

Genius 2521

[Chapter 2521 2526-LAN Qi Arrives!](#)

As for the type 3 realm, they were only existences of legends. Normally, type 3 existences would have already become true gods.

There were very few stage three invincible ninth-level immortal God experts.

Therefore, rank two was usually the peak.

Not to mention the second level, even if it was only the first level, an expert at Lord Qiu's level was already a terrifying existence. One against a hundred of the same level, what kind of terrifying combat power was this?

Ordinary people would not be able to imagine it!

Stage one was already known as an invincible ninth-level immortal God expert. It could be seen that stage one was already very powerful.

It was unknown how many ninth-level Immortals and gods would only have one stage one.

Only one stage two expert could be found among stage one experts.

Therefore, it was very rare to see an existence with stage-two and stage-three combat power.

"My current battle strength should be comparable to Lord Qiu."

Ye Chen's lips curled into a smile as he looked forward.

Buzzzzzz!

A divine sword appeared out of thin air, letting out a humming sword cry. It was the Tai 'a sword.

The Tai 'a sword exploded with sword Qi that looked like full moons, sweeping out in all directions. The sword Qi seemed to travel through time and space, tearing space apart, and appeared millions of meters away in the next moment.

Boom, boom, boom, boom, boom!

The huge mountains were directly blown apart by the sword Qi.

"What a powerful might."

Ye Chen's eyes brightened.

Just by using the Tai 'a sword and the divine sword's triple slash, he already possessed such power. It was enough to remain undefeated in front of Lord Qiu. If he used his trump card, the invincible divine fist, he could indeed compete with Lord Qiu.

Of course, this was just his judgment based on what he saw.

He still had no idea how strong Lord Qiu's true combat power was.

But one thing was for sure, he would be able to fight Lord Qiu without dying.

Ye chen was not sure how strong master Qiu's true combat power was and whether he had any particularly powerful trump cards.

However, ye chen was certain that his current combat strength had already reached the standard of an invincible ninth-level immortal God, which was the standard of a first-stage immortal God.

It was very strong.

It was extremely powerful.

Now that he was facing Song Yan again, he could easily kill Song Yan, or even a group of Song Yan.

"What?"

At this moment, ye chen frowned.

"I didn't expect it to come so quickly."

Ye chen rubbed his chin. He did not expect the LAN family to arrive so soon.

Whoosh, whoosh, whoosh, whoosh, whoosh, Whoosh!

One figure after another appeared out of thin air around the mountain. They surrounded ye Chen's position and flew wildly toward him.

Each figure's aura was very powerful. They were at least at the seventh-level immortal God Realm. The leader among them was at the peak of the eighth-level immortal God Realm.

The leader was wearing a blue robe, and his aura was unfathomable. It was LAN Qi.

That's right, LAN Qi had personally brought people over to kill ye chen.

When he found out that ye chen had easily defeated his men, he was so angry that he wanted to tear ye chen into pieces. That was why he had come in person.

In order to kill ye chen, he, a peerless heaven's pride, a peerless monster on the primeval ranking, actually planned to personally come and finish ye chen off. This was interesting enough.

"Ye chen, get out here!"

After LAN Qi's arrival, he floated above the mountain like a god.

Then, he suddenly stomped on the mountain.

BOOM!

A giant foot appeared on top of LAN Qi's head. It was like the foot of a God, and it suddenly stomped down, as if the entire sky was collapsing.

The entire space was pierced through.

"What a terrifying power."

"Heavens, young master LAN Qi is that strong?"

"What a powerful force!"

"Young master Lanqi's strength is probably enough to kill ordinary ninth-stage immortal gods, right?"

"What terrifying power!"

"Young master LAN Qi's cultivation base is at the peak of the eighth level of the immortal God Realm. As a peerless genius on the untainted land's ranking, his combat strength is enough to kill an ordinary ninth level immortal God Realm expert. There's no doubt about that."

"Hiss hiss hiss ... Doesn't this mean that young master Lanqi is equivalent to a ninth-stage immortal God expert?"

"That's amazing. "

Everyone was extremely excited as they discussed madly.

He was too strong.

The power of this kick was truly too terrifying.

Even an ordinary ninth-stage immortal God expert would be stomped to death by this foot.

"Hmph!"

Right at this moment, a cold snort came from within the mountain. BOOM!

A figure shot out from the mountain and soared into the sky. Then, he threw a punch at the sky.

p This punch was only one-twentieth of ye Chen's strength.

BOOM!

Even so, the God's giant foot was still crushed by the punch and disappeared.

"What?"

LAN Qi frowned. With his strength, he was still unable to kill ye chen in one hit. This was a little unbelievable.

It should be known that he had a cultivation base at the peak of the eighth level of the immortal God Realm. It should be a piece of cake for him to deal with a mere second level of the immortal God Realm.[Here, I still don't know that ye chen has broken through to the third level of the immortal God Realm.]

"LAN Qi, I didn't expect you to be so bold to break in like this."

Ye Chen's figure moved and also appeared in the sky, facing LAN Qi and the others.

He said coldly.

This LAN Qi had attacked as soon as he came over, which really annoyed ye chen.

"What a joke. Who Do You Think You Are? our young master Lanqi can naturally barge in as he wishes."

Someone shouted.

"Yeah, Who Do You Think You Are? you're just a mere second-stage immortal God, no, third-stage immortal God. So what if you've broken through? you're just a third-stage immortal God ant. You'll still be crushed to death by our young master LAN Qi!"

Someone screamed.

Only then did they realize that ye Chen's cultivation base had broken through from the second-level immortal God Realm to the third-level immortal God Realm.

However, so what if he had broken through?

It was useless even if he broke through.

Regardless of whether it was the second or third level of the immortal God Realm, there was a huge gap between them and the peak of the eighth level.

With young master LAN Qi's strength, he could probably crush ye chen to death directly.

"There's no need for young master Lanqi to make a move. I'll deal with him. That's enough."

An eighth-level immortal God expert glanced at the crowd and then said respectfully to LAN Qi.

"Very good, then you go and deal with him."

LAN Qi's eyes flickered with a terrifying light. "Remember, before you kill him, you must make him suffer the most terrible pain in his life. Forget it, you break his limbs first and cripple his celestial energy. Then, I'll make the decision."

Break his limbs!

Waste his celestial energy!

Every aspect of it was extremely vicious.

LAN Qi wanted ye chen to feel unprecedented pain. He wanted ye chen to know that he would pay ye chen back double for the humiliation he had suffered at the auction. He would let ye chen know the consequences of offending him.

Why did no one dare to offend LAN Qi?

It was all because of LAN Qi's strength and background.

Another reason was LAN Qi's ruthlessness.

[Chapter 2522 2527-One Punch To Death!](#)

LAN Qi was famous for his ruthlessness.

Anyone who dared to offend LAN Qi was killed by him in extremely cruel ways, and his entire family was killed.

This was extremely terrifying.

This was LAN Qi's method.

LAN Qi's cruelty was absolutely terrifying.

Since ye chen had dared to offend LAN Qi, he had to die, and he would die a terrible death. Even ye Chen's entire family would die a terrible death.

This was the cruelty of LAN Qi.

If he offended LAN Qi, LAN Qi would make that person feel the most terrible pain in time. He would make that person watch his loved ones being killed in extremely cruel ways.

Of course, not only LAN Qi, but the entire LAN family also used this method.

The LAN family relied on their status as a super-large family, so many people didn't dare to offend them.

Who would dare to offend the LAN family?

The outcome was death.

In fact, it was even worse than death.

No one dared to offend the LAN family, but ye chen had offended LAN Qi.

Ye chen was already a dead man in everyone's eyes.

"Hmph, kid, you actually dared to offend young master LAN Qi. Then let me finish you off."

The eighth-level immortal God burly man suddenly took a step forward and appeared in front of ye chen.

BOOM!

A powerful aura erupted from the burly man's body. The aura of an eighth-level immortal God suddenly burst forth, much stronger than that of a seventh-level immortal God.

Eighth-level immortal God.

Everyone revealed a look of ridicule.

