Chapter 2621

The dust fell and the whole boxing gym was clear again.

And at that moment, Pei Xiao, looking at the young man who suddenly appeared in front of him, asked with a frightened tone.

“What are you?”

Faced with his question, Lin Mo simply spoke with a murderous look in his eyes.

“A man who is about to die doesn’t need to know so much.”

After saying that, his palm fell on the hilt of his sword.

And when Pei Xiao saw that his visitor was not good, his heart flinched.

“I am Pei Xiao, a member of the Pei family’s direct lineage.

If you dare to touch a hair on my head today.

Heshan City is where you will be buried.”

Borrowing the other party to stop, he thought to himself that this young man was afraid of the Fei family.

The ensuing one secretly reached for the pistol at his waist while he continued to stall for time.

“Each way leads to the other.”

“I see that you are not from the Gan Lin Boxing Gym either.

It’s better to settle a score than to settle a score, as long as you let go of today”

Having said that, his palm had also touched the butt of his gun.

“Cao Nima, give me death!”

Bang!

A gunshot sounded, and the bullet instantly flew out.

And at this moment, Pei Xiao also grinned, praising himself for his resourcefulness.

However, before he could think more, the expression on his face instantly froze.

Blood gushed out from the thin wound at the neck.

Crap, a sword blade batch of bullets!

This side was Pei Xiao’s last thought before he died.

And on the opposite side Lin Mo's had already Tai Ah returned to its sheath.

"Here comes Gan's support."

It turned out that the pause he had just made was not because of Pei Xiao's words, but purely just sensing that someone was coming from outside the boxing gym.

After murmuring a word, he turned around as he returned to Guan Linglong and Little Green Shadow's side.

As the grenade was exploded right in the centre of the enemy.

Pei Xiao's group was almost completely wiped out as a result.

On Gan Xing's side, without the suppression in numbers, he also easily took care of the remaining enemies.

By the time Lin Mo had approached Guan Linglong again.

Outside the boxing gym, dozens of support personnel on armoured vehicles flew around the entire gym.

After quickly lining up the surrounding area for security.

The leader, a man, approached the head vehicle.

"Master, the Pei family members who came to the door to sneak in the boxing gym are all dead.

As for Young Master Gan Xing, he was not injured."

"Good boy, but he has a hard life!"

Although there was no concern between his words, his emotions were still betrayed by his suddenly loosened frown.

And when the Gan family master led a group with the family troops after stepping in.

The entire boxing hall was by now strewn with corpses.

And his own son, Gan Xing was alive and well at the moment, tending to the wounded.

"Pei Xiao? Those old undeads of the Fei family are going to be heartbroken this time, hahaha.

If you dare to touch my Gan family, let your children be cut off."

This person was the most beloved grandson of the old man of the Pei family.

With such an emotion, the old man then summoned his son.

"Father, why did you come here personally."

Gan Xing also did not expect that his own old man would personally lead a team to kill over as well.

"If I don't come, who will collect your corpse!

How is it, is the person alright?"

Naturally, Gan Xing knew that his own old man had a knife's mouth and a bean curd's heart.

"Father everything is fine! It's just that the brothers were finished by the D*mn Pei family Huohuo."

Looking at the brothers who had already lost their lives.

A darkness also emerged between Gan Xing's brows.

And this was where Elder Gan was most dissatisfied with Gan Xing.

Too soft-hearted and too deep in love would not make great things happen after all.

"This revenge we, the Gan family, will naturally go back to get it back."

"This time, you have done a good job, killing the Pei family's temper fiercely."

However, when his words fell.

Gan Xing hurriedly shook his head.

"Father, to put it mildly, I also had the help of a valuable person."

After he had told him about Lin Mo.

Elder Gan did show a look of interest.

"Oh, such a young talent, I'd like to meet him!"

Once the two sides had met.

Elder Gan then felt that Lin Mo had a steady aura, plus Gan Xing had introduced him to his extraordinary medical skills.

For a moment, Gan Lao's mind surged.

"Little friend Lin, thank you so much for saving my son's life."

Chapter 2623

For such arrogant rich kids.

Lin Mo had seen quite a lot of them, and his main face was to gather information.

For Gan Wei's sarcastic words, he only saw and heard them.

Instead, it was Guan Linglong on the side who pulled down a scowl.

Anyone's would be offended by the idea of being called a procrastinator.

"Eh, it's exactly bad luck, but since we're all here, let's get on the boat together, country bumpkin.

