

Genius 2601

Chapter 2601

When Lin Mo slowly approached the Yin family's crowd, the front-most fighter subconsciously backed up his body.

"Holy sh*t, you guys are scared of a hammer, he's only one person.

Kill him for me, the one who beheads Lin Mo will be rewarded with a million dollars."

Under the stimulation of money, the originally retreating beaters instantly came to blood.

"Kill!"

Rumbling shouts of murder resounded through the clouds, and countless blades came at them.

In the face of such a scene, Lin Mo's eyes opened and his hand sheathed his long ta'a in an instant.

Secret Technique, Sword Break!

With a flash of cold light, the biting sword Qi whistled out.

The a*sailant who was charging forward from the opposite side stopped in his tracks when he was a ten feet away from Lin Mo.

With dismay and confusion in their eyes, hundreds of fighters broke off lazily.

"Vomit!"

Such a bloody scene caused countless people to vomit furiously at the same time.

It also left the Yin family's group of fighters dumbfounded!

This was too strong!

So strong that one could not even think of defending against it.

Having lived in a small place like Pan Yang for years, they had never seen such an expert before.

After killing the tens of fighters, Lin Mo carried Tai Ah across his body and walked towards his opponent step by step with no expression on his face.

However, every time he took a step, the Yin family fighters took several steps backwards.

Even though Dog shouted and cursed, it still did not change the fear in the hearts of the people.

Even if they rushed up to such a powerful expert, they would still be sent to their deaths for nothing.

When their hands were raised, hundreds of people would die, how could they fight?

When Lin Mo walked into the crowd, the crowd even gave way to a large open space.

"f*ck, give me a go, kill him and I'll give you 5 million!"

“What are you all doing? Give me a hand!”

Under Dog’s continuous kicking and cursing, the beaters still shrank do, cowering.

At this moment, Lin Mo had already arrived at his side.

“Hey, hey, meet Lord Lin, I,, I,,,”

“Lord Lin, I’m innocent, all the matters were given to me by Yin Tian Bao and Yin Mang and the others.

I was just following orders!”

With that he knelt down straight away, with a pleasing face, and began to beg for mercy.

Only there was no heed to him at all.

“Where is Yin Tian Bao?”

“He He went home!”

When he finished, Lin Mo turned around straight away.

And as his Dog was about to breathe a sigh of relief, he suddenly felt a chill on his neck.

Looking at Lin Mo’s increasingly blurred back, he fell down unwillingly.

At this moment, when the fighters saw their leader being killed, although there was indignation in their hearts, none of them dared to go forward to make a move.

They still let Lin Mo slowly leave, like he was walking through no man’s land.

At this time, there was the sound of neat footsteps.

Looking back, only to see the dense armed men, is wearing a uniform thought the fighters slowly walking.

“It’s the Zhao Family Tiger Guards!”

“What in the world has the Yin family done to attract the Zhao family’s siege.”

“We’re going to be finished!”

As they watched the Zhao Family Tiger Guards come in a semi-circular formation towards their side, they surrounded them.

The fighters, who had originally been shocked by Lin Mo, understood panicked.

The name of the Zhao Family Tiger Guards was unknown to everyone in Da Qu.

It was the personal guards of Old Master Zhao, who had built a large cha*sis back then, all of them were able to take on a hundred.

And when the imposing Tiger Guards, the neat and tidy Zhao’s Tiger Guards took their positions.

Looking at the ten thousand opponents with steel spears and cold eyes in front of them, they stood neatly in front of themselves.

The members of the Yin family's side of the force were even more frightened out of their wits.

As one of them, with a shudder of his body, his steel sword fell to the ground.

More and more people, too, began to drop the weapons in their hands.

"I quit!"

"I don't want to die, I want to go home!"

More and more voices of retreat rang out, and the Yin family fighters then began to flee in droves.

Such was, the reputation of Zhao's Tiger Guards.

Without having to make a move, just by confronting them, they could make their enemies flee.

Chapter 2602

At this moment, the Yin family's thugs were like a bunch of headless flies at the same time, running for their lives in all directions.

But there was no way Lin Mo would let them off so easily.

"Take them all down for me, don't spare any of them!"

"Yes! In accordance with Lord Lin's orders!"

Under Zhao Yu's leadership, a group of Tiger Guards instantly blocked the way of the fighters.

"Put down your weapons and hold your heads with both hands, those who disobey will be killed without pardon!"

The group of frightened thugs did not listen to his words.

They pushed and shoved each other for their lives, and kept pouring around!

At this moment, Zhao Yu didn't even bother to give the order to kill them!

"Stab!"

As soon as the words were spoken, gun shadows flew around.

In the blink of an eye, nearly a thousand fighters had fallen into a pool of blood!

With such a tactic, the Yin family forces instantly did not dare to make any move!

"Hands on your heads, crouch in place, violators kill!"

This time, the tens of thousands of fighters finally stopped fleeing and obediently carried out Zhao Yu's orders, crouching in place and not moving a muscle.

