

Genius 2541

[Chapter 2541 2546-Blown Up Alive!](#)

His combat strength was at the ninth-stage immortal God Realm.

An invincible ninth-level immortal God expert couldn't even kill a fourth-level immortal God ant?

How was this possible?

"Nothing is impossible. You dared to threaten my family just now, so you will die without a doubt."

Ye Chen's eyes flickered with a terrifying cold light as he said in a low voice.

There was only one outcome for those who dared to threaten his family, and that was death.

"Hahaha, are you kidding me?"

The burly man burst into laughter. A mere fourth-level immortal God Realm ant actually wanted to kill him.

This could no longer be described as arrogant.

This was simply courting death.

"Whether I'm joking or not, you'll know soon enough."

Ye chen sneered.

"This kid is really arrogant."

"Don't think that you can be arrogant just because you blocked one attack. "

"He's too arrogant,"

"It's already a miracle for a mere fourth-level immortal God to withstand a blow. Does he want to kill an invincible ninth-level immortal God expert?"

"Truly laughable to the extreme!"

Everyone scoffed. Wanting to kill an invincible ninth-level immortal God expert?

This was simply too laughable.

Especially when these words came from the mouth of a fourth-level immortal God.

It was ridiculous and ridiculous.

Ye Chen's combat strength was indeed extremely powerful, far beyond their imagination. After all, it was already a miracle for a fourth-level immortal God to be able to withstand an attack from an invincible ninth-level immortal God.

However, ye chen was still thinking about killing the burly man.

This was a joke.

"You want to kill me? What a joke, die, Buddha's Palm!"

The burly man sneered and suddenly struck out with his palm.

It was as if a Buddha had appeared behind him. The palm condensed into a solid form and struck in ye Chen's direction.

The power of this palm was extremely powerful, enough to kill an expert at the level of Song Yan.

Compared to the previous punches, they were much stronger.

The Buddha's Palm was the true strength of the burly man.

The power of this palm was clearly much more terrifying than the previous anti-space divine fist.

"Alright, he's dead. This time, that kid called ye chen is dead."

"He's finished. That's an invincible ninth-stage immortal God expert."

"You want to resist an invincible ninth-stage immortal God expert? With just him, a fourth-stage immortal God Realm? It's impossible!"

"He's dead!"

Everyone said one after another.

Without a doubt, ye chen was dead.

A mere fourth-stage immortal God trash dared to resist an invincible ninth-stage immortal God expert. Wasn't he courting death?

"Break!"

However, the next moment.

Ye chen had once again shocked everyone.

A divine sword floated above ye Chen's head. It was the Taia sword.

The Tai 'a sword suddenly burst out with full moon-like sword Qi, which swept in all directions and swept everything.

Shua!

A black sword Qi suddenly rushed out and slashed out, clashing with the palm of the Buddha Phantom.

BOOM!

An earth-shattering boom resounded. Everyone saw the palm of the Buddha's shadow suddenly withdraw, and the black sword Qi dissipated.

It was blocked.

He blocked it again.

Ye chen had once again blocked the burly man's attack.

This time, the burly man's full-powered attack could not do anything to ye chen.

This was ye Chen's true strength.

Everyone was shocked.

"How is that possible?"

"He's actually this strong?"

"Can he withstand the full-force attack of the burly man? Doesn't this mean that he has the ability to fight with an invincible ninth-level immortal God expert?"

"How is that possible? He's that strong?"

,m Everyone was dumbfounded.

What a joke.

That was an invincible ninth-level immortal God expert.

Such an expert could easily kill countless ordinary ninth-stage immortal God experts.

As the saying goes, an invincible ninth-level immortal God could fight one against a hundred.

Even a hundred ordinary ninth-level immortal God experts would not be a match for an invincible ninth-level immortal God expert.

This was the difference, the difference was extremely huge.

However, ye chen, a fourth-level immortal God, could actually withstand the burly man's attack?

This couldn't be a joke, right?

"Are you done?"

Ye chen sneered coldly, "if you've had enough, then you can die."

"Impossible, this is impossible!"

The burly man had a look of disbelief on his face as he roared, "you're a mere fourth-level immortal God ant. How can you block my Buddha Phantom?"

His full power was enough to kill a group of ordinary ninth-level immortal God experts.

However, they could not do anything to ye chen.

This was impossible.

"Nothing is impossible. I've said it before. Nothing is impossible. The world is so vast. You're just a frog in a well."

Ye chen said coldly.

He was right.

Some heaven's favorites could indeed fight across a few levels.

This was not impossible.

Of course, such geniuses were extremely rare.

"No, I don't believe it. Die, die, go to hell!"

The burly man was furious. The Tathagata's shadow behind him once again sent a palm toward ye chen with unparalleled power.

"You're overestimating yourself. "

However, this time, ye chen sneered.

"Undefeatable divine fist!"

Ye chen howled at the sky. His figure was like a ghost as he suddenly flew out and threw a punch at the palm print of the Buddha's shadow.

This punch contained the sweeping will of the invincible divine fist and was extremely powerful.

A ray of fist light shot out just like that, and a punch was thrown at the palm print of the Buddha's shadow.

BOOM!

Almost at the moment of contact, the palm print of the Buddha's shadow was destroyed, and then the violent fist light directly bombarded the burly man's body.

First, the Buddha's shadow behind him collapsed. Then, the burly man screamed. Unlike the bald man, who was sent flying, his body exploded and turned into a cloud of blood mist.

"What?"

"How is this possible?"

"I'm not seeing things, right?"

When everyone saw this scene, they were all extremely shocked and exclaimed that it was impossible.

An invincible ninth-level immortal God expert had been blown up by ye Chen's punch.

Are you kidding me?

How was this possible?

Ye Chen's cultivation base was only at the fourth-level of the immortal God Realm, but he could blow up an invincible ninth-level immortal God expert with one punch?

"Go to hell!"

Ye chen sneered.

"No, don 't!"

The burly man finally felt a deep threat. He knew fear and shouted.

"What do you mean I don't want it? I do."

Ye chen roared,"invincible divine fist, sweep!"

"Invincible divine fist, heaven-defying!"

Two consecutive moves, two moves of the undefeatable God fist, and two fist lights contained a strange will and instantly blew up the burly man's body.

"Ah!"

The burly man's body exploded again.

[Chapter 2542 2547-Sweeping Everyone!](#)

The burly man's body exploded again and again, and his immortal energy was also being consumed at an extremely fast rate.

If he were to be blown up a few more times, he would probably really be dead.

He didn't want to die. As an invincible ninth-stage immortal God expert, he was extremely powerful and could be considered a respected figure in the immortal God World. He could enjoy many things.

He didn't want to die like this.

It was too aggrieved.

"Spare me, spare me, spare me, my Lord!"

The burly man finally knew fear and shouted.

He didn't want to die Here.

As an invincible ninth-stage immortal God expert, it would be a pity if he were to die Here.

He still wanted to expand his ambitions and cultivate to the true God Realm.

It would be a pity if he died just like that.

"Why didn't you think of this when you threatened my family?"

Ye chen sneered,"since you dare to threaten my family, you must die!"

BOOM!

Another punch swept out, directly blasting the burly man's body into a cloud of blood mist.

"Ah!"

Shrill screams came out of the burly man's mouth.

"No, no, spare my life, spare my life, I beg you, my Lord, spare my life!"

The burly man screamed.

He was already scared out of his wits.

If he were to be blown up a few more times, he would really be doomed.

Unfortunately, ye chen really wanted to kill him.

It was impossible to let him go.

Since the burly man had threatened ye Chen's family and wanted to kill them, ye chen would not let him go.

"Rest in peace!"

Ye chen shouted coldly and threw one last punch.

"Ah!"

"Ah!" An extremely shrill scream reverberated through the world.

The burly man's body exploded and turned into nothingness, unable to be reassembled.

