at the seventh, eighth, and ninth stage immortal God Realm. They didn't dare to offend LAN Qi.

Now, a young man had appeared, and he repeatedly looked down on LAN Qi. This was interesting.

"What did I do?"

Ye chen asked.

Everyone was speechless. You're asking the obvious.

He should be clear about this.

"What's wrong with you? You bid 100 million immortal stones every time. You're provoking our master!"

The young guard bellowed. If it were not for the auction, he would have immediately killed ye chen.

"In an auction, anyone who has money can bid. Is there a rule that you can't bid 100 million more than the original price?"

Ye chen asked in return.

Yeah.

Everyone was stunned.

That's right, there was indeed no rule that no one could bid 100 million more.

Ye Chen's actions did not seem to be wrong.

However, everyone knew that he was provoking LAN Qi.

Otherwise, if he wanted to bid, he could have bid tens of billions. Why did he have to bid 100 million?

This was an undisguised targeting.

"Kid, I don't care where you're from or what reason you have. If you still dare to bid, you'll be dead after the auction."

The young guard shouted.

"Tsk tsk, a personal threat. Interesting."

Ye chen clicked his tongue and sighed.

If they weren't in the auction, the other party would have already made a move.

This was how overbearing the LAN family was.

That's right. As a big family, the LAN family was used to being domineering. Why would they pay attention to a mere second-stage immortal God Realm cultivator?

Usually, a weak second-level immortal God like ye chen would be treated like an ant by the LAN family, and their entire family would be casually killed.

Regardless of whether it was in the lower realm or the immortal God Realm, strength was everything.

Only with strength would one have the right to speak.

Naturally, the LAN family would not take ye chen seriously.

" 950 billion immortal stones!"

LAN Qi bid again.

Everyone was looking forward to it. Would ye chen still bid? He was obviously threatened by LAN Qi's young guard just now.

If he continued to bid, that would truly be a challenge.

"950.1 billion."

Ye chen said indifferently.

BOOM!

This time, it was not only the young guard next to LAN Qi, but also LAN Qi himself. An extremely powerful aura burst out from his body. It was extremely strong, and his killing intent was chilling.

"Brat, you're really courting death."

LAN Qi said word by word.

Ye chen had dared to offend him, LAN Qi. If he was not courting death, what was he?

Not to mention ye chen, even the ninth-level immortal God experts present did not dare to offend LAN Qi.

Not to mention that LAN Qi was backed by the LAN family, one of the Super families. There were many experts and many real gods.

LAN Qi's strength alone was enough to look down on them.

Ye chen dared to offend LAN Qi. Was he not courting death?

"Is there anyone else who wants to bid?"

The silver-haired old man continued.

Silence.

The space was terrifyingly silent.

LAN Qi did not continue bidding.

To them, the corpse of a divine beast leaf could only be used for comprehension.

Unlike ye chen, who could be recycled.

Therefore, it would be a loss for anyone to bid again.

"Then the body of this divine beast leaf belongs to guest 028."

The silver-haired old man said with a smile. It was really not bad that a corpse could be sold for more than 900 billion.

Under normal circumstances, it should only be able to sell for 600 billion.

"It's in my hands. "

Ye chen went backstage and took the storage ring that contained the body of the one-leaf divine beast. His eyes brightened.

The corpse of a divine beast.

With this corpse, he could let the bug tribe Queen Mother give birth to a godly beast leaf.

Although he didn't know how strong this one-leaf divine beast was when it was alive, it shouldn't have surpassed a true God.

Although the bug tribe Queen Mother had just woken up from her serious injuries, her cultivation base was still at the ninth-stage immortal God Realm. Therefore, it would not be a problem for her to breed those below the second-stage true God Realm.

"Bug clan Queen, I'll leave this corpse to you."

Ye chen waved his hand and handed the godly beast's body to the bug clan Queen Mother.

"Yes, Master."

The bug clan Queen replied obediently.

"How many days will it take for the reproduction to succeed?"

Ye chen asked.

He didn't want too much time to pass.

"About ten days,"

The bug clan Queen said.

"Very good."

Ye chen nodded slightly. Ten days was really short.

As long as he could reproduce this divine beast leaf, he would have another helper.

After all, it was still too slow to rely on his own cultivation.

### [Chapter 2515 The LAN Family Besieged!](#)

With a mythological beast leaf, ye chen would have a helping hand.

A leaf divine beast was an ancient divine beast. It was a rare beast with unfathomable combat power. No, it should be said that its potential was unfathomable.

A leaf godly beast, an ancient godly beast.

In ancient times, such an existence would be a super expert. Any one of the one-leaf divine beasts was a terrifying expert at the peak of true God level. After all, one-leaf divine beasts were born at the ninth stage of immortal God Realm. If they were given a little resources and grew up, it would not be difficult for them to reach the peak of true God Realm.

Of course, throughout history, countless one-leaf divine beasts had been trapped at the peak of true God, unable to advance an inch.

Above true God was God King.

If one wanted to step into the God King stage, one must first comprehend the eight great God domains.

This was still too far away from the current ye chen.

The corpse of a divine beast.

To other people, this was just a dead body. Other than storing it away or occasionally observing the body and comprehending it, it had no other use.

However, for ye chen, it was of great use.

If a one-leafed divine beast were to reproduce, it would most likely become a divine beast at the true God level. If it were to be slightly nurtured, its realm would rapidly increase. It was not a dream at all.

Moreover, external forces were very important.