In this way, the battle was completely stabilized.

When he came to his wife's side, he saw that Xu Hanxia was safe and sound.

Lin Mo was also slightly relieved, luckily he had returned just in time!

"Chairman Wang, Captain Chen, thanks for stepping in!

When I'm done with Yin Tianbao, I'll personally host a banquet to thank you!"

"Mr. Lin, business is important, Old Wang will take care of this side."

At this moment, Old Wang's heart was already bursting with joy.

Seeing Lin Mo running to Pan Yang with such a huge scale of Zhao family tiger guards to support him.

Wang Laosan knew that Lin Mo had successfully hooked up with the Zhao family.

And Yin Tian Bao's good days were coming to an end.

And after greeting him, Lin Mo would turn around and

"You guys are also good, you didn't let me down.

Go and take care of your injuries first!"

After saying that he turned away with Tai Ah in his hand.

And behind him, the children of the reserve, at that moment, had flashes of admiration reflected in their eyes.

Was this the true power of the Lin Enjin?

So strong!

Along with the end of the battle on this side, news also reached the Yin family.

"Boss, boss, something big is wrong!

Lin Mo has led the Zhao Family Tiger Guards and killed his way back to Pan Yang!"

Yin Tianbao, who had been resting to catch up on his sleep, was suddenly woken up by his men and his anger grew in his heart.

Only after hearing the second half of the sentence, he immediately did so in shock.

"Say it again!"

"Lin Mo isn't dead, news came in not long ago that he was leading the Zhao Family Tiger Guards and killing back to Pan Yang City!"

After confirming the news once again

Yin Tianpao, suddenly felt his thoughts empty!

"It's over, it's over!"

“Quickly and cleanly pack your things, I want to leave Pan Yang!”

If Lin Mo had come back alone, he, Yin Tianbao, would still have the confidence to fight to the death.

But when he learned that the Zhao family’s tiger guards had come with him, the slightest hint of defiance in his heart instantly dissipated.

If the Zhao family wanted to destroy him, it would be a simple matter.

But just as he was getting up in a hurry, he was getting dressed.

Yin Tian Bao suddenly felt a stiffness in his body!

With nervousness, he turned his head.

Behind him, on top of the hanging chair, Lin Mo was calmly looking at him, without a hint of emotional fluctuation in his gaze.

“You go on, Lord Yin, you are all a man of honor.

I’ll give you the time to go on with dignity!”

And as soon as Lin Mo finished speaking, the sound of hurried footsteps came from the stairway.

“Boss, the Zhao family tiger guards have surrounded our Yin family mansion!

Lin Lin Mo!”

After opening the door to the room, the henchman stared at Lin Mo in dismay.

Just as he was about to pull out his weapon to protect the family head’s safety.

Yin Tianpao snapped.

“Stand down, inform it down and tell everyone that they don’t need to make unnecessary sacrifices.”

By this time, he had completely resigned himself to his fate.

The Yin Family could only go so far, in Lin Mo combined with the Zhao Family Tiger Guards, they had no power to resist!

“Boss

His handlers had just spoken.

Yin Tianpao’s face was despondent as he waved his hand feebly.

“Go!”

Chapter 2603

Faced with a certain death today.

Yin Tian Bao was instead much more spontaneous.

“Lord Zhen Yue, we have been friends for a long time, but this is the first time we have formally met!”

He said as he poured the tea over and over again!

“Your Excellency is surprisingly not doing it directly, so I guess there are doubts in your heart that need to be answered by Yin!

Please, Tianshan Rock Slice, a good tea to treasure for a lifetime!”

After saying this, he pushed the tea over.

Lin Mo didn’t take it, and only spoke indifferently to.

“Since you knew my identity from the very beginning.

Why didn’t you just do it when I came to Pan Yang in the first place?”

Yin Tianpao shook his head helplessly.

“One, I didn’t dare, the position of the Zhen Yue ambassador was too high, unless there was no way out, I didn’t want to be pressed by a large army.”

“Secondly, it is premeditated, this place, Pan Yang, is the gateway to Da Qu facing China.

Whether it’s the strategic position or the gateway to trade, this place is of paramount importance.”

“And the reason why I, Yin Tian Bao, can develop here with impunity.

It’s because those big powers in Da Qu want to wait for me to unify Pan Yang.

At that time, they will start to divide Pan Yang.”

Hearing this, Lin Mo raised his eyebrows.

“And what does this have to do with me?”

“Yes, naturally it does.”

Said Yin Tianbao, tilting his head and taking a large sip of tea.

“As Lord Lin holds a high position, it is natural that he would not come to Da Qu for no reason.

Considering that Da Qu has not long been attached to China, and there is chaos and confusion.

I guessed that Lord Lin was either here to inspect or to rectify the situation.”

“That’s why I deliberately kept your identity a secret, in order to make Da Qu’s side clash with you.

When the time comes, I will have a chance to break the game.”

After hearing this, Lin Mo was a little surprised.

