

Genius 2631

[Chapter 2631 Fighting A Divine Emperor!](#)

Some of these treasures would even make divine Lords go crazy.

Let alone these young fellows who were not even God emperors.

Therefore, the remains of the heavenly demon were very attractive to everyone.

However, the otherworldly demon's remains only opened once every 100000 years. Therefore, the number of times that they had entered it was not many. Moreover, there were many traps inside.

It was very difficult to find treasures.

Therefore, there were still many treasures left inside.

For ye chen, it was of great use to him.

It could allow ye Chen's divine battle body to awaken to the divine infinite body.

The moment ye chen entered the ruins, he immediately felt the cold air around him.

"This place is indeed wondrous."

Ye chen frowned. He discovered that there was a mystery of the divine realm in the air. It was called the divine realm of fog.

Of course, he wouldn't try to comprehend this kind of God domain. He would only try to comprehend it if it was a top-grade God domain.

There was a limit to the God domain that each person could comprehend.

It was already the limit for normal heaven's favorites to comprehend 12 God domains.

Top geniuses could comprehend fifteen God domains, which was the limit.

Ye chen estimated that he could at least comprehend more than a dozen divine realms.

Therefore, he planned to use all of these God domains to comprehend the top-tier God domains.

This way, the power would be countless times stronger than an ordinary divine realm.

"Who's that?"

At this moment.

Suddenly, a loud roar came from the front.

Then, ye chen saw a group of people surrounding the front and fighting madly. In front of them was an altar.

On top of the altar, there was a crystal. The strange crystal emitted a golden glow. Ye chen recognized it at a glance. It was the Holy War Stone.

"I'm quite lucky. "

Ye Chen's eyes brightened. He did not expect to find the Holy War Stone as soon as he entered the heavenly demon remains.

His luck was indeed not bad.

"Since that's the case, then all of you, get lost!"

Ye chen suddenly took a step forward and rushed forward.

"Not good, it's that kid."

"It's the guy who defeated Gu Wanxiu with one sword strike!"

"Retreat, quickly retreat!"

"Quickly retreat!"

When the crowd saw ye chen charging at them, their expressions changed drastically. This was a joke. This was the ruthless man who had defeated Gu Wanxiu with a single strike. They were no match for ye chen at all.

When they saw ye chen approaching, although they were unwilling and wanted to get the Holy War Stone, they still chose to retreat.

They really did not have the courage to resist ye chen.

"Haha, I've got the divine Warstone."

Ye chen stretched out his hand and the Holy spar on the altar immediately flew out and into his palm.

"Brat, get lost!"

At this moment, a powerful aura soared into the sky, and then a palm print with the power to topple mountains and overturn the seas came madly.

Ye Chen's eyes narrowed. Then, he slashed out with his sword. A ray of sword Qi, with an incomparably sharp edge, split the palm print in half.

Ye chen took a few steps back. Only then did he see clearly that the person who had ambushed him was the black-robed young man from before.

He was also one of the two Emperor god level experts who entered The Omen Ridge.

"Brat, hurry up and hand over the Sacred War Stone!"

Although the black-robed young man was surprised that ye chen could block his palm, he still said coldly.

"This is mine. It's in my storage ring. Why should I give it to you?"

Ye chen laughed coldly, full of disdain.

What a joke. Since the Holy War Stone had entered ye Chen's storage ring, it was now ye chen 's.

Although the black-robed young man was an Emperor God, with ye Chen's current strength, he might not be afraid of him.

"Good, good, very good. You're courting death, rising devil palm!"

The black-robed young man's eyes narrowed. Then, with a loud roar, he sent a palm toward ye chen.

BOOM!

A gray palm print with a terrifying aura attacked ye chen.

This palm was enough to kill Gu Wanxiu.

"I'll try it with a random sword. "

Ye Chen's mind moved and he slashed with his sword.

This strike was just a casual strike.

BOOM!

Unsurprisingly, the sword Qi was instantly crushed by the palm print. Then, the palm print landed on ye Chen's body, forcing him to retreat.

"Haha, that's all you can do!"

The black-robed young man's eyes brightened. He had thought that ye chen was very strong.

So this was all he had.

"Kill, kill, kill! Hand over the Sacred War Stone!"

The black-robed young man turned into a mad demon and charged at ye chen.

Ye chen did not use any of his trump cards. Instead, he was relying on his own combat strength to fight the black-tag young man.

Soon, ye chen realized that if he did not rely on his trump card, he was no match for a Celestial Emperor.

Even if he was only a first level God Emperor.

"Haha, that's all you've got!"

The black-robed youth laughed.

"Oh? Is that so?"

However, at this moment, ye chen smiled.

BOOM!

Ye chen suddenly slashed out countless sword shadows, instantly tearing the palm print apart.

"How is that possible? You've been hiding your strength?"

The black-robed young man's expression changed as he saw this scene. He roared in anger.

At this moment, how could he not know that ye chen had been hiding his strength when he fought him?

But how was that possible? It was already a miracle that ye chen, an ant with a second-stage true God cultivation, could fight him, let alone hide his strength in front of him.

This was too unbelievable.

"Ah, ah, ye chen, you're actually pretending to be a pig to eat a Tiger!"

The more the black-robed young man fought, the more he felt ye Chen's terrifying strength. He could not help but roar in anger.

"A God Emperor level expert only has this much strength? if you want to blame someone, you can only blame yourself for not having enough strength!"

Ye chen sneered.

The black-robed young man felt extremely sullen.

What did he mean by not being strong enough? he was clearly a genuine Emperor God.

They could only blame ye chen for being too powerful.

Who would dare to believe that a stage two real God could fight with an Emperor god level expert and even force him into a disadvantageous position?

This was truly unbelievable.

That was almost two major realms above them!

The black-robed youth was extremely shocked. Heaven-defying, this was really heaven-defying.

If ye chen was allowed to successfully leave this place, he would grow to a terrifying extent.

Moreover, the black-robed young man knew that elder ancient demon had put a bounty on ye chen.

There were also the angel race and the soul Race.

That was why the black-robed young man knew that ye chen was the enemy of the shengling sect.

However, the black-robed young man had not expected ye Chen's combat power to be so terrifying and powerful.

He was even stronger than him.

The black-robed young man knew that if ye chen was allowed to grow, the shengling sect would be doomed.

"Hmph, I won't play with you anymore."

The black-robed young man snorted coldly and left in a flash.

He was going to call for help to get rid of ye chen.

If they did not get rid of ye chen, it would be a huge disaster for the sacred Spirit sect.

Ye chen smiled.

[Chapter 2632 2637-One Punch To Kill!](#)

Ye chen smiled because he had already obtained the divine Warstone.

The next step was to use the divine Warstone to awaken the divine battle body.

Ye Chen's figure flashed and he left the place. He had decisively found a safe place.

"Purple-gold pill, protect me."

Ye chen said.

"Alright," he said.

The purple-gold pill knew that just being a guardian would not consume much of his energy. Therefore, it appeared around ye chen to help protect him.

When one was cultivating, the most important thing was to not be disturbed.

If they were disturbed, they would suffer a serious blow.

To cultivators, they must not be disturbed when they were cultivating.

"Holy war Stone, pay!"

Ye chen roared.

Buzzzzzz!

A sacred crystal appeared out of thin air above ye Chen's head and hovered there.

Ye chen closed his eyes because he could feel a terrifying power from the Sacred War Stone.

If he could absorb this energy, it would definitely increase his overall strength by a large margin.

Currently, he was only fighting a first-level battle with a divine Emperor.

He might not even be able to defeat a first stage God Emperor.

However, if he absorbed it, he didn't know how much his strength could be improved!

"Absorb!"

Ye chen roared. His entire body's divine energy surged and boiled, erupting with a shocking might.

Then, the power of the Holy Stone was directly extracted.

After an unknown amount of time.

BOOM!

