

Genius 2551

[Chapter 2551 2556-It's Not Too Late To Kneel!](#)

Rock let out a blood-curdling screech as he was completely engulfed by ye Chen's fist.

Even his immortal Dao domain had been destroyed.

"Ah!"

Rock let out an extremely shrill scream, and his body exploded, turning into a cloud of blood mist.

Everyone was shocked.

An invincible ninth-level immortal God expert had been blown up by ye chen?

How was this possible?

Rock was an invincible ninth-stage immortal God expert. A casual strike from him could easily crush countless ordinary ninth-stage immortal gods.

Rock was definitely extremely powerful. After all, as an invincible ninth-level immortal God, he also had the prestige of an invincible ninth-level immortal God.

However, such a powerful existence had been easily destroyed by ye chen.

Are you kidding me?

Could it be that ye Chen's combat power was even stronger than rock?

Everyone was shocked.

"Ah, ah, ye chen, how can you be so strong? Impossible! This is impossible!"

Rock also let out a roar of disbelief. How was this possible?

He was an invincible ninth-level immortal God expert, yet he was not ye Chen's match and was even blown up by ye chen.

How was this possible? Ye chen was clearly just an ant at the fourth-level of the immortal God Realm.

Moreover, it was impossible for ye chen to hide his cultivation base. It should be known that it was impossible for people of similar cultivation bases to hide their cultivation base.

Moreover, everyone's cultivation base was much higher than ye chen 's.

In this case, it was even more impossible for ye chen to hide his cultivation base.

Therefore, ye Chen's cultivation base was really only at the fourth-level immortal God Realm.

However, the problem was, how did a fourth-level immortal God break the rock?

This didn't make any sense!

"Nothing is impossible. Rock, you just threatened my family. The thing I can't stand in my life is others threatening my family."

Ye chen said coldly, "you, go to hell."

"Ah, ah, no, no!"

Yan Shi struggled madly, but it was useless. He struggled for a moment, but a fist radiance swept past him. His body directly exploded and turned into a cloud of blood mist.

He continued to turn into a bloody mist, and then his body exploded and continued to turn into a bloody mist.

After repeating this process for a total of six times ...

The rock body could no longer be reassembled.

This also meant that the rock had completely fallen.

Yet another invincible ninth-stage immortal God expert had been killed.

So far, ye chen had already killed several invincible ninth-level immortal gods of the godly King Alliance.

By now, ye Chen's points had probably reached an extremely terrifying level.

Ye chen took out his token and saw that his points had already ranked him in the top thirty.

There were countless disciples participating in the secret realm competition this time. There were at least millions or even tens of millions of them. For ye chen to be able to rank in the top thirty was a terrifying number.

In other words, ye chen had surpassed at least 99.99% of the people.

This was a terrifying number.

"And you guys."

After ye chen killed the rock, he looked at the other members of the godly King Alliance.

"It's your turn to go. "

Ye Chen's lips curled into a cold smile.

What?

Everyone was stunned.

Ye chen still wanted to kill them?

Did they hear wrong?

"You, what did you say? You still want to kill us?"

One of the ninth-stage immortal God experts said in disbelief, as if he had heard wrong.

"You still want to kill us? Do you have the ability to do so?"

BOOM!

A purple-robed young man suddenly stepped out.

The entire void trembled violently, and cracks appeared in the space within a radius of hundreds of thousands of kilometers.

Seeing that the purple-robed young man's aura was so powerful, ye Chen's eyes narrowed. He knew that this was an invincible ninth-level immortal God stage two expert. He was not the slightest bit weaker than the white-robed young man from before.

This was the second stage two expert ye chen had encountered.

"Kid, you want to kill us? I'm just afraid that you don't have the ability!"

The purple-robed youth sneered.

~Crash!"

The crowd was in an uproar.

"It's purple!"

"It's actually zi ha. "

"Zi ha is an invincible stage two ninth-level immortal God expert!"

"Haha, this ye chen brat is dead for sure!"

"There's only one outcome for those who dare to oppose the Godking Alliance. Death!"

"He's an invincible second stage immortal God expert. I'm afraid he can kill a first stage expert with a casual move."

"Ye Chen's done for this time. Although ye chen can defeat rock, he's still only at stage one combat power. He's dead for sure against a stage two invincible master."

"Zi ha is an invincible ninth-level immortal God stage two expert. Ye Chen's done for this time."

Everyone was discussing madly.

They now looked at ye chen as if they were looking at a dead body.

Without a doubt, ye chen was dead.

Although zi ha's cultivation base was also at the ninth-stage immortal God Realm, his combat strength had reached the second stage of the invincible ninth-stage immortal God Realm!

The second stage was not something that the first stage could compare to.

A stage two expert could easily crush dozens of stage one experts.

The difference was huge.

Therefore, everyone thought that zi ha would definitely be able to kill ye chen.

"A second stage expert, huh?"

Han Lingyu was also slightly nervous, but it was only a slight one.

After all, she had seen with her own eyes that ye chen had also killed a stage two expert, the white-robed young man.

Of course, there were also strong and weak experts in the second stage. So, no one could judge zi ha's strength before he made a move.

"Second stage? You might as well tell me, I just killed a stage two expert. "

Ye chen sneered.

Silence.

The space was silent.

Then, there was a burst of laughter.

"Hahaha, I'm dying of laughter. I'm dying of laughter!"

"What did this kid just say? He actually killed a stage two invincible ninth-level immortal God?"

"Ridiculous, this is really too ridiculous!"

"I've never heard such a funny joke!"

Everyone burst into laughter.

A stage two expert, what kind of existence was that?

It wasn't something that the people in the first stage could compare to.

If they were to fight, a stage two expert could easily defeat ten or even dozens of stage one experts.

The difference between them was simply unimaginable.

Ye chen had said that he had defeated a stage two expert. Was this possible?

Ye chen was clearly only a fourth-level immortal God.

Did he think that he could do whatever he wanted just because he defeated rock?

What a joke!

"Zi ha, right? It's not too late for you to kneel down now. Otherwise, you won't even know how you'll die. "

Ye chen said coldly.

What?

Everyone was stunned again.

[Chapter 2552 2557-Zi Ha's Strength!](#)

What did he just say?

Make zi ha kneel down?

"Haha, haha, this is too funny!"

"What a joke! What a big joke!"

"He actually made zi ha kneel down? It's ridiculous to the extreme!"

"And he said that if you don't kneel, you'll die?"

"I'm dying of laughter. "

Everyone laughed out loud one by one, and many people simply felt that they were going to have cramps from laughing.

Because it was simply too laughable.

A mere fourth-level immortal God Realm ant wanted a stage two expert to kneel?

If this wasn't laughable, then what was?

In everyone's opinion, it was already a miracle that ye chen could defeat rock. After all, no one in history had ever heard of anyone who could defeat an invincible ninth-level immortal God expert with a fourth-level immortal God cultivation base.

Even if they were only stage one experts.

Therefore, everyone thought that ye chen had created a miracle.

However, ye chen was definitely not a match for a stage two expert.

There was no way to compare.

"You want me to kneel? Brat, you're too arrogant!"

Zi ha took a step forward and said coldly.

"I'm arrogant? No, this is because I really have the strength. "

Ye chen said indifferently.

"That's right. I also believe that ye chen has the ability to do so. "

At this moment, han Lingyu spoke.

She had witnessed the white-robed young man being defeated by ye chen before. Naturally, she knew how strong ye Chen's combat power was.

Ye Chen's defeat of Yan Shi was merely a display of his strength.

Ye Chen's true combat power was not just this.

"Haha, haha, I'm dying of laughter!"

"What did I just hear? That chick actually said that she believes ye chen has the ability?"

"This is ridiculous to the extreme!"

The crowd burst into laughter again.