He didn’t expect that this Yin Tian Bao would be able to deduce his purpose for coming to Da Qu just by knowing his identity.

“You are very clever!”

Faced with Lin Mo's compliment, Yin Tian Bao merely sighed despondently.

"Hehe, yes, I am very clever, but unfortunately my heart is too eager, if I had waited a bit.

The Kong family will definitely come to you, and my chance will come when I bring it."

"Actually, the plan didn't go wrong, it was the Kong family that ambushed me on my way to the Zhao family."

"Hahahaha, so that's how it is."

After letting out a loud laugh, Yin Tian Bao stood up.

"I didn't expect that cleverness would be misplaced, but in the final analysis, my heart is still too eager."

"By the way, Lord Lin, when you go to Hanoi, be careful on the South Vietnamese side.

They border Yemen, and when you bring it, you will be facing more than just swords and blades."

Lin Mo also nodded his head and understood.

"It's getting late!

As a reminder, what else do you want to explain.

I will try my best to meet it!"

With these words, Yin Tianbao was naturally prepared.

"I, Yin, ask for nothing more than for Lord Lin to spare the lives of my family.

All the evil deeds have come from my Yin Tianbao's hands and have nothing to do with them."

"This request is no problem, after all, I, Lin Mo, am not one to kill the innocent indiscriminately.

For the rest of your Yin family, I will type in a report and submit it to the Martial Union headquarters for processing.

If they have not done anything evil, the Martial Union will naturally give a reasonable way to deal with them."

After standing up, Yin Tianbao arched his hand towards Lin Mo.

"Then, I, Yin, thank Lord Lin once again."

After drinking the tea lead in his cup, he spoke once again to.

"By the way, before the interim, I have one thing to ask you, is my brother, Lu Nightwolf, dead or alive?"

"Alive, alive and well!"

After saying this, Lin Mo's right hand rested on top of Tai Ah, ready to understand the other party.

"Lord Lin, you are really a divine doctor, to have this ability to bring back the dead.

But this brother of mine has a close personal relationship with those forces in Da Qu, so perhaps others do not know the secret.”

“Hahahaha, I don’t need Lord Lin to do anything with my life.”

After a loud laugh, Yin Tianbao’s eyes glazed over and he collapsed straight onto the sofa.

Chapter 2604

By the time Lin Mo went up to check on him.

Yin Tianbao, who had fallen on top of the sofa, had already lost his vitality.

After picking up the teacup and asking, Lin Mo’s expression froze.

“Heart cutting gra*s!”

It turned out that Yin Tianbao knew that there was no hope for his life.

So he took the opportunity to pour tea for Lin Mo and secretly added the Heart-Cutting Gra*s to his own teacup.

And in the time it took for both sides to talk, he died directly from poison.

As people died, Lin Mo naturally did not have a fetish for abusing corpses.

And once he had walked out of the Yin family compound, Zhao Yu walked over.

“Mr. Lin, Yin Mang has hanged himself.”

“I know, it’s hard for Uncle Zhao Yu.

There is another thing I have to trouble Uncle Zhao Yu with.”

“Mr. Lin, just say it!”

“Although the Yin family is extinct, their power has countless roots in Pan Yang.

I’d like to ask Uncle Zhao Yu to help President Wang eradicate these tumours.”

“All the remaining Yin family members should be imprisoned.

When the time comes, I will leave them to Old Man Wang to deal with.”

With Lin Mo’s order, the entire Pan Yang was completely buzzing with activity.

This side of the battle had only just come to a close.

Wang Laosan then ignored the medical staff and yelled to start the purging plan.

In just one day and one night, all the Yin family forces were quickly uprooted.

“Chairman Wang, aren’t you fighting a little too hard?”

Carrying his coffee, Lin Mo sat down in front of Wang Lao-san.

At this moment, although Chairman Wang's body was covered in straps and his arm was in a plaster cast.

But all of this still couldn't stop the smile that was spreading across his face.

"Too desperate? No, no, ever since I became President of Pan Yang.

I've been prepared to bow and scrape for the Martial Union at any time."

"It's just to clear the remaining tumour of the Yin family, this is all just something trivial."

When he said this, the excitement and thrill on Wang Laosan's face was already unmistakable.

"Lord Lin, you are unaware of this, after we have cleared the Yin family's property guess how much money there is?"

Before Lin Mo could answer, he asked himself with five fingers spread out.

"Over fifty billion, and that's just the tally so far.

When all the other assets are inventoried, I reckon a hundred billion won't even be a problem."

With the Yin family's forces cleaned up, the entire jurisdiction of Pan Yang's treatment now fell back into the hands of Wang Laosan.

After waiting for so many years, now he had finally achieved his wish.

How could Wang Laosan not be happy.

This was something that Lin Mo naturally knew, but of course he didn't point it out.

"Alright, the matter of Pan Yang has only just settled down.

With the Yin family being made clear, the whole of Pan Yang is in a hundred pieces."

