

Genius 2581

[Chapter 2581 Secret Technique Cultivation!](#)

Ye Chen brought Han Lingyu and the purple-robed youth out of the immortal stairway and arrived at a cave.

The space in this cave was really narrow, so Ye Chen's attack widened the cave a lot with a loud rumble.

Ye Chen entered the cave and sat down cross-legged.

Han Lingyu and the purple-robed young man waited outside. They knew very well that Ye Chen's breakthrough would cause a huge commotion. They were too close to him and could not withstand such a strong force.

After Ye Chen sat down cross-legged, he took out a storage ring which contained all the celestial stones he had.

Most of them were low-grade immortal stones, and only a few were middle-grade immortal stones.

However, a middle-grade immortal stone was many times more precious than a low-grade immortal stone.

The middle-grade immortal stones were extremely precious. One of them was equivalent to ten low-grade immortal stones.

The key was that the celestial energy contained in a mid-grade celestial stone was actually divine energy, and the amount of gold it contained was far greater than that of a low-grade celestial stone.

After all, only true gods or God kings could use middle-grade celestial stones. If they wanted to cultivate, they would have to absorb divine energy.

Therefore, they could only use middle-grade immortal stones.

"Let's begin the breakthrough. "

Ye Chen first took out the secret technique he had obtained from Shangguan Wudi. It was a secret technique that could double one's strength.

This secret skill was called the 'great increase in strength' skill. It was a very abnormal skill that could double one's strength without any side effects.

There were no side effects!

This was extremely abnormal. It was equivalent to having double the strength out of thin air.

Therefore, Ye Chen regarded this secret technique with great importance.

With this secret skill, Ye Chen's strength could completely compete with a seventh stage true God.

Of course, he had never tried it before, so he did not know what level his combat strength was at.

It was just a guess.

"And this ancient art of thunderclap."

After ye chen had finished cultivating the great enhancement technique, he took out the ancient thunderclap technique.

This was a God Emperor level secret technique!

Divine Emperor!

It was a legendary existence, an invincible existence in the entire Savage region.

In the entire Savage barren territory, including the immortal God Palace and the other major forces, there were many people.

The manhuang region was extremely vast.

Even God King experts did not dare to claim to be unrivaled, but God emperors could.

That was because a God Emperor expert was much stronger than a God King expert.

The God Emperor level experts were also known as the great emperor of the martial path.

This secret skill was incomplete, but there was still one move left, which was called the ancient thunder.

This secret skill could be used with any type of weapon.

Ye chen was a swordsman so he wanted to see how powerful this Celestial Emperor-level secret technique's combat strength increase was.

"Let's try. "

Ye chen first took out the Tai 'a sword. He was prepared to test the power of the Tai' a sword when it was used to activate a Celestial Emperor-level secret technique.

"Myriad exterminating sword technique, exterminating shadow!"

Ye Chen's figure flashed. In the next moment, the space was torn apart. Then, a gray-white sword Qi seemed to travel through time and space, tearing apart countless spaces.

"What a powerful force."

Ye chen had not even used the ancient thunderclap technique. This was merely his current strength.

He would be able to match a stage six true God expert, right?

No wonder Shangguan Wudi was no match for him.

"Great enhancement spell!"

BOOM!

The energy on ye Chen's body became extremely powerful out of thin air. Then, it continued to rise in one direction. His energy became more and more tyrannical, becoming extremely powerful.

When his aura reached its peak.

"Ancient lightning!"

Ye chen growled and switched his hand to the myriad destruction Broken Sword.

Whoosh, whoosh, Whoosh!

Streaks of sword Qi were like bolts of lightning that were millions of feet long, blasting the space in front of them.

At this moment, han Lingyu and the other man, who were standing outside the cave, had a change in their expressions.

This was because they felt an extremely terrifying aura that was constantly fluctuating in the cave.

Boom, boom, boom!

In the next moment, waves of extremely terrifying fluctuations gushed out from within the cave.

"Not good, quickly retreat!"

"Quickly retreat!"

Han Lingyu and the purple-robed youth's expressions changed drastically. They retreated tens of millions of kilometers away before they felt the commotion die down.

It was too terrifying.

He looked at the space in front of him and saw that everything within a radius of tens of millions of kilometers had been smashed into pieces.

Some of the spaces even had spatial rifts that had yet to be repaired.

One after another, space rifts appeared in front of them.

"This, this ..."

Han Lingyu and the purple-robed youth exchanged glances, their eyes filled with shock.

Was this an attack from ye chen?

Isn't he too powerful?

This degree of attack, most likely even a stage seven true God expert, or even stage eight true God, was merely so!

It was too terrifying.

The two of them were deeply shocked.

It was simply too terrifying.

"Haha, haha, what a powerful force!"

At this moment, in the cave, ye chen laughed with satisfaction.

The power of the ancient art of thunderclap was really strong.

It was enough to be a super trump card.

And this great enhancement technique was also extremely powerful.

It could double one's strength.

This secret skill was extremely powerful.

"Oh right, what's my ranking now?"

Ye chen opened his point token and saw that his points had reached first place.

That's right, it was the first place. He had already rushed to the first place.

The main reason he had gotten so many points was because he had defeated Shangguan Wudi.

Shangguan Wudi's strength was extremely powerful. He had killed countless Masters and ye chen had defeated him.

Therefore, ye chen had obtained an extremely high number of points.

It had allowed him to rush to the first place.

However, ye chen also realized that not all the experts in the immortal God Palace had entered the secret realm.

Otherwise, anyone on the list of 10000 talents would be able to defeat them all.

There was no way he would let Shangguan Wudi continue to act like a tyrant.

The ancient capital, Tianhao, didn't come either.

It was said that the ancient capital, Tianhao, was also a member of the godly King Alliance.

Ye Chen's lips curled into a cold smile. Since they would have to face each other sooner or later, he might as well face them in advance.

He had a premonition that he would soon meet the ancient capital, Tianhao.

"Let's go, we're leaving this place. "

Ye chen said.

At this time, there were already many people in the Wildlands.

As time passed, more and more people arrived at the manhuang area.

What ye chen wanted to do was to kill the members of the godly King Alliance and take their points.

Whoosh, whoosh, Whoosh!

Ye Chen's group of three headed toward the core of the Wildlands.

After flying for an unknown amount of time.

Ye chen and the other two finally saw the scene in front of them.

In front of them, there were many tall mountains.

[Chapter 2582 Ancient Capital Tianhao!](#)

A group of people were fighting continuously, and a series of booming sounds broke out. It seemed that they were fighting for those mountains.

"Tianhao, how can you be so overbearing on your own?"

"That's right. You can't swallow all the treasures on these strange mountains alone!"

"Although you're a Supreme talent on the list of 10000 talents, we're not easy to deal with!"

The crowd roared.

Only then did ye chen and the others see it clearly. It was a young Man in Black who was fighting a group of people.

In fact, the scene was extremely strange because the cultivation of the young man in Black was only at stage two true God Realm. Among the group of people, there were a few experts at stage five true God Realm.

Even so, the group of people were still being pushed back by the young man in Black.

"Tianhao, the ancient capital? This is the Tianhao ancient capital, the number one ancient capital on the primeval rankings?"

Ye chen glanced over and noticed that the power in Tianhao's body was extremely tyrannical. He was much stronger than Shangguan Wudi.

As expected of the number one existence on the primordial ranking.

Of course, he was also ranked 9900th on the list of 10000 talents.

He was one rank higher than Shangguan Wudi.

"Hmph, you're just a bunch of ants. How laughable it is for you to want to compete with me for treasures!"

The ancient capital Tianhao glanced at everyone indifferently. Then, an extremely powerful aura burst out from his body, "since that's the case, all of you can die."

"Spiritual God Storm!"

BOOM!

BOOM!

An extremely powerful aura burst out from Tianhao's body. Then, a storm of celestial spiritual energy swept out.

Ah, ah, ah, ah!

A series of screams rang out. Although these people's cultivation bases were higher than Tianhao's, their combat strength was much weaker.

All of them had fallen.

A group of people, including a few stage five true God experts, had fallen in the blink of an eye. They were all killed by the ancient capital Tianhao.

"What?"

At this moment, the ancient capital Tianhao seemed to have noticed ye chen who was not far away. He walked over step by step.