Save Grandpa from seeing you and blaming me for not knowing what to do."

After complaining, Gan Wei went straight on board the luxurious cruise ship.

The words “hick” directly ignited Guan Linglong, and with a tone of displeasure she directly disliked her.

“A rich second generation who relies on his family to make a fool of himself, what is there to be proud of.”

After hearing this, Gan Wei directly stopped in her tracks.

It was just when she turned around and was ready to find trouble with Guan Linglong.

Behind her, there was already a steady stream of rich merchants and honourable guests, walking up the boarding ladder together.

“Country girl, you wait for me!”

After taking a vicious look at Guan Linglong.

Only then did Gan Wei walk onto the luxury cruise ship full of hatred.

And Lin Mo could only shake his head helplessly when he saw the two women fighting each other.

It was true that where there were many women, there were many rights and wrongs.

Of course all these he headache to heed, not out of the situation is good.

“Little green shadow let’s do the big cruise.”

Said Lin Mo then lifted the latter up with a hand, and then ran up to the deck with a clatter.

It had to be said that this giant cruise ship called Merryland was indeed extravagantly huge.

On the deck of the bottom compartment alone, as far as the eye could see, there were no less than five to six hundred people.

And all of them were gorgeously dressed, rich and powerful.

Of course, they also had the status of witnesses.

Today’s negotiations between the Gan family and the Cui family were witnessed by these wealthy businessmen from Heshan and the surrounding cities.

Following Gan Wei from afar, Lin Mo led Guan Linglong and Little Green Shadow into the lavishly decorated hall.

At this time, there were already many gossips around who were talking about the conflict between the two powers today.

“Have you heard? The Pei family sent people to the Gan family boxing hall to cause trouble, and both sides had a firefight, and it seems that dozens of people died.”

“I’ve also heard about the conflict.

It says that the Pei family had originally negotiated a super-large order for supplies with the Guangyao side.”

“But this Gan family learned from some unknown source that the Pei family’s base price.

They directly sent someone to cut off this big deal from the Pei family by offering five points lower.”

“And the Pei family’s people were momentarily angry, so they came to the door and caused trouble.”

“So that’s how it is, I said how these two families have started such a fierce conflict.”

Along with the people around them, there was more than enough chatter.

Lin Mo also quietly padded over to the side and listened to their conversation in its entirety.

It was true that the Gan family had acted unseemly in this matter.

It was also at this time that Gan Wei, who was carrying a belly full of fire, approached Guan Linglong.

“Hillbilly, you were the one who just said that I was right!”

Seeing that the other party was crowded.

Guan Linglong’s anger shrank quite a bit at once.

“How come you’re allowed to talk about me and I’m not allowed to talk about you?”

“b*tch, how dare you talk back to Sister Wei Wei, are you tired of living, believe it or not, I will throw you into the sea to feed the sharks.”

The fierce and fierce companion, Gan Wei, gave her a good look.

Guan Linglong was also fearful.

“What the hell do you want?”

She stammered as she tried to keep her composure.

Gan Wei saw this with a disdainful face and sneered.

“Oh, what do you want? You’ve got a nice body, don’t you?”

Why don’t you go up there and dance, and if we’re satisfied, the matter will be over.”

“Otherwise, I have a hundred ways to get you killed.”

With that, she pointed to the eye-catching stage in the middle of the hall.

Yet where could Guan Linglong know any dancing.

Even if she could dance, she would be embarrassed to do so in front of so many strangers.

Naturally, Gan Wei’s aim was to make a fool out of Guan Linglong in front of her.

Seeing that the other party was silent, Gan Wei’s tone also cooled down.

“It seems that you are unwilling to do so?”

Chapter 2624

Gan Wei had recently become irritated with Lin Mo, he was just a little kook who followed the Gan family.

The actual fact is that you'll be able to get a lot more than just a few of these.

If it wasn't for the fact that he had some temperament and could fight himself, he wouldn't have made him his bodyguard.

The only thing is that why is Guan Linglong getting close to her own little bodyguard?

To say the least, this dog man Lin Mo is really a lowlife!

It's obvious that he is the plaything of this lady! He's the one who relies on himself for food!

Guan Linglong had an outstanding figure and appearance, and she was even a step ahead of Gan Wei, the so-called Miss.

Gan Wei already felt that Guan Linglong was an eyesore, but she still dared to be so stubborn and speak ill of herself.

This was the most unbearable thing for her.

With an air of superiority, Gan Wei looked at Guan Linglong with abandon.