Even if he was an expert at the ninth level of The Invincible Immortal God Realm, he would definitely die if his body was blown up too many times.

Only when one reached the level of a true God could one be able to regenerate a cell.

After becoming a true God, one's vitality would increase greatly, and only then would one be able to regenerate a cell. Of course, once one was destroyed too many times, one would still be unable to regenerate a cell.

The brawny man had yet to reach the real God Realm. One should know that his fighting power was comparable to that of a real God, so there was still a difference between him and a real God.

Some of the abilities that true gods possessed were not available to ninth-stage invincible immortal gods.

And so, the burly man died.

"Dead, dead."

"Heavens, he just died like that?"

"The burly man, an invincible ninth-level immortal God expert, is dead?"

"How is that possible? A fourth-level immortal God killed an invincible ninth-level immortal God?"

Everyone was dumbfounded.

How was that possible?

How could ye Chen's combat strength be so powerful?

This was far beyond their imagination.

Initially, the members of the godly King Alliance had come to besiege ye chen and thought that it would be a piece of cake. They had not expected ye Chen's combat strength to be so terrifying.

Ye Chen's combat strength was too powerful.

It was too terrifying for a fourth-level immortal God to kill an invincible ninth-level immortal God expert.

One had to know that being able to defeat and killing were two different things. Being able to defeat didn't mean that he could kill his opponent.

Generally speaking, being able to kill an opponent meant that one's strength was far above the opponent's, so much so that the opponent couldn't even escape.

Ye chen could kill an invincible ninth-level immortal God expert and make the burly man unable to even escape.

This also meant that ye Chen's combat power was far above the burly man's.

But how was that possible?

How could ye Chen's combat strength be so terrifying?

Everyone was puzzled.

"People of the godly King Alliance, come at me together. I've already killed a ninth-level immortal God expert. Let's see what other trump cards you have."

Ye chen laughed.

Even an invincible ninth-stage immortal God expert had died in his hands.

The strongest person the godly King Alliance had sent out this time was only at the ninth-stage invincible immortal God Realm.

Therefore, ye chen had full confidence in defeating these people.

"You're looking for death!"

"You're really looking for death!"

"Are you tired of living? You're looking for death! There are so many of us here. Even if you can kill an invincible ninth-stage immortal God, you're definitely not our match!"

"Die!"

The crowd roared one after another. With a loud roar, countless attacks were launched at ye chen.

Boom, boom, boom, boom, boom!

Countless saber glints, sword shadows, lightning strikes, and fire strikes were blasted in ye Chen's direction.

Just as they had said, they still had three invincible ninth-level immortal God experts left. In addition, there were many experts on Song Yan's level. If they joined forces, killing ye chen would be a piece of cake.

As the saying goes, the more people there are.

The power of so many attacks was extremely shocking.

It was enough to blow up an invincible ninth-level immortal God expert.

However, ye Chen's combat power far exceeded that of stage one and even stage two.

"Invincible divine fist, sweep!"

"Invincible divine fist, heaven-defying!"

"Invincible divine fist, invincible!"

He used three great moves in a row.

Ye Chen's body truly exuded an invincible aura. He was like an invincible God of War who could sweep away everything and defy the heavens.

Bang, bang, bang, bang, bang, bang, bang!

A series of screams rang out as the fist radiances directly destroyed all the attacks, then swept ruthlessly onto everyone's bodies.

For a moment, countless people were directly blown up. Whether it was the peak of the ninth-level immortal God Realm or the invincible ninth-level immortal God Realm, there was no difference. They were instantly blown up.

"Ah, ah, impossible, how is this possible!"

"That's impossible! Ye chen, how are you so strong?"

"Ye chen, you can't possibly be this strong!"

Shrill screams rang out one after another as their bodies exploded. If it weren't for the ninth-level immortal God Realm and their tenacious vitality, they would've died long ago.

"What nonsense are you spouting? didn't you want to kill my entire family? then you can all go to hell!"

Ye chen sneered.

"Invincible divine fist, invincible!"

Another invincible move.

The dazzling fist radiance formed white light pillars that pierced through the void and struck everyone.

Ah, ah, ah, ah, ah, ah!

Another wave of screams rang out as their bodies were blown up again. If they were blown up a few more times, they would really die.

"No, ye chen, please spare my life. Please spare my life."

"Spare my life, I won't dare to go against you again."

"Ye chen ..."

Everyone was afraid.

The combat strength that ye chen had displayed was too terrifying.

He was simply not human.

They had so many experts, but even when they joined forces, they were still easily defeated by ye chen.

Are you kidding me?

Their combined power was enough to kill an invincible ninth-level immortal God expert.

[Chapter 2543 2547-Second Stage Expert!](#)

However, in front of ye chen, they were like children. It was ridiculous.

All of them had been blown up.

Only then did they realize that the gap between them and ye chen was still too great. Ye Chen's combat strength was truly too powerful.

It was not something they could imagine.

The only thing they could not figure out was how ye Chen's combat power was so strong. Ye chen was clearly only a fourth-level immortal God cultivator.

There was a huge gap between the fourth-level immortal God Realm and the ninth-level invincible immortal God Realm. It was a chasm that could hardly be calculated.

Even with such a difference in strength, ye chen could still beat them.

What kind of freak was ye chen?

They could no longer imagine ye Chen's perversion.

It was too abnormal.

He was simply a monster.

He was a monster among monsters.

"Since you've come to kill my family, then you can only die. It's no use!"

Ye chen sneered. Now, these people were begging for mercy. How ridiculous.

Why didn't you think of begging for mercy before?

Now, knowing that she was no match for ye chen, she was terrified and wanted to compromise and surrender.

How could there be such a good thing in the world?

If they could surrender just because they wanted to, wouldn't that be too ridiculous?

"No, no, ye chen, you devil!"

"Devil, you're a devil!"

"Ye chen, you're a demon! You want to kill all of us, you demon!"

"Demon, you're a demon!"

Everyone was afraid. They finally knew what fear was.

They finally realized that they were nothing in front of ye chen. What people from the godly King Alliance? the godly King Alliance? Ye chen was not interested in this identity at all.

So what if he was from the godly King Union? he had to kill those who needed to be killed.

This made everyone finally feel fear.

They knew that they were no match for ye chen. If this continued, they would really be killed by ye chen.

"It's useless to beg for mercy. It's useless to scold me. You can go to hell!"

Ye chen howled at the sky and activated the invincible divine fist, blasting everyone apart.

Soon, everyone had been killed by him, leaving only a pile of storage rings floating in the air, waiting for ye chen to take them.

There must be a huge amount of wealth in these storage rings. After all, ye chen had killed three invincible ninth-level immortal God experts in the godly King Alliance.

Three invincible ninth-level immortal God experts!

How much wealth would one of the storage rings contain?

It was simply unimaginable.

Previously, ye chen had killed two of the LAN clan's invincible ninth-level immortal God experts, LAN Qing and LAN Huan. By killing these two, he had obtained trillions of immortal stones.

Now, there were three ninth-stage immortal gods and a bunch of experts on Song Yan's level.

How much wealth would there be?

"Haha, come over here!"

Ye chen waved his hand and all the storage rings were sucked into his palm.

Then, ye Chen's eyes lit up and he sent his celestial consciousness into the storage ring.

There was a huge amount of immortal stones in these storage rings.

All of them added up to five trillion.

That's right, five trillion immortal stones.

If it was doubled, it would be enough for ye chen to break through to the fifth-level immortal God Realm.

That's right. Ye chen needed ten trillion immortal stones to break through to the fifth-level of immortal God.

Ten trillion immortal stones.

It was enough for an ordinary ninth-level immortal God to break through to the true God Realm. However, this was only the wealth that ye chen needed to break through to the fifth-level immortal God Realm.

This was a huge amount of wealth.

Even an ordinary second-stage invincible immortal God might not have ten trillion immortal stones.

Hence, ye chen was still very poor at the moment.