Whoosh, whoosh, Whoosh!

At this moment, streams of light flew over. They were all people who wanted to snatch the mountain peak.

"It's the ancient capital, Tianhao!"

"Tianhao, the ancient capital of the list of 10000 talents!"

"He's going against ye chen?"

"This is getting interesting!"

Everyone waited in the distance, quietly watching the battle. This was going to be interesting.

They knew that ye chen had defeated Shangguan Wudi.

Although Shangguan Wudi was not as powerful as the ancient capital Tianhao, he was still extremely powerful. However, he was defeated by ye chen just like that.

Then, how strong was ye chen?

Now that ye chen was up against the ancient capital, Tianhao, things were getting interesting.

"Sixth level of immortal God Realm! He's at the sixth level of immortal God Realm!"

At this moment, someone noticed that the energy on ye Chen's body had actually reached the sixth level of the immortal God Realm.

"What?"

Everyone was shocked and in disbelief.

When ye chen was at the fifth-level of the immortal God Realm, he had already defeated Shangguan Wudi. Now that he was at the sixth-level of the immortal God Realm, did that not mean that he could really fight against the ancient capital Tianhao?

How could someone's cultivation level rise so quickly?

It had only been a few days!

He leveled up?

Everyone was speechless for a long time because they were too shocked.

"Kid, I heard you defeated Shangguan Wudi?"

The ancient capital, Tianhao, said indifferently.

It was as if whether ye chen had defeated Shangguan Wudi or not had nothing to do with him.

"Tianhao, the ancient capital? A member of the list of 10000 talents?"

Ye chen studied Tianhao carefully and discovered that the power hidden in his body was much stronger than Shangguan Wudi 's.

Shangguan Wudi's fighting power was already terrifying enough. It was enough to kill three stage five true God experts in seconds.

However, Tianhao was much stronger than Shangguan Wudi.

Even a stage six true God expert would not be Tianhao's match.

In the secret realm this time, experts like the ancient capital Tianhao could be said to be at the top level.

He was truly invincible.

"I admit that you're very talented. However, you're dreaming if you want to be enemies with the godly King Alliance!"

The ancient capital, Tianhao, sneered. "The Alliance master of our godly King Alliance has successfully reached the godly King realm. He is invincible and unrivaled in the same realm."

"You want to go against our Alliance master? What a joke!"

What?

After everyone heard this news, they were all shocked.

The Alliance master of the godly King Alliance had already reached the godly King realm?

Didn't that mean that this man was truly invincible among the younger generation of the immortal God Palace? even the experts of the older generation couldn't defeat him.

It was terrifying!

"So, what do you want to say?"

Ye chen said indifferently.

The godly King Union's Alliance master's successful breakthrough was within his expectations.

So what if he had broken through to the God King stage?

After ye chen left the arcane realm, the first thing he would do was to challenge the Alliance master of the godly King Alliance.

He wanted to defeat the Alliance master of the godly King Alliance in front of everyone and let them know who was the strongest among the younger generation.

If other people knew what ye chen was thinking, they would probably vomit blood in fear.

Ye chen, a mere sixth-level immortal God, actually wanted to defeat the Alliance master of the godly King Alliance. This was simply a fantasy.

It could scare people to death.

"What I want to say is that you're much weaker than our President. I might as well tell you that our President is ranked 8753Rd on the list of 10000 talents!"

The ancient capital Tianhao said.

Whoosh!

The crowd was in an uproar again.

Many of them had just learned that the leader of the godly King Alliance was ranked in the 8000s on the list of 10000 talents.

He was a young Supreme martial artist who was ranked over 8000.

This was incredible.

There was a huge gap between each rank on the list of 10000 talents, let alone 1000.

In other words, the Alliance master of the godly King Alliance was many times more powerful than those who ranked above 9000 on the list of 10000 talents.

The difference was simply too great.

"Alright, enough with the nonsense. Did you come here to fight me? Then hurry up and attack, stop talking nonsense!"

Ye chen said coldly.

The crowd was dumbfounded. Ye chen still dared to be so arrogant in the face of a powerful opponent like the ancient capital Tianhao.

Did he really think that he was invincible just because he had defeated Shangguan Wudi?

"Very good, you're very arrogant. You're the most arrogant person I've ever met."

Tianhao's face darkened. No one had ever dared to talk to him like that.

At the very least, no one from the younger generation in the Wildlands dared to speak to him in such a manner.

Yet, ye chen dared to be so arrogant in front of him. He was simply courting death!

"Since you're so arrogant, take this! Spiritual God Storm!"

The ancient capital, Tianhao, waved his hand.

BOOM!

An incomparably powerful storm swept wildly in ye Chen's direction. This storm was enough to crush a fifth-stage true God expert into pieces.

It was this move that had killed many experts.

[Chapter 2583 The Ancient Thunderbolt!](#)

The power of this move was indeed extremely strong.

An ordinary stage six true God expert also didn't dare to fight head-on. The outcome of a head-on fight was very likely to be torn to pieces.

However, ye chen was not an ordinary sixth-stage true God. Although he was only at the sixth-stage immortal God Realm, his strength far exceeded that of a sixth-stage true God.

"Invincible divine fist, sweep!"

Ye Chen's fist swept out. A dazzling fist ray containing the sweeping will bombarded the spiritual God Storm.

BOOM!

After a loud boom, both of them disappeared.

"Oh?"

The ancient capital Tianhao was slightly stunned. He did not expect ye Chen's strength to reach this level.

"Just this little bit of ability?"

Ye chen said coldly.

It had to be said that after he advanced to the sixth-level immortal God Realm, his strength had increased by a large margin.

Just the sweep of the invincible divine fist could kill a stage five true God powerhouse in seconds.

"You have some ability, but this is not the capital for you to be arrogant. Spiritual God, descend!"

Tianhao's eyes turned cold.

A gargantuan shadow suddenly appeared behind him. The shadow was so huge that it looked like a giant that could support the sky.

The endless storm of immortal energy swept everywhere, forcing the spectators to retreat far away, or they would be affected.

"Kill!"

The ancient capital, Tianhao, was expressionless. "Stomp him to death!"

BOOM!

In the sky, a giant pillar was suddenly lifted up. This giant pillar was one of the giant's legs.

BOOM!

This leg was like an invincible divine pillar that held up the sky, and it crushed down heavily.

Strong!

He was too strong.

Everyone's eyes were filled with shock. How could he be so strong?

The power of Tianhao's attack was even stronger than Shangguan Wudi's strongest attack after he used the great power-up technique.

It was too powerful.

"Interesting. Undefeatable divine fist, Samsara!"

Ye Chen's fist swept out, containing the will of Samsara. A gray-white fist ray pierced through the void and exploded the surrounding space in a range of millions.

"BOOM!"

With an earth-shattering boom, the fist radiance and the giant leg collided heavily. Then, the giant leg was forced to take a few steps back.

"What?"

"He blocked it again?"

"As expected of ye chen. With ye Chen's combat strength, he could defeat Shangguan Wudi. It's only natural that he could block this attack."

"Let's see how he's going to deal with Tianhao's ferocious attack. "

Everyone said one after another.

The fact that ye chen could defeat Shangguan Wudi showed that he was extremely powerful. Although ancient capital Tianhao's attack was powerful, it was not too powerful.

Therefore, it was normal for ye chen to be able to withstand this attack.

"Ye chen, if that's all you've got, I'd advise you to submit to the godly King Alliance. The godly King Alliance will naturally provide you with the best resources to cultivate you."

Tianhao, the ancient capital, said coldly as he floated in the air.

Ye chen, a mere sixth-level immortal God, was able to fight him to this extent. It was truly shocking.

With ye Chen's talent, if he could join the godly King Alliance, he would definitely be the number one person under the Alliance master.

It might even surpass the Alliance master.

Of course, it was only a matter of time.

"How about this? if your Godking Alliance is willing to give me the position of the Alliance chief, I might consider it."

Ye chen said in all seriousness.

He was not joking.

However, when ye Chen's words reached everyone's ears, they thought he had gone mad.

"What did he just say?"

"He wants the Godking Alliance to give him the position of Alliance chief?"

"Are you crazy?"

"Could this person be a madman?"

Everyone was extremely shocked.

Isn't he too arrogant?

Ye chen was simply arrogant to the extreme.

