

## Genius 2641

### [Chapter 2641 Core Disciple!](#)

Ye Chen was not shocked but overjoyed.

The more powerful this world was, the more beneficial it would be for him.

If Ye Chen's guess was correct, Commander Gu and the group of core disciples would probably be waiting outside the dark barrier for Ye Chen.

They would have to wait for at least a few hundred to a thousand years.

As long as Ye Chen was given time, he was confident that he could reach a higher realm. Then, when he got out, he would kill Commander Gu and the others!

Therefore, the more powerful this world was, the more help it would be to Ye Chen.

This meant that Ye Chen's rate of improvement would be much faster if he cultivated in this world than in the Tianxuan Galaxy.

No matter what, Ye Chen had to kill Commander Gu and the people of the Shengling Sect!

If Commander Gu had not pursued him, Ye Chen would not have been forced into the dark World.

Moreover, Commander Gu had humiliated Ye Chen in various ways before, which made Ye Chen's killing intent even more intense. Later, when he was hunted down, Ye Chen's killing intent was even more intense.

That group of core disciples from the Shengling Sect and Commander Gu. Once Ye Chen's strength grew stronger, he would definitely kill them all.

"Let's take a look at the sects in this world first. "

Ye Chen planned to join a sect in the underworld and then cultivate.

He believed that The Dark World's overall strength was so strong, and there were as many powerhouses as clouds. The cultivation resources must also be extremely abundant.

Ye Chen found out the assessment locations of a few sects by asking around.

These sects were the Shadowthunder Divine Sect, the Heavenwind Divine Sect, and the Scarlet Flame Divine Sect.

Ye Chen intended to join the Divine Sky and Wind Sect.

This was because the Divine Sky and Wind Sect only recruited geniuses.

If he could be considered a genius in the dark World, he would definitely be a peerless monster in the Tianxuan Galaxy.

Ye Chen was very confident in his potential and talent, so he planned to head to the Sky Wind Divine Sect.

Whoosh!

Ye chen turned into a stream of light and set off into the distance.

His current cultivation was at stage three true God Realm and his speed was much faster than when he was at stage two true God Realm.

Therefore, he soon saw a huge mountain ahead.

Big!

It was too big.

Each of these mountains was tens of millions of feet tall.

As for its width, it was even more difficult to calculate.

It was obvious that these mountains were the gates of the divine sky and wind sect.

"That's the place of the assessment. "

Ye Chen's figure moved and flew toward the assessment site.

In the dark World, anyone who was confident in their own talents could participate in the test of the divine sky and wind sect.

As long as they passed the test, they would be able to become a disciple of the divine sky and wind sect.

Of course, the disciples of the divine sky and wind sect were also divided into different levels, such as handyman disciples, outer sect disciples, inner sect disciples, core disciples, and so on.

After asking around, ye chen found out that the divine sky wind sect required at least a true God's cultivation base to become a service disciple.

The outer sect disciples were usually godkings.

Inner sect disciple, God Emperor.

The core disciples were peak Emperor gods.

In terms of overall strength, they were much stronger than the Tianxuan Galaxy.

"I'm here to take part in the assessment. "

Ye chen arrived at the assessment venue and said.

He realized that there weren't many people here. In fact, there were only a few people.

Therefore, he had to say this.

"You? Third stage true God Realm?"

A white-haired old man glanced at ye chen and shook his head slightly. "Your cultivation base is too low. You need to be at least at the peak of true God."

Even if they were just service disciples, they would need to be at the peak of the true God Realm.

The third stage of true God Realm was too low.

"How about this? you send an Emperor God to fight with me."

Ye chen said.

After hearing this, everyone sneered.

What a joke, a mere stage three real God wanted to fight with an Emperor God?

Even a God King would not be someone he could defeat, let alone a divine Emperor.

"You? Alright, don't blame me when you're killed later. "

The white-haired old man shook his head slightly. A mere stage three true God actually wanted to fight with an Emperor God. He was simply tired of living.

"This kid is really looking for death."

"You don't know what's good for you."

"A mere stage three true God also wants to fight with an Emperor God. Isn't he courting death?"

Everyone revealed a mocking look and said.

Even in the dark World, those who could cross a major realm and fight were all peerless geniuses.

As for fighting across two major realms?

It was impossible.

Even The Dark World did not have such a heaven-defying genius.

However, what happened next made their jaws drop.

This was because ye chen had only used one move to defeat this first level Emperor God.

That's right, one move.

Everyone's mouths were wide open, and they were petrified.

Shocking!

It was too shocking.

A third stage true God defeated a first stage Emperor God in one move. Such a heaven's pride expert would also be a peerless heaven's pride expert in the dark World.

He was a monster among monsters.

The white-haired old man was extremely excited. A genius, this was definitely a peerless genius.

Without a doubt, ye chen had immediately joined the divine sky and wind sect.

After entering the divine sky wind sect, ye chen felt that the cultivation environment here was much better than in the Tianxuan Galaxy.

If the mysterious sky Galaxy was one, then the divine sky wind sect was at least ten.

One day of cultivation in the divine sky and wind sect was equivalent to ten days in the mysterious sky Galaxy.

However, this was normal. The Dark World was much stronger than the Tianxuan Galaxy and the divine sky wind sect was a famous sect in the dark World.

Such a cultivation speed was normal.

"From today onwards, this will be your residence."

The white-haired old man took ye chen to a mountain peak that was tens of millions of feet tall.

There was a small house on the mountain peak.

What surprised ye chen the most was that there was a spirit gathering array in the small house. Cultivating in this small house was even faster.

"From today onwards, you will be a core disciple of the divine sky and wind sect. However, you'd better not tell anyone about this,"

The white-haired elder warned.

Ye chen nodded slightly. He had not thought about relying on his identity as a core disciple.

After all, his cultivation level was still too low.

Everything was decided by strength!

"These are your entrance rewards."

The white-haired old man pointed at the storage ring on the table and said, "your talent is heaven-defying, so the reward the sect gave you is quite good."

Ye chen picked up the storage ring and scanned it with his divine consciousness.

The Heavenly Star divine stone.

They were all Heavenly Star divine stones.

And they were all high-level ones.

"Many thanks, elder."

Ye chen said.

After the white-haired old man had left, ye chen learned that the Heavenly Star divine stone could be used as a currency in the dark World.

Ye chen arrived at the hall of exchange in the sect.

He wanted to use the sky Star divine stone to exchange for the divine Spirit cleansing liquid.

"Get lost!"

At this moment, a person walked in aggressively. When the surrounding people saw this person's badge, they all retreated in fear.

"Kid, why don't you get lost?"

When the white-robed young man saw ye chen standing still, he immediately slapped him.

"I'm finished. "

"This kid is in trouble."

Everyone closed their eyes.

Pa!

The next moment, a crisp sound was heard.

A figure retreated backward with a look of disbelief on his face. It was the white-robed young man.

He had been slapped by ye chen.

[Chapter 2642 2647-Display Of Strength!](#)

He had been slapped by ye chen.

The white-robed young man's face was filled with disbelief. He had not even seen how ye chen had attacked.

What was going on?

How could ye Chen's attack be so fast?

"Little bastard, you dare to hit me?"

The white-robed young man, who was Wang Yi, growled with an extremely unsightly expression.

If it were not for his fear of ye Chen's strength, he would have made a move long ago.

He was not a fool. Ye chen had dodged his slap in an instant and returned it with a slap.

Such speed made Wang Yi fearful.

"This brat, he actually dared to hit Wang Yi."

"This is incredible."

"Wang Yi is a second level God Emperor expert. He actually dared to hit Wang Yi?"

"He, a third stage true God, can actually beat Wang Yi? He's not simple!"

Everyone was discussing.

Ye chen was a third-stage true God. To be able to avoid Wang Yi's slap and even slap him, ye chen was definitely not simple.

However, so what if he wasn't simple?

Everyone thought that ye chen would be in trouble.

No matter what, Wang Yi was a second level God Emperor expert. The slap he received earlier was definitely due to him not being on guard.

If they really fought, no matter how heaven-defying ye chen was, he would not be Wang Yi's opponent.

"Brat, you dare to hit me? You little bastard, I want you dead!"

Wang Yi was furious. He wielded a saber and charged toward ye chen.

Whoosh, whoosh, Whoosh!

A series of crisscrossing saber lights, incomparably gorgeous, instantly slashed out.

The power of the blade light was very strong and it was enough to kill an ordinary first level Emperor God.

Ye chen nodded slightly. He could see that Wang Yi's strength was stronger than an ordinary second stage Emperor God.

It should be equivalent to the power of a peak second level Emperor God.

In reality, Wang Yi's cultivation was only at the second level God Emperor realm. However, the heavenly wind divine sect only recruited geniuses. Therefore, Wang Yi's combat power was also able to fight above his level.

The fighting power of Wang Yi was comparable to a peak second level Emperor God.

However, would ye chen even care about such strength?

"Get lost!"

Ye chen threw a punch and activated the power of the divine infinite body. A fist ray with a terrifying force instantly destroyed countless saber rays.

Bang! Bang!

Wang Yi's entire body shook violently from the impact and he flew backward like a cannonball.

"Heavens, this kid is so strong!"

"Third stage true God, this is going to be heaven-defying!"

Everyone was incomparably shocked. A third stage true God person actually defeated Wang Yi with one punch?

Wasn't this too heaven-defying?

"Brat, you, just you wait ..."

Wang Yi roared.

"Hehe, I'll be waiting for you."

Ye Chen sneered. Even if Wang Yi found some expert, he would not be afraid.

"Exchange for a portion of spirit cleansing divine liquid for me."

After Ye Chen exchanged for a portion of the spirit-cleansing divine liquid, he left the exchange Hall.

Ye Chen was looking forward to seeing what kind of expert Wang Yi would find.

After all, Ye Chen's identity was clear. If he revealed his identity as a core disciple, no matter how strong a master was, they would not dare to kill him.

Therefore, the stronger the expert that Wang Yi found, the better.

The more powerful he was, the more he looked forward to it.

Ye Chen returned to the small wooden house on the peak and sat cross-legged.

He took out the divine Spirit cleansing liquid.

The soul-washing divine liquid was a heavenly treasure. It was extremely precious and could help cultivators increase the level of the divine realm.

This kind of treasure was basically extinct in the mysterious sky Galaxy.

However, there was still a lot of divine soul cleansing liquid in the dark World.

As Ye Chen was a core disciple, he could exchange a portion of spirit-cleansing divine liquid for his entrance reward.

"Let me see just how miraculous this spirit cleansing divine liquid is."

Ye Chen's eyes flashed.

The next moment.

Ye Chen waved his hand and a small droplet appeared in front of him.

This drop of water was the divine Spirit cleansing liquid.

As long as he absorbed the spirit cleansing divine liquid, he would be able to obtain the medicinal power within.

Ye Chen decisively absorbed the small waterdrop.

When the small droplet entered Ye Chen's body, a violent force instantly engulfed Ye Chen's entire body!

Boom, boom, boom!

Inside Ye Chen's body, it was as if planets were exploding one after another. The power that burst out would even make a first stage divine Emperor terrified.

Even a second stage Emperor God would have to treat this energy seriously.

This was because the energy was too terrifying.

However, to ye chen, this energy was just like scratching an itch.

Ye Chen's current divine infinite body had an extremely powerful defense.

Not to mention when he activated the infinite Divine Domain.