Although they knew that ye chen had defeated the peak seventh-level immortal God, LAN Tian, so what? the peak seventh-level immortal God was completely different from the eighth-level immortal God.

An eighth-level immortal God could easily kill a seventh-level immortal God.

In the immortal God Realm, the difference of each minor realm was extremely huge in combat strength. Moreover, an eighth-level immortal God was up against a third-level immortal God like ye chen.

Ye chen was merely a third-level immortal God trash. He was truly courting death by provoking LAN Qi.

"You want to kill me?"

Ye chen said coldly, "you'd better get lost!"

What?

Everyone was stunned.

"You, what did you say? You're looking for death!"

A cold glint flashed in the burly man's eyes. He was an eighth-level immortal God expert, yet he was provoked by a third-level immortal God ant.

He was simply looking for death!

"A mere third-level immortal God trash dares to challenge an eighth-level immortal God ... I'll let you understand the difference in combat strength between the immortal God Realm and the eighth-level immortal God Realm!"

The burly man roared loudly. He held a battle saber in his hand. Whoosh, whoosh, Whoosh!

He held two swords in his hands and instantly appeared in front of ye chen, slashing out with them.

Each blade light was extremely terrifying and was enough to kill a seventh-level immortal God expert.

Even the space trembled slightly. The power of these blade lights was enough to affect the space.

"Good, this time that kid is dead."

Someone shouted.

"Let's see how that kid dies!"

Someone growled.

Everyone sneered. Those who dared to offend young master LAN Qi would definitely have a miserable ending.

Of course, there was no need for young master Lanqi to personally take action. Any eighth-level immortal God expert would be enough.

After ye chen was crippled, they would make him feel the most terrible pain in the world.

"What?"

However, in the next moment, everyone saw ye chen throw a punch.

BOOM!

A scorching fist radiance instantly destroyed all the saber lights like a shooting star. Then, an extremely dazzling fist radiance ruthlessly collided with the burly man's body.

"Ah!"

The burly man let out a blood-curdling screech as he was sent flying backward like a cannonball.

"What?"

When everyone saw this scene, their eyes widened and they were all stunned.

"Impossible. How is this possible? you're just a third-stage immortal God trash. How can you be so powerful?"

After the burly man was sent flying, he revealed a look of disbelief and roared.

"I don't believe it! Killing twin blades, kill!"

The burly man bellowed in rage. He held two battle sabers in his hands.

Countless saber gleams formed a spider web and attacked ye chen.

The power of this attack was clearly much stronger than the previous attacks.

Previously, the burly man had underestimated ye chen, so he had not used his full strength. This time, he had used his full strength in his rage.

However, ye Chen's reply was still a punch.

BOOM!

It was another extremely hot and violent punch. It instantly destroyed the cobweb-like blade light and landed on the burly man's chest again.

"Ah!"

The burly man let out a blood-curdling screech, and his body trembled violently. His entire body was like a broken sack as he was thrown backward, and he was sent flying again.

But this time, after he flew out, there was no more movement.

He was dead.

The burly man was killed with a single punch.

What?

Everyone's eyes widened in shock.

An eighth-level immortal God expert had been easily killed by ye chen?

Are you kidding me?

Could it be that ye Chen's combat strength had already reached this level?

"Strong, too strong."

"I'm afraid this kid is hiding his strength. He wasn't this strong when he defeated LAN Tian."

"That's right. I saw that he used quite a lot of moves to defeat LAN Tian. Now, he can easily defeat an eighth-level immortal deity expert. He's definitely hiding his strength."

"This kid is really sinister."

Everyone was discussing.

Their eyes were filled with horror. Who could defeat an eighth-level immortal God with a third-level immortal God cultivation base?

Probably only the peerless geniuses on the primeval rankings could do that.

If ye chen could do it, did it not mean that he was comparable to the peerless prodigies on the primeval rankings?

"I didn't expect you to have some skill."

LAN Qi was also surprised when he saw it.

But so what?

Being able to defeat an eighth-level immortal God didn't mean that he could defeat a peak eighth-level immortal God expert.

The weakest of the experts that LAN Qi had brought with him this time was at the seventh-stage immortal God Realm, and there were quite a few at the eighth and ninth-stage.

He was at the peak of the eighth-level immortal God Realm, but his combat strength was enough to defeat a ninth-level immortal God.

Could such a powerful lineup not kill ye chen?

"Stop talking nonsense, who else wants to make a move?"

Ye chen chided coldly.

"Brat, you're arrogant to the extreme. Don't think that you're strong just because you defeated an eighth-level immortal God. I'll kill you!"

BOOM!

A powerful energy, several times stronger than the burly man 's, formed a pillar of energy that soared into the sky. A young man in a green robe suddenly stepped out and headed in ye Chen's direction.

"It's the ten thousand poison. "

"It's ten thousand poisons. This time, that kid called ye chen is dead for sure. "

"Even an eighth-level immortal God expert would be killed in seconds if myriad poisons were to take action. Myriad poisons 'combat strength is already very close to the ninth-level immortal God Realm."

"This time, ye chen is done for."

Everyone was excited.

[Chapter 2523 2528-Path Of Ten Thousand Poisons!](#)

It was obvious that the green-robed young man was very powerful.

From what everyone had said, this green-robed young man's name was myriad poisons and his cultivation was at the eighth-level of the immortal God Realm.

There was naturally a difference in strength among eighth-level Immortals and gods.

A weak eighth-level immortal God couldn't even be matched by people of the same realm. On the other hand, a powerful eighth-level immortal God could not only kill people of the same realm in seconds, but could also fight across realms.

People like myriad poisons were at the relatively powerful eighth-level immortal God Realm and were already very close to the ninth-level immortal God Realm.

Such combat power was absolutely shocking.

His combat strength was close to that of a ninth-level immortal God!

It was extremely powerful.

"Brat, don't think that you can be arrogant just because you've defeated someone at the eighth-level of immortal God Realm. We're both at the eighth-level of immortal God Realm, but I'm much stronger than him!"

Ten thousand poisons took a step forward, a cruel glint in his eyes. "Since you dare to look down on experts like us, I will let you understand the price of looking down on experts."

He would use extremely cruel methods to torture ye chen to death and make ye chen feel the most terrible pain in the world. He would make ye chen regret what he had said and done.

Even without LAN Qi's orders, he would have killed ye chen because ye chen had underestimated them.

Underestimating the strong, one had to pay a painful price.

"Stop talking nonsense. You guys talk too much. If you want to attack, then attack quickly. Don't just stand there and talk!"

Ye chen sneered.

What?

Silence.

The space fell silent again.

Complete silence.

Even if a needle were to fall to the ground, everyone would be able to hear it.

"What? What did you just say?"

Wan du trembled with anger. "You dare to underestimate me?"

He was an eighth-level immortal God expert. It was fine if he was looked down upon by a third-level immortal God ant, but ye chen actually dared to stop him from speaking.

This was truly humiliating.

Being berated by a third-level immortal God Realm ant infuriated wan du to the extreme.

It wasn't just myriad poisons, the others were also about to explode from anger.

"You're looking for death, you're really looking for death!"

"Damn brat, myriad poisons, hurry up and make your move. Let him understand the price of underestimating the strong!"

"Myriad poisons, quickly kill this brat. I can't stand it anymore!"

"F * ck, a third-level immortal God trash dares to be so arrogant. He really doesn't know his place. Kill him, kill him!"

The crowd roared one by one, their anger reaching the extreme. Many people were even trembling with anger, their eyes almost cracking.

If ten thousand poisons had not already made his move, they would have really wanted to make a move and chop ye chen up.

He was too arrogant.

Every time ye chen spoke, it was as if he did not care about them at all. He was too arrogant.

They had never seen a third-stage immortal God as arrogant as ye chen in their entire lives.

Which ordinary third-level immortal God would dare to be arrogant in front of them?

Ye chen, on the other hand, had simply defied common sense.

"Kill, kill, kill, path of all poisons!"

Ten thousand poisons finally erupted.

BOOM!