Ye Chen's body burst with golden light. However, this layer of golden light became even more dazzling and dazzling.

"Divine infinite body, done!"

Ye chen opened his eyes and smiled.

He did not expect to succeed so easily.

He had thought that it would be a painful experience.

"Let's test its power. "

Ye chen clenched his fists. He felt an extremely powerful force appear on his fists.

BOOM!

With one punch, heaven and earth would be destroyed!

A ray of fist radiance pierced through the void, penetrated the space, and exploded the space.

A huge mountain in front of him was directly blown apart by a single punch.

"What powerful strength!"

Ye Chen's pupils contracted slightly. Strong, too strong.

Such power was probably equivalent to a second level Emperor God.

One must know that this was the mysterious Sky Star field, and he could blow up a mountain with one punch. If this were the manhuang region, this punch could at least destroy hundreds of billions of kilometers of space.

It was known as the world-destroying fist.

And this was only a casual punch.

If he used the bone dragon divine sword, how powerful would it be?

"What?"

Just then, ye chen felt a shocking energy rushing toward him.

Whoosh, whoosh, Whoosh!

Three figures appeared in front of ye chen in a flash. Their speed was unbelievably fast.

Then, another figure arrived. His speed was also extremely fast, but he was much slower than the three figures.

"It's you. "

Ye Chen's eyes flickered because the last figure to arrive was the first level divine Emperor black-robed young man from before.

The identity of the remaining people was self-evident. They were all powerhouses of the shengling sect.

"Hahaha, ye chen, you're dead. You're dead. With so many of my senior brothers here, I'll see how you die!"

The black-robed youth laughed out loud.

"Junior Brother, there's no need to talk nonsense with this person. He's just a mere second stage true God. He's like an ant, like trash. I can kill him in one move."

One of the red-robed young men said indifferently.

What a joke, they were second level Emperor God experts.

Second level Emperor God!

Compared to a first level God Emperor, he was more than a few times stronger.

They were not on the same level at all.

"Look, what's that?"

"Are those the experts of the shengling sect?"

"That kid, isn't he the one who defeated Gu Wanxiu with one sword strike? It looks like he's finished. "

When the crowd saw this, their pupils shrank. Ye chen was finished.

How could ye chen survive in the face of so many masters?

"Kid, I'll kill you with one move."

The red-robed youth stepped forward. BOOM!

He suddenly took a step forward, and an extremely powerful aura soared into the sky.

"Brat, hand over the sacred Warstone and your entire family. As long as you watch me humiliate them, I'll let you live. How about it?"

The red-robed youth said indifferently.

Silence.

The space was silent.

No one doubted that ye chen would refuse.

As long as he handed over his wife and daughter to the red-robed young man, ye chen could live.

When it came to life, no one would choose the former.

"Hehe."

Ye chen grinned. However, they did not notice that ye Chen's eyes were filled with killing intent.

"Brat, why don't you quickly hand over your wife and daughter for my senior brother to play with? You ant-like thing, true God second stage trash!"

The black-robed young man shouted, "hurry up! You piece of trash, you're going to die today!"

BOOM!

The next moment, ye chen moved.

One punch!

He directly punched!

He punched out!

Ye chen threw a punch. A ray of fist light instantly flew out and appeared in front of the black-robed young man.

This punch seemed to travel through time and space. Even the few second level Emperor God experts could not react in time.

"Ah, senior brother Chi, save me!"

The black-robed young man's expression changed drastically. He let out a miserable cry, and then he was directly submerged by the fist radiance.

Bang! Bang!

The black-robed young man was blown up.

Then, an extremely terrifying force instantly squeezed the black-robed young man who was reforming. Then, the black-robed young man let out a few screams.

Boom, boom, boom!

After a few consecutive explosions ...

There was no more sound.

An Emperor God expert was dead.

He died just like that.

He was killed by ye Chen's punch.

Silence.

The space was silent.

Everyone looked at this scene with their mouths agape. Each and every one of them was dumbfounded and dumbfounded.

Whoosh!

Everyone was in an uproar!

"Heavens, one punch, just one punch!"

"He killed an Emperor God with one punch!"

"Heaven-defying, this is really heaven-defying!"

Everyone was screaming.

This was heaven-defying!

Ye chen was going against the heavens.

He killed an Emperor God with one punch with his second stage true God Body!

This battle would definitely go down in history!

"Brat, you dare to kill my Junior Brother!!"

At this moment, the red-robed young man, who was called senior brother Chi, roared in anger.

"Brat, you're worse than a pig or a dog! How dare you kill the disciples of my shengling sect! I'm going to kill you! I'm going to cut off all your limbs and soak you in a water tank!"

Senior brother Chi roared. His words were filled with viciousness. It was obvious that he had done this kind of thing many times.

"You talk too much nonsense!"

Ye chen sneered and threw a punch.

"What?"

Feeling the power of this punch, senior brother Chi's expression changed drastically, because he actually felt a deep threat from this punch.

But how was that possible?

He was a second level Emperor God super expert and could kill a first level Emperor God with a flick of his finger.

[Chapter 2633 2638-Killed In One Strike!](#)

Even with his strength, he still felt threatened by this punch?

"Hmph, it's just a small trick. Break! Scarlet Flame spear!"

Senior brother Chi was a second level God Emperor expert. He stretched out his hand and a flame spear appeared. He then threw the flame spear with all his might!

Whoosh!

The long spear pierced through the air with unparalleled power!

BOOM!

The spear and the fist radiance collided heavily like a meteorite crashing into the earth. After that, layers of terrifying air waves erupted and swept in all directions.

"Pfft!"

Senior brother Chi spat out a mouthful of blood. His eyes were filled with shock. How was this possible? the power of this punch was so terrifying that it even injured him?

On the other hand, ye chen stood still, calm and composed.

The difference was too great.

"It's indeed powerful. The power of this divine infinite body is indeed incomparably terrifying!"

Ye chen was overjoyed.

The power of his full-force punch had injured a second level Emperor God.

The power of this punch was probably at the peak of second level Emperor God Realm.

The infinite divine body was indeed powerful!

"Brat, I want you to die, I want you to die!"

Senior brother Chi roared after he recovered from his shock.

He had only attacked in a hurry just now, so the power had not been fully displayed.

Otherwise, with his strength, an ordinary second level Emperor God was not his match. How could he be injured by ye Chen's punch?

"Fire god, descend! Monstrous flames!"

Senior brother Chi was completely enraged.

Ye chen, who was no different from an ant in his eyes, had actually injured him.

This was a great humiliation.

Therefore, he had to kill ye chen to wash away this humiliation.

"Didn't you want me to hand over my wife and daughter to you? Then you're destined to die!"

Ye Chen's cold voice was heard.

The next moment.

"Bone Dragon divine sword!"

Ye chen reached out and the bone dragon divine sword appeared.

"Full combat power, activate!"

BOOM!

Ye Chen's body exploded with an aura that made people's hearts palpitate, making the hearts of senior brother Chi and the others jump wildly.

How was that possible?

Senior brother Chi's expression changed drastically because he felt an extremely strong threat from ye chen.

"Everyone, quickly join forces and help me. This beast is too heaven-defying!"

Senior brother Chi roared.

"You want us to join forces to deal with an ant?"

"He is not an ant. His power is probably comparable to a peak second level Emperor God."

"Let's attack together and kill him!"

Everyone's cold voice fell.

"I don't care if you're working together or not. As long as you threaten my family, you'll all die!"

Ye Chen's voice fell.

These people were here to kill him.

Moreover, he had humiliated him in various ways.

This meant that these people in front of him were destined to die!

"What big words!"

"This brat really thinks that he is a third level God Emperor."

"What a joke!"

The few second level Emperor gods sneered. With their strength, if they joined forces, they could definitely kill ye chen.

"Swish!"

However, the next moment, they were greeted by a sword Qi.

It was an extremely dazzling sword Qi.

