

## Genius 2621

### [Chapter 2621 Rushing Back To The Wildlands!](#)

A peak Emperor God couldn't be compared to a God master at all.

No matter how many peak Emperor gods there were, they were no match for a master God. The power of a master God could definitely kill countless Emperor gods easily.

On the path of cultivation, the further one advanced, the greater the gap would be.

At the level of an Emperor God, the gap between each level was extremely huge and almost impossible to cross.

Those who were able to fight across realms in the Emperor God Realm were all peerless heaven's favorites.

Those who were able to fight across realms in the Emperor God Realm were all peerless geniuses and famous.

As for those at the God Emperor realm, fighting against the God Lord?

That was almost impossible.

No matter how many Emperor gods there were, they were all ants in front of a true master God.

The difference was too great.

God Lord level experts were too terrifying.

At this time, the scene of the two Lord gods fighting in the sky was simply earth-shaking and destructive.

The two divine Lords' fight caused the space within billions of kilometers to collapse. If this place wasn't a secret realm, who knew how many creatures would have died?

A battle between God Lords was simply too terrifying.

"Hahaha, great, this is great! Undying Lord, you've improved a lot!"

At this moment, the berserk master laughed out loud. He held a divine staff in his hand, and his God roll was tens of millions of feet long.

Every time the staff struck down, there would be endless space shattering and collapsing.

"Damn it, I won't be able to kill that brat today."

The undying Lord's expression was extremely ugly. So many of his undying clan's geniuses had been killed by ye chen. Was he going to just let it go?

He knew very well that with the Berserker master here, he could not hurt ye chen in the slightest.

The Berserker master's strength was also unfathomable and earth-shattering, and he was not someone he could defeat.

As one of the Divine Masters of the battle Saint tribe, the berserk master's strength was absolutely astonishing.

Even undying master did not have the slightest confidence in taking down berserk master.

"Fight, fight, fight, undying Lord, even if you don't want to fight, I will!"

The berserk master laughed.

The reason why he was called the berserk battle Lord was because the members of the battle Saint tribe loved to compete in martial arts.

The members of the battle Saint tribe were all fanatical towards battles. They loved to fight.

His hands itched after a few seconds of not fighting.

"Damn Berserker Lord, if you want to fight, I'll accompany you today!"

The undying Lord was completely enraged. With a loud roar, the endless flames on his body slanted down and madly attacked the berserk Battle Master.

"Fight!"

Berserk master struck out with his staff, smashing the world!

With one strike, the endless flames were shattered.

"It's a waste of time if the battle continues like this. This time, that human brat killed many of our undead race's elites. I have to report this to the higher-ups when I return."

Undying master's face was extremely ugly. He couldn't do anything to mad Battle Master.

It would be impossible to kill ye chen today.

If they wanted to kill ye chen, they had to get past the Berserker master first.

With undying master's strength, it was extremely difficult to even injure berserk Battle Master, let alone defeat him.

Of course, both sides were the same. They could not do anything to each other.

"Everyone, I'll be leaving first."

At this moment, ye chen cupped his fists at the geniuses of the battle Saint tribe.

Now that half a year had passed, he had to rush back to the savage barren region as soon as possible to fight the Luo River.

Half a year passed by in a flash.

He had to rush back to the manhuang region and fight with Luo he.

"Brother ye, what's the rush?"

Douzhan Sheng asked.

"It's just a personal matter. "

Ye chen said.

This time, he had rushed back to fight with Luo he.

Although he wasn't very confident, this battle was definitely going to happen.

He had to get rid of the Godking Alliance.

"Alright, brother ye, we can send you off."

Douzhan Sheng said.

"No need,"

Ye chen waved his hand, then his figure flashed and he flew into the distance.

"Right, remember to thank the Berserker Lord for me."

Ye Chen's voice fell.

Soon, ye chen disappeared.

Douzhan Sheng's expression was complicated. He had never seen a peerless genius like ye chen.

He was definitely the most heaven-defying genius in the human race. It was likely that he had never appeared before in history.

Such a peerless heaven's favorite had to be properly grasped!

.....

At this time, ye chen had already taken the teleportation formation and returned to the savage barren territory.

After returning to the wasteland region, ye chen immediately felt that the celestial energy and divine energy here were too weak.

Even if the divine power in the manhuang region was ten times denser, it still wouldn't be comparable to the mysterious sky Galaxy.

It was no wonder that the cultivators here did not have high cultivation levels. It was difficult for them to even step into the God King stage.

He had no choice, the conditions were too bad.

"Godking League, here I come."

Ye chen took a step forward. With each step, he crossed an endless distance.

With his current cultivation, he was almost invincible in the savage barren region.

In the savage barren region, peak God kings were the limit.

Therefore, every step he took would cover an endless distance. This scene attracted the attention of many cultivators below.

"Heavens, what kind of existence is that?"

"Could it be that a Godking is hurrying on his way?"

"This is too terrifying."

Everyone was almost scared to death.

Ye Chen's speed was too fast.

In their eyes, ye chen was a few hundred times faster than lightning.

They didn't even know what had passed.

He could only conclude that it was a Godking that was hurrying on his way.

At the same time, in the immortal God Palace.

Everyone had already gathered here.

For the sake of today's battle, many people had travelled thousands of miles to watch. This was a battle between godkings, and watching it would be beneficial to them.

It was said that half a month ago, Luo Heyi fought against three seventh level Divine King experts and killed them all.

Later on, a peak eighth firmament God King expert was drawn out and killed by Luo he.

Luo he's current reputation could be said to be heaven-defying.

In a short half a year, he went from fighting a middle-ranked Divine King to killing a high-ranked Divine King.

Moreover, he had killed a peak eighth level Divine King expert.

Luo he's current reputation was well known.

"Today is the day of the battle between the Alliance master of the Godking Alliance and ye chen. Great immortal wondrous fate, you seem to be very confident in your disciple?"

Asked the other godkings who were seated.

"Hehe, this disciple of mine has never done anything he's not confident in."

Great immortal wondrous life said indifferently.

"Luo he's current strength is unbelievably heaven-defying. Half a year ago, ye chen was at most at the seventh-level of the immortal God Realm. No matter how heaven-defying he is, it's already extremely heaven-defying to be able to fight a Godking, let alone against Luo he."

The crowd sneered. Ye chen was finished.

There was no doubt that ye chen would be crushed to death by Luo he.

Luo he's strength was simply too powerful.

It wasn't as powerful as anyone could imagine.

They only knew that Luo he had left the manhuang region for the ancientspirit Galaxy. After she returned, she had become so strong.

### [Chapter 2622 The Terrifying Luo He!](#)

The ancientspirit Galaxy was a different Galaxy. In terms of strength, it was not much weaker than the Tianxuan Galaxy.

This was also the reason why Luo he had become so powerful after her trip to the ancientspirit Galaxy.

Luo he must have had many fortuitous encounters.

"The battle hasn't even started yet. Isn't it unreasonable to decide the outcome?"

Another Godking who supported ye chen, the hunchbacked old man, said.

Ye Chen's heaven-defying talent had won him a good impression.

He did not believe that a heaven-defying prodigy like ye chen would do something he was not confident in.

"Hehe, look, ye Chen's here."

"Ye Chen's here."

"That's ... Ye chen?"

At this moment, everyone saw a figure appear out of thin air on the fighting ring. It was ye chen.

At this moment, Luo he had already arrived.

"Second stage true God? Hahaha, you want to fight Luo he with such a low cultivation base? what a joke!"

"A mere second stage true God wants to fight with Luo he. It's ridiculous to the extreme!"

Many of the godkings who supported Luo he could tell ye Chen's true cultivation base with a glance and laughed out loud.

"The battle hasn't even started yet. How do you know that ye chen isn't Luo he's match?"

The hunchbacked old man's eyes were filled with anticipation. Of all the people present, only he and the fated kin believed that ye chen could win.

"This Junior Brother is growing too fast. He actually reached the second stage of true God so quickly. However, it's impossible for him to be Luo he's opponent."

At this moment, the eldest senior brother's expression was very ugly as he said.