They had never seen someone as arrogant as ye chen.

He actually wanted to give him the position of the alliance leader?

This could no longer be described as arrogant. This was arrogance to the extreme.

"You are really looking for death!"

Tianhao, the ancient capital, clearly respected the Alliance master of the godly King Alliance. When he heard ye Chen's words, he was immediately enraged.

"The spiritual God has descended! Heavenly kill!"

BOOM!

The huge shadow behind ancient capital Tianhao suddenly raised a fist and punched toward ye chen.

,m This punch actually contained an extremely mysterious charm.

"What a powerful attack!"

"Wait, am I seeing this right? that's the charm of the heavenly God domain, one of the eight great God domains?"

"It can't be?"

"It's said that after reaching the peak of the true God Realm, one would have to comprehend the eight God domains. After completely comprehending them, one would have to pass the God King tribulation before one could step into the God King realm."

"The charm of the heavenly God domain? In other words, Tianhao, the ancient capital, is only at the second tier of true God, but he has already comprehended the heavenly God Realm?"

"This is unbelievable!"

Everyone was extremely shocked and immediately roared.

How was that possible?

The heavenly God domain!

The ancient capital, Tianhao, had actually comprehended the heavenly God domain?

One must know that the ancient capital Tianhao's cultivation was only at the second stage of true God.

Comprehending the heavenly God domain at the second stage of true God Realm was a little too inconceivable.

"Interesting."

Facing this attack, ye chen finally felt some pressure.

"Myriad exterminating sword technique, exterminating shadow!"

After stepping into the sixth level of the immortal God Realm, ye chen took out the myriad destruction Broken Sword again and used the shadow annihilation move.

Whoosh!

A grey-white sword Qi pierced through the space, causing the surrounding space to explode and turn into nothingness.

The power of this attack was similarly incomparably terrifying.

The two attacks collided heavily in front of everyone's eyes.

Then, both of them disappeared.

Silence.

The space was silent.

Then, there was an endless clamor.

"Oh my God, he blocked it?"

"How can it be blocked?"

"Has ye Chen's combat power reached this level?"

Everyone was shocked. What kind of joke was this?

The ancient capital Tianhao was an unrivaled heaven's favorite who had comprehended the heavenly God domain. The power of this attack was enough to kill a sixth-stage true God expert.

However, this attack could not do anything to ye chen.

Ye Chen's cultivation base was clearly only at the sixth level of the immortal God Realm!

"No, that's impossible?"

The ancient capital Tianhao's expression also changed. He had used the heavenly God domain but could not do anything to ye chen. Was this impossible?

Logically speaking, this move should have been enough to kill Shangguan Wudi.

Ye chen could actually block it?

"Are you done playing? It's my turn to fight back, right?"

Ye chen grinned.

"Not good!"

The ancient capital, Tianhao, suddenly felt a deep sense of threat.

BOOM!

The next moment.

The energy on ye Chen's body suddenly burst out and doubled.

"Ancient lightning!"

Boom, boom, boom!

Bolts of lightning that seemed to have come from the primordial era were blasted out.

BOOM!

The surrounding space within tens of millions of kilometers was completely annihilated by this attack.

"Not good, block it, block it!"

The ancient capital Tianhao's pupils constricted. Even though he had the ability to fight a stage seven true God, he still felt an extremely terrifying threat from this attack.

The huge shadow behind him punched at the lightning.

[Chapter 2584 2588-Undying God Realm!](#)

The figure behind Tianhao punched out.

The power of this punch was extremely shocking. However, in front of the lightning, it was as laughable as paper.

With just a single collision, the lightning tore apart the fist print and charged towards the ancient capital, Tianhao, with the force of a Thunderbolt.

"What?"

Ancient capital Tianhao was extremely shocked. That punch of his was definitely a punch that could kill a stage six true God expert. It was his full power.

Such a punch was actually unable to destroy the lightning?

Then how strong were these Thunderbolts?

"Not good! Block it! Block it!"

The ancient capital, Tianhao, reacted and immediately made the shadow behind him fold its arms to block the attack.

BOOM!

An extremely terrifying explosion pierced through the void, and the space within tens of millions of kilometers was completely annihilated. If it wasn't for the fact that everyone was far away, they would have died as well.

In the next moment, everyone saw the ancient capital Tianhao's body tremble violently. He was like a cannonball, retreating tens of thousands of kilometers.

"Ah!"

The ancient capital, Tianhao, howled. He was injured, he was actually injured!

That's right, this was the first time Tianhao had been injured. Even if he was up against Shangguan Wudi, he could not be injured.

"How is this possible, how is this possible? What secret technique is this? how can it be so powerful?"

The ancient capital, Tianhao, shouted in shock.

"The ancient Thunderbolt is indeed powerful."

Ye chen was secretly amazed.

He had only used 30% of his strength in the attack just now.

30% of the ancient Thunderbolt's power had actually injured Tianhao.

If it was at 50% or 70% of its power, wouldn't it be able to kill Tianhao in an instant?

One should know that Tianhao's fighting power could fight with an ordinary seventh stage true God.

"It's time to end this. "

Ye chen said indifferently.

"Ancient lightning!"

BOOM!

Ye chen had used the great enhancement technique and his energy had doubled.

Now, he was using the ancient lightning, and its power was astonishing.

BOOM!

A Thunderbolt that was a million feet wide streaked across the sky and exploded the void, heading in the direction of the ancient capital, Tianhao.

BOOM!

The next moment.

The ancient capital Tianhao, including the shadow behind him, was engulfed by the lightning.

"What?"

"Is the ancient capital Tianhao dead?"

"How is that possible?"

"The second-stage true God, ancient capital Tianhao, is still not a match for the sixth-stage immortal God, ye chen?"

Everyone exclaimed in shock.

After a long time, they still did not see the ancient capital Tianhao.

It was obvious that the ancient capital, Tianhao, had been destroyed by this attack.

Not even his soul was left.

Not to mention restructuring.

"This ancient Thunderbolt is indeed powerful!"

Ye chen looked at Tianhao, the ancient capital, who had been beaten to a pulp. He was very satisfied.

Ye chen waved his hand and a storage ring flew out. It was the storage ring of the ancient capital, Tianhao.

Ye Chen's celestial senses swept through and found a few secret manuals and some mid-grade celestial stones.

He decisively gave these items to han Lingyu and the purple-robed youth so that he could use them to develop his own subordinates.

These things were not of much use to him now.

"Who else is there?"

Ye chen roared. His voice was deafening and spread like thunder.

Everyone's face darkened. Ye Chen's combat power was so strong that he could even defeat the ancient capital Tianhao.

Even if they worked together, they were no match for the ancient capital Tianhao, let alone ye chen.

Going against ye chen was courting death.

"Let's go, let's go. "

"The secret realm is about to close anyway."

"Let ye chen have those Divine Domain mountains."

Everyone was helpless and could only turn into streams of light and leave this place.

Ye chen nodded slightly, then he headed toward the huge peaks.

When he got closer to these huge mountains, he felt a strange feeling.

The mountain peak in front of him was filled with a scorching aura. It was extremely violent and the temperature was extremely high.

"This is the flame divine territory?"

Ye chen was shocked.

If one wanted to step into the God King stage from the true God stage, one would have to comprehend the eight great God domains of the first rank.

These eight great divine regions didn't necessarily have to be fixed eight great divine regions, because there were extremely many types of divine regions.

For example, the legendary destruction God domain, eternal God domain, time God domain, time God domain, space God domain, and many other mysterious God domains. The power of these God domains were publicly acknowledged to be extremely strong.

Compared to ordinary God's domain, it was much more powerful.

For example, the heavenly God domain that the ancient capital Tianhao had comprehended was just an ordinary God domain, and its power was very weak.

If it was the destructive divine territory, the undying divine territory, or the slaughter divine territory, then the ancient capital Tianhao's combat power would be extremely strong.

He might even be able to fight ye chen.

This was the horror of the God Realm.

p In any case, as long as he reached the peak of true God, he could comprehend eight different God domains and merge them together to form the strongest God domain.

Only then would he be considered to have truly stepped into the God King stage.

Of course, ye Chen's current cultivation base was still too low. He was still very far away from becoming a Godking.

However, this did not mean that he could not comprehend the God-realm.