This was just like the bug clan's Queen Mother. It was a great help. If ye chen alone encountered some danger, it would be difficult to escape with his current cultivation base.

For example, if it were not for the bug clan Queen Mother, ye chen would not have been a match for Lord Qiu and would have been killed by him.

This was the importance of external forces.

Sometimes, external forces were very important. Without that little bit of external force, one would be killed and their life would be over.

It could be said to be luck.

Of course, ye chen would not let his guard down either.

He was currently at the second level of the immortal God Realm. Ye chen planned to quickly advance to the third or even fourth level of the immortal God Realm.

Of course, this was on the premise that a large number of immortal stones were needed.

It was a fool's dream to break through to the next realm without immortal stones.

"Alright, you can leave the auction now."

Ye Chen's lips curled into a cold smile as he walked out of the auction house.

He knew that the LAN family would not let him off.

After all, the LAN clan had always been arrogant and despotic. They were used to a life of superiority. How could they be satisfied with being humiliated by ye chen in an instant? they would definitely find people to surround and kill ye chen.

They did not dare to make a move in the auction house. After all, the auction house was built by a super powerhouse and had rules. However, if they were outside the auction house, they could do whatever they wanted to ye chen.

As expected, he had just flown a distance when he was surrounded by a group of people.

Whoosh, whoosh, whoosh, whoosh, whoosh, whoosh, Whoosh!

One figure after another appeared out of thin air and surrounded ye chen. Their faces were ferocious and their eyes flashed with killing intent as if they wanted to kill ye chen.

These people's cultivation bases were not too bad. They were passable.

Most of them were at the sixth level of the immortal God Realm, and there were also seventh-level experts among them.

A seventh-level immortal God was considered an expert.

"You are from the LAN family?"

Ye chen sneered.

Who else could it be other than the LAN family?

He knew that the LAN family wouldn't let this matter rest. They would definitely send people to kill him.

However, ye chen did not expect these people to be like mad Dogs and come so quickly. They were too fast.

They had just come out of the auction house and people had already surrounded them.

It could be seen how much the LAN family wanted to kill ye chen. They could not wait to burn ye Chen's bones into ashes.

Sure enough, the leading figure sneered and said, "brat, you're just a second-level immortal God trash. How dare you offend young master LAN Qi? you're really courting death. Arrogant brat, any fifth or sixth-level immortal God would be enough to deal with you. I didn't expect young master to take you so seriously."

Among these figures, the lowest cultivation was at the sixth-level of the immortal God Realm. The highest cultivation had even reached the peak of the seventh-level of the immortal God Realm.

It was no wonder they were so confident that they could deal with ye chen.

Ye chen was merely a second-level immortal God trash. To them, they could easily suppress ye chen.

Any one of them was at the sixth-level of the immortal God Realm. It must be known that the combat strength of each level in the immortal God Realm was extremely different. An ordinary sixth-level immortal God could easily kill countless second-level immortal God Realm experts.

Ye chen, on the other hand, was only at the second level of the immortal God Realm.

No wonder they were so confident.

"There have been countless people who spoke to me like this before. It seems like you guys are looking for death too."

Ye chen sneered.

What?

What did he just say?

Did he know what he was saying?

The crowd was stunned. They did not expect ye chen to still be so arrogant at this point.

A mere second-stage immortal God trash actually dared to be so arrogant.

Did he think that he was a ninth-stage immortal God expert?

Apart from eighth-level immortal gods, even peak seventh-level immortal gods wouldn't be able to deal with their lineup. After all, they had the advantage in numbers.

Especially when the leader was a peak seventh-level immortal God expert.

There were even a few at the seventh-level immortal God Realm.

There were dozens of sixth-level immortal gods.

With their combat strength, they could easily kill ye chen.

Ye chen still dared to be so arrogant. Had he gone mad?

"Boy, you're just a second-level immortal God trash. How dare you be so arrogant? you're really shameless. How dare you say we're looking for death? I think you're the one looking for death!"

"He really doesn't know what's good for him. How dare a second-level immortal and divine realm B \* stard be so arrogant? he must have eaten a bear's heart and a leopard's gall. Which one of you will kill him?"

"I'll do it. "

One of the bald men sneered and took a step forward.

BOOM!

A powerful aura erupted from the bald man's body like an active volcano. His cultivation base had reached the sixth-level immortal God Realm.

A sixth-level immortal God could easily kill a fourth-level immortal God, not to mention ye chen, who was only at the second-level immortal God.

With his sixth-level immortal God cultivation base, it would be a piece of cake for him to deal with ye chen, who was only at the second level of the immortal God Realm.

"You want to make a move?"

Ye chen glanced at the bald man and a cold smile appeared on his lips.

"Kid, don't be arrogant. I'll break all your limbs and turn you into a piece of trash. Aren't you arrogant? I'll make sure you can't be arrogant anymore!"

The bald man said coldly.

With his strength, it would be easy for him to deal with a second-stage immortal God trash.

"Haha, let's go!"

"Kill him!"

"Kill this brat who doesn't know the immensity of heaven and earth!"

The crowd roared.

"Don't worry, I will kill him. "

The bald man sneered.

"Kill!"

The bald man roared and his figure turned into a Phantom. He instantly appeared in front of ye chen. Then, a giant axe appeared in his hand.

BOOM!

The axe fell down like an ancient divine mountain, its power extremely shocking.

The crowd sneered.

#### [Chapter 2516 Blue Sky Makes His Move!](#)

With the power of this strike, it would be easy to deal with a mere second-stage immortal God trash.