This sword Qi was ye Chen's full-powered strike.

Even the surrounding space and time began to crack under the power of the sword.

"What?"

Seeing the power of the sword, the few second level Emperor God experts were stunned. How was it possible?

How could this sword be so powerful?

"Block it, block it!"

"Block it!!!"

The few Emperor God experts, including senior brother Chi, roared in anger.

However, would they be able to block ye Chen's sword energy with just a roar?

At the next moment, the sword Qi tore apart their joint defense. Then, the sword hit one of the second stage Emperor gods.

"Ah!"

This second level Emperor God let out a shrill scream and his entire body was split into two.

And the power of the eight great divine domains crushed him into powder directly.

Die!

A second level Emperor God expert was dead!

"How, how is that possible?"

At this moment, everyone was already completely numb.

The spectators were already numb.

Ye chen was too heaven-defying.

Previously, he had killed a first level Emperor God with one punch and now, he had killed a second level Emperor God with one sword.

And the person who had achieved all this was ye chen, a second stage true God.

Second stage true God Realm.

There was a difference of two major realms between him and a second level Emperor God.

Everyone wanted to know how ye chen had done it.

"Brat, you dare to kill a core disciple of my shengling sect? you're dead! You're dead! There's no place for you in this world!"

Senior brother Chi roared.

Ye chen had actually killed a second level Emperor God from the sacred Spirit sect.

This was simply a heinous crime.

"What are you? since you've come to kill me, do I have to stand still and let you hit me? What a joke!"

Ye chen sneered and said disdainfully, "also, you keep saying that I'm an ant. In my opinion, you're the ants."

What?

Senior brother Chi and the others were all dumbfounded.

Ye chen dared to call them ants?

They were all second level Emperor God experts.

Ye chen was a second-stage true God, yet he called them ants.

However, no one dared to doubt these words because the strength that ye chen had displayed was already equivalent to a third level divine Emperor.

"Brat, I want you dead!"

Senior brother Chi roared.

However, he was greeted by a sword.

An extremely dazzling sword Qi was slashed out.

Pfft!

Senior brother Chi's entire body was directly split in half. Before he died, he did not expect ye chen to attack him as soon as he said so.

They were the core disciples of the shengling sect.

How would ordinary people dare to kill them?

However, to ye chen, there was no difference because ye chen had already offended elder ancient demon, the Almighty of the angel clan, the Soul Clan, and even the undead clan.

He had already offended the undying Lord, so why would he be afraid of the shengling sect?

It was too laughable.

"He's dead,"

"Y-you dare to kill a core disciple of my shengling sect? you ..."

The remaining few second level God Emperor core disciples of the shengling sect were all trembling in fear.

Crazy!

This ye chen before her not only had monstrous combat strength, but he was also unafraid of the shengling sect. He was simply a lunatic.

They finally felt fear.

Initially, they had thought that they could kill ye chen as easily as killing a dog.

After all, ye Chen's cultivation base was only at second-stage true God.

What threat did a second stage true God ant have?

No matter how heaven-defying he was, he was only equivalent to a few levels of Godking. They were all Emperor gods and could crush ye chen with a single finger.

However, the combat power ye chen had displayed made them feel despair.

He was too strong.

A powerful second level Emperor God could not even withstand a single strike from ye chen.

Was ye chen really a second-stage true God?

He was clearly a third level God Emperor.

"Run!"

"Quickly run!"

When they saw ye Chen's cold eyes, the remaining people immediately turned into streams of light and tried to escape.

[Chapter 2634 Battling The Puppet!](#)

Want to escape?

Ye chen sneered. He held the bone dragon divine sword and swung it heavily.

BOOM!

A burst of sword Qi slashed out at an unbelievable speed. It flew out instantly and killed a second level Emperor God who was running away.

"Ah, ah, demon, you're a demon!"

"Dammit! Junior Brother Liu, how can you be afraid of this guy? we're the core disciples of the shengling sect! How could he dare to kill me...Argh!"

A series of screams rang out. They were all the sounds of people being slaughtered.

Ye chen was killing them mercilessly.

It had to be said that although these people were strong, ye Chen's strength was even stronger now. He was so powerful that it was unbelievable.

Killing a second level Emperor God was as easy as eating and drinking.

Ye chen estimated that his combat power could already fight a third level Emperor God.

In the Emperor God Realm, the gap between each stage was extremely huge.

Compared to the divine King realm, it was countless times larger.

A first level Emperor God was at least a world of difference. A level higher than the Emperor God Realm was equivalent to being invincible.

For example, if a third level God Emperor were to fight a second level God Emperor, even if a few hundred second level God emperors were to fight against a third level God Emperor, they would not be a match for him.

On the path of cultivation, the further one went, the more obvious this phenomenon would be. In the later stages, even one realm was enough to cross endless distances and reach the heavens in a single step.

It was like a level of the Divine Master realm.

"Shengling sect's core disciple, huh? that's the shengling sect I killed!"

Ye chen sneered.

The crowd was stunned after hearing this. There was actually someone who dared to offend the shengling sect on purpose? wasn't this person a little too bold?

One must know that the shengling sect was one of the overlords of the mysterious Sky Star region. Their strength was extremely terrifying, and they had a God Lord.

Such a force was actually looked down upon by a stage two true God brat.

It was truly shocking.

However, ye Chen's combat power was enough to make people break out in cold sweat, especially those who had wanted to snatch the Holy War Stone. At this time, they were all sweating.

What a joke! How could they possibly snatch the Holy War Stone with such a level of combat power?

Even though they were strong, they were only first level God emperors.

Among these experts, a first level God Emperor was already very amazing.

However, a first level Emperor God facing ye chen was clearly courting death.

Not to mention a first level divine Emperor, even a second level divine Emperor expert would be seeking death when facing ye chen.

It was a good thing they didn't make a move just now. Otherwise, they would have been dead bodies on the ground by now.

Everyone secretly rejoiced.

However, ye chen did not feel anything at all. He was very excited at the moment and did not know what the others were thinking.

"Let's continue. "

Ye Chen's figure flashed and he continued to venture into the depths of the heavenly demon remains.

He had already killed all the core disciples of the shengling sect that he had seen so far.

He reckoned that the shengling sect would go crazy if they saw him.

Of course, ye chen did not care.

"Who's that?"

Ye Chen's flying speed suddenly slowed down because he saw a group of puppets and a group of people fighting madly below.

"Let's go down and take a look. "

Ye Chen's figure moved and changed direction, flying downward.

When someone saw ye chen and recognized him, his pupils could not help but shrink.

They had been exploring the heavenly demon's remains earlier, so they had not seen ye chen kill many second level Emperor God powerhouses.

Even so, they knew that ye Chen's strength was not bad. After all, he was able to defeat Gu Wanxiu with one strike. He was not an ordinary person.

Therefore, they were still a little afraid of ye chen.

However, those who were able to make it to this place were all experts among experts. There were even quite a few who had the fighting power of a first level God Emperor. It was extremely shocking.

At this moment, they were fighting against the puppets.

"Kill, kill!"

"Kill all these puppets!"

"Brothers, use all your strength! As long as we kill all these puppets, we can enter and take more treasures!"

"Kill, kill!"

The crowd roared.

Treasure?

Ye chen looked over and realized that the depths of the heavenly demon remains were right in front of him.

The Empyrean demon relic was an ancient relic. There were countless treasures left behind, and there must be many rare treasures among them.

Treasures that even God Lords would be envious of could be found inside.

No wonder these people were so crazy.

However, if they wanted to enter the depths of the demonic remains, they had to defeat these puppets first.

"I'll try it too,"

Ye chen grinned.

He could see that it was clearly very difficult for everyone to fight against the puppets.

The strength of these puppets was obviously very powerful. In ye Chen's opinion, they were not much different from those second level God Emperor core disciples.

Especially in terms of power, an ordinary second stage God Emperor would be like this.