In the sky, a huge divine road appeared out of thin air. There was an endless amount of poisonous liquid flowing in the divine road. Each stream of poisonous liquid could easily kill a seventh-level immortal God expert.

Even an eighth-level immortal God expert would be amazed by this power because it was too powerful.

This was already very close to the attack power of a ninth-stage immortal God.

"Go, kill him."

Ten thousand poison gave the order, and the ten thousand Poison Path in the sky immediately turned into a stream of light and suddenly descended.

Hong long long ...

The endless poisonous liquid poured down and poured toward ye chen as if it was going to drown him.

"How arrogant, he didn't even Dodge."

Seeing that ye chen was standing still, everyone sneered. This ye chen was too arrogant. He dared to stand still and resist the ten thousand poisons' attack. He was simply courting death.

Even an eighth-level immortal God expert would not dare to stand still and resist myriad poison's attack. Myriad poison's attack was clearly very close to the ninth-level immortal God Realm.

Even an eighth-level immortal God expert would probably lose a layer of skin if they were hit by myriad poisons 'myriad poisons path head-on.

Moreover, ye chen was only at the third-stage immortal God Realm.

Therefore, in everyone's eyes, ye chen was courting death and could be said to be reckless.

"Break!"

Ye chen growled. He did not make any fancy moves but simply threw a punch.

BOOM!

A powerful wave of air spread out in all directions. A fist radiance pierced through the space and then heavily bombarded the path of ten thousand poisons in the sky.

BOOM!

The path of ten thousand poisons trembled violently, and he was forced to retreat a few meters.

"What?"

When wan du saw this, he could not help but narrow his eyes. He did not expect ye chen to block his attack.

"What powerful strength."

"How can he be so powerful?"

"He's clearly only at the third level of immortal God Realm, but he's so powerful. Could he have cultivated some brilliant body-tempering secret technique?"

"It's very possible. "

Everyone was shocked. Ye chen had actually blocked the attack of ten thousand poisons. This was too unbelievable.

Myriad poisons 'attack had definitely surpassed the attack of an eighth-level immortal God. It was already very close to the ninth-level immortal God ...

However, such an attack still could not do anything to ye chen. It was clear how strong ye chen was.

At this point, even LAN Qi had a strange expression on his face. This was strange. Ye chen was actually this strong?

To be able to block the attack of ten thousand poisons with a cultivation at the third level of the immortal God Realm, he must be an unparalleled genius on the untainted land ranking.

However, LAN Qi had never heard of ye chen.

This was very strange.

"I didn't expect you to be so strong, but you only have the chance to take one hit."

Ten thousand poisons sneered.

"Path of ten thousand poisons, roar!"

Ten thousand poisons roared, he was serious.

Roar!

The path of infinite poisons in the sky seemed to let out an angry roar, and then the entire space started to shake crazily.

BOOM!

The path of ten thousand poisons seemed to have received some kind of boost. Its power suddenly increased and descended all of a sudden, wanting to smash ye chen to death.

"What powerful strength!"

Everyone was shocked. This kind of power was even stronger than the path of ten thousand poisons.

Could ye chen block it?

Everyone was staring at the battlefield.

The answer was, of course, that he could.

The next moment.

Ye chen threw another punch.

He seemed to only have one action, and that was to throw a punch. He stood still like a wooden man, waiting for the path of ten thousand poisons to descend before throwing a punch.

p BOOM!

A fist ray that was even more dazzling than the previous one flickered up and then heavily hit the path of ten thousand poisons, sending it flying out once again.

However, this time, the path of ten thousand poisons flew a few dozen meters.

It was unlike before, where he had only flown a few meters.

[Chapter 2524 2529-LAN Qi Takes Action!](#)

This time, the path of ten thousand poisons was sent flying dozens of meters away.

Seeing this scene, everyone's pupils could not help but constrict. How was this possible?

The path of ten thousand poisons was clearly stronger than before, so how could it still be pushed back by ye Chen's punch?

Could it be that ye chen had also been hiding his strength before?

"What?"

Wan DU's face darkened. With his cultivation base and strength, he could not do anything to ye chen in a short time. He felt like he had lost all his face.

If he did not quickly finish off ye chen, he would lose all his face.

"Path of ten thousand poisons, heavenly kill!"

Next, ten thousand poisons launched a fierce attack again.

BOOM!

The path of all poisons in the sky exuded a vast aura as if it was a heavenly being that smashed down.

BOOM!

Ye chen did not make any unnecessary movements. He just threw a punch.

The power of this punch was even stronger than before.

Bang! Bang!

The entire path of ten thousand poisons was sent flying hundreds of meters away.

Previously, he had flown dozens of meters away, but now, he flew hundreds of meters away.

Anyone could tell that ye chen had been hiding his strength.

"This kid is so cunning."

Someone shouted.

"That cunning brat has been hiding his strength. Damn it, how can he be so strong?"

"He's clearly only at the third-stage immortal God Realm. How can he be so powerful? This doesn't make sense. "

"That's right. He's only at the third level of immortal God Realm. How can he hide his strength in front of myriad poisons, who's at the eighth level of immortal God Realm? It doesn't make sense!"

Everyone's faces were ugly as they roared.

Ye chen had actually hidden his strength.

This made them feel as if they had been toyed with by ye chen.

He was extremely unhappy.

"I didn't expect you to be hiding your strength. Damn it, damn it, path of ten thousand poisons, soul kill!"

Ten thousand poisons roared again. In the sky, the path of ten thousand poisons suddenly expanded and then smashed down again. This time, ye chen felt that his soul seemed to be trembling.

Eh?

Ye chen was slightly surprised. Was this the so-called soul kill?

A direct attack on the soul?

This was interesting. If one's soul was of a weaker level, it was very likely that this path of ten thousand poisons would directly kill their soul. Without their soul, their physical body would naturally decay.

"I'm too lazy to play with you. "

A cold glint flashed across ye Chen's eyes as he threw a punch. This punch was half of his strength.

BOOM! A fist ray pierced through the void and space, instantly bombarding the path of ten thousand poisons. Ye chen completely ignored this so-called soul kill and directly threw a punch.

With one punch, heaven and earth would be destroyed!

Even the space had been pierced through.

Of course, ye chen did not use the undefeatable divine fist. He was only using his own strength.

Even so, his strength was still unbelievably strong.

"Ah, ah, impossible, impossible!"

Infinite poison felt an unparalleled and terrifying force coming at him. His expression immediately changed. He roared and controlled the path of infinite poison, trying to block this attack.

However, the moment his path of myriad poisons collided with the fist radiance, it was blasted away. It was sent flying tens of thousands of meters away and disappeared without a trace.

As for wan du himself, his body trembled and he spurted out blood as his figure retreated backward.

"How is that possible?"

When everyone saw this scene, each and every one of them was incomparably shocked.

Myriad poisons 'cultivation was clearly at the eighth-level of the immortal God Realm. Moreover, his combat strength was extremely powerful, enough to match experts at the ninth-level of the immortal God Realm.

However, ye chen had still defeated someone with such combat power?

"Impossible, impossible, how can you be so strong?"

Ten thousand poisons roared.

However, what he got in response was another dazzling fist radiance.

BOOM!

The dazzling fist radiance was extremely bright, and it instantly bombarded wan DU's body. Wan du screamed in pain, and his body flew backward like a cannonball.

His physical body was directly blown up by this punch.

"Who else wants to fight?"

Ye chen said coldly.

He couldn't be bothered with ten thousand poison, who was recovering. No matter what, ten thousand poison had lost.

If he still dared to attack, ye chen would not mind killing him.

"Terrifying. What a terrifying power."

"Is this kid really at the third-stage immortal God Realm? Why is his strength so terrifying?"

"This brat is too powerful. We'll need to send at least ninth-level immortal God experts to deal with him."

"Which ninth-level immortal God expert is willing to take action?"

The crowd began to discuss.

After a long while.

No one was willing to fight.

What a joke. Ye Chen's combat power was so strong. Who knew if he was still hiding his strength? if he was still hiding his strength, then even a ninth-level immortal God expert would not be a match for him.