It was not just ye chen who was a lunatic. It seemed that ye Chen's companion was also a lunatic.

"Hmph, kid, since you're so arrogant, I'll show you what true strength is."

Zi ha shouted angrily, "purple Qi from the East, destroy everything, natural God palm!"

BOOM!

A giant palm appeared in the sky. Endless purple clouds gathered toward the giant palm, making it more and more solid.

In the next moment, the giant palm brought with it endless destructive power and smashed down.

BOOM!

The power of this palm was extremely terrifying. The space within a radius of a million kilometers was shattered.

Especially the center, it had been smashed into nothingness.

It revealed the immense power of this move.

This was the so-called purple Qi from the East. However, this zi ha had actually gathered all the purple Qi in his huge palm.

The purple Qi was an extremely rare Qi.

He didn't expect zi ha to be able to control it.

It could be seen that zi ha's strength was actually a little stronger than the white-robed young man.

Of course, this was under the condition that the white-robed young man didn't use the secret technique of the spirit King.

Even so, zi ha's strength was already very amazing. The power of this palm was enough to easily kill ten stage one experts.

The attack of a stage two expert was indeed extraordinary.

"What a powerful force!"

"As expected of a stage two expert!"

"What a terrifying attack!"

"This time, that brat called ye chen is dead for sure."

"Without a doubt, ye chen is finished!"

"Facing such a powerful attack, even a first stage expert would be blown up."

Everyone was extremely shocked.

Strong!

It was too powerful.

The power of this palm was too strong.

The power of this palm was so great that even ten stage one experts would be blown up.

What kind of power was this?

"I believe that ye chen will be able to withstand this attack."

However, at this moment, han Lingyu said,"

She had seen ye chen defeat a stage two expert with her own eyes, which was the white-robed young man. If ye chen could defeat the white-robed young man, how could he not withstand zi ha's move?

"Haha, little girl, stop daydreaming!"

"You must be dreaming!"

"Ye chen still wants to resist the attack of a stage two expert? Don't be delusional!"

"Truly laughable to the extreme!"

Everyone ridiculed him.

"Break!"

However, the next moment.

Ye chen threw a punch.

This punch contained an undefeatable will. It was the undefeatable divine fist, which contained the will to sweep away and defy the heavens.

The two great wills blasted out.

BOOM!

Two extremely dazzling fist auras shot up into the sky and collided with the palm print that was falling from the sky.

The palm print was destroyed almost instantly.

Then, the two fist lights also scattered.

They were equally matched.

What?

How, how could this be possible?

Everyone revealed an incomparably shocked expression. Each and every one of them was horrified beyond compare, as if they had seen a ghost.

How could that be possible?

How could a mere fourth-stage immortal God-level trash withstand the attack of a second-stage invincible ninth-stage immortal God?

How was this possible?

Zi ha was an invincible stage two ninth-level immortal God expert.

"Impossible, this is impossible!"

Zi ha was also extremely shocked, his face full of disbelief.

The power of his attack just now was far from his ultimate move, but it was enough to crush ten stage one experts.

However, ye chen had managed to block such a powerful attack.

What was going on?

Ye chen was clearly just an ant at the fourth-level of the immortal God Realm.

How could a mere fourth-level immortal God ant resist zi ha's attack?

Hence, zi ha was also dumbfounded.

"I've said it before, nothing is impossible. "

Ye chen sneered."What other tricks do you have? show me."

"You're looking for death!"

"You're looking for death!"

"You reckless fool! You're too arrogant! You're courting death!"

"Zi ha is a stage two expert. He must have only used a small part of his strength in that attack just now. Otherwise, how could he not be able to deal with a fourth-stage immortal God Realm expert?"

"That's right. Zi ha must've gone easy on him. Otherwise, ye chen would've been dead long ago."

The crowd roared.

"Kill!"

Zi ha didn't waste any time. In an instant, a huge palm was formed in the sky. On top of each palm, there was a huge amount of purple Qi. Each purple Qi was filled with destructive power, enough to kill a stage one expert.

Boom! Boom! Boom!

The huge palms in the sky suddenly fell down like stars. Their power was unparalleled and shocking.

"What a powerful attack!"

"Yeah, he's too strong."

"That brat called ye chen is dead for sure!"

"He wants to fight with zi ha? What a joke!"

The crowd sneered.

However, at this moment.

Ye chen moved again.

BOOM!

A scorching fist radiance was shot out, containing the Supreme will of the invincible divine fist.

It was as if a Supreme God had descended.

[Chapter 2553 Divine Seal Of Wind Devil!](#)

BOOM!

The dazzling fist radiance instantly drowned out all the palm prints in the sky.

Then, those palm prints were all destroyed.

What?

How, how could this be possible?

Everyone was once again stunned. Their mouths were wide open as if they could swallow an egg, and their jaws were about to drop to the ground.

How could that be possible?

Zi ha's attack was once again blocked.

Did this not mean that ye Chen's combat power was really strong?

"Is that all you've got?"

Ye chen sneered coldly.

"Are you looking for death? Heavenly king's seal, appear!"

Zi ha was finally angry.

BOOM!

A huge handprint appeared in the sky, surrounded by endless purple clouds. The handprint obviously exuded a vast Majesty and was extremely terrifying. It was not something that could be possessed by an immortal God.

Even a true God could not compare to this hand seal.

In essence, the aura of this handprint had probably already reached the level of a Godking.

"The Heavenly King's great Seal?"

Ye Chen's eyes narrowed. He found this very interesting.

The energy of the Heavenly king's seal was extremely terrifying. Although it was no match for ye chen, in essence, this handprint was probably left behind by a Godking-level existence.

It could be said to be a peerless treasure.

It was a Godking.

He was a true super expert.

Even the immortal God Palace didn't have many godkings. After all, godkings were too powerful and it wasn't easy to produce them.

Many peak true God experts were stuck at the peak true God Realm. They cultivated for hundreds of millions of years, but they were still unable to advance to the God King realm.

One must know that this was over a hundred million years in the immortal God Realm, yet he was still unable to advance.

One could only imagine how difficult it was to advance.

This handprint, which was left behind by a Godking, immediately attracted ye Chen's attention.

"Heavenly King's great Seal, suppress!"

"Die!" Zi ha shouted in anger. The huge seal in the sky instantly covered the sky, as if the entire universe was collapsing. It brought with it an incomparable power.

Of course, it was only the power.

With zi ha's cultivation base, he could not unleash the power of the Heavenly king's seal at all.

At most, he could only unleash one-hundred-thousandth of his power.

"Alright, I won't play with you anymore. I didn't expect you to have such a good thing. Invincible divine fist, Supreme!"

Ye chen snorted coldly and threw a punch.

When this punch swept out, zi ha and the others had a calm expression, especially zi ha, who knew the power of the Heavenly king's seal.

With the Heavenly King's great Seal, even a stage two expert of the same level would be suppressed by him, as long as he was not particularly powerful.

His current strength was equivalent to the strength of the white-robed young man who had used the spirit King secret technique, but it could be maintained.

However, when the punch touched the seal, everyone's expression changed.

Bang! Bang!

The Heavenly King seal was sent flying by a huge force.

"Such a good treasure can not fall into your hands. Come and recover it for me!"

Ye chen chuckled and waved his hand. Endless power swept out. Zi ha suddenly realized that in front of ye Chen's power, he was extremely fragile and weak. It was as if ye chen did not need to move a second finger to kill him.

BOOM!

Buzzzzzz!

The Heavenly king's seal shook violently and finally fell into ye Chen's hands.

That's right, it fell into ye Chen's hand and remained motionless, very peaceful.

It was as if it had already recognized ye chen as its master.

"How is that possible?"

Zi ha was the first to let out a roar of disbelief.

