

Genius 2571

[Chapter 2571 2576-Defeating Two People With One Sword Strike!](#)

What did ye chen say?

He actually made Lei Dong hand over the treasure?

Wasn't this a little too arrogant?

A mere fifth-level immortal God Realm expert dared to ask Lei Dong to hand over his treasure. This was no longer arrogance, but arrogance.

The gap between a fifth-stage immortal God and a third-stage true God was a little too great.

Under normal circumstances, a stage three true God could completely crush a stage five immortal God like an ant.

It was already a miracle that ye chen could defeat Lei Tian, let alone Lei Dong.

Lei Dong's combat power was equivalent to fourth stage true God.

"Kid, very well. You will pay the price for your arrogance. And the price is death!"

Lei Dong said coldly.

Ye chen, a mere fifth-level immortal God ant, had dared to provoke him repeatedly. This truly infuriated him to the extreme.

In the next moment, he was about to make a move.

Shua!

At this moment, a figure appeared beside Lei Dong. It was Feng Xiu.

"Kid, hand over the treasure."

Feng Xiu said indifferently.

"What? Even Feng Xiu is going to attack ye chen?"

"Two super experts are going to attack ye chen?"

"These are two super heaven's favorites!"

"This time, ye Chen's dead."

Everyone said one after another.

Feng Xiu, ranked sixth on the primal Chaos ranking. In terms of strength, he wasn't any weaker than Lei Dong.

When the two of them joined hands, even a middle stage true God fourth stage expert would have to avoid them.

How could ye chen be his match!

"Make your move. You two, come at me together."

Ye chen sneered and said indifferently.

What?

"Brat, you're looking for death!"

Lei Dong's expression turned ferocious. "A mere fifth-level immortal God dares to provoke me? you're courting death. You're really courting death!"

However, he was not in a hurry to make a move. He knew that ye Chen's combat strength was not as simple as defeating Lei Tian.

After all, ye chen had passed through the ninth level and the entire Tower of Trials, so his strength was quite good.

Therefore, he wanted Feng Xiu to make the first move and test ye Chen's full strength.

"I'll do it. "

Feng Xiu stepped out, a look of ridicule flashing in his eyes, "kid, kneel down obediently."

BOOM!

An extremely powerful aura exploded from Feng Xiu's body. Then, in the next moment, he moved.

"Windmill slash!"

An incomparably huge wind blade instantly slashed violently in ye Chen's direction. Even a late-stage third firmament true God powerhouse would be cut in half by this blade.

,m "Strong, too strong!"

"As expected of the sixth place on the primeval rankings!"

"Let's see how ye chen will deal with this. "

With ye Chen's victory over Lei Tian, no one dared to underestimate him.

However, everyone still thought that ye chen was no match for Feng Xiu.

Feng Xiu's battle power was too strong.

Feng Xiu's fighting power was equivalent to initial-stage fourth firmament true God. Compared to Lei Tian, he was much stronger.

Would ye chen be a match for him?

"Be defeated! Invincible divine fist, reincarnation!"

This time, ye chen did not waste any time and threw a punch.

BOOM!

A grey-white fist radiance directly shattered the wind blade and landed heavily on Feng Xiu's body.

"Ah!"

Feng Xiu cried out in pain as he was pushed back a few thousand meters, his eyes filled with shock.

A deep fist mark appeared on his chest, almost penetrating his entire body.

Of course, at their level, as long as their bodies didn't explode, it wouldn't have much of an impact on the battle.

But even so, everyone was still shocked.

How was that possible?

Whoosh!

Everyone was also in disbelief. How could this be? how could this be?

With just one punch, Feng Xiu was defeated?

Are you kidding me?

Feng Xiu's combat power could fight an initial-stage fourth firmament true God.

However, he had been defeated by Ye Chen with one punch.

Could it be that Ye Chen's combat strength had already reached late-stage fourth firmament true God? Or even the peak?

But how was that possible?

Ye Chen's cultivation base was clearly only at the fifth-level of the immortal God Realm.

If his fighting power could reach late-stage true God fourth stage, or even peak, then wouldn't it almost cross a major realm?

This was impossible.

"You two, come at me together."

Ye Chen said indifferently.

Everyone's hearts trembled again.

All together!

Ye Chen was too strong.

"You're looking for death!"

BOOM!

Lei Dong's body exploded with an extremely powerful energy. He did not believe that the two of them could not defeat ye chen if they joined forces.

Ye chen defeating Feng Xiu with one punch had indeed shocked him. However, in his opinion, Feng Xiu had not been able to use his full combat power before he was caught off guard by ye chen.

In a real battle, even if Feng Xiu was not as good as ye chen, he would not be too far off.

With the two of them working together, ye chen would die without a doubt!

"Kill!"

"Thunder God's fist!"

"Dimensional wind blade!"

Boom, boom!

One powerful attack after another burst toward ye chen.

The power of these two attacks added up was enough to blast an initial stage fourth true God expert to death.

"I'm finished. "

"He's finished this time. "

"Facing two experts working together, even the strongest heaven's favorite can't be a match."

"Moreover, he's only at the fifth-level of immortal God Realm."

"I'm finished. "

Everyone thought that ye chen was dead for sure.

If ye Chen's cultivation base had advanced to true God-level, he could completely kill these two great prodigies in seconds.

But now?

It was not enough at all.

"Interesting."

Faced with the joint attack of the two, ye Chen's lips curled into a cold smile.

"Taia sword!"

Ye chen waved his hand and a divine sword appeared in his hand.

"Myriad exterminating sword technique, exterminating shadow!"

Shua!

A beam of sword light instantly flashed out, passing through time and space. The next moment, it collided with the fist radiance and the dimension slash.

Then, everyone saw that the sword light actually tore apart the two attacks, then turned into two sword lights, and went toward the two of them.

"How is that possible?"

Lei Dong and Feng Xiu's eyes were filled with shock. They roared, "block it, block it!"

BOOM! BOOM!

A Lightning Shield appeared on Lei Dong's body, covering him within. Three shields surrounded the light shield.

On Feng Xiu's body, a treasured armor appeared. It was a true God level treasure.

The next moment, two sword lights madly tore at the two of them.

"Ah, ah!"

The two of them shrieked in pain as their bodies trembled violently, and they were forced to retreat a few thousand meters away.

He was defeated.

In just one move, the two of them had been defeated.

"How is that possible?"

Everyone revealed a look of disbelief, each and every one of their eyes widened so much that their eyeballs were about to fly out.

That's impossible!

How could ye chen, a fifth-level immortal God, defeat the Joint Forces of two great prodigies?

Wasn't this too unbelievable?

The two heaven's favorites each had the shocking fighting power to fight against an initial stage fourth true God.

Unless ye Chen's combat strength had reached peak fourth stage true God, he would not be able to defeat the two of them easily.

[Chapter 2572 2577-Heaven's Stairway Appears!](#)

At this moment, everyone was completely stunned.

Ye Chen's combat strength was too terrifying.

He actually defeated two heaven's favorites by himself?

How was this possible?

These two super heaven's favorites, each of them was an existence that could fight a fourth stage true God.

He was defeated by ye chen just like that? It was too unbelievable.

"The myriad exterminating sword technique is indeed powerful."

However, ye chen was secretly amazed. The power of the two great paragons joining forces was already equivalent to late-stage fourth-stage true God.

But he defeated two heaven's favorites with one sword. Didn't this mean that the power of his sword had reached the level of a fifth stage true God?

Otherwise, it would be impossible for him to defeat the two heaven's favorites with a single strike.

Only an attack at the level of a fifth stage true God could defeat the two heaven's favorites who joined forces with one sword.

The great destruction swordsmanship was indeed powerful!

"Is there anyone else who wants to fight?"

Ye chen stepped forward and swept his gaze across the crowd, scanning them up and down.

"Ah, ah, damn it, kid, you're dead. You hit me, that means you've offended the Thunder Alliance!"

p "Kid, you've offended the godly King Union by hitting me!"

It turned out that Lei Dong and Feng Xiu, one was from the Thunder lightning Union, the other was from the godly King Union.

Ye Chen's lips curled into a cold smile. He did not know about the Thunderbolt League but the godly King League?

He specialized in beating up people from the godly King Alliance!