"This is a lot of money, but when it comes to construction, it won't be of much use.

It's better to find a way to attract investment as soon as possible, so that Pan Yang can get back on track as soon as possible."

Lin Mo's worries were not unreasonable.

Although it was easy to destroy the Yin family, but under the operation of these ten or twenty years.

The roots of the Yin family's power had been deeply inserted into the entire Pan Yang.

Although it was said that if you don't break it, you can't break it, but it did put Pan Yang into a state of a hundred and one ruins.

"And Yin Tianbao talked to me before he died, there are many big powers in Daqu that have their eyes on this piece."

"And it's not long before they know about the Yin family's fall from power, I think.

So while you're at it, you need to straighten out Pan Yang as soon as possible."

At the mention of this, Wang Laosan's original smile was instantly withdrawn, and a heavy look couldn't help but appear on his face.

"Indeed, I will develop the strength of the Martial Union as soon as possible.

As for the convenience of business, I plan to leave it to Little Silver to take charge.

He actually has a strong talent for management, it's just that he hasn't had a chance to show it off."

"Anyway, you are the president of the Martial Union, so you can decide how to arrange it yourself."

"Also, remember to pay out the pensions of the Martial Union members who have been killed or injured in this battle.

Also give me a list of the casualties, I will personally go and condole with the families when the time comes."

With that said Lin Mo stood up and prepared to leave.

And Wang Laosan's face instantly turned anxious when he saw this.

"Lord Lin, don't you have any other instructions?"

"No, if I gave instructions, wouldn't I be soliciting work for you.

Don't think about fart-eating, I have other things to attend to."

And Wang Laosan, who had been caught out of his little mind, could only bare his big white teeth and watch Lin Mo leave.

Chapter 2605

"Mr. Lin, since everything has been taken care of over here.

It's time for us to go back as well."

Such a large scale movement of people by the Zhao family had already been watched by other major powers.

In order to avoid unnecessary trouble, plus the matters on Pan Yang's side had almost been dealt with.

Chen Yu came to say goodbye.

"Thank you Uncle Chen Yu for this!"

"You're welcome, I'm just carrying out the family head's arrangement.

Mr. Lin, when you're done, remember to come to the Inner Valley City as a guest.

I'll see you later!"

Under Lin Mo's eyes, Zhao Yu slowly departed with ten thousand Tiger Guards.

He waited until after their backs disappeared into the sky.

Only then did Lin Mo turn around and rush to the reserve's stronghold.

When he approached, the less injured children were already helping the medical staff take care of their injured companions.

Due to Wang Laosan's intentional care, there were no casualties among them, just the severity of their injuries.

Upon seeing Lin Mo, they immediately stopped what they were doing.

"Lord Lin is here!"

With one of them exclaiming, the originally quiet recuperation room instantly came to life.

"Benefactor, when will you, too, call to teach us swordplay."

"Yes, yes, the one where the enemy all falls with a single 'swoosh' move!"

"I want to learn too, Lord Lin, Big Brother Di Yun has even started cultivating now, we want to be as powerful as you."

Facing the group of children, their eyes were full of anticipation.

Lin Mo smiled and nodded his head.

"Alright, no problem, but you guys have to recover your bodies quickly."

"When the time comes, when you guys are healed, we will all learn together!"

After experiencing this great battle, the group of children's minds had also received an extremely strong break in the chain.

It was also time to pass on the Creation Technique and the Prosperity Technique to them.

And as Lin Mo's words fell.

The entire healing room instantly resounded with a burst of cheers.

On the other side, after learning of Lin Mo's arrival, Captain Chen, whose body was still wrapped in bandages, also rushed over.

"My subordinates have met Lord Zhen Yue's ambassador!"

"Alright, your body hasn't even recovered, so there's no need for all these common courtesies."

Said Lin Mo, then patted the former's next door.

"This battle has been hard work!

After your body recovers, I will apply to the headquarters.

From now on, you and a few of your brothers will stay by my side and help me.”

These words came out.

Captain Chen’s body did not have a tremor.

Due to his excitement, he stuttered for a moment and only thanked him.

“My subordinate, Chen Jin vows to follow Lord Zhen Yue to the death.”

At this moment, Chen Jin only felt that all these wounds were worth it.

If you can, please give me another slash.

“Don’t die without dying, it’s unlucky.”

“By the way, how are Di Yun’s injuries?”

“It’s nothing serious, it’s just that the wound on his chest is rather deep, although it’s not fatal.

But it might take a while to recover.”

Lin Mo nodded.

“Later, I’ll have someone send my special golden wound ointment over.”

“After they recover, resume training as soon as possible.”

“Right, this is my exclusive heart technique, so you should also take a copy of it and improve your strength as soon as possible.

When the time comes, pass them on to the children!

But be sure to pay attention to the secrecy, this heart method is forbidden to be leaked, those who violate the order will be punished immediately!”

Chen Jin naturally understood the importance of these two Heart Laws.