"You must have seduced a lot of men, dressed up like that.

Many of the men on the cruise ship today are rich and famous, so I'm giving you the chance to go up and dance on a pole!

If you're lucky, you might be able to earn more tonight!"

"Of course, if you want to scratch your head like that, just one won't satisfy you.

Don't worry, I can feed you drugs afterwards."

Malice was written all over Gan Wei's face.

Although Guan Linglong did not have an illustrious family, when had she ever been humiliated like this, and instantly her eyes turned red.

Holding back her tears, she choked back.

"If you like pole dancing, go dance yourself!

I don't want to see you, just let me go."

At these words, without even waiting for Gan Wei to reply, Wu Shao, the dog licker beside him, stepped forward.

"Dry ritual food cousin, how dare he f*cking talk back."

Slap!

The thick slap of his raised arm slapped Guan Linglong directly to the ground.

“Our Miss Gan has given the word, you have to jump even if you don’t today!”

Guan Linglong’s originally delicate features instantly emerged with a red and swollen five-finger mark, she covered her cheek and looked at the other party with hatred in her eyes.

Gan Wei looked at her broken face and was instantly pleased with herself, only that look in the other party’s eyes made her more or less unhappy.

“How dare you stare at me? Young Master Wu, strip her of her clothes and drag her to the stage.

Today, I, Gan Wei, am giving a wave of benefits to all the guests present, to ensure that everyone gets their fill.”

As Gan Wei’s faithful licking dog, Young Master Wu was naturally responsive to her requests.

“Hey, hey, don’t you guys thank our Miss Gan yet.”

After raising his eyebrows towards the crowd of onlookers.

Young Wu then bent down as he reached his hands straight over.

With a frightened look, Guan Linglong wrapped her hands in front of her chest in a deadly manner.

“What do you want?”

As she said that, she moved backwards.

Wu Shao looked towards Guan Linglong on the ground, and at this moment, a smug look gradually surfaced in his gaze.

It would be an extremely exciting thing to think about if he were to pick clean this stunningly beautiful woman in front of him.

“Hey, hey, what do I want? Isn’t this a knowing question?”

With that, he yanked Guan Linglong’s hair and dragged him back.

Suffering from pain, Guan Linglong also struggled desperately against it.

“Ah, get away, don’t touch me, get away.”

But after all, she was just a little girl, her slender body was futile no matter how she struggled.

Under the expectant gaze of the guests in suits and holding gla*s'es of wine.

The clothes on Guan Linglong’s body became less and less, and gradually a white cleavage appeared in the crowd’s sight.

With hoarse cries, Guan Linglong was already in tears.

“You are not human, you are all animals, I, Guan Linglong, will not let you go even if I am a ghost.

Ah, Lin Mo help!”

“Yo yo yo yo, even a ghost won’t do a ghost won’t let us go.”

Gan Wei's body, looking at the torn clothes and infinite spring glory of Guan Linglong, had a teasing look in his eyes.

"You just scream to death, see if someone will come to your rescue if you scream through your throat.

Ugly cousin, let your f*cking mouth stink and let you f*cking like to seduce men."

After Gan Wei finished speaking, she raised her jade hand and slapped two more times, flinging them at Guan Linglong's face.

On the other hand, Lin Mo was still gathering information from the surrounding area.

Originally, he wanted to go to the first floor to take a look, only when he had just reached the stairway, he was stopped by a few security personnel.

Chapter 2625

"Sir, no outsiders are allowed on the first floor, thank you for your cooperation!"

Although the security staff's words were polite, the serious tone of their voice had no hint of emotion at all, and as long as someone dared to barge in, the throwing sticks in their hands would be smashed straight out.

But the more strict they were, the more curious Lin Mo became.

Just as he was contemplating how to sneak into the first floor, a cry for help suddenly came from his ears.

Without any hesitation, he immediately turned around and rushed over.

At that moment, there was very little clothing left on Guan Linglong's body, and a large part of her spring light was exposed to the air.

If she hadn't tugged at the waist of her trousers so hard, the lower half of her body would not have been spared.

But the more she resisted and struggled, the more furious Gan Wei became.

"The fox has a hard nature, Xiao Wu, you take off her trousers too."

"Yes!"

After Wu Shao answered, he raised his foot and stepped directly onto the back of Guan Linglong's hand.

"Dry ritual food, let go of me."

Under the pain, Guan Linglong screamed miserably, and her five-fingered clasped palm eventually began to slowly loosen.