Comprehending the God domain was similarly a challenge to him. Furthermore, it also had an amplification effect on his combat strength.

It was just that ordinary people could only possibly comprehend the divine realm at the peak of the true God stage.

For example, Tianhao, who was at the second stage of true God Realm and had comprehended the ordinary God Realm, was already a peerless genius.

"Such a violent and hot aura, it should be the flame divine territory, right?"

Ye chen immediately went around this peak and arrived at another one.

This mountain was filled with frost and snow. The temperature was extremely cold, enough to freeze cultivators below the true God level to death.

"Divine ice domain."

Ye chen scanned the mountain. He felt that this mountain was more suitable for han Lingyu.

Whoosh, Whoosh!

Two figures flew over. They were han Lingyu and the purple-robed youth.

"You can meditate on this mountain."

Ye chen said to han Lingyu as he looked at the ice divine region's Mountain.

"Many thanks."

Han Lingyu nodded slightly and flew to the top of the mountain. She sat down cross-legged and began to comprehend.

"You can choose a mountain peak."

Ye chen said to the purple-robed youth. After that, he went to pick a mountain peak.

After flying for some distance, ye Chen's eyes finally brightened.

It was a very ordinary mountain peak, but it contained a strange charm, as if it was immortal and immortal.

Ye chen knew that this was the peak of the immortal divine realm.

This time his luck was really good, he actually found the peak of the undying God domain.

The immortal divine realm was publicly acknowledged to be extremely powerful. If one could cultivate into the God King realm with the immortal divine realm, one's body would become immortal in the future. With eternal life and endless lifespan, it was not impossible to destroy the heavens with one's body!

All in all, the power of the undying God domain was extremely strong, many times stronger than normal God domains.

[Chapter 2585 2590-Leaving The Secret Realm!](#)

All in all, the power of the undying God Realm was extremely strong.

Of course, in order to step into the God King stage, one would need to fuse the eight God domains into the strongest God domain and pass the God King tribulation.

Hence, of the eight God domains, there was no need to find an extremely strong God domain like the undying God domain for each.

In other words, a strongest God domain, similar to the undying God domain, and the other 7 normal God domains, that would be the best.

Moreover, the difficulty of the fusion was neither high nor low, so it was just right.

Ye chen had planned to take this path.

If all eight types of God domains were heaven-defying God domains, then he wouldn't know which one to choose when he fused them.

It would be better to focus on the undying God domain, while the other God domains would just be normal God domains.

Of course, his current cultivation level was still low. It was still too early for him to break through to the God King stage.

"I'd like to see if I can study this undying God domain before I even cultivate God Power!"

Ye Chen's eyes shone with confidence.

He was extremely confident in his talent and comprehension.

Ye chen arrived at the peak of the mountain and sat down cross-legged.

His thoughts were communicating with the wonderful charm around him.

Which was the undying God domain.

After about half an hour, BOOM!

Ye Chen's body exploded with a strange charm. It was the immortal divine realm.

"It took half a quarter of an hour to successfully communicate. Not bad."

Ye chen grinned.

However, what he didn't know was that this speed could already scare people to death.

For a normal person to successfully communicate with the immortal God Realm, they first had to be at the peak of true God. Then, to successfully communicate, it would take at least a few hours, or even a few days.

Ye Chen's success in communicating with it in such a short time was too freakish.

"Not enough. I'm still a distance away from rank 1."

Ye chen felt helpless.

There was still a long way to go before he could reach the 1st rank.

And there was only half a month left before the secret realm closed.

He didn't know if he could reach Level 1 in half a month.

.....

Time flew by.

Half a month passed by in a flash.

On this day.

BOOM!

Ye chen suddenly opened his eyes. The immortal charm on his body had reached its peak. Two rays of light burst out of his eyes. They were extremely powerful.

Undying God domain, Level 1!

In half a month's time, he had successfully trained his undying God domain to Level 1.

That's right, he succeeded in just half a month.

He was extremely abnormal. Even those peerless geniuses on the list of 10000 talents would feel ashamed when they saw ye chen.

This was because ye Chen's talent was too freakish.

"Boom, boom!"

At this moment, two powerful auras erupted from the icy mountain and the Misty Mountain.

It was han Lingyu and the purple-robed youth.

The two of them had successfully cultivated their respective divine domains to rank one.

Although the difficulty was far lower than ye chen 's, the immortal divine realm was thousands of times more difficult than the divine realm they cultivated.

However, to be able to cultivate their respective God domains to rank one in such a short time, it could be seen that the two people's talent.

Whoosh, Whoosh!

The two of them came to ye Chen's side.

At this moment, han Lingyu's cultivation was already at the second stage of the true God Realm. She rose from the ninth stage of the immortal God Realm to the second stage of the true God Realm.

The purple-robed teenager was also at the second stage of true God Realm. He had comprehended a God Realm called the foggy God Realm, which was also very mysterious.

"The secret realm is about to close."

Han Lingyu said.

After such a long battle, the secret realm was finally going to close.

Ye chen could not help but sigh. Ever since he had entered the arcane realm, how many battles had he encountered?

He couldn't even count them.

However, the two most powerful people he had ever fought were Shangguan Wudi and ancient capital Tianhao.

These two people also allowed ye chen to understand the combat strength of a true heaven's pride expert.

One had to admit that the talents of these peerless geniuses were really too strong.

Ancient capital Tianhao's combat power was comparable to a seventh-stage true God. Ye chen had to spend a lot of effort to get rid of ancient capital Tianhao.

The ancient capital Tianhao was only ranked in the 9000s on the list of 10000 talents.

They were at the bottom of the list.

In that case, how powerful were the top figures on the list of 10000 talents?

It was probably powerful to an unbelievable extent.

Although ye chen was confident in himself, he did not think that he could sweep the list of 10000 talents.

In a battle of the same realm, he might not even be able to sweep the list of 10000 talents, not to mention that the heaven's favorites on the list were all at or above the second stage of true God Realm.

"Let's leave the secret realm,"

Ye chen and the other two waited quietly.

Boom! Boom! Boom!

Beams of light suddenly descended above everyone's heads, allowing them to leave this place.

After the light pillar enveloped the person, he disappeared. He had clearly left the secret realm.

Ye chen only felt that after the light pillar descended, the world before him was spinning. The next moment, he appeared in another space.

He had finally left the secret realm.

Ye chen sighed in his heart.

He was back at the square of the immortal God Palace.

At a glance, he saw countless big shots standing around. Even with ye Chen's current cultivation base, he still felt a deep shiver.

These super experts were too powerful.

Even the weakest of them was at the God King level. He just didn't know if the strongest of the immortal God Palace had reached the God Emperor level.

However, it wasn't that easy to step into the God Emperor stage.

According to the legends, only one out of a hundred thousand God kings could step into the God Emperor stage. One could see how powerful a God Emperor was.

An Emperor God could travel across countless large domains and truly roam the starry sky. He was an almost invincible existence.

"Hahaha, I'll definitely get the big boss's favor this time!"

"This time, I've killed hundreds of opponents at the same cultivation level as me. I'll definitely be able to gain the recognition of a Godking level expert!"

"That's nothing. I've seen a man named ye chen defeat Shangguan Wudi and the ancient capital Tianhao in succession!"

"What? He's so monstrous?"

After the crowd appeared, they began to discuss. Many people noticed ye chen and their expressions changed. They all retreated, their faces filled with fear.

Ye Chen's combat strength was too powerful.

He was simply a demonic god.

Bai Ze, the Thunder God, Shangguan Wudi, and the ancient capital Tianhao, these super geniuses, had been defeated by ye chen one after another. They were all easily defeated by ye chen.

In that case, how strong was ye Chen's combat power?

He was simply too strong!

"Oh? This junior is interesting. "

Many of the Godking-level powerhouses looked interested when they noticed the situation around ye chen.

Ye chen had actually defeated the ancient capital, Tianhao?

This was an incredible battle record.

Tianhao, the ancient capital, was ranked in the 9000s on the list of 10000 talents.

[Chapter 2586 2591-Issuing A Challenge!](#)

Tianhao, the ancient capital, was ranked in the 9000s on the list of 10000 talents. Although he was at the bottom, he was still a Supreme talent.

In the wasteland region, it was already an almost invincible talent.