It could even be said to be using a butcher's knife to kill a chicken.

It was too easy.

The crowd sneered.

In the immortal God Realm, the gap between each level was huge, not to mention that there was a gap of four minor levels between the second and sixth level. The gap of four minor levels was undoubtedly huge.

In everyone's eyes, ye chen was almost dead.

Even if ye chen was a heaven's pride level figure, it was impossible for him to block this attack.

Prodigies could at most cross one or two minor levels to battle. How could they cross four minor levels to battle?

Perhaps only the peerless heaven's favorites on the primeval rankings could cross four minor levels.

The possibility that ye chen was a peerless heaven's favorite on the primeval state's ranking was almost zero.

Therefore, no one was worried about the bald man. They all thought that ye chen was dead for sure.

A sixth-level immortal God versus a second-level immortal God. There was no doubt that the second-level immortal God was doomed.

"BOOM!"

However, at this moment.

Ye chen moved.

Ye chen threw a punch.

There wasn't any fancy movement, just a punch.

Ye chen threw a punch. A fist print roared and rushed out, bringing with it a large amount of air waves and sound waves that swept everywhere.

The fist and the giant axe collided fiercely.

BOOM!

The giant axe was sent flying. The bald man retreated frantically while ye chen stood in place, unmoving, his face cold.

What?

Everyone revealed an expression of disbelief.

How was that possible?

How was this possible?

Ye chen was merely a second-level immortal God trash. How could he have repelled the bald man?

"Damn it, damn it, how can you be so strong?"

The large bald man revealed a look of disbelief as he roared.

He was a sixth-level immortal God expert. Although he did not use his full strength in the attack just now, he was still forced back by ye chen.

This was simply a miracle.

Everyone's mouths were wide open and they were dumbfounded because the combat power ye chen had displayed was too strong.

Crossing four small realms and blocking the bald man's attack was simply a miracle among miracles. Only the heaven's pride on the primeval wilderness ranking could do this.

Could this ye chen be one of the prodigies on the rankings?

However, this was impossible. On the primeval rankings, the lowest cultivation level should be at the seventh level of the immortal God Realm.

Ye chen could not possibly be a heaven's favorite on the ranking.

In that case, was ye Chen's combat strength that terrifying?

Everyone was stunned.

"Is that all you've got?"

Ye chen said indifferently.

In fact, he had only used one percent of his strength in that punch.

It was not even one percent.

Otherwise, he could have killed the bald man with one punch if he had used a little more force.

When ye chen was at the first level of the immortal God Realm, he could already suppress Song Yan, a top ninth level immortal God expert. Now that he was at the second level of the immortal God Realm, he could definitely kill Song Yan in seconds.

One percent of his strength was enough to push back the bald man.

"Kid, don't be too smug. I only used half of my strength in that attack just now!"

The bald man sneered.

That's right, he had only used half of his strength in the attack just now.

If he went all out, he would definitely be twice as powerful as the previous attack.

If he went all out, ye chen would be dead.

Even if ye chen was some peerless prodigy who could cross four minor realms and fight, so what? the bald man was a sixth-level immortal God expert. If he used his full strength, ye chen would still be dead.

"Haha, I knew it. It turns out that this guy was hiding his strength."

"I thought that kid was really that strong."

"This kid is only at the second level of the immortal God Realm. How strong can he be?"

"Hmph, he's dead for sure."

"Next, he will definitely die."

"Bald man, kill him!"

The crowd roared.

"Don't worry, I will kill him. "

The bald man revealed a ferocious smile, and the giant axe in his hand once again turned into a Phantom. Its speed was twice as fast as before, and its strength was also twice as strong.

Whoosh!

A ray of axe light suddenly expanded and slashed down in ye Chen's direction. It was as if an ancient mountain had fallen from the sky and was pressing down heavily.

He wanted to crush ye chen to death.

At the same time, a transparent immortal Dao domain appeared on the bald man's body, giving him a lot of power.

This was going all out.

The bald man went all out.

He didn't even use his immortal Dao domain just now.

"I don't have time to play with you."

Ye chen sneered.

BOOM!

He threw another punch.

This time, the fist print was even more terrifying than before. It was three times stronger.

That's right, it was three times stronger.

The bald man's attack was twice as strong, and it was even strengthened by the immortal Dao domain.

However, ye chen had increased his strength by three times.

Without a doubt, the fist print instantly tore apart the axe radiance and landed heavily on the axe.

BOOM!

The entire axe was shattered into pieces. The bald man's expression changed and he retreated. Even though he had retreated early, he was still hit and spat out a mouthful of blood. His eyes were full of horror.

How was that possible?

The crowd was in an uproar.

Are you kidding me?

"Damn it, this kid is actually this strong?"

Someone shouted in shock.

"It seems like we've underestimated him. With his combat strength, he's very likely to be on the primeval rankings."

Someone said.

"No wonder he's so confident."

Everyone recalled ye Chen's confident look and finally understood.

It turned out that ye chen was not arrogant, but he really had the strength.

Even a sixth-level immortal God was no match for ye chen.

It seemed like they would have to send a seventh-level immortal God expert to deal with ye chen.

"You guys, what other experts do you have? send them all out. If it's just this kind of trash, then don't fight with me anymore. Hurry up and get lost."

Ye chen said coldly.

"Arrogant!"

"How arrogant!"

"Damn brat, how can you be so arrogant?"

"Damn it, he deserves to die ten thousand times. He actually dares to look down on us?"