With such a miserable state, there were still people who couldn't bear to look at it after all.

"This is too much."

“Yes, it’s not right to bully a girl like that.”

Hearing the sound of their arguments.

Gan Wei directly stood up and swept her gaze across the crowd with her arms crossed.

“Who is chewing the cud, stand out if you have the guts.

Even you dare to criticise what my Gan family does!”

When Gan Wei scolded him, the man’s face sank.

But just when he wanted to rebuke him, his companion pulled him away.

The companion beside him immediately pulled him back.

“Don’t you want to die, Master Gan is upstairs now.

You can’t send him to his death like that.”

At these words, the man instantly calmed down, bottoming out and hiding his body within the crowd.

They did not dare to offend the He Shan Gan family.

And at this moment, even if someone’s was indignant, they didn’t dare to say a word more.

“Humph, meddling. Give me Wu Shao to continue.”

After spitting darkly, Wu Shao’s sinister hands reached for Guan Linglong’s waist.

“Stop it! You guys are really lawless.”

Pa*sing through the crowd, Lin Mo’s arrived at the scene.

Looking at this miserable state of Guan Linglong, he couldn’t help but frown.

“Miss Gan, you guys are really going too far.”

Originally, he had thought that a verbal argument between rich disciples like them would be hastily pa*sed.

To humiliate a girl like this in front of a large audience was completely pushing people to that desperate situation.

Gan Wei saw Lin Mo stand up for him, his heart was even more upset, at present this handsome man is his own bodyguard, in reason should have helped himself and licked himself.

But now, surprisingly, he was berating himself for the sake of an outsider.

At the thought of it, he was filled with anger that went straight to his brain.

“You’re just still a little bodyguard, do you know what you’re doing now?”

“Get your a*s over here and pull down this Sl*tty fox’s trousers, or I’ll punish you along with him.”

Hearing this, Lin Mo felt speechless, this kind of pampered young lady was really incorrigible.

Seeing that Lin Mo was unmoved.

Gan Wei's eyes glared, and a violent aura surged under her willow brows.

"Young Wu, this bodyguard is too disobedient, let's break his leg.

Let this pair of dogs have a double date."

If you can't get it, destroy it, this was her usual style, Gan Wei.

"Hehehe, happy to oblige."

After letting go of Guan Linglong, Wu Shao got up and came over to Lin Mo's side.

"Kid, you really don't know your blessings when you're in the midst of them, Miss Gan thinks so highly of you and you don't even know how to be grateful.

Kneel the f*ck down!"

With that, he kicked Lin Mo directly in the knee.

"I don't know what to do, lawless!"

Looking at the other party's flying kick, Lin Mo raised his foot and directly kicked back.

Chapter 2626

With a miserable cry, Wu Shao's right foot bent ninety degrees directly, and the bloody bones of his foot were so plainly revealed in the air.

The croaking sound caused the little green shadow in his arms to cover his ears.

Lin Mo, on the other hand, struck again, slapping him across the face, and the flying Wu Shao turned 1080 degrees in the air, landing perfectly, straight and unconscious.

The world was finally quiet!

Gan Wei looked at the fallen Wu Shao with a look of disbelief.

"How dare you help an outsider and make a move on my friend."

After saying that, she gritted her teeth and walked over to Lin Mo's side.

"Dog slave, who gave you the guts!"

After speaking, Gan Wei made a gesture to slap Lin Mo.

Lin Mo, who was holding Little Green Shadow, sighed slightly.

"You really are, hopeless!"

Slap!

Just as Gan Wei's arm was raised, Lin Mo took a step ahead of her and directly slapped her across the face.

This situation immediately caused the surrounding crowd to suck in a cold breath.

This was too brave, how dare he hit the pearl of the Gan family?

"This kid, it's over! The Gan Family will definitely not let him go."

"Yes, even the granddaughter of Erhu of Shan City dares to strike."

"Tsk, it's a pity, such a talented man, I'm afraid he's going to die young."

In response to their flurry of criticism.

Lin Mo didn't take it to heart.

"Miss Guan, let's go back first, it's better if we don't stay in this kind of place."

After turning around and putting down Little Green Shadow, he took off his jacket and draped it on for Guan Linglong.

The latter was already stunned and blinded at this point, her makeup was already completely blown from crying, and after a slight nod of her head and a straight cry, she remained by this Lin Mo's to help her up.

But since there is no boat to leave, Lin Mo has now offended Gan Wei, the Gan family can't even hate themselves enough, how can they send themselves away.

