

Genius 2531

[Chapter 2531 2536-Destroy The Two Of Them!](#)

He blocked it again.

Two unrivaled ninth-level immortal God experts. Their joint attack was actually blocked by ye chen.

In that case, how strong was ye chen exactly?

"I didn't expect you to be so strong. But so what? you're definitely not our match if we work together."

LAN Qing's face was extremely ugly as he growled.

At first, ye chen had blocked his full-powered attack. Then, even when he joined forces with LAN Huan, his attack was still blocked.

This made his face extremely dark and ugly. This was a humiliation.

This was simply a disgrace!

If he did not kill ye chen, ye chen would become his disgrace, an eternal disgrace.

He had lost all his face.

Originally, he had thought that his opponent was just a third-level immortal God Realm ant and could be easily crushed. However, he did not expect that this ant would become a fourth-level immortal God with extremely terrifying combat strength. He could actually resist the joint attack of him and LAN Huan.

This was simply too unbelievable.

"Detestable brat, I'll definitely kill you! Heavenly Dao giant sword!"

LAN Qing roared, and a blue sword appeared above his head again. This was his strongest attack.

LAN Huan did not stay idle either. With a loud roar, he urged his giant blue palm to attack ye chen.

BOOM!

The Tai 'a sword released another wave of sword Qi, easily destroying The Blue Sword and the blue palm.

It was defeated once again.

He blocked it once again.

Everyone was already numb.

"Oh my God, I didn't expect ye Chen's combat power to be so strong."

"Terrifying, it's too terrifying. Could it be that even Lord LAN Qing and Lord LAN Huan working together aren't his match?"

"This is unbelievable."

The crowd discussed one by one. At the same time, their faces turned ugly. If LAN Qing and LAN Huan could not kill ye chen even with their combined forces, then they were all finished.

"Damn it, I don't believe it!"

LAN Qing roared and joined forces with LAN Huan to launch another round of attacks.

"Hehe, it's time to end this."

Ye chen sneered.

"Undefeatable divine fist!"

Boom, boom, boom, boom, boom, boom, boom, boom!

Rays of fist radiance were extremely dazzling and resplendent. They contained an undefeatable will as they charged out.

"Invincible divine fist, sweep!"

It was only the first move of the undefeatable divine fist, but it was extremely terrifying in the hands of ye chen, who had reached the fourth-level immortal God cultivation base.

When LAN Tian had used the invincible divine fist, it had been like casting a Pearl into the dark. He had not been able to unleash any power.

Now, in ye Chen's hands, the invincible divine fist had exploded with a truly terrifying power.

"Undefeatable divine fist?"

"Not good, how is that possible?"

"No, no, how is this possible? this is impossible!"

LAN Qing and LAN Huan immediately felt a terrifying threat. They felt a will that could sweep away everything from ye Chen's undefeated divine fist.

This was the first move of the undefeatable divine fist, sweep.

The sweep was wrapped in a terrifying battle consciousness. Coupled with ye Chen's celestial energy, it was boiling and surging without end. It was as if an undefeatable God of War had descended and was going to sweep away everything, sweep away the heavens, and kill with a crushing momentum.

The terrifying fist radiance was extremely dazzling and instantly destroyed the blue palm and blue giant sword.

The next moment.

"Ah, ah!"

Two shrill screams were heard. LAN Qing and LAN Huan didn't even have time to react before their bodies were swept by the fist radiance of the invincible divine fist.

"Ah!"

The two of them immediately let out a blood-curdling screech. Their bodies trembled violently, and they retreated backward. They spat out large mouthfuls of blood, and their eyes were filled with disbelief.

If the blue palm and blue sword hadn't weakened the power of the divine fist, they would have been blown up.

Although at their level, their bodies could easily regenerate after being blown up, it also required immortal energy to regenerate ... In other words, once they were blown up too many times, they would still be finished.

Therefore, they felt a deep threat at ye Chen's hands.

Terrifying!

What a terrifying punch!

They recalled the power of ye Chen's undefeatable divine fist. It was like a god of War who could sweep away everything. That terrifying sense of threat made LAN Qing and LAN Huan feel a lingering fear.

"What?"

"How can ye chen be so powerful?"

"Those are two invincible ninth-level immortal God experts. They couldn't even withstand a single move from ye chen?"

"How is this possible?"

"Unbelievable. This is truly unbelievable."

"Ye chen is too powerful."

The crowd was in an uproar.

It was too shocking.

The combat power ye chen had displayed was too frightening.

At this point, even a fool could see how strong ye Chen's combat power was.

Even LAN Qing and LAN Huan were no match for ye chen when they worked together. Who else could be a match for ye chen?

Perhaps only an invincible ninth-stage immortal God, a second-stage expert, could be ye Chen's opponent?

Of course, the LAN family also had experts of this level.

However, ye Chen's cultivation base was only at the fourth level of the immortal God Realm!

This was too terrifying.

With a cultivation base at the fourth level of the immortal God Realm, he could unleash the combat strength of an invincible stage-two ninth level immortal God? This was simply inconceivable!

"Unbelievable, unbelievable. This person is definitely one of the top geniuses on the primeval rankings. He's a super heaven's favorite!"

When LAN Qi saw this, his heart trembled. He was deeply shocked.

Who could burst out the combat strength of an invincible stage-two ninth-level immortal God with a cultivation base of the fourth-level immortal God Realm?

Perhaps only the top 20 of the primeval list could do that.

And this was only a possibility.

If LAN Qi had not seen ye chen defeat LAN Qing and LAN Huan with his own eyes, he would have thought that this was just a legend, a dream.

p However, the truth was right in front of him, and he had no choice but to believe it.

Ye Chen's combat strength was truly freakish.

"Since you didn't choose to kneel before, then you can go to hell."

Ye chen could not be bothered to waste his breath on LAN Qing and LAN Huan.

Boom, boom, boom, boom, boom!

"Invincible divine fist, sweep!"

"Invincible divine fist, heaven-defying!"

Two great moves in a row.

"Ah, ah!"

Two shrill screams were heard, and LAN Qing and LAN Huan were almost instantly swallowed by countless fist auras.

The next moment.

The two of them exploded, turning into endless flesh and blood.

"Ah, ah, ye chen, ye chen, don't kill me, don't kill me!"

Although LAN Qing had been blown up, he had reached the ninth-level of The Invincible Immortal God Realm and was extremely terrifying. His body was still regenerating.

"Damn it, LAN Ching, you want to surrender to this kid? This damn brat, die, die, I don't believe you dare to kill me!"

LAN Huan shouted.

"Whether I dare to kill you or not, you just have to watch."

Ye chen sneered.

[Chapter 2532 2537-Killing LAN Huan And LAN Qing!](#)

Did he dare to kill LAN Huan?

Of course he dared to.

The next moment.

"Ah!"

LAN Huan's entire body exploded on the spot after being hit by the fist force of the undefeatable divine fist. The repeated explosions had consumed a lot of his immortal force.

"No, that's impossible. I have the LAN family behind me. Do you dare to kill me?"

LAN Huan screamed like a woman who had been molested.

"Why wouldn't I dare to kill you? You all came here in such a grandiose manner just to kill me. Do you think I can't kill you now?"

Ye chen sneered.

It was really laughable.

This group of people had come in such a grandiose manner to kill ye chen. Now that ye Chen's combat strength far exceeded theirs, they could not attack them?

This was truly laughable.

"No, no, I have the LAN family behind me. If you dare to kill me, you'll be offending the LAN family!"

LAN Huan finally knew fear and shouted.

His body had been blown up time and time again, and he had already consumed a lot of immortal force. If he were to be blown up a few more times, he would really die.

He was an invincible ninth-stage immortal God expert with unfathomable combat strength and great talent. In terms of talent, he was not inferior to LAN Qi.

He was also a peerless heaven's favorite on the primeval list, although his ranking was similar to LAN Qi's.

He didn't want to die Here.