Ye Chen's defense was far superior to even a third level divine Emperor.

BOOM!

Ye Chen's body exploded with a powerful energy.

Boom, boom, boom, boom, boom!

Eight God domains appeared in succession.

Eight different colors of light appeared above ye Chen's head.

"The eight great divine domains have all been upgraded by one level."

Ye chen opened his eyes, looking very satisfied.

This soul cleansing divine liquid was worthy of being one of the heavenly treasures. It actually directly raised his eight great divine domains to a level.

It was extremely heaven-defying.

Meanwhile, ye Chen's combat strength had also increased by a notch. The current ye chen could probably fight a fourth level divine Emperor head-on.

BOOM!

At this moment, a loud explosion was heard outside the wooden house.

Ye Chen's eyes narrowed. Someone was bombarding the wooden house's protective array.

Shua.

Ye chen stood up decisively and walked outside.

Sure enough, as soon as he left the wooden house, he saw two figures standing there, one in front and one behind. The one standing at the back was Wang Yi.

"Haha, you little bastard, you've finally come out."

Wang Yi laughed, "this time, you're dead! This is senior brother Liu Feng, a peak third level God Emperor!"

Peak third level Emperor God.

Liu Feng could be considered as one of the stronger ones among the outer sect disciples. In terms of status, he was much higher than Wang Yi.

Wang Yi believed that if he got Liu Feng to help him, he would be able to defeat ye chen.

One must know that a second level Emperor God and a peak third level Emperor God were two completely different concepts.

Those who could enter the divine sky and wind sect were undoubtedly geniuses.

Liu Feng's true fighting power was comparable to a fourth level Emperor God.

With such combat power, wouldn't it be a piece of cake to deal with ye chen?

"Kid, you're just a stage three true God trash. Kneel down, or else, you'll die a miserable death."

Liu Feng took a step forward and said indifferently, "a third stage true God trash actually dared to hit Junior Brother Wang Yi. You really don't know what's good for you!"

"It's obvious that Wang Yi wanted to beat me up first, and I was forced to fight back?"

Ye chen said.

"You're a piece of trash. You should just stand there and let Junior Brother Wang Yi hit you!"

Liu Feng said indifferently.

The next moment.

"I'll let you experience what true power is!"

#### [Chapter 2643 Senior Brother Ye!](#)

Liu Feng was a peak third level Emperor God expert and his true fighting power was comparable to a fourth level Emperor God.

A cold smile appeared on Liu Feng's face as he waved his hand.

BOOM!

Ye chen felt the scene in front of him change into an extremely terrifying scene.

Liu Feng stood alone on the cliff, facing hundreds of third level God Emperor experts.

Then, he struck out with his sword and countless sword lights were like meat grinders. In an instant, hundreds of third stage God Emperor experts were ground into meat paste.

The scene changed. In the next moment, on a battlefield.

Countless Emperor God experts swarmed over and charged towards Liu Feng.

Liu Feng held his sword and stood alone in the middle of the battlefield.

Then, he moved.

Whoosh, whoosh, whoosh, Whoosh!

Countless sword Qi swept across and instantly cut countless Emperor God experts in half.

The intense mental fluctuation not only affected ye chen but also Wang Yi.

Wang Yi was stunned.

Liu Feng's strength was actually this strong?

Isn't he too powerful?

He was like a god!

Wang Yi did not even dare to imagine that an Emperor God could actually burst out with such a terrifying power!

Immediately after, the scene changed again, turning into the appearance of a great battle.

Liu Feng appeared in the middle of the battlefields, constantly killing. No, it should be said that he killed his enemies in seconds.

Liu Feng displayed his power to his heart's content. His incomparably powerful strength.

The scenes of slaughter appeared before Wang Yi and Ye Chen's eyes one after another. They were so realistic and real.

It was as if it had really happened.

At this moment, Wang Yi had already knelt down completely. Feeling Liu Feng's god-like power, he had completely submitted.

It was too terrifying.

Such power was not something that humans could possess.

It was too powerful.

Was this really a power that humans could possess?

The scene changed to Liu Feng facing hundreds of powerhouses alone.

Then, Liu Feng casually slashed out with his sword. A sword radiance swept across everything and instantly cut hundreds and thousands of experts in half at the waist.

Wang Yi's entire body was trembling. The more he read, the more he felt Liu Feng's unparalleled power. His strength was like that of a God.

However, Ye Chen was still unmoved. He looked at this scene expressionlessly as if all this had nothing to do with him.

When Liu Feng saw this, he could not help but frown. Could it be that he had not displayed enough power?

So, Ye Chen had not been intimidated?

He absolutely did not believe that a mere third stage true God would not be affected by his powerful strength.

Therefore, it must be that the power of intimidation was not enough!

"Kid, look at this."

Liu Feng flipped his palm and a divine sword appeared.

BOOM!

The soaring sword essence filled the sky and the earth. The strong sword essence seemed to be able to kill any Emperor God.

In fact, countless cracks appeared in the space, deep cracks appearing.

"I'll let you experience what true power is!"

Liu Feng suddenly slashed out with his sword. A ray of sword light instantly split ye chen in half.

Then, the speed of the sword light did not slow down at all, and directly cut the mountain behind him in half!

This scene was extremely spectacular!

"This is my true power. Can you feel it?"

Liu Feng said in a low voice.

"This is your power?"

However, at this moment, ye chen appeared at the side unscathed.

From the beginning to the end, ye chen looked at Liu Feng as if he was an idiot.

"What?"

Liu Feng's expression changed. 'How is this possible? ye chen is not dead?'

"If this is all you have, you still can't hurt me at all."

Ye chen said indifferently.

"You ..."

Liu Feng furrowed his brows. In reality, everything that had just happened was an illusion.

He did not expect that such a realistic illusion would not make ye chen submit.

Whoosh!

At this moment, a figure stepped on the air from afar. His speed was simply shocking.

A powerful aura covered the sky and the sun.

"G-fifth level God Emperor."

Liu Feng and Wang Yi both looked at the sky in shock.

Inner sect disciples.

Without a doubt, this was a super expert among the inner sect disciples. His abilities were at least at the fifth or sixth stage God Emperor realm.

"It's senior brother Zheng!"

"It's actually senior brother Zheng!"

"Senior brother Zheng!"

Wang Yi and Liu Feng immediately rushed over and tried to curry favor with him.

Zheng Qiankun was an extremely powerful figure among the inner disciples, and he was on the bronze list.

Although Liu Feng was also on the bronze ranking, he was ranked last.

As for Zheng Qiankun, he was ranked 82nd on the bronze list, more than ten places higher than Liu Feng.

The gap between each rank on the bronze list was huge. The difference of one rank could be said to be the difference between heaven and earth.

Not to mention a difference of more than ten places.

It could be said that if Zheng Qiankun wanted to deal with Liu Feng, he could crush Liu Feng to death with just a move of his fingers.

"Senior brother Zheng, it's an honor to have you here."

"Yeah, senior brother Zheng, what are you doing here?"

Wang Yi and Liu Feng immediately started to suck up to Zheng Qiankun like pugs.

What a joke. Zheng Qiankun was a super expert among the inner disciples. His cultivation had long reached the fifth level Emperor God Realm and he was ranked 82nd on the bronze list.

Such an existence was not someone the two of them could provoke.

If they were to really fight, Zheng Qiankun could crush Liu Feng to death with just a finger.

Not to mention Wang Yi.

However, Zheng Qiankun ignored the two of them. Instead, he flew directly toward ye chen.

Seeing Zheng Qiankun flying toward ye chen, Liu Feng and Wang Yi were both confused and looked puzzled.

Could it be that senior brother Zheng had a grudge against ye chen and was here to take revenge?

That was the only possibility.

However, the next scene made Liu Feng and Wang Yi's eyes widen so much that they almost flew out of their sockets.

"Greetings, brother ye."

Zheng Qiankun came in front of ye chen and immediately said respectfully, bowing his head.

"This is the core disciple token that the elder asked me to pass to you."

Zheng Qiankun said as he took out a purple-gold token.

"Hmm, not bad."

Ye chen nodded slightly.

"Senior brother ye, if there's an opportunity in the future, you must promote this little brother more often. Oh right, what are you doing here?"

Zheng Qiankun glanced at Liu Feng and Wang Yi in confusion.

"I'll take care of two small fish. "

Ye chen said indifferently.

At this moment, Liu Feng and Wang Yi were completely dumbfounded.

How, how could this be possible?

What did the high and mighty senior brother Zheng call ye chen? Brother ye?

How was that possible?

Liu Feng's face turned extremely ugly. He finally realized a serious problem.

That was, ye chen was not an existence he could provoke at all.

To think that he had just displayed his strength in front of ye chen.

In reality, ye chen was treating him like a clown!

[Chapter 2644 2648-Defeated With One Punch!](#)

Not only did the high and mighty senior brother Zheng ignore the two of them, but he also took the initiative to curry favor with ye chen.

This, how was this possible?

What was going on?

Liu Feng finally realized that ye chen was not an existence he could provoke.

Ye chen had been playing the pig to eat the Tiger from the beginning!

Ye chen had never taken him seriously. When Liu Feng had displayed his strength earlier, he was probably as laughable as a clown.

It was too terrifying. Ye chen was too terrifying.

Liu Feng could not help but tremble. Ye chen was not an existence he could afford to offend.

He had just been showing off his strength in front of ye chen. In reality, he was showing off his skills in front of an expert.

With ye Chen's background, he could probably crush him with a finger.

Would he still dare to oppose ye chen?

"I, I was wrong."

Liu Feng was so scared that he knelt on the ground. "I was wrong, I was wrong. Please spare my life, senior brother ye!"

Ye Chen's strength was nothing in his eyes, but ye Chen's background was definitely outrageously powerful.

Even Zheng Qiankun addressed ye chen as senior brother. He was just a mere Liu Feng, yet he was still being manipulated in all ways.

Therefore, Liu Feng knelt down immediately.

"You're wrong? What did you do wrong?"

Ye chen pretended to be confused.

"I shouldn't have shown my power in front of you. It's all Wang Yi's fault. That bastard Wang Yi brought me here. It's all his fault!"

Liu Feng angrily pointed at Wang Yi.

At this time, Wang Yi was already completely dumbfounded.

"How about this, I can see that your strength is not bad."

Ye chen said, "if you can take one of my punches, I'll let you leave safely."

"This is true!"

Liu Feng's eyes brightened. Ye Chen's background was powerful. He could not afford to offend him.

However, ye Chen's strength was just trash. Ye chen was merely a third-stage true God ant. Liu Feng did not care about ye Chen's strength at all.

"You can make your move."

Liu Feng stood on the spot with an indifferent look. A weak third stage true God couldn't threaten him no matter what.

Even Zheng Qiankun was stunned. He knew that ye chen could defeat a first level divine Emperor and become a core disciple.

However, Liu Feng's strength was equivalent to a fourth stage God Emperor.

He wanted to defeat Liu Feng with a single punch?

He would at least need to be a late stage fourth level Emperor God or even a peak fourth level Emperor God.

,m "Divine infinite body."

Ye chen activated the divine infinite body. His entire body was illuminated by a golden radiance.

BOOM!

Ye chen stomped his foot and charged forward like a wild beast. He threw a punch and a dazzling fist radiance pierced through the void and headed toward Liu Feng.

At first, Liu Feng didn't think much of it. However, when the fist radiance got closer, Liu Feng's expression finally changed.