"He's so arrogant just because he defeated a sixth-level immortal God?"

The crowd burst into an uproar all of a sudden, each and every one of them extremely angry.

Ye chen had merely defeated a weakling at the sixth level of the immortal God Realm, yet he dared to be so arrogant and shamelessly boast that he wanted them to get lost.

A sixth-level immortal God was merely at the bottom among them.

Would it not be a piece of cake to send a seventh-level immortal God to suppress ye chen?

The seventh-level immortal God Realm was much stronger than the sixth-level immortal God Realm.

"I'll do it!"

A blue-robed young man stepped out.

"It's the blue sky. "

"With LAN Tian's help, that brat is dead for sure."

"LAN Tian's cultivation has reached the seventh level of the immortal God Realm a long time ago. He's considered an expert among them."

#### [Chapter 2517 2521-Invincible Divine Fist!](#)

LAN Tian's cultivation base was at the seventh level of the immortal God Realm, and he could be considered a powerhouse even among those.

Other than the leader at the peak of the seventh level of the immortal God Realm, LAN Tian's strength was the strongest.

With such strength, it would be a piece of cake to deal with a second-stage immortal God trash.

Ye chen was only at the second level of the immortal God Realm. Even if he could defeat the bald man, so what? the bald man was only at the sixth level of the immortal God Realm. There was a huge gap between his strength and LAN Tian 's.

Everyone believed that LAN Tian could easily defeat ye chen.

Even a fool would know that a seventh-level immortal God would lose to a second-level immortal God.

This was a battle without any suspense.

Even the heaven's pride experts on the primeval rankings couldn't fight across five small realms.

Crossing four minor realms, he could already be ranked on the primeval rankings.

Five minor realms?

It was probably something that only appeared in legends.

As for ye chen, it was clearly impossible.

"Seventh-level immortal God? You're not qualified. "

Ye chen sneered.

What?

What did he just say?

Everyone was once again stunned.

Then, the crowd burst into laughter.

"Hahaha, has this kid gone crazy?"

"He's crazy. He's definitely crazy. The seventh-level immortal God Realm isn't comparable to the sixth-level immortal God Realm."

"The seventh-level immortal God Realm is much stronger than the sixth-level immortal God Realm!"

"This kid is crazy. I don't know if I should call him arrogant or arrogant."

"You reckless brat."

"Arrogant and ignorant!"

"Blue sky will kill you in one move!"

"LAN Tian's strength is enough to kill you easily!"

Everyone was extremely excited, as if they could not wait for ye chen to die immediately.

Ye chen, a second-level immortal God cultivator with a low cultivation base, had provoked them again and again. They could not stand it.

"Brat, you're very arrogant."

LAN Tian growled.

He was at the seventh-level immortal God Realm, which was not something the bald man could compare to.

On the other hand, ye chen was still acting arrogantly. This was intolerable.

"I've said it before, you're not qualified. "

Ye chen said indifferently.

However, no one believed him.

"Arrogant! How arrogant!"

"Brat, I'll see how you die later!"

The crowd roared.

"Brat, I'll break all your limbs and cripple your immortal energy, turning you into a cripple. At that time, you'll know whether I'm qualified or not."

LAN Tian narrowed his eyes and said coldly, like a poisonous snake.

BOOM!

The next moment, a powerful aura burst out of his body. This aura was much stronger than the bald man's aura.

Strong!

What a powerful aura!

The seventh-level immortal God Realm was indeed much stronger than the sixth-level immortal God Realm.

Everyone backed away one by one. Their faces were filled with ridicule, looking forward to how ye chen would be beaten.

"Blue sky god fist!"

LAN Tian roared. His figure was like a Phantom, much faster than the bald man's speed. It was as if he had teleported and appeared in front of ye chen, throwing a punch.

BOOM!

Then, LAN Tian's figure flashed. After throwing a punch, his figure flickered and appeared at another angle, throwing another punch.

Ye chen snorted coldly and casually threw a punch. LAN Tian's fist was immediately forced back.

"This kid has such overbearing power."

LAN Tian felt a huge force coming at him, causing his body to stop for a moment. He could not help but be shocked.

In reality, this punch was only three percent of ye Chen's strength.

It was the same strength he had when he had just defeated the bald man.

However, even three percent of his power was extremely terrifying to LAN Tian.

"Hmph, undefeatable divine fist!"

LAN Tian's figure flashed again and he threw a punch at ye chen.

This punch seemed to be able to break the space, and the space trembled violently.

An undefeatable will emerged from LAN Tian's body.

Undefeatable divine fist.

This was an extremely profound cultivation technique.

If he cultivated it to the extreme, he could become a peak expert among real gods.

This LAN Tian had obviously only cultivated the undefeatable divine fist to the beginner level.

"Interesting."

Ye Chen's eyes brightened. This undefeatable divine fist was indeed interesting.

Ye chen did not care about LAN Tian's cultivation base but the cultivation technique that LAN Tian used made ye chen feel very interested.

"Invincible divine fist! It's the invincible divine fist!"

Someone shouted in shock.

"The invincible divine fist is an extremely profound skill. If you cultivate it to the extreme, you can become a peak expert among real gods."

Someone said in shock.

"It's that powerful?"

There were also people who didn't know the origin of the undefeatable divine fist and were dumbfounded.

"This time, that kid is dead for sure. With LAN Tian's cultivation base and the invincible divine fist, he'll definitely be able to defeat ye chen easily."

Everyone said with certainty.