Screams were heard one after another. Many people who were not strong enough were even killed by the puppet Man with one punch.

Although those who had made it here were all experts, experts also had to look at their level.

Many experts, who were only at the first stage God Emperor realm, were not a match for the puppet men.

They were quickly killed.

Of course, there were also many experts who were fighting with the puppets. Some of them even had the upper hand.

Due to the large number of people, the puppet didn't have much of an advantage.

BOOM!

Ye chen took the initiative to attack one of the puppets. The puppet's aura burst out and was extremely powerful. It also threw a punch.

BOOM!

The two fists collided like two meteors crashing into the earth. The two terrifying forces shook violently.

When everyone saw this, they were all stunned. Ye chen actually dared to go head to head with a puppet?

With the power of the puppet, even if a second level God Emperor were to fight it head-on, they would not be able to do anything to it. They could only fight it out evenly.

However, ye chen, a second-stage true God, had actually taken the initiative to fight head-on with the puppet?

If this wasn't seeking death, what was?

However, the next scene made everyone's eyes widen and they were almost scared to death.

Bang! Bang!

The two fists collided, and then a majestic and terrifying giant force directly hit the air wave. The puppet's body trembled, as if it had encountered an unparalleled force, and was directly blasted away.

"What?"

"How is that possible?"

When everyone saw this scene, they were all dumbfounded. That was a puppet that was comparable to a second level Emperor God in terms of strength.

He was sent flying by ye Chen's punch?

Ye Chen's cultivation base was only at second-stage true God?

That puppet's strength was comparable to a second stage Emperor God, yet it was sent flying by ye Chen's punch?

How was this possible?

Ye Chen's cultivation base was clearly only at second-stage true God!

"It's just so. "

After sending one of the puppets flying, ye chen had a relaxed smile on his face. He had thought that the puppet would be very strong.

When he saw that everyone was struggling, he thought that the puppet was very strong. In reality, it was because everyone was too weak!

Ye Chen's first move easily defeated a puppet.

[Chapter 2635 Seven Slaughter Great Ultimate Array!](#)

Ye Chen's attack had easily sent a puppet flying.

Therefore, it was not that the puppet was too strong, but that everyone was too weak.

If ye Chen's thoughts were known to the public, they would probably vomit blood in anger.

What did he mean by they were too weak?

They were already very strong!

However, ye Chen's combat strength was simply heaven-defying among heaven-defying, abnormal among abnormal.

Who could defeat a puppet with a second-tier true God cultivation base like ye chen?

This was simply impossible.

"Kill!"

Ye chen roared and charged toward the other empty puppet.

Ye chen did not know what material these puppets were made of. They were extremely hard. If it were not for ye Chen's terrifying strength, he would not have been able to do anything to them.

Ye Chen's strength was terrifying enough. If it were anyone else, they would not be able to do anything to these puppets.

The most outstanding one among them was only able to gain the upper hand. It was impossible for them to defeat the puppet Man.

"Ancient thunder!"

Previously, ye chen had been using the power of the divine infinite body. Now, he was using all his trump cards.

BOOM!

The sword light instantly drowned a puppet. The terrifying sword Qi tore the space apart, creating cracks in time and space.

Bang! Bang!

A puppet was directly torn into nothingness.

"What?"

"My God! He killed a puppet with a single sword strike?"

"Oh my God!"

When everyone saw this scene, they were all stunned on the spot, each and every one of them dumbstruck.

It was too shocking.

The defensive power of these puppets was definitely among the second level Emperor gods and they were considered strong.

Even if everyone used all their skills, they could not do anything to these puppets.

However, ye chen had torn apart a puppet with one strike and killed it.

What kind of monster was this?

Isn't this too heaven-defying?

The crowd felt that ye chen was simply heaven-defying.

They had never seen such an abnormal monster.

Even the most heaven-defying heaven's favorites can't reach this level.

"A few more."

Ye Chen's eyes swept across the room and fixed on the other puppets.

At this moment, a few people in the crowd were fighting against these puppets.

It could be seen that they were having a hard time fighting. As the puppet's power was comparable to a second stage Emperor God and its body was extremely strong, they could not do anything to the puppet for a while.

"I'll do it. "

Ye chen stepped forward and slashed with his sword.

BOOM!

An extremely terrifying sword Qi instantly tore through time and space, crossing the distance of time and space. The eight great divine regions erupted at the same time.

With a bang, a puppet was directly split in half by the sword.

"Oh my God."

When the few of them saw this scene, they were simply scared silly.

It was too unbelievable.

They had fought hard for a long time and could not do anything to the puppet. Now, ye chen had killed it with one strike.

Ye chen was too heaven-defying.

"Kill, kill, kill!"

Ye chen roared and transformed into a God of Slaughter, madly charging at the puppets.

With his strength, it didn't take long for him to kill all the puppets.

It could be said that ye chen had killed all the puppets present.

"Eh? What is this?"

Just as he killed the last tall puppet, ye chen obtained a strange crystal.

This crystal looked dazzled with seven colors, flowing with brilliant light. It was extremely beautiful.

Ye chen decisively put away the crystal. Perhaps this crystal would have some use later.

"Quick, quick, let's follow him."

"Such an expert, there's definitely meat to eat if we follow him."

"Let's go, quickly follow!"

When the crowd saw ye chen exploring the depths of the heavenly demon's remains, they followed.

What a joke. This was an existence that could easily kill a second stage Emperor God puppet. If they followed ye chen, they would definitely have meat to eat.

In the depths of the demonic remains, even a random treasure would make them go crazy.

If they did not follow ye chen, they would easily be killed by the traps.

It was obvious that a powerhouse like ye chen was rare.

"The depths of the demonic remains are in front."

Ye chen suddenly felt that something was amiss.

Strange.

It was too strange.

Because up until now, he had not found a single treasure.

This didn't make sense.

"Ye chen, leave this place quickly."

At this moment, the purple-gold pill hurriedly said.

"What?"

Ye chen was slightly stunned. Why?

He had already made it this far, so why did he have to leave?

Could it be that there was some kind of danger that he couldn't deal with?

"If I'm not wrong, if you continue walking forward, there will be a great array inside. This great array is called the seven killing ultimate array, and it is enough to kill God Lords."

The purple-gold pill said, "it's obvious that the Empyrean demon's remains is to attract you in and then kill you all. No one will know if you die in the depths of the demonic remains. "

Ye chen was slightly taken aback. The seven slaughter great ultimate formation?

He could kill divine Lord experts?

Ye chen could not help but be shocked. Even a Divine Master would be killed. This Grand array was too terrifying.

Such a large array was definitely not something he could contend with at his current level.

Boom! Boom! Boom!

However, at this moment, ye chen felt the ground under his feet begin to shake wildly.

The ground was shaking.

Then, layers of light screens appeared behind them, blocking everyone inside.

"What's going on?"

"What's going on?"

Everyone was dumbfounded.

"Not good, ye chen. You've fallen into a formation."

The purple-gold pill jumped up and down. "It's over."

Ye chen was speechless. 'You only tell me it's over when I'm trapped in a formation.'

BOOM!

A gargantuan shadow appeared out of thin air in front of him.

"Hahaha, I set up this seven killing great ultimate formation to kill outsiders and get your blood essence. Today, I've got another batch of blood essence!"

A black human face appeared in the giant Phantom and laughed.

"What?"

"We've entered a trap!"

"Not good!"

After everyone heard this, they were all in a panic.

Some people attacked the light screen outside crazily, but they found that the light screen didn't move at all.

"How is that possible?"

The crowd couldn't help but feel a sense of despair.

They understood that they had fallen into a trap.

"The seven killing formation."

Everyone had also heard of this formation before, and each and every one of them revealed a look of despair.

This was a legendary formation that could even kill divine Lords.

With them? Wanting to escape was no different from a fool's dream.

"Ah!"

"Ah!" A scream was heard and black smoke rose from the ground. One of the first level Emperor God experts was burned to ashes.