"How is that possible?"

Liu Feng roared. The power of this punch was too strong. It was almost equivalent to a peak fourth level Emperor God.

"Block it! Block it!"

Liu Feng roared in anger. He wielded his sword and slashed out sword radiance in an attempt to block the punch.

However, his sword ray was instantly destroyed by the fist ray.

In the next moment, the fist radiance landed on Liu Feng's body.

"Ah!"

Liu Feng let out a blood-curdling screech as his entire body was sent flying like a cannonball.

Silence.

Shocking!

Whether it was Zheng Qiankun or Wang Yi, both of them had already fallen into a state of shock.

Ye chen, a third-stage true God, had defeated Liu Feng with one punch?

This was too unbelievable!

"After the eight God domains have been promoted, they're indeed powerful."

Ye chen had already expected this when he saw Liu Feng being sent flying by his punch.

When he was at the second stage of the real God Realm, he could fight with a third stage Emperor God and even kill a third stage Emperor God.

Now that he had broken through to the third stage of true God, all eight God domains had also advanced.

Ye Chen's current combat strength was already comparable to a peak fourth level divine Emperor.

Of course, such strength was still not enough to deal with commander Gu and the people from the shengspirit sect.

Therefore, ye chen had to become stronger.

Commander Gu's cultivation was at the sixth level Emperor God Realm and his fighting power was extremely strong, comparable to a seventh level Emperor God.

The people from the shengling sect were basically all fourth level God emperors and above.

Ye Chen's current combat strength was not enough to deal with commander Gu and the others.

"However, with my current rate of improvement, it won't take me too many years to deal with commander Gu and the others."

Ye chen thought to himself.

Ye chen did not plan to leave the underworld so soon.

Moreover, he had yet to find a way to leave The Dark World, so he could not leave just because he wanted to.

Many divine Lord experts of the underworld were unable to find a way to leave the underworld.

No matter what, ye chen would have to cultivate to the combat strength of a ninth level divine Emperor before he could leave The Dark World.

No matter what, ye chen had to kill commander Gu and the people from the shengling sect!

"I, I lost."

Liu Feng looked dejected. He was a heaven's favorite and his cultivation base was much higher than ye chen 's. Yet, he was defeated by ye chen with one punch.

Ye chen was too freakish.

Liu Feng didn't dare to stay any longer. He immediately turned into a ray of light and left.

Next, only Wang Yi was left.

"I, I ..."

Wang Yi was already dumbfounded. Ye Chen's background and strength had completely dumbfounded Wang Yi.

"This is the kid who wants to deal with senior brother ye? You really don't know what's good for you!"

"Hmph!" Zheng Qiankun snorted coldly and suddenly stretched out his hand, producing a terrifying force. After shrinking Wang Yi, he caught him in his hand.

"Ah, ah, you, you dare to kill me?"

Wang Yi roared,"if you dare to kill me, you will all die. You will all be buried with me!"

"Hehe, just you?"

Zheng Qiankun laughed coldly. Wang Yi had no background and no strength.

How could someone like this threaten Zheng Qiankun and ye chen?

It was simply a fool's dream!

"Ah!"

Zheng Qiankun made a move decisively, punching Wang Yi's dantian and directly crippling him.

Wang Yi cried out in pain. It was a great humiliation to have his cultivation crippled.

Furthermore, he would be a good-for-nothing without his cultivation in the future.

A cripple would not be welcomed no matter where he went.

"Get lost!"

Zheng Qiankun waved his hand, and a huge force struck Wang Yi's body, sending him flying.

Ye chen did not stop Zheng Qiankun's actions.

Since Wang Yi had threatened ye chen, he should be prepared to be crippled.

"I'm going to challenge the trial Pagoda. "

After sending Zheng Qiankun away, ye chen walked out of the small wooden house.

He decided to challenge the Tower of Trials.

The Tower of Trials was one of the most valuable treasures of the divine sky and wind sect.

The more levels the disciples cleared, the more rewards they would receive.

There was even a possibility of getting the appreciation of the big shots.

When ye chen arrived at the bottom of the Tower of Trials, everyone looked at him.

A third-stage true God?

He actually came to challenge the Tower of Trials?

[Chapter 2645 Heaven-Destined Cultivator!](#)

A mere third stage true God dared to challenge the Tower of Trials. Did he not put the Tower of Trials in his eyes?

Isn't he too arrogant?

"A third stage true God brat also dares to challenge the trial tower. Better get lost."

"That's right. He's only at the third stage of true God. I'm afraid he won't even pass the first level of the Tower of Trials."

"Brat, go back to where you came from!"

Everyone ridiculed him.

Ye Chen could not be bothered with the crowd. After waiting for the next person to leave the Tower of Trials, he decisively walked toward the door of the Tower of Trials.

"No way! He's really going to take part in the Tower of Trials?"

"Has he gone crazy?"

"A mere stage three true God dared to participate in the Tower of Trials. I'm afraid he also knows that he won't really die in the Tower of Trials."

"No matter what, he won't be able to pass the first level."

The crowd sneered.

However, there were also people who believed that Ye Chen was not as simple as he seemed.

After all, the divine sky and wind sect only recruited genius disciples.

Ye Chen's combat strength should be able to reach the Godking rank or even the peak of the Godking rank.

This was already an extremely heaven-defying combat strength. As for higher levels, they didn't dare to think about it.

The moment Ye Chen entered the Tower of Trials, his surroundings began to spin and everything changed.

"The first level, kill a hundred divine Bulls."

A cold mechanical voice resounded in the space.

Then, a hundred behemoths appeared before Ye Chen's eyes. They were all Wild Divine Bulls.

Each of the divine Bulls had a cultivation base equivalent to a fifth level Godking.

If one wanted to kill a hundred divine Bulls, one would have to be at least at the sixth or seventh level of the Godking realm.

"Whoosh, whoosh, Whoosh!"

The ice-cold sword light instantly shattered the figures of the 100 Wild Divine Bulls.

The first level, passed!

The second level was also a battle against a hundred divine Bulls.

However, the cultivation of these 100 divine Bulls had reached the seventh level of the God King realm.

"Whoosh, Whoosh!"

A beam of sword Qi swept out and cut a hundred Wild Divine Bulls in half.

Second level, passed!

Ye chen shook his head slightly when he reached the third floor.

According to the information he had received, the Tower of Trials was divided into 25 levels.

The twenty-first floor was equivalent to the strength of a first level God Lord.

To be able to pass the twenty-first level meant that the Challenger had the fighting power of a first level God master.

The twelfth level, fifth level God Emperor.

With ye Chen's strength, it should not be a problem for him to make it to the twelfth level.

At this moment, in the outside world.

When the lights on each level of the Tower of Trials were on, it meant that the Challenger had reached the level.

At this moment, the lights on the Tower of Trials had already reached the sixth level.

"How is this possible? the sixth level is already equivalent to the fighting power of a first level Emperor God."

"That stage three true God fella actually has the fighting power of a first stage Emperor God?"

"My God, is he trying to defy the heavens?"

"Heaven-defying!"

Everyone was extremely excited. This was heaven-defying, this was really heaven-defying.

A person with stage three true God cultivation could actually make it to the sixth level. This was simply heaven defying.

The sixth level was equivalent to the fighting power of a first level Emperor God.

Ye Chen's ability to reach the sixth level meant that he had the combat power of a first level Emperor God.

A third stage true God with fighting power at the level of a first stage Emperor God?

This was simply too heaven-defying!

"Look, he's still trying to break through!"

"He's already reached the seventh level!"

"Oh my God, what kind of freak is this!"

Everyone exclaimed in shock.

Ye chen had not only made it to the sixth level, but he had also made it to the seventh level.

Could it be that he still wanted to attempt the eighth level?

After a while.

"The eighth level, the eighth level."

"My God, it's really the eighth level!"

"Heaven-defying, this is really heaven-defying."

Everyone was stunned.

It was already a miracle that ye chen, a third-stage true God, could make it to the sixth level.

And now, he had actually made it to the eighth level.

The eighth level was equivalent to a second level Emperor God.

A second level God Emperor was much stronger than a first level God Emperor.

There was a huge gap between each level of Emperor God.

"The ninth floor ..."

After a while.

Ye chen had already reached the ninth level.

Everyone was already numb.

Ye chen was too freakish.

In the entire history of the sky and wind divine sect, there had never been anyone who could make it to the ninth level with the cultivation of a stage three true God.

The most monstrous existence that had appeared in the sky and wind divine sect could not possibly make it to the ninth level with a cultivation of the third stage of true God.

One had to know that the difference between third stage true God and second stage Emperor God was almost two major realms.

Such a huge difference in cultivation level was simply unbelievable.

A normal person would be blown to death in one breath.

However, ye chen could still put up a fight.

This was truly heaven-defying.

Boom, boom, boom, boom!

One powerful figure after another appeared.

Each figure was like a vast ocean, unfathomable.

"I heard that there's a stage three true God here in the Tower of Trials who can make it to the ninth level?"

One of the figures said in a low voice.

"Oh my God! That's a half-Saint elder!"

"That's Elder Devil!"

"And elder Tian Sheng!"

After everyone saw these figures, they were all stunned.

Every single one of these figures was an elder of the divine sky and wind sect.

The elders of the divine sky wind sect were at least divine Lords.

"Look, he's reached the tenth floor."

The crowd exclaimed again.

"I must take this kid as my disciple. Do you have any objections?"

Elder Tian Sheng scanned the crowd and said.

"Yes, of course I do. Why should I give it to you?"

The other elders sneered.

To be able to make it to the tenth level at stage three true God Realm, such talent was an unrivaled existence in the dark World.

Give it to elder Tian Sheng?

This was too laughable!

BOOM!

At this moment, an especially powerful aura descended.

Everyone's faces were filled with excitement.

"Elder Tianming!"

Everyone exclaimed in shock.

"Haha, this place is so lively."

An old man stepped out. It was heaven-destined cultivator.

"Damn it."

Seeing heaven-destined cultivator, the other elders' faces darkened.

"This little fellow is incredible."

Looking at the Tower of Trials, heaven-destined cultivator couldn't help but smile.

At this moment.

Boom, boom!

In the Tower of Trials, he suddenly passed two levels.

Everyone's face was dazed.

T-the 12th level?

He made it to the 12th floor?

Buzzzzzz!

Ye chen was automatically teleported out. As he could not defeat the experts on the twelfth level, he was stopped at the twelfth level.

At this moment, everyone was completely stunned.

A third stage true God made it to the twelfth level?

Such an existence had never appeared before, even in the dark World.

This was heaven-defying, this was really heaven-defying!

"Greetings, elders."

Ye chen cupped his fists.

"Not good."

The elders' hearts skipped a beat.

They had already seen ye chen heading toward heaven-destined cultivator.

"Are you willing to be my disciple?"

Heaven-destined cultivator said with a smile.

"I'm willing to. "

Ye chen nodded.

### [Chapter 2646 Killed With A Single Sword Strike!](#)

Everyone cried out in surprise.

Ye chen had defeated the heaven-destined cultivator as his master. One must know that the heaven-destined cultivator's strength was unfathomable.

As the most powerful elder, heaven-destined cultivator's status was naturally not something ordinary elders could compare to.

Heaven-destined cultivator was extremely powerful, even more powerful than the elders.

Therefore, the priest of destiny was also called the first elder.

Some people even thought that heaven-destined cultivator's strength had surpassed the sect master.