With trembling hands he slowly accepted the two Heart Laws and then stopped the chest plate.

“Please rest assured, my lord, if there is any leakage, my subordinate will bring my head to you!”

“It’s good that you understand, so hurry up and cultivate.

There are still many hard battles to be fought in the future!”

“Right, my lord, this group of children, shouldn’t they have a number?”

Lin Mo first pondered for a while, then he opened and said.

“Let’s call them the Featherwood Guards!”

In this way, a feathered forest guard, which would later scare the enemy, was established in the small place of Pan Yang.

Chapter 2606

With Wang Laosan in full swing, all the Yin family's forces in Pan Yang were completely cleaned up.

Even the C*ckroaches that had crawled out of the Yin family's home had to be completely wiped out.

On this day, Lin Mo had just woken up with a chicken's nest head.

Wang Laosan came to the door with great enthusiasm.

"Lord Zhen Yue, here are the proceeds of the Yin family's purge, totalling ninety-seven billion."

"There's no need to show it to me, you can just handle it yourself."

"That's fine, when the time comes, these funds will be used for the various types of construction in Panyang City.

The matter of attracting investment has also been sent out to several surrounding provinces and cities, and we expect to have news soon.

And"

The company's main business is the development of a new business.

Lin Mo couldn't help but feel a little head spinning, and seeing the other party's face full of excited momentum, he couldn't help but interrupt.

"Old Wang ah, or that, the size of Pan Yang appropriate, you look after it.

As long as you don't take Yin Tianbao's back road, this chairmanship of yours, I hold you until retirement."

"Of course if you want to move up a bit it's not impossible."

Upon hearing this, Wang Laosan's original smiling face was instantly stunned.

"No, no, my old Wang doesn't have that kind of ability."

Although the words were a refusal, the glint that appeared in his eyes already betrayed his true thoughts.

In response to this Lin Mo also looked away without saying anything.

"You're in charge of the construction of Pan Yang.

But the development of the Martial Union's battle force is also a top priority that must not be left behind."

"It won't be long before the people on Da Qu's side will step in.

I don't want us to clean up Pan Yang so easily, only to have someone else make the cake."

Regarding the matter of Pan Yang, Lin Mo was most concerned about the development of the Society's war effort.

“Lord Lin, don’t worry, I, Old Wang, know what’s in my heart.

Then I will not disturb Lord Lin with breakfast.”

After saying that, Old Wang lifted his steps and left.

Only after he walked out the door, a wicked smile suddenly appeared on his face.

I, Wang Laosan, am not stupid, with my age and strength, it is extremely unlikely that I will be able to advance any higher.

Instead of pursuing that kind of nebulous hope, it would be better to honestly follow Lord Zhen Yue.

The news of the whole Pan Yang side, after the fermentation of the past few days, slowly spread out as well.

The whole of Da Qu was instantly in turmoil.

Pan Yang is the gateway to China for the whole of Da Qu.

Whether it was a strategic or commercial position, it was an extremely important one.

With the death of Yin Tianbao, many forces waiting for a slice of the cake in Pan Yang immediately turned their attention to this side.

Annan is part of Hanoi Province, close to the Wanxiang Kingdom.

It is also the home of the Kong family.

“Family head, Yin Tian Bao is dead!”

Hearing this news, Kong Shanjun, who was leaning on top of his bed, clad in mink fleece, slowly put down the ancient book in his hand.

“Which side of the forces moved?”

“It was not the power side, but a young man named Lin Mo, who borrowed the Zhao family’s Tiger Guards and completely purged Yin Tianpao’s forces.”

“Lin Mo?”

After Kong Shanjun recited one side of the story, he confirmed that there was no memory of this person in his mind.

He then opened his mouth and asked.

“What’s the origin?”

“Your family head, according to the information we checked before, this Lin Mo comes from the China Martial Alliance and is affiliated with elite talents.”

“Is that all?”

Only a name was known, a vague identity.

The Kong Family Master couldn't help but frown.

The man in front of him, on the other hand, his body trembled and cold sweat went straight down his back, so he could only stammer out an explanation.

"We didn't care about this kid before, we just casually asked and"

"Rubbish!"

With a cold snort from Kong Shanjun, the reporting henchman was directly slapped away.

"Clean it up!"

As soon as the words fell, several people outside the room hurriedly walked in.

As for the slapped henchman over there, this twisted his neck and was still being carried away by his companions, not knowing if he was alive or dead.

Kong Wounded Jun wiped the blood marks on his hands as he turned his head and gazed at, beside him, his beloved.

Chapter 2607

As a beloved member of Kong Shanjun, he knew well the temper of his family head.

So without waiting for Kong Family Zhuang to speak, he hurriedly spoke.

"This man is the one who, before, injured Young Master Kong Wu.

And he overthrew Yin Tianbao, mainly by borrowing the guards of the Zhao family in the inner city of the valley."

"Moreover, there is an extremely mineral-rich Golden Cai Mountain over in Pan Yang.