His Heavenly king's seal could completely suppress experts of the same level, which meant that he could even suppress stage two invincible ninth-level immortal gods.

However, his Heavenly king's seal had been subdued by ye chen just like that.

He had been subdued by ye chen.

This was simply impossible in his world.

The Heavenly king's seal was a peerless treasure that he had obtained after entering the secret realm and exploring it. It was a treasure left behind by a Divine King.

It was a Godking level treasure!

To those at the immortal God stage and true God stage, this was a Supreme treasure that could more than double their combat power.

Moreover, the higher one's cultivation level was, the more power they could unleash.

Therefore, it was definitely a peerless treasure.

At first, zi ha thought that he could easily suppress ye chen by activating the Heavenly king's seal. However, he had never expected that ye chen would subdue the Heavenly king's seal.

Zi ha was so angry that he almost vomited blood.

"The divine seal of the wind Devil."

After ye chen acknowledged the Heavenly king's seal as his master, a new message appeared in his mind.

It turned out that this was the true name of the Heavenly king's seal.

For some reason, zi ha was called the Heavenly king's seal.

It was very likely that the seal had not fully recognized zi ha as its master, so zi ha did not know a lot of information.

"Just in time, I'll use you to test its power."

Ye Chen's eyes swept across the room and looked at zi ha.

"No, no, run, run!"

Zi ha's heart trembled as he felt a terrifying threat. He turned into a purple light and wanted to escape.

BOOM!

In the next moment, the sky was completely covered.

A huge seal suddenly fell down.

"Ah!"

"Arghh!" Zi ha cried out in pain, and his body exploded on the spot. He was suppressed by a magnificent force, and then his body was obliterated.

In other words, zi ha did not even have time to regroup before he really died.

"Impossible!"

"How is that possible?"

Everyone was dumbfounded again. When they came to their senses, they were all shocked. It was unimaginable.

Zi ha was an invincible stage two ninth-level immortal God expert.

He had not even managed to reassemble it before he was killed by ye chen.

Are you kidding me?

How could ye chen be so strong?

Ye chen waved his hand and a ray of light flew over. It was zi ha's storage ring.

Ye Chen's immortal awareness swept through it and found that there were ten trillion immortal stones inside.

It would be enough for him to break through to the fifth-level immortal God Realm.

"It's your turn. "

Ye Chen's eyes swept across the crowd from the godly King Alliance.

"Not good!"

"Quickly Dodge!"

"Hurry up and leave!"

Everyone was frightened. Ye chen was able to kill zi ha, which meant that his combat strength was above zi ha 's.

He was even stronger than the experts in the second stage.

Ye Chen's combat power was actually this strong.

They were truly afraid.

"You want to escape?"

Ye chen roared. The wind demon divine seal above his head suddenly smashed down.

Ah, ah, ah, ah, ah, ah!

Shrill screams came out. Many people of the divine King Alliance exploded on the spot, not even able to reform their bodies.

This was the wonder of a God King level treasure.

It could make the enemy's body unable to even reassemble.

"Ye chen, the godly King Alliance won't let you off!"

The crowd roared mournfully.

"Oh, really? Then all of you can go die first. "

Ye chen said coldly.

[Chapter 2554 2558-Outer Circle!](#)

The enmity between ye chen and the godly King Alliance was already irreconcilable.

To the godly King Alliance, ye chen was a person they must kill.

No matter what, the godly King Alliance had to kill ye chen.

As for ye chen, he had completely offended the godly King Alliance. Therefore, if the godly King Alliance sent one, he would kill one. If they sent two, he would kill a pair.

This was already an irreconcilable enmity.

Therefore, ye chen had to kill these people.

"Ah, ah, devil, devil!"

"Ye chen, you're a devil!"

"Ye chen, you'll die a terrible death, you'll die a terrible death!"

"Ye chen, I'm cursing you!"

The crowd roared.

Boom, boom, boom, boom, boom!

The wind demon divine seal in the air transformed into ancient mountains that pressed down on everyone's heads. The space within a radius of a few million kilometers exploded and turned into nothingness.

Ah, ah, ah, ah, ah, ah!

Shrill screams rang out one after another as their bodies exploded and turned into nothingness. Then, they tried to regroup as their flesh and blood squirmed wildly.

However, the strange power that burst out from the wind demon divine seal directly blew up the flesh that was reforming.

It was directly removed.

These experts could no longer be reorganized.

"Ye chen, how dare you kill so many of my godly King Alliance's experts? you're courting death!"

At this moment.

An earth-shattering roar was heard, showing that this person's unparalleled cultivation was probably no less than zi ha 's.

Boom, boom, boom, boom!

Four figures appeared in the sky in succession. They looked down with ugly expressions.

The auras of these four people were extremely powerful. They were actually second-stage experts of the invincible ninth-level immortal God Realm.

They had a medal from the godly King Union on their chest, indicating their status.

They were all from the godly King Alliance.

Moreover, they were all second-stage invincible experts of The Invincible Immortal God Realm.

It was extremely powerful.

Stage two experts were already extremely rare. Even ordinary ninth-level invincible Immortals and gods were extremely rare, let alone stage two experts.

Such an expert was enough to kill hundreds or even thousands of ordinary ninth-stage immortal gods.

As for the second stage experts, they could slaughter the first stage experts like dogs.

Now, the Godking Alliance had four stage two experts.

He really had a strong foundation.

"Ye chen, you've killed the members of my godly King Alliance. You're looking for death!"

One of the second stage experts roared.

"I'm looking for death?"

Ye chen sneered. Did they really think that four second stage experts would be able to do anything to him?

What a joke!

"Hmph, if it wasn't for the fact that we still have important matters to attend to, we would've joined hands long ago to kill this brat."

The other stage two expert snorted in anger.

,m "There's more important things to do. Let's go. Don't worry about this man. He has offended many people in our godly King Union. He will be killed sooner or later. We don't need to do anything. "

Another stage two expert said.

"I can only leave."

The four stage two experts seemed to have only appeared for a moment. Then, their figures flashed and they turned into a stream of light, flying into the distance.

The direction they were flying in was the outer circle of the Wildlands.

The place ye chen was at now was only the edge of the Wildlands, so he had not seen the savage spirit yet.

"A storage ring."

With a wave of his hand, ye chen sent a large number of storage rings flying into his hand.

His hand was like a black hole, sucking in all the storage rings.

It was so deep that one couldn't see the bottom.

"These are for you."

Ye chen gave some storage rings to han Lingyu.

Han Lingyu's face immediately lit up with joy as she thanked him profusely.

"The four experts from before are heading towards the outer circle of the Wildlands. Let's go in and hunt for the savage spirit."

Ye chen said.

"The combat strength of the savage spirits is extremely powerful. Even the weakest one is at the ninth-level of The Invincible Immortal God Realm. If I didn't come with you, I wouldn't have dared to go alone."

Han Lingyu said,"but in that case, with you around, we can go and take a look."

Ye chen nodded slightly, then waved his hand.

The wind demon divine seal in the air buzzed and returned to ye Chen's hand, disappearing without a trace.

Ye chen had gained a lot from this battle.

He had obtained the wind demon divine seal.

This wind demon divine seal was left behind by a God King level super expert. A God King was an extremely high and mighty existence. A casual breath from them could kill a true God.

The treasures left behind by such an existence would naturally be extraordinary.

Currently, ye chen could only unleash half of the wind demon divine seal's power.

In order to unleash the full power of the wind demon divine seal, ye chen would have to at least reach the true God Realm, or even the second or third stage of true God.

He was only at the fourth-stage immortal God Realm.

The difference was too great.

"Let's go to the outer circle of the Wildlands. "

Ye chen said.

The two of them immediately turned into two streams of light and headed toward the outer circle.