"Senior brother, you don't understand Junior Brother. Junior Brother wouldn't do something he's not confident in."

The second senior brother, Cao xiuming, trusted ye chen very much.

"If it was the previous battle with Luo he, I still believe that ye chen could win. However, Luo he's strength has become extremely terrifying after her trip to the ancientspirit Galaxy."

The eldest brother said.

Cao xiuming was shocked.

Luo he's current strength could be said to be unfathomable.

No one could predict how strong Luo he was.

"The old monsters of the immortal God Palace have come out."

"Those seventh, eighth and ninth level Godking realm old monsters have all come out."

"I didn't expect that this battle would attract so many old monsters."

Many of the God kings could feel powerful auras rising into the air. They were all at the seventh level of the God King realm or higher.

In the wasteland region, this kind of cultivation was almost invincible.

After all, the God King realm was the pinnacle.

"Ye Chen's finally here."

Everyone was looking forward to ye Chen's arrival.

Of course, they did not think that ye chen would be able to fight Luo he. Luo he's strength had become unfathomable and extremely powerful.

With Luo he's strength, ye chen was no match for her.

Ye Chen's challenge to Luo he was an extremely ridiculous act in itself.

No matter how powerful ye Chen's talent was, no matter how heaven-defying he was, it was impossible for him to improve to a level where he could fight against the Luo River within half a year.

Even the Luo he from half a year ago was not someone ye chen could contend with, let alone the current Luo he.

"I'm coming. "

Ye chen said loudly the moment he stepped onto the stage.

He was here.

He, ye chen, had come!

"You're quite bold. "

Luo he stood on the fighting ring, facing ye chen.

He sized ye chen up and a cold smile appeared at the corner of his mouth. "You're able to advance from seventh-stage immortal God to second-stage true God in half a year. I have to say that your talent is not bad."

It was still alright.

Ye Chen's talent had surprised Luo he but it was only a surprise.

Luo he had never taken ye chen seriously.

"I've already come to fulfill the promise we made half a year ago. You, Luo he, do you dare to fight me?"

Ye chen said coldly.

In the end, ye Chen's voice suddenly rose and spread throughout the entire scene.

Everyone was shocked.

Many people who had come from all over the wasteland region to watch the battle were stunned.

This ye chen was really going to challenge Luo he?

Did he not want to live anymore?

Ye Chen's cultivation base was merely at second-stage true God while Luo he's cultivation base was unfathomable.

Half a year ago, Luo he's strength was already enough to defeat a mid-stage Godking.

And half a year later, he had even swept away all the high-level divine kings.

He had even killed an expert at the peak of the eighth sky of Divine King realm.

Was ye chen capable of contending with such strength?

Even if ye chen was a heaven-defying prodigy who could fight a second level Divine King as a second level true God, he was no match for Luo he!

The immortals and the other old monsters sat in their seats with calm expressions.

"Hahahahaha!"

Luo he suddenly laughed out loud, "you're just a mere second stage true God ant. I really don't know who gave you the confidence to challenge me."

"To tell you the truth, I went to the ancientspirit star area this time. The environment there is not something that the manhuang area can compare with."

"You people are just a bunch of frogs at the bottom of a well, looking at the sky from the bottom of a well!"

Luo he coldly laughed.

Whoosh!

The faces of the spectators turned ugly. Luo he was basically scolding all of them.

He scolded them for being frogs in a well.

"Half a year ago, you were an ant in front of me. Now, you are still an ant!"

Luo he indifferently replied.

"Whether I'm an ant or not, we'll know after this battle."

Ye chen sneered.

"Very well, since you want to challenge me, I will accept."

Luo he took a step forward.

BOOM!

An unparalleled aura burst forth from Luo he's body. It was so powerful that it was beyond imagination.

"I will let you understand that the gap between you and me is so huge that you will never be able to cross it."

Luo he coldly replied.

Whoosh!

After speaking, Luo he flew up into the air.

In the wasteland region, it was best for experts of their level to fight in the sky, so that they could display their full strength.

Of course, if they were in a high-level star area, it would be the same no matter how they fought.

As for the fighting stage, it was just a decoration.

"Swish!"

Ye Chen's figure also appeared in the sky, facing Luo he.

"Let's fight. "

Ye chen said indifferently.

"I will let you understand that your confidence is nothing in front of me!"

BOOM!

An incomparably powerful aura burst forth from Luo he's body. It was as if an ancient God had descended from the heavens. The aura of a third level Godking erupted forth.

Third level of the Godking realm.

That's right, the third level of King God Realm.

Luo he's cultivation base was at the third level of Godking, one major realm higher than ye chen 's.

"My God! Luo he is actually at the third level of the Godking realm!"

"He killed a peak eighth level Divine King expert with a single move!"

"A third level Divine King killing a peak eighth level Divine King. Isn't this heaven-defying?"

The crowd cried out in alarm, each and every one of them was like a pot that had exploded, setting off stormy waves.

They were all extremely shocked.

### [Chapter 2623 2628-Battling Luo River!](#)

"Third level of King God Realm. It's over. This time, Little Junior Brother is in trouble."

The eldest senior brother and Cao xiuming's faces turned ugly.

Third level Godking. This had far surpassed ye chen. It was a major realm.

Ye Chen's cultivation base was only at second-stage true God.

Furthermore, Luo he's combat strength could not be described by the realm.

"There's no need to rush. "

However, the fated great immortal smiled faintly. He had a feeling that ye chen was not as simple as he seemed.

"Ant, I only need one move to kill you."

At this moment, high up in the sky.

Luo he said jokingly.

He was at the third level of the Godking realm, and his battle prowess was unfathomable.

In his eyes, ye chen was just an ant.

"BOOM!"

Ye Chen's body also erupted with an extremely powerful energy, like the eruption of a ten-thousand-foot volcano, with infinite power.

"Luo he, from the very beginning, when I offended the Godking Union, you were already dead,"

Ye chen shouted. His aura was no less than Luo he 's.

"You're quite capable indeed. "

When Luo he saw that ye Chen's aura was so strong, she could not help but feel surprised. However, she still did not take ye chen seriously.

"Since you want to die, I'll fulfill your wish. Divine yang energy!"

Luo he clenched her fist.

BOOM!

BOOM!

A powerful aura burst forth from Luo he's body. The scorching and violent aura was like a Hundred Suns that had descended, enough to burn the endless space.

BOOM!

A dazzling Crimson Fist ray shot toward ye Chen's direction, forming a Crimson pillar of light.

The surrounding space of tens of billions of kilometers was melted.

One had to admit that the space in the manhuang region was too fragile.

Furthermore, the strength of Luo he's punch was simply too powerful.

It caused the space within tens of billions of kilometers to melt.

"What a powerful attack!"

"This is too terrifying."

"It's a good thing they're high up in the sky, or we'd all be dead. "

At this time, when everyone saw a dazzling pillar of light in the sky, they were all extremely shocked.

He was too strong.

And this was only a casual punch from Luo he.

Its power was actually so terrifying!

"It's indeed powerful. "

Ye chen did not do anything in the face of this punch. He flipped his palm and the myriad destruction Broken Sword appeared.

"Slash!"

Ye chen roared and swung his sword down.

A gray-white sword radiance burst out, tearing the infinite space apart and colliding with the fist radiance.

Hong long long ...

After a series of earth-shattering roars, ye Chen's figure retreated a few thousand kilometers. On the other hand, Luo he had only retreated a few steps.

"He's indeed very strong. "

Ye chen could feel an extremely violent energy surging through his arm. It was scorching hot like a heatwave.

Luo he's strength was indeed powerful.

"What?"

When Luo he saw this, she was surprised. She had thought that her punch would be enough to finish off ye chen.

The power of this punch was definitely not something a second stage true God could withstand. Even a fifth stage or sixth stage King God Realm expert would be killed by this punch.

At this moment, everyone was completely shocked.

It exploded.

"Heavens, he blocked it. He actually blocked it."

"He blocked it! He blocked Luo he's attack!"

"This is too terrifying!"

"Luo he's punch could definitely kill a fifth or even sixth level Divine King expert in an instant. To think that it was blocked!"