However, he could use these five trillion immortal stones to consolidate his cultivation.

He would only need five trillion immortal stones to break through to the fifth-level of immortal God Realm next time.

As for the immortal stones ...

Ye chen could snatch it from the hands of the godly King Alliance.

The experts in the godly King Union were as numerous as the clouds and as strong as the rain. There were definitely many of them.

Any one of them was an invincible ninth-stage immortal God expert.

With so many experts, how much wealth would they have?

This was something that was hard to imagine.

"Start stabilizing your cultivation."

Ye chen suddenly turned into a stream of light and shot into the distance at an extremely fast speed. His figure pierced through the void as if he had pierced through space.

This was ye Chen's current speed.

It was shockingly fast.

Even a stage two invincible ninth-level immortal God expert's speed would probably be far inferior to his.

Soon, ye chen arrived at the foot of a large mountain.

He sat down cross-legged and waved his hand. The five trillion immortal stones appeared in the sky like raindrops.

What kind of concept was five trillion immortal stones?

Ordinary ninth-level immortal God experts would be scared to death after seeing this.

This was just the amount of energy ye chen needed to stabilize his cultivation base in one go.

"Stabilize!"

Ye chen roared, and the surrounding celestial stones exploded one after another.

It was a shocking scene to see five trillion immortal stones explode.

After it exploded, it turned into celestial energy and surged into ye Chen's body, giving him strength.

After an unknown amount of time.

BOOM!

A particularly astonishing energy erupted from ye Chen's body. Like a star, every move he made contained boundless power.

Although he had not broken through to the fifth-stage immortal God Realm, ye Chen's combat strength had increased again.

"What?"

At this moment, ye chen suddenly discovered something. He suddenly turned into a rainbow and flew into the distance.

With his current speed, it only took him a few seconds to see a group of people in front of him.

At this moment, the two figures were constantly fighting. One of them was wearing the uniform of the godly King Alliance. His aura was monstrous and extremely powerful. He was probably at the ninth stage of The Invincible Immortal God Realm, an invincible expert in the second stage.

The other person was a woman.

The woman was extremely beautiful and had an excellent figure. She held an Ice Frost divine sword and kept fighting with the expert from the godly King Alliance. However, she was only at the first stage of the invincible ninth-level immortal God Realm.

Soon, he was at a disadvantage.

If it wasn't for the fact that the expert from the godly King Union had intentionally spared her life, she would have been dead long ago.

"Hahaha, han Lingyu, be obedient and hand over the map of the boorish desolate!"

The expert from the godly King Union was a white-robed young man. At this moment, the white-robed young man was constantly launching fierce attacks.

"Don't even think about it!"

Han Lingyu shouted as she wielded the ice Frost divine sword and attacked madly. However, there was still a gap between her and the white-robed young man.

"Hmph, B * tch, how dare you speak to me like this? don't you know that the strong are respected? Kneel down!"

At this moment, the white-robed young man roared in anger. A giant palm descended from the sky, trying to subdue han Lingyu alive.

All of a sudden, something strange happened.

A fist radiance, which was extremely dazzling and contained a sweeping will, smashed the giant palm with one punch.

[Chapter 2544 2548-Battle!](#)

"Eh? Who is it that dares to spoil my plans?"

The white-robed youth frowned and his face darkened as he roared.

Shua!

A figure appeared out of thin air between the two of them. It was ye chen.

It was ye chen who had attacked just now.

"Kid, Who are you? Don't you know that I'm from the godly King Union? if you dare to ruin my plans, you're courting death!"

The white-robed youth shouted angrily.

He had been confident that he could defeat han Lingyu with that attack, but he had not expected that someone else would come out of nowhere.

Ye Chen's appearance made him very unhappy.

The surrounding members of the divine King Alliance were also very displeased, especially when they sensed the energy on ye Chen's body. He was only at the fourth-level immortal God Realm. They were even more displeased.

A mere fourth-level immortal God Realm ant dared to intervene in the rescue? had he gone mad?

"Young lady, are you alright?"

Ye chen looked at han Lingyu and asked.

"I'm fine. Thank you for your help. "

Han Lingyu's face was a little pale. If that attack had landed on her body, she would definitely have lost her ability to fight.

If he lost his combat power, he would face a miserable end when facing the white-robed young man.

"Kid, I'm asking you a question. Who are you?"

The white-robed youth roared.

The feeling of being ignored by ye chen made him even more unhappy. If ye chen had not blocked his attack earlier, he would have attacked and killed ye chen.

"The people from the Godking Alliance? You're from the God King Union?"

Ye chen turned around and swept his gaze across the crowd. Then, he looked at the white-robed young man and said coldly.

"That's right. I'm from the godly King Union. Now you're afraid?"

The white-robed youth sneered.

He wanted to see ye Chen's frightened expression. After all, the godly King Alliance was extremely powerful. Even the powerhouses among the true gods were very afraid of the godly King Alliance.

The godly King Alliance was a giant existence.

The Alliance master was even more powerful. It was said that he had once killed a super expert at the divine King level.

Therefore, when everyone heard the words 'godly King Alliance', they were afraid.

He also wanted to see ye Chen's frightened expression but unfortunately, ye Chen's expression did not change at all. He even sneered.

"Scared? No, I'm telling you, the people I want to kill are from the godly King Union. "

Ye chen grinned.

The people from the godly King Alliance wanted to kill his family, so he wanted to kill the people from the godly King Alliance.

The white-robed young man in front of him was an expert from the godly King Union.

This was the kind of person he wanted to kill.

"You're looking for death!"

When the white-robed young man heard this, he immediately flew into a rage. The energy ye chen displayed was only at the fourth-level of the immortal God Realm. A mere fourth-level immortal God trash actually dared to provoke him.

He was really looking for death!

"Spirit King's giant palm!"

The white-robed young man roared in anger. He struck out with both palms and formed a strange pattern. Then, the pattern flew into the air and formed a huge green palm print that pressed down fiercely in ye Chen's direction.

The power of this handprint was enough to slap an invincible ninth-stage immortal God expert to death.

There were nine levels of invincible immortal God, and the difference in combat power between each stage was extremely huge. The experts of the second stage could easily kill the experts of the first stage.

The white-robed young man's first attack was extremely powerful. Compared to the members of the godly King Alliance that ye chen had killed before, he was many times stronger.

"Not good, quickly Dodge!"

Seeing this, han Lingyu was immediately shocked and said hurriedly.

Ye Chen's cultivation base was only at the fourth-level of the immortal God Realm. It was almost impossible for him to block the white-robed young man's attack.

A fourth-level immortal God wanted to resist the attack of an invincible ninth-level immortal God, a second-stage expert?

Even the strongest heaven's favorite in history couldn't do it.

Therefore, han Lingyu had ye chen Dodge at the first moment. He could not take it head-on.

The outcome of taking it head-on would definitely be to be beaten into a pulp of flesh.

"He's dead. This kid is dead. "

"A mere fourth-level immortal God ant dares to provoke a second-level invincible immortal God expert. Isn't this courting death?"

"You really don't know what's good for you, you arrogant thing."

"He's dead for sure this time. "

Everyone spoke one after another. They were all members of the godly King Union, so they naturally knew that the white-robed young man was a super expert in the second stage.

The second stage.

He could easily kill a stage one expert of the invincible ninth-level immortal God Realm.

Such strength could be said to be world-shaking. Even a first stage true God was not the white-robed young man's match.

"Hmph, a mere fourth-level immortal God Realm trash dares to provoke me? I'll turn you into a pile of meat paste right now!"

The white-robed youth sneered.

"Also, kid, don't think that you're gone just because you're dead. I'll find your whole family and kill them. I'll also torture your corpse!"

The white-robed young man's expression was ferocious. Ye chen had dared to underestimate him and even provoke him. This made him feel extremely resentful.

Ye chen must die!

"Oh? Is that so?"

However, at this moment.

Ye chen moved.