"Go to hell!"

When ye chen thought of the threat from the two earlier, a sharp light flashed in his eyes. With a wave of his hand, two gray-white sword Qi instantly pierced into the two men's bodies.

"Ah, ah, ah!!!"

The two of them instantly burst out in screams. It was extremely tragic.

Their bodies were crushed.

The two heaven's favorites were dead!

In the face of the sword Qi of the annihilating sword technique, they could not reincarnate. It must be known that the annihilating sword technique was a Godking-level sword technique, and it also had the effect of preventing anyone below Godking from reincarnating.

Thus, the two heaven's favorites didn't even manage to regroup before they died.

"Heavens! He killed Lei Dong and Feng Xiu!"

"This kid is a monster!"

"He has killed two heaven's favorites. I'm afraid his ranking is in the top five."

"This is incredible."

The crowd was shocked. Ye Chen had killed Lei Dong and Feng Xiu just like that.

Wasn't he a little too bold?

Dong Lei was a member of the Thunder Alliance, and the strength of the Thunder Alliance was not much weaker than that of the godly King Alliance.

As for the Godking Alliance, everyone knew about it.

Ye Chen had offended people from the two major alliances?

What they did not know was that Ye Chen had already offended the people from the godly King Alliance.

As for the Thunderbolt Alliance?

If one came, he would kill one. If two came, he would kill a pair.

He had already offended the godly King Alliance, so why not offend the Thunderbolt Alliance as well?

"Is there anyone else who wants to come out and fight?"

Ye Chen's gaze swept across the crowd and found that no one dared to speak.

The combat power that Ye Chen had displayed was too powerful.

He had defeated two heaven's favorites by himself. Only the top three on the primeval rankings could compete with him!

"Damn it, how can this kid be so strong?"

At that moment, the silver-robed young man stood in the crowd with an extremely ugly expression.

He had originally planned to kill Ye Chen after the Tower of Trials ended but the combat power Ye Chen had displayed far exceeded his imagination.

Lei Dong and Feng Xiu were both stronger than the silver-robed youth.

Even if the silver-robed teenager had a God King level treasure, his fighting power was only equivalent to peak third stage true God Realm, which was inferior to Lei Dong and the other man.

However, Ye Chen had defeated Lei Dong and the other man in one move.

This kind of combat strength was truly too shocking.

"You, get out here."

At this moment, the purple-robed young man beside ye chen swept his gaze around and noticed the silver-robed young man. His eyes could not help but flash.

He recognized this silver-robed youth.

"Hehe, long time no see."

The silver-robed young man walked out with an unsightly expression.

"It's been a long time indeed. Why do I remember that you wanted to kill us?"

Ye chen also recognized the silver-robed young man.

"This, this ... Where did this happen?"

The silver-robed young man's expression was extremely gloomy. Damn it. With his combat strength, he was no match for an existence like ye chen.

"Hand over all your treasures and I'll spare your life."

Ye chen took a step forward and said indifferently.

"This ..."

The silver-robed young man pretended to be deep in thought. Then, he turned into a stream of light in an instant, and a super-small battleship appeared under his feet, carrying him and escaping frantically.

Whoosh!

The silver-robed young man's speed was extremely fast, even faster than a peak stage four true God.

"What a fast speed!"

Everyone was shocked.

This person's cultivation was merely at stage three true God Realm, but his speed was even faster than peak stage four true God Realm.

It was unbelievable.

"You want to escape? Get back here!"

Ye chen roared. A huge seal appeared above his head. It was the wind demon divine seal.

Then, the wind demon divine seal enveloped the silver-robed young man's position, suppressing him on the spot, making him unable to move.

"What? a Godking level treasure?"

The silver-robed young man roared in disbelief. He had never expected ye chen to have a Godking-level treasure.

"A Godking level treasure."

The crowd was also in an uproar. However, no one dared to snatch it because ye Chen's combat strength was too terrifying.

"Get back here."

Ye Chen waved his hand and the silver-robed young man flew back.

"Ah!"

The silver-robed young man exploded from the pressure and turned into nothingness. He died.

The small silver warship flew into Ye Chen's hand.

Ye Chen had seen the silver-robed young man's escape earlier. It was all because of this Godking-level treasure that Ye Chen had been able to move so quickly.

This was a good treasure.

It was an all-rounded treasure.

It could transform into a battleship to attack, and it could also escape.

Ye Chen decisively put away the warship. Now, he had two Godking-level treasures.

"Let's go, let's leave this place. "

Ye Chen said as he looked at Han Lingyu and the purple-robed youth.

"These immortal stones are for you."

With a wave of his hand, Ye Chen passed two storage rings to Han Lingyu and the purple-robed youth.

These two storage rings belonged to Lei Dong and Feng Xiu.

The two of them were overjoyed.

These two storage rings belonged to Lei Dong and Feng Xiu!

The number of immortal stones in it was definitely astonishing.

Whoosh, whoosh, Whoosh!

Ye Chen and the other two turned into three streams of light and flew into the distance.

No one dared to stop him.

Boom! Boom! Boom!

Right at this moment, heaven and earth suddenly began to shake violently.

It was just like the Tower of Trials.

"What's going on? Another treasure has appeared?"

"Could it be the legendary immortal stairs?"

"It's very possible. "

Everyone said one after another.

At this time, ye chen and the other two had been flying for an hour.

At this moment, they suddenly saw an extremely shocking scene in front of them.

It was an incomparably huge flight of stairs.

[Chapter 2573 2577-Immortal Stairs](#)

This was an incomparably huge flight of stairs.

Big!

It was unbelievably huge.

There was no end in sight. It was all stairs, each at least ten meters high and dozens of meters wide. It reached into the clouds. Even with ye chen and the others 'vision, they could not see the end.

How many steps were there on this flight of stairs?

No one knew.

At this moment, there were already many people gathered here.

They seemed to have been waiting here for a long time.

Some of them had extremely powerful auras that were no weaker than Lei Dong's and Feng Xiu 's.

"What is this?"

Ye chen furrowed his brows.

He had never seen such a huge flight of stairs in the secret training ground before.

In addition, the great immortal had never told him anything about this flight of stairs.

"This, could this be the legendary immortal stairway?"

At this moment, han Lingyu said.

"The immortal heavenly stairs?"

Ye chen looked at han Lingyu in surprise.

"Yes, the immortal stairway is a special stairway in the secret land. It is said that it was built by a peak Divine King expert. It is extremely terrifying."

Han Lingyu said,"any heaven's pride expert who can step onto the immortal heavenly stairs will be able to obtain fate. The more levels you step onto, the more fate you will obtain."

"And every 500 levels, there will be a treasure chest, which is the reward. The principle is similar to the Tower of Trials."

Luck!

The more levels one entered, the more fate energy one would obtain!

Although he didn't know what this luck was, since this immortal stairs was created by a peak Divine King, it must be extraordinary.

Ye chen nodded slightly. He had not expected han Lingyu to know so much.

"When will the immortal stairway open?"

Ye chen asked.

"I don't know. I think I'll have to wait a while."

Han Lingyu said.

After a while.

Hong long long ...

All of a sudden, the entire immortal stairs started to shake crazily.

The entire space was shaking. The entire void was shaking.

Because the immortal stairs was too huge, it caused the immortal stairs to tremble, and the surrounding tens of millions of kilometers were also trembling.

"The immortal heavenly stairs is about to open!"

"It's finally going to open!"

"I've waited for so long just for the immortal stairs!"

"Haha, kill, kill!"

Everyone was shouting excitedly, extremely excited.

Boom, boom, boom, boom, boom!

Powerful auras rose up as they rushed up and stepped onto the first step.

"Let's go, we'll go too. "

Ye chen said to han Lingyu and the purple-robed youth.

Whoosh, whoosh, Whoosh!

The three of them immediately turned into three streams of light and also stepped onto the immortal stairs.

Seeing that the three's cultivation was only at the ninth-level of the immortal God Realm, the crowd could not help but sneer. With such cultivation, how could they be qualified to participate in the assessment of the immortal stairs?

Didn't you see that the lowest of them was at the second stage of true God?

"Brat, get lost!"

A burly man rushed up and almost hit ye chen.

Ye Chen's eyes flashed. His body moved and appeared on the other side, avoiding the attack.