The combat strength that ye chen had displayed now was already at the ninth-level of the immortal God Realm. If he continued to hide his strength, even a ninth-level immortal God expert would not be able to finish ye chen off.

"Hmph, a bunch of trash."

At this moment, LAN Qi, who had been floating in the air, spoke.

"If you can't even deal with a third-stage immortal God trash, what's the point of having you?"

LAN Qi roared.

"I'm sorry, young master LAN Qi. This kid is just too strange. "

Everyone said in a low voice.

They were truly afraid of LAN Qi.

"Hmph, looks like I'll have to do it myself."

"Hmph!" LAN Qi snorted coldly. He was extremely displeased. It was ridiculous that he had to take action to deal with a mere third-stage immortal God Realm ant.

If ye chen had not defeated wan du, he would not even bother to fight. In his eyes, if ye chen did not defeat wan du, he would not be qualified to fight with him.

Of course, he was not qualified to do so now.

However, his subordinates could not deal with ye chen, so LAN Qi had to do it himself.

"What? Young master Lanqi is going to make a move personally?"

"Young master Lanqi is going to personally take action?"

"Haha, that's great. With young master LAN Qi's help, that ye chen kid is dead for sure!"

"With young master LAN Qi's help, ye Chen's death is certain!"

"Young master LAN Qi is a peerless prodigy on the primeval rankings. His combat strength is many times stronger than ten thousand poisons. It'll be a piece of cake for him to deal with ye chen."

Everyone was extremely excited and excited, looking forward to LAN Qi's move.

It was as if a God had made his move.

In fact, the peerless geniuses on the primeval list were as noble as gods to them.

The primeval ranking recorded all the geniuses in a vast territory. This territory was outrageously large.

There had been countless heaven's favorites, but only a hundred of them made it onto the primeval rankings.

One could only imagine how freakish the combat strength of the heaven's favorites on the primeval rankings was.

Although LAN Qi was ranked last, he was still on the ranking list.

[Chapter 2525 2531-Battle!](#)

Primal Chaos ranking!

This was an extremely terrifying and powerful ranking list. It recorded the top 100 peerless geniuses of the entire barbarian Empire. Each of these peerless geniuses was extremely powerful and had terrifying strength. Fighting above one's level was as easy as eating and drinking.

There were even some heaven's favorites who were able to fight against opponents who were two or three levels above them. How terrifying was this?

It was already a miracle for an ordinary heaven's pride expert to be able to fight someone who was one level higher than him. After all, the gap between each level in the immortal God Realm was extremely huge, not to mention fighting someone who was one level higher.

And those who could cross several minor levels to fight were definitely geniuses among geniuses.

Every single one of the heaven's favorites on the primeval list can fight across two small realms.

For example, LAN Qi's cultivation base was at the eighth-level of immortal God Realm, but his combat strength was comparable to Song Yan.

It was one level higher than an ordinary ninth-level immortal God. If it was one level higher, it would reach the threshold of the invincible ninth-level immortal God.

Powerful!

His combat strength was comparable to Song Yan 's, and he could kill ordinary ninth-level immortal gods in seconds. How powerful was his combat strength?

Everyone believed that it would be a piece of cake for him to deal with a mere third-stage immortal God-level trash with such combat strength.

After all, ye chen was only at the third level of the immortal God Realm. No matter how heaven-defying the combat strength he displayed was, it was impossible for him to surpass the ninth level of the immortal God Realm.

Therefore, everyone thought that ye chen was dead for sure.

"Kid, just accept your death obediently. With young master LAN Qi's help, you'll definitely die!"

"Young master LAN Qi is a peerless genius on the primeval realm's ranking. With his cultivation and combat strength, it's a piece of cake for him to deal with an ant like you!"

"Little brat, obediently accept your death!"

"Kid, you've offended young master LAN Qi. You're looking for death!"

"That's right, offending young master LAN Qi is the same as offending a peerless monster. Isn't this courting death? It's definitely an act of seeking death!"

"You really don't know what's good for you. How dare you offend young master LAN Qi? you're really looking for death!"

"Young master Lanqi will definitely kill him!"

"Let's see how he dies!"

"Little brat ..."

The crowd roared.

Even LAN Qi was a little annoyed by the noisy chatter.

"You guys shut up!"

"Shut up!" LAN Qi scolded coldly. No one dared to say anything. This was a joke. He was a peerless genius on the primeval ranking. He could kill them with a single word.

They did not dare to speak, but their faces revealed a mocking expression. They all thought that ye chen was dead for sure.

What a joke. Against young master LAN Qi, would ye chen still have a way out?

And before he died, he would definitely suffer the most painful torture in the world.

LAN Qi would not let ye chen die so easily.

Hence, ye chen was in trouble.

In everyone's eyes, ye chen was destined to be a tragedy.

"Hmph, ye chen, you're a mere third-level immortal God. It's impressive that you could defeat ten thousand poisons. Unfortunately, you're my enemy. I must kill you."

LAN Qi said coldly, "I'll break your limbs, waste your celestial energy, and turn you into a piece of trash. Then, I'll make you feel the most terrible pain in the world!"

"I'll make you feel the pain that you can't imagine!"

"The pain you want, I will let you feel it too!"

LAN Qi's face was extremely ferocious. "In short, you can go to hell!"

BOOM!

The next moment, a blue shadow appeared above LAN Qi's head, like a god.

Then, the crowd saw the God suddenly thrust his palm in ye Chen's direction.

This palm strike was like the descent of a star. It was so powerful that it could kill a group of eighth-level immortal God experts.

It was much more powerful than ten thousand poison's most powerful move, soul kill.

"What powerful strength."

,m "What a terrifying power."

"It's over, it's over, that ye chen is finished!"

"Anyone who dares to offend young master LAN Qi will only have one end, and that is death!"

"How dare you offend young master LAN Qi, you really don't know what's good for you,"

The crowd was excited again. They roared one by one. They were extremely excited, as if LAN Qi's attack was like a god's attack. They were so excited that they almost died.

LAN Qi was too powerful. His first move showed his super power.

Even a ninth-level immortal God expert would have to expend a lot of energy to block this attack.

Of course, this was only LAN Qi's probing attack. It wasn't lan Qi's full strength at all.

Ye Chen's pupils shrank. Then, he decided to test it out as well and threw a punch.

BOOM!

A scorching and violent fist light rushed out and collided with the giant palm of the God in the sky.

BOOM!

The God's giant palm was repelled, and the fist light dissipated.

"What?"

Everyone was shocked. Even if LAN Qi was only testing the waters with his attack, it was not easy for an ordinary ninth-level immortal God to block the power of this attack. Yet, ye chen had managed to block it?

Did this not mean that ye chen possessed ninth-level immortal God combat power?

Wasn't this too shocking?

One should know that ye chen was only a third-level immortal God cultivator, yet he could erupt with ninth-level immortal God combat power? Wasn't this a little too shocking?

"What a powerful force. Sure enough, you already have the combat strength of a ninth-level immortal God. But so what? when facing me, there's only one end for you, and that's death!"

"Die!" LAN Qi roared, and the God in the sky raised his palm again and slammed it down violently!

It had to be said that the power of this God was extremely strong. It gave ye chen the feeling of facing Song Yan.

Of course, with ye Chen's current strength, he could easily kill an expert on Song Yan's level.

Even ye chen, who was at the second level of the immortal God Realm, could kill Song Yan in seconds, let alone the third level of the immortal God Realm.

As for the third-level immortal God Realm?

It wouldn't even be a problem to kill ten song Yans in a second.

"Break!"

A divine sword appeared above ye Chen's head. It was the Taia sword.

Shua!

A beam of sword Qi instantly swept out at an outrageous speed. The next moment, it tore through space and time and collided with the huge palm descending from the sky.

Hong long long ...

The next moment, the giant palm was torn apart.

"What?"

"How is that possible?"

"That's impossible!"

Seeing this scene, everyone was once again dumbfounded.

Even LAN Qi's pupils shrank, feeling extremely strange.

How was that possible?

How could his attacks be blocked so easily?

Wasn't this too outrageous?