At this moment, Lin Mo suddenly thought that the Prince's transport ship should also be in the vicinity at this time, so he took out his mobile phone and contacted the other party.

On the other side, about ten nautical miles away from the giant ship.

A huge amphibious transport ship was speeding across the sea.

Although it is a transport ship, it has all the necessary anti-missile systems and attack systems.

On top of the shiny, waist-thick adult gun barrels.

The Prince of Seaside was standing proudly with excitement on his face.

"This is the dream of many a man!"

"Hahahaha, I never thought this Prince would have this day."

After saying that, he proudly patted the gun barrel he was sitting on, flicking and hugging it like it was his lover.

Ever since Lin Mo had applied for fire support.

Xuan Yuan Ming and Nie Kong Ming then held an emergency elders' meeting overnight.

For the safety of the people, the Martial Union's control over the strongest people was the best in the world.

In addition, the number of thermal weapons Lin Mo had requested was too large.

Therefore, even as the Grand Elder of the Martial Union.

Nie Kongming did not have the power to decide alone.

And at the Elders' Meeting, the crowd quickly reviewed the situation in Panyang City, and after combining it with the general environment of Daqu.

Lin Mo's application was also unanimously approved.

The supplies were then prepared and perfected as quickly as possible.

As for the Crown Prince of Haicheng, he was vouched for by Master Xue Wu, who took command of the transportation of the strategic supplies.

That's how the scene came to be!

"Prince Commander, after crossing the Malutin Strait, we will be able to reach the realm of Pan Yang."

Getting the report from the Martial Alliance personnel.

Prince Hai Cheng also nodded with a straight face.

Although he was playful, he also knew the importance of the matter.

"Pay attention to the surroundings! Keep moving forward."

Just then, the mobile phone on his waist vibrated.

"Prince, have you arrived at the Straits of Maledin?"

"We're about to enter the Straits, what's up boss?"

"That's right, west of Malacotin, in the direction of the Straits, have you seen a cruise ship?"

Come along and drop me a line."

After hanging up the phone.

The first thing the Prince did was to go to the watchtower, and after clarifying the target, he immediately gave the order.

"Attention all crew members, let's go and pick up Amba*sador Zhen Yue, direction 66 degrees of Xijing, full speed ahead."

The words fell.

The steel beast under the prince's feet instantly shook, and after reversing its direction, it sped forward on the wind and waves.

Chapter 2627

After Lin Mo hung up the phone, he held Guan Linglong in one hand and Little Green Shadow in the other and planned to leave the place and wait for the Crown Prince to pick them up.

Just as Lin Mo was about to get up, the door to the ground floor was suddenly kicked open and a group of rampaging gangsters entered.

The leader of the group was a teenager with dyed white hair.

Seeing so many people gathered around, he too was instantly interested.

While chewing gum, he approached the crowd.

When he saw someone blocking the way, he reached out and directly grabbed the back collar of the other party, and with a strong tug he directly threw the other party to the ground.

“f*ck you, dog when Laozi’s way!”

Hearing the movement from the rear, the attention of the crowd of onlookers would be drawn over.

However, when they saw who was coming, the crowd was shocked.

“Crap, it’s the white-haired boy!”

In a flash, everyone present retreated to the side.

This man was a madman, but anyone who displeased him would either have their hands or feet broken, or even sink directly into the sea and feed them to the fish.

Not long ago someone broke someone’s leg when they didn’t park his car properly!

And instead of being the least bit angry, the pa*ser-by, who had been thrown aside, was a little glad that he had run away with all his might.

The crowd dispersed, and the white-haired boy met Lin Mo and his group head-on.

“Yo, big benefits, I’m really lucky today.”

Looking at Guan Linglong’s springy and delicate figure, the white-haired boy picked his hair and licked his lips with a perverted smile.

Although this woman’s face was puffy and her make-up was messy, White Hairy Boy, who had seen countless women, knew at a glance that this woman had a good bottom and would definitely be a good fine basin if she cleaned up a bit.

And when his eyes swept over Guan Linglong’s chest, he was suddenly struck dumb.

This birthmark seemed to be a bit similar to the boss’s!

“Brothers, I suspect that this female is our big brother’s lost daughter, bring her back to verify it.”

At these words, the group of young brothers behind the white-haired boy also smiled treacherously with obscene eyes.

They were familiar with this routine!

As long as they were good looking, they would take them away with such a reason.

As long as they were good-looking, they would take them away for this reason, and they would eat the rest of the meal.