According to the information coming out from the intelligence officers, if this mountain is fully mined out.

It is expected to yield over five billion."

After hearing this news, Kong Shanjun's face only looked better and calmer for a bit.

"Since you touched my grandson, let's pay for it with your life then."

"As for Jin Cai Shan's words, isn't the Sixth Prince of Wanxiang's side worried about not having the money to arm his men?

You put this message to him."

Said Kong Shanjun, knocking again on the table in front of him and asking.

"Where is Lu Nightwolf? Wasn't he the eyes sent out from the United Provinces side?

How come Yin Tian Bao has been destroyed and there's no news at all."

“That Lu Nightwolf is also unknown as to whether he is alive or dead, he can’t be contacted at all.”

.....

On the other side.

By the time Lin Mo arrived at the Featherwood Guard training base again, except for those children who were seriously injured like Di Yun.

Everyone else had already resumed their training.

After obtaining Lin Mo’s exclusive heart method, the group of children’s strength had already started to improve by leaps and bounds.

Even Chen Jin, who was their instructor, had a much stronger aura around him.

“My subordinates have met, Lord Zhenyue Amba*sador!”

Lin Mo simply waved his hand at these false salutes.

“Well?”

Chen Jin naturally understood what Lin Mo was asking about.

“All are a good group of seedlings, although their martial talent may be a little less.

But all of them are capable of suffering, and none of them dropped out during the training process.”

“Moreover, with Lord Lin’s Heart Method, it shouldn’t take long for them to open their dragon ridges once they’ve all been initiated.”

Speaking of this matter.

Chen Jin’s eyes even glowed.

I never thought that a divine technique heart method to enhance martial arts training qualifications really existed in this world.

Although the “Creation Technique” was deep and difficult to understand, it had only been a few days of cultivation.

Chen Jin had noticed that the natural talent of the children, no matter if they were his own reservists, was slowly improving.

Across the way, Lin Mo nodded in relief.

After opening the Dragon Ridge, this group of children would be considered to have truly stepped into the martial path.

“That’s good, it’s not a waste of my heart.”

“By the way, Captain Chen, now that Pan Yang has settled down, the development has also entered the right track.”

“In a few days, I may have to go out to Da Qu’s side.”

Hearing this news, Chen Jin's face changed.

"Lord Lin is in such a hurry?"

"Well, once Yin Tianbao dies, those forces that see Pan Yang as a forbidden prize will definitely strike at Pan Yang.

I will go over there first to pry some information."

Saying that, Lin Mo turned his gaze to the Feathered Forest Guards who were training.

"I'll leave them to you."

Chen Jin immediately arched his hand, "Please don't worry, Lord Lin, my subordinates will definitely teach them everything they can."

"By the way, Lord Lin, you must be careful if you go there."

"The further Da Qu is from China, the lower the jurisdiction of the Martial Alliance."

"According to confirmed information, think of Hanoi as well as those places in South Vietnam, there are a large number of heat weapons present."

For this point that he, Chen Jin, had mentioned, Yin Tian Bao had also vaguely mentioned it before he died.

And Lin Mo himself had personally experienced the power of heat weapons on his way to Gu Nei City.

So this matter was also of particular concern to Lin Mo.

"This, too, is what I am most worried about."

"Before we leave, I will apply to the headquarters for permission to use thermal weapons.

Otherwise, if we rely on flesh and blood swords alone, we will easily suffer a loss."

"If there's any news, I'll be the first to inform you."

After saying that, Lin Mo patted Chen Jin's arm.

"Alright, after I leave, Pan Yang's side will be fully entrusted to you and Chairman Wang.

Remember, if you encounter force majeure, saving your life is the priority!"

Chapter 2608

The sky was just dawning when snowflakes began to fall in the mid-air.

As for Lin Mo, after he and his wife had already given an explanation to the Martial Union's secret guards, he stepped onto the formation alone.

With a resonant sound of the engine, the car sped out.

In the blink of an eye, it disappeared from sight.

And over in Annan, the Kong family had also attracted their VIP guests.

On top of a kilometre-long red carpet, a giant elephant, about two lengths tall, slowly approached.

Full of gold plus, it shone dazzlingly in the sunlight.

On the elephant's back, a young man in his early twenties reclines on a jewelled seat.

Beside him was a luscious woman with a plump waist and breasts, shrunken in a luxurious velvet robe, her face full of reluctance.

"Prince, why do we have to come to such a poor place as Daju?

This delicate skin of mine can be blown dry."

Said she, not caring, the cold winter time.

Stretching her slender, straight, large white legs directly onto, the teenager's chest.

And the teenager in the flashy, gold velvet dress was smiling lecherously.

"Little demon spirit, in public, how dare you seduce this king like this.

I will punish with you."

"Ya, the prince is scaring me, look at my little heart, fluttering and fluttering?"

With that the woman put her finger, on top of her deep, bottomless chest.

This, coupled with her big, affectionate eyes.

It caused the young man's evil fire to run wild.