"Invincible divine fist, sweep!"

Ye Chen's punch contained the sweeping will of the undefeated divine fist as if it was going to sweep through everything. The attack collided with the spirit King's palm in the sky.

Hong long long ...

The space trembled violently, and a mushroom cloud appeared in the sky, showing the unparalleled power of this attack.

In the next moment, the white-robed young man's eyes narrowed, and his expression became extremely ugly.

On the other hand, han Lingyu was ecstatic.

"What?"

When the people from the divine King Alliance saw this, they were all dumbfounded and almost dumbfounded.

How was that possible?

Ye chen was clearly only a fourth-level immortal God ant, yet he had managed to block the white-robed young man's attack?

The white-robed young man was a super expert in the second stage.

If ye chen was able to block the white-robed young man's attack, did that not mean that ye Chen's combat power was much stronger than in the first stage?

"How is that possible?"

The white-robed youth let out a roar of disbelief.

No one knew better than him how powerful his attack just now was.

The power of his attack could definitely kill a stage one expert.

However, ye chen had blocked this attack.

"Nothing is impossible."

Ye chen sneered. "You're from the godly King Alliance, right? It just so happens that I'm here to kill the people from the godly King Union. "

Silence.

The space was silent.

"You, are you looking for death!"

After a long while, the white-robed young man roared.

He had never seen someone as arrogant as ye chen.

To specifically hunt down members of the godly King Alliance, this was no longer arrogance, but a lunatic.

"If you kneel down now and hand over your storage rings, I'll spare your lives. Then you can only die. "

Ye chen said coldly.

What?

Everyone's mouth was wide open again, and they were all stunned.

[Chapter 2545 2550-Cooperation?](#)

What was ye chen saying?

Make the white-robed youth kneel? Otherwise, the white-robed young man would be dead for sure.

What kind of joke was he playing?

The white-robed young man was an invincible stage-two invincible expert of the invincible ninth-level immortal God Realm. Ordinary ninth-level invincible Immortals and gods could not withstand a single blow from him and could not even survive one move.

However, ye chen dared to make the white-robed young man kneel.

This was too arrogant.

He was too arrogant.

No, this could no longer be described as arrogant. He was simply a madman.

Other than lunatics, who would dare to make a second-stage invincible ninth-level immortal God expert kneel down in the fourth-level immortal God Realm?

At this point, in everyone's eyes, ye chen was no different from a fool.

"You're asking for it. You can't blame anyone else. Die, die! I'm going to kill your entire family. I'm going to break your limbs, cripple your celestial energy, and cut off your head!"

The white-robed young man was completely enraged.

"Spirit King's palm imprint, God-breaking!"

The white-robed young man roared. The light above his head grew even more dazzling and turned into an incomparably huge Golden Palm print. It was like countless planets as it came crashing down in ye Chen's direction.

The power of this palm was enough to kill a group of ordinary invincible ninth-level immortal God experts.

In the nine stages of The Invincible Immortal God Realm, the difference in combat power between each stage was extremely huge. A stage two expert could easily slaughter a stage one expert.

This was the difference.

The power of this attack was really strong.

"What a powerful force!"

"Strong, too strong!"

"That kid is dead for sure after facing such a terrifying attack."

"That brat is definitely dead. How dare he provoke the people of the godly King Union? isn't he courting death? how dare he ask us to kneel or we'll die? what a joke!"

"That's right, this kid is finished. "

The crowd sneered, thinking that ye chen was dead for sure.

At that moment, even han Lingyu felt that ye chen was done for.

Although ye chen had managed to block the white-robed young man's attack, it was only a probing attack.

The attack just now was obviously just a test attack by the white-robed young man.

It was not the white-robed young man's full strength.

But now, the white-robed young man had used all his strength in his rage. How powerful was this attack?

One strike was enough to kill a group of invincible ninth-level immortal God experts.

No matter how strong ye Chen's combat power was, it was impossible for him to withstand the white-robed young man's fierce attack.

Han Lingyu couldn't help but worry.

"Just this little trick? Then break for me, invincible divine fist, sweep!"

Ye chen roared. His entire person seemed to have transformed into an undefeatable God of War. His fist swept out, containing an undefeatable will, a will that could sweep away everything, a will that could sweep away the heavens, and a will that could sweep away all enemies.

Bang! Bang!

Another earth-shattering boom was heard, and another mushroom cloud rose high into the sky. Then, everyone saw that this punch had directly blown up the white-robed young man's golden handprint.

He blocked it again.

How was that possible?

Everyone's eyes were dazed. What kind of joke was this? That was an invincible second-stage immortal God expert. With such an expert's full-power attack, could it not do anything to ye chen, a fourth-stage immortal God?

There was a huge gap between a fourth-stage immortal God and an invincible ninth-stage immortal God, let alone a second-stage expert.

However, ye chen managed to block two of the white-robed young man's attacks.

It was unbelievable!

"Impossible, how is this possible? are you a peerless heaven's favorite on the primeval ranking?"

The white-robed young man revealed a look of disbelief and shouted.

However, even a heaven's favorite on the primeval ranking could not resist his attack with a cultivation at the fourth-level of the immortal God Realm.

"Primordial ranking? I'm indeed not a heaven's favorite on the untainted land's ranking, but there's always someone better. So what if I'm not a heaven's favorite on the ranking? I can still kill you all. "

Ye chen sneered.

So what if he wasn't on the primeval ranking?

I'll Still Kill you all!

This was ye Chen's arrogance.

It was also ye Chen's dominance!

"You're looking for death, you're really looking for death!"

"Don't think that you can fight the white-robed young man just because you blocked two attacks!"

"Ridiculous! What an arrogant kid!"

"How arrogant!"

The crowd roared again, each and every one of them furious. They were all members of the godly King Alliance. Ye Chen's repeated humiliation of the godly King Alliance had almost caused their minds to explode.

However, the white-robed young man had not been able to kill ye chen after two attacks. This made them even more furious.

They could only hope that the white-robed young man would be able to kill ye chen.

Otherwise, he would not be able to vent his anger.

"Brat, you are too arrogant. How about this? that girl has a map with her. It's an ancient map of the wild land. On it, the path to the secret area is recorded. The wild land is a peerless treasure land. How about we join forces and go to the wild land?"

The white-robed young man muttered to himself for a moment. He seemed to feel that he could not do anything to ye chen, so he spoke.

Ancient wilderness map?

The Wildlands?

Ye chen furrowed his brows.

He did know a little about the Wildlands.

This was a land of Supreme treasures, and there were a large number of Savage spirits here. If he could kill these Savage spirits, he would be able to obtain a large amount of immortal energy and some treasures.

These treasures, even third stage true God level experts would be envious.

That was why he had to go to the Wildlands.

"How is it?"

Seeing that there was hope, the white-robed young man hurriedly said, "with the strength of the two of us working together, very few people can stop us. Let's enter the Wildlands and work together to hunt for the Wildlands spirit. There are also some ancient ruins waiting for us to explore. Why should we fight and kill?"

In reality, he was thinking about how to kill ye chen after the exploration if ye chen agreed.

After han Lingyu heard this, she looked nervous.

She was also afraid that ye chen would attack her.

"Oh? Was it? Since she has the ancient wilderness map, why shouldn't I work with her?"

At this moment, ye chen sneered.

What?

What did he just say?

Silence.

The space was silent.

There was a full three seconds of silence.

After that, the crowd finally made a sound.

"Brat, don't be too arrogant. It's your honor to work with our Lord!"

"It's much better to cooperate with our Daren than with that little girl! Our Lord is an invincible expert in the second stage!"

"Brat, if you don't cooperate, I'll kill your entire family!"

The crowd roared.

"Tsk, tsk, tsk, you still dare to threaten me at this time."

Ye chen snorted coldly. Since these people wanted to threaten him, they might as well all die.

Ye Chen's eyes flashed with killing intent.