"Ah!"

One by one, the Emperor God experts were burned to ashes.

This was the terror of the seven killing formation.

He was finished.

Everyone revealed a look of despair.

'I'm finished. '

Facing such a terrifying formation, they were dead for sure.

Ye Chen's expression turned serious. This was a formation that could even kill divine Masters.

He couldn't do anything about it.

"Swish!"

At this moment, ye chen suddenly felt the stone egg in his storage ring begin to shake wildly.

[Chapter 2636 2641-Desperate Situation!](#)

At that moment, the stone egg in ye Chen's storage ring suddenly began to shake violently.

What was going on?

What was going on?

Could it be that the stone egg was about to hatch?

Ye chen shook his head slightly. That was not right. Why did it have to hatch at this time and not at any other time?

It was really strange.

"He stopped?"

Ye chen was speechless.

He didn't expect the stone egg to shake a few times and then stop.

Ye chen had thought that the stone egg would do something but in reality, it did not do anything.

"This seven slaughter great ultimate formation ..."

Ye Chen's eyes narrowed as he looked at the formation. His eyes were very serious.

This formation was said to be able to refine even divine Lord experts. It was a life-ending formation that was extremely powerful.

Even a Divine Master expert would die if they were to encounter them, let alone these God Emperor-level young fellows.

This formation was too terrifying.

Ye chen could not think of any way to break it.

"What? The seven killing Grand formation?"

"This can't be real, this can't be real ..."

"Damn it!"

The crowd was already in a mess.

This was an array that could even refine divine Lord experts. If they fell into it, they would die without a doubt.

"Hahaha, you're all dead, you're all dead. You're all going to become my nutrients!"

The black human face laughed.

"Damn bastard, I'll kill you first!"

Someone roared and charged at the black face.

However, the strange thing was that his attack could not land on the black face at all. It was as if they were in two different spaces.

Ye chen finally realized that the dark face was invincible in this formation.

Unless the formation was destroyed, they would not be able to hurt the black face.

"Haha, a bunch of idiots. Obediently become my nourishment. All of you shall die!"

The black human face laughed.

The next moment.

"Ah!"

"Ah!"

A series of screams rang out. It was the sound of people being slaughtered.

One of the first level Emperor God experts 'body turned into pus and blood. It started from his feet and continued upwards.

"Ah no, no, I don't want to die, I don't want to die!"

The first level Emperor God expert was extremely panicked and shouted.

However, in the end, he still turned into countless pus and blood in despair.

Death.

A first level Emperor God expert died just like that.

"No, no, I don't want to die, I don't want to die!"

There were also second level Emperor God experts who realized that they had also started to turn into pus and blood. They could not help but be shocked and furious.

Ye chen also noticed that his feet had started to turn into pus.

"What should we do about the purple-gold pill?"

Ye chen asked, trying to calm himself down.

This formation should not be unbreakable.

"There's no other way. I can only use my power to buy you some time. This formation is too strong."

The purple-gold pill said. Then, it suddenly appeared above ye Chen's head to protect him.

As soon as the purple-gold pill was taken out, a strange force stopped the pus from forming. As expected, ye chen felt his body begin to reorganize.

However, according to the purple-gold pill, this situation should not last long. If this continued, ye chen would eventually follow in the footsteps of those powerhouses.

"Oh? This kid actually has a way to stop my seven killing ultimate formation? This is interesting!"

At this time, the dark face also noticed ye Chen's situation. He was a little surprised.

However, so what?

Ye chen would die sooner or later!

"Ah, don 't!"

"No, save me, save me!"

"No!"

Everyone died one after another.

All of them had turned into pus and blood, dying extremely miserably. One had to know that they could not regenerate in the formation, which meant that they would die Here forever.

Moreover, their bodies had become nutrients for the black face. Their bodies were at the level of Emperor gods and were very useful to the black face.

This black face was obviously the soul of some fallen ancient expert. It was lucky that it didn't die, so it set up a formation here to lure everyone in.

"This kid, let's see how long you can last."

When the black human face saw that ye Chen's feet still did not turn into pus and blood, he snorted coldly, extremely displeased.

He could also tell that ye chen was only a second-stage true God kid.

A stage two true God could actually resist his seven killing great ultimate formation for a period of time. This was simply unbelievable.

One must know that even those God Emperor experts could not last more than a few seconds.

At this moment, there were only a few people left among the crowd. They were all third stage God emperors and had managed to hold on until now with great difficulty.

However, at this rate, they would die sooner or later.

After all, this array could even refine divine Lord experts.

"Not good."

"I can't hold on any longer."

"Damn it! Damn the black human face!"

At that moment, a weaker third level Emperor God expert could not hold on any longer. His entire body showed signs of turning into pus and blood.

The next moment.

"Ah!"

An extremely shrill scream reverberated in the space. The third level Emperor God expert's body seemed to have been set on fire and he turned into a pool of blood.

Death.

This was the first third level Emperor God expert that had died.

When the remaining third level Emperor God experts saw this scene, they could not help but take in a deep breath. It was too terrifying.

The array was simply too powerful and terrifying. It was said that it could even refine divine Lords, and this was no exaggeration.

The seven killing ultimate formation was a terrifying formation from the ancient times. Until now, almost no one knew how to set it up.

It was only because the black human face was an expert from the ancient era that it had been set up.

It was no surprise that this array could kill a divine Lord expert.

After all, this was a formation left behind from the ancient era, so its power was naturally incomparably powerful.

"Not good."

At this moment, ye chen also felt that the ground under his feet was turning into pus.

Even with the protection of the purple-gold elixir, the power of the pus and blood in the formation was extremely terrifying. An ordinary second stage God Emperor would turn into pus and blood in an instant.

Even third level Emperor God experts fell one after another.

In the blink of an eye, only ye Chen's group was left.

"Kid, let's see how long you can last."

The black face sneered. His seven killing great ultimate formation could even refine divine Lords. Even divine Lords would not be able to withstand the power of the blood after a long time.

Moreover, ye chen was only a mere second stage true God.

There was no doubt that ye chen would die. It all depended on how long he could last.

"No, I can't die Here."

Ye Chen's expression turned extremely gloomy. He still had many things to do. He had not become a peak powerhouse yet.

How could he die Here?

At this moment.

[Chapter 2637 2641-Stone Egg's Might!](#)

At this moment, something happened.

Crack.

A crisp sound rang out from ye Chen's storage ring.

A crisp sound was heard. In this silent space, it seemed extremely strange.

Moreover, it was especially eye-catching.

This crisp sound also attracted everyone's attention. They all looked at ye chen, hoping that ye chen could find a way to break the formation.

Only the black human face still looked disdainful. No matter how strong the attack was, it could not break the seven killing Grand array.

Even a Divine Master could not break the seven slaughter great ultimate formation, let alone a puny ye chen.

Ye chen was only at the second tier true God Realm. It was a fool's dream to break the seven slaughter great ultimate formation.

Even a Divine Master would not be able to break the formation, let alone ye chen.

When the black-faced man's body was still around, he was a God-level array master with terrifying strength. How could a true God break the array he had set up?

Therefore, he did not care about ye chen.

"What?"

Ye Chen's heart skipped a beat. Could it be?

Not bad.

Ye Chen's divine sense swept across and immediately found that the stone egg in his storage ring had cracks.

Crack, crack ...

Cracks began to appear on the stone egg. Although they were very small, they still appeared.

And these cracks were getting bigger and bigger. The cracks were getting bigger and bigger.

"What?"

The purple-gold pill revealed a look of astonishment. "This, this is ..."

"You know what this is?"

Ye chen asked.

"That's right. If I'm not wrong, this is the egg of a Supreme divine beast from the ancient era."

The purple-gold pill said.

It was a Supreme divine beast.

Ye Chen's heart was filled with shock.

The Supreme divine beast had another name, and that was the most powerful divine beast.