"Kid, you're just a fifth-level immortal God trash. How dare you participate in the immortal stairs? You really don't know what's good for you!"

The burly man grinned.

Everyone nodded in agreement. A mere fifth-level immortal God ant dared to participate in the immortal stairs. Was he humiliating them?

"Whether I participate in the immortal stairs or not, what does it have to do with you?"

Ye chen said coldly.

Silence.

The space was silent.

What did he just say?

Everyone was stunned.

What was he saying?

Whether he participated in the immortal stairs or not, it had nothing to do with that burly man?

He was clearly provoking the burly man.

Where did he get such courage from?

"A mere fifth-stage immortal God ant actually dares to provoke a second-stage true God expert?"

"Heavens, has he gone crazy?"

"Madman, he's a madman."

"That's a second stage true God expert. He's just a fifth stage immortal God, how dare he provoke a second stage true God expert? He's simply courting death!"

Everyone exclaimed in shock.

Ye chen, this was simply courting death.

He was seeking his own death.

A mere fifth-stage immortal God actually dared to provoke a second-stage true God expert.

If this wasn't seeking death, what was?

"Ye chen isn't like what you guys say. In fact, ye Chen's combat power is very strong."

Han Lingyu said from the side.

"What? Hahaha!"

"Laughable, this is really laughable!"

"A mere fifth-level immortal God trash actually dares to claim to be very strong?"

"Ridiculous, this is too ridiculous!"

The crowd burst into laughter. A mere fifth-level immortal God trash dared to claim to be very strong?

They had never seen such a funny thing!

"Brat, you're courting death!"

When the burly man heard that ye chen dared to provoke him, he could not help but be furious.

"Heavenly steel divine slash!"

A giant axe appeared in the burly man's hand. Then, the burly man suddenly leaped up and hacked at ye Chen's head.

Whoosh!

The space above seemed to have been split open. This axe had directly split the space.

Everyone could already see ye chen being hacked to death by the axe and could not help but shake their heads slightly. They found it very comical. A fifth-level immortal God trash dared to provoke a second-level true God expert. Was he not seeking his own death?

However, the next moment.

"Get back!"

Ye chen growled and threw a punch.

This punch was filled with violent immortal energy. It was extremely violent and violent as it landed heavily on the axe.

BOOM!

Like a thunderclap, the space trembled. Then, the axe was directly sent flying by ye Chen's punch.

The burly man's expression changed and he retreated. At the same time, his pupils shrank. How was this possible?

How could ye chen, a mere fifth-level immortal God trash, defeat him with one punch?

"How is that possible?"

The burly man let out a roar of disbelief.

This was impossible.

Ye Chen's cultivation base was clearly only at the fifth-level of the immortal God Realm. How did he defeat the burly man with a single punch?

"Impossible, this is absolutely impossible."

"What's impossible? isn't this the truth?"

"This is too shocking. A fifth-stage immortal God defeated a second-stage true God with one punch?"

"This is simply unbelievable."

It was already a miracle to be able to cross so many minor levels and fight, a miracle among miracles, let alone cross so many minor levels and defeat the opponent with a single punch?

This was simply unbelievable.

The brawny man's cultivation was at the second stage of true God, but he was defeated with one punch.

This was too unbelievable.

"Kid, just you wait if you have the guts!"

The tall and sturdy man couldn't be bothered to climb the immortal stairway anymore. After leaving behind a ruthless sentence, he went to find someone.

Ye chen, on the other hand, smiled and waited.

[Chapter 2574 2578-Defeated In One Strike!](#)

Ye chen just waited there, not afraid that the burly man would find some master.

The burly man's cultivation was only at the second stage of true God Realm. What kind of expert could he find?

Sure enough.

After a while, the burly man stepped onto the stairway with a white-robed young man. He came to ye Chen's side with a gloomy expression.

"It's him!"

The burly man said, pointing at ye chen.

"Oh? You were defeated by a fifth-level immortal God Realm expert with a single punch? Interesting!"

This white-robed young man's cultivation was completely exposed. He had actually reached the third stage of true God Realm.

Moreover, he was at peak third stage true God Realm.

Compared to the burly man, he was much stronger.

"That's right, I was defeated by him with a single punch. This person's strength is extremely great, you have to be careful."

The burly man said.

"Hehe, a mere fifth-level immortal God Realm ant has great strength? This is ridiculous!"

The white-robed young man sneered. His strength was also great. He wanted to see how much of a difference there was between ye Chen's strength and his.

"It's Bai Ze!"

"It's actually Bai Ze. "

"I didn't expect it to be Bai Ze!"

"Bai Ze is an expert ranked fourth on the primeval list."

"Although his cultivation is only at peak stage three true God Realm, his fighting power is equivalent to peak stage four true God Realm!"

"What? He's that strong?"

Everyone said one after another.

Bai Ze?

Ye Chen's eyes flickered. No wonder he was so arrogant. It turned out that he was ranked fourth on the primordial ranking.

Compared to Lei Dong and Feng Xiu, he was much stronger.

"I didn't expect it to be Bai Ze. This time, that kid is dead."

Everyone thought so.

Bai Ze's strength was equivalent to peak fourth stage true God.

This kind of fighting power was enough to easily defeat an initial stage fourth true God.

It was extremely powerful.

Although ye chen could defeat the burly man with one punch, his strength was only at third-stage true God at best. Of course, it was already a miracle to be able to burst out the combat power of a third-stage true God with a fifth-stage immortal God cultivation base.

However, everyone felt that ye chen was dead for sure.

When facing a powerhouse like Bai Ze, ye chen could only fight with Bai Ze if he had the strength of a fourth stage true God or above.

However, was this possible?

A mere fifth-stage immortal God wanted to fight with an expert above fourth-stage true God?

This was simply impossible.

"Make your move."

Ye chen said indifferently.

Even if he had peak stage four true God fighting power, so what?

He could still defeat them.

"What an arrogant brat. I'll test you then. White Phoenix kill!"

A cold glint flashed in the white-robed young man's eyes. Then, his figure flashed and he waved his hand. A White Phoenix roared and charged toward ye chen.

The aura that this White Phoenix erupted with was extremely powerful, enough to tear a third stage true God expert into pieces.

"What a powerful attack!"

Everyone could not help but exclaim.

"Get lost!"

Ye chen threw a punch. He did not use any secret technique. It was just a punch.

It was a simple punch.

However, the power of this punch was twice as strong as when he was dealing with the burly man.

BOOM!

The space was punched through.

Then, the punch collided heavily with the White Phoenix, and the two dissipated.

"Eh? To be able to block my White Phoenix kill, you're pretty strong. "

Bai Ze was slightly stunned, and then he licked his dry lips.

He suddenly turned into a ray of light, his speed extremely fast, and then he waved his hand again.

Whoosh, whoosh, Whoosh!

The three white sword lights turned into three white phoenixes. The three white phoenixes roared and the power they released was much stronger than the previous White Phoenix.

"Three Phoenix kill!"

This was Bai Ze's slightly more serious attack.

It was enough to tear a peak third stage true God expert to pieces.

"Small tricks."

Ye Chen's lips curled into a cold smile. "Invincible divine fist, sweep!"

BOOM!

A dazzling fist radiance swept across everything and destroyed the three white Phoenix phantoms.

"What?"

This time, even Bai Ze was a little surprised.

The power of his attack just now could kill a peak third stage true God powerhouse, but it was still blocked by ye chen.

Did this not mean that ye chen had the combat power of a fourth-tier true God?

How was it possible for a mere fifth-level immortal God Realm?

"Hmph, your combat strength is not bad, but so what? kill, kill, hundred Phoenix kill!"

Bai Ze finally used all his strength.

"Hundred Phoenix kill!"

Roar, roar, roar, roar, roar!

One after another, White Phoenix phantoms appeared out of thin air around Bai Ze. Then, a hundred White Phoenix phantoms rushed toward ye chen.

"I'm too lazy to play with you. I still want to climb the immortal stairs. Invincible divine fist, reincarnation!"

Ye chen sneered and threw a punch. A ray of fist radiance pierced through space and time. One punch destroyed a hundred white phantoms.

Then, a gray-white fist radiance, carrying the power of destruction, rushed madly towards Bai Ze.