"Not dead? If I say die, then you must die. So what if you've offended the LAN family? you're acting as if I've never offended them. "

Ye chen sneered. Offend the LAN family? Didn't he already offend the LAN family?

Was he still afraid of offending the LAN family?

Moreover, with ye Chen's background, what was there to be afraid of?

Ye chen would not be afraid even if it was a super clan ten times stronger than the LAN clan, let alone the LAN clan.

"Ah, ye chen, you'll die a horrible death!"

In the end, an undefeatable will descended and suddenly swept over LAN Huan, who was trying hard to reform his body. LAN Huan screamed and was directly blown apart, turning into endless nothingness.

Death.

An invincible ninth-stage immortal God expert had died just like that.

A super expert on the same level as Lord Qiu had died just like that.

This was the cruelty of the law of the jungle.

"No, no, ye chen, I'm willing to surrender. I'm willing to surrender."

Seeing LAN Huan's death, LAN Qing trembled in fear and almost peed his pants.

Although he was an invincible ninth-level immortal God expert, he had lost the demeanor of an expert in the face of death.

No matter how strong an expert was, in the face of death, they would all appear extremely fragile.

"Surrender? I don't need a subordinate like you. Alright, you can die now. "

Ye chen sneered and threw a punch.

The power of the undefeatable God fist shattered LAN Qing's body, and then his body reassembled again and again ...

After about five or six reorganizations, LAN Ching's curses and screams became softer and softer. In the end, his voice could no longer be heard.

LAN Qing, dead.

Another invincible ninth-level immortal God expert had fallen.

LAN Qi trembled when he saw this scene. It was terrifying, too terrifying.

Ye chen was a Demon King.

"A storage ring."

Ye chen waved his hand and LAN Qing and LAN Huan's storage rings flew into his hand.

Ye Chen's celestial consciousness probed inside and his face immediately showed joy.

Three trillion immortal stones.

There were three trillion immortal stones in their storage rings.

This was a huge number.

Three trillion immortal stones ... Even an invincible ninth-level immortal God would have to spend a lot of effort to pay it.

As ninth-level immortal God experts, it was normal for LAN Qing and LAN Huan to have so much wealth.

They weren't particularly poor.

"Three trillion immortal stones is enough to cultivate a large number of machine-type bug tribe soldiers."

Ye chen thought to himself.

However, he planned to use it to break through to the next realm.

As long as he had enough immortal stones, he could keep breaking through.

Therefore, he decided to keep the three trillion immortal stones for now.

"LAN Qi!" Ye Chen's eyes swept across the room and landed on LAN Qi.

When ye Chen's gaze swept over him, LAN Qi's entire body could not help but tremble. His eyes revealed a look of fear.

Even LAN Qing and LAN Huan, the two invincible ninth-level immortal God experts, had died at ye Chen's hands, let alone LAN Qi.

LAN Qi's cultivation base was only at the eighth-level of the immortal God Realm, and his combat strength had not reached the ninth-level of The Invincible Immortal God Realm.

If he were to fight ye chen, it would be no different from seeking death.

He had never imagined that ye Chen's combat power would be so strong. Ye chen was clearly only at the fourth level of the immortal God Realm. How could his combat power be so strong?

He had killed two invincible ninth-level immortal God experts with his fourth-level immortal God cultivation base.

This was a miracle.

"Hand over your storage ring. After that, I will offend your LAN family. Remember, find more experts. Next time, it's best if they are true God level experts."

Ye chen said coldly.

As for LAN Qi, Ye chen did not want to kill him yet. He wanted LAN Qi to find more experts after he returned. It would be best if they were true God-level experts. This way, he could give ye chen a large number of celestial stones.

In just an hour of battle, ye chen had obtained three trillion immortal stones. This made ye chen feel that plundering was much faster than earning immortal stones on his own.

What?

What did he just say?

LAN Qi was stunned.

LAN Qi did not expect ye chen to say that.

He had thought that ye chen was going to kill him.

"Didn't you hear?"

Ye chen chided coldly.

"Ye chen, are you really going to let me go?"

LAN Qi couldn't help but confirm again.

"If you don't want to leave, you can stay."

Ye chen sneered.

"Let's go, let's go. I'll leave quickly. "

LAN Qi hurriedly turned into a stream of light and fled into the distance, escaping from this place.

Of course, ye chen did not stop him.

It would be easy to stop him but ye chen did not stop him.

He just let LAN Qi leave.

What he wanted was for LAN Qi to return and call for reinforcements. Every time, ye chen wanted to give LAN Qi the illusion that ye chen had already given his all.

By the time LAN Qi found a stronger master, he would realize that even stronger Masters were still no match for ye chen.

"And you guys."

Ye chen looked at the remaining group of people.

Their expressions changed drastically. They would be lying if they said they were not nervous when facing ye chen.

Ye Chen's combat strength was too terrifying. It made their hair stand on end.

"All of you, get lost."

The strongest of these people was only at the ninth-level of the immortal God Realm. Ye chen was not interested in their wealth at all.

Ye chen told them to get lost.

"Yes, yes, yes."

Everyone hurriedly turned into streams of light and left the place.

Of course, ye chen knew what they were thinking. At this time, they probably hated ye chen to the core. They wanted nothing more than to eat ye Chen's flesh and drink his blood.

However, he did not dare to say it out loud.

[Chapter 2533 2538-Godking Alliance!](#)

After these people left.

Ye chen was also ready to leave.

In the short term, it was likely that the LAN family would not find their way here. This was because LAN Qi had to carefully assess ye Chen's combat power before he dared to send anyone. After all, he had already made a mistake this time.

It was only after he had judged ye Chen's true combat power that he dared to continue sending people over to deal with ye chen to avoid another failure.

"Go on, go on, Lanqi. Just find someone to deal with me. They're all here to give me wealth."

Ye Chen's lips curled into a cold smile.

He was not afraid.

On the contrary, he was looking forward to it.

The stronger the person LAN Qi found, the more wealth he could bring.

If LAN Qi had brought an ordinary ninth-stage invincible immortal God over, he wouldn't have been interested in him.

"It's time to go back. "

There were only a few days left until the inter-sect disciple competition.

Ye chen planned to complete one more mission after he returned and then start the tournament.

.....

The immortal Palace.

Ye chen soon returned to the immortal God Palace.

With his current cultivation and speed, it would be easy for him to return to the immortal God Palace.

Therefore, he returned to the immortal God Palace very quickly.

After returning to the immortal God Palace, he could clearly see that there were more people flying in the sky.

In the past, there were many people cultivating in seclusion all year round. Now that the immortal God Palace's inter-sect competition was approaching, it was normal to have more people.

Otherwise, they would definitely still be cultivating in seclusion at this time.

On this day.

Ye chen had accepted another mission. After completing it, he went to the hall of missions, intending to hand in the mission.

"Get lost!"

Right at this moment, a figure strode over, exuding a terrifying aura. The powerful aura shook the surroundings, causing the space to distort.

Some of the surrounding people couldn't help but move to the side to make way for this person after seeing him.

Only ye chen did not step aside.

In reality, ye chen had not even noticed this person.

"Eh? I told you to get lost!"

This figure was a tall young man. When the tall young man saw that ye chen did not move away, he was immediately enraged.

"Who has the guts to offend song kui?"

"Song kui has an invincible ninth-level immortal God combat strength. His combat strength is extremely terrifying."

"Song kui asked us to move aside, so we could only move aside. I didn't expect that there would still be people who wouldn't move?"

"Is he looking for death? Offending song kui is definitely courting death!"

The crowd was suddenly interested and began to discuss.

Song kui was from the godly King Alliance, an extremely powerful force in the immortal God Palace.

The godly King Alliance!

This was an extremely terrifying force.

The godly King Alliance was created by a genius of the immortal God Palace who was invincible and had suppressed all the other geniuses. Now, this genius had reached a very high level among the real gods. It was said that he was constantly trying to break through to the Godking realm. Once he broke through to the Godking realm, the situation of the entire immortal God Palace would change.