Ye chen was merely an ant at the third level of the immortal God Realm. How could his strength be so powerful? This didn't make sense.

"So, do you still want to attack?"

Ye chen sneered coldly.

[Chapter 2526 2530-Kill Them All!](#)

"How is this possible, how is this possible? How did you manage to block my attack?"

LAN Qi let out a roar of disbelief.

He had already used all his strength in that attack just now, but he still could not do anything to ye chen. It was simply a miracle.

He was an eighth-level immortal God and his combat strength had already reached the peak of the ninth-level immortal God, infinitely close to being invincible. He had thought that he could easily kill ye chen with a full-force attack.

However, it was blocked by ye chen.

This, how was this possible?

Could ye chen be that strong?

"I've said it before, nothing is impossible in front of me. Why didn't you believe me?"

Ye Chen's lips curled into a cold smile as he spoke calmly.

"Arrogant! He's too arrogant!"

"How arrogant! This kid is too arrogant!"

"This kid is crazy. My Lord, I suggest you kill him quickly!"

"This kid only managed to block two attacks. Does he really think he can fight against young master LAN Qi? This is ridiculous!"

The crowd was excited once again, and they roared in excitement.

They really could not bear to see ye Chen's arrogant appearance.

In reality, ye chen was not arrogant. He really had the capital and the strength to do so.

However, everyone thought that he couldn't even defeat LAN Qi.

Then let the facts speak for themselves.

"LAN Qi, I can't be bothered to play with you anymore, get lost!"

The next moment.

The Tai 'a sword above ye Chen's head released moon-like sword Qi. It was extremely terrifying. The power of each sword Qi was enough to kill an ordinary ninth-level immortal God.

Ye chen had controlled the power of this attack to a level that could defeat LAN Qi.

"Impossible! Block it! Block it! Block it!"

"Block it!"

LAN Qi roared. The God behind him raised his arms as if he wanted to block the attack.

However, it was useless. The next moment, the sword Qi pierced through the God's arms and tore him apart, cutting him into a pile of fragments.

LAN Qi himself vomited blood. His eyes were full of horror and disbelief. How could this be? how could this be?

With his cultivation base and combat power, how could he be defeated by ye chen, a third-level immortal God?

What kind of joke was this?

"Impossible, this is absolutely impossible!"

"How is this possible?"

"Young master LAN Qi's strength has reached the peak of the ninth-level immortal God Realm. How could he be defeated by ye chen?"

"What exactly happened?"

Everyone was dumbfounded.

What was going on?

What had happened?

LAN Qi, who was almost invincible in their eyes, had been defeated by ye chen? How could that be possible?

"Alright, get lost. Go and find help."

Ye chen waved his hand. "Of course. Before you leave, you have to leave your storage rings behind."

Ye Chen's face revealed a cold smile.

What?

Everyone was still in disbelief over LAN Qi's defeat, yet ye chen wanted them to hand over their storage rings?

All of a sudden, everyone was stunned.

"Damn it, we'll never give you the storage ring!"

Someone shouted.

"That's right. Don't even think about getting our storage rings. You've injured our young master LAN Qi and offended the LAN family. You're dead for sure. No one can save you!"

Someone roared.

Did he still want to live after offending young master LAN Qi and the LAN family?

This was impossible.

Basically, offending the LAN family was equivalent to a death sentence.

Now, ye chen had actually dared to injure young master LAN Qi. This was a crime that deserved a thousand deaths.

"You're not going to hand over your storage ring?"

A strange expression appeared on ye Chen's face. If he did not hand over the storage ring, he would have no choice but to start a massacre.

He believed that in the face of his life, the storage ring was nothing.

The next moment, ye chen moved.

"Ah!"

A blood-curdling screech was heard. The eighth-level immortal God who had been the most excited to refuse to hand over his storage ring was torn to death by the sword Qi. His body exploded.

"Ah!"

Another scream was heard. Another ninth-level immortal God Realm cultivator who was the most excited exploded and died. No one saw how he died clearly.

"Devil, you're a devil!"

The crowd roared.

An eighth-level immortal God expert and a ninth-level immortal God expert had actually died. They didn't even see clearly how they had died.

Did this not mean that ye Chen's strength had far exceeded their imagination?

"That's right, I am the devil. "

Ye chen directly admitted it. "As long as I can get your storage rings, what can I not do? Don't forget, you were the ones who took the initiative to kill me! I didn't come to kill you, but you came to me, so you have to pay a painful price. Do you really think I'm so easy to bully?"

Since these people dared to attack ye Chen's door, they would have to pay a painful price.

If they let them go without paying any price, did that not mean that ye chen was easy to bully?

Ye chen was not that easy to talk to.

Only after handing over his storage ring would he let them go.

This was ye Chen's dominance.

It was also an overbearing power built on strength.

"You, you ..."

"Devil, devil, you devil!"

"You devil, you'll get your retribution sooner or later!"

"Damn it, I'm not going to hand over my storage ring!"

He didn't expect the crowd to become even more excited. They all roared and refused to hand over their storage rings.

Ye chen frowned. He did not expect these people to be so unyielding.

However, unyieldingness was also built on battle prowess.

Unyielding without strength would only become a laughing stock!

"If that's the case, then all of you can go to hell. Only LAN Qi can go back and get reinforcements. All of you, go to hell!"

Ye chen, who was in the air, was like a peerless God.

Boom, boom, boom, boom, boom!

Beams of sword Qi shot out one after another, and shrill screams rang out. Many powerful eighth and ninth-level immortal God cultivators below were killed.

Although they were strong, it also depended on who they were facing.

Facing the current ye chen, they had no power to fight back at all.

They were all killed.

In the blink of an eye, only LAN Qi was left alive. The others had all been killed.

One by one, the storage rings floated in the air, becoming ownerless items.

"Damn it, damn it, ye chen, how dare you offend the LAN family and kill one of us? you deserve to die!"

Seeing this, LAN Qi's eyes almost popped out of their sockets, and he roared in anger.

"Offend your LAN family? Hehe, what a joke!"

Ye chen spoke bluntly, "I've never respected the LAN family!"

Indeed, with his background, he did not need to put the LAN family in his eyes at all.

The LAN family was indeed a super large family.

However, behind ye chen was the great immortal miracle.

[Chapter 2527 Fourth-Level Immortal God Realm!](#)

If it did not work, they could ask ye Chen's master, the great immortal wondrous fate, to make a move. If the old man were to make a move personally, the LAN clan would be defeated no matter how strong they were.

This was the power of strength.

"

LAN Qi roared.

He did not care what ye Chen's background was. As long as ye chen offended the LAN family, there was only one end for him, and that was death.

There was only one outcome for those who offended the LAN family-death. In history, none of those who offended the LAN family had ever lived.

Ye chen had dared to offend the LAN family. Was he not courting death?

Today, he had killed so many members of the LAN family and even wanted to snatch his storage ring. Naturally, LAN Qi was furious and felt that ye chen was extremely audacious.

This wasn't audacity, this was simply arrogance to the extreme.

He didn't even care about the LAN family.

Ye chen was too arrogant.

"Hurry up and hand over your storage ring. You're the only one left, or you'll end up like them."

Ye chen could not be bothered to waste his breath on LAN Qi. A cold glint flashed in his eyes, and a murderous intent exploded.

If LAN Qi didn't hand over his storage ring, there was only one outcome for him-death.

"You, you, you ..."

LAN Qi was stunned. He never thought that ye chen would really dare to kill him.

This was truly audacious!

As a member of the LAN family, almost no one had ever dared to offend LAN Qi. Today, not only had ye chen offended him, but he had also killed everyone in the LAN family.

Moreover, she wanted to kill him.

Ye chen was a demon!

A demon that was not afraid of anything!

There was finally a trace of fear in LAN Qi's eyes. He was afraid of death. As a heaven's pride on the primeval ranking, he naturally had a bright future. He might be able to break through to real God in the future and then become a real high-level of the LAN family.

"Fine, fine, fine. You win. Ye chen, you win. I'll pay. I'll pay. Can't I?"