"What? How is this possible?"

Bai Ze was in disbelief. His pupils shrank and he shouted, "thousand Phoenix kill!"

Boom, boom, boom, boom, boom!

A total of 1000 White Phoenix phantoms had finally blocked the White fist radiance.

Even so, Bai Ze was still shocked. Ye Chen's combat strength had actually forced him to use thousand Phoenix kill.

It was unbelievable!

"He's a little difficult to deal with. "

Ye chen frowned. Bai Ze's strength was indeed extremely strong, comparable to a peak fourth stage true God powerhouse.

If he only used the undefeatable divine fist, he really couldn't defeat Bai Ze.

Then ...

"It's time to end this. Thousand-annihilation swordsmanship, shadow annihilation!"

A divine sword appeared in ye Chen's hand. It was the Taia sword.

He didn't need to use the broken sword to deal with Bai Ze.

"Shadow destroyer!"

The next moment, countless sword shadows appeared out of thin air. Thousands of sword shadows were extremely terrifying, and they attacked Bai Ze crazily.

"Not good! Block it! Block it!"

Bai Ze's pupils shrank and he roared. White phoenixes kept forming in front of him in an attempt to block the sword.

However, his white phoenixes were completely destroyed by the sword. They were easily destroyed.

Then, the sword light fell heavily on Bai Ze's body.

"Ah!"

Bai Ze let out a blood-curdling screech. His entire body was like a cannonball as he retreated madly. Then, a huge bloody gash appeared on his chest. If he had not been wearing the true God level treasure armor, he would have been killed by this sword.

"He didn't die?"

Ye Chen was a little surprised.

"Damn it, damn it, your combat strength is actually this strong?"

Bai Ze did not hesitate to escape downward.

Ye Chen naturally did not chase after him.

Only the burly man was left standing there in a daze, unable to react to what had happened.

[Chapter 2575 2580-Thunder God!](#)

How was that possible?

What was going on?

Bai Ze's fighting power had clearly already reached peak stage four true God.

Bai Ze's cultivation was at the peak of stage three true God Realm. However, he was ranked fourth on the primeval ranking list. He was extremely heaven-defying and his fighting power could match that of a peak stage four true God.

Such an expert could be said to be an invincible existence in this secret realm.

One must know that peak stage three true God fighting power was already at the top level, and stage four true God fighting power was at the top level.

Peak stage four true God fighting power could be said to be extremely powerful.

However, such a powerful Bai Ze had actually been defeated by a fifth-level immortal God.

And it was an instant defeat.

How was that possible?

"You, get lost."

Ye Chen looked at the burly man and said coldly.

"You."

The burly man trembled with anger, but he could do nothing.

Ye Chen's combat strength was too strong.

How could ye Chen's combat power be so strong?

The burly man knew that if ye Chen wanted to kill him, he would not even need to lift a finger.

Therefore, the burly man didn't dare to say anything and left the place dejectedly.

Ye Chen smiled faintly. He was not afraid that the other party would find help. Even if they did, so what?

If one came, he would fight one. If two came, he would fight two.

This was ye Chen's confidence!

It was also the confidence of invincibility!

"Continue climbing."

Ye Chen looked up at the flight of stairs in the sky. The battles earlier had wasted a lot of his time.

At this moment, many people had already climbed to a very high floor and obtained many rewards.

There would be a reward chest every 500 steps of the immortal stairs, and it was unique to everyone. Even if they took it away, the people behind could still see the treasure chest.

This was very strange.

"Swish!"

Ye Chen seemed to have transformed into a sharp arrow, rapidly climbing up.

He could clearly feel that the pressure on his body was getting heavier and stronger as he climbed. By the time he reached the 500th step, the pressure was enough to crush a ninth-level immortal God expert to death.

The reward for level 500 was a bronze treasure chest.

Ye Chen opened it and found two trillion immortal stones. The reward was not bad.

After all, this was only the 500th step. There were more than 9000 steps in the entire immortal stairs.

"Continue climbing."

Ye Chen said in a low voice. Then, he turned into a ray of light and continued to climb upward.

With his speed, he quickly surpassed many people.

"F * ck, what's that guy's speed?"

"No way, that person's speed is so fast?"

"How can it be so fast?"

Everyone was shocked. When they saw ye Chen's speed, they were all stunned.

At this time, ye chen had already climbed to the two-thousandth step and had received a lot of rewards.

At the position of the two-thousandth step, the pressure here was already like a mountain. Every trace of pressure could easily crush a stage one true God expert to death.

Unless it was an expert at the second stage of true God Realm, only then could they climb up here. Otherwise, they would die without a doubt.

But even if he could climb up here, his speed should not be so fast.

Ye Cheng's speed didn't slow down at all. He had maintained the same speed all the way.

It was too shocking.

In other words, ye Chen's strength was far above second stage true God.

"Han Lingyu is still on the one thousand five hundred step, and that giant centipede is still on the one thousand eight hundred step."

Ye chen glanced below. With his vision, he could see clearly.

Han Lingyu was only a stage one expert. However, after a period of cultivation and the sufficient resources ye chen had given her, her cultivation base had improved and she had entered stage two.

As for the purple-robed youth, he was a stage three expert himself. His combat power was equivalent to a stage two true God, so he had almost climbed to the two-thousandth step.

Ye chen shook his head slightly and continued to climb.

With his speed, it was simply heaven-defying. He climbed all the way to the 3000th step without slowing down at all.

Along the way, he had surpassed quite a few people, and they all revealed shocked expressions. It wasn't rare to be able to reach the 3000th step, but to maintain this speed for so long, wasn't it a little too shocking?

The reward for the 3000th level was a silver treasure chest.

Previously, the reward for every 500 levels was a bronze treasure chest. Now, it was a silver treasure chest.

Ye chen opened it and found that it was a corpse.

That's right, a corpse.

It was the corpse of a demonic beast.

Although the demonic beast's corpse had been dead for many years, it still maintained a vast pressure. It was most likely an existence at the peak of true God level when it was alive.

Ye chen decisively put away the corpse and threw it to the bug clan's Queen Mother. As for whether to let the Queen Mother duplicate it or devour it, it was up to the Queen Mother's choice.

After all, a peak true God corpse was not of much use to ye chen.

With ye Chen's combat strength, who knew how many true gods he could match even if he used all his combat strength? it was just a corpse. It was not of much use to him.

"What?"

When he was about to reach the five-thousandth step, ye chen suddenly felt an extremely powerful pressure approaching him.

Boom! Boom! Boom!

A Thunder-like explosion exploded, turning the surrounding space into ashes.

"BOOM!"

A figure of thunder and lightning stepped down. The aura of the figure was very powerful, and no one knew how powerful it was.

"Kid, you killed Lei Dong?"

A young man was wrapped in the lightning figure.

"Heavens, it's actually the God of Thunder!"

"Thunder God, it's actually the Thunder God."

"The Thunder God who is ranked third on the primeval rankings!"

"It's actually the Thunder God. My God, even the Thunder God has come to climb the immortal heavenly stairs. "

When the crowd saw this young man, they were all extremely shocked and exclaimed.

Although they were at the bottom of the stairs, they could still see the situation of the thousands of levels above them.

Therefore, they had all seen the Thunder God appear to target ye chen.

"That's right, I killed Lei Dong. "

Ye chen said indifferently.

He knew that the people from the Thunder lightning Alliance were here to take revenge on behalf of Lei Dong.

"Kid, I think you're pretty strong to be able to climb to the 5000th step at this speed."

Thunder God's eyes were filled with confidence,"do you dare to compete with me and see who can reach the 8000th level first?"

Whoosh!

The crowd was in an uproar. They did not expect the Thunder God to challenge ye chen.

"Oh? So what? let's compete, the problem is the stakes. "

Ye chen suddenly smiled.

"Bet?"

Thunder God was stunned.

"If I win, you have to give me 20 trillion immortal stones."

Ye chen said with a smile.

"What? 20 trillion immortal stones, you might as well go and Rob!"

After Thunder God heard this, he was shocked.

20 trillion.

[Chapter 2576 Shangguan Wudi!](#)

"Twenty trillion? Too much, less. "

The Thunder God's face turned extremely ugly. Twenty trillion immortal stones was a huge amount for him.