If not for the fact that the Kong family was already waiting ahead.

He would have punished this new 16th concubine.

In the middle of this ambiguous layer, the slow giant elephant also arrived in front of him.

"Kong Xianzhuo, the eldest son of the Kong family, has met Prince Gadre and Princess Fire Ina!"

Said Kong Xianzhuo, leading a group of members of the Kong family, bending down and saluting with one hand on their shoulders.

Only the Jia De Lie on the back of the giant elephant did not look at them at all.

"Have all the men you asked to gather arrived?"

"Prince Gadre, the presidents of the two provinces of Hanoi and South Vietnam, as well as representatives of other powers, have arrived.

They are currently waiting for your arrival in the hall, Prince."

After hearing this, Gia De Lieu only gave a cold snort.

As he raised his left hand, the elephant's slave, who was on top of the elephant's neck, immediately commanded the elephant to kneel down slowly.

The guards, armed and ready, had prepared a ladder made of pure gold.

And as Gadre stepped down the golden steps.

As the princess lifted her feet, her white thighs and proud bosom appeared.

The young men behind Kong Xianzhuo could not help but gulp at this scene.

It was said that the Sixth Prince of the Wanxiang Kingdom was extravagant and lascivious.

This was true!

No wonder he was always short of money, just the huge red diamond around the princess' neck was worth no less than ten million dollars.

Not to mention all the other precious jewellery.

Not only was he not angry when he noticed the hot and greedy gazes of the men, but he was a little smug.

It seemed that the woman beside him was not a princess at all, but just a piece of his own collection.

Under the leadership of Kong Xianzhuo.

The group of people also finally entered the main hall of the Kong family.

At this moment, the hall was already filled with representatives of the major powers.

After seeing the Sixth Prince of the Wanxiang Kingdom.

Everyone in the room rose up and then gave Jiade Lie a crazy a*s-kissing.

But Jiade Lie didn't pay much attention to them at all.

Humph, a bunch of lowly people!

With this thought in mind, he went straight to the main seat in front of him and slowly sat down.

After a quick glance around, he went to the princess's ear and whispered a few words.

He also nibbled on the latter's earlobe, causing the princess to tremble.

Once she had cleaned up her make-up, she hid her face and smiled lightly as she slowly rose to her feet.

Between her hands and feet, she always carried a strong aura of seduction.

Chapter 2609

A clear, soulful voice echoed throughout the hall as Crown Princess Fire Ina spoke.

"My fellow elders, this Crown Princess is saluted.

The purpose of our visit to Da Qu this time, Kong Shanjun has spoken to you all, right?"

After waiting for the crowd's eyes to burn and nod their heads one after another.

Fire Ina lifted her red lips and smiled lightly.

"Recently, our Sixth Prince happens to be short on supplies, so we just want all the minerals in Golden Cai Mountain.

As for that sh*tty place in Pan Yang, how do you guys want to divide it up?"

"I think the elders already have no opinion on this proposal!"

As the words of the royal concubine fell.

The representatives of strength present naturally all agreed without exception.

At this time, Andre behind him also stood up.

"That's good, I'll wait for your good news."

"Kong Shanjun this king is tired!"

Kong Shanjun was naturally displeased at being called by his first name several times by a little kid the same age as his own grandson.

But once the other party had a country as his backer, and hundreds of armed guards to protect him.

In addition, he also wanted to ride on the big boat of the Wanxiang Kingdom.

At this moment, despite his discontent, Kong Shanjun still responded with a big smile on his face.

He then winked at his eldest son, indicating that the latter should take the sixth prince down to rest.

After the prince's party had all left the stage.

Only then did Kong Shanjun cough up his throat.

"Everyone should know all about the matter of Pan Yang."

"That old immortal of the Zhao family, who has half a foot in the coffin, still dares to engulf the Pan Yang."

"Even for the Sixth Prince's reception party, none of his Zhao family came."

"In this matter I propose that we all join forces and Zhao Nan Yue give us an explanation."

However after the righteous indignation was finished.

The representatives of one kind of strength drank their tea, and those who closed their eyes closed their eyes.

The others were also whispering and communicating with each other, not taking Kong Shanjun's words seriously at all.

“Elder Kong, we are here today mainly to greet the Sixth Prince.”

As this person finished speaking, the others also picked up the conversation to.

“Yes, Old Kong, you have to eat your food one bite at a time and do things one by one, there is no rush!”

“It’s quite a big deal at this point, take your time, take your time!”

Those who are able to come here are all big powers ranked in Da Qu. You are not stronger than me and I am not weaker than you.

Why should they listen to your command, Kong Shanjun?

Moreover, even if there was news from the Zhao family that Zhao Nan Yue, the pillar of the Zhao family, was physically ill.

But the Zhao tiger guards are gaining momentum, and with the Zhao family’s maritime firepower in the Inner Sea, who would want to touch him unless necessary.

And seeing as the 60,000 princes of the Wanxiang Kingdom had already left and shown themselves, what was the point of bringing them along.