The crowd was in an uproar.

They were all extremely shocked.

Luo he's earlier attack could definitely kill a sixth level Divine King expert.

Even the spectating God King experts shuddered in fear.

However, ye chen had blocked the punch and merely pushed it back.

One could see how heaven-defying ye Chen's combat strength was.

"Little Junior Brother, you're so strong!"

At this moment, the eldest senior brother and Cao xiuming revealed a trace of joy.

They had initially thought that ye chen was no match for Luo he. However, now it seemed that although he was not Luo he's match, he could at least contend with her.

This made them overjoyed.

"Is this all you've got?"

At this moment, high up in the sky.

Ye chen shook his head slightly and said disappointedly.

Although Luo he's punch earlier was merely a casual punch, ye chen had also casually swung his sword.

Luo he had not used her full strength and ye chen had not used his trump cards.

"Your fighting power is indeed heaven-defying. You can block my punch with your Second Sky of true God Realm. In the ancientspirit star area, you can be considered a hero!"

Luo he sneered before saying sternly, "however, I'll let you experience what true power is!"

"The power of the divine sun, eight divine domains!"

"Fist of light and sun!"

**BOOM!**

The eight great divine domains on Luo he's body appeared at the same time. None of them were low-level divine domains.

The eight great divine regions were the standard of God King level experts.

He believed that if he used the eight great divine realms, he could easily beat ye chen to a pulp.

"Fist of light and sun!"

An incomparably scorching and berserk aura burst forth from Luo he's body, as though she was the sovereign of the world.

With a boom, a fanatical fist light with destructive power shot out, shattering the endless space.

The terrifying temperature even burned the space within a radius of tens of billions of kilometers.

The power of this fist radiance was much stronger than the previous one.

"It's indeed very strong, Bone Dragon!"

Ye chen flipped his palm and the bone dragon divine sword appeared.

At the same time, he used the great increase in strength technique, and the aura on his body suddenly doubled!

"Break!"

Ye Chen's figure moved forward and he slashed out with his sword.

A gray-white sword light with infinite Thunderbolt power slashed out. The magnificent power directly collided with the fist light.

With a loud boom, ye Chen's figure was sent flying back tens of thousands of kilometers.

"How is that possible?"

Upon seeing this, Luo he revealed a look of extreme surprise. How was this possible?

This punch of his could definitely kill a seventh level Divine King expert.

Ye Chen's cultivation base was merely at second-stage true God, yet he could actually block his punch?

Did this not mean that ye Chen's combat strength had already reached the eighth level of Godking?

With the cultivation base of the second stage of true God Realm, he was comparable to the eighth stage of King God Realm. How heaven-defying was this?

"He's indeed not simple. "

At that moment, many Divine King experts of the immortal God Palace, as well as the old monsters at the eighth and ninth level of the divine King realm, looked extremely serious.

The strength displayed by ye chen and Luo he was no less than these old monsters.

The most shocking person was ye chen.

Ye Chen's cultivation base was clearly only at second-stage true God.

He was actually this strong?

At this moment, the great immortal, eldest senior brother, Cao xiuming, and the others all smiled when they saw ye Chen's powerful combat power.

Ye Chen's strength had far exceeded their expectations.

#### [Chapter 2624 Divine Battle Body!](#)

Ye Chen's cultivation base was clearly only at second-stage true God. There was a huge gap between him and Luo he.

Logically speaking, ye chen would not have been able to withstand even one move.

However, the combat power that ye chen had displayed was already very abnormal.

Luo he's punch was extremely powerful. It was enough to kill a seventh level Divine King expert.

Even an eighth firmament Divine King expert might not be able to block that attack.

However, ye chen, a second-stage true God, had blocked it.

Heaven-defying!

It was really heaven-defying!

A word appeared in everyone's mind, and that was heaven-defying.

Ye Chen's combat strength was too heaven-defying.

"Not simple! He's not simple. If he continues to grow, his potential will be extraordinary. "

Even the old monsters of the immortal God Palace couldn't help smiling.

The talent that ye chen had displayed was too powerful.

He was only at the second stage of true God Realm, but he already had the fighting power of an eighth stage true God Realm expert. What if he was at the third or fourth stage of true God Realm?

Wouldn't that be even more shocking?

It was too heaven-defying!

At this moment.

High up in the sky, Luo he's face turned dark after two consecutive punches that had failed to defeat ye chen. He felt a little angry.

"Kid, I admit that you're quite strong, but do you think that you can fight me with this strength?"

Luo he coldly shouted,"next, I'll let you witness my true strength!"

That's right, Luo he didn't even use her full strength.

Upon hearing this, everyone's faces turned serious. The following collision was the highlight. Luo he was going to use her full strength.

With Luo he's strength, once she used her full strength, it would definitely be earth-shattering and devastating.

Could ye chen still hold on?

"BOOM!"

In the next moment, Luo he's body burst forth with a blinding, multi-colored light.

Then, the light turned golden, a dazzling golden color.

Hong long long ...

A vast and boundless might pressed down. This might brought with it an incomparably divine power, as if a divine Lord had descended.

"What?"

"What is this?"

"What a wonderful power!"

"What kind of power is this?"

After everyone saw this scene, they were all stunned. Strong, it was too strong. Although this force was sacred, there was no doubt that it was strong in essence.

It was too powerful!

They didn't doubt at all that if this energy was used, it could even kill a peak eighth firmament Divine King.

"This is the divine battle body!"

At this moment, the old monsters of the immortal God Palace all recognized this body constitution.

The divine battle body.

In the vast universe, there was also a ranking called the eternal body ranking.

To be able to be ranked on the list of 10000 ancient physiques, each of them was an extremely heaven-defying physique. It was as easy as eating and drinking for them to fight across several small realms.

The divine combat body was ranked in the 9000s on the list of eternal physiques.

Even though it was only the last, its power was already terrifying enough.

After all, these were the most dazzling and terrifying 10000 types of body constitutions in the universe. Each of them was extremely heaven-defying.

"It's over, it's over. "

"No matter how strong ye chen is, he can't fight against Luo he."

"Once the divine combat body is out, who can compete with it?"

Many of the old monsters shook their heads. Ye chen was finished this time.

The power of the divine combat body was extremely terrifying. It was extremely powerful in increasing one's combat strength.

Luo he's previous two punches were like clouds and mud compared to the one from the divine battle body.

Ye chen was finished.

"Not good."

Even the great immortal was shocked.

The divine combat body was a member of the eternal physiques list. It was extremely terrifying.

Ye chen was in danger.

At this moment, the golden light on Luo he's body had already become more and more dazzling. It had become incomparably divine and solemn.

At the same time, Luo he's powerful aura was too strong. It was enough to crush an eighth level Divine King to death.

"Divine battle body?"

Ye Chen's eyes narrowed. He did not expect Luo he to have such a trick up her sleeve.

"Brat, everything is over. You're dead."

Luo he indifferently replied.

He was many times stronger than before when he activated the divine battle body.

If ye chen still had the strength to withstand two punches, he would probably be killed by Luo he in one move.

"It's over. Ye Chen's done for. "

"This time, ye Chen's dead."

"It's such a pity for such a powerful genius. "

The crowd shook their heads and sighed. Ye chen was no match for Luo he.

Luo he's strength was already extremely powerful. Now, she had even used the divine combat body.

Even a peak eighth firmament God King wouldn't be a match for her.

A month ago, Luo he had relied on the divine combat body to kill the expert at the peak of the eighth level Divine King realm.

It could be said that even the old monsters of the immortal God Palace might not be a match for Luo he.

Ye chen was merely a second stage true God. He was definitely not Luo he's match.

"Half a year ago, I regarded you as an ant. Although you have become stronger now, you are still an ant in my eyes!"

Luo he's figure suddenly rose up a few dozen meters before she sent a punch downwards.

"Holy fist!"

BOOM!

An extremely dazzling fist radiance swept across the space within a 100 billion kilometers with an extremely violent power.

When this punch was thrown out, it was as if a huge blazing sun had appeared between the heavens and earth, extremely dazzling.

Even the old monsters of the immortal God Palace were shocked by the power of the punch.