To any stage five true God expert, twenty trillion immortal stones would be extremely painful, let alone Thunder God.

"Do you want to bet? If you don't want to bet, then move aside and don't block my way. "

Ye chen said indifferently.

He still had to climb the heavenly stairs, so he was too lazy to talk nonsense with this person.

"Bet, bet, why not bet?"

Thunder God gritted his teeth and said,"but if you lose, you have to kneel down and apologize to the people of my Thunder Alliance!"

Ye chen had killed Lei Dong. However, as ye Chen's combat power was too strong, the Thunder God was not fully confident in killing ye chen.

Ye chen had defeated Lei Dong in one move. Such combat strength was extremely powerful.

"Sure."

Ye chen nodded slightly.

He believed that he would not lose.

Of course, the God of Thunder thought so too. As the third-ranked Supreme heaven's favorite on the primeval list, he was a heaven's favorite among heaven's favorites. He was an unparalleled heaven's favorite.

How could such a super heaven's favorite lose to a fifth-level immortal God Realm kid when he came to climb the immortal stairway?

He did not believe that he would lose to ye chen.

Especially when ye Chen's cultivation base was only at the fifth-level of the immortal God Realm.

This was also one of Thor's greatest strengths.

"Let's start. "

Whoosh, Whoosh!

The two of them turned into two gusts of wind and quickly climbed up.

With their speed, they soon arrived at the 5500th step.

As for the reward, the Thunder God casually threw it into the storage ring while ye chen took his time and slowly kept the treasure into the storage ring.

Seeing that ye chen still dared to be so arrogant, the Thunder God's mouth curled into a cold smile. It seemed that ye chen was courting death.

This meant that he was determined to kneel down to the Thunder Alliance.

Ye chen dared to be so arrogant in the face of a top heaven's favorite like the Thunder God. If it were not for the fact that ye chen had defeated Lei Dong in one move, the Thunder God would have sneered.

"The six-thousandth step."

On the 6000th step, the pressure around them suddenly changed.

It became extremely heavy, as if ancient divine mountains were pressing down. Just standing was strenuous.

Most likely, if one's cultivation was not at the third stage true God Realm, the pressure here would instantly crush one into ashes.

In other words, those who didn't have the fighting power or cultivation of stage three true God Realm couldn't withstand the pressure just by standing there.

Although Thor was extremely powerful, it still slowed down a little in the face of such pressure.

Even though it was just a little, the gap was quickly widened.

Ye Chen's speed did not slow down at all.

He continued to climb upwards at the same speed as he did on the first level.

"Impossible, how is this possible? how can he still be so fast?"

The Thunder God's pupils shrank in disbelief when he saw this.

At the six-thousandth level, the pressure here was already extremely terrifying. Those who were not at stage three true God Realm would be crushed instantly.

Moreover, ye chen was only a mere fifth-level immortal God.

It was already a miracle that he could make it to the 6000th step, let alone maintain this speed and continue to advance.

This didn't make sense.

"I'll take my leave first. "

Ye chen quickly surpassed the Thunder God. Although the Thunder God was also fast, it was still a distance away from ye chen.

Ye chen quickly overtook the Thunder God and continued to climb.

"Impossible, this is impossible. How can you be so fast?"

The Thunder God let out a roar of disbelief, especially when he saw ye Chen's climbing speed getting faster and faster. His eyes were about to pop out.

How was this possible?

Ye Chen's speed was getting faster and faster at the six-thousandth step? Not only did it not slow down, but it also became faster and faster. How was this possible?

,m This didn't make sense.

The 7000th step.

Ye chen soon arrived at the seven-thousandth step.

At this point, his speed finally slowed down a little.

The pressure on the 7000th level was extremely vast. It was like an invincible mountain pressing down on him. Each mountain weighed billions of tons.

The pressure here was already extremely terrifying. Any trace of pressure could crush a peak third stage true God expert.

If one did not have stage four true God level combat power, they would not be able to reach this place at all.

At this moment, Thunder God had only reached the 6800th step.

Ye chen, on the other hand, was about to advance to the seven-thousandth step and above.

"What a huge pressure. It's indeed terrifying."

Ye Chen could feel the pressure around him. As expected, the pressure here was already extremely shocking.

Any trace of pressure could crush peak third stage true God experts.

Most likely, those who had not reached stage four true God would be crushed the moment they arrived.

Those who could reach the seven-thousandth step were only stage four true God experts.

However, Ye Chen's own strength far exceeded that of a fourth-stage true God. His combat strength was even stronger than a fifth-stage true God.

Thus, he climbed up with ease.

"What?"

"Someone's coming up?"

"Who is it?"

When they saw Ye Chen climbing up, the figures who were already on the seven-thousandth step opened their eyes one after another. Their eyes were like lightning as they swept Ye Chen.

When they saw that Ye Chen's cultivation base was only at the fifth-level of the immortal God Realm, their faces were filled with shock. How was this possible?

How could a mere fifth-level immortal God climb to the 7000th step?

This seven-thousandth step, only a stage four true God expert could climb up.

Moreover, looking at Ye Chen's speed, he did not slow down at all and was still so fast?

That's impossible!

"Kid, stop right there!"

One of the figures glanced at Ye Chen, then took a step forward and blocked Ye Chen's path.

"Who are you?"

Ye Chen's eyes narrowed. The energy of this person before him was extremely powerful. He was even stronger than the Thunder God.

"Number two on the primordial ranking, Shangguan Wudi."

The man said coldly.

What?

The crowd below could not help but gasp when they saw this scene.

Shangguan Wudi?

This time, Ye Chen was finished.

Although they had seen ye chen defeat Lei Dong and Feng Xiu in one move, they knew that ye chen was no match for Shangguan Wudi.

This was because he was unrivaled in the ancient times and ranked second on the primeval rankings, only second to the ancient capital Tianhao.

His strength was extremely terrifying.

It was said that there was once a time when three stage five true God experts besieged Shangguan Wudi, but Shangguan Wudi killed all three of them in one move. He swept across the scene and was unrivaled.

Shangguan Wudi's cultivation was only at stage three true God Realm.

Shangguan Wudi's ability to cross two sub-realms and kill three experts in a second showed how powerful he was.

"Kid, you killed so many of my godly King Union's experts. Don't tell me you still want to climb the heaven stairway?"

Shangguan Wudi's eyes flickered and he said coldly.

[Chapter 2577 Shangguan Wudi's Terrifying Strength!](#)

"Kid, you killed my godly King union members. You'll die today."

Shangguan Wudi said coldly.

He was determined to kill ye chen.

The strength that ye chen had displayed was too terrifying. He was only at the fifth-level of the immortal God Realm, but he could kill Lei Dong and Feng Xiu in seconds.

If ye Chen's cultivation base was raised to the seventh, eighth, or even ninth level of the immortal God Realm, how powerful would ye Chen's combat strength be?

Wouldn't that be heaven-defying?

Therefore, even with Shangguan Wudi's talent, he could not help but be shocked by ye Chen's combat strength. Therefore, he had to kill ye chen.

If he did not kill ye chen, there would be endless trouble.

Of course, Shangguan Wudi was also after the many treasures on ye chen. It was said that ye chen had two Godking-ranked treasures. For these two Godking-ranked treasures, Shangguan Wudi had to kill ye chen.

"Two God King level treasures. They can't display their full power in this kid's hands. It's such a waste!"

Shangguan Wudi's heart trembled at the thought of ye Chen's two Godking-ranked treasures.

Two items!

A single Godking level treasure was already extremely precious, much less two.

Any random God King level treasure would be able to cause peak true God experts to go crazy.

Even a peak true God expert would be extremely envious of a God King level treasure.

Two?

He would probably go completely crazy!

Even with Shangguan Wudi's knowledge, he could not help but be envious.

"You, want to kill me? Just you?"

Ye chen sneered.

"That's right. It seems like you still don't know how powerful the top three of the primeval rankings are."
"

Shangguan Wudi could tell at a glance that ye chen had never fought with the top three masters.

For example, the God of Thunder was ranked third. His strength was many times stronger than Lei Dong and Feng Xiu.

Even Bai Ze, who was ranked fourth, was much weaker than Thunder God.

There was a huge gap between the fourth and third place.