LAN Qi was finally afraid.

He was really afraid that ye chen would kill him.

Shua!

Ye Cheng waved his hand, and storage rings flew into his storage ring one by one.

There were dozens of storage rings, including LAN Qi 's.

As the LAN family's heaven's pride, LAN Qi's combat strength was extremely powerful, and his wealth was unknown.

He would definitely have a lot of wealth.

"Alright, you can get lost. Remember to call more helpers over. Don't Let Me Down."

Ye chen waved his hand, telling LAN Qi to get lost.

LAN Qi was trembling with anger, but he didn't dare to say anything. It was already good enough that he could keep his life at this time. He immediately turned into a stream of light and fled into the distance, escaping from this place.

In his eyes, this was simply a Devil's Land.

However, ye chen still dared to ask him to call for help. He was simply courting death.

LAN Qi was naturally overjoyed. There were so many experts in the LAN family. Wouldn't it be a piece of cake for him to find an invincible ninth-level immortal God expert to deal with ye chen?

Ye chen, just wait for your death!

LAN Qi thought to himself.

Ye chen, on the other hand, was counting the immortal stones.

"One, two, three, four...So many storage rings, there are at least dozens of them."

Ye chen thought to himself.

There were dozens of storage rings alone. How much wealth would there be in them? It was simply unimaginable.

If one storage ring was counted as 100 billion immortal stones, then dozens of storage rings would be worth a few trillion immortal stones.

Trillions of dollars.

Even a first-stage invincible ninth-level immortal God expert would find it difficult to possess so many immortal stones.

"2.3 trillion immortal stones."

Ye Chen's celestial consciousness swept across and immediately counted the number of celestial stones.

Two trillion immortal stones.

Hiss ...

Even ye chen could not help but gasp. It was terrifying, too terrifying.

It seemed that plundering wealth was the fastest way to get it.

If he had to earn it by himself, even with ye Chen's strength, it would take him several days to earn it.

By snatching, they could earn it in less than a day.

The difference between them was simply too great.

"Normally, even an expert like Lord Qiu would need at least a month to earn so many immortal stones. Even with my current strength, it would take me several days. I didn't expect that I could earn so many immortal stones in less than a day by robbing. This is ..."

Ye chen thought to himself.

The difference was too great.

There was a huge difference between snatching and earning.

Of course, snatching was against the law. There were laws in the immortal God World, but these laws only applied to the weak, not the strong.

To put it bluntly, strength was still the most important.

This was also the reason why the LAN family dared to come and kill him. It was because the LAN family was powerful, had tyrannical strength, and had many experts.

Otherwise, they would not have dared to attack ye chen.

To put it bluntly, it was still because of his strength.

Now that he had defeated LAN Qi, he would probably call for help soon and seek revenge on ye chen.

Ye chen smiled. These two trillion celestial stones were just right for his cultivation.

It just so happened that he could break through to the fourth-level immortal God Realm.

On a mountain.

Ye chen sat cross-legged.

He was prepared to break through to the fourth-stage immortal God Realm.

Two trillion immortal stones was definitely enough for him to break through to the fourth-level immortal God Realm. No matter how abnormal and monstrous he was, two trillion immortal stones was still enough for him to break through from the third-level to the fourth-level.

If two trillion wasn't enough, then that would be too abnormal.

"Breakthrough!"

There was nothing fancy about it, just a breakthrough.

Ye Chen's breakthrough speed was still very fast. It had only been two days.

BOOM!

An extremely powerful aura burst out of his body. It was as if countless planets had exploded, and the terrifying power even collapsed the space.

Fourth-level immortal God Realm!

Ye Chen had broken through to the fourth-level immortal God Realm just like that.

His current combat strength was even more tyrannical. If he were to face Lord Qiu again, he would probably be able to defeat Lord Qiu in one move.

"My current strength, is strong, very strong! How strong am I now?"

BOOM!

Ye Chen suddenly rose into the air like a stream of light. He appeared in the sky at an incredible speed.

A deep white mark appeared where it passed, revealing the broken space.

His current combat strength was extremely powerful.

Even a stage two invincible ninth-level immortal God would not be his match.

As for the third stage, this stage was enough to fight against an ordinary stage two true God expert.

Hence, he was not sure if he could match up to a stage three invincible master.

"Eh? You're here so quickly. "

Ye Chen furrowed his brows.

Whoosh, whoosh, Whoosh!

There were three beams of light in a row, and they were extremely fast. One of them was LAN Qi, but he was being carried by two other people, which was why he was so fast.

[Chapter 2528 Two Invincible Ninth-Level Immortals And Gods!](#)

The other two streams of light were extremely fast.

He was much faster than ninth-level immortal God experts.

Behind these three streams of light was a group of people. They were all friends of those who had left their storage rings behind. It seemed that they wanted to see how ye chen would die.

They harbored a grudge against ye chen, so they wanted to see ye chen killed with their own eyes.

Their friends had all been killed by ye chen because they did not hand over their storage rings. Therefore, this group of people really wanted to eat ye Chen's flesh and drink his blood.

The anger in their hearts could be imagined.

"What astonishing speed."

The two streams of light, carrying LAN Qi, were so fast that they left one speechless.

He had probably already reached the level of an invincible ninth-stage immortal God.

The speed of the two streams of light was extremely fast. It was much faster than the speed that an ordinary ninth-level immortal God could unleash.

Ye Chen's eyes narrowed. The LAN family was indeed full of experts. An invincible ninth-level immortal God was equivalent to master Qiu's level of experts. They could actually send two of them over so easily. This was truly terrifying.

Whoosh, Whoosh!

The two streams of light finally stopped above ye Chen's head. They were high and mighty, looking down on the world.

They were two young men in blue robes.

The aura of these two people was very powerful. Their auras were monstrous, as if two gods had descended.

"Is this the third-level immortal God trash you were talking about?"

One of the blue-robed young men asked as he looked at LAN Qi.

"Yes, hmm? What, he, he actually broke through?"

LAN Qi looked horrified. Previously, when ye chen was at the third-level immortal God Realm, he could easily defeat him. That was why he had sent two invincible ninth-level immortal God experts.

However, ye chen had now broken through to the fourth-level immortal God Realm ...

Didn't that mean that he could really fight with an invincible ninth-level immortal God?

Fortunately, he had brought two ninth-level invincible immortal God experts with him this time. Otherwise, he would have really been defeated.

LAN Qi exclaimed.

"A mere fourth-level immortal God Realm trash dares to provoke our LAN family. He really doesn't know what's good for him."

"That's right. I heard from young master Lanqi that this kid killed our friends. Where's the group of experts?"

"Truly damnable!"

"He killed a member of the LAN family. He's dead for sure today, and he'll definitely be tortured in extreme pain before he dies!"

"That's right, he'll definitely be tortured. Even if young master LAN Qi doesn't torture him, I'll do it."

"He's just a fourth-level immortal God Realm ant. Even young master LAN Qi isn't his match?"

"You don't understand. Don't think that he's only at the fourth-stage immortal God Realm. In fact, he really defeated young master LAN Qi with his combat strength."

"It's a good thing I brought two adults with me this time. That kid is dead for sure. "

Everyone was discussing.

Many people's eyes flashed with hatred. Ye chen was dead for sure.

Ye chen had killed a member of the LAN clan. They were all members of the LAN clan, so ye chen had killed many of their friends. That was why they had come to see how ye chen would die.

"A fourth-level immortal God trash dares to provoke our LAN family. He deserves to die!"

One of the blue-robed young men suddenly stepped out!

"It's Sir LAN Ching!"

"It's Lord LAN Ching, is Lord LAN Ching going to personally take action?"

"Lord LAN Qing!"

Everyone was extremely excited. This was an invincible ninth-level immortal God expert!

They had never seen or even heard of an expert of this level in action.

It was an honor to be able to see an expert of this level in action today.

"Brat, you killed the members of my LAN family. You deserve to die!"

The blue-robed young man named LAN Qing said coldly with a terrifying killing intent in his eyes. His voice was mixed with immortal energy and spread to the whole place so that everyone could hear it clearly.