Such an existence would only take in extremely monstrous disciples. However, ye Chen's talent was also monstrous enough.

Ye Chen's talent was beyond doubt.

But even so, the crowd still exclaimed.

"Disciple greets master."

Ye Chen said immediately.

However, in public, he did not kneel down directly, but only cupped his hands.

"Alright, I'll accept you as my disciple!"

Heaven-destined cultivator said with a smile. He was also in a good mood.

With ye Chen's talent, as long as he did not fall in the future, he was destined to become a Divine Master or even higher.

Taking in such a strong disciple was a stroke of good luck for heaven-destined cultivator.

Did he not see the other elders fighting to take ye Chen as their disciple? It was because ye Chen's talent was too heaven-defying.

As long as such a heaven-defying existence took ye Chen as a disciple, when ye Chen grew up in the future, it would be of great benefit to her.

After ye Chen left with heaven-destined cultivator, the crowd quickly dispersed.

On a mountain peak, in a small wooden house.

Ye Chen followed heaven-destined cultivator and entered the small wooden house.

"Since you've become my disciple, I'll give you a treasure."

Heaven-destined cultivator extended his hand, and a storage ring appeared in his palm.

Then, he threw the storage ring to ye Chen.

Ye Chen picked up the storage ring and scanned it with his divine consciousness. His eyes lit up.

It contained a treasured armor.

This treasured armor looked extremely extraordinary.

"This is the wind demon divine armor. It can increase your defense greatly. Even a sixth level God Emperor expert would not be able to do anything to you."

Said heaven-destined cultivator.

,m "Many thanks, master."

Ye Chen's heart skipped a beat. Even a sixth level divine Emperor could not do anything to him?

How could the armor's defense be so strong?

A sixth level Emperor God expert was not comparable to a fifth level Emperor God. An ordinary sixth level Emperor God could kill a fifth level Emperor God in one move.

The difference between a first stage Emperor God and a sixth stage Emperor God was huge. A sixth stage Emperor God could easily kill a fifth stage Emperor God.

Therefore, it was extremely heaven-defying for the armor to be able to block the attack of a sixth level Emperor God.

Moreover, ye Chen's cultivation base was only at third-stage true God.

A third stage true God could ignore the attack of a sixth stage Emperor God. This was simply heaven-defying.

"If I wear this armor and enter the Tower of Trials again, it won't be difficult for me to pass level 12."

After ye Chen put on the wind demon divine armor, he could deeply feel the power of the wind demon divine armor.

He could feel the heaviness and the powerful energy of the armor just by wearing it.

Even a sixth level divine Emperor would not be able to harm ye Chen.

This armor was very powerful.

"How is it? are you satisfied?"

Heaven-destined cultivator said with a smile.

"I am very satisfied."

Ye Chen nodded.

With the wind demon divine armor, even if ye Chen were to face commander Gu and the others immediately, he would not be defeated. Although he could not kill commander Gu and the others, it was a powerful achievement.

Moreover, after the wind demon divine armor recognized him as its master, ye Chen also learned that when he wore the wind demon divine armor, he could weaken an enemy's attack to one-tenth of its original strength.

This was an extremely powerful weakening.

One-tenth. Unless it was a seventh level divine Emperor, no one could hurt ye Chen.

It could be said that it was impossible for ye Chen to be killed by anyone below the seventh level divine Emperor realm.

After leaving heaven-destined cultivator's residence, ye Chen was ready to go out and gain some experience.

Furthermore, he was eager to try out the power of the wind demon godly armor.

Although he had the wind demon godly armor, he was still a distance away from being able to fight against commander Gu and the others.

First of all, ye Chen's strength was not enough. He only had the wind demon divine armor to be unafraid of commander Gu.

However, ye Chen wanted to kill commander Gu?

It was impossible.

Moreover, commander Gu's group was backed by the Shengling sect, which was unimaginably powerful and had divine Lords.

With ye Chen's current strength, he was still far from being able to deal with the existence behind commander Gu.

Therefore, ye Chen had to quickly become stronger. He planned to go out and gain some experience.

"What?"

Ye Chen was flying when he suddenly noticed two groups of people in front of him.

These two groups of people were fighting madly.

"Kill, kill!"

"Damn the black python clan!"

"Kill, kill them all!"

The two parties were roaring.

"A group of first level God emperors, and even a second level God Emperor."

After ye Chen arrived, he immediately felt the strength of these people who were fighting.

God Emperor, they were all God emperors.

It could be said that in the dark World, Emperor gods were as common as cabbages. There were so many of them that they could not be counted.

"Hehe, kid, you're with the heavenly snake tribe, right? Go to hell!"

At this moment, a burly man rushed over with a group of people. When he saw ye Chen, he shouted.

"Kill him and skin him!"

"Kill this brat! I like to bully the weak!"

"This true God brat is an ant-like trash. Quickly kill him!"

The crowd sneered.

Whoosh, whoosh, whoosh, Whoosh!

Including the burly man, there were a total of eight Emperor gods who surrounded ye chen.

The auras of the eight Emperor gods soared into the sky and were extremely powerful.

"Kid, kneel down. After you kneel down, slap yourself a hundred times, then shout that I'm trash. Maybe we'll spare your life."

The leader of the group, a burly man, said with a sinister smile.

"I'm not on the same side as them,"

Ye chen said.

"Who would believe that? Are you just passing by? How is that possible?"

The burly man snorted and sneered, "moreover, even if you are just passing by, so what? you are just a third stage true God ant. If you are trampled to death, so be it!"

In their eyes, ye chen was merely a third-stage true God trash.

Dispensable small characters could be trampled to death anywhere.

Not to mention third stage true God, even third stage Divine King was also just an ant in front of them.

When ye chen heard this, his expression became very playful.

"Attack and kill him!"

Finally, the burly man was too lazy to talk anymore. He snorted and gave the order.

"All of you will die!"

Ye chen grinned.

Whoosh, whoosh, whoosh, Whoosh!

Streams of cold sword Qi instantly filled the world, and everyone could only see streams of cold sword light flashing.

After that.

Puff, puff, puff, puff!

The eight Emperor gods, including the brawny man, were all cut in half at the waist!

One sword!

Just one sword!

They were all killed by ye chen.

The space was completely silent.

The space was dead silent.

Everyone present was stunned. They stood in place and even forgot to attack.

How was that possible?

How was this possible?

A third stage true God actually killed eight Emperor god level experts with one sword?

How could that be possible?

Everyone's mouths were agape as they gasped.

Heaven-defying!

It was too heaven-defying!

They understood that ye Chen's strength was too heaven-defying. To be able to kill eight Emperor gods with one move as a stage three true God, such fighting power was simply heaven-defying in the dark World.

Even the top heaven's favorites in the dark World couldn't be this strong, right?

Who could kill eight Emperor gods with one sword at the third stage true God Realm?

Ye chen had done it.

Moreover, it was easy.

"You, you actually killed an expert of our black python clan! You deserve to die!"

At this moment, the black python clan experts roared in anger and shock.

They did not dare to believe that the eight Emperor gods would be killed by a stage three true God kid in one stroke.

At the same time, they were furious. There were eight Emperor gods.

Eight Emperor gods were already the backbone of the black python clan.

Even in the entire black python clan, there were only a dozen Emperor gods. Eight of them had died in an instant.

It was a disaster.

Whoosh, whoosh, Whoosh!

Streams of black light flew over. They were all experts of the black python clan.

"What's going on? Why haven't you exterminated the heavenly snake tribe yet?"

Among the experts of the black python clan, the leader had the strongest cultivation. He had reached the second stage Emperor God Realm.

"It's him. He killed eight of our Emperor gods with a single sword."

The black python clan's experts all looked at ye chen.

"What? A stage three true God kid could kill eight Emperor gods? You're not joking, right?"

The black python clan experts who had arrived were all surprised. How was this possible?

A third stage true God could kill eight Emperor gods in a second with one sword?

Who would believe that? There was a huge gap of two realms between a real God and an Emperor God. The gap was ridiculously huge.

A stage three true God had killed eight Emperor gods in seconds.

Who would believe this?

"Brat, don't play tricks there. Kneel down and hand over all the treasures you have!"

The leading second level Emperor God expert stepped out and said indifferently.

He was just a third-stage true God kid. With their strength, they could crush ye chen to death with a flick of their fingers.

Ye chen could kill eight great emperor gods? This was naturally impossible.

Even a random first level divine Emperor could crush ye chen to death, let alone him.

In their eyes, ye chen was just an ant.

"What if I don't hand over the treasure?"

Ye chen said with a cold smile.

A mere second level Emperor God wanted him to hand over the treasure.

This was too laughable!

"If you don't hand over the treasure, you'll die!"

One of the first level divine Emperor experts stepped out of the void and looked down at ye chen. His eyes were filled with contempt.

A mere third stage true God trash.

He was an Emperor God. He could kill ye chen with just a breath.

"Oh, then you're here to kill me?"

Ye chen, however, revealed an extremely sarcastic smile.

What?

Everyone was stunned. Other than those who had seen ye chen kill eight Emperor gods with one strike, everyone else had a look of ridicule on their faces.

"Since you want to die, I'll grant you your wish. Little bastard, kneel down!"

The first level Emperor God said indifferently. Then, he stretched out his hand and pressed in ye Chen's direction.

Eh?

Silence.

The space was silent.

This first level Emperor God expert's face changed. What was going on? why wasn't he dead?

Logically speaking, he should have been able to crush ye chen to death easily.

Why was ye chen not dead yet?

"You, why aren't you dead yet?"

The first level Emperor God expert said in fear.

Logically speaking, ye chen should have been crushed to death by his strength.

Why was ye chen not dead but alive and well?

"Is that what you're saying?"

Ye chen grinned. Then, he stretched out a palm and pressed down.

"Ah!"

At the next moment, a vast power crushed over and shattered the space. It crushed the first level Emperor God expert.

After letting out a shrill cry, the first level Emperor God expert stopped breathing.

"What?"

Seeing this scene, everyone was dumbfounded.

How was that possible?

A third stage true God actually crushed a first stage Emperor God to death?

They even thought that they were seeing things.

"You, you ..."

Even the second level divine Emperor expert could not help but reveal a look of fear. It was too terrifying. Ye chen had crushed a first level divine Emperor to death.

Even he was far from being able to do that.

Such a technique was already far above second level Emperor God.

Most likely, even the strength of a fourth level Emperor God was only so!

"Alright!"

The heavenly Snake Clan was overjoyed to see the black python clan's expert killed.

Although they did not know ye chen, he was obviously helping them now. The stronger ye chen was, the better.

The strength that ye chen had displayed was too powerful.

This allowed them to see a ray of hope.

"Hmph, even if you're very strong, it's impossible for you to kill me."

The second stage Emperor God expert of the black python clan snorted coldly and was extremely furious.

Even among the black python clan, a Celestial Emperor-level expert was considered an expert. However, ye chen had easily killed him.

Nine Emperor Gods had died at once. This made his heart ache so much that he wanted to die.

He believed that with his ability to survive, it would be impossible for ye chen to kill him.

"Oh? You're very confident?"

Ye chen glanced at the man in surprise.

"Even a third stage God Emperor would not be able to kill me."

The second stage Emperor God expert from the black python clan sneered.

"BOOM!"

The next moment, a sword light instantly slashed out. With a bang and a loud explosion, a head directly flew into the sky.

Boom, boom, boom!