[Chapter 2546 Spirit King Secret Technique!](#)

Even at this time, these people still dared to threaten him.

This was simply courting death.

In ye Chen's heart, he had already given these people the death penalty. He must kill these people.

"Miss, don't worry. I definitely won't work with them. I'll work with you to go to the Wildlands."

Ye chen said, looking at han Lingyu.

"Many thanks, young master."

Han Lingyu's expression finally looked much better. She even revealed a look of ecstasy. With the protection of a strong person like ye chen, the chances of the two of them going to the Wildlands would be much higher.

Originally, she was going to be caught by the white-robed young man today. If she was caught, the consequences would be unimaginable, and being defiled would be a small matter.

However, ye chen had suddenly appeared and saved her life.

Therefore, han Lingyu was very grateful to ye chen.

"Hehe, as long as it's someone who's against the godly King Alliance, I'll save them. As long as it's someone who kills the godly King Alliance, they're my friends!"

Ye chen turned to the white-robed young man and the members of the godly King Alliance, sneering.

"Kid, don't be too arrogant!"

The white-robed young man finally couldn't hold it in and shouted angrily.

From the beginning to the end, ye chen felt that he was completely ignored and did not take him seriously at all.

The white-robed young man was so angry that he was about to explode.

"Arrogant? No, I'm not being arrogant, I'm being arrogant with strength!"

However, ye chen moved.

BOOM!

Undefeatable divine fist, sweep!

Invincible divine fist, heaven-defying!

He used two great moves in a row. One of the two fist radiances swept across everything like a divine fist that could sweep across the heavens, while the other seemed to break the sky and defy the heavens.

The power of the two punches was boundless.

"Spirit King's palm print, God-killing!"

The white-robed young man shouted. A huge God-killing Phantom appeared behind him and slammed down with a palm.

Boom! Boom! Boom!

The two fist radiances were destroyed, and the God-killing Phantom trembled violently. The white-robed young man could not help but take a few steps back.

They were evenly matched!

Under one move, the two people were actually evenly matched.

"The combat power of a stage two expert is indeed extraordinary."

Ye Chen's heart jumped.

He had thought that his combat power was enough to kill a stage two expert in seconds, but he didn't expect that he couldn't defeat his opponent after two moves.

One could imagine how much stronger the second stage experts were compared to the first stage experts.

In ye Chen's hands, an ordinary invincible ninth-stage immortal God was no different from killing a chicken. However, when faced with a second-stage expert, he could not do anything for a while.

Of course, this was also the reason why ye chen had not used his trump card yet.

Otherwise, the white-robed young man would have been killed in seconds.

"Brat, brat, how can you be so strong? aren't you at the fourth-level immortal God Realm?"

The white-robed young man roared in disbelief. He could not understand how ye Chen's attack could be so powerful.

In terms of combat strength, the white-robed young man could kill a group of ordinary fourth-level immortal gods with a single breath.

However, not only would ye chen, a fourth-level immortal God, not be killed, but his combat strength was extremely powerful and he would attack him instead.

This was a miracle.

The impossible had happened.

It was too unbelievable.

"Nothing is impossible. I've said it before. You can die now."

Ye chen sneered.

"Invincible divine fist, invincible!"

"Invincible divine fist, Supreme!"

He used two great moves in a row.

This time, one of the two fist radiances contained a charm of invincibility, as if it was invincible in the world, and an invincible God had descended.

As for the other fist radiance, it contained a Supreme meaning. It was as if a Supreme God had descended and was about to attack mortals.

The two fist radiances were extremely terrifying.

The white-robed young man's pupils shrank. He immediately felt a deep sense of danger.

"Not good! Block it! Block it!"

The white-robed young man roared, "Spirit King's palm print, annihilate gods, annihilate gods!"

It was still the deity vanquishing move. This move was clearly the white-robed young man's strongest move.

Hong long long ...

The Godslayer Phantom behind him raised its arm again and slammed down.

However, this time, not only were the two fist radiances not destroyed, but they also directly exploded the arms of the God-destroying Phantom. With a boom, the entire God-destroying Phantom collapsed.

The white-robed young man's expression changed. His body trembled violently, and he was sent flying backward like a cannonball.

"No match!"

"How is that possible?"

"The white-robed young man is an invincible second-stage immortal God. How can he lose to that kid?"

"Impossible! This is impossible!"

The crowd roared one after another. Each of them was filled with disbelief and shock.

Ye Chen's combat strength was too strong.

A fourth-level immortal God Realm cultivator was able to suppress the white-robed youth.

They had never seen such a monstrous heaven's favorite in their entire lives.

It was too abnormal.

This was the only thought in everyone's mind.

If ye chen was allowed to grow and improve his realm, how powerful would he be? Other than the Alliance master of the godly King Alliance, that great existence, everyone else would probably die.

"Young master."

Han Lingyu was obviously a little nervous.

"Don't worry, I'll kill him now. "

Ye chen said indifferently.

"Hahaha, hahaha, kid, I didn't expect you to be so strong. But, you forced me to do this!"

At this moment, the white-robed young man burst into laughter.

"What?"

Ye chen frowned. He felt that the energy on the white-robed young man was growing stronger and stronger. It was very strange.

"I didn't think that I would need to use this secret skill to deal with you. But now, your combat strength is too amazing. You're able to burst out such combat strength with a cultivation base of fourth-level immortal God. You're definitely a peerless genius on the untainted land's ranking. And your ranking is very high."

The white-robed young man said coldly,"however, you're dead now."

BOOM!

A particularly powerful aura burst out of the white-robed young man's body. It was twice as powerful as before.

It was twice as strong as the second stage. What kind of concept was that?

Even a group of invincible ninth-stage immortal God experts would probably be killed by the white-robed young man in one move.

"Spirit King secret technique, strengthen!"

The white-robed youth roared.

BOOM!

The white-robed young man suddenly took a step forward and charged in ye Chen's direction.

It was also a handprint, but the power of this giant handprint was twice as strong as the previous one.

BOOM!

The void within hundreds of thousands of kilometers was blown up.

One after another, mushroom clouds rose up, showing the terrifying power of this attack.

"Hahaha, hahaha, ye chen, I'll see how you die this time!"

The white-robed youth laughed.

He had used a secret technique, which was his strongest trump card.

After using this secret technique, one would be unable to fight for a period of time.

Therefore, this was his most powerful attack.

He did not believe that ye chen would not die after this.

"Oh, really?"

[Chapter 2547 2552-Heading To The Wildlands!](#)

However, ye chen smiled.

The power of this attack was indeed very strong.

However, ye chen had not even used his full strength.

At most, it was only a quarter of his strength.

"Since you're so eager to die, I'll grant you your wish. Invincible divine fist, Supreme!"

"Invincible divine fist, sky!"

"Invincible divine fist, divine punishment!"

He used a few moves in succession.

Ye chen threw punches one after another. Each of his punches contained a special will. Each will was extremely powerful and was not something a second-stage expert could imagine.

If the white-robed youth's hand seal had not doubled in strength, he would have been defeated long ago.

Even so, his hand seal was still destroyed.

BOOM!

The dazzling fist radiance contained a special will. One punch after another, it directly destroyed the giant palm print.

What?

How was that possible?

Everyone's eyes were so wide that they were about to pop out.

"How is this possible? how is this possible?"

The white-robed young man revealed a look of disbelief and shouted.

This attack of his was enough to kill an expert of the same realm.

Although ye Chen's combat strength was strong, it was still at the second stage.

Why was ye Chen able to easily destroy his attack?

What was going on?

What was going on?

"I'm sorry, I forgot to tell you that I didn't use my full strength just now. "

Ye Chen grinned.

"Impossible, this is impossible. You're just a fourth-level immortal God. It's already a miracle of miracles that you can burst out stage two combat strength. How can you be stronger?"

The white-robed young man was completely dumbfounded.

This had completely subverted his imagination.