Not to mention the top three?

There was a huge gap between each of them.

With ye Chen's combat strength, it would be impossible to defeat the Thunder God, let alone defeat Shangguan Wudi.

Of course, Shangguan Wudi did not know that Bai Ze had also been killed by ye chen in one move.

Otherwise, they would be afraid of ye chen.

"Oh, then you can make your move."

Ye chen said indifferently.

"How arrogant!"

Shangguan Wudi's eyes flashed with a cold killing intent.

At this moment.

"Heavens! Shangguan Wudi is about to make his move!"

"Shangguan Wudi! He's ranked second on the ancient ranking!"

"He once killed three experts at the fifth stage of true God Realm in seconds!"

"Ye Chen's done for this time. Shangguan Wudi's strength is many times stronger than Lei Dong and Feng Xiu. He's much, much stronger."

"Ye chen is dead for sure."

"Ye chen, we're finished."

Everyone said one after another.

They knew that it was not that ye chen was not strong enough, but that Shangguan Wudi was too strong.

Shangguan Wudi had once killed three fifth stage true God experts in one move.

His strength was absolutely comparable to a stage six true God.

This kind of combat strength was simply inhuman.

No matter how strong ye chen was, his cultivation base was only at the fifth-level of the immortal God Realm. Could he defeat Shangguan Wudi? This was simply impossible!

That was why everyone thought that ye chen was dead for sure.

"Make your move."

Ye chen said indifferently, "let me see how much you're worth."

Even when facing a super heaven's favorite like Shangguan Wudi, ye chen was still very calm.

"Since you want to die, I'll fulfill your wish!"

Shangguan Wudi's eyes were filled with anger. "Divine Wind Slash!"

Whoosh, Whoosh!

Two consecutive sword Qis instantly tore the space apart, shattering the space within a radius of hundreds of thousands of kilometers. Then, these two sword Qis seemed to cross space and time and appeared in front of ye chen in an instant.

Hurry up!

It was too fast!

The speed of these two rays of sword Qi was much faster than any opponent ye chen had ever faced before.

Compared to Shangguan Wudi's attacks, the attacks of his previous opponents were like crawling snails.

"Taia sword!"

Ye chen waved his hand and a divine sword appeared in front of him.

Clang!

A terrifyingly huge force came like a never-ending divine wave, instantly forcing ye chen to retreat dozens of meters.

"Haha, ye chen, you're just so-so!"

Shangguan Wudi laughed out loud. With a wave of his hand, another wave of sword Qi was sent toward ye chen.

The speed of these sword Qi was astonishingly fast. People whose fighting power wasn't at the fourth stage of true God couldn't even see these sword Qi, let alone watch the battle.

"It's indeed powerful. "

Ye Chen's eyes narrowed."Annihilating sword technique, annihilating shadow!"

Whoosh, Whoosh!

Two grey-white sword Qi collided with Shangguan Wudi's sword Qi.

Boom, boom!

Two extremely terrifying waves of Qi swept out in all directions. Everyone's expression changed. Those peerless geniuses who were climbing the five to six thousandth step felt this power and couldn't help but spit out a mouthful of blood.

He was too strong.

The battle between Shangguan Wudi and ye chen was not on the same level as them at all.

It was too powerful.

"He blocked it?"

Shangguan Wudi turned to ye chen."Divine Wind finger!"

Boom! Boom! Boom!

The next moment, an incomparably huge divine finger appeared in the sky. Then, the next moment, this invincible divine finger came crashing down in ye Chen's direction.

It was as if the entire sky had collapsed. The power was extremely shocking.

"Myriad exterminating sword technique, exterminating shadow!"

It was still the annihilating shadow of the myriad exterminating sword technique.

The grey-white sword Qi collided with the divine finger in the sky, but it was all shattered by the divine finger.

"What powerful strength."

Seeing this, ye Chen's expression finally turned serious.

Shangguan Wudi's strength was extremely strong. He was more than twice as strong as Bai Ze, who was ranked fourth.

It was at least three times stronger.

Previously, when Bai Ze faced his shadow of destruction, he was defeated in one move.

However, Shangguan Wudi's attack had easily destroyed shadow destroyer.

"If that's the case ... Annihilate sword technique, annihilate the heavens!"

Ye chen growled. He held the Taia sword in his hand. Clang!

A huge grey-white sword Qi slashed upwards.

BOOM!

An earth-shattering boom was heard. Everyone in the surroundings trembled violently and spat out mouthfuls of blood. Although they could climb to the five or six thousandth step, their strength was more than double that of Shangguan Wudi.

Even the Thunder God couldn't help but tremble.

"He blocked it again?"

When Shangguan Wudi saw that ye chen had blocked his finger again, he could not help but be surprised.

This finger of his could exterminate an ordinary stage five true God expert.

However, it was blocked by ye chen.

Was ye Chen's cultivation base really only at the fifth-level of the immortal God Realm?

Wasn't that too abnormal?

"Since you're so strong, I'll have to use my full strength too."

Shangguan Wudi's face turned serious.

"Heavenly wind falling earth finger!"

BOOM!

In the next moment, an extremely huge divine finger appeared in the sky like a huge meteorite.

[Chapter 2578 Great Battle With Shangguan Wudi!](#)

An incomparably huge divine finger appeared in the sky. It was like an incomparably huge meteorite, floating in the sky.

The next moment.

BOOM!

Just like that, the entire divine finger pressed down heavily in ye Chen's direction, falling fiercely with an unparalleled force.

Boom, boom, boom!

The space within a radius of a few million kilometers was completely annihilated by this finger, exploding and turning into nothingness.

The heaven's favorites on the immortal stairs could not help but tremble as they felt the pressure.

They were already under great pressure from the immortal stairs. Now, there was the pressure of Shangguan Wudi and ye Chen's battle. They could not bear it all at once.

"Heaven and earth falling wind finger, kill!"

Shangguan Wudi growled in a low voice.

The power of the divine finger increased once more, erupting with an extremely powerful might that seemed to be able to destroy the world.

"What a powerful attack! Myriad Destruction Sword technique, destroy the heavens!"

Ye Chen's eyes narrowed. Then, a Broken Sword appeared in his hand. It was the Godking rank Broken Sword.

Then, he suddenly slashed out, and a gray-white sword light burst out, slashing toward the sky.

BOOM!

An extremely terrifying explosion that could penetrate people's eardrums was heard. Then, everyone saw that the huge divine finger in the sky was blocked by the gray-white sword light.

That's right, it was blocked.

When ye chen used the ten thousand destruction Broken Sword and the ten thousand Destruction Sword technique, Sky Destroyer, his attack power could reach the peak of fifth-stage true God level.

He managed to block Shangguan Wudi's finger.

"How is that possible?"

"How is this possible?"

"He's actually this strong?"

"How is this possible?"

"That's impossible. He's only at the fifth level of the immortal God Realm. How could he fight Shangguan Wudi to this extent?"

"This is a miracle."

The crowd was in an uproar. How was this possible?

Ye Chen's cultivation base was clearly only at the fifth-level of the immortal God Realm.

How could a mere fifth-level immortal God fight Shangguan Wudi to such an extent?

This was truly unbelievable!

The fifth-level immortal God Realm was much weaker than Shangguan Wudi's cultivation base.

It was a miracle that ye chen could still fight Shangguan Wudi under such circumstances.

"Ye chen, I'll admit that you're very strong. Your combat strength is enough to rank in the top three of the primeval rankings!"

Shangguan Wudi's expression turned serious as well, and he said in a low voice, "but if that's all you've got, you'll still have to die!"

He still had many trump cards that he had yet to use.

However, he did not know that ye chen also had many trump cards that he had not used.

"Oh? Was that so? It's impossible for you to kill me. If you admit defeat now, then everything will be over. If you don 't, you will lose very badly later. "

Ye chen said indifferently.

What?

What did he just say?

Everyone was stunned.

What did he just say? To make Shangguan Wudi admit defeat?

Did he really think that he could defeat Shangguan Wudi just because he could fight him?

Isn't he too arrogant?

"Haha, haha, what a joke, what a joke!"

"What a joke!"

"This is ridiculous. Has he gone crazy?"

"A mere fifth-level immortal God wants to defeat Shangguan Wudi. This is ridiculous!"