Therefore, the godly King Alliance was an extremely terrifying force.

As a member of the divine King Alliance, song kui was usually arrogant and despotic. However, he did not expect ye chen to not avoid him today.

He was really looking for death!

"Brat, I told you to get lost, didn't you hear me?"

Song kui said coldly.

He was a little angry.

He was a member of the godly King Alliance, yet his words were ignored. This really made him furious.

"Oh? Who are you? Why should I get lost?"

Ye chen asked, slightly taken aback.

He really felt a little baffled.

"You don't know who I am? I'm song kui, a member of the godly King Union. If you dare to offend me, you're courting death. So, get out of my way!"

Song kui sneered.

He was a member of the godly King Alliance. If ye chen heard this, he would probably wet his pants in fear.

In fact, even an invincible ninth-stage immortal God expert would be frightened to death after hearing the words 'godly King Alliance'.

The godly King Alliance was too powerful.

He was as terrifying as a Demon God.

It was too powerful.

The godly King Alliance was too powerful.

It wasn't something that humans could fight against.

This was also the reason why so many people lost all will to resist when they heard the words 'godly King Alliance'.

It was because it was too powerful.

They were as powerful as demonic gods. Many people even thought that the Godking Alliance was a super giant in the immortal God Palace and almost no one could compete with it.

Even most of the elders had been recruited by the godly King Union.

Let alone a mere disciple?

No matter how strong the disciples were, they couldn't defeat the elders.

"Oh? You're from the godly King Union, so I have to get lost? I've never heard of this Godking Alliance. "

Ye chen sneered.

What?

The space was silent.

Everyone was dumbfounded.

Ye chen had said that he had never heard of the godly King Alliance?

This was no longer arrogance, but arrogance.

They were extremely arrogant. This was the godly King Union. Even in the immortal God Palace, they were a super force with terrifying strength.

Ye chen dared to look down on the godly King Alliance? Wasn't this just looking for death?

Ye chen actually dared to underestimate the godly King Alliance. This was simply an act of courting death.

It was an eye-opening experience for everyone. They had never seen anyone who dared to say that they had never heard of the godly King Alliance.

What kind of existence was the Godking Alliance?

Today, he had actually been looked down upon by a fourth-level immortal God Realm ant.

Wasn't this just looking for death?

"You, what did you say? Never heard of it? Do you know what you're saying? you're courting death!"

Song kui was stunned at first, then he said fiercely.

"I'm looking for death? How could I not know that I'm looking for death? alright, if there's nothing else, please get lost. "

However, ye chen stood on this road. He was about to submit his mission but was told to get lost by song kui.

He still had to hand in his mission.

"You, are you looking for death!"

When song kui heard this, he was furious. He used his celestial energy and slapped his palm in ye Chen's direction.

BOOM!

An invincible ninth-level immortal God Power suddenly erupted like an active volcano as he thrust his palm out.

A vast palm print pressed down on ye chen.

"We're finished. That kid is only at the fourth-level immortal God Realm. How dare he speak like that?"

"He's finished. "

"Song kui is backed by the godly King Union. He's also an invincible ninth-level immortal God expert. I really don't know where this brat got the guts to offend song kui."

"In my opinion, he must be tired of living."

Everyone mocked ye chen, thinking that he was dead for sure.

However, what happened next made their jaws drop.

"Break!"

Ye chen casually threw a punch that contained a terrifying amount of celestial energy. The terrifying force directly destroyed the palm print and then slammed into song kui's body.

"Ah!"

With a miserable cry, song kui's body shook violently and he retreated a dozen steps.

[Chapter 2534 2539-The Might Of The Godking Alliance!](#)

What?

What was this?

Everyone was dumbfounded. How was this possible?

A fourth-stage immortal God Realm weakling had actually forced back an invincible ninth-stage immortal God Realm expert with a single punch? Many people thought that they were seeing things. They rubbed their eyes and found that song kui had indeed been defeated.

How was that possible?

How was this possible?

Everyone revealed extremely shocked expressions.

A fourth-level immortal God had actually forced back an invincible ninth-level immortal God expert with a single punch.

This was too unbelievable.

The gap between each level of the immortal God Realm was extremely huge.

If ye chen could force song kui to retreat with one punch, did that not mean that he had invincible ninth-level immortal God combat power? Or even stronger.

It was terrifying.

"You, you, impossible. How is this possible? you're just a fourth-level immortal God ant. How can you be so strong?"

Song kui had a look of disbelief as he roared.

He was an invincible ninth-stage immortal God expert, yet he was knocked back by a fourth-stage immortal God with one punch.

This was simply impossible.

The gap between the fourth-level immortal God Realm and the ninth-level immortal God Realm was unimaginably huge.

Yet, ye chen could knock him back with one punch.

From the looks of it, ye chen did not hide his cultivation level and was really at the fourth-level immortal God Realm.

A fourth-level immortal God Realm cultivator had forced him back with a single punch.

Terrifying.

"I thought that the people from the godly King Union were capable. In the end, they only have this much combat power. How pitiful."

Ye chen said with a cold smile.

"You ..."

Song kui's expression changed. Everyone's expression changed as well. It was fine for ye chen to mock song kui but mocking the godly King Alliance was a serious crime.

The godly King Alliance was like the sun at High Noon. Its momentum was extremely terrifying. Even the elders didn't dare to offend the godly King Alliance.

Ye chen had dared to offend the godly King Alliance. He was simply courting death.

Anyone who dared to offend the godly King Alliance would have a very miserable ending.

There was once a true God level elder who had been forced to commit suicide because he had offended the godly King Union. His entire family had been killed, not even a single one of them left.

It could be said to be extremely miserable.

Since ye chen had dared to offend the godly King Alliance, he was destined to have a miserable end.

The crowd could already see ye Chen's corpse lying on the street.

The consequences of offending the godly King Alliance would be extremely brutal.

Everyone believed that ye chen was dead for sure.

"You ... You dare to offend the godly King Union? you don't know what will happen to you."

Song kui sneered.

If they offended the godly King Alliance, they would have a miserable ending.

This was without a doubt.

"Hehe, do you know who I am? I've offended the godly King Union and you're saying that I'm in a miserable state?"

Ye chen sneered.

"There's someone behind you?"

Song kui immediately guessed that ye Chen's background was very powerful.

That's right. A fourth-level immortal God could defeat him. Such talent was absolutely heaven-defying. He probably had a powerful background in the immortal God Palace.

Perhaps ye chen was backed by some Supreme powerhouse.

However, song kui was not afraid because of the godly King Union. Even super experts would have to submit to the godly King Union.

This was the confidence of the godly King Alliance.

Unless it was the invincible old monsters in the immortal God Palace. Of course, those old monsters wouldn't accept disciples, and the possibility of them accepting disciples was very low.

Therefore, the possibility of ye chen being a disciple of those old monsters was still relatively low.

"Hmph, I don't care if you have a super expert behind you. Even if you do, so what? you're still an ant in front of the great godly King Union!"

Song kui said coldly.

"I don't care if you're from the divine King Alliance or whatever. Get lost!"

Ye chen chided coldly, "I still have to hand in my mission!"

He really had to hand in the mission.

He was too lazy to continue talking nonsense with song kui.

"You ..."

Song kui's face changed. "Do you know the consequences of offending the godly King Union?"

Offending the godly King Alliance would definitely lead to a miserable end.

However, looking at ye Chen's expression, it was clear that he did not believe it.

"I've said it before. I don't care if you're from the godly King Alliance or whatever. Get lost!"

Ye Chen's body exploded with a powerful energy. "If you don't get lost, I don't mind making you get lost!"

"You ..."

Song kui's expression was extremely unsightly. He was an invincible ninth-level immortal God expert, but he was actually told to get lost by a fourth-level immortal God.

This made him unable to pull down his face at all.

"Good, good, good, just you wait. You've offended my godly King Union today. The inter-sect tournament will be held in a few days. Once we enter the secret realm, you'll die a horrible death!"

After song kui said those harsh words, he left the place with a dejected face.