In his mind, even the most powerful heaven's pride expert would not be able to achieve what ye Chen had achieved.

Ye Chen was not human at all.

"Should the fourth-level immortal God Realm be underestimated? What a joke!"

Ye Chen sneered and threw a punch.

Ah, ah, ah!

Ye Chen did not attack the white-robed young man. Instead, he attacked the members of the godly King Alliance who were watching the battle.

In any case, he was going to kill these people.

It was better to make the first move.

"Ah, ah, ye Chen, you'll die a horrible death!"

"Ye Chen, you'll die a terrible death, a terrible death!"

"Ye Chen, I curse you! I curse you to never reincarnate!"

"Ye Chen ..."

Everyone was blown up one by one.

Of course, most of the people present were ninth-level immortal gods or even invincible ninth-level immortal gods. Although their bodies had been blown up by ye Chen, they were still stubbornly regenerating.

"You still want to live? What a joke!"

Ye Chen sneered.

He immediately used the invincible divine fist. With every punch, an expert would be blown up. So what if their bodies were reconstructed? they would still be blown up.

Once they were blown up too many times, they would really die.

Soon, several Masters fell. They screamed and cursed ye chen before they died, hoping that ye chen would never reincarnate and die a miserable death.

However, their curses were useless.

Ye chen would still kill them if he had to.

"No, no, ye chen, we can still work together. We can work together!"

At this time, the white-robed young man was also panicking. "We can work together and go to the Wildlands together. I will be a great help. I am a second stage expert. If we work together, we will definitely be able to get the treasure!"

He was truly afraid.

He had activated his secret technique and launched his strongest attack, but ye chen had easily defeated it.

It could be said that the white-robed young man was at the mercy of anyone. Any ninth-level immortal God could kill him.

That was why he had no combat power.

This was the only flaw of his secret skill. It would take an hour to recover after activating it once.

However, ye chen would not give him an hour.

"Cooperate with you? I'm not interested in that, so you should just go on your way!"

Ye chen sneered.

"Ah, ye chen, you'll die a terrible death, you'll die a terrible death!"

When the white-robed young man saw ye chen walking toward him, he finally knew what fear was and shouted.

"I won't die a good death? I think it's your godly King Union that will die a terrible death!"

Ye Chen's eyes narrowed and he threw a punch.

"Ah!"

With a shrill scream, the white-robed young man exploded into a cloud of blood mist.

The blood mist was still twisting, trying to regroup.

"Ye chen, you'll die a horrible death. I curse you ..."

The white-robed young man knew that he could not escape and could not help but curse.

"Go to hell!"

Ye Chen's fist swept out and the white-robed young man exploded again.

The white-robed young man was dead!

An invincible ninth-stage immortal God, a stage two expert, died just like that.

He had died at ye Chen's hands.

"Kill!"

Ye chen looked at the other experts of the godly King Alliance and roared. He used the undefeated divine fist and charged forward.

Han Lingyu did not stay idle either. She used the ice Frost divine sword in her hand and attacked the crowd.

After all, she was an invincible ninth-stage immortal God expert and had killed several godly King Union disciples in a short time.

"Ye chen, you're dead for sure. You've killed so many of my godly King Alliance's experts. One day, you'll be killed by our experts!"

The last person revealed a look of despair and shouted.

"You die first."

"Die!" Han Lingyu shouted coldly and killed the man with a single slash.

With a wave of his hand, large pieces of storage rings flew into ye Chen's hand. He examined them with his immortal consciousness and immediately revealed a happy expression.

It was a total of eight trillion immortal stones.

Among them, the storage ring of the white-robed young man was the most powerful. It had reached five trillion immortal stones.

All the others added up only had three trillion immortal stones, which was less than his total.

Ye chen immediately gave three trillion immortal stones to han Lingyu. As for the remaining five trillion immortal stones, he planned to use them to break through to the fifth-level of immortal God.

However, it wasn't the time to break through yet.

Ye chen felt that he still needed to stabilize his realm before he could break through.

"Young lady Han, I wonder if you could take out the map of the wilderness to take a look."

Ye chen said.

"That's no problem. "

Han Lingyu knew that ye chen had saved her life, so she immediately took out the map.

It was an ancient sheepskin scroll.

It recorded the route to the Wildlands in the secret realm.

This was something that Han Lingyu had obtained by chance.

"Let's see how many points I have now. "

Ye Chen waved his hand and a number immediately appeared on the token. Eight thousand nine hundred and fifty.

According to the past rules, 8000 points was enough to be ranked in the top 50.

However, there were still fifty people who had more points than Ye Chen. It was clear how many masters had entered the secret realm this time.

There might even be a few stage three experts.

"Let's go. We'll head to the Wildlands immediately. "

Ye Chen said.

"Yes."

Han Lingyu nodded. Naturally, she would follow Ye Chen. After all, she was still a little weak.

[Chapter 2548 2553-Meeting The Godly King Alliance Again!](#)

Whoosh, Whoosh!

With their speed, they covered a great distance in almost every second.

Han Lingyu was an invincible ninth-level immortal God expert and was extremely fast. Ye Chen was even faster. If he had not stopped to wait for Han Lingyu, his speed would have been a hundred times faster.

That's right, it was a hundred times faster.

Ye Chen's strength was at least a hundred times stronger than Han Lingyu.

With Ye Chen's current combat strength, if he fully unleashed his combat strength, it was enough to instantly kill an invincible ninth-level immortal God stage two expert.

Even in the third stage, which was equivalent to an expert at the third stage of true God, he could fight with them.

Therefore, Ye Chen's current strength was extremely shocking.

Even so, the two of them were still astonishingly fast.

With their speed, they flew a long distance every second. Even a peak ninth-level immortal God expert couldn't catch up with their speed.

It was an extremely shocking speed.

The two of them followed the route on the map of the Wildlands and advanced.

Soon, the two of them saw a barren land in front.

"This is the forsaken land."

Han Lingyu said.

In front of them was a barren land, but strangely, there was no spirit of desolation.

Perhaps it was because this was only the outer area of the forsaken land. After all, the spirits of the forsaken land mainly appeared in the inner area and the core of the forsaken land.

"Not good, Dodge!"

At that moment, ye chen sensed something. He and han Lingyu's figures flashed and they dodged to the side.

BOOM!

A huge vine slammed into the spot where ye chen and the woman had just been. The entire ground exploded and a huge pit was formed, showing the power of this blow.

"Hahaha, it really came without any effort. I didn't expect that someone would really come while we were waiting here."

Whoosh, whoosh, whoosh, whoosh, whoosh, Whoosh!

One figure after another appeared out of thin air. Each of them had a sinister smile on their faces, especially when they looked at ye chen, their eyes were even more ferocious.

Of course, there were also quite a few people who were sizing han Lingyu up, their eyes shining with greed.

"I was tricked?"

Ye Chen's first reaction was to wonder if he had been tricked. The map of the Wildlands was fake.

However, on second thought, he realized that these people were all wearing the uniform of the godly King Alliance.

It seemed like they were all from the godly King Alliance.

Someone from the godly King Union?

How did they appear here?

Could it be that they had already obtained the map of the Wildlands?

"Ye chen!"

"Haha, you didn't expect this, did you? we've already found the map of the Wildlands and came here to wait for people to come. We're waiting for people to come and kill them to get points!"

One of them sneered, "but it's obvious that a big fish has come."

The big fish they were talking about was naturally ye chen.

Ye chen had beaten up song kui. This matter was known to many people in the godly King Alliance. Therefore, the people of the godly King Alliance felt extremely humiliated. Someone actually dared to beat up a member of the godly King Alliance. Was he not courting death?

Ye chen had dared to beat up someone from the godly King Alliance, which meant that he had offended the godly King Alliance. This was a heinous crime.

If they did not kill ye chen, where would the godly King Alliance's face go? Where would the face of the godly King Union go?

Therefore, they had to kill ye chen.