After flying for an unknown amount of time.

With their speed, they soon arrived at the outer circle.

At this moment, a series of tremors suddenly came from the front.

It was a crazy shock.

The entire ground and the space within a radius of hundreds of thousands of kilometers was shaking violently.

The entire space was shaking violently.

"What's wrong?"

Han Lingyu was extremely puzzled.

"I'm not sure,"

Ye chen shook his head slightly.

"It looks like some treasure has appeared? Or some kind of beast?"

Ye chen judged.

BOOM!

At this moment, the surrounding space shook violently again.

Even though it was tens of millions of kilometers away, it still trembled violently. One could see how powerful the power was.

Hong long long ...

At this moment.

Four streams of light suddenly flew over at an extremely fast speed. They were all stage two invincible ninth-level immortal gods.

Ye Chen's eyes narrowed. These four people were the four from the godly King Alliance.

They had said that they had something urgent to do, so they ignored ye chen and flew directly toward the outer circle of the Wildlands.

Now it seemed that something was really going to happen.

"Who's that?"

At this moment, han Lingyu's expression turned extremely shocked.

"This is ..."

Ye chen looked over and immediately saw a huge object.

It was an incomparably huge centipede-like creature. It was incomparably huge, truly incomparably huge.

Just its head alone was probably hundreds of thousands of kilometers long.

Furthermore, its scales were dark purple in color, displaying its extremely powerful defense.

Roar!

The centipede-like creature let out a furious roar, and the entire space trembled violently. If one was too close, even an invincible ninth-level immortal God expert would be shaken to death.

"Run, run, run!"

"Damn it! How did we end up attracting such a terrifying monster?"

"Run!"

At this moment, the four second-stage invincible immortal God Realm experts hurriedly shouted.

[Chapter 2555 A Giant Centipede!](#)

Naturally, they were not talking to ye chen.

They could not wait for ye chen to die.

They could not wait for ye chen to die. How could they warn ye chen?

It would be best if ye chen was killed by the giant monster behind him.

Of course, they were only thinking about it. Ye chen was not a fool. He would definitely run for his life and would not stay there to fight the monster.

It was only then that ye chen saw that there were many people flying in front of the giant centipede creature. They were all from the godly King Alliance. Most of their cultivation bases were at the first stage of the invincible ninth-level immortal God. There were also a few peak ninth-level immortal God experts who were running for their lives, afraid that the centipede creature behind them would catch up.

The speed of the centipede behind him was simply too fast.

He was much faster than the experts in the second stage.

Therefore, several peak ninth-tier immortal God experts were too slow to escape and were immediately swallowed by the centipede. Their bodies couldn't regenerate at all and they died on the spot.

"Run for your lives, run for your lives!"

"It's too terrifying. This giant creature is too powerful. Our two senior brothers from the second stage were killed in one move."

"Run, run!"

Everyone turned into streaks of light and fled for their lives. It could be said that they had used all their strength.

What a joke, if he didn't run for his life, he would die.

Facing this giant centipede, even a second stage expert was no match for it and was killed in a single blow.

The difference was too great.

This centipede, which was the strength of the savage barren spirit, had probably reached the level of the third stage.

It was extremely terrifying.

"That giant centipede creature killed two stage two experts in one move?"

Ye chen furrowed his brows. This giant centipede was actually this powerful.

He had probably reached the level of the third stage.

It was equivalent to the second stage of true God.

The first stage of the nine levels of The Invincible Immortal God Realm corresponded to the weakest real God. In theory, the weakest real God.

The second stage was for the extremely powerful existences among the stage one true gods. They could kill ordinary true gods with a snap of their fingers.

The third stage corresponded to the second stage of true God.

Of course, he was only an ordinary second stage true God.

Even so, a third-stage invincible immortal God was still a terrifying existence. His combat strength was extremely terrifying. Killing a second-stage immortal God was as easy as taking something out of his pocket.

In the third stage, ordinary ninth stage invincible Immortals and gods could kill thousands or even tens of thousands of them.

The difference was huge.

On the path of cultivation, the further one advanced, the greater the gap between their cultivation levels, and the greater the gap between their battle prowess.

For example, a stage three expert could easily kill a stage two expert, and a stage two expert could easily kill a stage one expert.

The difference between them could be said to be extremely huge.

"Look, is that ye chen?"

"Isn't that ye chen? Why are we in the outer circle?"

"Ye chen, it's Ye chen. This is great."

"Let's hurry up and lure the monster behind us to ye Chen's side so that he can attract the monster's attention!"

"If that's the case, ye Chen's dead for sure!"

The crowd roared.

They were all from the godly King Alliance. When they saw ye chen, they immediately recognized him.

Therefore, they were extremely excited. They could kill ye chen and use him to escape from the giant centipede and escape. Why not?

If they killed ye chen, they would be able to obtain two trillion immortal stones.

Two trillion immortal stones was a huge number for them.

They could not wait for ye chen to die.

However, ye chen was able to defeat song kui. This meant that his combat power was above the first stage and was very likely close to the second stage.

Normally, it would be very difficult to kill ye chen.

At this time, if he could kill ye chen with the help of the giant centipede, wouldn't that be great?

However, at this moment.

They saw ye chen walking toward them.

That's right, not only did ye chen not run away, but he had also taken the initiative to walk over. Moreover, he had brought han Lingyu with him.

Although han Lingyu was terrified, she had complete trust in ye chen. She knew that ye chen would not deliberately seek death.

That was why she had followed him.

"Aren't you all a little too anxious to escape? in my opinion, you might as well stay here and play with me!"

Ye chen chuckled.

The next moment.

He flicked his finger.

BOOM!

An extremely terrifying might erupted from his body. An aura as deep as the ocean descended from the sky and pressed down.

This power was like an ancient mountain falling from the sky. Even a second stage expert wouldn't be able to resist it.

First, the four stage two invincible ninth-level immortal God experts who were flying in the front were flying fine. However, they suddenly felt an extremely majestic force crushing down on them. Their bodies fell directly and crashed onto the ground.

As for the first-stage invincible ninth-stage immortal God experts and the peak ninth-stage immortal God disciples of the godly King Alliance, they all fell one by one.

"Ah, no, no, ye chen, what the hell did you do to make us fall?"

Some people struggled madly, trying to get rid of this majestic force, but it was useless.

Even a stage two expert wouldn't be able to escape, let alone him.

"Ah, ah, ye chen, what did you do? damn it, damn it, that monster is catching up!"

The four second-stage invincible immortal God experts struggled frantically. However, they felt as if a huge mountain was pressing down on them and couldn't move at all.

At this moment, the giant centipede behind him had already caught up.

When it saw that everyone was bound to the ground, its eyes flickered with terrifying lightning. It suddenly opened its bloody mouth and swallowed a few invincible ninth-stage immortal God experts.

"Ah, ah, ye chen, you'll die a terrible death, you'll die a terrible death!"

"Ye chen, I curse you. I curse you to never reincarnate!"

"Ye chen, you'll be killed by this monster sooner or later. I'll be waiting for you underground!"

The crowd roared.

The giant centipede wouldn't show mercy just because they were from the godly King Alliance. It called them invincible ninth-stage immortal gods.

Even the second stage experts were swallowed in one gulp. At most, they rolled a few times and tried to reform themselves before being corroded by the centipede.

He had completely fallen.

In the outside world, these experts were all influential figures with great status. After all, they were invincible at the ninth-stage immortal God Realm, which was equivalent to the strength of a city Lord.

However, at this moment, they were all killed by the giant centipede.

This was the difference in strength.

The experts in the third stage were too strong.

They weren't his match at all.

[Chapter 2556 2560-Subduing Centipede!](#)

"Hehe."

Ye chen smiled faintly and ignored the crowd's roars.