What a joke. With LAN Tian's seventh-level immortal God cultivation base, it would be a piece of cake for him to deal with ye chen. Moreover, LAN Tian had also cultivated the invincible divine fist.

LAN Tian had obtained the undefeatable divine fist by chance.

This cultivation technique was extremely powerful.

"Undefeatable divine fist, kill!"

LAN Tian growled as if he had turned into an undefeatable God of War. An undefeatable will rose from his body, and he became extremely solemn, Holy, and Noble.

BOOM!

A ray of fist radiance swept across the sky and a punch was thrown in ye Chen's direction.

It had to be said that the power of the undefeatable divine fist was extremely terrifying. LAN Tian's cultivation base was at the seventh level of the immortal God Realm, but he could actually unleash the combat strength of a peak seventh level immortal God.

He was not much worse than the leader.

Ye chen smiled. He had decided to learn this technique.

So, he decided to tease this blue sky first.

"Bang!"

Ye chen also threw a punch. There was no fancy movement, just a punch.

One man can overcome ten!

Rip!

Blue Sky's fist ray was directly split in half by ye Chen's fist and torn apart.

"Invincible divine fist, Supreme!"

LAN Tian snorted coldly, and once again launched a fierce attack.

BOOM!

LAN Tian's entire aura became Supreme. The Phantom of an undefeatable God of War appeared behind him. Supreme and invincible, he looked down on everything and threw a punch in ye Chen's direction.

Ye Chen's figure did not move and he threw another punch.

BOOM!

The powerful force directly blew up the punch.

"What?"

LAN Tian's expression finally changed.

"What a wondrous cultivation technique."

Ye chen, on the other hand, had secretly learned the moves of the invincible divine fist with his amazing perception.

"I don't believe it. Invincible divine fist, invincible!"

LAN Tian roared again, and the shadow behind him exuded an invincible Majesty. It was as if a God had descended from the heavens.

BOOM!

BOOM!

Two consecutive fist gleams were sent out violently. They were incomparably fierce and aimed in ye Chen's direction, chasing after him.

## [Chapter 2518 Defeat Blue Sky!](#)

The power of these two fist radiances was enough to easily kill ordinary seventh-level immortal gods.

An ordinary seventh-level immortal God expert would probably be killed in one move in front of LAN Tian.

This was the terror of the undefeatable divine fist.

LAN Tian's cultivation base was not much different from an ordinary seventh-level immortal God. He was not much stronger.

However, when he used the undefeatable divine fist, his power could actually cross a minor realm and reach the power of an eighth-level immortal God expert.

This was the undefeatable divine fist.

It was an especially powerful and mysterious cultivation technique.

"Good, he's dead for sure now."

"Let's see how arrogant this kid can still be. "

"He's definitely going to die against LAN Tian's ferocious attacks. "

"It's a pity for a heaven's favorite. Originally, he could've fought across four small realms and defeated the bald man. He could've been considered a peerless heaven's favorite. It's a pity that he offended young master LAN Qi. There's only one end for him, and that's death.

"Not bad."

Everyone was discussing.

LAN Tian's attack was too fierce.

It was definitely not something that a second-stage immortal God could withstand.

They all thought that ye chen was dead for sure.

"BOOM!"

However, in the next moment, ye chen threw another punch.

An even more dazzling fist radiance drowned out the two fist radiances that contained the invincible will.

Defeat!

Defeat!

It was defeated once again!

LAN Tian's expression became extremely ugly, and everyone's faces darkened.

"Damn it, damn it, how can you be so strong?"

LAN Tian roared.

How could a mere second-stage immortal God-level trash have such a powerful combat strength?

This didn't make sense.

With his cultivation base at the seventh level of the immortal God Realm, he should be able to easily crush ye chen. Not to mention, his power had increased greatly with the help of the mysterious cultivation technique, the invincible divine fist.

How could he not be able to crush ye chen?

In fact, every one of his attacks was defeated by ye chen. This did not make sense.

"Nothing is impossible. At least, nothing is impossible in front of me,"

Ye chen extended a finger. "How about this? you make a few more moves and I'll defeat you in one move."

He had already learned quite a few moves of the undefeatable divine fist and knew that it was an extremely mysterious and profound cultivation technique. If he went back and studied it, it would definitely increase his combat strength again.

Even if he only learned one move, if he practiced it to a level of proficiency, it would allow ye chen to fight against an invincible ninth-stage immortal God.

Therefore, he had to continue learning. He let LAN Tian attack continuously. He wanted to learn all the moves of the invincible divine fist.

"Arrogant!"

"Arrogant, too arrogant. You're too arrogant, kid!"

"Defeating LAN Tian in one move? impossible! This is absolutely impossible!"

"Brat, you're too arrogant. You won't have a good end if you're so arrogant,"

"LAN Tian, kill him, kill him!"

"Hurry up and kill him!"

"Kill this arrogant and ignorant brat!"

"This arrogant brat. I've never seen such an arrogant person in my life. LAN Tian, hurry up and kill him."

The crowd roared one by one. They were extremely angry and excited.

They had never seen someone as arrogant as ye chen.

Who would dare to challenge a seventh-level immortal God expert when they were at the second-level immortal God Realm?

This was simply arrogant to the extreme.

Challenging someone who was five minor realms higher ...

There would only be one outcome, and that was death.

"Since you want to die, I'll fulfill your wish!@"

LAN Tian roared, "undefeatable divine fist, sweep!"

"Invincible divine fist, heaven-defying!"

"Invincible divine fist, invincible!"