"He's just an ant at the fifth level of the immortal God Realm. It's already a miracle among miracles for him to have such combat strength, let alone defeating Shangguan Wudi. It's impossible!"

The crowd mocked loudly.

They admitted that ye Chen's combat power was very strong but they could not stand ye Chen's arrogance.

And you want to defeat Shangguan Wudi?

Shangguan Wudi's combat power was definitely much more terrifying than a stage five true God.

If he wanted to defeat Shangguan Wudi, he would need at least sixth stage true God fighting power.

Ye chen, a fifth-level immortal God, had the combat strength of a sixth-level true God?

Wasn't this nonsense?

"Ye chen, I have to say that you're pretty strong but you're very arrogant! You don't know that I'm on the list of 10000 talents, do you?"

Shangguan Wudi said coldly.

It was impossible for ye chen to contend with Shangguan Wudi because he still had a trump card.

However, ye chen still wanted to defeat him.

This was simply too funny.

A mere fifth-level immortal God Realm expert wanted to defeat him? Defeat him, Shangguan Wudi?

He, Shangguan Wudi, was ranked second on the primeval tablet and 9990th on the list of ten thousand talents.

The list of 10000 talents!

This was a ranking that was much more valuable than the primeval ranking.

It recorded the most monstrous and heaven-defying 10000 heaven's favorites in the entire immortal God World.

Each of these ten thousand heaven's pride experts could kill enemies above their level. They could even kill enemies that were two to three small realms above the true God Realm as if they were eating and drinking.

Their strength was extremely abnormal.

To enter the list of 10000 talents, one had to be at least at the second level of the true God Realm.

If one's cultivation was low, one wouldn't be able to enter even if one was talented.

This was the list of 10000 talents. It was a very important list, and it was made by all the Super experts in the immortal God Realm.

There was another condition for one to join the list of 10000 talents, which was that one must not be more than 500000 years old.

To be able to reach middle-stage true God or even advanced-stage true God at less than five hundred thousand years old, how terrifying was his combat power?

Of course, the age he was referring to was the flow of time in the immortal God World.

Shangguan Wudi was one of them.

He had used all his trump cards, and his combat strength was enough to be ranked on the list of 10000 talents. Although it was only the last, it was still a great honor.

"Whether I'm arrogant or not, you'll know later."

Ye chen merely smiled.

Although he had heard of the list of 10000 talents, he didn't take it seriously.

However, after seeing Shangguan Wudi's combat strength today, he could tell that the list of 10000 talents was indeed terrifying.

Even the weakest heaven's favorite had such powerful combat strength.

However, ye chen still had many trump cards that he had yet to use!

"In that case, take this."

Shangguan Wudi took a deep breath."Divine finger, falling kill!"

BOOM!

An extremely powerful aura burst out from Shangguan Wudi's body.

In the next moment, an incomparably huge divine finger, entirely golden in color, came crashing down from above.

It was the same finger!

Its power was much stronger than before!

"Myriad exterminating sword technique, exterminate the heavens!"

Ye chen held the myriad exterminating Broken Sword in his hand. Whoosh!

A grey-white sword Qi shot out and disappeared in a flash.

Boom, boom, boom!

The divine finger in the sky was instantly destroyed.

"What?"

Shangguan Wudi's expression finally changed.

How was that possible?

What he did not know was that ye chen had only used one-third of his strength to defeat his divine finger.

[Chapter 2579 Suppressing Shangguan Wudi](#)

And this sword attack was his full strength.

Naturally, it would not be a problem to break his attack.

Even ye chen himself did not know how powerful ye Chen's current combat strength was.

What more a mere Shangguan Wudi?

Shangguan Wudi wanted to defeat ye chen? It was no different from a fool's dream!

"Impossible, this is impossible. How can you be so powerful?"

Shangguan Wudi finally lost his composure and revealed an extremely shocked expression. That finger of his earlier, unless it was a stage six true God expert, otherwise, it was impossible to receive it.

However, ye chen had blocked the finger with a casual slash.

This is impossible!

In other words, ye chen had crossed a major realm to fight?

What kind of freak was this?

"Nothing's impossible. As you said, the world is so big that I even have the list of 10000 talents. Why do you think I can't do this?"

Ye chen sneered and said indifferently.

"You."

Shangguan Wudi was at a loss for words, but he found that he really had no way to refute.

As he had said, the list of 10000 talents was so terrifying that some of the heaven's favorites were even more terrifying than he had imagined.

It was not as if there were no prodigies like ye chen.

But the problem was that this was too F * cking ridiculous.

To fight across a major realm!

Was he still human?

"Alright, it's time to end the battle."

Ye chen sneered.

"You want to end the battle? Do you think you can fight me just because you blocked my finger? What a joke!"

Shangguan Wudi, on the other hand, sneered. That finger attack just now was only his full strength. He still had a trump card that he had not used yet.

"Since you're so intent on seeking death, I'll fulfill your wish. Godking secret skill, strengthen!"

Shangguan Wudi growled.

BOOM!

A powerful aura suddenly burst out of his body. Then, this aura became stronger and stronger. In just a short second, it had become twice as strong as before.

"This secret skill is a Godking level secret skill. I obtained it by chance. There are no side effects after using it. Die!"

Shangguan Wudi, who was twice as strong as before, had a heaven-defying aura.

It was a monstrous aura.

Just his aura alone was so powerful that it caused the surrounding space to collapse. An area of hundreds of thousands of kilometers was blown up by his aura.

He was simply too strong.

"There's such a secret technique?"

Ye chen frowned. He did not expect his opponent to be twice as strong.

Twice as strong. For a heaven's favorite like Shangguan Wudi to be twice as strong, that would mean that his Foundation would be strengthened too much.

This was like if the combat power was one, the enhancement would be two.

Shangguan Wudi's base combat power was already in the tens of thousands, and if he doubled it, he would gain another tens of thousands of combat power.

This secret technique was a little too terrifying.

"Ye chen, obediently accept your death. Spear ray point!"

Shangguan Wudi's aura reached its peak, and he finally moved.

BOOM!

A beam of light crossed the distance of time and space, instantly piercing through time and space, and then tearing open thousands of spatial cracks.

Even the space of the immortal God World would be extremely fragile in front of an expert of this level.

At the level of a real God, one could already shatter space.

Moreover, Shangguan Wudi's current combat power was enough to fight against a stage six true God!

"Wind Devil divine seal!"

Ye chen did not dare to be neglectful. Shangguan Wudi, who was twice as powerful, was not someone he could deal with without using a Godking-level treasure.

Of course, the outcome would be completely different if he used a Godking-level treasure.

"Suppress!"

Ye chen growled.

Boom, boom, boom!

The wind demon divine seal in the sky transformed into an incomparably huge divine seal that blotted out the sky and was unrivaled.

The divine seal of the wind demon was a Godking-ranked treasure.

A godly King-level treasure was also a godly King-level weapon.

It was a weapon used by Godking-level experts.

It was a weapon used by a God King expert, and it was a weapon used by a high-stage God King to deal with an opponent at tier six true God Realm.

That was naturally crushing!

"What? A Godking-level treasure? How is that possible?"

Shangguan Wudi's expression changed drastically when he felt the immense pressure from the sky.

A godly King level treasure!

Even he did not have one.

Ye chen actually had a Godking-level treasure?

What happened next made Shangguan Wudi's eyes widen even more. A warship suddenly appeared beneath ye Chen's feet.

A huge battleship.

This battleship also exuded an extremely ancient might. It was incomparably simple and powerful.

A Godking-level treasure.

It was another godly monarch level treasure!

How could that be possible?

Shangguan Wudi was completely dumbfounded.

Then, his finger radiance collided with the wind Devil divine seal.

BOOM!

After an earth-shattering boom, the finger radiance was destroyed by the wind Devil divine seal.

Then, the wind Devil divine seal continued to press down on Shangguan Wudi.

"Not good! Block it! Block it!"

Shangguan Wudi shouted.

He attacked the wind demon divine seal in the sky in a frenzy. However, the wind demon divine seal was a high-rank Godking-level weapon. When it was wielded by ye chen, the power it contained was unimaginable.

He couldn't even shake the wind Devil divine seal.

"No, no, no!"