As for the people present, they naturally knew the tactics of Bai Mao.

The women he took back were usually the only ones to come out alive.

Thinking of this, the crowd's gazes at Lin Mo and Guan Linglong were filled with sympathy.

If they messed with the Gan family, if they were lucky, they would still be able to escape, but if they were targeted by White-haired Boy, they would definitely die without a burial place.

As for the white-haired boys, they had already stepped forward, not even looking at Lin Mo, and raised their hands to reach out directly to Guan Linglong.

In a small place like Heshan City, they had never seen anyone who dared to meddle with his White Hair power.

However, what they didn't expect was that they hadn't before and now he had.

Before the other party could touch Guan Linglong, Lin Mo lifted his foot and kicked the other party directly out.

It was also just this kick, like a simultaneous nuclear bomb landing on the ground.

Everyone present stared in shock!

Was this kid crazy?

The first floor of the Giant Wheel.

The entire aisle was already filled with fierce and aggressive fighters.

Inside the meeting room.

Gan Lao was tapping on the coffee table with a serious face, and behind him hundreds of thugs were standing at attention, their machetes erected.

A few of them were holding loaded pistols, locked on the opposite side of the room, so that if the other side made the slightest move, they would be sent to heaven.

The other side of the conference hall was the Pei family fighters.

The old man of the Pei family on the sofa had his eyes tightly closed, but the haze between his eyebrows revealed his discontent at the moment.

The two sides were evenly matched, tensely facing each other, quietly waiting for the orders of their respective family heads.

After a long time, Elder Gan spoke indifferently.

"Hasn't the man come yet?"

“Master, word has come from over there that Chief Guan’s ship is close and will be coming over soon.”

“Alright, then let first their Pei family live a little longer.”

After saying that, Elder Gan’s gaze faintly skimmed over the other party.

And since Master Pei did not care for such arrogant words, he coldly snorted without making a reply.

Chapter 2628

The situation here is already on the edge of the sword.

With the tragic death of a grandson and the bombing of a gym, relations are already at a fierce point.

Had it not been for the deterrence of the big man, the two sides would have fought.

It was during this tense standoff that a sudden cacophony of noises came from the ground floor.

“What’s going on outside, so noisy?”

Yet not even waiting for the men to go forward to check the situation, a sudden gunshot echoed throughout the ship.

“Unbridled, how dare someone use a gun in such a scene!”

At this moment, Pei Lao was already angry, and as soon as he heard the gunshot, he instantly added fuel to the fire, he directly stood up and walked out.

And opposite to him, Elder Gan also immediately followed him out.

After all, at this time of the gathering, their Gan family was also one of the conveners.

But if something happened to a guest here, his Gan family could not be blamed.

The main thing was that today’s party was to welcome a very important person, so if something went wrong, it would be a big loss.

At this moment, all the way to the hall.

Lin Mo had already taken care of a dozen of Bai Mao’s men.

As for the pistol in his hand, it was emitting a faint white smoke, obviously he had just fired it.

What he couldn’t believe was that his own accurate shot had been easily dodged by his opponent with a tilt of his head.

“I don’t believe it!”

And by the time Gan Pei’s two old men arrived at the parapet, they only saw that a dozen of the fighters had already fallen to the ground, dead or alive.

And the guests around had already made a mess of dodging to the side to avoid this gunshot accidental injury.

Just as the white-haired boy was about to fire again, Lin Mo's figure suddenly swayed and disappeared directly into the spot.

Gan Lao seemed to have realised what Lin Mo was up to and in his haste, he shouted to stop him.

"No!"

However, he was a step too late after all!

No one saw how Lin Mo had struck, just a blur before their eyes, and when their vision returned, the white haired boy had already fallen to his knees with a miserable cry, and the arm holding the pistol had already twisted up irregularly.

Seeing this, the Pei family's old man, who was originally angry, instantly smiled with joy.

"Old man Gan, if I remember correctly, this person is none other than your precious granddaughter's bodyguard, right?"

Old man Gan looked at Lin Mo and couldn't help but frown, this kid had gotten into big trouble.

Seeing his gloomy face, Pei Lao even gloated and scoffed.

"Now your bodyguards dare to make a move on Mr. Guan's people.

What audacity! Your Gan family actually doesn't have the slightest respect, do you not even put General Guan in your eyes?"

He had also deliberately raised his voice a few tones at this comment, in order to let the whole room hear this.

Downstairs.