Yet, such a prodigy had been defeated by ye chen.

Moreover, everyone also noticed that ye Chen's cultivation base was only at the sixth level of the immortal God Realm.

A sixth-level immortal God could defeat the ancient capital, Tianhao?

This made everyone's hearts tremble. Was this a joke?

Even the Godking-level powerhouses could not help but gasp. Ye chen could defeat the ancient capital, Tianhao, with a cultivation base of sixth-level immortal God?

So heaven-defying?

Wasn't this too ridiculous?

One must know that the ancient capital Tianhao's cultivation was at the second stage of true God Realm. To be able to defeat a second stage true God while being at the sixth stage of immortal God Realm, this was truly heaven-defying.

Even the many God kings found it unbelievable.

Even the peerless geniuses on the list of 10000 talents at the sixth-level immortal God Realm couldn't have such an ability!

"Ye chen, are you willing to be my disciple?"

Right at this moment, a God King level expert spoke. Hong long long!

The rumbling sounds continued.

Only then did ye chen feel the terror of a Godking. He was definitely hundreds of times stronger than the ancient capital, Tianhao.

However, it was also normal. After the eight great God domains merged into one God domain, and after passing the God King tribulation, one's strength would increase by tens of times.

The ancient capital Tianhao's fighting power was only equivalent to a stage seven true God. There was too much of a difference between him and a God King.

"I already have a master."

Ye chen said.

"You have a master?"

The Godking-level powerhouse frowned. Ye chen had a master?

Who was it?

"Who is your master?"

The Godking expert asked.

"Great immortal wondrous fate."

Ye chen said.

Hiss ... Hiss ...

The godly monarch experts couldn't help but gasp. It was the great immortal with a mysterious life!

The great immortal with a mysterious life was an expert even among the godkings. He was much more powerful than ordinary godkings.

"Alright, but I can see that your talent is heaven-defying, so I can teach you for an hour. Are you willing?"

The Godking expert said.

"Of course I'm willing."

Ye Chen's eyes brightened. A Godking-ranked powerhouse teaching him would be much more efficient than ordinary cultivation.

The great immortal had no time to teach ye chen.

"You've comprehended the divine realm?"

Suddenly, a hunchbacked old man said.

He was asking ye chen.

"And it's the undying God Realm?"

The hunchbacked old man's expression became serious.

What?

Everyone was stunned.

Undying God territory?

What kind of God Realm was that?

Many of the normal disciples without any background were shocked, they had never heard of the undying God territory.

They only knew some ordinary God domains.

"What? Undying God territory? He's only at the sixth-level of the immortal God Realm, but he's already comprehended the immortal God Realm?"

Many of the God King level experts revealed shocked expressions. How was this possible?

The undying God domain, this was one of the strongest God domains.

An ordinary peak true God powerhouse might not even be able to comprehend the immortal divine realm, let alone ye chen, who had a mere sixth-level immortal God cultivation base.

"If I'm not wrong, your undying God domain has already reached Level 1."

The hunchbacked old man continued.

Silence.

The space was silent.

Everyone's mouth was wide open, and they were all dumbfounded.

How was that possible?

Whoosh!

Everyone was dumbstruck. How was this possible? how was this possible?

A sixth-level immortal God Realm with an immortal God Realm and a level one immortal God Realm?

This was simply impossible.

However, this hunchbacked old man was one of the old monsters in the immortal God Palace. Since he said so, there was no reason for them to not believe him.

"My God, he actually comprehended the undying God Realm and reached level one?"

"Unbelievable, this is truly unbelievable!"

"This is too ridiculous!"

"This ye chen, is he trying to defy the heavens?"

The crowd burst into a frenzy as they discussed.

It was too ridiculous.

Immortal God stage level 6 and he had grasped Level 1 of the immortal God Realm.

One had to know that many peak true God experts were unable to achieve such an achievement!

"Your talent is already heaven-defying."

The hunchbacked old man's expression was extremely serious. Clearly, he also felt that ye Chen's talent was too ridiculous.

Ye Chen's talent was comparable to those who ranked at the top of the list of 10000 talents.

It even surpassed the list of 10000 talents.

It was too heaven-defying.

As long as ye chen did not die, it would be a piece of cake for him to become a Divine King or even a divine Emperor in the future!

"Sigh, I'm not qualified to teach you."

The previous Godking-ranked powerhouse shook his head helplessly. Ye Chen's talent was too monstrous. Even if he was a Godking-ranked powerhouse, he was only a low-rank Godking. He had no right to teach ye chen.

"Right, I would like to make an announcement."

Ye chen suddenly looked at one of the figures. This figure's aura soared to the sky and was incomparably cold. It was like an invincible Divine King.

It was the Alliance head of the godly King Alliance, Luo he.

"What is it?"

"Hurry up and tell me!"

"Could it be that he has something important to announce?"

Everyone urged.

Ye chen smiled.

"I hereby announce that I, ye chen, officially challenge the Alliance master of the godly King Alliance, Luo he. The challenge will be held in half a year's time. Do you dare?"

Ye chen said loudly.

Silence.

The space was silent.

Everyone's mouths were wide open, each of them so wide that they could swallow an egg.

BOOM!

The crowd was in an uproar.

"Oh my God, he's going to challenge the Chief of the godly King Union?"

"Unbelievable, this is truly unbelievable!"

"The cultivation base of the Alliance master of the divine King Alliance has already reached the divine King realm. It's said that he's invincible among those of the same level. Ye chen, a sixth-level immortal God, is actually challenging Luo he?"

"Isn't this the same as seeking death?"

Everyone was extremely shocked.

Ye Chen's cultivation base was only at the sixth level of the immortal God Realm, yet he wanted to challenge Luo he. Was he courting death?

As expected, the many godkings were stunned.

"You want to challenge me?"

At this moment, Luo he spoke.

As the Alliance master of the godly King Alliance, he had actually been challenged by a sixth-level immortal God junior.

This was simply a great humiliation!

"That's right, the time will be in half a year's time,"

Ye chen said.

Naturally, he was very confident in his decision.

Before he had comprehended the undying God Realm, he was able to defeat the ancient capital Tianhao. His combat strength was probably equivalent to the eighth stage of true God.

And now? He estimated that his fighting power could already match the peak of stage eight true God.

If he was given another half a year, he would definitely be able to defeat a god King.

Of course, ye chen was still not sure how powerful a Celestial King was.

However, it shouldn't be much different from a true God.

"You, are you sure you want to challenge me? Ye chen, you're indeed a peerless heaven's favorite, but you're seeking death by challenging me!"

Luo he spoke in a low voice, her eyes flickering with a terrifying killing intent.

Who was he?

The Alliance master of the godly King Alliance!

He was a God King level expert!

[Chapter 2587 The Battle In Half A Year!](#)

Who was Luo he?

He was a Godking level expert.

Furthermore, as the Alliance master of the godly King Alliance, he was known as an invincible monster. Even if he had seen the vast Tianxuan Galaxy, he still dared to call himself invincible.

This was the source of his confidence. He was extremely powerful.

On the other hand, ye chen, a mere sixth-level immortal God ant, actually wanted to challenge him. This was simply courting death!

"That's right, I want to challenge you. "

Ye chen said indifferently.

He was very confident now.

It was because his current fighting power was already equivalent to stage eight true God level. If he were to advance another step, he would be stage nine true God.

As long as he could break through to the true God Realm within half a year, he would be able to fight Luo he and even defeat her.

Although ye chen was not clear about Luo he's true combat power, he was still very confident.

"You're looking for death, you're really looking for death!"

"He's courting death!"

"Why would a heaven's favorite with the undying God Realm want to die for no reason?"

"Doesn't he know that Luo he has already stepped into the God King stage?"

The crowd was in an uproar, each and every one of them was in an uproar, discussing with great excitement.

Ye chen, this was simply courting death.

Luo he's cultivation base was at the God King level.

No matter how monstrous ye chen was, could he fight a Godking with a sixth-level immortal God cultivation base?

That was impossible.

Not to mention battling a Divine King, battling a stage six true God was impossible in history!

No one believed that ye chen could win. Ye chen was indeed a peerless monster, but the problem was that Luo he's strength was too powerful.

Luo he's strength was truly too strong.

He was like a god!

Even in the entire immortal God Palace, not many people dared to say that they could win against Luo he.