The power of this punch was too powerful.

Boom! Boom! Boom!

Everyone could only see a ball of light like the blazing sun, flashing madly in the sky. Then, the next moment, a punch landed on ye Chen's body.

Whoosh!

Ye Chen's entire body trembled violently from the impact. He flew backward and flew to a place where no one could see him.

"Has it ended?"

"Have we been defeated?"

"Ye chen lost?"

No one could see what ye Chen's condition was, so they were all guessing.

He was defeated.

He was definitely defeated.

The power of that punch just now was too terrifying and powerful.

Even a peak eighth firmament Divine King expert would be killed with a single punch, let alone ye chen, a second tier true God.

Ye chen, what could he use to block it?

Ye chen must be dead.

"What a pity. A peerless genius has fallen just like that."

Many of the old monsters shook their heads, feeling that it was a pity.

With ye Chen's talent and the amazing combat power he had displayed, it was possible that he would surpass Luo he in the future.

Even if Luo he had the divine battle body.

"Little Junior Brother, he died just like that?"

At that moment, the eldest senior brother and Cao xiuming's faces were extremely ugly, even a little pale.

They did not dare to doubt whether ye chen was dead or not because Luo he's punch earlier was too powerful. It could blow up anything.

That kind of power.

### [Chapter 2625 Eight Peak-Grade God Domains!](#)

With ye Chen's second stage true God cultivation base, how could he withstand that kind of power?

Ye chen had really died.

"What a pity, great immortal wondrous fate. Such a good disciple of yours has fallen just like that."

"Sigh, what a pity!"

All the old monsters looked at the great immortal, shook their heads, and left.

"Who said my disciple is dead?"

Miracle immortal frowned. Suddenly, a smile appeared on his face.

"Swish!"

At this moment, a figure rushed up from below and appeared in the sky, facing the Luo River.

It was ye chen.

"What?"

"Ye Chen's not dead yet?"

"Ye Chen's not dead yet?"

Everyone revealed incomparably shocked expressions, each and every one of their hearts greatly shaken.

Ye Chen was still alive after being hit by such a powerful punch?

Moreover, it seemed that Ye Chen's energy had not weakened at all!

"Heaven-defying, this is really heaven-defying."

"He's not dead even after facing such a punch!"

"A second-tier true God Realm expert received a punch from a third-tier King God Realm divine combat body. Heaven-defying, he's really heaven-defying!"

"Is he really only at the second stage of true God?"

At this moment, everyone was in an uproar, discussing madly.

It was too shocking.

The talent that Ye Chen had displayed was too heaven-defying and abnormal.

Even an expert at the peak of the eighth tier of God King realm would be killed by Luo He's divine battle body.

However, not only did Ye Chen not die, but his energy did not weaken in the slightest.

It was too amazing.

In the sky.

Facing Luo He's golden glow, Ye Chen sneered.

"Luo He, is this all you've got?"

Ye Chen said calmly, "if this is all you've got, then I'll have to fight back."

What?

The corners of Luo He's mouth twitched as her face darkened.

"Brat, that punch just now didn't kill you. You're just lucky to have survived. How dare you talk big? you're really arrogant and ignorant!"

Luo He's expression was extremely cold as she roared in a low voice.

"Oh? Is that so?"

Ye Chen raised the bone dragon divine sword in his hand.

"If that's the case, then I'll show you my true strength."

Everyone was shocked by his words.

How was that possible?

Could it be that ye chen had not used his full strength?

However, this was impossible. Ye Chen's cultivation base was clearly only at second-stage true God. It was already extremely shocking that he could fight Luo he to this extent.

Did he really not use his full strength?

"To see your full strength?"

Luo he's eyes narrowed. For some reason, she could sense a dangerous aura from ye chen at this moment.

This aura was very real.

Could it be that ye chen really had a way to threaten him?

Luo he shook her head slightly. It was impossible too. With the power of her divine combat body, ye chen, a second-stage true God, could threaten her?

It was simply whimsical.

With Luo he's current strength, how could ye chen threaten him?

This was simply impossible.

No matter how strong ye chen was, he was only a second-stage true God. It was already extremely shocking that he could erupt with such combat power.

He wanted to be stronger? how was that possible?

"Eight great divine regions, rise!"

At this moment, ye chen growled.

Boom, boom, boom, boom!

Rays of strange light appeared on ye Chen's Bone Dragon divine sword.

"Didn't you want to see my strongest power? then I'll let you see it!"

Ye chen raised the bone dragon divine sword in his hand. The next moment, countless purple Thunderbolts burst out from the bone dragon divine sword.

The ancient thunder!

"Kill!"

Ye chen swung his sword.

The sword radiance shattered countless spaces. Like a seven-colored torrent, it charged madly in the direction of the Luo River.

"What?"

Luo he's heart trembled violently because she could feel the might of this sword. It was extremely powerful, and it even gave her a sense of danger.

"Divine battle body, divine fist, break!"

Luo he roared as she clenched her fist. A golden light flashed and she threw a punch. A golden fist light collided with the sword Qi.

In the next moment, the sword Qi sliced the Golden fist radiance in half. Then, with an unstoppable force, it charged towards Luo he.

What?

How was that possible?

When the crowd saw this scene, they all stood up with their mouths wide open. They were all stunned on the spot.

How was this possible? ye chen had defeated Luo he's attack with one sword strike?

How was that possible?

"Block it! Block it!"

Luo he roared in anger as she continuously punched out countless fist radiance. Finally, she managed to defeat the sword radiance with great difficulty.

Even so, he was in a sorry state.

"How is this possible? how can your sword be so powerful?"

Luo he's expression was extremely ugly. The power that erupted from ye Chen's sword was probably enough to kill a ninth level Godking.

If he had not used his full strength in time, he would not have been able to block this sword.

This was something that Luo he could not accept.

"Oh my God, are those the eight great divine regions?"

"That's right, eight great divine regions!"

"How is that possible? look, that's the undying God domain, time God domain, light darkness God domain, space God domain ..."

"Impossible. He's only at stage two true God and he comprehended so many God domains?"

Everyone was shocked.

It was too unbelievable.

Ye chen had actually comprehended eight great divine realms.

One should know that ye Chen's cultivation base was only at second-stage true God.

Moreover, the most shocking thing was that the divine domains ye Chen had comprehended were all on the same level as the immortal Divine Domain. They were all top-notch divine domains.

There were eight types of top-tier God domains.

What kind of concept was this?

When an ordinary person comprehended a top-notch Divine Domain, they would already be called a peerless prodigy. For example, when ye Chen comprehended the immortal Divine Domain, he had been marveled by many old monsters of the immortal God Palace.

Comprehending eight top-notch God domains?

And he was even at the second stage of true God?

Not to mention the Manhuang region, even the vast Ancient Spirit Galaxy and the Tianxuan Galaxy didn't have such a heaven's favorite!

"It seems that the situation is really going to change."

The crowd was shocked. The situation of the battle was truly ever-changing. A moment ago, Luo He had unleashed her divine battle body and displayed an invincible might, sending ye Chen flying with a punch.

Now, ye Chen had unleashed eight divine realms and displayed unparalleled power. He had beaten Luo He into such a sorry state with one sword strike.

At that moment, the eldest senior brother and Cao Xiuming were extremely excited.

Ye Chen had actually been hiding his strength. His true combat strength was actually this strong.

The two of them were extremely excited.

In the sky, ye Chen and Luo He were facing each other.

"Your sword light is so terrifying. But it's impossible for you to defeat me!"

Luo He roared in a low voice. After which, an incomparably resplendent golden light erupted from her body.

The golden rays of light formed a protective shield that shielded the Luo River.

"This is my Divine Domain. If you want to break through my Divine Domain, it's simply impossible."

Luo He coldly laughed.

Not even a ninth level Godking would be able to break through his Divine Domain.

### [Chapter 2626 2631-Defeat!](#)

The divine Domain was the domain unique to the divine battle body, and its defensive power was extremely powerful.

If she were to use her Divine Domain, Luo he's defense would reach a terrifying level. Even a ninth level Godking would not be able to break through.