The sword Qi instantly drowned the second level Emperor God expert.

Under everyone's shocked gaze, the second level Emperor God expert died on the spot!

"How is that possible?"

The black python clan roared.

That was a second level God Emperor expert. Furthermore, he was the kind that was extremely good at staying alive.

He himself had said that even third level God Emperor experts could not kill him.

Ye chen, on the other hand, could kill him.

Did this not mean that ye Chen's strength was above third level Emperor God?

"Die!"

Ye chen wielded the bone dragon divine sword and began a massacre on the black python clan.

"Not good, quickly run!"

"Run!"

"This person is too strong!"

The black python clan members were all shocked, and all of them fled frantically.

However, before they could escape far, they were swept away by cold sword lights. Then, they were all cut in half.

### [Chapter 2647 Another God Lord's Ruin!](#)

Not long after, the black python clan members all turned into balls of flesh and blood and fell from his mouth.

The black python clan had fallen.

Soon, the clan leader of the heavenly Snake Clan quickly floated to ye Chen's side. He bowed deeply and said,"

"Many thanks to senior for saving our heavenly Snake Clan."

At this moment, ye chen just waved his hand and said,""I didn't want to save you. It's these guys who want to die. I'm just satisfying their needs."

As soon as ye chen said this, the heavenly Snake clan's clan leader's face immediately showed some embarrassment.

"Senior must be joking. No matter what reason senior has for saving our heavenly Snake Clan, we are still greatly indebted to you." The clan leader of the heavenly Snake Clan looked at ye chen in front of him with a very humble and respectful gaze.

He was clear in his heart that although the person in front of him seemed to only have the strength of a stage three true God, anyone with a discerning eye could see that the strength of this person was definitely above that of an Emperor God.

Even if he was not as strong as a Divine Master, he definitely had the talent to quickly raise his strength to a level where he could compete with a Divine Master.

As long as they could win this man over to their heavenly Snake Clan, they would become the greatest force in this world. They would no longer be bullied by the black python clan like before.

With this in mind, the clan leader of the heavenly Snake Clan continued to speak in an extremely respectful manner,""Our heavenly Snake Clan has always been one to repay kindness, so we would like to invite senior to our heavenly Snake clan's territory to accept our gratitude."

Ye chen shook his head."There's no such thing as a favor. I don't think we'll have much to do with each other in the future."

Ye Chen was about to leave when the voice of the heavenly Snake clan's clan leader rang out behind him.

"Senior, don't you want to know why the black python clan wants to exterminate our heavenly Snake Clan?"

Ye Chen slowly turned around, his eyes full of disdain. "It's just a feud between races, what does it have to do with me?"

The clan leader of the heavenly Snake Clan wagged his finger and said, ""Senior, that's not the case. There's no irreconcilable enmity between us and the black python clan." Jiang Chen said.

Ye Chen raised his eyebrows slightly and said, "Oh? Territorial disputes? I'm not interested in this, so I hope you don't waste my time. In the last three seconds, if you still say this nonsense, then your heavenly snake tribe will start another war with the black python clan in another world. "

The clan leader of the heavenly Snake Clan was a little flustered. He knew what Ye Chen meant, so he did not keep Ye Chen in suspense. He said directly to Ye Chen, "It's a relic. It's a Divine master's relic that suddenly appeared at the border between our two races' territories."

"A God Lord's relic?"

Ye Chen's interest was suddenly piqued. He was interested in anything that could improve his strength.

The previous master God's relic had helped him to advance to stage three true God Realm and awaken eight God domains. Who knew what the master God's relic would bring him this time?

"Yes, senior. A Divine master's relic that only existed in the legends of our dark world appeared out of nowhere at the border of our two races' territories. Both of our races wanted to monopolize it, and because of this, we started a war."

"Originally, our two clans were equal in power. However, I don't know what kind of fortune the black python clan encountered. In a short period of time, more than ten Emperor God experts appeared. Hence, our clan was almost exterminated by the black python clan."

Ye Chen thought for about two seconds and looked at the clan leader of the heavenly Snake Clan with a profound gaze. "Then what do you mean? Are you going to share the God Lord's relic with me?"

As soon as Ye Chen said this, the other members of the heavenly Snake Clan looked at their clan leader with surprise.

The heavenly Snake Clan leader was silent for a while before saying, ""Yes, without senior, our heavenly snake tribe would have been exterminated, let alone possessing those ruins."

"Moreover, it'll be a bit difficult for our race to explore the God Lord's ruins. Why don't we share it with senior? perhaps our race can follow senior and eat some of the soup." Zhao Feng said.

Ye Chen looked at the clan leader of the heavenly Snake Clan and slowly nodded. "If that's the case, then you guys lead the way."

The clan leader of the heavenly Snake Clan quickly nodded and said to ye chen, "Senior, please follow me."

The heavenly Snake Clan quickly charged toward their territory while ye chen followed closely behind with a relaxed expression.

Very quickly, the group of people arrived at an incomparably spacious boundary.

However, it was not a peaceful place at all.

The ground was filled with flames, and the entire residence of the heavenly snake tribe was engulfed in a sea of fire.

"Chief! We've been attacked. "

At this time, the elder of the heavenly Snake Clan said to the clan leader with a trembling voice.

"I know, I'm not blind." The leader of the heavenly Snake Clan gnashed his teeth and said, "however, who exactly did the black python clan and our clan start a war?"

Ye Chen's cold eyes swept over them and he whispered to the clan leader of the heavenly Snake Clan, "Now, take me to the ruins. I think you should be able to find the guy who destroyed everything."

The clan leader of the heavenly Snake Clan instantly understood and immediately ordered, "Those who are true gods and above, follow me and senior. The rest of you, go down and rescue the supplies. Take back as many as you can!"

"Understood."

The group quickly headed in the direction of the ruins. Soon, a round building appeared in front of everyone.

In front of the building, there were some vague figures flashing.

"Senior, that's the God Lord's relic. It seems like those guys are really here for the ruins. " The clan leader of the heavenly Snake Clan suppressed his intense anger and spoke sternly to ye chen.

"Hehe, we thought it would be the black python clan that survived. I didn't expect it to be your heavenly Snake Clan."

"It seems that we have too many people waiting here to ambush. If I had known, I would have gone with them to explore the ruins."

Without waiting for ye Chen's reply, more than twenty Emperor God powerhouses flashed out from the side. The leader among them said with a face full of ridicule.

The heavenly Snake clan's leader looked coldly at those fellows and said, "Who are you people? Are you the ones who destroyed our territory?"

The leader sneered, "hehe, you don't deserve to know our identity." Besides, what's wrong with helping a race that's destined to be destroyed?"

The patriarch of the heavenly Snake Clan said sternly, "Our heavenly snake tribe will never be exterminated!"

The leader raised his weapon and pointed it at the leader of the heavenly Snake Clan, "The black python clan has disappointed us. However, your heavenly Snake Clan will still be exterminated. It will be in our hands today."

"I don't know how you, a third level God Emperor, can ensure that your heavenly Snake Clan will never be exterminated."

The leader of the heavenly Snake Clan looked at the leader in front of him and sneered,

"I don't care who you guys are. I only know that you will never be able to exterminate our heavenly snake tribe today!"

The leader only smiled faintly and said, "Since that's the case, let's see who's stronger! I'll start with you, you ignorant fellow!"

After saying that, the leader turned into a stream of light and rushed toward the patriarch of the heavenly Snake Clan.

The clan leader of the heavenly Snake Clan looked at the leader's attack, and his face could not help but change slightly. He quickly formed a seal with his hands, and a giant snake coiled up behind him. It opened its bloody mouth and rushed toward the leader's attack.

"Hehe, so this is the secret technique of the heavenly snake tribe? It looks like there's something."

The long blade in the leader's hand directly hit the giant snake. For a moment, the sky rumbled, and the snake and the man quickly separated.

The eyes of the heavenly Snake clan's clan leader widened. Even if the Natal heavenly snake that he had condensed as a third stage God Emperor did not have the ability to kill those of the same level in an instant, it should not have ended up in such an evenly-matched situation.

No, they were still not evenly matched. It should be said that his heavenly snake was at a disadvantage in this confrontation.

Soon, the patriarch of the heavenly Snake Clan formed another seal, and the heavenly snake's body quickly burst into flames.

The temperature of the flames on the snake's body was so high that the surrounding space began to distort.

When ye chen saw this, the corners of his mouth could not help but curve up.

The heavenly snake tribe was really interesting.

"Red flame snake."

The patriarch of the heavenly Snake Clan spoke slowly. The flaming heavenly snake once again charged towards the leader.

However, there was no fear on the leader's face. The long knife in his hand slashed straight forward, and a knife Qi quickly rushed out from the long knife in his hand.

The blade light rushed directly towards the red flame snake. The entire space trembled, and some cracks even appeared in some places.

"This!"

The eyes of the heavenly Snake clan's clan leader widened as he saw the blade light.

He had never thought that the person in front of him would be so powerful.

Soon, the saber radiance hit the red flame snake's body.

In an instant, the body of the Scarlet Flame snake exploded, and the raging flames blocked the space in front of everyone.

The patriarch of the heavenly Snake Clan vomited blood and was sent flying. His life force was continuously weakened.

However, it wasn't over yet. The blade Qi that man had just slashed out didn't disappear after destroying the body of the heavenly snake. It even carried some residual waves toward the patriarch of the heavenly Snake Clan.

"Chief!"

At that moment, a first stage God Emperor from the heavenly Snake Clan drew a sharp sword from his waist and dashed towards the saber Qi.

The saber Qi collided with the first level God Emperor and cracks appeared on the sharp sword in his hand.

The first level Emperor God spat out a mouthful of blood. However, he still managed to block the attack.

At this time, the flames in the air had already dissipated, and the leader directly burst into laughter.

"Hahaha, I thought that the patriarch of the heavenly snake tribe had some ability when he said those words. It turns out that he is just an empty shell."

"Brothers, let's go! After we annihilate the heavenly snake tribe, we'll go to the ruins to get some stuff!"

The rest of the Emperor gods who were blocking the way grinned hideously when they heard their leader's words. They waved their weapons and charged at the heavenly Snake Clan.

At that moment, a sharp sword aura charged towards the Emperor God experts.

The Emperor God experts felt the power contained in the sword Qi and wanted to Dodge but it was too late.

"Ah!"

The ten first level Emperor God experts were crushed into pieces by the sword Qi.

"Good swordsmanship. May I know which mighty figure is bothering you?"

The blood mist in the air had yet to dissipate when the leader's gaze swept across the space as he spoke coldly.

Ye chen held the bone dragon in his hand and narrowed his eyes. He stepped out of the crowd and said,"

"If it's just a grudge between the two of you, I won't interfere."

"However, if you covet my Divine master's remains, then you can all stay here."

The leader looked at ye chen and the bone dragon in his hand and could not help but sneer.

"Haha, kid, you, a third stage true God ant, can release that sword energy just now?"

"I understand now. What kind of opportunity did you obtain that life-saving technique from?"

"Are you trying to use this as a deterrent?"

Ye chen slowly shook his head."Hehe, this isn't a threat. I've already said that anyone who covets my ruins must die."

"If you leave now, you still have a chance to live."

After ye chen finished speaking, his aura and killing intent were released. For a moment, the surrounding time and space were frozen. Except for those with cultivation bases above Emperor God, no one could move.