"Invincible divine fist, Supreme!"

"Invincible divine fist, sky!"

"Invincible divine fist, divine punishment!"

"Invincible divine fist, reincarnation!"

He used several moves in a row. Boom, boom, boom, boom, boom, boom!

One after another, dazzling fist gleams were shot out. Each of them contained a different will, and each of them was very special and unique ...

These wills were very mysterious. They were the essence of the undefeatable divine fist.

"What a powerful force."

Ye Chen immediately learned these moves, but at the same time, he was surprised.

After LAN Tian used all the moves of the undefeatable divine fist, his power actually reached the eighth-level immortal God.

Even though he was only at the early-stage eighth-level immortal God Realm, this was already shocking enough.

LAN Tian's cultivation was only at the seventh level of the immortal God Realm. He was one small realm away from the eighth level. The difference of a minor realm between the immortal God Realm and the immortal God Realm was extremely huge.

It was simply unbelievable that LAN Tian, who was only at the seventh-level immortal God Realm, could unleash the power of an eighth-level immortal God.

This also indirectly explained the terror of the undefeatable divine fist.

"Hmph!"

Ye Chen snorted coldly. Although the undefeatable divine fist was powerful, it still depended on who was using it.

"Invincible divine fist, Supreme!"

A supreme will immediately appeared on Ye Chen's entire body.

**BOOM!**

Ye Chen's entire person seemed to have transcended time and space, becoming a Supreme God. Then, he threw a punch in the direction of the blue sky. This punch seemed to shatter space, directly causing the space to tremble wildly.

Hong long long ...

The space within a radius of tens of thousands of kilometers was directly turned into dust by this punch, turning into a void.

"Ah, how could it be? how could it be?"

LAN Tian's eyes almost popped out of their sockets when he saw that his attack had been easily defeated and ye Chen's fist force was still sweeping toward him.

How was that possible?

How could ye Chen's attack be so terrifying?

Just by looking at the power of this punch, one could judge that the power of this punch had definitely far exceeded the limit of LAN Tian's explosive power, which was far beyond the eighth-level immortal God Realm.

This was the power of a ninth-level immortal God, and even an invincible ninth-level immortal God.

How was that possible?

"Not good, block it, block it, block it for me!"

LAN Tian roared.

He did not have the time to wonder why ye chen also knew the undefeatable divine fist and used it in such a heaven-defying way. He immediately set up layers of defense in front of him.

However, it was useless.

In the face of ye Chen's fist, his defense was as laughable as paper.

**BOOM!**

The fist radiance swept across LAN Tian's body. LAN Tian's entire body shook violently from the impact. He flew backward like a cannonball.

He was sent flying for a few thousand meters before he landed heavily on the ground. It was unknown whether he was still alive or not.

Silence.

The space was silent.

There was a full three seconds of silence.

There was a sound.

"Ah, ah, how is that possible?"

"How is this possible?"

"He's only at the second level of the immortal God Realm. How can he defeat LAN Tian?"

"That's impossible. I think he used the undefeatable divine fist to defeat LAN Tian."

"This is completely heaven-defying?"

"Unbelievable! He's a peerless heaven's favorite!"

"What should we do? young master LAN Qi wants us to kill him, but his battle strength is too shocking."

[Chapter 2519 Hand Over Your Storage Ring!](#)

How was that possible?

Ye chen had defeated LAN Tian so easily?

LAN Tian's cultivation base was at the seventh level of the immortal God Realm. With the power of the undefeatable divine fist, he could definitely defeat a peak seventh level immortal God.

In the immortal God Realm, the difference in combat strength between each minor realm was extremely great. Moreover, ye chen was only at the second level of the immortal God Realm, so he was many times weaker than the seventh level.

However, this second-level immortal God had actually defeated LAN Tian.

How was that possible?

How was that possible?

This had completely subverted everyone's imagination. No matter how rich their imaginations were, they could not imagine that a second-level immortal God could defeat LAN Tian.

LAN Tian had a cultivation base at the seventh-level of immortal God Realm.

Coupled with the undefeatable divine fist, he would definitely be able to fight against an eighth-level immortal God expert.

However, such a combat power had been defeated by ye chen.

Did this not mean that ye Chen's combat strength would still be at the eighth-level of the immortal God Realm? Or even stronger?

"Unbelievable. This is truly unbelievable."

Everyone was shocked. For a while, no one dared to attack ye chen.

What a joke. Even LAN Tian, who could match an eighth-level immortal God, had been defeated, let alone them. Among them, the one with the highest cultivation base was only at the peak of the seventh-level immortal God Realm.

The peak of the seventh-level immortal God Realm was still a long way from the eighth-level immortal God Realm. An eighth-level immortal God expert could easily defeat a peak seventh-level immortal God.

If ye chen could defeat LAN Tian, they would be seeking death if they went up.

"How is it? is there anyone else who wants to fight?"

Ye Chen's eyes swept across the room as he spoke indifferently.

Everyone's reaction was within his expectations.

In fact, anyone who saw a second-level immortal God defeat LAN Tian would be shocked.

It was too terrifying.

This kind of combat power was not human at all.

"No one wants to fight me, right? Go back and tell that LAN Qi that if he wants to take revenge on me, he should get some experts to come over. Don't waste my time with some trash. "

Ye chen said coldly.

Anger ...

Everyone's faces were filled with anger. Ye chen had clearly called them trash.

However, none of them dared to make a move. Even LAN Tian had been defeated by ye chen.