His Divine Domain was just that powerful. Even ninth level godkings were unable to break it.

"Ye chen, do you still think you have a chance to defeat me?"

Luo he said indifferently, as if she was already in an undefeatable position.

In truth, after using the divine Domain, he was already undefeatable.

Unless it was a peak ninth tier Divine King expert, no one would be able to break through his defense.

However, he believed that ye Chen's strength had not reached the peak of the ninth firmament Godking.

Although ye Chen's previous attack was terrifying enough, it was at most an attack on the level of a ninth level mid Godking.

It was still far from the peak of the ninth level of the Godking realm in terms of power.

To destroy his Divine Domain?

It was impossible.

"Oh? Are you so sure that I can't break through your turtle shell?"

Ye chen raised an eyebrow as he looked at Luo he, who was shrouded in a light barrier.

"You can break it? How laughable. Let alone you, even a late ninth level Godking would not be able to break through my Divine Domain!"

Luo he sneered as she spoke in disdain.

Ye Chen's strength was indeed shocking but it was impossible for ye chen to break through the divine Domain.

Just as Luo he had said, not even a late ninth level Godking could break through the divine Domain.

Ye chen could do it?

How was that possible?

"Oh, really? Then I'll show you what true power is. "

Ye chen smiled faintly. He held the bone dragon divine sword and poured the divine energy in his body into it.

The divine energy in ye Chen's body began to boil wildly, erupting with an extremely powerful aura.

At the same time, eight balls of light of different colors flickered on his Bone Dragon divine sword. They were the eight great divine regions.

"Ancient thunder!"

Ye chen held the bone dragon divine sword and raised it high, then slashed down!

Whoosh!

A sword projection cleaved space in half, carrying with it a destructive might that slammed into the divine Domain.

BOOM!

Under everyone's shocked gazes, a stream of sword Qi struck the barrier of the divine Domain.

And then, everyone saw that the divine Domain only swayed a little. Not even a crack appeared, let alone being shattered.

"What a strong defense!"

"What an abnormal defense!"

"How can there be such an abnormal defense?"

"It seems like ye chen can't do anything to Luo he."

Everyone cried out in surprise. Even with the power of ye Chen's sword, it could not shake the divine Domain in the slightest.

One could easily imagine just how powerful the defense of the divine Domain was.

Just as Luo he had said, even a late ninth tier Godking would not be able to break the divine Domain, let alone ye chen.

However, everyone's eyes were still filled with shock because ye Chen's cultivation base was only at second-stage true God.

He was only at the second stage of true God Realm, yet he was able to accomplish such a magnificent feat and force Luo he to be on the defensive.

This kind of combat strength was already extremely shocking and shocking.

Regardless of whether ye chen could defeat Luo he in today's battle, at least ye chen had displayed his unparalleled strength.

At least, ye Chen's combat strength had been displayed. No one dared to underestimate ye chen anymore.

This was only the second stage of true God. When ye chen attained the third, fourth, fifth, or sixth stage of true God ...

By then, how freakish would ye Chen's combat strength be?

No one could imagine it!

"Ye chen, I've told you. You can't do anything to me."

Luo he coldly laughed.

"Is that so?"

Ye chen, however, revealed a mocking smile.

The next moment, ye chen raised the bone dragon celestial sword high again.

"Purple-gold pill! Hurry up and help me!"

Ye chen transmitted his voice to the purple-gold pill in his body.

"Brat, you need me to take action for such a small matter? are you a piece of trash?!"

The purple-gold pill said in disdain.

"If you kill this Luo he, all of his flesh and divine battle body will be yours."

Ye chen said.

With the defensive power displayed by Luo he, ye chen would not be able to defeat Luo he even if he used all his trump cards.

Therefore, he needed the purple-gold pill to help him.

"Alright, I'll help you this once."

When the purple-gold pill heard about the divine battle body, he immediately became excited. He could devour everything. If he could devour the divine battle body, his strength would be restored to an extremely profound level.

The most amazing thing was that if he devoured the divine combat body, he could also replicate the divine combat body for ye chen, giving ye chen the power of the divine combat body.

It was very magical.

"Attack!"

Ye chen raised the bone dragon divine sword high and then suddenly slashed down.

Shua!

A beam of sword Qi shot out.

The sword Qi looked very ordinary, without any magnificence.

However, under the power of the purple-gold pill, the sword Qi was extremely terrifying.

"Such an ordinary sword Qi?"

"What is ye chen trying to do?"

"Such a simple sword Qi. Does he really think that this sword Qi can break through the divine Domain?"

"Is he crazy?"

Everyone exclaimed in shock.

"What a joke."

A cold smile appeared on Luo he's lips. This sword Qi wanted to destroy his Divine Domain?

It was too laughable.

"Block it!"

Luo he used her Divine Domain to block this sword Qi.

However, in the next moment.

An extremely terrifying power burst out from the sword Qi.

Chi Chi Chi!

The divine Domain, the indestructible Divine Domain, was instantly torn apart by the sword Qi. Then, under everyone's shocked gazes, the sword Qi ruthlessly swept past Luo he's body.

"Ah!"

Luo he let out an incomparably shrill cry as her entire body was sliced into two.

"What?"

"How is that possible?"

"How is this possible?"

When everyone saw this scene, they were all shocked. With a whoosh, they stood up and stared at the sky in shock.

How was that possible?

Once Luo he activated her Divine Domain, even a late ninth level Godking would not be able to do anything to her. This was without a doubt.

However, it was this simple sword Qi that had actually torn apart the divine Domain.

How was that possible? How was this possible?

Was ye chen that strong?

"Luo he, it's time to end this."

Ye chen growled. In a flash, he charged madly in the direction of the Luo River.

"Ah, no, how could you possibly defeat my Divine Domain? It's impossible!"

Luo he roared.

Logically speaking, not even late ninth level godkings would be able to break through his Divine Domain.

How did ye Chen's strength increase so much that he could destroy his Divine Domain in an instant?

[Chapter 2627 The Might Of The Divine Combat Body!](#)

This didn't make sense.

"Nothing is impossible. Luo he, be good and go!"

Ye chen sneered. He reached out his hand and produced a force of attraction, directly pulling Luo he over.

Luo he, whose Divine Domain had been destroyed, had completely lost her combat power, so she was caught in ye Chen's hand in an instant.

"No, no, what do you want to do? what do you want to do?"

Luo he struggled madly but it was useless. Even at her peak, she was unable to break free, let alone now ...

"What do I want to do? You'll know soon enough. "

Ye chen sneered.

In Luo he's eyes, that sneer of his was extremely sinister.

"Purple-gold pill. It's up to you how to extract the divine battle body."

Ye chen transmitted his voice into his body.

"Haha, the divine battle body is a special body on the eternal body list. I didn't expect that one would appear in the desolate Wildlands!"

The purple-gold pill was extremely excited."Let me devour his blood essence!"

Whoosh!

Everyone saw a medicinal pill fly out of ye Chen's body. Then, this medicinal pill appeared directly above Luo he's head and its light enveloped Luo he.

The strange thing was that all of Luo he's qi and blood was flowing towards this pill.

Luo he was a third level Divine King expert and possessed a divine combat body. As such, his blood Qi was extremely dense.

After a quarter of an hour, the purple-gold pill returned to ye Chen's body.

"Hahahaha, I've gained a lot this time. I've saved at least 200 million years of hard work!"

The purple-gold pill laughed.

" 200 million years? It's not that exaggerated. "

Ye chen asked in surprise.

"What's there to be exaggerated about, kid? it's a waste of time to cultivate for 100 million years in my current state. I might as well just devour the qi and blood of an expert!"

The purple-gold pill said,"I've absorbed this kid's divine battle body. I'll now give you a copy of it."

"Alright," he said.

Ye chen nodded slightly. At the same time, he felt a little excited.

The function of the purple-gold pill was extremely heaven-defying.

It could actually be replicated.

One must know that the divine fighting body was a member of the eternal physique ranking. It was extremely heaven-defying, as could be seen from the combat power displayed by Luo he when she activated the divine fighting body.