He knew that he was no match for ye chen. If he continued to waste time, he would be courting death.

It was better to return to the godly King Alliance and find the experts of the godly King Alliance to get rid of ye chen.

As for ye Chen's background?

So what if they didn't have any super experts? offending the godly King Union was the same as courting death!

"Hmph, the Godking League, huh."

Ye chen sneered. After submitting the mission, he immediately returned to his palace.

"Master,"

After receiving the voice transmission from the great immortal, ye chen did not hesitate and immediately headed toward a strange Palace.

Soon, he saw the great immortal, second senior brother, and eldest senior brother.

"Do you know why I've called you here?"

"Let's go!" Miracle immortal said directly.

"Is it for the inter-sect tournament? 0"

Ye chen asked.

"No, I believe you can get a good result in the inter-sect tournament. However, you've offended the godly King Union. Do you know what that means?"

Great immortal wondrous life said.

What did that mean?

Ye chen shook his head slightly. He had no idea what that meant.

After all, it was just a force, so it didn't matter if they offended it.

Could it be that he couldn't even afford to offend the great immortal?

"Al, it's true that a newborn calf is not afraid of a Tiger."

The eldest senior brother couldn't help but say, "do you know that the godly King Alliance was created by a peerless genius? that peerless genius is already on the verge of breaking through to the godly King realm. If he does, the situation in the immortal God Palace will be in turmoil!"

"That existence is definitely extremely powerful. Of course, our master can afford to offend him. However, if you offend the godly King Union blindly, it won't do you any good. There will only be disadvantages,"

The eldest brother couldn't help but say.

Ye chen scratched his head. There were only disadvantages?

After all, song kui had gone too far. In the end, the people from the godly King Alliance were used to being arrogant and despotic.

She had asked ye chen to get lost as soon as she came up. Ye chen would not get lost.

"Alright, I called you over this time mainly to tell you to be careful."

"After you enter the secret realm, the Godking Alliance will definitely target you. You have to be extremely careful."

[Chapter 2535 2540-Inter-Sect Tournament Begins!](#)

"You have to be extremely careful."

Great immortal wondrous life said.

Ye chen was confused.

Was the Godking Alliance so powerful that even the great immortal had to pay attention to it?

Had the godly King Alliance become so powerful?

Ye chen was a little confused.

However, he had heard from his senior brother that his master was not afraid of the godly King Alliance. That was good.

It was fine as long as they were not afraid of the godly King Alliance.

"Yes, master,"

Ye chen nodded slightly. It was always good to be careful. Perhaps the other party would send some Super Master to deal with him.

With ye Chen's current combat strength, as long as it was not an expert at third stage true God or above, he could escape.

With his current fighting power, he should have no problem dealing with a stage two true God.

Of course, in the true God level, the gap between each small realm was extremely huge. Therefore, ye chen did not dare to underestimate a second-stage true God powerhouse.

Up until now, he had yet to fight against a true God level expert.

"That's right. The city Lord of sacred fire City."

Ye chen suddenly thought of a true God.

That was the Lord of Holy Fire City.

He had offended Wei Qing, so the Lord of holy flame city behind Wei Qing would definitely not let it go. He might even jump out and kill ye chen.

He was an expert at the first stage of true God Realm.

Up until now, ye chen had not fought with a true God-level master, so he did not know how strong a true God was.

However, he was certain that a true God was not as simple as he had imagined.

A true God had already transformed his immortal energy into divine energy, and his immortal Dao domain had also undergone a transformation.

Such a person's strength was definitely not to be underestimated. He was definitely not an invincible ninth-level immortal God.

Although ninth-stage immortal God invincibility was said to be able to match the weakest true God, it was still just a match.

A true God was definitely extremely powerful.

A few days later, it would be the time for the secret realm to open.

It was also the sect disciple tournament.

The competition would be held in the Aqua blue secret realm. Whoever killed the most people, beasts, and accumulated the most points would be the most outstanding.

The more outstanding he was, he might even be able to get the appreciation of some big shots and rise to the heavens in a single step.

Some big shots were also secretly watching this inter-sect competition. If they performed well in the mystic realm, they might be recognized by some big shots.

Those big shots were the big shots of the immortal God Palace, the real super beings.

There were many supreme beings like the great immortal wondrous fate in the immortal God Palace.

Even the Masters of the sects and some super old monsters of the immortal God Palace would appear.

Therefore, this inter-sect tournament was extremely important.

"Cultivate in peace,"

Ye chen returned to his palace. With a wave of his hand, storage rings appeared out of thin air.

The storage ring was filled with immortal stones.

A large number of immortal stones.

He had previously seized a large amount of wealth from LAN Qing and LAN Huan. Although this wealth was not enough for him to break through, it was enough to stabilize his cultivation.

After all, he had broken through too quickly. In just a few days, he had advanced from the second-level immortal God Realm to the fourth-level immortal God Realm. He needed to use some immortal stones to consolidate his cultivation base.

Consolidating his cultivation base was also a very important matter.

Otherwise, he would be easily defeated by people of the same realm.

If he didn't consolidate his cultivation, he was bound to end up in a miserable state.

"Consolidate!"

Ye chen waved his hand and a large number of celestial stones exploded. They turned into waves of celestial energy and surged into ye Chen's body.

Ye Chen's cultivation base was constantly stabilizing.

He had spent two trillion immortal stones to completely stabilize his realm at the fourth-level immortal God Realm.

In other words, if ye chen wanted to break through again, he did not need to consolidate his cultivation base.

He was now a true fourth-level immortal God.

His combat strength had increased by another level.

In the blink of an eye, a few days had passed.

The day of the inter-sect tournament had arrived.

On this day.

Whoosh, whoosh, whoosh, Whoosh!

Beams of light came from the distance at an unbelievable speed. Every figure was like a gust of Divine Wind. Some were like divine mountains, while others were as terrifying as the abyss.

All in all, the aura of each figure was extremely terrifying.

None of them were lower than the level of a real God. They were all super experts among the real gods and even close to the existence of King God.

"The inter-sect tournament is about to begin!"

"The inter-sect tournament is finally about to begin."

"This time, we, the godly King Union, will definitely take first, second, and third place!"

"Although we from the eternal life Alliance are not as good as the godly King Alliance, we still have to get into the top five!"

.....

The people of the various forces were all discussing.

There were many heaven's favorites who were fully prepared for this inter-sect competition. They were prepared to shine and win the recognition of the big shots.

Many hidden heaven's favorites, some super heaven's favorites, have appeared.

They were all extremely powerful.

On this day, ye chen finally left his palace and headed toward the immortal God Palace Square.

Shua!

Ye chen appeared at the square of the immortal God Palace. Before this, many people had been waiting here.

Boom, boom, boom, boom, boom, boom, boom, boom!

Many powerful auras gushed out from the distance. Many powerful figures appeared in the air. Their auras were as heavy as the abyss. Some of them were even like the Masters of the Universe. Their auras were as deep as the ocean and unfathomable.

"Look, that's the leader of the eternal life Alliance, Chen Yongsheng. I heard that he has reached an extremely high level and is extremely terrifying."

"Look, that's the Alliance master of the blazing flame Alliance ..."

"Look, it's the people from the godly King Union."

The crowd began to talk at once, and they were all discussing madly.

He couldn't help it, it was too shocking.

There were so many peerless experts.

It was extremely difficult to see every peerless expert on normal days. It was as difficult as ascending to the heavens to see them.

But today, they could be seen in large numbers.

Every expert was an existence at the peak of true God.

"BOOM!"

A star-like shadow suddenly descended.

This Phantom's aura was extremely terrifying. It was much stronger than the other Alliance Masters' auras. It was like a true God that ruled time and space.

"It's those old monsters who have been training hard in secret. "

Someone screamed.

Some old monsters who had been cultivating in secret had appeared.

It was said that some of these old monsters had already broken through to the God King stage and were even stronger than God kings.

The gap between their realms was huge.