Other than those old monsters, no one else had the confidence to suppress Luo he.

After Luo he successfully broke through to the Godking realm, her combat strength had become extremely powerful.

Ye chen, a mere sixth-level immortal God, had actually challenged a dignified Godking. If this was not seeking death, what was it?

Luo he's strength was truly too powerful.

It wasn't something that an immortal God stage or true God stage cultivator could contend against.

Although ye chen was very talented, his brain did not seem to work well!

"Are you sure you want to challenge me?"

Luo he's face was gloomy as she spoke in a low voice.

He was the Alliance master of the godly King Alliance and ye chen had challenged him. This was a great humiliation.

He had to kill ye chen.

"That's right, we'll fight in half a year. "

Ye chen said loudly, his face full of confidence.

At the same time, he had to win this battle.

The godly King Alliance had been tyrannical and had been his enemy for a long time. If he didn't get rid of Luo he, the godly King Alliance would harm many more disciples of the immortal God Palace.

All in all, the Godking Alliance was a malignant tumor in the immortal God Palace.

It wasn't just the godly King Alliance. There were also factions like the Thunder Alliance and the eternal life Alliance.

Ye chen planned to wait until he was strong enough to get rid of all these factions!

However, ye Chen's current progress was too fast. He had also comprehended the immortal divine realm. Even ye chen himself did not know the extent of his combat power.

Therefore, ye chen had issued a challenge now.

At the same time, he also wanted to force out his potential.

"Very well, since you're looking for death, I'll fulfill your wish!"

BOOM!

Luo he's body suddenly burst forth with an incomparably tyrannical energy. It was as if she was a God, incomparably vast and boundless.

Then, Luo he walked toward ye chen step by step.

"What a powerful pressure!"

"What powerful strength!"

"Ye chen actually challenged Luo he. He's simply looking for death."

Many of the Godking-level powerhouses were discussing this through voice transmission. They felt that ye chen was courting death.

What a joke. A mere sixth-level immortal God actually issued a challenge to a Divine King.

Furthermore, Luo he was a godly King expert and ranked in the 8000s on the list of 10000 talents. Her talent was several times stronger than that of the ancient capital, Tianhao.

His battle prowess was definitely unparalleled among existences of the same level. He could even fight those of a higher level at the divine King realm as if it was a common occurrence.

Ye chen had actually challenged Luo he.

Wasn't this the same as seeking death?

In the eyes of the crowd, half a year was like nothing. At their level, who didn't cultivate in seclusion for decades?

Half a year's time was really too short.

"BOOM!"

Luo he walked toward ye chen step by step. Her overbearing and boundless pressure was vast and boundless. It was as if the entire sky was collapsing, and ye chen could not breathe under the pressure.

As Luo he approached, the pressure on ye Chen's body grew. If it were not for ye Chen's strength, he would have been crushed into powder.

"I accept your challenge. I hope you can still be so confident after half a year."

Luo he indifferently replied.

"Hehe, I will."

Ye chen suppressed the pressure on him and sneered.

Luo he retracted her pressure and with a flash of her figure, she tore open a spatial Rift and disappeared.

Ye chen exhaled.

The pressure on Luo he's body was simply too great.

Godking level experts were indeed powerful.

Just this aura alone was hundreds of times stronger than the ancient capital, Tianhao.

Ancient capital Tianhao's fighting power was only on par with a stage seven true God. There was still quite a distance between him and a stage eight true God, not to mention a Divine King.

As for Luo he, she was a peerless genius. Even among the godkings, she was considered one of the stronger ones.

The difference was too great.

If ye chen were to challenge Luo he with his current strength, he would not stand a chance.

But fortunately, there was still half a year's time.

Ye chen was confident that within half a year, he would be able to rise to the level where he could fight against the Luo River, or even surpass her.

Of course, the others didn't think so.

"Sigh, what a pity for such a peerless genius."

"An absolute genius who has comprehended the undying God Realm is going to fall in half a year."

"Sigh, what a pity."

"He's able to comprehend the immortal God Realm at the sixth level of the immortal God Realm. Such a peerless genius wants to die. What a pity!"

Everyone was discussing.

Even the Godking-ranked powerhouses were no exception. They all thought that ye chen was finished.

What a joke. A sixth-level immortal God challenging a God King. If this wasn't done for, what was?

Moreover, everyone believed that even if ye chen broke through to true God, there was no chance of victory.

Luo he was too terrifying.

Luo he's combat prowess was simply too strong.

It was said that Luo he had broken through to the God King stage and even some mid-stage God kings were unable to take her down.

One could see how terrifying Luo he's strength was.

"Half a year?"

Ye chen clenched his fists. Half a year. He must break through to true God within half a year.

Otherwise, he would not be able to stand against Luo he.

Luo he's earlier display of might had refreshed his understanding of God kings. It seemed like God kings were still too strong for him.

[Chapter 2588 Seventh-Level Immortal God Realm!](#)

"Disperse, disperse."

"Let's go," he said.

"Sigh, we're not talented enough. I'm afraid we won't be able to get the appreciation of any big shots. Let's go."

Some people who knew that their results in the mystic realm were not good had left early.

However, there were also many people waiting here. They all thought that the secret realm's ranking was high, so they were waiting for the reward.

"First place, ye chen,"

The hunchbacked old man looked at ye chen with surprise in his eyes. Ye chen was first?

As expected of a peerless heaven's favorite!

It was a pity that he would die in half a year.

"Ye chen, come and receive your reward."

The hunchbacked old man said.

Ye chen nodded slightly. He turned into a stream of light and arrived in front of the hunchbacked old man.

"You're first in this year's Mystic realm competition, so your points ..."

The hunchbacked old man's eyes were about to pop out as he spoke.

Not only the hunchbacked old man, but everyone's eyes were about to pop out.

How, how could this be possible?

Ye Chen's points had reached an astonishing ten billion!

That's right, 10 billion points.

This was the massive number of points ye chen had obtained after defeating Shangguan Wudi and ancient capital Tianhao in succession.

10 billion points.

Even in the entire history, no one had ever been able to reach this point.

" 10 billion points, this ..."

The hunchbacked old man was stunned. He did not know how to reward ye chen.

This was because the points were too freakish.

Ye chen was also a little surprised. It seemed that ancient capital Tianhao had defeated too many people, causing his points to reach a terrifying level.

That was why he had so many points after defeating Tianhao.

"How about this, ye chen, come with me."

The hunchbacked old man thought for a moment and then said to ye chen.

"Yes."

Ye chen followed the hunchbacked old man to a secret room.

"This is your reward."

The hunchbacked old man went to the secret room where the immortal stones were stored and threw a storage ring to ye chen.

Ye chen opened the storage ring and took a look. His face immediately revealed a look of ecstasy.

It was an upper-grade immortal stone.

That's right, it was an upper-grade immortal stone.

10 trillion upper-grade immortal stones were equivalent to 100 trillion middle-grade immortal stones.

This was a huge reward.

Even for a Divine King expert, a hundred trillion celestial stones was an astronomical figure.

However, due to Ye Chen's abnormal performance this time, the hunchbacked old man decided to reward him with one hundred trillion intermediate-grade celestial stones.

"No objections, right?"

The hunchbacked old man said.

"No, I'm very satisfied."

Ye Chen nodded.

After that, the two of them left the secret room.

After Ye Chen left the secret room, he immediately returned to his own secret cultivation room. He could not be bothered to see what rewards the others had obtained.

He was pressed for time, only half a year's time.

He had been very confident at first, but in the end, he felt like he could not even withstand a single blow from Luo He's aura.

He suddenly felt that it would be extremely difficult for him to raise his strength to the level where he could defeat Luo He within half a year.

With his talent, it would be very difficult.

But how would he know if he didn't try?

Ye Chen had never been afraid.

"One hundred trillion medium-grade immortal stones should be enough for me to break through to the seventh-level of immortal God Realm, right?"

Ye Chen held the storage ring in his hand and said to himself.

The further he progressed, the more immortal stones he needed.

Originally, breaking through from the fifth-level to the sixth-level of the immortal God Realm would only cost ten trillion middle-grade immortal stones at most.

But now, he needed one hundred trillion.

He still didn't know how many immortal stones it would take to reach the eighth and ninth stages of the immortal God Realm.