By this time, many people had already been killed.

Although their strength was strong, it was only in comparison to the immortal God Realm. This centipede's strength was probably equivalent to the second stage of true God Realm, which was extremely terrifying.

In the true God Realm, every difference of one stage was an incomparably huge gap. An expert at the second stage of true God Realm could completely crush a stage one true God Realm expert like crushing an ant.

The difference between them was extremely huge.

Therefore, no one had the power to resist at all. Even a second-stage invincible immortal God was killed.

"Ye chen, I curse you!"

"Ye chen, you'll die a horrible death!"

"Ye chen, the godly King Alliance will never let you go!"

The crowd roared.

"You guys should go die first."

Ye chen said coldly.

"Ah, ah, ye chen, what kind of trick did you use? how could you possibly bind us?"

"We're the invincible experts of the second stage. How can we be bound by you?"

"How can you be this strong?"

The four experts of the second stage were struggling madly, but it was useless.

In truth, this was the power of the wind demon divine seal.

If ye chen only relied on his own strength, he could fight with a stage three expert. However, to rely on his aura to suppress everyone, he needed to be at least at the third stage of true God.

In other words, it would be much stronger than the third stage.

However, with the power of the wind demon divine seal, ye chen could easily suppress everyone.

This was the power of a God King level treasure.

Moreover, the wind demon divine seal also recorded Godking-level treatment methods and medical skills. If ye Chen's body was poisoned, he could also use the wind demon divine seal to save himself easily.

He could also save the others.

This was the power of a Godking-level treasure. Godking-level treasures were not just for show.

"Nothing is impossible. What's so difficult about restraining you?"

Ye chen smiled faintly.

"Ah, ah, ye chen, don't be so smug. Even if we're dead, when that giant monster comes, you'll die without a doubt!"

Someone shouted.

"That's right. When that monster comes, you'll be dead for sure. Let us go."

Some people were afraid.

They didn't want to die.

It wasn't easy to cultivate to the second stage of strength. If he died in the secret realm just like that, it would be too much of a pity.

They had entered the secret realm in order to gain the recognition of the big boss and rise to the top. Now that their lives were in danger, they did not want to die at all.

"Me? Whether I die or not later, you can just watch. Of course, I won't let the four of you die so easily. "

Ye chen waved his hand. The power of the wind demon divine seal immediately absorbed the four of them into the divine seal and bound them.

It was as if he was trapped in a huge Bell.

"Come on, monster."

Ye Chen looked at the giant centipede. At this time, all the people had been eaten by it.

Only ye Chen, Han Lingyu, and the other four were left.

"Roar!"

The giant centipede roared angrily as if it knew that it had been provoked by ye chen. It suddenly accelerated and turned into a purple lightning bolt. It rushed in front of ye chen in an instant and flew over a million kilometers.

Hurry up!

It was too fast!

The strength of a stage three expert was too strong.

Han Lingyu's eyes were filled with shock. She felt that her speed was no different from a snail's crawl in front of this huge centipede.

A gust of foul wind swept over, and a suffocating feeling surged up madly. This feeling made han Lingyu feel like she could die at any moment.

However, ye chen could still catch this speed.

"BOOM!"

Ye Chen's body suddenly burst out with a terrifying aura. His aura was monstrous and his blood Qi soared to the sky. He was extremely powerful.

Then, ye Chen's figure flashed and appeared hundreds of thousands of kilometers away, avoiding the giant centipede's charge.

"Roar!"

The giant centipede roared and turned into a purple lightning again, charging at him.

"Hmph, I'll fight you head-on this time!"

Ye chen growled and threw a punch.

"Invincible divine fist, sweep!"

"Invincible divine fist, heaven-defying!"

He used two powerful moves in a row. Two dazzling fist lights landed on the head of the giant centipede.

The sound of metal clashing was heard.

Ye Chen's figure retreated while the giant centipede was forced to change its direction by a huge force. It flew to the right.

"What powerful strength."

Ye chen was shocked. Was this the power of the third stage?

He was too strong. He could easily kill a stage two expert with his invincible divine fist sweep and heaven-defying full power.

However, he was still forced back by the centipede's attack.

The centipede was too powerful.

"Invincible divine fist, invincible!"

"Invincible divine fist, Supreme!"

"Invincible divine fist, sky!"

He used three great moves in a row.

Ye chen threw three punches in a row. The three fist gleams contained the will of invincibility, supremacy, and heaven respectively. It was as if three ancient gods had descended.

Boom, boom, boom!

The three fist lights landed heavily on the giant centipede's body, directly sending it flying.

"Wind Devil divine seal!"

Ye chen was finally going to use all his trump cards.

A huge seal suddenly appeared in the sky. It was the wind Devil divine seal.

After the divine seal of the wind demon appeared, the giant centipede instinctively felt danger. It couldn't help but let out a roar and actually fled backward.

This was the first time that the giant centipede was running for its life.

This was because it felt an extremely strong threat from the wind demon divine seal. The aura was at the level of a God King.

God King!

He could probably kill a stage two true God expert with just a breath.

The pressure that belonged to the Godking level was too powerful.

Even the giant centipede felt like an ant.

Of course, this was only the aura of a Godking and not the descent of a true Godking.

Even so, the giant centipede didn't dare to take the bet. If it lost and it really was a Godking, it would die.

"Suppress!"

Ye chen shouted angrily.

The wind demon divine seal in the sky suddenly turned into a ray of light and quickly caught up with the giant centipede.

Then, the wind demon divine seal turned into a huge mountain and pressed down on the giant centipede.

"Ah!"

The giant centipede let out a human-like shriek. In fact, at its level, its intelligence and spiritual consciousness were even more intelligent than humans.

That was why it could understand the danger it was in.

"Submit to me, or the only outcome is death."

Ye chen said indifferently.

"Roar!"

The giant centipede decisively transformed into a human figure. It was a violet-robed youth. The violet-robed youth immediately knelt down. "I pay my respects to master."

"Very good," he said.

Ye chen smiled. Just like that, he had subdued an invincible ninth-level immortal God stage three expert.

[Chapter 2557 2562-Battleship!](#)

An invincible stage three ninth-level immortal God expert!

This was equivalent to an expert at the second stage of true God level.

In the ninth stage of The Invincible Immortal God Realm, the gap between each stage was extremely huge. For example, in the second stage, he could easily kill countless experts in the first stage.

It was the same for stage three. They could easily kill countless stage two experts.

The difference was huge.

An invincible third-stage ninth-level immortal God expert was extremely rare. Ye chen had not expected to Capture One today.

Such an expert would be a huge help to him.

If ye chen did not use the wind demon divine seal, although he could defeat a third-stage expert, it would take a lot of effort. Moreover, if the third-stage expert wanted to escape, he would not be able to catch up at all.

Only if the difference in strength was too great could he directly suppress it.

Otherwise, even if the enemy was no match for him, they could still escape.

"Congratulations, young master, for subduing a stage three expert."

Han Lingyu walked over with a strange look in her eyes. Ye Chen's strength was too powerful.

At first, ye chen had only defeated a white-robed young man in the second stage. Later on, he had displayed more and more strength. Now, he could even defeat the giant centipede in the third stage.

What kind of strength was this?

One must know that this was a third stage expert. To be able to defeat a third stage expert, how powerful must one's strength be?

It was simply unimaginable!

Moreover, ye Chen's cultivation base was only at the fourth level of the immortal God Realm. If ye Chen's cultivation base was raised, how terrifying would his combat strength be?

It was simply shocking!

"I'm preparing to break through to the fifth-level immortal God Realm. Let's find a place."

Ye chen found a mountain and prepared to break through to the fifth-level immortal God Realm.

He had been stuck at the fourth-level of the immortal God Realm for some time now. If he were to cultivate and fight normally, with ye Chen's perception, he would still need a few months.