Whoever could kill ye chen would receive two trillion immortal stones.

This was the news from the godly King Union.

Of course, ye chen did not know that. If he knew that he was only worth two trillion immortal stones, he would not be able to say anything.

In any case, as long as they could kill ye chen, they would receive two trillion immortal stones.

Two trillion immortal stones!

This made many ninth-level immortal God experts 'breathing Quicken and feel extremely greedy. Two trillion immortal stones was an extremely huge number even for ninth-level immortal God experts.

If he could get these two trillion immortal stones, he would be able to reach the sky in one step.

"Kid, kneel down obediently. If you kneel down now, I might let you die a clean death later."

BOOM!

A burly young man walked out. His aura was extremely powerful and had reached the ninth level of The Invincible Immortal God Realm.

"It's a rock. "

"I didn't expect rock to personally take action."

"Rock is an invincible ninth-stage immortal God expert, but he's actually using it to deal with a fourth-stage immortal God ant."

"What do you guys know? ye chen is a master who defeated Song Yan. Don't underestimate him."

"Are you kidding me? he's only at the fourth-level of the immortal God Realm. I won't believe it even if you beat me to death. "

"I have to say that ye chen is dead for sure. He's just a mere fourth-level immortal God. What does he have to contend with an invincible ninth-level immortal God?"

"That's right, he's dead. "

Everyone said one by one.

They all felt that Yan Shi, an invincible ninth-level immortal God expert, was overkilling a fourth-level immortal God ye chen.

However, the rumor that ye chen had defeated Song Yan had also made them very afraid.

Song Yan was, after all, an invincible ninth-level immortal God expert.

The fact that ye chen was able to defeat Song Yan meant that he was not a simple person.

"Kid, I'm talking to you. It's not too late for you to kneel down now!"

Rock furiously roared.

Ye Chen's unmoving appearance made him a little unhappy.

An ordinary fourth-level immortal God would definitely kneel down and beg for mercy in front of him. Otherwise, the only outcome would be death.

Especially since this was a secret plane. The more people one killed, the more points one would get.

The more points he had, the higher the chance he would be appreciated by the big shots when he got out.

Moreover, they would be able to obtain many treasures and rewards.

However, ye chen did not move. He was indifferent.

"A mere fourth-level immortal God should be scared silly, right?"

"He's just a fourth-level immortal God trash. He must have been scared silly."

"Al, what a joke. I wonder how he defeated Song Yan."

Everyone said one after another.

"Kneel down. If you kneel down now, I might spare your life. Otherwise, you will die without a doubt."

Ye chen spoke.

Silence.

The space was silent.

What?

What did ye chen say?

Make the rock kneel? Otherwise, rock will die later?

"Oh my God, ye chen must be crazy."

"Madman, he's truly a madman."

"Ridiculous! A mere fourth-level immortal God trash dares to provoke the rock?"

Everyone sneered. Ye chen, this was a joke.

"Brat, you're looking for death!"

After Yan Shi heard this, he was indeed furious.

"Giant rock god fist!"

The rock was furious, and suddenly, it released a powerful aura.

His fist pressed down on ye chen. It was as if endless rocks and meteorites were falling from the sky. The power was extremely tyrannical.

It could be said that every expert who had reached the ninth-stage of The Invincible Immortal God Realm was extremely powerful.

[Chapter 2549 2554-Battling The Rock!](#)

Every expert who had reached the ninth-stage of The Invincible Immortal God Realm had their own opportunities. Their luck was definitely not bad.

Otherwise, it would have been very difficult for them to reach the ninth-stage invincible immortal God Realm.

The ninth-stage of The Invincible Immortal God Realm was very powerful in itself. It represented that he was almost invincible among the immortal God Realm.

In fact, the nine-stage invincible immortal God Realm was also the ninth-stage immortal God Realm. It was just that the combat strength was divided differently.

They were both at the ninth-level of the immortal God Realm. An invincible ninth-level immortal God expert could fight one against a hundred and kill countless ordinary ninth-level immortal gods.

Therefore, every invincible ninth-stage immortal God expert was an extremely powerful existence.

Think about it, he could easily kill people of the same realm, and he could even fight one against a hundred, killing hundreds of experts of the same realm. How powerful was this?

Without an opportunity, he would not have been able to do this.

All experts who had reached the ninth-stage invincible immortal God Realm had their own opportunities.

"This time, ye Chen's dead!"

"Yeah, ye Chen's done for."

"How could he withstand such a powerful attack? Even a peak ninth-level immortal God expert can't resist this attack. "

"He's dead. "

"Who told him to provoke the rock? he really doesn't know what's good for him. He's so arrogant and ignorant. Now, he's dead."

"Let's see how he dies. "

Everyone sneered. The members of the godly King Alliance had a mocking look on their faces. They all thought that ye chen was done for.

Ye chen, a mere fourth-level immortal God, wanted to fight against rock, an invincible ninth-level immortal God expert?

This was almost impossible.

The fourth level of the immortal God Realm was five small realms away from the ninth level. There was a huge gap that could not be crossed.

It was impossible for a fourth-level immortal God to fight against a ninth-level immortal God, let alone an invincible ninth-level immortal God.

The difference between them was too great.

It was impossible for a fourth-level immortal God to fight rock.

Even a random ninth-level immortal God expert could easily kill ye chen, let alone the battle with the rock.

"Ye Chen's very powerful. He's not like what you guys are saying."

At this moment, han Lingyu spoke.

Of all the people present, she was the only one who believed that ye chen could defeat rock.

Of course, no one would care about what she said.

Therefore, everyone thought that they had heard wrong.

"Kneel down, kid!"

Rock grinned hideously and pressed down with his fist. The power of an invincible ninth-level immortal God pressed down. It was extremely powerful.

Even a peak ninth-level immortal God expert would be blown up by this punch.

Therefore, he believed that ye chen was dead for sure.

"Break!"

Ye chen sneered and casually threw a punch.

BOOM!

BOOM!

A dazzling fist radiance blasted out and instantly collided with the meteorites in the sky.

Boom, boom, boom, boom, boom!

An earth-shattering boom resounded between the sky and the earth. Then, everyone saw that the meteorites were actually destroyed by the fist radiance.

They were defeated one by one.

After the fist radiance shattered all the meteorites, it also dissipated.

Ye chen had controlled the power of this attack very well. It was about one percent.

Hence, it just so happened to destroy all the meteorites.

"What?"

"How is that possible?"

"How is this possible?"

Everyone was dumbfounded.

Ye chen was a mere fourth-level immortal God trash, a fourth-level immortal God ant. How could he block the rock's attack?

How was this possible?

Rock was an invincible ninth-stage immortal God expert!

An unrivaled ninth-level immortal God could easily kill an ordinary ninth-level immortal God with a casual strike. Even a peak ninth-level immortal God expert would be killed with a single strike.

Not to mention a mere fourth-level immortal God Realm?

But how was that possible?

The truth was right in front of their eyes, and they had no choice but to believe it.

Ye chen had indeed blocked the rock's attack.

But what was going on?

Could ye chen withstand a blow from the rock?

What was going on?

"How can he be so strong?"

"I don't know. Could it be that he's pretending to be a pig to eat a Tiger?"

"But he's only a fourth-level immortal God. How strong can he be?"

"Although he can block Rock's attack, blocking it and fighting rock are two completely different concepts. He is definitely not Rock's match."

Everyone started to discuss again.

"No, ye chen is definitely not as weak as you say. Ye chen is very strong. Rock is definitely no match for ye chen."

At this moment, han Lingyu spoke again.

Silence.

The space was silent.

Everyone's eyes were on han Lingyu.

It was fixed on han Lingyu.

Everyone was silent.

Then, there was a burst of laughter.

"Hahaha, hahaha, I'm dying of laughter!"

"What did that girl say? The rock is no match for ye chen?"

"Hahahaha, I'm dying of laughter!"