If he did not have the divine battle body, ye chen could kill Luo he with one strike.

Ye chen had also seen the power of the divine Domain. It was extremely powerful.

If he could obtain the divine combat body, his combat strength would definitely increase by a large margin.

"No, no, my power, my power!"

Luo he was struggling madly. However, to her despair, she realized that the blood Qi in her body had been completely sucked dry.

This wasn't much. His vitality had been drained, and he could recover it after some time. However, he suddenly realized that his divine combat body was useless.

In other words, he could no longer activate the divine battle body.

"Damn it, ye chen, what have you done to me?"

Luo he roared.

"I didn't do anything. I just wanted to borrow your divine battle body."

Ye chen sneered.

The next moment, ye Chen's fist landed on Luo he's body.

**BOOM!**

With the power of the eight divine domains, the fist radiance drowned the Luo River.

"Ah!"

Luo he let out a blood-curdling screech as her entire body was engulfed by the fist radiance, turning into ashes.

He was dead.

Luo he, the Alliance master of the godly King Alliance, a godly King of his generation, had died just like that.

A third level Godking expert had died at the hands of ye chen, who was only at second level true God.

"Dead, dead."

"The battle is over."

"Oh my God, ye chen actually won."

"Unbelievable, this is truly unbelievable!"

At this moment, the crowd was in an uproar. Everyone was extremely excited.

The battle was finally over.

And the final winner was ye chen, whom they had the least faith in.

One should know that ye Chen's cultivation base was only at second-stage true God.

A second stage true God actually defeated Luo he, who was a third stage Divine King. This was simply heaven-defying.

Even heaven-defying was not enough to describe it.

This was completely heaven-defying.

Everyone knew that after today's battle, ye Chen's name would certainly spread throughout the Wildlands.

Ye chen would become a household name.

At least, that was the case in the Wildlands.

"This Junior Brother is amazing. He can even break the divine battle body!"

At this moment, the eldest senior brother and Cao xiuming were already grinning from ear to ear.

He was so happy and excited.

Ye chen had defeated Luo he, the Alliance master of the godly King Alliance, with a crushing force.

One must know that Luo he was a third level God King. She could kill the two of them with a single breath.

Ye chen, on the other hand, had swept through the Luo River.

When they thought about how the little guy at the immortal God stage had grown to this point, the two senior brothers laughed.

He was too excited.

At this moment, everyone was in a frenzy.

However, ye chen was absorbing the power of the divine battle body.

"This divine battle body is truly wondrous. Luo he has yet to even unleash its full power."

Ye chen slowly let out a breath.

At this moment, the purple-gold pill had completely replicated the divine battle body for him.

As for ye chen, a new message had appeared in his mind. It was the cultivation method of the divine battle body and the activation method of the divine Domain.

There were also various things to take note of.

The divine combat body was a member of the eternal Constitution list, and it was extremely heaven-defying.

Therefore, there was a corresponding cultivation technique for cultivation, called the divine sacred technique.

Of course, without the divine battle body, the divine sacred technique would be useless as it could not be cultivated.

"The divine battle body is actually so profound."

The corners of ye Chen's mouth curled up. Then, he flew in another direction and left the battlefield in an instant.

He planned to find a cave and cultivate in it.

In a cave.

"Divine battle body!"

Ye chen roared.

BOOM!

Ye Chen's body erupted with a golden radiance. It was incomparably resplendent, just like Luo he 's.

However, there were eight other colors on ye Chen's body, which were the eight great divine realms.

Although Luo he was heaven-defying, she had not comprehended many types of divine domains. Otherwise, she would not have lost to ye chen so easily.

"Shatter!"

Ye chen threw a punch in front of him.

"Boom boom boom ..."

The boundless space was directly punched through by this punch. A fist radiance pierced through the void and exploded an unknown area of space.

Ye chen could not help but be dumbfounded. Strong, too strong.

After activating the divine combat body, the power of his casual punch was equivalent to a sword attack with all his trump cards.

It was too shocking.

If he were to use the bone dragon divine sword, the strengthening technique, the primeval Thunder, and the eight great divine regions ...

In that case, the power of ye Chen's sword might be comparable to the weakest Emperor God.

It was too terrifying.

Of course, in theory, it was only the weakest Emperor God. No matter how weak an Emperor God expert was, they were not someone that a God King could compare to.

### [Chapter 2628 Demonic Remains!](#)

A peak God King expert would only be able to step into the God Emperor stage after comprehending all eight God domains to rank four.

The Emperor God Realm was not that easy to cross. At the very least, it was a hundred times more difficult than a real God stepping into the king God Realm.

Of course, an Emperor God was much more powerful than a Divine King. Even the weakest Emperor God could kill countless experts at the peak of the divine King realm in seconds.

However, ye Chen's punch was so terrifying that it felt like it was comparable to the weakest Emperor God.

This was truly unbelievable.

Although ye chen had gotten rid of Luo he, he still had a few enemies who were very powerful.

They were the shengling sect, the angel clan, the Soul Clan, and the undead clan of the Tianxuan Galaxy.

The strength of these enemies was many times stronger than that of Luo he.

Ye Chen's current strength was still not enough. He had to become stronger as soon as possible.

Ye chen was overjoyed to see the divine combat body's explosive power.

With the divine combat body, ye chen could even defeat a peak ninth tier Godking with a single punch!

Unless he encountered a divine Emperor.

Otherwise, ye chen would be almost invincible.

His current strength made him one of the invincible godkings, as if he was an invincible ninth-level immortal God. He could easily kill an ordinary peak Godking.

An invincible ninth-level immortal God could sweep away ordinary ninth-level immortal gods.

With ye Chen's current strength, if he were to unleash his full combat power, he could sweep away peak Godking powerhouses.

"Let's go back and meet up with master and the others. "

Ye chen retracted the divine combat body and turned into a stream of light, rapidly flying in the direction of the celestial Palace.

.....

Ever since ye chen had defeated Luo he, everyone in the Wildlands had heard of ye Chen's name.

It was a household name with a great reputation.

Of course, although ye chen had defeated Luo he, he was a nobody in the vast Tianxuan Galaxy.

After all, even though a battle between godkings was powerful, it was nothing in the mysterious Sky Star field.

"Master, I'll be leaving."

Ye chen bade farewell to the great immortal, his eldest senior brother, Cao xiuming, and the others before leaving.

He sat on the teleportation formation and returned to the Tianxuan Galaxy.

His current strength was not bad, but he was still far from being able to face the angels, souls, and undead.

He had to at least reach the God Emperor level to have the possibility of saving his life.

Therefore, ye chen wanted to find a sacred place for cultivation and start cultivating.

"Sacred War Stone."

Ye chen intended to obtain this divine Warstone.

It was said that the divine battle body could actually be awakened one more time, to become the divine infinite body.

Once the awakening was successful, the power of the divine battle body would increase by countless times.

Their abilities would be even more powerful if they were at the same level.

Therefore, ye Chen's current plan was to look for the Holy War Stone.

Hard work paid off. Ye chen soon found the whereabouts of the Holy War Stone.

"It seems like it won't be easy to obtain this sacred Warstone."

Ye chen could not help but feel a little helpless when he found out about the whereabouts of the Holy War Stone.

The Sacred War Stone appeared in an ancient ruin.

Someone had only seen it before.

It might not really exist.

However, ye chen still had to make a trip to the ancient ruins for the sake of this Sacred War Stone. The ancient ruins were called the Empyrean Demon Ruins and were extremely dangerous. Anyone below the seventh level of Godking realm would be courting death if they entered.

As a result, those who entered were usually experts at the seventh level of Godking or above.

It wasn't an easy task to seize the Sacred War Stone from so many powerhouses.

One had to know that although the divine War Stone was not very useful to people without the divine war body, it could still be used to absorb and increase their strength.

It was also quite precious.

Therefore, the temptation of the Holy War Stone was not small at all.

"Let's go. "

Ye chen did not hesitate and immediately headed to the heavenly demon relic.

When he arrived at the entrance of the demonic remains, he found that there were already many people gathered there.

They were all experts.

None of them were weaker than a seventh level Godking.