The Alliance master of the ordinary Alliance was only at the peak of true God Realm. The Alliance master of the godly King Alliance was also at the peak of true God Realm, but he could kill tens of thousands of peak of true God Realm experts in seconds.

Even a God King expert was no match for the Alliance master of the God King Alliance.

As for some old monsters, they had already reached the God King stage many years ago.

[Chapter 2536 2540-Entering The Secret Realm!](#)

Those old monsters were basically hiding in their own cave abodes, cultivating in seclusion and trying to break through to a higher level and realm.

This kind of existence basically wouldn't come out. However, he didn't expect that an old monster would appear today.

It seemed that these old monsters also wanted to see if there were any heaven's favorites worth cultivating.

"The inter-sect tournament is about to begin, even those old monsters have come out."

"That's right. Maybe even the master of our immortal God Palace will show up this time."

"You mean the palace Master of the immortal God Palace?"

"That's right, it's him,"

"Oh my God! That's the palace Master of the immortal God Palace! He has guarded the immortal God Palace for hundreds of millions of years!"

The crowd was in a heated discussion.

When ye chen heard this, he was also shocked.

The master of the immortal God Palace?

The immortal God Palace was an existence that had stood tall in the immortal God Realm for countless years. To be the master of the immortal God Palace, how powerful and great must he be?

An existence at that level would probably have a cultivation base that far surpassed that of a God King.

Those at the peak of true God Realm could become core elders, and those at the God King realm could become elders with actual power.

The status of an elder with real power was extraordinary.

Those at the level of the great immortal wondrous fate were only elders with real power.

In reality, those that were able to reach the divine King realm were all existences at the level of old monsters.

"BOOM!"

In the sky, another figure descended. This figure was like an endless sky, an endless dome of heaven, covering the sky and the sun. It was so huge that it was inconceivable. The strength of his body could simply blow up the world.

He was another old monster.

The appearance of one old monster after another had already numbed the crowd.

"BOOM!"

At this moment.

A Supreme aura rose up, as if a super saint had descended.

After this Saint descended, all the auras submitted to him.

"The palace Master of the immortal God Palace!"

"It's the palace Master of the immortal God Palace!"

"Oh my God, the palace Master of the fairy God Palace has appeared."

Everyone was extremely excited and roared. Many people even flew into the air and flew around randomly, no different from crazy people.

He was too excited.

This was the master of the immortal God Palace.

An incomparably great existence.

The master of the immortal God Palace could destroy countless spaces, mountains, and rivers with a snap of his fingers. He could destroy the lower realm with a single thought.

What kind of tyrannical existence was this?

He didn't expect that the master of the immortal God Palace would show up in today's inter-sect competition.

"Everyone!"

BOOM!

A giant face appeared in the air. It was the will of the master of the immortal God Palace.

The face gave everyone a strange feeling, as if it was not in the same time and space as them.

It was extremely strange.

"Today is the inter-sect tournament. After you enter the Mystic realm, the more demonic beasts you kill, or rather, the more enemies you kill, the more points you will obtain. The points you obtain can be used to exchange for treasures, rare items, all kinds of divine weapons and equipment. In short, the more points you obtain, the more abundant the rewards!"

"So, let go and do your best! Little guys, try your best to get points!"

The giant face in the air said, "if you get more points, you might even be appreciated by some old monsters!"

BOOM!

After saying that, the giant face suddenly disappeared.

"Heavens, what a terrifying aura."

Even ye chen could feel how terrifying the master of the immortal God Palace was.

This was really too terrifying.

Just the aura alone gave ye chen an unfathomable feeling, as if he was a God.

If the master of the immortal God Palace wanted to attack him, he could probably kill ye chen with a single look.

He was too strong.

There were also those old monsters. Each of them was tyrannical and invincible. They were domineering and had almost no opponents.

Ye Chen's horizons had been broadened today.

He had never seen so many super experts before.

Other than the great immortal wondrous fate, this was the first time he had seen so many Almighty divine kings.

"The inter-sect tournament, officially begins!"

A figure appeared in the distance out of thin air. The aura of this figure was also as deep as the ocean, unfathomable.

Then, he waved his hand, and endless divine power rolled out, immediately forming a huge golden vortex.

After the Golden vortex appeared, it began to surge and spin without end, showing its terrifying power. If it wasn't for the Golden-robed man's protection, everyone would have been killed by the aura as soon as they got close.

This was the entrance to the secret realm of the inter-sect tournament.

It was obvious that the inter-sect tournament had already begun.

Without any nonsense, he started.

Of course, everyone had been waiting here for a long time. Some of the people who came early had already waited for several hours.

After seeing the Golden vortex, their eyes immediately turned red. Like mad Dogs, they flew over madly.

"Haha, let's go, let's go, let's hurry in!"

"Whoever enters first will be the first to kill the demonic beasts and obtain points!"

"Let's go!"

Everyone turned into a stream of light and immediately flew towards the entrance of the secret realm. Soon, they disappeared from the entrance of the secret realm.

Many of them had been waiting for several hours and were already rubbing their hands in anticipation.

Now that the secret realm had opened, how could they not be excited?

"I'll go in too. "

Naturally, ye chen would not fall. He turned into a stream of light and entered the Golden vortex.

The next moment.

He only felt his vision go black, and then the world spun, and he came to another world.

This was another world.

It was a completely different secret realm.

A secret realm was a world.

The world in this secret realm was very similar to the outside world. The flow of time was the same as well.

After all, it was created by a mighty figure of the immortal God Palace, so it was naturally extraordinary.

"Eh? That's a demonic beast?"

Ye Chen's eyes swept around and immediately noticed a Divine Dragon flying over.

Roar!

The divine Dragon roared and charged in ye Chen's direction at an extremely fast speed. It had actually reached the ninth-level of the immortal God Realm.

Shocking!

Any demon beast had the combat strength of a ninth-level immortal God.

This was very shocking. One should know that a ninth-tier immortal God was already considered very powerful among ordinary disciples. Any demonic beast here had the combat strength of a ninth-tier immortal God. Didn't this mean that it would be very dangerous for ordinary disciples to enter?

Of course, this Divine Dragon did not pose any pressure to ye chen.

"Die!"

Ye chen activated the undefeatable divine fist and swept out with a punch, using sweep.

Whoosh!

The entire Divine Dragon was hit and exploded, turning into endless flesh and blood.

Ye chen suddenly noticed that a token had appeared in his hand. On the token, a number appeared: 1.

It was obvious that this was a point he had obtained after killing the divine Dragon.

[Chapter 2537 2541-Godking Alliance At The Door!](#)

"Killing a Divine Dragon only gives me one point? Doesn't that mean that it'll be dangerous for even the ordinary disciples to enter?"

Ye chen was very surprised.

Any Divine Dragon had the combat strength of a ninth-level immortal God.

The ninth-level immortal God Realm was already very powerful. In the lower realm, an old ancestor was only at the second-level immortal God Realm.

In the immortal God World, he would be a small figure among small figures, a small figure among small figures. Any expert above the fourth-level of immortal God Realm would probably be able to crush those old ancestors.

And here, any random Divine Dragon was at the ninth-stage immortal God Realm.

Most of the ordinary disciples' cultivation bases were only at the seventh or eighth-level immortal God Realm. It would definitely be very dangerous for them to enter.

Of course, ye chen could not be bothered with the others. He just had to be himself.

"Continue hunting!"

Whoosh!

Ye chen turned into a rainbow and flew forward at high speed. He saw another mystical beast. It was a strange creature with eight feelers and four hooves in the air. It was a strange creature with an exceptionally powerful aura. It had actually reached the peak of the ninth-level immortal God.

Another demonic beast.

Any demon beast had the combat strength of a peak ninth-level immortal God.

This was too shocking.

Ye chen roared and used the invincible divine fist to teleport over. He killed the strange creature with one punch.

Even a peak ninth-level immortal God couldn't block his punch.

After killing the strange creature, the number on the token jumped again, showing a number 5.