"I deserve to die? It's your LAN family that's overbearing. Forget it, I didn't offend your LAN family from LAN Qi. Perhaps you don't know about LAN Kang?"

Ye chen said with a cold smile.

"LAN Kang?"

The crowd was confused. What LAN Kang? they had never heard of him.

Ye chen was speechless. He did not expect them to have never heard of this LAN Kang.

However, this was normal. After all, LAN Kang was only at the peak of the sixth level immortal God Realm. To them, he was no different from an ant. Although they were all from the same clan, it was normal that they had never heard of such a weak existence.

"Looks like you've killed my LAN family's people before? Then you deserve to die even more, go to hell!"

LAN Ching suddenly raised his hand.

BOOM!

A huge blue sword suddenly appeared above LAN Qing's head, and then it fell down like a star.

BOOM!

The entire space was blown up.

The sword Qi of the sword stirred it up madly, turning it into a vortex.

Terrifying!

What a terrifying power!

Everyone retreated in a frenzy, horrified. LAN Qing's attack showed a terrifying power, it was too shocking.

Even a ninth-level immortal God expert would probably be killed by a single sword strike.

Indeed, an expert at LAN Qing's level was enough to kill a group of ordinary ninth-stage immortal gods with one blow.

He was truly able to fight one against a hundred.

One against a hundred in the same realm!

This was the power of an invincible ninth-level immortal God.

It was extremely shocking.

"He's dead. That kid is dead. "

"That's right, that brat is dead for sure!"

Everyone was amazed. With the power of LAN Ching's sword, even an expert on the same level as Song Yan would be killed in one strike, let alone ye chen.

Ye chen wanted to block this attack?

It was impossible.

"Master LAN Qing, please don't be careless."

Seeing LAN Qing's determined look, LAN Qi couldn't help but remind him.

He knew that ye chen had defeated him at the third-level of the immortal God Realm. Now that ye chen had reached the fourth-level of the immortal God Realm, he must have reached the combat power of an invincible ninth-level immortal God.

That was why he had reminded her.

"Don't worry, LAN Qi. He's just an ant at the fourth level of the immortal God Realm. No matter how strong he is, it's impossible for him to cross so many small realms to fight me!"

LAN Qing, on the other hand, was very confident. With his strength, it would be a piece of cake to deal with a fourth-stage immortal God Realm ant.

Ye Chen's cultivation base was only at the fourth-level of the immortal God Realm.

No matter how monstrous he was, he was no match for him.

LAN Qing himself was ranked 90th on the primeval ranking.

Compared to LAN Qi, he was a few ranks higher. In other words, in a battle of the same realm, LAN Qing's combat power was even stronger than LAN Qi.

Not to mention, LAN Qing's cultivation level was at the ninth-level of immortal God Realm.

With his cultivation base and strength, dealing with ye chen was a piece of cake.

"Kill!"

In the face of this ferocious attack, ye chen decisively drew the Taia sword.

Shua!

A black sword Qi that seemed to want to dye the world black suddenly slashed out!

[Chapter 2529 2534-Two Of Them Joining Hands!](#)

Hong long long ...

When the blue giant sword descended, the space within a radius of ten thousand miles was annihilated.

Terrifying!

The power of this attack had definitely reached the level of an invincible ninth-level immortal God. LAN Qing did not hide his combat strength at the beginning, but used all his strength.

The black sword Qi slashed out and collided with The Blue Sword.

With a loud boom and an earth-shattering boom, everyone saw that the blue giant sword was blocked by the black sword Qi. Then, the two of them collapsed.

It was blocked.

He actually blocked it.

How was that possible?

How was this possible?

Everyone was shocked.

"How is this possible? how is this possible? Lord LAN Qing's combat strength is at the invincible ninth-level of the immortal God Realm. Judging from the power of this attack, he definitely didn't hold back. How is this possible? how did ye chen block this attack?"

Someone shouted in shock.

"That's impossible. Could it be that ye chen is still hiding his strength? His true strength has to be at the ninth-level of The Invincible Immortal God Realm?"

Someone said in disbelief.

"Are you kidding me? he's just an ant at the fourth-level immortal God Realm. How can he have the combat strength of an invincible ninth-level immortal God?"

Everyone was in disbelief.

Ye Chen's cultivation base was clearly only at the fourth-level of the immortal God Realm.

However, an ant at the fourth level of the immortal God Realm was able to burst out with amazing combat power and take LAN Qing's attack head-on.

How was this possible?

A fourth-level immortal God Realm ant blocked LAN Qing's attack? LAN Qing's combat strength was invincible at the ninth-stage immortal God Realm.

This didn't make sense.

"Impossible, how is this possible?"

Even LAN Qing himself could not help but narrow his eyes and reveal a look of shock. What a joke. He was an invincible ninth-tier immortal God powerhouse, a super powerhouse. His full-powered attack was actually blocked by ye chen.

Did this not mean that ye Chen's combat power was enough to match his?

That was impossible.

This was absolutely impossible.

It was impossible for a fourth-level immortal God to possess such powerful combat strength, because this was against the common sense of the cultivation world and against karma.

This was simply impossible.

LAN Qing didn't believe it.

"Damn it, damn it, I don't believe it. That attack just now was just a test. Take another attack from me!"

LAN Ching shouted forcefully. A huge blue sword appeared above his head again, and he slashed down.

It had to be said that LAN Qing's combat strength had really reached the level of an invincible ninth-stage immortal God. His combat strength was really strong.

As the sword struck down, everyone felt their hearts beating wildly. They couldn't help but retreat backward. If they were too close, they would be affected and crushed to death.

"With this little strength, you still want to come out and make a fool of yourself. What a joke. Get lost!"

Ye Chen roared.

The Tai 'a sword floating above his head once again bloomed with a dazzling light. It burst out a full moon-like black sword Qi and collided with The Blue Sword.

A terrifying force swept out in all directions, causing the surrounding space to explode. The endless void appeared, which had been shattered by this blow.

Then, everyone once again saw the black sword Qi destroy The Blue Sword.

Both sides were defeated.

"How is this possible? how is this possible? how can ye Chen's combat strength be so strong?"

"His cultivation level is clearly only at the fourth-level immortal God Realm, but he can match Lord LAN Qing with his combat strength?"

"Terrifying! Unbelievable!"

"Ye Chen's combat strength is too powerful. I'm afraid he's also reached the ninth-level of The Invincible Immortal God Realm."

"My God, he's an invincible ninth-level immortal God. He's clearly only at the fourth-level immortal God Realm."

"Terrifying."

The crowd went crazy as they discussed.

It was too unbelievable.

Ye Chen's combat strength had far exceeded their imagination.

"Impossible! How is this possible? you're clearly just a fourth-level immortal God ant. How can you have such powerful combat strength?"

LAN Qing's pupils shrank, revealing a horrified look. His face was full of shock, and his whole person was dumbfounded.

He knew that he had used all his strength but even after he had used all his strength, ye Chen had still easily blocked him.

Ye Chen's combat strength had far exceeded his expectations.

Ye Chen's combat strength was likely to be at the ninth-level of The Invincible Immortal God Realm.

However, how was this possible? ye Chen's cultivation base was clearly only at the fourth-level of the immortal God Realm. It was completely unreasonable for a fourth-level immortal God to have combat strength comparable to an invincible ninth-level immortal God.

LAN Qing was completely dumbfounded.

"Lord LAN Huan, let's attack together, attack together with Lord LAN Qing to deal with this brat. This brat is really a bit strange!"

LAN Qi shouted at this moment.

He was really afraid that even LAN Ching was not ye Chen's match.

He had an ominous feeling that ye Chen was hiding his combat strength.

As expected, ye Chen could really rival an invincible ninth-level immortal God. He was almost scared to death. A fourth-level immortal God possessed the combat power of an invincible ninth-level immortal God. How abnormal was this?

Fortunately, he had also brought an invincible ninth-level immortal God expert. He believed that with the two great experts working together, no matter how strong ye Chen was, he would die on the spot.