Originally, Gan Wei had been slapped by Lin Mo, and his heart was burning with anger, but when he saw how fierce Lin Mo was.

Not only did one person dry up more than a dozen of the opponent's men, but even with the white haired boy, Lin Mo had also been knocked to the ground.

Gan Wei's anger also instantly turned to panic.

And just as he was at his wits' end, the movement of Pei Lao on the first floor caught her attention.

Seeing her grandfather, Gan Wei instantly found her backbone, and feelings of resignation flooded her heart.

While stroking her tears, Gan Wei ran to her grandfather's side.

Seeing this look on his precious granddaughter's face, Elder Gan's brow instantly furrowed.

When he noticed the clearly visible five finger marks on Gan Wei's face, a faint killing intent surged out even more.

"Who moved this opponent?"

Upon hearing this stern voice, Gan Wei cried even more aggressively.

“It wasn’t that D*mned bodyguard you appointed for me, not only did he help the outsider bully me, he even beat me up!

Grandpa, take a look at my granddaughter’s face, if I break my face, I might as well die.”

Of course the matter of Guan Linglong was simply ignored by her, not even mentioning a word about it.

At first, Elder Gan’s first impression of Lin Mo was not bad.

However, to slap his granddaughter openly in front of so many people on this cruise ship was a serious crime.

What was even worse was that this Lin Mo had even clashed with Mr. Guan’s men, and that white-haired boy did not dare to offend even his Gan family.

What was this kid thinking? By offending General Guan, he had completely dragged himself down with him.

What a sin!

Chapter 2629

On this side, Elder Gan was still upset with Lin Mo for not being upset.

On the side, Pei Lao hadn’t been complacent for long before he got a report from his men.

“Master, this is the man, the one who killed our young master here.”

“Are you sure? Pei Xiao died by the hands of this man?”

Between the questions, a murderous aura surged out around Pei Lao, this man was the murderer of his beloved grandson.

“Take this man down for me, life or death!”

When Old Man Gan heard this, he warned in a deep voice with an unkind face and a suppressed voice.

“Old man Pei, you have to look at the master to beat the dog, have you asked my opinion if you want to take down Lin Mo.”

No matter how much Lin Mo displeased him, he was still his man after all, if he let the other party take him down in front of this himself, what face would the Gan family have in front of this large audience.

“Get lost, old man, I’ll ask your mother for her opinion.”

Old Master Pei had already had a killing heart and turned his head to look at his old rival as he spoke viciously.

“If you dare to fart one more time, I’ll kill you along with you.”

As soon as the words left his mouth, a group of Pei family disciples beside him instantly targeted Elder Gan with short spears in their hands.

And naturally, the Gan family members did not show any weakness either.

“Humph, old man, do you think my Gan family doesn’t recognise you?”

A voice was heard back, the guns instantly rose, and a tense pattern formed again between the two sides.

It was at this tense moment that the sound of hurried footsteps suddenly came from above deck.

“Guangyao, General Guan has arrived.”

Accompanied by a loud alert from the briefing officer.

Everyone present immediately began to gather their make-up.

“I didn’t expect that such a big shot like Guangyao would come to this side of Heshan City.”

“That’s inevitable. The root of the conflict between the Gan and Pei families is because of this Guan Yao.

If he doesn’t come, it will be difficult for the two sides to reconcile.”

“Let’s hope they can handle this matter peacefully. Otherwise, if the Guangyao is drawn into this, I am afraid there will be no peace in our province of Hanoi.”

As these words landed on their lips, a group of guests around them nodded with worry.

The two families of Gan Bui also put away their firearms and quickly ran downstairs to form a line, anxiously rolling out a long red carpet to prepare for Guangyao.

At this moment, Lin Mo suddenly looked exceptionally abrupt in the midst of such a scene.

Only the white haired boy with his knees crushed stared at him with a deadly stare.

“Kid, my boss is coming, you’re dead, today you and your female companion, will both be buried in the sea, hahaha.”

Although the pain in his lower limbs was cold and sweaty, he still had a perverted smile on his face.

At this moment, Lin Mo only smiled lightly.

“Hmph, then I’d like to see if your so-called boss is a human or a ghost.”

And when Guan Linglong, who was beside him, saw such a stance, she was directly scared to the point that her legs went weak and she came to hide behind Lin Mo, shivering.

The surrounding crowd had naturally heard the conversation between the two.

None of them paid any attention to their knowledge, just the last words of a dying man.

In this quiet and depressing atmosphere, the sound of steady footsteps came from afar.