Shangguan Wudi's eyes were filled with fear. "Let me go, let me live!"

"Don't worry, I won't kill you just like that. "

However, ye chen smiled faintly. A member of the list of 10000 talents would only look like an ordinary person in a life-and-death situation.

There was nothing to be proud of.

"Suppress!"

Ye chen growled.

"Ah!"

Shangguan Wudi let out a blood-curdling screech as he was suppressed under the wind Devil divine seal.

He couldn't move.

He looked like a dead dog, lying on the ground and being pressed down. He was in an extremely sorry state.

Everyone was shocked.

Shangguan Wudi, the second place on the untainted land and the list of 10000 talents, was actually suppressed by a fifth-level immortal God.

How was this possible?

Everyone was dumbfounded.

What had happened?

They were still in a state of confusion.

"Ah, ah, ye chen, spare my life, spare my life. I'm willing to give you anything!"

Shangguan Wudi screamed.

He was a Supreme talent on the list of 10000 talents. It would be a waste if he died here.

He still had a bright future.

"Hand over your storage ring and I'll let you go."

Ye chen smiled eerily.

"Alright, alright, I'll pay."

Shangguan Wudi handed over his storage ring just like that, right before everyone's eyes.

Ye Chen's eyes swept over them and he was very satisfied.

There were 15 trillion immortal stones in the storage ring, and there was also a secret technique, which was the one Shangguan Wudi had used earlier.

It could double one's strength without any side effects and didn't require any cultivation. It could be used anytime and anywhere.

This secret skill was extremely abnormal.

[Chapter 2580 God Emperor Level Secret Technique!](#)

Thinking about it, he could double his strength at any time and place. As his strength became higher and higher, wouldn't the doubling of his strength in the future become more and more frequent?

By the time he reached the God King level, his strength would probably double. That would be an incomparably world-shaking event.

Therefore, this secret skill was extremely abnormal.

Even ye chen could not help but be amazed.

"You can get lost now."

Ye chen waved his hand and the wind demon divine seal floated up. Shangguan Wudi, who was below, naturally turned into a stream of light and left the immortal stairs.

Being defeated by a fifth-level immortal God had completely disgraced him. He no longer had the face to step on the heavenly stairs.

The crowd was shocked to see that even Shangguan Wudi had been defeated by ye chen.

This kid was really a monster.

Even Shangguan Wudi was no match for him.

In that case, the ancient capital Tianhao, who was ranked first on the primeval rankings, was most likely no match for ye chen.

Ye Chen's combat strength was enough to rank on the list of 10000 talents!

It was extremely shocking.

It was unprecedented for a fifth-level immortal God to be listed on the list of 10000 talents.

The lowest cultivation on the list of 10000 talents was at the second level of the real God Realm.

"Let's continue climbing the heavenly stairs. "

Ye Chen's heart stirred.

He still remembered the bet with the Thunder God.

With his speed, he soon arrived at the 9999th step, which was also the last step of the immortal stairway.

Seeing how fast ye chen was and how he climbed all the way up, the Thunder God's eyes almost flew out of their sockets. What kind of joke was this?

The pressure on the seven-thousandth step was already so terrifying, but ye Chen's speed did not slow down at all?

And he even climbed all the way to the last level?

How was this possible?

Even if ye chen could defeat Shangguan Wudi, his combat strength should not be this strong, right?

"The pressure here is indeed great."

Ye chen felt the pressure of the last step of the immortal heavenly stairs. The pressure here was enough to easily crush a fifth-stage true God.

If ye Chen's combat strength had not reached sixth-stage true God or above, he would have been crushed.

"Let's see what the reward for the last level is. "

Ye chen smiled and waved his hand, opening the last purple-gold treasure chest.

Inside the treasure chest lay a secret manual.

"Ancient art of Thunder!"

This was a secret skill.

Ye chen did not know how powerful this secret technique was for the time being but he was certain that it was a Godking-level secret technique and was extremely precious.

Moreover, this was only an incomplete scroll.

If the incomplete scroll was already at the God King level, what about the complete one?

Perhaps he could even reach the level above Godking?

Above the God King realm was the God Emperor realm.

Divine Emperor realm!

In order to step into the divine King realm, one would need to comprehend the eight great divine domains. Then, one would need to strengthen one's Divine Domain and divine power step by step to reach a higher level.

As for the Emperor God Realm.

That would be an unrivaled existence.

Even in the immortal God World, an Emperor God was an extremely powerful existence. It could be said that he was at a heaven-defying level.

An existence at this level could really destroy the mountains of the immortal God World with a single thought.

What kind of powerful existence was this?

A single thought was tens of thousands of times stronger than the attack of a true God!

Hence, the divine Emperor realm was too powerful.

Ye chen estimated that the complete version of the ancient thunderclap technique was a Celestial Emperor-level secret technique.

God Emperor level!

How powerful was this?

Therefore, ye chen was overjoyed.

He had obtained a God Emperor level secret skill. This time around, his gains were simply too great.

"Oh right, Thunder God."

Ye chen returned to the Thunder God's steps and sneered.

"You, what do you want to do?"

The Thunder God looked panicked. Ye chen had previously fought and defeated Shangguan Wudi.

Thor's combat power was far inferior to Shangguan Wudi's.

Shangguan Wudi's full combat power could rival a sixth stage true God powerhouse. If ye chen had defeated such a powerhouse, what more Thunder God?

Thunder God's fighting power was at most only able to fight against a stage five true God.

"What do I want to do? Don't tell me you've forgotten about the bet between us?"

Ye chen revealed a strange smile.

"A bet?"

Thunder God wanted to play dumb, "what bet? my memory isn't that good, why don't I remember anything?"

The crowd was in an uproar. As a super heaven's favorite, the Thunder God actually said that his memory was bad.

At their level, everyone's brain was working like a supercomputer, not to mention a bad memory.

This was impossible.

"You have a bad memory? Then I can help you remember. "

Ye chen sneered. Whoosh!

A sword light flashed and cut open the space.

"You."

The Thunder God was shocked. If ye chen attacked him, he would die without a doubt.

He was no match for ye chen.

"Alright, 20 trillion immortal stones. This is it."

The Thunder God had no choice but to take out a storage ring and throw it to ye chen.

Ye chen opened it and found that there were only two trillion immortal stones. His face darkened.

Was he playing with him?

"No, no, no. The immortal stones in here are all middle-grade immortal stones."

The Thunder God saw ye Chen's ill-intentioned expression and immediately said.

"Middle-grade immortal stones?"

Ye Chen was slightly stunned. He did not expect the Thunder God to give him a mid-grade celestial stone.

Middle-grade celestial stones were usually only used by peak-stage true gods or even God kings.

He didn't expect Thunder God to have so many middle-grade immortal stones.

However, middle-grade immortal stones could also replace low-grade immortal stones.

And the effect was even better.

Two trillion middle-grade immortal stones were indeed equivalent to 20 trillion low-grade immortal stones.

It was quite good.

"Very good," he said.

Ye Chen nodded slightly. "I'll let you off this time."

With that, ye Chen shot down like a sharp arrow.

Watching ye Chen's back as he left, the Thunder God let out a sigh of relief. This guy was too difficult to deal with.

However, the Thunder God had a strange thought. With ye Chen's talent, he might be able to join that place!

Although the hope was not big, it could even be said to be a little slim.

However, if they could really get ye Chen to join that place, it would be interesting.

The corners of Thunder God's mouth curved up.

With ye Chen's speed, he quickly left the immortal stairs.

He had gained a lot this time.

In particular, he had obtained a Celestial Emperor-level secret technique, the ancient thunderclap technique. The power of this secret technique was far beyond ye Chen's imagination.

He planned to find a place to devour and absorb the immortal stone first. He would cultivate the Grand ancient thunderclap technique after he attained the sixth-level immortal God Realm.

He also needed to cultivate the secret skill that could double his strength.

At that moment, Han Lingyu and the purple-robed youth had already finished climbing the immortal stairs.

The two of them had climbed to the 4000th and 5000th steps respectively.

It was considered normal.

Ye chen waved his hand and gave some mid-grade celestial stones to the two of them. He only needed one trillion mid-grade celestial stones to break through anyway. He might as well give the remaining one trillion to his friends.