However, with the help of a large number of immortal stones, he would be able to break through today.

"Ten trillion immortal stones, come out!"

Ye chen waved his hand, and the surroundings were densely covered with immortal stones, covering the sky and the earth.

Ten trillion immortal stones.

Even the total wealth of stage three experts was only ten trillion immortal stones.

This was a huge number.

Ye chen now had it.

However, it was used to break through to the fifth-stage immortal God Realm. If this news were to spread, it would be enough to scare people to death.

"Breakthrough!"

Ye chen roared. The surrounding immortal stones suddenly exploded and turned into endless energy. Like a great wave, it surged into ye Chen's body.

The energy on ye Chen's body continued to strengthen and grow stronger.

After an unknown amount of time.

BOOM!

The energy on ye Chen's body suddenly rose and reached a peak.

Even the surrounding void trembled madly in the face of this aura. It exploded and exploded, turning into another kind of space.

"Fifth level of immortal God Realm!"

Ye chen was very satisfied.

In one breath, he had reached the fifth-level immortal God Realm.

This kind of strength was really much stronger than before.

The fifth-level immortal God Realm was much more powerful than the fourth-level immortal God Realm.

Ye chen was now confident that if he were to face the giant centipede again, he could suppress it in one move.

This was a huge difference.

"Congratulations on your breakthrough, master."

The purple-robed youth, who was a giant centipede, stood at the side and said from the bottom of his heart.

Ye chen was only at the fourth-level of the immortal God Realm, yet he was able to defeat him. Now that he had reached the fifth-level of the immortal God Realm, his immortal energy had increased tenfold. How powerful was this person?

It was not something he could imagine.

If they were in the same realm, ye chen could kill him with a single breath.

"BOOM!"

At this moment.

A series of fluctuations suddenly came from ahead. It seemed like there was a great battle going on.

"What's going on?"

Ye chen furrowed his brows.

"There seems to be a great battle ahead. Ye chen, should we go and take a look? That seems to be the core of the planet. "

Han Lingyu said.

The core.

This was an extremely dangerous area.

The giant centipede had rushed out of the core area earlier.

In the core area, there were quite a few second stage Savage spirits, and there were also a few third stage ones.

Therefore, if one didn't reach the second stage of the invincible ninth-level immortal God Realm, they would be courting death if they entered rashly. There was an 80 to 90 percent chance that they would die an unnatural death.

And now, there were actually people fighting among them. It seemed that the strength of these people was also extraordinary.

"Let's go and take a look. "

Ye chen said.

He was going to hunt down the members of the godly King Alliance.

Of course, the people from the godly King Union wanted to kill him as soon as they saw him, so this was a hatred that could not be resolved.

Whoosh, whoosh, Whoosh!

Ye chen and the other two turned into three streams of light and flew forward.

With the speed of the three, they soon saw the fluctuations of the battle ahead and where it came from.

A huge warship was floating in the sky. On the deck of the warship stood a silver-robed young man, who was surrounded by a group of invincible ninth-stage immortal God experts.

There was not a single peak ninth-stage immortal God expert.

All of them were invincible ninth-level Immortals and gods.

He was extremely powerful.

At this time, a group of people stood below the warship. They looked at the warship in the sky with fear. They seemed to want to escape but did not dare to.

"All of you, hand over your storage rings and stay where you are. Let us kill you. Otherwise, when we leave the secret realm, your entire family will die!"

At this moment, a burly man beside the silver-robed young man shouted.

Hand over the storage ring and leave it where it was for them to kill?

When the crowd heard this, they immediately burst into an uproar.

"On what basis? Why? Don't tell me that the people from the godly King Alliance can do whatever they want?"

"Why? why do you want to kill us for no reason?"

"Just to steal our points and storage rings?"

"Damn it, damn it, I don't believe it, I'm running!"

The crowd roared.

Whoosh, Whoosh!

For a moment, several figures turned into flowing lights and tried to escape.

"You really don't know what's good for you,"

The silver-robed young man on the battleship sneered.

BOOM!

The warship suddenly shot out an Aurora at an unbelievable speed. Even a stage three expert would have to spend a lot of effort to see it clearly.

Ah, ah, ah, ah, ah, ah!

For a time, a series of shrill screams rang out.

Those who had intended to escape were directly killed.

Most of them were only at the peak of the ninth-level immortal God Realm. They were unable to resist the Aurora and were killed instantly.

[Chapter 2558 Challenging An Invincible Ninth-Level Immortal God!](#)

"You want to escape? Escape? What a joke, this is the outcome of running away!"

The silver-robed youth sneered.

"Sir is wise."

The others started to flatter him.

"Hehe, a bunch of ant-like existences. Hurry up and kill them. I still have to show off my skills in the core circle and hunt for Savage spirits."

The silver-robed youth said indifferently.

"Yes."

Everyone revealed a sinister smile.

At this moment.

"Ah, ah, no, no!"

"No, you can't do this, you can't do this, I'm a member of the eternal life Alliance!"

"I'm from the crown prince's Alliance. How dare you kill me?"

"Damn it! Does the godly King Union really think that they are invincible?"

The crowd roared.

They knew that the silver-robed young man was probably really going to kill them.

That was why they were so terrified.

Many of them were from the major sects, but in front of the godly King Alliance, they seemed so ridiculous and childish.

The godly King Alliance was too powerful.

It was not something they could fight against.

Moreover, it was said that the chief of the godly King Union had recently attained some profound mystery and was about to become a godly King.

In other words, the situation of the entire immortal God Palace would change greatly.

If the Alliance master of the godly King Union successfully broke through to the Godking realm, then with his combat strength, even a hundred or a thousand godkings would not be his match.

The situation of all the alliances would change drastically. By then, this person would be invincible and would kill all the Alliance leaders.

No wonder the godly King Alliance was so arrogant.

Ye chen shook his head slightly as he listened. However, the Alliance master of the godly King Alliance was indeed extremely powerful. He was actually this powerful.

Of course, this was still a long way to go for the current ye chen.

Only after he had broken through to the true God Realm would he be qualified to understand these truly important matters.

"Kill, kill them all!"

The large man next to the silver-robed youth roared.

"Kill!"

Everyone was extremely excited.

At this moment.

A figure stepped through the void and arrived. Next to him were two people.

This figure was naturally ye chen.

"Eh? Someone's coming?"

The crowd quickly looked over and found that it was ye chen.

"Oh my God, isn't that ye chen?"

"Ye chen, it's Ye chen!"

"It's Ye chen?"

"Didn't ye chen defeat our godly King Alliance's song kui? then, in the secret realm, he killed many of our members. He still dares to show up?"

"You're looking for death, you're really looking for death!"

Everyone roared in anger.

They had obviously found out that ye chen had killed the white-robed young man.

Of course, they did not believe that ye chen could kill a second stage expert.

That was an invincible ninth-level immortal God stage two expert. Ye chen only had a mere fifth-level immortal God cultivation base. How could he kill him?

"I'll kill him!"

One of the invincible ninth-level immortal God experts sneered and also stepped into the air. BOOM!

A powerful aura burst out from his body.

It was an aura that belonged to an invincible ninth-stage immortal God.

"Kid, kneel down obediently and I might let you die a quick death."

This invincible ninth-level immortal God expert, who was a burly man, sneered.

How could ye chen, a mere fifth-level immortal God ant, be his match?

He was an invincible ninth-stage immortal God expert.

It would be easy to suppress ye chen.

"Ye chen is just a fifth-level immortal God trash. It's easy to suppress him. Sending an invincible ninth-level immortal God expert is enough."

Someone said coldly.

"That's right. He's just a fifth-level immortal God. How strong can he be?"

"Let's see how he dies. "

Everyone sneered.