The leader's eyes emitted a cold light as he sneered,"

"Not bad. If it were those idiots, they might really be fooled by you guys."

"Unfortunately, you've met me. My eyes are sharp, and I've seen a lot of people like you who try to be mysterious."

"Hand over your magic weapon and I might spare your life."

Ye chen did not respond to her words. He merely said,"

"You have three seconds to make your choice."

The leader's face couldn't help but change, and he said with a twisted expression,"

"Stubborn! The rest of you, attack! I'd like to see what kind of ability this third stage true God has!"

After the leader had finished speaking, the rest of the celestial Emperor powerhouses did not hesitate and launched their attacks in ye Chen's direction.

Ye chen sighed softly."I just wanted to explore the ruins. I didn't want to cause any trouble. It's a pity that you guys are seeking your own death."

With that, ye chen waved the bone dragon in his hand and a surge of sword Qi broke through the void and arrived in front of those people.

"What kind of monster is this!"

When the Emperor gods who were charging at ye chen saw the sword gleam, they only had time to think of this before they turned into clouds of blood mist.

When the leader saw that the Emperor gods who had followed him here had all died, the muscles on his face twitched and his hand that was holding the long saber tightened.

"I didn't expect that you, this fellow, actually disguised as a third stage true God and pretended to be a pig to eat the Tiger!"

Ye chen looked calmly at the man in front of him who was on the verge of a breakdown and said,"

"Who said that I'm pretending to be a pig to eat a Tiger? I'm at the third stage of true God Realm, without any pretense."

### [Chapter 2648 The Nine Heavens Wuji Shield!](#)

"Nonsense! I want to see what you are!" The leader of the group shouted.

"In this world, why does no one believe the truth?" ye chen said with a helpless expression.

With that, ye chen gently raised the bone dragon. The violent sword Qi was like a storm that quickly covered the leader.

The leader had been staring at ye chen during this time and could not help but feel shocked.

When the person in front of him was performing his moves, there was no energy fluctuation on his body.

According to his knowledge, when an expert suppressed their strength to a lower realm, they would definitely have a very short time to display their original strength when they used power that exceeded their realm.

Which was also to say that this guy in front of him really had third stage true God strength.

The power of a third stage true God could actually kill a second stage Emperor God and below in seconds.

Such talent, other than monstrous, there was no other word that could describe it.

If a guy like him joined their organization, their organization would be invincible in the dark World.

With this in mind, the leader produced a palm-sized round shield and quickly shot it at the sword Qi storm ye chen was attacking.

It didn't take long for the palm-sized round shield to continue growing in size. It was so big that it could directly block the body of the leader.

"Boom boom boom!"

One after another, the sword Qi smashed onto the round shield, making an unusually terrifying sound.

However, even with such an attack, the shield did not move at all.

"Hehe, you're quite talented, but your sword Qi can't break this Nine Heavens everlasting shield."

"This is a treasure I obtained from a historical site. No matter how strong you are, you won't be able to break it."

"Even if you are strong and can kill an Emperor God with the strength of a stage three true God, you will only be exhausted in front of this shield."

"I'll give you a chance. Stop your attacks and join us. I'll give you a way out and enjoy endless glory and wealth in this dark world."

As soon as the leader finished speaking, the clan leader of the heavenly Snake Clan looked at ye chen with a very complicated expression.

The strength of this organization was indeed much stronger than their heavenly Snake Clan. Just the strength of the people who intercepted them was enough to prove the strength of this organization.

Perhaps it would be better for ye chen to join this organization than to join the heavenly Snake Clan.

Moreover, the heavenly Snake Clan had only been able to rope in a monstrous talent like ye chen at the cost of the legendary Divine master's relic.

In other words, the clan leader of the heavenly Snake Clan was not sure whether ye chen would agree to this person in front of him or whether the heavenly Snake Clan would survive today.

The heavenly Snake clan's chief's eyes kept rolling. He wanted to use some greater temptation to make ye chen stay.

Even if it was a lie, it didn't matter. As long as the heavenly snake tribe could survive today, it would be fine.

Just as the clan leader of the heavenly Snake Clan was about to speak, ye chen suddenly said,"

"Hehe, I've never intended to be beneath anyone in this world."

The leader laughed and said,""I know that proud and arrogant guys like you must be like this, but there's a good saying," a wise man submits to circumstances. ""

"No matter how monstrous your talent is, your current strength is just like this. It's not worth it to die Here. "

"If you want to try the feeling of exhaustion, you can try it. However, I'm afraid the price you will have to pay will be beyond your imagination."

Ye chen smiled faintly and did not say a word. The bone dragon in his hand once again slashed in the direction of the leader.

A terrifying sword light tore through the void and headed straight for the nine Heavens everlasting shield.

"Hehe, don't waste your energy. Like I said, you don't have a chance to break through this Shield's defense,"

Ye chen did not reply. The bone dragon in his hand slashed forward again.

The two sword radiances overlapped each other, and the surrounding space started to shatter into pieces.

This kind of power made the leader admire ye chen even more.

However, the more he admired her, the more he feared her.

If such a person still couldn't join his organization in the end, he must eliminate him before he grew up.

The seeds of hatred had already been planted. If they could not resolve it as soon as possible, what awaited their organization would be destruction.

Complete destruction.

The two rays of sword Qi hit the nine Heavens Wuji shield.

This time, the body of the nine Heavens everlasting shield was already shaking slightly.

The leader looked at the changes in the nine Heavens Ultimate Shield and raised his eyebrows. This was the first time he had seen someone shake the nine Heavens Ultimate Shield since he took it out.

The leader had already made up his mind. This was the last chance he would give this monster in front of him.

If this guy still didn't wake up next time, he would personally kill him.

This guy was definitely a disaster.

"Give up! It's already very good that you're able to do this, but this is definitely your limit! Join us, and this will be your last chance to live!"

Ye chen smiled contemptuously and said, "hehe, didn't you say that was my limit before?" Now it seems that the broken shield you're so proud of has reached its limit. "

"Impossible! No one in the dark World could break the nine Heavens everlasting shield! This was something that was mentioned in ancient books! This is the inscription on the place where the nine Heavens everlasting shield was placed!"

When the leader heard ye Chen's words, he began to become hysterical.

Ye chen looked at the bone dragon in his hand and said, ""Can't the people of the Dark World break it? Hehe, I don't know if this is your fate or the fate of this shield. "

"However, it's not a good habit to completely believe in written accounts."

When ye chen finished speaking, the bone dragon in his hand was summoned again. However, this time, no one could see ye Chen's sword movement.

In an instant, the entire space crumbled.

Ye chen and the leader seemed to have fallen into a void.

"Come at me if you can. You must have used up a lot of energy to launch such an attack, right?"

"I'd like to see how you'll die in despair when you see your attack being blocked by the nine Heavens Wuji shield!"

The leader drew his sword and roared at ye chen.

Ye Chen's sword Qi attack arrived in an instant.

"Crack!"

The nine Heavens Ultimate Shield was broken.

"This is impossible! There's no way the nine Heavens Wuji shield would break!"

The leader's face was twisted, and the killing intent on his body kept rising.

"It cracked, it really cracked." Ye chen replied calmly, "this is the truth. I think it's better if you don't deny the truth."

At this time, ye Chen's face turned a little pale. After all, he was only at third stage true God. After displaying such a powerful attack, he still felt a little weak.

"So what if it's cracked? This is your limit. You don't have the strength to break the nine Heavens everlasting shield. Next, you will die!"

The leader roared, and a very cold saber Qi burst out from behind the nine Heavens everlasting shield.

However, ye chen did not show any signs of panic on his face. He only said indifferently, ""Don't worry, there's still some time before the sword Qi is released. "

"What?" The leader showed a very shocked expression.

Although that person had already launched the same attack at ye chen as the heavenly Snake clan's chief who had severely injured him, he still felt that something was not right.

It was a threat of death.

Such a threat was simply baffling to the leader. According to his knowledge, this guy was a stage three true God. How could he possibly pose a death threat to him?

However, that kind of threat was extremely real to the leader.

Ye chen looked contemptuously at the saber Qi, then placed the bone dragon in front of him.

"BOOM!"

Ye Chen's body flew backward and a mouthful of blood gushed out of his mouth.

The leader looked at the scene in front of him and smiled proudly.

Although the attack did not kill ye chen as he had expected, he was not worried at all.

This was because he could still launch this level of attack many times, and the guy in front of him could not hold on for that long.

The more that person thought about it, the more proud his expression became.

However, at this moment, a sword Qi suddenly emerged from the void and hit the nine Heavens Wuji shield.

"Crack! Hua la!"

This sword Qi was the last straw that broke the nine Heavens everlasting shield.

The cracks on the shield started to spread in all directions, and the cracks were still spreading.

"No, no, that's impossible."

"BOOM!"

Just as the leader was in disbelief, the nine Heavens Wuji shield exploded. The aftershock from the explosion hit the leader.

"Pfft!"

Blood gushed out of the man's mouth, and his face was frozen with fear.

"Who are you? You can actually do this?"

The leader clutched his chest and wiped the blood from the corner of his mouth. He looked at ye chen with a very fearful gaze.

He had a premonition that he might not have the chance to kill this mysterious and devilish man in front of him.

He needed help.

With this thought in mind, the leader formed a seal with his hand and a ray of light appeared in his palm.

However, just as the light was about to be thrown out of the man's palm, a sword Qi quickly passed through the shoulder of the leader.

An arm shot up into the sky, covered in blood, and the light dissipated in the air.

"Argh! You bastard! You actually dared to cripple one of my arms!"

The man covered the wound on his shoulder and said with a twisted face.

"It's just an arm, what's there to be afraid of? Next, I'm going to take your life. "

Ye chen lifted the bone dragon and looked at the guy in front of him.

"If you have the ability, then come and see who we are ..."

The leader didn't even finish his sentence before his eyes widened and he stopped moving.

Not long after, a line of blood appeared on the man's neck.

"Pfft!"

Just like that, the leader's head shot up into the sky. His body slowly fell from the sky and directly fell into the endless void.

Ye Chen watched coldly at the man's fate. His heart did not waver in the slightest. He simply put the bone dragon back at his waist and the shattered space quickly healed.

After three breaths, Ye Chen's body appeared in front of everyone again.

When Ye Chen reappeared, the heavenly Snake Clan was extremely surprised.

They naturally knew about the nine Heavens everlasting shield and its toughness.

However, the person in front of him was able to break the shield and kill the person hiding behind it.

This person's talent and strength were definitely much stronger than they had imagined.

"Senior, I wonder if that person ..."

The clan leader of the heavenly Snake Clan mustered his courage and slowly walked to Ye Chen's side, asking carefully.

"He's dead,"

Ye Chen replied expressionlessly. Then, he pointed in the direction of the mysterious building.

"Is that the God Lord's relic you were talking about?"

Hearing Ye Chen's question, the clan leader of the heavenly Snake Clan could only nod and answer quickly.

"That's right, that's the place. But senior, don't think that place is actually quite close to us, it's at least ten minutes on foot. "

Ye Chen nodded. He did not think for long before he said to the clan leader of the heavenly Snake Clan,

"Alright, I understand. You can go back and rebuild the territory of your heavenly snake tribe."

When the clan leader and the other members of the heavenly Snake Clan heard Ye Chen's words, they could not help but be shocked.

"Senior, what do you mean by this?"

The clan leader of the heavenly Snake Clan asked Ye Chen, suppressing the sorrow in his heart.