Now, he needed a large number of immortal stones to break through a small realm.

Moreover, if he broke through too quickly, his realm would be a little superficial, and he would not be able to continue breaking through.

Ye Chen could not help but smile bitterly. Forget it. He would just raise his cultivation level first.

Then, he would see where he could get immortal stones.

"One hundred trillion middle-grade immortal stones is enough."

Ye chen said in a low voice.

One hundred trillion middle-grade immortal stones was enough for him to break through to the seventh-level immortal God Realm.

BOOM!

Ye Chen's body exploded with a powerful energy. The next moment, he waved his hand and a large number of celestial stones appeared out of thin air and exploded in the surroundings, turning into endless celestial energy that surged into ye Chen's body.

These immortal stones were all mid-grade immortal stones, and their quality was obviously much better than low-grade immortal stones. They all contained divine power.

It could be called a divine stone.

The divine energy surged into ye Chen's body but was converted into celestial energy. As ye chen had not become a true God, the celestial energy in his body was still just celestial energy.

"Breakthrough!"

Ye Chen's eyes flashed.

BOOM!

An extremely powerful aura suddenly burst out from his body, like an invincible God.

Seventh-level immortal God!

The breakthrough was a success!

In a short time, he had successfully broken through.

The main reason was that the middle-grade immortal stone was much more precious than the low-grade immortal stone.

The storage ring that the hunchbacked old man had given ye chen was filled with high-grade celestial stones.

The high-grade celestial stones were much more precious than the mid-grade celestial stones.

Therefore, ye chen had broken through in one go.

"Let's test my current strength. "

Ye chen suddenly threw a punch.

BOOM!

The fist radiance was extremely dazzling, scorching, and violent.

Then, it hit the wall heavily, causing the wall that could withstand the attack of a stage eight true God to shake violently.

What a powerful punch!

Ye Chen's eyes brightened. The power of his punch was probably equivalent to the full power of a seventh-stage true God powerhouse.

Now, he could fight against Tianhao, the ancient capital, even if he only used his celestial spiritual energy.

If he used all his trump cards, he would definitely be able to kill Tianhao.

Even a peak eighth-stage true God expert would not be ye Chen's match.

"It's a pity that you're still far from that. "

Ye Chen's smile disappeared. When he thought of Luo he's terrifying strength, he knew that he was not qualified at all.

With Luo he's strength, she was probably able to fight a middle-stage Godking.

In the divine King realm, the difference of every minor realm was simply ridiculously huge.

It was much more than the increase in fighting power of the true God Realm.

It could be said that Luo he's strength was extremely powerful. With ye Chen's current strength, he would not be able to withstand one move even if he was ten times stronger.

"I'll train in the undying God domain. "

Ye chen sat cross-legged and began to cultivate the immortal divine realm.

He also tried to use the undying God domain to supplement his attacks.

"Wind Devil divine seal!"

Ye chen shouted. A large seal appeared out of thin air and then, with the power of immortality, it blasted out.

BOOM!

The entire wall was blown apart.

"Ninth stage true God level strength, not bad!"

Ye chen revealed a satisfied expression and nodded slightly. If he did not use the immortal divine realm, he would at most have the power of a peak eighth-level immortal God.

After using the undying God domain, he used a God King level treasure. He had used all his cards.

In other words, his current full fighting power was enough to fight a stage nine true God.

[Chapter 2589 Tianxuan Galaxy!](#)

It was already very shocking for a seventh-stage immortal God to be able to fight a ninth-stage true God.

One should know that many seventh-level immortal God geniuses could only fight against first-level and second-level true gods. They were already called peerless geniuses.

The talents on the list of 10000 talents were only four or five levels higher.

Ye Chen's case of crossing a major realm and two more levels was simply unprecedented.

"I have to find a way to get some immortal stones."

Ye chen was in a dilemma.

As long as he had enough immortal stones, he could even advance to the eighth-level of immortal God Realm.

Of course, it was impossible for him to advance to the ninth-level immortal God Realm, because if he did so, his Foundation would be extremely unstable.

However, this also showed the importance of immortal stones.

"Right, to the mysterious sky Starfield."

Ye Chen's eyes brightened. He could go to the profound sky Galaxy.

That place was the true Holy Land for cultivation.

The place ye chen was currently in was merely the Wildlands.

The entire immortal God World was extremely vast, and it was far from just a small region like the manhuang region.

Compared to the other large regions, the savage barren region was simply a country bumpkin.

Although the immortal God Palace was powerful, it was only a tyrant in the savage region.

It was nothing in those big regions.

"Yes, we can go to the mysterious sky Starfield."

Ye chen still had a lot of high-grade celestial stones left. It should be enough to go to the profound sky Galaxy.

If he wanted to go to the Tianxuan Galaxy, he would have to go through the Galaxy teleporter.

The cost of using the Galaxy teleportation formation was extremely high. However, ye chen still had quite a number of high-grade celestial stones left, which were more than enough.

"Swish!"

In the blink of an eye, ye chen had disappeared and left the secret room.

No one knew that ye chen had left the Wildlands and headed to the vaster and more vast Tianxuan Galaxy.

Not even the Paragon immortal knew about this. He had thought that ye chen was in closed-door cultivation.

The next time he returned, it would be half a year later.

Ye chen stood in the air and looked down at the immortal God Palace. The next time he returned, it would be time for him to fight Luo he.

He had to improve his cultivation in the mysterious sky Starfield and reach the true God level or even higher within half a year.

Otherwise, he would not be a match for Luo he.

"Goodbye, immortal God Palace."

Ye chen thought to himself.

The next moment, he turned into a beam of light and flew into the distance.

.....

At the teleportation formation in the Tianxuan Galaxy.

Many beams of light flew over. They were all people who were preparing to leave the Tianxuan Galaxy and head to other galaxies.

At that moment, a figure appeared from the teleportation formation. It was ye chen.

"Hiss, such dense Shen power."

After ye chen arrived in the profound sky Galaxy, his first impression was that the divine energy here was too rich.

Compared to the wasteland region, it was many times richer.

In the mountains, there were many streams of light flying back and forth. They were obviously people from the mysterious sky Galaxy or people from other galaxies.

Their speed and auras were astonishing, and with a single glance, one could tell that none of them were lower than true God level.

"As expected of the mysterious sky Starfield. It's much stronger than the manhuang region."

Ye chen felt helpless.

The manhuang region was too backward.

Compared to the Tianxuan Galaxy, it was a backward place.

Ye chen did not hesitate. He immediately turned into a stream of light and descended.

"Eh? What is this?"

Ye chen looked around and saw many people sitting cross-legged below.

Ye Chen's eyes widened because he saw a stone door, an incomparably huge stone door.

Shocking!

It was too shocking.

The stone door was unbelievably huge. It stood between the sky and the earth and was at least hundreds of millions of kilometers tall. Its width was so wide that one couldn't see the end.

Oh my God!

A height of hundreds of millions of kilometers, what kind of concept was that?

Big, it was really too big.

As for its width, one couldn't even see the end of it.

"What are these people waiting for?"

Ye chen landed somewhere and looked at the people sitting cross-legged around him. These people's auras were very shocking. Each and every one of them was a true God-level powerhouse, and many of them were at sixth or seventh stage true God.

It was his first time in the Tianxuan Galaxy and there were still many things he did not understand, so he might as well ask people.

"Brother, may I ask what they are doing?"

Ye chen found a young man whose cultivation level was around the first-stage true God Realm. When he saw that ye Chen's aura was only at the seventh-stage immortal God Realm, he could not help but frown.

"No way, you don't even know this?"

The young man revealed a surprised expression.

"It's my first time in the mysterious sky Starfield. I don't know many things."

Ye chen said in a low voice.

There were indeed many things that he did not know.

"You're only at the seventh-level immortal God Realm. It's useless to tell you."

The young man glanced at ye chen but did not say anything.

"Hehe."

Ye chen laughed drily. He took out some high-grade celestial stones and handed them to the young man.

The young man's eyes brightened. He did not expect a native like ye chen to have an upper-grade celestial stone.

"Then I'll tell you. This stone gate is called the stone gate of fate. It has been here for countless years. It is said that every 100 years, this stone gate will open and erupt with endless treasures. Today is the 100-year period!"

The young man pointed at the stone gate and explained.