In their opinion, ye chen was merely at the fifth-level of the immortal God Realm. He was definitely no match for an invincible ninth-level immortal God expert.

What a joke! This was an invincible ninth-stage immortal God expert. He could easily kill countless ordinary ninth-stage immortal God experts.

Even ordinary ninth-level immortal God experts would be killed countless times. In that case, ye chen, who was only at the fifth-level of the immortal God Realm, was he not courting death?

"A mere fifth-level immortal God Realm ant."

After the silver-robed young man glanced at ye chen below, he no longer paid any attention to him. To him, ye chen was nothing more than an ant.

The kind that could be easily crushed.

It was not worth his attention at all.

He would just let his subordinates kill them.

"No, ye Chen's very strong. He's not like what you guys are saying."

At this moment, han Lingyu was not convinced and spoke up.

What?

Silence.

There was complete silence.

Then, the crowd burst into laughter.

"Haha, haha, what a joke!"

"What did that girl say?"

"He said ye chen is very strong?"

"This is ridiculous. This is really ridiculous!"

"How strong can a mere fifth-level immortal God trash be? Even the peerless geniuses on the primeval state rankings only have battle strength at the eighth level of the immortal God Realm at most. How can they defeat an invincible ninth level immortal God?"

"Yeah, it's really laughable."

The crowd sneered.

Ye chen was very strong?

How was that possible?

"How about this, you kneel down first. Otherwise, I'll let you die a terrible death."

At this moment, ye chen spoke.

What?

Everyone was petrified.

"You, what did you say? Do you even know what you're saying?"

"Arrogant! He's too arrogant!"

"I've never seen such an arrogant person!"

"You're really looking for death!"

The crowd roared.

Had ye chen gone crazy?

He actually dared to take the initiative to provoke an invincible ninth-stage immortal God expert?

He really didn't know what was good for him!

The group of people looked at ye chen as if they were looking at an idiot.

"Brat, you're looking for death!"

The burly man's face turned serious, and a terrifying light flashed in his eyes. The killing intent on his body began to boil.

"I'm looking for death? Make your move. "

Ye chen said indifferently.

"Alright, you're courting death. You can't blame anyone else. Go to hell, heaven splitting divine axe!"

The burly man roared in anger. A huge axe appeared in his hand, and he descended from the sky, chopping down.

BOOM!

The entire space trembled violently. The surrounding space was split open by the axe and turned into nothingness.

Strong, he was too strong.

An invincible ninth-level immortal God expert was not someone a fifth-level immortal God could compare to.

As soon as the burly man made his move, everyone felt that ye chen was dead for sure.

Compared to the heaven-shaking power of this axe, ye chen, who was standing still, was like a wooden man. He could be hacked to death at any time.

The difference was too great.

Everyone sneered in their hearts. With such strength, he dared to provoke an invincible ninth-stage immortal God expert?

Isn't he overestimating his own ability?

However, at this moment.

Ye chen moved.

One punch!

Ye chen threw a punch.

BOOM!

A ray of fist light hit the heaven splitting divine axe.

[Chapter 2559 2564-Fighting A Stage Two Expert!](#)

A ray of fist light hit the heaven splitting divine axe.

Then, this dazzling fist radiance, with an unstoppable force, directly sent the heaven-splitting divine axe flying.

Silence.

There was only silence.

What?

How was this possible?

How was that possible?

How could that be possible?

Everyone revealed incomparably shocked expressions.

Ye chen had actually managed to block the burly man's attack?

How was this possible?

Ye chen was merely a fifth-level immortal God ant, yet he was able to withstand an attack from an invincible ninth-level immortal God expert?

This was unbelievable!

"Impossible, this is impossible!"

The burly man revealed a look of disbelief. The power of the axe just now was absolutely astonishing. It was his full-force Axe.

How was it possible that his full-powered axe strike could not do anything to ye chen?

He was an invincible ninth-level immortal God expert, yet his full-powered axe was still unable to do anything to ye chen?

This didn't make sense.

"I've said it before. Ye Chen's strength is definitely not what you're saying. He's very strong. "

Han Lingyu said, unconvinced.

"Hmph, I only managed to block one of his attacks."

"That's right. He only managed to block one attack. What's there to be proud of?"

"Truly laughable to the extreme!"

"Do you think you can fight an invincible ninth-level immortal God just because you blocked one attack?"

"This is too laughable!"

The crowd continued to sneer.

He had merely blocked an attack from an invincible ninth-level immortal God.

Do you think that you can fight an invincible ninth-level immortal God expert?

This was impossible!

No one could fight an invincible ninth-level immortal God at the fifth-level immortal God Realm!

Therefore, this was impossible.

"That's all you have. If you dare to call yourself an invincible ninth-stage immortal God with only this much strength, I'll be too disappointed."

Ye chen said indifferently.

He was really disappointed.

"Damn it, damn it, I'm going to kill you!"

The burly man was finally enraged.

He was an invincible ninth-stage immortal God expert, yet he was ridiculed by a fifth-stage immortal God ant.

This really made him extremely angry.

Kill, kill, kill!

He must kill ye chen!

"The heaven splitting divine axe!"

The burly man roared. He wielded the heaven-splitting divine axe and swung it at ye chen.

Boom, boom, boom!

The entire space exploded and turned into a pile of nothingness.

The scene was extremely terrifying.

When an invincible ninth-stage immortal God expert attacked, the power would be extremely explosive.

Just like Lord Qiu back then, once he made a move, the sky would fall and the earth would shatter.

However, he was facing ye chen.

Ye chen, a fifth-level immortal God.

"Die!"

Ye chen sneered and threw a punch.

"Invincible divine fist, sweep!"

A fist radiance that contained an undefeatable will swept out and instantly drowned the heaven splitting divine axe.

"Ah!"

The burly man let out a blood-curdling screech as his entire body exploded on the spot, turning into a pile of flesh and blood.

What?

Everyone was extremely shocked. How was this possible?

The burly man had invincible combat strength at the ninth-level of the immortal God Realm. How could he be defeated by a fifth-level immortal God?

"Go to hell!"

Ye Chen growled and threw another punch.

BOOM!

The burly man's wriggling flesh exploded once again. This time, he was completely turned into nothingness.

He was dead.

An invincible ninth-stage immortal God expert had died just like that.

He had died at ye Chen's hands.

An invincible ninth-level immortal God expert had died at ye Chen's hands just like that. He had died at the hands of a fifth-level immortal God.

"How is that possible?"

"How can he be so strong?"

"This doesn't make sense."

"He's actually this strong?"

Everyone was dumbfounded.

Ye Chen's strength was actually this strong?

To be able to defeat an invincible ninth-stage immortal God expert?

Did this not mean that ye Chen's combat power was extremely shocking?

One should know that ye Chen's cultivation base was only at the fifth level of the immortal God Realm, yet he was able to defeat an invincible ninth level immortal God expert. This was simply too shocking.

"Hmph, so what if he can defeat a ninth-level invincible immortal God? send out the second stage experts and kill him!"

At this moment, the silver-robed young man finally noticed ye chen. The fact that ye chen was able to kill an invincible ninth-level immortal God expert meant that ye Chen's strength was extraordinary.

Thus, the silver-robed youth gave the order.

"I'll do it!"

BOOM!

A green-robed young man suddenly took a step forward and flew out of the warship. His aura was extremely powerful, many times stronger than the burly man from before.

He was an invincible ninth-stage immortal God, a stage two expert.

The experts in the second stage were different from those in the first stage.

The second stage was definitely much stronger than the first stage.

"Brat, kneel down and beg for mercy. Otherwise, I'll make sure your entire family dies miserably!"

The green-robed youth said coldly.

"Hehe, I think you should be the one kneeling. If you kneel, I'll let you die a quick death."