Ye Chen was still expressionless.

"There are many similar enemies near the ruins. If you go there, you will just be throwing your lives away. I don't have that much time to protect you."

"So, if you don't want your heavenly snake tribe to be annihilated, you'd better go back and rebuild your territory."

"By the way, I'll give you a suggestion. If you have the energy, why don't you take this opportunity to take over the black python clan's territory?"

After Ye Chen had finished speaking, he did not say anything else. He turned into a stream of light and headed in the direction of the Divine Master's ruins.

Only the heavenly Snake Clan members were left. They watched ye chen leave with mixed feelings.

"Patriarch, we've been fighting the black python clan for so long just for this God master's relic. Are we really going to give it all to an outsider?"

"That's right, clan leader. I think even if that guy took away the inheritance in the God master's relic, he definitely won't protect our heavenly Snake Clan."

"Clan leader, why don't we hurry over as well? we'll try to take back as many things as we can,"

"Clan leader, quickly give the order!"

### [Chapter 2649 Three Seconds!](#)

The clan leader of the heavenly Snake Clan looked at ye Chen's departing back and fell into deep thought.

"Clan leader, quickly give the order. We can still make it if we rush over now!"

The heavenly snake tribesmen were all very anxious.

The patriarch of the heavenly Snake Clan sighed and said, ""Let's go back. "

The heavenly snake tribesmen were confused.

"Clan leader, why is that?!"

"Yeah, we've been eyeing the God Lord's relic for so long. How can we just give it all to someone else?"

The clan leader of the heavenly Snake Clan looked at his clansmen and sighed helplessly, ""Do you think we have the strength to fight against those guys now?"

The heavenly snake tribesmen were all silent.

Indeed, if it had not been for ye chen, they would have been exterminated by the black python clan long ago. They would not have had the chance to make a fuss here.

"Let's go back!"

After the heavenly Snake Clan leader finished speaking, he turned into a stream of light and headed back to his territory ...

Ye chen soon arrived at the entrance of the ruins. He saw that almost all the powerhouses were at the third level of Emperor God Realm and were standing in front of the ruins. They looked anxious.

"Captain, what do we do now?"

"Why don't we send a few people to guard this place, and then we go back to the organization to find some people who meet the requirements to explore this ruin?"

"This relic only allows people below the divine Emperor level to enter. Does our organization have such combat power?"

"What can we do? Now that all of our combat power is above that of a divine Emperor, are we going to give up on these ruins? This is a God Lord's relic!"

"Why don't we go to a nearby place and capture a few passers-by below the God Emperor realm?"

"But won't the surrounding passersby be more difficult to control? Especially after those guys get stronger after coming out of the master God's relic, will they turn on us and kill us?"

"It's fine. When I left the organization, I brought a drug that our organization has just produced to control people's minds. As long as they take it, they will be completely under control. Everything must be brought out to us."

"Then we'll do it this way. After all, it's still too risky to compress our realm and enter."

The people from those organizations nodded to each other at the entrance of the ruins before turning into streams of light and dispersing into the surroundings. Only ten second level God emperors were left behind to guard this place.

After ye chen watched those people leave, he slowly stepped out from a corner of the space.

"Who's there?!"

The ten second level God emperors looked at ye chen who had suddenly appeared and suddenly became vigilant.

After all, their colleagues had just left, so the efficiency of searching for slaves would not be so high. Moreover, this ruin was the master God's ruin, and the situation inside was very dangerous. Even if they wanted to find some slaves to explore, they had to be at least at the God King level.

There was no need for a stage three true God trash.

"I found this place a little strange, so I came to take a look." Ye chen looked at the ten people in front of him and said indifferently.

"This place isn't a place that a stage three true God like you can covet. Leave quickly. Otherwise, I will kill you on the spot."

"Al, a true God third stage person, what are you talking nonsense with him for? Just directly destroy it. "

"That's true. He's still a third stage true God at this age. He's basically considered trash too. Just directly exterminate him and let him return to the furnace to be rebuilt."

Very quickly, the ten people who were guarding the place came to a consensus.

One of them, who seemed to be the strongest among them, slowly walked up to ye chen with a long sword in his hand and said,"

,m "Kid, it's not your fault that you're useless, but it's your fault that you're curious."

"In your next life, remember not to be so curious."

After the man finished speaking, he very calmly stabbed the blade of the long sword toward ye Chen's chest.

To that person, a stage three true God didn't even need him to use sword energy. Just one sword attack would be enough to crush his body.

"Ding dong!"

The tip of the man's sword was pressed against ye Chen's chest, and a very clear sound rang out.

The tip of the long sword in the man's hand hit ye Chen's pectoral muscles.

However, ye Chen's muscles had completely blocked the tip of the sword.

The long sword did not even cut ye Chen's muscles, let alone his body.

The man quickly pulled back the sword in his hand and retreated.

"Who exactly are you?"

The man looked at ye Chen with a very vigilant gaze.

"What's the situation? Why haven't you succeeded after so long?"

"Yes, did you consume too much energy in that village last night? are your hands soft now?"

"If you can't do it, then let us do it today. Two bottles of wine and we'll help you hide what happened today. "

The rest of the people realized that something was wrong with this place and quickly came over to look at that person and laughed loudly.

"Don't say that. There's something strange about this guy. This guy's strength is definitely not just at the third stage of true God Realm. "

"Hahaha, what? Not just stage three true God Realm? At most, he has the strength of a stage five true God. If you can't even deal with a fellow with the strength of a stage five true God, what are you doing?"

"That's why I told you, if you can't hold your sword steadily, then step back. Let us show you how an Emperor God expert can suppress a third stage true God."

That person didn't feel angry at all when he heard the others' ridicule.

At this time, his attention was completely focused on ye Chen and he did not care about these people's boring ridicule.

He knew that these people could still make such sarcastic remarks now because they had not had a direct conflict with ye Chen.

He had been in the dark World for so many years, and he had relied on his ability to accurately estimate the strength of his opponent.

If he encountered a strong person, he would quickly admit defeat. If he encountered a weak person, he would directly kill him to increase his prestige.

After the foundation test with ye Chen, he knew in his heart that this third stage true God fellow in front of him was definitely not as simple as he looked on the surface.

If he rashly attacked again, he would definitely be in danger of losing his life.

So at this time, he would rather those guys ridicule him here than to stand out in front of this guy again.

In the face of life, these so-called false reputations and floating reputations were nothing.

Just as this fellow was thinking this, a second level Emperor God among his other comrades strode toward ye chen.

"Hehe, you must have some special treasure on you to be able to block that sword just now, right?"

"Hand over that treasure, and I'll only cripple you at most. I'll give you three seconds to consider."

"Give me three seconds to consider? I'll give you three seconds to gather your power, right?"

When ye chen heard the man's words, he said disdainfully. The bone dragon in his hand hung quietly by his side as if waiting for the man to make a move.

"Since you've seen through it, I won't hide it anymore. I'll let you see my strength!"

"Just don't regret it!"

It was also at this moment that the other eight Emperor gods could not stand it anymore. They naturally knew that they would definitely be able to reap some benefits by killing the person in front of them. Therefore, they were not willing to let the person who had just stood out monopolize the benefits.

After all, there was a rule in their organization that whoever killed the enemy would have all the treasures on the enemy's body belong to the person who killed him.

However, if they were killed together, the treasures on the other party would naturally be divided equally.

As a result, those people also drew their weapons, hoping to gain some benefits from killing ye chen.

"Hey, I say, you guys, is there a need? it's just killing a third stage true God. There's no need for such a big formation."

The guy who was accumulating power had already sensed the energy change behind him and said with some dissatisfaction.

"Hehe, this fellow is extremely strange. It's better not to underestimate him."

"Yeah, we can only prevent this guy from escaping if we attack together, right?"

"That's right. Even the strongest of us think so. We should still respect his opinion."

In order to split the treasures equally, the fellow who had been mocking others before was now trying to secure 'the treasure.

"Hehe, I say, you guys, don't be so ruthless. You even destroyed my treasure."

The man standing at the front laughed contemptuously and turned around.

Just as he had completely let his guard down, ye Chen's condescending voice rang out.

"I say, three seconds have already passed. Can you do it or not?"

When the person who had spoken up heard ye Chen's words, a flame rose in his chest. He quickly turned his head and said fiercely,"

"You're a dead man. Who are you saying can't do it?"

As soon as the man finished speaking, he saw an extremely sharp blade light coming from the void, heading straight for his neck.

"Um."

That person didn't even have time to scream before he was completely frozen in that place.

"What's the situation?"

"That guy isn't putting on an act to scare us, right?"

"It must be. That guy definitely wants to keep the treasure for himself!"

The other eight Emperor gods did not believe that their comrade would be injured by a stage three true God.

However, the next scene made the Emperor gods widen their eyes.

A line of blood appeared on the divine Emperor's neck, and his head slowly rolled off his neck.

In the next second, the divine Emperor's blood sprayed out in the air. The divine Emperor's body slowly drifted down like a kite with a broken string.

"This guy is really strange. Brothers, let's attack together and kill this guy!"

The other eight Emperor gods finally realized the severity of the situation. They all launched their sword Qi attacks in ye Chen's direction.

However, those were merely second or third level divine Emperor attacks. How could ye chen take them seriously?

Ye chen smiled gently and said,

"It seems that your lives are only worth this little bit of effort in your eyes."

With that, the bone dragon in ye Chen's hand quickly turned to dust. One after another, sword Qi surged toward the Emperor gods 'attacks.

In just an instant, there was a series of explosions in the air. The attacks launched by the Emperor gods earlier had all disappeared. In their place was a long sword Qi released by ye chen.

"Dodge!"

"Don't fight head-on with that sword Qi!"

The eight Emperor gods realized that something was amiss and they roared at the people beside them.

However, it was too late. Just as they warned the other party to escape, the sword Qi had already arrived in front of them.

The sword Qi passed through the bodies of the Emperor gods. For a moment, there was no movement in the sky above the master God's relic.

The entire space was so quiet that it was as if someone had pressed the mute button, as if time and space had stopped.

Ye chen took a step forward with a calm expression. Only then did the space start moving again. The eight Emperor gods' bodies broke apart one after another.

Pieces of flesh fell from the sky. No one would believe that an Emperor God expert would be killed so easily.

The celestial Emperor expert who had stood up for ye chen earlier looked at ye chen and the fear in his heart could not help but rise.

His colleagues were all very difficult to deal with. If he only relied on his own strength, he would definitely not be able to kill all of them, let alone kill the other party so easily.

This young man's strength was definitely above his own, and he was definitely an existence that he could not catch up to.

That person's body started to tremble. He didn't even understand what kind of opportunity a stage three true God had to be able to do all this.

Now, he began to regret everything he had done to ye chen in the beginning.

Now, he could only hope that ye chen would show him mercy on account of his lack of action.

At this time, ye chen had also arrived in front of the man and said softly, ""Hehe, you're quite smart. You're not as reckless as those other guys."

When the man heard ye Chen's words, he instantly felt a sense of hope.

"Senior, I was blind to have offended you before. Please forgive me this time."

"As long as senior is willing, I'm willing to be senior's slave."

As the man said this, he had his own plans in mind.

As long as he could follow this person, not only would he be able to save his life, but even if he became a slave, he would also be able to obtain some secrets. This way, his strength would be greatly improved.

This was definitely a deal that would not lose anything.