He had obtained 4 points by killing a peak ninth-stage immortal God Realm demonic beast, which was obviously much more valuable than ordinary ninth-stage immortal God Realm demonic beasts.

"What?"

At this moment, ye chen frowned.

Whoosh, whoosh, whoosh, whoosh, whoosh, Whoosh!

One figure after another appeared out of thin air in the surroundings. It was extremely strange, directly wrapping ye chen in it.

The auras of these figures were particularly powerful. Each of them had reached the ninth-level of the immortal God Realm.

A few of the more powerful ones had even reached the ninth-level of The Invincible Immortal God Realm.

"Hahaha, I've finally found you, ye chen!"

"I've been looking for you for a long time. So you're hunting demonic beasts here. Your strength is not bad. It's just as song kui said. You can defeat song kui. Not bad, not bad!"

"Little brat, obediently accept your death!"

Everyone burst into laughter, each one more arrogant than the last.

He had sent ye chen to his death the moment he came.

It was obvious that they had absolute confidence in themselves.

In fact, even the weakest of them was at the ninth-level immortal God Realm, while the stronger ones among them had even reached the invincible ninth-level immortal God Realm.

If these people worked together, dealing with ye chen would be a piece of cake.

"Someone from the godly King Union?"

Ye chen frowned and said coldly.

"That's right, we're from the godly King Union. You've hit song kui and offended the godly King Union. Do you know what kind of sin this is? It was a monstrous sin! He should be sentenced to death!"

One of the bald men shouted.

"That's right. If you dare to hit song kui, you'll have offended the godly King Union. The only outcome will be death!"

The other man roared.

There was only one outcome for those who offended the godly King Union, and that was death.

In history, those who had offended the godly King Union had all died.

No one was alive.

This was the foundation and strength of the godly King Alliance.

No one dared to offend the godly King Alliance because those who did were all dead and disappeared in the long river of history, be it Immortals, gods, or true gods.

Not to mention Immortals and gods, even old monsters at the God King level would not dare to offend the God King Alliance.

This was the power of the godly King Alliance.

"Just because I hit song kui, I have to die?"

Ye Chen's expression was very strange.

What kind of logic was that?

It was clearly song kui who had gone too far. As soon as he came over, he told ye chen to get lost and even attacked ye chen. That was why ye chen was forced to fight back.

Now, it was ye chen who was in the wrong?

Wasn't this too laughable?

"That's right. It's because you hit song kui. Song kui is a member of the godly King Union. You've offended the godly King Union by hitting song kui, so you deserve to die. "

The bald man laughed.

"Alright, it seems like the godly King Alliance is no different from the LAN family. They're both used to being arrogant and despotic."

Ye chen shook his head slightly. He knew that he could not reason with the other party.

The other party was determined to kill him. They had sent so many experts over to help song kui take revenge.

There were even a few ninth-stage immortal God experts.

It was really a big deal.

They knew that song kui was not ye Chen's match, so they had sent out some Masters to play it safe.

"I really don't understand how a fourth-level immortal God ant like you could defeat song kui."

The bald man said coldly.

"If you can't figure it out, then don't think about it."

Ye chen shook his head slightly.

"Impudent! Do you know who you're facing now? We're all from the godly King Union. If you dare to offend the godly King Union, the only outcome is death!"

The bald man seemed to have been angered by ye Chen's nonchalant expression and roared.

"Oh, then you can make your move."

Ye chen said indifferently.

Silence.

The space was silent.

What?

What did he just say?

The bald man was a ninth-level immortal God expert.

Ye chen was merely a little fellow at the fourth level of the immortal God Realm. How dare he ask the bald man to attack him?

He was really looking for death!

"You, a fourth-level immortal God trash, dare to ask me to fight? I don't believe that you can defeat song kui. Song kui is an invincible ninth-stage immortal God expert. It's impossible for him to be defeated by you. "

The bald man said coldly,"I'll break all your limbs, waste your immortal energy, and turn you into a cripple. I'll also kill your entire family!"

"That's right. He's just a fourth-level immortal God trash. What's there to be proud of?"

"He actually dared to let someone take the initiative to attack. He's really looking for death!"

"He's clearly just a fourth-level immortal God trash."

The crowd sneered coldly.

"How about this, if you kneel down now, I'll spare your life. If you don 't, you'll be dead. 0"

Ye chen said with a cold smile.

"Heavens, he's really gone crazy."

"Ridiculous, this is too ridiculous. A fourth-level immortal God actually dares to make the bald man kneel. It's really ridiculous!"

"He can't be crazy right?"

Everyone looked at ye chen as if they were looking at an idiot.

A fourth-level immortal God actually dared to make a ninth-level immortal God expert kneel.

If this wasn't seeking death, what was?

He was simply a lunatic.

"You're looking for death!"

After the bald man heard this, he flew into a rage.

BOOM!

He suddenly struck out with his palm and a palm print descended from the sky like an ancient mountain. It descended toward ye chen with great power.

This palm strike was enough to kill a group of ordinary eighth-level immortal God experts.

[Chapter 2538 2543-It's My Turn To Fight Back, Right?](#)

The power of this palm strike was enough to kill a group of ordinary eighth-level immortal God experts.

There were also strong and weak cultivators at the ninth level of the immortal God Realm. The bald man was obviously one of the stronger ones among the ninth level of the immortal God Realm, close to the level of Song Yan.

He was very strong.

"What a powerful force. This time, that brat is dead for sure."

"That kid is finished."

"Let's see how he dies!"

"Even a ninth-stage immortal God expert would find it difficult to block such a powerful palm, let alone a mere fourth-stage immortal God kid. He's dead!"

"This palm seems to cover the sky and the sun. It's too powerful!"

"That brat is dead for sure!"

Everyone said one by one.

They all thought that ye chen was dead for sure.

How could a mere fourth-level immortal God like ye chen block such a powerful attack? even a ninth-level immortal God expert would have to put in a lot of effort to block this attack.

Moreover, ye chen was a fourth-level immortal God ant.

In the immortal God Realm, the difference in combat strength between each minor realm was extremely great. The ninth-level immortal God Realm was much stronger than the fourth-level immortal God Realm.

If they were to really fight, a ninth-stage immortal God could probably kill a fourth-stage immortal God with a single blow.

However, ye chen had dared to provoke the bald man. It was no wonder the bald man was so angry. It was like being provoked by an ant.

It was too ridiculous and unreasonable.

Therefore, he had to kill ye chen to regain his dignity and the dignity of the godly King Alliance.

"Get lost!"

Ye chen casually threw a punch. A dazzling fist ray, scorching and violent, instantly destroyed the bald man's palm print.

Silence.

The space was silent.

The space was completely silent.

What?

How was that possible?

How was this possible?

Everyone's mouths were wide open, and they were dumbfounded.

How could that be possible?

Ye chen, a fourth-level immortal God, could actually block the bald man's attack?

Are you kidding me?

"My God, what a powerful force. It seems like this kid is still hiding his strength."

"Does this kid really have the combat strength of a ninth-level immortal God?"

"Hmph, so what? he's dead for sure."

"That's true. Just now, the bald man was just testing the waters. It doesn't mean anything."

Everyone said one by one.

"Kid, I didn't expect you to have some ability to block my attack. It seems like I have underestimated you."

The bald man squinted his eyes and said in a cold voice. His eyes flickered with an extremely cold light.

Ye chen had actually blocked his attack.

Although the attack just now was just a probing attack, it was blocked by a fourth-level immortal God Realm ant, which really made him feel very unhappy.

Anyone at the ninth-level of the immortal God Realm would be extremely displeased to have their attack blocked by a fourth-level immortal God ant.

The bald man was no exception.

When he heard the crowd's discussion, he wanted to kill ye chen immediately, eat ye Chen's flesh, and drink ye Chen's blood.

In his opinion, ye chen should have knelt down and been killed by him in one blow instead of standing there with an indifferent expression. In his opinion, the surrounding people's discussion seemed to be mocking his incompetence. All of this was brought on by ye chen.