Even LAN Tian, who was at the seventh-level of the immortal God Realm and whose combat strength was comparable to the eighth-level of the immortal God Realm, was not ye Chen's match. If they went up to fight, they would only be asking for humiliation.

"Hmph, don't be happy too early, kid. I admit that you're strong, but our young master Lanqi will definitely not let this go."

"That's right, don't be so arrogant. Our young master LAN Qi's power is definitely not something you can compete with."

"Next time, we won't be sending peak seventh-level immortal gods, but eighth-level immortal gods."

"Brat, don't be too smug. You're dead next time!"

Everyone snorted coldly.

"Oh? Was that so? Then I'll be waiting!"

Ye chen sneered.

He had no way of explaining himself to these people unless he displayed his full combat strength.

However, he needed an opponent to show off.

"Hmph, kid, just you wait!"

Everyone left immediately after leaving their harsh words.

"You want to leave?"

Ye chen stood in front of them, a strange smile on his face.

"Ah, you, you're not letting us go?"

"Damn it, how dare you not let us go? we're young master LAN Qi's men!"

"Do you know what will happen to you if you touch us? You will die a miserable death!"

"You dare to touch us?"

The crowd roared.

They did not believe that ye chen would dare to completely offend LAN Qi.

"Don't worry, hand over your storage rings first, then I'll let you go. "

Ye Chen's face turned cold.

"What? You want us to hand over our storage rings? Don't even think about it!"

"This is impossible!"

"Impossible, absolutely impossible! You want us to hand over our storage rings? don't even think about it!"

"That's right, this can't be handed over at all. "

The crowd roared in anger.

Asking them to hand over their storage rings was worse than killing them.

Their storage rings contained the savings that they had accumulated over the years. How could they hand it over just like that?

If he wanted them to hand over their storage rings, he would rather kill them.

"You won't hand it over?"

Ye chen asked.

"I won 't!"

The crowd was furious.

Ask them to hand over their storage rings?

This was impossible!

"You don't want to pay? Then I'll have to show you what I'm capable of. "

Ye chen sneered.

BOOM!

He threw a punch at one of the people who was roaring, and that person was stunned.

Then, his entire body exploded, turning into a pile of flesh and blood.

Die!

He killed the peak seventh-level immortal God Realm leader with one punch.

"So, you don't want to hand it over? If you don't hand it over, you'll die!"

Ye chen sneered.

What a joke. These people were here to kill him. If ye chen had not been strong enough, he would have been killed by these people.

Before killing them, they would be subjected to all kinds of humiliation as instructed by LAN Qi.

LAN Tian had said before that he would break ye Chen's limbs and cripple ye Chen's celestial energy, turning him into a cripple.

Therefore, ye chen did not have a good impression of these people at all. Since they did not hand over their storage rings, they could die.

Ye chen had never been a hesitant person.

"Ah, ah, you devil, you devil!"

"Demon, you're a demon!"

"Devil, you devil!"

"Damned devil, you will get your retribution one day!"

The crowd roared.

"Are you going to hand it over? If you don't hand it over, you'll all die!"

Ye chen said coldly, "you people came to kill me. Do you really think I'm good-tempered?"

With his strength, if he wanted to kill everyone, he could do it in a second if he went all out.

He didn't want to hand over his storage ring?

That was death!

"Alright, alright, alright, I'll pay, I'll pay!"

Finally, someone was afraid.

He had seen ye Chen's previous methods. They were ruthless and his attacks were as fast as lightning. There was no hesitation at all. He knew fear.

Compared to his life, his life was still more important.

If they lost their immortal stones, they could still earn more. But if they lost their lives, where would they go to earn immortal stones?

He had no choice but to hand over the immortal stones.

"Yes, that's good."

With a wave of his hand, ye chen summoned everyone's storage rings and probed them with his immortal consciousness. Ye chen shook his head slightly. These people's wealth was too low.

All these storage rings added up to a few hundred billion immortal stones.

However, it was normal. The leader's cultivation was only at the peak of the seventh-level immortal God Realm. He had not even reached the eighth-level immortal God Realm. It would be strange if such a lineup had any wealth.

However, a few hundred billion immortal stones were enough for ye Chen's cultivation base to break through one level.

After so many days of cultivation, ye chen was already very close to the third level of the immortal God Realm.

With the addition of these hundreds of billions of immortal stones, the probability of breaking through to the third-stage immortal God Realm was still very high.

"You guys, get lost."

Ye chen waved his hand and said indifferently.

"Hmph, kid, just you wait!"

"Don't think that you're amazing just because you have some combat power. With that bit of combat power, you'll be crushed immediately!"

"Kid, just you wait!"

The crowd roared. They were furious. What a joke. Their storage rings had been taken by ye chen. How could they not be angry?

Although there weren't many immortal stones in there, it was their savings of many years.

It had been snatched away by ye chen just like that, especially when ye chen was only a second-level immortal God trash ...

They could hardly accept this.

If ye chen had not killed the peak seventh-level immortal God leading them, they would not have left their storage rings behind.

Being humiliated by a second-level immortal God cultivator, many people were almost going crazy.

If not for the fact that their lives were still in ye Chen's hands, they would have definitely attacked him.

It could not be helped. Ye Chen's combat power was too strong and it made them tremble in fear.

If they attacked ye chen, they would be courting death.

Even LAN Tian, who had a seventh-level immortal God cultivation base and a set of ultimate techniques, the undefeated divine fist, had been defeated by ye chen despite his combat strength reaching the eighth-level immortal God.