“Gentlemen, the insiders at home have prepared a meal and are pressing on, so I will take my leave.”

“Old Qian, wait for me, it’s been a long time since I’ve had a drink and come up to the door to ask for a gla*s of watery wine.”

“We also have important things to do, so be my guest, gentlemen!”

Under a chorus of greetings.

More and more delegates left the room.

And the vast majority of these people were on the side of nothing sweet above Pan Yang’s division.

And the rest were the main divisors of this big cake.

As the scene quieted down, a few people looked at each other and began to conspire.

To everything that was happening in this room.

Lin Mo did not know.

At this moment, he had finally arrived at Heshan City after a long journey.

Before he even entered the city, he directly found a hidden corner and hid his car.

He then changed into an old suit again.

“A big sin!”

After mocking himself, he saw gritted his teeth.

After the two Xuan needles were stuck into the Feng Chi and Feng Fu acupoints, Lin Mo was already in pain and sweating coldly.

Yet miraculously, his appearance was also slowly changing.

Adding to the wind and dust from the journey, his tired face and dishevelled hair.

At this point in time, Lin Mo would not have been recognisable at all had he not been someone extremely close to him.

Looking at himself in the rear view mirror, Lin Mo nodded in satisfaction.

Only then did he walk towards Heshan City!

Chapter 2610

By the time Lin Mo had entered the city, the morning market had just opened.

The first feeling one gets from this side of Hoan City is even more down-home than Panyang City, and barren.

The road was lined with all sorts of vendors and all sorts of shops hawking.

Although it was bustling with activity, it gave people a sense of poverty.

As he strolled around, Lin Mo came to a small alley.

“Young man, have some pork, pure mountain pig, no feed, crunchy!”

Hearing someone shouting at him, Lin Mo subconsciously turned his head back, and then shook his head towards the bearded butcher.

Only what he didn’t know was that when he had walked away, the butcher suddenly muttered.

“At such a young age, what’s wrong with learning how to disguise yourself like others.

It must be to hide from debts of affair, yes, that must be it!”

When his words didn’t even fall to the ground, the pig-killing knife in his hand was casually waved.

“How annoying, it’s winter how there are still flies.”

And at that moment, a fly had broken into two pieces on top of the tree trunk that was more than a few feet away from him, and fell innocently to the ground.

As for Lin Mo’s side, as his first stop in Hanoi province, he also planned to repair some things again.

After all, after driving for days on end, even a big iron body could not take it.

“Mountain Hotel!”

When he saw the accommodation Lin Mo walked straight over.

Just before he stepped into the door of the hotel.

A human figure suddenly appeared beside him.

Subconsciously, he hurriedly dodged to the side.

And when he came back to his senses, there was an older woman dressed as a village woman, fighting in front of him.

How was this possible, he normally sensed when someone came within a ten foot distance of him.

And this older woman also looked about to bump into him before he reacted.

“Little brother, these are the wheat cakes that I cooked with my own hands, they are delicious.”

The lady with the bamboo basket deliberately fanned herself with her hand, trying desperately to sell the wheat cakes in the basket.

Although it was a bit comical, it was also extremely simple.

Smelling the pure smell of wheat, Lin Mo couldn't help but feel his appetite.

Looking at the other party's thin and worn out flowered cotton jacket, his mind was moved.

“Ma'am, don't be busy, I'll take this basket.”

“Really?”

Hearing Lin Mo be so generous, the grandma's face was also astonished, obviously she hadn't thought that she had met a big customer just after opening her business.

“That's natural.”

Said Lin Mo, then he directly took out cash and handed it over.

“Here, Damsel doesn't need to find it!”

“I don't need that much, this is enough to buy me ten baskets of wheat cakes, no no no!”

“It's okay, if you have extra money, you can buy yourself a thicker coat.

You're thinly dressed here too.”

At Lin Mo's insistence, the elder lady eventually took the money.

And looking at the other party's joy-filled back, Lin Mo shook his head.

“It seems to be too tired!”

After muttering a sentence, he stopped dwelling on the bizarre encounter he had just had with the elder lady and walked into the hotel carrying the wheat cakes.

“Boss, please give me a standard room!”

It seemed to be because there was no business.

After waiting for Lin Mo to walk up to the counter, the boss was afraid to sleep on the table.

It was only after Lin Mo spoke out that the latter jerked awake.

And then he showed a warm smile to Lin Mo.

“Hello, what can I do for you, guest?”

“Please open a standard piece!”

When Lin Mo repeated it again.

The hotel owner then flew to prepare everything.

And that staggering speed of the hand was at the same time astonishing to Lin Mo.

It was true that practice makes perfect!

With this thought, Lin Mo walked up the stairs after paying for his room card.

And after the boss at the counter snorted, he slumped back down to the table.

“What the heck, this this Liang Butcher is using knife qi again, annoying”

The words were not spoken, and within the quiet counter came the sound of light breathing.