Ye chen!

He was going to kill ye chen!

"Is that all you've got?"

Ye chen shook his head, a look of disappointment on his face.

The people from the godly King Alliance were no different from the LAN family. They only had this bit of ability. They thought that they could manipulate others as they pleased just because they had a higher realm. However, in reality, they were just clowns.

Ye chen had met countless opponents like this.

"You, are you looking for death!"

The bald burly man was completely enraged. He suddenly jumped up and struck down with both palms, erupting with shocking power. He struck out both palms at the same time, erupting with an ancient majesty.

"Vajra palm!"

This was the bald man's strongest move and also his unique skill.

The power of this palm was much stronger than the previous one. It was as if a Vajra had really pressed down a big handprint. The power was unparalleled.

Even an opponent at the ninth-level of the immortal God Realm would be turned into a meat pie if they were hit by this palm.

This was the bald man's strength.

It was extremely powerful.

"Heavens, what a terrifying power!"

"Yeah, what a powerful force!"

"Ye chen is dead!"

"In the face of this attack, even a ninth-level immortal God can't block it. What right does ye chen have to block it? It's already a miracle for a fourth-level immortal God ant like him to block the previous attack. Now that he's facing the bald man's full power, he'll die without a doubt. "

"Yeah, he's finished."

"He's dead. "

Everyone said one after another.

This time, they were certain that ye chen was done for.

The bald man's attack this time was definitely his full power.

Just by looking at the ancient palm print, one could feel that it was extraordinary. It was much more terrifying than the previous palm.

Ye chen could block the previous palm, but he would not be able to block this one.

This was the strength of the bald man and the strength of the godly King Alliance. If any random member of the godly King Alliance was an expert like this, didn't this mean that the godly King Alliance was strong?

"Such a small trick. What a joke. Break it!"

At this moment, ye chen sneered and threw another punch.

There wasn't any fancy movement, just a punch.

One force breaks ten thousand techniques!

A punch was thrown out, forming a dazzling fist light. It was also extremely hot, and it was much stronger than the previous punch.

It was as if the bald man's palm print had become stronger, and ye Chen's fist ray had also strengthened.

He had become stronger.

"BOOM!"

The fist radiance heavily collided with the palm print, and both of them collapsed.

Silence.

The space was silent again.

How was that possible?

Everyone was once again stunned.

"H-how is this possible? How could you have blocked my Vajra palm?"

The first one to jump up and shout was the bald man himself.

The bald man jumped up and revealed an incredulous expression, as if he had seen a ghost.

How was that possible?

Ye chen, a fourth-level immortal God, had actually blocked his full-powered attack?

This didn't make sense.

Shouldn't a fourth-level immortal God be easily killed by him?

Why did it suddenly become a problem today?

How could a fourth-level immortal God ant like ye chen be so powerful? It was as if he couldn't be killed.

It was too ridiculous.

"Are you done? It's time for me to fight back, right?"

Just then, ye chen smiled.

"What?"

Everyone was stunned, not knowing what ye chen was talking about.

What did he just say?

Had enough? Was it ye Chen's turn to fight back?

Did he even know what he was saying?

Don't think that just because you blocked the bald man's attack, you really have the ability to fight him. Everyone looked at ye chen as if they were looking at an idiot.

[Chapter 2539 An Invincible Ninth-Level Immortal God Takes Action!](#)

The bald burly man's cultivation base was at the ninth-stage immortal God Realm.

Moreover, among the ninth-level immortal gods, he was considered one of the stronger ones, close to the level of experts like Song Yan.

Logically speaking, a powerhouse like this could kill ye chen with a single slap.

Did ye chen really think that he could defeat the bald man just because he had blocked a few of the bald man's attacks?

Wasn't this too laughable?

Everyone had a mocking look on their faces, thinking that ye chen was courting death.

They all thought that ye chen was dead for sure.

Although ye chen had managed to block the bald man's attacks, he had not retaliated.

Ye chen was merely an ant at the fourth-stage immortal God Realm. How could he defeat the bald man? It was impossible!

"Damn it, damn it, kid, you're too arrogant, die! Vajra palm!"

When the bald man heard this, he flew into a rage. With a loud roar, he sent a palm strike at ye chen.

The endless palm prints turned into a furious Vajra Buddha and appeared behind the bald burly man. It was as if a Vajra divine Buddha had appeared behind the bald burly man.

Then, the Vajra Buddha slammed his palm toward ye chen like a god.

The power of this palm strike was enough to kill a group of ordinary eighth-level immortal God experts.

Its power was extremely terrifying.

Even a ninth-level immortal God expert would find it very difficult to resist such an attack.

"Brat, let's see if you're going to die this time!"

The bald man roared.

This time, he had used 120% of his strength. In a fit of rage, he had gone all out.

He could definitely kill ye chen with one palm.

"Just this bit of strength? Then you'd better lose!"

However, the next moment.

Ye chen threw another punch.

However, this punch seemed to travel through time and space like an undefeatable God. This punch seemed to be able to destroy the world.

"Ah!"

The bald man's palm print was destroyed in an instant. Then, the fist radiance heavily bombarded the bald man's body.

"Ah!"

The bald burly man let out a shrill scream as his body shook violently. His entire body was like a cannonball, flying backward.

He was sent flying for a few thousand meters before he landed heavily on the ground, motionless like a dead dog. His aura was extremely weak, and he had almost been killed by this punch.

Silence.

The space was silent.

There was a full 30 seconds of silence.

"Heavens, how is this possible?"

"How is this possible? A fourth-level immortal God actually defeated a ninth-level immortal God with one punch?"

"Isn't this too unbelievable? That's a ninth-tier immortal God expert!"

"So what if he's at the ninth level of the immortal God Realm? he was still defeated by ye chen."

"Is ye Chen's strength really that terrifying?"

"Maybe he's still hiding his strength?"

"Terrifying. It's truly terrifying."

"Why is he so strong?"

Everyone was discussing madly. It was as if they were boiling with excitement. Everyone felt that it was unbelievable.

A fourth-stage immortal God Realm ant had actually defeated the bald burly man, a ninth-stage immortal God Realm expert, with a single punch.

This was too ridiculous.

In the immortal God Realm, the difference in combat strength was extremely obvious with every minor realm, let alone five minor realms.

Even a fool could tell who was stronger in a battle between two people five minor levels lower.

This was very obvious, even a fool could see it.

But today was not the case.

Ye Chen, a fourth-level immortal God, had defeated a ninth-level immortal God bald man.

This was simply unbelievable.

"Hmph, I didn't expect you to have some combat strength. But so what? you can defeat a ninth-level immortal God. This bit of combat strength is nothing in my eyes!"

At this moment, a burly man stepped out of the void. His aura was exceptionally powerful, reaching the ninth level of The Invincible Immortal God Realm.

Invincible ninth-level immortal God.

He was another invincible ninth-level immortal God.

Up until now, Ye Chen had already seen several invincible ninth-level immortal God experts.

Such an expert should be very rare. After all, he was at Lord Qiu's level.

But now, they were like cabbages that could be seen everywhere.

No wonder the godly King Alliance was so arrogant. Other than true gods, they probably even had stage two invincible ninth-level immortal gods, right?

The power of the godly King Alliance was well-deserved.

"Invincible ninth-level immortal God, Ye Chen's dead this time."

"He's actually at the ninth level of The Invincible Immortal God Realm. He's at the ninth level of The Invincible Immortal God Realm! His combat strength is extremely powerful, many times more powerful than a ninth level immortal God!"

"This is an invincible ninth-level immortal God. Ye Chen's done for."

"That's right, Ye Chen's dead for sure. "

The crowd began to discuss one after another, all thinking that Ye Chen was dead for sure.

Ye Chen could defeat the bald man but he would definitely die if he were to face an invincible ninth-level immortal God expert.

This was an invincible ninth-stage immortal God expert.

Logically speaking, such an expert was already a super expert. If he were to deal with someone at the level of the bald man, he would probably be able to kill him with a single palm.