A murderous glint flashed in ye Chen's eyes. This man before him had dared to threaten his family. He had crossed the line.

A Dragon had a reverse scale, and anyone who touched it would die!

"A mere fifth-stage immortal God ant dares to make an invincible second-stage immortal God expert kneel?"

"He's too arrogant!"

"Does he think that he can defeat stage two experts just because he can defeat stage one of the invincible ninth-level immortal God Realm? That's ridiculous!"

The crowd sneered.

They looked at ye chen as if he was an idiot.

The experts in the second stage were different from those in the first stage.

A stage two expert could easily kill countless stage one experts.

"You're all bullies. Ye Chen's right. You should make him kneel!"

At this moment, han Lingyu said.

"You're looking for death!"

When the green-robed young man heard that ye chen had actually asked him to kneel, he was immediately enraged.

Shua!

The green-robed young man teleported and appeared behind ye chen. Then, he raised his palm and an Aurora burst out.

BOOM!

The power of this Aurora was extremely powerful. It could easily kill countless peak ninth-level immortal God experts.

Even a stage one expert would find it difficult to block this attack.

This was just a test.

However, just a mere probe had already caused its power to reach such a level.

"He's dead for sure this time. "

"He's finished. "

"Let's see how he dies?"

The crowd sneered.

However, in the next moment.

However, ye chen moved.

It was still a punch.

However, this punch was much more violent than when he was dealing with the burly man.

BOOM!

A dazzling fist radiance shot out and instantly collided with the Aurora.

BOOM!

A deafening boom reverberated in the air. Then, everyone saw that the fist radiance had actually canceled out the Aurora.

How was that possible?

It was as if everyone had seen a ghost, and they were petrified once again.

This was an invincible expert in the second stage.

[Chapter 2560 2565-Stage Three Experts Take Action!](#)

The green-robed young man was an invincible stage-two expert of the invincible ninth-level immortal God Realm.

A stage two expert could easily kill countless stage one experts.

A stage one expert would not be able to withstand a single move from a stage two expert. They would be killed in one move.

The difference was huge.

An ordinary invincible ninth-level immortal God expert was already very powerful. He could fight one against a hundred and kill an ordinary ninth-level immortal God as if he was killing an ant.

However, the second stage experts were even stronger. They could kill the first stage experts as easily as killing chickens.

The difference was really huge.

However, ye chen, a mere fifth-level immortal God ant, was actually able to withstand the attack of a second-stage expert?

How was this possible?

This didn't make any sense!

"How is that possible? How was that possible? You're just an ant at the fifth level of the immortal God Realm. How could you block my attack?"

The green-robed young man's eyes revealed a look of disbelief. He had thought that even if ye chen did not die from that attack, he would at least be crippled.

After all, ye Chen's cultivation base was only at the fifth-level of the immortal God Realm.

However, the outcome was unexpected. Not only was ye chen not injured, but he was also completely fine. He was unscathed and had successfully blocked the attack.

This was unbelievable.

"Nothing is impossible. That's all you've got. A second stage expert only has this much ability!"

Ye chen said with a cold smile.

"You're looking for death!"

"Arrogant!"

"Too arrogant, too arrogant, too arrogant, this kid is too arrogant!"

"Don't think that just because you blocked one attack, you can really fight against a second stage expert!"

"Go, kill him!"

Everyone was enraged as they roared.

The green-robed young man's face darkened. As an invincible stage two expert, he was provoked by a mere fifth-level immortal God Realm ant.

This was simply courting death.

"Brat, since you want to die, I'll fulfill your wish!"

The green-robed young man roared and threw a punch in ye Chen's direction. The power of this punch was extremely strong and could kill countless first stage experts.

This was his full-power attack.

"Nine punches of the wind Devil, sweep the world!"

The green-robed young man's figure was like a gust of wind. He appeared in front of ye chen in an instant and punched out nine times in a row. The power of each punch was extremely shocking, extremely powerful, extremely tough, and extremely terrifying. It was enough to blow up a first-stage expert.

Boom, boom, boom, boom, boom, boom, boom, boom, boom!

Nine punches in a row.

It was extremely shocking.

"Hehe, that's all you've got,"

Ye chen sneered and also threw a punch.

"Invincible divine fist, sweep!"

With ye Chen's current cultivation base, the power of his undefeated divine fist was several times stronger than when he was at the fourth-level immortal God Realm.

A fist swept out.

The fist radiance contained an undefeatable will that could sweep away everything. It was as if an undefeatable God had descended.

The crowd could even see the apparition of a God of War appearing behind ye chen.

This was because ye Chen's cultivation base had improved, so the power of his undefeatable divine fist had also increased greatly.

Therefore, a shadow appeared behind each of them. It was extremely shocking.

"BOOM!"

The fist radiance collided heavily with the nine fists. Then, under everyone's gaze, the fist radiance instantly tore apart the nine fists with a destructive force.

Then, in the next moment, the fist ray landed heavily on the green-robed young man's body. The green-robed young man could not react at all because he had not expected his attack to be so easily defeated by ye chen.

"Ah!"

A shrill scream was heard. The young man's body shook violently and he spat out a mouthful of blood. He was sent flying backward like a cannonball.

He was defeated with just one punch.

He had defeated an invincible stage two ninth-level immortal God expert with one punch.

Silence.

The space was silent.

Everyone's mouth was wide open, revealing an incredulous expression. Their eyes were so wide that they almost popped out.

How was that possible?

How was this possible?

Ye chen, a fifth-level immortal God ant, had actually defeated an invincible second-stage ninth-level immortal God expert with one punch?

This didn't make sense.

"How is that possible?"

"How is this possible?"

"He's only at the fifth-stage immortal God Realm. How can he defeat a second-stage invincible ninth-stage immortal God expert? That's impossible!"

"Yeah, this doesn't make any sense!"

"What's going on?"

"Why is he so powerful? that's a second-stage invincible immortal God. He can easily defeat a first-stage expert. How could he defeat such an expert?"

"That's right. He's a stage two expert. Logically speaking, a stage two expert should be able to kill a fifth-stage immortal God Realm expert with just a breath."

"That's right. The experts of the second stage are extremely powerful. They can kill the experts of the first stage in seconds."

"Yet, such an unrivaled expert is not ye Chen's match? How is that possible?"

"What's going on? Who can explain it to me?"

"Is ye chen really that strong?"

"This doesn't make sense at all."

Everyone was dumbfounded.

How could ye Chen's combat power be so strong?

This didn't make sense.

He was merely an ant with a cultivation base of fifth-level immortal God Realm. How could he have such powerful combat strength?

This didn't make sense, this didn't make sense.

"I didn't expect you to be able to defeat a stage two invincible ninth-level immortal God expert."

At this time, the silver-robed young man on the warship spoke.

"However, that's all there is to it. Man tu, make your move and kill this man."

The silver-robed young man looked at a burly man beside him and said.

"Yes!"

The burly man grinned hideously. His aura suddenly burst out, showing an extremely powerful force. It was more than twice as strong as the green-robed young man.

A stage three expert!

That's right, he was a stage three expert.

However, it seemed that he had just entered the third stage. Otherwise, he would not only be twice as strong as the green-robed young man, but possibly two, three, or four times stronger.

"The third stage?"

"Oh my God, it's the third stage experts who are about to make their move."

"Man tu is actually making a move."

"This time, that kid is finished."

"Let's see how that kid dies!"

The crowd roared.

Man tu was an invincible expert of the third stage.

The third stage.

He could easily defeat the experts in the second stage.

He had actually used such a super expert to deal with a fifth-stage immortal God Realm ant.

It was really interesting.

"BOOM!"

Man tu's figure leaped like a mountain and arrived in the void, standing in front of ye chen.