In other words, in the universe of the ancient era, this was the strongest.

This kind of divine beast would most likely possess the strength of a Divine King or even a divine Emperor the moment it was born. It might even be stronger.

As long as they were given some food, they could easily be raised to the God master level.

Even the legendary heavenly venerate realm was not very difficult.

The strongest divine beast was simply the darling of the universe, a monster among monsters.

Even the races on the ten thousand ancient races were trash compared to the strongest divine beasts.

"I didn't expect to obtain such a precious stone egg."

Ye chen could not help but smile bitterly.

It cracked.

So what, he was going to die now.

Unless ...

Ye Chen's eyes shone with a fiery light. Unless this stone egg could help him get out of danger!

Sure enough.

In the next moment, an extremely terrifying aura suddenly burst out of the stone egg.

BOOM!

This terrifying energy shook the heavens and earth. It was countless times more terrifying than the Divine Masters ye chen had met.

"What?"

At that moment, the black face was dumbfounded.

This was because he saw that this terrifying aura had directly shot up to the nine Heavens and broken the Grand array.

That's right, he had directly destroyed the formation.

Hong long long ...

The entire array was blown apart by the terrifying aura.

The entire array could not withstand such a powerful force at all and was instantly destroyed.

This aura was so terrifying that it far exceeded everyone's imagination. No one had ever seen such a terrifying aura.

"What?"

"How is that possible?"

At this time, when everyone saw this scene, each and every one of them was incomparably wild with joy.

The formation was broken.

Then they would be saved.

"There's no movement again. "

After breaking the formation, the stone egg did not move at all.

This made ye chen a little depressed.

Although there were cracks on the stone egg, it had not completely cracked. It was still impossible to tell what would hatch from it.

Fortunately, the stone egg had helped ye chen break the formation.

Otherwise, ye chen would really be depressed.

"Hahaha, old man, you're going to die!"

"Old man, weren't you very arrogant before?"

"Old thing, you're dead!"

At this time, the crowd had already surrounded the black face.

All of this was because of the black face, because of this ancient expert. How could they not be angry?

If it wasn't for the stone egg's sudden burst of divine power, they would have really died.

How could they not be angry?

"No, no, how is it possible? how is it possible? my seven killing great ultimate formation was actually broken by a second stage true God kid?"

At this moment, the black human face was very confused.

How was that possible?

Not even divine Lord experts could break his seven slaughter great ultimate array.

Only a power above the Divine Master level could break his array.

However, how was this possible? a second-stage true God had burst out the power of a heavenly venerate?

Are you kidding me?

"Old thing, go to hell!"

"You old thing, you almost killed us. Die, die, die, die!"

The crowd roared.

The black face was killed by the crazy attacks of the crowd.

Before he died, he could not figure out how ye chen could break his great array.

He had died too unwillingly.

However, he still died in the end.

He died unwillingly because his seven slaughter great ultimate formation, which was powerful enough to kill a divine Lord expert, was broken by a stage two true God kid.

He was unwilling to die.

Of course, if he had known that it was not ye chen who had destroyed his Grand array but the egg of the Supreme divine beast, he might have died more willingly.

"Let's go, let's go. Let's continue to explore the depths of the ancient demon Ruins. "

Everyone turned into a stream of light and went deeper into the ancient demon's ruin.

Ye chen stood where he was and scanned the stone egg with his divine consciousness.

There was no movement from the stone egg at all.

If not for the terrifying energy that erupted from the stone egg, ye chen would have thought that this stone egg was dead.

He had to admit that this stone egg had hidden itself very deeply.

Ye chen did not expect this stone egg to be the egg of a Supreme divine beast.

This also meant that this egg had a bright future.

The strongest divine beast could easily cultivate to the Divine Master realm. With some resources, it was not impossible to cultivate to the celestial venerable realm.

It could be said that the most powerful divine beasts were the darlings of the universe.

Therefore, the egg of a Supreme divine beast was extremely precious. He did not expect ye chen to pick it up just like that.

He had obtained it from the door of destiny.

The bone dragon divine sword and the purple-gold pill were all obtained from the fate stone gate.

After a while, those people flew out, looking dejected.

There was not a single treasure inside.

"Ye chen, that strange crystal you obtained earlier is no ordinary treasure."

At this moment, the purple-gold pill said.

Oh?

Ye Chen's heart skipped a beat. That strange crystal?

[Chapter 2638 Sixth Level God Emperor!](#)

Previously, ye chen had obtained a strange crystal when he killed the puppet.

Previously, when he was facing the seven ultimate slaughtering formation, ye chen could have used the divine infinite domain of the divine infinite body to buy some time.

However, the formation was too terrifying, so ye chen did not use it.

Now, ye chen remembered that he had also obtained a strange crystal.

Ye Chen's heart trembled at the reminder of the purple-gold pill.

"Could this strange crystal be some kind of peerless treasure?"

Ye chen said in a low voice.

If it was some kind of treasure, then he would have made a big profit.

"It is indeed a treasure, but you can't use it yet."

The purple-gold pill said.

Ye chen nodded slightly. It did not matter if he could not use it now, but it did not mean that he would not be able to use it in the future.

When his cultivation level increased, this strange crystal would definitely be of great use.

He had a feeling that this strange crystal was a peerless treasure that was not inferior to the stone egg.

As for why it had appeared in the puppet's body, ye chen was not sure.

"It's time to leave. "

Ye chen watched as everyone left one by one. He was also ready to leave the heavenly demon relic.

He had gained a lot from entering the demonic remains this time. Not only did he obtain the sacred Warstone, but he also discovered the secret of the stone egg.

In addition, ye chen had also obtained a strange crystal.

His harvest could be said to be very rich.

However, ye Chen's current strength was still too weak.

He was no match for the ancient demon elder and the others.

He still had to improve his strength. Moreover, he had killed so many core disciples of the shengspirit sect today. This was no joke.

Now that the shengling sect knew of his combat strength, the experts they would send out next time would definitely be existences that he would not be able to contend against.

Therefore, ye chen had to quickly improve his combat strength.

Otherwise, they would not be able to fight against the shengling sect.

Ye chen turned into a stream of light. He had just flown out of the heavenly demon's remains when he felt a powerful aura coming toward him.

"Run, quickly run!"

At that moment, the purple-gold pill let out an ear-piercing screech, "fourth level God Emperor, fifth level God Emperor ... You are definitely not their match."

Ye Chen's heart skipped a beat. Fifth level God Emperor?

He knew that it would be hard for him to escape, so he decided to wait for them at the same place.

Whoosh, whoosh, Whoosh!

One could only imagine how fast these people's speed was.

Boom, boom, boom, boom!

Auras as powerful as countless planets rose up. They were all Emperor gods.

Furthermore, they were all third stage God emperors and above.

There were quite a few fourth level God emperors.

Furthermore, the leader was a sixth level God Emperor expert.

That's right, sixth level God Emperor.

Ye Chen's expression turned extremely ugly. His combat strength was at most comparable to a third level Emperor God.

And now, not only were there third level God emperors on the other side, the weakest of them were third level God emperors while the strongest had even reached sixth level God Emperor.

Even if he used all his trump cards, ye chen did not have much confidence in escaping.

"Hahaha, ye chen, you're dead!"

"Ye chen, you've killed so many of our shengling sect's core disciples and you're still trying to escape?"

"You're finished. "

All of the third level God Emperor experts laughed out loud after releasing their auras.

"Gu Ling, go and kill this ye chen."

Everyone instructed, "remember, don't hold back."

A black-robed young man stepped out. He was Gu Ling.

"Don't worry, I won't hold back. I'll cut off all his limbs and turn him into a cripple. I'll also capture his wife and daughter and torture them ruthlessly in front of him!"

Gu Ling said indifferently, "a true God second stage ant. I wonder who gave him the guts to kill the people of our shengling sect."

A second stage true God was no different from an ant in everyone's eyes.