Of course, there were also quite a few true God level experts or those who hadn't even reached the seventh level of the divine King realm. However, they were all heaven's pride experts, so their battle strength naturally couldn't be described by realm.

They were all existences who could fight above their level.

"Second stage true God?"

"A mere second stage true God also dares to come and fight for the treasure. What a joke!"

"Get him out of here!"

When they saw ye chen walking over, everyone frowned. A mere second-tier true God ant dared to come to the heavenly demon remains and fight for treasures?

He simply didn't know what death was!

"Brat, get lost. Otherwise, die."

One of the burly men stepped out, his eyes ferocious as he growled.

"The people of the shengling sect?"

Ye chen glanced over and noticed a medal on the burly man's chest. It was the symbol of a member of the shengspirit sect.

"That's right, I'm from the shengling sect. Are you afraid?"

The large man sneered.

The shengling sect's power was extremely great even in the profound sky Galaxy, let alone this true God second stage kid.

This kid was probably going to be scared to death!

"Oh, the people I'm about to kill are from the shengling sect."

Ye chen grinned.

Silence.

The space was silent.

W-what did he just say?

The people he was about to kill were from the shengling sect?

Everyone's expression turned into one of ridicule. Ye chen was simply seeking his own death. A mere second-stage true God trash also dared to be so arrogant.

It seemed that he was really a fool.

"A mere true God second stage trash dares to provoke the shengling sect?"

"Hahaha, I'm dying of laughter. A true God second firmament otherworldly demon ruin is extremely laughable in itself!"

"He still dares to provoke that burly man? he really doesn't know what's good for him."

"That burly man is at the seventh level of the God King realm. I'm afraid he'll be blown up with a single punch."

Everyone laughed.

Laughable, this was too laughable.

The cultivation base that ye chen had displayed was only at second-tier true God. Among the people who were preparing to enter the heavenly demon's remains, he was like an ant.

Although there were some true God-level characters among them, the lowest was at the eighth stage of true God Realm. Moreover, their fighting power was extremely strong, and the weakest was comparable to the sixth stage of Divine King realm.

A second stage true God?

In their eyes, they were no different from ants.

"Kid, you're looking for death. Do you know who you're talking to?"

The burly man's face sank as he growled.

He was a dignified seventh stage God King expert of the shengling sect, yet he was actually looked down upon by a true God second stage brat.

This was simply courting death!

"How about this, it's not too late for you to kneel down now, and I might spare your life. If you don't kneel down, only death awaits you."

Ye chen said indifferently.

Silence.

The space was silent again.

It was so quiet that even the sound of a pin dropping on the ground could be heard clearly.

Everyone's mouth was wide open, looking shocked.

What was he saying?

To make a seventh level Godking man kneel?

[Chapter 2629 List Of 10000 Talents, 8100!](#)

This was the seventh stage God King realm, not the seventh stage true God Realm.

Even if ye Chen's combat power was monstrous and could fight across realms, ignoring seventh stage true God, it was impossible to ignore seventh stage Godking.

The seventh stage of the God King realm was much stronger than the seventh stage of true God Realm.

Had ye chen gone crazy?

"W-what are you saying? do you know what you're saying?"

The burly man trembled with anger. He was a seventh level Divine King realm expert, but he was actually clamored to kneel down by a second level true God Realm brat.

This was a great humiliation!

"Brat, die!"

The burly man was furious to the extreme and finally made a move.

BOOM!

The burly man grabbed at the air, and a shocking power burst out. The powerful force caused the space to explode.

"I'm finished. "

"That kid is finished."

"Without a doubt, that kid is dead for sure."

"That kid is finished."

"What a powerful attack. He's definitely done for against this attack."

Everyone said one after another.

A seventh level Godking's attack could easily kill a sixth level Godking.

And a strike from a sixth level Godking could easily kill a fifth level Godking.

The difference was too great.

It was impossible for ye chen, a second-stage true God, to fight against the burly man.

Everyone looked at ye chen as if they were looking at an idiot.

He was too arrogant and presumptuous.

A second stage true God clamored to make a seventh stage God King kneel down. They had never seen such an arrogant person.

"Get lost!"

However, at this moment, ye chen threw a punch.

The divine battle body!

Great enhancement technique!

Ten thousand Zhang Long lightning!

Eight great divine regions!

He had used all his trump cards.

Ye chen burst out with all his strength. A golden light enveloped ye Chen's body, erupting with the power of the divine battle body.

Originally, ye Chen's strength was equivalent to a late ninth tier Godking. Now that he had activated the divine combat body and burst out with full power, he could sweep away peak ninth tier godkings.

Even a hundred ordinary peak ninth level divine kings would not be enough to beat him.

"Not good!"

"How is that possible?"

Feeling the power of this punch, the burly man's expression changed drastically. How could this be? how could this be?

The power of this punch made him tremble deeply.

"Ah, block it, block it!"

The burly man roared in anger. He grabbed at the fist radiance with his palm, trying to block it.

However, it was useless.

"Ah!"

Just as his palm caught the fist radiance, it was as if he had caught a mass of terrifying energy, and his entire body instantly exploded.

Death.

A seventh level Divine King expert had died just like that.

Facing the current ye chen, it would be a wonder if he did not die.

Under the power of the eight great divine domains, it was impossible for this burly man to regroup. This was because the difference in strength was too great.

"What ..."

When everyone saw this scene, each and every one of them was greatly shocked.

How was that possible?

A second stage true God Realm actually crossed a major realm plus five minor realms and killed a seventh stage Divine King realm expert?

How was this possible?

It was too unbelievable.

"You, you actually killed a member of our shengling sect! You're courting death!"

At this moment, an aura that was countless times stronger than the burly man's erupted with a loud bang.

The ninth level of the Godking realm.

Moreover, he was at the late stage of the ninth level Godking realm.

A young man in a white robe stepped forward. With every step he took, his aura grew stronger.

Ninth level Godking late stage.

That's right, this white-robed youth was a peak expert at the late ninth level of the divine King realm.

"Oh my God, it's the Azure Dragon from the shengling sect!"

"Azure Dragon, it's the Azure Dragon!"

"Azure Dragon, 8430th on the list of 10000 talents!"

Everyone exclaimed in shock.

Only then did ye chen notice that the young man's cultivation base was only at the third level of Godking. However, his aura was comparable to late ninth level Godking.

Such a battle prowess was not much weaker than Luo he 's.

Of course, that was only when Luo he did not activate her divine battle body.

"Brat, you've killed the experts of my shengling sect. You deserve to die a thousand times!"

The Azure Dragon said indifferently as if ye chen was an ant that he could kill easily.

In reality, even though that burly man was at the seventh level Divine King realm, in terms of strength, he was who knows how many times weaker than the Azure Dragon.

Even though Azure Dragon is only at the third level of Divine King, his strength is comparable to the late ninth level of Divine King.

It was said that he had once killed a peak eighth level Divine King expert with a single move.

It was extremely terrifying.

Therefore, he did not take ye chen seriously.

"You, kneel down. Otherwise, you'll end up like that burly man."

Ye chen said indifferently.

Silence.

The space fell silent again.

Everyone's mouth was wide open as they looked at ye chen as if he was a fool. Ye chen was really a madman.

Facing a super expert like the Azure Dragon, he still dared to look down on the Azure Dragon and clamored for the Azure Dragon to kneel.

The Azure Dragon was a member of the list of 10000 talents.

In terms of battle strength, Azure Dragon is much stronger than that burly man.

"Don't tell me he still has something to rely on?"

When he saw ye Chen's calm expression, Azure dragon's heart stirred.

However, the punch that ye chen had used to defeat the burly man was extremely terrifying. Even the Azure Dragon was not confident in resisting it.

The reason why he stood out was because there were still people in the dark.

"Senior brother Gu, come out. If you don 't, I can't deal with this kid."

Azure Dragon roars.

**BOOM!**

An extremely powerful aura burst out.

A black-robed young man walked out step by step.

Powerful!

It was too powerful!

The black-robed young man's aura was like that of a demonic god, causing everyone's expression to change.

"Gu Wanxiu, ranked 8100 on the list of 10000 talents."