If they dared to attack ye chen, they would definitely be courting death.

"Let's go!"

Everyone hurriedly left the place.

Ye chen watched them leave and did not stop them. He waited for them to find more helpers.

Anyway, they were all here to give ye chen immortal stones.

That's right. In ye Chen's eyes, they were here to deliver things to him.

"LAN family, the more people that come, the better!"

Ye Chen's lips curled into a cold smile.

Since LAN Qi wanted to mess with him, he would do it.

Let's see who can beat who!

As a super big family, the LAN family had quite a few true God experts. They must have a lot of wealth.

When ye chen thought of the LAN family's wealth, he wanted nothing more than to snatch it from LAN Qi.

As a large family clan, the LAN family indeed had quite a few true God experts.

Such a super large family must have an unimaginable amount of wealth.

There was no telling how much wealth LAN Qi alone had. He must have at least a trillion immortal stones.

Ye chen lacked nothing but celestial stones. First, he wanted to use them to nurture bug tribe warriors and needed a large number of celestial stones. Second, he needed a large number of celestial stones to break through his own realm.

The number of immortal stones he needed to break through was simply shocking.

If it wasn't for his hard work these days, which allowed him to be extremely close to the third-stage immortal God Realm, these hundreds of billions of immortal stones would have been for nothing.

Of course, it was enough for now.

"It's time to break through to the third-stage immortal God Realm."

Ye chen looked at the storage ring in his hand and a smile appeared on his face.

He was planning to break through to the third-stage immortal God Realm.

.....

In a mountain.

Ye chen was in closed-door cultivation.

Whoosh!

A large number of celestial stones appeared out of thin air and exploded, turning into endless celestial energy that surged into ye Chen's body.

The strength in ye Chen's entire body continued to increase. His bone armor was also strengthening.

Under the nourishment of a large amount of celestial energy, Ye Cheng's physical body was also getting stronger and stronger.

After an unknown amount of time.

Ye chen could feel that his celestial energy had reached a saturation point.

It was time to break through to the next realm.

Now that he had enough celestial energy, he could break through to the next realm. Ye chen thought.

"Break, break, impact, impact!"

Ye chen roared in his heart.

BOOM!

Soon, the immortal force in his body began to boil.

It was extremely difficult to advance to each level of the immortal God Realm.

This was especially true for a freak like ye chen. He was a freak among freaks. It was several times more difficult for him to advance a small realm than for others.

It might even be ten times or a hundred times more difficult.

p The more powerful a monster was, the more difficult it was to advance a small realm.

For a freak like ye chen, the amount of energy required to advance a small realm was simply unbelievable.

"Break! Third level of immortal God!"

Ye chen roared.

BOOM!

BOOM!

Waves of powerful aura burst out from his body, as if a planet was constantly exploding.

After an unknown amount of time.

The aura on his body finally became stronger.

Third-level immortal God.

He had successfully broken through!

"Haha, what a powerful force!"

Ye Chen threw a punch. The power of this punch was definitely stronger than when he was at the second level of the immortal God Realm.

This was the horror of the immortal God Realm.

Each level could increase one's combat power.

It was very difficult for someone at Ye Chen's level to improve his combat power even a little. After all, an immortal God-level master was like a god in the lower realm.

The only way to increase one's combat strength was to advance to a higher realm.

"Let's try the undefeatable divine fist. "

Ye Chen roared, "Invincible divine fist!"

The undefeatable divine fist was divided into several moves.

They were respectively.

Sweep.

Heaven-defying.

He was invincible.

Supreme.

The sky, the heavenly punishment, and the cycle of reincarnation.

Among them, the sweeping and heaven-defying moves were the most basic moves. However, even the most basic moves were only relative. In reality, they were extremely difficult to cultivate.

If one wanted to successfully cultivate sweep and heaven-defying, an ordinary person would have to spend thousands of years or even tens of thousands of years.

However, Ye Chen was different.

When he saw LAN Tian's move, he saw clearly how he had made the move and the essence of it.

So he learned it.

If this kind of comprehension ability was revealed, it would definitely scare people to death.

"Sweep!"

Ye Chen threw a punch and a fist ray swept out. It contained the will of the invincible divine fist.

"Heaven-defying!"

Another punch was thrown, and the dazzling fist radiance seemed to be really heaven-defying as it suddenly bombarded the space in front of him.

BOOM!

The entire space trembled violently, and the space within a radius of a million kilometers was annihilated.

"What powerful strength!"

Ye Chen could only feel that after reaching the third-stage immortal God Realm, the power of his invincible divine fist had become much stronger.

Realm was the foundation of a cultivator. If one's realm was not high enough, no matter how strong the secret skill was, it would be difficult to exert its effect.

Ye Chen now had the strength to fight against Master Qiu.

In other words, he had reached the strength of an invincible ninth-stage immortal God.

However, the nine levels of The Invincible Immortal God stage were also divided into three stages.

It was known as the third rank.

The first stage was Lord Qiu's level of combat strength, which was enough to fight hundreds of ordinary ninth-stage immortal God experts without being defeated. It was extremely terrifying.

It was only a matter of time before such an expert would be promoted to a true God.

As for the second stage, Ye Chen had yet to encounter one.

Therefore, he was still unclear about how powerful a second stage unrivaled immortal God was.

However, it was certain that he was much stronger than someone on Lord Qiu's level.

As for the 3rd rank, that was a legendary existence.

Those who were able to reach rank two would have already become true gods.