As for ye Chen's ability to kill core disciples?

In their opinion, ye chen must have used some kind of powerful trump card, a trump card that could only be used once.

It's not like that kind of treasure doesn't exist.

As for ye Chen's own strength, he was definitely an ant.

"Kid, kneel down and beg for mercy. Maybe I'll let you die faster."

Gu Ling took a step forward and looked down at ye chen as if he was an ant.

Gu Ling was a third level Emperor God expert.

With his fighting power, dealing with a stage two true God was absolutely something that couldn't be done with ease.

"You want me to kneel? Do you have the strength to do so?"

Ye chen sneered.

The moment the other party came up, he threatened his family and even wanted to cut off his four limbs. His heart could be said to be extremely vicious.

She made ye chen kneel down again.

The anger in ye Chen's heart was burning steadily.

From the beginning to the end, it was the shengling sect who had provoked him first, not ye chen.

It had been like this from the very beginning.

Now, the other party was threatening ye chen in this way.

Ye chen only wanted to ask, 'do you have the ability to do so?'

"Hahaha, what a joke!"

"Ant-like things!"

"You don't know what's good for you."

Everyone burst into laughter. Ye chen, a second-stage true God ant, also dared to be so arrogant. Had he really gone mad?

"Little bastard, you're really bold."

When Gu Ling heard this, he was slightly stunned. Then, his face darkened. "You piece of trash. I'm going to capture you and torture you ruthlessly. Die!"

The next moment!

BOOM!

Gu Ling suddenly attacked.

A giant hand appeared and grabbed at ye chen!

The giant hand grabbed the space and collapsed.

A third level Emperor god level attack was enough to blow up the space.

"Ancient thunder!"

Ye chen roared and slashed with his sword. A gray-white sword ray carrying the power of the ancient thunder and the eight divine realms instantly collided with the giant hand.

BOOM!

After an earth-shattering boom.

The sword Qi directly cut off the giant hand and then ruthlessly attacked Gu Ling.

"Little bastard, you still dare to resist? suppress!"

Gu Ling's face darkened. He waved his hand and countless palm prints fell down.

Boom, boom, boom!

The sword Qi was instantly drowned.

"Third level God Emperor is indeed powerful."

Ye Chen's eyes narrowed when he saw this.

However, so what?

"Ancient thunder, break!"

Ye Chen's sword slashed out, continuously transforming into countless sword gleams that instantly shattered the palm print.

"Ah!"

Gu Ling's entire body was directly split into two halves.

Gu Ling, dead!

Everyone was stunned.

What was happening?

Ye chen had killed Gu Ling with one strike?

"Brat, you're looking for death!"

"Brat, you really deserve to die!"

The crowd roared.

Ye chen had actually killed one of their men right in front of their eyes.

This was simply a slap to their faces.

"Brat, I'm going to tear you into a thousand pieces!"

"Little bastard, I'm going to kill you!"

The crowd roared.

[Chapter 2639 Dark Barrier!](#)

Ye chen had actually killed Gu Ling in front of them.

Gu Ling was a core disciple of the shengling sect.

He had died at ye Chen's hands just like that.

How could everyone not be angry?

"Hehe, if you want to kill me, then come."

Ye chen sneered. He must kill this Gu Ling.

The other party actually threatened his life and his family. Gu Ling must die.

"Little thing, I will capture you and torture you ruthlessly. Then, I will torture your wife and daughter to death!"

BOOM!

The sixth level Emperor God expert stepped out.

"It's commander Gu who's about to make his move. "

"Commander Gu."

"This time, that kid is going to play with us."

The crowd sneered.

Ye chen was finished.

This commander Gu, a sixth level God Emperor expert, was Gu Ling's uncle.

Gu Ling had been killed by ye chen. How could commander Gu not be angry?

"It's clearly your people who spoke rudely to me and even attacked me. That's why I killed them, but now it's my fault?"

Ye chen said coldly.

Wasn't that laughable?

"What a joke! What a joke! You're just a piece of trash. What right do you have to compare yourself with my nephew?"

Commander Gu said angrily, "you're trash among trash. How dare you compare yourself to my nephew? if my nephew wants to kill you, you'll have to stand still and let him kill you!"

Everyone sneered at ye chen. What a joke. Gu Ling's status was actually comparable to ye chen 's.

Furthermore, Gu Ling was the descendant of elder ancient demon.

Ye chen?

Even an ant dared to kill Gu Ling.

"I understand."

Ye chen took a deep breath, then his figure flashed. He immediately turned into a stream of light and flew into the distance.

He knew that he wasn't a match for a sixth level God Emperor expert. Hence, he had to escape.

A sixth level God Emperor would definitely be many times stronger than a third level God Emperor.

Ye Chen's cultivation base was still too low. He was only at second stage true God. No matter what, he could not fight against a sixth stage God Emperor.

If they really fought, commander Gu could kill ye chen in one move.

"Little bastard, you want to escape?"

Commander Gu roared. His roar was like a thunderclap that spread out and shook the space.

BOOM!

A powerful aura burst out from commander Gu's body. He was like an ancient God. His body flashed and he turned into a stream of light. His speed was so fast that it made people speechless.

Ye chen fled frantically but commander Gu's speed was simply too fast. It was as if he had crossed an endless distance in a second.

A sixth level God Emperor expert was much stronger than a third level God Emperor.

In terms of speed, the difference was also huge.

The difference was at least a few dozen times.

Even though ye chen had tried his best to escape, commander Gu still caught up to him.

"Little bastard, you're still trying to escape, you lowly thing. Die!"

Commander Gu roared and threw a punch.

BOOM!

An extremely terrifying fist radiance pierced through countless spaces and time. Countless cracks in time and space appeared out of thin air, all of which were caused by this punch.

Ye chen immediately felt a terrifying force that could topple mountains and overturn the seas surging from behind him.

"Eternal Thunderbolt, eight great divine regions!"

Ye chen roared and swung his sword backward.

BOOM!

Ye Chen's sword Qi was instantly shattered by the fist ray. The remaining fist ray landed heavily on ye Chen's body.

Bang! Bang!

Ye Chen's entire body was sent flying forward for a distance. He spat out a large mouthful of blood. Fortunately, the sword Qi had blocked most of the fist radiance. Otherwise, he would have been blown up by this punch.

"Eh? He didn't die?"

Commander Gu was slightly taken aback, but he continued to charge at ye chen.

With a second-tier true God cultivation base, ye chen had not died after receiving his punch. Ye Chen's talent was too heaven-defying.

If they did not kill ye chen, he would become the Holy Spirit sect's nightmare when he became stronger in the future!

Therefore, he had to kill ye chen now.

"A group of Emperor gods, in order to kill a real God like me, they are really going all out."

Ye chen saw a large group of people chasing after them and could not help but say coldly.

"Purple-gold pill, is there any way to escape?"

Ye chen asked.

Under such circumstances, it would be very difficult to escape.

Just by relying on his own strength, he wanted to escape from a sixth level God Emperor expert?

The possibility of this was very low.

In the Emperor God Realm, the gap between each stage was extremely huge, not to mention that ye chen was not even an Emperor God.

No, ye chen was not even a Godking.

The gap between their cultivation levels was simply too great.

If ye chen wanted to escape from commander Gu, it would be very difficult.

"How about this? I'll burn my blood essence to increase your speed. Maybe you can escape."

The purple-gold pill gritted its teeth and said.

"....."

Ye Chen's heart warmed. However, the situation was critical now and he could not say anything. He could only let the purple-gold pill burn his blood essence.

BOOM!

Ye chen suddenly increased his speed. After the purple-gold pill burned his blood essence, his entire body seemed to be filled with endless strength. His speed instantly increased tenfold.

Seeing ye Chen's speed increase, the people behind him were slightly stunned, then they chased after him madly.

"This little bastard is actually hiding his strength? However, so what if you're hiding your strength? it's a fool's dream to think that you can escape from me!"