Even an expert at Song Yan's level would be smacked to death by an unrivaled ninth-stage immortal God.

This was the difference.

Therefore, Ye Chen was dead for sure. He was no match for this burly man.

"Your combat strength is not bad, but you should kneel down now. If you don't, you will end up like the bald man."

Ye chen sneered and said indifferently.

Silence.

The space was silent again.

What?

What did he just say?

What was ye chen saying? Make the burly man kneel down?

What kind of joke was he playing?

Everyone thought they had heard wrong.

"What did you just say?"

The burly man thought he had heard wrong and couldn't help but say.

"I said, it's not too late for you to kneel down now. I'll still ask you to get lost. If you don't kneel down, you'll end up like the bald man."

Ye chen said indifferently.

"Haha, how arrogant!"

"He's too arrogant! He's an invincible ninth-level immortal God expert!"

"He's really arrogant!"

"I've never seen such an arrogant person in my life!"

"You really don't know what's good for you!"

Everyone laughed out loud one by one, feeling like they were about to cramp up from laughing.

It was already a miracle that ye chen, a fourth-level immortal God, could defeat the bald man, who was at the ninth-level immortal God Realm.

Not to mention facing an invincible ninth-level immortal God expert?

No matter what, he would not be a match for an invincible ninth-level immortal God expert.

That was an invincible ninth-level immortal God.

He could easily kill an ordinary ninth-level immortal God. An expert like the bald man couldn't even last one move against the burly man.

Although ye chen was strong, he was still courting death when faced with an expert of this level.

Therefore, everyone thought that ye chen was dead for sure. Ye chen would not be a match for such a powerful enemy.

[Chapter 2540 2544-Threat](#)

An unrivaled ninth-level immortal God was an existence that could kill ordinary ninth-level immortal God experts at will.

An invincible ninth-stage immortal God expert, who was equivalent to Lord Qiu, was extremely powerful. A casual move from him was not something a ninth-stage immortal God could withstand.

For example, when Lord Qiu made his move back then, it was earth-shattering and incomparably terrifying. This was the prestige and strength of a ninth-level invincible immortal God.

This burly man was an invincible ninth-stage immortal God expert from the godly King Alliance.

It was extremely powerful.

He was many times stronger than the bald man.

If they had to compete, the bald man would not be able to last more than one move against this burly man. Even if there were ten times more people, they would probably be slapped to death.

This was the difference in strength.

It was extremely huge.

However, ye chen had actually made the burly man kneel. Otherwise, he would make the burly man follow in the footsteps of the bald man.

He was too arrogant.

He was too arrogant.

In fact, this was no longer just arrogance and arrogance. He was simply a lunatic.

Only a lunatic would dare to threaten an invincible ninth-level immortal God expert while he was only at the fourth-level immortal God Realm.

If he wasn't a lunatic, what was he?

Therefore, everyone thought that ye chen had gone crazy.

"You're looking for death! "You're really courting death. Kid, I admit that your combat strength is very strong. To be able to defeat a ninth-level immortal God with a cultivation base of fourth-level immortal God, you must be on the primeval ranking, right?" The funny thing is, you actually dared to provoke me. You're courting death!"

The burly man's face darkened and he said in a low voice, "you dare to threaten me? you'll die a miserable death. I'll break all your limbs, cripple your immortal energy, and turn you into a cripple. I'll also kill your entire family!"

"I'll kill your entire family!"

This was the threat the burly man posed to ye chen.

It was extremely overbearing and vicious.

In other words, if ye chen was not a match for the burly man today, his entire family would be killed by the godly King Alliance.

And before they died, they would be in great pain and suffer endless torture.

"You want to kill my entire family?"

Ye Chen's expression turned ugly. This person had dared to threaten his entire family. He was simply courting death!

Ever since he was young, the thing he couldn't bear to hear the most was someone threatening his family.

This was because this had touched his reverse scale.

A Dragon had a reverse scale, and anyone who touched it would die!

This burly man had dared to threaten ye Chen's family. This man was dead for sure.

"Now, it's useless even if you kneel and beg for mercy. You're dead."

Ye chen said coldly, a terrifying killing intent flashing in his eyes.

"What?"

Everyone was stunned. They did not expect ye chen to still dare to threaten the burly man at this time.

Then, they laughed again.

"Hahaha, how laughable, how laughable!"

"A mere fourth-level immortal God trash dares to provoke an invincible ninth-level immortal God. It seems like the newborn calf is not afraid of the Tiger!"

"Even if you want to die, there should be a limit!"

"You really don't know what's good for you!"

Everyone burst into laughter. They felt that ye chen was too ridiculous.

They looked at ye chen as if he was a fool. Who would dare to say such things other than a madman?

A fourth-level immortal God Realm trash actually dared to provoke the burly man and even asked him to die.

You even said that it's too late for you to kneel now, and you'll die.

Such words were too laughable.

A fourth-stage immortal God-level trash.

The crowd sneered at ye chen.

"You're looking for death. You're really looking for death. Anti-space divine fist!"

BOOM!

The next moment, the burly man moved.

He seemed to have turned into an invincible God of War, passing through time and space. The mighty power of his fist surged wildly in ye Chen's direction. The violent power bombarded ye Chen's direction like countless bombs.

The power of this punch was enough to kill a group of ordinary ninth-level immortal God experts.

Strong!

He was too strong.

Everyone retreated one by one to avoid being affected by the power.

"What a powerful punch."

"It's too terrifying. Can a human really use such terrifying strength?"

,m "An invincible ninth-level immortal God. He's too strong."

"As expected of an invincible ninth-level immortal God. He's too powerful."

"This time, I'm afraid that ye chen will die without leaving any residue behind."

"Poor kid, you're really ignorant. I'm afraid you'll die a terrible death this time."

Everyone said one by one.

It was too powerful.

The prestige of an invincible ninth-level immortal God was not something that a ninth-level immortal God could compare to.

This punch was many times more powerful than the bald man's Vajra palm print.

Even a group of ordinary ninth-stage immortal God experts would be killed by this punch.

What was ye chen going to use to block this punch?

"Hmph, kid, you're dead."

The burly man sneered. Even an expert on Song Yan's level would be killed by his anti-space divine fist.

Moreover, ye chen was only a mere fourth-level immortal God.

It was impossible to fight him!

"Just this much power? Break, break!"

However, the next moment.

Ye chen threw another punch.

However, this punch was his full strength, except for the Tai 'a sword.

BOOM!

An extremely dazzling fist radiance, carrying an extremely violent power, rushed out. It pierced through time and space and instantly collided with the burly man's fist force.

Boom! Boom! Boom!

A terrifying boom descended. Those who had yet to reach the ninth-level of The Invincible Immortal God Realm felt their bodies tremble. They could feel a huge force coming at them and couldn't help but spit out blood.

Strong.

He was too strong.

A battle of this level was not something a ninth-level immortal God could withstand.

Even though they were only watching the battle, they were injured and felt a huge force.

"What?"

The next moment.

Everyone was dumbfounded.

How was that possible?

This was because they had seen ye Chen's punch shatter the burly man's fist force.

Both of them collapsed.

How was that possible? Ye chen was this strong?

Ye Chen's cultivation base was clearly only at the fourth level of the immortal God Realm. How could he be so powerful?

"Heavens, he's actually able to block the burly man's anti-space divine fist?"

"Unbelievable. This is truly unbelievable."

"He's actually this strong?"

"I didn't expect him to be so powerful. He's an invincible ninth-stage immortal God expert."

Everyone was dumbfounded.

Terrifying.

It was too terrifying.

Ye Chen's display of combat strength had completely shocked them.

Ye chen was clearly just an ant at the fourth level of the immortal God Realm. However, this ant had erupted with an incomparably astonishing combat strength. In the face of the burly man's attack, he was still able to collapse with a single punch.

This was unimaginable.

"Impossible, how is this possible?"

The burly man was also dumbfounded.

His anti-space divine fist was actually blocked by ye chen.