Ye chen held the bone dragon in his hand and said, "slave?" It seems that what I'm about to do doesn't require your help. "

As soon as ye chen finished speaking, the man instantly realized that something was wrong.

"Senior, although I can't enter the remains with you, I can help you with things after you come out."

Ye chen looked at the man in front of him and said, ""No need. I'm used to being alone. I don't need a follower."

"And I hate people like you who hurt your teammates and beg for mercy in the end."

When that person heard this, he turned into a stream of light and fled with a bang.

### [Chapter 2650 2658-Entering The Ruins!](#)

The man quickly rushed in the direction they had arranged to intercept the black python clan's teammates.

He thought that as long as he could borrow the strength of those people and the nine Heavens everlasting shield, he might be able to have the same ability as the guy in front of him.

However, before he could get too far, ye Chen's sword Qi was already behind the man.

The man quickly turned around and saw a very sharp sword Ray Land on his body.

He felt a burning pain in his heart.

The sword light directly cut the man's body in half. Blood sprayed out and splashed in the air.

Ye chen waved his hand and a violent force landed on the man's body.

That person immediately turned into ashes and disappeared into the air.

Ye chen looked in the direction the man had disappeared. His expression did not change as his body floated in the direction of the Divine Master's ruins.

He had just walked a distance when he suddenly heard a furious roar, followed by a loud bang. Ye chen felt a strong pressure coming from all directions.

They were the people who went to search for slaves. Now, they had already brought a group of Divine King realm people over to the ruins.

Ye chen knew that if these guys joined forces, he might not be able to escape unscathed.

Especially when those guys saw that ten of his comrades who had stayed outside the master God's relic were killed, they would never hold back and give him a chance to fight back.

Ye chen immediately used his movement technique and rushed into the divine Master's ruins.

"This is the God Lord's relic?"

Ye chen stood in the Divine Master's ruins and looked around.

The God master's remains was not very big, only about ten thousand meters in radius. However, the environment here was exceptionally good. The entire building was very tall, at least three thousand meters in height. It was also very majestic. Even the ground was made of metal, which was very hard. Even the experts of divine Emperor realm could not break it.

It was like a city, but there were no living beings in it.

Ye chen looked at the building and suddenly felt an inexplicable summoning in his heart. However, in addition to the summoning, ye chen also felt an extreme sense of danger ...

At this time, those organizations had brought their slaves to the entrance of the master God's remains. The leader sniffed the surrounding blood and the guards who had completely disappeared.

"Dammit! Could it be that those people were all exterminated?"

"How is that possible? There's no way there's such a powerful being in the nearby tribes!"

"Based on this situation, that guy or the person he's protecting has already entered the ruins." The leader said with a frown.

"That guy actually entered the ruins? Then what should we do? Are we just going to give up the remains?"

"Give up the ruins? How could I bear to do that? We've already brought so many 'helpers', so we can only clean up the things inside before that guy finishes exploring the ruins!"

"Clean it up?"

"That's right, our goal is the treasure in the core of this ruin. Although that guy has the inheritance of the master God, he must not have fully mastered it, so we might as well take those treasures for ourselves! I believe that these ruins will eventually be ours!"

"Yes, I agree with this! We can't give up the ruins!"

As soon as the man finished speaking, the group of people who had been kidnapped also agreed.

After all, the poison in their bodies could only be removed if they successfully produced the things they wanted.

"Alright, since you've all said so, let's start searching the core of the ruins. I believe that with your strength, you'll definitely be able to do it." The leader said.

After all, among the people they had plundered, there were many who were actually half-step Emperor gods. In the end, they still chose to block the loopholes in the rules of the ruins.

As a result, the slaves who were filled with poison all went in the direction of the master God's relic.

"Go! As long as you can take out the last treasure, our flowing sky organization will not mistreat you. We will definitely help you raise your strength to the divine Emperor's position!"

"Kill!" The leader of the group roared, and the group of God kings in front of him began to move even faster toward the God Lord's ruins.

After seeing the group of God King experts enter the historical remains, the person in the lead shifted his gaze to a fourth level God Emperor expert by the side and asked,

"How is it? The black python clan hasn't shown up yet, so we must have successfully intercepted them. It's time to call them back. After all, no one knows what kind of enemies are lying in ambush here. We need the protection of the nine Heavens Ultimate Shield. "

The fourth level Emperor God by the side nodded his head. He made a hand seal and wanted to contact the person in charge of intercepting the black python clan.

However, as time passed, the expression of that fourth level God Emperor turned increasingly ugly.

"What's wrong? Could it be that those guys could run away with the nine Heavens Wuji shield? Unless they want to receive punishment from the organization. " The leader of the group sneered.

The fourth level God Emperor looked at the leader in front of him with a grave expression and said,""Captain, I can't contact them anymore. This kind of reaction is more like the reaction of someone who is already dead. "

The captain stared at the fourth level God Emperor in front of him. His eyes were wide open.

"Papulo, what do you mean by this? You're saying that even with the nine Heavens everlasting shield, those guys were still killed?"

Bapulo lightly nodded his head and said,"Although I don't want to admit it, there's no trace of those guys within a thousand miles."

The captain took in a deep breath and said,""Hehe, you're saying that there's someone in this place who's far stronger than the president? You have to know that the president is a half-step God Lord, but he was only able to shake the nine Heavens Ultimate Shield. "

Babulo's face was still serious, and he did not relent.

When the captain saw this, he knew that this fellow was not joking. The people he had sent were all dead, and they had nothing to do with the black python clan.

"In that case, we will split into three groups. The five of you will head to the black python clan's territory and see why they haven't appeared here yet. The rest of you will continue to stay on the periphery of miracle. If there is any unusual movement, immediately attack and send a signal. I will return to the organization's branch and report this to the president."

The captain gave an order to the person in front of him after thinking for three breaths.

Even though he sensed danger ahead, ye chen still entered the ruins.

What appeared in front of him was a string of very complicated words.

No matter how one looked at it, these words seemed to be the words left behind from the ancient times of The Dark World. Even the people in the dark World could not decipher these words, let alone ye chen, who had come from another world.

However, for some reason, when ye Chen's hand slowly touched those words, a very Grand voice exploded in ye Chen's mind.

"My true body is the darkness master, and my power is at the peak of the God Lord realm. He was heavily injured in the battle against the invasion of another world 10000 years ago. "

"Although I'm seriously injured, I still kept those B \* stars from the outside world out of the dark World, preventing The Dark World from becoming a land for those guys to plunder wealth."

"I know that I'm severely injured and will die soon. Before that, I did a divination and understood that there will be outsiders invading our dark world in the future. Therefore, I left behind many inheritances to help the talented juniors of The Dark World to improve their strength quickly to deal with the invasion of the outside world."

"Thus, in order to prevent my remains from being taken advantage of by others, I used magical powers to hide my own mausoleum. I will only reappear when I sense the aura of a threat from the outside world."

"I hope that you juniors can successfully pass this Lord's trial and use this Lord's power to continue guarding The Dark World!"

After listening to the words in his mind, ye chen also understood a lot.

"It seems that these ruins appeared because of my arrival. Could I be the guy who will invade The Dark World in the prophecy of the Lord of Darkness?"

"But I don't have much desire to dominate the entire dark world ..."

As ye chen thought about this, a group of people suddenly appeared in his mind.

"Wait, if it's those guys, then it makes sense. It seems that those guys are not willing to wait for me outside The Dark World."

A fierce glint flashed in ye Chen's eyes. This meant that in the near future, he would have a fierce battle.

However, ye chen was not afraid. On the contrary, he was even more excited.

"Then let me see what's in the ruins of the Lord of Darkness."

With this in mind, ye chen waved his hand and the mysterious characters disappeared before him.

After that, the entire ruins began to shake violently.

At this time, the space around ye chen became more and more distorted, and the speed of distortion was getting faster and faster. This state was maintained for half an incense's time before it finally stopped. Ye Chen's eyes narrowed and found that he had entered a vast white space.

"It seems that erasing those words is the key to start the trial." Ye chen mumbled as he looked at the empty space around him.

"The space inside the ruins is extremely huge. I wonder what kind of treasures are hidden inside." Ye chen thought to himself. Then, he walked inside.

Not long after, ye chen found a huge stone tablet in front of him. There were three lines of words on it: "Those who pass the test can choose to obtain a secret treasure!"

Looking at these lines of words, ye Chen's gaze fell on the stone tablet.

The stone tablet was only about five meters tall, and there were no patterns on its surface. Only a few ancient words were carved in the center, which were different from the words that had appeared on the mysterious light shadow before the ruins.

However, these words emitted an intense light, as if they were summoning him to come forward.

Looking at the monument, a strange feeling rose in ye Chen's heart. He felt as if he had seen this before.

However, after thinking about it carefully, he had no impression of it. He shook his head and suppressed the strange feeling in his mind. He raised his feet and walked towards the stone tablet. When he came in front of the stone tablet, he found that his legs seemed to have fallen into a swamp. He couldn't move at all and could only let the suction force pull him forward.

Ye chen frowned and shook his feet hard but the suction force was too terrifying. He could not break free at all.

Ye chen did not know how to deal with this strange situation.

It was at this moment that a giant bird of unparalleled size spread its wings wide and its claws came straight for ye Chen's chest.

The claw carried a strong air current that seemed to be able to tear space apart.

Ye Chen's expression changed and he hurriedly dodged.

However, the giant bird was too fast. In addition, his legs were pulled by the ground in front of the stone tablet, so he couldn't Dodge it completely.

Seeing that his chest was about to be torn open, ye chen was quick-witted and blocked it with his arms. In an instant, he felt a sharp pain. He found that his arms were bleeding from the sharp claws of the giant bird.

"Roar!" The giant bird let out a screech and its claws continued to claw at his chest.

Ye Chen's hands were desperately shielding his body but he still could not withstand the attack of the claws.

At this moment, he suddenly realized that his body no longer had the same defensive power as it had outside.

Even an ordinary-looking beast could hurt him.

It seemed that he was really too weak in the outside world.

With this thought in mind, he gritted his teeth and stared at the giant bird.

He didn't know if he could defeat the beast, but he had to try. Otherwise, if he was killed by this beast, he would completely lose the right to continue exploring the ruins. If that happened, he might never be able to return to his world.

With this in mind, the giant bird spread its wings and pounced in ye Chen's direction again. Ye chen suddenly swung his fist and ruthlessly punched the giant bird's head. At the same time, his eyes were fixed on the giant bird's head for fear of missing something.

The giant bird's mouth opened slightly, revealing its sharp teeth, and bit at ye Chen's fist.

Ye Chen's punch was so powerful that it directly smashed the giant bird's head into pieces. However, ye Chen's fist was also slightly injured.

However, ye chen did not dare to relax. As soon as the giant bird's head was crushed by his fist, the originally calm ground began to fluctuate.

Ye chen focused his eyes and saw that it was a giant crocodile that was several times larger than the ones he usually saw. At this time, it was opening its bloody mouth to bite ye Chen's leg.

The giant crocodile was extremely fast. Ye chen could not avoid it at all.

However, ye chen was not to be outdone. The moment the Python bit down, he used both his hands to open the crocodile's mouth.

The giant crocodile yelped from ye Chen's punch and rolled out of ye Chen's fist. It then opened its mouth and bit at ye Chen's neck.

"This is a good opportunity!" Ye Chen's eyes brightened and he was ready to fight back.