Commander Gu felt that ye Chen's speed had increased tenfold and was also shocked. However, commander Gu sneered.

How could a stage six God Emperor expert be someone a stage two true God could imagine?

BOOM!

Commander Gu's speed also increased by five times.

Although he had only increased his speed by five times, he was still getting closer and closer to ye chen.

"What?"

Ye Chen's expression turned extremely ugly. This commander Gu could actually speed up?

Did this mean that commander Gu had been hiding his speed?

How could it be? how could a sixth level Emperor God be so fast?

"I'm finished. "

The purple-gold pill was also in despair.

It had forcefully burned its blood essence. Who knew how much effort it would have to put in to recover from this burning?

However, even after burning his blood essence, he was still not as fast as commander Gu.

If this continued, he would be caught sooner or later.

Ye chen forced himself to calm down. He had experienced countless storms in his life and knew that he could not panic at times like this.

If he didn't panic, he might still have a chance.

"That's the dark barrier up ahead."

At this moment, someone from the crowd behind exclaimed.

What?

Commander Gu's face darkened. Dark barrier?

This was an extremely terrifying place.

It was rumored that anyone who entered the dark barrier never came out.

Even a divine Lord expert would die without a doubt if they entered.

"Not good! We can't let this little bastard escape to the dark barrier!"

Commander Gu's heart trembled as he roared.

How could they allow ye chen to die so easily?

Ye Chen's eyes brightened when he heard what the crowd said.

Dark barrier!

He still had a chance to live!

[Chapter 2640 2645-Dark World!](#)

The dark barrier was an extremely terrifying place.

All the divine emperors and divine Masters who entered never came out.

Even divine Lord experts were unable to come out of it. One could see just how terrifying the dark barrier was.

If an ordinary Emperor God were to enter, he would definitely die.

Even if it was a ninth level Emperor God expert, there was only one word for them to say if they entered-death.

"This is bad. We can't let that little bastard ye chen escape."

Commander Gu roared.

If ye chen was allowed to escape into the dark barrier, even if he died, it would just be an ordinary death.

Ye chen had killed Gu Ling and commander Gu's nephew. Therefore, commander Gu was furious and must torture ye chen to death.

They could not let ye chen die so easily.

"Hehe, you want to catch me? in your next life."

Ye chen sneered. His figure flashed and he headed directly toward the barrier of the darkness barrier.

Buzzzzzz!

Ye Chen's figure disappeared into the dark barrier.

Whoosh, whoosh, Whoosh!

Commander Gu and the others had also arrived. They looked at the barrier of the dark barrier and their expressions changed.

"Damn it!"

Commander Gu roared towards the sky.

She had let ye chen escape just like that.

They didn't dare to enter the dark barrier, as it was basically a death sentence.

Even divine Lord experts who entered would die.

Not to mention them.

"Commander Gu, are we just going to let ye chen go?"

Everyone said unwillingly.

"Let's wait. We'll wait here for a hundred years, no, a thousand years. "

Commander Gu's eyes were cold. "If ye chen still hasn't come out after a thousand years, he must have died in the dark barrier."

Everyone nodded slightly. They could only wait here for a thousand years.

To these God Emperor experts, a thousand years was not a long time.

.....

In a strange world.

Rip!

A space crack appeared out of thin air, and a figure fell out of it.

It was ye chen!

"What is this place? is this the inside of the dark barrier?"

Ye chen looked at his surroundings.

"That's right. If I'm not wrong, there should be a small world inside this dark barrier."

The purple-gold pill said.

"Ye chen, I've used up all my blood essence to help you!"

The purple-gold pill cried out, "you have to help me find some natural treasures so that I can recover my blood essence!"

Ye chen nodded slightly. The most important thing now was to figure out what the situation was.

"Let's try to see if it can fly. "

Ye Chen's figure moved and directly soared into the sky.

"What a strong pressure. The pressure here is at least three times that of the mysterious sky Starfield."

Ye chen thought to himself.

In that case, the cultivators in this small world must be much stronger than those in the Tianxuan Galaxy.

It was like the difference between the manhuang region and the Tianxuan Galaxy.

If nothing unexpected happened, this small world was much more powerful than the entire Tianxuan Galaxy.

"Commander Gu, and that group of people."

Ye chen clenched his fists tightly. If it were not for those people, he would not have ended up in this state. He would not be hunted down and would even have to consume the blood essence of the purple-gold pill.

If not for the purple-gold pill, he would not have been able to escape to this place.

He must kill commander Gu and the people from the shengling sect!

However, with ye Chen's current strength, it would be a fool's dream to seek revenge.

Commander Gu was a sixth level God Emperor expert. The other core disciples of the shengling sect were all third level God emperors and above.

With ye Chen's current strength, he could only deal with a third level divine Emperor at most. He was far from being a match for a fourth level divine Emperor.

Ye chen was no match for that group of people.

Fortunately, ye chen had escaped to this small world, so there was still time for him to become stronger.

"Who's that?"

Ye chen looked down and immediately felt the mysterious energy.

Ye chen immediately flew down.

"Heavenly Star divine stone, so many Heavenly Star divine stones. Are they all Heavenly Star divine stones?"

Ye chen looked over and realized that this was a Heavenly Star divine stone mine.

It was unbelievable.

The value of the sky Star divine stone was something that even a sixth level God Emperor expert would go crazy over.

Ye chen decisively took out his storage ring, then took out a pile of ore manuscripts and began to mine the Heavenly Star divine stone.

After about an hour, ye chen had finished excavating all the Heavenly Star divine stones.

"It's time to break through to the third stage true God Realm."

Ye chen found a suitable spot and sat cross-legged.

The star divine stone was a higher grade immortal stone.

There were many types of immortal stones.

The divine power contained in the star divine stone was extremely terrifying. It was at least equivalent to an upper-grade immortal stone.

As for high-quality celestial stones, they were usually only used by God emperors and God Lords.

"Explode!"

With a wave of ye Chen's hand, the Heavenly Star divine stones in his storage ring appeared one after another. Then, they all exploded and turned into rolling divine energy that surged into ye Chen's body.

If this scene was seen by others, they would probably be scared to death.

A stage two true God actually dared to absorb divine power like that. He was simply courting death.

If it was anyone else, even a divine Emperor, it would be impossible for them to absorb divine power in such a way.

Whoever dared to absorb Shen power like this would be seeking death.

However, to ye chen, this was a very simple matter.

BOOM!

The next moment.

The energy on ye Chen's body exploded.

Third stage true God Realm.

He had successfully broken through!

"What a powerful force!"

Ye chen threw a punch. He felt that this punch was almost comparable to his previous self when he had transformed into the divine infinite body.

With his current fighting power, if he were to use all his trump cards, it would not be a problem for him to fight a fourth level Emperor God.

However, when facing a stronger opponent, he would still die.

"Let's go and see what's going on here. "

After ye chen had broken through to third-stage true God, his speed had also increased by a notch. With his speed, he rushed at full speed and soon saw a town in front of him.

Ye chen entered the town and found that the cultivators here all had powerful auras.

The weakest among them were God kings and Emperor gods were as numerous as dogs.

"As expected, the strength of this small world is stronger than the entire Tianxuan Galaxy!"

Ye chen shook his head slightly.

The profound Sky Star region was already much stronger than the savage barren region, with a divine Lord overseeing it.

This small world was called The Dark World.

After asking around, ye chen found out that this dark world was a small world that was sealed off. Unless one had special means, one could not leave.

The power of this small world was also much stronger than the Tianxuan Galaxy.

It was said that The Dark World had peak God Lords.

It was extremely terrifying. It should be known that even though they were all God Lords, the gap between them was enormous. Peak God Lords were hundreds, no, thousands of times more powerful than those who had just entered the God Lord realm.

A peak God Lord could kill an existence who had just entered the God Lord realm with a single breath.