"Ridiculous, ridiculous!"

"I've never heard such a funny joke in my life!"

"It's already a miracle for a mere fourth-level immortal God Realm ant to block an attack. In your dreams!"

Everyone burst into laughter.

What a joke!

It was too laughable.

A mere fourth-level immortal God Realm ant actually wanted to defeat rock?

This could no longer be described as arrogant.

He was dreaming.

He was simply a lunatic.

Ye chen was a madman. He had made rock kneel as soon as he came up. Ye Chen's companion was also a madman. He had actually said that ye chen could defeat rock.

It seemed that the two of them were crazy.

The crowd sneered.

"Can you withstand one of my attacks? It seems that your combat power is indeed very strong. "

Rock's face turned serious as he said coldly.

"He blocked your attack?"

Ye Chen's lips twitched. Resist? What kind of term was that?

He was clearly the one who destroyed the rock's attack.

How was this a resistance?

Blocking was a passive defense, but ye chen had clearly taken the initiative to attack. With one punch, he had shattered all of Rock's attacks.

You call this resistance?

This was clearly called defeat.

"Since you're quite strong, I'll have to use half of my power to deal with you."

Rock sneered, "I only used a quarter of my power just now."

Whoosh!

The crowd was in an uproar.

No wonder ye chen was able to withstand the rock's attack.

Rock didn't even use his full strength just now.

Otherwise, how could ye chen withstand the full force of the rock?

That was impossible.

"Go to hell, giant rock god fist, die!"

BOOM!

The rock suddenly turned into a shadow, and the sky was filled with rock figures. Then, countless rock figures punched down.

BOOM!

Countless fist gleams immediately drowned ye chen.

[Chapter 2550 2554-Defeating Rock!](#)

Countless fist gleams drowned ye chen like a tidal wave.

"Haha, let's see how he dies this time!"

"This is half of the rock's strength! It's twice as strong as before!"

"He's dead!"

"How can he survive such a fierce attack from the rock? That's impossible. "

Everyone sneered.

"No, I believe that ye chen will be able to withstand this attack."

Han Lingyu said.

"Hahaha, what a joke. Little girl, are you crazy?"

"You're only at the fourth-level of the immortal God Realm, yet you want to withstand the attack of an invincible ninth-level immortal God? Even though it's only half of its power, it's not something that just anyone can withstand!"

"You really don't know what's good for you,"

The crowd sneered. Ye chen, a fourth-level immortal God trash, wanted to fight rock? It was really laughable.

Even a peak ninth-level immortal God expert would be blown up by Rock's punch, let alone a mere fourth-level immortal God like ye chen.

The difference between them was extremely huge.

Therefore, everyone thought that ye chen was done for.

However, the next moment.

Everyone's eyes were wide open, revealing an expression of disbelief.

"Break!"

Ye chen howled at the sky and threw a punch. This punch was the sweep of the invincible divine fist.

This punch contained the will of the undefeatable divine fist that could sweep away everything. It swept out as if it was going to sweep the entire space in all directions into nothingness.

BOOM!

This punch directly destroyed all of the rock's attacks.

What?

How was that possible?

Everyone was dumbfounded again.

"Impossible, how is this possible?"

"He's a mere fourth-level immortal God Realm ant. How can he block the rock's attack?"

"Rock is an invincible ninth-stage immortal God expert."

"How could he ..."

Everyone was dumbfounded.

Ye chen could actually withstand half of the rock's power?

Did this not mean that ye chen possessed strength that was even stronger than a peak ninth-level immortal God?

"Impossible, how is this possible?"

Rock himself also let out a roar of disbelief.

He was an invincible ninth-stage immortal God expert.

Even if it was only half of the power, it was not something a mere fourth-level immortal God Realm could withstand.

However, ye chen had managed to block it.

Are you kidding me?

"Nothing's impossible. I've said this many times to the people of the godly King Union. "

Ye Chen's lips curled into a cold smile.

"What do you mean by that?"

Rock asked as he felt something was wrong.

"Don't tell me you ..."

Everyone from the godly King Alliance's expression changed. Could it be that someone had already found ye chen and was killed by him?

Did that not mean that ye chen had killed many people from the godly King Alliance?

"A heinous crime, a heinous crime!"

Rock bellowed, "kid, you've killed so many experts of our godly King Union. You're dead for sure. I'll break all your limbs and turn you into a cripple. I'll make your entire family suffer a fate worse than death!"

The Godking Alliance was a lofty existence.

Now, however, they were all being slapped in the face and killed by ye chen one by one.

Ye chen could be said to have committed a heinous crime. Even that was not enough to describe it.

"Hehe."

Ye chen and han Lingyu both sneered.

It was clearly the people from the godly King Alliance who had taken the initiative to blame ye chen. Now, it had become ye Chen's responsibility.

This was simply too laughable.

In the end, the godly King Alliance was used to being arrogant and despotic. For example, song kui was used to being arrogant. When he suddenly met ye chen, this iron plate, he kicked the iron plate.

"You have become the second person to threaten me. You will also die."

Ye chen said coldly. He looked at the rock as if he was looking at a dead man.

"What did you just say? Looking for death, he was really looking for death! A mere fourth-level immortal God Realm trash dares to provoke the rock?"

"Rock only used half of his strength just now. Don't think you can really fight rock!"

"Rock, go, kill him!"

When everyone heard this, they were immediately enraged. They roared endlessly and were so angry that their bodies trembled.

When they thought about how ye chen had killed many people from the godly King Alliance, they trembled with anger. They could not take it and were about to explode.

The dignity of the godly King Union was not to be challenged.

Ye chen, on the other hand, was constantly challenging the godly King Alliance's dignity.

This was simply courting death.

"Kill, kill, giant rock god fist!"

Rock was completely enraged. He transformed into a God of War and charged wildly at ye chen, sweeping a fist at him.

Ye Chen's figure moved and immediately appeared to the side, avoiding the attack.

BOOM!

Rock threw another punch, which covered the sky.

"Small tricks."

Ye Chen's figure flashed again. Strangely, he dodged the punch just in time as if he had known the trajectory of the punch in advance.

"Brat, do you only know how to dodge?"

Rock roared.

"I only know how to dodge? You have to hit me first. "

Ye chen sneered. His figure was like a Phantom, flashing wildly. Every time Yan Shi punched, he would miss. He could not hit ye chen at all.

In reality, the rock's movements were extremely slow in ye Chen's eyes. It was extremely laughable and childish.

If ye chen had not deliberately given way to the rock, he would have killed him in seconds.

However, because ye chen kept dodging, it looked like he only knew how to dodge.

"You rat!"

Rock roared, "you only know how to dodge?"

Shua!

Ye chen suddenly stopped moving.

"Since you want me to attack, I'll have to satisfy you."

Ye Chen's gaze on the rock was extremely cold, as if he was looking at a corpse.

"I'm going to kill your entire family. After killing you, I'll capture your entire family. I'll let you know that you can't challenge the dignity of the godly King Union!"

Rock roared.

"Giant rock god fist!"

Rock threw another punch at ye chen.

This time, ye chen did not Dodge.

"Invincible divine fist, heaven-defying!"

Ye chen threw a punch in the direction of the rock.

Bang! Bang!

The two fists collided heavily. The huge rock fist was actually forced back by ye chen.

"How is that possible?"

Everyone exclaimed in shock.

"Impossible, impossible, how can you be so strong?"

Rock's expression also changed as he said in shock.

He had just punched with all his strength.

He wanted to kill ye chen with one punch.

However, he did not expect ye chen to knock back his punch.

"Nothing is impossible. Undefeatable divine fist!"

Ye chen roared, his entire person seemed to have transformed into an undefeatable God of War.

Boom, boom, boom, boom, boom!

One after another, the fist radiance pierced through the void and space, directly blowing up the surrounding mountains.

"Ah!"

Rock let out a blood-curdling screech as he was drowned by the power of the punch.