Everyone could not help but think of a name.

This was an extremely terrifying existence.

It was said that Gu Wanxiu was once chased by over a dozen peak ninth layer Divine King realm experts. Not only did he not die, but he also killed eight of them.

This kind of strength was simply shocking.

In terms of strength, Gu Wanxiu was much more powerful than Luo he, who had activated the divine combat body.

"Senior brother Gu."

After seeing this black-robed youth, Azure Dragon's face revealed a happy expression.

"You, are not his match. Step down."

Gu Wanxiu said coldly. He was talking to the Green Dragon.

"Senior brother Gu, don't underestimate him."

Azure Dragon's expression was extremely solemn after he retreated.

He could see how terrifying ye Chen's punch was.

Although he did not use the bone dragon divine sword, ye Chen's punch was enough to kill a peak ninth level Godking.

This kind of combat power was already shocking. It must be known that ye Chen's cultivation base was only at the second stage of true God.

"Kid, you're very strong."

Gu Wanxiu's face turned serious and said.

"I'm strong?"

Ye chen touched his nose. He did not think that he was very strong.

In the face of powerful existences like the ancient demons, ye chen was completely powerless.

"That's right. You're very strong, so I'll need to use all my strength to deal with you."

Gu Wanxiu stretched out her hand and clenched it!

BOOM!

A long Lightning Spear appeared in Gu Wanxiu's palm.

A Lightning Spear appeared in Gu Wanxiu's palm out of thin air.

Then, he suddenly grabbed the lightning Spear, exploded with a shocking energy, and threw it in ye Chen's direction!

Whoosh!

A Lightning Spear with unparalleled power shot toward ye chen!

"What a terrifying attack!"

"Heavens, that's so terrifying!"

"What a powerful attack!"

"How can there be such a powerful attack? is this really something a Godking can do?"

Everyone was dumbstruck when they felt the powerful might of this spear.

Strong, he was too strong.

The power of the spear was too strong. It could definitely kill a peak ninth level Godking expert easily.

Gu Wanxiu used all her strength in this attack.

"This is the lightning divine territory."

"His lightning divine territory has already reached the fourth rank."

"A Tier 4 lightning divine territory. I'm afraid only God Emperor powerhouses would have the comprehension of a Tier 4."

"No wonder this attack is so powerful!"

"This time, that kid is finished."

Everyone was shocked.

Tier 4 God's domain

It was actually a Tier 4 God's domain.

One had to know that ordinary God kings had only comprehended the rank two God domain.

Gu Wanxiu, on the other hand, was only at the fifth level of the divine King realm.

This was already enough to shock the world.

For a fifth-level Divine King to comprehend the lightning divine territory to the fourth rank, it could be said that it would be a piece of cake for Gu Wanxiu to become a celestial Thearch in the future.

"It's indeed powerful. "

Ye Chen's pupils constricted when he felt the power of this attack. The power of this attack had far exceeded Luo he's punch after activating her divine battle body.

Luo he's divine combat body was only capable of killing a late ninth tier Godking expert.

The power of the lightning Spear was enough to easily pierce through a peak ninth tier Divine King expert.

"Bone Dragon!"

Ye chen suddenly took out the bone dragon divine sword.

BOOM!

Great enhancement technique! Eight great divine regions! The ancient thunder!

He used all his trump cards and the myriad Destruction Sword technique!

Shua!

The golden light shone on ye chen. After activating the divine combat body, ye chen was very excited. This was his first time using the divine combat body against an enemy.

He would let him see how powerful the divine battle body was.

BOOM!

A beam of sword Qi burst out, and the dazzling sword Qi made everyone's expression change.

"How is that possible?"

Even Gu Wanxiu's expression changed drastically when she felt the terrifying pressure of the sword Qi.

BOOM!

The sword Qi tore the lightning Spear apart almost instantly, and then went in Gu Wanxiu's direction.

"Not good! Lightning protection! Block it!"

Gu Wanxiu's expression changed drastically after she realized what was going on. She could not help but shout and form a Lightning Shield in front of her, trying to block the sword Qi.

However, the moment the sword Qi collided with the shields, all the shields exploded.

"Ah!"

Gu Wanxiu screamed in pain and retreated a few thousand kilometers away.

"....."

Silence.

There was a moment of silence.

Everyone's mouth was wide open, looking dumbstruck.

One sword!

Gu Wanxiu, who had comprehended the lightning divine territory to the fourth level, was defeated with just one sword.

The person who defeated Gu Wanxiu was only at the second stage of the true God Realm.

It was unbelievable!

It was really unbelievable!

If they had not seen it with their own eyes, they would not have believed it.

"Oh, Oh my God!"

"Heaven-defying, this is heaven-defying!"

"This man is simply a peerless monster!"

"This is too heaven-defying!"

Everyone couldn't help but swallow their saliva, feeling deeply terrified.

Ye Chen's cultivation base was only at the second tier of true God, but his combat strength could defeat Gu Wanxiu with one sword strike.

What kind of freak was this?

This was too ridiculous!

"Does anyone else have any objections to me entering the demonic remains?"

Ye Chen stood in the air and looked down at the crowd as he spoke indifferently.

Boom, boom!

Right at this moment, two incomparably powerful auras soared into the sky.

Ye Chen's expression changed slightly because these two auras far exceeded the peak of ninth level Godking.

Divine Emperor!

That's right, they were two real Emperor gods.

"Kid, I admit that you're very powerful, but we'll have to rely on our own strength to fight for the treasures later."

An Emperor god level expert, who was a bald burly man, stepped out and said.

"When we fight for the treasures later, we'll naturally rely on our own strength."

Ye Chen nodded slightly.

He only needed the Holy War Stone.

"Hmph, he's just a second-stage true God. So what if he defeated Gu Wanxiu?"

The other God Emperor expert was a black-robed young man. This black-robed young man had a gloomy expression because he was a member of the shengling sect.

Furthermore, he was a core disciple of the shengling sect.

The inner sect disciples of the shengling sect had to be at least at the ninth level of the God King realm while the core disciples had to be at the first level of the God Emperor realm.

Although ye chen could defeat Gu Wanxiu with one strike, the black-robed young man believed that ye chen was no match for him.

He was an Emperor god level expert, how could he not defeat a stage two true God?

No matter how heaven-defying ye chen was, he was only at second-stage true God.

However, ye Chen's display of combat power had already made him rather apprehensive.

Even he did not dare to say that he could defeat ye chen.

"BOOM!"

At this moment, terrifying airwaves came out from the depths of the demonic remains.

"The demonic remains have opened."

Everyone's face lit up. The demonic remains had finally opened.

Some of them who had arrived earlier had even been waiting here for a few days.

"Let's go, let's go,"

"Remember, don't provoke the two Emperor gods and that kid!"

"That kid's strength is unfathomable. He might be comparable to an Emperor God!"

Everyone turned into a stream of light and headed toward the depths of the ruins.

At the same time, they became rather fearful of ye chen.

If it was not a last resort, they would never want to meet ye chen.

"Hehe."

Ye chen shook his head slightly. He was also very unhappy with the divine Emperor of the sacred Spirit sect.

If that Emperor God wanted to compete with him, he wouldn't mind letting that Emperor God feel his powerful fighting power!

Ye chen had only used two-thirds of his strength in that strike.

He did not know if he could match an Emperor God with his full power.

Of course, a God King and a God Emperor were two completely different things.

No matter how many peak ninth level God kings there were, they would not be a match for an Emperor God.

However, ye chen had defeated Gu Wanxiu with one strike. He was qualified to challenge the divine Emperor.

Gu Wanxiu was someone who could kill a peak ninth firmament Godking in seconds, but he was defeated by ye chen with one strike.

Therefore, ye chen was still qualified to fight against the divine Emperor.

However, he would only know the exact situation after they fought.

Ye Chen's figure moved and he also headed toward the depths of the heavenly demon remains.

The Empyrean demon's remains were left behind by a Supreme expert above the Divine Master level, which meant that it was left behind by a heavenly venerable expert.

Some of these treasures were even coveted by divine Lord experts.