A man in a white suit slowly appeared amidst the awe of the crowd.

Seeing the visitor, the old man of the two Gan Pei families hurriedly nodded and greeted him.

“General Guan, hello finally you are here.”

“Mr. Guan welcome to Washan ah, we have long been waiting for it.”

The main language those and guests are one after another bowed their heads, not to mention climbing with them, even the courage to look at each other could not be raised.

They didn't even take a breath as Guangyao passed by.

Of all the people present, only the two families were qualified to greet them.

When he was greeted by the two old men, he just nodded indifferently and stepped into the hall with a shake of his sable cloak on his shoulder.

Only when he saw the white-haired boy half-kneeling in front of him, his gaze flinched.

“What's going on here, are you and the city looking down on Guan Mou?”

As soon as the words fell, the men holding semi-automatic rifles behind him swarmed in, and in the blink of an eye dozens of blackened muzzles of robberies aimed directly at Lin Mo.

Chapter 2630

The rifles were loaded and clacking!

At this moment, if Kun Sha nodded his head, dozens of rifles would have beaten Lin Mo into a hornet's nest.

Anticipating this bloody scene, the guests present could not help but look away, only to grumble in their hearts.

Although Mr. Guan did not name names, what he meant to say was that he was reprimanding the whole of Mount Wo for not knowing the rules.

The reason for all this was that Lin Mo had touched his Kun Sha's people.

Gan Wei, the pearl of the Gan family, looked at Lin Mo with a fierce intent, thinking in her heart that Kun Sha would order a robbery and kill this rebel on the spot.

The old man of the Pei family naturally had the same thought in mind, letting this kid die so cleanly was really cheap.

Just as the crowd was waiting for Lin Mo to be shot, a loud bang suddenly came from beyond the giant wheel!

Bang!

A blaze of fire shot straight up into the sky, and the explosion was followed by glorious smoke and fire that stained half of the sky.

If Kunsha's men hadn't been so mentally strong, they might have shot straight away at that sound.

And that wasn't the end of it, as the flower exploded, followed by a succession of fireworks.

It was colourful and beautiful.

After glancing at the fireworks, he turned his attention to the principal of the Gan and Pei families.

The rest of the crowd also carried the same suspicion, was this a special show by the two elders to welcome Mr. Guan?

What a game!

As the focus of the whole audience, Elder Gan and Elder Pei were also baffled, shaking their heads at each other between their faces, indicating that they had not arranged it themselves.

And on the transport ship, at this moment, the Prince of Hai Cheng looked at the rows of firework cones in front of him, applauding and laughing loudly at the same time.

"Keep lighting them up, keep lighting them up. These fireworks are specially prepared by me for a meeting with my big brother Lin Mo.

My big brother will definitely be surprised when he sees them!"

"What's the matter? Keep going, light them all up for me!"

Seeing the decrease in the number of fireworks in the night sky, Prince Hai Cheng was instantly unhappy.

"Boss, it's gone! There are so many of us lighting them together, we simply can't resist making them."

Upon learning this news, the Prince of Sea City couldn't help but be greatly disappointed.

"If I had known, I would have prepared a bit more."

With that he shifted his gaze to the super turret of the transport ship overhead.

"How about I take a couple of shots to help the fun?"

A strong look of anticipation erupted in the Prince's eyes.

The subordinates on the side, hearing this, felt themselves go weak in the knees.

"Boss, I can't, I can't! We only have the right to transport and escort, not to use.

If we use the equipment ourselves, we will be arrested and tried."

Turning his head around, he looked at the fellow Martial Alliance guards behind him, who were ready to take the Prince of Hai Cheng down.

This henchman kept spitting in his heart, this killjoy is really not afraid of death.

"Just kidding, why do you still take it seriously, you really don't know how to tease!"

After Prince Hai Cheng shook his head, he leapt onto the guardrail of the transport ship with a toe point.

“I’m going to meet my big brother, you guys hurry up and bring the fireworks I prepared.

Don’t forget to make a big scene, and don’t forget to make a big impression.”

With that he leapt up in a single bound.

The man behind him looked at his back and could only spit out, “You’re the one who can’t read the rules, your whole family can’t read the rules, if I hadn’t stopped you, you would have had two shots.

“My lords of the Martial Alliance, don’t mind that our prince is just high on the mouth, haha, don’t mind!”

After laughing, he greeted his other companions and brought the pre-prepared twisted flowers, garlands of flowers, and other miscellaneous items to greet them, and followed the Prince.