"I didn't expect that the two of us would have to work together to deal with a fourth-level immortal God ant."

LAN Huan said with a frown.

"Don't underestimate him. His strength is really not below mine."

LAN Qing said with a serious face.

"Hehe, with the two of us working together, he's dead for sure."

LAN Huan said very confidently, his eyes flashing with a terrifying light.

"That's true. "

LAN Ching nodded slightly. With the two of them working together, ye Chen would definitely die.

In a one-on-one battle, he might not be confident of taking down ye Chen, or he might not be ye Chen's match ... But if the two of them worked together, they could definitely crush ye Chen easily.

One-on-one was one thing, and two-on-one was another.

Unless there was a great disparity in strength, two against one, they could absolutely crush him.

"Ye Chen, we're done for."

"Ye Chen's cultivation base is only at the fourth level of the immortal God Realm. It's already a miracle that he's able to fight against Lord LAN Qing with this cultivation base."

"But so what? he's dead for sure. With Lord LAN Qing and Lord LAN Huan working together, he's dead for sure."

"Yeah, he's dead for sure this time."

"He's just a level-four immortal God,"

"He's finished this time. 0"

Everyone said one after another.

"You two, kneel down."

Ye chen sneered.

What?

The space was silent.

Silence.

Even LAN Qing and LAN Huan were stunned.

What did he just say?

"What did you just say? You want us to kneel down?"

LAN Qing couldn't help but say.

He thought he had heard wrong.

"You two, hurry up and kneel down. That way, I can still spare your lives."

Ye chen sneered.

Everyone looked at ye chen as if they were looking at a fool.

[Chapter 2530 2535-Blocked Again](#)

"What is he thinking? That's two invincible ninth-level immortal God experts joining forces!"

"Two ninth-level invincible immortal gods are not something that one ninth-level invincible immortal God can compare with. What right does he have to be so arrogant? he actually made Lord LAN Qing and Lord LAN Huan kneel down?"

"That's right. It's really ridiculous. They're two invincible ninth-level immortal God experts."

Everyone looked at ye chen as if they were looking at an idiot.

Two invincible ninth-level Immortals and gods!

Ye Chen's combat power was indeed very strong, enough to rival LAN Qing. However, so what? facing the Joint Forces of two invincible ninth-level immortal God experts, there was no doubt that he would still die.

Ye chen was so arrogant that he made two great experts kneel down?

This was no longer arrogance, but arrogance to the extreme!

"You're looking for death, you're looking for death, you're really looking for death!"

LAN Qing screamed in anger. They were two great experts working together but ye chen still looked down on them.

This was simply intolerable.

"I've said it before. It's not too late for you to kneel down now. If you don 't, you'll definitely die later."

Ye Chen's eyes flashed with a terrifying light as he said coldly.

"You want us to kneel? You're dreaming!"

LAN Huan finally couldn't stand it anymore. In a fit of rage, he directly attacked.

BOOM!

A huge blue palm, like an ancient mountain, came pressing down from the sky. It was so powerful that it could kill a group of ordinary ninth-level immortal God experts.

LAN Qing also made his move. BOOM!

A huge blue sword fell from the sky as if it was going to split the sky and earth.

The two experts had joined forces to attack!

The power was so astonishing that even an ordinary ninth-level immortal God expert couldn't withstand the power of this strike.

"Heavens, what a terrifying might!"

"As expected of two invincible ninth-level immortal God experts. They're not something that a single person can compare to."

"Let's see how ye chen dies when the two great experts join forces!"

"Ye chen can't withstand such a terrifying power!"

"He's dead for sure this time. Let's see how he dies! How dare you make Lord LAN Qing and Lord LAN Huan kneel, you really don't know what's good for you. "

"Let's see how he dies. "

Everyone was incomparably excited as they screamed in excitement.

It was too terrifying.

How astonishing was the power of two invincible ninth-level immortal God experts when they joined forces? The feeling of being able to break through the heavens and earth and destroy everything was too shocking and terrifying.

At the end of the day, ye chen was merely an ant at the fourth-level of the immortal God Realm. How could he possibly resist the Joint Forces of two great experts?

This was simply impossible.

Even an invincible ninth-level immortal God expert wouldn't be able to withstand the attacks of these two experts, let alone a fourth-level immortal God ant like Ye Cheng.

One against two!

This was simply impossible.

Only an invincible ninth-stage immortal God, a second-stage expert, could sweep away the two great experts.

However, was this possible?

Ye chen was an invincible ninth-stage immortal God, a second-stage expert?

This was even more impossible!

Therefore, everyone thought that ye chen was dead for sure.

Ye chen was merely an ant at the fourth-level of the immortal God Realm. No matter how strong he was, how strong could he be?

A fourth-level immortal God ant!

Everyone looked down on ye chen from the bottom of their hearts. Even if ye chen could resist LAN Qing, so what? his cultivation level was still too low. He was only at the fourth-level of the immortal God Realm.

Not to mention the fourth-level immortal God Realm, even the seventh or eighth-level immortal God Realm would be looked down upon by everyone because their cultivation realms were simply too low.

"Break!"

The Tai 'a sword above ye Chen's head burst out with sword Qi that resembled full moons.

The next moment.

BOOM!

Countless rays of sword Qi formed a spider web and shot towards the sky.

First, The Blue Sword was destroyed the moment it collided with the sword Qi.

Then came the giant blue palm. After the two great attacks collided, they collapsed at the same time.

It was blocked.

That's right, ye chen had blocked it.

Silence.

The space was silent.

There was a full ten seconds of silence.

Then, a sound was heard.

"Oh my God, how, how is this possible?"

Someone screamed.

"Impossible, how could this be possible? Can't two invincible ninth-level immortal God experts do anything to him?"

"That's impossible. Those are two invincible ninth-level immortal God experts. Even an invincible ninth-level immortal God expert would have to die on the spot if the two of them joined forces."

"How can he resist it?"

"This is impossible."

Everyone was extremely shocked and roared in disbelief.

How was that possible?

The combined attack of two invincible ninth-level immortal God experts was actually blocked by ye chen alone. Did this not mean that ye Chen's strength was stronger than ordinary ninth-level invincible immortal gods?

However, this was impossible. Ye Chen's cultivation base was clearly only at the fourth-level immortal God Realm.

It was already unbelievable that a fourth-level immortal God's combat strength was comparable to a ninth-level invincible immortal God, not to mention that a fourth-level immortal God was even stronger than a ninth-level invincible immortal God.

This made everyone even crazier.

"Impossible, this is impossible!"

"How is this possible?"

"Are you still hiding your strength?"

LAN Qing and LAN Huan were both shocked.

The two of them had joined forces to attack ye chen, but they could not do anything to him.

How was this possible?

"Nothing is impossible. Nothing is impossible in front of me."

Ye chen sneered. "Since the two of you don't choose to kneel, I'll have to let you die."

"Hahaha, what a joke. You want us to die? Just you?"

"Hahahaha!" LAN Huan laughed. "I admit that you're very strong, but if you want us to die, that's impossible!"

Everyone sneered. Ye chen was indeed very strong but the attacks from LAN Qing and LAN Huan were just a test.

If ye chen went all out, would he be able to resist?

It was absolutely impossible to block it!

"Brat, you're too arrogant."

LAN Huan couldn't help but roar.

"Make your move, don't let this brat get too cocky."

LAN Qing said.

BOOM!

BOOM!

Another two attacks were launched. One was a blue palm, and the other was a blue sword. However, this time, the two attacks were clearly much more powerful than before.

This was their true attack.

They believed that ye chen would not be able to withstand this attack.

"Break!"

Ye chen roared. The Tai 'a sword above his head burst out with a terrifying sword Qi, forming a spider web again and bombarding the sky.

BOOM!

An earth-shattering boom was heard.

The crowd hurriedly looked over and were all stunned.

The two attacks were directly destroyed by the sword Qi, and both of them collapsed.

He blocked it again.

Moreover, this was the result of LAN Qing and LAN Huan's all-out efforts, and they were still blocked.

It was unbelievable!

Everyone felt that this was simply too unbelievable.