Ye Chen nodded slightly. So that was how it was.

This stone gate was actually so magical? It could even spew out treasures?

"Don't underestimate this stone door. Many of the treasures that it spurted out can allow one to possess the potential to become a God Emperor! There are even some treasures that can allow one to break through to the level above Emperor God!"

The young man said.

What?

The corner of Ye Chen's mouth twitched. 'Celestial Emperor's qualification?

In the manhuang region, an Emperor God was an unrivaled expert. He was strong enough to sweep across many small star areas.

However, there might be more than one such warrior in the mysterious sky Starfield.

This stone gate was actually so magical that it could shoot out such a powerful treasure?

Ye Chen's interest was piqued.

"How much time is left before the stone door shoots out the treasure?"

Ye Chen continued to ask.

"I'm not too sure about this. "

The young man said.

Ye Chen nodded slightly.

Then, he found a place and sat down cross-legged, getting ready to receive the treasure that was shot out of the stone door.

This stone door was really amazing. It could actually shoot out such a treasure.

What was the meaning of God Emperor's qualification? it meant that one had the qualification to break through to God Emperor.

As long as he didn't die in the future, there was almost a 50% chance that he could break through to Emperor God.

,m As for those above Emperor God?

Ye Chen still did not know how powerful that realm was.

At the very least, Emperor gods were unrivaled existences in the savage region.

"What?"

At that moment, a young man strode over. When he saw ye chen sitting cross-legged, he could not help but sneer.

"Brat, get lost!"

The young man growled and waved his hand. An extremely powerful aura rushed out!

[Chapter 2590 2595-Battling Yama!](#)

An extremely powerful aura burst out from the young man's body.

Sixth stage true God Realm!

Seventh stage true God!

All the way until it rose to peak stage seven true God Realm, this young man's aura finally stopped rising.

"Brat, you're just a seventh-level immortal God Realm ant. What qualifications do you have to sit here and wait for treasures? get out of my way!"

The young man's eyes flashed with a cold light as he sneered.

"It's Yan Luo from the shengling sect!"

"So it's Yan Luo from the shengling sect. Is he targeting a seventh-level immortal God?"

"That's normal. A mere seventh-level immortal God actually wants to occupy a place in this place. Isn't this ridiculous to the extreme?"

"A mere seventh-level immortal God, an ant-like thing, wants to occupy a position and seize the treasure. What a joke."

"Yeah, it's too laughable."

Everyone said one after another.

Ye Chen's eyes narrowed. The young man before him was Yan Luo, and he was a disciple of the shengling sect.

He had never heard of the shengling sect before, but this sect must be a local force in the mysterious sky Galaxy.

Any local power in the Tianxuan Galaxy would usually have a peak Divine King expert or an even stronger existence.

If they had an Emperor God ...

Ye chen could not afford to provoke such a force.

"Kid, our senior brother Yan Luo told you to get lost, didn't you hear?"

"Yeah, get lost!"

"Hurry up and get lost!"

The crowd sneered.

Ye Chen's face darkened. He was sitting there perfectly fine and had not offended anyone. How did he inexplicably offend Yan Luo?

The people from the shengling sect were too arrogant and despotic. They were comparable to the godly King Alliance.

He was sitting there perfectly fine and didn't do anything, but for some reason, he wanted to get lost?

What kind of logic was this?

"Kid, I'll give you three. If you don't get lost within three, I'll have to kill you."

Yan Luo's eyes narrowed as he coldly said.

"Get lost," he said.

Ye Chen said indifferently.

What?

Ye Chen, what did he just say?

Everyone was stunned, thinking that they had heard wrong.

"W-what did you just say?"

Yan Luo was also stunned.

"Get lost! Otherwise, you will die!"

Ye Chen said coldly.

If Yan Luo and the others didn't know what was good for them and wanted to court death, he didn't mind helping them.

"What?"

Silence.

The space was silent.

Then, everyone burst into laughter.

"Hahaha, a mere seventh-level immortal God ant wants senior brother Yan Luo to get lost?"

"Seventh-level immortal God Realm! You're not even an ant!"

"He's just a piece of trash!"

"Who gave him the courage to tell Yan Luo to get lost?"

"What a joke!"

Everyone laughed out loud one by one. They laughed so hard that they were about to cramp up.

A mere seventh-level immortal God Realm ant actually dared to be arrogant here.

Could it be that he came from some Aboriginal place?

Did he think that he could do whatever he wanted in the Tianxuan Galaxy with his seventh-level immortal God cultivation base?

What a joke!

"Brat, you're looking for death!"

Yan Luo's eyes darkened. He immediately roared, and the divine power on his body surged. He exploded with a powerful aura, and then he threw a punch.

"Yama's divine fist!"

Yan Luo threw out a punch, and a dazzling fist radiance formed a light pillar that was thousands of kilometers long. It pierced through the sky and the earth.

Peak seventh stage true God Realm!

This Yan Luo's cultivation was peak stage seven true God.

In this place, he could be considered an expert.

"I'm finished. "

"This time, that kid is dead."

"A mere seventh-level immortal God ant dares to provoke Yan Luo? isn't he courting death?"

"He simply doesn't know his place!"

"Let's see how he dies!"

The crowd sneered. Ye chen was finished.

Ye Chen's cultivation base was merely at the seventh level of the immortal God Realm. Even if he was a heaven-defying prodigy, it was impossible for him to fight against a peak seventh level true God with his seventh level immortal God cultivation base.

Only a peerless talent on the list of 10000 talents would have a slight chance.

Even the talents on the list of 10000 talents could only have a slight possibility of doing so, so it was impossible for this unknown kid to do it.

"Get back!"

However, in the next moment, ye chen also threw a punch.

This punch was just an ordinary one.

BOOM!

An equally dazzling fist radiance pierced through the space. If the space of the mysterious Sky Star field wasn't extremely stable, it would have exploded.

Even so, the fist radiance still caused the space to tremble violently. The surrounding space exploded and turned into nothingness.

Then, in front of everyone's shocked eyes, this punch heavily collided with Yan Luo's punch.

BOOM!

An extremely terrifying explosion shook the heavens and the earth. It was deafening and was enough to kill people with low cultivation.

The next moment!

The two fist energies confronted each other for a while before they both dispersed.

What?

How was this possible?

"How is that possible? He's only at the seventh level of the immortal God Realm, but he managed to block Yan Luo's attack?"

"This is unbelievable!"

"Could this person also be a peerless heaven's favorite?"

"Unbelievable, this is truly unbelievable!"

Everyone was extremely shocked. Ye Chen was only at the seventh level of the immortal God Realm, but he could withstand Yan Luo's attack. How heaven-defying was this!

Did this not mean that if Ye Chen entered the true God Realm, killing Yama would be as easy as killing a dog!

The difference was too great.

Only then did they realize that they had misjudged Ye Chen. It turned out that Ye Chen was also a peerless heavenly pride.

It was no wonder that Ye Chen's name could not be seen on the list of 10000 talents. It was because Ye Chen's cultivation base was too low. One had to be at least at the second stage of true God to be listed on the list of 10000 talents.

Otherwise, with Ye Chen's heaven-defying combat strength, he would definitely be ranked on the top list.

"Eh? You should die!"

Yan Luo felt the power of Ye Chen's fist. It was as vast as a mountain. His face darkened. He had never expected Ye Chen to be so powerful.

He was actually able to block his attack.

"Hmph, so what if you can block one attack? die, brat!"

Yan Luo coldly snorted and angrily shouted, "the flaming devil's claw!"

BOOM!

In the next moment, an incomparably huge black demonic claw clawed at ye Chen's direction.

The black demonic claw was more than 10000 kilometers long. It covered the sky and seemed to be digging through space.

"Good!"

Ye Chen's eyes brightened. Peak seventh tier true God. Such combat power was much stronger than the ancient capital, Tianhao.

He did not expect that the opponent he met in the Tianxuan Galaxy would be so strong.

"Undying God Realm!"

Ye chen shouted. His fist was imbued with the power of the immortal divine realm.

BOOM!

A punch was thrown!

An incomparably brilliant fist radiance with an immortal will smashed onto the ghostly claw.

Boom! Boom! Boom!

A series of explosions resounded in the surroundings. Some of the people with lower cultivation couldn't help but retreat.
